

IT'S ALL IN HOW YOU LOOK AT IT. Through a trick of perspective and camera angle, this German V-2 rocket appears to dwarf the 555-foot Washington monument. The rocket, however, is only 55 feet high and is a part of the armed forces exhibit on the monument grounds. The V-2 was powerful enough to be one of the Nazis' most effective weapons in the attacks on Great Britain.

## Annual C of C Meet Slated, Monday

### January Delivers Good Moisture Here

### Polio Fund In County Tops Thousand Mark

With many collecting agencies yet to be heard from, the March of Dimes campaign in Parmer County had accounted for a grand total of \$1031.81 late Tuesday afternoon.

Collections in the county were running far ahead of last year's contributions, which brought a statement from Dan Etheridge, that "the campaign is running ahead of 1946, it is not as good as had been expected due to the extremely bad weather throughout the period".

Etheridge went on to add that "although the campaign is officially closed, any contributions of any nature will be gladly accepted now or later."

Up to Tuesday afternoon, no report had been received from Bovina, Oklahoma Lane, Lazubddy and Rhea, and only a partial report had been filed for Farwell.

With more than one thousand dollars already accounted for, workers expressed the opinion that the fund will be swelled at least another five hundred dollars when all tabulations have been completed.

With the Farwell report yet incomplete, it appears certain that this city will lead the county with the amount of money raised during the campaign, although the Black school will probably top the list on a per capita basis. An even \$25.00 was turned in by the Black school, which is just a little shy of \$1.00 per student for that small school. A total of \$528.08 had been turned in through the Farwell workers, which does not include any of the contributions deposited in the receptacles throughout the town. Money from this source is expected to boost the total here several dollars.

Friona contributions from all sources amounted to \$478.73, with the Girl Scouts accounting for \$108.27.

Tabulated figures turned in up to late Tuesday afternoon at The Tribune office were as follows:

FRIONA	
Friona Public schools	\$198.00
Friona Girl Scouts	108.27
Regal Theatre	67.09
Coin Collectors	72.37
Other Contributions	33.00
<b>Total</b>	<b>\$478.73</b>
FARWELL	
Farwell schools	\$383.38
Fire Department	50.00
Border Theatre	94.70
<b>Total</b>	<b>\$528.08</b>
BLACK	
Black school	\$25.00
<b>GRAND TOTAL</b>	<b>\$1031.81</b>

### Injured In Accident In Missouri, Friday

Charles Leroy (Junior) Crume, of Gallatin, Missouri, son of C. E. Crume of this city, received a crushed pelvis bone and other minor injuries, the past Friday, in a peculiar accident.

According to information received here from Mrs. Crume, Junior was caught between the rear ends of two trucks. Crume, who is employed by a construction company, had parked his truck on a small knoll and got out to walk back to speak to the driver of another company truck. As he went between the two machines, his truck began to roll down the hill, and in the meantime, the other trucker was backing toward the parked machine, pinning the local man between the two.

He was hospitalized at Chillicothe, and is reported to be recovering as well as can be expected.

### 1390 Poll Receipts Issued In Parmer

Attaches at the tax collector's office here announced the first of the week that a total of 1390 poll tax receipts for the current year had been issued through the local office. This figure does not include exemptions for "overs" and "unders," it was explained. Last year a total of 1650 poll tax receipts was issued in the county.

Need letterheads? Dial 2131.

#### HOME FROM GUAM

Sgt. Hass McCurdy, of the U. S. Marines, who lives in the Lazubddy section, arrived home a few days ago from duty on Guam, where he has spent the past 18 months. McCurdy will enjoy a 47-day leave before reporting to Pocatello, Idaho.

### Funeral Rites For Oleta Hardage Held Thursday Afternoon

Funeral services for Oleta Hardage, 19-year-old daughter of Mr. and Mrs. L. M. Hardage of the Midway community, were conducted at the Oklahoma Lane Baptist Church last Thursday afternoon by Rev. Walter Copeland of Weinert, Texas, assisted by Rev. J. J. Terry of the Oklahoma Lane Baptist Church.

The frail young girl, who had been a partial invalid throughout her entire life, died at the family home Tuesday afternoon, last week. With Steed in charge, burial took place in the Oklahoma Lane cemetery.

Besides her mother and father, she is survived by two brothers, Billy and Wayne, and one sister, Mrs. Lee Mason, of Muleshoe.

### Local Attorney Has Severe Heart Attack

John Aldridge, local attorney and former judge of the 69th Judicial District, was removed to his home in this city, Sunday, from the Parmer County Community Hospital at Friona, where he was under medical care over the past weekend, following a rather severe heart attack.

Aldridge, in company with County Agent Ollie Limer, was enroute to Amarillo last Wednesday morning when he was stricken. He was taken to the hospital in Friona and placed in charge of a physician. Family members said today that Aldridge was recovering satisfactorily from the attack, but it would likely be several days before he would be physically able to resume his duties at his law and abstract office in this city, where he is associated with his younger brother, Sam Aldridge.

### Two Faculty Members Named At Farwell

At the regular monthly meeting of the Farwell School Board, held Monday night, two members of the present faculty were named for another year.

Coach Louis Purvis and Sheiby Jobs were the re-elected officials. Coach Purvis will devote most of his time to the athletic program of the school, and Jobs will act as grade principal, besides classroom duties.

Claude Rose, president of the Board, said today that selection of the remainder of the faculty members would be taken up at the March meeting.

### Mrs. Sheppard Is New Nursing Supervisor

Mrs. R. H. Sheppard has recently been appointed as supervisor of the nursing staff of the Parmer County Hospital, in Friona.

Mrs. Sheppard is a graduate of James Town Hospital, New York, having worked there for some 15 years, becoming superintendent of the hospital. She has also been in charge of the Children's Hospital in New York, a hospital devoted to infantile paralysis, and was supervisor for two years for the New York City Hospital.

Mrs. Nettie R. Williams, R.N., has also recently joined the staff of nurses. She is a graduate of Seton Infirmary, Austin, having graduated from the hospital in 1926. Mrs. Williams has recently been connected with the Veterans Administration in Tucson, Arizona.

Parmer and Curry counties shared with the rest of the plains region and the entire southwest with a good moisture report for the month of January, although the total received here was considerably lighter than that reported over most of the region.

Blowing snows and frozen moisture gauges made it impossible to obtain an accurate measurement locally. Most observers place the amount of moisture received in the form of sleet, rain, and snow at from one and three quarters to two full inches. However, the local rain gauge only registered 1.35 inches.

Reports over the high plains, especially to the east, place the moisture at from two to four inches, and it is commonly believed that not less than two inches fell here.

The mercury has been climbing above the freezing point during the afternoons since the latter part of last week, causing considerable melting of the ice-bound surfaces. Roads, which have been almost impassable for the past three weeks, are becoming navigable, particularly in the early part of the day while the surface is still frozen.

Three of the Farwell school buses, attempting to make their runs last Thursday, were mired down in the slush and mud resulting in the closing of the school on the following day. The Texico buses made their rounds, but one driver never got in until 10 o'clock last Friday night.

Farmers making their way to town the first of the week reported roads still soft, with some of them yet locked by drifts of snow. This condition is especially true of roads along wheat fields, where the blowing snow was whipped from the fields. Pasture land and stubble held the snow pretty much where it fell.

