

EMPTY BARGES IN THE OLD CANAL . . . Coal barges lie desolate and empty along the Allegheny river at Harmarville, Pa., a mining community near Pittsburgh. In background of photo is the tippie (that's a coal screening plant where cars are unloaded) of Wheeling Steel's Harmar mine.

# State Tax Rate Boosted To 72 Cents

## No Market Ready For Inferior Wheat

### New "Gyp Scheme" Being Worked In Texas Panhandle

Wheat producers and others are warned this week to be on guard against a "gyp scheme" which has taken in a number of prominent farmers on the North Plains in recent weeks.

The scheme is for a man to contact one farmer and offer to get him a new car for five percent commission at regular dealer's prices. The farmer is to put up \$750 in a check to the man and then the man will give his check to the farmer for the same amount, saying that if he doesn't deliver by a certain time then the farmer is to cash his check and get his deposit back.

Soon thereafter, in order to establish confidence in his dealings, the "gyp merchant" actually comes back with a new car and delivers it to the farmer. When he announces that he can get tractors, combines and whatever the farmer needs on the same basis.

The one farmer tells his neighbor and soon the man is loaded down with \$750 checks (each getting one of his checks in return). The farmers hold the checks for some time and then begin investigating. They always find out that the man has no money in the bank and has skipped out with the farmers' money, having quickly cashed their checks.

Those farmers who were hooked will not be an easy victim next time, but the scheme seems to work well with those who haven't heard of it. Farmers and other people should have a person investigated before turning over their hard-earned money to a total stranger.

### Vo. Ag. Class Ready For Trip to Okla.

The Farwell Vocational Agriculture Class will leave Thursday morning of this week on an extended trip and encampment to points in Oklahoma, Arkansas and Louisiana, according to Robert Morton, Vocational Agriculture instructor of the Farwell schools.

The group will make the trip in a truck owned by Glen Phillips, who will accompany the class. Morton will lead the group.

The trip is planned with no definite stops, except in Arkansas, where they will camp and fish in Little River. During the time spent in Arkansas, the class will compare the difference in farming in that country to the customary methods on the plains; and in the size of farming tracks against the huge acreage in this area.

After the group leaves Little River, Arkansas, they plan to go down into Louisiana, where they will stop and visit sites of interest, spending the six days as a vacation. Many of the boys who have lived on the Plains for the greater part of their lives, are expected to find a lot of interesting observations in the timbered sections.

On the return home by way of College Station, Morton will leave the group to spend four days in Summer Conference at Texas A & M. This will be the first conference for vocational agricultural teachers since before the war, stated Mr. Morton. Mr. Phillips will be in charge of the class after Morton's departure.

### LEGIONAIRES ELECT OFFICERS

The American Legion Post No. 516 met last Wednesday night to attend to business and elect new officers for the coming year.

Officers elected at the meeting were: Commander, Champ Porter; 1st Vice-Commander, Perry Crawley; 2nd Vice-Commander, Graham Thornton; Adjutant, Ollie Liner; Finance Officer, Frank Seale; Service Officer, Loyde Brewer; Chaplin, Rev. Harvey E. Carrell; Historian, Lawrence Ham, and Sgt.-at-arms, Mitzy Walling.

The officers elected will be installed at a later date. It is hoped that the Legion Hut will be completed and in readiness for the installation.

### Damage To Ceiling Puzzles Contractor

Contractor Morgan Billington is still scratching his head and pondering the motive of unknown persons who climbed up in the attic of the American Legion Hall Monday night, doing considerable damage to the ceiling.

Billington believes that the intruder was an adult in that he took pains to erect a ladder and brace is properly before mounting to make the attic entrance. He said that he would be glad to assist anyone in getting up in the attic for inspection purposes if they would call on him.

### Commissioners Meet In Farwell Monday

The Parker County Commissioners Court was in session here Monday. Besides the regular routine matters of paying the current bills, the minutes reveal that the following actions were taken:

An order was passed requesting the transfer of \$12,664.98 from the Road District Highway Fund, now held by the State Highway Department, to Parker County for use in constructing and maintaining lateral roads in this county.

Another order, transferring \$3,000 from the General Improvement Fund to the General Fund, was passed.

Two pieces of county road machinery, namely caterpillars and equipment, were turned over to the R. B. George Machinery Company for repair and resale. The county to get 90 percent of the resale price after the cost of repair has been deducted, and the remaining 10 percent will go to the R. B. George Company as commission for handling the resale.

### G. I. Vo. Ag. School Gets Underway Here

The G. I. Vocational Agricultural School got underway last Monday night, when the class gathered at the Farwell school house in their first meeting, and laid plans for the course.

Mr. Wilfred Quicke, who has moved to this city recently, will be instructor of the classes, which will start Wednesday night, and will be held in the Vocational Agricultural Building.

The Advisory Board for the school was selected Monday night to consist of Ollie Liner, County Agent; Harold Carpenter, head of the Agricultural Conservation Administration office; Robert Morton, advisor of the Vocational Agricultural Class at Farwell high school; Clyde Magness and John Armstrong.

Mr. Quicke stated that they will have the assistance of C. V. Loveless, of Friona, who is a co-ordinator for this area.

The enrollment will be constituted at the next meeting, which will be filled to the maximum number of twenty.

The length of the course holds a maximum limit of three years, unless the veteran has had less than two years of service, in which case the time of eligibility is the number of years in service plus one year.

Quicke said that there will be two, three hour night classes, and one 4 1/2 hour afternoon class each week. The dates and time for the classes have not been disclosed.

### C. C. Directors To Meet Thursday Nite

President C. M. Henderson of the Farwell Chamber of Commerce has called a special meeting of the directors of the organization to meet Thursday evening at 8 o'clock in his office at the Henderson Grain and Seed Company.

Henderson says there are several important matters to come up and he hopes that a full attendance on the part of the directors will be present.

The day is not far off when wheat producers of the Plains will have to produce good milling wheat if they are to have any market at all, warned members of the Texas-Oklahoma Wheat Improvement Assn., in a meeting held in Amarillo recently.

The association is composed of millers and elevator men in the wheat producing regions of Texas and Oklahoma whose primary purpose is to encourage the raising of wheat suitable for making flour.

The mills were caught last year with too much wheat of undesirable quality and the only way they got rid of it was to export it. When the export market dwindles, the mills will not buy this type of wheat and elevators who accept it will be stuck it was pointed out.

The average per cent of undesirable wheat acreage in the Panhandle is 24 per cent, with undesirable percentages ranging from 5 to 57 per cent.

Elevators in the Panhandle have been notified by the millers of the association that no more wheat of inferior milling quality will be accepted for storage or milling purposes.

An example of the hardship worked on elevators is shown by one Panhandle town which is having trouble selling the wheat to mills for domestic purposes. Only 5 percent of the wheat has been purchased and elevator men's only way out is to sell it to the government for export.

While this is a profitable business now, when the world is crying for wheat, it will be highly unprofitable when the primary market is for domestic use.

Poor milling varieties of wheat not only fail to make flour, but are unfit for cereals or anything else, say the millers.

Varities which are much in demand by the millers include Wichita, Westar, Comanche, Temnarg Early Triumph, and Pawnee.

### Garbage Contracts Expire This Month

Attention is called to the residents of Farwell that all garbage removal contracts expire this month, and in order to continue the service it will be necessary that all contracts be renewed within the next few days.

Jim Young, who is now handling the garbage, said today that he will contact all residents of Farwell who have been receiving this service, as well as any others who desire the service continued. The rate is 50 cents per month for residences and \$1.00 per month for business houses.

At the time of signing the contract, a full year's service is paid for in advance, and this money is turned over to G. D. Anderson, treasurer of the Farwell Chamber of Commerce, who disperses it on a monthly basis as the service is rendered.

### New Vocational Agricultural Teacher

Fern Stout of Grady, N. M., will be connected with the Texico School during the ensuing year, according to Supt. B. A. Rogers. Mr. Stout will succeed Horace Woodward in vocational agriculture work.

To date, all positions of the school faculty are filled, with the exception of a commercial teacher, Mr. Rogers stated.

### TO ASSUME NEW DUTIES

Miss Dora Dean Perkins, who has served as farm labor clerk in the County Agent's office of Parker County for the past year, will assume like duties in the office of County Agent Lee McElroy, of Terry County.

Miss Perkins was secretary to McElroy while he was County Agent of Parker County and continued her work here with Ollie Liner until some two weeks ago when she turned in her resignation. Miss Perkins stated that the principal reason for her change in positions was a raise in salary.

Succeeding her in the local office is Miss Jean Turner, of Friona, who will take up her duties about the first of August.

Mr. Jack Smith and Mrs. Ethel Morrison are visiting in the home of Mr. and Mrs. Jim Moore.

A state tax rate of 72 cents on the \$100 valuation was set July 21 by the State Automatic Tax Board, nearly doubling the current 37 cents rate. Taxes under the new rate are payable beginning on October 1st.

The new state rate breaks down on the basis of 35 cents per \$100 for general revenue fund support, 35 cents for the available school fund, and 2 cents for the Confederate Veteran Pension Fund.

Officials at the county court house said here today that the 72-cent raise was in reality a return to the same rate as of 1945. Last year, it was explained, the Automatic Tax Board lowered the rate to 37 cents, which, it was stated here, was insufficient to meet the needs of the state's finances. "The 72-cent rate simply puts it back to the old figure," one official explained.

