**Health Note**

Texas State Department of Health

AUSTIN—Diabetes is among the first ten reported causes of death in Texas. There are many people receiving treatment for this disease. Probably there are hundreds of undiscovered cases in the state, says Dr. Geo. W. Cox, State Health officer.

Early recognition of diabetes pays. In the experience of doctors, those discovered before they had complications lived three times as long as those discovered after some blighting affection drove them to a doctor.

If you are the relative of a diabetic, or if you are approaching the fair, fat, and forty era of life, go to a doctor before you get sick and find out if you have diabetes. If you do have it, control the disease in season and out of season. It pays.

Don't be caught napping. Find out if you have diabetes! If you do have it, make it an asset! Prove you can live longer with it than without it. Then you will be helping not yourself alone, but also other diabetics.

What is diabetes? When a person has diabetes, his body has lost some of its ability to turn the sugar in food into heat and energy. The sugar which should be used by the body goes into the blood stream until there is so much sugar in the blood that the sugar overflows into the urine. Because a lot of the sugar is not used, various bodily organs such as the heart, liver, kidneys, and eyes do not get good nourishment.

The person whose diabetes is not treated may get cataracts and other eye diseases, kidney trouble, hardening of the arteries, or gangrene. Be sure to consult your family physician.

**WTCC Will Launch Expansion Program**

ABILENE—With a work program for 1950 described by many West Texas leaders as almost beyond comprehension in scope and importance, the 6000 members, directors, and officers of the West Texas chamber of commerce and the West Texas Domestic water association will launch this week a new joint program to bring prosperity to West Texas—not for one year, but for the next half century.

As evolved throughout the past twelve months, the program presents a new philosophy in municipal water development which the companion organizations believe will ultimately end in the building of multi-city reservoirs capable of serving every community in West Texas with adequate water supplies for more than 50 years.

This new philosophy in dam-building is based on organizational studies showing economic damages to cities through lack of water to be companionable to losses sustained from excess water, and the establishment of municipalities as prior users of water in all future federal water projects.

Under provisions of the charter to the West Texas domestic water association following its organization and incorporation in November, the association will work for the extraction of optimum values of all waters originating in West Texas for municipal, industrial, and irrigational purposes.

Four new committees have been appointed to direct the program of the WTDWA, as follows:

1. Water Projects justification committee—Lawrence Hagey, Amarillo, chairman. This committee will ac-

cumulate information and reports on the value of multi-city water projects for enhancement of public welfare through adequate municipal, industrial, and irrigation water.

2. Projects Organization Committee—J. E. Cunningham, Amarillo, chairman. The duty of this committee is to assist in organizing water districts for administering all multi-city water projects found to be feasible.

3. Municipal Water Prior Rights Committee—R. M. Wagstaff, Abilene, chairman. This committee will seek recognition of municipalities as prior users of water over all other uses in dam building.

Domestic Water Committee, John Couch, Haskell, chairman. The function of this committee is to secure maximum appraisal of water to qualify and make feasible all recommended multi-city proposals.

In releasing the work program to the entire membership and directorate January 1, WTCC President J. M. Wilson of Floydada placed strong emphasis on the giant water program as adopted for resolute effort during the coming year, but also pointed out that water is by no means the only activity of the organization.

Soil conservation work and farm-to-market road building may be greatly enhanced through revenues obtainable by counties in 1951 by reimposing the state ad valorem tax. This state tax was abolished by amendment to the constitution passed at the last general election, effective January 1, 1951.

Under provisions of an enabling act, sponsored by the WTCC and adopted by the legislature this year, each county may, by election, levy

a tax not to exceed 30 cents to be administered through the Commissioners Court for the express purposes of farm-to-market road and lateral road construction and flood control, which embraces soil conservation.

The question of how much control, if any, that should be placed over the withdrawal of underground water from the strata in the high plains and other irrigated areas of West Texas may be answered in the recently enacted underground water bill which provides for local control usage and conservation of such waters.

