### FROM THE HOPPER

By HOP

We didn't believe it was possible, but now we are convinced that the poor telephone service between here and Clovis has reached a new high in recent days. We have repeatedly been promised additional lines between Texico and Clovis but so far promises are all that we have. In discussing this deplorable services with one of the Mountain States Telephone Company officials this week, he assured us "We have been discussing that problem". We replied that the people of Texico-Farwell had long since dropped the first syllable from the word "dis-cussing".

When one spends the entire forenoon in an effort to get an operator in Clovis without avail, we begin to wonder just what we would do in the event of a real emergency. This is one of the most serious threats that the residents of Texico-Farwell face every day, and we have the right to demand that the MSTC do something about it.

Chas. Gray of Bovina, when asked about his crop prospects said that his maize would probably be ready for harvest by the 12th of next April.

We appreciate the many congratulations we have been receiving the past several days on The Tribune being cited as "one of the outstanding newspapers in America". Most of the congratulations have been conveyed personally, while others have come by mail. John Graham (no kin to the publisher), writes from Lubbock, "Congratulations on your academy award winner". Another comes from San Antonio, penned by the feeble hand of an old aunt, "Them high-brows in New York didn't have to tell me that . . . I knew it all the time."

And while congratulations are being passed around, we want to take occasion to commend the fans of Farwell, Bovina, and Friona for their sportsmanship at the recent football games. Rivalry is always at a high pitch when either of these teams encounters the other, and in some instances enthusiasm has been allowed to get out of control. But the recent games involving the three have brought out the finest sportsmanship on the part of fans we have ever witnessed. Congrats, fans, may we always be good sports, in either victory or defeat.

### FOOD SALE SCHEDULED

The Texico Cemetery Association will conduct a food sale at the Furniture Mart in Texico on Tuesday, Nov. 7, election day. Members of the Association are asking for donations of food to be offered at the sale.

## Suspended Sentence For Gordon Thurman

After deliberating an hour, the jury returned a verdict of guilty against Gordon Thurman, charged with rape, in District Court here last Thursday afternoon and recommended a five-year suspended sentence.

Thurman was charged with assaulting Miss Florence Sadler on the night of Oct. 26, 1949, a short distance southeast of this city. Both Thurman and Miss Sadler were residents of Littlefield at that time. Thurman, who was in the Army and stationed at Fort Sill, Okla., was brought back here to face the charge.

## Long Illness Ends In Death Thursday

After an illness of seven months, during which time he was hardly permitted to leave his bed, death came to C. C. Morgan, age 59, at the family home in Texico, Thursday morning at one o'clock.

A resident of Portales for 15 years, Mr. Morgan underwent an operation in that city seven months ago and had been confined to his bed since. He and his wife had been residents of Texico for the past month.

Funeral services were held at the Primitive Baptist Church in Clovis, conducted by Rev. Wm. Fox, and burial took place in the Texico cemetery under the direction of the Steed Funeral Home of Clovis.

He is survived by his widow, Mrs. Alma Morgan, Texico; five sons, Herschel, Texico; Hillery, Portales; Vaughnie, Clovis; Richard, Portales; Robert, Texico; and one daughter Mrs. Lois Fox, Rogers.

## New Store Opened By Furniture Mart

The Furniture Mart in Texico, opened its third store last Saturday with the formal opening of its latest store in Bovina, under the management of Elton Venable of that city.

Previously, a second store had been opened at Clovis.

Venable said he would carry a complete line of furniture at Bovina. However, he admitted that due to limited space, he would not be able to carry a large stock, but explained that he could draw on the large stocks in Texico whenever his demands require it.

## First Homecoming Plans Near Finale

Form letters have been sent to all ex-students and ex-teachers of the Farwell, Oklahoma Lane and West Camp schools, inviting them to the first annual Homecoming of the Farwell Consolidated schools, Billy Joe Foster, vice president, reports.

Slated for Friday, November 10, the Homecoming football game will be played at 2 o'clock in the afternoon between the Steers and the Spring Lake Wolverines, with a Homecoming queen to be crowned at the half.

But the exes' opportunity to really renew old acquaintances will come that night at the football stadium, when a barbecue for all exes and their guests will be held. Prepared by "Prof" Morton and the ag boys, the barbecue will be sold at \$1.00 per plate.

Following the barbecue, a gala list of entertainment has been scheduled, and new officers will be elected for the coming year.

Membership cards have been printed for the organization and upon receipt of 50c dues, cards are mailed.

Foster urges all exes who are interested in attending the Homecoming celebration to send in dues and buy barbecue tickets shortly.

## Bovina Woman Gets 6-Months Jail Term

Mrs. Thelma McGee Brown of Bovina, entered a plea of guilty to a charge of driving an automobile while intoxicated in County Court here, Tuesday morning, and was given a six-month jail sentence by County Judge A. D. Smith.

She was brought here by the Texas Highway Patrol from the Friona hospital, where she had been receiving treatment for injuries sustained when her automobile overturned on Highway 60 some three miles south of Bovina, Sunday morning.

Officials said that she had been released to receive further medical treatment before beginning her sentence. She was injured about the shoulders when the car turned over as she was traveling alone.

## Work Resumed On Davis Building

Work was resumed on the large mercantile building of the Davis Mercantile Co., in Farwell Monday after a delay of several weeks, awaiting the arrival of materials.

Contractor W. L. Stark of Amarillo, who is in charge of the construction, said all the materials needed for the completion of the job were now on hand, with the exception of some steel.

Fear was expressed that the needed additional steel could not be obtained, in which event wooden beams would be used. Brick layers began putting brick in the walls as work was resumed the first of the week.

Davis said that he was hopeful of being able to occupy his new quarters by the first of the year.

## Jesko's Condition Remains Critical

The condition of Harry Jesko, 54-year-old retired Farwell farmer, remained critical at the Clovis Memorial hospital early Wednesday morning.

Jesko was injured in a two-car collision at the road intersection a half mile south of the Oklahoma Lane school house on the morning of Oct. 23. He has never fully regained consciousness since the accident.

He underwent surgery last Saturday in an effort to relieve pressure on the brain, and has shown little or no improvement since that time. His special nurse informed the Tribune early Wednesday morning that the patient had a "fair night and looks a little better," adding that his condition remained critical.

Mrs. Jesko and Mrs. A. T. Kersey, injured in the same accident, are doing nicely and are scheduled to be dismissed from the hospital soon.

## Local Bank To Buy City Bond Issue

Officers at the Security State Bank of this city said today they had agreed to buy the entire \$40,000 bond issue recently voted by the City of Farwell to be used in installing a sewer system in the city.

G. D. Anderson, president of the bank, said that they had agreed to buy the bonds, which will bear 3% interest and run for ten years. The bonds are in the process of being printed and are expected to be delivered during the next few days, Anderson added.

