

DONALD RAY VERNER poses proudly with his Chester White barrow, which last week was rated reserve grand champion of all breeds in the 4-H club division of the Southwest Livestock Exposition and Stock Show at Fort Worth. Young Verner is the son of Mr. and Mrs. Walter Verner of the Oklahoma Lane community, and a member of the Bovina 4-H club.

PARMER BOYS PLACE PIGS "IN THE MONEY" AT FORT WORTH STOCK SHOW

Twelve Parmer county pigs taken to Fort Worth for entry in the annual Southwest Livestock Exposition and Fat Stock Show placed "in the money" for their 4H club owners. County Agent Ollie Liner reported today on his return from Fort Worth.

In addition to the prize money received, some \$314.00 above current market prices went to the boys who sold their animals at the auction in Fort Worth.

Donald Ray Verner, 16-year-old Bovina clubber, topped the list by placing a Chester White barrow as reserve grand champion of all breeds in the club department of the exposition. Verner later sold the animal, a middle-weight 230-pounder, at 50c per pound to Armour & Co., Agent Liner said.

Other placements taken by Verner included: first in light-weight Chester White barrow; first in heavy-weight Chester White barrow; second in middle-weight Chester White barrow.

Charles Verner placed two animals, rating third in the heavy-weight Chester White class and 10th in the middle-weight division of the same group; James Tidenberg, of Bovina, placed twice in the Hampshire division, winning fourth with his light-weight barrow and 12th with another light-weight.

In the Duroc division, Jerry Gleason, of Lazbuddy, showed the second place light-weight barrow; and in the Poland China group, Jim Roy Daniel, also of Lazbuddy, placed fourth with a light-weight barrow.

SPECIALISTS COME HERE FOR IRRIGATION MEETING, FRIDAY, FEBRUARY 10th

Specialists from various branches of the Texas A. & M. College will be here on Friday, February 10th, as speakers at an all-day meeting concerned with irrigation. The gathering will be held in the district court room of the Parmer County courthouse in Farwell.

County Agent Ollie Liner, in announcing the program, said that the meeting will get underway at 9:30 in the morning, with C. M. Henderson, president of the Farwell Chamber of Commerce, offering a welcome to the visitors.

W. L. Edelman, of Friona, chairman of the Parmer County SCS board of directors, will follow Henderson, outlining the Soil Conservation Service work in this county and at 9:45 M. K. Thornton, extension agricultural chemist from A. & M., is slated to discuss "Fertilizing Crops Under Irrigation".

"Irrigation Practices" is the topic of a talk by Ed Bush, irrigation engineer, Extension Service, Lubbock; and at 11:30 "Weed Control Problems" will be taken up by Thornton, after which the group will be adjourned for noon.

A big barebue spread is to be featured at the noon hour, extended all visitors by the local Chamber of Commerce, Liner said, adding that the feed will be held in the Ed Muckelroy building in Farwell, formerly occupied by Hardage Hudson.

Beginning again at 1 o'clock, R. E. Karper will open the afternoon session by discussing "Grain Sorghum Production Under Irrigation"; and at 2 o'clock C. E. Van Doren, soil conservationist, Amarillo Experiment Station, is to take up "Wheat Production Problems". The last talk of the day begins at 2:45, with Guy Carpenter speaking on "Insect Control on Cotton and Wheat". Carpenter is the entomologist out of the Lubbock extension station.

Liner urged that all farmers of the area make it a point to be on hand, when all phases of irrigation work will be considered.

Henderson Heads CC Again This Year

C. M. Henderson, who has served the Farwell Chamber of Commerce as president the past three years, was re-elected to that office when the directors held a meeting for the purpose of choosing new officers, last week.

Along with Henderson, O. C. Sikes was named vice president; Frank Seale, secretary; and G. D. Anderson, treasurer.

The directors met at the office of President Henderson, with only six members present. The first ballot gave Henderson and Sikes an even vote of three each for the presidency. Two additional directors were called in, resulting in a four-four tie between the two nominees. Another director, who was out of town, was contacted the following day, and his vote tipped the tie in favor of Henderson.

Cars Crash; Local Man Lands In Jail

Lee Blair, local laborer, spent Tuesday night in the Parmer County jail and was scheduled to be arraigned today (Wednesday) on a charge of operating an automobile while intoxicated, according to the sheriff's department.

Blair was taken in charge by Sheriff Chas. Lovelace late Tuesday afternoon, following a two-car collision at the northeast corner of the Farwell townsite, at the site generally called the Darr corner. According to officers, Blair was making a left-hand U turn at the intersection of Eighth Street and Highway 70, and ran his car into a new Oldsmobile approaching from the east and driven by Forrest Russell of El Paso after the Russell machine had pulled off the pavement in an effort to avoid the crash.

Russell was accompanied by Dwight Folk, also of El Paso, and Blair was alone. No injuries resulted from the crash and neither of the cars was badly damaged.

Rob Kyker, who lives in Carlsbad, was a visitor here Sunday in the home of his parents, Mr. and Mrs. Bob Kyker.

TO OPEN STATION

Mr. and Mrs. D. W. Bagley stated today that they planned to open one of their new service stations in Farwell on Saturday morning of this week. The station located on Highway 70 in Farwell will be the first to be opened, with the other location on Highway 60 being delayed by construction work.

Panhandle products will be featured at both stations when they are put in operation.

Formal opening of both stations will be delayed a few days, Mrs. Bagley reported.

University Dean To Be Banquet Speaker

Dr. Martin Cole, dean of Eastern New Mexico University of Portales, will be the main speaker at the annual Farwell Chamber of Commerce banquet on Tuesday evening, Feb. 14.

The band mothers of the Farwell school will serve the lunch and plates are now being reserved at \$2 each. The banquet will be staged in the school cafeteria, starting at 7:30 p. m.

Dr. Cole, a recent addition to the University faculty, has made a number of after-dinner appearances in the short time he has been in Portales, and bears the reputation of being one of the most interesting and enlightening speakers in this section. His appearance is expected to draw a full house. Gene Mann, head of the Public Relations Department of the University, has promised to send some entertainers from the student body, but had not designated the personnel up to Wednesday morning.

Arrangements are being made to care for at least 150 at the banquet and the band mothers are anxious that reservations be made early in order that details may be worked out accordingly.

Death Claims Jack Butcher, Pioneer

Death claimed Jackson Seymour (Jack) Butcher, 80-year-old Farwell pioneer citizen, at 7 o'clock the past Sunday evening at the home of his daughter, Mrs. M. S. Weir, in Friona.

Mr. Butcher had been in failing health the past several years, and during that period he had been confined to bed only a few days before his passing. He was removed from his home, where he had lived alone since the death of his wife in 1934, northwest of Farwell on Sunday afternoon. About two hours later, in the home of his daughter in Friona, he passed away.

Mr. and Mrs. Butcher came to Farwell with their small family in 1907, after living at Woodward, Okla., for seven years. Originally, they came from Illinois. Upon moving here, he followed the trades of carpentering and bricklaying and did construction on many buildings in the Twin Cities.

Funeral services are scheduled for Wednesday afternoon at the Farwell Church of Christ, with Minister Ebb Randol of Muleshoe officiating. Burial will take place in the West Camp cemetery, under the direction of Steed Funeral Home of Clovis.

Two daughters, Mrs. Hazel Weir, Friona; and Mrs. Mable Huber, Texico, survive. One brother, C. T. Butcher, of Burley, Idaho, also survives.

IN HOSPITAL

Scotty Levins, of the Border Theatre, entered the Parmer County Community Hospital in Friona last Wednesday, where he is still under treatment. He is expected to be dismissed on Thursday.

