(Nineteenth in a series of informative articles revealing little known facts about well known people in and around Texico-Farwell and nearby communities. Our sole purpose is to promote better acquaintances—in the hope of promoting better friendships.)

Although neither Wana nor Loyde Brewer were born in Parmer County, both have been in this area the major part of their lives, having been here for over 20 years. In fact, they met one another in Friona.

Loyde was born in Dewey County, Oklahoma near Vici, and lived there and in Ellis County until July of 1928, when he came to Parmer to live with his uncle and family, the A. C. Bengers, near Friona. The uncle is no longer living, having passed away in 1938 after a heart attack.

Loyde was 13 years old at the time of his arrival in this area. His father had passed away when he was only five, and his mother died shortly before he moved to the home of his uncle.

His older brother and sister were grown at the time of their mother's death and the younger brother and sister lived with other relatives, in Oklahoma.

The local man went to school in Friona his last year in grammar school and concluded his high school training there, receiving his diploma in 1933. After graduation, he joined the CCC (Civilian Conservation Corps) in October of that year. He was located in camps in New Mexico and Wyoming for almost a year, then attended school at Texas Tech in Lubbock during the fall of 1934 and spring of 1935.

Hit by the depression, Loyde couldn't go back to college, so he stayed on his uncle's farm and assisted him until after wheat harvest in 1937. He moved into Friona and took a job in a grocery store, and later worked in the drugstore. On January 1, 1938, he began his duties as employee in Friona State Bank.

Brewer remained in the bank until he was drafted into the army on October 17, 1941. Going to Ft. Bliss, he was inducted on October 21.

After 16 months at various camps, Loyde was shipped overseas to Egypt, where he was chief in an oxygen detachment. He states that he saw many places during his stay in the service, flying over South America, Africa and made stops in British Guianas, Brazil and parts of Africa. He traveled overland by military convoy from

Cairo, Egypt to Libia, saw Tunisia and was then stationed in Italy.

While in Italy, a record was made featuring Loyde to be used on a program in the states. After his return from service, he received the record through the mail from KGNC in Amarillo. "By that time, I had forgotten all about it," he says. He was a staff sergeant at the time of his discharge from the service.

All in all, the local man was overseas about 32 months. He came back to the states and was discharged on Oct. 21, 1945, exactly four years from the time of his induction.

Loyde moved back to Friona and on December 22, 1945, he and Wana were married. Asked if they were high school sweethearts, Brewer says "no, but we had known each other a long time." They were neighbors, living on farms within two miles of one another. They began corresponding while Brewer was in service. The correspondence resulted from an exchange of Christmas cards in 1942, and they wrote one another regularly while he was overseas.

The young couple was married in Clovis at the First Methodist church. L. L. Hill, who had just been dismissed from the chaplain's corps of the service, officiated.

Wana was born in Grayson County, Texas, and she came to Parmer with her parents in 1929, and settled on a farm south of Friona and attended TSCW at Denton and West Texas State College at Canyon, receiving her degree in art there. Her minor was home economics. Since her graduation, she has also done graduate work at West Texas. Wana taught school for 10 years in Parmer County, in Rhea and Lakeview, and at Friona. She was instructing in Friona schools when she and Loyde were married.

After their marriage, Loyde was bookkeeper at Friona Consumer company for a period, and entered the race for county and district clerk of Parmer County in 1946. Since that time, he has served this county in that capacity, and the Brewers have lived in Farwell since 1946.

The Brewers have two sons, Byron, who was born on August 24, 1948, and Galen, who was born June 26, 1950.

Both Loyde and Wana are members of the Methodist church and are active in civic affairs. Loyde is commander of the American Legion post, chairman of Red Cross for 1952 and assistant home service chairman for the organization, member of Lions club, and chairman of the polio drive. His wife is president of the Wesleyan Guild of the church.

Recalling his stay in CCC, Loyde says there were many Parmer men there when he was.

"I meet people I knew then fairly often," he concludes.

Two women have been candidates for the presidency, Victoria Woodhull nominated in 1872, and Belva Lockwood in 1884 and 1888.

Cooper Pleads Guilty To Forgery Charge

Bob Cooper, Roswell, N. M., pleaded guilty to two charges of forgery before Judge E. A. Bills in district court here last Thursday. He was sentenced to two years in the state penitentiary.

The first check, written on Calvin Tally for \$20, was passed in Friona. The other bogey, ascribed to J. W. Smith, was passed at Bovina. It was for \$5.

Cooper was taken to Lubbock last weekend by Sheriff Chas. Lovelace, where he awaited officers from the penitentiary at Huntsville.

Cooper was picked up by Roswell police after Sheriff Lovelace had issued an order for his arrest. The hot checker was employed by Tally at Friona about two years ago.