Together with the farm-to-market road and soil conservation measure, this law will be interpreted and program devised by committees and staff of the WTCC for use by West Texas counties in planning water district proposals for underground water control and for county road-

soil conservation projects under provisions of the ad valorem tax revision act.

To develop all projects approved by the organization for action during the coming year, the WTCC's Activities department has been expanded to employ a staff of expert consultants, under the direction of general manager D. A. Bandeden.

These consultants will make economic, analytical, and engineering studies and reports on surface and underground water programs, soil conservation, and road projects and greater industrial potentialities for West Texas.

Personnel of the department consists of Homer A. Hunter, engineering; Charles E. Coombes, legal; Ed P. Byars, traffic; soil and water conservationist to be named; D. A. Bandeden, director and economist; and Clara Bussell, secretary and assis-

tant. In expanding the duties and personnel of this department and all WTCC-WTDWA committees for the 1950 work program, Bandeden explained that it is the hope of the companion organizations to complete plans this year for the building of multi-city dams for West Texas which will cost \$300 to \$400 million. "A program of this magnitude calls for exhaustive research and organized committee action," Homer D. Grant, president of the WTDWA, declared.

"Through such efforts," Grant continued, "West Texas will not be 'scraping the bottom of the barrel'—but will have the water to perpetuate its health, wealth, and growth and lead it forward to a new era of industrial development such as never been experienced in the history of the country."

**Local MM Dealer Plans Special Program For Community Farmers**

A special entertainment program which will include the showing of two motion pictures in color has been arranged for farmers and their families in this community by Ralph Humble, local Minneapolis-Moline implement dealer.

The program is scheduled for Thursday, January 19, in the Border Theatre, and will start promptly at 2 o'clock p. m.

One of the films to be shown is entitled "An American Journey" and will include scenes photographed in color in many countries south and north of the border as well as in many sections of this country. The film will also include many typically American songs. One, "This Land of Ours", was written especially for this picture.

The other feature film, also in color and entitled "Weather Whys", will tell the story of weather, what it is, what is being done about it, and how it affects the life of a farmer. The picture will have scenes of all types of weather and will show how weather information is compiled and distributed. The film was made with the cooperation of the U. S. Weather Bureau.

Humble added that he would act as host at the local M-M house preceding the show, when free doughnuts and coffee will be served, beginning at 1 o'clock p. m., and invited the public to attend.

**Salary Schedule For County Officials Set**

The Farmer County Commissioners Court, meeting in its first session of the new year, set the salaries for the various county officials Monday by adopting a motion to continue on the same salary basis as that used in 1949.

The county judge was authorized to purchase an additional \$22,500 of Series G government bonds for the

county's Permanent School Fund. The money was derived recently from oil leases on land belonging to the county, located in Gaines and Andrews Counties.

Other matters receiving the attention of the Commissioners was the approval of current bills for payment.

**Methodist Home Fund Tops \$1000 Locally**

A check in the amount of \$1000.45 was forwarded to the Methodist Home at Waco early this week, representing the contributions made through the local church in the annual Christmas drive for funds to maintain the Home, where more than 450 orphan children are housed.

The amount exceeded any previous contribution made through the local church by heavy odds. Previously, local contributions had ranged from small amounts upwards to \$700.

Last year's contributions amounted to approximately \$700, in which the local congregation stood second in the New Mexico Conference.

**Former Prisoners May File Special Claims**

Former prisoners of war, or their survivors, are advised that forms are now available at the office of Loyde A. Brewer county clerk, whereby individuals may file claims for funds under a recent War Claims Act.

Specifically, the claims to be handled under this Act deal with the feeding of war prisoners. Under international law, countries holding prisoners are required to feed them the same rations as troops, and the money to be issued veterans or their dependants will be based on the difference in these ratios. Funds will be derived from assets of conquered countries.

