

Sewer Bond Vote Comes Up June 2

SPEAKER STRESSES IMPORTANCE OF INDIVIDUAL IN ADDRESS TO SENIORS

Unidentified Object Blasts Fingers Off Friona Man, Tuesday

Clyde Field, around 30, is confined to the Friona hospital today, suffering the loss of his forefinger and part of another on his left hand, as well as multiple contusions and cuts about his hands, arms, face, and chest, following an accident Tuesday.

Speaking to a Tribune reporter on Wednesday morning, Field reported he wasn't sure "what the thing was that blew up", and recounted his story. Employed by C. L. Mercer, some 16 miles southeast of Friona, Field and Mercer were irrigating, had left the pickup and were walking down the road near the field being watered.

Noticing a bright something "about the size of a fountain pen" partially buried in the dirt of the road, Field whacked at it with his shovel, remarking to Mercer, "I wonder what that thing is?" He picked up the object for a closer scrutiny, and finally deciding it was a core from an old dry cell battery, took his pliers out to cut out the top. As he twisted at it, the object exploded in his face.

Mercer rushed the injured man to the Friona hospital, and Dr. Paul L. Spring reported on Tuesday night that although Field was "messed up badly" and in pain, his condition was not critical. Some glass was removed from the left eye, but the eye itself did not suffer serious injury.

The theory is being advanced that the object might have been a detonator lost by a seismograph crew, as such a group has been in that area recently, but Field remarked Wednesday, "I've seen lots of detonators, but never one like that."

June 19th Final Day For Candidates To File For Offices

Prospective candidates for county and precinct offices still have plenty of time to file for office in Texas, but they are reminded that June 19th is the last day on which they may file with the County Democratic Chairman for a place on the ballots in the July primary election.

It has been the sad experience of several candidates in Farmer County during the past few years to awake up to the fact that it was too late to attend to this important duty, with the result that his name could not be legally placed on the ballots. Some candidates, who have been barred from the ballot in the past, had labored under the impression that when he made his public announcement for office that that was sufficient. But such is not the case.

Candidates, under Texas statutes, are required to file their names with the County Democratic Chairman—this happens to be G. D. Anderson in Farmer County—and pay their assessment for conducting the election before their names can be placed on the voting sheets.

School Census Lags In Parmer County

County Judge A. D. Smith, who is ex-officio county superintendent of schools, today called attention to the importance of completing the school census for the current year as soon as possible.

He expressed the belief that the enumerations had been completed in all districts in the county, but the reports had not been filed in his office, and "these reports must be in Austin not later than June 1st," he added.

Speaking further about school matters, Judge Smith called attention to the importance of making applications for the transfer of students from one district to another. "These transfer applications should be filed as early as possible, but they must be in my hands by August 1," he cautioned.

W. H. (Pop) Spurlin has been dismissed from a Clovis hospital, where he was under treatment for several days. He was injured in a fall while on duty at a local service station.

With R. B. McAlister of Radio Station KICA bringing the commencement address, the Farwell seniors rang down the curtain on their high school activities, Tuesday evening.

Selecting as his subject "Sales, Service and Showmanship", McAlister launched immediately into his brief, well-delivered address by observing at the outset, "you can do anything you want to do... but you've got to have a foundation on which to build."

Then he referred to a number of young people of his acquaintance who "had a burning desire to achieve" and realized their ambitions although they were physically handicapped.

"The one important person you must sell is YOU, and you must realize that you are more important than you might think," he said.

Speaking on the subject of service, the radio station operator advised the class "to decide now what you want to do, and build in your heart the utmost desire to accomplish that objective", and then stressed the importance of "operating on a plan".

Turning then to the theme of showmanship, McAlister observed that "wherever you go, you've got to deal with people," and from that statement he pointed out the importance of "being humble, sweet and kind" to those with whom "you come in contact. Be human... be interested in other people... have an interest and love for others... and you will surely develop a love for your God."

The seniors entered the auditorium. (Continued on last page)

Class Program Will Be Given Tonight By Texico Group

Graduates of the Texico High School, class of 1950, will present their own commencement program tonight (Wednesday), when the public is invited to be on hand for exercises in the school auditorium at 8:15, Central time, Mrs. Agrie Jones sponsor of the class, said today.

Theme of the program will be "A Southern Rosary", with two scenes being presented, one of the past and the other looking toward the future.

Four top-ranking students will be honored for their scholastic records during the program, all of them girls Coeta Roth and Lona Mae Jones will be recognized as class valedictorians, and a pair of twins, Peggy and Betty Donahey, are salutatorians for the group.

Supt. Agrie Jones will announce special awards to members of the class, and C. C. Curry, of the school board, will present diplomas to James B. Billington, Gilbert P. Clark, Betty Lu and Peggy Jo Donahey, Patsy Lorene Ingram, James B. Harding, Frankie Lee Harris, Joyce Elaine Holland, David H. Houghtling, Lona Mae Jones, Mark E. Levell, Raymond Troy Morgan, Billie J. Roberts, Coeta Fern Roth, John Connelly White, Vera Lee Wilkinson, and Douglas Williams.

Vacation School To Begin Next Monday At Methodist Church

The annual Vacation Bible School will begin next Monday, May 22, and continue through June 2, officials of the Methodist Church announced today.

Classes for beginners through intermediates will be held daily, beginning at 9 a. m. and dismissing at 11 o'clock, and all children of the community are invited to attend. Refreshments will be served at the conclusion of each class period.

Rev. Murphy Duncan will serve as dean of the school, with the following faculty members assisting: Intermediates—Mrs. Duncan and Mrs. D. O. Rolland.

Beginners—Mrs. L. S. Pool and Mrs. Chas. Lovelace.

Primary—Mrs. Glen Phillips and Miss Sandra Bateman.

Beginners—Mrs. Jim Moss and Mrs. Gene Coffman.

The Texas Forestry Association will provide medals for the most outstanding county 4H forestry demonstrations in 1950.

Outstanding Student

JUNE CHRISTIAN, daughter of Mr. and Mrs. C. C. Christian, is the twenty-second recipient of the "all round student" loving cup, presented annually at commencement exercises of the Farwell school as the surprise award of the year.

Outstanding in athletics and general school activities during her two years in the Farwell school, after coming here from Oklahoma Lane in her junior year, June is the eleventh girl to have her name inscribed on the loving cup, which during its 22 years of service has become slightly worn and tarnished, but is nonetheless the most coveted award in the senior class.

The cup was first awarded to Paul Hicks, in the graduating class of 1928; and in the two succeeding years the Hannas—Earl and Verda—claimed the honor. Mary Lovelace was the all-round student of 1931, Curtis Danner was chosen for 1932 and William Thornton for 1933.

In the class of 1934, Hassler Strickland was the choice, and then began a rule of girls which was not broken for seven years. Grace Haley took the cup in 1935, Nada Lee Martin in 1936, Jimmy Landis in 1937, Nora Lee Dotson in 1938, Bonnie Lee Rushing in 1939, Timy Dycus in 1940, and Jaquetta Strickland in 1941.

The boys moved into the forefront again in 1941, when A. G. Acker was selected, followed by Smokey Gast in 1943, Ronald (Pete) Booth in 1944, Duane Sprawls in 1945 and Donald Ray Summers in 1946.

LaMoin Jones captured the award as 1947 rolled around, followed by Bobby Hart in 1948 and Warlick Thomas in 1949, and this year, June Christian's name will be at the bottom of the list for 1950.

"Thirsty Acres" Film At Bovina Tonight

County Agent Joe W. Jones today called attention to the special film on irrigation "Thirsty Acres", that will be shown at the Bovina school auditorium Wednesday evening, and urged all persons interested in irrigation to be present.

Ed Bush, extension service specialist, will be present to discuss irrigation problems with anyone having difficulties. Bush describes the film "Thirsty Acres", which will consume about 45 minutes, as "the best I have ever seen on irrigation."

Showing of the film is scheduled to get underway at 8:30 and a round-table discussion of irrigation problems will follow, presided over by Bush, who invites farmers to bring their questions to the meeting.

FORMER PASTOR BRINGS INSPIRING MESSAGE TO FARWELL GRADUATES

Using as a text chapter 13 of First Corinthians, Rev. R. L. Butler delivered a baccalaureate address to the twenty-three Farwell seniors Sunday morning in the Farwell auditorium.

"Though I speak with the tongues of men and angels, and have not love," began Rev. Butler's address, "I am become as sounding brass or a tinkling cymbal." The speaker, a former Methodist pastor of Texico-Farwell, and now holding a pastorate in Munday, Texas, told the seniors that love was the supreme good—the noblest object of man's desires.

"We look upon faith as the greatest thing in the world," pointed out the speaker. "We are wrong... Paul (in his letter to the Corinthians) says the greatest thing is love."

The former pastor told the class that they must give the grace of God a chance. Pointing out that whatever

Friday, June 2, has been set as the date on which the qualified voters of the City of Farwell will decide the fate of a \$40,000 bond issue for the installation of a sewer system in the City.

Legal notices, calling election were issued by the City Commission on May 11, and a copy of the notice appears in this issue of The State Line Tribune. The place of holding the election has been designated as the county court room in the county courthouse, and the following officials have been named to preside over the election:

W. M. Roberts, presiding judge; Mrs. L. S. Pool, judge; Mrs. Willie Jardage and Mrs. Ray Ford, clerks.

Voters will cast their ballots for or against the issuance of the \$40,000 bond against the City of Farwell, the maximum date being not more than ten years and bearing interest at the rate of not to exceed 3 1/2% per annum.

Only voters who reside inside the corporate limits of the City, who are legally qualified electors, who own taxable property in the City and who have duly rendered the same for taxation will be qualified to cast ballots.

Thus comes the first legal step taken to install a sewer system in the City, which was the primary object in view when agitation for incorporating the City was launched some months ago. The voters approved the incorporation by an overwhelming vote of 88 to 18 in a special election on May 6 of this year.

Parking Ordinance In Texico Being Ignored

Members of the Texico Town Council said today that the parallel parking ordinance in Texico was being violated rather frequently during the past few weeks, and issued a warning that such violators were due to get a fine slapped on them if the practice did not cease.

Town Marshal J. H. Chism has been instructed to enforce the parking regulation, requiring all cars to be parked parallel along the city's "main drag" and violators will be promptly hauled into court, Council members stated.

Parking signs are to be erected within the next few days, they added.

"The most frequent violators are local people," Mayor O. W. Francis said, pointing out that driving diagonally across the street and parking on the wrong side was a common practice.

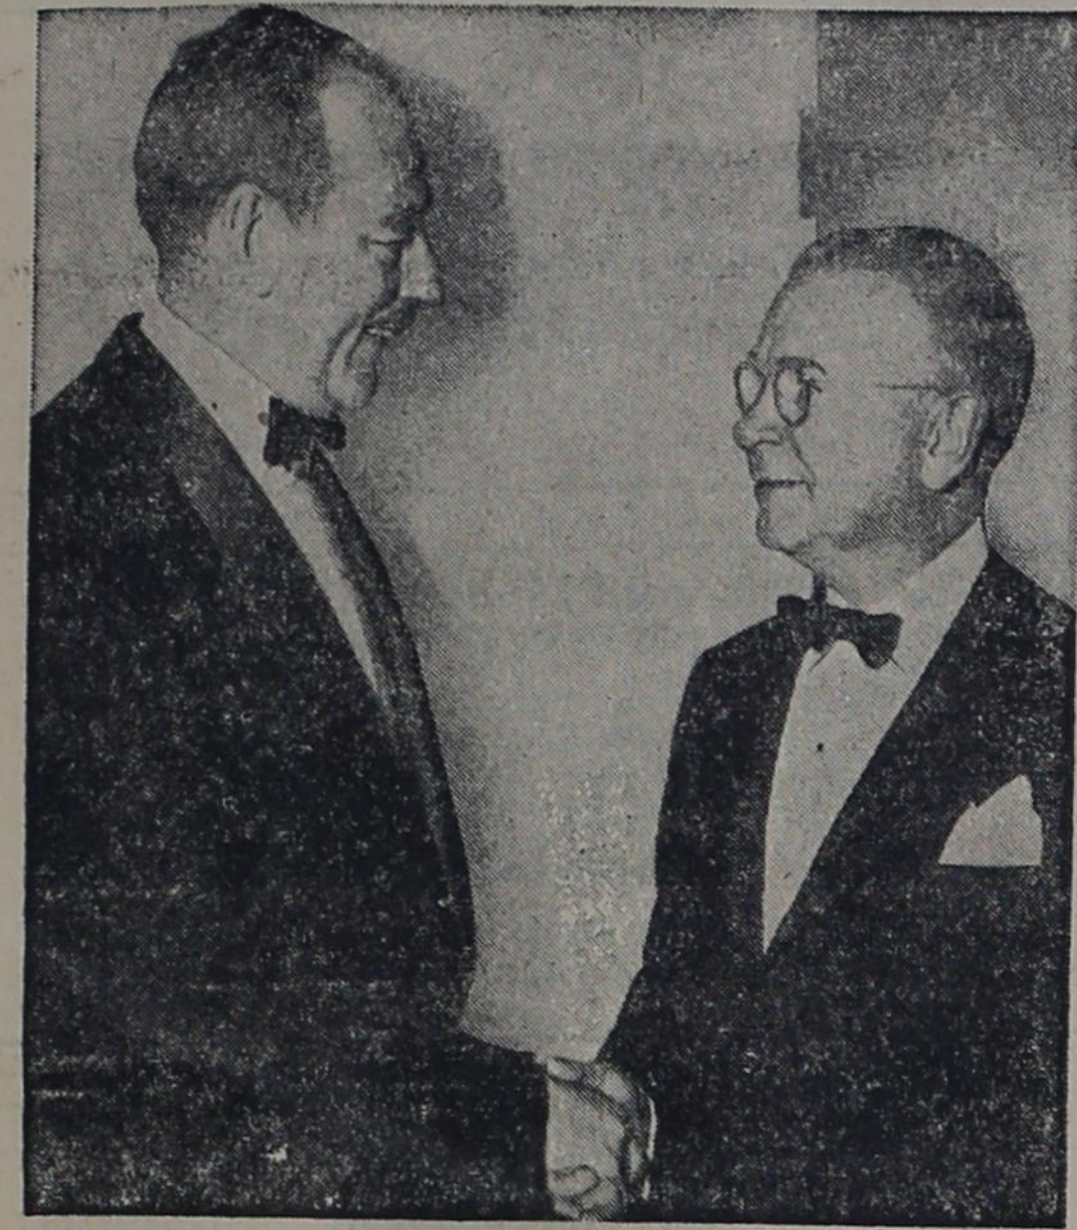

"We intend to be just as lenient as possible," Francis said, "but we also intend to see that our parking regulations are enforced."

Lions Club Selects New Officers Tuesday

New officers for the Texico-Farwell Lions Club were named Tuesday night when Club members voted to accept the nominations submitted by the nominating committee recently.

New officers for the year are: President, Jack Williams; first vice president, F. D. Stout; second vice president, O. C. Sikes; third vice president, O. W. Francis; secretary, Otis Huggins; treasurer, O. O. Holladay; lion tamer, T. Sam Randol; tail twister, Agrie Jones.