The Parker County rate of 90 cents on the \$100 valuation, together with hiked valuations, will mean that taxpayers of the county will have to cough up more taxes on 1947 assessments than they have ever paid before.

Tax collections, both state and county, have been exceptionally good the past few years with little property in the county going on the delinquent list, officials said.

### Texico School Being Put In Shape

The two POW buildings at the Texico School are being remodeled and redecored for use when the fall term of school starts.

B. A. Rogers, superintendent of the Texico schools, announced that a contract has been let to Russell Johnson for the repairing of the buildings, which include pebble-dashing the outside and redecorating the inside.

Each building will contain three rooms, to be used for vocational agriculture classes, music, Boy Scout work, lunch room and other classes.

Superintendent Rogers stated that he hopes that the school may be able to secure cafeteria equipment by the time school reopens so that the students may have hot lunches.

### Popular Coach To Channing School

R. L. Bates, popular coach and gradeschool principal of the Friona schools, announced this week that he and his family would move in the near future to Channing, Texas, where he has accepted the position of school superintendent.

Bates has spent eight years as a member of the Friona faculty, interspersing his teaching duties with three years in uniform, after which he returned to Friona. Prior to that, he taught two years in the Rhea school.

He is known over the county principally for his outstanding achievements with the Friona Squaws, girls' basketball team, which he took to state competition several times.

### Bovina Baptist Church Nearing Completion

The new church of the Bovina Baptist is nearing completion, it was learned here the first of the week from J. R. Caldwell, one of the church officials.

He said that finishing up the interior of the building was the only thing that was needed to put the building in shape for use. Officials, he said, are still undecided whether to use standard pews or seats in the new building.

Mr. Caldwell said that sufficient money had been raised to complete the work.

### Tractor Stolen From Streets in Friona

Officers in this section are on the lookout for a practically new McCormick-Deering farm tractor, which was stolen from the streets in Friona last Thursday night.

The machine belonged to J. G. McFarland and had been left outside near his place on business in that city. So far as has been determined, the machine was driven down the highway from Friona to Clovis, where all trace of it has been lost for the time being. Officers here expressed the belief that it would be recovered "before long."

### Parmer Clubber Will Receive 4-H Heifer

Parmer County has been selected to receive one of the Sear's 4-H Club heifers to be given away by the Sears-Roebuck Foundation to a winning boy in this county.

There are approximately 54 4-H Club boys eligible to enter the contest, and any 4-H member who is enrolled with dairy demonstrations will have a chance at this registered heifer, by writing a narrative entitled "Why I Chose a Dairy Demonstration".

August 5th is the deadline for entry of the narratives, and after which County Agent will notify the ones who enter to take a written examination at his office.

There will be only one winner, who will be selected from his narrative sent in and the written test, by the judges from the Parmer County Dairy Cattle Club and the County Agent.

\$150.00 will be used to purchase the heifer, from some reliable party who has a good dairy stock, and awarded the winner, who will be obligated to keep a production record during the first year of lactation. This money will go to the District Dairy Club Fund. The winner will also be required to feed and manage his heifer under the supervision of the county agent.

The Sears-Roebuck Foundation is offering eight heifers in the Extension District No. 2, which includes 18 counties. There are ten counties that will not enter the contest and one heifer each will be given to the other eight counties.

### More Showers Help County Feed Crops

More showers fell over widely separated sections of Parmer County last Wednesday night, proving a "shot in the arm" to feed crops over the county.

Reports here indicate that the moisture was general, although light, over the entire county with reports of a quarter to a half inch being received. The most favored spot in the county was west of Bovina, where precipitation amounting to 1 1/2 inches fell in the Clarence Jones neighborhood, bringing the total rainfall to better than three inches in that particular section during the past two weeks.

Farmers contacted this week say that the crops are holding up well in face of the dry weather, but a good, general rain is needed to produce a good feed crop this fall.

### BUSINESS CHANGES

Mr. and Mrs. J. A. Rackley and son, Ralph, have leased the State Line Cafe in Texico, and are now operating the business, where they are serving regular meals and short orders. They came here from McKinney, but formerly lived at Muleshoe.

Another business change involves the State Line Garage, the Jones brothers having leased the place to Marvin Thompson and W. B. Williams.

### Briscoe Retires As Santa Fe Official After 40 Years

P. (Jerry) Briscoe, 1232 Crockett Street, Amarillo, superintendent of the Plains Division, Santa Fe Railway, has announced his retirement, effective August 1st, after more than 40 years service.

Briscoe's Santa Fe career began as an agent at Hanover and Santa Rita, N. M., in March, 1907. In 1910, he went to Clovis, N. M., as terminal agent on the Pecos Division, later advancing to the positions of transportation inspector, night and day chief dispatcher, and trainmaster at Clovis.

In 1920 Briscoe came to Amarillo as assistant superintendent and in 1926 he was promoted to superintendent at Wellington, Kansas. In 1928 he returned to Amarillo as superintendent of the Plains Division and has served in that capacity until his retirement. Briscoe also served as acting assistant general manager of the Southern District, Western Lines, of the Santa Fe, from July 1 to December 31, 1929.

Prior to his Santa Fe affiliation, Briscoe worked as agent-operator-dispatcher for the St. Louis and Hannibal Railway in Frankford, New London, Perry, Bowling Green and Hannibal, Missouri.

Briscoe will continue to live in Amarillo after his return from a vacation in the East.

### Tex-Mex D. H. I. A. Report for July

Travis Poteet, official testor for the Dairy Herd Improvement Assn., announced that the production of milk and butterfat is showing a good gain each month, taking his statement from tests of herds in his territory.

A record turned in by Poteet, for the month of July, on the high production: High milk producers; (Holsteins), owned by Wilson Humphrey, 1869 lbs.; Cecil Sigman, 1621 lbs.; Wilson Humphrey, 1575 lbs.; 1438 lbs.; 1435 lbs. and 1401 lbs. (Guernsey), owned by O. C. Thompson, 1,776 lbs and 1398 lbs. (Jersey) owned by C. C. Christian, 1600 lbs.; Dean Patterson, 1593 lbs.

High in butterfat productions: (Holstein), owned by Wilson Humphrey, 83.7 lbs., 63.3; 68.8; and 61.5 Cecil Sigman, 68 lbs. (Jersey), owned by Dean Patterson, 79.7 lbs.; C. C. Christian, 74.4 lbs., 68.1 lbs.; Wendol Christian, 72.8 lbs.; (Guernsey), owned by Leo White, 73.1 lbs.

Three high head averages: (Guernseys), owned by O. C. Thompson, eight cows, milk, 1127 lbs., butterfat, 42.6 lbs. average test, 4.2. (Holsteins) owned by Wilson Humphrey, 20 cows: producing milk, 940 lbs., butterfat, 42.3 lbs., average test, 4.3 (Jerseys), owned by Kenneth Grissom, 11 cows producing, milk, 570 lbs., butterfat, 29.1 lbs., average test, 5.2.

### UNDERGOES OPERATION

Mrs. Jessie Gray is reported recovering satisfactorily after having submitted to a major operation, Thursday of last week, at the Memorial Hospital in Clovis.

**RHEA NEWS**

(Too late for last week.)

Mr. and Mrs. J. D. Stevens and children just returned from points in Oklahoma where they spent several days fishing with not much luck. Mrs. Steven's mother, Mrs. Purcell went with them.

Mr. and Mrs. E. M. Wagner and children are in Carlsbad, N. M., sight seeing.

There was an ice cream supper at the Rhea school house Saturday night. Games of forty-two were played and plenty of ice cream was available to those who wanted it.

Mr. and Mrs. Schanches and Mrs. Gomaz spent the weekend at Rhea. They were Rhea school teachers last year.

Mrs. Thelma Gomaz spent Saturday night in Mr. and Mrs. Paul Keoltzow home.

Mr. and Mrs. Albert Drager and

children, Mr. and Mrs. J. D. Stevens and children, spent Sunday with Mr. and Mrs. Andrew Drager at Hereford.

Mr. and Mrs. Robert Leach r. and Mr. and Mrs. J. E. Daniel have gone North for harvest.

Mr. and Mrs. Robert Leach Sr., are sporting a new Buick.

**NEW MASTER CLOCK**

LUBBOCK—Uniform time in all offices, classrooms and dormitories on the Texas Technological campus will result from installation of a new control system, college officials state.

A master clock, controlling every other clock on the campus, has been installed in the Administration building, with relays elsewhere. A bell system, announcing the end and start of each class period, will be controlled by the system.

Previous to installation of the new master clock and other equipment, each building had its own clock system, with some variance and a small amount of tardiness of students in buildings where time might be a few minutes faster than in neighboring classrooms.

Boulder Dam was completed in 1936. It is 726 feet tall, and contains 3,251,137 cubic yards of concrete. Its reservoir, Lake Mead, 115 miles long, impounds 32,359,000 acre feet of water. It is the largest artificial lake in the world.

**On To Las Vegas**

LAS VEGAS, NEV.—Disabled American Veterans officials lead the caravan to the old west as they plan 26th national DAV convention scheduled here August 17 through 23. National Commander Lloyd F. Oleson (left) and National Adjutant Vivian D. Corby announced delegates from more than 1300 Chapters are expected to plan year's program for four million wartime disabled veterans.

