Farwell Voters to Cast Three Ballots

REV. J. C. ENGLISH TO ADDRESS TEXICO GRADUATING CLASS SUNDAY EVENING

Rev. J. C. English, of the First Methodist Church in Clovis, will be the guest speaker in the Texico-Farwell Baptist Church on Sunday evening, May 7th, at 8 o'clock, when he delivers the baccalaureate address to members of the Texico senior class.

Mrs. Agrie Jones, senior sponsor, said on Tuesday that Rev. English had been asked to address the students on their selected motto, "Life Is Picture, Paint It Well".

The complete program includes: Processional, "Grand March", by school orchestra. Invocation, Rev. O. O. Holladay, Texico-Farwell Baptist Church. "We Offer Thee Our Youth," quartet. Scripture reading. "Talents", quartet. Address, Rev. English. "His Gift Of Peace on All, We Pray," quartet. Benediction. Recessional, "Standard Bearer March", orchestra.

Lions Plan Election Of Officers At Next Regular Meeting

The nominating committee, appointed two weeks ago, made its report at the Lions Club meeting on Tuesday night, and President Agrie Jones announced that election of new officers would be held at the next meeting on June 16.

City Cleaners Adds Modern Equipment

The City Cleaners, owner and operated by Mr. and Mrs. Woody McDermitt, is installing some additional new and modern equipment in the local plant this week.

UNDERGOES OPERATION

Mikala Ann, daughter of Mr. and Mrs. LeRoy Faville of Texico, underwent an emergency appendectomy on Sunday, in a Clovis hospital. She is convalescing nicely but will be confined to the hospital for several days.

ATTENDING CONVENTION

Mr. and Mrs. M. C. Roberts and Mr. and Mrs. C. M. Henderson were in Amarillo on Tuesday and Wednesday attending the annual meeting of the West Texas Grain Dealers Association.

MRS. EZELL IMPROVING

The condition of Mrs. Della Ezell, county treasurer, continues to show improvement, relatives reported here this week. She is recuperating at the home of her daughter, Mrs. L. E. Parker, in Roswell, following a serious illness of several weeks' duration.

TO MOVE BUILDING

Felix Monroe, owner of the building formerly occupied by Mary's Cafe, is making arrangements to move the building off Main street and locate it just south of the Texico 66 Station in Farwell. Plans for the removal of two other buildings along the corner of Avenue A and Third Street, owned by Jess Newton and B. N. Graham, have not been announced.

New Council Takes Over In Texico, Hire New Marshal

One of the first official acts for the newly-elected Texico Town Council on Monday night was to employ J. H. Chism as town marshal, succeeding J. J. Spurlin, who has held the post for the past several years.

Mrs. Alice Shields Dies On Tuesday

Mrs. Alice E. Shields, 92, who had resided in or near Farwell and Muleshoe for the past 18 years, passed away at 1:42 Tuesday morning in the home of a great-niece, Mrs. R. L. Jones, in Muleshoe.

Republican Meets With Favor Here

Ben Guill, the only Republican candidate in the race for Congress in the special election on May 6, spent last Friday meeting with the voters of Farmer County, visiting Bovina, Farwell and Friona on his county tour.

Former Pastor Dies In California Home

Rev. H. B. Strickland, pastor of the Texico-Farwell Baptist Church some 25 years ago, passed away at his home in Burbank, California, on April 24th, it has been reported here. Interment was made at Lockney, Texas, on April 26th.

Candidates Named for Boys and Girls State Gatherings

Candidates for Boys State and Girls State have been selected at both the Texico and Farwell schools recently, with the students being sponsored to the Texas and New Mexico gatherings by the local American Legion and Auxiliary.

Beatification Job Begun, Court Yard

The over-treed, barren and wind-swept county court yard, which has been the subject of considerable unfavorable comment in past years, is soon to have its face lifted and become a thing of beauty.

Beatification Job Begun, Court Yard

The over-treed, barren and wind-swept county court yard, which has been the subject of considerable unfavorable comment in past years, is soon to have its face lifted and become a thing of beauty.

The Commissioners Court, meeting in a called session last Thursday afternoon, ordered the beautification program, with instructions to Custodian Noble Goldsmith to carry out the plans.

Trees growing nearest the walk that leads to the front door of the building are to be removed, the ground leveled and evergreen grass will be planted. A sprinkler system will be installed before grass is seeded. The rows of trees on each side of the driveway circling the courthouse will be allowed to remain.

County machinery will be used to cultivate the grounds, except in small areas where hand shovels will be necessary. Goldsmith said that installation of the sprayer system would be let by contract to the lowest bidder, and that most of the ground work would be under his supervision.

Mrs. Alice Shields Dies On Tuesday

Mrs. Alice E. Shields, 92, who had resided in or near Farwell and Muleshoe for the past 18 years, passed away at 1:42 Tuesday morning in the home of a great-niece, Mrs. R. L. Jones, in Muleshoe.

Funeral services for the aged lady will be conducted this (Wednesday) afternoon at the First Baptist Church at 3 o'clock, with Rev. J. J. Terry, of the Oklahoma Lane Baptist Church, in charge, assisted by Rev. A. W. Blain, Muleshoe pastor. Interment will be in the Muleshoe cemetery under the direction of the Muleshoe Funeral Home.

Born in Tennessee on July 30, 1857, she was married to Dr. Joseph A. Shields on October 6, 1881, and one child, which died at birth, was born to the couple. Dr. Shields passed away many years ago.

Mrs. Shields came to Farwell in 1932 to make her home with a nephew, E. C. Brown, and in 1946 moved to Muleshoe to be with her great-niece, Mrs. Jones. She suffered a broken leg in a fall last year and had never recovered her health.

Pentecostal Church To Conduct Revival

Evangelist Mark Baughman, of Amarillo, will begin a revival at the United Pentecostal Church in Texico on Sunday, May 6th.

Rev. C. A. Hatcher, pastor, announced that some of the evangelist's topics would include "Mystery of Babylon", "The Trial Of Death", "The Plan of Salvation", and "The Horses."

Services will begin each night at 8 o'clock and the public is cordially invited to attend.

Crawley Adding More Equipment At Store

Perry Crawley, of Crawley's Bakery and Grocery, announced today that he was installing some new and modern equipment at his place of business in Texico.

Included is a new refrigerated vegetable display case, and a display box for frozen foods. The equipment is due to be installed the latter part of this week.

The voters of Farwell will cast a total of three ballots when they make their way to the polls on Saturday, May 6, in two special elections that fall on that day.

On the other hand, the voters in the rest of the Farmer County precincts will have to mark only one voting sheet.

In Farwell, the voters will decide the fate of the incorporation issue, select the first city officials, and make their choice of a new congressman to succeed Gene Worley, resigned, as the representative from the 18th Congressional district of Texas.

Voters within the proposed limits of the incorporation will cast their ballots in the county court room, then journey to the county agent's office to deposit their ballots in the congressional race. All other voters living outside the proposed Farwell corporate limits will vote in the agent's office on the ground floor of the county courthouse.

Two ballots have been provided for the voting on the incorporation issue. One will be "for" or "against" incorporating the city; the other will determine who will serve as members of the initial city commission.

Three names appear on the ballots for the commissioners, with C. M. Henderson being listed as the candidate for mayor; R. W. Anderson and Melvin Snider as candidates for commissioner. Blank spaces have also been provided on the sheets in order that the voter may exercise his privilege of making a write-in ballot.

A total of eleven candidates appear on the congressional ballots, in the following order: Blake Timmons, Altavene Clark, Hulett J. Bice, Talma L. Smith, Ronald Davis, Walter Rogers, Bill Pickel, Ben Guill, LeRoy "Pete" LaMaster, E. T. Burk and Woodrow Montgomery.

The man (or woman) emerging with the largest number of votes over the district will be declared the winner, as there is no provision made for a run-off.

However, the winner in this first heat for the congressional post still has three more races left to run before being declared a full-term congressman. The winner must make the race for the nomination in the July primary and then go into the run-off primary with the second high candidate. Furthermore, the top man in the second primary still has to face the voters at the general election in November.