Directors for two years: Joe Blair, M. A. Snider.

ACHESON OFFERS PLAN... Secretary of State Dean Acheson is congratulated by Dwight Young, newly elected president of the American Society of Newspaper Editors, after Acheson told the society in Washington that a "real and present threat of aggression" stands in the way of agreement with Russia. Acheson urged a six-point program to combat Moscow's drive to confuse and divide the U. S. He said the idea of aggression prevents any possible agreement.

FROM THE HOPPER

By HOP

Tom Lindop and Claude Primrose were discussing the dry weather last Saturday afternoon and Tom remarked that the weeds were about to take his fields, to which Claude demanded, "How did you get 'em up?"

We discovered some time ago that as a general rule we were about fifty percent right in our observations and revelation last week pretty well confirmed our "bating average". We made the remark to Felix Monroe that the foundation he had set for a building to be moved onto was, in our opinion, too short. "Well, we'll find out when we get the building moved," Felix boasted. When he finally attempted to set the building down on the concrete foundation, he discovered that the foundation was not only two feet too short, but was also two feet too narrow. Which just made up 50 percent right.

C. W. Dixon, Parmer County's outstanding wolf hunter, made the observation last Friday that his wheat harvest cost him less this year than any year since he had been in the county.

Noticed a long feature story in the Dallas News last week where sorrow had opened up a large chicken ranch near that city and was featuring the production of wingle chickens. Said the growth of wingle, less chicks had come after many years of breeding and cross-breeding and that within a few years he would be offering his birds on the market. We only hope that some gink doesn't come along next to produce a bird that his no thighs, liver and gizzards. We are willing to give up the wings, but heaven forbid that these other items are to go the route of the breeding specialists!

Sometimes we wonder if the people of the nation are so economically-minded as they so often pretend, or if they set up howls just for political reasons. No one item has been given more publicity in recent months than that of "more economy" (Continued on last page)

Aged Lady Suffers Stroke, In Coma

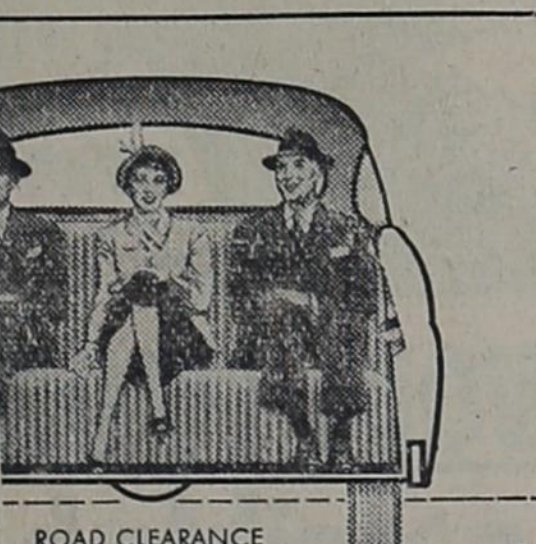

Mrs. J. W. Pullum, 84, mother of O. C. Pullum of the Gulf Service station, is critically ill in the Miller Hospital in Portales, where she was removed Monday following a stroke suffered while visiting in the home of her son.

Family members said the aged lady was in a coma and there is little hope held for her recovery.

Mrs. Pullum, whose home is in Edorado, Okla., came here recently to spend most of the summer in the home of her daughter, Mrs. C. E. Richardson of Portales. She arrived at the home of her son in this city on Sunday, planning to spend a few days. Mrs. Pullum was stricken at 10 a. m. Monday, and has remained in a state of coma since that time. She was taken to the Miller hospital by ambulance shortly after noon Monday.

Cafe Grand Opening Draws Large Crowd

The grand opening of Mary's Cafe, owned and operated by Mrs. Mary Sudderth, drew throngs of people to her new place of business throughout the day last Saturday.

Featuring the opening, the Borden Company of Amarillo conducted a one cent sale of ice cream products during the day, and did a lively business. Mrs. Sudderth served free coffee and doughnuts to all comers.

The new place of business was made more attractive by bouquet of lovely flowers sent in for the occasion by well-wishers, and arranged appropriately about the building.

NO PEACHING SUNDAY

Rev. Murphy Duncan announced today that there would be no preaching services at the Methodist Church on Sunday, while he is in Albuquerque attending Annual Conference. Sunday School and MYF will meet as usual for their services, he added.

Health Note

Texas State Department of Health

AUSTIN—Heart disease is the number one killer in Texas and last year there were 18,003 deaths from diseases of the heart, said Dr. Geo. W. Cox, State Health Officer.

What kind of heart have you? The periodic check-up with your physician will tell you. The Tuberculosis Survey in the state conducted by the Texas State Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one of more attacks of rheumatic fever. It is a public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages, children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease of middle age. There is a great deal that is not known about this disease, but we do know that it is most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Treatment of high blood pressure is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and proper diet, may even live a normal life span. Symptoms are usually prevented by early and adequate

POLITICAL ANNOUNCEMENTS

The State Line Tribune is authorized to make the following political announcements, subject to the action of the Democratic primary election in July:

- For District Judge,

care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and family.

By serving poultry, now at lowered prices, there's a chance to balance the food budget with one of the thrickest buys on the market.

Signs Of The Time In The Furniture Field

COLLEGE STATION—Furniture manufacturers are using the new materials that scientists are developing to add new color and life to their products. Mrs. Bernice Claytor, extension home management specialist of Texas A. & M., says families interested in buying furniture may wish to take advantage of these recent developments.

At least one manufacturer is using steel framing in upholstered furniture, and wide use is being made of foam rubber. In some lines of wood furniture, dressers, chests, desks and other similar pieces are being made larger. Mahogany, walnut, oak and maple remain among the most popular woods. New finishes are being used on some of the woods. Many of these are most attractive and most of them seem to be very durable.

In dinettes, she says wider use is being made of square chrome tubing. Chairs are being made larger and fuller. A new plastic table top is being used on many wood dinette tables that is said to be impervious to almost any type of destruction that humans can think up short of using an axe. In the household equipment field she says there is a noticeable change in the restyling of ranges and refrigerators, especially in some of the new ranges. Increased numbers of home freezers are being offered.

Mrs. Claytor says that fabric prices are expected to go higher. More abstract patterns are expected to be used instead of floral and leaf designs and metallic effects will be important. Multicolored patterned plastic material has been introduced. There is an increased supply of nylon upholstery material which is said to be easy to clean and this feature may make pastel upholstery more practical than in the past.

The one item that interests every consumer, says Mrs. Claytor, is the price tag and here the experts, she adds, seem to agree that no decline in prices is in the picture at this time.

"DEBUNKING THE HIGH COST OF WEDDINGS" * * * Brides-to-be! Your wedding can be inexpensive! One-Minute Test Makes Hand Weavers Schedule Conference At Tech

"I dreamed I made 125 words a minute in typing," was a remark recently overheard from La Veda Harriman at the Texico school, but it wasn't a dream with Coeta Roth, who reaped a fabulous score of 133 words a minute on a one-minute speed test to win the tournament in second-year typing at the school.

Runners-up in second year students were Peggy Jo Donahey, who showed a speed of 116 words per minute, and Paul Clark, who attained 89.

The first-year class tournament also created a bit of excitement when Betty June Lewis made 91 words per minute in the girls' competition, and Frank Hapke achieved 83 words to top the boys' bracket.

Runner-up in first-year girls was Carmen Roth, with 62, and Wayne Tucker was second-high boy with 72. The tournaments were conducted during the week of May 6-2 and each student was given a certain number of tests from which to take his scores.

"This is not a true test of actual speed on ordinary material, but what each student can build up on memorized material," Mrs. Agrie Jones, business education instructor, said. "It is a lot of fun and the students enjoy it."

Staff Is Chosen For School Paper, Annual

Editors of The Wolverine's Tale, publication of the Texico school, and members of the annual staff have been selected, Mrs. Agrie Jones reported today.

Carmen Roth and Dee J. Brown will serve as editors of the paper. Carmen was assistant editor this year to her sister, Coeta.

Business manager of the paper next year will be Frank Hapke, who this year served as literary editor. The students will be assisted by members of the journalism class in issuing the paper.

Editor-in-chief for the annual will be Violet Curry, with Jo Beth Engram and Bobbie Allred as assistants.

Business managers appointed by Mrs. Jones are Wayne Tucker and Jimmie Horton. La Veda Harriman will fill the literary editor's position, with Jeanette Winkles and Betty June Winegeart taking over as snapshot editors.

All high school class presidents automatically become members of the staff, Mrs. Jones added.

HAZEL PETREE

Outstanding seniors of the 1950 Farwell high school graduating class, pictured above, shared scholastic honors on Tuesday night when they were presented in the school commencement exercises.

Hazel Petree and Valarie Dial appeared as valedictorians of the class, each girl holding a scholastic rating of 92.6. Supt. Jack Williams announced, while June Christian barely edged out Leon London for the salutatorian honor with an average of 89.23.

VALARIE DIAL

The two valedictorians have spent all four of their high school years in the local school, with Valarie being especially prominent in sports. Hazel, who played one year when she was a sophomore, turned to the job of team manager during her junior and senior years.

June, on the other hand, has spent only two years in the Farwell high

JUNE CHRISTIAN

school, coming here from Oklahoma Lane when the consolidation was voted. She has also been very active in sports and activities, and on Tuesday night was named as the student to receive the 21-year-old all-round student loving cup.

Hazel is the daughter of Mr. and Mrs. H. H. Petree; Valarie is the daughter of Mr. and Mrs. Murray Dial; and June is the daughter of Mr. and Mrs. C. C. Christian.

Texico Journalism Students Learn More About News Business

Thursday afternoon a group of the Texico high school students, members of the journalism and English III classes which are taught by Mrs. N. W. Peyton, boarded a bus for an educational trip to Clovis.

Object of the trip was to visit the Clovis News-Journal, to learn how the printing and news gathering of a large daily newspaper is handled. A little over-anxious, the group arrived too early for the tour of the paper, and spent their time going

through radio station KICA studios.

As they entered the station the program of Gordon Soutz was going on the air, and the classes were invited to go in and listen, with some of the students given a chance to participate in the program. Coeta Roth read a commercial for a Clovis advertiser, Mr. Soutz sang "Time After Time" and dedicated it to the group; Frank Hapke read another commercial, and Mr. Soutz sang the hymn for the day.

The students were conducted to the music room, where they learned how records are catalogued and stored; visited the news room, where the tape brings in news from all over the world, and saw the room where newscasts are made. The visit to the control room was especially interesting, and the group learned how out-of-town activities are put on the air.

As a last visit, the business officers were inspected, before the trippers went to the News-Journal.

Bob Spencer took charge of the newspaper tour, first giving a short talk about the history of the paper. The circulation department was a familiar place for some of the boys, who have carried papers. Next on the tour was the classified ad section and the display advertising department was particularly fascinating.

The actual printing was studied, with the mat method being used on the huge presses, which fold papers as they are printed. In the engraving department they studied the route pictures take to get "in" the news, and saw a teletype in operation.

Those making the trip included Mrs. N. W. Peyton, sponsor, Douglas Williams, Coeta Roth, Peggy and

Betty Donahey, Frankie Harris, Carmen Roth, John White, Patsy Engram, James Harding, Bobbie Allred, Violet Curry, Jimmy Horton, Jerry Jester and Frank Hapke.

Try Caramel Nut Pie For Dessert Treat

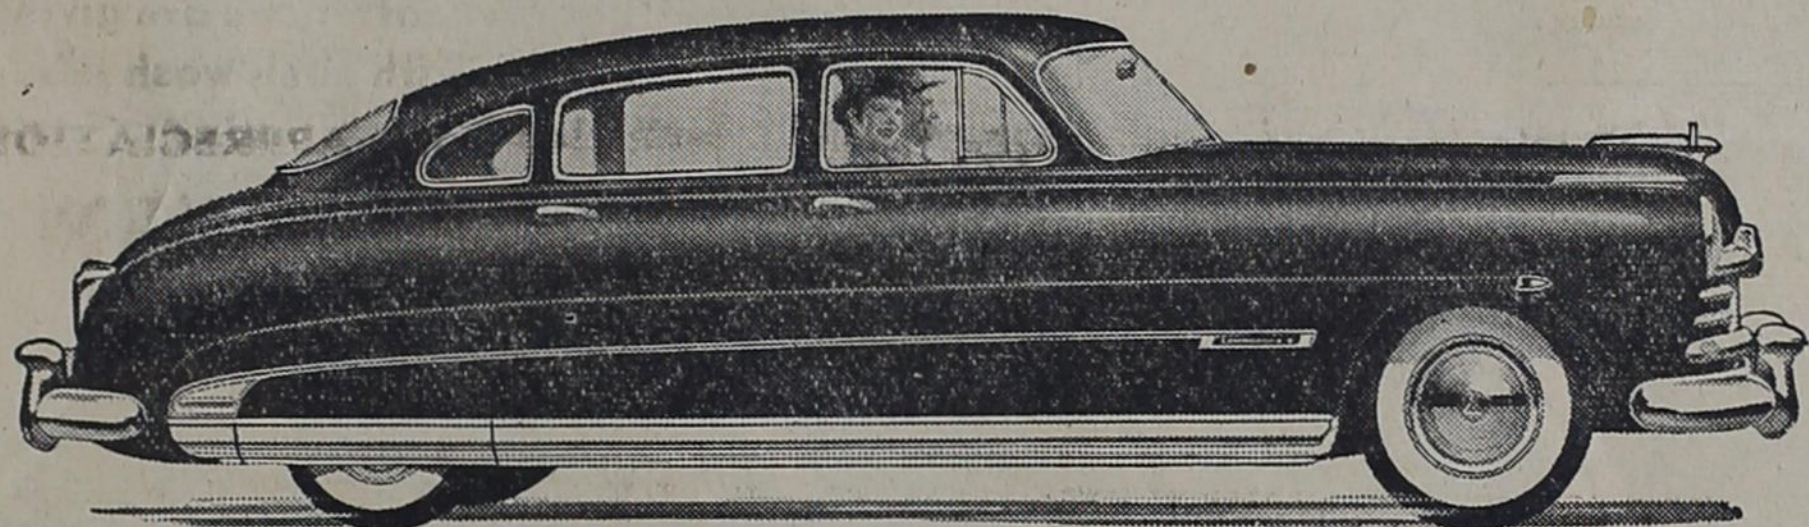

1. Melt 6 tablespoons of sugar until golden brown.
2. Scald 2 cups milk, all 1 tablespoon gelatin which has been soaked 5 minutes in 2 tablespoons cold water. Stir slowly into syrup and heat until blended.
3. Beat 3 egg yolks slightly in a double boiler.
4. Add syrup mixture very slowly, stirring constantly.
5. Cook over hot water until it coats a spoon. (10-15 minutes).
6. Remove from heat, add ½ teaspoon salt, 1 teaspoon vanilla and cool.
7. Make meringue with 3 egg whites, ¼ teaspoon cream of tartar and gradually beat in 10 tablespoons of sugar.
8. Fold into cooled custard. Blend in ½ cups nuts. Pour into cooled baked pie shell. Chill in refrigerator until firm.