**Facilities Needed To Supply World With Plenty Of Oil**

There is plenty of oil in the ground, an expert recently pointed out, to meet the world's enormous requirements. The problem is to build and expand the facilities needed to produce, refine and transport it.

That is why the oil industry's current development program is the greatest on record. Most of the plants constructed during the war were for special military purposes—such as the production of aviation gasoline and toluene of TNT—and are of little value for peacetime use. As a result, the industry is devoting all of its energies to new drilling programs and the construction of new pipeline systems, refineries and other facilities. The goal is to meet consumer needs with a minimum of dislocations.

In addition, the industry has an intensive program for improving oil recovery, and for getting the maximum amount of usable products from each barrel of crude. Competition between the thousands of companies making up the industry is extremely keen. The company which stands still will have the small hope of survival.

Our own oil needs have risen 28 per cent since 1941, and the appetite of the rest of the world is voracious. American enterprise—here and in foreign lands—is meeting the problem with typical American initiative. The industry, with its wealth of resources and technical "know-how", is confident of success.

**Terrible Toll Of Fire Victims Due To Carelessness**

Speaking over a recent radio broadcast sponsored by the National Board of Fire Underwriters, Mrs. Ruth Bryan Rohde, daughter of the late William Jennings Bryan, told of the terrible toll fire takes among the children of the country.

In 1946, said Mrs. Rohde, 6,000 children under five years of age died in home accidents—and burns accounted for 2,000 of their number. In 1945, 7,500 children seriously crippled from burns were being cared for by state agencies. The number of similar victims in private homes is not known, but must be far greater.

ter. "These children died or were crippled needlessly," added Mrs. Rohde. "These tragedies in most instances were due to adult carelessness or negligence. Let us not wait until tragedy has brought the full force of this to us. Let us begin a campaign of prevention at once."

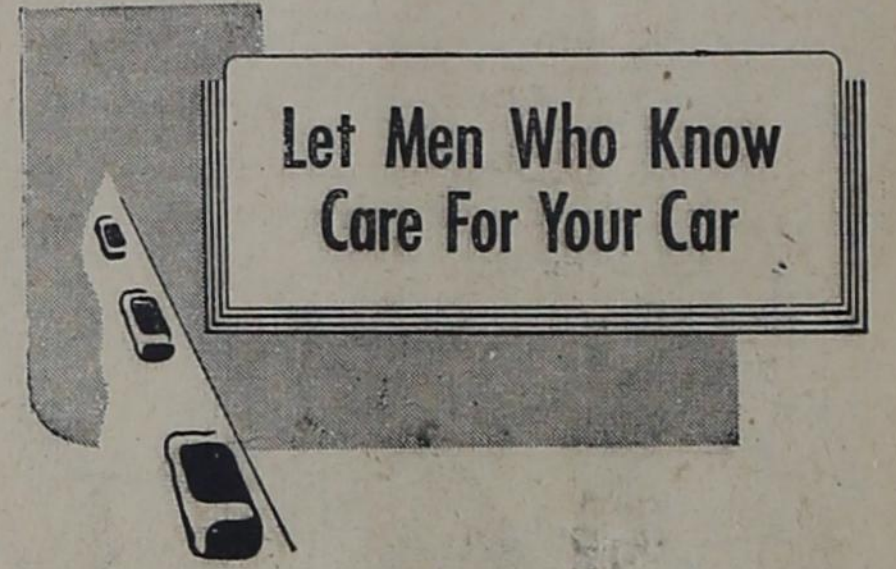

It is not the children who make the mistakes of omission and commission that are responsible for most fires. It is not the children who are inexcusably indifferent to the danger. It is, instead, parents who fail to take the simple precautions that will prevent the great majority of fires—and the community

which lacks adequate fire safety laws.

The gastly toll will continue to grow—until every adult in the country joins in the campaign to conquer fire.

The freedom of mankind has found an asylum here which it could find nowhere else. Freedom of conscience is enjoyed here in the fullest degree.—J. Monroe.

It was in 1869 that the territory of Wyoming (now the state of Wyoming) was the first to grant the right of suffrage to its female citizens.

**A Statement To Our Customers About Resale**

**PRICES of PRODUCTS**

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

**\$20,000,000 Price Reduction**

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

**IH Production at All-Time Peak**

Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

**Distribution to Dealers**

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

**Distribution to Customers**

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

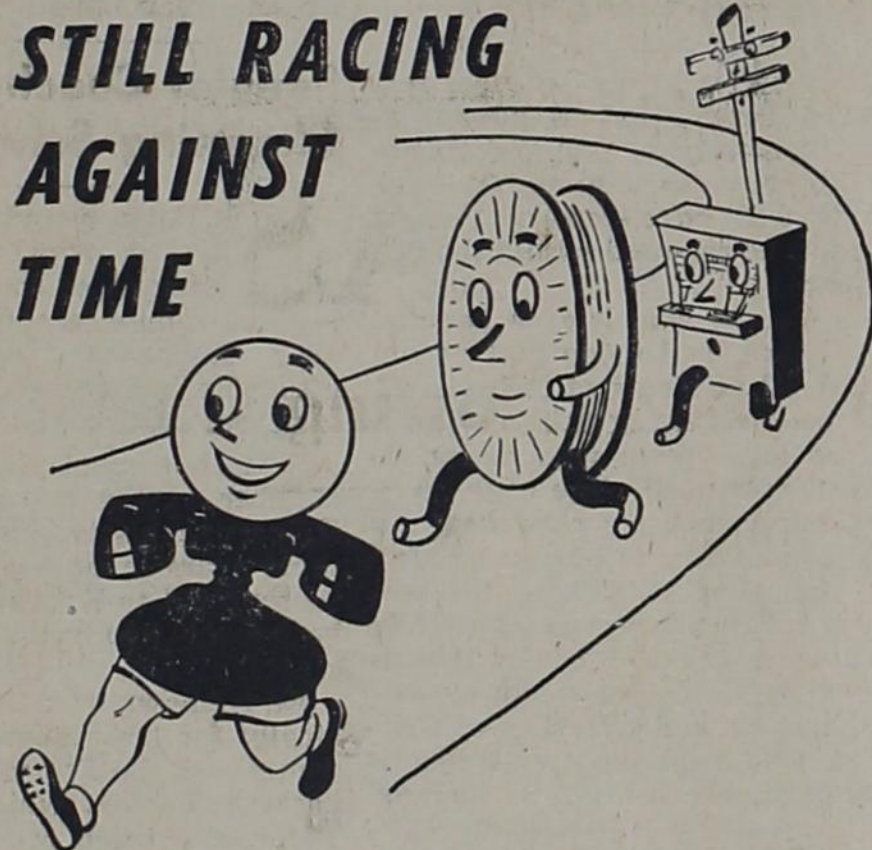

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

**What Price Should You Pay?**

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

**STILL RACING AGAINST TIME**

Working 'round the clock, telephone equipment manufacturers are delivering more telephones, switchboards, wire, cable and other items than ever before—and they're all being put to use as fast as they come off the assembly lines. Even so, the huge backed-up demand leaves us with nearly 65,000 unfilled orders for service in the seven-state area we serve.

Providing service to new customers isn't all we expect to do. We want to give every one of our present customers the kind of service he wants. Many people who have been sharing party lines will want individual lines. We'll get going on that job as soon as we get enough equipment installed but it takes time to get caught up after long years of shortages.

This is the time of year when animals often get prussic acid poisoning when turned on grasses whose growth have been stopped or retarded by drought, trampling or overgrazing. Smart stockmen are feeding hay before turning cows on pasture.

Amateur wiring or overloading of electrical equipment is a big cause of disastrous fires on Texas farms.

At present prices of cotton and cottonseed, no grower can afford to lose the one bale out of seven which insects normally steal.

**Health Notes**

By Texas Department of Health

AUSTIN—If your work is such that causes excessive preparation add a pinch of ordinary table salt to each drink of water you take, to prevent heat cramps. This is advised by Dr. Geo. W. Cox, State Health Officer, to prevent possible increase in the number of heat victims as the Texas thermometer hits 95 degrees and above.

Laborers, mechanics, farmers, and white collar workers whose work causes them to sweat profusely, are in danger of having their body salt content become deficient with resulting heat cramps or heat fag. Salt is a prominent constituent of sweat; the body may lose as high as 40 or 50 grams of salt during hot days.

In industry, a method of preventing heat cramps is to take a tablet of pure salt or a mixture of salt and dextrose with each drink of water. Workmen, whose duties require muscular exertion should be especially careful to add more than the usual amount of salt to what they eat and drink.

Heat cramp is characterized by pains (cramps) in the abdominal region, headache, and in severe cases, by nausea and vomiting. The body temperature remains about normal, likewise the pulse rate. Body salt losses occur without the knowledge of the individual until there is a deficiency; then the abdominal muscles begin to cramp.

Salt deficiency may be prevented by taking salt in various ways. Where prepared tablets are not available, table salt may be added to each drink of water. Milk is a source of salt and will help to make up for the deficiency caused by sweating.

It is a wise precaution to keep the body supplied with salt, and thus avoid much possible suffering and loss of time from heat cramps.

**True Stories of West Texans**

(By N. H. KINCAID)

**THE LAST STRAW**

The five cowhands gazed at the decrepid chuck wagon with a baffled look on their dust-seamed faces. That it should fail them, and so close to their goal, seemed incredible.

