# Texico High To Crown Homecoming Royalty

Texico High School students have been busy this week preparing for the 1979 Basketball Homecoming set for tomorrow (Saturday).

Crowning a Queen and King to reign over the basketball season has long been a tradition at THS.

Theme of this year's homecoming is "Somewhere Over The Rainbow," based on the popular classic film, "The Wizard of Oz."

The Homecoming Royalty will be crowned in a special ceremony at Wolverine Gym. The cage action gets underway tomorrow night at 6 p.m. MST when the Wolverine girls meet Elida. The Wolverine boys' game will follow. The 1979 Homecoming Queen and King will be crowned during halftime of the varsity boys game.

Featured decorations will be a rainbow on the stage in the gym and a "yellow brick road." Students will dress up as the scarecrow, the tinman and the lion - popular characters in the movie - to add to the setting. Also as part of the stage decorations the names of the 10 candidates will be displayed on "pots of gold."

A castle and other typical scenes from the movie will be on the walls of the gym to further add to the "Somewhere Over The Rainbow" theme.

Teresa Turner and Robert Lacy, the 1978 queen and king, are expected to crown this year's honorees.

As in previous years, five girls and five boys are vying for the honor of being selected the 1979 queen and king. The football and basketball players chose the 10 candidates, with the girls selecting the boy candidates and the boys choosing the girl candidates.

The Texico student body voted Monday for the 1979 homecoming royalty, but the results will be kept "top secret" until the crowning ceremony Saturday night.

The 1979 king candidates are

Keith Hadley, senior, and James Hadley, junior; sons of Mr. and Mrs. Raymond Hadley; James Barfield, senior, son of Mr. and Mrs. J.K. Barfield; Britt Crooks, junior, son of Mr. and Mrs. Arlye Crooks; and Duwain Hill, senior, son of Mr. and Mrs. George Hill.

Contending for the queen honors are Tonye Harrington, senior, daughter of Mr. and Mrs. Moreland Harrington; Roxanne Cherry, junior, daughter of Mrs. Danalee

Sluder; Celia Johnson, senior, daughter of Mr. and Mrs. Bob Johnson; Lori Harrington, junior, daughter of Mr. and Mrs. Eddie Harrington; and Jana Jesko, senior, daughter of Mr.

and Mrs. Harry R. Jesko.

All Wolverine boosters are encouraged to participate in the fun and festivities of the 1979 basketball homecoming celebration.

## Extension Office Has Tax Guide

Parmer County Extension Office in Farwell has copies of "Farmer's Tax Guide," 1979 Edition, for use in preparing 1978 Returns; Income and Self Employment Tax. "Please feel free to come by to pick up a

copy of this publication," says Seth Ralston, county Extension agent.

The Extension office also has copies of the 1979 Wheat Program publication, reports the county agent.

## Parmer County Commissioners

### Okay Five Percent Pay Hike

Parmer County Commissioners Court met Monday, with Jack Patterson of Bovina and Raymond McGehee of Lazbuddie attending their first meeting as newly-elected commissioners.

The Court approved a five percent pay increase for employees and elected officials of the county.

The annual sum of \$2500 was allotted to the fire departments of Friona, Bovina, Farwell and Lazbuddie "for services to the area of Parmer County."

The Commissioners also resolved that the January Term of Court be designated January 1 through June 30 of this year and the July Term of Court be designated July 1 through December 31 of this year.

Bonds for the following re-elected or newly-elected county officials were also approved: McGehee, Patterson, Benna Felts, Ray E. Mears, Paul Fortenberry, Dorothy Quickel and Bonnie Warren.

The Court authorized Hugh Moseley, tax-assessor collector, to enter into a computer program agreement with Western Data Services for the

Parmer County Tax Roll for 1979.

In other action the Commissioners authorized Moseley to pay any person employed by the Friona Credit Union, as he sees fit, the amount of \$1 per tag sticker for issuing such stickers and that the County will reimburse Moseley for such expenditure.

The Court also appointed 12 persons to serve on the Parmer County Historical Commission committee. Those appointed for 1979-80 are Hugh Moseley, chairman, and Ida Jesko, Orma Flippin, Otho Whitefield, Ethel Bener, Nelson Lewis, Allo Reeves, Mabel S. Hartwell, Wana Brewer, Grace Whitefield, Louisa Wilson and Mary Dixon.

Seth Ralston, extension agent, reported that corn producers' meetings are being held over the area; and, since the pig scale has arrived he has been weighing pigs and sheep which are 4-H projects for area youngsters.

Laura Jacobs, extension agent, reported that her department would hereafter be known as the Extension Homemakers Association and that they were to do certain method demonstrations and

take some 4-H'ers to Brownwood if possible.

The Court agreed to pay the Panhandle Regional Planning Commission \$550.88 for the 1979 dues.

In other business the Commissioners resolved that a Farm-to-Market CD in the amount of \$35,000 and a Revenue Sharing CD in the amount of \$18,250.00, which are maturing now, be placed on CD with the county depository until March 31 of this year. Both of these CD's belong to Precinct One.

They also resolved that a CD maturing now in the amount of \$25,000 belonging to Precinct Three be replaced on CD with the county depository until March 31 of this year.

## Fortenberry Hears Cases

Parmer County Judge Paul Fortenberry has heard two "driving while intoxicated" cases since the last report.

Romero Gomez, 20, Bovina, was fined \$100 plus court costs and Ricardo Guzman, 61, of Bovina was fined \$250 plus court costs.

## Frigid Foliage

Since the beginning of the new year, area residents have been caught in the grip of what could be termed a mini "ice-age." Snow, sleet, frost and sub-zero temperatures have all combined to keep people indoors and to make driving difficult and hazardous. Old Man Winter's latest spell produced many frosty scenes like this one in the Twin Cities.

# Cold, Snow, Ice Hang On In Area

Weather! Everyone's always talking about it, but no one can do anything about it.

Since the beginning of January, the Twin Cities and surrounding area has been plagued with an unusually lengthy cold spell, marked by continued sub-zero temperatures.

Along with the cold spell, a persistent combination of snow, sleet and ice has coated the streets and highways of the area, causing motorists to drive carefully and school and community events to be cancelled in some towns.

During the height of the cold, cold weather, numerous burst water pipes and stalled vehicles were reported.

Hazardous driving condition bulletins have been issued almost continually since the first-of-the-year storm began two weeks ago. In spite of the bleak weather outlook, many motorists braved the elements either out of necessity or an

unwillingness to give in to Old Man Winter.

The sun (yes, Virginia, there is a sun) occasionally peeked through grey, overcast skies Thursday of last week, but the temporary warming trend did not last long enough to melt the accumulation of ice and snow.

Since the inclement weather began area farmers have been at a near standstill, unable to go about their chores. Any cotton not harvested must wait for warmer times.

Old Jack Frost - the imp of winter - worked some of his frigid charm late last week, creating many beautiful scenes featuring frosted trees, bushes and fences.

While the frosty scenes were pretty to look at, the sub-zero temperatures which prevented Jack Frost's handiwork from melting were not easy to endure.

Besides bundling up under

layers of clothing for treks out-of-doors, residents of Texico and Farwell also drove carefully over the ice packed streets and walked cautiously over slick sidewalks and streets. But in spite of precautions, people did slip and fall and fender benders were unavoidable.

For the most part, traffic on the area's main highways melted a passageway, enabling motorists to navigate to and from their destinations.

This unusual weather spell which has broken numerous records, has many a local resident scratching his or her head and searching past memories for similar conditions.

Enough is enough, though, and West Texans - who are not as used to this cold weather phase of their northern counterparts - are more than ready for "old Sol" to shine and erase all traces of this mini "ice-age."

Jan. 7-13 - -

## Curry Co. Observing Farm Bureau Week

Curry County Farm and Livestock Bureau is observing Farm Bureau Week January 7-13.

L.E. "Pete" Davis, Clovis, president of the New Mexico Farm and Livestock Bureau, says Farm Bureau is a voluntary, dues-supported organization representing farmers and ranchers in legislative, economic and social areas.

Local chairmen for the CCFLB are J.L. Elliott of Field; Truett Borden of Grady; Edgar Hough of Melrose; Paul Dee Barnes of Pleasant Hill; Hubert Qualls of Ranchvale; Eddie Harrington of Rosedale; and Ronnie Curry of Texico.

Officers for the CCFLB are Qualls, president; Gale Pierce of Texico, vice-president; Buford Qualls of Clovis, secretary-treasurer; Beth Hovey of Grier, chairman; Judy Myrick of Ranchvale, vice-chairman; and Faye Plank of Grier, information director.

Directors of the CCFLB are Jack Donahay, Herman Gerjes, and John Hadley, all of Texico; Russell Downey, Allen Kelley and Hoyt Pattison, all of Clovis; Eddie Harrington of Rosedale; James Jones of Ranchvale; Randy Monroe of Field; Wayne Pinnell of Melrose; Wiley Snider of Black Tower and James Williams and Wesley Grau of Grady.