HOME FROM DALLAS

Mr. and Mrs. Carl Davis returned home the first of the week from a business trip to Dallas and Fort Worth. Davis said he encountered lots of rain downstate, running out of the moisture before reaching Wichita Falls on the return trip.

Miss Belva Park spent Saturday visiting in Amarillo.

FURNITURE MART HAS TWO FIRES IN SINGLE DAY

Ben Smart, of the Furniture Mart, had his share of fires on Monday of this week, with two separate flares occurring during the span of a few hours.

An accumulation of trash and crates, piled south of one of his warehouses in Texico, flared up and brought out the fire department in the mid-forenoon, resulting in no damage.

Before the noon hour, Smart received a telephone call, informing him that an empty delivery truck, returning from a trip to Texline, caught fire north of Amarillo. Only packing pads were destroyed by the blaze, driver Raymond Morgan reported.

Mother Local Men Dies In Oklahoma

Mrs. R. M. Doshier, age 76, mother of Dick and Frank Doshier of this city, passed away at the family home in Tipton, Okla., on Saturday, Feb. 4. She had lived in and around Tipton since 1902, coming there with her husband before the "Big Pasture" country was opened for settlement.

Mr. and Mrs. Doshier were married on Dec. 17, 1899, and celebrated their 50th wedding anniversary last December with all nine children present.

Burial took place in the Tipton cemetery, Monday afternoon, with six of her grandsons acting as pallbearers.

Besides her husband, she is survived by nine children, all of whom were present for the funeral, with the exception of one daughter, Mrs. H. P. Hooper of Longview, Wash. The children are, five boys, Elmer of Tipton, Arthur, Littlefield; Frank, Farwell; Dick, Texico; Billie, Tipton; four girls, Mrs. Rena Belisle, Tipton; Mrs. Dora Hooper, Longview, Wash.; Mrs. Faye Neugebauer, Manitou, Okla.; Mrs. Mattie Mae Huff, Manitou, Okla. Other survivors include 37 grand children and four great grandchildren.

Among the out of town friends and relatives from here attending the funeral were Mr. and Mrs. Jimmie McGuire, Mr. and Mrs. Junior Doshier, Alpha Doshier, Mr. and Mrs. Clarence Barber, Mr. and Mrs. Lee Doshier, Mr. and Mrs. W. I. Rundell, Mr. and Mrs. Myron Hillock and Mrs. Julia Hillock.

GARBAGE NOTICE

Local residents are reminded that payments for garbage disposal are dragging somewhat in both Texico and Farwell. Most of the Texico residents have paid up, but Farwell is behind. Payments may be made in Texico to W. L. Freeman and Farwell residents should leave their fees with G. D. Anderson.

Mr. and Mrs. Troy Kersey, who now reside in Clovis, are moving to Albuquerque to make their home.

MORE THAN TWO HUNDRED GATHER TO HONOR ELLISONS ON THEIR GOLDEN WEDDING ANNIVERSARY

It was just an occasion of old friends getting together again when more than two hundred gathered in the home of Mr. and Mrs. Hubert Ellison in Bovina last Sunday afternoon to pay their respects to one of Parmer County's most beloved couples, Mr. and Mrs. J. W. Ellison.

The event was in celebration of the hearty couple's golden wedding anniversary, which proved to be one of good fellowship and beauty. Floral offerings bedecked the living room and overflowed to the bedrooms, where literal stacks of lovely gifts had been arranged.

In the receiving line stationed at the door were the Ellison's three sons, Hubert, Buck and Aubrey, who greeted the flow of well-wishers.

Joe Head, one of the family's old friends, who can always be depended on to "heist a tune" on any occasion, arranged a quartette composed of himself, Mr. and Mrs. Johnnie Glover and Mrs. Hubert Ellison and sang several numbers, accompanied by Mrs. Doris Wilson at the piano.

Dedicating her two numbers to the honored couple, Mrs. W. H. Gra-

"The best we have ever done", was the remark made by Loyde Brewer, county chairman of the 1950 March of Dimes campaign, as he turned in figures on Tuesday.

A total of \$3432.06 had been reported to the county chairman, and it was believed that this was the entire collection taken in Parmer County. Last year, the county drive reached only around \$2300, which means that the polio threat which touched Parmer during the summer of 1949 had something to do with the way residents felt when the yearly call was made.

The Friona school gets credit for the top amount turned in to Chairman Brewer. Spurred on by a cash prize offered by Supt. Dalton Caffey, the students came through with a grand total of \$1000, Brewer reported. The freshmen, who led the high school, not only turned their prize money into the fund, but dug down for the extra \$4 to make an even \$1000, he added. The sixth graders topped the grammar department.

In the Lakeview community, every resident had a part in the campaign, with Mrs. Otho Whitefield, Mrs. George Jones and Mrs. Marie Harper making a door-to-door campaign which got a 100% response.

Per capita, any area of the county would have been pushed to exceed the Rhea collections, although other residents came through in good style.

In releasing the list of contributions, Brewer stressed the fact that several clubs and organizations gave into community pots, and are not listed separately. By communities, the contributions ran:

Farwell	\$ 356.81
Bovina	361.16
Oklahoma Lane	129.40
Lazbuddy	245.29
Rhea	311.50
Black	222.82
Lakeview	110.45
Friona	1640.63
Shrine Club	50.00
Total	3432.06

Fire Boys Give \$50 To Paralysis Fund

The Texico-Farwell Fire Department contributed a total of \$50.00 from its treasury to the polio fund, it was revealed here today. Equal checks in the amount of \$25.00 were issued to the Texico and Farwell workers.

Receipts placed in Texico to receive contributions during the drive were collected on Tuesday, but since they were taken to Clovis, no account of the amount raised in Texico could be learned by The Tribune.

RENOVATION PROGRAM

Mr. and Mrs. Sterlyn Billington are carrying forward a renovation program at their barber and beauty shop this week. The barber shop is being given a fresh coat of white paint while the beauty shop revamping is more thorough. New floor coverings, wall finish and several items of new equipment are being installed.

JIM PICKED JEANIE WHEN LAW WOULD ALLOW ONLY ONE GIRL

By KATHERINE HENRY BOVINA, Feb. 5—He says that when he went back to Georgia after eight years in the West he felt so sorry for those "pore little gals running around barefoot in the cotton patches" he wanted to rescue a whole wagonload of them, but learned it was against the law to bring back more than one, so he chose and married Jeanie.

She says he looked all over Texas and Oklahoma for eight years trying to find a girl who would have him, and finally had to come back to the land of peaches before he could hoodwink one into marriage.

That is the sort of good-natured banter that has made 50 years of

married life short for Mr. and Mrs. James Washington Ellison of Bovina, who celebrated their Golden Wedding anniversary Sunday.

Jim Ellison and Jeanie Stanley were born on adjoining farms in Cherokee County, Ga., but he came West when he was 18, and she was such a little tyke then that she didn't remember him.

When he returned, she had grown up into a pretty young lady, and was intrigued by reports of "the fellow from Texas with the big hat" about whom rumors were flying in the small community.

He had heard of her, too, and one night when he went to the Missionary Baptist Church where her father was the minister, he saw Jeanie sitting on the steps with an older woman. He arranged an introduction and six months later they were

married.

When their first child was still an infant-in-arms, the young couple set out for the West. Mrs. Ellison did not see any of her family again for 15 years, and she admits that sometimes she got homesick and blue. "But when Jim came into the house, I forgot all about being so far away from my folks, and I've never for a single second regretted our marriage," she declares.