Complete Menu

Roast pork, candied yams, fresh greens, grapefruit salad, cornbread and butter, caramel nut pie, coffee.

200 ENTRIES

Some 200 entries involving 20,000 baby chicks have been received in the 1950 Texas Chicken-of-Tomorrow Program.

Why the lowest-built car is best for you

Through the development of the RECESSED FLOOR, Hudson engineers have brought to you the priceless advantages of lowness which the industry has been striving for since the beginning of the automobile!

IN HUDSON, the recessed floor ("step-down" design) brings space between frame members, which is wasted in other cars, into the passenger compartment. This results in America's LOWEST center of gravity (and full road clearance), while providing more head room and seating room than any other car.

IN OTHER CARS, the floor is on top of the frame, so the vital space between frame members is not available for passenger use. The result is a HIGHER center of gravity and either a high roof line or insufficient head room. Seats are narrower; passenger space is reduced.

HUDSON

Most Room! Best Ride! Safest!

Hudsons, with recessed floors, their great array of high-quality, long-life features, and advanced design, are leaders in resale value, as shown by Official Used Car Guide Books!

ONLY CARS WITH "STEP-DOWN" DESIGN • NOW . . . 3 GREAT SERIES • LOWER-PRICED PACEMAKER • FAMOUS SUPER • CUSTOM COMMODORE

Hudson's new way to build automobiles results in America's lowest-built car.

It means new beauty and true streamlining. It provides full road clearance and more room than in any other car at any price. It creates the lowest center of gravity in any American automobile and, therefore, the only real hug-the-road ride—safer, smoother than ever before!

Before choosing your next automobile, we cordially invite you to take "The New Step-Down Ride," and see for yourself how much you gain from Hudson's exclusive "step-down" design with its recessed floor.

ONLY 1,067 PERONS, SOME SPANISH, LIVED IN TEXAS PANHANDLE IN 1880

In 1880, the federal census showed there were 1,067 persons living in the 26 counties now generally designated as The Panhandle of Texas.

The above map shows how these 1,067 persons were distributed over The Panhandle. It was drawn by Ernest Archambeau, Amarillo insurance man whose hobby is historical research.

The map was processed for publication by Jerry Malin, writer of the Amarillo Daily News column, "Panhandle People".

Malin picked out the following as some of the most interesting highlights shown by Archambeau's research:

The four persons living in Swisher County listed "mustang hunting" as their occupation.

In Hutchinson County one man named his chief occupation "recuperating health".

In the Fort Elliott list a soldier was listed as having no occupation and under "remarks" was written "insane".

Among the odd occupations was "adole maker" and Malin has been trying for months to find out what that means.

A brick mason noted his occupation and then added, "unemployed for one year".

Not a single person listed his occupation as "cowboy" but there were hundreds who named "herding cattle" as their occupation.

There was one miner, and several "gamblers".

Out of the entire population there was only one teacher, A. F. McKenzie of Hemphill County.

The only doctor in the Panhandle, according to the census rolls, was S. M. Cummings, who lived in Tascosa. Of course, the army had some doctors at Fort Elliott, but all the military personnel was listed as "soldiers".

Only 31 children were listed as attending school "during the past 12 months".

There were three lawyers, all living in Mobeetie.

The nearest railroad shipping point was at Dodge City, Kansas.

During that year of 1880 The Panhandle was new land, and new people came trekking in chiefly from the midwest, Colorado and western states.

There were no public roads, no public schools, and law enforcement was primarily a local matter.

Wheeler County, as may be seen on the map, had the largest population. However, out of the 512 listed as living in Wheeler County, 296 were soldier stationed at Fort Elliott.

By races, 1,198 were Anglo, 358 were Spanish, and 31 were Negro.

Since 1880 was 70 years ago, there are some persons still living who were enumerated then. Malin is interested in knowing the name of anyone now living in The Panhandle who was listed on the first census rolls in 1880.

In contrast to the horde of census takers employed this year to take the 1950 census there were only seven employed in 1880.

Take a look at the map, a good look. You'll notice the population centers were near running water. That is significant. It tells us today that making a life in The Panhandle in those days was mostly a matter of survival.

What a far cry for those of us living in The Panhandle today! While we perhaps can't begin to really understand the hardships, the heartaches and the struggles of the pioneers, we can at least look about us and ask, "Why is the Panhandle a great and wonderful place to live today?"

The physical aspects of the country are the same now as they were in 1880. The credit for our prosperity today must go to the pioneers, to that hardy and rugged band of 1,067 souls who fought loneliness and odds with a spirit we could do well to revive today in our comparatively easy security in order to leave the coming generations as great a heritage as the pioneers of 1880 left to us.

Auxiliary Lays Plans For Poppy Day, 27th

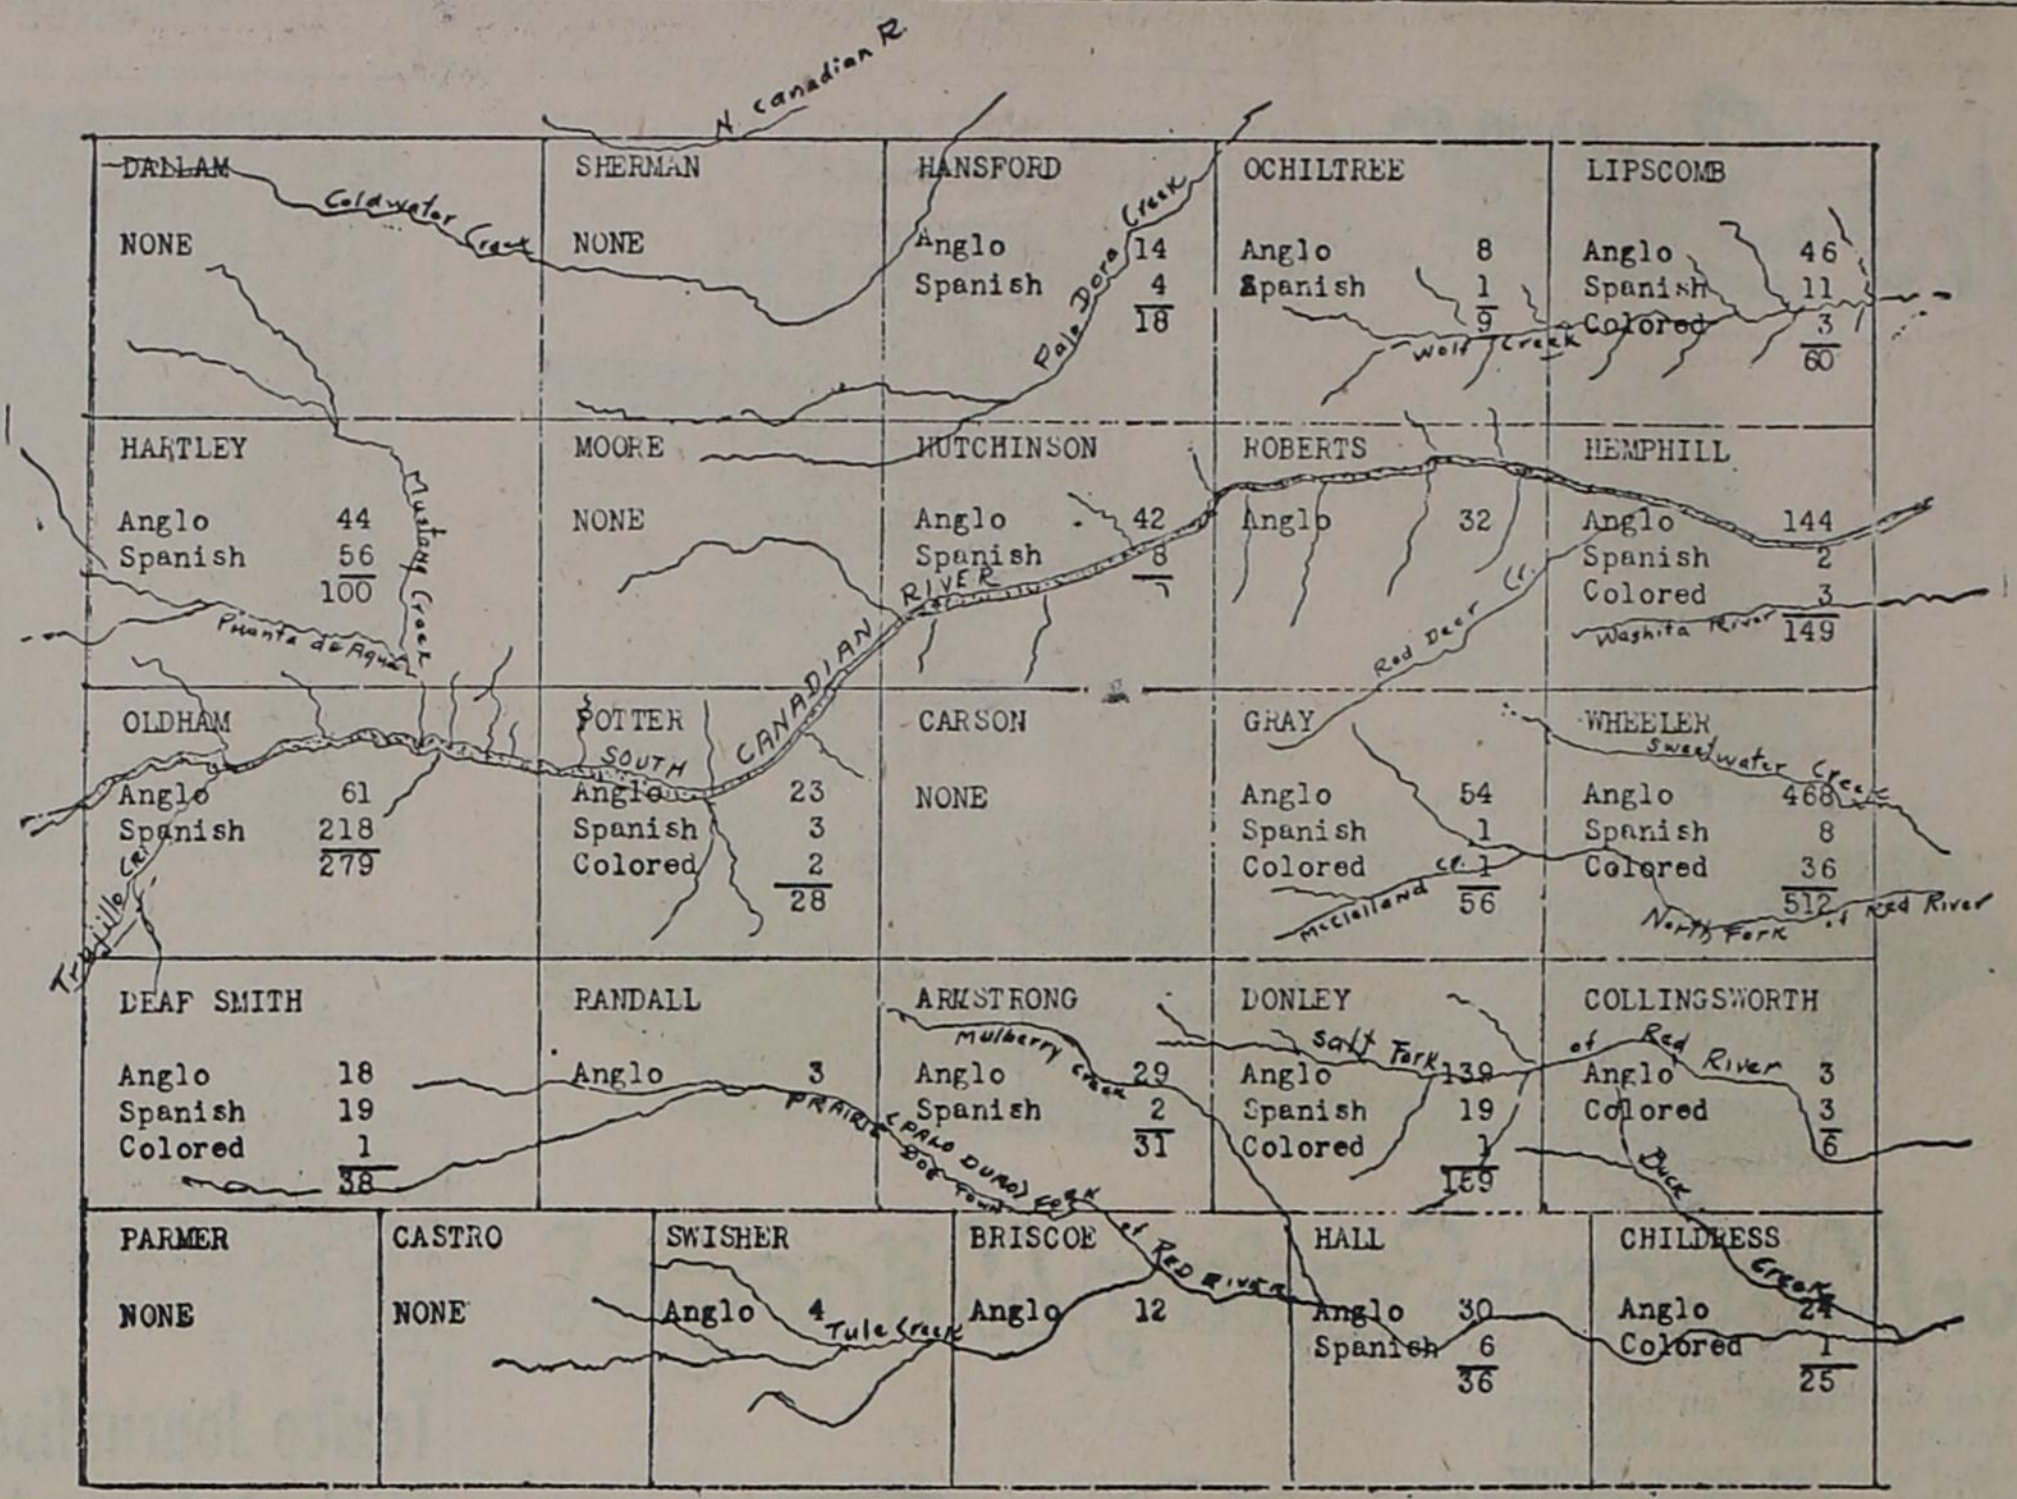

Everyone in Farwell will be given an opportunity to wear a memorial poppy in honor of the war dead on Poppy Day, May 27, under plans for observance of the day, which were made at a meeting of the local unit of the American Legion Auxiliary at the Legion Home, Monday.

The observance will be directed by Mrs. Graham Thornton, the auxiliary's Poppy Chairman. Assisting her will be Mrs. Clarence Meeks and Mrs. Bob Anderson. Other members of the Auxiliary and volunteers from other organizations will work with these leaders to bring poppies to all residents on Poppy Day.

The city will have workers who will distribute flowers on the streets throughout the day. All will be unpaid volunteers, and the entire contributions will go to support American Legion and Auxiliary welfare work for disabled veterans and the needy children of veterans.

