

OPEN THE DRAWER, FRANCES . . . For more than four years, Mrs. Frances Krynicki, Wyandotte, Mich., has been breaking into other people's desks and getting paid for it. Except for "hairpin" experiences, locks and keys were a mystery to her in 1942 when she answered the call for war workers at the Willow Run bomber plant. Now an expert, she does all the lock picking for Kaiser-Frazer in the world's largest automobile plant under one roof. She picks 30 locks each day.

Wheat Prospects Are Good Over Section

Possibly not in recent years have prospects for a good yield of wheat been more favorable at this season than at present, a survey made here this week reveals.

Although "wooled around" by the unseasonable winds of last month, reports indicate that there was very little damage done to the fields of this section. Farmers say that the wheat has staged an exceptionally rapid come back and fields that were considerable damaged a month ago are now looking good and give every indication of a good yield.

Good underground season has stimulated the wheat to take on new growth with the result that the good coverage is a fairly safe assurance against further wind erosion damage. Young wheat is showing a good coverage, and farmers have taken precautions against further wind damage by chiseling their fields.

While many thousands of head of cattle that have been pastured on the wheat during the winter months have been removed, it is estimated that at least forty percent of the stock still graze the fields of this county, and are scheduled to be removed during the remaining days of this month. March 1st is generally considered "moving day" for livestock being pastured on wheat many of the cattle are being retained because of the excellent condition of the fields.

Many wheat farmers would appreciate moisture now, but there are still other growers who would prefer no moisture at this time. This later group contended that there is a good underground season and a dry topsoil will induce the growing wheat to seek deeper rootage in the underground moisture, and thus be able to withstand dry weather during the early summer months.

Aged Man Dies At Home Of His Son

William T. Obenhaus, 88, who has been making his home with his son, Benny Obenhaus, living southwest of Texico on the old John Engram farm, died Monday morning at 12:30.

The body was taken overland by the Steed Funeral Home to Welling, Texas, where funeral services were held Tuesday afternoon at the Baptist Church.

Besides the widow, Obenhaus is survived by two sons, Benny J. and Duwood M. Obenhaus of Muleshoe, and four daughters, Mrs. Bernice Simpson, Earth, Texas, Mrs. Enice Coleman, Amarillo, Mrs. Ave Nipper Wellington, and Mrs. Ruby Aikman, Las Gates, Calif.

Addition of aluminum powder to priming coats of paint used on U. S. Navy ships has been found to reduce substantially the hazard of fire.

EZELL IMPROVING

County Treasurer Roy B. Ezell, is reported to be doing nicely and is expected to return to his home soon, from the Saint Mary's hospital in Lubbeck, where he has been under medical treatment since taking ill several days ago.

Former Texico Resident To Be Buried Here

The body of Clarence A. McGill is expected to arrive here Thursday or Friday from the west coast, where he died in a Navy Hospital at Corona, Calif., and will be buried in the Texico Cemetery.

McGill, who was 58 at the time of his death, was a veteran of World War I, and lived for many years in Texico. About ten years ago, he and his wife, the former Mrs. Mae Evett moved to Mancos, Colo. He has been hospitalized most of the time the past year in the Navy Hospital at Corona.

Funeral arrangements were pending here and the only announcement that could be definitely stated was that he would be buried in the Texico cemetery.

Survivors are his wife, Mrs. Mae McGill, a step-daughter, Mrs. Jim Allen of Mancos, Colorado; one brother, Homer, of Chandler, Calif.; two sisters, Mrs. E. W. McGuire, of Farwell and Mrs. J. H. Nell, of Vernon, Texas.

Dr. Coventry Leaves For Dumas Practice

Dr. Wm. V. Coventry, who opened his office for general practice in Farwell early last May, announced his intentions of removing to Dumas today, effective Thursday of this week.

He will go to Dumas, where he will be associated with one of his former classmates, Dr. O. J. Richardson, in the operation of a new hospital soon to be erected there.

Dr. Coventry expressed his deep appreciation for the reception given him here, but felt that the Dumas move offered such an unusual opportunity that he could not afford to turn it down. A movement is already on foot locally to get another physician to locate here.

FFA OFFICERS RECEIVE NEW JACKETS

The officers of the local Future Farmers of America, are now sporting new jackets with the FFA insignia attached.

The jackets were unavailable during the war, and are still hard to get, but Morton said that they were going to try to get one for each member of the chapter.

Chamber Commerce Reelects Officers

Tax Valuations Boosted On Livestock

Parmer Seeks Change To 64th District

A bill has been introduced in the Texas Legislature to transfer Parmer County from the 69th to the 64th Judicial District. This bill has also been recommended for a passage by the House Judiciary Districts Committee.

Member of the Parmer County Bar Association here point out that with the District Judge and District Attorney being located in Dalhart it causes much inconvenience in attending court matters with the Court, often necessitating a trip to Dalhart.

If the transfer is made the District headquarters would be at Plainview, which is nearer Farwell by more than 100 miles than Dalhart.

District Judge Harry Schultz in a letter to The Tribune, says of the contemplated change; "It is not my desire to lose Parmer County out of the 69th Judicial District, but if it should be the will of the people to join another District, it would not be my disposition to oppose such a move."

Members of the Bar Association here made it plain that no objection was being raised to any officials connected with the District Court, but rather the change was desirable as a matter of convenience to members of the bar and litigants of this county.

Former Resident Dies In California Home

Word has been received here of the passing of A. Beckman at his home in Pasadena, Calif., on the morning of February 22. He had been ill only a short time at the time of his death.

Mr. and Mrs. Beckman were residents of Parmer County for many years. They retired and moved to California about two years ago. Both Mr. and Mrs. Beckman were natives of Sweden and lived only a few miles apart in their native home. However, they never met until they had come from the old country and were living in Chicago. No children were ever born to the union. They came to Parmer County in about 1909, and made their first trip back to their old home in Sweden eight years ago.

J. E. Schleuter, former local resident and old friend of the Beckmans, who now lives in California, informs the Tribune that Mr. Beckman had a stroke on Feb. 21 while at the breakfast table and was taken to a hospital, where he suffered a second stroke early the morning of Feb. 22, resulting in his death.

