Five Local Boys To Receive Coveted Lone Star Award

SEE PICTURE AT RIGHT—
For the first time in Parmer County history, five local boys will receive the Lone Star Farmer award for the same year's work, Robert "Prof" Morton says.

And All Are Lone Star Farmers!

Pictured above are four of the five local boys who received the Lone Star Farmer awards. They are, left to right, Bob Gerie, Orie Jones, Gerald Curtis, and John Christian. Not pictured is Jesse Coburn.

Nine Miles New Paving Scheduled for Parmer

Portales Doctor Joins Friona Hospital Staff

The County commissioners Monday accepted a minute from the State Highway Commission designating a nine-mile strip of road north from the Oklahoma Lane Schoolhouse to be included in the Federal Aid Secondary Program as a farm-to-market road.

Dr. W. R. T. Metzner, who has been practicing in Portales since early January, has accepted a staff position with the Parmer County Community hospital at Friona.

Dr. Metzner, who was graduated from Michigan University medical school, has had four years as resident surgeon at various hospitals including Cleveland Ohio Clinic, at Buffalo, N. Y. and at Cooke County hospital in Chicago, Ill. He taught physiology and experimental surgery at Loyola University School of Medicine at Chicago.

The nine miles of road, which will be made "a dustless two-lane surface," will be similar in appearance to other farm-to-market projects that already have been finished in the county, and will be topped with all-weather asphalt.

STILL IN HOSPITAL

The Highway Commission after the acceptance by Parmer County of the minute, is planning to have the district engineer proceed soon on surveys and plans for the road. Two years ago, a similar road was constructed from the underpass southeast of Farwell to slightly below the Oklahoma Lane Schoolhouse. This new paving will tie in the old road to Bovina, making it possible for rural residents have all-weather travel to either of the cities throughout the year.

Say, this youth program is getting off to a good start. It has been a long time since we had any summer activity at all for the local kids. In fact, it's been way too long.

Solutions aren't always easy to find, chiefly because anything that is done in this day and time costs money—a lot of it. Giving the youth a health-building, entertaining program this summer will be worth any money that has to go into it, though, we bet.

Hey, you old weather eyes! Does this look like tornado weather we've been having lately? Big banks of mean-looking thunderheads roll in west almost every afternoon.

Gets Divinity Degree

The Rev. Hendersons To Make Home in Pecos

Sewanee, Tenn.—The Rev. Clifton Morton Henderson, Jr. of Farwell, Texas, was awarded the Bachelor of Divinity degree from the School of Theology of the University of the South at the eighty-third commencement of the University here today.

Twin City Clean-Up Is Called Success

Texico-Farwell Lions concluded another successful civic enterprise last Friday after finishing a general clean-up campaign for the Twin Cities that resulted in from 12 to 15 loads of garbage and refuse being hauled from the cities limits.

"Where, Oh Where Has My Bulldozer Gone?"

Even if you're a chronic mis-placer, a person would scarcely imagine that he could lose a bulldozer. But that's what happened to the City of Farwell last week.

R. D. Hensley, driver, was pushing up a huge pile of tin cans when he felt the heavy machine lurch forward. It virtually disappeared in a mud-filled, half concealed hole. Tow cars from Farwell couldn't budge it.

Nine Parmer Boys To Take Physicals

Nine Parmer County boys have been called for their pre-induction physical examination Tuesday, June 19, personnel of Hereford draft board reports.

Insect Control Day Planned For Parmer Farmers Wednesday

On Wednesday, June 20, four cotton insect control meetings are to be staged in Parmer County, Joe Jones, county agent says.

Trip to West Virginia Awarded Hudson Dealer

An all expense paid, 5-day trip to White Springs, West Va., is the prize that is awaiting Walter Hardage, Farwell Hudson dealer, for winning a car sales contest.

NEW TEACHER HIRED

A new home economics instructor was hired for the coming year at Farwell schools, at a board meeting Monday night.

Ringers Up!

Jerry Lovelace, son of Mr. and Mrs. Charles Lovelace of Farwell, gets into full swing of the Texico-Farwell youth program the first day. Jerry tries his skill at horseshoe pitching.

87 Are Now In Program

Forteen students have registered for the Texico-Farwell recreational program since last week, bringing the total number of young people enrolled to 87.

Local Community Park Project Beginning to Move at Rapid Pace

Plans by the Farwell Chamber of Commerce for setting up a community park south of the courthouse were beginning to take on a material shape this week, as committeemen drove home several phrases of the project.

Swimming schedule has not yet been worked out, the directors state, adding that enrollment day for this instruction is planned Friday at 2 o'clock at Farwell park.

It was planned to have cement foundations run this week for the benches and tables. Johnson docks in Japan. Mr. and Mrs. Russell Johnson received word Sunday that their son, Pvt. Billy J. Johnson, has arrived in Japan.

A. J. Kuykendall Case Will Be Continued

Andrew Jackson Kuykendall of Canyon, charged with second degree negligent homicide following an automobile collision last week near Friona, was free on bond this week after arraignment before County Judge A. D. Smith.

HAS RHEUMATIC FEVER

Mrs. A. P. Loftin returned to the home of her mother, Mrs. Maude Brown, Thursday after spending the past days in the Parmer County Community hospital. Mrs. Loftin was recuperating from a recurrence of rheumatic fever.

Texico-Farwell Recreation Program Schedule

- MONDAY—Game Period. Ages 5 through 9. Farwell Park (water tower), 4:00 to 4:30. Softball and Volleyball, ages 12 years up, 6:00 to 7:30 at Texico School.
TUESDAY—Handcraft, ages 5 through 9 at Farwell Park, 1:30 to 2:30. Individual games for ages 10 through 12, 3:30 at Farwell Park. Individual Games for ages 13 and up, 4:30 at Farwell Park. Softball and Volleyball for ages 9, 10, and 11, 6:15 to 7:30 at Texico School.
WEDNESDAY—Handcraft for ages 10 through 12, 1:30 to 2:30 at Farwell Park. Handcraft for ages 13 up, 2:30 to 3:20, Farwell Park. Game Period, ages 5 through 9, 4:00 to 4:50, Farwell Park. Softball for ages 12 up, 6:00 to 7:30 at Texico School.
THURSDAY—Handcraft, ages 5 through 9, 1:30 to 2:30 at Farwell Park. Individual Games, ages 10 through 12, 3:30 to 4:20, Farwell Park. Individual Games, ages 13 up, 4:30 to 5:20 at Farwell Park. Softball, ages 9 through 11, 6:15 to 7:30 at Texico School.
FRIDAY—Handcraft, ages 10 through 12, 1:30 to 2:20 at Farwell Park. Handcraft, ages 13 up, 2:30 to 3:20 at Farwell Park. Softball, ages 12 up, 6:00 to 7:30 at Texico School. Also at Texico School—Volleyball, Basketball, Badminton, and Tennis.

Tentative plans are to instruct swimming four mornings a week, for beginners and intermediates. Discussing the program, the directors state that the purpose is not only for entertainment, but educational as well.

Recreational facilities of both Texico and Farwell schools are used for the program, which is sponsored by Lions club, Farwell Chamber of Commerce, Auxiliary, Fire Department, Woman's club, and American Legion.

Pvt. Houghtling Injured In Automobile Accident

Pvt. David Houghtling, son of Mr. and Mrs. C. D. Houghtling of Texico, was injured in a car accident recently, according to word received here this week.

**Letters To The Editor**

We want to express our appreciation to the members of the Legislature who have fought so long and so successfully to maintain our rural roads program which will be assured by the acceptance of the conference committee report on the omnibus tax bill. It accomplishes all the county judges and commissioners hoped to accomplish when we were forced to defend the rural roads program from the attack begun on it by the administration supported Graham bill, House Bill 226.

The Legislators who have fought so long have accomplished these things for the people of Texas:

1. The Rural Road Block in the Legislature defeated the efforts of the administration and the so-called Good Roads Association which, in our opinion, would have crippled our Farm-to-Market Road Program through passage of the Graham bill.

2. The Colson-Briscoe Farm-to-Market Road Program has been retained at the full amount of \$15,000,000 a year, despite the open proposal of the administration that it be abolished.

3. The principal of the gas gathering tax on the pipelines which are taking gas out of Texas has been established.

4. The trend toward a general sales tax has been stopped, by the defeat of the administration plan for an increase in the gasoline sales tax, another of the "creeping sales taxes."

These things have been accomplished by a courageous majority of the Legislators, for the people of Texas, despite the opposition of the

Governor, simply because the Legislators had the Courage to take bills away from committees stacked by the Lieutenant Governor and Speaker of the House, and bring them to the floor where democracy could rule.

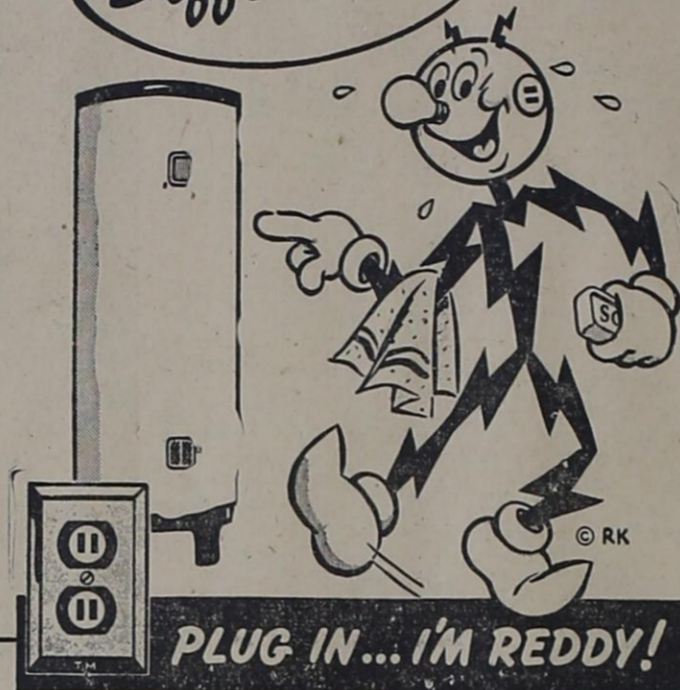

Our fight for the people of Texas has been an unselfish one. Therefore we are happy that for the next two years the State Highway Department will have more money to spend for construction of Farm-to-Market Roads than ever before. We are on our way to having the finest Farm-to-Market Road program in the history of our State.