Farmers Have Month Left to Sign For Program

Starting tomorrow, Parmer County farmers will have one month to sign for conservation program work for 1953 through the local PMA office at the county courthouse, according to Joe Camp, secretary.

On-the-farm visits are now being conducted by PMA personnel to determine what farmers desire in next year's program. Camp estimated that "about seventy-five or a hundred" reports have been returned to the office.

The visits will be conducted until the deadline date for signing, which is Dec. 1.

Warlick Thomas Is Named To House Of Representatives

Warlick Thomas, son of Mrs. Ethel Thomas, formerly of Farwell, has been elected to the House of Representatives from the senior class at Abilene Christian College.

Warlick is a '49 graduate of Farwell High School. He is a three-year letterman on the Wildcat basketball team. He is also a member of "A" Club, campus men's honor organization; and "C" Club, letterman's club.

He is one of six seniors to represent the class in the Students Association.

CALLED TO BEDSIDE

Mr. and Mrs. Elvin Miller, both instructors at Farwell schools, were called to Oklahoma Sunday because of the serious illness of her father. No further report had been received here early this week.

District Supervisor To Be Named Monday

Election of a supervisor within subdivision four of Parmer County for the soil conservation board will be held Monday night in the Parmer County court room, at 8 o'clock in the evening, Joe Jones, county agent, announces.

According to Jones, qualified voters of the subdivision four are to assemble, and elect one of the qualified voters to serve as a member of the board of district supervisors.

Jones adds that subdivision four includes all land in the Oklahoma Lane and Farwell school districts.

Precinct Voting Officers Appointed By Court

Election officials for the general and re-allocation elections which will be held Tuesday have been announced by the Commissioners Court. They are as follows:

Precinct No. 1 (Black), John Bengert; Precinct No. 2 (Friona), T. J. Crawford; Precinct No. 3 (Bovina), S. A. Calhoun; Precinct No. 4 (Farwell), Albert Smith.

Precinct No. 5 (Lazbuddy), E. V. Crain; Precinct No. 6 (Oklahoma Lane) Sam Sides; Precinct No. 7 (Rhea), Melvin Sachs; Precinct No. 8 (Lakeview) Otho Whitefield.

Membership Drive Ends Saturday For Legion

A seven-week membership drive in the Justice-Williams Post of the American Legion will end Saturday, Nov. 1, reminds Post Commander Loyde Brewer.

Brewer asks that individuals having membership commitments turn them in to their team captains, which are Joe Helton and George Magness. The team which loses the membership contest will be called upon to entertain the winning team with a dinner Nov. 10.

The drive started Sept. 8.

Williams Found Not Guilty On DWI Charge

A 6-man jury last weekend ruled J. G. Williams, Friona, "not guilty" of a charge that he had driven his car on the street of Friona while intoxicated.

John Aiken, Hereford attorney, was counsel for the defendant, who was acquitted in twenty minutes of jury deliberation following an all-day trial.

Brewer Announces That Convention Postponed

Loyde Brewer, commander of the local American Legion, reports that the district convention slated in Hereford November 9 has been postponed until November 29-30, because of the housing shortage in Hereford from seasonal labor. Delegates of Texico-Farwell will attend the convention the latter part of November.

Rev. Bill Arms, Immediate Past Department Chaplain of the American Legion, and Pastor of the Gateway Baptist Church in Ft. Worth, will deliver the key note address of the convention on Sunday morning, November 30th. Rev. Arms is nationally known for his fight against the encroaching threat of Communism in America. Recently, he and veteran members of his Ft. Worth congregation picketed a communist meeting in Ft. Worth, handing out brochures of the communist speakers background and playing the National Anthem and other patriotic songs from a sound truck.

American Legion membership is at an all time high for this date in the 18th District with the results of the Legion's "L" Day, which was proclaimed by Governor Shivers and the local mayors of hundreds of towns, not yet tabulated.

Marcia Foster Is Member Of Band

Marcia Foster of Farwell is one of 55 members of the McMurry College Indian Band that has recently come of "calliope fame."

She is the daughter of Mr. and Mrs. W. N. Foster of Farwell, Texas, and she is a freshman. The steam calliope given to the Band by Ocie Hunt, Sweetwater businessman, is lending even further proof to the musicians' claim of "being one-of the most versatile college bands in the Southwest."

The calliope, mounted on a four-wheel trailer decorated in gay circus colors, precedes the Indian Bandsters in all marches. Already it has been the featured entertainment at half-time activities for McMurry football games with Midwest University in Wichita Falls and West Texas State in Amarillo.

Mr. Hunt, who from youth had admired calliope, has been a patron of the Indian Band for many years. Last spring he gave the calliope and the necessary funds for the mounting to the McMurry musicians and simultaneously became an honorary member of the Indian Band.