Poppies for the day have been ordered from the veterans hospital where they are made by disabled servicemen. They are crepe paper replicas of the wild poppies which bloomed "between the crosses, row on row" in the war cemeteries in France and Belgium, and which have become the memorial flower of the English speaking world. Making the poppies provides employment for thousands of veterans unable to do other work.

Pork, potatoes, and eggs are high on the plentiful foods list as are cabbage, onions, lettuce, oranges and carrots.

Corn Fritters Taste Good With Chicken

CORN FRITTERS

1 1/2 cups flour, 1 teaspoon baking powder, 1/2 to 1 teaspoon salt, 1 tablespoon melted fat, 2 eggs, beaten,

1/2 cup milk, 2 cups while kernel deep fat heated to 375 degrees F. made yeast bread, butter, fresh ir corn, canned or fresh cooked. (Hot enough to brown a small cube frozen fruit.

Sift flour and measure. Resift with baking powder and salt. Combine beaten eggs, milk, and fat. Add all at once to flour mixture and stir only enough to mix ingredients. Fold in corn. Drop from a teaspoon into deep fat heated to 375 degrees F. made yeast bread, butter, fresh ir corn, canned or fresh cooked. (Hot enough to brown a small cube frozen fruit.

Use shallow cultivation for the rose garden. The young feeder roots that are near the surface of the ground may be destroyed if deep cultivation is practiced.

Pineapple Upside-Down Cake Is an Easy-to-Make Favorite

Pineapple upside-down cakes, light and luscious, are a favorite American dessert. And they're one of the easiest to make, if you use a white cake mix for the foundation, and canned pineapple, in chunks or slices or crisp-cut crushed bits, for the topping.

The pineapple, enriched with brown sugar and butter, is the topping when the cake is served, but it is the part that goes into the pan first. So prepare it first, in whatever kind of pan you choose to use—a square one, individual casseroles, a ring or even an iron skillet. It is easy to cut and serve an upside-down cake topped with the crisp-cut variety of crushed pineapple.

baking comes after you have poured the batter over the pineapple mixture. And when you cut your cake, while it's still warm—the pineapple golden brown and fragrant, the cake snowy-white and downy-light—you'll get more praise than you deserve for such an easy triumph.

You can vary your basic pineapple cake—made of white cake mix, baked in a square pan, if that's the one you choose—by varied garnishes. Halved or whole red or green cherries, for instance, pecan or walnut meats or blanched almonds, are attractive garnishes—and any one of these nuts added, chopped, to the pineapple mixture, gives appetizing variety. You can make a pineapple upside-down cake, too, out of the spice cake version of the mix. And you can serve it with whipped cream, if you like that extra touch of richness.

Electric arc welders are safe only so long as the operator observes proper safety precautions. All electric farm welders should have safety controls and the frames should be effectively grounded.

The quality of turkeys produced in Texas is definitely on the up-grade and can be continued if producers will select only the best quality in poults and then do a good job of growing them out.

Looking For \$50,000? State Fair Will Pay That For 'Saucer'

The State Fair of Texas has posted a reward of \$50,000 for the first authentic "flying disc" of interplanetary origin to be discovered and delivered to State Fair Park in Dallas in time to be placed on exhibit at the fair's gigantic 1950 Mid-Century Exposition, Oct. 7-22.

"This offer does not mean that we either believe or disbelieve in the interplanetary flying disc reports," said R. L. Thornton, president, in announcing the reward, "but if there is such a thing, it is only fitting that it be exhibited at the biggest state fair in the nation since the State Fair of Texas has always tried to bring to its vast audience the first information of any new and important scientific development."

Rules of the offer will be drawn up in legal form and filed with the Dallas County Clerk. In general, they are as follows:

1. The State Fair of Texas will pay \$50,000 to the first person or group of persons who delivers to State Fair Park in Dallas an authentic flying disc of interplanetary origin in its original physical form.
2. The reward will be paid only if

and when the authenticity of the flying disc in question as a vehicle or space-ship of interplanetary origin has been determined and vouched for by a committee of scientists selected by the State Fair from leading universities of the State of Texas.

3. There shall be no appeal from the decision of this committee of scientists.
4. The offer shall expire Oct. 1, 1950.

Reports of flying discs have increased greatly during the past few months. Thousands of people have claimed to have seen the discs or saucers. However, no one yet has produced an authentic disc or saucer.

The U. S. Air Force, after investigating most of the reports, has announced that the majority are the result of hallucination or mirage, over-vidid imagination or such items as weather balloons, jet planes or the planet Venus. However, among the sightings have been some the Air Force has not been able to explain at all.

Coffee cake may be served at in-between-meal snacks and as refreshments with coffee.

School Survey Is Released By Spring

Physical examination of all grade school children in Parmer County as recently been completed by Dr. Paul L. Spring, county health officer. Each child received a thorough examination, with exception of hearing tests which were not run at the Lazbuddy school and only partially at Bovina, Dr. Spring said, as needed equipment was not available. These tests, he added, will be completed at the next school term. Of the 876 supposedly healthy children examined, the following results were shown: underweight, 38; needing immunizations, 200; poor teeth (as man- aged), 107; poor eyes, 140; poor hearing, 44; diseased tonsils, 61; heart murmurs (potential rheumatic fever), 17; urological problems needing surgery, 5; potential diabetes, 4; potential tuberculosis, 6; skin infections, 18; hernia, 1; mental problems, 12; needing special schooling due to mental retardation, 7; blood diseases, 1; posture (with flat feet, backaches, etc), 12; speech impediments, 8; orthopedic problems other than posture, 3; sinusitis, 3; tumors (growth), 1.

The response to these findings by the parents has been gratifying, Dr. Spring said, and conditions could be corrected while the child is in school have been corrected. Most operative procedures will be done during the summer months. About 90 percent of all children now have all immunization shots, which is of extreme importance, he said further. "The health program, being in its first year, has moved rather slowly, but the findings have been revealing and the results from the survey very good," Dr. Spring said. "It is hoped next year to widen the scope of the program to include teachers and food handlers in the cafeterias." Dr. Spring states that cooperation of students, teachers, and parents has been 100 percent, and wishes to thank them for the part they are playing in establishing this health program. He is planning to make a more thorough program for the entire school system of Parmer County for next year. Through this program, it is hoped that health standards of Parmer County school children will be among the highest in the state.

City Commission To Hold First Session

Mayor C. M. Henderson announced today that the first meeting of the newly-elected City Commission of Farwell would hold its first meeting Wednesday evening at the law offices of Aldridge & Aldridge. Asked what was "on docket" for the first meeting, Mayor Henderson replied, "just to get organized and make our plans for future undertakings."

LATHAM SELLS SHOP

Jess Latham, who has operated the Cover Shop in Farwell the past several months, has sold his equipment to Ben Smart at the Furniture Mart and is now employed by Smart as furniture repair and upholstery man.

NEW REFRIGERATOR BOXES

Bill Hall has just installed two new electric refrigerators at his place of business. One of them is a soft drink cooling box, and the other is a zero freezer for frozen refreshments and ice cream.

BREWER OUT OF HOSPITAL

County Clerk Loyde A. Brewer who underwent surgery in the Parmer County Community hospital last week, has been dismissed and is now recuperating at the home of his in-laws, Mr. and Mrs. C. L. Vestal near Friona. He is expected to be able to return to his home here the latter part of this week.

RAIN IN OKLAHOMA

Walter Hardage and Scotty Levins returned home the latter part of last week from a business trip to Oklahoma City. They report abundance of rain "from the edge of the caprock as far as we went" on their return home. Most of the streams in the Oklahoma City region were overflowing, they added.

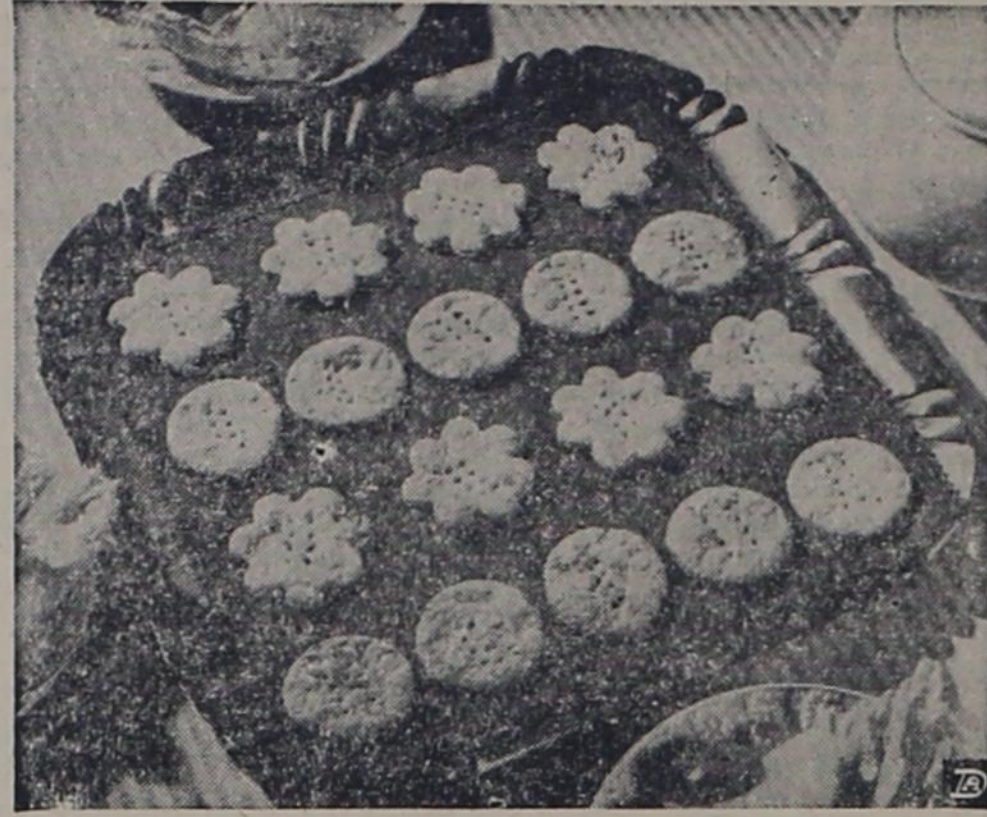

HAS OPERATION

Mrs. Guy Cox, clerk at the local sheriff's office, underwent major surgery in a Clovis hospital on Tuesday of last week and is reported to be recovering satisfactorily. Friends said today that she would likely be permitted to leave the hospital the latter part of this week.

TO GET B. A. DEGREE

Announcement of graduating students from Eastern New Mexico University, Portales, includes the name of Mildred L. Smith, of Texico. She will receive her bachelor of arts in education at the college. Two ceremonies for graduates are scheduled, one on June 1 and the other at the close of the summer session, Aug. 4.

Cheese Crispies Go With Salads

Cream cheese and watercress supply the unusual flavor of these crisp waters, good to munch as appetizers, good to eat with soups and salads.

Neither a pastry nor a cracker but a little of both are the dainty cress cheese crispies pictured here. These tender, flaky crispies are cut from a cream cheese pastry flavored with watercress.

Make the dough much as you would for pie crust, cutting or rubbing both shortening and cream cheese into the flour mixture. The dough will be easy to roll out if pressed together in a wax paper bag and chilled. Use biscuit cutter and cookie cutters to cut an assortment of shapes for your tea time tray.

Let the children eat crispies by the handful because they will benefit from the food values provided by such nutritious ingredients as enriched flour and cheese.

Cream cheese crispies are thrifty to serve with the luncheon soup or salad, for they need no spread.

CRESS CHEESE CRISPIES

1 cup sifted enriched flour
1/2 teaspoon salt
1/2 cup shortening
1 package (3 ounces) cream cheese
1/4 cup finely chopped watercress or parsley
2 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening and cream cheese. Add watercress. Mix well. Add water. Mix to a dry crumbly dough. Turn out on lightly floured pastry cloth. Press dough together. Roll out about one-eighth inch thick. Cut with two-inch biscuit cutter. Place on ungreased baking sheet. Prick several times with fork. Bake in hot oven (425 degrees F.) about 10 minutes. Makes about three dozen crispies.

Going To Tennessee

Mr. and Mrs. Walter Hardage and children, Mrs. Edd Hardage, and Mrs. W. H. (Pop) Spurlin plan to leave Friday for Memphis, Tenn., where they will spend a week or ten days visiting in the home of Mr. and Mrs. E. D. Crow.

Are Dinner Guests

Mrs. H. Ross, of Texico, and her son, Jim Ross, of Las Vegas, N. M., were dinner guests in the Les Means home Sunday. Mr. and Mrs. Jess Coburn called in the afternoon. Also visiting in the Means home was a friend, Edd Bryant, of Routan, Tex.

Are Dinner Guests

Mr. and Mrs. S. G. Billington and son, Jim, of Texico, were Sunday dinner guests in the home of their son and brother, Mr. and Mrs. S. O. Billington and family.

Here From Tech

Miss Jo Ann Williams, student at Texas Tech in Lubbock, spent Mother's Day in the home of her parents, Mr. and Mrs. Johnnie Williams, near Farwell.

In Wichita Falls

O. C. Sikes, of the Sikes Motor Co. left Sunday for Wichita Falls, where he planned to spend a few days with his mother.

In Means Home

Mrs. Clara Green, Mrs. Virginia Ragland and Grandma Cantrell, all of San Jon, New Mexico, spent the past Friday visiting in the home of Mr. and Mrs. Les Means in Texico.

A Few ?'s to Ask the Printing Peddler

When the Peddler selling stationery and printing supplies solicits your business, there are a few questions which he should be willing to answer to your satisfaction.

Among them being:

Does he pay taxes in this community?

Does he donate space in his newspaper to the local community enterprises?

Does he pay wages to a force of employees located in this City, County or State?

Does his papers devote its entire space toward the betterment and upbuilding of this community?

Does he grant you every favor that you would ordinarily ask of a local newspaper?

Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?

Will he submit proof of your work before finishing and mailing it to you C. O. D.?

Does his price include postage and insurance charges?

Can he supply your order on short notice?

SOME TEACHERS WILL BE STUDENTS, OTHERS PLAN FOR 'LAZY SUMMER' VACATION

With a few yet undecided, most faculty members of the Texico and Farwell schools had their plans laid this week as to how they would spend the summer vacation, which begins on both sides of the line at the end of the current week.

A number of the teachers will take places in classrooms as students this summer, it was noted. Nine of the teachers will attend Eastern New Mexico University at Portales, including Mrs. C. B. Stockton, John Adams, Mrs. Jimmie Auman, Jack Williams, W. M. Roberts, Mrs. Earl Booth, Mrs. Loyd Cain, Mrs. C. E. Sanuers, and Mrs. Erma Jones.

Adams admits that he may also take a vacation in Wyoming, and Mrs. Allman adds that she is planning a visit the latter part of the summer with a sister-in-law in Los Angeles.