## Darrel Norton Named "Pep Squad Beau"

Darrel Norton was elected "pep squad beau" of the Farwell schools in a meeting of the organization last week, as the girls made their selection.

Norton is a junior student, and a member of the football squad. His new title attests to his popularity.

### FARWELL STEERS PLAY FRIENDSHIP HERE FRIDAY

### MRS. CAIN BETTER

## 'Work While The Sun Shines' Is Motto Of Farwell School

Work has been defined as an unpopular way of earning money, but such was not true in the Twin Cities last Thursday. Farwell High School students "were tearing the town apart" looking for jobs.

Purpose of the sudden outburst of energy, was the rivalry between the classes as a result of the Halloween carnival. All classes were trying to earn money to place as votes on carnival queen candidates.

Included in the jobs that the students were asked to do were manual tasks such as washing windows, picking sweet potatoes, ironing clothes, cleaning garages, pulling cotton, spraying houses, raking leaves.

Some students even built a fence, others built a horse's shed and boys leveled the ground to pour cement. A few of the girl's washed baby diapers.

After an afternoon of ironing, one high school girl remarked, "Well, I've learned one thing, I wouldn't do this for a living."

It might be well to add that the storage room's of the Tribune office received a thorough cleaning, too.

## Bowers Fighting Extradition To Elkhart, Kans.

District Attorney Joe Sharpe of Plainview and County Attorney Sam Aldridge left here today for Austin, where they will represent the State of Texas in a move to extradite Jim Bowers to Elkhart, Kansas, on a felony charge.

Bowers, who is at liberty on bond on a Parmer County indictment for cattle theft, is charged with possessing and disposing of stolen property in Kansas.

Officers in New Mexico and Oklahoma also hold warrants for Bowers, charging him with horse theft, officials said.

The extradition hearing will be held in the office of the Secretary of State in Austin on Thursday of this week at 2 p. m. Bowers is charged with the theft of a cow from the Fred Kopley farm, east of town, and transporting the animal to Kansas, where he disposed of her.

## Texico Cemetery Gets More Trees

The Texico Cemetery, which is already becoming known as one of the prettiest burial grounds in this region, was being further improved this week with the planting of 60 Arizona cypress trees.

Rows of the evergreens are being planted along the east and west sides of the cemetery plot. In addition to the new trees, two large beds of roses and shrubs are being planted just inside the entrance to the grounds.

The work is being done by the Texico Cemetery Association which has previously installed a pressure pump watering system to supply water for the plants, trees and shrubs.

## Bovina Paving Job Completed And Open

The six-block paving job at Bovina was completed the first of last week with the application of the black-topping and finishing off with a heavy coat of chat.

In addition to the six blocks of paving, parking aprons were constructed in front of the school property and the Church of Christ. The new piece of pavement was paid for out of road funds from Precinct No. 2. It takes off from Highway 86 in the south part of town, runs north to the school property, thence east to the business loop of Highway 86.

## New Pastor Arrives, Will Preach Sunday

Rev. and Mrs. Lance Hurst arrived here Tuesday afternoon from Santa Rosa, N. M., to assume his duties as pastor of the Hamlin Memorial Methodist Church.

Rev. Hurst succeeds Rev. Murphy Duncan, who resigned a month ago to accept the pastorate at Maysville, Okla. He announced Tuesday that he would fill the local pulpit at both morning and evening hours Sunday.

### HAS KIDNEY OPERATION

Claude Barker of Bovina, entered the Clovis Memorial Hospital Monday afternoon, and was scheduled to undergo surgery for a kidney disorder on Tuesday.

## See Light Vote In Tuesday's Election

Political forecasters predicted a light turn-out on the part of Parmer County voters in Tuesday's general election with no local campaigns to bring out the vote.

The picture is somewhat different in Curry County, where a hot gubernatorial race in New Mexico is calculated to draw a fairly representative turn-out on the part of the voters.

All of the interest in Parmer County will be centered in the congressional race in which the incumbent Republican Ben Guill of Pampa, is seeking to retain his seat. Democratic nominee, Walter Rogers, also of Pampa, is contesting Congressman Guill for the seat he won six months ago in a special election over ten Demos.

In a slam-bang campaign over in New Mexico, the fight is being waged down to the last ditch, with chief interest being centered in the governor's race. Democrat John E. Miles is seeking a come-back to the governor's office after a two-year absence, and he is being opposed by Edward L. Meachem, Republican.

In Texas, the Republicans have a complete state ticket in the field, but the congressional race is the only one that will draw any interest in this section.

## Fireman's Resuscitator Saves New Baby's Life

The resuscitator, which was bought by the Texico-Farwell Fire Department recently, was used for the first time last week and saved a new-born baby's life.

"Due to the inability of resuscitation by normal means, after a difficult and prolonged birth, we availed ourselves of the opportunity of using the new resuscitator belonging to the fire station," Dr. Mary Leone McNeff, one of the attending physicians, said.

Also attending the mother, Mrs. Clifford Thompson, was Dr. Gertrude Cross of Columbus, Ohio, and Dr. K. W. Scheink of Clovis. The child is a 7 pound girl named Doris Jean.

Dr. McNeff says the mother and child are both doing fine now. "We are indeed very fortunate in having as good a resuscitator as this in our towns and having the cooperation of our fire department in every effort for restoration of life," the doctor concluded.

## Rogers Visits Co. In Campaign Tour

Walter Rogers, Democratic nominee for Congress, was in Parmer County, Tuesday, on a whirlwind tour of the large district in the interest of his candidacy.

Rogers paid The Tribune a brief visit while here and expressed his views on some of the hot issues in the campaign, saying emphatically that in his opinion it was a serious mistake to send a Republican to Congress from this district.

"What right have we to expect any favors from the administration if we slap it in the face by electing a Republican to Congress?" he asked. Rogers agrees that the Democrats have made many mistakes, but also believes right-thinking Democrats are the ones to correct these errors—not the Republicans.

## Receives Eye Injury As Ball Bat Breaks

Mack, nine-year-old son of Mr. and Mrs. Perry Crawley received a bad eye injury Wednesday morning while playing at the family home in Texico.

The little fellow was standing near a batter while playing baseball. As the batter struck the ball the impact of the ball against the bat shattered the bat and the broken end of the wooden club struck the youngster in the eye.

He was taken to an eye specialist in Clovis where several splinters were removed from the eyeball. He was dismissed from the hospital on Monday of this week.

### NO CLUES IN BREAK-IN

Sheriff Chas. Lovelace said today that as yet no clues had been uncovered on the break-in at the Cicero Smith Lumber Co. office on the night of Oct. 21. He expressed the belief that it was the same crew that entered numerous lumber yard offices in this section in recent weeks.