Brewer attended a meeting in Clovis, Monday night, at which time a representative of the War Claims Commission was on hand to explain the program, and forms were issued. Deadline for filing such claims is

**ON ACC SQUAD**—Warlick Thomas, a four-year letterman in football and basketball at Farwell high school, is a member of the Abilene Christian College 1949-50 basketball squad. At eighteen years of age, Warlick is the youngest member of the squad. Only a freshman, he has seen much service on the varsity as a guard.

at this time, for all individuals who may have a right to file, except dependant parents.

Various groups for filing claims are set up, it was explained. The veteran himself is first, followed by widow and children; widows; children; and dependant parents make up the other categories.

March 1, 1951, and persons wishing further information are invited to contact Brewer at the courthouse in Farwell.

## Three Losses, One Win Chalked Up By Texico

Coming out on the little end of the horn, the Texico Wolverines dropped two and the Whirlwinds lost one during the weekend of cage play vs. Forrest and Grady, which saw only one win accented to the locals, that taken by the girls over Grady.

Playing at home on Friday night, the Texico squads were downed in both matches by strong aggregations from Forrest, who gave no quarter and refused to yield to pressure.

The Pirates, led by Snider who ran up 16 points, held a slight but definite lead throughout the entire game and took the Wolverines, 42-34. Top scorer for the losers was Tucker, who bagged 12.

The Forrest girls took a 7-point decision, 30-23, over the Whirlwinds despite the best efforts of the locals to halt the scoring drive of Thomas and McCutchen, who together ran up 22 points. Individual scoring honors for the evening on Texico's side went to Ingram.

**Play At Grady**  
Play at Grady on Saturday night was hot and heavy, with the local girls taking the vaunted Grady-ites down a notch as they ran past them, 26-18. Ingram continued to hit, taking 16 points for Texico, and Briggs paced the losers with 14.

In the boys' contest, the Wolverines dropped a close 27-24 decision to their hosts of the evening as they were unable to bottle up Harper, who clicked for 13 of the winning points. Tucker and Horton, of Texico, each accumulated 7 during the contest.

## Grady Teams Will Come To Farwell, Tuesday

Two strong teams from across the state line, at Grady, will be entertained by the Farwellites next Tuesday evening, January 17th, a check-up on the schedule reveals, when the locals make their first home engagement in some ten days.

Games had been slated with Wildorado, to be played here, for Tuesday night of this week, Coach Louis Purvis said on Monday but the contests were cancelled by Wildorado, and weekend play will see both local teams out of town.

From the looks of things in previous games, the Grady tilts should be very close and could go either way, depending on the breaks of the game and the moods of the players.

Just last week, the Texico boys surprised Farwell and dumped them, but went down to Grady over the weekend, while the Texico girls, on the other hand, bowed to Farwell and then bounced back to upset favored Grady.

Game time Tuesday night will be 7:30, and fans are urged to be present for two exciting contests.

## Bovina Girls, Steers Are Friday Winners

The Bovina girls, strong competitors for honors in this conference, proceeded to mow down the visiting Farwell girls last Friday night, as the 1950 conference season actually got underway. The Steers, second on the court, avenged their co-workers by pasting their hosts.

Holding their own in the initial period of the game, the locals knotted it up with Bovina at 6-all, but had dropped four points behind at half, 12-16, were even further in arrears at the end of the third canto, 18-25, and emerged behind 33-22.

Action was hot and heavy, with Dial doing practically all of the local scoring as she bagged 13. Deadly sure-shot Pounds bucketed 12 for Bovina, Bradshaw scored 11 and Ellison got 10.

With Donald Ford finding the basket in good style to sink 10 points during the engagement, the Farwell boys started off with a bang and topped Bovina 9-4 at the end of the first quarter, only to see their opposition edge up just one point behind, 15-14, as the half came.

Scoring at the end of the third round gave the Steers a 23-20 margin, and they widened the distance in the last eight minutes to ice down a 33-26 victory. Ware and Hromas, of Bovina, each got 6.