Funeral services were conducted at Pasadena by Rev. Emmer Engberg of the Messiah Lutheran Church and burial took place in the Mountain View Cemetery there.

Until recently, the Beckmans were rather large land owners in this county, but it is understood that they have disposed of all their holdings in this county.

Texico Farm Bureau To Organize Thursday

John R. Hadley, temporary chairman, announced today that a meeting has been called for Thursday, March 6th, at 7:30 p. m. for the purpose of organizing a Texico local of the Farm Bureau Federation. The meeting will be held at the Texico gymnasium.

Craig Nicklas, state organizer, of the State College, will be here to assist in launching the local organization. Permanent officers will be selected. Hadley said this week that already some 25 farmers had signified their willingness to become members, and that many more were expected to line up.

To date, Ranchvale is the only other place in Curry County where such organizations have been perfected.

The speed of a champion racing greyhound on an English course recently was timed at 525 yards in 28.99 seconds, or 37 miles an hour.

FEWER GARDENS IN PROSPECT HERE

There will be fewer gardens in Texico-Farwell this year than since the outbreak of the war, in the opinion of V. L. Martin, nearby farmer who has been plowing gardens, in the Twin Cities the past several years.

Martin estimated that the decline this year will amount to not less than 50 percent over previous years. He said that most city residents who are giving the garden the by-pass this year are contending that it does not pay, when the labor, tools and water are taken into consideration.

Follows Husband In Death After Only Brief Few Weeks

Mrs. Josie (Aunt Josie) Nobles was laid to rest in the Clovis cemetery last Friday afternoon by the side of her husband, who preceded her in death only a brief few weeks. Uncle Benny Nobles, her life companion for 56 years, was buried on January 25, and Aunt Josie followed him 32 days later.

Mrs. Nobles died peacefully at the family home in Farwell, Thursday morning after an illness of only a few weeks duration. Stricken with a heart attack during the last few days of her companion's life, she had failed rapidly since that time. Up until being stricken she had led an unusually active life, being able to do all her housework until only recently.

She was buried on her 88th birthday.

Funeral services were conducted at the Methodist Church, where she had been a member for 40 years, Friday afternoon, by Rev. Harvey Carrel, assisted by B. N. Graham and Minister Ebb Randol. The River Funeral Home had charge of the arrangements. Pall bearers were the same neighbors who acted when Mr. Nobles was laid to rest, Bob Kyker, J. Matthews, O. B. Pipkin, H. Y. Overstreet, J. R. Thornton and W. H. Graham.

Mr. and Mrs. Nobles were married at Deport, Texas, in 1891, and they came to Farwell in 1907, being numbered as among our oldest settlers. She is survived by two children, Mack Nobles, of Amarillo, and Mrs. Estell Curry, Alhambra, California; two step-children, J. O. Nobles, Midland; and Mrs. Lola Pierce, Vernon; Two brothers, W. L. Vaughan, Deport; and J. W. Vaughan, Mineral Wells, also survive. Other survivors include seven grand-children and 4 great-grand children.

Less than 20 miles offshore from Cuba's highest mountain—Turquino, 6,560 feet—the Caribbean Sea reaches a depth of 4 1/4 miles.

Farwell Loses In Semi-Final Game

The Farwell Steers, District 11-B champions, displayed their basketball skill and ball handling in the regional tournament at the Tech gymnasium in Lubbock the past weekend to advance to the regional semi-finals and meet defeat at the hands of a tall club from Whiteface, Texas.

Farwell showed themselves strong contenders for the regional title by defeating Roosevelt and Claude by safe margins each. The latter team had been given as a regional favorite by dopsters but was smothered under the Steers attack; 20-28. Two quarters of the game, Farwell held their opponent scoreless, but in the final round of the game, the boys from Claude got their basketeye and pulled up considerably, ending the game 20-28. The first game of the tournament, between Farwell and Roosevelt, was easily won by the locals, who gave their opposition a 29-13 defeat.

The Commissions Court has approved a resolution hiking the valuation for taxable purposes on property located in Parmer County with the result that for the year of 1947 hog values have been trebled and cattle values have been doubled.

Other taxable values remain the same as last year with the exception of automobiles and farm machinery. All 1946-47 model cars, and all tractors and combines will be assessed at a value of \$450.00 each. Land values and merchandise stock will be retained at the 1946 level, with the land values being set at \$4.00 to \$7.00 per acre and merchandise being assessed at 65% of inventory.

Specifically, the valuation on hogs refers only to brood sows, and for the current year they will be assessed at the rate of \$15.00 per head as compared to \$5.00 per head during 1946. Cattle valuations are hiked from \$15.00 to \$30.00 per head.

County Judge A. D. Smith announced today that the Commissioners Court in their next meeting Monday would set the tax rate and make up the budget for the current year. Judge Smith gave it as his opinion it would not be necessary to increase the rate for this year.

Bovina Farmer Injured When Car Turns Flop

G. W. Horton, who farms about 5 miles northwest of Bovina, was taken to a Clovis hospital last Saturday afternoon, suffering from injuries he received when his car left the pavement east of Bovina on the Amarillo highway and turned over at least three times.

Horton was traveling alone at the time of the accident and was driving a '42 Chevrolet. No other cars were involved in the accident and there were no eye witnesses. Horton himself, was unable to explain what happened.

An ambulance from the Steed Funeral Home removed him to a Clovis hospital, where he is reported to have sustained a fracture of the second cervical vertebra and scalp lacerations.

Mr. and Mrs. Jim Burkes of Amarillo, and Louie Vardaman of Clovis, were the first to arrive at the scene of the crash, and removed Horton from the overturned machine. Glen T. Williams, brother-in-law of Horton, said that he had left the Paul Jones Station in Bovina a few minutes before with the announcement that he was going to his home in Friona, and Horton replied with "I'll follow you."

Williams said that as he topped the hill at Parmerton, he glanced up in his rear-view mirror and saw a cloud of dust and supposed that it was a whirlwind. However, as he neared his home he began to wonder if Horton's car might have upset with him. Returning to the scene, Williams found his suspicion fulfilled.

When informed that Mr. and Mrs. Mrs. Dick Doshier had a new girl born to them on Tuesday afternoon, a reporter contacted Dick to learn her name. "Just call her Caboose," was Dick's reply.