Since the reorganization of the Indian Band in 1946 by Raymond T.

Bynum, a reputation for versatility has been gained. While on tour their programs vary from complete worship services to comical variety shows, to classical concerts, to Latin American performances. With the calliope, Director Bynum now predicts a new field of entertainment opening for the Band.

Fatigue Is Cause Of Many Accidents

CHICAGO—There was something wrong physically with one out of every 118 drivers involved in the 32,500 fatal motor vehicle accidents last year, according to the National Safety Council.

"In 'Accident Facts,' the Council's statistical yearbook which is just off the press, three-fifths of these defects were listed as fatigue and sleeping while driving.

One out of every nine pedestrians killed by motor vehicles had some physical defect. Defective eyesight was reported in more than one-fourth of these cases, defective hearing in one-tenth, and illness or other bodily defect in the remaining three-fifths.

Give Ol' Bossy a Rest, Says Agent Jones

The dairy cow is a complicated piece of machinery and like all machines will wear out if not properly maintained, Joe Jones, County agent, says. She needs a six to eight weeks rest between lactation periods and a good ration during the dry period.

The dry cow has three important jobs to do during this rest period, says A. M. Meekma, assistant dairy husbandman for the Texas Agricultural Extension Service. She must recover from a heavy milk producing period, build a calf and store up reserves for the next lactation period. How well she does these jobs depends upon the length of the dry period and the amounts and kinds of feed she receives.

During heavy peak production, a good cow will deplete her body reserves of nutrients and minerals, says Meekma. Unless she is given sufficient rest and proper care these body reserves may not be rebuilt and production during the next lactation period will be lowered. The health and condition of the calf will also be affected.

The problem of feeding the dry cow is practically solved if she has access to good pasture. If pasture isn't available, hay and silage should be fed liberally, says Meekma. The amount of grain to feed will depend upon the condition of the cow, but generally it is practical to feed the same grain mix to the dry cows as is fed to the milking herd.

The pay-off comes, says Meekma, with more production—often as much as 25 per cent more—during the next lactation period. Then too, a stronger better developed calf will be produced. It is Meekma's belief that every dollar spent for taking care of the dairy cow during the dry period is a wise investment and a necessity if a high herd production record is to be maintained.

MR. FARMER:

Don't you think control of the farm program should be in your hands?

Don't you think you are capable of running your own business?

"They tell you the Republicans will pull the rug out from under the American farmer. I have an answer to that and it is this: 'Bunk, just bunk!' I firmly believe that agriculture is entitled to a fair, full share of the national income, and a full share is not merely 90 percent parity. It is full parity."

"We must guarantee present price supports for another two years and then devise programs which will assure higher prices for the farmers."

"All I know of farmers convinces me that they would rather earn their fair share than have it as a government hand-out. The farmers' returns must be boosted from the present 90 per cent to a full 100 per cent" (parity represents a fair return to the farmers in what he receives for his crop in relation to the things he must buy.)

"We must devise farm programs that will minimize government control and protect the farmer's independence. There's going to be a spring housecleaning of the unscrupulous leadership that would use farm program for political purposes. There will be no more of this business of using federal power to extort the farmer's vote.

"An administration which believes it has 'implied powers' to seize the steel industry from its owners must also believe it has the 'implied powers' to take over your farm."

"After all these years of talking about conservation, we don't yet have a unified soil program and we aren't getting as much soil improvement for our dollars as we should."

"This situation has been so confusing and so bad at times that after a farmer has installed a terrace on the advice of one agency, another agency has come along and said, in effect . . .

"That's all wrong. We can't pay for that. Rip it out."

"We must get these programs together and stop this costly bureaucratic sniping."

TEXAS BORN IKE EISENHOWER

as President, will insist that the farmer himself plan and run his own programs. He will not allow the farmer to be bullied and pushed around by Washington bureaucrats who have never been near a farm except for a political visit.

This message paid for by Organized Farmer County Republicans.

Ike's Four-Point Program For the American Farmer

1. "All farm programs must be cleaned of politics." A bi-partisan agriculture commission composed of farmers and farm leaders must review the entire farm program."
2. "Farm programs must be decentralized—the maximum amount of direction, authority, and responsibility must be left at the state, district, and county level."
3. "Programs must be better adapted to regional, state and local conditions."
4. A method must be found to afford a greater protection to producers of perishable products with price supports extended to other crops such as oats, barley, rye, and soybeans."

WHEN THEY TELL YOU ABOUT '5c COTTON'

under the Republicans—they're trying to fool you. It's bunk, just bunk! The following quotation is from T. GLENN DOSS, editor of the Whitewright (Grayson County) Sun, who states that he "has been voting the Democratic ticket for a good many years."