The drive itself had been undertaken on a shoe string by this handful of foolhardy kids. The boss was a youngster of sixteen, who, because of his age, had been refused admittance into the Confederate army the previous year, 1865. So he had left Missouri for Texas and there launched himself into the cattle business. Buying a herd of about 500 steers at seventy-five cents around, and that on credit, and hiring five cowboy friends at forty dollars, also on credit, with promises to pay only in the event they made a profit on the cattle, they then headed for Sedalia, Missouri.

In lieu of a chuck wagon their provisions were carried on a pack mule until they reached Denton County, Texas, where young boss Jim had friends. After a yoke of oxen and an old tar bucket wagon were bought and it was stocked with provisions for the trip, Jim had one dollar and fifteen cents left.

"But shucks," he told his cowhands, "What more expense could there be! We have our provisions and our equipment, and we won't hit a town until we get there!" And with the sublime confidence of youth their long four months' trek began.

They had fought the hardships and endured the elements, which varied from thunder storms to drought, and had traversed the badlands to within thirty miles of Ft. Scott, Kansas, their new goal. And now their chuck wagon, which had been crying in protest of the hot, dry

weather for days, had buckled. The rims would not stay on and the wheels were coming apart. Jim wondered if this were the last straw! Certainly he felt more discouraged than at any previous time. He wished that he could just chuck the business and go home!

"Shucks, this old wagon is still pretty good—if we could just keep the wheels together," a cowhand decided, inspecting the crippled vehicle.

Jim's lips tightened. He could not let fellows like that down! And beside, he wasn't any quitter, either.

"Alright, you two," he said briskly. "Ride back and skin the steer we left dead from the drouth this morning. We will keep these rims wrapped on with rawhide. Ft. Scott or bust!"

The others took up the chant and two days later Jim Daugherty, future owner of the 800,000 acre Figure 2 ranch near Van Horn, Texas, lead his herd into the shipping pens of Ft. Scott, Kansas.

Agriculture, with more workers than any other industry, had a death rate last year of 54 per 100,000 workers, compared to the all-industry rate of only 31.

**James Spurlin Involved In Truck Accident**

James Spurlin was slightly bruised on the shoulder and legs when he was involved in a freak accident last Friday evening, as his truck overturned west of Melrose.

James was returning home with a load of sand when the brakes on the front wheels locked, causing it to overturn twice. Spurlin was retained in the cab, but was able to climb from the smashed vehicle without the aid of help. The truck was badly smashed and the cab caved in.

**SANTA FE CARLOADINGS**

Santa Fe System carloadings for week ending July 26, 1947, were 32,951 compared with 29,461 for same week in 1946. Cars received from connections totaled 11,998 compared with 11,490 for same week in 1946. Total cars moved were 44,949 compared with 40,151 for same week in 1946. Santa Fe handled a total of 45,000 cars in preceding week of this year.

**Plainview Hog Sale On August 2nd**

County Agent **Ollie Liner**, announces that the Panhandle-Plains Poland-China Breeders Show and Sale will hold a sale at the Dairy Barn in Plainview August 2nd. There will be 32 registered gilts, 11 open gilts and 11 boars offered at the sale, according to Liner. No hogs from this county are entered in the sale, but several adjoining counties have already entered. All hog raisers who are interested in the registered Poland-China stock, are invited to attend this sale.

**IN CAR WRECK**

**James Bruce**, brother of Mrs. Mose Glasscock, and **Bill Koons**, step-brother of Mrs. Glasscock, were involved in a car wreck last Saturday night west of Clovis, when the steer-

ing gear of the car gave way, causing the driver to lose control of his vehicle.

Both the driver and the accomplice were cut and bruised, but neither were badly hurt, according to reports.

**New Car Damaged In Sideswipe Accident**

The new Chrysler of **John Lovelace** was pretty badly damaged early Sunday morning as he and **Bill Banks** were returning home from Clovis, when the new machine sideswiped another car and overturned. Lovelace and Banks escaped serious injury, but both suffered lacerations and bruises. Most of Bank's injuries were on the face and left shoulder, while Lovelace received a gash in the top of his head. The front end, fenders and top of the new machine were damaged,

which will require the services of a good body man to restore to attractiveness.

**Texico Man Wins Refrigerator**

**Ray Mears** of Texico was awarded the seven-foot electric Frigidair last Saturday at Bovina, which was given away by the Bovina American Legion. Ray was happy indeed over receiving the new box, but today offered it for sale as he was unable to use it. As can well be imagined, he found a ready buyer.

**AIR POWER**  
**AAAF**  
**IS PEACE POWER**  
HELP BUILD AMERICA'S AIR POWER  
on AIR FORCE DAY, AUGUST 1ST  
No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky.  
You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.  
If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.  
Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.  
On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.  
**NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION**  
Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.  
The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.  
When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.  
Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

# FACING THE FUTURE WITH HOPE

Out of the church this couple comes to face a future that's unknown. With HOPE as their watchword and FAITH as a shield they have made themselves one in the sight of the Almighty and are determined to sail the uncharted seas of time together.

The same church under whose watchcare they grew up now has furnished the setting for their holy matrimonial vows. Now they are one of the greatest institutions—HOME. One of their chief responsibilities will be to see that their church has their help in filling its most worthy mission upon earth. Be sure to attend the church of your choice regularly.

### LEGAL NOTICE

#### CITATION BY PUBLICATION THE STATE OF TEXAS

TO: George G. Wright whose residence and address is unknown and the unknown heirs, assigns and legal representatives of the aforesaid defendant, whose names, residences and addresses are unknown GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of August, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 5 day of July, 1947.

The file number of said suit being No. 1403.

The names of the parties in said suit are: E. B. Whitefield as Plaintiff, and George G. Wright and the unknown heirs, assigns, and legal representatives of George G. Wright as Defendant.

The nature of said suit being substantially as follows to wit:

Plaintiff brings this suit in trespass to try title alleging that on June 1, 1947, he was the owner in fee simple of Lots 5 and 6, Block 31, of the original town of Friona, Parmer County, Texas, and that on the second day of June A. D., 1947, the defendants and all of them, unlawfully entered upon said land and withhold from his possession thereof, to his damage in the sum of \$100.

Plaintiff pleads the ten year statute of limitations in the alternative.

Plaintiff prays for title and possession of the above described land.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this fifth day of July A. D., 1947. Given under my hand and seal of said Court, at office in Farwell, Texas, this fifth day of July, A. D., 1947.

(seal)  
Loyde A. Brewer, Clerk  
District Court, Parmer County,  
Texas.

(July 10, 17, 24, 31.)

#### REMOVE COVERING

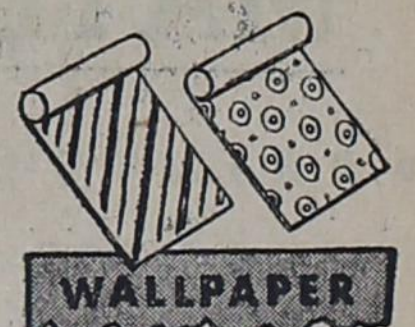

LUBBOCK—Protective cellophane covering should be removed when new lamp shades are put into use, according to Miss Lola M. Drew, assistant professor of home management at Texas Technological College.

Cellophane is sensitive to heat and humidity, and its contractions and expansions will eventually ruin a shade if left on permanently, she explained. If fabric shades become soiled they may be shampooed with the same procedure as upholstery, she said, although care should be used not to dampen portions held together with glue. Real or paper parchment may be softened with a damp cloth dipped in clear water.

Support your local Chamber of Commerce.

**School Program Feeds German Children**

Around 3½ million German children are receiving a supplemental "meal" through the Military Government's School Feeding Program, reports William C. Ockey, Associate Director of the Production and Marketing Administration's Food Distribution Programs Branch. Ockey has just returned from a 90-day trip to Germany, where he helped set up the program in American and British occupied zones.

According to Ockey, "sufficient food was made available to feed in schools the maximum of 3,550,000 children between the ages of 6 and 18 years. The daily supplemental meal usually consists of a serving of about 1 pint of soup, porridge, or another similar item, and contains approximately 350 calories per serving.

"This supplemental food, which is served ration free to the children, has been a great benefit to them in the short time in which the program has been operating. It started in a few schools on April 14, and by June 21 the entire quota of 3,550,000 children received the meal. Teachers have said that after 6 to 8 weeks they noticed definite improvement in attentiveness, ability to learn, and increased weight.

"Needless to say, there are practically no absences from school except through sickness, and in these cases arrangements have been made for the parents of the sick children to come to school and get the food for them."

**Meat Supplies Equal To Last Years'**

Consumers can look forward to as large a supply of meat this year as last when supplies were well above most war years, according to the Bureau of Agricultural Economics.

Meat supplies per person in the 1946 period averaged 153 pounds, compared with 134 pounds in 1937-41. While total meat output in the first quarter of 1947 was moderately less than a year earlier, greater production in the second quarter brought supplies for the 6 months to about the same level as 1946.

Meat production will be larger this summer than in 1946. If the cattle slaughter continues unusually large, meat output may be almost as large this fall as a year earlier. Reduced pork, lamb, and mutton production

was about offset by increased beef and veal production.

Record or near-record consumer incomes in June created a strong, domestic demand for meat. Prices for meat animals in mid-June averaged 2 percent below the March record, but 47 percent above a year earlier, when price ceilings were in effect.