Reviewing the accomplishments of the past year, and stressing the need of more members of the organization, the Farwell Chamber of Commerce held a business session in the county court room Tuesday night which concluded with the election of officers for the ensuing year.

Taking the position much of the undertakings of the first year of the newly formed body were still in the formative stage and as yet not fully accomplished, the members present voted unanimously to re-elect all officers and directors for another year. Much praise was voiced for the accomplishments and the progress made during the past year.

The officials reelected were: C. M. Henderson, President; Carl G. Davis, Vice President; G. D. Anderson, Treasurer; Directors, Sam Aldridge, G. D. Anderson, Carl G. Davis, C. M. Henderson, Joe Magness, Claude H. Rose, H. Y. Overstreet, O. C. Sikes. Attention was called to the fact that the by-laws require that nine members shall compose the Board of Directors, and Scotty Levins was added to the Board.

It was pointed out at the meeting that with very few exceptions, all business firms of Farwell were members of the Chamber, and the membership committee was instructed to contact these few remaining firms and get them lined up. A strong appeal will also be made to the farmers of this area to become members who will receive many benefits from the work of the organization the same as business men.

Reviewing the undertakings of the past year, President Henderson admitted that "not all undertakings have been realized, but the ground work has been laid and most of our major projects should be accomplished within a short time." He referred specifically to the paving project along Highway 70 through town: the garbage disposal; street lights; picture show; fire truck, etc., and said that all of these programs had either been realized or were well on their way to becoming accomplished facts.

Much discussion was given the idea of a trades day in Farwell, and Ray Sudderth, Scotty Levins and John Porter were named as a committee to work out details for such an event here.

It was reported that the membership now numbers 44, and fifteen members present paid their dues for the ensuing year. Other members are requested to turn in their dues at an early date.

Mrs. Alma Vassey Books Sale For March 11th

Mrs. Alma Vassey, who lives 4 miles west of Bovina, will have a general farm clean-up sale at her place on Tuesday, March 11, starting at 10:30 a. m.

Mrs. Vassey is offering several head of good milking shorthorn cattle, a good selection of farm machinery, some other hogs and other items of her farm. The bills will be out this weekend.

Col. Dick Doshier will have charge of the sale, and Francis and Doshier will serve as clerks.

Only eight of the United States pay their Governors salaries of more than \$10,000 a year. New York is the highest with \$25,000.

the Steers pulling up 11-16, at half-time. Returning from intermission at half, the teams went at each other hammer and tong, Farwell slowly beginning to close the ever-pressing gap in scoring ranks, 17-22.

The last quarter of the battle was the milestone in game events, the determined locals finally catching up with Whiteface 22-22, and forcing the opposition to call time out to stop Farwell's sudden scoring streak. Whiteface, taking advantage of Farwell's added weakness due to the fouling off of Booth and Hart, who were doing a good job of holding down Whiteface's tall hot-shot, pushed the game to a close 28-32: the Steers were finally nosed out of regional competition. McCoy was high with 13 for Whiteface, and Robertson led Farwell with 8.

World shortages of fertilizer means the farmer should order his 1947 supply of fertilizer early.

Health Notes

by Texas Department of Health

Austin, Texas—With the incidence of chickenpox more than 50 per cent higher than records indicate for a seven year median, Dr. Geo. W. Cox, State Health Officer, issued a statement today declaring, "It is a great mistake to treat even light cases of childhood diseases such as chickenpox, measles, mumps, scarlet fever or whooping cough as though they did not amount to much. That sort of treatment makes it possible for these diseases to spread and cause serious outbreaks among children and their resulting impaired resistance makes them easy victims to other forms of infection.

"Some of the most serious out-

breaks of chickenpox which we have had, have been traced to mild cases—that is, to cases too light for the doctor to be called. In some instances the children have continued to go to school and have scattered these germs around among their school-mates. Eventually a group of cases—sometimes very serious ones—have developed from the carelessly-handled mild case. The result was another epidemic that could have been prevented."

The State Health Officer said that the family doctor is the best judge of the seriousness of such childhood diseases, and suffering and anxiety will be avoided if the child is put to bed, and a doctor's advice sought and followed.

NEW TEXAS CANTALOUPE PROVES ITS VALUE

The Texas Resistant No. 1 Cantaloupe, originated by the Texas Experiment Station, has proved its value. The quality of the melon is good but its principal superiority is its almost complete immunity to aphids and a high resistance to downy mildew. Aphids are the bane of the cantaloupe growers existence, and the fact that this new variety thrives where most other succumb to this pest, is reason enough for all growers to give it a trial.

In Frio County, Texas, M. H. Brazeale produced a third more tonnage and stood up much longer than did Hale's Best planted alongside with only a terrace between. Another grower near Enid, Oklahoma, planted a field with alternating rows of watermelon and Texas Resistant No. 1. The watermelons were destroyed by aphids and the No. 1 cantaloupe came through with good yield and no significant damage. At the Bixby Vegetable Reserch Experiment Station at Bixby, Okla., plantings were made of Texas Resistant No. 1 and five other varieties in 100-foot rows,

repeated five times so as to place Texas Resistant No. 1 adjacent to each other of the other varieties at same point in the experiment plot. Early in August No. 1 showed no significant damage from aphids, whereas all of the five other varieties were severely damaged.

It has been authoritatively estimated that about 9,000,000 Americans own sock in one or more corporations.

most favorably received. It has excellent color, texture, and flavor. Seed of this variety was rather scarce last season, but there is an ample supply for 1947.

It has been sold on several markets and has been

BLOOD SPOTS IN EGGS

Each spring many poultry raisers get alarmed at blood spots in eggs. While there are perhaps several causes, the Illinois Experiment Station has found that turning hens out on grass range will almost completely eliminate these blood spots.

Guarantees

Automatic Heat Control

There's no guesswork to baking and broiling with a new "CP" standard gas range. With the simple dial on the front of the stove you select the exact temperature desired, then forget about cooking until the required time has lapsed. Automatic heat controls do all the oven watching and maintain the exact temperature selected. Controlled heat means even, thorough cooking without extremes of too hot or too cold. Controlled heat is another step toward cooking perfection.

CP is a registered trade mark of the Gas Appliance Manufacturers Association placed on gas appliances that meet the highest standards of performance.