The New Mexico Farm and Livestock Bureau was re-organized in 1946 with 100 prominent farmers and ranchers each contributing \$100.

The state organization has over 10,000 members with county bureaus in every county except McKinley and Los Alamos. State headquarters are located in Las Cruces.

Curry County Farm Bureau represents 764 members, according to Hubert Qualls, county president. The membership represents farmers and ranchers working in a semi-arid diversified agricul-

PURELY  
PERSONAL

by John

Last Monday was the first Monday in three weeks that was a work day. Better it should have been a holiday. We have seldom encountered so many folks feeling bad. A week or so run of cold weather sure depresses residents of the "Golden Spread."

We are sure that our spate of cold and snow would be looked upon as very minor in many parts of the country. They have these type days from November to April almost every year so we are not considering abandoning these old baldies.

We will admit that over the holidays several of the sites of the bowl games looked enticing, but we also remember their tropical deluges, their mud slides, and their huge loss of property due to many other of Mother Nature's tricks.

We lost our vision of an "all Texas" Super Bowl last Sunday, but not our admiration for the Houston Oilers. Let us all hope that next season luck will smile more broadly upon Bum Phillips and he won't lose so many of his starters by season's end.

Of course, we are already expecting the Cowboys to be in next year's playoffs even if they lose the upcoming Super Bowl.

We will admit that Roger the Dodger must look better for the Super Bowl than he did in the Rams game. Yet, with that tremendous Dallas defensive team maybe he doesn't need to be overwhelming, just good.

Well, on Sunday, January 21, it will be another of those afternoons when we say, "Don't call me and I won't call you."

Biggest question around here is, "Did Bum Phillips get his hat back?"

A New Years card making the rounds says, "Forget last year's mistakes - you have a whole year to make new ones in."

Here are a few of Uncle Sam's mistakes last year that we hope aren't repeated this year.

We spent \$64,000 for a study of the mating habits of the fiddler crab plus \$100,000 for a study of the emotional effects of separating a baby monkey from its mother.

For you boating fans here are some facts uncovered by the Department of Transportation as part of a \$150,000 study. In 1973 4,000 kayaks were equipped with a compass; in 1976, 40,000 canoes were equipped with a fire extinguisher; and in 1976, 15,000 canoes and 12,000 thrillcraft were equipped with heads. Probably at the request of the EPA.

The above "mistakes" are rather piddling by government standards and will not affect you and me to any large extent. However, the government, and the President in particular, will be called upon to make decisions that will affect our lives in great detail in 1979. Let us hope that in the new year government "error" will be held to a minimum.

For example, how the Salt 2 talks are resolved will affect us for years to come. How the battle against inflation is waged will have a very personal effect upon us all. How our leaders handle the Iranian problem, how they finally obtain peace in the Middle East, and how a myriad of other national and international problems are resolved will be of very personal importance to each citizen of this country.

We can "afford" for our government to poop off a hundred thousand clams on some exotic research project. We cannot "afford" for our government to poop off our nuclear deterrent. We cannot "afford" for our government

## C. Youngblood Rites Conducted Wednesday

Funeral services for Cery Youngblood, 77, of Farwell were conducted Wednesday at 10 a.m. from Steed Memorial Chapel with Rev. Glenn Lethgo, pastor of Prince Street Baptist Church in Clovis, officiating. Burial was in Sunset Terrace Memorial Gardens under the direction of Steed-Todd Funeral Home.

Mr. Youngblood died Sunday at his home in Farwell. He was born Jan. 26, 1901 in Mills County, Tex. He was a veteran of the U.S. Marines, serving during World War I and II. He was a member of the American Legion and Calumet Oklahoma Masonic Lodge Number 399. He had worked for many years as a gate man at racetracks and came to this area about 15 years ago.

Survivors include his wife, Dorothy, of the home; three sisters, Mrs. Sony Stephens

and Mrs. Reba Farmer, both of Clovis, and Mrs. Rudav Hardcastle of Yuma, Ariz., and one brother, Dee T. Youngblood of Clovis.

Pallbearers were Hugh Moseley, Jim Coleman, Neil Stewart, Prentice Mills, R.W. Anderson and I.W. Quickel, Jr.

CERCY YOUNGBLOOD

## Funeral Services Held For Victoria Garcia

Funeral mass was conducted for Mrs. Victoria Garcia, 89, of Texico at Our Lady of Guadalupe Church in Clovis on December 27 at 10 a.m. with the Rev. Victorin Bachus OFM officiating. Rosary was recited at 7:30 p.m. the same day and burial was in Mission Garden of Memories under direction of Steed-Todd Funeral Home. Mrs. Garcia died December 25.

Mrs. Garcia was the mother of Mrs. Abencio (Flora) Gonzales of Texico and had made her home there with her daughter for several years.

She was born July 1, 1889 in Santa Rosa, N.M., and was a member of Our Lady of Guadalupe Church, the third order for 22 years, and St.

Reta Society for 35 years.

Survivors include nine daughters, Mrs. Romon Chavez, Mrs. Lucario Trujillo, Mrs. Frank Sanchez, Mrs. Severiano Armijo, Mrs. Thomas Sandoval, Mrs. Thomas Duran, and Mrs. Mike Marquez, all of Clovis; Mrs. Abencio Gonzales of Texico; and Mrs. Pedro Alarries of Albuquerque; one son, Ernesto Garcia of Clovis; 65 grandchildren, 121 great-grandchildren, 11 great-great-grandchildren and one great-great-great-grandchild; two sisters, Mrs. Luz Garcia and Mrs. Julia Padillo.

Pallbearers were Archie Sanchez, Joe Armijo, Johnny Trujillo, Danny Garcia, Tommy Sandoval and Frank Marquez.

## Farm Bureau Week . . .

(Continued from Page 1)  
 tural area including irrigation, dryland and cattle operations. Farm Bureau provides strong endorsements of agricultural and consumer research, and dissemination of knowledge gained through this research as well as comprehensive insurance protection programs for farmers and ranchers, and implement tire and battery service which also makes available low cost tires.

Another vital aspect of the bureau is their support of the farmer and rancher in lobbying for pertinent legislation, much of which is formulated at the grass roots level. Dewey Pierce of Texico served as chairman for the Curry County 1978 Resolutions Committee. This committee formulated policies it wished to see adopted on a state and national level.

A member of the Curry County Farm and Livestock Bureau, State Representative Hoyt Pattison attended energy meetings during the year and was instrumental in the success of retaining the Priority 2 in the revised schedule for gas used to power agricultural irrigation wells.

American Farm Bureau Federation has a membership of 3 million. New Mexico Farm and Livestock Bureau is an affiliate.

The local membership drive will be held during Farm Bureau Week, with Allen Kelley and Paul Dee Barnes as co-chairmen.

More than 200 thousand new families joined Farm Bureau across the United States in 1978. They felt it was their best political and economic answer to improving their future.

In the marketplace, Farm Bureau has confronted, head on, those who would control

agriculture through a "federalization" of the nation's waters. They have declared war on the socialization of agricultural water resources.

They have confronted, head on, those who would prevent farm producers from agreeing on pricing arrangements. Farm Bureau will go all out to defend their cooperative rights under the Capper-Volstead Act.

They have confronted the OSHA regulators who assume they have full inspection access to private property without warrant. Farm Bureau's demand for elimination of OSHA has forced the modification of many regulatory requirements.

Farm Bureau is confronting the environmental extremists who, through the Endangered Species Act, pass laws against control and who would leave farmers helpless in the face of livestock-killing predators.

Farm Bureau is engaging in direct-action foreign trade development for all farm commodities. They have opposed, and will continue to oppose, all restrictions on the sale of farm products in world markets.

Farm Bureau seeks to not only improve marketing methods but to strengthen farmers' power in every market place. Their marketing efforts include providing individual members with the best possible analysis and information, so they can make wise personal decisions; and organizations to move commodities through markets at better prices.

Farm Bureau has been especially alert to block the loss of farm and ranch property rights through actions by federal agencies. They have opposed implementation of the 160-acre limit on land a farmer or rancher can own under the Reclamation Act of 1902.

Wilderness and RARE II will be discussed at the National AFBF annual meeting which will be held in Miami, Fla., January 14-18.

## Purely Personal . . .

(Continued from Page 1)  
 to lose our overseas oil supply etc.

In short, while we may quibble about aberrant expenditures for wild projects, we as a people cannot go to sleep and let the government mishandle the many vital issues that will face this country in 1979.

Each year, as the pages of time roll onward, we as individuals lose our isolation from the effects of governmental action and as a consequence we must, each of us, become more aware of actions in Washington and respond to them through our elected representatives.

## Around The Twin Cities

Farwell City Council will meet Monday, Jan. 15, at 5:15 p.m. CST in the City Hall.