Also schoolward bound is Jack Caves, who will study at the University of Texas in Austin; Louis Purvis, who plans to attend Tech in Lubbock; Shelby Jobs, who will double up, taking classes at ENMU the early part of the summer and attending a coaching school later; and Mrs. Gladys Peterson, who she planned to attend summer school but was not certain where she would go. Mrs. Williamson also expects to attend school, but had no definite plans to announce.

Agrie Jones reported "I plan to build and fix up the school building and to make improvements around the school," while Mrs. Jones admitted a desire to "spend the summer in leisure and work in the yard and garden." One teacher, Mrs. N. W. Peyton, will move into a new home, after which she plans a visit with her parents, Mr. and Mrs. C. E. Daniel, in Oklahoma, "but most of all I am going to rest."

Mrs. LeRoy Faville is taking a holiday, planning to visit her mother in Long Beach, California, and Fern Stout said, "My plans are to work and farm and my vacation is unplanned" (apparently disregarding the fact that as a new papa he might not get a vacation).

The John Armour both "suppose" they will go to school, but are not certain where; Mrs. Frank Seale, "I will work in the store," and Mrs. B. A. Rogers plans to spend the summer at home visiting with her children, coming in shortly from college.

Mrs. Dorothy Jacks, Mrs. Lula Hensley, Mrs. Ann Lovelace, and Mrs. Harry Whitley are definite about spending the summer "at home", but Mrs. Lenton Pool adds a question mark after "at home" and Robert Morton, while he will be here most of the summer, will go vacationing with the Farwell FFA boys in August.

Local Young People Conduct Services

Young people of the Texico-Farwell Baptist Church conducted worship services in the Curry County jail in Clovis, recently.

The group sang several hymns, led by Willie Hardage, and Rev. O. O. Holaday, pastor of the church, gave a sermon on "How To Be Saved."

Attending were Irene Hardage, Willie Hardage, Frankie Harris, Bill Ragland, Willie Joe Carpenter, Glenda Doshier, Peggy and Betty Donahay, Junior Foreman, Juanita Winegeart and Rev. Holladay.

Mrs. Bess Henneman transacted business in Hereford and visited relatives in Amarillo, the past Saturday.

Mr. and Mrs. Lee Renner and son spent the weekend in Amarillo with her parents.

Music Week Noted At Auxiliary Meeting

In observance of music week, the American Legion Auxiliary, Justice Williams Unit 516, was entertained at its regular meeting Monday night by the Pioneer Jubileers, a male quartet composed of Ray Magness, Cary Joe Magness, Bobby Poteet and Bobb Dollar, all Farwell seniors.

With Mrs. Erma Jones at the piano, the jubileers sang "Heaven, Heaven," "You Tell Me Your Dreams And I'll Tell You Mine", "Standing in the Need of Prayer", "Swing Low, Sweet Chariot" to the delight of the ten members and one guest present. Mrs. Lake Martin, Jr., from Clovis, who is an English war bride, visited at the meeting.

During the business session, final plans were made for conducting the annual Poppy sale on Saturday, May 27, when the public will be asked to buy and wear the little red flower in memory of those who died in war, and help disabled veterans and their families.

The Auxiliary is preparing a box for the Veterans Hospital in Amarillo and all members are urged to bring to the June meeting some of the following: tooth paste, razors, stationery, stamps, nail clippers, tooth brushes, card table covers, toe socks (these are to be knitted and an insert for warmth); scuffs or bedroom slippers (these may be bought, crocheted, or knitted of good warm wool, or anything judged appropriate); pillows and pillow cases for chairs; white square arm slings; and bed pan covers.

Contributions from the public will be appreciated. Mrs. Joann Getz will accept gifts for the Auxiliary if they are left at the Farmer's Supply Co. before June 19.

Seniors Make Night Of It, On Friday

The Farwell seniors, noting their alleged "coming of age", made a night of it last Friday, when they managed to keep a party going all night and trekked in home around 7 o'clock on Saturday morning.

The evening began at the Oklahoma Lane gymnasium, where the Pep Squad of the school entertained all members of the athletic department with a skating party. Later in the evening the seniors attended the opening of the 4-Lane Drive-in theatre, near Texico, and then returned to the home of Mr. and Mrs. Ray Ford in Farwell at midnight to receive sustenance in the form of hot chocolate and cake.

Skating continued at Oklahoma Lane until early morning, and at 6 o'clock the group assembled at the Clyde Magness home in Farwell, where they enjoyed an outside sunrise breakfast, after routing Supt. Jack Williams out of bed to make the coffee.

On the party were Jimmy Williams, Bob Dollar, Bobby Poteet, Dor Ford, Troy McKillip, Calvin Meissner, Cary Joe Magness, Melvin Terry, Melborn Jones, Ray Magness, Raymond Jesko, A. C. Henneman, Pauline Sheets, Alta Norton, Hazel Petree, Hettie Nann Randol, June Christian, Ione Billingsley, Billie Christian, Janie Graham, and Valarie Dial. Sponsors were Mr. and Mrs. Everette Christian and Mr. and Mrs. Lee Jones.

Mr. and Mrs. Wade T. Barry and daughter, Gail, of El Paso, spent several days last week in the Scottie Barry home.

New PTA Officers Are Installed At Meeting

Installation of new officers for the Farwell Parent Teachers Association was the main object of the final meeting of the year, held last Thursday evening at the school.

Taking their posts as officers were: Mrs. Jack McManigal, president; Mrs. C. C. Christian, first vice president; Miss Ruth Bolton, second vice president; Mrs. Lenton Pool, third vice president; Mrs. Doyn Merriman, secretary-treasurer; Mrs. Jack Williams, publicity; Mrs. Harold Carpenter, membership; Mrs. Tom Foster, parliamentarian.

After the business session the retiring presidents, Mrs. Murray Dial, gave a summary of the year's work. Main object of the Association during the year just closing was the purchase of uniforms for the Farwell school band.

Lovely refreshments were served during the social hour by Mesdames M. A. Snider, Oscar Hubble, J. W. Billingsley, A. J. Jones, John Aldridge, Chester Magness, Don Bru W. M. Roberts, Earl Routen and C. A. Casady.

Mrs. Dencil Bandy Is Honored With Shower

Mrs. Dencil Bandy, the former Miss Belva Park, was honored the past Thursday afternoon, when friends assembled in the parlors of the Hamlin Memorial Methodist Church to tender her a lovely post-nuptial shower.

Hostesses for the occasion, Mrs. Ruby Dixon, Mrs. Chas. Lovelace, and Mrs. W. H. Graham, greeted the guests as they arrived, after which the visitors were asked to register in the bride's book, presided over by Mrs. Murphy Duncan.

Mrs. Jim Moss was in charge of the beautiful serving table, which featured crystal appointments on a lace cloth and was centered with a floral arrangement of blue iris. Bouquets of iris and bridal wreath were arranged about the large room.

The honoree was assisted in opening the packages by her mother, Mrs. F. J. Park, and Mrs. G. A. Bandy. Around fifty guests were on hand and regrets were received from many unable to be present.

Mothers Are Honored Over Past Weekend

Mothers were special guests on the Eastern New Mexico University campus in Portales last weekend, as boys attending the school went all-out to entertain visiting mothers from over a wide area.

Two local residents attended. Mrs. C. A. Felts, of Lariat, visited her son, Charles, a sophomore student at the school; and Mrs. W. H. Graham, of Farwell, was with her son, W. H. Jr., also an ENMU sophomore.

The visiting ladies were honored with a tea and reception in Men's Hall, on Saturday afternoon, following which they were taken on a tour of the campus, and dinner was served in the school cafeteria. Visitors who wished to remain overnight were given quarters in the Hall, the boys "doubling up" to provide room.

On Sunday morning the visitors attended various Portales churches and were served dinner on the campus. Some 100 mothers were present for the weekend entertainment.

In Booth Home

Miss Joan Booth, a member of the Hereford school faculty, and Toby Booth, freshman student at West Texas State College in Canyon, spent the past weekend here as guests in the home of their parents, Mr. and Mrs. Earl Booth.

Local Members Attend Legion Zone Meeting

Mr. and Mrs. John Getz, Mr. and Mrs. Joe Holton, Mr. and Mrs. Graham Thornton and Mrs. Bess Henneman attended the monthly meeting of Zone 1, 18th District, American Legion and Auxiliary in Hereford on May 9th.

Other posts of the zone represented were Bovina, Friona, Dimmitt, Vega and Hereford. Among the honored guests were Rhea Smith, newly-elected 18th District Commander, and Mrs. Smith; Mrs. Kathryn Pitt, 18th District Auxiliary president, of Amarillo; Paul Miller, Zone 2 Commander, and Henry Truebel of Tulia.

Truebel was the main speaker, giving an inspiring address concerning his experiences in dealing with displaced persons who have been brought to this country. He stressed the significance of memorial services for veterans and aid to disabled veterans that is made possible by the poppy sales, and also discussed the need for economy in government.

The Amarillo delegation issued an invitation to attend the 5th District Convention which will be held there on May 27-28, at which time the new Amarillo American Legion Hall will be dedicated. The next meeting of Zone 1 will be held in Vega on June 13.

Following the business session, homemade cake and coffee was served and a social hour enjoyed by fifty guests.

Mrs. Rule Speaks On Ceramics At Meeting

Mrs. R. L. Rule entertained the Bovina Half Century Club last Thursday, May 4, with a very enjoyable talk on ceramics. The meeting was held in the home of Mrs. Charles Hawkins.

Mrs. Rule gave a brief demonstration of ceramic making, and also answered many questions pertaining to ceramics.

Plans were discussed concerning the first meeting this spring, which will be an installation luncheon. It is to be held Thursday, May 18, at one o'clock in the home of Mrs. Reagan Looney. Members of the Bovina Study Club will be special guests.

The hostess, Mrs. Charles Hawkins, and co-hostess, Mrs. Clarence Shanks, served lovely refreshments to Mesdames Bass Elliott, Howard Looney, A. V. Warren, Bill Lile, D. C. Looney, Clarence Shanks, Tyson Eubanks, Marion Carson, Harold Hawkins, Durward Bell, Gene Hawkins, Bob Johnston, Graham Thornton, and Pete Davies.

Miss Jones Elected Sorority President

PORTALES—Gervadine Jones, Texico junior, has been elected 1950-51 president of Beta Tau Chi sorority on the Eastern New Mexico University campus.

Other officers named are Nella V. Isaacs, St. Vrain, vice president; Margie Herrington, Hobbs, secretary; Wilma Daniel, Rogers, treasurer; Juanita Turner, Texico, reporter; Beatrice Sena, Santa Rosa, historian; Lavon McCormack, Portales, song leader; and Jackie Evans, Clovis, musician.

Charley Crume and son, C. L. Crume of Artesia, were brief visitors Sunday morning in the home of Mr. and Mrs. Vance Crume in Friona.

June Wedding Plans Are Revealed Here

Mr. and Mrs. Agrie Jones, of Texico, are announcing the approaching marriage of their daughter, Gervadine, to Marion R. Hughes, son of Mr. and Mrs. E. H. Hughes of Solano, N. M.

The nuptials will be read on Sunday, June 4, at 2 o'clock in the First Methodist Church in Portales, with the pastor, Rev. Thurman Harris, officiating.

The bride-elect graduated from the Portales high school and is currently completing her junior year at Eastern New Mexico University in Portales. Hughes graduated from the Roy, N. M., high school, and is now a sophomore at the Portales University. The young couple will reside in Portales and continue their work at the University.

Family Reunion Held On Mother's Day

All children of Mr. and Mrs. Fred Barker, former Farwell residents who now live in the Lakeview community, near Friona, assembled in Farwell for a Mother's Day reunion, Sunday, and spread a basket lunch in the local park.

Those present included Mr. and Mrs. Jim Moss and children, Mr. and Mrs. Elmer Langford and sons, Mr. and Mrs. Eugene Coffman and children, all of Texico-Farwell; Mr. and Mrs. Robert Widener and son of Portales; Mr. and Mrs. Judge Barker and children, Mr. and Mrs. Harrelson and children, and Mr. and Mrs. Fred Barker, all of Friona.

Coaches Entertain Texico Athletes

The Texico high school boys who participated in softball, basketball and track during the current year were entertained Tuesday evening of last week by their coaches, Charles Stockton, F. D. Stout and John Armour.

The boys spent the evening at the Hillcrest Roller Rink, in Clovis. Attending were John White, Wayne Tucker, James Harding, Wayne Breeze, David Houghtling, Jerial Doolittle, Jimmy Horton, Jerry Jester, Lacy Gant, Paul Clark, Buddy Sparks, W. O. Reid, Douglas Williams, Ronald King, Donald Ingram, Dee J. Brown, Tommy Bocox and Gail Doolittle.

Sixteen Certificates Presented Workers

Sixteen certificates for completion of work were presented Friday night as a special Sunday School workers training school was completed at the local Methodist Church.

The school had been in session for three nights under the direction of Miss Lucy Foreman, of Nashville, Tenn., field instructor in Sunday school work.

Miss Foreman left here Saturday for Fabens, Texas.

Visits Parents Here

Mrs. Lee Bradshaw and son, Mike, and Mrs. Clifford Kyker and daughter, Susan, visited during the weekend with Mrs. Bradshaws' parents, Mr. and Mrs. Bob Kyker, in Farwell. They took their departure on Monday, Mrs. Kyker returning to Abilene and Mrs. Bradshaw going back to Slaton to be with her mother-in-law, who recently underwent major surgery.

Here Over Weekend

Mr. and Mrs. Jess Herbert Pipkin and son, of Canyon, visited over the weekend with relatives here, in the O. B. Pipkin and Travis Brown homes.

PMA Employees Have Picnic At Roadside Park

Employees of the local PMA office enjoyed a weiner roast and picnic at the Roadside Park near Bovina, the past Friday evening.

Present for the occasion were Mr. and Mrs. Joe Camp, Mr. and Mrs. John Holland, Mr. and Mrs. Bill Banks, Mr. and Mrs. Howard Ham, Lee Meeks, Mrs. Bess Henneman and Miss Peggy Schleuter.

Guests In Lewis Home

Dinner guests in the home of Mr. and Mrs. Johnnie D. Lewis in Texico on Mother's Day were Mr. and Mrs. Louis Caillouet, Mr. and Mrs. C. D. Houghtling of Texico; Mr. and Mrs. James Box, Portales; Miss Wilma Doshier, Texico; and Mrs. C. E. Turvey of California. Mrs. Turvey is a house guest in the Houghtling home.

Visits Relatives

Mr. and Mrs. Dee J. Brown and children returned home on Monday from Vici, Oklahoma, where they spent Mother's Day visiting in the home of her parents, Mr. and Mrs. N. A. Fields, and grandparents, Mr. and Mrs. M. Wildman. Mrs. Wildman, who is 85 years old, prepared the dinner unassisted for the gathering on Sunday.

Attend Bankers' Meet

Cashier L. S. Pool of the Security State Bank of this city, accompanied by his family, left here the first of the week for Fort Worth, where they attended the annual meeting of the Texas Bankers Association on May 15-16. They made the trip by auto.

Family Reunion Held

Mr. and Mrs. O. F. Storrs and family of Texico, and Mr. and Mrs. W. A. Bilbrey and sons, of Muleshoe, spent the weekend enjoying a family reunion of the Storrs brothers and sisters at Buffalo Lake. Some 61 relatives were on hand for the reunion.