The prospective record slaughter of cattle and calves for 1947 will result in a sharp reduction in numbers on farms. Cattle feeding in 1948 probably will be below the high rate of the current year. As a result, beef and veal output is expected to be reduced in 1948.

The 1947 spring pig crop is slightly more than last year, and farmers' intentions indicate that the fall pig crop will be 6 percent above 1946. Although more pigs probably will be slaughtered during the first 9 months of 1948 than this year, slaughter weights will probably be below this year's high average unless the 1947 corn crop turns out better than now expected.

mals, an increase of seven percent over blue ribbon awards last year.

The increase, say Extension dairymen at Texas A. and M. College, indicates that Texas dairy farmers are

recognizing good dairy type. There was also a marked decrease in the number of cattle receiving white and yellow ribbons.

At the 33 educational "dairy days"

**KEEPING YOUR CAR IN GOOD REPAIR IS THE BEST POLICY.**

Bring it to us for a good job at moderate prices.

**ATKINS & HARDAGE REPAIR SHOP**  
FARWELL, TEXAS

held in the state this year, 2,156 head of dairy cattle were classified. Final tabulation by the Extension dairymen, who helped judge many of the shows, reveals that 18,720 people took part in the "dairy days."

A breakdown of the classification shows 2.1 percent of the cattle classified purple ribbon; 30 percent, blue ribbon; 42.8 percent, red ribbon; 21.1 percent, white; and 4 percent, yellow.

Six different breeds of dairy cows were entered in the 33 shows—Ayrshire, Brown Swiss, Jersey, Guernsey, and Milking Shorthorn.

Among the larger industries in the city of Louisville, Kentucky, are the manufacture of tobacco products, cement, wagons, plows, and leather.

St. Louis, Missouri, was founded by the French in 1794, and was named after Louis IX of France. It came under American control in 1804.

# Local Happenings

## Honored At Shower

Miss Perry Winkle, formerly Miss Rada Morgan of Texico, was honored at a lovely bridal shower last Tuesday afternoon, given in the Home Economics room of the Texico school.

Sharing the hostess duties were Mesdames Jim Moss, Russell Johnson and Frances Smotherman. The guest book was presided over by Mrs. Chas. Bell and Mrs. Jerry Paul poured the punch. The room was beautifully decorated with flowers of the season.

Refreshments were served to the following: Mesdames Joe L. Morgan, H. P. Winkle, Perry Crawley, Hershel Morgan, Bill Johnson, F. H. Smotherman, Russell Johnson, Henry Jacks, Denver May, Jim Moss, Edgar Blain, O. S. Allred, Lowery Winkles, and Chas. Bell.

Le Roy Faville, B. A. Rogers, S. C. Hunter, Jerry Paul, Miss Peggy Rogers, Miss Jean Rogers, Miss Delphine Johnson, Mrs. Baker, and Mrs. Ingram.

Many nice gifts were presented to the recent bride, with a number who were unable to attend sending their gifts.

## Recent Bride Is Honored

Against a decorative background of summer loral arrangements, a bridal shower was given in honor of Mrs. James Spurlin, Tuesday evening in the home of Mrs. Walter Hardage.

Mrs. Walter Hardage and Gladys King shared the duties of hostesses, with Mrs. Ray Sudderth presiding at the punch bowl and Miss Tommie Randol registering the guests at the door.

Refreshments were served from a lace covered table decorated with phlocks.

Those present for the occasion were Mesdames: Loyd Cain Hayden Cason, W. W. Hall, Mut Magness, Floyd Milstead, Aubrey Sprawles, Ethel Thomas, Ted Sheets, C. G. Davis, Grayson Roberts, L. P. Vincent, Bob Sudderth, S. O. Billington, Ebb Randol, Gladys King.

E. C. Spurlin, Tom Roe, W. A. Well, Sam Randol, Leon Cantrell Russell Johnson, Tommy Holmberg, of Clovis; W. H. Spurlin, Miss Tommy Randol, Mrs. Walter Hardage, and honoree, Mrs. James Spurlin.

The recent bride was presented with many nice gifts, and several sent gits who were unable to attend.

## Methodist Young People Enjoy Party

A small group of local young people, composed of the Methodist Youth Fellowship and invited guests, enjoyed a bowling party last Monday night at the Playmoor alleys in Clovis.

Those in attendance included Toby Booth, Wanda Sheets, Belya Park, Sonny Graham, A. C. Henneman, Mary Ruth and Hazel Petree, Warlick Thomas, Jean and Peggy Rogers, and the group's sponsors, Mr. and Mrs. Loyde A. Brewer.

## HERE FROM ARIZONA

Mrs. Audie Barker and children are here from Douglas, Arizona, visiting in the home of her mother, Mrs. R. E. Williams of Texico, and other relatives here, and in Clovis. Mr. Barker is employed by the railroad at Douglas.

Mr. and Mrs. Odie Gasaway, from Oklahoma, are visitors in the C. K. Caldwell home this week.

## Cummings-Stark Engagement Announced

The engagement and approaching marriage of Dorothy Sue Cummings, daughter of Mr. and Mrs. E. H. Cummings, to Wayne B. Stark, Jr., son of Mr. and Mrs. W. B. Stark of Friona, was announced at a tea Tuesday afternoon, July 16th, at the home of Mr. and Mrs. E. H. Cummings.

In the receiving line were: Mrs. E. H. Cummings, Dorothy Sue Cummings, Mrs. W. B. Stark, Mrs. C. A. Guinn, and Mrs. J. M. Watson, Mrs. Doyle Cummings presided at the guest book. Others assisting in serving were: Mrs. M. B. Buchanan, Mrs. George Jones, and Mrs. Russell O'Brien.

The tea table was covered with a lace cloth. A mirror reflector bearing the names Wayne and Sue, and entwined with white satin, formed the centerpiece. A bouquet of blue corn flowers and Queen Ann's lace was placed behind the mirror.

Attractive bags bearing the note: "It's in the bag," were used as plate favors, revealing the date, August 9.

Sixty-eight guests called during the receiving hours.

## S. S. Class Meets

The Ruth Sunday School class of the Baptist Church had a regular meeting, Monday night, July 28th in the home of Mrs. Carrie Hambrick. After the business meeting, a social hour was enjoyed, with Marie Cox in charge.

Refreshments were served to the following: Lucy Brown, Bessie Landrum, Maxine Cook Ethel Harding, Velma Seale, Fern Hardage, Morene Davis, Marie Cox, Ruby Stone, Inez North, Hazel Lance, Susie Schleuter, Alvenia Sharpe, Mary Whitley, Johnnie Crawley, and the hostess, Carrie Hambrick.

The next meeting will be with Bessie Landrum, Aug. 25th.

## Oklahoma Lane Ladies On Summer Outing

Nine adult ladies and four juniors, all members of the now inactive Oklahoma Lane Demonstration Club, left here Monday for a four-days outing in northern New Mexico, with Red River and Eagle Nest as their destination.

The ladies decided to use an accumulation of funds in this manner. With Don Cantrell in charge of the truck, the following made up the passenger list: Mesdames J. R. Caldwell, Lee Thompson, Fred Kepley, Scotty Barry, Clyde Perkins, Thad Watkins, Clyde Magness, John Porter, A. D. Wilkinson, and Misses Gloria Kepley, Louise Rundell, Betty Rose Johnson, Loneta Thompson.

## HOME FROM VACATION

Mr. and Mrs. Woody McDermitt and Miss Ruth Birchfield returned home Sunday from a week's vacation trip spent on the Texas Gulf Coast. They enjoyed the thrill of deep sea fishing while away. Woody took a flight over Texas City, which was almost destroyed by explosions and fire a few weeks ago. He says that little repair work has been done along the waterfront, and that evidences of the terrible blast are still to be seen about the city.

Little Johnnie Kistler, son of Mr. and Mrs. Jean Kistler, of Lovington, N. M., is recuperating from a major operation, here in the home of his Aunt, Mrs. J. D. Thomas. Johnnie was operated on last Thursday at the Memorial Hospital, in Clovis.

Three sisters of Mrs. W. W. Vinyard left Thursday after spending several days in the Vinyard home. They were: Mrs. George Wilson of Amarillo, Mrs. Lee Hight of Grand Prairie, Texas, and Mrs. Jessie Moore from Duncanville, Texas

Mrs. Lee Bradshaw and small son Mike, are leaving Thursday for Shreveport, La., to join her husband.

Mrs. C. H. Irwin and daughters, Janice and Peggie of Wichita Falls, spent the weekend in the home of the Loyde Brewers.

Mr. and Mrs. Leon (Ponce) Billingsley announce the arrival of a son, born Tuesday morning at the Memorial Hospital in Clovis. The infant weighed 7 pounds and 14 ounces.

We are happy to have Mr. and Mrs. C. K. Caldwell and family back in Farwell again, as the Caldwells spent nine months in Oklahoma.

Mrs. Russell Jahson attended the Fairfield Club meeting Friday of last week, in the home of Mrs. Vernon McGegory, at Center.

Harold Brooks of Little Rock, Ark., is visiting here in the home of Rev. and Lewis C. Cox. Harold is a nephew of the Cox's.

Mrs. Walker of Ralles, Texas, was visiting with her brother and family Mr. and Mrs. Jack Glenn, of this city last week.