Texico Woman's Club will meet Monday, Jan. 15, at 7 p.m. MST in the community building.

Farwell School Board will meet Monday, Jan. 15, at 8 p.m. CST in the superintendent's office.

Farwell Hospital District Board will meet Tuesday, Jan. 16, at 8 p.m. in the Convalescent Center.

Due to lack of a quorum Monday night, Jan. 8, Texico Chamber of Commerce did not hold its regular monthly meeting. The next regularly scheduled chamber meeting is Monday, Feb. 12, at 6:30 p.m. MST in the community building.

## MONEY FACTS & FANCIES

Many people think that in order to earn interest, money deposited in a bank must be put into a savings account. And they were right—until recently. Now many people are earning interest on their checking accounts!

Negotiable Order of Withdrawal or NOW checking accounts pay 5 percent interest to depositors on their average daily checking account balance. Although only banks in New England are legally permitted to offer this service, anybody—anywhere—can take advantage of it by mail!

## Friona Drug Store . . .

## Dumas Man Nabbed In Attempted Break-In

Scott Neill, 20, of Dumas was arraigned Monday before Parmer County Judge Paul Fortenberry and charged with the attempted break-in of the Bi-Wise Drug Store in Friona. Judge Fortenberry set bond at \$5000 and Neill was bound over for grand jury action.

Friona police officers arrested Neill Saturday as he allegedly attempted to enter the drug store through the air conditioner on the roof. Parmer County Sheriff Charles Lovelace said that Friona law officers discovered Neill inside the air conditioner.

Apparently someone spotted Neill on the roof and notified the police, Sheriff Lovelace said. Nicky Hand, Friona policeman, transferred Neill from the Friona jail to the county jail in Farwell Monday.

Lovelace said the motivation for the attempted break-in was "probably narcotics." In other law enforcement activities, Lovelace said the Bovina ag department at the high school was burglarized last week. Very little damage was done, but a few candy bars and a small amount of change in a coffee can were taken, he said.

Lovelace said the perpetra-

tors of the crime sawed off a padlock in order to get access to the can of money.

Bovina City Marshal Jerry Atchley, Deputy Marshal John Vaughn and Parmer County Deputy Henry Minter are investigating the incident,

Lovelace said. The sheriff also reported that Rocky Steelman of Amarillo was returned from Amarillo for probation violation. He will appear before District Judge Pat Boone Jr. Steelman was originally charged with theft and forgery.

## Texico Voters To Elect 2 School Board Members

Voters in the Texico Municipal School system will go to the polls Tuesday, Feb. 6, to elect two school board members.

Mike Spearman and Greg Martin are running for positions one and two. Retiring school board members are D. Smith Day, president, who has served six years and Roy Richardson, secretary, who has served 12 years.

Absentee voting began this week and will continue until Feb. 2, the deadline for absentee voting in person, and Feb. 6, the final deadline for mailing in absentee ballots.

The polls will be open at Texico City Hall from 8 a.m.

to 7 p.m. MST on election day. Election judges are Mesdames J.D. Kelley, Lonnie Tharp and Keith Scott. Mesdames Howard Whitener and J.B. Taylor will serve as election clerks. Mrs. O.B. Coffey is the alternate election official.

Absentee voting officials are Mesdames Bill Christian, Mercedes Rojas, and Ray Dobbs, judges; and Mesdames Butch Tharp and Jack Donahey, clerks.

# Cotton Inc. Aids Producers

U.S. cotton took several heavy blows in 1978. An impossible cotton dust standard announced in June caused a number of mills to move away from cotton. The denim market went into the doldrums and production of this leading consumer of cotton fell more than 40 percent. Textile imports are up nearly 30 percent to an annual rate of 1.8 million bale equivalents, three-fourths of which is foreign grown cotton.

In the face of such adversity, one would expect cotton's share of the fiber market to be on the decline. However, in spite of these handicaps, cotton's share of total U.S. mill fiber consumption slid only a little more than a percentage point. And its share of staple fiber consumption is down a little less than two percentage points.

been promoting the comfort, performance and natural beauty of cotton for nine years. After more than two decades of slick, uncomfortable, snagging synthetics, consumers were receptive to these messages. Thanks to adequate cotton producer dollars, consumers are now hearing these messages with far greater frequency.

Through research at Cotton Incorporated, improved cotton products such as Natural Blend TM shirts and sheets were developed to keep pace with consumer demand. A new 100 percent cotton durable press shirt will be on the market by spring of 1979 which will surely increase this demand. All these market forces, which would not have been impossible without producer contributions, have prevented catastrophic market share losses for cotton in a very difficult period.

Also to the favor of cotton producers, the weak denim market has been due more to working off over-production than to falling consumer demand. There are now signs that excess stocks have been largely depleted. In October, the biggest denim producer announced a price increase for the first quarter of 1979 after sharply reducing prices earlier this year. There is talk that denim mills may be back to full work weeks by as early as December.

One thing is certain. Producer investments in cotton research and promotion have paid off and this is no time to allow market development to slacken. Every possible dollar is needed to increase cotton markets and to fund research to cut farmers' costs and increase their profits.

## Undergo Training

John Defoor of Farwell, left, and Bruce Barrs of Kermit undergo heat pump training in the South Plains College refrigeration/air conditioning mechanics training program.

# Employers Advised Of Change In W-2 Forms

Employers should remember that there's a new way to report employees' wages for social security purposes, Augustine Casares, social security branch manager in Clovis, said this week.

There's also something new to read those reports -- a machine called an optical scanner that translates the reports to the magnetic tape language that a computer can understand.

Casares said the Social Security Administration is concerned because some early reports are being received in a format the optical scanner can't read -- and that means more expensive manual processing.

Beginning with 1978 wages, employers are to use Form W-2 (Wage and Tax Statement) to report their workers' earnings, Casares said. Form W-2 has been revised for 1978 so it can be read by the scanner.

The Form W-2's are printed three to a page, and Copy A of the form is to be submitted to social security in just that way -- three to a page.

Some employers are going to the trouble of cutting the forms apart, which means they cannot be processed by the optical scanner, Casares said.

Other employers are sending in the Form 941's that were used previously for earnings reports. And some are using older Form W-2's. Those forms cannot be processed by machine either, Casares said.

Employers should use only the 1978 Form W-2, he emphasized. And the entire page must be sent in even if one or two of the forms are blank, he said.

The changeover is part of the switch to annual reporting employees' earnings, Casares explained. Reports were submitted quarterly in previous years.

All Forms W-2 should be submitted with Form W-3 (Transmittal of Income and Tax Statements).

The forms are available from local Internal Revenue Service offices or from private printers.

The deadline for submitting the forms is February 28, 1979. Detailed instructions for completing the forms are given in the December 1977 Circular E (Supplement), Employer's Tax Guide. Employers who don't have a copy of Circular E can get one from the nearest Internal Revenue Service office, Casares said.

**PUBLIC NOTICES** in Your Newspaper Today

Cotton producers who feel the urge to congratulate someone for turning this potential tragedy into a relatively good performance should call a meeting and applaud themselves. Because, funded totally with cotton producers' dollars, Cotton Incorporated has evidently built a consumer base strong enough to withstand such hardship.

Cotton Incorporated has

But what about the future? What are the prospects for improvement as 1978 draws to a close?

The National Cotton Council continues to lead the political and legal efforts to moderate the cotton dust standard, resulting in several key Congressional votes regarding OSHA handling of the standard. The courts have stayed enforcement of the general industry standard until judicial review is completed. These developments are obviously encouraging and the ultimate solution lies within reach.

Cotton Incorporated has been heavily involved in cotton dust research but the severity of the new standard calls for a redoubling of this effort. The crying need is to identify the problem agent in cotton dust and this can only be accomplished by more research. A promising lead on "washed" cotton is now being investigated by Cotton Incorporated, USDA, and the textile industry.

Texico City Council at its Tuesday night meeting granted a mobile home variance to Ricky Cain who will park a mobile home behind 520 Turner Street. The Council also okayed repairs to be made on the city's water line which services the Cecil Montano home.

G.H. Kendall, DVM of Clovis will conduct a rabies clinic March 8 from 1-4 p.m. MST at the Texico Fire Station.

George Davis of Clovis will

# Texico City Council Grants One Variance

be contacted regarding the purchase of dumpsters for commercial use.

The Council signed a Powers of Agreement document with the state highway department as a prelude to the department's project of chipping and sealing the streets in Texico this spring.

Council members unanimously agreed to have the abandoned houses on 305 Lamar and 609 Garwood condemned.

The Council approved the municipal judge's report and the municipal report which the city sends to the Department of Finance Administration every three months.

Attending the meeting were Mayor Manford Turnbough; trustees Bill Thigpen, Vane Doshier, Lewis Cooper and Marie Christian; and city employees Mickey Fenn, Harry Patton and Bill Hammit.