County officials said here today that the election booths in Farmer County would be at the usual polling places, except in the Rhea precinct. Voters in that precinct will cast their ballots at the Lutheran Church, it was announced. The polls will be open at 8 a. m. and close at 7 p. m.

Former Pastor Dies In California Home

Rev. H. B. Strickland, pastor of the Texico-Farwell Baptist Church some 25 years ago, passed away at his home in Burbank, California, on April 24th, it has been reported here. Interment was made at Lockney, Texas, on April 26th.

Mrs. Strickland advises that the minister suffered a heart attack and lived for only three hours after he was stricken. Rev. Strickland had retired from the ministry some five years ago. His first wife died in January, 1949, and he was married to Mrs. Bertha Cranfill, who survives, on February 25, 1950.

Surviving children are Mrs. B. F. Block, Hereford; Mrs. Robert Morton, Kress, Texas; and Hassler Strickland. Five grandchildren also survive.

Groves of the largest and most prolific magnolia trees in the world are near Huntsville, Texas.

BIG MOVING JOB—Faith may remove mountains, but it remained for Homer Bennett, Clovis contractor, to demonstrate moving two large grain elevators from Clovis to Farwell, a distance of ten miles or more. Here we see one of the elevators, 76 feet in height, mounted on trucks and ready to "take off" across the country to its new location.

FROM THE HOPPER

By HOP

Farwell voters will get their money's worth when they appear at the polls on Saturday. They will cast three ballots. One for a new representative in Congress; one for or against incorporating the City of Farwell; and one for the city's first officials. Voters are reminded that they do not have to vote for any of the city officials as they are listed on the ballot they may scratch all three names and write in their own choices. Furthermore, they may scratch the names in the order they are listed on the ballot and change them around to suit their own opinions for the three offices.

The idea behind the incorporation move is to get the city in position to vote bonds for the installation of a sewer system. From where we sit, it appears as though the incorporation will be adopted. So far we have heard only one man express himself as opposed to the idea, and he admitted in the same breath that he did not have a poll tax receipt.

From present indications, it appears certain that the voters in the southern end of the district will name our next congressman in Saturday's voting and Farmer stands a good chance of holding the balance of power at the ballot box. With eleven candidates in the field, the voting is going to be badly split over the district as the favorite sons roll up a good count in their home counties. With no favorite sons in the race from the southern part of the district, it is almost a foregone conclusion that the southern section will name the new congressman.

From experience, we have found that it is a pretty good policy to cut your vacation trip at least a day short in order to rest up and be ready to get back on the job on schedule.

Big Moving Job Now Nearing Completion

Movement of two large grain elevators from Clovis to Farwell was nearing completion this week, with the two structures looming up in the distance north of this city.

Homer Bennett, Clovis contractor has the contract for moving the buildings, and he said early this week that he expected to set them down on the C. M. Henderson property in the northeast part of town before the end of this week. The task was begun last Friday.

After leaving their former location at the Farmers Co-op in Clovis, the huge buildings moved down the Clovis-Texico four-lane highway for a short distance and then turned north to follow a section line one mile north of the highway, coming into Farwell from the north. The biggest obstacle along the route will be crossing the double-track main lines of the Santa Fe railroad north of town, which point they were approaching on Tuesday afternoon.

Republican Meets With Favor Here

Ben Guill, the only Republican candidate in the race for Congress in the special election on May 6, spent last Friday meeting with the voters of Farmer County, visiting Bovina, Farwell and Friona on his county tour.

On Friday afternoon he made an informal talk at the office of Triplett & Pringle in Bovina, to a group of interested farmers and business men from over the county, and apparently impressed the gathering very favorably.

Guill said he was unalterably opposed to the Brannon plan, Socialism and high taxes, and would use his efforts to defeat these issues if elected to Congress.

Later in the afternoon, he visited in Farwell and Friona before returning to his home in Amarillo, after stopping off briefly in Hereford.

Dr. McNeff Is Prexy Of State Chapter

Dr. Mary Leone McNeff, local osteopath, was elected president of the Texas chapter of the Osteopathic Women's National Association at the recent state convention, it has been announced here.

Osteopaths from over Texas held their regular convention at the Texas Hotel in Fort Worth last week, and during the meeting the state chapter of OWNA also held a session.

The OWNA, organized in 1918, is dedicated to working with federated women's clubs in worthwhile projects, particularly along health lines, over the nation, Dr. McNeff reported.

Dr. McNeff will attend the national OWNA convention in Chicago in July, at which time the national president of the association will be elected.

Gov. Allan Shivers To Speak in Tulia

Gov. Allan Shivers will address a banquet honoring soil conservation officials from 55 counties in Region 1 of the state SCS program in Tulia, on May 19th.

Tickets for the banquet went on sale May 1 at Bagley-Goodman Motor Company in Tulia and at the Tulia Chamber of Commerce office, at \$2 each. They will remain on sale through May 6. More than 500 people are expected and reservations being made indicate that the ticket supply will be exhausted rapidly.

Gov. Thomas J. Mabry of New Mexico has indicated that he will be in Tulia to meet Governor Shivers and to appear at the dinner which will be held in the new high school gymnasium.

Sid Payne, Tulia, chairman of Soil Conservation Region 1 and past president of the state organization, said the banquet is to recognize the vital role of soil conservation in the current and potential economy of this country.

Music will be provided by the 70-piece band from West Texas State, directed by M. J. Newman. Owen Eubanks of Bovina, and Betty McLellan, of Friona, are members of the band.

Spring Check Up And Repairs In Order

COLLEGE STATION—High on the list of things to be done around the farmstead during the spring season should be the annual spring check up for the home and other farm buildings. Now is a good time, says W. S. Allen, extension agricultural engineer—buildings of A. & M., to inspect and make needed repairs before they become big expense items.

Foundations should be checked for masonry cracks and also for crumbling mortar and cracks where masonry steps and porches join the foundation. Fill the small cracks with asphaltic cement and chip out the larger ones to a width of half-inch or more and fill with cement mortar. On masonry or stucco walls, look

for blisters and loose pieces of stucco. Check for cracks in brick or stone walls and for warped, split or loose siding or shingles in wooden walls. Repair masonry as was recommended for foundations; remove loose mortar from between bricks or stone and replace with cement mortar. Badly warped boards and damaged should be replaced, but re-nailing should be sufficient in lots of cases, points out Allen.

Clap board joints should be sealed with paint to keep moisture from entering and if the house needs a new coat of paint, spring or early summer is a mighty good time to do the job.

Wooden cornices, window frames and trim should be checked for leaks and for loose nails, cracks, rot or warping, he says. When re-nailing, set and putty each nail. Rotting wood should be replaced and all cracks filled with putty or caulking compound.

Don't forget the roof and gutters, he adds. Shingles should be checked for looseness, course by course, for misplaced shingles of any kind cause leaks. Renail split or badly warped wood shingles. They should lay perfectly flat. Seal doubtful joints in a composition or asbestos roof with

pitch or caulking compound and reset any shingles out of position; and tighten saddle boards on the ridge. All metal flashing on dormers and chimneys should be checked for looseness, erosion, dust, and lack of paint.

All broken joints on gutters and downspouts should be resoldered and the inside of the gutters repainted with metallic paint. Loose nails and straps holding the gutters and downspouts should be replaced.

By following these maintenance rules, Allen says, you should enjoy more comfortable living and lower maintenance costs on the home and other farm buildings.

There's more in eggs and chicken than meets the palate. They furnish complete protein, minerals and vitamins to help maintain top efficiency.

Why HUDSON'S recessed floor means Most Room! Best Ride! Safest!

Hudson's "step-down" design brings benefits in room, riding qualities and safety not obtainable in any other car at any price!