License Issued

A marriage license was issued at the local clerk's office of Monday, May 15, to Miss June Moody and Jimmy Cruse, both of Friona.

Visits In Roswell

Junior Robertson left the latter part of last week for an extended visit in the home of his sister, in Roswell.

Bovina Happenings

BY MARIE VENABLE

Otho Hammonds, manager of the Bovina Vountary Fire Department, attended a fire meeting and demonstration at Hereford, Tuesday.

The local fire department was called to control a fire at the Ezra Englant home, Tuesday. The barn was on fire, and some feed burned.

Mr. and Mrs. Charley Jefferson made a business trip to Clovis, Tuesday.

Mr. and Mrs. T. G. Hudson have sold their home in Bovina to Mr. and Mrs. Jed Queen. It is understood that they will move to Fort Sumner.

Mrs. Osborn Loflin and childrer were business visitors in Amarillo, Tuesday.

Earl Roberts, of Farwell, visited here Tuesday and attended the Our Echols program at the school.

Mr. and Mrs. Ervin Boatman have opened their new filling station, on the highway about 3 miles west of Bovina. Gulf products are handled.

Mr. and Mrs. Buck Lloyd and family and Mr. and Mrs. Finley Hartsfield and family returned Wednesday night from a ten-day trip to Arkansas.

Mrs. Jim Richards, who has been in the Friona hospital the past two weeks, was returned to her home Wednesday and is reported as improving.

Bob Williford, who has been confined to his bed for the past month, is reported as no better.

Mr. and Mrs. Earl Richards and family spent the past weekend with relatives in Dalhart, Texas.

Dinner guests in the Oscar Venable home on Mother's Day were Mr. and Mrs. Vester Venable and son of Farwell; Mr. and Mrs. Elton R. Venable and family, Mr. and Mrs. Chester Venable and family, Mr. and Mrs. Elmer Venable and daughter, Miss Sarah Marie Venable, and Mike Carter of Littlefield.

Mr. and Mrs. Don Rountree are

spending a few days in Littlefield. Mr. and Mrs. Howard Garner, of Fieldtown, spent Friday visiting in the home of their daughter, Mrs. Don Rountree.

Mr. and Mrs. Harold Combs, of Clovis, and Doug Combs of Carlsbad visited Sunday in the Oscar Combs home.

Mr. and Mrs. Billie Parker and laughter of Roswell, Mr. and Mrs. El D. Parker and daughters of Amarillo, Mr. and Mrs. Oscar Parker and daughter of Amarillo were guests in the Will Parker home on Mother's Day.

Mr. and Mrs. Hall Looney of Abilene, visited in the Perry Looney home, Sunday.

Will Parker made a business trip to Estellene, Texas, Saturday.

Mrs. Billie Parker and daughter left Sunday to visit her parents in Memphis, Tenn.

PIANO RECITAL PRESENTED

Mrs. Doris Wilson presented her piano students in a recital, May 11, at the Bovina Methodist Church.

After the presentation of the students, refreshments of punch and cookies were served to approximately 130. All students wore formal evening attire, and a lace cloth covered the serving table, which was centered with an arrangement of roses and bridal wreath.

Students participating were Judy Hardy, Carolyn Bruce, Harriet Lou Charles, Patricia Patton, Janice Richards, Judy Roach, Augusta Richards, Julia Ann Lloyd, Mildred Young, Barbara Taylor, Don Lloyd, Betty Venable, Sue Hoffer, Sandra Brock, Katherine Jefferson, Sandra Jefferson, Lois Ellison, Sandra Patton, Marcella Verner, Margaret Verner, Lillian Young, June Gay Looney, Clara Derrick, Billy Derrick.

WOMANS CLUB MEETS

The local Study Club met in the home of Mrs. Charles Ross on last Thursday, with Mrs. A. B. Wilkins as co-hostess.

Subject for the afternoon was a "Study of Opera". Miss Mattie Mac Swisher, of Hereford, was guest and gave a very interesting talk on "The History of Operas".

The hostesses served a refreshment plate to two guests, Miss Swisher and Mrs. Aurora Whetstone; and Mesdames Lloyd Batty, David Car-

'COURAGE' IS THEME OF SERMON DELIVERED TO BOIVNA GRADUATES

Using "Courage" as his subject, Minister Durward Lee, of the Bovina Church of Christ, brought the annual baccalaureate sermon to the sixteen members of the Bovina graduating class last Sunday morning, in a special service which drew a crowd that overflowed the auditorium.

As the basis of his remarks, minister selected verses 7 and 8 of the first chapter of Joshua "... be thou strong and very courageous ... and then thou shalt have good success".

Pointing out that the immediate future would see all of the class members divided into one of three categories, Minister Lee listed these as (1) further education; (2) jobs; and (3) homes, he observed that "something you will need in any of these fields will be a great deal of courage."

"One of the greatest revelations that you are facing is that in the past you have had no worries for the reason that your parents have made your decisions for the most part, but from here on you are going to have to make your own decisions," the speaker observed, and then warned, "for these you must have courage".

He used as an illustration a story of his childhood of "boogers in the bushes" to drive home his point of the importance of "the courage you are going to need to meet your responsibilities and make your decisions."

Reminding the class members of their individual responsibilities, he called attention to the fact that "you are just one in the thousands, you certainly have obligations to those about you." Turning to the thought of education, he said, "there is no education without religious training," and then added, "we must turn to God ... remember God as your creator," and at this point he took oc-

casian to warn the class of the isms found in many of the colleges today and cautioned them to be alert to "face opposition to God."

Turning next to his second sub-topical, Minister Lee advised the class to "find a job you can put your heart into ... and have a desire to serve God on your job ... and always remember to give God the seventh day." Reminding the class that giving brought the most satisfaction in life, he asked them to keep in mind the opportunities for ministering unto others when the occasion arose.

Lastly, touching on the subject of marriage, the speaker urged the young people to "meditate beforehand the responsibilities of marriage ... heed well the advice of your parents and add your own responsibilities to the great undertaking."

In conclusion, he said, "There is going to be a change in your life, a great change as you go out from this school, and you are going to need, above all else, courage to face the future ... remember well the things you have learned in school, in your church and in your home."

The processional and recessional were played by Mrs. Doris Wilson at the piano, with Rev. Osar Bruce offering the invocation. The high school chorus sang two numbers, Billy Ray Derrick sang a solo, and Jamie Tidenberg pronounced the benediction.

Dear "Hop":

Every Wednesday I say to myself while waiting to see the doctor and passing the time away by reading The State Line Tribune that I am going to "drop Hop a line and tell him how much I appreciate the good deed he is doing by leaving several copies of The Tribune in the waiting

room" (at the Friona hospital). I am sure there are others who appreciate them also by the way they are reading them. I also wish to express my thanks to those who sent me lovely cards and for their visits, also.

Sincerely,
Mrs. Scottie Barry.

room" (at the Friona hospital). I am sure there are others who appreciate them also by the way they are reading them. I also wish to express my thanks to those who sent me lovely cards and for their visits, also.

Sincerely,
Mrs. Scottie Barry.

CHEAP PRODUCTION
The cheapest milk production comes from improved pastures followed by silage, hay and concentrates. A good dairy cow will return approximately 7 times as much income from an acre of improved pasture as will any other type livestock.

BRUTE STRENGTH WITH CONTROLLED POWER OUTPUT

THE MASSEY-HARRIS 4-5 PLOW "55"

Big, husky, powerful... the "55" is packed with lugging ability that really digs into your heavy work and gets it done quickly and easily. Yet with all of its power and brute strength, the "55" is surprisingly easy on fuel. It's the result of built-in governor and automatic spark control. You get controlled power... efficiency unmatched in a tractor as big as the "55"... plenty of power on heavy jobs, only the power required for lighter work. You'll like the way the "55" is master of its power. It's more economical to own and brings lower production costs, greater savings to your farm.

See us soon for complete details on the Massey-Harris "55"... the tractor that thrives on heavy work.

REV. JAMES TIDWELL ADDRESSES FRIONA SENIOR CLASS ON SUNDAY

Twenty-seven graduates of Friona High School assembled in the Friona Methodist Church on Sunday evening, to hear Rev. James Tidwell, pastor, deliver the baccalaureate address as the opening of the 1950 graduating exercises.

Rev. Tidwell prefaced his remarks by commenting on the privilege of young Americans in observing "this coming of age" in graduation festivities, contrasting it to savage rites. "This is a symbol of our freedom . . . and we share with you the greatest of all privileges . . . you are now going forth to 'inherit the kingdom' promised by Christ, and it is up to you to find the path and the way, remembering that you are only partially prepared. Your education is not complete, but the doors of life have swung open."

In his address, the pastor compared life to a great river, made up of collective efforts from many sources. "The river may have an insignificant beginning," he pointed out, going on to add that "the world may not have been conscious of your beginning . . .

Your life will be made up of the collective efforts of all people who have already lived to form our current civilization. You represent the body of knowledge and skill and a portion of understanding."

"The river," he went on, "is always moving on—but we can store its flow with a dam, and by releasing the water as we choose, realize a great wealth of power. Life is the same way, power is captured and then released to go forward."

Turning back to his scripture, the parable of the talents, found in the gospel of St. Matthew, the minister charged the graduates, "Our responsibility is to deposit our talents as we pass on . . . the many tributaries that join a mighty river lose their individuality, but they make up the river, in the same way that we are all a part of life."

"History will never be the same . . . it is constantly changing. With the birth of a tiny baby in a manger, history was never again the same because of that one man who lived to reveal the love of God and

challenge men to broaden their lives."

We have today too much of the philosophy of 'something for nothing,' the minister warned, advising "you get out of life what you put into it" and then asked, "how much are you willing to put in?"

"I would remind you that what the world needs is not more knowledge and skill—although I do not deny their importance—but the world needs understanding and the love of God, the fellowship of Christ. God created His kingdom for you . . . take your responsibilities of life, in order that you may 'enter into the kingdom,'" he concluded.

Mrs. Roy Miller was at the piano for the class marches, with special music being presented by the Friona high school chorus, directed by Glen H. Cunningham, and Rev. Tommie Allen, of the Friona Baptist Church, gave the invocation.

LT. PETREE ASSIGNED TO COLO. UNIVERSITY

Wright-Patterson Air Force Base, Ohio—First Lieutenant Harold V. Petree, son of Mr. and Mrs. Mittiel Petree of Farwell, has been assigned by the USAF Institute of Technology, Wright-Patterson Air Force Base, Dayton, Ohio, to attend the Univers-

ty of Colorado for completion of educational requirements in architectural engineering.

Lieutenant Petree is one of some 1200 Air Force officers currently attending civilian colleges under a program designed to meet Air Force requirements for competently trained engineering and industrial management specialists.

He was stationed at Great Falls Air Force Base, Montana, as air inspector, prior to his present assignment at the University of Colorado.

LEGAL NOTICES

NOTICE OF ELECTION

THE STATE OF TEXAS
COUNTY OF FARMER
CITY OF FARWELL

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF FARWELL, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Farwell, Texas, on the 2d day of June, 1950, on the proposition and at the place more particularly set forth in the resolution adopted by the Board of

Commissioners on the 11th day of May, 1950, calling said election which is as follows:

"RESOLUTION
BY THE BOARD OF COMMISSIONERS OF THE CITY OF FARWELL, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$40,000.00 SEWER BONDS.

WHEREAS, the Board of Commissioners of the City of Farwell, Texas, deems it advisable to issue the bonds of the said City for the purpose hereinafter mentioned;

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF FARWELL, TEXAS:

1. That an election be held in said City of Farwell, Texas, on the 2d day of June, 1950, at which election the following proposition shall be submitted:

"Shall the Board of Commissioners of the City of Farwell, Texas, be authorized to issue the bonds of said City in the sum of Forty Thousand (\$40,000.00) Dollars, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturing being not more than Ten (10) years from their date, and bearing interest at a rate not to exceed Three and one-half (3½%) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of constructing a Sewer System in and

for said City, as authorized by the Constitution and laws of the State of Texas."

2. That the said election shall be held at the County Court Room in Farmer County Court House, within said City, and the following named persons are hereby appointed as officers of said election:

W. M. Roberts, Presiding Judge,
Mrs. L. S. Pool, Judge,
Mrs. Willie Hardage, Clerk,
Mrs. Ray Ford, Clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22, of the Revised City Statutes of 1925, as amended, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote;

4. The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF SEWER SYSTEM BONDS"
"AGAINST THE ISSUANCE OF SEWER SYSTEM BONDS"

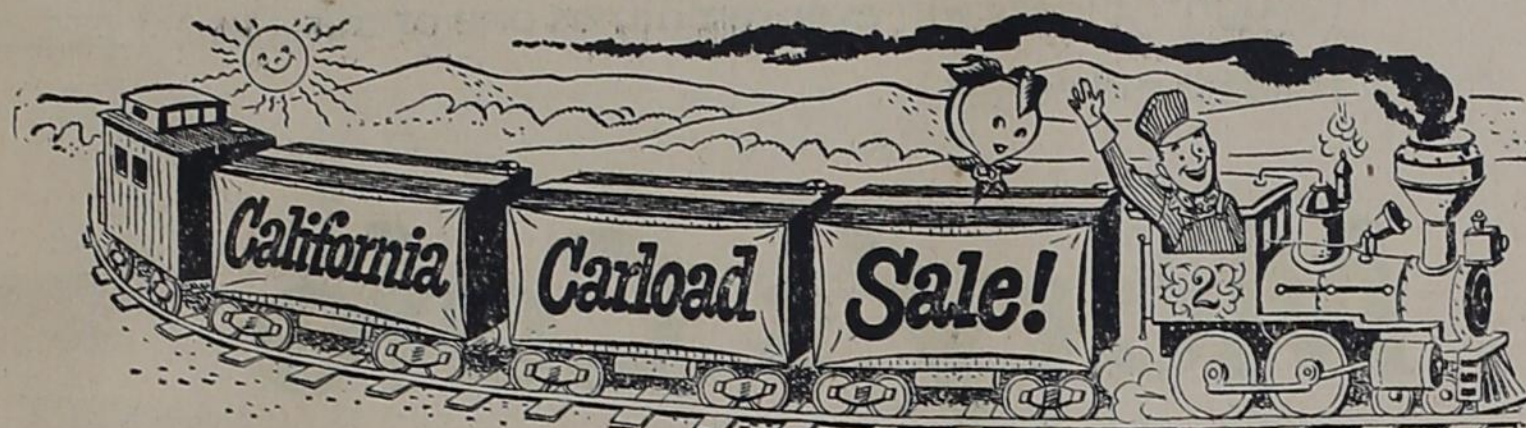

Each voter shall mark out with black ink or black pencil one of the above expressions thus leaving the other as indicating his vote on the proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended. The Mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said City, not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this 11th day of May, 1950.

C. M. HENDERSON,
Mayor, City of Farwell, Texas.

ATTEST:
JESSE T. LANDRUM
City Clerk, City of Farwell, Texas.