## Letter To The Editor

Hey John:

What happened to the follow up story on the drilling for oil or gas at Lariat? Did they get anything with grease in it or is it a dry hole. Let us people who read the Tribune know something. If this is a dry hole I suggest pulling that hole out and letting Ed Hardage and Willie Williams sell it for post holes. Okay?

Still enjoy the paper. Hope someday to return to Farwell. Been 30 years since I left there. At the present time I am the owner of Oil City Barber Shop in Electra, Texas and would enjoy seeing my old friends drop in for a visit when they come this way.

Your friend,

Leon Magness  
Oil City Barber Shop  
106 W. Cleveland  
Electra, Texas 76360

(Editor's Note: Well, Leon, we don't know anything either. One day the drilling rig was still there and the next day it wasn't. Rumor is that they "found nothing worthwhile" -- whatever that means. But no official or anyone connected with the operation could be contacted to learn what the real status is. John)

# This I Know - - -

by Leonard Harper  
Minster  
Farwell Church of Christ

GOD CLEARLY REVEALS that each one of us must accept "personal responsibility" for ourselves. We are expected to help and encourage one another, but must never try to shift our responsibility from self to others.

"Take heed to Yourself." (1 Tim. 4:16). "Every man shall bear His own Burden." (Gal. 6:5). "WE MUST ALL APPEAR before the judgment seat of Christ; that every one may receive the things done in his body, according to that HE HATH DONE, whether it be good or bad." (2 Cor. 5:10).

PERSONAL RESPONSIBILITY includes: 1) Personal godliness; 2) Personal health; 3) Personal habits of living; 4) Personal manners; 5) Personal disposition; 6) Personal purposes and aims; 7) Personal associations with other people.

The Apostle Paul accepted his personal responsibility. "I keep under my body, and bring it into subjection; lest that by any means, when I have preached to others, I myself should be a castaway." (1 Cor. 9:27). This man knew, what we must know, that we are personally accountable to God.

WE MUST CARE as much as God cares, and he cares enough to provide the Savior - (Rom. 5:8,9); the church - (Matt. 16:13-18; Acts 2:47); and His revealed word - (2 Tim. 3:16, 17). We, by obeying God's written word, by being baptized believers (baptized for the remission of our sins), can fully meet all of God's expectations - Fully accept our "Personal responsibility."

## Portraying Area Homemakers

by Shirley Gorman

Mrs. Mike (Patsy) Camp of Farwell, our area homemaker this week, is an active woman who stays busy looking after daughter, Kara, 6; and son, Klay, 3; refinishing furniture and when the occasion arises - bottle feeding calves.

These are just a few of the things she likes to do.

Patsy has an antique table in her kitchen - approximately 80 years old - which she recently stripped and refinished. It had belonged to Mike's parents and when Patsy and Mike married they "inherited" the table.

Our homemaker refinished some unfinished chairs to match the table and now the set is part of the decor of the kitchen of the Camp's new home on Fifth Street.

The Camps moved into their new home in July of last year. They drew up the plans themselves and a Clovis contractor constructed the home.

Mrs. Camp said she designed their new home with the intention of making the kitchen "her domain." It has enough storage and counter space for her to prepare meals for her family, she says.

Before proceeding to build their new home, she said they looked at the floor plans for ready-built homes in Lubbock before drawing up their own plans.

"This way we have just what we want and need," she said.

Besides refinishing the kitchen table and chairs, Patsy has also refinished a chest of drawers for Klay's room. "I am an antique bug," she laughed.

She had never worked with furniture before, but after watching an uncle refinish an old wash stand, Patsy realized "what could be done."

Later she purchased the necessary materials, read the brochures and set to work. After a lot of "elbow grease" and some "trial and error," Patsy is "pleased with the results," she said.

From time to time, our homemaker has also been called upon to "mother" some baby calves - 13 at the last count. "Actually, the calves are Kara and Klay's project, but I help out," she explained.

Once before she said they weaned Kara by having her give her bottle to one of the calves.

"We tried that with Klay but he never got the message," she said.

That was last summer and looking after those calves as well as an active family kept Patsy quite busy, and the family "on the go" a lot.

"But it was a lot of fun and we enjoyed it," she said.

Patsy also likes to crochet and she has made several afghans. This year she has also started substitute teaching at Farwell Schools, something she has come to enjoy very much.

"It's easy with Kara in school since I am home when she is and it is good for Klay to be with a babysitter once in a while," Mrs. Camp said.

She is a member of the Oklahoma Lane Home Demonstration Club and also plays for an outsiders volleyball team.

"We are presently trying to reorganize the team," she said. "Tournaments are sup-

posed to start next month."

Riding horses is another favorite pastime of Kara and Klay. Kara calls her horse, Jigger, and Klay's colt is named Blazer. Patsy once loved to ride, too, but since a horse threw her she has not been "back in the saddle."

Our homemaker was born in Muleshoe, but she and Mike both attended and graduated from Farwell Schools.

They were married in 1970 after Patsy had worked as a dental assistant for approximately two years.

"After I graduated from high school my dad wanted me to learn a trade so that I could always be able to support myself," Patsy said.

"I decided to attend the Houston Dental Academy for four months," she said. "I enjoyed the accelerated course, but it was hard to keep up with all the studying sometimes," she explained.

"After I graduated I worked for a dentist in Lubbock for about two years," Patsy said.

While in high school she always wanted to be a nurse, and becoming a dental assistant was the closest thing she could find to that profession.

Patsy enjoys and values the time she spent on her own - after high school and before her marriage to Mike. "I think it has made me a stronger person, better able to deal with the crises which arise in everyday living," she said.

The Camps are members of the Church of Christ at Lariat.

Camp farms near Farwell.

Our homemaker has three recipes she has consented to share with our readers.

### BACON PINWHEELS

One can of crescent rolls. Remove rolls from can, seal perforations and roll until dough is thin in an oblong shape. Place bacon slices on dough lengthwise side by side. Roll tightly, jelly roll fashion. Chill for several hours. Slice thin, place on ungreased baking sheet. Bake at 450

degrees for 10-12 minutes.

### SWISS STEAK

One package of round steak. Cut in serving sizes, roll in flour, fry slightly in hot oil; remove from oil and drain. Place all fried pieces into drained skillet. Add salt, pepper and chili powder. Then pour in one quart of tomatoes and slice in one-half bell pepper, chop in one-half onion. Let simmer for 30 minutes.

### FRENCH CHERRY TART

**Crust:**  
3 egg whites (beat till foamy)  
1 c. sugar (add gradually)  
Fold following into egg white mixture:  
1 c. finely crushed soda crackers  
1 t. baking powder  
1 t. vinegar  
½ c. chopped pecans  
Mix together. Spread over 9x13 greased pan and bake at 325 degrees for 20 minutes.

**Topping:**  
1 8 oz. pkg. cream cheese (beat till creamy)  
Add:  
½ c. powdered sugar  
1½ t. vanilla

Fold above mixture into one large bowl of Cool Whip. Mix well then spread over crust. Then on top spread one can of cherry pie filling. Add a pinch of salt and a few drops of red food coloring to pie filling before spreading. Chill.

### January Wedding Set

Mr. and Mrs. Phillip H. Shelton of Pleasant Hill announce the engagement and approaching marriage of their daughter, Lori, to Dwayne Kelley, son of Mr. and Mrs. J.D. Kelley, also of Pleasant Hill.

The couple will exchange vows Friday, Jan. 26, at 7 p.m. in Pleasant Hill Baptist Church. A reception will be held in the church fellowship hall following the ceremony. All friends and relatives of the couple are cordially invited to attend.

The bride-elect is a 1978-79 mid-term graduate of Clovis High School. The prospective bridegroom is a 1974 graduate of Texico High School. He graduated from Eastern New Mexico University in 1978 with a degree in marketing and advertising. He is currently employed in Odessa.

## Synthetic Suede 'Knowhow'

**COLLEGE STATION-** Easy-care "knowhow" makes synthetic suede one of today's "main attractions" in fashion, says Nancy Brown, a clothing specialist.

Synthetic suede combines the plushness of suede with the easy-care properties of synthetic blends.

Suede look-alikes will ma-

chine wash and dry - and they boast resistance to wrinkling, shrinkage, spotting and fraying.

But be careful, she warns. Miss Brown is with the Texas Agricultural Extension Service, The Texas A&M University System.

**READ LABELS** Laundering and drying in-

structions vary, so read care labels and follow instructions.

**'DON'T SQUEEZE THE SUEDE'**

When sudsing suede synthetics by hand, take care during the rinse not to squeeze or wring the items.

To remove excess moisture, roll the garment in a towel. Lay it flat or hang it to dry.

**TRAVEL CARE**

Synthetic suede travels easily due to its wrinkle resistance.

For touching up, iron it. Using a low-heat setting, press it on the wrong side-and use a press cloth.