Farmers are already becoming concerned over the possibilities of wind erosion with the top soil "puffed up" and applications for chiseling permits began pouring in at the local ACA office here the first of the week. Joe Camp, local ACA secretary, stated today that ground chiseling operations would be paid at the rate of \$1.50 per acre, and all chiseling must be at least 12 inches deep with the trenches not less than four feet apart.

### Contributions Still Asked In Polio Drive

Supt. B. A. Rogers, of the Texico school, stated on Tuesday that he planned to leave "polio fund cans" cut over Texico for a few days, in hopes of adding to the community's contributions in the campaign.

Although he had not made a definite check, Rogers said Tuesday that "\$100 to \$150" had been donated in Texico, and this was considered fairly good, particularly since no campaign cans were received here until late in January, specified as the month of the drive. Continued bad weather has also had an effect on contributions, Rogers added.

### Singing At Bovina Sunday Afternoon

John F. Taylor of Canyon, has announced a public singing to be held at the Methodist Church in Bovina Sunday, February 13, starting at 1:30 p. m.

Taylor, who formerly lived at Clovis and has been prominent in musicale circles for many years, stated the first of the week that he was bringing some quartettes from Canyon and there would be many other singers from this section to participate in the program, which will last all afternoon.

No lunch will be served, it was stated.

#### IN FRIONA HOSPITAL

Jake McLean, long-time resident of Bovina, who had been receiving treatment at an Amarillo hospital for two weeks, was removed to the Parmer County Community Hospital in Friona the latter part of last week. Relativis said the first of the week that Jake would likely be able to return to his home in Bovina within another week.

#### HIGH BIRTH RATE

Each day gives the world 55,000 more mouths to feed.—N. E. Dodd.

President C. M. Henderson of the Farwell Chamber of Commerce announced today that the annual meeting of the chamber would be held Monday night, Feb. 14, in the county court room, and urged a full attendance of the membership.

"We are anxious that all members be present and we extend a cordial invitation to the public," Henderson said in announcing plans for the annual get-together, and went on to add that the local organization would like to have more and more business men and farmers as members of the organization. "I think the Chamber of Commerce has done some mighty good work during the past three years, but we could do even more with the united support of men of the community," Henderson added.

The main feather of the business for next Monday night will be the election of officers for the coming year, to be followed with discussion of plans and objectives during 1949. The date of the annual CC banquet will be worked out at the meeting on Monday.

Credit for a number of civic projects that have been carried out to a successful conclusion goes primarily to the chamber, and still more worth while projects are under consideration. The organization needs the help of every business man and every farmer of the community to assist in carrying out the objectives during the year.

### Closing Date Nears On Grain Sorghum Loans

Joe Camp, secretary of the Parmer County ACA, reminded county farmers on Monday that the expiration date on grain sorghum loans and purchase agreements is February 28th, which means that individuals interested in such loans have only a little more than two weeks to make and complete applications. Farm stored grain loans must be completed by that time, Camp said, explaining, "This means that the test must be back from Amarillo and we must have made up the papers by the deadline, February 28th."

Currently, the total amount of money loaned on wheat and grain sorghums in this county totals \$2,459,368.10, figures released from the ACA office revealed. Of this amount \$1,928,790.45 has been loaned on grain sorghums, with the wheat disbursements totaling \$530,577.65.

In the breakdown of figures, Camp gave the following:

Grain sorghum loans—warehouse stored grain, number of cwt. disbursed, 729,355.84; amount of money involved, \$1,766,108.92. Farm stored grain, number of cwt. disbursed, 71,251.00; amount of money involved, \$161,681.53.

Wheat loans—warehouse stored, number of bushels disbursed, 220,780.23; amount of money involved, \$434,412.44. Farm stored, number of bushels disbursed, 49,462.74; amount of money involved, \$96,165.21.

### Hot Checker Hits Texico Merchants

A recently discharged veteran, who gave his name as R. K. (Raymond) Rogers, is being held in the county jail at Lamesa, on a charge of issuing worthless checks, it was reported here Monday by four Texico merchants, who claim they are holding some of the checks.

Rogers, according to local merchants, gave the checks some two weeks ago on a Lamesa bank, and they were returned unhonored the first of this week. Perry Crawley, Rip Snodgrass, Homer Dykes and Toll Wyrick are holding the bad checks, which ranged from \$15.00 to \$150.00, with Wyrick holding the large one.

It was stated here that Rogers was apprehended at San Antonio and brought back to Lamesa.

#### HOME FROM STOCK SHOW

Mr. and Mrs. Sam Aldridge and daughter, Pat, returned home Sunday night from Fort Worth, where they were in attendance at the Southwestern Stock Exposition on Saturday. While away, Aldridge attended legal business at Grandbury.

#### COWS GET TIGHT

VANCOUVER.—George Brown had to milk his cows while they were lying down. They had been on a binge. Investigation revealed the cows had been eating fallen apples which had fermented.

## Red Cross To Stage Membership Drive

#### FROM THE HOPPER

By HOP

Here's a note from old Bill Williams, down at Hot Springs. Bill says the thermometer was registering 14 above the day he wrote his letter and adds that it is too cold to fish. "I went out three days ago and caught an 8-pound cat," he says, adding, "I will give them h--- when the weather warms up."

B. N. Graham, in sending in his renewal for another year, pens a note to say, "Not worth it, but it is like a lost pup; you miss it when he's gone." Thanks, B. N., for the compliment—also for the two bucks.

And here's a letter from a party who identifies himself only as "A Fifteen Year Subscriber". Says he "I am sending you two clippings that relate to the old belief about Mr. Ground Hog seeing his shadow. One comes from your paper and the other comes from the Amarillo Daily News. I personally am a LITTLE confused about this matter and wish very much that you would straighten it out for me in the next publication of your paper."

We have forwarded this complaint to Mr. Ground Hog himself for his attention, and asked that he put us right on the matter of seeing or not seeing his shadow. In the meantime, we are willing to leave the matter with the Weather Man. The next six weeks should settle the argument as to who was wrong, this newspaper or the Amarillo News.

Sgt. Hass McCurdy was in last week, just home from a year and a half on Guam. Hass was asked the color of the natives on Guam, and replied that after you'd been there 18 months all the women get white.

"Ma" Spurlin is just about the most versatile wash woman we have ever known. During the January blitz of ice, zero weather and frozen water pipes she got a job washing dishes in a local cafe. Now, with the return of warmer weather, she has resumed her job as car washer at Dad's service station.

G. W. Paul was telling of his farming experiences in Arkansas. "Why, you could hear a disc plow running for four miles," he declared as he described the number of rocks on his place.

"I never got further than the barber shop," declared G. E. Free last Thursday afternoon as he entered a Bovina grocery store with a handful of cash and laid it down to pay for some provisions or a Bovina father of two small children, who has been disabled for many months with a broken leg. When the provisions were delivered to the home of the unfortunate family, the crippled

County Chairman Vernon Estes of the Parmer County Chapter American Red Cross, announced the first of the week that the annual membership drive would be staged during the month of March.

Sunday, February 27, has been designated as Red Cross Sunday, and all ministers of the county will be asked to give special emphasis to the work of the Red Cross. The campaign for memberships will continue all during the month of March, Estes said.

W. E. Williams, of Bovina, financial chairman of the Chapter, will head up the drive this year and the supplies have already been furnished Williams, who stated the first of the week that contacts would be made with prospective solicitors during the remaining days of this month.