The Oklahoma Lane high school

students were in charge of the Program Friday morning when the entire school body met for assembly. "A Woman-less Wedding," was the first number presented by the high school boys.

The high school presented a "Mock Play," imitating the faculty.

A number of tunes were played by Merille Glen Rundell on the piano. Several visitors were present for the program.

Mr. and Mrs. Earl Billingsley received a message last Sunday night from Hedley, Texas, of the illness of her father, Mr. B. L. Collier, death claimed him Thursday morning. Funeral services were held Friday with interment in the Pamell cemetery.

Those attending the funeral from here were three grandsons, Howard, Leon and Billy Frank Billingsley and

their families. Mr. and Mrs. Leonard have returned from a visit in Oklahoma.

Mrs. Dick Hammonds and Bobbie Jo visited in Amarillo over the week end.

Mr. and Mrs. F. E. Kepley are remodeling their home, the bath-room is being enlarged and when completed their home will have a new bedroom added on the north side of the building.

Mrs. Jesse Terry was assistant cook the past week at the school cafeteria in Mrs. Earl Billingsley's absence.

Mr. and Mrs. Andy Mooreman of Bovina visited in the C. T. Fowler home Monday night.

Mrs. Fannie Hardage visited in the Midway community last weekend.

Mr. and Mrs. Raymond Magness have moved into the Oklahoma Lane community.

Mr. and Mrs. Polen and family have moved into the Progress, community.

Rita Rundell and Jo Veta Billingsley spent Sunday with Wilma Deli Doshier.

Bro. Newton Starnes along with a number of other ministers are making arrangements to attend a recreation school in Oklahoma City. They will be given lessons in special work for youth camp workers at Ceta Canyon this summer.

Miss Francis Sudderth and S. A. Hodges Jr. were married on Friday afternoon, February 28, in Lubbock, Texas.

Mrs. Hodges is a graduate of the Oklahoma Lane high school of 46, and is a student at Texas Tech at the present. Hodges is a member of the graduating class of Hale Center and is an ex-service man. He is also enrolled at Tech.

Mr. and Mrs. Charles Roberson of Amarillo, visited here Sunday.

GOD'S POTTED FLOWERS
(By Earl Roberts)

In the broad, wide-open spaces, Where the gentle Zephyrs blow, Where the showers fall from heaven, mixed with sunshine's golden glow; Red and blue and yellow-gold, Just to brighten up the pathway for life's travelers, young and old.

But there are those who do not travel, those who must at home remain, Those whose bodies are all crippled, Those who suffer untold pain, those who do not roam the hillside, those who see not nature's bowers, bodies weak, but souls abloom, "Those are God's own potted flowers".

Has your home a potted flower, one which God has planted there? Are you His appointed keeper, Tending it with love and care?

Someday He will come and take it, To that land so grand and true, Then that potted flower will whisper, "Jesus, take my keeper, too."

DDT FOR VARIOUS FRUIT INSECTS

COLLEGE STATION.—Experiments during 1946 by the U. S. Department of Agriculture have brought out recommendations on the use of DDT for various fruit insects, particularly the codling moth.

Paul Gregg, assistant entomologist of the Texas A. and M. College Extension Service, reports that the research has shown DDT to be "highly effective" against the codling moth. Wettable DDT powder is the most common form in which the insecticide is applied for this purpose.

The one "catch" to the recommendation of DDT for the codling moth

is that the material seems to have an ill effect on many orchard pests other than the codling moth. This situation, says Gregg, has caused entomologists to ponder the question: what other pests of previous small significance will become destructive in orchards when DDT is substituted for lead arsenate and when DDT kills off beneficial parasites?

DDT has a good record in the control of several other fruit insects besides the codling moth, says Gregg. On grapeleafhoppers, a dust of 2 to 5 per cent DDT has proved effective. For tarnished plant bugs, promising results have been had with a spray consisting of 1 pound of DDT per 100 gallons of spray. The oriental fruit moth is controlled by one application each month before picking time.

Effective control for the apple maggot is three or four applications of DDT at 10-day intervals, and pear thrips are killed by any one of several forms of DDT mixtures at the thrips appear on the trees in the spring.

HIGHLIGHTS OF HOME DEMONSTRATION WORK

COLLEGE STATION.—Highlights of 1946 home demonstration work in Extension Service District 3 in Northwest Texas were recently released by Ruth Thompson, former Extension district agent.

District 3 Extension Service is composed of a block of 20 Northwest Texas counties bordered on the West by Motley, Dickens and Kent Counties, and on the East by Montague and Wise Counties.

In this area, Miss Thompson reports that home demonstration club women were particularly outstanding in home improvements. As a direct result of club work, 703 kitchens in the homes of these women were remodeled. In addition to kitchen improvement, 1466 other rooms in District 3 rural homes were improved, and 133 sewing machines were put in better working order due to home demonstration training.

Clothing work came in for a big share of attention, Miss Thompson reports, as District 3 club women and girls reported making or remodeling over 25,000 garments, as well as 381 hats and 1,642 accessories, chiefly purses. More than 5,000 garments were reported cleaned at home.

In foods work, the women of this area prepared and stored in freezer lockers 278,800 pounds of meats, fruits and vegetables; they also grew 6,444 home gardens and planted 1300 fruit trees and 3500 berry vines.

This Farmer Knows The Value of Good Buildings

Livestock, Poultry, Machinery and Farm Products are too expensive to allow them to be exposed to the elements. They should be properly housed if they are to yield the right returns on your investment.

Come in and see us about those improvements that are needed about your home and other farm buildings.

Announce Postponement Of Forthcoming Play

The Junior Class of the Farwell high school announced the first of this week that the opening date of the play "Girl Shy" had been postponed indefinitely. When questioned as to the reason, members of the cast reported that they had decided that this would be the best course because of the sudden illness of the sponsor and two-thirds of the cast coming down with influenza.

An announcement will be made in this paper when another tentative date is known here.

Plan Sheets Sign-Up Lagging In County

Signing up on the 1947 plan sheets for the year of 1947, which got under way a month ago, has been lagging considerably, it was revealed here today by Harold Carpenter, administrative officer for the Agricultural Conservation Program in Parmer County. Carpenter said that now only 534 plan sheets had been completed at the local office as compared with 1031 during the year of 1946.