Brush it lightly in one direction to restore the nap.

"Friendship's the wine of life."  
Edward Young

### Reading Practice

Mrs. Mike (Patsy) Camp of Farwell, our area homemaker this week, spends a relaxing moment with her children, Klay, 3, and Kara, 6. Kara, who is learning to read this year, likes to practice her newly-learned skill for her mom and brother. Mrs. Camp likes to spend time playing and being with her children. Recently Kara paid her a compliment by saying: "I'm lucky to have a mom who will play Barbie dolls with me."

## Two Farwell Women To State Meeting

More than 700 members and advisors of the State Association of Young Homemakers of Texas are expected for the 17th annual state meeting in Waco, January 26-27. The Waco Convention Center will be the site for the 1979 convention.

Young Homemakers, an association of young adults ranging from 18 to 35 years of age who are interested in improving their homemaking knowledge and skills, have chosen "From Self to Others" as the convention theme. Attending from the Farwell Chapter will be Sharon Eubanks, Historian and Area I Vice-President, and Janice Fant, advisor.

Three distinguished presenters will highlight the two-day event. Grant Teaff, head football coach at Baylor University, will be the main speaker for the opening session Friday morning. His topic will relate to commitment. The presentation by Dr. Marjorie Barlow on Friday afternoon will be concerned with non-verbal communication. Saturday morning, Harold Bryson, representative of the

United States Department of Agriculture, Dallas, will discuss "How to Increase Your Horsepower."

"The Polyfoniks," a singing group from Temple High School, will make a return appearance to entertain at the luncheon on Friday. This group has performed throughout Texas and is a favorite with Young Farmers and Young Homemakers.

Young Homemakers of Texas achievement awards will be presented during the luncheon program. The Outstanding Chapter, the Outstanding New Chapter, and the State Future Homemaker of YHT will be recognized. Honorary members

of the state organization will be named also.

Also featured will be a style show scheduled for Friday night by "Wendy Ward" from Dallas Montgomery Ward. She will provide models, clothes, and narration.

During the Saturday session, YHT delegates will elect a new state president to succeed Mrs. Phyllis Rogers of Krum. The annual meeting will conclude with the installation of officers.

Homemaking Education, Texas Education Agency, sponsors the Young Homemakers of Texas, while homemaking teachers serve as chapter advisors.

The best watches have between 120 and 160 parts.

## Deanne Day, Ted Richardson Exchange Double Ring Vows

Farwell Church of Christ was the scene for the wedding of Deanne Day and Ted Richardson on December 2, 1978. Parents of the couple are Mr. and Mrs. D. Smith Day of Texico and Mr. and Mrs. Roy Richardson of Pleasant Hill.

Double-ring vows were pledged in a 6 p.m. candlelight ceremony performed by Leonard Harper, minister of the church.

Music was provided by a chorus from 16th and Pile Church of Christ of Clovis. Vocal selections were sung as Jeffrey Day and James Kelley lit the candles. A duet, "Devoted to You," was sung by Keith Fuchs and Julie Brown. Clayton Fuchs sang the "Wedding Prayer" as the couple knelt to pray.

The altar decoration was centered with a fan-shaped arrangement of white gladioli and coral carnations surrounded by arch and spiral candelabras holding ivory tapers. Palms and nine-branch candelabra centered with a kneeling bench decorated with huckleberry foliage completed the decoration.

The bride, given in marriage by her parents, escorted by her father, wore an ivory polyester organza gown with long fitted chantilly lace sleeves, and sequined scalloped lace trimming the sheer empire bodice. The full A-line chapel length skirt featured a deep gathered lace-trimmed flounce circling the bottom and sweeping up the back to the waistline and topped with a satin bow and long streamers. The matching fingertip veil was attached to a lace covered Juliet cap. She carried a nosegay of coral carnations and Sonya roses accented with baby's breath, ivory tulle, and streamers.

For something old the bride wore her maternal grandmother's engagement ring, something new was her dress, something borrowed were pearl earrings borrowed from her cousin, Dona Gerles, and something blue was a blue garter. For good luck she wore in her shoe, a sixpence, a gift from the Citizens Bank of Clovis.

Sheryl Day, sister of the bride, served as maid of honor, and wore a long gown of coral crepe trimmed in ivory lace. Bridal attendants were Deborah Autrey, long-time friend of the bride, and Dona Gerles. Each wore a gown identical to that of the

maid of honor and carried a nosegay of coral and white pixie carnations accented with coral tulle and streamers.

Serving as best man was Don Cherry of Texico, close friend of the couple. Groomsmen were Oran Jay Autrey and Ken Richardson, brother of the bridegroom. Michael Day, brother of the bride, served as ringbearer. The bridegroom and groomsmen wore tuxedos in wedding toast with dark brown velvet lapels. The bridegroom's boutonniere was a single Sonya rose, while the groomsmen wore coral carnations.

Ushers were Bob Gerles, cousin of the bride, Jeffrey Day and James Kelley. All wore tuxedos identical to those worn by the groomsmen.

Guests were registered by Mrs. Don Cherry, close friend of the couple.

Following the ceremony a reception was held in the church fellowship hall. The bride's table was covered with an ivory lace cloth and crystal appointments were used. The four-tiered ivory wedding cake, decorated with coral

roses, topped by a heart and two wedding bells, was made by Wilma Barnes. Cake and punch were served by Becky Potts of Lubbock, Vala Defoor, and Becky Grau, both of Clovis.

The bridegroom's table was covered with a brown cloth with ivory trim. Debbie Lacy of Portales and Kathy Cherry served the chocolate cake and coffee from silver appointments.

Hostesses for the reception were Donna Donahey, Diane Eshleman, Lynn Roberts, Jerri Tharp, and Kerri Donahey.

Mr. and Mrs. Roy Richardson hosted a rehearsal supper in their home at Pleasant Hill.

The couple was honored at several showers, including the Farwell Church of Christ, the Pleasant Hill Baptist Church, a recipe shower and a Christmas decoration party in the home of Mrs. Bud Pearce.

After a wedding trip to Oklahoma, the couple is at home in Texico.

Out-of-town guests included Vera Martin and Angela Dean of Cleburne; Doris Wall and Maunelle Harris of Dublin, Ken Richardson of Grants, N.M., and Mrs. and Mrs. Herbert Day of Friona.

Grandparents of the couple attending were Mrs. Nellie Wall, Mrs. Clyde Rayl, and Mr. and Mrs. A.O. Day, all of Clovis.

### Has First Birthday

Matthew David Ensor, son of Mr. and Mrs. Jace Ensor of Ruidoso, N.M., celebrated his first birthday on Wednesday, Jan. 3.

Matthew David's grandparents are Mr. and Mrs. James Ensor of Llano, Tx., formerly of Farwell, and Mr. and Mrs. Ribble Holloman of Clovis.

Great-grandparents are Mrs. Lena Kelso of Idalou, Mrs. Nora McDaniel of St. Vrain, N.M., and A.S. Holloman of Clovis.

MATTHEW DAVID ENSOR

### Thornberrys Have Son

Mr. and Mrs. James Thornberry of Farwell are parents of a son born Monday, Jan. 8, at the hospital in Muleshoe. The new arrival, who has been named Andrew Enoch, weighed 8 pounds, 2 ounces and was 19½ inches long at birth.

He has a sister, Amy who is two years of age.

Maternal grandparents are Mr. and Mrs. H.E. Anson of Clovis and paternal grandparents are Mr. and Mrs. Enoch Thornburg of Cucamonga, Calif. Mrs. Clara Anson of Clovis is a great-grandmother.

The ancient Greeks tried to make rain by dipping oak branches in water.

MR. AND MRS. TED RICHARDSON

## Texico WMU Observes Royal Service Program

The Women's Missionary Union of First Baptist Church in Texico met at the church Wednesday afternoon, Jan. 3, for their regular Royal Service program. Margaret Horne was in charge due to the absence of Mora Schlueter, chairman.

The program opened with Lois Hudnall playing "He Included Me" on the piano. Afterwards she gave the names of missionaries having birthdays on that day. She also discussed Rebekah Naylor of India, "missionary of the week" whose birthday was January 3. Mrs. Hudnall then led in prayer.

The program was "Ministering To All The People."

Others taking part in the program were Mary Hill, Velma Kelley and Mary Dell Brown.

Mrs. Lawrence Byous of the Sandia Baptist Church of Clovis, special guest, gave a talk about the Laotian families who attend that church.

Mrs. Hudnall then dismissed everyone with prayer.

The six members attending were Mary Hill, Velma Kelley, Mary Dell Brown, Lois Hudnall, Margaret Horne and Gracie Dane. One visitor, Mrs. Byous, also attended.

## Self Defense For Women To Be Homemakers' Topic

Farwell Young Homemakers are sponsoring a program on "Self Defense for Women" at the organization's regularly scheduled meeting on Tuesday, Feb. 6, at the Farwell School home economics building at 3:30 p.m.