Jeanie's once-dark tresses are almost silver now, and Jim's black hair has turned to snowy white, but they are both quick to smile and each is ready for a quiet joke at the other's expense. They are especially proud of the fact that of their nine children, the seven who are still living all have modern homes of their own. All live within a 3-hour journey of their parents, and most of them are quite nearby. They are:

Hubert Ellison, Bovina building contractor whose home the Golden Anniversary reception was held Sunday afternoon; Mrs. T. E. (Nannie) Rhoades, who lives on a farm east of Bovina; E. E. (Buck) Ellison, who farms a mile west of his parents; Aubrey Ellison, who farms two miles east of Bovina; Mrs. Charles (Mary) Lee Tidenberg, whose husband operates a store in Santa Rosa; Mrs. J. C. (Bessie) Denny, whose husband is a Bovina tailor; and Mrs. Johnny (Lucile) Glover, whose husband operates a blacksmith and welding shop in Bovina.

The Ellisons have 14 grand children, two "step-grandchildren" and a great-grandson.

The couple lives in a neat stucco bungalow surrounded by a freshly-painted white fence on a 160-acre wheat farm five miles west and a quarter of a mile south of Bovina. They stay there, that is, when they are not off gallivanting around somewhere trying to find a new fishing hole for Jim to drop a hook into.

Jeanie says that Jim, who left Denton County, Texas, in his bachelor days because there "wasn't enough game", always has been more interested in hunting and fishing than he has in farming, although he has managed to be successful in agriculture nevertheless.

When they had more than half a dozen children, they used to load them all up in a wagon and drive more than 300 miles on a fishing expedition.

"If the kids got to fighting, and wouldn't behave themselves, we just put them out and made them walk until they were so tired they were ready to settle down," Mrs. Ellison recalls with a laugh.

"As soon as winter breaks" this year, the couple plans to set out alone on an automobile trip to Georgia. They will be gone a couple of

months; maybe longer.

They have spent as much as seven consecutive months in Hot Springs because of the excellent fishing at Elephant Butte lake.

"It was there Jim had such a time last year with a big trout he had snagged on the end of a long line. He was fishing with a 24-foot pole, and was confronted with the problem of how to hold the 'wrepper'. He finally allowed the fish to wear itself out, then he stuck the end of the pole in the bank, climbed the bank and scooped up the fish in his landing net. (That's what the man says!)"

Feb. 19-25 Listed As FFA Week In Texas

"I believe in the future of farming and in the ability of our organized farm youth to improve the conditions

of our Texas farms and raise the standard of living," Governor Allen Shivers said today as he signed a proclamation designating February 19-25 as National Future Farmer Week in Texas.

Membership in the Texas Association of the FFA has increased to the extent that now one tenth of the national membership is made up of Texans.

The major purposes of the FFA organization are to develop leadership, encourage cooperation, promote good citizenship, teach sound methods of farming an dinspire patriotism among its members.

The members of the FFA through intensive courses in vocational agriculture taught in the various high schools, under the sponsorship of the State Board for Vocational Education, perform valuable community services and provide important leadership in developing our agricultural economy and in building a better state.

PLENTY OF FRYERS AND BROILERS FOR ALL

COLLEGE STATION — Farm prices in most of the major fryer and broiler producing areas of the Southwest have dropped four to five cents per pound since early January and they now are averaging about 10 cents per pound lower than one year ago.

The southwest area office of PMAs Food Distribution Programs branch in Dallas reports that supplies are plentiful and they are urging consumers to take advantage of the situation. The lower prices, they say, can help the homemaker balance her family's food budget and at the same time help producers who report that selling prices are below cost of production.

The extension foods and nutrition specialists of Texas A. & M. College say that fryers and broilers can be used to take care of many of the meat requirements for the family. They point out that there are many different ways to prepare fryers and broilers for the family table and recommend that consumers try several different methods of preparation. They are always good fried, baked or broiled, but try barbecuing a few!

Now is a mighty good time to put some extras in the freezer-locker box or the home freezer. They will come in handy when unannounced guests drop in for lunch and, too, the family will appreciate changes in the menu. They conclude that the

COUNTY FARM BUREAU SCHEDULES FEBRUARY MEETING AT FRIONA

Directors of the Parmer County Farm Bureau, in their regular meeting last night, set February 24 as the date for the first quarterly county-wide meeting for 1950. The night's entertainment will be furnished by the Friona "Barber Shop Quartet" that is gaining in favor with music lovers in the county on each appearance. Friona grade school auditorium will be the gathering place.

Raymond Euler, secretary, said that the speaker of the evening will be a man who has been active in Farm Bureau work for several years.

In the last 60 days, Euler said, Texas Farm Bureau has organized and financed the Texas Farm Bureau Insurance Company to service its members with fire insurance at reduced rates. All Farm Bureau Insurance companies operating in Texas are Old Line Legal Reserve Companies, affording guaranteed protection to policy holders. Since 1926, 25 Farm Bureau Casualty Companies operating in 37 states, 10 fire insurance companies operating in 21 states and 6 life insurance companies operating in 22 states have been organized. Not one has ever failed because they are organized by and for the people who patronize them.

Blue Cross and Blue Shield, by special arrangement, are also made available to Farm Bureau members of six months standing. Since April, 1949, 118 families have availed themselves of this protection in Parmer County.

A Few ?'s to Ask the Printing Peddler

When the Peddler selling stationery and printing supplies solicits your business, there are a few questions which he should be willing to answer to your satisfaction.

Among them being:

- Does he pay taxes in this community?
- Does he donate space in his newspaper to the local community enterprises?
- Does he pay wages to a force of employees located in this City, County or State?
- Does his papers devote its entire space toward the betterment and upbuilding of this community?
- Does he grant you every favor that you would ordinarily ask of a local newspaper?
- Does the quality of his merchandise stand inspection—is it on quality paper stock and the printed matter attractively arranged?
- Will he submit proof of your work before finishing and mailing it to you C. O. D.?
- Does his price include postage and insurance charges?
- Can he supply your order on short notice?

If he can answer all the questions in the affirmative, he is entitled to your business.

Lions Club Holds First Luncheon

The first semi-monthly luncheon of the Texico-Farwell Lions Club was held at the Legion Hall on Tuesday night, with the Texico PTA ladies serving a generous fried chicken plate, assisted by girls from the Home Ec class.

Fifty-eight members were present to enjoy the first regular meeting, which was followed by an enthusiastic sing-song, directed by Walter Hardage, with Jim Bob Smart at the piano. President Agrie Jones praised the Club as "the singingest Club he had ever seen".

Lion John Getz called attention to the Heart Benefit campaign that the Legion was sponsoring and asked for contributions in the containers placed at the business establishments in town. He also announced a Valentine dance, sponsored by the Legion on Friday evening of this week.

An offer of the Clovis Lions to present a Negro minstrel recently staged in Clovis to packed audiences, was announced by President Jones and the entertainment committee was authorized to arrange a date for the show, which will be held in one of the school auditoriums in the near future. The Clovis Lions have offered to put on the show for their expenses, giving the local Club the remainder of the proceeds.

Friona Couple Dies In Oklahoma Crash

Mr. and Mrs. H. G. Beene, who resided southeast of Friona, met death on icy highways near Nowata, Oklahoma, last Thursday morning, when the Beene car skidded into the path of an auto driven by John Daugherty Kenreigh, of Vinita, Oklahoma.

Kenreigh, 37, sustained minor injuries, and Denver Wesley Wilmoth, 32, riding with Kenreigh, suffered a hip fracture and cuts about the face. Beene, age 62, and his wife, age 60, had left Friona Wednesday, enroute to Savannah, Mo., where Mrs. Beene was scheduled to go through a clinic. They had been residents of the Friona community for some years.

Funeral services for the Friona couple was held in the Friona Methodist Church on Sunday afternoon, February 5th, and interment was made in the Friona cemetery. Rev. E. E. Houlette, of Portales, former pastor of the Friona Holiness Church was in charge.