Of the 1230 farms in the county, 1031 complied with the conservation program last year, Carpenter said. "Farmers are urged to come in and sign their plan sheets at once," Carpenter said, and added, "and at the same time secure prior approval for any conservation practice they may intend to do during the current year."

North Carolina tops the United States in canine population with 980,000 dogs. Ohio is second with 680,000.

Water Measurements Of High Plains To Be Checked Soon

Measurements of water levels are to be made during March 1947 in several hundred observation wells throughout the irrigated region of the high plains. Such measurements have been made in the same wells about this time of the winter each year since 1937. They are made by employees of the United States Geological Survey and the State Board of Water Engineers, and the depths to water from fixed points near the surface are recorded to the nearest hundredth of a foot.

All of the records of water-level measurements are published annually in U. S. Geological Survey or Water Supply Papers and a part of them have been included in each of several mimeographed reports on ground water in the High Plains, which have been released to the public at regular intervals during the last eight years. The most recent mimeographed report, Progress Report No. 6, released on January 31, 1947 includes measurements in 163 wells that were made only two weeks before.

Most of the pumping plants are idle during the 5 months October through February. Therefore, a comparison of the late winter measurements from year to year gives the most accurate information regarding the rise of the water table due to rainfall, the decline caused by pumping and additions to or losses from the underground reservoir.

The men doing this work hope to contact the owner or operator of each well used for observation purposes so that complete information about the well may be obtained and, in return, so that the owner may be informed regarding the past record of water levels in the well.

This work is a part of the statewide investigation of the ground-water resources of Texas, and is of primary importance in connection with the detailed studies of the ground-water supply in the High Plains region.

A copy of Progress Report No. 6 will be mailed to any resident of the Plains who will send a request by letter or postal card to the Texas State Board of Water Engineers, Austin, Texas.

FFA Chapter Buys Twenty Acre Tract

The local FFA chapter, under the direction of Robert Morton, has purchased a twenty acre tract of land, east and adjoining Farwell, to be used for experimental work of the vocational agricultural classes, of the Farwell High School.

This is one of the first chapters in the Panhandle or on the South Plains to make a purchase of this kind, and the project is to be non-profit, but for experiments only. The school district did not, in any way, help finance the buying of the land. The deal was financed by a local man, and guaranteed by several who are interested in the welfare and progress of the local chapter.

There will be added to the plot of ground, buildings and feeding pens, where the boys who live in town may have a place to care for their livestock, and to get the benefit of farming.

As heretofore stated, the property will be used for experimental purposes. A complete record will be kept and if a crop is planted and does not produce, it will be analyzed, and the reason secured and recorded. Aid will be rendered in working of this project by Instructor Morton and the neighboring farmers.

Hawaii's annual pack of pineapples totals 10,000,000 cases.

Sunny Side

(By Sonny Graham)

Did you ever wish you would some day be president of the United States? In all probability, you'll never know how lucky you were that you didn't make the grade. Of course, if you like sitting at a desk eleven hours a day, supervising the answering of thousands of demands and requests from all over the world, explaining why the U. S. is doing what it is, or not doing what some people think it should, and making decisions for 130,000,000 people that never seem to satisfy the majority of the citizens, then you might like the occupation of the president of the United States of America.

Naturally, you take a leave of absence from your office once in a while. Analysis of a presidential vacation might give you an idea of how complicated a procedure even an every day trip would be if you were an honored member of the White House regatta.

Immediately after the president announces to his confidential few that he is planning a vacation, "advance men" of the Secret Service detail, the Army Signal Corps detachment, members of the State Department and a group of transport-

ation officials get down to work to see that every thing goes according to Hoyle on the presidents trip.

No stone is left unturned in the precautions taken for the president's safety. Airports are mapped, food preparations will be inspected secretly, communications must always be open to the White House in Washington for instantaneous instructions from the president. Anywhere the president goes he is accompanied by a heavily armed escort. If he travels in a limousine, the escort must be at his heels in another limousine, both which are bullet-proof and specially equipped.

Life in this maze of precautionary

measure doesn't strike many people's fancy, but if you like it, I suggest that you begin at once your presidential campaign for 1948. If you're elected, you have by blessings and sympathies.

"Treasures In Attics"—Every once in a while something of unexpected value turns up in some unexpected place. Some of the most unglittering items may mean gold in your pocket, so poke around. You'll find this interesting article in the American Weekly, the magazine distributed with next Sunday's Los Angeles Examiner.

100th Anniversary of the Birth of Alexander Graham Bell
MARCH 3, 1947

He gave the world a new voice

Alexander Graham Bell
DRAWN FROM A PHOTOGRAPH BY NOFFETT, 1918

Alexander Graham Bell was a great humanitarian, not only as a teacher of the deaf but in his vision of the benefits the telephone could bring to mankind. • His invention of the telephone brought something into the world that had not been there before. • Horizons broadened. For the first time people were able to talk to each other even though separated by long distances. • A new industry was born, destined to employ hundreds of thousands of men and women, and to be of service to everyone in the land.

Local Happenings

Local Couple Celebrate Twentieth Wedding Anniversary

Mr. and Mrs. John Porter celebrated their "twentieth" wedding anniversary in their El Rancho, home in east Farwell, last Wednesday evening. The occasion being an "open house" in their recently completed and newly furnished home.

The affair beginning at 8 o'clock, with a group of friends congratulating the couple with many nice gifts of china and crystal. The second group arrived at 9 o'clock in like manner.

The occasion calls for the presentation of "china", but only a few pieces could be secured in the local stores, therefore many of the guests presented them with crystal.

Mrs. Clyde Magness and Mrs. Ray Sudderth assisted the hostess in serving refreshments of cake and punch to the guests. The serving table was draped with a lace covering and centered with lovely bouquets of American Beauty roses.