## Income Tax Return Rush Nearing End

The rush to fill out 1949 income tax returns is nearing its finale this week, as the deadline for many returns comes due on Sunday, January 15th.

Local accounting offices have been swamped with farmers and businessmen, all of whom must either file their returns by the 15th or be subject to fines for later filing. On the other hand, workers who pay withholding taxes out of each pay check have until March 15th to file their 1949 returns.

## Texico Boys Leave Town For Weekend

Leaving town on Thursday the Texico Wolverines open a weekend of cage games that night at Eunice; on Friday night they will play Jal, at Jal; and on Saturday night wind up their road trip by visiting on the Rogers court.

In looking over the weekend prospects, Coach C. B. Stockton said the hardest game of the three would probably be the one played first, opposite Eunice. That squad has been defeated only by Lovington—and at present, Lovington is one of the six undefeated teams in New Mexico.

Little information is available on the Jal cagesters, but Coach Stockton expects another brisk game Friday night, and if things go right, the Wolverines hope to take a victory at Rogers on their last night out.

**To Ranchvale Tuesday**  
Continuing out-of-town play, the Wolverines and the Whirlwinds are slated to go to Ranchvale next Tuesday night, January 17th, Coaches Stockton and Fern Stout said.

Showing continued improvement as the season progresses, the locals will be looking for conference wins when they play at Ranchvale, and indications are that the games will be tight.

## Go To Vega, Abernathy For Weekend Contests

The Farwell cage squads will be in Vega on Thursday night of this week, January 12th, when the boys play a conference game and the girls stage a non-conference tangle with the frisky Vega-ites.

Judging by play seen here during the December invitation tournament, both games should be fairly close. The Vega boys, long of arm and leg, are apt to be deadly on their small court, Coach Louis Purvis admitted today.

Starring diminutive forwards, both girls teams will take the court determined to win Friday night, and the game should be very good, from the spectator's point of view.

**To Abernathy Tourney**  
Teams from Farwell and Bovina,

boys and girls, have also accepted invitations to take part in the Abernathy tournament, which opens on Thursday.

The Bovina girls meet Spur at 1 Friday afternoon, followed at 2 by the Farwell-Littlefield game. Winners play at 9 Friday night and the losers meet at 9 a. m. Saturday in consolation finals.

On the boys' side of the ledger, Bovina opens hostilities with Littlefield at 3 p. m. Friday, with Farwell next, facing the Tahoka squad. The winners play at 2 Saturday, the losers at 11 a. m. Saturday.

## District Judge Issues Calendar For Year

A complete court calendar for 1950 showing among other things, a definite scheduled visit to each county in the 64th Judicial District, has been prepared and issued by Judge E. A. Bills, of Littlefield, who assumed the judgeship on January 1st.

The first regularly scheduled visit of Judge Bills to Parmer County is listed as January 25, when non-jury cases will be handled.

## 11 Seniors Presented With Award Jackets

Eleven seniors of the Farwell school, ten of whom were members of the Steer football squad during the past season and one who served as manager for the team, were presented with award jackets in special assembly at the school on Monday morning.

The jackets are of grey wool, with white tape down the sleeves, and feature the blue "F" on a background of white. Coach Louis Purvis said that the boys themselves would add the stars and bars to which they are entitled for their football service.

Receiving the jackets as players were Donald Ford, Bobby Poteet, Troy McKillip, Calvin Meissner, Bob Dollar, Gerald Norton, Pete Hughes, Melvin Terry, Cary Joe Magness and Leon London Raymond Jesko received a manager's packet, and in addition, Coach Purvis and his assistants, Coaches Jack Caves and Shelby Jobs, are sporting the new coats.

# NOTICE To Taxpayers

Since the failure of the Constitutional Amendment to abolish the Poll Tax, your Poll Tax is now due and payable if you want to vote in 1950.

If you have already paid your Property Tax, you should check to see if your Poll Tax is paid also.

POLL TAXES MUST BE PAID

ON OR BEFORE JANUARY 31