Survivors include a daughter, Mrs. Joe Brummett, a son, Burl Beene, and five grandchildren, all of Friona. G. G. Griffin, of Amarillo, a son of Mrs. Beene, also survives.

Williams Dry Goods To New Quarters

W. E. Williams, owner-manager of the Williams Mercantile Co. at Bovina, announced this week that he was making plans to move to new quarters on March 1st.

Williams said he would occupy the new building recently completed by John Kimbrow, one door east of his present location. "I plan to have the prettiest little store in the country," Williams said, adding that new fixtures were now being built for his new store.

The new building, now occupied by C. R. Elliott with a stock of furniture, is 22x62 feet, and is modern in every detail.

Raymond Martin Buys Produce Business

Raymond Martin made a deal the latter part of last week, whereby he became owner of the produce business formerly operated in Farwell by Donald Watkins.

Martin said he would continue to operate in the same location and had changed the name of the store to Martin Produce. Watkins retains ownership of the building, which is being leased by Martin.

Watkins said today he planned to be in Lubbock the next two weeks, where he will receive medical attention. Upon his return, he and his wife will join his father in farming operations east of town.

Farwell FFA Boy Buys Top Gilt at Auction

Jackie Doshier, member of the Farwell FFA chapter, bought the top-rated registered gilt at the annual Southwestern Swine Breeders Sale, held Tuesday in Clovis.

Robert Morton, FFA instructor, reported that Doshier paid \$175 for the registered Hampshire animal, which comes from the E. S. Bailev herd, near Clarendon, rated as one of the best Hampshire breeders in this area.

Twenty-two bred gilts went up for auction, and averaged \$116.35, Morton added. "This is the best quality we have ever had at the sale," he remarked.

FFA representatives at the sale were Doshier, Ted Magness, Bobby Gulley and Morton.

Mr. and Mrs. O. C. Sikes, of the Sikes Motor Co., are in Denver this week, attending a Ford dealers meeting.

Mrs. Bill Ross, of Albuquerque, visited her parents, Mr. and Mrs. A. T. Kersey, in Farwell, for several days the last of the week.

Another Doctor Will Be Added To Staff

Dr. Paul Spring, who since Christmas has singlehandedly directed medical care at the Parmar County Community Hospital in Friona, announced on Sunday that after March 1st he would be joined by another physician on the hospital staff.

Coming to the staff at that time will be Dr. William P. Childress, who is currently practicing in Dallas. Dr. Spring stated that Dr. Childress has been connected with a group of physicians in Dallas for some time, doing a good deal of surgery.

Dr. and Mrs. Childress will occupy the new home in Friona recently vacated by Dr. H. H. Cooke, who severed his connection with the hospital and returned to California around the first of the year.

ard Lee, Mrs. Pete Davies, Mrs. Earl Richards, Mrs. Shroyer, Mrs. John Wilson, Mrs. Frank Wilson, Mrs. Pat Kunselman, Mrs. Frank Barnett, Mrs. Bob Williford, Mrs. Amos Steelman, Mrs. Blron Turner, Mrs. Maole Ellison and Patsy, Miss Delores Wilson.

Ford Styling Wins Academy Award

The Fashion Academy Gold Medal Award for outstanding design and fashion styling for 1950 automobiles has been awarded to the 1951 Ford. This is the second consecutive year the Ford line has been selected by the Academy to receive the award.

The Fashion Academy, a New York school of fashion design, has become internationally known over the years for its annual selection of America's "Best Dressed Women" and more recently for its annual award in the automotive field to America's "Fashion Car for the Year".

The Ford line was chosen to receive the award again after 1950 automobile models of all makes and in all price ranges were carefully studied from the standpoint of excellence in design, simplicity, and feminine style appeal. The award last year to the 1949 Ford and again to the 1950 model marks the first time the Gold Medal was awarded to a car in the low-price field.

QUOTAS INCREASED

Chief W. I. Liechty, recruiter in charge of the local Navy recruiting station, announces that the Navy's quotas for enlistment have been increased since the first of January. Openings are now available to many applicants who were unable to enlist earlier due to previous small quotas. Persons interested should contact the Navy recruiting station at Post Office Building, Room 8, Clovis. Ex-servicemen who can qualify will be accepted.

NOW PARMER COUNTY CLUBBERS and their sponsor, Agent Ollie Liner, can ride in style, through the courtesy of Reeve Chevrolet Company in Friona, which recently presented the county organization with a brand-spanking new half-ton Chevrolet pickup.

Shown in the picture above are Glenn Reeve, of the Company, presenting the keys to James Tidenberg, of Bovina, chairman of the county 4-H club council; Agent Ollie Liner, Dean London, president of the Friona 4-H club; and Darrell Norton, of the Farwell Club.

The pickup will be used for 4-H club work over the entire county, Liner said today, adding that it would be immensely handy to boys in transporting livestock to the various shows in which the clubbers annually take part, both within and out of the county.

Dairy Meeting Slated For February 17th

Dairy herd owners of Parmer County are this week advised that a special meeting on their work will be held at the Legion Hall in Farwell on Friday, February 17th.

County Agent Ollie Liner stated that two specialists from Texas A. & M. will be on hand at that time, discussing "Balancing Dairy Feeding" and "Managing the Dairy Herd".

The meeting opens at 9 o'clock in the morning, concluding by noon, and the agent urged a generous attendance.

Good Management And Planning May Be The Answer

COLLEGE STATION — Lower farm prices and stable or even higher production costs have put a real squeeze on Texas farm and ranch operators. The low acreage allotments for some of the major cash crops have created other problems and one of them is how to maintain farm profits.

Something can be done, says C. H. Bates, extension farm management specialist of Texas A. and M. College, to cushion or soften the shock of cash crop reductions and declining incomes. He says farmers should set up definite plans for making operations on their individual farms more efficient. This planning will require a close examination of present operations and methods, must be found for reducing some of the production costs and, thus, increase net returns. Farm records, he points out, are a mighty important part of the farm business operations and a close study of records may reveal "leaks" or "low staves" in the profit barrel.

Bates says there is a definite need for better individual planning of all farm activities for 1950 if farmers and ranchmen are to achieve maximum production at the lowest possible cost. He says operators should try to balance livestock numbers with crop and forage production. Increase crop yields by planting seed of improved varieties, fertilizing generously, controlling insects and diseases and by proper harvesting methods. The production of grass and legume seed may provide good returns for efficient producers in some sections of the state.

Farmers and ranchers should not forget to include in their plans practices and crops that will improve the basic asset—the soil. It takes good soil to produce high crop yields and support good livestock and good soil coupled with good management, he says, can boost farm incomes.

Bates concludes that if farm profits are to be maintained during the years immediately ahead, better and more efficient management practices must become a part of each farm or ranch operator's plans.

MEDICINE TODAY . . .

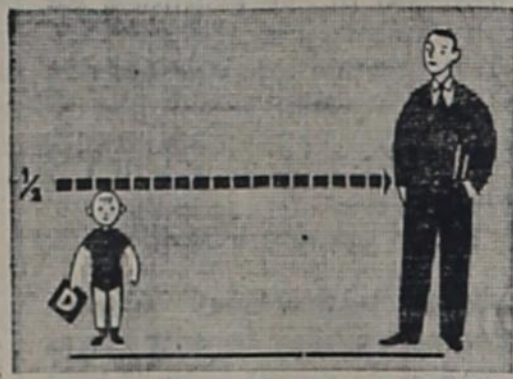

"MAKING" VITAMINS

NEW YORK, N. Y.—A lamp shining more powerfully than the direct rays of the sun actually "makes" Vitamin D. So powerful is this lamp that it converts a substance containing no Vitamin D into one with about 40 million units of Vitamin D per gram.