Those present for the occasion included the following:

Mr. and Mrs. Clyde Magness, Mr. and Mrs. Ray Sudderth, Mr. and Mrs. Stanley Hillhouse, Reba and Betty; Mr. and Mrs. Sterlyn Billington, Mr. and Mrs. Dale McCuan, Mr. and Mrs. Frank Phillips, Sr., Mr. and Mrs. John Armstrong, Mr. and Mrs. Sam Rundell;

Mr. and Mrs. Claude Rose, Mr. and Mrs. M. A. Snider, Mr. and Mrs. Johnnie Williams, Mr. and Mrs. Leroy Faville, and Milkala Ann; Mr. and Mrs. M. C. Roberts, Mr. and Mrs. W. H. Graham, Mr. and Mrs. Ray Ford, Mr. and Mrs. John Aldridge, Mr. and Mrs. Sam Aldridge, Mr. and Mrs. Willie Williams;

Mr. and Mrs. Hayden Cason, Mr. and Mrs. Buck Bradshaw, Mr. and

Mrs. Mitz Walling, Mr. and Mrs. Aubrey Sprawls, and Darlene Kay; Mr. and Mrs. Loyd King, and Loyd, Jr., Mrs. Modena Hardeberger, Mr. and Mrs. Woodrow Lovelace, Bill Banks, Champ Porter, Mr. and Mrs. Paul Wurster, Mr. and Mrs. Grayson Roberts;

Mr. and Mrs. Scotty Barry, Mrs. Bessie Lee Henneman, Mr. and Mrs. C. M. Henderson, Mr. and Mrs. L. R. Vincent, Mr. and Mrs. W. B. LeVaque, Mr. and Mrs. Pete Standell, Ollie Liner, Miss Nancy Jean Clift, Donald Ray Summers and the host and hostess, Mr. and Mrs. John Porter.

Those sending regrets included Mr. and Mrs. L. S. Pool, Miss Ann Nabors, Mrs. J. D. Thomas, Mrs. Bess Mansfield, Mr. and Mrs. R. B. Summers, Mr. and Mrs. Drew Clark, of Clovis, Mr. and Mrs. Walter Hardage, and Mr. and Mrs. Jack Williams.

Mrs. Roy Thornton Hostess To Wesley Bible Class

The Wesley Bible Class of the Methodist Church met in the home of Mrs. Roy Thornton March 4th with Mrs. Albert Thomas, Assistant hostess Mrs. S. C. Hunter led the afternoon program. 13 members were present: Mesdames B. N. Graham, Lena Yoder, A. D. Smith, Jerry Spurlin, Anne Overstreet, G. W. Atchley, Ruby Dixon, F. J. Park, Ralph Humble, Jess Newton, Mrs. Effie Johnson was a visitor. Lovely refreshments were served at the close of the meeting.

Mrs. Hugh Edwards and son of Bedford, Mr. and Mrs. John Aldridge, Mr. and Mrs. Sam Aldridge, Mr. and Mrs. Willie Williams; Mr. and Mrs. Hayden Cason, Mr. and Mrs. Buck Bradshaw, Mr. and

Miss Peggy Templeman Becomes Bride of Bill Johnson

Miss Peggy Lou Templeman, daughter of Mr. and Mrs. T. M. Templeman, of Farwell, became the bride of Bill Johnson, son of Mr. and Mrs. Russell Johnson, of Texico, on Saturday night, March 1st at 7 p.m., in the home of Minister and Mrs. Ebb Randol. Minister Randol performed the quiet but impressive double ring ceremony.

For this occasion the bride chose a white and blue costume with black accessories.

Miss Goldie Sutton, matron-of-honor, wore a blue dress with black accessories.

Travis Poteet acted as best man. Johnson graduated from the Texico high school with the class of '46, and was very active in athletics. He has been employed at the Panhandle Lumber Company in Texico, for the past year.

Mr. and Mrs. Johnson are at home for the present in the Cruise Apartments in Texico.

Miss Mable Davis, Primary teacher and band instructor of Texico School, is reported absent from duty, due to illness. Mrs. Leroy Faville is acting as substitute, until Miss Davis is able to return to her work.

Mr. and Mrs. Johnnie Williams spent the past weekend in Fort Sill, Oklahoma, visiting their daughter and son-in-law, Mr. and Mrs. Gabe Anderson, Jr., Johnnie Williams also made a visit to Hollis, to visit with Bert Williams.

Mr. and Mrs. W. H. Graham celebrated their "thirty-first" wedding anniversary last Wednesday, February 26, and the following night they enjoyed a dinner in the home of their daughter, and son-in-law, Mr. and Mrs. Vance Crume, in Frona, to complete the celebration.

Mr. and Mrs. Rollin Morse, former residents of this community, and now of Linn Creek, Missouri, announce the arrival of a daughter born February 18.

The infant weighed 6 pounds and 3 ounces at birth and has been named Connie Lynne.

LEGAL NOTICES

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Charles P. Burke, Charles F. Burke, Kathryn E. Burke, George G. Wright, C. W. Warren, Charles William Warren, H. R. Jack and A. S. Curry. Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 6th day of April, A. D. 1947, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in

Farwell, Texas
Said plaintiff's petition was filed on the 24th day of February, 1947. The file number of said suit being No. 1391. The names of the parties in said suit are: G. B. Buske as Plaintiff, and Charles P. Burke, Charles F. Burke, Kathryn E. Burke, George G. Wright, C. W. Warren, Charles William Warren, H. R. Jack and A. S. Curry as Defendants.

The nature of said suit being substantially as follows, to wit: Plaintiff brings suit in trespass to try title to recover title and possession of

Lots 21, 22, 23 and 24, Block 62, of the original town of Friona, Parmer County, Texas,

alleging that on February 1, 1947, he was in possession of said land and thereafter the defendants, and all of them, unlawfully entered upon said premises and withhold from him the possession thereof to his damage in the sum of \$1.00 and pleading in the alternative, plaintiff pleads that he has fee simple title to said land by reason of the ten year statute of limitations and he prays for title and possession of said land.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 24th day of February A. D., 1947.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 24th day of February A. D., 1947.

Loyde Brewer, Clerk,
District Court, Parmer County,
Texas.
By Dorothy Lovelace, Deputy,

OFFICIAL DEDICATION OF AMERICAN LEGION HALL

The official dedication of the local American Legion Hall was held on Tuesday night, February 25, with James R. Moore, District commander of Amarilla, presiding.

In connection with the dedication a district interest meeting was held with eight visiting post being represented. After a short business session Ed Mulkey, department commander of the State of New Mexico took charge of the dedication and with the reading of the preamble to the constitution of the American Legion and pledged the hall to the use of the American Legion and the community.