Aubrey Brock, yard manager, said that a used small bore rifle and some ammunition were the only things missing. An attempt had been made to hammer the safe open with a 16-pound sledge hammer, but the effort failed.

Mrs. Joyce Coffman and Mrs. Lucardis Rule, also Mrs. Bob Rule of Friona spent Monday in Amarillo.

**HEALTH NOTES**

AUSTIN—The Texas State Department of Health has undertaken a program to promote the fluoridization of municipal water supplies wherever necessary, according to Dr. Geo. W. Cox, State Health Officer.

It has been proved that where drinking water contains 1.0 to 1.5 parts per million of sodium fluoride that less dental decay occurs, especially among those that have used the water since birth. Excessive amounts of fluorine causes mottling of the enamel.

The city water supply at Marshall has been treated for four and one half years. This has resulted in a reduction of 47 per cent in the decay rate among the age group 6 and 7 years. The younger groups receive the earliest benefits from such a program but all ages have shown some improvement. Other cities adopting fluoridization of their water supplies are Austin and Corpus Christi. Fort Worth, Iowa Park and Breckenridge and some forty other Texas cities are seriously considering the measure.

The Texas Junior Chamber of Commerce in cooperation with the State Health Department and the State Dental Society has made this program its main health objective for this year for control of tooth decay.

**Scout Program Gets Into 'Full Swing'**

Kenneth Livingston, assistant coach at Farwell has been selected as scoutmaster of the reactivated Troop

No. 21 of Farwell, which is sponsored by the Texico-Farwell Lions Club, Jack Williams, president of the Club reported.

The troop committee is composed of Alex R. Bateman, chairman and Frank Seale and Wilfred Quickel as members.

The troop meets regularly on Monday nights at 7 o'clock in the high school gymnasium. Boys of 11 years of age and older are encouraged to meet with the group, Livingston said. Charter members of the troop are: James Bateman, Jerald Hardage, Roland Hillock, Clive Huggins, J. T. Jack, Olin Lex, John McCuan, James Roberts, Jerry Venable, Bert Williams, Jimmie Williams and Gene Hardage.

Organization work for the troop is not complete, Livings on says, only three meetings of the group have been held so far.

Boys will learn knot-tying at next Monday's meeting.

Donald Pipkin and Robert Armstrong will assist Scoutmaster Livingston as instructors in the short course in knot-tying.

Discussing the organization of the group, Livingston says patrols will be organized with eight members in each one, and expressed hopes of having enough boys enter for three patrols.

Officers will be elected for the entire organization then each patrol will have elected leaders.

Scoutmaster Livingston explains that an assistant scout leader has not been selected and anyone interested in the position should contact him. Boys interested in joining the troop should also see the Scoutmaster.

Kick-off breakfasts were held last week in conjunction with a fund raising drive for the scouting program in Texico-Farwell.

John Adams is Scoutmaster of Texico's Troop No. 30. His assistant is Fern D. Stout, and committeemen are John Getz, Perry Crawley, Charles Stockton, John Armour and Rip Snodgrass.

A young hill-billy bought his first ice cream cone, walked outside to eat it, then carried the empty cone carefully back to the soda fountain.

Handing it to the soda jerk, he said, "Much obliged for the use of the vase."

**Students Have Holiday; Teachers Attend Meeting**

Students of the Texico schools had a three-day holiday last week while all instructors of the system attended the New Mexico State Teachers meeting, held in Albuquerque.

Beginning Wednesday, October 25, and lasting through Saturday, the convention included sectional meetings and general sessions to assist faculty members in both individual and general problems, Agrie Jones, Texico superintendent, reports.

Over 6,000 teachers from all over New Mexico were in attendance.

Mr. and Mrs. Jones, elected as council delegates from the local institution, attended the first meeting of the group Wednesday, with another session being held that night.

Sectional meetings in all the various phases of teaching were held on Thursday morning, with a large group assembly in the afternoon. Principal speaker was Dr. Roe Bartle president of a college in Marshall, Mo., banker and world traveler, and "he was a very good speaker", Jones emphasized. A. D. Hoid, past president of the national education association and current president of Tulane University, spoke in the morning.

Friday morning was devoted to sectional meetings, and Friday afternoon was spent in another general session with Dr. Victor Lowenfield, of Pennsylvania State College, as the speaker. A social was held for all delegates on Friday night.

Saturday morning was set aside for a leaders' planning conference, with about 200 persons remaining for the meeting. Mr. and Mrs. Jones were representatives from Texico. The session was devoted to planning for the future association and also for the present school year. "We didn't miss a meeting," says the local superintendent.

Further commenting on the all-state session, Jones says, "Of the 29 or 30 years that I have been attending conventions, this is one of the best-planned meetings we have ever had."

**Farwell Band Will Attend Homecoming**

Members of the Farwell school band will be guests at the annual Eastern New Mexico University homecoming, to be held on November 4, Mrs. Erma Jobes, instructor, announces.

The group will march in the homecoming parade before the game, and guest bands from all high schools in the area will join in playing the national anthem. During half at the football game, each band will be introduced and will march across the field.

Members of the group will be guests at a barbecue sponsored by the Chamber of Commerce and the Alumni Association, and will also be guests at the football game, Mrs. Jobes reports.

The local band and pep squad presented a half-time program at the Friona-Farwell football game, Friday night at Friona.

The band formed a covered wagon with the pep squad outlining a teepee on the other side. As the band played an Indian number, majorettes and cheer leaders joined in an Indian war dance.

## STEERS REST THIS WEEK; PREPARE FOR HOMECOMING GAME WITH SPRINGLAKE

The Farwell Steers are taking things easy this week, with no contest scheduled for Friday, but out of the corner of one eye they're watching the Spring Lake team in preparation for the game here, November 10, celebrating the first annual Homecoming celebration that has ever been staged at Farwell schools. Coach Tommy Hestand would offer no predictions about the coming Spring Lake encounter, stating that the opponents scored three touchdowns against Sudan while the locals got only one, and in the opening game of the year, Spring Lake ran

roughshod over the Friona Chiefs, whom the Steers barely managed to squeeze by last weekend.

"Everybody is okay this week," Hestand told a Tribune reporter. There haven't been any new injuries, and with the exception of Curtis, all old injuries are healed. Curtis received a broken hand at the first of the season, and it is possible that he may play in the forthcoming scramble.

The Spring Lake eleven runs off the wing formation, and sport a number of experienced backs.

Farwell is currently concentrating on general improvement of both defense and offense, as well as heavy study of passing and conversions, in order to make the most of their two-week practice.

Discussing last week's game, Hestand said everyone was a little surprised at Pike Jordan's running ability. The coaches, he revealed, knew that Pike was a good broken-field runner from practice sessions, and with the Friona squad concentrating on Pool, Jordan really had a chance to "show his stuff," Hestand quipped.