"Mr. Rayburn (Speaker of the House of Representatives) has had much to say about 5c cotton under the Hoover administration. Let's see what the record says:

"In 1930, the last year this country had a Republican House and Senate and President, cotton sold in Whitewright, Texas the first week in September at 10 1/2c a pound, and cottonseed at \$27 per ton . . .

"In September, 1931, six months after the Republicans lost control of Congress, cotton sold in Whitewright at 6.2c a pound and cottonseed at \$10 per ton.

"On September 7, 1939, six years after Roosevelt became president and gave the nation the 'New Deal' . . . buyers were paying 8 1/2c per pound for cotton and \$16 per ton for seed. The Sun of that date quoted other farm products prices in Whitewright as follows: Corn, 50c bushel, and oats, 35c per bushel.

"So—eight years after the Republicans lost control of Congress and six years after a Democrat became president, cotton and cottonseed prices in Whitewright were less than they were the last year under a full Republican administration in 1930.

"If Mr. Rayburn, or anybody else tells you otherwise, he is only trying to fool you. If the Korean war and preparations for war go on indefinitely, this false prosperity will go on indefinitely . . . A false prosperity paid for with the blood and sacrifices of our fighting men and a mortgage on the earning of this and future generations."

Background Given on Santa's Reindeer

The annual Christmas parade is always a thrill for the youngest generation because they get to see Santa Claus in all his benevolent glory. But for local kids this year's parade is on the "must" list because they'll be able to see Santa's reindeer—real ones.

This is brought about by Grady Carothers, Goldthwaite ranchman, who has spent five years building up an 18-head herd of reindeer and showing them off to kids at Christmas time.

The parade will be in Texico-Farwell on December 17.

Carothers deer live in an air-conditioned barn on his ranch and are

treated like the aristocrats they are. Because of Alaska's recent shortage of female reindeer, he couldn't bring any females until last year. But the herd's on the natural increase already. Carothers is expecting a reindeer to be born in the Southern states.

The real-life reindeer are a little different from the mythical variety, but not less amazing. Their thick hair is hollow to provide insulation against the normal 5 to 50 degrees below zero of their native plains. When a reindeer walks his ankles pop and his tongue hangs out like a dog's.

This combination is even stranger: a reindeer grazes like a cow, has an intestinal tract much like a horse, and makes a noise like a pig.

These curious beasts live in 20-well-marked-herds in north Alaska along the shores of the Arctic Ocean. Eskimos own all the herds but two, which are owned by the government

and used to help stock Eskimo herds. The Eskimo round up the deer by walking them down with trained Collie dogs, and sell them to Carothers at \$150 to \$250 a head. Carothers' load is limited, though, by his transportation. The big C-46s he flies the animals the 6,000 miles back to Texas in can only handle 18 at a time. The reindeer cost about \$1,000 per head delivered in Texas.

The Eskimos, a friendly, intelligent people, work happily in the sub-zero weather, and are invaluable to Carothers in helping him understand the animals, which are very gentle by the time they arrive in Texas.

The reindeer even seem to appreciate the wide-eyed attention they get at the parade, and are as noble as their fantasy brethren, Dancer, Prancer, and the others. In any event, their arrival in town brings the same excitement to the air as the click of Dancer's hoofs on the rooftop Christmas Eve Night.

Chambers of Commerce in Texico and Farwell are sponsoring Santa and his reindeer in the Twin Cities. ESA is staging its annual distribution of treats to youngsters at the same time.

Bovina Implement Man Attends Dallas Meeting

E. B. Caldwell, Bovina Massey-Harris dealer, has returned from Dallas where he attended an introductory program revealing the latest designs in Massey Harris Combines and Tractors.

Caldwell pointed out that three new self-propelled combines were introduced, including the Model 90, the greatest capacity combine on wheels.

Other new combines are the 80 and 70, successors to the A Company's Super 27 and 26 models.

Caldwell stated that the 90 and 80 feature a new hydraulic speed control and have a maximum road speed of 14 miles per hour. These models also feature a live axle drive which is completely enclosed in a heavily reinforced housing to give extra years of trouble-free harvests.

The lower-cost model 70 Self-Propelled, ideal for smaller acreages, features balanced separation, electric table lift, low center of gravity and many other advantages for more efficient, economical harvesting.

Caldwell also was among the first to view the new Clipper 50 combines in Self-Propelled, Engine Powered and Power-Take-Off models. The new Clipper 50 features include a larger-capacity, 4-step strawrack for improved grain separation, new-six-winged beaters for greater threshing capacity and a positive chain drive for trouble-free operation.

Two new Massey-Harris tractors, the Colt and Mustang, were introduced at the program, Caldwell revealed. Both are 2-pow tractors designed for maximum power, ease of handling and economy.

