Girls Finish Summer Home EC Work

Summer home economics for Farwell school girls is drawing to a close, Mrs. John Lovelace, instructor, says. Three group meetings have already been held, on Tuesday of each week, and one other session is scheduled.

During the first session, girls worked on flower beds and hemmed cup towels; and during the second session, the complete home economics department was given a thorough clean-up. The past Tuesday, girls busied themselves with the making of curtains for the foods laboratory. The curtains were of brown polished cotton, with a red, green and yellow trim. Next and last meeting is slated this coming Tuesday, Mrs. Lovelace reports.

At the concluding session, all home projects must consist of 125 to 150 hours work, in such activities as sewing, cooking, gardening, child care, food preservation, first aid, or aiding with Bible school.

For the summer's work, girls receive 1/2 credit toward their high school diplomas. The course may be taken for two summers.

Girls enrolled in the summer course are: Bernice and LaVerna Christian, Mary Joyce Roland, Ann Whitely, Jimmie Gulley, Darla Doshier, Rose Atchley, Mary Pair, Lueta McKillip, Oneta McMath, Jo Veta Billingsley, Georgia Lee Mears, Delores Goldsmith, Marie Gober, Wilma Nell Smith.

Car Catches Fire, No Damage Reported

A car caught fire Tuesday afternoon at Jones Brothers Wrecking Company in Texico, but no damage was done according to Otis Huggins, member of the Fire Department.

Frank and Si Jones were using a cutting torch on one of the cars, and the machine ignited.

Students Must Ask Deferment After Test

Austin, Texas, June 14.—Around 6,000 college students are expected to take the second Selective Service college qualification test in Texas Saturday, Brigadier General Paul L. Wakefield, state Selective Service director, said today.

Nearly 122,000 students are scheduled to take the test at 1,036 centers in the United States on the same date. The test is described as "equal in difficulty" to the first given on May 26, but does not contain the same questions.

The test will be administered at 61 educational centers in 46 Texas cities and towns. The May 26 test was given at 57 institutions in 42 towns and cities.

The following Texas institutions have been added as testing centers since May 26: South Texas Colleges, Houston; Blinn College, Brenham; Frank Phillips College, Borger; Victoria College, Victoria; and Laredo.

Results of the test for each student will be sent to Educational Testing Service, Princeton, New Jersey. There the answer sheets are scored by 16 IBM electric scoring machines.

The test scores will be forwarded by Educational Testing Service to local boards, where they may be used, with other information, in considering deferment for students.

Scores of those who take the test on Saturday are expected to be in the hands of local boards before August 20. Scores of those taking the test on June 30 and July 12 are also expected to be at local boards before that date.

Nearly all scores of those who took the test on May 26 are expected to be on the way to local boards by June 22.

Local Woman Is Enrolled At TSC

Denton, Texas, June—Miss Ruth Caldwell, daughter of Mr. and Mrs. J. R. Caldwell of Farwell, is enrolled in summer session classes at Texas State College for Women.

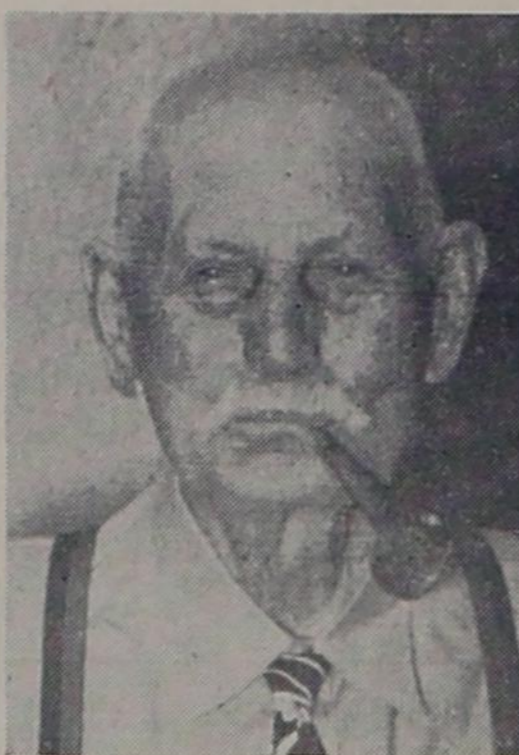

Along with academic courses regularly offered at the college during the summer session, TSCW has also scheduled about 20 workshops.

These workshops are designed to appeal to teachers, housewives, writers, lunchroom workers, recreation supervisors, swimmers and office workers.

Miss Caldwell is a graduate student in the college's library science department.

There is one woman in this world who is always glad to see her husband down and out. She's the fiercer wife.

Does It Again

Uncle Tom Reaches 81, Bakes Birthday Cake

For the second consecutive time J. T. (Uncle Tom) Randol, has celebrated his birthday in a rather unique way. Last week, when the day of celebration arrived, Uncle Tom baked himself a cake, to commemorate being 81 years old.

Uncle Tom, who has been a pioneer of this area since 1903, lives alone on the back of the premises of his son, Sam Randol, of this city. The pioneer invited relatives in to help him eat his birthday cake.

PLANTING MORE TREES

Of the total acreage of trees planted in this country in 1950, 73 per cent was owned by private individuals and organizations. This 1950 total of 397,700 acres was an increase of 131,300 acres over the 1949 total.

Benjamin Franklin was the first American newspaper columnist.

Local Response To OPS Clinic Is Slow

Response to the OPS Price Clinics held each Tuesday morning at the Farmer County courthouse has not been as good as hoped, according to L. C. Tyson of the food division, who was here the past Tuesday morning.

According to the OPS man, restaurants, barber shops, beauty parlors and possibly grocers might have trouble, and should contact the OPS men, who are stationed in Farwell to help work out these problems.

The specialist pointed out that all filling stations that are not filed with the OPS, should make a filing at once, also garages. Service regulations should have been filed by June 15, according to Tyson, and filling stations come under that heading.

In the conclusion, Tyson pointed out that merchants must "not only file goods that they sell, but they must file the services which they sell also."

Leathercraft School Slated June 25-27

Mrs. N. R. Harding, who plans to instruct a leathercraft course in Texico-Farwell, states that dates for the school have been set for June 25, 26, 27; and site of instruction is Texico schools. She says that the school will be held in the afternoon and at night, and is planned so that working people may attend. She emphasized that she has many different shades of leather with which to work.

The school will be the second that Mrs. Harding has planned for the Twin Cities. The preceding one was held in the Farwell home economics building.

Advance registration for the coming course has been arranged. Anyone in Farwell wishing to take the course is asked to register with Mrs. John Porter at the State Line Grocery; and Red Cross Drugstore is site of registration in Texico.

Local Girls Attend Rainbow In Austin

Twelve Farmer County girls are slated to be in Austin this week to attend Rainbow Grand Assembly, which began Sunday.

Girls slated to make the trip were Joyce Miller, Margie Leake, Marcia Foster, Katherine Magness, Gloria Jean Sanders, Lovoyda Billington,

Lillie Ann Ellison, Jo Elaine Magness, Marcella Verner, Mary Lou Miller, Gay Ann McFarland and Sandra Lou Jefferson.

Those who planned to furnish transportation were Nelson Smith, Mrs. Jones at Friona, and Mrs. Tom Foster. Four of the girls traveled on a chartered bus out of Hereford.

For students: The Tribune, \$2 year.

Servel's arithmetic lesson:

11 goes into 8!

It's true! Now the big 11.5-cubic-foot Servel occupies the same space as the old 8-foot model!

It's a miracle in refrigerator design! The new 11.5-cubic-foot Servel GAS refrigerator takes up no more room than the old eight-foot models! The 1951 Servels, with extra-roomy interiors, provide more storage space for bottles, fruits, vegetables, meats; their slim exteriors enable you to utilize kitchen space to more advantage. Now even a small kitchen has room for a Servel GAS refrigerator large enough inside to fit your storage needs, small enough outside to fit your kitchen! See Servel at Southern Union today—eight beautiful models to choose from!

It's BIGGER inside!
Extra space where you need it most!
It's smaller OUTSIDE!
More useful refrigeration space in the same floor area!

See Servel's convenient features:

- 70-pound freezer compartment!
- Special "Odds and Ends" basket!
- Giant fresh foods compartment!
- Quick-Change adjustable shelves!

Servel, the GAS refrigerator, STAYS SILENT—LASTS LONGER!

No other refrigerator has Servel's ten-year guarantee!

Only Servel, the GAS refrigerator, has a freezing system guaranteed for ten years! Silent Servel has no moving parts... no wearing parts... in its freezing system, so it lasts years longer. See Servel at Southern Union today!

SHARE IN DEFENSE

Strength speaks, even from remote woodlands! The nation's forests yielded 37 billion feet of lumber in 1950, which set a 20-year record. Today mills are working overtime to produce lumber and the other forest products that help to keep the nation's defenses strong.

On December 31, 1950, more than 1,000,000 dependents of deceased veterans were drawing death compensation and pension payments from the Veterans Administration. Included were 406,626 widows; 306,371 parents.

A good habit to cultivate now is to like the things you get, if you can't get the things you like.

A Patriotic Gesture

Here's a patriotic gesture that anyone can afford to make—the purchase of a U. S. Defense Bond. It's the same fine, safe way of saving that you called Savings Bonds until the national emergency when the name was changed to U. S. Defense Bonds.