Hestand also commented on the team as a whole and praised the line for its defensive work. He expressed the belief that the Steers looked better than they had all season.

"The boys are in high spirits, they are playing better ball, and they are really looking forward to the Spring Lake game," the coach concluded.

### BOVINA CONTINUES ITS WINNING WAYS, TAKES THREE WAY UNDER

The Bovina Mustangs, bouncing back into top-ranking six-man form after making a healthy showing in their first eleven-man game recently, took the visiting Three Way aggregation to a cleaning last Friday night.

Final score in the scramble stood 44 for the Mustangs to 6 for Three Way, as the Bovina squad contin-

ued to roll up mileage toward a six-man crown, going undefeated so far this year.

Three Way pulled a surprise out of the hat, though, as they sent backfield man Van Lieu across for the first touchdown of the game, and Bovina was stung into retaliation.

Lowery and Derrick each counted up 12 points for the winners; Hromas totaled eight; and Denny and Young each had six.

### Go To Pettit

The Mustangs go out of town this weekend, journeying to Pettit for a return match with that squad. In the game played earlier at Bovina, the Parmer Countians had little difficulty in running up a commanding score and coasting to an easy win.

Other games yet on schedule are with Bulz and Lazbuddy.

### YEARLINGS LOSE TO MORTON; TAKE FRIONA

The Yearlings, junior football team of the Farwell high school, played two games recently, one with Morton on Thursday night and another with Friona, Monday night.

The Farwell junior teams played Morton Thursday night, and suffered two defeats at the hands of the stronger opponents. The "A" squad was swamped 28-0, and the "B" team went under 9-0. Both Farwell squads played well, Coach Shelby Jobes reported, but the odds were against them.

In the Friona game Monday night, however, the Yearlings returned to the win column with a top-heavy score of 19-0.

In the first quarter, Barber, on a quick play, ran 30 yards for a score, the extra point try failed. Later in the game, Gene Hardage hit tackle for eight yards and a counter, with a pass from Cassady to Gully good for the extra.

The third quarter saw Frank Gully streak off-tackle for 70 yards to get the final counter.

Thirty local boys were used in the contest, Coach Jobes said.

The Yearlings will see the ENMU-St. Michael's game at Portales on November 4, he added.

### TEXICO BOYS BEGIN CAGE WORKOUTS

Approximately 25 boys are coming out for basketball practice at Texico schools, C. B. Stockton, coach, says.

Six returning lettermen are included in this year's group. They are Tucker, Doolittle, Breez, Horton, Lester and Reed.

The first game of the season will be played in the Texico gymnasium with Elida on November 25.

### ELLA BRADSHAW PLAYS ON WAYLAND TEAM

Ella Bradshaw, Bovina basketball star for the past several years, has been selected as a member of the Harvest Queens, Wayland College

women's basketball team.

Coach Sam Allen, instructor of women's basketball, released the names of the team members only recently. The current squad has only four returning players who have previously lettered.

Ella is the daughter of Mr. and Mrs. H. D. Bradshaw of Bovina, and will be well remembered by county basketball fans.

### SENIORS BEAT JUNIORS IN BASKETBALL GAME

The senior girls won over the juniors 33-27 in a fast-moving basketball game at the Farwell gymnasium last Thursday night. The stakes were high since two-thirds of the proceeds to the game went to the winning team, to be used as votes for the class carnival queen candidate.

Playing on the senior team were Caryetta Grissom, Betty Foster, Dot Kent and Irene Hardage as forwards; Bobbie Christian, Jeanean Lunsford, Sandra Bateman and Nelma Jean Branscum as guards.

The junior team was composed of Marcia Foster, Jo Ann Spurlin, and Katherine Magness as forwards; Rose Hines, Jo Veta Billingsley, Wainell Hughes and Elandra White as guards.

Among those attending the Yearling football game Thursday night at Morton were Alex Bateman and Ann, Mr. and Mrs. Claude Rose, Mr. and Mrs. Ed Hardage, C. C. Christian and W. M. Roberts.

**Centenarian**

(Continued from Page 1)  
from Mississippi to Texas. They weren't in a wagon train, another family traveled part of the way with them and they came the rest of the way alone.

They camped each night along the trail. Regular meal procedure was to cook enough in the morning to do for dinner and then cook supper.

They saw lots of traveling wagons, sometimes other campers would stop near them for meals.

The family first settled in Johnson County, then they moved to Shackelford County.

When traveling to Texas, the father brought a herd of cattle and 8 or 9 slaves to drive the herd. Mrs. Thornton vaguely remembers the emancipation of the slaves. She says her father set his group free, but most of them stayed with the family for several years. Eventually, however, all of them left.

Asked why her family decided to move to Texas in the first place, Mrs. Thornton said that her father had looked this country over, liked it, and decided to bring his family to Texas.

It was on August 29, 1869 that Mrs. Thornton was married. Her husband was one year older than she. Mr. Thornton was working for her brother-in-law in a salt mine when she first met him. He had carried a load of salt to Weatherford by wagon and on the way back, he stopped by her house to spend Christmas with the family.

**Meets Future Husband**

She immediately liked his looks and appearance. They saw each other about once a year for three years, but they kept up their correspondence and eventually, he came after her and they were married. The wedding was held at her parent's home and her bridal dress was of white swiss; all of her wedding finery was "bought."

The young married couple lived on the frontier in Shackelford county the first part of their married life where they farmed and raised a few cattle.

Their first daughter was born when Mrs. Thornton was 20 years old, in Tarrant county. The other three children were born in Erath county.

The Thornton children were just like any other young people, the mother recalls. She had to spank them often, but she can't remember any of their pranks now. They were still in Erath county when her husband passed away after an illness. "That was 30 or 40 years ago," she recalls.

When asked how many grand children she had, Mrs. Thornton said there were 17. But she wouldn't attempt to guess the number of great-grandchildren, great-great-grandchildren, or great-great-great-grandchildren. All of her grandchildren are grown and married and have children of their own.

Mrs. Thornton said she lived in a log house in Mississippi, and she also lived in a log house after she and her husband were married. Her original home had four rooms, all of which were spacious, but there were 15 in the family. Then the Negro families had a house behind the main structure.

After the family moved to Texas, a house was already on the place they bought, but they eventually built a new log home. They lived close to the river and got water there until they dug a well in later years. She remembers clearing the land with oxen and mule teams.

The family cooked on an open fireplace with an old Dutch oven. They also made most of the furniture themselves.

She doesn't recall too much about the Civil War. Her father fought in the war for a short time, then he was sent home to see after widows and older people who had stayed back home. She did hear some stories about the fighting and misery, however.

Discussing her formal education, Mrs. Thornton says they did have little country schools in Texas which the children attended, but even so, their schooling was very meagre. All of the children helped on the farm and they didn't have much time for schooling.