The quota for Parmer County has been set at \$700.00, Estes stated, going on to add that the receipts would be divided as they have been in the past, with 50% remaining in the county fund and the remainder being sent to the St. Louis office of the American Red Cross.

"Parmer County has never fallen down on its Red Cross quota, and we are hoping that we can maintain that record again this year," Chairman Estes said as he began to lay plans for the campaign.

### Farm Bureau Directors Hold Meeting Monday

The director of the Parmer Co. Farm Bureau met at Bovina Monday night for a business session, with a quorum being on hand for the meeting.

Charley Thompson, president of the organization, said today that plans were discussed for the forthcoming country-wide meeting to be held at the Bovina school auditorium on Monday, Feb. 28. The public is invited to this meeting at which time plans for the 1949 program will be outlined. Thompson said that out-of-town speakers were expected to address the assembly.

By-laws for the organization were drafted at Monday night's meeting, and application for a state charter was made. Other business attended Monday night included the naming of Alton Henderson as community chairman of the Farwell-Oklahoma Lane district to succeed Ed Meeks, who resigned after moving out of the district.

Support your local Chamber of Commerce.

father propped up in bed ironing the family clothes for the mother who had brought them in from the laundry. The good people of Bovina seemed willing to help the young father who was doing the best he could to carry his part of the family responsibilities under his handicapped condition.

**Health Notes**  
By Texas Department of Health

AUSTIN.—Observance of the first National Children's Dental Health Day on February 7th has been approved and commended to Texans by an Official Memorandum signed by Governor Beauford H. Jester.

The dental health of children is of prime importance to their general well-being, and Dr. Geo. W. Cox, State Health Officer, says that every child should be under the regular care of a competent dentist from the time he is thirty months of age.

"Much can be done in the way of tooth decay prevention by dentists of today," Dr. Cox said, "and studies are under way at present which may lead to still further advances in the control of dental cavities. Two Texas cities with almost identical fluorine

**SOME NOTES FOR THE RECORD . . .** Grandchildren of Vice-President Alben W. Barkley of Kentucky add a few marginal notes to the Congressional record. They are Alben W. Barkley, II, aged four, and his sister, Dorothy Anne Barkley, six. They are seated at the former senator's desk in the upper chamber.

content in their city water supplies are being used in one experiment. Sodium fluoride is being added to the supply of one city, and the results in the reduction of dental caries checked against that of the city whose water supply is not treated.

"This experiment has been in progress only 29 months and it is too early to establish a positive evaluation, but the results checked so far have demonstrated a decided tendency to caries reduction in the city where sodium fluoride is added to their drinking water."

Early training of children in good dental hygiene will materially aid them in keeping their teeth and gums in good condition, and their regular visits to the dentist will enable him to make any corrections as soon as they are needed.

**KOREA STUDENT AT NTSC**

DENTON.—Some students think it's a hardship to go a few blocks to school, but Miss Pyung Chun Chai has flown halfway around the world to study music at North Texas State College.

A native of Seoul, Korea, she studied voice in a Methodist Church women's school, and is enrolling at NTSC this spring under a scholarship arranged by Capt. Sidney O. Murdock of the U. S. Armed Forces in Korea, an ex-student of the college.

Although she speaks and writes English, she will enroll in a special English course to be taught for foreign students at NTSC next semester.

Wednesday is named for Woden, chief god in Norse mythology.

**Smoked Shoulder Pork Roll Is Top Favorite**

Since ham and all other smoked pork is so popular, it is important to know the many different cuts available in this one family of meats. One of the least known but most versatile is the smoked shoulder roll of pork, also called cottage roll and by other names.

As its name implies, this cut is completely boneless, and, therefore, a good buy, as are other solid cuts of meat, points out Reba Staggs, home economist. It comes from the Boston butt, in the shoulder section of pork, and may be cooked by roasting (fat side up on a rack in a shallow uncovered pan in a 300 degree F. oven, allowing 35 minutes per pound) or by cooking in liquid (simmering in liquid to cover, allowing 35 minutes per pound).

This is an excellent cut for the small family, to serve when entertaining or when planing for several meals, since it usually weighs 2 to 4 pounds. For the larger family, it will probably be a one-meal cut—for breakfast (slice and pan fry), for lunch (slice and broil) or for dinner (roast).

A variety of glazes gives interesting character to this cut. These are put on immediately following cooking, whether the roll is roasted or cooked in liquid.

For glazing, turn the oven to hot (425 degrees F.). Remove the skin from the fat surface of the ham and cover with the desired glaze. Place meat in oven and heat until browned, approximately 15 to 20 minutes.

Glazes range from sour to sweet, according to your choice. An old favorite is one in paste form, made by combining vinegar, dry mustard and brown sugar. Still other paste glazes are the combinations of grated pineapple and brown sugar, or of ginger ale, mustard and brown sugar.

Another glaze is cranberry sauce. Or you might use honey, white sirup or orange marmalade. Maple sirup, brown sugar, or brown sugar and dry mustard are other suggestions. Or this time of year you might serve your smoked shoulder roll with a cornstarch-thickened cherry sauce, made just tart enough with lemon juice.

Begin making arrangements now for a good supply of nitrogen fertilizer for 1949. Looks as though the supply will be about the same as last year—not enough to go around.

### Two-Year Payoff With Hubam-Cotton Merger

COLLEGE STATION.—A hubam clover seed crop that was harvested in 1947 is still paying dividends.

This time it's in increased cotton yields per acre, according to Jack Davis and the results on his Ike community farm in Ellis county.

Davis got out the record book and kept all cotton weights throughout the picking season. His weights were kept on four rows of cotton following hubam clover, and four more rows in the same field of cotton following cotton, reports County Ag-

ent W. M. Love. Both plots were planted and cultivated the same way.

Here's what the record book shows. The cotton following hubam yielded 750 pounds of seed cotton on an acre basis. The cotton following cotton yielded 540 pounds per acre. So the hubam-cotton plot beat the other by 210 pounds.

That didn't satisfy Davis enough, so he took the cottonseed to a laboratory and had them analyzed to see if the hubam caused any difference in the chemical make-up. And when the last analysis had been run, he found that the cottonseed from the hubam plot was a little higher in everything but moisture content. Here's how the seed analyzed that were grown on the hubam land: 19.9 percent oil; 4.34 percent ammonia; 4 percent free fatty acid in the oil; and 7.50 percent moisture. The grade calculation on this bunch of seed ran 110.5, and the estimated yield of oil and cake was 335 and 975 pounds respectively.

The cottonseed from the cotton following cotton plot came out slightly lower in nearly all cases. The report showed this batch of seed had 18.9 percent oil; 3.95 percent

ammonia; 3 percent free fatty acid in the oil; and 8.30 percent moisture. The grade calculation ran 104.5, and the estimated yield of oil was 318 pounds. The cake was 836 pounds.

F. C. Elliott, extension cotton work specialist of Texas A. and M. College, says agronomists had already found that better quality planting seed can be had from the

hubam-cotton combination. Germination generally runs at least 90 percent, as compared to 80 or 85 with the other types.

George Chance and T. D. Wilson, cotton growers in Brazos county, have reported as high as 98 percent germination with cottonseed grown on land that was in hubam the season before, says Elliott.