Ben Ramsey of San Augustine, backed by a long record of outstanding service in both the Texas House and Senate, has announced for Lieutenant Governor.

Ramsey resigned as secretary of state Feb. 9 to prepare for hie state race, convinced that the thinking people of Texas must take a more active interest in the actual operation of their state government.

Ramsey has been a leader in advancing rural electrification in the state and in the farm-to-market road program.

COETA ROTH, JOHN WHITE ARE BEST ALL-ROUND STUDENTS

It was disclosed with the receipt of the annuals that Coeta Roth and John White, seniors, have been selected as "Best All-Round" students for the school year of 1949-50.

These students were selected by members of the Texico school faculty on the basis of scholastic records, leadership, participation in extra-curricular activities, offices filled in various organizations, and dependability. Also, these two students were named because of their friendliness and pleasant personalities.

Coeta entered Texico schools during her junior year and since has been very active in all school work and extra-curricular activities. In her junior year she was selected best all-round student of the junior class and filed the office of vice president. She was also accorded the honor of being elected the most beautiful girl, most attractive girl, and having the best personality. This year Coeta is valedictorian of her class, and is class secretary. She is president of the home economics club, serves as vice president in dramatics club, business education club and music club. She was selected "FFA Sweetheart" and made the "Who's Who" in the school annual.

John's school career began in the Texico schools and has proved to be quite eventful. He is an outstanding student in grade school and this trait seems to have grown as he entered high school.

In both sophomore and junior years he served as class president. As a senior, he is president of the Student Council and was elected the most popular boy in high school. He played forward on the first basketball string, is business manager "The Wolverine's Tale"; and made "Who's Who" in the school annual.

ROSE GALLERY

A large hall picture of the Texico senior class was received this week from Sullivan's Studio in Clovis.

Sullivan was photographed when the senior pictures were taken last year and is now giving the class a hall picture of the 1950 graduates. He also presented each senior with a miniature reproduction of the large picture.

WANNA MAKE A ROSE?

If anyone wants to know the "art of making roses", just come to Texico high school and find out from the members of the senior class, who are making red, white and yellow roses for commencement exercises.

According to Mrs. Agrie Jones, 300 of the paper flowers will be used in decorating the stage which is to represent a southern rosary.

Mauldin Lumber Company, Clovis, is supplying the latticework. Flowerland, also of Clovis, is providing the arch work. Vines are interwoven in the lattice and "A Southern Rosary" will be inscribed on the arch.

APPRECIATION TO FACULTY

Members of the senior class wish to express their sincere appreciation to the Texico faculty for providing the flowers for the commencement exercises.

Besides the stage decorations, each senior girl was presented a corsage and matching flower for her hair and the boys received boutonnieres.

ANNUAL PRESENTATION

Thursday, May 11, got off to a bounding start as four senior girls journeyed to the Farwell school with a very valuable bundle.

Lona Mae Jones, Coeta Roth, Betty and Peggy Donahey carried an edition of the "Wolverine" to Farwell and presented it to Jack Williams, superintendent, in behalf of the Texico senior class.

The Farwell school had earlier presented one of their 1950 editions to the Texico school.

PAINTER—OR ARTIST?

While a large group of the seniors made paper roses for commencement exercises, three seniors boys were very busy last Friday slinging paint brushes!

Douglas Williams, Mark Leavell and Raymond Mager painted the fences and latticework which will be used tonight (Wednesday). Well, anything to skip some classes! !!!

EMILY POST AWARD

The annual Emily Post award to the senior with the best manners, most consideration for classmates and the faculty, and the most courteous, has been selected—and believe it or not, it's a boy! The honor goes to Mark Leavell.

At commencement he will be presented with an autographed copy of Emily Post's "Etiquette". Mark is quite a boy, in fact, the most quiet in the senior class, he always considers the feelings of others, and is courteous. His selection for this award is an honor and every under-

classman should strive for the award now, as all four years are considered in naming the senior to receive the honor.

VISITOR FROM PORTALES

Waiter Scott, of Eastern New Mexico University at Portales, spoke briefly to the seniors last Wednesday. His main thought was "Every high school graduate CAN go to college".

PHILOSOPHER

Patsy Ingram, senior, tells us that John Adams, instructor of Texico schools, has a solution for everything. Friday when Pat mimeographed six weeks' test papers for Mr. Adams, something slipped and Pat got in all over herself.

"Well," said Mr. Adams, "just get some of that Roytype nand clean; and it will take either the ink or your hand off, wouldn't make much difference, would it?"

HONOR ROLL IN BAND

According to Mrs. John Armour director of the music department, these students are on the band honor roll: senior band, Frankie Harris, Lona Mae Jones, Coeta Roth, Jo Beth Ingram; beginners, J. B. Taylor and Dick Lockhart.

Each of the students has an average of A for all six weeks periods.

HOME EC PROJECTS

The Home Economics class has recently completed a project, making toy scrap books for small children.

Some of the toys include a doll made by Doris Leavell; doll beds by Betty Bridges and Norma Kesner; a sled by Peggy Caldwell; stick horse by Mary Lou Hatcher; lamb and giraffes by Patsy Doshier and June Breeze; and toy blocks by Ne-

Alva Jane Moss, Glenda Doshier, Jo Sondra Magerus, Norma Jean

Jacks; Clodine Allen and Odessa Miller have made little sun dresses, shirts and rompers for small tots.

VISIT TRIBUNE OFFICE

The seventh grade history class, under the supervision of John Adams, instructor, visited the office of The State Line Tribune last Wednesday. Members of the class are

Kathryn Curd, Lelia Mae Thatcher, Nadine Thornton, Patricia Hatcher, Ruth Doane, Bobbie Merle Richardson, Charlotte Wilmeth, Madge Richardson, Dora Vigil, Naomi and Jerry Johnson, Jimmy Don Moss, Marvin Pendergrass, Bill Richardson, Howard Leavell, Bobby Don Goldsmith, Kenneth Reid, Rex Harris, Allen Lockhart, Clarence White and Bob-

by Joe Morgan. The class learned how the linotype operated, how pictures are printed, and how the press operates.

PERFECT ATTENDANCE

Mrs. B. A. Rogers reported today that two grade school children have perfect attendance records. The two (Continued on Following Page)

Thanks . . .

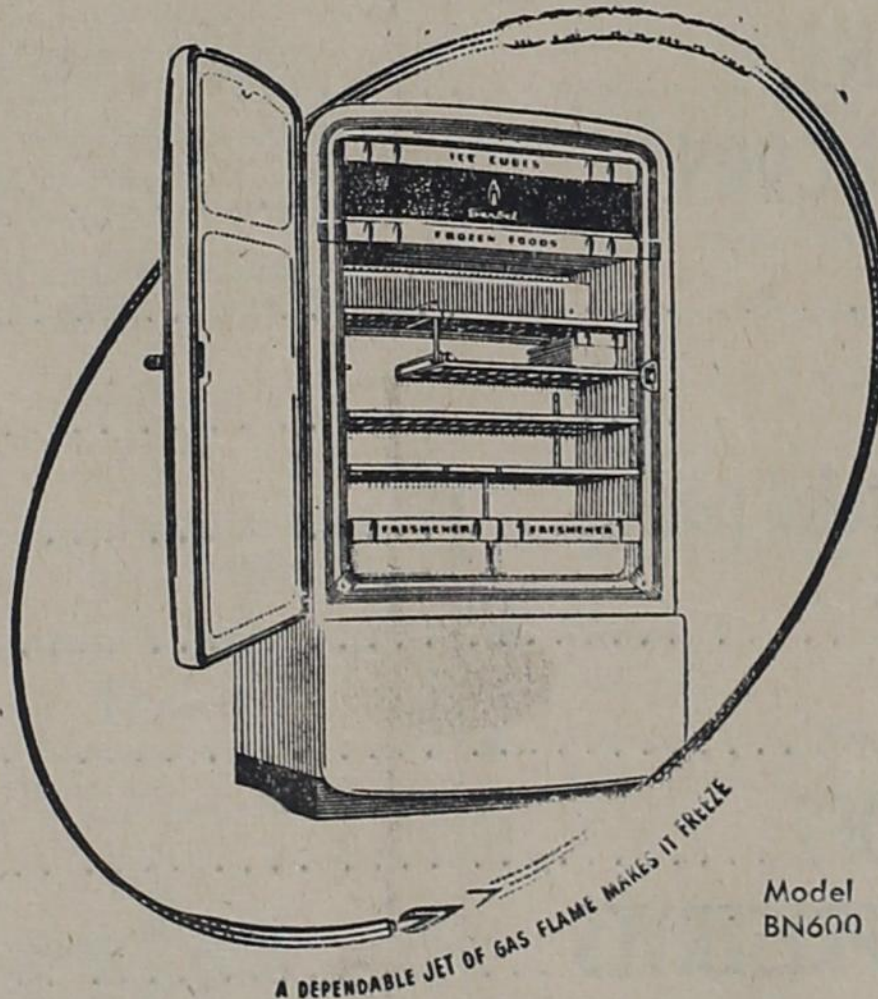

The response our many, many friends gave us for our formal opening last Saturday was far beyond our fondest expectations and we want each of you to know how deeply we appreciate your response.

We are particularly grateful to those who sent the many lovely bouquets of flowers. Your thoughtfulness will ever remain as one of our fondest memories.

girls who were here every day in spite of everything at Betty Crowley and Betty Pendergrass.

FIRST GRADE NEWS

Two first grade boys, Bobby Wilmeth and Lee Spears, have not been absent a day of school this term.

Several of the pupils spent Mother's Day with their grandmother. Tommy Wurster visited his grandmother, Mrs. McCollum, in Portales; Bobby Wilmeth went to Roswell; Jimmy Morgan was with Grandmother Rhodes in Portales; Glendon Moss visited Grandmother Barker in Friona; and Lee Spears visited his Grandmother Spears in Clovis.

The children made their mother very happy when they gave them a plant for Mother's Day. The students planted the flowers at school and had cared for them every day.

SECOND GRADE NEWS

Honor roll and perfect attendance awards for the second grade were announced by Mrs. C. B. Stockton on Monday. Honor roll students are Mary McDaniel, Gail Hadley, and JoAnne Brown. Students with perfect attendance are LeRoy Allen, Mary McDaniel and Gail Hadley.

THIRD, FOURTH GRADE

The following students are on the honor roll: third grade, Anita Moss,

David Lockhart, Barbara Seale, and Frances Harriman; fourth grade, Jerry King, Geneva Harriman, and Dicky Adams.

Perfect attendance records go to third grade, David Lockhart, Etnia Lou Allen, Frances Harriman, Eldon Thatcher; fourth grade, Bud Spears, Joe Spears.

FIFTH, SIXTH HONOR ROLL

The fifth grade is very proud of the fact that they had more students on the honor roll than the sixth. On the fifth honor roll were Betty Crowley, Dick Lockhart, Mikala Faville, Susan Levins, Alec Brown, Joyce Gleason and Carolyn Curd.

The sixth grade honor roll was made up of girls, including May Harriman, Sue Doolittle, Jackie Wilmetta and Anita Tharp.

SIXTH GRADER STUDY COUNTRY BY PICTURES

Each student in the sixth grade has written a letter to some section of the United States or Canada asking for literature to help them in their study of that particular section. The responses to the letters has been amazing and the students have received much information. One wrote a letter to the tourist bureau in New Mexico asking for information about the state. Maps were sent of the national forests, the different national monuments, ranches, and other interesting things in New Mexico. Other sections studied include the Deep South, Yellowstone National Park,

Sun Valley, Colorado, Canada, New England and Washington, D. C.

The students have a display showing the various famous festivals in the United States. Pictured are the Mardi Gras in New Orleans, the Cherry Blossom Festival in Washington; Patriot's Day in Boston, Frontier Day in Cheyenne, Gold Centennials in California, Tump Time in Holland, Michigan; San Jacinto Fiesta in San Antonio; The Acquattennial in Minneapolis, and the Rose Festival in Portland, Oregon.

GIFTS FOR TEACHERS

Students of the fifth and sixth grades gave a shower of fruit, flowers and handkerchiefs for their teacher, Mrs. B. A. Rogers, on Wednesday afternoon. The gifts are a farewell token of appreciation.

The fifth grade also had a gift presentation to Mrs. John Amour, the teacher. Both showers came as a surprise to the teachers.

May Is National Safety Month

"Check Your Car, Check Accidents". With this as the slogan, Chevrolet is urging its 7,000 dealers to get behind the National Safety Council's drive to promote safety during May.

By the use of newspaper advertisements, banners, window posters and special displays inside dealer showrooms and service departments, and direct mail announcement to the homes of Chevrolet owners, dealers are expected to draw attention to the importance of mechanical inspection.

Chevrolet proposes a 10-point program for safer cars. Checks cover brakes, steering gear, tires, wheel alignment, exhaust system, windows and windshield, rear vision mirror and windshield wiper, horn and lights.

"If every motorist will see that his car gets this ten-point check-up during May it will be a definite contributing factor toward safety on the highways and streets," said E. L. Harrig, director of the service and mechanical department, Chevrolet Motor Division. "We believe that Chevrolet dealers will do their part in promoting this worthy drive of the National Safety Council."

WATER CONSERVATION DISTRICTS ARE URGED FOR HIGH PLAINS REGION

By SALLA RODMAN

Creation of ground-water conservation districts, as authorized by the 51st Texas Legislature, would put into service new educational agencies to help the irrigation farmer figure how to make the most profitable use of his underground water supply.

As independent locally-controlled organizations of water users, districts could, for example, make investigations to find out which irrigation systems are the cheapest and most practical for use on the High Plains. By publicizing which systems provide the best utilization of water with the least waste, cost of useless pumping and waste of water could be avoided.

A district's investigations might also provide the answers to these questions: What size pump is it best to use under the conditions of the ground-water basin in this particular area? How much and how long is it safe to pump without permanently damaging the water supply? How close together may wells be drilled without the danger of mutual interference ruining either farmer's investment? Is sprinkler or flood-type irrigation more efficient or more productive or cheaper in this part of the country?

Serving the farmers by making known which crops will make the most money with the least water would be another useful educational function of a district. Take alfalfa and cotton, for instance. Alfalfa requires nearly three times as much water as cotton, but cotton usually sells for more. And in addition, cotton can be produced for less, because less costly pumping is required.

Of course, a district could not tell its members what crops to plant or how much water to pump, but it could point out the most beneficial use of the water and the most profitable use.

Another function of districts would be to conduct experiments and carry out projects to re-charge underground water reservoirs, thereby making more water available for use and insuring a constant supply. One of the principal ways of re-

charging might be through wet-weather lakes. These old lake bottoms fill up after heavy rains and much of the water evaporates before it can be put to any beneficial use. Experiments have shown that the underground water level adjacent to some of these lakes rises as the water seeps downward, whereas the water level is not affected further away from the lakes. The logical conclusion is that the rainfall is reaching the water table through seepage. By digging holes in the lake beds, or otherwise disturbing their surface, it may be possible to help more water get down to the water table.

Obviously, most farmers don't have the time or money to conduct such experiments. Through districts, it could be done, and both individual and large-scale projects for re-charging could be carried out.