Christmas was a big event then, as it is now. The children had to make all the Christmas gifts & they would begin long before the festive day. They would always have a big tree decorated with pop corn strung into ropes, pop corn balls, and mistletoe and it really was something to see.

Besides all the other good things to eat, the family always had wild turkey for Christmas, and cakes and pies. They had all the food at home and they worked for days. Then they would sit around the open fireplace and just enjoy being together.

**Wore Home-spun Clothes**

"Many is the time that I have gone to church in a home-spun dress," Mrs. Thornton says. The girls would card, spin and weave the cloth and then make their dresses by hand. Making the material from cotton and wool, Mrs. Thornton told of spinning a "hank" a day with 4 cuts to the yard, and 144 threads to the cut.

During the Civil war, they used bark and berries, pecan hulls and other skins to dye their materials. Then they would spend hours fashioning their clothes. They also wove their own stockings.

Mrs. Thornton had been married a long time and had three children before she owned a sewing machine, and she thought the new contraption "was the finest thing on earth."

**Not Impressed By Cars**

As for automobiles, they didn't impress her quite as much as the first buggy her family ever owned. She doesn't know what year she saw an automobile for the first time, but she recalls that they "were awful things and were really a sight in those days." She never has owned an automobile.

But the buggy was a different story. They had gone to church in a wagon all their lives, but when they got a one-horse buggy, they really traveled "in style." Later they got a "hack" with a top on it. It was 2-seated, seemed lots bigger and was "really pretty."

Mrs. Thornton always washed by hand, in the earlier years, she used a bench and a stick to rub the dirt, but improvements were made and she received a rub board which made the work easier. She ironed on a table with a flat iron heated before an open fireplace.

**"Store-bought Clothes"**

It was something "grand" when Mrs. Thornton and her brothers and sisters received their first "store bought clothes. The father always tanned the leather and even made all their shoes. But the biggest thrill was when the girls were allowed to buy stockings instead of wearing home-spun ones.

Mrs. Thornton really wouldn't trade her early years for the modern mode of life. She has had a happy life, she feels. In fact, she would love to see some things as they used to be, although she wouldn't like to see the modern generation go through some of the frontier hardships a large number of people endured.

People learned a little about a lot of things then. They had to if they survived. For instance, a doctor lived only four miles from Mrs. Thornton's home, but even so, her father did a lot of doctoring. People who lived further away from physicians had to learn quite a bit about medicine and human ailments.

Mrs. Thornton didn't actually see any Indian warfare, but her husband did. While working in the salt mines, the Indians attacked the house there.

**Indians Attack**

Mr. Thornton, his brother-in-law and another man had killed some buffalo and skinned them to prepare the hides for sale. The skins were dried and stacked in a small house built for that purpose.

On that particular day, the men were building a cart in which they planned to mount a cannon to scare away the Indians. The buffalo hides were drying and eventually the men decided it was time for them to stack them in the house.

They had just finished putting away all the hides when one of the men glanced up and saw a group of Indians bearing down on them from a ridge.

One of the group gave an Indian yelp and they all took cover. Everything about the place was built of rock and the Indians took refuge behind a rock corral. There were about 25 of them and they were shooting in all directions. Mr. Thornton was firing the cannon and the brother-in-law was shooting a gun from the house.

The other man's wife became scared and she and her children rushed from their home to run to the house of the brother-in-law. The Indians kept shooting to cut off her escape; it was obvious that they weren't trying to kill her, but to capture her. But the white men covered for her and she got away.

After two of the Indians were wounded, the group of redskins picked up the two that were hurt and left as they had come. They let the stock out of the pens and even cut a horse away which was tied up.

The men immediately rode 18 miles to Fort Griffin and told the soldiers of the attack. The soldiers soon overtook and captured the redskins.

The white-haired, spry Mrs. Thornton likes to remember the good old days, but she spends most of her time knitting and tatting for her nephews and nieces now. She gives some of her handwork to friends, in fact, several people in Friona have some of her work, she says.

Mrs. Thornton has lots of memories, she actually lived in an era that most of us can only recall in our history books. Yet there are many things that she would like to tell, but she can't because she can't remember so many early happenings. As she so ably summed up the situation, "you can surely forget a lot in a hundred years."

Dari "Rusty" Armour young son of Mr. and Mrs. John Armour, was ill the first of the week. His mother, a Texico faculty member, was off duty to be at home with him.

**Demonstration In Making Of Brick From Caliche**

Sponsored by the GI schools of the county, a demonstration in brick-making will be conducted at the Bovina school on Thursday of this week, beginning at 1:30 p. m.

Walter Johnson, supervisor of the FHA for this district, will conduct the demonstration, and all interested parties are invited to be present.

Caliche dirt will be used in making the brick, which, when finished, is somewhat similar to the adobe brick the Spanish have used in house construction in the Southwest for hundreds of years.

It is understood that large slabs of molded caliche can be made in sizes 12x16x16 and placed in walls at a cost of 1 1/2c per brick. Experiments have shown that buildings of such materials are excellent for livestock sheds and chicken houses.

**Friday Is Last Day For Absentee Vote**

Friday of this week, November 3rd, is the last day that absentee votes can be cast for the general election on November 7, Loyde Brewer, county clerk, reminded today.

Only one absentee ballot had been mailed out at the beginning of this week Brewer remarked, although absentee voting has been open since October 18.

Anyone desiring to cast such a vote should make application at the office of the County Clerk for the ballot, returning it to the clerk after it has been executed. Ballots may be cast at the office or marked and returned by mail, Brewer explains.

As he came to a stop, Boots Rawlie who was a short distance behind the Muckelroy machine rammed into Muckelroy before he could stop his pick-up with a trailer load of cattle.

Rawlie was not injured but both cars suffered some damages.

**Late Frost Great Aid To Crops**

**Committee Working On Water Revision Program, Laws**

The Texas Water Code Committee which has spent almost a year, working on a revision of the water laws of this State, will have its Preliminary Report ready for distribution to the public about the middle of November.

Senator Rogers Kelley, Chairman of this Legislative Committee, announced in Edinburg today that the Committee will hold a state-wide public hearing in the Senate Chamber of the Capitol in Austin on December 11, 12, and 13, in order to give all citizens an opportunity to present their views concerning this proposed revision of the water laws.

"The Committee has received recommendations as to the revision from sub-committees appointed to draft the new legislation, but will not take final action thereon until after the public hearing", Senator Kelley stated.

"The Committee feels that the importance of the subject-matter of these reports requires a full public hearing before we make our final recommendations to the Governor and the Legislature", he continued.