Bovina Mustangs Win One And Drop One

The Mustangs won their non-conference game with Boys Ranch recently by a wide margin, but lost the conference game with Friona by the same margin. They did not play Friday but take on the last two foes of the season in the next two weeks.

This week, they play Petersburg there and the following week will play Farwell at Farwell. Their star player was injured in practice Thursday and will be unable to play for the remainder of the season. Donald Ray Barron sustained a head injury and remained in Parmer County Hospital for twenty-four hours.

Oh, Brother Here It Is October Again!

The gay old month of October hath no charm for June Watkins of Bovina. Last year in October, the local lady had her first car accident, west of Farwell.

This year, October was over one-half gone when what seems to be a "jinx" caught up with her. The Bovina resident was slightly injured in another minor car accident last Friday about dusk.

Sure enough, she was near Farwell—this time slightly north. "Month of October, Farwell traffic, stay 'way from ma doah!"

Plans Being Made For School Carnival

The annual school Hallowe'en carnival will be held this year on Saturday night, November 1, at 7:00 p.m. Classes have chosen their candidates for carnival queen and the nominees to-date are: seniors, Sue Robinson; juniors, Wanda Roberts.

The Band Parents will have the Hallowe'en food booth in the Home-making room. All band parents will donate food. Girl Scouts will have a booth and all proceeds from their booth will go to the Girl Scouts.

Bovina Girls Split With Friona In Game

The Bovina A girls won by a big margin Tuesday night in the non-conference tilt with Friona. The scoring was fairly even and distributed. The final score for Bovina girls was 42, Friona 32; for the B girls, Friona 21, Bovina 20.

From Hot Springs

Mr. and Mrs. J. W. Ellison returned the first of the week from Hot Springs. They had also visited their daughter and family, Mr. and Mrs. Chas. Tidenberg, in Santa Rosa; and another daughter and family, the J. O. Glovers, in Hatch. The Ellisons were away three weeks.

Board of Christian Education met Monday at 7:30 at the Bovina Methodist Church.

Church family night was observed Wednesday night with a covered dish supper in the Methodist church, followed by a short program. Mrs. Margaret Caldwell was presented with a Revised Standard Version of the Bible by the members of the class that had just completed a Bible study under Mrs. Caldwell's leadership. Following this affair, a Motion picture was shown, entitled "Forty-Five Tioga Street," a dramatic story of Christians today who had the courage to apply the Bible to their daily lives, and discovered that Christ is with them always.

Mrs. Vernon Estes, Mrs. Jimmy Charles, and Mrs. I. T. Huckabee went to Lubbock Thursday to a meeting of Church School Workers with children. Miss Jones of Chicago, a national worker in Church School and author of many books was the main speaker. Lunch was served by the St. John's Methodist Church.

WCS met Tuesday afternoon for their regular monthly business meeting. One-hundred-forty garments were packed and sent to the Wesley Community House, San Antonio. Following the meeting, refreshments were served to the group by Mrs. Earl Richards.

STEELMAN GETS AWARD

Annual County Farm Bureau Convention met in the High School Auditorium Tuesday Evening, Oct. 23. Leadership pins were given to the all-around outstanding member of each FFA chapter program, livestock shows participated in, scholarship and general farm attitude. Eddie Steelman was selected from the Bovina Chapter, with Norman Taylor and Ted Walling second and third. Persons receiving the Leadership pins will be announced next week.

Bovina Junior Boys have been undefeated in football games in the second half of conference play. The score of the Friona game was Bovina 40 and Friona 14.

Half-Century Club Meets Monday Night

Half-Century Club members met Monday night of last week in the club room at 7:30 with president, Mrs. Jimmie Charles, presiding. Reconstructed by-laws and constitution were read by the secretary and approved by the club.

Speaker for the evening was Mrs. Vernon Estes, who gave a biography of Republican nominees for president and vice-president platform of the party.

Those attending were Mrs. Graham Thornton, Mrs. Tyson Eubanks, Mrs. Howard Looney, Mrs. Jimmie Charles, Mrs. Marion Carson, Mrs. A. L. Kerby, Mrs. Vernon Estes, Mrs. Clarence Shanks, Mrs. Art Mast and Mrs. Leonard Gee. Guests were Mrs. Betty Means, Mrs. Bonnie Warren, Mrs. Sarah Wilkerson and Mrs. Doris Roberson.

Hostesses were Mrs. Tyson Eubanks and Mrs. Graham Thornton. Refreshments of coffee, spiced tea and cookies were served to all members present, the guest and the speaker.

Accepted as members by vote were Mrs. Fern Bell, Mrs. Glen Hromas, Mrs. Margaret Minter and Mrs. Betty Hillock. Mrs. Art Mast was moved from associate member to active membership.

Plans for a Halloween party are in progress.

Next meeting will be November 4.