As officers of the County Judges and Commissioners Association, we are deeply grateful to have had a small part in this great victory for the people of Texas.

O. F. Dent, County Judge, Littlefield, Texas  
President, County Judges and County Commissioners Association of Texas  
L. W. Gardner, County Commissioner, Itasca, Texas

## Inductions Postponed For Scholastic Rating

Austin, Texas, —Brig. Gen. Paul L. Wakefield, state Selective Service director, today announced receipt of a Selective Service order postponing induction of all students until they can furnish local boards with scholastic standings or results of college qualification tests.

The order, issued by Maj. Gen. Lewis B. Hershey, national elective Service director, will give students time to furnish necessary information local boards will need in considering student deferments.

In the order, the national director set forth that, in no case of postponement, will the induction be postponed beyond August 20, 1951.

Upon receipt of necessary evidence of scholastic standing or score attained on the test, indicating satisfactory status as set forth in Selective Service regulations, local boards "shall reopen and consider anew the classification of any student" registrant, the order read.

"Such deferred college students are still liable for service," General Wakefield stressed. "This deferment plan is merely designed to let as many young men as possible, who would normally go to college, carry out their plans, and then put in their obligatory service."

The order also reiterated instructions issued earlier regarding the 30-day postponement granted all students beyond the end of their academic year to enlist in a service of their choice or to secure employment in essential industry.

The above policy was designed to implement the intent of Congress that students should be encouraged to continue in school until the end of their academic year and, at the same time, preserve the right to choose branch of service.

In his order, General Hershey requests local boards to consider for deferment all college graduates who secure employment in a critical

occupation in essential industry which the employer has not otherwise been able to fill.

The same procedure was followed the past January when Selective Service granted a one-month postponement from induction for the 25,000 students then graduating from college.

At the end of that month about 10 per cent of those students were able to prove to their local boards their essentiality in civilian pursuits. The remainder were drafted.

After receiving their degrees, graduates will be given 30 days to obtain essential jobs. At the end of that period, they must reappear before their local boards and present evidence of their own and from their employer which will prove four facts:

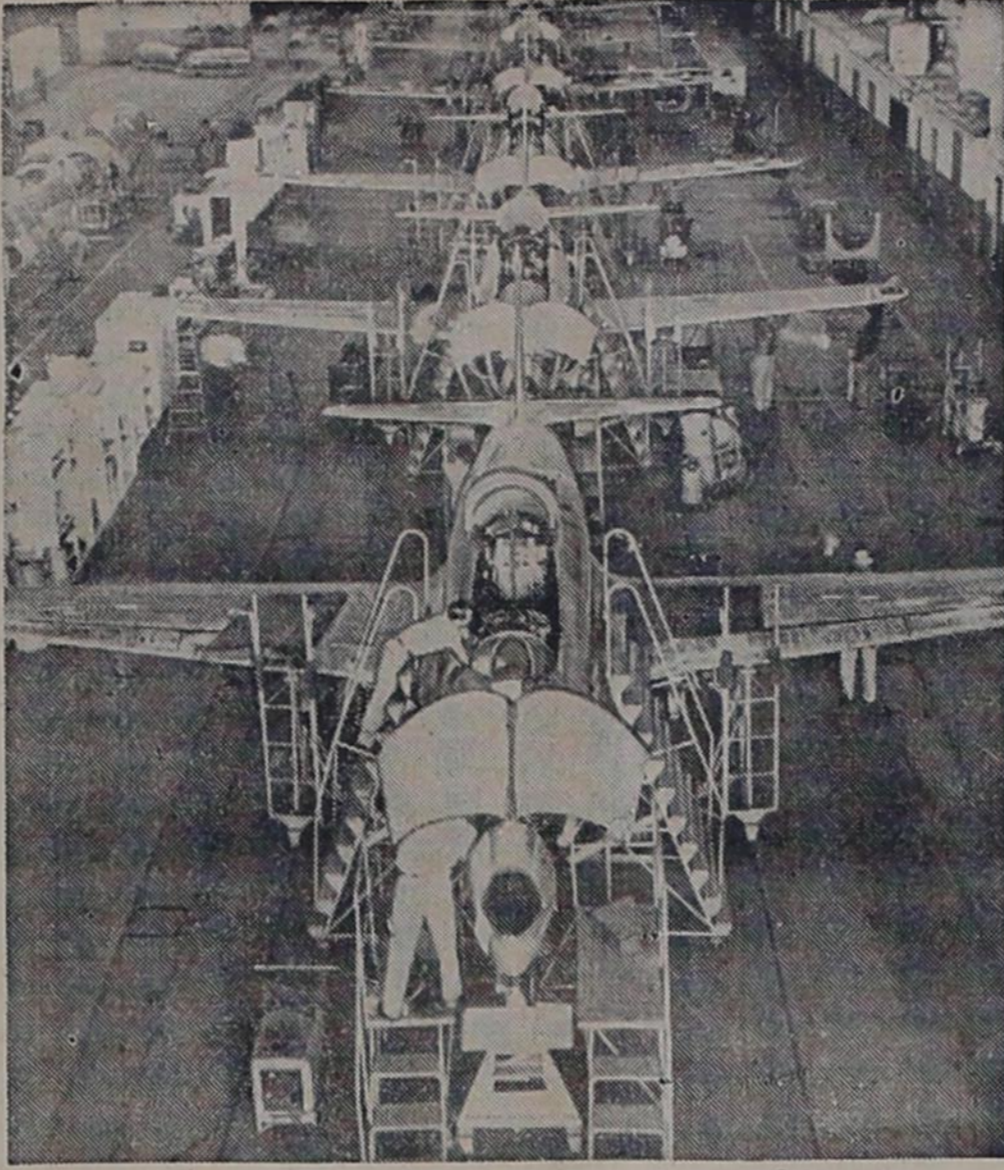

1. The new employment is full time.
2. The job is in the national health, safety, or interest.
3. The registrant's skill is such that he cannot be replaced.
4. His withdrawal from job for military service would cause a material loss of effectiveness in his place of work.

## Cancer Cells Live In Test Tubes To Aid Texas Research

Galveston, Texas—For weeks after the patient has died, the cancer which caused his death lives on in glass containers at the University of Texas Medical school.

Scientists make microscopic movies of the cancer cells—movies of the cells in a standard nutrient, and movies of the cells in contact with drugs and hormones used to treat cancer experimentally.

It is too late, of course, to help the patient who donated the tumor, but the information gathered on the cancer cells reaction to various chemicals may be used some day to

WHOLESALE PRODUCTION . . . Here's a view of the assembly line at Lockheed plant at Burbank, Calif., as workers strive to fill government's need for T-33 and T-2 trainer planes. These planes are in the 600-mph class, used by pilots to graduate from prop to jet propulsion. The trainer is a two-seat version of the F-80, world's first mass-produced jet. They are also used for navigation instruction, instrument and night flying train--

aid a patient with a similar kind of cancer.

This was disclosed today by the American Cancer Society, which ducted by Dr. C. M. Pomerat and a group of scientists who work under his direction.

The scientists are finding out how cells react to changes in the acidity or alkalinity of their environment, a temperature rise or fall, or an increase or decrease of pressure. They want to know cell reactions to all these factors so that they can rule

out these factors when drugs are introduced. They are trying to learn just what the drug itself does to the cancer cell.

Along side the cancer, normal cells of the patient are tested. The same drugs are placed in their environment too. The scientists want to know what the drugs do to normal cells. The big search is for a compound that will kill cancer cells without harming the normal cells.

The cells are placed in tiny chambers. Nutrient and drugs can be in-

## ERSATZ "JACK FROST"

A new soybean defoliant which permits earlier harvests of that crop, with larger yield and lower costs, has been developed by an oil company. The spray duplicates effects of an early frost, drying up weeds and grasses that ordinarily get into combines and hamper operations. It can be used to schedule harvesting operations for the most suitable time, and can be applied either from the ground or from an airplane.

produced through glass tubes. Motion picture cameras—making one shot every eight minutes—are equipped with microscope lenses. They record, for days at a time, the behavior of the cells in the presence of various drugs.

One curious phenomenon is being studied—a myrmic pulsation of certain brain cells. This was first observed in 1937 by London scientists in a tissue culture of a brain tumor. There appears to be a contractio nand expansion about every four or five minutes.

The Texas scientists have found the same type of pulsating cell in normal human brain and they are attempting to find whether the pulsations produce tiny electric currents in the brain (they conceivably could supply the current registered on encephalograms). And they will experiment to see whether the environment chemicals influence the cell tythum.

Forty specimens of schizophrenic brain, forty-five specimens of human brain tumor and brain tissues from epileptics which have been grown in tissue culture regularly showed pulsatile cells. The scientists will try to find out what this pulsation means and whether it varies in health or disease.

If abnormal pulsations are detected in disease, efforts will be made to correct them.

Thus the study of a brain tumor in 1937 may be leading to new finds not only vital to the understanding of cancer of the brain but may also serve to open a great new field of cerebral physiology.

## VETERAN'S QUESTION BOX

Q—I am studying in France under the GI Bill, and I want to change fields of study. I already have made one change. Will I be required to take advisement and guidance?

A—No. However, a veteran training in a foreign country and desiring to make a second change of course will be required to submit complete justification to VA that (1) he needs the new course to complete his educational objective, and (2) he has sufficient educational qualifications to give reasonable assurance that he can complete the new course satisfactorily.

Q—I am a disabled veteran receiving disability compensation from VA. Soon I expect to go on extended active duty in the Navy. May I continue to receive my compensation plus my Navy pay, at the same time?

A—No. VA compensation may not be paid concurrently with receipt of active service pay. Your compensation would be suspended while you are in the Navy.

Q—I am taking a GI Bill correspondence course. Will I be permitted to switch to a classroom course in the same field after the July 25 cut-off date?