Vitamin D, known as the "sunshine vitamin," is essential to the sound development of babies' teeth and bones. It is Vitamin D which enables the human body to make full use of bone-building calcium and phosphorus in our food.

It is estimated that more than 80 per cent of American babies today are given extra Vitamin D, either in the irradiated product created by powerful lamps in pharmaceutical laboratories, or in time-honored cod liver oil. To this extra Vitamin D may be attributed the constantly decreasing frequency with which our children have rickets and the growing prevalence of sound bone structures and sound teeth. For without plenty of Vitamin D babies do not develop strong backs, full chests, or straight legs.

Exact knowledge of Vitamin D is relatively new, but it is known that more than 1,000 years ago Scandinavian fishermen, before going to sea, drank a potion containing crushed fish livers.

Babies do about half their growing in their first two years. Full growth is usually obtained by the 17th or 18th year. Thus, extra Vitamin D is particularly important in the earliest years.

Of several theories, the most commonly accepted on how cod liver oil gets its high Vitamin D content, is a story which starts in the tropical waters of the Caribbean Sea and in sunlit shallow waters even as far north as the Arctic regions. Floating in these waters under the rays of the sun are minute organisms and substances which become irradiated much as do the substances under the powerful lamps of pharma-

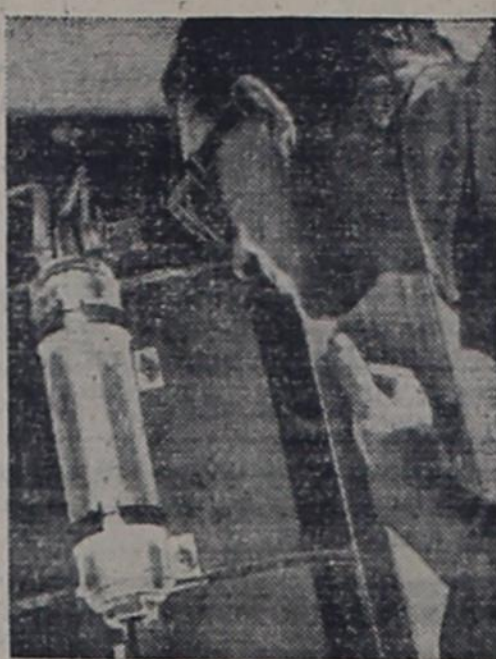

Photo: E. R. Squibb & Sons

ceutical laboratories. These organisms and substances become tiny floating reservoirs of Vitamin D. Small fish eat these substances and they in turn are eaten by larger fish and eventually they in turn become food for the cod in their breeding areas such as the Newfoundland Banks. The livers of cod fish then store the Vitamin D the fish have eaten.

This theory, however, is not accepted as the only answer as to how cod liver oil gets its Vitamin D. To the contrary, experiments have shown that livers of fish which have been denied any irradiated food and which have been kept in the dark contain some Vitamin D. It is therefore held that these fish have within themselves the means of actually "making" Vitamin D.

In the human body, Vitamin D is created naturally by exposure to the sun, much as it is created by irradiation processes in the laboratory, or by the sun's irradiation of substances floating on the surface of water. Because clothing, cloudiness, and habits of indoor living combine to deny our bodies the exposure to the sun they would get in a state of nature, many physicians recommend extra Vitamin D for adults as well as for children and infants. For the baby who is forming teeth and bones, according to the medical profession, extra Vitamin D is absolutely essential.

To an infant cod liver oil, like all other foods, apparently has no taste at all. For adults, there are now agreeable, mint-flavored preparations which mask any unpleasantness in taste.

FOUR DAM PROPOSALS OUTLINED AT MEETING

ABILENE—Tentative proposals for the building of four dams on the Colorado and Brazos Rivers and tributaries to impound adequate domestic and industrial water for all towns in central West Texas were outlined to the Executive Board and committees of the West Texas Chamber of Commerce and the West Texas Domestic Water Association at a meeting held in Abilene January 26.

Harry P. Burleigh, state planning engineer for the Bureau of Reclamation, told the group that most of the preliminary engineering work is out of the way for the four reservoirs and that on March 1 the Bureau will make a complete report on the projects, including costs.

Cost of these studies was estimated by Burleigh at more than \$2000,000.00.

One dam site is proposed on the Colorado river in the southwest corner of Scurry County and another near Robert Lee. On the Brazos river watershed, the location of a reservoir on California Creek near Haskell was recommended, and an alternate on Clear Fork, part to be in Throckmorton and part in Shackelford counties. The fourth recommended project is on Colony Creek, near Eastland.

Size of the lakes will be determined by estimated water requirements of participating communities, based on needs for the next 50 years.

The WTCC-WTDWA board authorized the organization's Water Projects Justification Committee to make a study and report on the feasibility of the Canadian River project and to begin investigations of the four newly proposed West Texas multi-city dams on the same basis.

The board also moved to invite the Texas Water Code Committee to meet at an early date for the purpose of devoting an entire session to a discussion of municipal water.

**J. D. HAMLIN EXHIBIT
MOVED TO CANYON
FOR DISPLAY**

The Hamlin exhibit has been brought to the Panhandle-Plains Museum and is now being catalogued for display.

Before his death, Judge James D. Hamlin requested that Albert Scott, art collector from Denver, be employed to come here and do this work. Mr. Scott has long been engaged in this work and is an authority on various types of art which is found in the Hamlin collection, consisting of approximately 2000 items. The largest moving van in Ama-

rillo came Thursday to bring the exhibit from the Hamlin home near Farwell to the museum. The van was overflowing and three carloads of additional priceless items were brought to the museum by Boone McClure.

Scott started to work Friday morning on the exhibit. He had been a friend of long standing of Judge Hamlin, and has known Hamlin Overstreet, nephew of the deceased Judge, for many years. Scott had worked with Judge Hamlin in the collection of his rare antiques.

Cataloguing this great art exhibit is work for an expert. Scott was asked Friday what price he would place

on a certain gong which he was, admiring. It was Chinese in origin. After looking at two or three catalogues of Chinese Art, Scott replied that if it came from a certain era, before Christ, it would be worth \$2000. He would have to check further before making sure of the value.

While early contributions to the museum by Judge Hamlin have been on display for months, the latest contribution will probably not be on display until the second unit of the museum has been complete.

Several months ago Judge Hamlin estimated that he had probably invested nearly \$100,000 in art, silver-

ware, and books. The market value of today will probably raise this amount considerably.

Under the terms of his gift, the Historical Society is given the right to dispose of any of the collection as the directors deem advisable. Relatives of Judge Hamlin asked that they be permitted to buy some of the Spode china in his home and this has been granted. Judge Hamlin had enough china and silverware to serve 80 persons. The museum kept only a limited number of each size and design for display purposes.

During his stay in Canyon, Scott will speak to several groups on art and antique collections.

Directors of the society have a big job ahead in finishing the second unit of the museum in order to furnish adequate space for the display of this large exhibit.—The Canyon News.

**VETERAN'S
QUESTION BOX**

Q—I was honorably discharged from the U. S. Army in 1945 after three years of war service. How much time do I have to complete my education under the G. I. Bill?

A—Your course of education under the GI Bill must start by July 25, 1951, and must end by July 25, 1956, provided you do not exceed your period of eligibility.

Q—I have a service-connected disability which doesn't bother me too much at present. How long will I be eligible for admittance to a hospital for this disability?

A—Hospitalization for a service-connected disability is available to you during your entire lifetime under present laws.

Q—I am a World War II veteran receiving compensation for a service disability. If I take a part-time job, will my compensation be discontinued?

A—So long as your disability remains compensable, VA payments will be continued. The fact that you are employed does not bar payment of compensation for service-connected condition.