Questions & Answers

Q. My son, a World War I disabled veteran, is going blind and has to be led around by relatives or friends. Is he eligible to receive a seeing-eye dog?

A. If your son is entitled to com-

pensation because of a service-connected disability, VA may furnish him with a seeing-eye dog and will pay the expense of training your son in the use of the dog. It is not necessary that the blindness result from the compensable disability.

Q. I converted my National Service Life Insurance some time ago and would like to know if I can borrow money from my bank or loan company and use my NSLI as security for the loan?

A. You cannot use your NSLI policy as security, but you can borrow up to 94 percent of its cash value from VA.

Q. My brother, a World War II veteran, passed away recently while separated from his wife. Who is entitled to the flag used to drape his casket; his mother or his widow?

A. In most states, the widow would be entitled unless she waives her right.

Q. In seeking a widow's pension, why is it necessary for me to prove the dissolution of prior marriages of my late husband who served in the army during World War I?

A. Death compensation or pension is payable only to the legal widow of the veteran. The dissolution of all prior marriages is essential in order to prove validity of your marriage to the veteran.

Overweight is a frequent malnutrition problem among adults in this country. Beyond 35 years of age, excess fat becomes a health liability.

Plans For Stadium Are Going Forward

Plans for erection of bleachers at the Farwell Steer football stadium, with the project being sponsored by the local Chamber of Commerce, are going forward this week, as the backers announce a scheme to offer season tickets in the fall for all local football and basketball games.

Explaining the working of the plan, Supt. Jack Williams said that some 40 men of the school district would be asked to put their names on the dotted line to handle five tickets each, and upon securing the tickets in August, turn over \$50 to the fund. The men, in turn, will act as distributors, selling the tickets at \$10 each, and the holders will thus have their admission fees for one year already paid to gridiron and cage contests.

The project is to be carried over a period of three years, with each man responsible for five tickets each August, he added.

Only exception to admission will be for basketball tournaments, and any football play-offs that may be slated for Farwell, officials pointed out.

Hopes are now to erect permanent bleachers with a seating capacity of around 1100 at the local stadium, and the cost is estimated at between \$6,000 and \$7,000.

Errors Cost Farwell Sunday's Contest

The Farwell Blue Sox grouped a bunch of errors in Sunday's game to give the Bovina ball club the game in the third inning, as five unearned runs were scored by the Bovina sluggers.

Bovina also got in some good stick work during the contest, which was called in the fifth inning by a light shower and accompanying dust. The contest ended 9-5 in favor of the visitors.

Soil Conservation Work to be Noted

Gov. Allan Shivers will recognize soil conservation work in Parmer County when he speaks at a banquet in Tulia on Friday night, May 19, honoring soil conservation in 51 Panhandle counties. Several people from this county have been invited to attend the banquet.

Johnny Linn, Uncle Jay of Radio Station KGNC, Amarillo, will be master of ceremonies at the dinner. Linn was recognized May 1 in Fort Worth at the state soil conservation awards program as farm editor of KGNC which won the state award for outstanding work in soil conservation.

The West Texas State College band from Canyon will salute the governor when he arrives and then will appear at the banquet. Members of the band will present a variety program during the dinner.

Fern Stout, Texico faculty member, was in Amarillo last Friday, where his father, Riley Stout, underwent a tonsilectomy. Mrs. Louis Purvis substituted at the school in his absence.

Texico Seniors Will Depart On Friday

Members of the Texico senior class have made plans to leave Friday morning, May 19, on their annual spring outing, with Colorado and New Mexico points on the agenda.

The group will visit Pago Springs, and Mesa Verde National Park in Colorado, spending two nights on a ranch in that area. On their return the group will visit the Museum in Santa Fe and the state mental hospital in Las Vegas. They plan to be gone around five days.

Planning to make the trip are John White, Patsy Engram, Peggy and Betty Donahay, Billie Roberts, Joyce Holland, Paul Clark, James Harding, Lona Mae Jones, Jim Billington, Frankie Harris, Douglas Williams, David Houghtling, and the sponsors, Mr. and Mrs. Agrie Jones.

May 18 Announced As Graduation Date

May 18th is the date for graduation exercises for the 18 members of the Texico eighth grade, with a short play to be presented by the students.

Phyllis Tucker will present the valedictory speech; Charlene Allen, salutatory; Walter Curd, class will; Kenneth Allred, class history; and Catherine Bell, class prophecy.

Class members include Phyllis Tucker, Charlene Allen, Walter Curd, Kenneth Allred, Emery Dale Baker, Catherine Bell, Paul Crooks, Kenneth Doolittle, Jerrell Doshier, Darrell Harris, Wayne Hagler, Carlton Kyle, Jimmie Moss, Claude and Clyde McDonald, Ray Harvey Snodgrass, J. B. Taylor and Jimmie Farley.

Eighth Graders Will Hear Rev. Allen

Rev. T. B. Allen, pastor of the Friona Baptist Church, will address the Friona eighth grade graduates tonight (Wednesday), when graduation exercises are held in the school auditorium.

Class valedictorian is Clyde Hayes and Gay Ann McFarland is the salutatory. Mrs. Roy Miller will be at the piano for the class march; Rev. J. E. Tidwell, Friona Methodist pastor, will give the invocation; Ben Hillis, grade school principal, will present the diplomas and Supt. Dalton Caffey is slated to offer the benediction.

Local Teacher Will Attend Conference

Mrs. Agrie Jones, business education instructor of the Texico schools, has been asked to participate in the annual Southwestern Conference on Business Education, at Highlands University, Las Vegas, in June.

She will take part in a panel discussion of business and general education, discussing "What contributions Should Business Make to General Education?"

Friday Is Graduation Night For Bovina Seniors Of 1950

Friday night of this week, May 19, is graduation night for the sixteen members of the Bovina senior class of 1950, with commencement exercises to be held in the high school auditorium, beginning at 8:30 o'clock.

Don Bowles, of station KICA, Clovis, has accepted the invitation of the class to appear as guest speaker. While class speakers include Ella Braashaw and Roberta Boatman, the joint salutatorians, and Midge Trisch, class valedictorian.

Mrs. Doris Watson will be at the piano for the processional and recessional; Rev. E. J. Speegle, of the Bovina Baptist Church, will deliver the invocation; "A Perfect Day" will be sung by the girls' chorus; Patsy Loflin will give a solo, "Home"; and the class will join in the school song.

Supt. W. H. Willoughby is slated to introduce the speaker, and will also present diplomas to members of the class, with Rev. Oscar Bruce, Methodist pastor, pronouncing the benediction.

Graduates this year include John Baca, Elizabeth Ann Berggren, Roberta Boatman, Ella Braashaw, Gene Brito, Bill Delashaw, Jeanne Elson, Gladys Hopingardner, Almeda Huff, Patsy Loflin, Weidon Moody, Dorothy Moorman, Midge Trisch, Virgil Trisch, and George Young.

Davis To Contract For New Building

C. G. Davis, of the Davis Mercantile Company, said early this week that he planned to let the contract for his large new store building at an early date, and construction work will get underway immediately after the contract has been let.

The new building, which will have an 80-foot front, will go up at corner of Third Street and Avenue A in Farwell. All the buildings occupying the site are being moved off the location in preparation for the new structure.

Jess Newton sold his cafe building to C. M. Henderson, which was moved last week. B. N. Graham will locate his office just north of the Ralph Humble implement building. The Randol building, still on the location, will be retained temporarily to be used as a tool shed and storeroom while the new building is in progress. Previously, Felix Monroe had moved his building to its new location just south of the Phillips 66 station.

Pipkin Gets Degree At West Texas State

Jess Herbert Pipkin, son of Mr. and Mrs. O. B. Pipkin of Farwell, will receive his BS degree from West Texas State College on Wednesday morning, May 24, at 10 o'clock, in the main auditorium of the campus. Dr. Tom L. Popejoy, president of the University of New Mexico, Albuquerque, will be the main speaker.

Commencement services for the largest graduating class in the history of West Texas State will begin Sunday morning, May 21, at 11 in the same auditorium. Dr. Don H. Morris, president of ACC, will deliver the baccalaureate sermon to the school's 40th graduating class.

Father Of Local Lady Suffers Heart Attack

Jack Smith, father of Mrs. Jim Moore of Texico, suffered a severe heart attack at his home in Hale Center the past Saturday. He was taken to the Hale Center hospital for treatment, and information here today indicates that his condition is serious.

The Moore family spent Sunday in Hale Center, with Mrs. Moore remaining at her father's bedside.

Methodist Pastor To Attend Annual Conference

Rev. Murphy Duncan, pastor of the Hamlin Memorial Methodist Church for the past year, left here Wednesday for Albuquerque, where he will attend Annual Conference for the remainder of the week.

The local congregation has asked for the return of Rev. Duncan for another year, and it is considered likely that he will serve the local work for the incoming conference year, starting on June 1st. The conference will be in session until Sunday noon, at which time appointments will be read out by the presiding bishop.

BACK IN AMARILLO

County Treasurer Mrs. Della B. Ezell, who has been recuperating from an illness at the home of her daughter, in Roswell, the past several weeks, has been removed to Amarillo. It was not learned here whether she was re-entering a hospital there or was visiting another daughter. Reports reaching here recently have been that Mrs. Ezell was not doing well.

TO BE SHARED . . . Ingrid Bergman and Dr. Peter Lindstrom have agreed on custody of their daughter, Pia. Lindstrom will have physical custody of the child as long as Ingrid remains abroad. When she returns, they will have joint custody, sharing her vacations.

Dr. E. N. Jones Will Speak On Thursday

Dr. E. N. Jones, vice president of the Texas Technological College, at Lubbock, will be the guest speaker, Thursday night, as commencement exercises are held in the Friona grade school auditorium.

Joe Allen Osborn is valedictorian for the seniors. He will give the salutatory remarks at the exercises, which will begin at 8 p. m.

Herb Swinney, minister of the Friona Sixth Street Church of Christ, is to give the invocation, with Rev. Tommie Allen, Friona Baptist pastor, pronouncing the benediction. Special music will be a clarinet solo by Joyce Ann Miller, and Mrs. Roy Miller will be at the piano for the marches.

Diplomas will be presented the graduates by P. L. London, of the school board, with special awards to be announced by Dillye Kelly, principal of the high school.

Members of the class include Mari-dee and Richard London, Dorothy and Leroy Burnett, Elwanda and Ray Strickland, Roy Lee Jones, Ray Nell Foster, June Moody, Joe Allen Osborn, Patsy Cobb, Lavon Rogers, Sam Mears, Tila Rue Day, Tommie Jones, LaQuitta Brannon, Lettie Maie Dukes, Mary Nell Fuks, Glen Ray Fallwell, Jack London, Marvin Massey, Tommy Laceywell, Harold Joe Wells, Alta Maye Wikins, Lewis Gore, Billy Jo Mercer, Fern Hand, Viddian Weis, and Billie Jean Marshall.

FORMER PASTOR—

(Continued From Page 1) as it is amused and broken up by a prism. Rev. Butler said the love of which Paul was speaking contained patience, kindness, humility, courteousness, unselfishness, temperateness, and sincerity, and he asked the class to fit these components into each of their own characters.

The minister ended his address by reading a philosophical passage adapted personally by himself: "I shall not pass through this world but once. Any kindness I can show to my fellow man, let me do it now, for I will not pass this way again."

As has been his custom at graduating exercises for some years, Rev. Butler presented to each member of the class a small copy of the New Testament, each work bearing a personal inscription within its cover for the addressee.

Music By Students
Furnishing music for the processional and recessional was the woodwind ensemble, under the direction of Mrs. Erma Jobs. After the invocation by Minister Lewis C. Cox, of Clovis, Mrs. Jobs accompanied Dennis Raney, high school student, who played a baritone solo, "The Lost Chord".

The senior girls sang "The Twenty-Third Psalm", and Rev. J. J. Terry, of the Oklahoma Lane Baptist Church, offered the benediction.

Eighth Graders Will Graduate, May 18

Nineteen young people will receive their passports into high school next Thursday night, May 18, when graduation exercises are held for the eighth graders of the Farwell school, in the auditorium of the school.

Rev. Virgil Hunton, Clovis Baptist pastor, has been invited to address the class, officials announce, with the exercises beginning at 8:15.

Jo Ann Cochran will give the valedictory address, with the salutatory remarks being offered by Frank Gulley.

Members of the class include Calvin Barber, Phillip Casady, Bernice Christian, Jo Ann Cochran, Vant Doshier, Farnk Gulley, Duane Herington, Dudley Hughes, Mary Krieger, Clarence Kube, Beverly Lovelace, Kenneth McMahan, Wayne Morris, Mary Pair, Mary Joyce Rolland, Leonard Rundell, Charley Smith, Darlane Kay Sprawls, and Ann Whitley.

SPEAKER STRESSES—

(Continued from Page 1) um as the woodwind ensemble played the processional and Minister Sol Morgan offered the invocation. Special music was given by the senior boys quartet, Ray Magness, Cary Joe Magness, Bobby Poteet and Bob Dollar, accompanied at the piano by Mrs. Erma Jobs.

June Christian spoke as salutatorian, while two girls—Valarie Dial and Hazel Petree—with identical scholastic standings, offered brief valedictory remarks. W. M. Roberts, principal, introduced the speaker and Rev. Murphy Duncan offered the benediction.

Special awards were presented by Supt. Jack Williams, with scholarships going to the valedictorians and the salutatorian, and the 22-year-old student loving cup went to June Christian.

Something new was added in the "Babe Ruth Sportsmanship Award", which is a plaque to be presented each year to two students of the school who have been judged as outstanding in sportsmanship. This year, the names of Jerry Pool, junior, and Kayla Felts, sophomore, will be engraved on the plaque.

Diplomas were presented by the school board president, Claude Rose, to Joan Allison, Ione Billingsley, Billie Christian, June Christian, Valarie Dial, Bob Dollar, Wilma Dell Doshier, Don Ford, Janie Graham, Raymond Jesko, Melborn Jones,

Leon London, Cary Joe Magness, Ray Magness, Calvin Meissner, Troy McKillip, Alta Norton, Hazel Petree, Bobby Poteet, Hettye Nann Randol, Pauline Sheets, Melvin Terry and Jimmy Williams.

HOPPERS—

(Continued from Page 1) in government spending". Opponents of the present administration, as well as died-in-the-wool Trumanites, have howled long and loud on this subject, and when the first major move is made in this direction a real yelp goes up from all corners of the nation. Recently, the postmaster general ordered a cut in postal service as an economy move. Now witness the yapping that is going up from one end of the country to the other. We all want economy, our nation must have it if we are to survive, but when the economic strings begin to tighten around us as individuals, we can't stand it. Sure, we want a cut in government spending, but we want Uncle Sam to pry the other fellow loose from the pie counter and leave us alone. You may mark this well: when economy begins to be practiced in government spending, it is going to start back at the grass roots, not with the higher ups in Washington. The little fellows at the end of the string are going to be the first ones to be cut loose, you may rest assured of that. Yes, we want economy in government spending, but we want the other fellow —not us—to be first to get the axe.