"We plan to have about four thousand copies of this Proposed Revision published and distributed throughout the State to newspapers water users, county judges, mayors, chambers of commerce, and members of the Legislature. In this way, all of our citizens who are concerned with the problem of water control and conservation will have ample opportunity to express themselves and make their wishes known before final action is taken by our Committee," Senator Kelley concluded.

After the public hearing in Austin next December, the Committee will prepare its full final report and submit it to the Governor and to the 52nd Legislature when it convenes in January.

The Guide: "Yes, it must be over a thousand years old. You can take it from me they don't build such ancient castles nowadays."

## Agent Jones Warns Against Cattle Grubs

Milk production is lowered and meat and leather are damaged by cattle grubs each year in Texas causing a loss of \$20 million, Joe Jones, Farmer County agent says.

Beef cattle producers and dairymen can do something about these losses and this is the time of the year when control measures must be used, Jones emphasizes.

The life cycle of the cattle grub is rather complicated. The heel fly which is the adult of the cattle grub emerges in the early spring. They lay eggs on the hair about the dew claws of cattle. The eggs hatch in a short time and the young grubs enter the skin then tunnel through the connective tissues of the animal's body until they reach the gullet of the animal. After spending sometime in the gullet, the grubs move again through the animal tissues up to the back of the animal and here they cut a hole through the skin and form a cyst.

Jones further explains that the grubs move into the back of the animal late in the fall, from September to December and after about 30 days, completes its development, emerges and drops to the ground, entering the soil where it undergoes the change from a grub to the heel fly.

The only time, says Jones, that effective control measures can be used are while the grubs are in the animal's back and rotenone is the only insecticide that is effective.

For the small herd owner, the dust

method of application will probably prove to be most practical. A five percent dust should be used. The backs of the animals should be scrubbed with a stiff brush to knock off the scabs that cover the grub cysts. Dust the powder over the animal's back and rub it in so the dust will get into the grub holes. Treatment should begin about two or three weeks after the first grubs appear and Jones says to repeat the treatments three times at intervals of three weeks.

For the large herds, dipping or spraying is the most practical method to use in applying the rotenone. The dip or spray should contain seven and one-half pounds of five percent rotenone for each 100 gallons of water. Jones states that if you spray the cattle, use a cattle chute. The sprayer should deliver at least 200 pounds of pressure and the nozzle should be held within four inches of the animal's back. You should use approximately one gallon of spray per animal.

Regardless of whether the dipping or spraying method is used, Jones points out that three treatments should be used at three week intervals. Controlling the grubs now will break the life cycle of the parasite and thus will eliminate the egg laying heel flies next spring. The annual loss can be reduced and livestock producers will profit from marketing grub free cattle.

LEON LANGFORD

### Leon Langford Wins Top Honors With State 4-H Entry

Two West Texas boys, Leon Langford, Farmer County and Bruce Gibson, Hall County, have walked off with top honors in the 1950 4-H Home Grounds Beautification Contest. The announcement was made today by Floyd Lynch, state 4-H club leader of the Texas A. and M. College Extension Service.

Lynch says Langford will receive a gold wrist watch which signifies that he is the state winner while Gibson's record, he is a former state winner, will be entered in the national contest. Donor for the contest is Mrs. Charles R. Walgreen, Chicago.

Langford, 14, is the son of Mr. and Mrs. Elmer Langford of Farwell. He has been a 4-H member for 4 years and has conducted demonstrations with beef cattle and home beautification. He has done well with his calf feeding demonstrations but the work he has done around the farmstead has changed the appearance of the place and is a source of great satisfaction and pride for the entire family.

The Langfords built a new home in 1947 and a demonstration in landscaping and home beautification was very much in order. Leon accepted the job and in January 1948, he started to work.

The first job was to clear the premises. Then came the job of leveling the yard, sodding grasses—Bermuda in front, buffalo in the back—constructing walks and fences and setting the shrubs and trees. Leon tells his story with pictures and a glance at his record clearly shows the progress that has been made.

Windbreaks have been utilized about the farmstead; roses have been planted; a large outdoor fireplace is the center of attraction in the backyard along with the flower garden. Some 35 species of trees and shrubs have been planted and 26 different species of flowers were grown last year in the flower garden. It hasn't been easy for Langford to have to combat dry weather and high winds but a glance at his picture story is testimony that the job has been successfully carried out. Farmer county agent Joe Jones has supervised his work, and he has received lots of help from the family.

Games were played followed by entertainment consisting of songs and readings by the pupils.

Refreshments were served to Gwain Cason, Claylia Ann Roberts, Bob Scott Levins, Ronnie Richardson, Charles Roberts, Judy Sharp, Billie Billington, Janice Meeks and Anna Lee Thompson.

Strangely enough, no one signed the guest book, Mrs. Foster laughingly pointed out.

## Football Queen Is Crowned On Friday

As the Friona Chieftains stood to honor her, Mary Joyce Renner, popular member of the local high school, was crowned football queen for 1950 on Friday night, between halves of the Friona-Farwell gridiron clash.

Miss Renner was helmed by Doyce Barnett, captain of the squad. Attending the queen were Misses Joyce Miller, Dorothy Robbins, and Ruby Shaffer.

After holding a commanding lead late in the fourth quarter, the Chieftains saw their arch rivals, the Steers, gallop to a surprising 20-19 win in the dying seconds of the game, when Pike Jordan blasted through the Friona defense and was on his way for the touchdown that tied the score, after which Pool booted a perfect try through the uprights.

The visitors had scored first in the game and missed their conversion try, after which it seemed that the match belonging to the Chiefs, who held a 19-6 lead as the final round opened.

W. L. Cleveland and Frank Reed did the scoring for the locals in the final conference game of the season. The Chieftains finished up the 1950 conference year without a solitary win.

## Good Weather Keeps Work On Schedule

Good working weather, extending far later into the season than is customarily expected, has kept construction on the new Friona school auditorium moving along on schedule. Supt. Dalton Caffey said today.

Caffey added that the contractors would make no commitments regarding when the building might be finished, but it is hoped that graduation exercises can be held in the new building next spring. At present, the school is without an auditorium, having converted the old auditorium in the grade school into badly needed classrooms.

Steel work was fairly well finished recently, and laying of brick on the auditorium has begun. Construction on the new school gymnasium, which will be separate from the auditorium, will not be started until later contractors added.

## Whitharral Comes To Friona On Nov. 3rd

The final game of the season for the Friona Chiefs will be played on Chieftain Field on Friday night of this week, November 3, Coach Raymond Cook said today.

At this time, Whitharral will be guests of the Chiefs, in a game that is expected to be fairly evenly matched between the two squads.

Whitharral is not a member of the 3-B conference, Coach Cook added, having transferred this year back to the district including Spade and other squads farther south. They are reputed to be fairly strong, and the final home game of the season is expected to draw a good crowd out to see the Chiefs as they seek a victory in their closing encounter.