All women of the area are encouraged to attend this meeting at which Tony Guess, DPS education officers from Amarillo, will present an informative talk and slide presentation on defensive tactics for women.

The Young Homemakers met January 9 and heard a

program on "Emergency First Aid for Children" presented by Mrs. Sarah Owens, R.N., school nurse for Farwell and Bovina school systems. Mrs. Owens recommended procedures for parents to use in event of certain accidents and conditions.

Hostess Bobbie Pierson served refreshments of cake, candy and soft drinks to members Anita Ralston, Charlotte Donaldson, Tina Sides, Sharon Eubanks, Janice Fant and Ruth Anne Bennett.

During the business meeting it was pointed out that the

group would continue to sell the Farwell Steer T-shirts at the home basketball games. It was also reported that a husband-wife Valentine social would be Friday, Feb. 16, at the home economics building.

### On Dean's List

Two Farwell girls who are attending college at Temple Junior College, Temple, Tx., have been named to the Dean's List for the fall semester recently completed.

They are Carol Vinton, sophomore, daughter of Mr. and Mrs. Robert Vinton; and Penny Hughes, freshman, daughter of Mr. and Mrs. Walter Hughes. The girls are to return to Temple this weekend following the Christmas and New Year break which they spent here with their parents.

### Coffman Family Enjoys Reunion

The children of Mr. and Mrs. E.R. Coffman of Farwell were all able to visit here with their parents sometime during New Year's week. A special luncheon on New Year's Day featured fresh shrimp provided by Coffman who had just returned from a deep sea fishing excursion.

Present for the meal and fellowship that day were Frank Coffman and family of Liberal, Kans., Chuck Tipton of Portales, Gary and Sharon Gallon and Kim of Alva, Okla., Melody and Misty Drake of Friona, Mr. and Mrs. Hob Coffman and children of Amarillo, and Gaye and April Coffman and their guests, Billy Roberts of Farwell and Brent Ross of Portales, and Leon and Mac Langford of Farwell.

Also calling during the day were Mrs. Coffman's sister and brother-in-law, Doyle and Chris Pittman of Levelland, and her nephew Charles Widenor of Claremore, Okla.

The Coffmans' daughter and family, Mr. and Mrs. Doug Autrey and Jeanne Nicole of Grant, N.M., were unable to attend, but arrived the past weekend to visit a few days.

Steers, Steerettes, JV Girls - -

# Farwell Blasts Hart In Conference Opener

Farwell Steers, Steerettes and the JV girls opened District 3-A play Tuesday, trouncing visiting Hart, 75-31; 59-53; and 43-23.

Kayle Watts with 23 and Mark Owen with 19 were high point men for the Steers. Others adding points were Randy Gerles, 9; Rowdy Chandler, 8; D.D. Foster, 6; and Max Lonsdale, Robin Roberts, James Castleberry, Rodney Robertson and Craig Koltwasser, 4 each. Gerles was leading rebounder with 9.

Paula Christian and April Coffman were high scorers for

the Steerettes with 18 and 12. Also scoring were Jana Berry, 8; Lisa Hughes, Karyn Blain, and Gina Eubank, 6 each; and Yolanda Martin, 3. Blain was leading rebounder with 8.

Neither coach Mike Martin or Larry McDorman commented on the varsity games.

The JV girls "did a super job," commented Coach Bill Phillips about his charges' efforts in their first district encounter.

Farwell's balanced scoring attack coupled with a season high 36 rebounds proved

too much for the JV visitors.

Ginger Ellison led in rebounds with 10. Janene Berry was top scorer with 14, followed by Karen Magness and Lari Curtis with 8 each; Ginger Ellison, 5; Lori Turner, 4; Judith Schilling, 2; and Jamie Cantu, 1.

The Steers, Steerettes and JV girls will host Kress Friday night with games starting at 5:30 as district competition continues. The freshman boys and girls teams were to host the Bovina frosh Thursday with the first game to get underway at 7 p.m.

Kress Next - -

# Farwell Jr. High Hosts S-E, Hart

Farwell Junior High basketball teams hosted Springlake-Earth Thursday of last week, winning three of four games. The 7th and 8th girls bested their opponents, 12-0 and 14-7. The 7th Yearlings won, 23-11, but the 8th Yearlings lost, 33-10.

The local Jr. High teams hosted Hart Monday with the 7th graders winning both games and the 8th graders dropping their games. The 7th Yearlings upped their record to 5-1 with a 30-18 win over Hart. The 7th girls also won, 22-12. The 8th boys and girls lost 22-10 and 25-8.

Alan Eubank pumped in 12 points for the 7th Yearlings against Hart. Also scoring were Manuel Cantu, 7; Raymond Sierra, 5; Johnny Daniel, 4; and Dustin Winter, 2.

"It was one of our better games," commented Royce Baker. "We hustled well but missed some easy shots."

Lezlie Castleberry turned in 14 points for the 7th girls. Others scoring were Norine Jones, 4; and Tammy Goldsmith and Cassie Chavers, 2 each.

Making points for the 8th Yearlings were Frank Cantu,

3; Elcio Silva, Tim Watkins and Gary Gouge, 2 each; and Jay Anderson, 1.

Scoring for the 8th girls were Jennifer Williams, 6; and Kelly Davis and Tammy Obenshain, 1 each.

Upcoming games include hosting Kress next Monday night, Jan. 15.

Egg protein is so near perfection that scientists often use it as a standard to measure the value of protein in other foods.

# Farwell To Crown Cage Queen, King

Farwell High School will crown a basketball Queen and King next Friday, Jan. 19, at a special pep rally to be held at 3 p.m. CST in the gym. Candidates were to be selected this week and will be announced in next week's Tribune.

Even though the basketball royalty will not be referred to as the homecoming queen and king, the Friday night cage game will be the homecoming game. Farwell will host Bovina in an important District 3-A match.

The high school Student Council is sponsoring these special basketball activities. The pep rally will mark the first time a basketball queen and king have been crowned at Farwell.

Student Council members urge all Farwell boosters, especially ex-students, to attend the pep rally and the homecoming game later that afternoon.

Two Farwell Steers have been named to the All South Plains gridiron team.

Rowdy Chandler was named first team defensive linebacker. DD. Foster received honorable mention as offensive guard and defensive linebacker. Both boys are seniors.

The Class A All-South Plains first team offense includes Randall Galbraith, QB, Vega; Tony Acosta, RB, O'Donnell; Kelly Ferree, RB, Crosbyton; Robert Smith, RB, Hale Center; Eric Hammock, E, New Deal; Quentin Berry, E, Petersburg;

Also, Tim Arthro, T, Vega; Jim McIntire, T, New Deal; Paul Crosnoe, G, New Deal; Coy Holcombe, G, Lorenzo; Miles Tollison, C, Stanton.

The first team defense is composed of Mike McCormick,

DL, Seagraves; Miles Tollison, DL, Stanton; Gary Cannon, DL, Vega; Kenneth Bounds, DL, Ralls; Jim McIntire, DL, New Deal; Tony Acosta, LB, O'Donnell; Keith Hukl, LB, Stanton; Rowdy Chandler, LB, Farwell; Keith Ellerd, DB, Seagraves; Timmy Williams, DB, Kress; Joe Rodriguez, DB, Vega.

Randall Galbraith of Vega was named "player of the year" and Jim Eddins of Seagraves was named "coach of the year."

# 2 Farwell Steers Receive All South Plains Honors

# Boat And Ski Club Plans Annual Show

The Panhandle Boat and Ski Club will present its 24th annual Amarillo Boat, Sport and Travel Show at the Amarillo Civic Center January 26, 27 and 28.

These dates are packed with entertainment that is sure to please each and every member of the family. There will be hundreds of boats on display, along with campers, trailers, coaches and motor homes.

The line-up of entertainment will fill the hours of 3-10 p.m. on Friday, 10 a.m. to 10 p.m. Saturday, and 12 noon to 8 p.m. Sunday.

Featured will be the all-new electric automobile battery-

powered by J.M.J. Electronics of Oklahoma City. Many other entertaining features will be on each day's schedule.

There will be door prizes plus free gifts for the kiddies from the Khiva Klowns.

Also to be shown will be the latest in racing boats, sand buggies, motorcycles and sky diving equipment, plus there will be skin divers shown in action.

Admission is \$1.50 for adults and 75 cents for children 15 years of age and under.

You can integrate old and new styles when you decorate your home if the styles are of the same degree of formality.

# Wolverine Varsity Girls Beat Tucumcari, Grady

Texico varsity Wolverine girls defeated Tucumcari Monday night, 58-44, and Grady, 33-31, on January 2.

The junior varsity girls narrowly slipped past Tucumcari, 33-31.