An electrical "house of magic" will come to Bovina at the High School auditorium next Thursday February 10, 1949, at 7:30 p. m. when the Southwestern Public Service Company brings the General Electric "House of Magic" show to town.

Created in the GE laboratories, this stage production, lasting about

an hour unveils many of the secrets behind the work being done in laboratories that will result in the electrical wonders of tomorrow.

Those attending will see colorful demonstrations of "black light", "bouncing putty", floating metals, stroboscopic light, writing with light, gears turned by electronic

Great men never feel great, and small men never feel small.

**NTSC MOONMAIDS COMING HOME**—Three young singers, former student stars of North Texas State stage shows, will return to the Denton campus Feb. 19, this time as featured vocalists with Vaughn Monroe's orchestra, which will appear at NTSC for two shows, one a radio broadcast. NTSC exes now singing with Monroe are Mary Jo Thomas, Denton, lower left; Tinker Cunningham of Denton, upper left; and June Hiett, Arlington, upper right. The fourth Moonmaid, Maree Lee, lower right, is from Ohio.

**Peoria Post Younger Members Fete Elders**

PEORIA.—Something new was started by Peoria Post 2 of The American Legion, when its World War II members gave an appreciation dinner to its World War I members. More than 200 attended. James F. Green of Omaha, Neb., veteran of 5 years of service in the Pacific and chairman of the National Americanism Commission, was the guest speaker. The invitations to the older members pointed out the younger Legionnaires were "indebted to you for many benefits . . . we think the time has come to show some appreciation."

**SANTA FE CARLOADINGS**

Santa Fe system carloadings for week ending February 5, 1949, were 20,778 compared with 23,353 for same week in 1948. Cars received from connections totaled 9,332 compared with 10,226 for same week in 1948. Total cars moved were 30,610 compared with 34,079 for same week in 1948. Santa Fe handled a total of 29,017 cars in preceding week of this year.

You can do a better job of washing dishes if you'll rinse off the suds in scalding water, and set them up in a rack to air-dry.

**MEDICAL PRICES WILL INCREASE**

Shortages always raise prices. The Texas Medical Association, by restricting enrollment in Texas medical schools to barely enough to replace deaths and retirement has cut down our supply of doctors, especially in our rural areas, thereby causing a shortage and higher fees for services, while 3,000 premed students find the gates barred against them.

This same medical association now plans to get control of the supply of all competitive healing professions, so they can cut off replacements in these healing professions and make the shortage even more acute and thus raise the prices higher than today.

The Basic Science Bill (S.B. 63) is designed to give the Medical Association complete control of all branches of the healing arts and it is being pushed by unlimited funds and a high-priced lobby. If we, the people, do not write, phone or visit our senators and representatives, we will have this infamous legislation forced upon us.

This is a call for action. If you want to know the names of your legislators, phone this newspaper. Address letters to them at Capitol Station, Austin. Stop that Basic Science bill. Write, wire or phone today. (Paid Adv.)

**Farwell 4-H Club Holds Meeting**

The Farwell 4-H Club met at 1 o'clock, Thursday, February 3, with President Troy Christian in charge of the meeting.

After the meeting had been called to order by the president, the meeting was turned over to County Agent Ollie Limer. Limer told briefly about the registered hog sale, and said that these hogs would go to the Amarillo Fair. Troy Christian was the only member that had two pigs to show.

The meeting was then dismissed by the president.

Cro-Magnons used colors in drawings on cave walls in southwestern Europe 30,000 years ago.

**No Draft Calls For February, March Through Board 18**

There will be no men drafted through Board 18 (Hereford) during the months of February and March Mrs. Eunice Peterson, local Selective Service head said Tuesday.

Board 18 is headquarters for Deaf Smith, Randall, Parmer, and Castro Counties.

Mrs. Peterson said since registration for the revived draft began last August 30, not more than five or six men had been drafted through Board 18.

A comparatively new ruling she said, had been announced stating men who joined the National Guard since June 24, 1948, were not exempt from the draft. However, members of National Guard or reserve components of the armed forces who belonged to those organizations before June 24, 1948, could claim exemption, Mrs. Peterson added.

She said men who marry after they have been classified by their local draft boards, no longer can claim exemptions on grounds of marriage.

Questionnaires are to be issued to all within draft age starting with the oldest group within the draft age (26) to the youngest age group (18).

The questionnaires will be mailed out as soon as the local board can make classifications, Mrs. Peterson concluded.—Hereford Brand.

**VETERAN'S NEWS**  
Veterans enrollments in colleges and universities under Federal  
**DR. B. R. PUTMAN**  
OPTOMETRIST  
Muleshoe, — Texas

training programs on November 30, 1948, dropped 15 percent below enrollments on November 30, 1947, the Veterans Administration reports. Similarly, enrollments on October 31, 1948, were 17 percent under the totals for October 31, 1947.

This Fall's drop in the number of veterans in institutions of higher learning under the GI Bill and Public Law 16 (for the disabled) marked the reversal of a general upward trend that had continued since both laws went into effect.

The number of veterans in colleges and universities on November 30, 1948, under both laws was 1,050,668, compared with 1,235,761 as of a year ago.

The October 31, 1948, total was 953,247, while the figure for October 31, 1947, was 1,149,935.

Despite the drop in college enrollments, the number of veterans in schools below the college level under the GI Bill and Public Law 16 showed a slight increase this Fall over last Fall.

On November 30, 1948, there were 701,121 veterans in such schools under the two laws—a two percent increase over the 686,664 total of a year ago.

A surplus textbook project under the VA saved about \$5,000,000 is coming to an end.

The project called for textbooks, declared surplus by the armed forces, to be distributed to veterans

studying under the GI Bill and the Vocational Rehabilitation Act for the disabled.

During the year and five months the project was in operation—from May 15, 1946 to October 15, 1947—approximately 2,000,000 surplus books were sent to 2,036 educational institutions for possible use by veteran-students.

## WSCS And WSG Hold Joint Meeting Tuesday

The Womens Society of Christian Service and the Wesleyan Service Guild of the Methodist Church held a joint meeting at the local Methodist church the past Tuesday night.

The meeting was in charge of Mrs. Roy B. Ezell, and the subject of the program was, "By His Light Shall The Nation Walk." Mrs. Ezell was assisted by the following ladies: Mrs. B. N. Graham, Mrs. H. E. Carrell, Mrs. W. W. Vinyard, Mrs. W. H. Graham, Mrs. Claude Dyer, Mrs. Paul Wurster, Mrs. Woodie McDermit, and Mrs. Lloyd Cain.

Following the discussion, the yearly pledge service was held, in which each lady presented her pledge card containing her pledge for the year. The pledges are for the advancement of the two societies of the church.

At the close of the meeting a social hour was enjoyed with lovely refreshments of sandwiches, cookies, and spiced grape juice being served to all present by the following hostesses: Mrs. B. N. Graham, Mrs. Paul Wurster, Mrs. Mae Porter, and Mrs. W. H. Graham.

Those present for the meeting were: Mesdames Ralph Humble, Jim Moss, Albert Thomas, G. W. Atchley, Lena Yoder, M. F. Parton, Claude Dyer, Roy B. Ezell, B. N. Graham, H. E. Carrell, W. W. Vinyard, W. H. Graham, Paul Wurster, Woodie McDermit, Lloyd Cain, and Mae Porter.