Coccus Germs Cause Variety of Diseases

The coccus germs cause a wide variety of diseases, some of which are distinguished by intestinal eruptions and some by skin eruptions. One kind of food poisoning is called staphylococcus germs and sometimes by streptococcus germs; and another skin disorder known as erysipelas is caused by "strep" germs.

The "staph" germs that create the terrific sickness at the stomach known as food poisoning are usually brewed up in such foods as cream puffs, eclairs, salad dressing, gravy, cold meat or dairy products that have been too long away from refrigeration. They hit suddenly about three hours after eating, usually with a strange feeling of excessive watering of the mouth, then the vomiting and diarrhea following closely and persist along with stomach cramps for the next 24 hours.

Staph food poisoning strikes the quickest, lays you out the fastest, and lets go of you the soonest of any of the brands of food poisoning. A very similar type, called salmonella food poisoning, is actually an irritation of the digestive tract caused by germ growth in the food. Spoiled meat is the most common food to cause salmonella food poisoning.

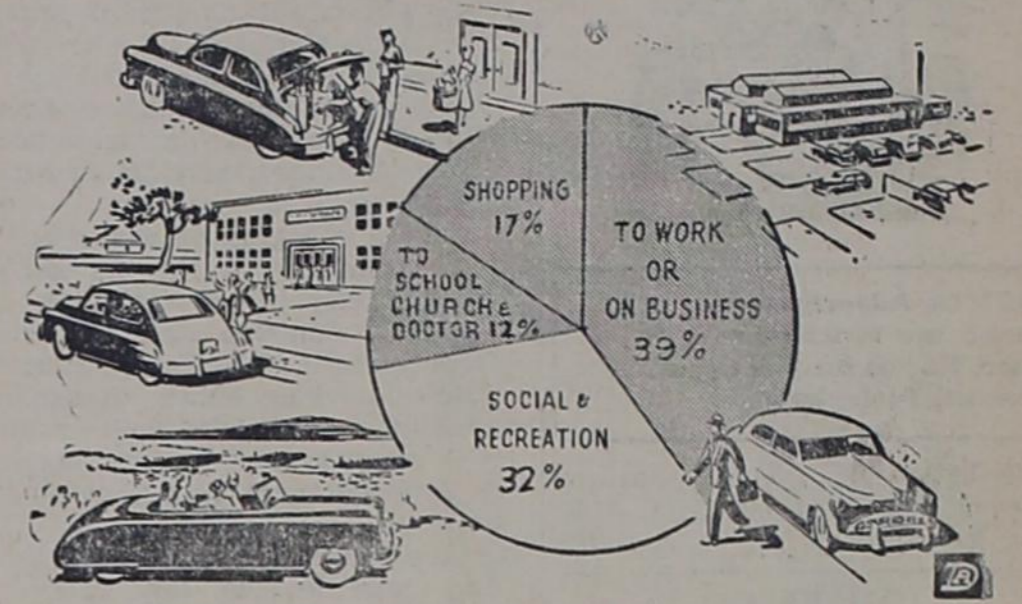

Salmonella takes longer than staph to get started and nearly always creates a fever which is not present with staph food poisoning. It takes from 12 to 24 hours for salmonella food poisoning to make you wretched; it usually starts up with a cold chill, followed by a bad headache, and then the vomiting and diarrhea.

Botulism, the other kind of food poisoning, is the very dangerous type that originates usually with improperly canned food. Staph and salmonella food poisoning rarely ever cause death, though the person suffering from them is usually sure he is going to die. Botulism is frequently fatal; it takes longer to start working and may just be a collapsing-kind of sickness without the upset stomach.

Both staph and salmonella food poisoning may be mistaken for appendicitis because of the cramps that accompany the diseases. If it were food poisoning instead of appendicitis, though, usually someone else is suffering, too, from the food, so a check with others who ate the same food is sometimes the quickest way of eliminating the possibility of appendicitis.

The best treatment for sudden, acute attacks of food poisoning is staying in bed as much as the symptoms allow and waiting for the sickness to go away. You usually have no appetite, anyway, and unless the vomiting and diarrhea are so excessive as to create a serious loss of body fluids, you're best off just stick-

America Depends on Family Car

Most car rides—68 per cent—are taken for essential or important reasons.

DETROIT—On an average day, at least one out of every three adults in the United States uses a passenger automobile for some essential purpose such as riding to work, conducting business or going shopping.

This and some 20,000 other facts about how the American family car is used were revealed in a nation-wide survey recently conducted by the Alfred P. Sloan Research organization.

It was learned that 59 million people over the age of 14 ride in automobiles on an average day. This represents more than half of the U. S. adult population. Nearly half of these individuals use a car in connection with earning a living during a typical day, while almost one-fourth of them go shopping by automobile.

About 40 per cent of all rides taken in motor cars, and nearly one-half of the total passenger miles traveled, are for livelihood purposes, the survey showed. Shopping accounts for another 17 per cent of the rides and 11 per cent of the passenger mileage.

These indications of America's growing dependence upon the family car for essential transportation are borne out by automobile and population statistics of the past 10 years. While our population has grown 15 per cent since 1940, car ownership has increased

about 50 per cent. Passenger car registrations for 1950 totaled 40,167,000 compared with 27,372,397 in 1940.

This growth in the automobile population has taken place despite the fact that motor vehicle production between 1940 and 1950 was less than in either of the two preceding decades. Consequently there are more older cars on the road today. The average passenger car is about eight years old, compared with the prewar average of 5½ years. Likewise, there is a lack of middle age cars as a result of the wartime halt in automobile production.

In addition to the need for motor cars as essential transport tools, the nation relies on them as a major source of business activity, employment, and tax revenues. The automotive industry directly creates business for at least half a million separate enterprises, or one out of every six firms in the country. One out of every seven jobs, for a total of more than nine million, are automotive.

The average automobile buyer pays about \$95 in Federal excise tax on his new car. Last year, total automotive excise payments contributed nearly two-billion dollars to Federal tax coffers. In addition, highway users paid some \$2.5 billion in special state motor vehicle taxes and fees for an average of nearly \$55 per vehicle.

Boys', Girls' State Meetings Keep Students from Texico-Farwell Busy

Boy's and Girl's State sessions in both Texas and New Mexico have been in full swing during the month of June. Texico representatives have already attended the meetings and have returned and the Farwell delegates will complete sessions this week and next week.

Rex Pool, son of Mr. and Mrs. Lenton Pool, caught the bus for Austin Saturday to attend Boy's State. Sessions will continue all this week. Katherine Magness, Girl's State delegate from Farwell, will be in the capitol city next week for proceedings.

As for the Texico representatives, they are already home and have many things to tell about the meetings.

Bobbie Williams Reports

Bobbie Williams, daughter of Mr. Cora Williams of Texico attended the Girl's State gathering at Portales, June 8-15. She was accompanied by four girls from Clovis.

During the governmental sessions, Miss Williams was elected to two offices—city council in the city government and as for a state representative in the state set-up. Divisions for the elections included four cities, two counties, and one state.

One-hundred-forty-nine girls from

over the state of New Mexico were present for the meetings, the same number that was in attendance the past year.

Upon arrival, the girls were given a book containing the constitution of New Mexico, the branches of government; and a complete list of offices and duties given. A discussion on various types government was also presented.

The first day of the sessions was spent getting settled; following registration a study period was planned for the program. That night, group members toured the campus by cities. The welcome program was presented that night.

Things began in earnest Saturday morning at 6:30. A rigid schedule was followed including calisthenics every morning and rooms were cleaned and inspected by nine o'clock. Speakers on the agenda Friday included Captain White of the State Police, who talked on "Briefing of Police Force" and J. C. Compton of Portales, who talked on City Government.

Cities were organized and candidates selected, elections were held, and the police force was organized. City government was then set up.

Sunday, county meetings were

held and a discussion on parliamentary procedure followed. Harry Patton discussed State Government; and a forum on "What Makes a Good Official" was on the agenda.

As the week progressed, campaigns for general elections were mapped out, judges and clerks were announced, and polling places were decided on. Attendants heard Henry L. McDonnell, special agent, discuss "Jurisdiction and Functioning of the F.B.I.," and an address by Gov. Edwin L. Mechem.

Inauguration was held, with Gov. Mechem administering the oath of office. All in all, the girls organized complete governmental set-ups for city, county and state.

Social functions were also held for the girls including a picnic, reception and other affairs.

Kennard Harris Returns

Kennard Harris, son of Mr. and Mrs. A. W. Harris of Texico, returned Sunday from El Rito, N. M. where Boy's State sessions were held. Boys stayed in the dorms at Northern New Mexico Normal campus.

Law and enforcement classes were scheduled for the attendants. Tests were given to determine those eligible to run for high state offices.

Harris passed the qualifying examination and was defeated in the election for secretary of state. He did win the title of state highway commissioner. According to the New Mexico boy, the classes were lecture-type. Captain Archie White, of the New Mexico State police, was one of the speakers; also Finis Perrish, F.B.I. agent, was listed on the program. Law courses were taught by Everette Grantham, district judge.