A combined 7th and 8th grade girls team blasted Grady, 31-8, January 2. Saturday the 8th girls fell to Bovina 4-14, and Bovina defeated the 7th girls, 58-34.

Conflict were T. Harrington and Coffey, 14 and 15. Also adding points were Turner, 9; Jesko, 6; and Celia Johnson, 5. Leading rebounders were T. Harrington, 18; and Coffey, 14.

"Our team is getting more balanced every game. We still have some problems in passing and free shooting, but we are working hard to overcome this," King said.

"We played pretty well considering that we had just come off Christmas vacation," King said.

\*\*\*\*\*

Making points for the 8th girls are Sharlet Taylor, 9; Pam Hoyl, 3; and Tammy Landis, 2. Their record is 4-4.

"We just couldn't make points. Our 8th grade team has trouble getting off their shots," King said.

The varsity girls are now 2-2. Double figure scorers in the Tucumcari game were Tonye Harrington, 18; and Teresa Turner and Lori Harrington, 12 each. Also scoring were Lisa Coffey, 8; Schree Rucker, 6; and Jana Jesko, 2.

Leading rebounders were T. Harrington and Coffey, 15 each.

"We played a good ball game. We handled their press and also shot exceptionally well from the outside," coach Roy King said. "We hit the open man with passes a lot better than we usually do. But we are getting into trouble by committing too many silly fouls," he said.

High scorers in the Grady

Roxanne Cherry was high point JV girl in the Tucumcari game with 10. Others scoring were Teresa Golledge, 7; Becky McDonald, 5; Kerri Donahey, 4; Leslie Elliott and Jill Jesko, 2 each; and Carletta Fitz, Tracy Dobbs and Jo Hill, 1 each.

"This was our first game of the year and I think we played well," King said. "A lot of the girls were really scared. Tracy Dobbs did an outstanding job of handling the ball."

\*\*\*\*\*

Ruth Scott earned 19 points for the combination 7th and 8th girls team. Also scoring were Jill Jesko, 6; Tammy Landis, 4; and Sharlet Taylor,

High point girls in the 9th girls game were Tracy Dobbs, 17; Ruth Scott, 13; Lisa Crooks, 12; Jo Hill, 8; Jill Jesko, 4; Tammy Landis and Corinna Hungerford, 2 each.

"We played extremely well except for getting into foul trouble," King said. "We had good balance scoring. Dobbs did a tremendous job of handling the ball." They are 8-3 for the season.

\*\*\*\*\*

The 8th and 9th girls will travel to Tatum this Saturday and to Bovina next Thursday, Jan. 18. The varsity and JV girls will host Elida this Saturday and travel to San Jon next Tuesday, Jan. 16.

## Student Of The Week At Texico School

JOE MARTINEZ

Joe Martinez, a junior at Texico High School, is this week's "Student of the Week". He participates in football and track. Recently he was named Lineman of the Year by the UPI polls in Class A football.

Joe is the son of Mr. and Mrs. Guadalupe Martinez. [Selection of "Student of the Week" made by anonymous committee.]

Texico - -

# Varsity Boys Lose Tourney; Junior High Loses To Bovina

The Texico Wolverine boys fared poorly in last weekend's tournament at Clayton, losing all three games.

The first game, Thursday of last week, found Texico bowing to Clayton, 69-63. Raton blasted the Wolverines, 81-61, Friday. Cuba slaughtered the Green and White, 94-68, Saturday.

Texico's junior high boys were frustrated Saturday when the 7th, 8th and 9th boys journeyed to Bovina, dropping all three games. The 7th boys lost, 26-25; the 8th, 39-35; and the 9th, 71-59.

Double figure scorers in the varsity boys game with Clayton were James Barfield and Eloy Ortiz, 14 and 16. Also scoring were James Hadley and Neal Haile, 8 each; Britt Crooks and Keith Hadley, 6 each; and Jimmy Reid, 5. J. Hadley was the leading rebounder with 6.

"We played very well in this game," coach Billy Carlyle said. "We had some good individual efforts. We could have won this ball game if we would have keyed on the fast breaks," he continued.

Leading scorers in the Wolverine game with Raton were J. Hadley, 19, and K. Hadley, 14. Also scoring were Haile and Crooks, 6 each; Barfield, 5; Ortiz, 4; Reid, 3; and Steve Kittrell, 2. Leading rebounders were J. Hadley, 10; and K. Hadley, 7.

"Raton is a 3-A school and did some things very well," Carlyle said. "We didn't play too badly, but turned the ball over too many times to win."

J. Hadley hit the bucket for 24 points in the Cuba game followed by Barfield, 12; and Ortiz, 11. Others scoring were K. Hadley, 8; Kittrell, 6; Reid and Crooks, 2 each; and Haile, 1. J. Hadley led in rebounds with 11.

"We played poorly," Carlyle said. "We just couldn't handle their speed and quickness on the press. We learned a lot."

Upcoming games for the Wolverine boys include traveling to Floyd (today) Friday and playing San Jon, there, next Tuesday.

Point makers in the 7th game were Gilbert Sandoval, 8; Dennis Chavez, 6; Kevin West and Joe Stewart, 4 each; Ronnie Landis, 2; and Ronnie Dunsforth, 1.

"It was tough to experience our first loss to Bovina," coach Cecil Davis said. "The referees were bad, the floor was slick and we ended up losing on a field goal as the final buzzer sounded. We were leading the entire game and I thought we would win," he said. The 7th boys now sport a 6-1 record.

Earl Bibbs was high point man in the 8th boys game with 13 points. Adding to the score were Lloyd Williams, 6; Jessie Orozco and Tony Cavallero, 4 each; and Paul Salguero and Danny Reid, 3 each.

"This was our first loss. I was really proud of Lloyd Williams and Jessie Orozco. They both played well on

offense," coach Davis said, adding, "We didn't shoot well from the outside so their zone defense was really effective." The 8th boys are 5-1.

High point men in the 9th boys game were Willie Bibbs, 14; Tony Tubbs, 13; and Todd Gerles, 11. Also scoring were Terry Curry, 7; Mike Arnold, 6; James Kelley, 4; and Jeff Day and Jeff Dunsforth, 2 each.

"Gerles, Bibbs and Tubbs were the offensive leaders," Davis said. "Terry Curry played his best game," he said.

The 7th-9th boys will host Tatum tomorrow (Saturday) and Bovina next Thursday, Jan. 18.

## Wolverines Receive UPI Gridiron Honors

Several Texico Wolverines have been singled out for United Press International gridiron honors.

Keith Hadley, Texico's signal caller, has been named the UPI "back of the year" and Joe Martinez has been selected UPI "lineman of the year."

Wolverines named to the first team offense were James Hadley, split end; Keith Hadley, quarterback; Barry

Goode, running back; Martinez, tackle; and Britt Crooks, kicker.

K. Hadley and Martinez were also named to the defensive first team.

Wolverines named to the second team defense were Ron Kirby and David Cavallero.

Defensive honorable mention honors went to Robert Thornton.

## A 'Crash Course' For Fender Benders

In the minutes following a fender bender, there's a lot to be done - determining whether anyone has been hurt, calling the police, moving the involved cars away from traffic, assessing damage, etc. And since it's also an emotion charged time, it can be difficult to remember everything you should do. Later, when it's time to file an insurance claim, or perhaps prepare for a court appearance, you might find yourself wishing you'd asked a few more questions or

recorded some additional details.

To help avoid this problem, Jim Gelhard, assistant vice president of claims at CNA Insurance, has provided a handy checklist of things to be done in the event of an automobile accident. He suggests you cut the list out and keep it, along with pencil and paper, in the glove compartment of your car. Then if you have an accident, you can quickly review it and obtain all the information you need.

## What To Do After An Accident

- Write Down**
- Date, time and place of the accident.
  - Names, addresses, and telephone numbers of all other drivers in the accident.
  - The insurance agents and companies of those drivers.
  - All passengers and where seated.
  - Make, model, year and license numbers of all other cars involved in the accident.
  - Prevailing weather conditions (clear, foggy, icy, wet).
  - Road conditions (dry, icy, wet).
  - Your speed - and that (approximately) of the other car when the accident occurred.
  - Brief account of accident.
  - Evidence (if any) that the other driver might have been drinking.
  - Whether the other driver's license lists any restriction that would be re-

- levant. (For example, was he/she wearing glasses as required?)
  - Evidence of injury to anyone involved in the accident.
  - Location of the cars on the road (on the berm, across the lane, on the shoulder).
  - Name badge number, and station number of the policeman who arrives at the scene.
- Remember**
- Don't indicate how much insurance coverage you have.
  - Don't confess guilt even if you feel you were at fault.
  - Don't sign anything which might indicate that you are not physically injured. (Some injuries are not immediately apparent.)
  - Call your insurance agent and report the accident even if the damages are minor and you intend

- to pay for repairs yourself. Your insurance company may require that you report any accident in which you are involved within a certain period of time. If you don't report it, and the accident turns out to be more serious than you originally thought - if the other driver develops a whiplash injury, for example, your insurance company may be able to disclaim coverage.
- After leaving the scene of the accident, refer any inquiries from others involved in the accident to your insurance agent. Don't try to answer them yourself.
- Keep track of any transportation costs you incur while your car is being fixed (car rentals, taxi cabs, etc.).
- Get estimates for repairing your car from two or three reputable auto body shops.