## Special Program Is Held By WSCS Group

Commemorating the Week of Prayer observed by Methodist women, the local WSCS held its annual "Day Of Retreat" the past Friday at the church, with Mrs. John Gaede directing the program.

Study for the day concerned special projects of the WSCS, including homes for deaconesses and girls, and work in foreign fields, with the offering going toward this work.

The worship period was conducted by Mrs. Thelma Ford, after which Mrs. George Jones reviewed the projects on the WSCS list this year.

Some thirteen ladies attended the meeting, Mrs. Gaede reported.

### MEETING IS PLANNED

Bill Kennedy, of the local SCS office, said on Monday that a neighborhood meeting was being planned for the Farwell area, although no definite date for the gathering has yet been

announced. Neighbors of the area in which the meeting is held will be shown movies on various conservation phases of work around the farm, Kennedy added.

## Various Projects Are Handled By Members Of Parmer SCS

Work of various kinds involving conservation is currently on schedule at the Parmer County SCS office, located in Friona, it was reported the first of the week by Bill Kennedy, head of the Parmer office.

Technical advisers from the office spent some time last week in the Oklahoma Lane area, visiting the farms of C. C. Christian, Harold Carpenter and W. E. Verner. Mapping is being done on the Christian farm preparatory to drawing up an irrigating plan and on the Carpenter farm, soil samples were taken for analysis to determine proper irrigation procedures.

Verner is considering a project of bench leveling, which Kennedy explained as "moving dirt from a high slope on down lower and establishing several strips some 40 feet in width on a 'dead level' across the field."

On the Errol Thomas farm, SCS men checked up on a recent sowing of permanent pasture, which Thomas put in with the recently-purchased district drill bought for this express purpose. Kennedy reported that Thomas had a "very good stand" of pasture grasses of the evergreen mixture, in spite of the fact that the sowing was uncommonly late.

Asked to the cost of renting the district drill for sowing pastures, Kennedy said that it had never been definitely determined, but board members had agreed to charge the same prices as those maintained in other districts where drills are being used. On small acreage, the cost is 50c per acre, working on a downward scale for larger plots.

An Officers' meeting for the FFA is scheduled for the first Monday night of each month and a chapter meeting will be held the second Monday night, Morton states.

## FRIONA CHIEFS FALL BEFORE FARWELL STEERS IN CLOSE MATCH, FRIDAY NIGHT

Touchdowns said the Friona Chiefs were well on their way to swamping the Farwell Steers Friday night, when at the end of the third quarter, they maintained a 19-6 lead. But the Steers were determined and turned the tables on the Chieftains the last period of play to win the local team's second straight win and first conference victory of the season, 20-19.

It was the Farwell team that provided the top thrill of the game in the fourth quarter when Pike Jordan on the 18, took the ball and raced down the field for the Farwell teams' first score since the first quarter, and putting them back in the game. Jerry Pool sailed a jump pass to Harold "Squirmy" Doshier for the extra point.

But even more spectacular was the last touchdown of the game. With only minutes to play, Friona was still leading when Jordan took the ball on the 25 and eluded tacklers all the way down the field to run 75 yards for the winning score. With a 19-19 count, the crowd was tense as the team readied themselves for the conversion. As Gerles made the extra point to put Farwell in the lead, the crowd went wild.

In a game that might have gone either way, the Chiefs outplayed the Steers during the first periods of the game, making two touchdowns in the second quarter and another one in the third period of play, leaving the Steers trailing for the most part of the encounter.

The Steers got their grip on things late in the game and made ground playing across three-fourths of the field.

Inter-school rivalry of long standing was shown by the strong determination to win shown by both teams. Farwell's team was stated to have played their best game of the year in both offensive and defensive ball.

Friona's team was rated just a little above Farwell "on paper", but neither team would give up as the ball was juggled back and forth. The Chiefs and the Steers battled fiercely until the final gun was fired.

Both teams have maintained a losing streak all season, with both schools playing groups made up of largely inexperienced players.

The Steers uncovered their first offensive showing of the season, and Farwell fans were encouraged by the fact that the locals gained 250 yards rushing to the Chief's 186. Farwell was also ahead on other counts, chalking up 17 first downs to Friona's 14, and 4 penetrations to the Chiefs 3.

The Steers made the first touchdown of the game when Pool made a one yard drive and went over for a score.

Robbins, Cleveland, and Reed were sparkplugs of the Friona team. Jordan sparked Farwell's running attack with Pool maintaining his usual drive. Dial, Pool, Christian and Doshier were outstanding on defense.

**First Quarter**  
The Steers kicked off to Friona's

Robbins who drove down to the 40 before he was stopped by a pile-up of Steers, then Robbins again took the pigskin to be taught behind the line of scrimmage for a one yard loss.

Cleveland brought the ball back to the line of scrimmage on the next play, but Doshier stopped him flat. Haws wasted no time in picking up 5 badly needed yards before he was downed by Pool, then Reed took over with a quick kick to the 25 where the Steers took over.

Gerles drove through for a yard, Jordan carried the ball on the next play, but there was a red flag down. Friona drew a 5-yard penalty for offside.

The ball was resting on the 35 with third down and one foot to go and Jordan drove through the line for a first. On the next play, the Steers were held at the line of scrimmage, then Jordan handed off to Pool, but the fleetfooted Steer was stopped by a pile-up for no gain.

Still trying for yardage Gerles flipped a pass to Coburn, but it didn't connect. The next play was a hand-off by Gerles to Doshier, but Robbins was right on the spot to down the Steer on the 45.

Friona took over on downs. Reed handed off to Redfean, who drove through the center of the line, but he was caught by Pool for no gain.

Cleveland took over and with a determined drive made an end run for three yards and was knocked down by Pool. Reed's pass to Cruse was stopped by a pile-up. There was a question on the play, Farwell received a 5-yard penalty for clipping.

Reed gained one yard for a 1st down before a Farwell pile-up stopped him cold. Pipkin caught Cleveland after a 3 yard gain and Reed took the pigskin to be downed by Dollar before he started rolling. Both teams were offside.

Cleveland dodged through the line for a 6 yard gain to the 35 yard line, Dollar tackled him. Redfean flipped an incomplete pass to Cobb, then Robbins handed off to Cleveland for no gain, Crume nailed him.

Farwell took the ball on their own 35. The locals were thrown for a 6 yard loss on a hand-off play the first play. Trying to gain lost ground, Pool plunged through the line for three yards. With a third down and 15 yards to go, Pool gained another 5 yards on a line plunge. With 10 yards left to go and fourth down, Gerles kicked.