One-hundred-ninety-five boys from over the state attended the sessions; and 12 counselors were maintained. Harris was listed in the city of Mendoza. The groups, were divided into cities, counties and states as was Girl's State.

The sessions were not "all work and no play", according to Harris. Stunt nights were held, and students played football, basketball, tennis, and softball. Everyone participated in the games.

According to Harris, ramrod of the Boy's State organization was Earl Stark, Legionaire, who was a first sergeant in the Army in World War II.

After all the elections were held, Harris said that courts were organized, also state and city police forces. Group members set up their own ordinances.

Harris was police judge and explained that some of the cases were really educational. He cited a campaigning at the polls offense.

One of the counselors and a student, robbed the canteen purposely to give the group members a chance at a real case. Police officers didn't know if the place had been robbed as a joke or if it was a real robbery, but they solved the case.

Seven different nationalities were represented at the Boy's State meeting, Harris pointed out. In a final statement, he said "Boy's State is really a good thing, it was educational and made us feel that we had accomplished a purpose."

According to the Texico boy, the Board of Regents at El Rito asked the Boy's State organization back to their city next year.

Lawrence Shaddix to Explain OPS Tuesday

OPS price specialists, in their tours of the district next week, will emphasize to merchants that if they have not complied with the regulations, they should do so immediately in order to continue to operate legally.

Many of the compliance deadlines have already passed and firms which are delinquent should take steps to insure complete compliance, C. J. Taylor, district price executive, said. Still other deadlines will be falling due soon.

Every merchant with questions on how to comply should take advantage of the price clinic day program to bring himself up to date with the regulations.

To help businessmen of this area to comply, Lawrence Shaddix, price specialist in the consumer goods branch, will be in Farwell next Tuesday a.m., June 26. While here he will maintain offices in the county court room.

Although a specialist in one field, he will be able to answer most questions concerning other businesses, and in any event will help the merchant get the necessary information from the regulations or from the Lubbock district office.

The price clinic day program is co-sponsored by the OPS and local Chambers of Commerce and other civic and community groups and organizations. The price clinic program schedule will continue throughout July, with the specialist visiting this town on the same day of the week through this month and next.

OWNED BY SMALL FARMER

Four million farmers and other private landowners own most of the nation's timberland in small plots averaging about 62 acres apiece. Currently 90 per cent of our wood supply is harvested on privately owned forest lands.

The car's speedometer doesn't always reveal how far a couple has gone.

Methodist Vacation Bible School Concludes

Forty-eight certificates were issued at conclusion of the vacation Bible school at Hamlin-Memorial Methodist church Saturday, Mrs. Lance Hurst says. All students who attended the school received awards. Loyde Brewer, general superintendent of the school, was assisted by 12 church workers.

Included were Mrs. Woody McDermitt, beginners; Mrs. Loyd Cain and Mrs. Gilbert Watkins, primary; Mrs. John Aldridge, juniors; and Mrs. Hurst intermediates.

Mrs. E. R. Coffman and Darlene Kay Sprawls were play directors; Mrs. Crystal Moss and Mrs. Watkins were directors of crafts for the beginners and primaries; Mrs. Lenton Pool, Mrs. Jack Williams, and Mrs. Charles Lovelace, crafts for juniors and intermediates; and Mrs. Glenn Phillips, Mrs. Moss, and Miss Sprawls, directors of music for the school.

Sessions were held from 9 to 11:30 each morning. Wesleyan Guild was in charge of refreshments.

Mr. and Mrs. Guy Cox spent Sunday in Dimmitt visiting Mr. and Mrs. Billy B. Sinclair.

EQUALIZATION BOARD MEETS

The Farwell School board of equalization met at the schoolhouse last Thursday night and discussed plans for work in the near future. Four members of the seven-man board were present, including Rochelle Christian, Boone Allison, Clyde Magness, and Melvin Snider. The board is scheduled to meet again next week.

1—"Children Have Gallstones, Too" *** Doctors have found that children quite frequently develop gall bladder disease and related maladies. Learn how it can be treated by both surgery and diet in an authoritative report, in the American Weekly that great magazine distributed with next Sunday's Los Angeles Examiner.

2—"The Rise and Fall of Gerry Dahl" *** Don't miss the stranger than fiction story of how liquor and sleeping pills whittled Gerry Dahl's \$5,000,000 fortune to \$10. Read the exclusive story of his amazing career, in the American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Chances are the more patriotism a person wears on his sleeve the less he has in his heart.

How to take the Work out of Housework

SPEAKING OF WASHDAY,

here's another helpful hint. For extra protection, snap fasteners and close zippers before putting garments in your washing machine. (Having trouble these days with washday weather? An electric dryer will solve that problem! Five minutes of drying costs just one penny!)

FRUIT SALADS ARE FESTIVE-LOOKING!

And you can prepare them ahead of time. Slice the fruit, cover it with lemon or grapefruit juice and keep chilled in the refrigerator until time to serve. (Just one penny's worth of electricity protects a whole refrigerator full of food for almost two hours!)

tricity protects a whole refrigerator full of food for almost two hours!)

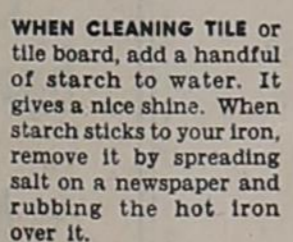

WONDER WHERE THE CUP HANDLES GO?

Properly stacked and mechanically washed, you'll have no broken dishes. And they dry by themselves, need less handling! (Saves time and work as well as dishes—and costs so little to use! Only a penny or two a day!)

THERE'S MORE THAN ONE TRICK

with a waffle iron! Use packaged mixes for cornbread waffles... for hot gingerbread waffles. And try adding finely chopped ham to regular waffle batter. Delicious! (Takes only one or two cents' worth of electricity to make all the waffles your family can eat!)

WHEN CLEANING TILE or tile board, add a handful of starch to water. It gives a nice shine. When starch sticks to your iron, remove it by spreading salt on a newspaper and rubbing the hot iron over it.

(By the way, you can iron for hours for just a few pennies cost!)

Initial Plans Okayed At School Board Meet

Initial plans for the new Farwell High School and cafeteria were accepted by the school board at a meeting at the school house Tuesday afternoon. Final consideration was given first drafts from Jack Cain of Butler & Brasher, architects.

"We're now ready to go into the blueprint stage," said Supt. Jack Williams Wednesday afternoon.

Several changes in the first drafts were made by the board before giving the green light to architects. It was decided to let the new high school building face north in a similar fashion to the old one.

In this way, the board reasoned, more playground space will be preserved behind the building than if it faced east, as originally planned. Also, the cafeteria will be joined onto the side of the high school as an economy move.

Adequate exits have been provided to see that the flow of students is not disturbed by joining the buildings, said the superintendent.

Both buildings will be east of the old high school, as has been planned for several weeks. The new high school's outside dimensions will be 147 by 50 feet. Dimensions for the cafeteria will be 45 by 80.

Space allotted for the kitchen of the cafeteria will be 34½ by 20 feet. This will leave a 43 by 52 room to house tables for students' meals. Other minor changes were incorporated into the high school building by the board, which will be covered by the Tribune at a later date.

Contract cannot be let until after July 2, and providing that even then the bonds have met with approval from the attorney general.

Local Baseball Team Has First Practice

Remnants of last year's amateur baseball team gathered Saturday afternoon at the field in Farwell for the first drills of this season. Seven members were out for practice, which was held from 4:30 until 7.

Wilfred Quickel, who will manage the team for his third year, announced that two other players who were not present Saturday definitely will participate in what games may be staged this season.

Since the local team will not be included in an organized league this year, all games will be matched on an individual basis. The first game is scheduled for next Sunday. It will be with Lazbuddy No. 2.

Players who were out and their positions are Carlos, Woods, left-field-second base-catcher; Joe Camp, 3rd base; Ronald London, catcher-outfielder; Leon London, shortstop-outfielder; Dick Sanders, 1st 2nd, and outfielder; Blackie Smith, 1st-pitcher; Wilfred Quickel, 1st-pitcher-manager.

Jack Woods and Toby Booth complete the team framework, according to Quickel. They could not be present at Saturday's practices. Woods is scheduled to be an outfielder, and Booth will either pitch or play outfield, says Quickel.

FREE MAPS AVAILABLE

Attaches at the county courthouse announce that illustrated, colored Texas highway maps are still available. These can be secured by any interested party if he stops by the Sheriff's office and fills out a card requesting that the map be sent him, say officials.

Workers Are Overlooked In Trib Clean-Up Story

This is one that isn't on the newspapers. Oliver Sikes, Farwell businessman who devotes a lot of his time to civic improvement, is feeling a little low this week over information he released to The Tribune concerning a clean-up campaign story in the last issue.

Oliver was pretty busy last Tuesday, but a reporter cornered him and talked him into naming who helped work on the Lions-sponsored town cleaning. He named as many as he could bring to mind, but after press day he thought of a lot more that worked along with those he itemized.

Being a timid soul at heart, the harassed businessmen informed his wife to straighten things out—he was leaving town.