FROM OKLAHOMA

The Pentecostal Holiness church was host to the representatives from Southwestern Pentecostal Holiness College, Oklahoma City, Sunday and the representative rendered a very entertaining and inspirational program. The representatives were: Rev. and Mrs. Holland and family, Katherine Hamilton, Enid Cunningham, Ruth Huff, and Jo Beth Brice. Jo Beth is formerly of Bovina, and is attending the college in Oklahoma City.

Back From Kansas

Mr. and Mrs. Tom Caldwell, accompanied by their parents, Mr. and Mrs. J. R. Caldwell, spent last weekend in Wichita, Kansas visiting Mr. and Mrs. H. A. Coats. Mrs. Coats was formerly Miss Ruth Caldwell. The Caldwells returned Monday, Oct. 20.

Approaching Marriage Of Miss Carr Announced

Announcement of the engagement and approaching marriage of Miss Alice Ruth Carr of Friona to Donald Edward Standley of Canyon was made at a tea Sunday afternoon at the Friona Club House.

Wedding vows will be exchanged November 15th in the Friona Baptist church. More than 100 guests who called during the receiving hours were greeted by Mrs. Dillie Kelley.

Presiding at the guest register was Mrs. DeWayne Cleveland of Canyon. Other members of the house party included Messdames H. T. Brewer, Dalton Caffey, Bert Chitwood, Roy Slagle, Lyndon Sanders. The room decorations and table appointments carried out the bride-elect's chosen colors of gold and white.

crystal plate were three golden bells, tied with white satin ribbon with the names of the couple and the wedding dates written inside the gold. Four gilded candles in crystal candelabra flanked the arrangement.

Golden apple juice punch, cookies, mints and nuts, also, carried out the color scheme. White tea napkins with the names of the couple written in gold were used.

Piano selections were played by Miss Springer.

Miss Carr is a 1952 graduate of West Texas State College at Canyon with a triple major in Secondary education English, and speech. She now is teaching in the Plainview Junior high school.

Leaders Meet

There was a girl scout leader's meeting Monday afternoon at 2:30 in the club house. Plans were made for Girl Scout week which will be from October 26 to November 1. All girls are urged to attend their own church Sunday and to be in uniform if possible.

OLIVER No. 2 Side Delivery Rake Leaves Your Fields Clean! No little wisps of hay are left in your fields. The 4-bar, small-diameter reel on this compact, high speed, smooth running No. 2 Side Rake covers the ground completely by taking long, overlapping sweeps. Your hay is handled with a gentle, non-shattering motion as the self-cleaning cylinder "floats" over the ground. A windshield prevents hay from being blown onto the strippers and reel. The "easy-on-and-off" spring teeth can be replaced quickly. Drive gears are fully enclosed in a dust-tight, oil-bath housing. See the rugged No. 2 Side Rake and check its many features. Excessive Speed Is Accident Factor

CHICAGO—The faster you go, the harder you hit!

Excessive speed was a factor in 35 per cent of the nation's 37,300 motor vehicle deaths last year, according to "Accidents Facts," the National Safety Council's statistical yearbook, just off the press.

Twenty-eight per cent of the drivers involved in these accidents were reported violating some speed regulation. Fourteen per cent exceed the stated speed limit, 5 per cent exceeded safe speeds although traveling under the stated limit, and 9 per cent violated safe speeds in areas where there was no stated limit.

Arizona is known as the Valentine State.

DICK RUSSELL BACKS ADLAI

RUSSELL IS THE GEORGIA SENATOR FOR WHOM GOVERNOR SHIVERS AND TEXAS DELEGATION VOTED UNANIMOUSLY ON ALL BALLOTS AT DEMOCRATIC CONVENTION IN CHICAGO

Senator Dick Russell of Georgia, the man the Texas Delegation headed by Gov. Allan Shivers supported on all ballots at the national Democratic convention in Chicago, predicted last week that Adlai Stevenson and John J. Sparkman will be elected by one of the largest majorities given a national ticket in recent years.

Senator Russell, who is chairman of the senate armed services committee and of the senate subcommittee on agriculture, said: "General Eisenhower's evident confusion in his efforts to grapple with vital political issues has clearly demonstrated to the American people the grave danger of placing our government in the hands of a military man. . . . No military career, however great, can be a substitute for familiarity with the operation of a government which traditionally and by law is dependent on civilian control. . . ."

"As one who has admired General Eisenhower as a military leader, I have been bewildered by the endless contradictions of his political pronouncements. It would require a book to catalog them.

"Shortly after stating that he did not understand the term 'Farm Parity,' he assured the American farmer of 100% parity for all the products of his toil. As one who has devoted a large part of his legislative service to overcoming Republican opposition to fair farm legislation I have vainly awaited an endorsement of this last farm statement from General Eisenhower's Republican congressional supporters. I have failed to see where one of them has disclaimed his record of opposition to the soil conservation program and to the laws which enabled these farmers to have some idea when they plant their crops what they will receive from their harvest.