## WATERMELON FEED

The Church of Christ members had a watermelon feast on the Church lawn, last Thursday evening after which games were played.

About 65 were present for the lawn party and feed.

Mrs. R. B. Ezell spent the weekend in the home of her daughter, Mrs. R. B. Parker of Amarillo.

Mr and Mrs Jim Dickson of Lubbock spent the weekend in the home of his mother, Mrs. Ruby Dickson.

Mrs. L. Hall and Mrs. Hazel Clark and son Carl Wayne, of Wichita Falls, returned home Thursday after visiting in the Willis Magness home.

Mr. and Mrs. L. Cochran of Kansas City were dinner guests in the home of Judge and Mrs. A. D. Smith Sunday.

Allene and Barbara May were weekend guests in the home of Miss Patsy Ingram.

Mrs. J. C. Robertson and daughters, Mrs. Dunn Bruns, all of Lariat, and Mrs. Jim Brown of Clovis and J. C. Robertson, Jr., left Saturday for San Antonio, Texas, where they will visit their husband and father, Mr. J. C. Robertson, who is in the W. O. W. Hospital of that city.

Rev. Virgil E. Hunton, former pastor of the Texico-Farwell Baptist Church, moved to their new home in Clovis, the later part of yast week.

Mr. and Mrs. L. A. Caldwell and family, and Mrs. Clyde White, all of Littlefield, were visiting Sunday in the home of Mr and Mrs Ray White.

Mr. and Mrs. Frank Werner and Mr. Werner's mother, Mrs. Carlton, all of Mr. Pleasant, Iowa, were here last week, visiting friends and looking after property interests.

Mr. and Mrs. Eddie Kopp, of Roswell, were visiting in the home of Mr. and Mrs. Hayden Cason over the weekend.

Mr. and Mrs. A. C. Green and daughter, Delores, and Miss Velma Monk, spent the weekend in Amarillo visiting friends.

Paul Schmidt and son, Ira, are here this week from their home in Illinois, attending to business matters and renewing acquaintances with friends.

Mr. and Mrs. Jim Moss and family were Sunday visitors in the home of Mrs. Moss' brother and family, Mr. and Mrs. Fred Barton, Jr., of Friona.

Mr. Jim Moore and son, Jimmie, returned home from Hale Center Friday afternoon. They had been visiting friends and relatives.

Mrs. Robert Morton will leave Friday for Spur, where she will visit a week with Mr. Morton's parents, Mr. and Mrs. M. J. Morton residence at the Texas A and M.

Mr. and Mrs. Johnnie Pace and family left early last week for points in California, where they are scheduled to spend a ten-day period vacationing.

# Bovina Happenings

Mr. and Mrs. Louis Pesch have as their guests this week Mrs. Aster from Floydada, Texas.

Mr. and Mrs. Will Pater went to Wichita Falls, Texas, Thursday to visit a sister of Mrs. Parker, Mrs. Edd Ralls, who is very ill and in a hospital there.

Jim Rury went to California, with his daughter and son-in-law to spend a few weeks. His son-in-law, Rev. Van Wheeler will hold some meetings there.

Mr. and Mrs. H. L. Whitehurst and Mrs. Leonard Gee spent the weekend fishing at Buffalo Lake

Mr. and Mrs. H. L. Whitehurst spent several days in the mountains a few weeks ago in New Mexico.

Mr. and Mrs. Tom Whitehurst had as their guests over the weekend Mrs. Whitehurst's mother from Los Angeles, Calif.

The Whitehursts enjoyed company from Abilene the past week.

Mr. and Mrs. Dawson Beach of Vernon, Texas, spent the weekend with his sister, Mrs. Alma Vassey. Their daughter has been visiting Mrs. Vassey and went to California with her. She returned home with her parents when they went back to Vernon.

There was some excitement at the Joe Wilson farm Tuesday afternoon, when a field of wheat stubble caught fire, and burned 40 or 50 acres of the stubble before it was checked. This was thought to have caught fire from a trash burning, and no serious damage was done.

Mr. and Mrs. Bill Hubbell and children, returned Tuesday from an extended trip in Oklahoma, Kansas, New Mexico, Colorado, and Texas. They were away two weeks, and report dry weather everywhere except parts of Kansas. Mr. and Mrs. Earl Cole from Clovis accompanied them part of the way on this trip.

Mrs. Ronald Berggren and Elizabeth Ann Berggren, left Wednesday the 30th, for Groom, Tex. From there they will go to San Antonio, Texas, to visit Mrs. H. A. Nichols, Mrs. Berggren's mother.

Mrs. Bass Elliott returned from Lincoln, Neb., this week. She accompanied her mother, Mrs. Euell Hart home to visit her parents and relatives there.

Mr. and Mrs. Billy Donaho of Oklahoma City, are visiting Mr. and Mrs. L. J. Beaman. Mrs. Beaman is his aunt and also his foster mother.

Mr. and Mrs. H. A. Greenfield, from Happy, Texas, visited her brother and sister-in-law, Mr. and Mrs. L. D. Knight.

Mrs. Blalock and daughter, Mrs. Charley Grey's sister from Marlow, Oklahoma, Mr. and Mrs. Babe Grey, from California, a brother of Mrs. Greys, and their nephew, Joe Grey from Brawley, California, have been guests in the Charles Grey home the past week.

Mr. and Mrs. Edd Allen from Cleburne, visited in Mrs. Allen's parents home, the Lee Thompsons, over

the weekend.

Vernon Estes was the lucky one to get the radio-phonograph that the American Legion gave away Saturday evening, and Ray Mears, of Texico, was the lucky one to get the Frigidair that was given.

Rex Isham entertained in his home Saturday evening with a slumber party for a group of his boy friends. They were Charles Denny Williams, Leon Ware, Jamie Tidenberg, Ana Lynn Isham. This occasion was for Rex's Birthday.

Mr. and Mrs. Bob Williford had as their dinner guests Sunday, Mrs. J. Sam Gaines, and Mr. and Mrs. Hilliary Tidenberg.

Ella Bradshaw, entertained in her home with a dinner Sunday for a group of Farwell and Bovina young folk.

Jerry Ellison accompanied the Ayres and Wesley, on their vacation to Yellowstone National Park and other places of interest. Word was received from them Saturday that the Ayres, and Ellisons would spend the last weekend with Minister and Mrs. Joe Banks, and their children, at Twin Falls, Idaho. Joe Banks was pastor of the Church of Christ in Bovina several years ago. He is preaching at Twin Falls at this time.

June Watkins has been on the sick list the past week, and unable to be in her beauty shop.

Pete Vestal and son Jerry and Henry Lloyd are spending a few days at Fort Worth, Tex., visiting Mr. Lloyd's brother and sister.

Mr. and Mrs. Howard Crook and children left Thursday for Kansas, Mr. Crook will work in the harvest there, while Mrs. Crook and the children will visit her relatives and other places in Kansas.

Gano Sanders was ill the past week. He is much improved at this time.

Mr. and Mrs. Frank H. Wilson and daughters, Delores and Carolyn left Thursday for an extended trip in New Mexico, Colorado, Utah and will go on to Oregon to visit a brother of Mr. Wilson's, Mr. Charley Wilson of Oregon.

Mr. and Mrs. Fred Prues and daughter from Odessa, and Mr. and Mrs. C. C. Boren and Nona Rule visited in the E. V. Isham home Thursday.

Pat Kunselman left Friday for his home in Pennsylvania, where he has worked all through harvest for Mrs. Frank Wilson, and now has returned home.

Mr. and Mrs. Will Parker left for Wichita Falls, the last of the week to visit Mrs. Parkre's sister, Mrs. Eddie Ralls, who is very ill and in the hospital there.

Mr. and Mrs. S. A. Calhoun are vacationing in Colorado.

Earlene Marker from Allison, Tex., has moved with her parents and will be in school here this fall.

Mrs. Maurice Means underwent surgery in the Dr. White Clinic in

Clovis, Wednesday of last week.

Mr. and Mrs. Troy Fuller are enjoying the company of Mrs. Fuller's little neices and nephew, Eva Lea, Johnny Wayne and Barbara Kay Bishop, from Jamestown, Tex. They are also visiting their grandparents, the J. H. Steelmans.

Mr. and Mrs. Jimmy Raye Glover from Portales, visited his parents here over the weekend.

Mr. and Mrs. Joe Wilson entertained at their home with a picnic dinner Saturday evening of last week, July 19. Those attending this feast were Mr. and Mrs. Otis White, Bobby Kelly and Kenneth, Mrs. Jess Walling, and two sons, Tiny and Ted, Judy Means, and Mrs. Dollie Williams, Mrs. L. Smith and R. B. and Melvin Stapels, from California, Mrs. John Baylor and children and Mrs. Lucy Wilson.

Mrs. Frank Pesch left for Louisiana the last of the week for an extended vacation.

Mr. and Mrs. Clifford Leak have

as their guests this week, Mrs. Leak's brother, Charley Pesch, from Washington, D. C., and Mr. and Alvin Pesch from Abilene, and her sister, Mrs. Herman Smith from Bethany, Oklahoma.

Pete Vestal left Tuesday for Granbury, Texas, for a truckload of fruit. Miss Oleta Rhinehart is visiting her parents, the W. O. Rhineharts. She is from California.

(Continued from preceding page)

tor, the Rev. and Mrs. George York and baby daughter Gale.