The field secretary of the department of Texas was also present and spoke briefly on the merits of the Legion.

Later in the evening about 150 people sat down to a meal of baked ham, and all the trimmings served by Tommy Horton of the City Cafe.

The next district interest meeting will be held in Dalhart in March.

At the present time the local post is endeavoring to secure funds to buy chairs, stoves, and also other badly needed furniture for the hall. Anyone wishing to make a contribution should see any member of the post.

MRS. MEANNS HOSTESS TO SEW AND CHATTER CLUB

The Sew and Chatter Club met in the home of Mrs. Morris Means on Thursday. The afternoon was spent doing needle work. The meeting was called to order by the president and business discussion was held. Delicious refreshments were served to Mesdames Jessie Walling, Joe Wilson Robert Calaway, Bryon Turner, Pete Davies, Buck Ellison, Alma Vassey, Paul Jones and the hostess. The club planned to attend a movie on Wednesday afternoon and will have its regular meeting Thursday evening in the home of Mrs. Aubrey Rhodes.

The Bovina Independent Tournament at Bovina High School Gym, on Thursday, March 27th. Wilson and Oklahoma Lane tangled for the first game in the tournament at 7:00 p. m. The local Wilson Gro. was the winner with 39 points to their credit and only 27 for Oklahoma Lane.

Texico and Muleshoe were next, with Muleshoe winning by a score of 37 to 20.

The third game was between Phillips 66 and Starkeys of Clovis, the winner was Starkey by a score of 44 to 31.

The last and final game for Thurs-

day night was Benson of Clovis, beating Farwell 32 to 31.

On Friday night, March 28th, the first game was Oklahoma Lane 47 and Texico 29.

Next was Wilso Gro. and Muleshoe with Wilson Gro. winning by one point, 29 to 28.

Third game was Starkey and Benson, with Starkey winning 28 to 23.

The final game was Phillips winning over Farwell by a score of 35 to 33.

Saturday, March 1st, in the consolation bracket, Oklahoma Lane and Phillips 66 played and the winner was Oklahoma Lane, 42 to 34.

Wilson Gro. and Starkey played in the finals. The final score was Wilson 45 to Starkey 16.

The first prize was awarded to the Wilson Grocery of Bovina. This team was composed of the Senior Boys of

Bovina High.

The second place trophy was awarded to the Starkey Packing Co. players of Clovis.

The Consolation prize was awarded to the Oklahoma Lane team.

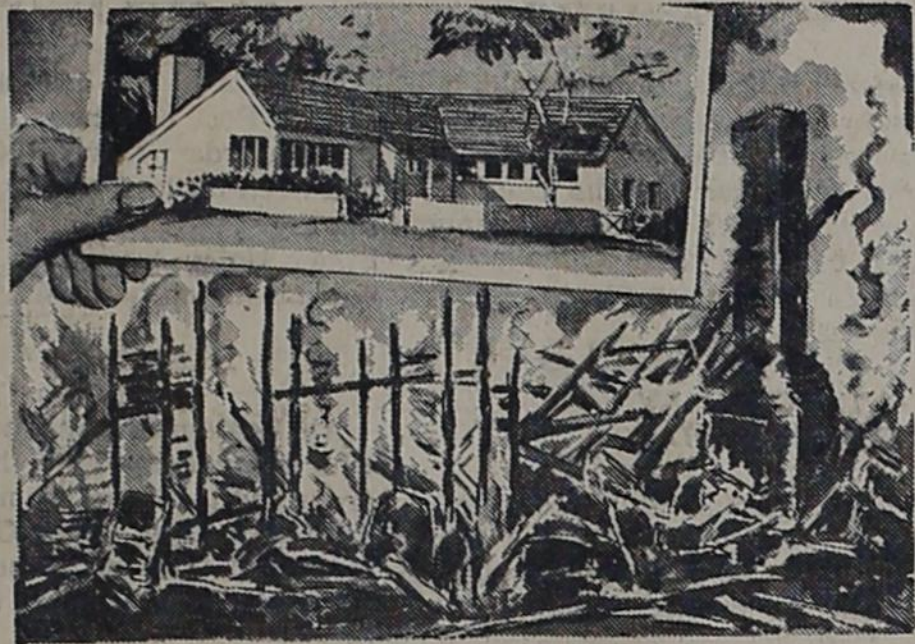

A HANDY EGG TESTER

In spring when hens steal their nests so badly, a nest of eggs is found and the owner wonders how old they are. To find out, place the eggs in a pan of water. If the eggs remains on the bottom in a horizontal position, it is strictly fresh. If it remains on the bottom in a vertical position it is a few days old. Eggs that float in the water midway between bottom and top are not very fresh and eggs that float on top are rather old.

SPORTS

Grade School Tourney of Curry County, March 7-8

Beginning March 7th., The Curry County grade school and "B" string boys will hold their basketball tournament, at Melrose. Starting at 10:00 a. m., Friday, Melrose will play the Ranchvale, grade school boys. At 12:00, Pleasant Hill vs. Field; 1:45, Center grade school girls vs Pleasant Hill; 2:45, Field vs Texico; 3:45, Rosedale vs Grady; 4:45, Texico vs Center grade boys; 6:30, Rosedale vs Grady grade boys, with Ranchvale grade girls, drawing a bye, in the first games.

At 10:00 o'clock Saturday morning, the winners of the top section of the grade girls bracket, will play. 11:00 a. m. the winners of the last sections of the girls bracket meet. 12:00, the two top sections of the grade boys will meet; 1:45, winners of the lower section, will play. At 6:30 p. m. the girls will play the championship game, and at 7:40 comes the boys championship game.

In conjunction with the Junior boys and girls, at different hours, will be the "B" string boys of all Curry County Schools, playing their tournament. The first game starting at 11:00 a. m. Friday, second, 7:30 p. m., 8:30. Saturday, 2:45, 3:45 and 8:30.

ATHLETIC SHOW MARCH 7th. IN BOVINA GYM

There will be a general athletic show, staged in the Bovina High School Gymnasium, next Friday night, March 7th. at 8:00 o'clock, with all kinds of exhibitions presented, including, wrestling, boxing, tumbling, rope climbing and other athletic feats. Anyone, no matter how large or small, may enter these exhibitions.