Oliver is now afloat on Possum Kingdom Lake near Wichita Falls. His corrected list of workers follows:

Otis Huggins, Joe Helton, Robert Morton, M. H. Poteet, Woody McDermitt, Nelson Smith, Loyd Cain, Corkey Cain, Lex Cline, and Carrol Huggins, Frankie Coffman, Connie Moore for C. M. Henderson, Lee Blair for Jack Williams, Walter Clair for LeRoy Faville, and O. C. Sikes.

First Cotton Insect Control Meetings Held

An aggregate of approximately 85 people attended the four cotton insect control meetings held in Parmer County Wednesday, Joe Jones, county agent, says. Some 60 members of the group were cotton farmers.

Harry Harvey, extension service entomologist of Lubbock, discussed the 1951 cotton insect control program. A few thrips were found in the fields and one flea hopper was found in Lariat, Jones adds. A spraying demonstration was given by Benger Flying Service at all places with the exception of Lariat.

The meetings were the first in a series to be held on cotton insect control, Jones states, and farmers wishing to obtain the latest information on control of these pests, should attend the meeting.

First session was held in Bovina on the A. R. McCutcheon farm with 10 attendants; the Elmer Euler farm in Friona drew 35 listeners; and 10 farmers attended the meeting on the Wesley Barnes place in Lazbuddy.

Thirty attendants were at the Lariat gin for the last meeting, Jones concludes.

Cemetery Improvement To Begin Next Week

A drive to clean up and beautify the Farwell Cemetery will begin next week, barring bad weather or other adverse conditions, announces Wilfred Quickel, commander of the local American Legion Post which will sponsor the project.

"Right now," he explained, "part of the grounds are still under water because of the heavy rains that have fallen, but by next week, we should be able to go in and begin work."

First on the campaign agenda will be to clear a fire lane around the cemetery so that rank growth of grass and weeds can be safely burned off.

Visitor in the home of Mr. and Mrs. O. C. Pulliam Thursday evening included Rev. and Mrs. Lewis Cox and Janie of Clovis. The Clovis visitors had dinner with the Pulliams.

Will Start Mowing Soon in Farwell

Weed mowing will begin soon within the Farwell City limits, announce officials as they survey stands in bar ditches and vacant lots following recent rains.

The operations were scheduled to begin last weekend, but mechanical failures caused temporary postponement until machinery could be repaired. Mayor C. M. Henderson said that Farwell School equipment will be used by the city for mowing weeds again this summer.

"We believe we will be able to take care of the weeds by mowing," he said, "No poison will be used, because we're a little afraid of it and we believe satisfactory results can be had by mowing."

The city is believed to be in reasonably good shape for the mowing machines, because only a short time ago a large part of the wire, tin cans and other junk was hauled out of town by the Twin City clean-up campaign.

Piggly-Wiggly Store Has New Employee

Mrs. Carl Davis of Piggly Wiggly here announced the first of the week that Carl Ozment is now associated with the local firm, and began work Wednesday of this week.

She said that plans are for him to work both in the Piggly Wiggly store and the Davis Hardware department since he is experienced in both lines of business.

Ozment is married and has one child. He and his family, who moved here from Clovis, are residing in the Ben Smart apartment in Farwell.

Six Cases Reviewed In Texico Court

Six cases were tried in Sam Lewis' court in Texico through last week-end, he says, mentioning he had a "somewhat busy week."

Three of these were overloading violations at the Port of Entry, and two were for attempted evasion of the Port. The other case, according to Lewis, was concerning a worthless check, which the writer made good.

Fines for offenses ranged from \$10 to \$50, he said.

BEEF SALES—

Cafe Owners Report
Cafe operators seem to have various difficulties, though not so apparent. Cafe owners say:

Mrs. Winegeart, Texico Hotel Cafe: "The beef situation hasn't affected us very much so far. We buy from both packing houses and the grocery store. Some cuts of beef are higher, some aren't. We've always used lots of poultry and pork in our menus, and still do."

Dusty's Cafe: "We haven't had too much trouble buying beef. Though meat is higher, we use about as much as we always did."

Mrs. Jim Moore, Jim's Cafe: "So far, we haven't had too much trouble. Only one time have we failed to get what we ordered. However, the meat salesman tells us that he doesn't know what the situation will be later. Prices have gone up quite a bit on some meats."

Mary, Mary's Cafe: "So far, we haven't had a shortage on beef. We buy from a packing company, half a beef at a time, and store the meat in deep freeze. Prices haven't been higher since OPS ceiling."

IS IMPROVING

Mrs. G. L. Nicewarner, who fell from the porch recently and injured her back and knee, is reported to be recuperating nicely. Her granddaughter, Peggy Schlueter, has been staying with her.

Mr. and Mrs. A. D. McDonald and Dusty Rhodes visited Sunday with Mr. and Mrs. Russell Johnson.

Hoppers—

matter for the engineers to settle. But we'd better begin to move this water that goes to waste and even brings destruction down the lower levels.

One or two good lakes could serve as recreational centers in addition to recharging our underground water supply. Such a program cannot be accomplished overnight—it requires lots of work and planning. But now is none to early to be looking in that direction.

The effective campaign Hot Springs is waging on flies, mosquitoes and other insects may be realized when I tell you that during our first ten days here we have not seen a single "skeeter," and only one house fly has invaded our apartment.

Those pesky moth-breeding millers that were so numerous when we

left Texico-Farwell on June 8th, are absolutely non-existent here.

We are informed that the entire city is sprayed regularly every week. Such a campaign in Texico-Farwell might bring the same results.

A soldier on the front in Korea has written his father in El Paso the following letter:

"I have the distinguished honor of being a member of a committee to raise \$50,000 to be used for placing a statue of President Truman in the Hall of Fame in Washington. We have decided not to tease it by placing it next to George Washington (who never told a lie), nor next to Lincoln (who is known as Honest Abe) nor next to Thomas Jefferson (who spurned a third term). The committee was quite in a quandary, but after careful deliberation it has been decided to place the statue next to that of Columbus who, after all, did not know where he was going, did not know where he was when he got there, nor where he had been when he returned home. But he did the whole trip on borrowed money.

"The inscription to be engraved on the Truman statue will read: 'I pledge allegiance to Harry Truman and the indebtedness for which he stands—one man indispensable, with corruption for all.'

"If you are one of those who dares to have any money left after your taxes are paid, we will expect a liberal contribution."

Picture Contest Winners Named

Baby pictures, that were taken recently, were shown last week, in color at the Mustang theater. Judges in Portland, Oregon picked the three top pictures. Everyone who saw them said they were beautiful pictures.

Timmy Rhodes, son of Mr and Mrs. Aubrey Rhodes was awarded first place and a \$25.00 savings bond. Mary Ann McKinney, daughter of George McKinney won second, and the baby son of Mr. and Mrs. Alvin Hammonds won third. These two places were awarded pictures.

Timmy's picture will be entered in the state contest and the winner of the state will be entered in the national contest.

REVIVAL BEGINS SUNDAY

Rev. Jackson, pastor of the Pentecostal Holliness Church announces that they will begin a revival Sunday night June 24th. Visiting evangelist will be Rev. Charlotte Bryce of Hatch, New Mexico. Singing will be under the direction of local talent. Everyone is extended a cordial invitation to attend the services, which will be held each night beginning at 8:00 p.m.

Mrs. Howard Looney accompanied her mother, Mrs. Jesse Scott and sister and brother-in-law, Mr. and Mrs. Dave Doolan to Amarillo Saturday. They went after the Doolan's baby who was staying with her aunt, Mrs. Bill McEwan.

BOVINA BAPTIST CHURCH NEWS

M. D. Durham Pastor
OPPORTUNITIES FOR SERVICE

Sunday School.....9:45
Morning Service.....11:00
Training Union.....7:30
Evening Worship.....8:30
W.M.U. Wednesday.....2:30
Prayer Meeting Wednesday.....8:00

Our Youth Revival was this last week and we feel that it was a great success. Rev. Gene Hawkins brought some fruitful sermons, and we surely received a blessing from them. R. C. Hallman from Wayland College conducted the singing and did a wonderful job.

The church presented R. C. Hallman with a shirt, 2 ties and a hat. They had an old fashioned pounding for Gene and Louise Hawkins.

The young people had their regular Youth Rally on Tuesday evening. There were about 42 enjoyed a weiner roast at the outside fireplace on the church lawn. After they had eaten and played some games they had their friendship prayer circle.

The M.W.U. met Wednesday afternoon at the church with 14 present. They had a Bible study of the 26th chapter of Matthew taught by Mrs. Gladys Tidenberg.

Everyone is looking forward to the camp days. Our cabin campsite is nearing completion.

We had a good number in the services Sunday. We had 159 in Sunday school, 176 in Worship Service, 81 in Training Union and 140 in the Evening Worship Service.

The pastor will be gone next Sunday and Bro. Jamie Tidenberg will fill in the pulpit. He will also lead the prayer meeting on Wednesday night.

"Do your best to present yourself to God as one approved, a workman who has no need to be ashamed, rightly handling the word of truth." 2 Tim. 2:15

Mrs. M. H. Carson underwent a tonsilectomy at the Friona hospital last Friday. She is at home now and doing nicely.

Post-Nuptial Shower Honors Mrs. Hanna

Mrs. Leonard Hanna, nee June Gay Looney, was honored at a lovely post nuptial shower Thursday afternoon at 3:00 p.m. at the Methodist Church.