A—No. A correspondence course is considered as a course within itself, and VA regulations state that once a veteran completes such a course after the cut-off date, he may not start another. You could, however, take more advanced training would be a normal progression toward your educational goal.

#### Defense is Your Job

Defense is Everybody's Job! Help do that job better, by buying U. S. Defense Bonds where you work or where you bank. Your bond-dollars mean a more secure America and a more secure future—for you.

Taxes on Texas farm and ranch real estate increased in 1950 for the fourth straight year. The average increase for the state was four per cent.

### Board of Equalization Notice of Meeting

THE COMMISSIONERS COURT OF PARMER COUNTY, TEXAS, will convene as a Board of Equalization at the Courthouse in Farwell, Texas, on the 25 day of June 1951, at 2:00 o'clock, P. M. All persons who are interested are invited to be present at this meeting of the Commissioners Court as a Board of Equalization.

(Signed)  
A. D. Smith  
A. D. Smith, County Judge

### First Baseball Practice Slated For Saturday

Amateur baseball will get into full swing Saturday afternoon, when members of the local team meet for their first practice session. Workout is slated for 4:30 at the old baseball field, Wilfred Quickel, manager of the team, says.

The manager urges everyone who wishes to play, to be present on Saturday. The team will not be included in the league because of shortage of players.

**REUNITED FAMILY . . .** Gen. Matthew B. Ridgway was reunited with his family recently when his wife and small son, Matty, arrived in Tokyo. It was a big day all around for the general, new supreme commander of allied forces in the far east. President Truman nominated him for his fourth star, making him a full general, subject to senate approval. The general and his family were reunited at the airport in Tokyo on the big day.

### LOW LABOR TURNOVER

Only 10.9 per cent of the workers in the petroleum refining industry—approximately one in ten—left their jobs during the one-year period November 1, 1949 to November 1, 1950. This was disclosed in a survey of labor turnover among plant workers which found the following rates for other businesses: industrial organic chemical companies, 15.3 per cent turnover; chemical and allied products industry, 19.2 per cent; and all manufacturing 41.6 per cent.

### Dollars By Security

Dollars are strength. Strength is needed to defend America. Put some of your dollars into the mobilization effort by buying U. S. Defense Bonds. They mean security for you and for your country.

### The Ideal Way to Save

Millions of people have sung the praises of the U. S. Savings Bonds as the ideal way to save. Make it your theme song too—buy Bonds today. Remember that they are now Defense Bonds and will be for the duration of the national emergency.

### SHORTEST PRODUCTS LINE?

What may have been the country's shortest oil products pipe line was placed in emergency operation for six weeks recently when barge locks across the Mississippi River near Joliet Ill., had to be repaired. The 3,200-foot line supplied thousands of fuel oil users in Chicago. Working 'round-the-clock, it handled an estimated two million barrels. Ten oil companies formed an emergency pipe line company to engineer the project.

Farwell, Texas

### Phone Increase of 27 Listed Here

Entries in the June 1951 telephone directory for Texico-Farwell show an increase of 10 telephones in Texico and of 17 in Farwell over the December 1950 directory, making an overall increase of 27 for the six-month period.

Total number of phones in Texico-Farwell is 274—86 in Texico and 188 in Farwell. In December of last year, Texico boasted 76 telephones, Farwell had 171 and 247 were listed for both towns.

Occasional brushing inside and out helps keep wool clothes in good condition.

### OIL PROTECTS FOOD

Various petroleum products have been found helpful in protecting food on its trip from grower to consumer. Thin films of paraffin wax are used to preserve fruit, vegetables and eggs by sealing in their moisture. A petroleum-impregnated wrapper is widely used on fruit, keeping it fresh for several weeks. Even after storage in uncooled rooms, the fruit retains most of its moisture content. Unwrapped fruit loses at least 25 per cent in the same period.

It's father who is put on the pan if he doesn't bring in the bacon.

**PLAX**  
Famous Finish For ALL Enameling!

Renews old furniture, woodwork, cabinets, walls—dozens of things around your home with magic ease! Economical, too!

Extra TOUGH—and extra beautiful, too! One coat covers! Wears like iron! Easy to clean!

Brighten your home with sparkling, long-wearing Lowe Brothers Plax! Get famous Plax now—use it for finest home decoration and protection!

Enough for a table and four chairs!

Mountains of Cans in Dump Ground

CLEANING THE DUMP GROUNDS...R. D. Hensley hangs on as he pilots a bulldozer from Farwell Schools into a mountain of tin cans and debris. The machine was hired by the City of Farwell to put the grounds in order. Last week everybody was pleased with the way the work was going...at least until Friday. On Friday the bulldozer virtually disappeared into a concealed hole in the ground, stopping work.

County Agent Jones Endorses Report On Insect Control

County Agent Joe Jones states that Harry Harvey, Extension Service Entomologist has released the following report on the 1951 Cotton insect control program.

With the urgent need for high yields and a 16,000,000 bale cotton crop this year, producers can't afford to not follow a strict insect control program. Growers can not depend on last winter's cold weather to kill the insects this summer. In other parts of the state where the temperature dropped very low for long periods of time, damaging infestations of thrips, aphids, and boll worms are already showing up.

Alfalfa fields, in this area, which are excellent hosts for several cotton insects reveal flea hoppers, lygus bugs and thrips. It has been proven that when alfalfa hay is cut that in 24 hours all the thrips have left the alfalfa. Since thrips can't fly, they will migrate to the nearest green vegetation they can find. Therefore, if cotton fields are near there is danger of getting thrip damage.

Beginning very early, growers should watch for thrips. Their damage can be noted by the silvery appearance on the underside of the leaves. Thrips are slender straw-colored bugs about one sixteenth of an inch long. Wherever silverying of the leaves occurs generally through the field it is time to start poisoning.

It is highly recommended that growers follow an early season control program based on automatic treatments which may be done at time of cultivation thus eliminating some of the expense. It must be remembered that insects are easier killed early in the season and that it takes less insecticide.

In areas where fleahoppers usually occur in some degree every year, the first application should be put on the eight leaf stage or earlier if necessary depending on the thrips and aphids. It is about this time that the squares first being to form and this is a critical time for the fleahopper. If the first application is put on in the eight leaf stage then seven days

later a second application should follow. After these two applications, the early season automatic treatments should stop to allow time for the beneficial insects to build up. Seven days later the cotton should be inspected and continued to be inspected once a week for fleahoppers. If fifteen fleahoppers are found per one hundred terminal buds it is time to put on another application. By using the two early applications the fleahopper should be knocked out; however, constant watch should be maintained, for the fleahopper is a migratory insect and can move in at any time.

All growers should obtain "The Guide For Controlling Cotton Insects" from their County Agent. This guide has a lot of valuable information including a table listing all the dusts and sprays that will control the early and late season insects. There are several insecticides listed and they are all good. Use the one that you prefer on whichever is available at the best price.

Whether sprays or dusts are used, it is important to remember that the poison must cover the plants to kill insects. When the plants put on new growth, or the poison is washed off the plants are no longer protected. Insects are indeed a major threat to economical cotton production, but they can be profitably controlled if growers will use the right poison at the right time. With the chance for a good price and the urgent need for cotton, growers more than ever should include in their plans for this year's crop, a good insect control program.

Six Weeks of Mumps But Hubby is Well

Perry Crawley of Texico will consider himself lucky if he gets through Father's Day without a siege of the mumps. It seems that this particular type of illness is quite prevalent at his house.

It began six weeks ago just before school was out when daughter, Charlotte, got the mumps. Since then, each of the five children has had the pesky ailment, one by one, including Wayne, Mike, Betty and now Donna.

"We don't have much company any more," Mrs. Crawley quips, "only those who have had the mumps."

New Pump Ordered For Texico Water

A new pressure pump designed to raise the water pressure for Texico has been ordered and will probably be installed by June 15, according to V. C. Venable, water superintendent of Texico-Farwell Water Company.

The Allis-Chalmers pump is capable of delivering 1800 gallons per hour, and will be used to force water directly into the mains to raise pressure for Texico.

"We've got to get some pressure for those people of Texico," commented Venable as he explained the set-up that will be used in an attempt to improve service. "Pressure is maintained at 50 pounds here at the tank in Farwell, but by the time it gets to the west side of Texico, it often has gone down to 25 pounds. That means that when several hydrants are turned on at once, there is very little pressure left."

The pump already has been shipped, and plans call for its installation as soon as possible in order that it may be used for the heavy summer consumption that is expected. The pump will be placed at the top of the 208,000-gallon Santa Fe storage tank directly across the tracks.

It will be entirely automatic, "kicking in" when pressure drops off, and shutting itself off when pressure is returned to normal.

ERECTING BUSINESS BUILDING

A 30 by 80 brick business building is being erected by Felix Monroe in downtown Farwell. The building, which will be a one-story structure of grey pumice brick, is located immediately north of the present Monroe holdings on Third street.

The contractor, who is just getting started with the work, was unable to say what the building will be used for. "Either apartment's or a business rental house," he said.

Deadline is June 15 For Summer Fallow Wheat Applications

June 15 has been set by the USDA as deadline on acreage which will be summer fallowed this year, according to Joe Camp, secretary of the Farmer PMA.

Payment for summer fallowing this year is 60 cents per acre, he says, and this land is to be worked as often as is necessary to control weeds during the summer.

After applications for the practice are filed, prior approval will be given to the farmer, and he will later return a form showing that the required practices have been carried out.

Asked about how heavy applications had been this year, Camp replied, "We're not going to have much summer fallowing this year, we don't imagine."

Commissioners Court Has Meeting Monday

At regular Commissioner's Court meeting Monday, bills and warrants were approved and group members decided that the Court would convene on a Board of Tax Equalization on June 26 at 2 o'clock in the afternoon in the County Courtroom.

The court also decided to agree to and accept the conditions of the State Highway Department Minute No. 30329 for construction of approximately 9 miles of Farm-to-market road in Parmer County extending from State Highway 86 at Bovina, then south to F. M. Highway 690 at Oklahoma Lane. Parmer County will furnish the right-of-way for same free of cost to State Highway Department.