The young married people's class challenged anyone to play baseball with them and their challenge was taken and the ball game was in progress when a rain storm blew up and the crowd was forced to leave the park. By this time they were more than ready to see what all the baskets contained in the way of food, so they came into town to the new church building, where the bountiful lunch was spread—and was that a meal! This was certainly enjoyed by all the crowd that partook of it.

After the lunch was over, the pastor and wife and daughter were honored by being presented with an Electro-vacuum cleaner, and Baby

Gale was honored too, as she was presented with a lovely sweetheart set. The bracelet and locket, of which she was very proud, she displayed while standing on the table for all to see.

This was a real old gettogether and was greatly enjoyed by all.

**MRS. BRUCE GILES FETTED AT SHOWER**

The ladies of the W. M. U. of the Baptist church, met in their regular meeting for Mission study Tuesday afternoon, July 22nd, in the home of Mrs. Bill Bradshaw. Mrs. Arnold Homes taught the lesson from the book "Now is the Day", using the chapter on Africa. After the business meeting was over, Mrs. Bruce Giles, wife of the local Baptist minister, was fetted with a lovely pink and blue shower. Delicious white cake with pink icing, and lemonade with

pink ice cubes were served and, little pink umbrellas sticking in each piece of cake were the favors. Those attending this affair were:

The honoree, Mrs. Bruce Giles, Mrs. Hilary Tidenberg, Mrs. G. E. Free, Mrs. Newell Bonds, Mrs. Arnold Hromas, Mrs. Ragon Looney, Mrs. J. Sam Gaines, Mrs. Carol Steelman, Mrs. J. O. Comb, Mrs. Ray Sharp, Mrs. Bob Williford, Mrs. A. T. Ray, Mrs. Everett Mrs. E. H. Moody, Mrs. Frank Barnett, Mrs. Vernon Ward, Louise Moody and Ella Bradshaw, and the hostess, Mrs. Bill Bradshaw. A number of friends sent gifts who were unable to attend.

Rev. and Mrs. Giles had as their weekend guests, Mrs. Giles' brother and wife and three children, from Lubbock, and his uncle and family.

Mr. and Mrs. H. Tidenberg were shopping in Clovis Saturday.

Mr. and Mrs. Ralph Caldwell and daughter from Lubbock, visited the J. R. Caldwell's over the weekend.

Mr. and Mrs. R. W. Standerfer had as their weekend guests, Mr. and Mrs. Roy L. Krebs of Lubbock.

**BOYS ENTERTAIN CLASSMATES**

Leon Ware and Charles Denny Williams, were hosts to a lovely lawn party, given at Leon's home, and for their classmates and their teacher Mrs. Rhodes. This was given on the pretty lawn at the home of Leon's parents, Mr. and Mrs. E. M. Ware, on Friday night, the 24 of July. They enjoyed a weiner roast, and then played different outdoor games. Later in the evening they served refreshments of punch and cake, and ice cream to the following classmates and some of their parents.

The teacher, Mrs. Aubrey Rhodes and husband.

Mr. and Mrs. Springs, Mr. and Mrs.

LUBBOCK—Dragons and serpents and other creatures of the barnyard, circus and zoo will walk the streets of Lubbock in a gigantic parade, opening day of the 30th Annual Panhandle South Plains Fair, September 23. Approximately 200 men will be required to handle the inflated rubber menagerie in the two-mile long parade. The rubber animals will also be on display at the Fair grounds all six days of the Fair. Pictured above is one of the late model dragons of the non-fire eating type.

Leroy Berggren, Mr. and Mrs. Lowrie, Mr. and Mrs. Vernon Ward, and Mrs. Read, Bertha Owens, David Springs, Jamie Tidenberg, Kenneth Joe and Huey Lowrie, Dale Berggren, Jaul Lloyd, Norma Lee Loflin, Donna Smith, Billy Ward, Rex Isaham, Cletis Huff, Kathryn Jefferson, Margie Leake, Patricia Cherry, and Billy Floyd.

A hilarious time was had by all who attended.

**AMERICAN LEGION AND AUX. ENTERTAIN AT PARK**

Did you go to the Legion and Auxiliary picnic? If you did not, you certainly missed a good time, for they all gathered together on Monday night, the 28th, for a hilarious time and a bountiful basket lunch. This took place at the city park in Bovina. The crowd was estimated at around 75, who were there to visit and partake of the nice picnic supper. The organization furnished the cold pop to go with the good eats.

The members of the Auxiliary were very happy to have with them again, Mrs. Ernest Woefel, who has been ill for so long.

After lunch they came back to the American Legion hall, where they had a program, and selected committees to select new officers at the next meeting.

Everyone watch for an announcement in your paper for another get-together the last of August, and I am sure after such a wonderful time as this one, everyone will want to attend.

**PEACHES COMING**

COLLEGE STATION—A Texas peach crop that's expected to be one of the best quality yet has started rolling into market from the West Cross Timbers area and the northeastern part of the state.

Most growers in both areas have carried out intensive spraying schedules throughout the growing season, which is producing worm and rot free peaches, says J. F. Rosborough, horticulturist of the Texas A. and M. College Extension Service.

During the last half of July and well into August, the yellow freestone peaches—Halehaven, Fairs Beauty, Texberta and others—will be coming in. The Elbertas will start moving in early August.

The big crop is coming from some 6 million trees, most of which are around Weatherford, Eastland and Comanche in the West Cross Timbers area. Approximately one million of the fruit trees, mostly Elbertas, are in the vicinity of Avery, Dakalb and Omaha, Texas.

For the first time in several years, housewives will have a chance to combine this quality peach crop with unlimited supplies of sugar. The peaches will go by way of truck to every town in Texas.

**HATES TAXES . . .** So violently opposed to "excessive and confiscatory individual income taxes" is E. B. Tilton of Milwaukee, Wis., that he voluntarily cut his own income to lower his taxes. President of a manufacturing company, he says he will work without pay in November and December so that he may lower his tax contribution.

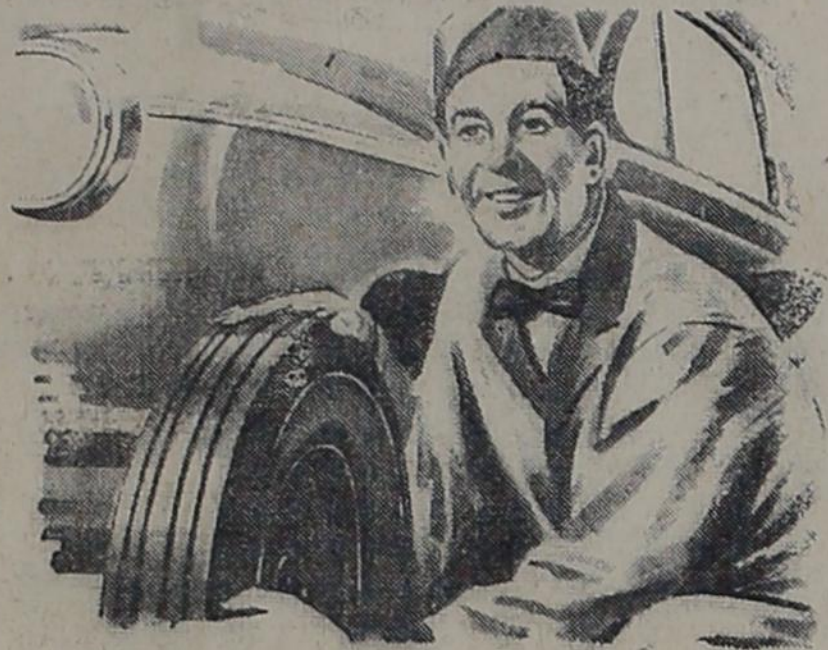

**ENROLLMENT INCREASES**

LUBBOCK—Enrollment for the second summer term at Texas Technological College totals \$285, with men students outnumbering women by more than three to one, the registrar's office has announced.

The enrollment figure is an increase from 2011 for the second summer term last year. Arts and Sciences

division leads with 807 students, followed by Engineering with 715. Registration in other divisions include 374 in Business Administration, 266 in Agriculture and 123 in Home Economics. Men students number 1763, as compared with 522 women.

The American Eagle could fly better without the Left Wing.

FARWELL, TEXAS

### ACA News

Harold W. Carpenter, Secretary

Word was received last week to immediately resume work on the 1947 Conservation Program. This means that the unused portion of our 1947 allocation of funds is again made available to farmers.

We have several hundred requests for assistance in carrying out certain practices on file in the office and Prior Approvals are being prepared and mailed to the farmers as quickly as possible.