Hostesses for the affair were Mesdames Troy Fuller, Bill Foster, L. M. Grisson, Buck Ellison, Bill Bradshaw, John Wilson, Homer Kelley, George Trimble, Amos Steelman, Aubrey Brock, H. L. Tidenberg, R. L. Green, J. C. Denney, Troy Armstrong and Vernon Ward.

The piano was decorated with a vase of roses with an umbrella standing over it. Streamers were tied to the umbrella and on the ends were tied a number of cooking utensils. The centerpiece was given to the honoree.

Mrs. John Wilson played two numbers on the piano and then they had a "Musical Quiz". Miss Clara Derrick, Miss Carolyn Wilson and Mrs. Hanna were the contestants. Mrs. Hanna was the winner of the "Jack Box" question and was presented her many lovely gifts.

Among the gifts, which were displayed, was a complete set of the brides chosen china and crystal.

Miss Mary Rose Baca and Miss Betty Rose Johnson presided at the guest book. Miss Baca wore a lime green formal and Miss Johnson a pink formal.

Miss Irma Jo Kelley poured punch from a prettily appointed table featuring a white cloth and centerpiece of pink and blue larkspur. Miss Kelley wore a yellow formal. Miss Lonetta Thompson served cake and was attired in a light green formal.

Present for the occasion were Mesdames Isie Hanna, Will Foster, A. B. Wilkenson, E. M. Ware, J. Sam Gaines, Kick Adams, A. M. Wilson, Odie White, Emmitt Tabor, Earl Derrick, Elmer Lowry, Levi Johnson, Mesdames Lawrence Rhodes, J. E. Bingham, J. P. Macon, Lee Thompson, J. E. Owens, E. H. Moody, Gene Hawkins, Lloyd Battey, Frank Wilson, Paul Jones, Robert Calaway, M. D. Durham, Clarence Jones, Leon Grisson, Truman Ford.

Also Mesdames R. L. Rule, R. N. Williford, R. E. Everett, D. C. Looney, Howard Looney, and the honoree's mother, Mrs. Joe Looney.

Misses Irma Jo Kelley, Betty Rose Baca, Bobbie Rule, Geneva Henson, Bobbie Lou Foster, Roxie Henson, Billy Ward, Caryetta Grisson, Evelyn Steelman, Dyalithia Bradshaw, Clara Derrick, Dorothy Moorman, Yvonne Moody and Carolyn Wilson.

Also Mesdames C. W. Grisson, Robert Read, and John Kimbrow. A large number sent gifts who were unable to attend.

Mrs. Joe Looney took her daughter and son-in-law, Mr. and Mrs. Leonard Hanna to Gatesville, Texas Friday morning where they will make their home. She returned home Saturday and spent the night in Lubbock with Mr. Looney's sister.

Bass Elliott Writes Folks from Korea

Mr. and Mrs. C. R. Elliott have received a letter from their son, Bass, who is serving in Korea as a Lt. with the 2nd Infantry Division Mrs. Elliott very graciously offered to let us print this letter and I'm sure all his friends' around Bovina will enjoy reading it.

Somewhere in South Korea Sunday afternoon, June 10th

Dear Folks,

Just a few words to let you know that my tour is still in progress, and that by tomorrow I should be to where I'm going.

Got off the boat onto this train yesterday in Pusan. Boarded the train at 9:00 A.M. and sat in the rail yards until 4:00 P.M., at which time we started moving. The train is hardly fit for cattle, but we have about 500 men and 10 officers aboard. Right now we are waiting for a train to pass that will carry South Korean soldiers back to the hospitals. We let one pass about two hours ago and the boys were pretty well shot up. As this is a one-way track, we have to sit on this switch until the next train passes. We have been here about 5 hours now.

This is about the most rugged country I ever saw. The mountains are steep and sharp on top. During one 35 mile stretch of travel, we go through 30 tunnels, some of the tunnels are 2-3 miles long. It is quite miserable in the train when going through a long tunnel as the smoke from the engine fills the entire train.

Have been eating out of cans and the food is good, though there isn't much variety. Drinking water is a problem since we can't go down to one of the streams to get out water. Water in the streams is polluted.

Planes have been going over all day, either to or from the front. Army trucks pass often on a road near here. South Korean soldiers patrol all tunnels, bridges, etc. We have passed over several bridges that were blown up but have been repaired since. I suppose fighting must have taken place around here as there are rifle and mortar shells everywhere.

Since the Korean houses are made of sticks, mud and straw it is a simple matter to build new ones. We have seen a number of places where the houses were burned down and the people were building again.

Wherever the train stops, kids crowd around wanting something to eat. Never saw so many kids. I

think they must crawl out of cracks in the ground, for the little devils are everywhere.

We are supposed to get our division headquarters sometime today and will be assigned from there.

This country must have been created for mountain goats instead of people. The trees are small, the mountains rocky, and the rice paddies do not appear to yield as much as the ones in Japan. The people are dirty, but look healthy. The women carry everything from the family wash to the days harvest in the fields on their heads.

The farmers use one cow and a wooden plow to do their farming. The amount of land that we use to turn a tractor around on, would support several families here. Every square inch of ground that can be used is put into use. Even on steep mountain slopes the people level off a spot about 15 ft. square and plant something.

All along the way we have seen burned out tanks, trucks, and railroad cars. I'm thankful that the North Koreans have no air force, for we would be sitting ducks.

Will write more after I get assigned. On the road down below some trucks are going by loaded with ammunition. Roads are narrow and very rough and there are very

few roads.
Tell everyone hello.
Love,
Bass

OVERTURN "HOT ROD"

Scott and Dale Berggren had an accident with their "hot rod" Sunday afternoon. They were about three miles from home when a tire blew out and the car turned over. The two boys jumped from the automobile before it capsized. They walked to their home from the scene of the accident and were taken for medical attention. Dale suffered several cuts about the face and head and one arm and required 14 stitches to close them. He also had abrasions and bruises. Scott had a nose fracture and multiple cuts and bruises.

LEAVE FOR CAMP

Leon Ware, Glendon Sudderth, Wayne McCutcheon and Ted Walling, scouts of troop 34 left Monday for a camping trip to Reece Air Force Base at Roswell, New Mexico. They will be gone about three days. Billy Sudderth took the boys down and Jess Walling will go and return them to their homes.

SIGNS of SAFETY

CAN YOU SEE WHERE YOU'RE GOING?

Cross-buck signals at railroad crossings may just loom up if your headlights don't pick up the warning. Good road lights are as important as a good motor for safer driving.

See better on the highway and on city streets with far-reaching, perfectly-operating headlights, and stop-lights. Let us check your car's wiring and lights. Drive safer—see better!

Methods Given For Grass Eradication

County Agent Joe Jones this week recommended a release from College Station concerning eradication of grasses. Printed below is the article.

When trichloroacetate spray is used to eradicate Bermuda grass or Johnson grass, it should be mixed at the rate of one-third to three-fourths of a pound per gallon of water, says M. K. Thornton, extension agricultural chemist of Texas A. and M. College.

About one gallon of the spray will be needed per 100 square feet of area, depending upon the size and density of the plants. If applied during the months of June and July, this amount of trichloroacetate will kill practically all of the Bermuda and Johnson grass on the land.

Thornton says that trichloroacetate commonly called TA, has been recommended for the control of Johnson grass, Bermuda grass, and other grasses for some time, but in many cases farmers are still unable to buy the compound locally. Many of the large chemical companies manufacture the product, but do not sell it to the public in small packages.

TCA is particularly useful for the eradication of Bermuda and Johnson grass from fence rows, roadways, small spots in fields, and areas that are inaccessible for machinery. However, the cost of the compound prevents it being used for eradicating grass from large areas.

Normally some drying of plants can be seen in about 24 hours after the spray is applied, says Thornton, and most of the plants that are going to die will be dead within a week after being sprayed.

Hot, dry conditions with a moderate amount of moisture in the ground are favorable for spraying with TCA. The compound is water soluble, and it penetrates the ground in addition to acting on the tops of the plants. If a rain occurs immediately after the spray is applied, some of the TCA will be carried away in runoff water, some will leach out through the soil, and the per cent kill will not be as high.

TCA may affect the growth of plant life for 90 to 120 days after the date of application. The chemical action varies with different species of plants, and rainfall shortens the effective period of influence.

TCA proved to be very efficient for the eradication of Johnson grass in a test run at the Blackland Experiment Station, Temple, Texas, Roger Hamilton at Bushland Experiment Station reports equally good results and in tests run at experiment stations in other states. At Blackland station, sodium TCA gave a 90 per cent kill in 21 days and a 100 per cent kill in four and one-half months, at a cost of 41 cents per 100 square feet.

PEARCE ATTENDS MEETING FOR RURAL TELEPHONES

L. A. Pearce, president of the Texico Farm Bureau, will be in Lubbock next Saturday to discuss with officials the possibility of continuing with a rural telephone program for the Texico Rural area that was started several months ago.

Officials of the telephone cooperative, engineers, and attorneys concerned with the program will be present, says Pearce, as well as George W. Haggard, deputy administrator of the REA.

The meeting, scheduled to begin Saturday morning at 10, will be at Hotel Lubbock, Pearce says.