Q—I am entitled to 4 years of education and training under the GI Bill, and intend to take an on-farm training course. How long will I be permitted to take a course that will enable me to operate a farm of my own?

A—Your institutional on-farm training course may be only for as long as, but no longer than, is necessary to meet your individual needs, provided it does not exceed your period of eligibility.

Q. I am a World War I veteran and I have been receiving pension for non-service-connected disability

from VA for about five years. I am now 48 years old. Will I have to wait until I am 65 to be allowed an increase in pension?

A. Your pension will be continued at the present rate until you have received it for 10 years, after which it will be increased to \$72, according to present laws.

Q. I am receiving vocational rehabilitation under Public Law 16. How long after I finish my course do I continue to receive subsistence checks from VA?

A. You are entitled to receive your subsistence allowance for two months after your employability has been determined.

Q. I incurred some expense to bury my brother who died while going to a VA hospital. Will VA reimburse me for funeral expense which I paid at that time?

A. VA will pay your claim but it must be filed within two years from the date of permanent burial. The burial allowance, which cannot be in excess of \$150.00 is payable only to undertakers or to reimburse the person who paid the funeral cost.

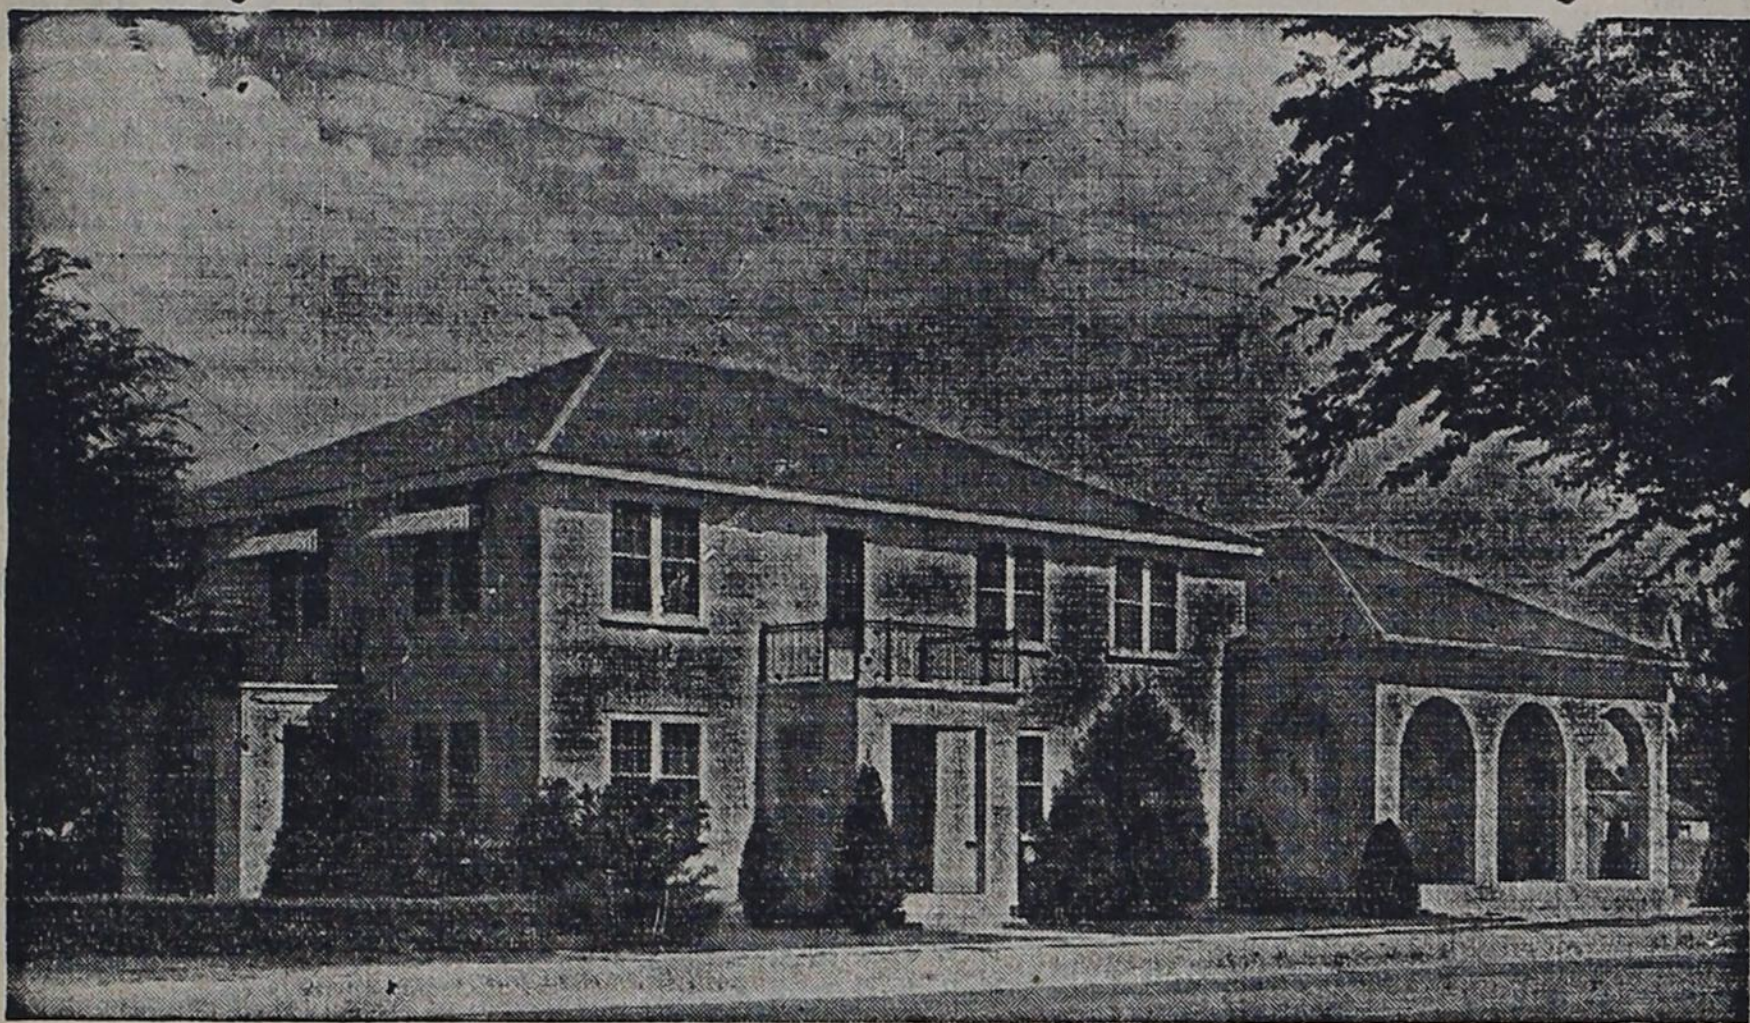

Q. Will VA lend me the money to build a home? I was honorably discharged after four years of service in World War II.

A. VA does not lend money. You must make your own arrangements for the loan through the usual financing channels. VA then will guarantee your lender against loss up to 50 percent of the loan, with a maximum guarantee of \$4,000 on real estate and \$2,000 on non-real estate loans.

A NEW CHAPTER in the history of the Farwell Chapter of the Future Farmers of America was written last week when the local Chapter was presented a brand new one-half ton Chevrolet Pick-up by the Max Meadors Company of Clovis, Chevrolet and Buick dealers of Clovis.

Posed with the new pick-up, shown above, are Max Meadors, extreme right, presenting the keys to the new machine to Melborn Jones, president of the local FFA Chapter, while Robert Morton, supervisor of the Chapter, smiles his approval from the driver's seat.