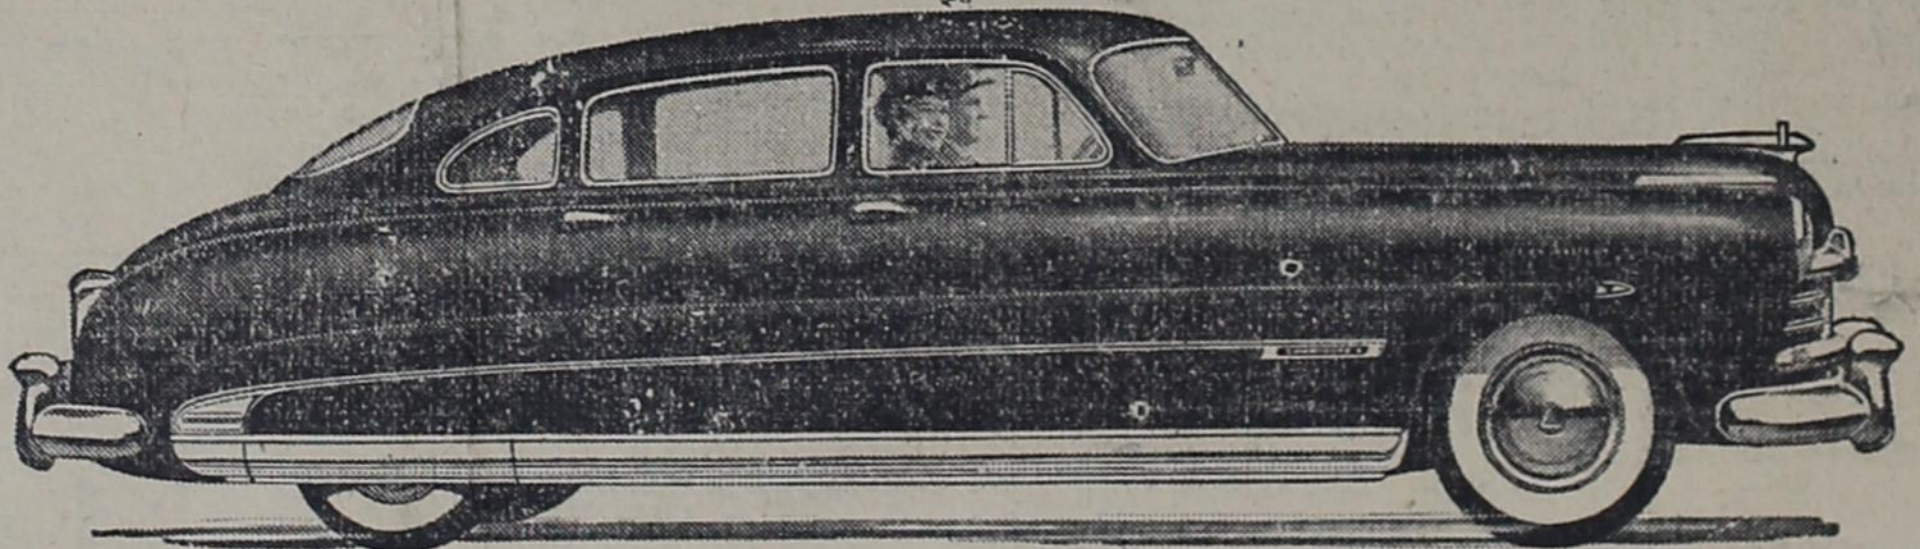

HUDSON
 "Step-down" design, with its recessed floor, uses space between frame members that other cars waste. The result is America's lowest center of gravity (and full road clearance), while providing more head room and seating room than any other car.

OTHER CARS
 All other cars have floor on top of frame, so they fail to utilize the vital space between frame members. Result is a higher center of gravity and either a high roof line or insufficient head room. Seats are narrower, passenger space is less.

WHEN you try Hudson's "New Step-Down Ride," we believe you will find it a delightfully new experience. For Hudson is the only motor car with a recessed floor ("step-down" design). This results in the lowest-built car of them all, with true streamlining and magnificent beauty.

It provides full road clearance and the most room in any automobile at any price! It creates America's lowest center of gravity, which brings you the best and safest ride ever known. Won't you accept your Hudson dealer's invitation—enjoy "The New Step-Down Ride" soon?

The new, lower-priced Pacemaker brings you all of Hudson's exclusive advantages for just a few dollars more than the lowest-priced cars!

Nursing Program Is Enlarged at Baylor

WACO—Education for nursing is given greater academic strength in an enlarged program recently adopted by the Baylor University Board of Trustees.

Transfer of the School of Nursing from Dallas, where it was established with the College of Medicine in 1903, to the main Baylor campus at Waco is a major part of the enlargement program. Provision also is made for the student to receive a degree of Bachelor of Science in Nursing on the successful completion of four years work.

President W. R. White announced that Dean Zora A. Fielder of the

School of Nursing will move to the Waco campus May 1 to set up the new program here. First classes will start with the beginning of a long term of school in September.

Under the new plan, students in nursing will begin their training with 12 months of classwork in the Baylor College of Arts and Sciences here, taking basic courses in English, science and the social sciences. Their second and third years of work will be hospital training on an extension basis from the Waco unit, the training to be in Baylor Hospital at Dallas or some specialized hospital in keeping with the student's favored field. The student will return to Waco for the fourth year of study.

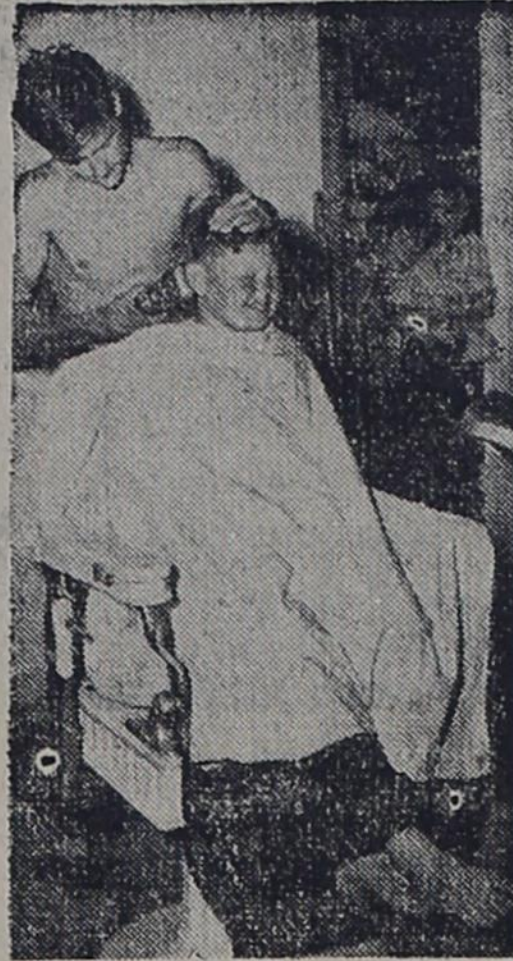

The nurse will earn a diploma in nursing, entitling her to the state board examinations and the Registered Nurse recognition, at the end of her hospital work. She will receive

the Bachelor of Science in Nursing degree at the completion of her fourth year.

Dr. W. T. Gooch, vice president who has been largely responsible for making plans for the enlarged program, pointed out that the girl entering nurses training will get a college degree with a minimum of expense. She will of course pay her first year expense as a student in the College of Arts and Sciences, but will earn her own way while in hospital training. As a professional nurse after the third year of the course, she can work while completing the final year of study.

PER ACRE YIELDS HIGH

The per acre corn yields for Texas in 1949 were the highest since 1919 and were 6.5 bushels per acre higher than the average for the past 10 years.

Charles Yancey, 12, of Mineral Wells, hesitatingly submits to a haircut given by Charlie Purviance, 17, of Wichita, Kansas. Both boys are hands at Boys' Ranch, Amarillo.

During the first growing season, the pecan tree needs plenty of moisture.

How Much Do You Eat? Body Weight Important

COLLEGE STATION—The most frequently mentioned malnutrition problem among adults in the United States is overweight. In simple everyday language, Lucille Shultz, associate extension foods and nutrition specialist of A. & M., says many adults just eat too much.

How much fuel foods a body needs depends on its size and activity. If the body weight stays about right for height and build, it's a good indication that calories in the diet are in balance with body needs. Overweight indicates that too much fuel food is being eaten and the body is storing it as fat.