SCHOOL BONDS SOLD School bonds for the new Farwell school have been sold to Southwest Co. of San Antonio, Jack Williams, superintendent, says. Six bids were received.

**AND DON'T FORGET DEAR OLD DAD**

As you probably remember, Father's Day comes this Sunday, so don't forget the family breadwinner this year. We have jewelry, toiletries, and other items that are sure to please him.

**ROSE DRUG & GIFT SHOP**  
Farwell, Texas.

Cpl. George McLean Extends Enlistment

Corporal George W. McLean, a member of a First Constabulary Brigade Artillery Battalion, recently extended his Army enlistment for a one year period.

McLean, who has eight years Army service, served in the Pacific during the last war and holds the American Defense, Asiatic-Pacific, Philippine Liberation and German Occupation medals. He is currently serving as a field lineman for communications section.

McLean is a graduate of Bovina High School, Bovina, Texas, and later attended West Texas State Teachers College. He is the son of Mr. John W. McLean of Bovina.

Bovina Methodist Bible School Begins

Bible school at the Bovina Methodist church begins Wednesday, Rev. I. T. Huckabee announces.

Sessions are slated from 4 to 6 o'clock in the afternoon for the primary group; and from 8 to 10 o'clock in the evening for intermediates. The school will continue for 10 days.

Hoppers—

(Continued from page 1) is sunning it out down at Hot Springs. His words of wisdom follow: This finds us in Truth or Consequences, N. M., where we expect to spend the next three weeks. Our Better Half will be taking the baths and I intend to just lounge around and rest; probably just a little.

Officially, this town is now called Truth or Consequences, but to me it is still Hot Springs, with emphasis on the hot. Looking over the temperature readings of New Mexico yesterday (Saturday) I discovered that the mercury reached 91 degrees here on that day, being the hottest place in the entire state except Carlsbad, which topped the local reading by one degree.

Still on the subject of temperatures, we broke our journey en route down here and spent Friday night at Ruidoso, high up in the Capitan Mountains and slept under heavy covers that night as the mercury dropped to an even 40 degrees.

We had a nice double cabin at Ruidoso—and paid a nice price—\$10 for a night's lodging! Here we have quarters in a nice air-conditioned apartment and are very comfortable.

Haven't been around much, but what reports we have been able to gather indicate business is some-

what slow for the tourist court owners and bath house operators. One court operator told me when adverse conditions hit the Texas Panhandle it always affects their business.

From what I have been able to gather, local speculation is that Elephant Butte Lake is actually expected to be dry before the present summer is over.

The Hot Springs Herald says an influx of state and federal biologists are expected here soon to study the situation and see what can be done to save the enormous fish population of the lake in such an eventuality. At present the lake is 38 feet below the reading of this time last year, and 43 feet below that of two years ago.

Water to be used for irrigation is being taken from the lake at a rapid rate and the inflow is virtually nil, with the result that the lake level is decreasing daily.

Local residents say no rain has fallen since last summer and report that like conditions have prevailed along the watershed between here and the Colorado state line.

Too bad they couldn't have had that heavy rain that hit West Camp, Pleasant Hill and south of Bovina two weeks ago. Farmers in those communities would have been glad for it to have fallen elsewhere.

Completed in 1917 (I believe it was) Elephant Butte Lake has gone over the spillway only one time in 1941 when all the Southwest got an abnormal amount of rainfall. Farwell, if I remember correctly, recorded more than 48 inches that year.

An interesting observation I made this (Sunday) morning: Drove up town to get a daily paper. Appeared at a drug store door to be greeted with a sign reading, "Closed for the Day—Drug Store Across Street is Open."

Inquiry discovered that these two competitors made an agreement long ago that they would alternate their Sunday in remaining open.

What a sensible thing to do!

Want to get in touch with Cat Fish (Bill) Williams. He throws a big fish fry for all the celebrities that come to Hot Springs, his latest being for Ralph Edwards and his cast of the renowned Truth or Consequences radio show.

Feel confident when he learns that we are in town he will do like honor to us.

As a parting word, I might suggest that you advertisers double your space while we are away; it costs money to stay here and you're going to have to pay for it. Gabe won't finance such jaunts.

## Happenings at Friona

ABIE CRUME, correspondent. Phone contributions to 2791.

### Friona School District Residents To Vote On New Bond Issue To Replace High School

For the second time within a year, Friona school district voters will assemble to determine the fate of a proposed school bond building issue, when they cast their ballots on Saturday, June 23rd.

Just a year ago, the voters were definitely in favor of a big bond issue which would erect a new gymnasium and auditorium for the school, and now, faced with the loss of the high school building by fire some weeks ago, the residents will have a chance to decide on another bond proposal to replace the building.

Meeting in session on Tuesday night, the local school board, at the petition of residents of the area called the bond voting for June 23rd, with the issue involving a total of \$150,000, Supt. Caffey reported.

First off, Caffey pointed out that "approval of the issue will definitely not mean a hike in tax valuations or taxes", as he went on to explain that the district can be bonded to "70 per cent of our total valuation, and the current debt does not run that high.

In fact, the superintendent went on to remark, "the school officials had considered lowering the tax valuation—at \$1.50 per hundred since 1947—during the coming year but with the loss of the high school this idea had to be dropped, and we will continue at our present rate."

Insurance adjusters approved a 100 per cent loss on the building, at \$80,000 insured value, and this, with the bond issue, should pave the way toward erection of a modern new high school, Caffey said further.

Current plans for the school are to utilize the brick walls and foundation, left when the building was gutted by flames. The old gymnasium, at the south end of the build-

ing was unhurt by the fire except for the roof, it will be re-roofed and will continue in the capacity of a gymnasium for the use of physical education classes for the present time.

A complete fire-proof building is planned, and in addition to the size of the walls now on hand, the structure would be extended at the north end to provide a band room and agriculture department, going away with the two frame buildings now on the campus.

As to the question of when the building could be occupied, Caffey explained that the board favored the erection of a permanent building some 92x40 feet which would serve as a temporary high school and would later be converted into a new cafeteria for the school.

In fact, some \$20,000 of the bond issue will be set aside for this particular purpose, Caffey explained, and will be built with a new view of housing the cafeteria, equipped with the plumbing necessary for later installation of equipment. This building will be located near the old cafeteria and fairly close to the elementary school and when it can be vacated, the frame building now housing the cafeteria will be razed.

Technical advisors are of the opinion that the new bond issue, if approved, can be secured on a 25-year basis at 3 1/2 percent interest.

#### AT CONVENTION

Allan Romich, manager of the Friona Chamber of Commerce, returned Wednesday from San Antonio, where he had been attending a general convention of CC representatives. Romich and Tom McFarland, of Hereford, made the trip together.

### Three Vacancies Now On School Faculty

Ruefully admitting that he expected the usual rash of resignation "on August 15", Supt. Dalton Caffey reported the first of the week that the Friona school faculty at present has only three vacancies.

Currently, the school is minus the services of a band and music director, a second and third grade teacher, Caffey said, with the resignations of Glenn Cunningham, Mrs. Clara Pearson and Mrs. Mattie Davis, who had handled the three departments, respectively.

Caffey added that with a drop in enrollment in the first grade for the coming year, only two teachers will be needed for this group, compared to three which handled classes during the past year.

Otherwise enrollment is expected to continue about the same throughout the school.

### Bench Leveling Work Outlined by Group

Members of the Parmer County SCS office were busy on Monday of this week, conducting a survey on the Bainum-Blanton farm, near the Castro county line, preparatory to doing some bench leveling work.

Supervisor Bill Kennedy said that the project, if it proves practical, will take up some time for local technicians. Bench leveling for irrigation work has become extremely popular over this section during the past few months, and the Bainum-Blanton project will be one of the larger scale operations.

### Guests of Parents

Mrs. Martha Rutherford and boys, of Clayton, New Mexico have been here for a visit as guests in the home of her parents, Mr. and Mrs. Roy Slagle.

## Mrs. Biggers and Two Sons in Manila

"Now, this was When We Left"

After quite an eventful voyage broken by a good seige of seasickness, a case of the mumps, and a typhoon, Mrs. Howard Biggers and two sons, Tony and Gary, have arrived in the Philippines, where T-Sgt. Biggers is stationed. It had been over a year since Mrs. Biggers had seen her husband and the youngest child was only 11 months old then. He is now two.

According to the Friona woman's letter to her parents, Mr. and Mrs. A. W. Anthony, the reunion of the Biggers family was as wonderful as she had hoped.

Arriving on May 20 at 11:30, she spotted T-Sgt. Biggers on the dock, waving a corage at her.

Gary, the oldest child found Howard (T-Sgt. Biggers) and waved; but Tony couldn't tell who to wave at. It didn't take the father and son long to get acquainted.

Discussing the voyage, Mrs. Biggers explained in detail, that is, what she could remember. She was so ill part of the time, she knew little of what was happening.

Beginning their journey May 2, the Biggers group loaded at 2 o'clock at Fort Mason dock, and sailed at 4 o'clock. As they went under the Golden Gate bridge, an abandon ship drill was held.

In only two hours, Mrs. Biggers related, they hit rough water and three hours after sailing time, the Friona woman was deathly ill. For three days, she was given a sedative, then on May 8, she was recuperated enough to be up. Then on the eighth, they went to bed and woke up the 10th, having crossed the international date line.

That was another eventful day for the Biggers. Tony took the mumps; and the next day, Mrs. Biggers became ill again. At approximately 5 o'clock on that same day, the ship hit a typhoon.

No harm was done however and the ship landed in Yokahama, Japan, the 12th. For a change, the water was smooth and Mrs. Biggers stayed up all day.

A birthday party honored all children who had birthdays while on board ship. The cake had names of all the children written in icing and chocolate, strawberry or vanilla ice cream were served. Gary received a ball point pen.

Mrs. Biggers went ashore while at Yokahama, rode a rickshaw, bought souvenirs and saw the town, which she described as pretty, but very dirty. Sailing on the sixteenth, Mrs. Biggers was learning to withstand seasickness, but she was extremely ill again on the 18th.

Nearing their destination, everyone was packing and trying to catch sight of land on the 19th.