Morton said the new pick-up would be used exclusively in FFA projects, and will be particularly useful in hauling livestock for members of the class.

Conoco Comes Out With New Motor Oil

Continental Oil Company today revealed development of a new motor oil—the result of eight years laboratory research, two winters of testing in Montana and Colorado, and a 50,000-mile road test along the Mexican border, according to Paul Wurster, local agent for Conoco.

The new oil, called "Conoco Super Motor Oil", will be made available in

Farwell, Bovina and Lariat on Wednesday, February 15, he said.

"The remarkable performance of the oil under severe and exhaustive road testing, plus the fact that it has met every challenge of the laboratory for preventing wear and keeping engines clean," says Wurster, "convince all of us with Continental that this new super motor oil is as nearly perfect as it is possible today to develop a lubricating oil."

Each of six cars and four trucks, during the 70-day road test along the Mexican border, covered more than 50,000 miles at an average

speed of 60 miles an hour for the cars and 50 miles an hour for the trucks. The cars were run for 14 hours each day, six days a week, in the sizzling South Texas heat that at times reached 110 degrees in the shade. Eight hundred miles per day were racked up on the speedometers of the test cars, 690 miles a day on the trucks.

At the end of the 50,000-mile run, equal to five years' mileage for the average family car, engines of the cars showed no wear of any consequence. In fact, by actual measurement with highly sensitive instru-

ments, wear was an average of less than one-thousandth of an inch on cylinders and crankshafts. Original factory machining marks were still visible on piston rings.

The road testing results are certified by the Southwest Research Institute of San Antonio, and Norman Penfold of the Institute, under whose certification the test was made. Penfold is acknowledged as the outstanding independent authority on oil testing.

According to Wurster, the new oil for local automobile and truck owners represents another long step forward in the method pioneered and developed by Continental Oil Company for using additives in mineral oils to increase effectiveness against wear and assure longer life for motors.

Health Note

Texas State Department of Health

AUSTIN—Solution of the nation's dental problems lies in making dental health education and dental care available to every child, said Dr. Geo. W. Cox, State Health Officer.

He said it is possible to prevent loss of teeth from decay if a person starts early in life to follow these simple rules:

1. Early and frequent examinations of the mouth by a dentist.

2. Early treatment of small cavities and other dental defects.

3. Proper diet with refined sugars held at a minimum.

4. Proper brushing of teeth after eating.

A child should be taken to the dentist shortly after the last of his first teeth appear, at about the age of two, he declared. Frequent examinations and treatment of dental defects by dentists should follow.

TEXICO ENTERS FOUR TEAMS IN COUNTY BASKETBALL TOURNEY

Tournament play to determine the Curry County champions in four different divisions—senior boys and girls, and junior boys and girls—opens in the Clovis gymnasium on Thursday of this week, February 9.

Brackets for the competing teams were drawn at a meeting of coaches held in Clovis on Monday night. Eight junior boys' teams are entered; seven squads will be in the running for the junior girls' title; six senior girls' teams will compete, and seven senior boys' squads are listed.

The junior girls open the weekend sessions, with Center and Pleasant Hill playing at 10 a. m. Thursday; Field and Texico at 11 that morning; and Grady vs. Rosedale at 12. Ranchvale drew a bye. Winners of the first two games meet at 2 Friday afternoon; the lower bracket semi-final comes at 3 Friday, and 7 p. m. Saturday will see the final.

For the junior boys, Grady and Ranchvale meet at 2 Thursday afternoon with Clovis and Texico up at 3; Center tangles with Rosedale at 4; Pleasant Hill is opposite Melrose at 5. In the upper bracket, the semi-final comes at 11 Friday morning, followed by the lower bracket winners at 12. The championship bout is at 10 Friday night.

Turning to the senior girls' schedule: Grady and Rosedale open this phase of the tourney, playing at 7 Thursday evening; Field and Texico take the court at 8:15. Forrest, in on a bye, meets the Grady-Rosedale winner for the semi-final at 4 Friday. Ranchvale, also passed on the first round, plays the Texico-Field winner at 5:15 Friday. Third place will be determined at 4:30 Saturday afternoon, and the final game is slated at 9:15 that night.

Melrose drew a bye in the first round of the senior boys' division; Texico and Clovis B play at 9:30 Thursday, the winner meeting Melrose at 2 Saturday afternoon. At 8:45 Friday night, Rosedale faces Field; Grady meets Ranchvale at 7 Friday evening and the winners tangle at 3:15 Saturday. Consolation is to be played at 8 Saturday night, with the last game of the meet at 10:30.

All time given in the above schedule is by Texas clocks, making it one hour earlier in each case for those using Mountain time.

Girls Are Favored

The Texico girls, who last year ranked second in the county, have recently concluded a good season and are rated as one of the favorites of their division.

Coach Fern Stout said today that players attending the tourney would include Billie Roberts, Violet Curry, Patsy and Jo Beth Ingram, Peggy and Betty Donahey, Peggy Caldwell, Patsy Doshier, Margie Reid, Joyce Holland, Bobbie Allred, Lona Mae Jones, Jane Moss and Carmen Roth, manager.

Carrying the colors for the senior boys will be Doug Williams, Lacy Gant, Jimmie Horton, W. O. Reid, Jerry Jester, Wayne Tucker, John White, Wayne Breeze, Gerald Doolittle, and Paul Clark, with James Harding or David Houghteling as manager, Coach C. B. Stockton said.

Junior boys who will go to the meet are Alton Morgan, Arlyle and Paul Crooks, Robert Tucker, James King, Billie Goldsmith, Billy Muddick, Claude and Clyde McDonald, and Kenneth Allred, Coach John Armour said, adding that his junior girls would include Esther McDaniel, Linda Doshier, Claudine and Charlene Allen, Doris Level, Odessa Mil-

ler, Norma Jean Jacks, Jo Sandra Magerus, Betty Bridges, Norma Kesner, Anita Brown and Phyllis Tucker.

Boys District Tourney Opens Here On Friday

Bovina, Friona, Lazbuddy, Farwell, Adrian and Vega square off here on Friday night, when the District 11-B boys' cage tournament will get underway in the Farwell gymnasium, concluding on Saturday night, Supt. Jack Williams said today.

Vega and Bovina hit luck in the bracket drawing, officials revealed, adding that both got passes in the initial round of the meet.

Friona and Lazbuddy open the tournament, playing at 7:30 on Friday night, while Farwell and Adrian follow at 8:45. The semi-finals open at 1 o'clock Saturday, when Vega plays the winner of the Adrian-Farwell game, and Bovina will take on the Friona-Lazbuddy winner at 2:15.

Losers of the semi-final games are to take the court for third place at 7:30 Saturday night, while the winners will clash for the title at 8:45.

Fisher and McDowell, both of Clovis, are slated to act as referees during the tournament, Williams went on, in giving details of the meet.

Fans who have followed conference play during the season see the local Steers cast in the role of giant-killer against Adrian—if they can get by the defending district champions. Adrian has previously downed the Steers, in early-season play, and holds an impressive seasonal record for regular and tournament games. The Farwell-Adrian game, therefore, although it falls in the first round, is expected to develop into one of the hottest of the weekend.

The Friona Chiefs gave Adrian something to think about recently when they were finally subdued by just two points, and if the Steers fail to trip the defending champions the Chiefs may face Adrian—providing, of course, they get by both Bovina and Lazbuddy, who have shown hot and cold spells during the season.

The Vega team, which looked only mediocre here during the December invitation meet, has improved considerably, and took the Steers to a conference fall some weeks ago, indicating that when the chips are down they may not be counted out of the running.