Miss Shultz says it is safer to be plump than skinny up to 35 but after

35 excess fat becomes a greater health liability than extreme thinness. Ailments such as high blood pressure and heart and kidney troubles are more common among the overweights, but those who are too thin tend to tire more easily and become easy prey to infections.

For those under 20 years of age and overweight, she suggests that reduction be done only a physician's supervision. Young mothers and those with heart or organic troubles should also observe this safety rule.

To those over 35, she offers this advice. Don't lose weight too rapidly—a pound or so per week is plenty. Cut the calories but eat three essentials for good health; eat three meals per day but no between-meal snacks and avoid high caloric foods, eat sparingly of bread or cereal.

Frozen Turkeys Are Issued To Schools

Some 800 pounds of frozen turkeys from the national surplus fund were issued in Amarillo, Monday, to the Friona, Bovina and Farwell school lunch rooms, Supt. Jack Williams reported today.

Supt. Williams, accompanied by Supt. Dalton Caffey of Friona, made the trip to Amarillo to pick up the birds. The Friona school received around 365 pounds, while Bovina and Farwell were each assigned some 250 pounds each. The turkeys will serve "about two meals" at the school cafeteria, the superintendent added.

Some Luck Reported By Local Fishermen

All fishermen who journeyed to Conchas, Buffalo and Alamogordo Lakes the past weekend had luck . . . some good, some otherwise.

The largest delegation from here settled on Conchas Lake, northwest of Tucumcari, most of them bringing in success stories, even to the extent of stretching their limits. Due to high winds and cold weather, however, some were not quite so successful.

By far, the larger part of the catch consisted of crappie, which were unusually large and were hauled in in goodly numbers. Some bass were caught, and a few channel catfish were taken.

PASSING OUT CIGARS

Billie Joe Foster was passing out cigars the first of the week in honor of a new son born to the Fosters on April 26, in a Clovis hospital. The young man has been named Billie Daniel, and weighed 8 pounds and 6 ounces at birth.

Spanish Theme Is Predominant As Farwell Juniors And Seniors Have Class Banquet

Spanish seniors and senioritas gathered in the Justice-Williams American Legion Hall the past Friday evening, April 28th, as the Farwell juniors honored the seniors and special guests in the annual spring banquet. A "South of the Border" theme was carried out in both the program and decorations, and the thirteen girls and four boys of the sophomore class who did the serving wore typical costumes.

Programs were in the form of a Spanish castle, with the place cards being tiny Mexican sombreros. Table centerpieces were colorful bouquets of carnations. The banquet was prepared by mothers of the students, and Mrs. John Lovelace, of the homemaking department, assisted in decoration plans.

George Case, president of the Clovis Toastmaster's Club, was the special guest speaker of the evening, and took as his topic "Por Donde Se Va", casually interpreted as "Which Is The Way?". John Christian, of the junior class, presided as toastmaster, the invocation was given by Louis Purvis, and the greeting was extended by Jerry Pool.

Bobbie Ann Christian spoke briefly on "Our Boys and Girls"; Spanish numbers were given as piano solos by Mrs. Shelby Jobs, after which Jo Ann Allison offered "Adios". The "Hot Tamales" (Bobbie Dollar, Bobby Poteet, Cary Joe Magness and Ray Magness), sang with Mrs. Jobs at the piano; Janie Graham read the senior will, and Supt. Jack Williams offered best wishes to the graduates. The entire group joined in the school song; Billie Christian, of the seniors, said "Gracias" for the social; Principal W. M. Roberts spoke briefly, and "Auld Lang Syne" closed the program.

Seniors present included Jo Ann Allison, Ione Billingsley, Billie Christian, June Christian, Wilma Doshier, Valerie Dial, Bobbie Dollar, Janie Graham, Raymond Jesko, Melborn Jones, Leon London, Cary Joe Magness, Calvin Meissner, Troy McKillip, Alta Norton, Hazel Petree, Bobby Poteet, Hettie Randol, Pauline Sheets, Melvin Terry and Jimmie Williams; the juniors were Mary Belle Aldridge, Robert Armstrong, Sandra Bateman, Naomi Branscum, John Christian, Bobbie Christian, Wynema Cochran, Bill Don Crume, Frances Daude, Troy Daniel, Harold Doshier, Betty Foster, Bob Gerles, Gerald Curtis, Caryetta, Grissom, Buster Ham, Irene Hardage, Pete Hughes, Oris Jones, Dot Kent, Jeanean Lunsford, Gerald Norton, Jerry Pool, Glenn Smith, Ann Storrs and Roy Threet.

Special guests were the junior and senior room parents, Mr. and Mrs. Lee Jones, Mr. and Mrs. Everette Christian, Mr. and Mrs. Otis Branscum and Mr. and Mrs. John Aldridge; faculty members and their spouses, Mr. and Mrs. Jack Williams, Mr. and Mrs. W. M. Roberts, Mr. and Mrs. Louis Purvis, Mr. and Mrs. Shelby Jobs, Mr. and Mrs. Earl Booth, Mr. and Mrs. Jack Caves, Mr. and Mrs. Robert Morton, Mr. and Mrs. John Lovelace, Mrs. Otis Prescott, and Mrs. George Case of Clovis.

Son Is Born

Announcement has been received here of the arrival of a second son, John Paul, to Mr. and Mrs. W. A. Kessie, Jr., of Canadian. Born Saturday, April 29th, he weighed 6 pounds and 11 ounces at birth. Mrs. Kessie, nee Lovilla Clay, formerly was employed in Farwell and is well known locally.

Mr. and Mrs. Jerry Spurlin spent Sunday with their son and family, Rev. J. J. Spurlin, at Rosedale.

Mrs. Bobby Winegeart Is Shower Honoree

Mrs. Bobby Joe Winegeart, nee Betty Lewis, was honored with a post-nuptial shower the past Thursday afternoon, when Mrs. Louis Caillouet, Mrs. Dot Richardson and Mrs. Harry Baker were hostesses in the home of Mrs. Caillouet.

Decorations carried out colors of pink, blue and white. The table was laid with a lovely lace cloth and centered with a miniature May pole and dancing figurines. A large May pole was also erected, under which gifts were placed for the honoree.

Refreshments of cup cakes, ice cream, mints and coffee were served to Mesdames R. C. Vinyard, J. F. Selman, F. O. Burk, M. S. Dillehay, Paul Clark, Elmer Hendrix, all of Clovis; Mrs. P. N. Lawton and Mrs. Pat Sissel and son, all of Friona;

Guild Conference At Clovis, May 6 and 7

Wesleyan Guild chapters from over New Mexico will assemble in Clovis on Saturday and Sunday, May 6-7, for the annual state-wide conference.

Registration will be held at the First Methodist Church at 5 o'clock Saturday afternoon, followed by the conference opening at 6 o'clock.

A "sharing period" has been slated for 6:45, and at 8 o'clock the conference dinner will be served at the church.

Mrs. Mary Lou Cason, of the local Guild, announced Tuesday that reservations for the dinner must be turned in to her before noon Friday, in order that they may be forwarded to Clovis. The plates are \$1.50.

Concluding the conference will be the Guild Clinic, arranged for 8 a. m. on Sunday.

Special speaker at the conference will be Mary Kesler, missionary of long experience in China, who is now a student at Eastern New Mexico University in Portales.

Members attending the conference are particularly asked to bring all the old Christmas cards they have on hand, Mrs. Cason added.

Visit In Morton

Mr. and Mrs. W. A. Doshier, of Tipton, Oklahoma, and Miss Hazel Dishman of Farwell, were weekend guests in the home of Rev. and Mrs. J. V. Pace and family, in Morton, Texas. The Doshers are former residents of the Oklahoma Lane community.

Mothers Will Be Special Guests, ENMU, 13-14

Mothers of residents of Men's Hall at Eastern New Mexico University will have the opportunity to experience dorm life first hand May 13-14. Men residing in the dorm are inviting their mothers to visit the campus in observance of Mother's Day.