Friona drew a 15-yard fine for roughing the kicker, so Farwell took over again on the 2. With a first down play, Gerles was thrown behind the line of scrimmage for a 1-yard loss; then Pool plunged over the line for 8 to the 50. Jordan rushed through for another yard before being hit by Cleveland, and Pool galloped 9 yards so the 50 before he was downed by Reed.

The next play put the pigskin 9 yards ahead to the 30, 1 foot from a first down, and Pool lugged the leather for a total of 3 on the next try. A pass from Pool to Gerles was incomplete; Gerles aerial to Coburn was good for a gain to the 11. A pass play was again incomplete, but the Steers weren't to be stopped, and Friona was penalized 5 for roughing the passer.

On the next play, Jordan toted 4 yards to within one yard of the promised land, and Pool finished out the drive by plunging over for a touchdown, marking up the first counter of the ball game. The conversion failed and the first quarter ended with Farwell leading 6-0.

**Second Quarter**  
Reed carried the return kickoff to

the 40, to be downed by Pipkin, then Cleveland made 7 yards before Christian caught him. Pool dumped Reed on the next play, but not before the Chiefs racked up a first. The Frionians were having hard luck, and one of their fumbles was recovered by Jordan for the Steers.

Gerles wrapped up the ball and sailed to the 47, but the Steers got a 15-yard penalty for illegal use of the hands, giving them first and 25. A penalty for offside was refused. The ball was changing sides fast now. Gerles tried a pass to Coburn which was intercepted by Cleveland and he hit the 32 before being dropped.

Robbins made an end run for 4 before Pool and Raney fell on him. The ball rested on the 28 with second and 6 to go. Reed toted for two yards, hit by Doshier and Meeks. Friona drew 5 yards for offside, setting them up a second with 12 to make. A line rap by Houlette failed to gain, but the Steers were fined 5; and Cleveland was through for a first down before nailed by Jordan.

Cleveland in motion again, driving to the 10 before Pool can get him; with second down and only 1 to go, Reed added the needed ground for a first and goal to go, Pipkin stopping the play. Dial nailed Cleveland after a 3-yard gain; Robbins tries the end for nothing as Dial and Nix hit him, and it is third was 7 yards to paydirt. In a burst of power, Cleveland tried a line sneak and went over for a touchdown. The first conversion was good but Friona was offside and the second try went to the side of the uprights, tying the score at 6-6.

Haws kicked a very short punt that bounced off the Farwell forward wall and Friona regained possession. Cleveland carried the pigskin for 5 and repeated for 12, giving the Chief, first down on the Steer 25. Robbins seized the ball and drove an end run for 3 yards before caught by Dial, and Reed, on an end sweep, gathered up 20 yards and another touchdown in a matter of seconds. With Robason holding, Haws booted the try for the extra and Friona led, 13-6.

With only one and one-half minutes remaining in the first half, Haws made another short punt and hit Doshier, who recovered for the locals. Gerles tried an incomplete one to Coburn, but a jump pass from Pool to Doshier connected for a first on the 45. Pool passed to Doshier, incomplete, as the whistle ended the half.

**Third Quarter**  
Friona's Haws kicked off and Gerles picked up the pigskin to sail back to the 40 before halted by Allen. Carrying again, Gerles got only one; then flipped a pass to Pool who tore to the Friona 45. Gerles' pass to Coburn failed to click, and Pool toted the ball for a 5-yard gain. The Steers racked up another incomplete aerial and Gerles kicked the ball out of bounds, with Friona taking over on their own 20.

Reed carried the pigskin for 8, being stopped by Pool and Doshier; a hand-off to Reed gained 10 yards for another first before Jordan could get the ball carrier, and the Steers then drew a 5-yard offside fine.

Cleveland smashed through the line for a first down on the 49, downed by Coburn; but the Chiefs fumbled on the next play and Pipkin covered the ball for the locals.

Pool took the ball and broke away to dash 25 yards to the 25-yard marker; a pass from Pool to Gerles netted another 7; and Pool blasted on through for a first, the ball resting on the 12-yard line. Pool carried to the line of scrimmage and was stopped cold, and on the next play was hit for a minus two, putting Farwell

Cleveland came out for 3 and was hit by Pool; Robbins was blasted for a four-yard loss and Farwell turned down an offside penalty against Friona, forcing the Chiefs to kick. The ball went out of bounds on the 32 and the Farwell squad was on the offensive again.

Gerles dropped back to pass, failed to find a receiver and was dropped for a yard loss, the next pass try from Gerles to Coburn was incomplete. With third and 11 to go, Gerles' aerial was intercepted by Robbins who was knocked out of bounds on the 50 by Jordan.

Reed sailed 5 yards before he came in contact with Pool, Houlette lost 1 yard when hit by a Farwell pile-up. Cleveland gained 5 as Christian got him, but Friona had a first, and the quarter ended, 13-6, Friona.

**Fourth Period**  
With the ball resting on the 25, Cleveland handed off to Haws who fumbled and recovered. Reed toted to the 1, and on the next play Cleveland rammed over for a touchdown, giving the Chiefs a good 19-6 lead as Haws missed his conversion.

Haws' kickoff went to Doshier who drove upfield to the 33. Gerles passed to Jordan for an even 10 and a first; Jordan was all wound up on the next play and racked up 25 yards to gain the 28-yard marker. Pool gained two on a line try and a hand-off to Gerles garnered a first.

Jordan was not to be denied, and weaved and bulled his way through the opposition for 18 yards and a trip into the end zone. A perfect faked kick, followed by a jump pass from Pool to Doshier, put Farwell only 6 points behind, 19-13.

Christian booted a spiral to the 25,

Robbins handed off to Cleveland for four yards and Cleveland made a slight gain, nullified by a double offside ruling. Cleveland handed off to Reed, Pool got him after a 6-yard gain for a first down. Reed toted on the next play and drove 21 yards to the 39.

Doshier got Cleveland after a yard gain, Friona drew a five-yard penalty for delay of the game; Reed made 3 and was stopped by Christian. On third and 11 to go, Cleveland took the leather for nothing and on fourth down, Reed kicked to Pool, the ball going dead on the 18-yard line.

On the first play, Pool was off for 5; Farwell having second and 5 to go with the ball on the 25. Jordan took the pigskin and eluded men all the way down the field to run 75 yards for a touchdown to tie up the game, and Gerles booted a perfect conversion to send the locals out ahead, 20-19.

Christian kicked the ball low on the 35 as three minutes of playing time remained. Hanging on like grim death to their scant lead, the Steers stiffened their defense, and Reed got only one on his first try as Christian was on him. Cleveland passed to Reed for 5 before Jesko and Dial converged; a pass from Cleveland to Cobb was incomplete, but the Steers were penalized 5 for roughing the passer. Reed took the ball for four, and another pass was no good. With third down, 5 to go, and one minute to play, Friona got nothing, and a fourth-down pass to Miller was incomplete as the game ended.