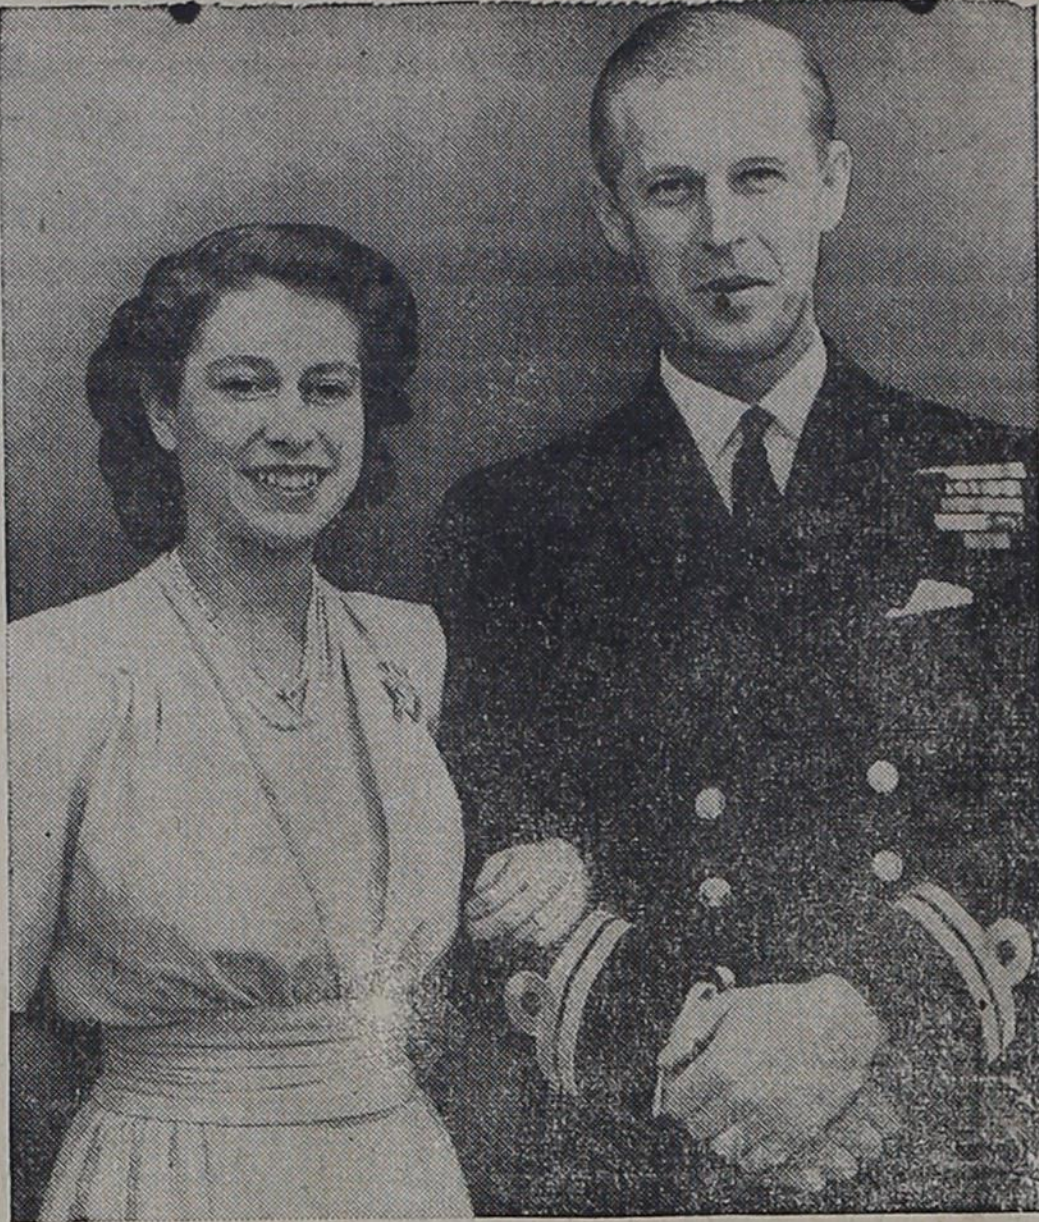

The above announcement will add further inducement to local farmers to work their wheat stubble with the

contour of the land using either a lister or Hoeme plow. Farming in this manner will cost more in labor and fuel, but the 25c per acre payment is supposed to offset part of the expense.

There will also be a \$.25 per acre payment for drilling on the contour this fall. Both practices can be paid for on the same acreage and both require a written prior approval to qualify for payment.

Warehouse receipts and applications for loans on farm stored wheat are still pouring in. The amount of dollars loaned has reached an unbelievable level.

Warehouse loans are comparatively simple to make and the money can be obtained the same day the warehouse receipts are submitted to us. Farm stored wheat loans are a dif-

**ROYAL BETHROTHAL . . .** Princess Elizabeth of England appears radiantly happy in this picture as she walks with her bridegroom-to-be, Lt. Philip Mountbatten, former prince of Greece, following the formal announcement of their engagement by King George VI. The princess wears the three-diamond engagement ring given her.

ferent story. Each bin has to be sampled for a sample and the sample mailed to Amarillo for an analysis. We have one boy working the primary circuit and he can't get to every one the same day. If you have made application for a loan, here are a few pointers. First, make at least a half hearted attempt to level off the wheat so that an accurate height measurement can be taken. Second, leave a ladder laying somewhere near the granary to be used to climb up to the window. These small duties by the applicant will make the inspector's hard job just a little less exasperating and will speed up inspections.

#### Put The "B" On Bang's Disease

**COLLEGE STATION** — All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and reported to the Texas Livestock Sanitary Commission to conform with House Bill 525, recently made law by the State Legislature.

Dr. A. E. Crist, veterinarian of the Texas A. and M. College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing to place the brand on cows that react positively to the disease. A penalty will be fixed upon any person who refuses to allow the branding, or who sells or disposes of cattle for milk purposes when he knows them to be infected.

The branding of Bang's infected cows will enable better control of the disease, says Doctor Crist, since control measure must be planned on the basis of individual herd problems.

In the fiscal year, September 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of those reacting cattle probably found their way into other herds, says Doctor Crist. The requirements of the branding law will help hold down the spread of the disease.

#### CAFE CHANGES HANDS

Mrs. C. F. Bieler and Mrs. C. K. Caldwell announce that they have purchased the Snack-Shack Cafe, located next door to the Border Theatre, and after redecorating the building, will be open for business.

Mrs. Bieler has formerly been employed at the City Cafe in Farwell. The new owners plan to serve short orders and will stay open after the show for the public.

#### Bovina Girl To Attend O. C. W.

**CHICKASHA, Okla.**—Miss Betty Kimbrow of Bovina is among those who have made reservations at the Oklahoma College for Women for the coming school year.

Dr. Howard Taylor, Dean of the College, states that although the advance reservations are heavier than usual, there are rooms still available in the campus residence halls. With the closing of the large Borden General Hospital in Chickasha, many additional rooms at moderate rates are open for students who plan to attend OCW this fall.

#### No Controls on 1948 Wheat Production

Farmers can make their 1948 wheat production plans with assurance that acreage allotments and marketing quotas will not be put in effect. The decision was announced by Undersecretary of Agriculture N. E. Dodd on July 15, as required by the Agricultural Adjustment Act of 1938.

USDA determined that the world food situation and the interests of both U. S. consumers and producers justify keeping the acreage allotment and marketing quota provisions of the law inactive for the fifth successive crop.

Acreage allotments were last established for the 1943 wheat crop but were removed before harvest time because of war-induced demands for food. A national wheat acreage goal will be included in the Department of Agriculture's 1948 food production recommendations to farmers to be announced later this year.

#### Transportation Trouble For Wheat

The torrent of wheat pouring from Southwest farms has swept away the backlog of box cars the railroads had assembled to help handle the marketing of the 1947 crop. Early in June, the box car "bank" held a reserve of 17,000 grain cars, compared with 7,000 on hand last June.

Incomplete reports from Texas, Oklahoma, and Kansas county agricultural conservation committees show nearly 4 million bushels of grain on the ground at shipping points and 18 million bushels on the ground at farms.

A hopeful note is the report that June 1947 freight car production was the highest monthly out-turn in 5 years. But as harvest activity spreads across the wheat belt from the early area in the Southwest the battle of transportation will become a major engagement in getting the 1947 wheat crop under cover and on the way to market.

#### DDT, FLIES DON'T MIX

**COLLEGE STATION** — Potter County 4-H boys, ranchmen and dairymen are getting excellent control of horn flies on beef and dairy animals this year by spraying with wettable DDT powder.

County Agricultural Agent Art Bralley, Amarillo, reports that the mixture being used in the county is four pounds of 50 percent wettable DDT powder in 100 gallons of water. The mixture is the most fool-proof, says Bralley, and will not injure cattle in any way. Regular spraying by the club boys and ranchers is putting pounds of beef on Herefords and giving dairymen extra pounds of milk.

One Potter County dairyman, who recently sprayed his herd with DDT for the first time, told Bralley, "I thought at first that the spray made

#### SHOTGUN SHELLS

Now is a good time to lay in a supply of Shotgun Shells that you will be wanting when the bird seasons open this Fall. We have a good supply of Peter's High Velocity Shells in 12, 16 & 20 gauge.

#### FOX DRUG STORE

the cows sick, since they stood so quietly and didn't even switch their tails. But I soon found out that there were just no flies to bother them." The county agent says that regular DDT spraying is becoming a wide practice in his area.

**NO ROOF BUT HEAVEN . . .** Kneeling worshippers fill the roofless ruins of St. George's Catholic cathedral in Southwark, England, during the pontifical high mass marking the coming of age of the diocese of the Knights of Columbus. This is one of Great Britain's many churches which were heavily damaged by German bombs and rocket shells which rained destruction on the London area during the war.

## For Sale

- 600 Acre Farm, Improved, Close In, Worth The Money
- 300 Acre Farm, Improved, South of Texico.
- 160 Acre Farm, Improved, East of Lariat.
- 15 Acre Farm, Improved, Close-in.