CHEMICAL STOPS POLIO GROWTH . . . Dr. Gordon Brown (left) and Dr. W. W. Ackerman, University of Michigan scientists, reported recently the discovery of a chemical compound which will stop growth and multiplication of polio virus in a laboratory culture of human tissues. This is the first time a chemical has stopped the growth of the virus. Use of the chemical, ethionine, was reported during the 35th annual meeting of immunologists in Cleveland.

Jones Urges Early Hornfly Treatment

Treat now for hornfly control if you haven't already done so, County Agent Joe Jones advises.

A tiny fly, grayish to black in color and about three-eighths of an inch long about this time of the year begins to rob the livestock producer of pounds of beef and dollars that could be profits he says. This small bloodsucker, according to Jones is the hornfly.

It is seen principally on the head, neck and shoulders of cattle often in great numbers and if permitted to multiply, they may cover 50 per cent of an animal's body, says Jones. The hornfly has a very short life cycle—10 to 14 days. This factor, points out Jones, makes it possible for very heavy infestations to build up in the spring before the producer notices their presence.

Control measures should be used early to check the multiplication in

the first generation. The first spraying is very important and may reduce the total number of sprayings needed during the summer. Animals should be given the first treatment when the fly population reaches an average of about 25 flies per animal.

Jones says there are two insecticides which will give very effective control against the hornfly. DDT has been successfully used for several years and a 5 per cent spray or dip will give excellent results. Toxaphene is the other recommended material and it is also used at a .5 per cent strength. It is recommended only for use as a spray. Jones adds that toxaphene has given equal or superior results when compared to DDT for hornfly control. On Dairy use a .5 per cent methoxychlor spray is used.

He points out that numerous tests have shown that cattle kept free of hornflies gained from 10 to 20 pounds more per month than those not treated. Ten pounds of 40 per cent wettable DDT in 100 gallons of water and used as a spray will pro-

duce cattle for a period of 20 to 45 days says Jones.

DHIA Elects Officers At Tuesday Meeting

Dairy Herd Improvement association elected officers at their regular meeting Tuesday night, held in the vocational agriculture room at Bovina.

Levi Johnson and Roy Miller were re-elected president and secretary, respectively.

Martin Fulcher reported on the meeting held in Farwell at which A. M. Meekna, extension dairy husbandman, was present. Leroy Stewart then gave a report on herds testing; 19 herds are now included.

Ice cream furnished by Bordon Co. out of Amarillo was served by Martin Fulcher, and Roy Miller furnished cake for the gathering.

If opened to capacity, Texas oil wells would produce more oil in a day than the U. S. could use in a month.

Who Says There's No Wheat This Year? Two Loads 1951 Crop Arrive Monday

Two loads of the 1951 wheat crop arrived in Friona on Monday morning within thirty minutes of each other, with E. G. Phipps winning the race to claim the first load of wheat delivered to a local elevator this year.

Phipps, who has some 240 acres of dryland wheat, brought his load to the Santa Fe Grain Company, with manager G. Cranfill reporting that the wheat tested No. 1, had 11.70 moisture content, and is cutting out some 12 bushels to the acre. The variety is Early Wichita.

The identical variety was hauled in by E. L. Fairchild on Monday morning to the Friona Wheat Growers, proving that Wichita is indeed "early", as most of the other fields remaining in the section are just showing signs of turning.

Fairchild's harvesting is running between 12 and 15 bushels to the acre, he reported to Arthur Drake, manager of the Friona Wheat Growers, where the grain was put on storage. Drake said the wheat weighed 61½ pounds to the bushel, and had a moisture content of 11.8.

The Phipps wheat was sold at the Santa Fe Grain elevator at the day's quotation of \$2.16. Manager Cranfill added, with the owner receiving an extra bonus of \$25 for bringing the first load to town.

As to wheat prospects generally, both Cranfill and Drake agreed that there was going to be more harvested in the county than was cut last year, but Drake added ruefully, "That's not saying much". For a change, however, the local men are not worrying about storage space, as a milo on government loan has been moving out and the elevators are in good shape to handle any and all wheat or grain produced in the coun-

ty this year, it is believed. Feed crops around this section are showing above the ground, although some late re-plantings have yet to come up, and Drake said that he had received a number of calls for seed corn this year, indicating that a little other than that customarily grown for "roasting ear" purposes might be planted in the county.

A good number of acres in the county are also expected to be put into cotton this year, with estimates varying from 10,000 to 25,000 acres over the entirety of Parmer County. Some acreages which had been seeded to cotton, however, have since been turned to feed crops, as heavy showers washed out the first plantings and farmers elected to go along a more familiar route.

Should the cotton crop come through as hoped, it may be that some migrant labor will be necessary in the county during that particular harvest, otherwise, indications are that home labor will be more than sufficient to carry on with the cutting of wheat, and later, the harvesting of feed crops.

Christening Rites Are Held in Home

Christening rites for Beth Kay, ten-weeks-old daughter of Mr. and Mrs. Vance Crume, were held in the Crume home at 2 o'clock, Sunday afternoon, June 17th.

Conducting the short service was Rev. J. E. Tidwell, pastor of the local Methodist Church, assisted by Rev. D. W. Breashear, of Dimmitt.

Others present were Mr. and Mrs. J. K. Anthony and son, Darrell, and Judy, older daughter of Mr. and Mrs. Crume.

First Spraying Job Slated for This Week in Friona

The first of the seasonal spraying jobs to relieve the City of Friona of insect pests is slated to come off some time during the latter part of this week, provided the weather is favorable, City Manager Roy Wilson reported on Monday.

Wilson added that the city had contracted the services of Elvie Jennings, at the local airport, and the city is to be sprayed with a 10% dust of DDT.

Jennings, after receiving his permit from the CAA, must await favorable weather to do the work, Wilson said, adding that no positive date for such spraying could be determined in advance. "We must have a still morning with plenty of dew on the grass and other greenery if the dust is to stick and take effect," the manager said.

In addition to the city proper, the dump ground is to be included in the treatment, as water-filled tin cans are an acceptable breeding place for both flies and mosquitoes, officials added.

Cost of the job runs the city \$115, and a repeat performance will be slated later if deemed necessary. In cooperation with the move, residents are asked to eliminate such breeding places around their property as might escape the effects of the dusting.

TO ASSIST CLUBBERS

Members of the Parmer County Farm Bureau have recently voted to appropriate \$25 of the Bureau funds to assist in sending a Parmer County 4-H clubber to the annual short course for boys, secretary Raymond Euler reports.

Saturday Voting Day; Residents Reminded

Friona residents are reminded by the local school board that Saturday, June 23rd is voting day in the district.

At this time, the voters will determine the fate of a proposed \$150,000 bond issue, which will—in time—provide Friona with a new high school to replace the building gutted by fire some several weeks ago.

Little opposition is expected to develop concerning is expected to the fact that the district obviously had to do something to replace the school property, and by the same token, it is not expected that the vote will be unusually heavy.

Ballot boxes will be on hand in the Friona grade school building, with the polls open from 7 a.m. to 7 p.m. F. W. Reeve and George Baker have been named to serve as judges of the election, with Mrs. O. F. Lange and Mrs. J. C. Wilkinson acting as clerks.

Supt. Dalton Caffey said this week that preliminary architect's sketches are being prepared for submission to the school board, should the vote on Saturday approve the building program. Under the set-up now in mind, a permanent building, later to be converted into a new cafeteria for the school, would be erected during the summer months and used for "about a year" until the high school building proper could be finished for occupancy.

Closing VBS Program Held Friday Night

The final program for the 1951 Vacation Bible School at the Friona Baptist Church was held on Friday night when the church was filled with parents and students who had been in attendance at the weekly classes.

Mrs. Wilmot Crow, general superintendent of the school, served as program director, presenting each of the various department heads, who in turn took over with exercises from their respective groups. Opening the program, the youngsters marched in behind the flag bearers, and the pledge of allegiance to the American flag, the Christian flag and the Bible were given by the entire group.

Members of the nursery and beginner groups joined in song, while the primary students sang and gave Bible quotations, and the junior group concluded their portion of the program with a Bible quiz, directed by Mrs. Calvin Talley. As the program ended, the intermediate girls sang "God Be With You Till We Meet Again."

Top attendance at the school reached the 185 mark during the week, with an average daily attendance of 162, an increase of some 49 over the past year, Rev. Russell Pogue, the pastor, reported.

Perfect attendance certificates were presented to a large group of youngsters as the finale of the activities at the church, Friday evening.

Stockholders Meeting Comes Friday Night

The annual meeting of stockholders of the Friona Wheat Growers is slated for Friday night of this week, June 22nd, it was announced on Monday by Arthur Drake, manager of the local elevator.

At this time, "Uncle Jay" of KG-NC, whose actual name is Johnny Linn, is to be on hand as the guest speaker, and all stockholders and their families are invited to be on hand at the new high school auditorium at 8:30.

H. H. DeLozier, of Clovis, auditor for the elevator, will give his report, Drake said further, and during the entertainment portion of the program, door prizes will be awarded and refreshments will be served. The company has some 663 common stock members, Drake said.

Public Hearing Is Slated for June 22

Public hearing on the proposed paving of residential streets in Friona is announced this week by City Manager Roy Wilson for June 22nd, Friday of this week.