A reception is planned for Saturday afternoon, May 13, at 2 in the dormitory lounge with President Floyd D. Golden, Dr. Martin L. Cole, University dean, Dr. Jack W. Mears, dean of personnel, Miss Irma Pool, counselor of student affairs; Mrs. C. M. Stookey, dorm director, and Melvin Price, Borger, president of the dorm, in the receiving line.

Mrs. J. S. Golden, mother of President Golden, and Mrs. O. G. Price, mother of the dorm president, have been invited to preside at the refreshment table.

Following the reception, the mothers will be taken on a tour of the campus, followed with dinner in the University cafeteria and open house in the lounge, Saturday evening.

Saturday night the mothers will occupy their son's rooms in the dormitory while the boys "double up" or move to other accommodations on the campus.

For church services Sunday morning, the students will escort their mothers to the church of their choice and luncheon will be in the University cafeteria.

Residents of the dorm whose homes are too far from Portales for their mothers to attend will have "adopted" mothers from the vicinity of the University.

Friona Girl Is Named Grand Outer Observer

Miss Murna Welch, daughter of Mrs. F. N. Welch of Friona, has been named Grand Outer Observer for the State of Texas Rainbow organization, it has been announced here.

A graduate of the Friona high school, Miss Welch is now attending Abilene Christian College. A charter member of Bovina Assembly, organized in 1946, she served several stations before being installed as Worthy Advisor, Oct. 5, 1948, and was recommended for her Grand Appointment. Since becoming Outer Observer, she has made a number of official visits to assemblies in Texas, Oklahoma and New Mexico.

In her last year in high school, Miss Welch was vice president of the Chieftain band, a member of the A Capella choir and FHA, and also business manager of the Arrow Staff school paper. She was secretary of the senior class, and in the town beauty contest was crowned "Miss Friona of 1949".

At Abilene, where she is attending school, Miss Welch is a member of the Panhandle Club, Ellen H. Richards Club, and Wildcat band.

Peggy Jo Donahey Is "Wolverine Beauty"

Miss Peggy Jo Donahey was revealed as the "Wolverine Beauty" this week, when the 1949-50 school annuals were distributed in Texico.

A senior, Peggy Jo transferred to the Texico school from Pleasant Hill this year, was active in many extra-curricular events, including sports.

She was named to the position over five other candidates, selected by various organizations in the school. The nominees included her twin sister, Betty Lu Donahey; Billie Roberts, Margie Reid, Patsy Engram and Lona Mae Jones.

One full page of the new year-book is devoted to a picture of Miss Donahey, with pictures of the other candidates on the opposite page.

Texico Classes And Guests Gather Wednesday To Enjoy Banquet, In ENMU Student Building

In a beautiful Hawaiian setting arranged in the new Student Union building of Eastern New Mexico University in Portales, juniors and seniors of the Texico school and their special guests assembled last Wednesday evening for the annual spring banquet of the classes.

Clever nut cups of paper canoes, citrus fruit and spring flower centerpieces, fruit candleholders, flower place cards and programs with palm tree covers carried out the island theme, and special favors were the leis presented to each guest.

Junior class president Jimmie Horton served as toastmaster, first presenting Supt. Agrie Jones, who delivered the invocation. Dee J. Brown gave the toast to the seniors, Lona Mae Jones responded by toasting the juniors, and a toast to the entire school was offered by Carmer Roth.

"Blue Hawaii" and "Sweet Leilani" were sung by the girls' chorus of the school, under the direction of Mrs. John Armour, and a clever reading, "John Doe, American Citizen", was given by Jimmie Horton.

"The Crossroads of the Pacific" was the theme of the principal address of the evening, given by R. B. McAlister, of station KICA, Clovis after which Supt. Jones indulged in "Reminiscences" and the girls' choral group closed the program by singing "Aloha".

Attendants included John White, James Harding, Paul Clark, Douglas Williams, Mark Leavell, Raymond Troy Morgan, David Houghtling, Frankie Harris, Coeta Roth, Joyce Holland, Betty Lu Donahey, Patsy Engram, Vera and Leroy Wilkinson, Lona Mae Jones, Jim Billington, Dee J. Bovina Happenings

BY MARIE VENABLE

Mr. and Mrs. Tom Griffith returned the past weekend from a two-week fishing trip to Hot Springs.

Mrs. Mutt Crook, who underwent major surgery several days ago, was able to return to her home here on Tuesday and is reported to be doing fine at this time.

Bob Williford, who is confined to his home and is bedfast the majority of the time, is showing no improvement.

Mrs. J. O. Richards, who has been ill for the past year, was taken to the Friona hospital, Wednesday, to receive medical care.

Mrs. Fred Langer and daughter and Mrs. Howard Looney and daughters were Clovis business visitors on Monday.

Mr. Sizemore is now janitor at the Bovina school, succeeding Bob Williford, who is confined to his home by illness.

The Bovina fire department made two runs this week, answering a call to a grass fire west of the highway park on Tuesday and to Bob Pringle's, also on Tuesday.

Roy Hawkins, of Clovis, was a business visitor in Bovina, Wednesday.

Rickey, small son of Mr. and Mrs. Pat Kunselman, was in the Clovis Memorial Hospital a couple of days last week, receiving treatment in his ears and throat. He is improved and has been returned home.

Mrs. Giles Williams received treatment for influenza at a Clovis hospital last week, but has now been returned to her home.

Miss Sarah Marie Venable made a business trip to Clovis, Wednesday.

Tommie Bonds returned Tuesday from a two-week visit with relatives in Georgia. Joe Moore worked in his place at the Bonds' Service Station during his absence.

Mr. and Mrs. Steve Calhoun returned Tuesday from a visit in East Texas with Mrs. Calhoun's brother, who is ill.

Mr. and Mrs. Scotty Levins returned last Wednesday from a trip to Ruidoso, N. M.

Mrs. John Wilson made a business trip to Clovis, Tuesday.

Mr. and Mrs. Joe Head, of Rose-dale, visited in the home of Mr. and Mrs. Hubert-Ellison, Sunday.

Congratulations to Mr. and Mrs. Howard Ellison on the birth of a son the past week.

Mr. and Mrs. Osborn Loflin and family visited in Jal, N. M., the past weekend.

The American Legion and Auxiliary met Monday night in regular session with several business matters being disposed of at this time.

The senior play was a great success and the class extends its appreciation to the public for the generous patronage.

Betty Venable is on the sick list this week.

BOX SUPPER HELD ON SATURDAY NIGHT

The American Legion and Auxiliary box supper, held last Saturday night, was very successful, and the sponsors take this means of expressing their appreciation for the public interest.

Howard Ford received the white-face heifer calf, and stated that the first heifer born to his calf would be donated to the Bovina American Legion.

Approximately \$320 was realized from the affair.

CARS COLLIDE

Cars driven by Mrs. Charlie Calaway and Mrs. Ray Davies, one going north and the other headed east, collided at the corner by the Ezra Englant skating rink on Monday morning. Both drivers were rushed to the Friona hospital for medical attention and are reported not seriously injured. The cars were badly damaged.

PIANO STUDENTS HAVE RECITAL ON TUESDAY

Piano students of Mrs. R. E. Everette presented a recital last Tuesday evening, April 25th, at the Bovina Baptist Church. Rev. E. J. Speegle, pastor, gave the invocation.

Appearing at the piano were Joy Redden, Gail McFarland, Sandra Rhinehart, Neta Beth Estes, Verna Marie Estes, Kay Lekae, Kay Coll-

ins, Margie Leake, Donna Smith, and Don Alverson. Vocal numbers and a steel guitar selection were also included on the program.

BABY SHOW SUNDAY

Local residents are reminded of the Baby Show, to be sponsored by the Half-Century Club, at the Legion Hall on Sunday, May 7th, beginning at 3:30.

Doctors, Nurses Are Needed For New VA Hospital

Doctors and nurses are urgently needed by the new Veterans Administration Hospital at Big Spring.

The hospital is due for activation July 1st, but it will not be able to "open for business" until an adequate staff has been secured.

Doctors, with salaries ranging from \$5,000 to \$10,000 annually, and nurses with salaries ranging from \$3,400 to \$5,400 per year are the key medical personnel being sought.