"The American voters are thinking for themselves in 1952. Neither the bedlam of this campaign nor the military glamor of the Republican candidate will confuse them. They will go to the polls in the greatest number in our history on November 4 to maintain in power the party of the people. . . ."

"Governor Stevenson has the potentialities which can make him one of the greatest presidents who has ever served our country. With the support and prayers of the American people and the aid of the Almighty he devoutly worships, he will see this nation safely through the dangers of today's world."

(Pol. Adv.—Paid for by Stevenson-Sparkman Committee, Sam Rayburn, Chairman.)

Mrs. Brown Announces Stamps Available

The Texico post office now has a plentiful supply of Schools Savings Stamps and albums ready for the new school season Postmaster Lucy O. Brown announced today. "We have received shipments of both stamps and albums during the summer recess and are fully prepared to continue serving all of our schools," she added.

Mrs. Brown also stated; "There is every reason to anticipate a far heavier demand for Savings Stamps this year than at any time during the peacetime years. The School Savings campaign last fall, which proved such an outstanding success, created keen interest in the program on the part of teachers and students all over the United States. The drive, which added 5,815 new school savings programs throughout the country, will be continued during the first semester of this school year. It is expected that nearly 5 million students will be in Stamp Day Schools by the end of this calendar year.

"It is hard to visualize the great benefit this one program will have for our country with 5 million children saving nickels and dimes and building the habit of thrift. School savings have been on the uptrend the past three years," she continued. "Stamp sales in the nation's schools increased from \$10 million, 800 thousand in 1950 to \$14 million in the 1951-52 school year."

Postmaster Lucy O. Brown also announced that the new improved Series E Bonds are now available. In describing the new bonds she said: "It is now better than ever. Your return on this bond is 3 per cent, compounded semi-annually, if held to maturity. It also provides higher cash values in the earlier years. Proof of its popularity is evidenced by the fact that the cash value of E Bonds now outstanding has amounted to \$34.9 billion, the highest ever attained."

Square Dance Callers Contest Plans Given

AMARILLO—One of the pioneers in modern square dancing on the high plains, the late H. Grady Wilson, of Amarillo will be memorialized by the Seventh National Square Dance and Callers Contest here on Nov. 6-8.

Mr. Wilson, who has sponsored the National square dances for the past six years, died last spring as he was planning the seventh annual event. Square dancers of the area banded together to carry on the contests. Assisted by member clubs of the Panhandle Square Dance Association, which actually has clubs in New Mexico, Oklahoma and Kansas, as well as in the Texas Panhandle, a steering committee has been formed. The committee announces the following prizes:

Prizes for the top adult sets will be \$400; and for the young people's sets, \$240.

Calling contests will be split into two divisions: pater and singing calls. These divisions will be carried out in both men and women's contests. Prize money for callers amounts to \$875.

Contests will be held in the Sports Arena at the Tri-State Fairgrounds here, and the floor will be available to all square dancers during the calling by contestants. Nationally known

judges will be on hand for the events.

Further information, accommodations or entry blanks may be secured by writing P. O. Box 2446, Amarillo.

Band Inaugurates New System

"Friday, October 17, a new system was inaugurated into the Texico High School Band," states George Hill, band director.

The system makes it possible for any player in the band to challenge, on two weeks notice to be arranged with the director, any other player who is in a higher chair. It is advisable for students to challenge for only one chair at a time, but it is not uncommon for students to challenge several chairs ahead.

The challenger may pick any band literature in use by the band for material, he then learns the part of the person whom he is challenging. Both students may take the full two weeks if necessary.

The actual competition is conducted behind closed doors with neither the band nor the director, knowing which person plays first. The director may or may not ask for help from the rest of the band in deciding who wins the chair.

The band welcomes Alfred Doshier and Mel Bakkerud; Alfred plays the clarinet and Mel is playing in the percussion section.

Local Education Association Meets

Texico local education association met this week, with Paul Frederick, chairman, presiding.

Five committees were appointed by Frederick. They were: project committee: Carl Schmitt, chairman; E. U. Scott, and Mrs. B. A. Rogers, members.

Recreation Committee: Mrs. N. W. Peyton, chairwoman; and Mrs. Agrie Jones and Curtis Miller, members.

Refreshment committee: Mrs. Jimmy Allman, chairwoman; and Mrs. Avis Patterson and Charles Stockton serve with her.

Public relations committee: John Adams, chairman; and Mrs. Frank Seale, and Mrs. LeRoy Faville, members.

Program Committee: Superintendent Agrie Jones, chairman; Mrs. Charles Stockton and George Hill.