## Represent Community

Nelson C. Smith and Bowden Darr have been appointed to serve as "Aide to the Potentate" in this community during the year 1949, according to information received from Wayne O'Keefe, Potentate of Khiva Temple in Amarillo. O'Keefe stated that "their zealous endeavor in Masonry" in this community had prompted him to request their services for the current year.

## Birthday Dinner Honors Three in Sanders Home

A birthday dinner was held in the home of Mr. and Mrs. C. E. Sanders, in Texico, Sunday, honoring three youngsters. The honorees were Ronnie Calvin Sanders, age 3, son of Mr. and Mrs. C. E. Sanders; Mickie Tucker, son of Mr. and Mrs. Leroy Tucker, of Clovis; and Larry Kent Frank, son of Mr. and Mrs. Jay Frank, of Clovis.

A beautifully decorated birthday cake served as centerpiece for the dining table.

Those present were Mr. and Mrs. E. M. Bocox of Clovis; Mr. and Mrs. L. C. O'Neal and son, Billy, of Clovis; Mr. and Mrs. Leroy Tucker and son, Mickie, of Clovis; Mr. and Mrs. Jay Franks and Larry Kent, of Clovis; Mr. and Mrs. Floyd Bocox and family, of Texico; Mr. and Mrs. Lloyd Bocox and family, of Texico; the host and hostess and family.

## Farwell PTA Meeting Scheduled Thursday

The Tribune was reminded today that the Farwell Parent Teacher Association will hold its regular monthly assembly on Thursday night, February 10. The meeting will be held in the music room of the local school, and will get underway at 7:30.

Sol Morgan, local Church of Christ minister, will be the guest speaker, and the 1949 seniors of the school will be honor guests.

Hostesses for the meeting will be Mrs. Boone Allison, Mrs. C. A. Felts, Mrs. S. E. Magness, Mrs. Cecil Atchley, Mrs. Murry Dial, and Mrs. J. W. Billingsley.

The public is extended a cordial invitation to attend the meeting.

Mr. and Mrs. C. A. Cassidy and daughter, Beverly, spent the weekend in the home of her sister and family, Mr. and Mrs. T. J. Reeves, in Plainview.

## Mrs. Thomas Hostess To Wesley Bible Class

The Wesley Bible Class met in the home of Mrs. Albert Thomas, Tuesday afternoon in their regular meeting. Mrs. Lena Yoder acted as assistant hostess to Mrs. Thomas.

Mrs. Roy Thornton lead the prompts, carrying out the Valentine motif, were served to those present.

Members present included Mesdames Jess Newton, Ruby Dixon, N. L. Tharp, E. G. Blair, B. N. Graham, G. W. Atchley, Ralph Humble, M. F. Parton, Roy B. Ezell, and the hostesses, Mrs. Thomas and Mrs. Yoder.

Visitors present were Mrs. Effie Johnson and Mrs. B. O. Faville.

## Birthday Dinner Honors Two, On Sunday

A birthday dinner honoring Mrs. S. G. Billington, and her son, Jim, was held in the home of Mr. and Mrs. Sterlyn Billington the past Sunday.

Mrs. Billington celebrated her birthday on Saturday, February 5, while Jim noted his birth date on Monday, February 7.

Those present for the dinner were Mr. and Mrs. S. G. Billington and Jim; Mrs. J. W. Hulsey of California; and Mr. and Mrs. Sterlyn Billington and family.

## Lokey on Honor Roll

LEXINGTON, Mo.—Cadet Ernest Lokey, son of Mr. and Mrs. Ernest F. Lokey of Farwell, has qualified for the dean's honor roll for the first semester at Wentworth Military academy here, Maj. Dallas C. Buck, dean of instruction, said.

Academic honors for the semester at Wentworth are conferred on those cadets who do superior work in their classes consistently throughout the term. This recognition makes the cadet eligible for additional privileges and entitles him to wear the scholastic bar on his uniform.

## Texico PTA To Hold Regular Meeting

The Texico Parent Teacher Association will hold its regular monthly meeting on Thursday night, February 10, at the Texico school.

Mrs. Ira S. Levins will preside at the meeting, and the program will be presented by the fifth and sixth grades, under the direction of Mrs. B. A. Rogers.

At the conclusion of the program the mothers of the fifth and sixth graders will serve refreshments. All members and prospective members are urged to be on hand.

## Attend Bob Hope Show

Mr. and Mrs. W. W. Vinyard, Mr. and Mrs. B. A. Rogers and Miss Norma Lee Sanders were among local people who attended the Bob Hope show in Amarillo, Sunday. Miss Peggy Rogers, daughter of the local people, was a contestant in the ENMC beauty queen contest, with the candidates being judged by Hope. While in Amarillo, Mr. and Mrs. Vinyard visited with relatives.

## Visits With Relatives

Mr. and Mrs. Ben O. Smart spent the past weekend visiting in the home of Mrs. Smart's parents, Mr. and Mrs. Bob Lietner, in Amarillo. Mr. Smart also transacted business for the Furniture Mart while in Amarillo.

## Rites Read Sunday

Wedding vows for Miss Iona Lee Kirk and Paul Ansel Renner were read in Farwell by Rev. Harvey E. Carell, local Methodist minister, on Sunday evening, February 6. County Clerk Loyde Brewer, who issued the license, said the couple came from Oklahoma, and will reside in Friona.

## Married Here Saturday

Miss Marie Ashcraft and Mark Owen, both of Amarillo, were married in Farwell the past Saturday, February 5th, by Justice of the Peace Jess Newton.

## Home From California

Mr. and Mrs. J. R. Hadley returned home the past week from California, where they had spent a month vacationing. They report that they came back home to "get warm", following the recent severe cold spell in the western state.

Mr. and Mrs. Jim Cleve Dixon visited briefly here Saturday, enroute to Taos, New Mexico, where they will make their home.

## Ruth SS Class Meets In Billington Home

The Ruth Sunday School Class of the Texico-Farwell Baptist Church met in the home of Mrs. Sterlyn Billington, Monday night, in the regular monthly assembly.

The Valentine motif was carried out through the meeting. Several Valentine games, planned by Mrs. Clyde Magness and Mrs. Joe Magness, were played.

Delicious heart-shaped cookies and candy, with red spiced apple juice, was served by the hostess, assisted by Mrs. Velma Seale, at the close of the meeting.

Those present included Mrs. D. J. Brown, Mrs. Olan Schleuter, Mrs. Joe Magness, Mrs. Clyde Magness, Mrs. M. H. Poteet, Mrs. Velma Seale, Mrs. Willie Hardage, and the hostess, Mrs. Sterlyn Billington.

## To Mineral Wells

Mr. and Mrs. Willis Magness and Joe Magness left the past Saturday for Mineral Wells, where they will spend some time taking a course of the hot water baths. They visited with relatives at Vernon enroute to their destination.

## On Vacation Trip

Earl Roberts left the past Saturday morning on a vacation trip. He plans to attend the annual Baptist Conference, convening this week in Plainview, after which he will go on to Oklahoma to visit relatives and friends.

## Legion Dance Comes On Friday Night

Frank Miller and his orchestra have been engaged to furnish the music for a Valentine dance at the local American Legion Hall on Friday evening, February 11.

The public is invited to attend.

Mr. and Mrs. I. W. Quickel made a business trip to Clovis, Friday.