There is also a need for clerk-stenographers with salaries of \$2,650 annually.

Dr. L. B. Andrew, manager, states that he is very anxious to secure 15 doctors and 52 nurses.

Doctors needed fall into the following categories; admitting physician; ward physicians; Chief, medical services; orthopedic surgeons; eye, ear, nose and throat surgeon; otolaryngologist; general surgeons; Chief, neuropsychiatric service; Chief, laboratory service; Chief, radiological service; and Chief, physical medicine and rehabilitation service.

Nurses needed are of two classifications: nurse supervisors and staff nurses.

Nurses will enjoy established VA benefits of annual leave, sick leave and 40-hour work week. Housing ac-

commodations will be provided on the station for some of the above personnel.

Interested parties are urged to contact Dr. Andrew at the Veterans Administration Hospital, Big Spring, Texas.

Spring Hints To The Flower Gardeners

COLLEGE STATION—It is the tricks of the trade that often make the big differences in the flower garden. The plants that grow-off best are usually the heaviest producers of beautiful flowers, says Sadie Hatfield, landscape gardening specialist or Texas A. & M., and there is something most gardeners can do to help the plants along.

Miss Hatfield suggests a special drink, one prepared by mixing commercial fertilizer and water. She calls it a starter solution and says it is very good for giving the newly-set flowers or those just coming up the right kind of start in life.

To make the solution, mix one

pound of 4-12-4 or 5-10-5 fertilizer in five gallons of water. Mix it thoroughly and when the fertilizer has dissolved, it is ready for use. About one good cup full of the solution is sufficient for a single treatment for a plant. A watering at 10-day intervals, during the spring, with the solution will keep plants growing and in a thrifty condition.

Miss Hatfield says the same liquid fertilizer is also good for the rose garden, trees, shrubs, and for the perennials that have been separated and transplanted. Ten pounds of fer-

tilizer mixed in a barrel of water will take care of the needs of most flower gardens for one watering at least.

Use of such a solution has two advantages: it soaks into the ground immediately and becomes available to the plants, and no cultivation is required for the application. She warns gardeners against cultivating too deeply, says it can kill the young feeder roots that are near the surface and in the case of young plants, many are damaged more by the cultivation than from weeds.

Altavene Clark States Platform In Bid For Congressional Seat

1. I favor a sound and properly administered agricultural program to insure favorable economic conditions throughout the nation. I believe without a stable and prosperous agriculture good jobs and good wages would soon vanish and the economic stability of our country would be endangered.

I favor adequate price supports which will afford the farmers and ranchers of our country an honest price for their products in comparison with the price of articles they must buy. This to the farmer is comparable to labor's minimum wage and industry's protective tariff. Price supports must necessarily carry with them responsibility for adjustments in production sufficient to warrant table prices.

I favor research to find new uses and markets for our farm products, with emphasis on surplus commodities.

I favor a sound program built around soil conservation and water use. The fertility of our soil is our greatest natural resource, and conservation of water where it falls is highly important.

Any farm program must be efficiently and sensibly operated, and the cost must be commensurate with the benefits to the nation. As far as possible, it should be administered locally. It must serve the best interest of all the people.

2. I strongly advocate economy in government and the elimination of all needless and wasteful expenses. I advocate a reduction in the number of overlapping bureaus and agencies and unneeded governmental employees. The Hoover Commission's report points the way for making many savings which can and should be effected. Our budget should be balanced through economy and without tax increases.

3. I favor the strengthening of our national defenses so that we can meet the threats to our national security, whether such threats come from within or without. Such sums as are necessary to meet the threat of outside aggression must be spent, but financial aid to those foreign countries that fail or refuse to use such aid to strengthen themselves against the march of Communism must be stopped. Our laws against treason must be strengthened within the framework of our Constitution so that those who seek to destroy our Government and our way of life can be effectively dealt with.

4. I favor restrictions on imports of foreign oil and am opposed to governmental control of the petroleum industry. I am opposed to any other legislation that would restrict and hamper the proper development of our known oil resources and the continued search for new fields. I believe that the oil and minerals in our tidelands belong to the state, and all reasonable steps should be taken to protect our tidelands.

5. I favor and will work for sound proposals for the benefit of this district, such as equalization of freight rates, the development of our national resources, enlargement of our Veteran's hospital, and other worthwhile projects that will aid the industrial and agricultural development of our district. Projects like the proposed Canadian River dam and Red River survey are investments which add to the strength and security of the country.

6. I favor adequate care for the disabled veterans and their widows and orphans. I do not favor the proposed dismemberment of the Veterans Administration.

7. I am opposed to the U. S. government's competing, at the expense of the taxpayers, with private business, and believe the government should not enter any business field

except where and when private industry is unable or has failed to supply at fair and reasonable costs the actual need in such field, and then such entry should be made only on a sound financial basis. I am opposed to socialized medicine or any legislation under which our government becomes socialized and will control and direct our personal lives.

8. I have always been friendly to labor. I favor the principle of settling differences between labor and business through orderly collective bargaining. Since national labor legislation has proved to be necessary, and until improved legislation can be enacted that will effectively protect the laboring man, the business man, and the public against selfish and unscrupulous leaders of either labor or business, I favor retention of our existing labor-management laws. I will carefully and fairly consider any amendments that may be proposed. I consider the welfare of labor, business, and agriculture inseparable in our national economy, and I shall work faithfully for and with each of the three for our country's welfare.

IN-INFANTRY TRAINING

CAMP MCGILL, Takeyama, Japan — Corporal Lee H. Sudderth, Jr., son of Mr. and Mrs. Lee H. Sudderth Sr., Farwell, learned this week, through practical experience, the essential requirements of an infantryman during actual combat.

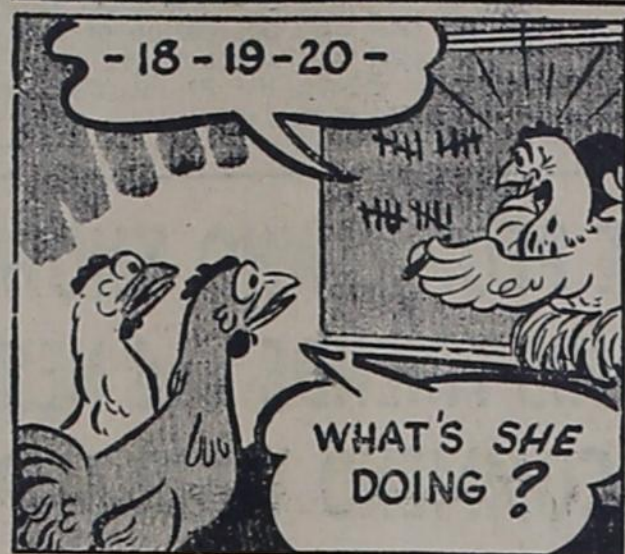

Strenuous training is now the keynote of occupation duties of his unit, Company H, 5th Cavalry Reg., of the 1st Cavalry Division. Weekly exercises include overnight field problems in conjunction with local Air Force units for anticipated air movements to other prefectures of Japan.

The training received during these preliminary exercises is designed to prepare all members of the unit for a full scale air movement, in which the entire 5th Cavalry Regiment will be transported by air to a distant sector of Japan for an overnight bivouac under simulated combat conditions.

Corporal Sudderth arrived in Japan during December of 1947 and is assigned to the Headquarters Platoon of his company.

W. A. Meeks, official inspector from North Clarendon, Vt., made the classification.

WATER-SAVING RULES REVIEWED

A recent article in Reader's Digest, written in connection with the current New York water shortage, declared that repairing leaky faucets alone would save 100 million gallons of water daily in that city.

If a single precaution against waste can save so much water, how much more could be saved by practicing not one but several proven water-saving rules.

A tremendous amount of water—more than is used by New York's eight million residents—is pumped from irrigation wells out here on the

High Plains of Texas. New Yorkers use 1.2 billion gallons a day. Plains farmers use about 10 times that in pumping seasons.