Wolverines Will Visit In Tucumcari, Firday

The Texico Wolverines will close out seasonal cage games on Friday night of this week, February 10th, when they go to Tucumcari, Coach C. B. Stockton said today.

The Tucumcari quintet is one of the stronger teams of the area, he said, adding that unless his boys were playing above par they stood little chance of staying in the running with their opponents.

Plagued by injuries and apparently jinxed on basket tries, the locals have suffered more defeats than usual this year, but were hopeful of making some sort of comeback at the county meet and at Tucumcari.

Locals Take Bovina In Tourney Round

The mighty Bovina girls, who have moved down conference opposition right and left this year, came a cropper Tuesday night at Lazbuddy, when a grimly determined Farwell sextet, playing their best ball of the year out-pointed them in the initial round of the Parmer County girls' tourney, 40-50.

Starting off fast, the locals got eight points before Bovina ever hit the bucket, but at the end of the first quarter led only 12-8. Halftime marking stood at 24-28, still favoring Farwell, although for scant seconds in this canto the Bovina group was ahead for their only time.

Continuing to hit, Farwell led 31-39 at the end of the third period. With about four minutes left to go, Moorman, star Bovina guard, left the game on fouls, followed in a matter of seconds by Markham, another tall guard. To even things up, however, two of the top Farwell defenders, Grissom and Foster, were counted out via the foul route when two minutes remained. B. Grissom had previously been out on fouls.

Foster and Grissom held Pounds to one field goal in the first half, although the strong Bovina forward wound up with a total of 20 points. Dial, diminutive local forward, broke the bank for Farwell with her dead-eye on free shots, bagging 18 out of 24 and adding six fielders. Randol, with her slow-motion pivot that makes guards frantic, took more two-pointers than any other player, bagging seven and adding three charity tries. J. Christian, the other Farwell forward, was excellent in her ball handling, although she got only four points.

Lazbuddy Dumps Friona

In the second game of the evening, the Lazbuddy girls, grabbing a first-half lead, downed Friona 34-47. Betty Engelking, hot-shot forward of the Lazbuddy aggregation, starred in her department.

Friona played better ball in the last rounds and made more of their basket tries count, but the lead amassed by Lazbuddy was too great.

Play for the tourney crown continues at Lazbuddy tomorrow night (Thursday), when Farwell will meet Lazbuddy and Bovina will play Friona. If the Farwell girls get by Lazbuddy—and they handed them a sound conference defeat recently—Bovina and Farwell will be tied up for county conference honors. Under present rules, the round-robin regular schedule counts half on the title, with the tournament making the other fifty percent, necessitating a play-off unless the same team is tops in both divisions.

Fireballers Take Three In A Row

The Texico Fireballers have been "hot as a pistol" during the past week, winning three games in a row, two of them by very decisive scores.

On Thursday night the locals journeyed to Pleasant Hill, where they smothered their opposition 68-32, with Don Williams setting the pace for the locals with 34 points. Christianson was high scorer for PH with 12.

Taking on two Clovis teams, the Fireballers took a double-header on Monday night. In the first game, they eased past the Clovis Methodists by two points, winning 30-28. Bill Johnson of the locals, and Purselley of the Methodists, tied for high point honors with 10 each.

In the last encounter, the Fireballers snowed under the Williams Food Store aggregation, downing them 63-28. In this contest Calvin Blain led the locals with 17 points, Jameson accounted for 5 for the visitors.

Locals Clean Elida, Lose To Melrose Buffs

The Texico Wolverines, rated as underdogs before the game, stayed that way last Friday night, as they became victims of the rampaging Melrose Buffaloes, on that court, to the tune of 39-19.

The Buffs, a veritable powerhouse of experienced players, showed nice form as they stepped into an early lead and continued to hit the bucket to lead 19-6 at the half.

Crenshaw and Saxton racked up the majority of the Melrose points, taking 11 each during the game, as Horton led Texico with six points and Gant tossed in four.

Opening up the evening, the junior squads from the two schools battled down the stretch about evenly, with Melrose finally coming ahead to win, 19-17.

Elida Loses Here

Avenging themselves on their local court before a home-town crowd, the Wolverines bounced back Saturday night to pound the Elida five, 49-31.

Coach C. B. Stockton's boys, hurting the basket in good style, took off to a fast lead and held a 12-point margin at major portions of the contest. Gant led the scoring.

The junior boys also came back to win, dumping Elida 28-19 with Arlyle Crooks majoring in scoring.

Boys Stage Comeback To Defeat Chieftains

The Farwell Steers came from behind in the third quarter to take a conference decision over the visiting Friona Chieftains, Friday night, winning 34-26 when the final whistle sounded.

Trailing 10-13 at the end of the first quarter, the locals were still behind 15-16 as the half ended, but shooting improved in the third quarter and the Steers went ahead 22-19 for the first time.

Dollar and Ford were tied for scoring honors for the Steers, each taking four fielders and a pair of free tries for 10 each, but individual scoring was led by Laceywell, of Friona, who bucketed a total of 12.

In the first game of the evening the locals took an easy 43-19 decision over the Friona girls, with all forwards taking their turn at banging in counters as the game unrolled.

Coach Jack Williams sent his subs in during the last quarter, and Hardage ran the count up for Farwell.

Locals Close Season With Dimmitt Games

End of the 1949-50 basketball season of regular games comes for the two Farwell squads on Tuesday night of next week, February 14th, when the locals go to Dimmitt for matches that are expected to be hot.

Coach Louis Purvis' Steers should, sportscasters opine, take their match, as they previously defeated Dimmitt in a tournament at Hale Center by a considerable margin.

The Dimmitt girls, on the other hand, are rated as a powerhouse, and just what will happen when they and the locals collide is liable to be very interesting.

The girls have done well for themselves this season, and are primed to wind up their season with a win.

FFA Groups Attend Dimmitt Contest

Instructor Robert Morton, with 17 members of the Farwell Future Farmers of America went to Dimmitt last Saturday, attending a leadership contest at the Dimmitt High School.

Three contests were conducted during the meet, with the local boys winning two second places and one third place.

In the Junior Chapter conducting contest, Canyon was first; Farwell, second, and Dimmitt, third.

Friona took first in the bindweed control contest, with Canyon rated second and Farwell third.

On FFA quiz, Dimmitt placed at the top, with Farwell second.

By virtue of winning second place at Dimmitt, the local chapter will go to the Area Contest at Amarillo on February 18, and from there the locals will be represented at the State Contest. Team members include Melborn Jones, Bob Gerles, Calvin Meissner, Duane Martin and Jack Doshier. The state meet comes at Huntsville on March 18.

Local chapters represented at the Dimmitt meet were Canyon, Farwell, Dimmitt, Hereford, Friona, Lazbuddy and Bovina.

Mrs. H. Ross spent Sunday in the home of Mr. and Mrs. Les Means.

Dusty's Cafe Victim Of Woman Robber

Dusty's Cafe, operated by Dusty Rhodes in Texico, was the victim of a smooth operating woman robber early last Thursday morning, the cafe operator losing \$117.45 in the unpleasant experience.

Rhodes said that when he opened his place of business Thursday morning, he went to the wash room, and hung up his jacket, neglecting to remove his billfold which contained his "roll". Shortly thereafter, three men and a woman came in and ordered breakfast. After eating her meal, the woman asked if she might wash her hands, and was shown to the wash room.

Coming back and taking her place at the table with her male companions, the woman later appeared at the cashier's counter and paid the bill for the visiting diners.

Rhodes discovered his loss some two hours later and notified officers, but no arrests were made. Rhodes said that the quartette was traveling in a black car and he was of the opinion it was a Pontiac, otherwise, he could furnish officers little description of the group.

"What made me mad was that she paid me with my own money," the cafe owner commented later.