On the 20th, Mrs. Biggers stated: "We could see ships sitting everywhere that had been sunk. It made a lump in your throat to see it." After the ship docked, the immigration officer came aboard and cleared the passengers, and the husbands came aboard to escort the women off the boat.

Mrs. Biggers says that she and the children are very busy getting acquainted. She has a maid, and the Friona woman states "I'm spoiled already. All I have to do is cook." The most amazing thing according to Mrs. Biggers is that the woman polishes floors with a coconut hull, making them "slick as glass."

### Kindergarten Plan Considered Here

Mrs. W. H. Sheehan, of this city, has announced that she plans to open a local kindergarten class this coming fall, although plans at the present are not completely worked out.

Tentatively, Mrs. Sheehan said that she would take children of four and five years, and asks that all residents of this area who are interested contact her in the near future, in order that she may explain her plans. The kindergarten would operate about the same months of the year as the school, she added.

### New Bible Study is Started by WSCS

A new Bible study, "We Seek Him Together" was started on Tuesday afternoon by women of the Methodist church, when the regular meeting of the Women's Society for Christian Service was held at the church sanctuary.

Mrs. Thelma Ford is leader for the new Bible study, which promises to be very interesting, and all members of the group are urged to be on hand for the regular meeting in the future.

(More Friona on P 3, this section)

### Locals Visit Scene Of Tornado Havoc

Mr. and Mrs. E. R. Day, Sr., and Mrs. E. R. Day, Jr., were in White Deer the past weekend, visiting the scene of havoc caused by a tornado which ripped through the town shortly after eight o'clock on Wednesday evening.

The local people were called there by Day's sister, Mrs. L. P. Cantrell, who managed to get telephone word out to the Friona residents at one o'clock Thursday morning to the effect that the Cantrell family was injured, but that their home was destroyed.

On their return here Thursday afternoon, the Days recounted the almost unbelievable devastation wrought in White Deer, despite the fact that no one was seriously injured and none killed in the tornado.

"Telling of the tornado, Cantrell said that he was out in the yard of he family home when he noticed he cloud and called to his daughter, Frances, to run across the street and see if there is room for us in their cellar." Seconds later, he said, he realized that "we wouldn't have time to wait until she got back," so he called his wife and other daughter, Pauline, and the three rushed across the street, meeting Frances, and making a high dive into the neighbor's cellar.

The cellar door, Cantrell recalled, was not quite shut when the wind struck and the chain holding was "ripped loose in his hands. He grabbed for some cracks in the door and again attempted to pull it down, but the force of the gale snatched the door out of his hands and hurled it away. Despite flying debris, which covered the cellar, door none of the group inside even got a scratch."

Speaking of going through the remains of the house the next morning to salvage what was on hand, Mrs. Day told of the weird experience of finding Mrs. Cantrell's watch firmly lodged beneath the linoleum in the kitchen. The watch had been left on a chest of drawers in the bedroom. The Cantrell's furniture suffered some ill effects, although the kitchen equipment stayed calmly in place while all four walls went with the wind.

Cantrell's car, in the garage, was badly damaged by flying timbers, with the garage being almost completely demolished. The rent house in which the family was living was unroofed and a good portion of the walls blown to the ground and scattered wildly.

Cantrell and his family secured lodging in another house in a section of town untouched by the tornado, with the Days assisting them to find and move their belongings. Mrs. Day reported that although things were scattered and some household furnishings and dishes ruined, the Cantrells were more fortunate than many families whose homes were in the path of the wind.

### Joint Meeting

Joint meeting of the women of the Baptist Congregational and Methodist women is to be held in the Congregational Church Wednesday June 20th at 2:30 P.M. The program is in charge of the Methodist women, the music by the Baptists with the Congregational women as hosts.

### County Land Being Returned to Sod

Several farmers over the county have been returning Class 6 land to native grass during the past several weeks, according to Bill Kennedy, head of the Parmer County Soil Conservation office, in Friona.

"Although only one case has been noted in our files by an SCS cooperator," Kennedy said, "I know of a number of instances where land which has not proved practical for farming is being returned to sod, and we are glad to see such a practice."

Farmers have been using county drills to re-seed the land, listed as Class 6 because of its tendency to erosion, with native grass and some of the more popular imported grasses being used, Kennedy added.

### Fosters Leave Sunday For Lions Meeting

Mr. and Mrs. Wesley Foster left the first of this week on the first leg of their trip to Atlantic City, N. J., where they will attend the Lions International Convention, to be held later this month.

The local people, delegates from the Friona Lions Club, are making the trip in a chartered bus with other representatives from the area, and will visit other notable cities on their tour, including New York and Washington, D. C.

They will return to Lubbock on Tuesday, July 3rd. Mrs. John Gaede and Miss Ray Nell Foster are assisting in the Foster Dry Goods store during the absence of the proprietor and wife.

### Officers Installed

The officers of the Ladies Aid of the Congregational Church were installed at the regular meeting of the Aid on June 6th with the pastor as installing officer. He was assisted by Phillis Treider, Sandra Heaton, Karen Renner, Karen Treider, Joyce O'Rear, Gladys and Linda Dean as candle lighters.

Mrs. Pearl Kinsey the incoming president named her committees as follows: Program, Mrs. George E. Meyer, chairman, Mrs. F. T. Reeve, Mrs. G. L. Cranfill and Mrs. Floyd T. Schlenker; Finance, Chairman Mrs. O. F. Lange, Mesdames C. C. Maurer, Buell Sanders, L. F. Lillard and Lillie Taylor;

Planning Committee, Chairman, Mrs. Hazel Weir, Mesdames Louise Wilson, Fred G. Helmke, and George Treider; Social Committee, Chairman Mrs. J. C. Wilkison; Mesdames Chas. Wise, Fred White, and Glenn Reeve; Flower, Mrs. Charles A. Holmgren, Chmn., Mrs. Chas. Bainum and Mrs. Otho Whitefield, Mrs. E. R. Bowers was named "Rainy Day" Chairman.

## Miss June Gay Looney Marries Leonard Hanna

At high noon on June 10th at the First Baptist Church of Bovina Miss June Gay Looney, daughter of Mr. and Mrs. Reagan Looney of Bovina became the bride of Sgt. Leonard Lynn Hanna, son of Mr. and Mrs. W. C. Hanna of Farwell. Rev. M. D. Durham pastor officiated at the double ring ceremony.

Mrs. John Wilson was at the piano playing the traditional wedding marches and accompanied Billy Ray Derrick as he sang "Oh Perfect Love."

The altar was beautifully decorated with white and pink gladiolas entwined with greenery and tied with white satin bows.

The bride, who was given in marriage by her father, was lovely in a white pique street length dress with white accessories. She carried a bouquet of pink carnations and red rose buds and carried out the traditional something old, something new, something borrowed and something blue.

The something old was her mother's wedding ring, something borrowed was a ring belonging to her aunt, Mrs. Alma Vassey, and something blue were dainty blue lace garters. Her dress completed the something new.

Maid of honor was Peggy Sue Starr of Lefors, Texas. She wore a dress of pink salina cloth with pink lace and pink and white accessories and a corsage of white carnations.

Serving as best man was D. C. Looney, brother of the bride. Ushers were Howard Looney, brother of the bride, and Bobby Englant.

Following the ceremony a dinner honoring the couple was held in the beautiful country home of the bride. Attending was the bridal party and out-of-town guests.

Out-of-town guests were Mr. and Mrs. Cage Crain and Douglas of Odell, Texas, Buddy Polson of Skellytown, Texas and Mrs. Alma Vassey of Vernon, Texas.

Following the dinner the newly weds left for a short honeymoon. They will be at home in Gatesville where the groom is stationed at Camp Hood.

Sunday was also the grooms birthday and his bride surprised him with a beautiful birthday cake at the dinner following the ceremony.

## Has Surprise Party

Mrs. Florence Montgomery was honored last Tuesday evening with a surprise birthday party in her home. The evening was spent playing '42. Mrs. Montgomery was the recipient of many lovely gifts. Refreshments of birthday cake and pop were served to the following: Mr. and Mrs. B. L. Hillock and family, Mr. and Mrs. Olin Hardy and boys, Mr. and Mrs. Clovis Ratliff and Paul, Mr. and Mrs. Henry Minter and Billy, Mr. and Mrs. Drager and children, Mr. Floyd Montgomery and the honoree.

## Return to California

Harve Alverson, Jane Alverson and Mrs. Billy Bob Alverson visited in Childress, Texas with relatives last week. Mr. and Mrs. Alverson are to leave Wednesday to return to California where Mr. Alverson is stationed with the navy. They have enjoyed a 30 day leave visiting relatives.

## Bole's Singers Visit Church of Christ

The Royal singers of Bole's Orphan Home in Quinlin, a group of 35 youngsters, will sing at the Bovina Church of Christ Saturday night at 8:30 announces Rev. Durwood Lee, minister.

Rev. Lee in making the announcement, commented that the singers were well known in music, and invited the public out to hear the performance. No collection will be taken during the evening, he said.

The appearance at the Church of Christ will be the only performance in Bovina.

## Lt. Brock to Marry

Word has been received here of the approaching marriage of Lt. Ted Brock son of Mr. and Mrs. Aubrey Brock. He will marry Miss Winnifred Ethel Horton daughter of Mr. and Mrs. Marvin Allen Horton of Roswell, New Mexico. The wedding will be an event of June 16th at 4 o'clock at the First Methodist Church in Roswell, New Mexico. A reception will be held following the ceremony at the Horton's country home. Lt. Brock will be stationed at Camp Polk, Louisiana and the couple will make their home there.

## LEAVE FOR ENCAMPMENT

The Boy Scouts left last Monday for a weeks encampment in the Sacramento Mountains at the Scout camp. The camp is located out from Artesia, New Mexico. The boys returned Saturday afternoon about 3:30 p.m. Mr. and Mrs. R. E. Everett accompanied the boys as scout master and sponsor. Mr. Everett reported that they all had a wonderful time. He said, "The boys left a lot of energy up in the mountains, so did I."