A good irrigation well will pump 1,000 gallons a minute. That's 60,000 gallons an hour and 1,440,000 gallons a day for one well. Multiply that by 12,000 wells on the High Plains and the figure zooms to more than 17 billion gallons a day. Of course, some allowance must be made for the fact that all wells don't pump 1,000 gallons a minute, and all of them don't pump 24 hours daily.

In 1948, 97 per cent of the water pumped from the underground water reservoirs on the High Plains was used for irrigation. About 1.4 million acre-feet were used.

With the privilege of using the wa-

ter goes the responsibility of protecting the supply and conserving it so that it will last as long as possible.

Our underground water supply, where it exists, can be made to last forever, if use is soon enough made of the Texas Underground Water Conservation Law. Enacted in 1949, this law makes it possible for water users to band together in local, independent districts to protect, preserve conserve and re-charge the underground water supply.

So far, no districts have been formed to carry on this work. Until the organization can be effected, water users as individuals can practice conservation by observing these recommendations, made after extensive studies by a group of ground water geologists:

1. Conserve rainfall by proper methods of cultivation.
2. Select crops that produce the greatest returns from a minimum of irrigation water.
3. Locate new wells as far as possible from existing wells to lessen mutual interference.
4. Drill wells through the entire thickness of water-bearing sediments so that all sand strata will contribute to the well.
5. Case the wells with pipe of sufficiently large diameter to permit the pumps to be lowered as the water table declines.
6. Use the power unit adapted for the load to obtain maximum efficiency.
7. Reduce ditch losses by using pipe or an impermeable liner.
8. Apply water at proper times and in proper amounts.
9. Maintain supervision while applying water to prevent waste.

Farmers can cut their fertilizer bill by growing their own nitrogen. Fall or spring seeded legume crops can convert the unlimited free nitrogen in the air to usable plant food. Inoculate the seed and use phosphate for the best results.

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Peter Jacoby, Mrs. Peter Jacoby, Blackwell's Hardware & Furniture Company, a corporation, the unknown stockholders of Blackwell's Hardware and Furniture Company, a corporation, and the unknown heirs, assigns and legal representatives of all the aforesaid defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the

date of the issuance of this citation, same being the 29th day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court on the 22nd day of February A. D. 1950, in this cause, numbered 1504 on the docket of said court and styled John H. Burrow, Plaintiff, vs. Peter Jacoby, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff brings suit in trespass to try title alleging that on January 1, 1950, he was in possession of Lot 12,

Block 47 of the original town of Friona, Parmer County, Texas, claiming same in fee simple and the defendants unlawfully entered upon said lands and disposed of them and withheld possession thereof from him to his damage in the sum of \$10.00.

Plaintiff also pleads the 5 and 10 year statute of limitations, and prays for title and possession of said lands as well as for damages as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 11 day of April A. D. 1950.

Attest:

LOYDE A. BREWER, Clerk, District Court, Parmer County, Texas.

J. E. McDonald Says Guill Has Best Farm Program

From Amarillo Globe-News, April 17.

SHAKE, SON

McDonald And Guill In Huddle

Texas Commissioner of Agriculture J. E. McDonald, who has supported Republican Presidential candidates since 1940 and has consistently won reelection on the Democratic ticket, edged fairly close to the Panhandle congressional campaign here today.

While in Amarillo for a wheat meeting, McDonald conferred with Ben Guill of Pampa, the Republican candidate for Congress.

"I have no intention to try to suggest to the people of this district how they vote for Congress," he said, "but if I were voting here, I would pick out the best man for the place and support him regardless of his party label. I think we ought to do that all over the country."

"Moreover, I'd like to say that after World War I, the soldiers were turned loose and a bunch of swivel-chair politicians wrote the peace and made a mess of it. The same thing happened after World War II. It seems to me a good idea to have the men who the war helped run the government and writing peace policies," he declared.

McDonald visited quite some time in Guill's headquarters in the Herring Hotel. He was photographed with Guill.

The commissioner of agriculture is a plain-spoken man who would "

CONGRATULATIONS . . . J. E. McDonald, Democrat, Commissioner of Agriculture for the State of Texas for twenty years, shakes hands with Ben Guill of Pampa, 40 year old Navy Purple Heart war veteran, who is running for Congress in the May 6 election. McDonald, one of the most respected agricultural experts in the world, said that Ben Guill is the only candidate with a constructive and intelligent farm program.

Ben Guill, the son of a farmer and a resident of the Panhandle for thirty-one years, says: "The farmer has been kicked around and dictated to by the bureaucrats in Washington too long. When I go to Congress I shall bring with me a farm program dictated by the farmers of the Panhandle themselves and I shall fight for that program on the floor of the House."

"WHO GETS THE MONEY?"
When two newlyweds were killed in an automobile crash, the question arose as to who would inherit his estate—his family or hers. Although she had been his wife for only a few hours and lived only a few minutes longer than he, for those few min-

utes she was his sole beneficiary and on her death the entire estate reverted to her parents, not his. Read it in *The American Weekly*, that great magazine distributed with next Sunday's *Los Angeles Examiner*.

**Septic Tank Installing
Outlined For Farm**

COLLEGE STATION—A septic tank and disposal field is usually recommended as the best waste disposal system for the farm home. The septic tank, says W. S. Allen, extension agricultural engineer-buildings of A. & M., is not a mysterious object. It is merely a holding tank for the household wastes where decomposition disposes of these wastes quickly, easily, and in a sanitary manner.

Sanitation authorities agree that a septic tank should be made large enough to hold the maximum amount of sewage discharged into it in any given 24 hour period. The minimum sized tank should hold no less than 500 gallons. Tanks that are too small soon become overloaded with sludge and raw sewage and this will pass into the disposal field and clog up the system.

A grease trap is not considered necessary for the ordinary household if the tank has a capacity of 500 gallons or more. The location of the tank, however, is of primary importance. It is cheaper to build the tank close to the source of sewage because less water-tight line will be needed. It is not, however, a good practice to locate a septic tank too close to a building for this makes cleaning difficult. All septic tanks will need cleaning during their life of usefulness, so locate it where it can be reached easily. The tank, itself, he says, should never be a part of any foundation wall.

The disposal field should consist of two or more tile lines. If a single line is used, there is a greater chance that the field will become water-logged and cause trouble. Unless soil is very porous, it is advisable to provide a porous bed of gravel or crushed stone. Sewage, it must be remembered, is not necessarily rendered harmless in the disposal field; therefore, the field should be located a safe distance away from wells and water supply lines. He says the minimum distance should be 100 feet.

Allen says you can obtain plans for constructing the right kind of a septic tank and disposal field from your local county health unit, the State Health Department or from

your local county agent. They will be happy to advise you on amount of disposal tile needed for the soil type in your area and also on the construction of a system. He concludes with this word of advice: get a good plan, then follow it in constructing your septic tank and laying out your disposal field.

Amateur League Will Open Season May 7

The West Texas-New Mexico Amateur League will open the 1950 baseball season on Sunday, May 7, with four games being played on that date.

The schedule of play for the season is to be made up between now and opening day, and was not ready for release on Tuesday. Eight towns will be represented in the league, seven of them from Texas and one from New Mexico.

Represented in the league will be Texico-Farwell, Bovina, Friona, Lazbuddy (two teams), Mueshoe, Dimmitt and Clovis. A total of 14 games will be played during the season, each scheduled for Sunday afternoon, with the play-off coming the last week in August and the first week in September.

Wilfred Quickel, who will manage the local aggregation, on Tuesday listed his players for the season, adding that more material would be put on the roster later on. Each team is allowed to carry 20 men. The Texico-Farwell team will start the season with the following men:

Pitchers: Raymond White, Don Ford, Leon London, Blackie Smith. Catchers: Carliss Woods, Ronald London.

Second base: Cullen White. Third base: Joe Camp, Don Ford. Shortstop: Leon London, Cullen Woods, Pete Hughes.

Left fielder: Jack Woods. Center fielder: Pete Hughes. Right fielder: Bill Dollar.

Utility outfielder: Bob Dollar, Bob by Hart, Glenn Phillips.