The hearing, at which time residents will be invited to air their complaints—if any—about the paving program will be conducted at the City offices in the City Hall, beginning at 10 a. m., Wilson added.

The paving program bond issue was approved locally some months ago, and recently, property owners have been asked to sign up for their portion of the cost along their own property.

Picnic Dinner Held At Clovis Park

Members of the Young Adult Class of the Friona Baptist Church enjoyed an outing, Sunday, with a picnic dinner being spread at Hillcrest Park, in Clovis.

In the afternoon, the group held a fellowship meeting, and a good attendance was noted.

Children "Graduate" On Sunday Night

Graduation activities for children who had been in attendance at the Methodist Vacation Bible School were held at the church on Sunday evening, in lieu of the regular worship program.

A large crowd was on hand for the presentation of the youngsters in their special program, which embraced all departments of the school, with Mrs. J. E. Tidwell directing the activities.

Prior to the Sunday night program, the classes had been held daily in the mornings during the week, with a picnic lunch being enjoyed by the group on Saturday, as the school wound up regular sessions.

Mrs. Tidwell reported that the average daily attendance at the school ran 111 with top enrollment at 115, showing a substantial increase over the past year.

Members of the various departments appeared in song and prayer, and as special pointing to the theme of "The Church", members of the junior department joined in a quiz on details of the Methodist church, pertaining to its origin and growth both world-wide and locally.

Attendance certificates were presented to the youngsters by Mrs. Tidwell, after which the educational department of the church was open for inspection of handwork.

Officials Begin Plans To Move into Church

Sunday School teachers and officers of the local Baptist Church held a meeting on Monday evening of this week, at which time the principal business was the working out of plans for moving departments into the new church building, soon to be occupied.

A covered dish supper was enjoyed prior to the business meeting, officers reported.

With completion of the new sanctuary almost an actuality, lacking only a few interior touches, formal opening for the building has been announced for July 15th, with church members actually planning to get into their new building a few days prior to that, in order that things may be "well in hand" when the public is invited to participate.

Aunt of Local Woman Dies in Sweetwater

Mrs. R. L. Scott, aunt of Mrs. S. S. Pritchard of this city, passed away the past Tuesday, June 12th, at a Sweetwater hospital, following a heart attack.

Mrs. Pritchard reported that her aunt was injured in an automobile accident some two years ago, and had not been in good health since that time. Funeral services for Mrs. Scott, 68, were held Wednesday afternoon in Vega, former home of the family, and interment was made in that cemetery.

Lions Meeting Held On Thursday Night

The regular meeting of the Friona Lions Club was held the past Thursday evening at the Woman's Club House, with thirty-six members present for the affair, secretary Raymond Euler reports.

A short musical program was enjoyed, with Miss Vera Ann Jones playing a piano solo, "Sabre Dance", and accompanying Don Lewis, who sang "On Top of Old Smokey" and "Mockingbird Hill."

During the business session the group voted to hold installation of new officers at the first meeting in July, which comes on the 12th of the month.

Occupies Pulpit

Rev. D. W. Breashear, of Dimmitt, occupied the pulpit at the local Methodist church, Sunday morning, in the absence of the pastor, Rev. J. E. Tidwell. Rev. Breashear is a retired Methodist minister, currently serving as executive secretary of the Dimmitt Chamber of Commerce.

Anniversaries Noted Saturday Evening

The home of Rev. and Mrs. Russell Pogue was the scene of a joint wedding anniversary, Saturday evening, June 16th, when Rev. and Mrs. Pogue and Mr. and Mrs. Sam Williams were the honorees.

The Pogues were observing the occasion of their seventh wedding date, while Mr. and Mrs. Williams noted the passing of their first year of marriage on Sunday, June 17th.

The home was beautifully decorated with blue cornflowers and sprays of baby breath, the same flowers used in the wedding of the Pogues seven years ago, and the figurines taken from their wedding cake were used as a centerpiece on the dining table.

Enjoying the dinner were Mr. and Mrs. Jack Roberson, of Hereford, parents of Mrs. Pogue; Rev. and Mrs. Ralph Reesor and children, Nancy and Dickie, of Plainview, friends of the Pogues who had attended their wedding; Mr. and Mrs. Williams, and Rev. and Mrs. Pogue and children, Lois and Jim.

Royal Service Program Held by Church Group

The regular Royal Service program of the local Baptist Church was held on Tuesday, when members of the Women's Missionary Union gathered at the church.

Mrs. Joe Talley was in charge of the missionary program for the afternoon session.

Stork News . . .

Latest arrivals at the Parmer County Community Hospital, in Friona, include two babies born during the past week.

Mr. and Mrs. J. B. Gibson, of Friona, are parents of a daughter, Sherry Ann, who weighed in on Thursday, June 14th, at 8 pounds, 6 ounces; and Mr. and Mrs. John Martinez, also of Friona, are parents of a son, weighing 9 pounds and born Sunday, June 17th.

Here for Vacation

Mrs. Emmett Day, Sr., and Mrs. E. R. Day, Jr., were in Amarillo, Saturday, being accompanied on their return home by Miss Tila Rue Day, who will spend a two-week vacation with her parents and other friends here. Miss Day is enrolled at Northwest Texas Hospital School of Nursing, having been accepted as a student nurse last fall.

Return Home

Mrs. S. S. Pritchard and children, Sterling and Lynette, returned home the past Wednesday afternoon from Truth or Consequences, N. M., where they had spent a week visiting in the home of Mrs. Pritchard's father, J. W. Scott. Mrs. Pritchard reports hot, dry weather in that section of New Mexico, with Elephant Butte Lake becoming critically low.

Off to Conchas

Mr. and Mrs. E. B. Brannon and Mr. and Mrs. L. D. Cannon departed Monday morning for Conchas Lake, near Tucumcari, N. M., where they expect to spend a week vacationing and trying their hand at landing a few fish for the pan.

With Parents

Mrs. Mabel Reese and children, of Breckenridge, is here visiting with her parents, Mr. and Mrs. J. A. Wimberley. She was called to Friona recently by the sudden illness of her father, who is still confined to the local hospital.

LEAVES FOR DUTY

W. H. Sheehan, local lawyer, who is a member of the Army active reserve, left the past Friday in answer to his summer call for training. Sheehan is to spend two weeks at Camp Polk, La., it is reported.

Visits Parents

Mrs. J. E. Tidwell and children, Paul and Jacklyn, returned Sunday evening from Dalhart, where they had spent Father's Day with Mrs. Tidwell's father, W. A. Farren.

Dorcas Circle Meets In Quickel Home

The Dorcas Circle of the Methodist WSCS met Wednesday in the home of Mrs. I. W. Quickel. The meeting was an all day affair with delicious covered dish luncheon served at noon.

Mrs. Doris Wilson opened the meeting with prayer followed by "Amazing Grace" sung by the entire group. The scripture was taken from Romans 1:2 and was read by Mrs. Quickel. Mrs. Quickel had charge of the lesson which was "We Seek Him Together."

Three members received gifts from their Polly Anna's. They were Mrs. Pearl Hammonds, Mrs. Doris Wilson and Mrs. Earl Richards.

Members present were Mesdames Mable Newberry, I. T. Huckabee, Rual Barron, Pearl Hammonds, T. J. Hopinggardner, I. W. Quickel, Ruby Wilson, Doris Wilson, Lloyd Batty, Joe Jerrel, Lewis Pesch, and Earl Richards. The next meeting will be in the home of Mrs. E. A. Hammonds.

Home Economics Girls Honor Mothers Monday

The Home Ec girls honored their mothers with a tea Monday afternoon at the school. The girls are taking the summer projects and this marks the close. They exhibited the articles they had made this summer and gave reports on their work.

Refreshments of punch and cookies were served to the following mothers by Billy Ward, Clara Derrick and Betty Turner; Mesdames Byron Turner, Vernon Ward, Young, Earl Derrick, Una Newton, Ira Wellborn, Frank Smith, and Dean.

Girls present were Misses Betty Turner, Dana Turner, Billie Ward, Lillian Young, Clara Derrick, La Vanda Newton, Ginger Wellborn, Donna Smith, Florence Dean and the sponsor Mrs. O'Keefe.

Leave for California

Rev. and Mrs. M. D. Durham and Marvalynn left Sunday afternoon for San Francisco, California to attend the Southern Baptist Convention. They plan to be gone about ten days. Accompanying them on the trip were Mrs. H. D. Bradshaw and Mrs. A. B. Wilkenson. Mrs. Bradshaw will visit with her brother and family, J. W. Bradshaw in Lynwood, California and Mrs. Wilkenson will visit with her daughter Mrs. Rita Mast and baby. Mrs. Wilkenson is planning on bringing her daughter and baby home with her. Mrs. Mast's husband is overseas in the service.

SKATING CONTINUES

Mr. Willoughby wishes to remind the public that they are still sponsoring the skating at the school gym each Thursday and Saturday night starting at 7:30 for the younger people and at 9:00 for the older ones. This money is still going to pay for the band suits and they need support.

Pledge Service Held At WSCS Meeting

A joint meeting of the Methodist Church WSCS was held on Monday afternoon at the church. A pledge service was held during the afternoon.