The proceeds go to buy gym equipment.

Red Cross Drive Is Launched Locally

With Rev. Virgil Hunton, pastor of the Baptist Church, heading the work in the Texico precinct and H. Y. Overstreet acting as financial chairman of Parmer County, the work of solicitations got under way this week.

Texico has been assigned a quota of \$500 and solicitors predicted that little difficulty would be encountered in raising this amount. The quota was \$450 last year.

In Parmer County, Chairman Overstreet said that his greatest difficulty so far was getting workers to accept the responsibility of seeking the contributions. The county quota is lower than last year and Overstreet felt confident that the amount would be reached. The month of March has been designated as Red Cross month.

Local Boys Place In Stock Show

Herman Gerjes and Toby Booth who entered their F. F. A. hogs in the Amarillo Fat Stock Show, placed first and second, respectively, in the Cross-Breeds, heavyweight division, it was learned today.

Robert Morton, Voc. Ag. teacher, stated that competition was great, in the hog show, with exhibits from all over the country.

The local boys winners, were from Hermans own herd, having been working with the berkshire breed for some time, he has a very good blooded stock.

The boys will remain with their exhibits until Thursday, when the sale will be held. It is expected that the prize winners will bring a good price.

LOCAL BOY BUYS REGISTERED GILT

Leon London, a member of the local Chapter of the Future Farmers of America, with several other members, attended the West Texas Duroc Breeders Association, show and sale, held in Lubbock, February 22nd, and bought a registered gilt to add to his already fine herd of Durocs.

Others who attended the sale, included Mr. G. T. Meissner, Duane Curtis, Calvin Meissner, County Agent, Ollie Linner, Robert Morton, Vocational Agriculture Teacher, of Farwell, Leon London, and Duane Curtis joined the association, and are now members, the same as a veteran farmer.

LOCAL BOY STRICKEN

It is reported here that Duane Curtis, who was attending the Amarillo Fat Stock Show, was stricken with appendicitis, Monday evening, and was operated on early Tuesday morning, at the St. Anthonys Hospital, and his progress toward recovery is satisfactory.

Inter-Post Legion Meeting Held

The American Legion's 18th district, held a inter-post meeting last Tuesday night, February 25th, in the new American Legion Hut at Bovina, with several Posts being represented, including Farwell, Bovina, Friona, Hereford, Amarillo, Dalhart, Dumus and Follet.

Sterlyn Billington and Loyde Brewer, two very active members of the local Post, attended the meeting and reported it to be a very interesting affair, and stated that Jimmie Moore, District Commanding Officer, is really working for the American Legion, in general, and is giving much aid to the surrounding Posts. Other officials represented, were Roy Beard, District Adjutant, Ralph Holmon, who represented the State Department, as Field man, also the State Commander of New Mexico and visitors from Clovis and Roswell.

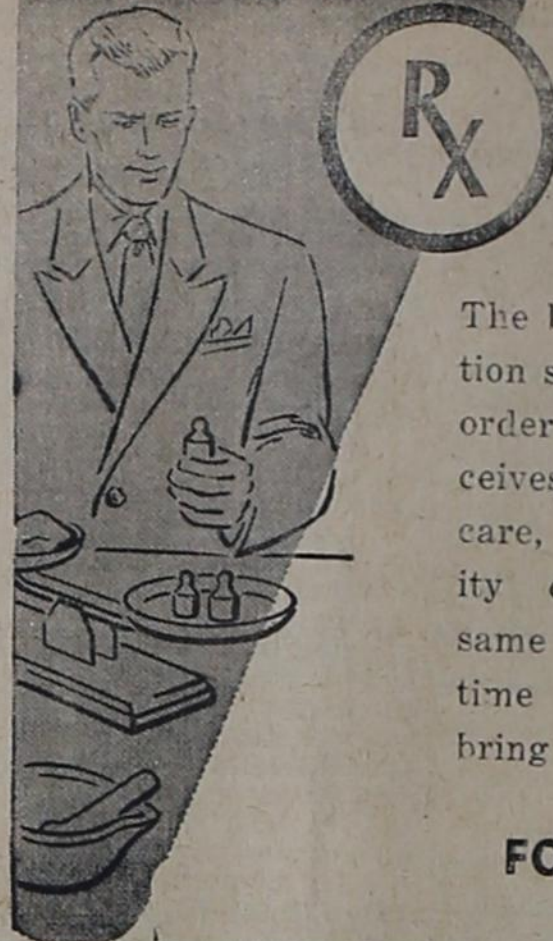

Post Comander Moore, praised the Bovina Legionaries highly for the work that they have done in getting a new hut, a large membership and progressing so well in so short a time. Moore also complimented the surrounding Posts in the advancement that has been made toward getting organized and making plans for building huts.

The Bovina Legion Post was chartered May of 1946, and the building was completed paid for and dedicated in December of the same year.

HONOR ROLL OF THE TEXICO HIGH SCHOOL

Students of Texico High School, who made the honor roll, for the first six weeks in the second semester. Sophomores, Delmar May, Peggy Rogers, Grace M. Davis and Jean Rogers. Juniors, Aileen May. Seniors, Rada Morgan.

FOX DRUG STORE

GOOD FARM SALE

The Joe B. Douglas farm sale, held Tuesday at his farm east of Bovina, was one of the biggest and most successful sales held in the county in recent years. Col. Dick Doshier, auctioneer, reported today. The return from the sale approximated \$15,000, Doshier said.

TO GIVE AWAY CAR

Officials of the Farwell American Legion Post announced this week that Saturday, March 15th, at 5 p. m. had been decided as the time of giving away the new 1946 Ford car. The Sikes Motor Company in Farwell will be the scene of the awarding.

LEGION TO MEET

All Legionaries and non-members, who are working with the local post, are urged to attend the meeting, next Thursday night, at the County Court House. This is an important meeting and all the help available is needed.

In recorded history, no woman ever has set foot on the great continent of Antarctica.

NEW TEACHER AT TEXICO SCHOOL

Mrs. Vidah Sartain, of Portales, is now connected with the Texico High School, as commerce and English teacher, to fill the vacancy of Mrs. Ruth Huston, of Springer, New Mexico, who resigned, due to illness in her family.