R. T. Harbor and Pete Davis attended the cattle sale in Clovis Friday. Hop Graham, of Farwell, visited in Bovina, Thursday.

Mr. and Mrs. Leroy Wilkerson of Clovis visited here Saturday evening.

## Low Cost Flour May Mike Spud Market

Wider use of the nation's crop of white potatoes may result from the new process for making potato flour developed by the Department of Agriculture's Eastern Regional Research Laboratory near Philadelphia.

Potato flour can be produced by the new method for about \$39 per ton, not counting the cost of the potatoes or sales expenses. The process is about one-third cheaper than that for standard white potato flour because it converts whole potatoes into flour without peeling or cooking and employs low-cost drying methods. The new flour is light cream in color and has all the food value of whole potatoes.

The raw potatoes are washed, inspected to eliminate spoilage, and then ground, skin and all, in a hammer mill. A small amount of sulphur dioxide is added to keep the ground potatoes from turning dark. Then they are dried in a standard steam-tube drier.

Some of the dried material is fed back into the drier along with the raw potatoes to lower the moisture content of the mixture. After drying, the potatoes are run through a second hammer mill, screened into flour and meal, and bagged.

A similar procedure can be used to produce a satisfactory potato feed for livestock. In this case, the hand-inspection and sulphur-dioxide steps are eliminated, and the cost is reduced to about \$24 a ton.

## SOUTH BEND POST HOME HIT BY \$10,000 BLAZE

SOUTH BEND, —Spontaneous combustion was blamed today for the fire in the basement of the club house of the River Park Post 303 of The American Legion here which caused more than \$10,000 of damage. Firemen fought the stubborn blaze for more than four hours. The upper stories of the building suffered heavily from smoke damage.

## Spark Winter Menus With Quick Changes On Meat Loaf

In the midst of festive or elaborate menu planning, a good hearty meat loaf can do much for the family's morale and eating satisfaction, too. Most cooks realize this but complain they hate to serve the "same old meat loaf" over and over again.

Just a few ingenious ideas can dress up your favorite loaf, says Reba Staggs, home economist. For one change, she suggests you bake the loaf in a mold pan, instead of the conventional loaf shape. Heart-shaped or ring molds, muffin molds, or other shapes may be used, in either the large or individual size—small molds bake more quickly. Be sure to grease the mold so the loaf turns out easily. If baked in a ring, creamed vegetables may be served in the center.

Simple designs from slices of hard cooked eggs, pickles and other foods may be laid out in the bottom of the pan before the meat mixture is added and help make an upside-down loaf attractive. Use pimiento or green pepper for a loaf suitable for February holidays or St. Patrick's Day. Or the loaf may be garnished afterwards if a more elaborate design is preferred.

Unusual ingredients added to your favorite loaf can give it entirely new character. For instance, add ground green pepper to ham loaf for a gay contrast in color, texture and flavor. Or add spicy condiments for a deviled loaf—prepared mustard, horseradish, catchup or chili sauce, or any other spicy ingredients you prefer.

Or you might mix the ingredients together, spread in the bottom of the pan before adding the meat mixture and turn the loaf out with a deviled topping. Another interesting topping is a brown sugar glaze—a bit of brown sugar sprinkled in the bottom of the pan will turn out into a not-too-sweet caramel glaze.

Wintery evening meals call for substantial main course dishes which will coax the appetites of all family members and tamale pie is just that kind of a dish.

**Want a Bigger Garden Than Your Neighbor? Here are Some Tips**

**COLLEGE STATION.**—Bigger than the neighbor's.

That's the ambition of every home gardener. Everybody who grows vegetables for the family table wants to be able to boast the biggest—both in size and yield—in the neighborhood.

In order to do this, J. F. Rosborough, extension horticulturist of Texas A. and M. College, suggests getting a big start with even the smallest seed. This calls for seed treatment and inoculation. From the standpoint of the home gardener the easiest way to treat the seed is to get a packet of seed disinfectant from the local seed store. Then tear the top of the seed packet off, and sprinkle a small amount of the disinfectant dust inside. Then all you have to do is shake the packet well. Make sure the shaking is thorough enough to cover every seed in the packet.

It's best to plant the treated seed right away. Seed treatment not only destroys certain seed-borne diseases, but helps along the process of germination. These are certain fungus molds that often damage seed at the

time of germination, and seed treatment gives a higher percentage of vigorous plants at the soil surface.

Inoculation of legume stimulates early growth because of certain bacteria in the soil. So when you plant English peas in the next few weeks, Rosborough suggests trying this inoculation process to get an early start. Later in the season you might also inoculate your early plantings of beans, as well as the black-eyed peas or purple hulls and cream peas.

The inoculation and seed treatment supplies are available at the local seed store.

These are a couple of ways to get ahead of your neighbors in growing bigger and tastier vegetables. If you start now, you'll have a good chance to get the jump on them.

Support your local Chamber of Commerce.

**LEGAL NOTICES  
CITATION BY PUBLICATION  
THE STATE OF TEXAS**

TO: J. L. Smith, First National Bank of Canyon, Texas, a defunct corporation, and its unknown stockholders, officers, directors and creditors, successors or assigns; National Bank of Commerce of Amarillo, Texas, a defunct corporation, and its unknown stockholders, officers, directors, and creditors, successors or assigns; D. A. Linthicum, Robert Martin, J. M. Neely, Joseph M. Neely, First National Bank at Texico, New Mexico, a defunct corporation, and its unknown stockholders, officers, directors and creditors, successors or assigns; M. T. Anderson, W. W. Taylor, Ethel Mansfield, and the unknown heirs of W. L. Mansfield, and

Said plaintiff's petition was filed on the 25th day of January, 1949. The file number of said suit being No. 1433.

The names of the parties in said suit are: Gene Lovelace, as Plaintiff, and J. L. Smith, First National Bank of Canyon, Texas, a defunct Corporation, and its unknown stockholders, officers, directors, and creditors, successors or assigns; National Bank of Commerce of Amarillo, Texas, a defunct corporation, and its unknown stockholders, officers, directors and creditors, successors or assigns; D. A. Linthicum, Robert Martin, J. M. Neely, Joseph M. Neely, First National Bank at Texico, New Mexico, a defunct corporation, and its unknown stockholders, officers, directors and creditors, successors or assigns; M. T. Anderson, W. W. Taylor, Ethel Mansfield, and the unknown heirs of W. L. Mansfield, and if any of said defendants be deceased, then the unknown heirs, assigns and legal representatives of such deceased defendant or defendants, as defendants.

The nature of said suit being substantially as follows, to-wit:

Plaintiff alleges that on January 25th, 1949, he was and still is the owner in fee simple of lots 21, 22, 23, 24, and 25, of Block 27, of the original town of Farwell, Parmer County, Texas, and on such day was also in possession thereof, and afterwards, on the same day, the defendants unlawfully entered thereon and ejected him therefrom, and withhold possession thereof from him.

Plaintiff alleges the reasonable rental of said premises during such unlawful possession to be \$5.00, and that demand has been made for the payment thereof and that same has not been paid.

In the alternative plaintiff says that he and his predecessors in title have had peaceable, continuous and adverse possession of said land and tenements, cultivating, using and enjoying the same for more than ten years continually, next preceding the filing of this petition, and that such possession has been continuous, open, notorious, hostile and uninterrupted, and plaintiff pleads and invokes the provisions of the ten year statute of limitation as same applies to land titles in the State of Texas; And further in the alternative, plaintiff invokes the 5 year statute of limitation as same applies to land titles in the State of Texas, and says

that for more than 5 years prior to the filing of this suit he and his predecessors in title have been in possession of said premises as above alleged, duly rendering same for taxation, and paying such taxes before same became delinquent.