Utility infield and playing manager: Wilfred Quickel. Quickel said that the Junior League team, coached by Alex Bateman, Glenn Phillips and Don Ford, was being organized and would be ready for action before long. The schedule of play with other Junior League teams will be made up after the close of school.

Students Entered In State Activities

Six students of the Farwell school will be entered in activities at Austin this weekend, as the Texas Interscholastic League winds up the year with state-wide events.

Five of the group will be boys, entered in track events. Jerry Pool, who set a new record at the recent regional meet in Lubbock by sprinting 100 yards in 10.3, will attempt to duplicate or improve that feat as the track meet unwinds. Coach Lou is Purvis said on Tuesday that 10.3

took the state honors last year.

Also running will be Bobby Pootee, Donald Ford and John Christian, who with Pool make up the 440-relay squad. The team also took first at the regional meet, held in Lubbock.

Coach Purvis and the boys left for Austin this (Wednesday) morning, and will return on Sunday. Preliminaries are expected on Friday, with the finals run off on Saturday.

Valerie Dial is the sixth school representative at Austin this weekend, to enter the state shorthand contest after placing first in the regional events. Mrs. Otis Prescott will accompany Miss Dial, with the two scheduled to leave on Thursday.

Two Friona students are eligible for state participation in literary events, and it is reported here that they will be on hand in Austin. Vera Ann Jones topped the region in typing, while Edmund Schlabs was second in slide rule.

Clovis Snares Title At District Track

The Clovis Wildcats ousted the Portales Rams as district six track and field champions the past Saturday when teams from over the district converged at the Eastern New Mexico University field, in Portales.

Making a repeat performance of their fine showing at the Curry county meet, the Cats amassed a total of 68½ points during the day as the Melrose Buffaloes thundered into second position with 47.

Third in line were the Rosedale Cowboys, who racked up 37½ points. Portales and the Fort Sumner Foxes each counted up 29½, the Texico Wolverines scored 25 and Field got one point.

Under a bright sun tempered by a slight, crisp breeze, three records fell during the day. Jim Griggs, star Clovis performer, cleared the bar at 11 feet, 5 inches to top the vaulters; Scottie Watkins, also of the Cat division, stepped off the low hurdles in 21.4; and Tommy Cowart, of Fort Sumner cleared the low hurdles at 15.7. Both Cowart and Wayne Tucker, Texico mainstay, finished preliminaries in high hurdles at 15.9, and Cowart clipped two-tenths of a second on his final try.

Griggs, of Clovis, was the high individual of the day, racking up 19½ points. Close on his heels were Tucker and Dale Saxton of Melrose, each scoring 17½.

Texico winners included: 440-yard run—Tucker, first. High hurdles—Tucker, second. Broad jump—Tucker, third. Javelin—Wayne Breeze, third. 220-yard run—Tucker, second. 880-yard run—Jerri Doolittle, second.

Two Parmer Boys On Main Buff String

Two football players from the Farwell-Bovina area are presently in the midst of rugged spring training sessions at West Texas State College.

Toby Booth, Farwell end, and Bob Kelly, Bovina center, are among the more than 55 grid hopefuls working out daily in heavy contact work under the watchful eyes of Coach Frank Kimbrough and his staff.

Each week of drill is climaxed by a game-length scrimmage in which all stops are pulled out and the players batter each other for positions on the starting eleven next fall. The Buffs will field one of their greatest teams when they open against Arizona State in Amarillo Stadium September 16.

Booth, lanky pass-snaring end, held down a starting berth on last year's frosh squad and is showing up well in the spring sessions. With a little more experience against the "bigger boys" Booth should develop into a standout player for the Herd.

Kelly, the big blond 1951 junior, is having a terrific battle with 5 other competitors for the center berth. However, at present, he seems to have the inside track. Others struggling for the post are Bill Pevéhouse, Newcastle; Don Patterson, Olton; Deane Wright, Spur; Douglas Mahan, Quanah; and Austin Bowes, Kress.

Weekly game scrimmages will be held from now until the final spring game is staged under the lights of Buffalo Stadium, May 17.

Texico Boys Leave For Albuquerque

Wayne Tucker, Jerri Doolittle and Wayne Breeze, accompanied by Coach C. B. Stockton and possibly Coach John Armour, will leave here Thursday night for Albuquerque, where they will spend the weekend participating in the 1950 New Mexico track and field meet.

Coach Stockton said on Tuesday that Doolittle would be entered in the 880-yard run, in which he placed second in the district meet. Breeze will take part in the javelin throw, having been third in district; and Tucker will be entered in the 440-yard run (first in district); high hurdles (second in district); broad jump (third in district); and 220-yard dash (second in district).

Preliminaries at the state meet will be held on Friday, the coach added, with the finals to be run off on Saturday. The local party expects to return here Saturday night.

Former Student Now With ENMU Team

Harry M. Baker, former student of the Texico school, is continuing his athletic activities at Eastern New Mexico University in Portales, and recently attended a track and field meet between ENMU and New Mexico Military Institute in Roswell, as a member of the Portales team.

A sophomore at ENMU, Baker was first in javelin throw at the two-way meet last weekend, tossing the spear some 155 feet and 9 inches.

The Greyhounds took the meet, incidentally, scoring 72½ points to the 59½ amassed by the NMMI Brones, and the Hounds are slated to attend the conference meet, soon to be held at Roswell.

MRS. CLARK HERE

Mrs. Altavene Clark, Democratic candidate for Congress, accompanied by Carl Hill of Bushland, was here Monday meeting with the voters. Mrs. Clark has some strong support in Parmer County and will probably muster a good vote in the county.

Farwell Band Will Present Concert

The 52-piece band of the Farwell school is slated to appear in concert on Friday night of this week, May 5, when the spring program will be presented in the school auditorium under the direction of Mrs. Erma Jobs, director of music.

In addition to band numbers, the high school chorus—30 in number—will sing several selections, Mrs. Jobs said today, and special horn arrangements are to be presented.

Dennis Rainey is to play a baritone solo; a woodwind ensemble, composed of Lavoyda Billington, Beverly Lovelace, Betty Foster, Gloria Dial, Peggy Hardage and Kayla Felts, will give a special; Patsy Jenkins, Karolene Townes, Gerald Hardage, Dudley Hughes, Leroy Williams, Vane Doshier and Patsy Berry will be presented in a coronet ensemble; and a trombone ensemble will be made up of Howard Jenkins, Bert Williams, Lavon Jones, Jerry Bradshaw and Pudge Rose.

The concert is to begin at 8 o'clock and due to the fact that the new band uniforms are not completely paid for, admission charges of 25c and 50c will be made at the door, Mrs. Jobs added.

Four-County Singing Slated At Clovis

The Four-County Singing Association (which includes Parmer, Bailey, Roosevelt and Curry counties), will hold its regular session of inspirational gospel singing in the Clovis high school auditorium on Sunday, May 7th.

Officials of the Association report that the singing will get underway at 10:30, Mountain Time, and continue throughout the day.

Several of the famed Stamps Quartettes, as well as other well-known groups, will be on hand for the convention and the public is extended a cordial invitation to attend.

LEASES STATION

Buster Lunsford has leased the Phillips 66 station in Farwell and took possession on Wednesday morning. The station has been operated the past few weeks by Steve Treadwell, who came here from Snyder, Okla.

Lunsford said today that for the next ten days he was giving a free vacuum job with each wash and grease service, as a get-acquainted offer.

PORTALES—Individual winners in playday competition at Eastern New Mexico University, sponsored for girls from New Mexico and West Texas by the Women's Athletic Association, are shown above.

Front row, left to right, Maxine Fryor, Grady, basketball throw; Pat Patterson, Portales, high jump; Pat-

sy Engram, Texico, broad jump and tie for softball throw; Joyce Swafford, Dora, tie for softball throw.

Back row, left to right, Thurlya Bethany, Portales, Esther McDaniel, Texico, Barbara Ann Tinney, Portales and Vita Belle Hahn, Portales, relay team; Jo Ann Watkins, Tucumcari, 50-yard dash.