The devotional was given by Mrs. J. T. Hammonds and Mrs. I. W. Quickel had charge of the lesson. The theme for the afternoon was "To Make All Lands Thy Own."

Hostesses for the afternoon were Mrs. F. C. Hastings and Mrs. T. J. Hopinggardner. They served refreshments to the following: Mesdames William Thornton, Mabel Newberry, I. W. Quickel, J. T. Hammonds, I. T. Huckabee, Earl Richards, Rual Barron, Vernon Estes, Wilbur Charles, and H. A. Poindexter.

In Elliott Home

There have been several relatives visiting in the C. R. Elliott home last week including their daughter, Mrs. Hershel Lowe of Crosbyton, Texas, and son and family, Mr. and Mrs. L. L. Elliott and sons, of El Paso, Texas. Mrs. Lowe and Mrs. Elliott and sons are going to stay for several weeks, but Mr. Elliott has returned to El Paso. Mr. Elliott's brother, Lloyd of Fresno, California arrived Saturday and they and grandmother Elliott left for Etonewall, Oklahoma to attend a family reunion.

Celebrates Birthday

Maurine Hammonds was honored with a birthday party in her home on Wednesday afternoon June 13th. Her mother honored her on her fourth birthday.

Games were enjoyed during the afternoon. The honoree received many lovely gifts.

Refreshments of ice cream, cake and lemonade were served to the following: Jimmy Redden, Billy and Harriet Lou Charles, Elaine Fuller, Gregg Williams, Jan Everett and the honoree.

Mr. Willoughby, superintendent of schools, has announced the employment of an English teacher for the next year. She is Miss Betty Carver of Bonham, Texas. She received her degree from Texas Tech this last spring and will be teaching for her first year.

Quilting Party Is Held Wednesday

Mrs. Lee Thompson was hostess to the ladies of the Church of Christ last Wednesday when they enjoyed an all day quilting and covered dish luncheon in her home.

Present for the affair were Mesdames Mel Gunn, D. S. Harrel, Ward Thompson, J. W. Ellison, Tom Rhodes, J. R. Caldwell, Levi Johnson, F. W. Ayres, J. C. Denney, Earnest Woffel, J. W. Parker, and the hostess.

Father's Day Dinner

Mr. and Mrs. H. L. Tidenberg and Jamie had a Father's Day dinner honoring her father, J. H. Stagner of Clovis. Present for the occasion were Mr. and Mrs. J. H. Stagner, Mr. and Mrs. Johnny Stagner and sons, Mr. and Mrs. Melvin Stagner and children, and Billy McCleskey all of Clovis, and Mr. and Mrs. Mell Gunn and Mr. and Mrs. R. N. Williford of Bovina.

Attend Brock Wedding

Several from Bovina journeyed to Roswell, New Mexico Saturday to attend the wedding of Lt. Ted Brock, son of Mr. and Mrs. Aubrey Brock of Bovina. They were Mr. George Hafold Trimble, John McFarland, Mr. and Mrs. Penny Anderson, Mr. and Mrs. Chas. Ross, Mr. and Mrs. Harry J. Charles and Mr. and Mrs. Aubrey Brock.

Glover Visits Here

Ellison Glover stopped in Bovina last week to visit friends and relatives. He was on his way home to Hatch, New Mexico from Oklahoma City where he has been attending school. He was a member of the choir from the Pentecostal College that toured the eastern states and Canada recently, presenting numerous concerts.

Local Couple Marries

Miss Ethel Block and Bill Whiteside were united in marriage in a ceremony performed Saturday in Clovis, New Mexico.

The couple was attended by Miss Gladys Hopinggardner and George Whiteside. The couple is at home on the farm which Mr. Whiteside operates close to Bovina.

Leave for Austin

Three of the Bovina Rainbow girls left for Austin on Sunday to attend the Grand Assembly of Rainbow. They went to Hereford and were boarded a chartered bus for the capital city. The ones attending from Bovina were Misses Marjorie Leake, Sandra Jefferson and Lillie Ellison.

SOCIAL NOTES

Mrs. J. W. Evans, Freddie and Linda, who have been visiting with her sister here, left for their home in El Paso, Texas on Sunday.

Rev. and Mrs. Weldon Franks, former pastor of the Baptist Church here stopped in Bovina for a while on Saturday to see some of their friends. They were enroute to San Francisco, California to attend the Southern Baptist Convention.

Mr. and Mrs. G. A. Frederick, Ronnie and Doug of Hot Springs, New Mexico visited in the home of his sister, Mrs. Al Kerby on Friday.

Mr. and Mrs. Tyson and Eubanks and Barbara Ruth visited in Dimmitt on Sunday. They had a Father's Day dinner in the home of his parents Mr. and Mrs. Barber Eubanks and visited with her aunt and uncle in the evening.

Mrs. R. N. Williford received word from Mrs. U. B. Wheeler this week saying that she was much improved and hoped to return to her home soon. She is in Savannah, Mo. receiving medical treatment.

Press Abbot was in Canyon over the weekend.

Mrs. J. T. Jones has gone to be by the bedside of her father who is seriously ill and is not expected to live.

Miss Jean Danner of Clovis was in Bovina visiting with friends on Monday.

Norma Lee Loflin is spending the week in Jal, New Mexico visiting with friends.

John Robert Kimbrow is here with his parents Mr. and Mrs. John Kimbrow from Orange, Texas. He came after a new Studebaker his folks had purchased for him.

Mr. and Mrs. Riley Danson from Wellington, Texas visited last week with her brother and wife, Mr. and Mrs. Bill Moore.

Mrs. Jean Wade brought her daughter, Calvin and Mary Well Holland of Groom, Texas and Maxine Wade of Amarillo to visit with their aunt and grandmother, Mrs. Jesse McSpadden and Mrs. Wade on Saturday. They have returned home now.

Mr. and Mrs. Stacy Queen have returned from a trip to south Texas.

Mr. and Mrs. Harold Combs and girls of Clovis spent Father's Day with his parents Mr. and Mrs. J. O. Combs.

Mrs. H. C. Tims and Patricia of Claud, Texas and H. C. Tims, Jr. of Calgary, Alberta, Canada visited the first of the week with Mr. and Mrs. Truitt. Mrs. Truitt is the sister of Patricia and H. C. Jr. and the daughter of Mrs. Tims.

Mr. and Mrs. Jake Calhoun of Arizona are visiting with their parents, Mr. and Mrs. Steve Calhoun.

Mrs. E. H. Harris and children of Ft. Worth are visiting with her cousin Wilma Dee McLean, grandmother, Mrs. Godsey and aunt, Mrs. Charlie Steelman.

Mr. and Mrs. R. A. Kelly and A. M. left Saturday for Oklahoma where one of Mr. Kelly's brothers is seriously ill.

Donnie Blake of Amarillo is here visiting with his aunt and uncle, Mr. and Mrs. Henry Minter and Billy.

Mr. and Mrs. Reagan Looney and Bill, Julius and Dyalthia Bradshaw went to Conchas for a few days fishing the first of the week.

Sam Johnston, son of Mr. and Mrs. R. S. Johnston of Lubbock visited with her friends and relatives in Bovina Sunday. He is attending medical school in Galveston, Texas.

Erwin Bryant and family of Amarillo visited with friends and relatives here Sunday.

Mr. and Mrs. J. C. Denney were dinner guests in the R. C. Martin home in Levelland on Sunday.

Carol, John Albert, Amos and Eddie Gayle Steelman are spending a week in Arizona and California visiting places of interest.

Mrs. R. L. Barber is on vacation from the Parmer County Hospital.

Mrs. Bill Venable is visiting with her daughter Margurete Lindsey in Odessa, Texas this week.

Guests in the Frank Smith home last week were Mrs. Smith's brother and wife, Mr. and Mrs. J. B. Morton and Miss Sue Oliver of Woodward Oklahoma. While they were here they all journeyed to Carlsbad to take the trip through the caverns.

Mrs. Willie Smith and her sister, Mrs. Roy Hawkins, left Tuesday for Savannah, Mo. for medical treatment. Mrs. Smith is owner of the local Variety Store and her daughter, Mrs. Pete Davies and niece, Miss Roylene Hawkins, will operate the store in her absence.

Mr. and Mrs. Ernest Foster, Jr. of Clovis are the parents of a daughter. She has been named Teresa. Mrs. Foster is the former Modell Hammonds.

Mr. and Mrs. W. J. Sides and Mrs. Scottie Barry have gone to San Antonio over the weekend. They have gone to visit their son and brother, David Sides and their new baby.

Edna Estes returned from Ft. Worth and Lockwood where she has been visiting friends and relatives and her son Kenneth, who is attending summer school in Ft. Worth. James Watkins, John Hartwell and Fred Langer have gone to wheat harvest.

Johnny Mae Anderson is visiting with her mother Mrs. Stacy Queen.

Mrs. Clifford Leake and daughters of Bovina and Mrs. Harry Baker of Texico spent last weekend visiting in Sunray. Returning home for a weeks visit with them was Karen Sue Millard.

Mr. and Mrs. Jess Vestal have their grandson Kermit Vestal of Ontario, California visiting them. He is the son of Mr. and Mrs. Johnny Vestal.

Miss Pasty Loflin has returned home from attending college in Oklahoma City. She was also a member of the choir on their concert tour.