Plaintiff prays that defendants be cited to answer and appear, and that on final hearing he have judgement for title to and possession of said lands, for costs of suit, for damages, and for such other and further re-

lief to which he may be entitled at law or in equity.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved. Issued this the 25th day of January, A. D., 1949.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 25th day of January, A. D., 1949.

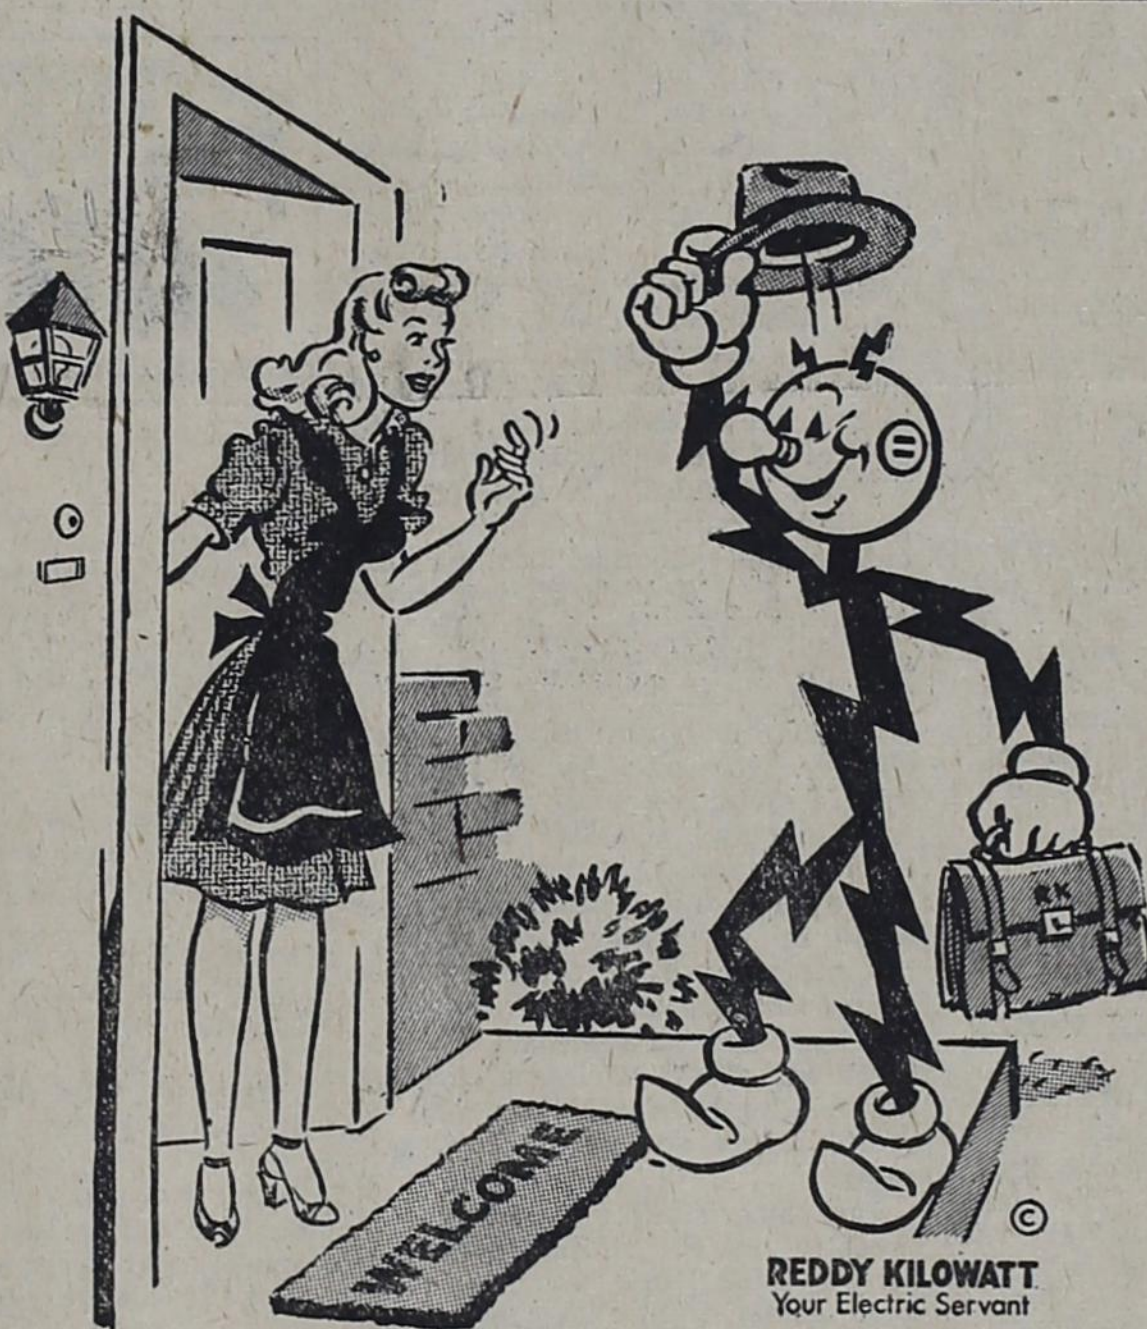

Loyde A. Brewer, Clerk District Court, Parmer County, Tex

**Bovina Teams Dumped By Farwell Cagers**

Hitting their full stride in both games, the Farwell cagers racked up two hot victories over Bovina, last Friday night, when the squads had conference matches at Bovina.

The local girls finally gained a lead at the middle of the second period and continued to hold doggedly to their margin, with the final count a close 34-32. Coach Jack Williams reported. Half-time score saw Farwell with a 19-14 lead, which was gradually whittled down during the ensuing periods.

Dial, continuing the scoring pace she has set recently, banged in a total of 24 points to lead the locals while tall Pounds, who is showing her stuff as one of the best forwards in the county, followed with a score of 18 for the losers.

Bouncing back into the winning column after taking a spanking at the hands of Sudan and Dimmitt the first of the week, the Steers lambasted the Mustangs 46-26, and the second stringers saw action after the half time breather.

Mid-game count was 26-16 in favor of the Steers, with Booth, Ford, and Thomas continuing to bang in the goals to hike the lead. In scoring, Thomas led with 16, Booth had 13 and Ford racked up 11. Tidenberg led Bovina with 7, as Ellison and Hromas each scored 6.

**Vega Teams Come For Friday Matches**

"Jocko" Harris & Co. will make another appearance on the Farwell gym floor Friday night of this week, when the strong Vega boys will face the Steers in conference play.

Unless they show vast improvement, the Steers will be the underdogs in the game. Vega has pounded practically every team in the district into submission, with the exception of a single tournament loss to Adrian, here, in December, and that quintet appears to be headed or the district title.

On the other hand, the local girls enjoy a slight prestige over their visiting opponents. In a meeting at Vega some weeks ago, three overtime periods were necessary to decide the match, which finally went to Farwell by a close 2 points.