## LIGHTNING STRIKES HOME

Lightning struck the home of Mr. and Mrs. Leroy Berggren last Tuesday evening. The furnace wires were burned and a motor was burned out. Their son Scott was just entering the house carrying a cream can as the lightning struck. It knocked the can from his hands and blistered his hands. It was a little closer than Scott cared for and he doesn't want to be around when lightning strikes again.

## MRS. ELLISON IMPROVED

Mrs. June Ellison was able to be in town on Saturday for the first time in a year. She was badly burned over a year ago and has been hospitalized until recently. She said she was very happy to be home and it was wonderful to be able to sit in town and visit again with her many friends here. Everyone is glad she is home again and we just hope she will continue to improve.

## VISIT PFC. HOFFER

Mrs. Fred Hoffer, Mrs. Auba Ellison and daughter Sue Hoffer and her sister Mrs. Benny Purnell have gone to California to visit Pfc. Fred Hoffer who is serving with the Marines. Mrs. Hoffer said he had been assigned to the ship Essex but doesn't know yet when he will leave. They are hoping to be able to visit with him several days before he leaves.

## ON WAY TO SEATTLE

C. E. Trimble who is in the air force is here visiting with Mr. and Mrs. George Trimble and other friends and relatives. He has been stationed at Shepperd Field at Wichita Falls but is on his way to Seattle, Washington to attend an air force school.

## Miss Thompson to Wed

Mr. and Mrs. Lee Thompson of Bovina announce the engagement and approaching marriage of their daughter Lonetta, to Willie Denney, son of Mr. and Mrs. J. C. Denney also of Bovina. The wedding will take place on June 24th in Ft. Worth Texas where Mr. Denney is employed and where they will make their home.

## IN STEELMAN HOME

Mr. and Mrs. Erwin Bryant and children of Amarillo and Mr. and Mrs. Dick Glover were guests in the home of Mr. and Mrs. Amos Steelman Sunday. Kenny and Tedon Bryant remained here for a week to visit with Mr. and Mrs. Amos Steelman and children and Mr. and Mrs. Earnest Englant and Bobby.

Mr. and Mrs. E. M. Ware and family spent the weekend in Mobeetie, Texas visiting with his mother.

Mr. and Mrs. J. T. Hamonds and daughter have been in Brownsville visiting with Mrs. Hammonds' parents.

Visitors in the J. W. Bell home this past week was their son Mr. and Mrs. Forest Bell of Monroe, Louisiana.

Mr. and Mrs. Ross and children from Nebraska stopped in Bovina for a short visit with the Charlie Jeffersons this past week. Mrs. Ross is the former Weda Mae Danner.

Miss Ella Bradshaw was home over the weekend from Wayland College at Plainview. She came especially to attend the wedding of Miss June Gay Looney.

Mr. and Mrs. Marion Hillock and children visited in the home of B. L. Hillock on Sunday.

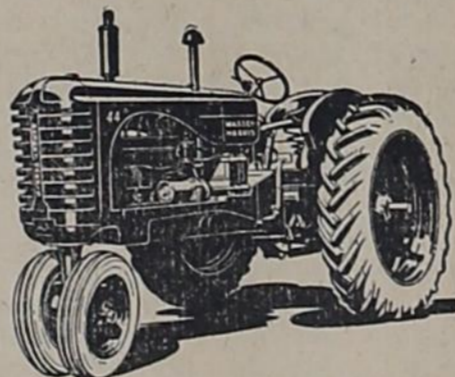

Johnny Pounds, son of Mr. and Mrs. F. S. Pounds is in Bovina convalescing. He underwent an appendectomy last Tuesday.

Mr. and Mrs. W. O. Cherry and family spent the weekend visiting with their daughter and family Mr. and Mrs. D. C. Looney and Craton. The Cherrys are from Lorenzo, Tex.

## BOVINA BAPTIST CHURCH NEWS

Rev. M. D. Durham, pastor

- SUNDAY SCHOOL... 9:45 A. M.
- TRAINING UNION... 7:00 P. M.
- MORNING WORSHIP... 10:50 A. M.
- EVENING WORSHIP... 8:00 P. M.
- PRAYER MEET WED... 7:30 P. M.

The youth rally was held last Tuesday night with a good number present. Games were played in the hour of fellowship with the inspirational meeting following the fellowship hour. The group was much concerned for the youth revival. The meeting was closed with a prayer meeting for the Revival.

Everyone is invited to the Revival. Rev. Eugene Hawkins, a native of Bovina is the preacher, and Brother Hallman from Plainview is directing the music. You will receive a blessing from being in these services. -Date June 13-17.

Last Sunday's attendance record was Sunday School-121-Morning Worship 197-Training Union-58 Evening Worship 76.

The Intermediates and juniors are making their plans to attend the encampment at the Plains Baptist Assembly at Floydada, Texas which will be held July 9th to July 20th. The encampment fee is a small amount and all boys and girls that can go are urged to go.

The Southern Baptist Convention will meet June 20-24 in San Francisco, Calif. The pastor will leave Sunday afternoon June 17 for this meeting.

A cordial welcome awaits you at the Bovina Baptist Church.

Miss Sue Moody was on the sick list last week.

Mrs. Al Kerby and Paula and sisters and their families visited with their mother Mrs. Walter Potts in Bellview, New Mexico on Friday.

There was quite a bit of wheat that was hauled out and some beaten to the ground by the heavy rain and hail last week. We surely hate to see anyone lose their wheat, especially this late in the year.

Mrs. Alma Massey is here visiting friends from Vernon, Texas. She came to attend the wedding on Sunday of Miss June Gay Looney.

Thomas Rhodes was home with his parents over the weekend from Shepperd Field.

Cora Mae and T. G. Hudson were visiting friends last weekend and attending Pioneer Day.

Mr. and Mrs. Billie Parker visited in Bovina last week. They were on their way to Lamesa, Texas where they will make their home. Mr.

Parker accepted a position in that city as manager of a shoe store.

Virgil Fritsch is home after receiving medical treatment.

Mr. and Mrs. A. M. Wilson visited in Hobbs last week.

Mr. and Mrs. Earl Richards and family have been visiting in Abilene, Texas. Their children remained in Abilene to visit several days with relatives.

J. R. Ellison, son of Mr. and Mrs. Aubra Ellison is home for the summer. He has been attending college at New Mexico Military Institute at Roswell, New Mexico.

Sherry Draper of Farmington, New Mexico is visiting this week with Norma Lee Loflin.

Mr. and Mrs. Oscar Venable are visiting in Amarillo in the home of their son and family the C. C. Venables.

Guests in the Penny Anderson home last week were Mrs. Anderson's grandmother Mrs. J. B. Cox of Hollis, Oklahoma and her aunt Mrs. C. E. Brackeen and daughter Diane of Oklahoma City.

Mr. and Mrs. J. A. Loflin and family spent Sunday in Amarillo visiting with Mr. and Mrs. Mansel McNew and baby and Mr. and Mrs. P. V. Curry and baby. Mrs. Curry is the former Alice McNew and she, and her brother formerly lived in Bovina.

Mr. and Mrs. Jim Miller of Muleshoe visited in Bovina Thursday.

Rev. and Mrs. I. T. Huckabee were in White Deer Thursday to visit friends and to see the damage done by the recent tornado. The Huckabee's had moved to Bovina from White Deer just a week before the twister hit.

Mr. and Mrs. Charles Jefferson and family have been visiting them. Mr. and Mrs. A. F. Randall of Albuquerque and their son and his wife Rev. and Mrs. Frank Randall of Austin, Texas.

Troy Armstrong has returned

home. He brought his son with him to visit for a while.

Orval Dean Jones who is with the army at Camp Carson, Colorado is here visiting with George McKinney.

Word has been received here that Lt. Bass Elliott is now in Korea with 2nd Army Division. He expected to be sent to the front anytime.

Jewel Bolin is here visiting with her parents, the Will Parkers. She makes her home in Merced, California.

Mr. and Mrs. Dick Glover report that their son Jim of Amarillo is improving. He has been able to return home from the hospital but is still not feeling too well and will have to take it easy for a couple of months.

Mrs. A. J. Jerrell is in the hospital in Clovis receiving medical attention.

Mr. and Mrs. Edwin Ditto and family of Eugene, Oregon visited in the Osborn Loflin home last week.

Mr. and Mrs. Al Kerby and Paula spent Sunday with her sister and family in Grier, New Mexico.

## Over Hundred Are Enrolled on Friday For Bible School

A total of 115 youngsters, with ages varying from four to sixteen, were enrolled in the various departments of the Vacation Bible School of the Friona Baptist Church, when registration day was held on Friday afternoon.

Classes began on Monday of this week and will continue in the afternoon through Friday, with a special program to be held at the church on Friday night as the youngsters observe commencement and display their handwork arts learned during the school program begins at 8:30.

Mrs. Wilnot Crow is serving as general superintendent of the school, with Mrs. Roy Miller as pianist and Miss Mary Lou Miller as song leader. Mrs. Johnny Marrs is secretary, and Mrs. Bill Sheehan is in charge of refreshments.

Heading the intermediate department is Mrs. Milburn Bennett, assisted by Mrs. George Brock, Mrs. Sloan Osborn, Mrs. Bruce Parr and Mrs. Johnny Nazworth. Rev. Russell Pogue will be on hand for boys' work, also.

Mrs. H. T. Magness is superintendent of the junior department, and workers with this group include Mrs. James Tarpley, Mrs. Calvin Talley, Mrs. E. E. Kuykendall, Mrs. Roy Clements and Miss Pearl Marie Palmateer.

The primary work is directed by Mrs. Ralph Smith, with Mrs. Clyde Sherrieb, Mrs. Joe Talley, Mrs. Laverne White, Mrs. E. E. Sheek and Miss Ruth Lloyd assisting.

In the beginner department, Mrs. C. B. Buske is in charge, with her helpers including Mrs. Ralph Miller, Mrs. Bill Sheehan, Miss Joyce Ann Miller, Mrs. Lee Renner, Miss Marv Joyce Renner, Mrs. Ralph Taylor and Mrs. Earl Drake.

A nursery is being handled for children of the church school workers, with Mrs. Pogue in charge, assisted by Mrs. Mae Short, Mrs. Elmer Euler, Mrs. Bob Coker, Miss Nancy Messenger and Miss Katherine Brand.