Frederick gave a report on a state meeting which he attended recently. He also conducted quiz games and mathematical games during the evening.

Refreshments of ice cream and cake were served to the teachers and their guests by Mrs. Jimmie Allman.

HALLOWE'EN Jo Sondra Magerus

On the night of October 31, strange things happen in most communities. Queer white-sheeted figures, horrible scar-faced pirates, and witches roam about the streets playing tricks, or attend parties where they tell fortunes and blood-curdling tales. Do you know how such customs came about?

The ancient Druids had a three-day celebration at the beginning of November. On the eve before, they believed, spirits of the dead roamed abroad, and they lighted bonfires to drive them away. In ancient Rome the festival of Pomona, goddess of fruits and gardens, occurred at about this time of year. It was an occasion associated with the harvest. Nuts and apples, as symbols of the winter store of fruit, were roasted before huge bonfires.

Even after November 1 became a feast day honoring all saints, or Holy Eve (Hallowe'en), the peasants clung to the old pagan beliefs and customs that had grown up. It became a night of mystery and fun-making, with many picturesque superstitions. Folk came to believe that they could foretell the future on that night by performing such rites as jumping over lighted candles.

In the British Isles, great bonfires blazed and laughing bands of "guisers," young people disguised in grotesque masks and carrying lanterns carved from turnips, gathered in each village. After this is patterned our groups of "trick-or-treat-ers."

Our Hallowe'en celebration today keeps many of these early customs unchanged. Young and old still gather to hunt nuts and duck for apples bobbing in a tub of water. Grinning jack o'lanterns, rustling cornstalks, and shadowy figures create an air of mystery, while black paper witches and cats are seen everywhere.

So, if a group comes to your door on Hallowe'en night saying "Tricks or treats!", just remember that they are merely carrying on a centuries-old tradition. So, bring out the apples and candy and treat them freely!

REPRESENTATIVE HERE

F. M. McCarty, area representative of the Newsfoto Company, met shortly with Mrs. Agrie Jones, sponsor, and Doris Leavell and Betty Bridges, editor of the yearbook, this week.

Selections were made of the covers of the yearbook. They will bear the "Wolverine" and will be dressed in Green and White which are the school colors. The annual will be printed in enamel paper with all pictures being black and white.

Mrs. Jones states, "We are to have 96 pages this year which is eight more pages than last year."

MAN WANTED!

Wanted—A man for hard work and rapid promotion; a man who can find things to be done without the help of his superiors.

A man who gets to work on time and does not imperil the lives of others in his effort to be the first one out of the office at night.

A man who listens carefully when he is spoken to and asks only enough questions to insure the accurate carrying out of instructions.

A man who moves quickly and makes as little noise as possible.

A man who looks you straight in the eye and tells the truth every time.

A man who does not pity himself for having to work.

A man who is neat in appearance.

A man who does not sulk over an hour's overtime in emergencies.

A man who is cheerful, courteous to everyone, and determined to make good.

This man is wanted everywhere. Age and lack of experience do not count. There isn't any limit, except his own ambition, to the number of size of the jobs he can get. He is wanted in every business.

Fifth Grade Build Project In Geography

"As a project in Geography, the fifth graders are constructing an early American scene. Log cabins and a General Store and a log fence are the principal buildings. They are made of soda straws, and the furniture is of toothpicks," states Mrs. N. W. Peyton, instructor.

"Wild Life in the Southwest," a book by Oren Arnold, is being read aloud to the group by the teacher.

Ola and Otho Lesly have been absent during the week because of illness.

Charles Bennet Stockton and Mrs. Peyton each brought a puzzle map of the United States which the students are working now.

ATTEND PARTIES

Sophomore class has enjoyed three birthday parties during the past few weeks. Those honored at the parties were Nadine Thornton, Jimmy Don Moss, and Shirley Stover.

The Tribune is a NEWSPAPER

Seventh Grade Studies Safety

Members of the seventh grade had a discussion on safety last week. Included in it were "how to mount the school bus and whether to go in front of or behind the bus when dismounting."

In their various classes the students report very enjoyable studies. The topography of Latin America is now being studied by the Geography class. In Mr. Schmitt's English class, they are learning the functions of adjectives in the sentence.

Dwayne Winkles has been in Dallas all week attending the Texas State Fair.

Each member of the class brought money and bought a pocket knife, flowers, and some comic books for May Pendergrass, a classmate who was injured last week.

Third Graders Write Poems

Mrs. Frank Seale, third grade teacher says, "The students have been writing original Hallowe'en poems and illustrating them. When all have been completed, they will go into a book of poems."

Two members of the class were absent last week. Gailon Brehm and Robert Curtis each missed a day of school.

Uncle Remus stories are being read in the study hour after lunch, now. Room mothers are planning a Hallowe'en party for the room on Friday.