Next Monday and Tuesday night will see make-up games with the Lazbuddy squads, Coach Jack Williams reported. On Monday night, the two local teams will play Lazbuddy in the Oklahoma Lane gym, while on Tuesday night the Lazbuddians will come here. All matches have a conference bearing, and the locals are believed to have the upper hand.

**Curry Cage Meet Gets Underway At Clovis**

Eight girls' teams and a like number of boys' squads will compete for the Curry county cage titles, this weekend, when the annual tournament is to be held in the Clovis junior high gymnasium.

Play gets underway on Thursday night, with games also docketed for Friday afternoon and evening and the windup of semi-final and final matches is slated for Saturday afternoon and night.

The Texico girls got a break in the bracket drawing for places, held on Monday night, being slated for their first game against the sextette from Rogers, which they defeated easily last weekend.

On the contrary, the Wolverines were not so fortunate in the drawing. Their first opponents will be the strong team from Ranchvale, which recently picked up a victory over the locals.

The upper half of the girls' bracket pits Pleasant Hill, currently tops in the county, against Grady, with the meeting slated at 6:15 Thursday afternoon, and the Texico-Rogers game is next up, at 7:30. Winners meet for the semi-final at 3:15 Friday.

In the lower half, Ranchvale faces Field at 8:45 Thursday evening and Rosedale plays Forest at 10:10 that night. The semi-final comes off at 9 p. m., Friday.

The Grady and Field boys take the court at 2:45 Friday afternoon, being preceded by the Rosedale-Clovis B game at 2. Winners play at 2 Saturday afternoon.

In the lower form, Melrose meets Pleasant Hill at 10:15 Friday night, while the Texico boys face Ranchvale at 4:30 Friday afternoon and the top teams met at 3:15 Saturday. All time given in the above schedule is by Texas clocks, making it one hour earlier for fans who use Mountain standard time.

Following the final matches Friday night the trophies will be presented. Hudson, McDowell and Covington have been named as officials.

**JUNIOR TEAMS WIN THREE**

Scrimmage games at the Farwell gymnasium Monday night resulted in three wins for the Farwell squads over the Texico teams. The junior girls took their match, 7-12, with Hardage and Christian each scoring 6. Next up, Dial led the Farwell junior boys to a 22-10 decision over Texico, scoring 10 points himself. The freshmen boys of the schools also played a game, with Farwell winning 20-13, as Pipkin led the scoring.

Help keep Texico-Farwell clean.

**Girls Take Two, Boys One In Weekend Cage Skirmishes**

The Texico girls made a clear sweep of their opposition during the past weekend, racking up games over Rogers and Grady, on Friday and Saturday night respectively, as the boys dropped a fast-moving contest to Rogers and then came back on Saturday to take an exciting one-point decision over Grady.

Balbo and King paced the Rogers quintet on Friday night, featuring a fast break which the Texico defense was unable to handle. The locals played good offensive ball, but were unable to hold down the Rogers scoring and came out behind, 47-60. Balbo had 23 points, King made 19 and White and Pearce tied for Texico with 5 each.

In the girls' game, the visitors were badly outclassed, this being the fourth game any of the team members had ever played. Final count stood 42-21 or Texico.

Saturday night play was exceptionally hot, with the local girls winning 30-43 over Grady in the last few minutes of play, when they suddenly developed basket fever and left Grady far behind.

The boys' contest, which ended 44-43, in favor of the Wolverines was decidedly close throughout. At one time Grady led, 9-16, which was the biggest difference recorded in the team scores during the game. Griggs paced the scoring, looping in 16 for the losers, while Tucker bagged 14 and Bridges 11 for Texico.

**House Of David Cagers Play Here Saturday**

The world famous bearded House of David basketball team will make its appearance in the Farwell gym, Saturday night, February 12th, in action against a local independent squad, Supt. Jack Williams said today, adding that the game promises to be the outstanding athletic treat of the season.

Heading the list of the bearded players is long Moose Ludka, center, who stands 7'3" and tips the scales at 265 pounds. Ludka is the tallest basketball player in the world today, and it will be a revelation to local fans to see this giant in action.

Next in line comes Bobby Roth, for years an outstanding star with professional clubs in Detroit. Roth is known in cage circles as the fastest-breaking forward in the game. Tony Hecht, 6'6" guard, has been with the David team for the past five years, and is a consistent thorn in the side of the opposition by his control of the backboard bounce.

Frank Mekules, 6'3" guard, is the leading scorer and is seldom left out on the rebounds. Last but not least is Bud Scott, 6'3", who holds down the other forward spot. His specialty is the onehanded shot from the coffin corner.

In addition to displaying high class basketball, the Davids keep the fans in an uproar with their eccentric, comedy actions and clever line of chatter while playing ball.

The Farwell Independents will be made up of former local players, including Max Ford, Glenn Phillips, Junior Robertson, Jessie Gray, Smokey Gast, Vernon Symcox, Bob Sudderth and C. W. Grissom, most of whom have been seen in action by sports lovers during the past few years.

The game is being staged to raise funds to provide gridiron equipment for the junior high students of the local school, Supt. Williams stated, in urging that all fans put in their appearance at the game. "Seeing the House of David players in action is worth driving quite a few miles," he added, in announcing the event.

The David-Independent game is slated to get underway at 8 o'clock,

while a curtain raiser will be played beginning at 7 o'clock, officials said. Admission for the evening is 75c for adults and 35c for children and adults.

**Farwell Takes One, Loses One To Friona**

The Farwell cagers brought home one victory and lost one to the Friona squads Tuesday night when the locals met the Chiefs and Squaws on the Friona court.

The Farwell girls lost to the Friona Squaws by a total of 11 points while the Steers horned the Chiefs for a 9 point victory.

In the girls match the half-time score showed Friona leading with 20 points to Farwells 11. Final score showed the Frionaites still out in the lead, reading Friona 33, Farwell 22.

Dial was high pointer for the locals making a total of 13 scores, and Robison too kin 20 of Frionas total for high point honors.

The boys game was the most exciting of the two when at the half-time the score favored the Chiefs with a 3 point lead, marking down 15 for Friona while the Steers had only 12 points.

However, in the last half the Steers came out to the light to put the Friona Chiefs out of the winning zone, and the final score gave Farwell a 9 point victory over the strong Chiefs. Final score—Farwell 36, Friona 27.

Booth and Thomas tied for high scoring honors, with 13 each for Farwell while Bandy dropped 11 in the bag for Friona.

**Scouts To Patrol Town Of Texico, Saturday**

The Texico Boy Scout Troop No. 36 announced early this week that they would patrol the Town of Texico on Saturday, February 12, and warned all drivers to be on the lookout.

Scoutmaster Bobby Williams said that permission has been received from the Mayor, O. W. Francis, and quotes Mayor Francis as saying, "I am behind you 100 percent, and will

**HOWDY FOLKS . . .**  
A telephone pole never hits an automobile except in self defense.

Parson: "Do you know where little boys go when they smoke?"  
Boys: "Yep; up the alley."

"Now," said the teacher impressively, "Why should we endeavor to rise by our own efforts?"

"Because," replied Tommy "there's no knowing when the alarm clock will go wrong."

Little Boy: "Father, Father, what's that man doing running up and down the car with his mouth open?"

Father: "My boy, that's a Scotchman getting a free smoke."

You may not enjoy these jokes but you will enjoy our one stop service that keeps your car running in perfect order.