### Guests in Smith Home

Mr. and Mrs. C. C. Battles, of Batesville, Arkansas, spent the past week visiting in Friona in the home of Mr. and Mrs. W. A. Smith. Mrs.

Battles is a sister of Mr. Smith. The visitors departed for their home on Monday morning.

Also guests in the Smith home during the weekend were their son and his wife, Mr. and Mrs. James N. Smith, of Portales. Smith is attending summer sessions at Eastern New Mexico University.

Miss Pamela Sue Roden, of Littlefield, has been visiting for the past several days in the home of her aunt, Mrs. Gilbert Boatman, in Friona.

### Mrs. James Tarpley Is Shower Honoree

Mrs. James Tarpley was honored with a household goods shower the past Tuesday afternoon. Mrs. T. E. Lovett, Mrs. J. A. Wimberley and Mrs. A. W. Anthony, Sr. acted as hostesses in the Anthony home.

The Tarpley family recently lost most of their furniture and other household goods when a fire gutted their farm home while the family was out of town on a weekend outing.

At the conclusion of a social hour, the hostesses served refreshments to mesdames James Tarpley, George Messenger, Clayton Taylor, Marvis Southward, Joe Beatty, E. E. Taylor, Don Taylor, Joe Moyer, Ross Terry, Bernice Moyer Dennis Roberads, J. F. Miller, C. A. Paul, J. K. Anthony, Ethel Anthony, and Estis Bass; and Miss Patsy Anthony.

Regrets were received from Mrs. Phyllis and Mrs. M. R. Lewis.

## "The Church" Theme of Methodist School

Classes in the annual Vacation Bible school at the Methodist Church get underway on Monday morning of this week, with "The Church" being announced the theme of the week-long school.

Mrs. James E. Tidwell, general director of the school, said that the junior group would devote much time to studying the whys and wherefores of the Methodist Church, while the primary group will deal with churches in general, and handicraft work for both groups will be conducted along this line.

Some fifty children showed up for registration on Saturday afternoon at the church, with another twenty-five being listed for the school on Sunday morning. Attendance is expected to run over 100 during the week.

Classes are being held each morning from 9 to 11 o'clock, through Saturday, and next Sunday night, June 17th a special program will be held at the churches as the culmination of the school.

Youngsters from the various departments will be presented in song, after which the class rooms will be open to public viewing of handwork done during the week. The Sunday evening program will begin at 7:30 a little earlier than the regular church hour.

### Brotherhood Meeting Held on Tuesday

Members of the Brotherhood of the Friona Church held their regular meeting at the church on Tuesday evening of this week.

Other than business matters, the men devoted their time to preparing a sign which will be erected at the edge of town, directing people to the church, and then spent the remainder of the evening cleaning up the new light fixtures soon to be installed in the church building now under construction.

## Gin Equipment Will Arrive This Week

Equipment for Friona's new—and only—cotton gin is slated to be "on the ground" some time this week, G. B. Buske announced on Monday, with the workers making the trip to Oklahoma to pick up the material during the weekend.

Foundation for the new building was laid recently and the scales were installed during the past week, Buske reported. Machinery, insofar as possible will be installed before the building itself is erected, to facilitate handling the heavy gear, he added.

Present plans call for the gin to be ready for operation by August 1, with the building to be erected in the near future. Under the name of the North Plains Gin Company, the new business will be managed by Wright Williams.

Friona was formerly served by a gin owned by Bert Chitwood, but his gin burned to the ground on Christmas night, a year ago, and the territory has been without the services of a local gin since that time. With restrictions lifted on cotton planting this year, it is expected that a good amount of cotton will be produced in this area.

### THREE BABIES BORN

Three new arrivals were listed at Parmer County Community hospital over the weekend, two boys and a girl.

A baby boy was born to Mrs. Joe Chomache on Sunday; the Arlen Dilgers were parents of a 8 lb. 7 oz. girl, Brenda Nell, on Monday; and an 8 lb. 3 oz. son born to Mr. and Mrs. Earnest Osborn on Monday. The Osborn child was named Joel Craig.

### SUFFERS STROKE

J. A. Wimberley, pioneer resident of this area, suffered a heart attack and slight stroke on Friday night of the past week, and is confined to the bed Parmer County Community Hospital for medical attention. Wimberley, 70 years of age and an active farmer, was reported to be recuperating the first of this week.

### Class is Named

Philatheia is to be the name of the adult women's class of the Congregational Sunday School according to action taken by the class June 10th. The object of the class remains the same, namely the Boosting of the church in every way possible.

The class is growing by leaps and bounds and has all but outgrown its present quarters. It extends a cordial invitation to all ladies interested. The teacher is the Rev. Mrs. George E. Meyer. The class meets at the regular Sunday School hour which is 10 A.M. each Sunday.

Mrs. Lee Renner and son, Dickie Lee, were in Amarillo on Saturday, where the youngster received medical attention.

### Children's Day Held

Children's Day at the Congregational Church observed June 10th was a big day in every way. The attendance at both the Sunday school and the morning worship hour was near record. The Sunday School orchestra made its initial appearance with the following playing: Glenn Evan Reeve, Dudley Bainum, Sue Cranfill, Phyllis Treider and Don Reeve with Mrs. G. L. Cranfill at the piano. Mrs. C. C. Maurer is in charge of the orchestra. She was assisted by Mrs. F. T. Reeve and Mrs. G. L. Cranfill. The choir with Edd Url Luttrell as soloist presented an anthem and Mrs. Luttrell sang a solo. Dudley Bainum and Glenn Evan played an instrumental duet. The sermon subject of the pastor was: "A little Child Shall Lead." The church was beautifully decorated by hundreds of cut flowers.

### To Start Series

The pastor of the Congregational Church, the Rev. George E. Meyer, announces that the series of sermons on "The Lord's Prayer as the Creed of Creeds" will climax with the sermon of June 17th which is entitled "Thine is the Power."

The Rev. Mr. Meyer announces that the series will be concluded with the sermon of the 24th, the title of which is "The Creed of Creeds." Special music is to be given by the choir of the church which is under the direction of Mrs. F. T. Reeve with Mrs. Carl C. Maurer as pianist.

Opportunity for baptism of children will be given as a part of the service of July 1st, which is also the date for the next regular reception of members according to Mr. Meyer who invites anyone interested in either to speak to him.

### Home From Reunion

Mr. and Mrs. G. B. Buske and family returned the first of last week from Waco, where they had attended a reunion of members of family of Buske's parents. Buske reported that he visited the home where his mother was born, and also saw the old house formerly occupied by his grandfather. Some eighty members of the family were present for a big dinner enjoyed on Sunday.

### Is Leader

Phyllis Treider was leader of the meeting of June 10 of the Pilgrim Fellowship of the Congregational Church. Her subject was: "I'd Rather Be Right." The leader for the meeting of June 17th is to be Dudley Bainum. The P.E. meets each Sunday evening at 7 P.M. The pastor is the adult advisor.

### Visiting Parents

Mrs. Una Gibbons, of Denver, Colorado, is here for a visit in the home of her parents, Mr. and Mrs. Giles Cobb.

### Visiting in Waco

Miss Jacquelyn Magness, daughter of Mr. and Mrs. H. T. Magness, has gone to Waco, where she will spend several weeks visiting with relatives.

### To New York

Mrs. Bill Kennedy and daughter, Caroline, have gone to Great Neck, New York where they will spend the major part of the summer visiting in the home of Mrs. Kennedy's parents. They made the trip by car, accompanying friends from Hereford who are spending the summer in Maine.

### Attend Meeting

Rev. and Mrs. Russell Pogue were in Hereford Monday evening, attending an inspirational meeting for workers of the Tierra Blanca Baptist Association. The session was held in Hereford's First Church and was well attended.

### Return Home

Mrs. John Bradley and Joy have returned from a trip to Georgia, where they visited with Dallas Earl Coldiron, serving in the Army. Coldiron is expecting to be moved in the near future, it is reported.

### Visit in Alpine

Mr. and Mrs. Bill Hannold and daughter left the past week for Alpine, Texas, where they will spend several days visiting with friends and relatives.

"King Ferdinand and the Tailor's Daughter"\*\*\*Read the fascinating story of Elsie Hensler, the tailor's daughter who became a great opera singer and married a king! Learn how she provided in her will for 100 poor American singers who are to be chosen in 1955. ## Students Arrive Home From Various Colleges

Students began arriving home from various colleges last week, to spend the summer vacation, or visit for a short time before returning to school.

Don Ford, son of Mr. and Mrs. Ray Ford of Petersburg, has returned to Farwell from Texas Christian university in Ft. Worth; and Toby Booth son of Mr. and Mrs. Earl Booth, is home from West Texas State in Canyon. From Texas Tech are Ernest Lokey, son of Mr. and Mrs. E. F. Lokey; and Jim Bob Roop, son of Mr. and Mrs. E. M. Roop.

Several students are home from Eastern New Mexico university in Portales including: Mary Ruth and Hazel Petree, Joan Williams, Lona Mae Jones, and Peggy and George Hill. Warlick Thomas of ACC and his mother, Mrs. Ethel Thomas, who is house mother there, are also home. Troy McKillip is also home.

Jean Rogers is home from North Texas State in Denton; Bobby Petree came in from Texas A & M and Cary Joe Magness has returned from SMU in Dallas.

Jane Claire Overstreet is home from Hockaday in Dallas; and Mary Belle Aldridge has returned from Stephens college in Missouri.

### TUCKER PASSES TEST

Wayne Tucker, son of Mr. and Mrs. Hugh Tucker, passed the Navy ROTC examination at New Mexico University in Albuquerque. On his trip to take the test last weekend, he was accompanied by Mrs. T. E. Roth and daughter, Carmen.

Rats, when faced with a difficult problem, will bite their nails.

## Shelby Jobs Will Attend Coaching School in August

On August 6, Shelby Jobs, Farwell junior high instructor, will register with Berl Huffman of New Mexico university at Albuquerque for coaching school, and study under Jess Neely of Rice and Red Sanders of U. C. L. A. in football; and Claire Bee of Long Island and Ed Hickey of St. Louis university in basketball. He will also have courses and demonstrations in treatment of injuries and officiating.

The local instructor is currently studying the football rules and tests of the South Plains Football Officials association at Lubbock, Texas and is arranging a scouting chart to aid scouts in getting quick and desired information from a defensive and offensive standpoint.

From a group of coaching schools and clinics, along with his 20 years experience as college player, teacher, coach, athletic director and official, he plans to arrange a handbook for young players in grade school and high school.

Included in the football coaching schools and clinics are: Knute Rockne, Notre Dame; Bo McMillan, Indiana U.; Jess Neely, Rice; Tom Denis, Port Arthur High School, Texas; Bulldog Turner, Chicago Bears;

Skip Palrang, Boystown, Nebraska; Dutch Meyer, T. C. U.; Del Morgan, Texas Tech; Homer Norton, Texas A. and M.; Frank Kimbrough, West Texas State; Matty Bell, S. M. U.; Also Rusty Russell, S. M. U. Harry Kipke, Michigan, Bernie Bierman, Minnesota; Noble Kiser, Purdue U.; Andy Kerr, Colgate; Henry Franka, Tulsa and Tulane; Tonto Coleman, Florida; Bill James, Texas A. and M.; Pappy Griggs, Rice; Marty Karon, Ohio State; Jack Curtice, Utah; Berl Huffman, New Mexico U.

Those for treatment of injuries are Jack Cramer, Kansas State; Delmer Brown, Baylor; Doc Sprague, Texas A. and M.; and Dr. Blackwell, S. M. U.; also wrestling is Gallagher, Oklahoma A. and M.; and boxing, Mavor Woodberry, New Mexico Military Institute.

In basketball are John Reed, Texas A. and M.; Dr. Meanwell, Wisconsin U. Frosty Cox, Colorado U.; Adolph Rupp, Kentucky U.; Hank Iba, Oklahoma A. and M.; Howard Hobson, Yale; Everett Shelton Wyoming U.; Charles Turner, Pascal H. S., Ft. Worth; Gus Miller, West Texas State; Buggs Morris, A. C. C.; Polk Robinson, Texas Tech; J. W. St. Clair, S. M. U.

In track are Frank Anderson, Texas A. and M.; Clyde Littlefield, Texas U.; Eddie Weems, A. C. C.; and Bones Irvin, Thomas Jefferson San Antonio.

The baseball group include Coach Higginbotham, Texas A. and M.; Bobby Cannon, Texas U.

## Businesses Reminded Of OPS Regulations

All businesses offering retail services to the public—from auto repairs to zither repairs—must file a list of ceiling prices before June 15, the Lubbock district Office of Price Stabilization reminded today. The address is 1202 Texas Avenue, Lubbock, Texas.

On the same date, lists of ceiling prices must be posted where customers can plainly see them, OPS added.

These requirements are called for by Ceiling Price Regulation No. 34. It applies to all service trades—

barbers, dry cleaners, laundries, washaterias, shoe repair shops, beauty shops, service stations, parking lots, ect.

Operators of such businesses need only to write down a list of the highest prices charged for each service between December 1950, and January 25, 1951. They must mail one copy to the Lubbock district OPS office at 1202 Texas Avenue, Lubbock, Texas, and display another copy in the place of business.

Any questions regarding this regulation should be addressed to the district OPS. Bulletins are in the county agent's office in Farwell.

At birth, a baby giraffe is about four feet tall at the shoulder.

## PILLOW TANK STORES GASOLINE FOR ARMY

A synthetic rubber-nylon pillow-like gasoline tank that lies flat on the ground and provides 10,000 gallons of storage capacity has been developed by Army engineers. The collapsible container will replace conventional steel tanks and the familiar 55-gallon drums used for Army oil storage. The container is transported in a protective box. When needed, it is rolled out on the ground like a rug.

They say he would have lived to a ripe old age if he hadn't eaten so many cherries—from the bottom of his cocktail glass.

## SPANISH RICE WITH MEAT

1 pound ground beef 1 tablespoon lard or drippings, 1 cup diced onion, 3/4 cup diced green pepper, 1 4-oz. can mushrooms and juice (optional), 1 cup diced celery, 3/4 cup rice, 2 1/2 cups tomatoes, 3 teaspoons salt, 1/4 teaspoon pepper.

Brown meat in lard or drippings in frying-pan. Add other ingredients. Simmer until rice is tender, about 30 minutes. 6 to 8 servings.

Cook strong flavored vegetables in an open pan; mild flavored ones in a covered pan.

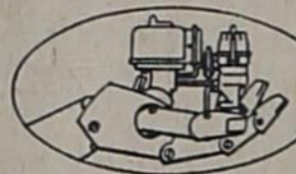

The good things come to those who hustle while they wait.

## Fords Boost Ranch and Farm Profits

You save money every mile—and put that much more money in your pocket—with thrifty Ford Trucks and the POWER PILOT! The 50-million-mile Ford Economy Run showed what the Power Pilot can do—drivers in every line of trucking got the most power from the least gas!

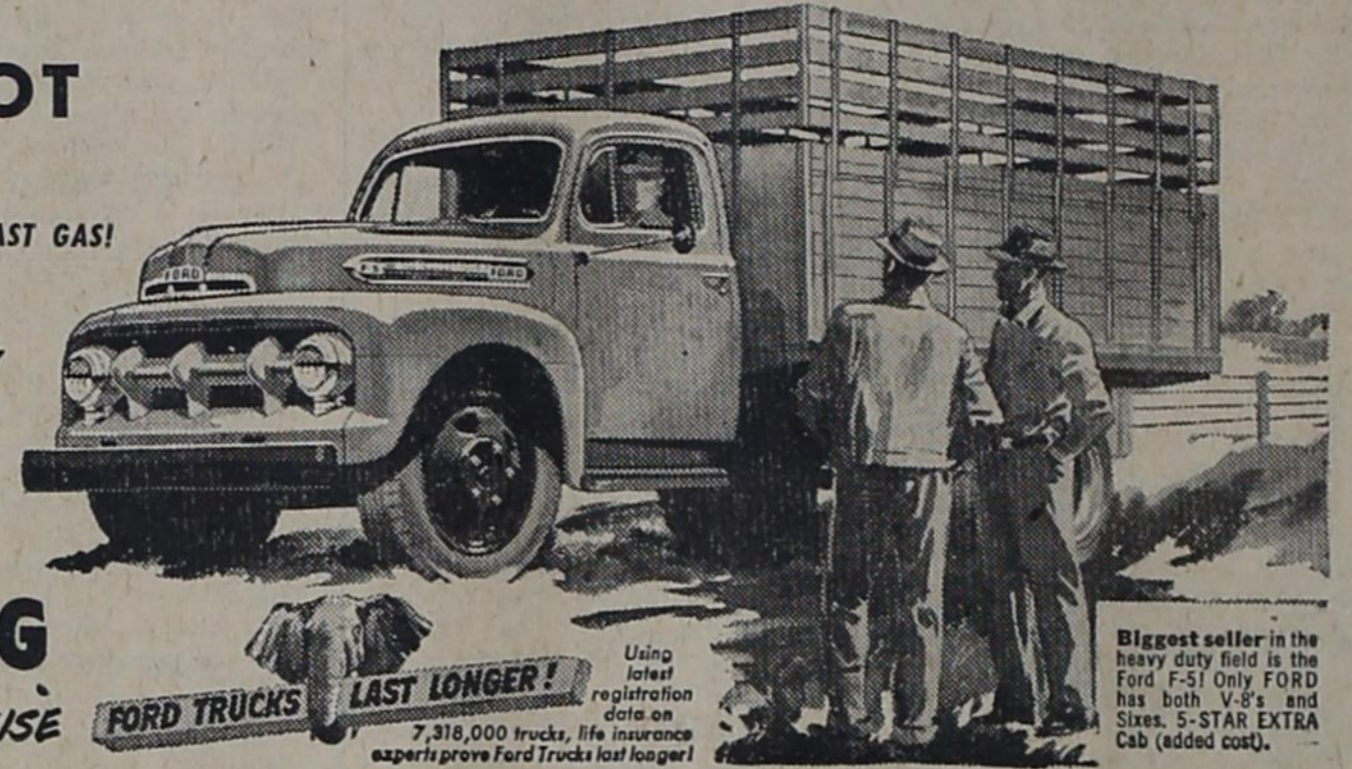

### POWER PILOT

MOST POWER!

LEAST GAS!

### ECONOMY

## SIGNS of SAFETY

EVERY SIGN IS A REAL LIFE SAVER!

The circle sign on the highway means railroad intersection ahead . . . your cue to slow down, look and listen.

Every part in your car must be efficient to obey your command.

Far-reaching lights, clear windshields, properly-treaded tires, quick starting—are musts for safe-driving. Let us check these vital points for your life and car safety.

# Servel's INSIDE Story

## It's BIGGER!

Lots more room INSIDE!  
Smaller — OUTSIDE!  
More useful refrigeration space in the same kitchen area

MODEL BR1118

Freezing System of Every Servel Sold by Southern Union Guaranteed Ten Years

Servel's famous freezing system, with no moving parts to wear out or cause noise, is guaranteed to stay silent, last longer! The ten-year guarantee on the freezing system of every Servel sold by Southern Union is your assurance of longer life, better performance. See Servel at Southern Union today!

Here's the big news about the 1951 Servel Gas Refrigerator! Inside, it's big as all outdoors! Outside, it's slimmer, more compact! Now even a small kitchen has room for a Servel Gas Refrigerator large enough INSIDE to give you all the storage space you need . . . small enough outside to fit your floor area. The big, new 11.5-cubic-foot Servel slips into the space of an old eight-foot model. See the new Servel, with extra roominess INSIDE, at Southern Union today.

### Servel's Convenient New Features Make News

- Big 70-pound freezer! Plenty of room for frozen meats, fruits, vegetables, ice cream by the gallon.
- Special "Odds and Ends" Basket! Holds small bottles, baby foods, small containers of left-overs. Keeps interior clutter-free.
- Giant fresh food compartment! More room for perishables! Fruits, vegetables stay fresh longer!