## Texico High Names Honor Roll Students

Texico High School has released the following semester honor roll: 12th grade: Tim Askew, Jeff Christian, Georgia Eshleman, Tonye Harrington, Greg Howard, Jana Jesko, Celia Johnson, Jimmy Reid, Doug Sciole, Mike Scott, Pam Southard and Teresa Turner.

11th Grade: Roxanne Cherry, Kelly Dobbs, Kerri Donahey, Teresa Doolittle, Leslie

Elliott, Lori Harrington, Beth Kelley, Wayne Louderback and Cindy Taylor.

10th Grade: Lisa Coffey, Carletta Fitz, Teresa Golledge, John Kelley, Nikie McDaniel, Ruthann Rickert, Schree Rucker and Rhonda Tharp.

9th Grade: Alan Baldrige, Lisa Crooks, Tracy Dobbs, Jeff Dunsforth, JoBeth Hill, Craig Horne, Jill Jesko and Patty Rojas.

## Texico Junior High Releases Honor Rolls

Texico Junior High has released the names of the students making the honor rolls for the semester and the second nine weeks.

The following students were named to the semester honor roll.

Sixth Grade: Jennifer Hill, Elayne Horner, Danny Powell, Cheryl Scott and Paul Topliff.

Seventh Grade: Rodney Dickerson, Ronnie Dunsforth, Dana Morris, Elias Orozco and Kevin West.

Eighth Grade: Karen Flowers, Alan Hadley, Jesus Orozco, Danny Reid, Rebekah Schwarz, Ruth Scott and Sharlet Taylor.

The following students were named to the second nine-weeks honor roll.

Sixth Grade: Jennifer Hill, Elayne Horner, Danny Powell, Freddy Valerio, Cheryl Scott and Paul Topliff.

Seventh Grade: Rodney Dickerson, Ronnie Dunsforth, Dana Morris, Elias Orozco and Kevin West.

Eighth Grade: Karen Flowers, Alan Hadley, Jesus Orozco, Danny Reid, Rebekah Schwarz, Ruth Scott and Sharlet Taylor.

Some people believe that honeysuckle will cure an obsession with the past.

# "HEREFORD BUSINESS REVIEW"

Advertisements prepared by INDEPENDENT NEWSPAPER SERVICES

## HEREFORD TEXAS FEDERAL CREDIT UNION

The editors of this 1979 HEREFORD BUSINESS REVIEW wish to bring to your attention the HEREFORD TEXAS FEDERAL CREDIT UNION, located at 330 Schley, phone 364-1888. They loan money to farmers and stockmen for many agricultural purposes...

## HOWARD GAULT COMPANY

Howard Gault - Owner

In every agricultural region of the country there is always the firm which stands strong like a giant oak in the framework of the farming community.

The people in our section of Texas are indeed fortunate to have in their midst a locally owned and operated concern like the HOWARD GAULT COMPANY, located at 135 New York St. in Hereford, phone 364-1212.

For many years, this firm has aided significantly in the economic advancement of the region as a whole. They are growers and packers of onions and potatoes. They package and ship exactly according to your specifications, anywhere in the country.

Because of the confidence with which local businessmen and farmers trade with them, the HOWARD GAULT COMPANY has continued to be one of the more important assets of our community. Their unquestioned integrity, credibility, and devotion to customers, coupled with distinguished fair trade practices have built a reputation for them that will linger in the minds of all the citizens throughout the area for years to come.

We, the editors of this 1979 HEREFORD BUSINESS REVIEW salute the HOWARD GAULT COMPANY as a model of the American Free Enterprise System, which continues to stand tall in a world of crumbling values. We unconditionally declare that there is no firm in this entire review more worthy of extended mention than this one.

## HEREFORD GLASS COMPANY

Verdon Watts - Manager

Remember the name the HEREFORD GLASS COMPANY for all of your glass needs. This locally owned firm has been supplying residents of this area with the very finest in replacement glass for years, and they are regarded as the best!

Located at 1302 Park Avenue in Hereford, this complete glass center also features storm windows and doors, mirrors, desk and furniture tops, and insulated glass. Just phone 364-2652 and they'll have whatever type of glass you specify cut to exact size.

The HEREFORD GLASS COMPANY is also the insurance adjuster's favorite! They are specialists in replacing broken store fronts, and automobile windshields. In compiling this 1979 HEREFORD BUSINESS REVIEW of leading businesses in this area, we, the editors, feel that no business listing would be complete without special mention of this outstanding glass store, whose years of service have made them the community's favorite!

## RAY COLE'S ONE STOP AUTO REPAIR

Ray Cole - Owner

How many times have you set out to have some repair work done on your car only to be referred from "specialist" to "specialist"? Well, the pros at the RAY COLE'S ONE STOP AUTO REPAIR in Hereford, at N. Highway 385, phone 364-6402, is one auto repair firm that "specializes" in cars...everything in cars!

Got an automatic transmission that needs adjusting? No problem. How about a damaged radiator? They can fix it. In fact, there isn't anything that can go wrong with your car that they can't fix if it is at all possible. From bumper...from inside to outside...from carburetors to crankshafts, RAY COLE'S ONE STOP AUTO REPAIR is the only name you need to know! Ray also has custom exhaust systems for most makes.

The writers of this 1979 HEREFORD BUSINESS REVIEW think that the quality of the work, the prices, the quick service and the friendly technicians will be just what you've been looking for!

## BONNER'S STORM DOORS & WINDOWS

Clyde Bonner - Owner

Are you tired of drafts in the winter, dust in the summer, and year around noise that just seems to come right through the walls? Storm doors and windows will effectively eliminate these problems and increase the property value of your house.

In the Hereford area, the leading supplier of these quality products is BONNER'S STORM DOORS & WINDOWS at 732 W. 1st, phone 364-7174. This quality oriented firm specializes in custom fabrication and can build storm doors and windows to your exact specifications, or show you pre-made sizes which will fit the majority of homes.

These storm doors and windows can further reduce your heating and air conditioning bills and provide year-round comfort! They also feature custom-made screens and can do all kinds of repair work!

Call BONNER'S STORM DOORS & WINDOWS and find out about the many advantages of having storm doors and windows installed in your home.

The writers of this 1979 HEREFORD BUSINESS REVIEW give our complete endorsement to this fine organization!

## HEREFORD PARTS & SUPPLY, INC.

Les Wagner - Manager

When it comes to auto parts, leading mechanics and garage operators in this area rely on the HEREFORD PARTS & SUPPLY, INC. to get the items they need in the shortest possible time. But what about the guy who wants to repair his car himself? Well, take heart, do-it-yourselfers, because this outstanding parts house is also the place for you!

Conveniently located at 702 W. 1st in Hereford, phone 364-3522, this full line parts house is fully stocked so that you won't have to make more than one stop when you need auto parts. They feature famous names and original equipment items for most any car or truck, and you will be amazed at the speed of their service.

Do what professional mechanics throughout the area do...see the HEREFORD PARTS & SUPPLY, INC.! As writers of the 1979 HEREFORD BUSINESS REVIEW we think you'll like their service!

## SHAKLEE PRODUCTS DISTRIBUTORS

Mary Carter - Distributor

Many years of reliable service to people all over the country have earned the SHAKLEE PRODUCTS DISTRIBUTORS a fine image. In this area these organically grown foods supplements and cleaning products are available from Mary Carter, in Hereford, located at 340 W. 3rd, phone 364-1229.

Through extensive training and experience they have the knowledge and background to help you select the correct supplements for your diet which are so necessary in these days of eating for pleasure rather than eating foods for nutrition. Natural food supplements such as vitamins, minerals and proteins are all available for home delivery.

For well over a decade the SHAKLEE PRODUCTS DISTRIBUTORS have been selling the Basic H Cleaning Fluid and Basic L Cleaning Granules. These phosphate free products are not only extremely effective cleaners, they are also 100% biodegradable within 7 days. Shaklee also has cosmetics, ladies and gentlemen's toiletries, and baby products.

For well over a half century, SHAKLEE PRODUCTS' motto has been "Harmony with Nature!"

If you haven't heard from your SHAKLEE PRODUCTS DISTRIBUTION lately, give her a call at 364-1229 and she will be happy to stop by and explain to you her line of outstanding SHAKLEE products. We, the editors of this 1979 HEREFORD BUSINESS REVIEW know you'll be glad you did!

## SUGARLAND FEED YARDS, INC.

Melvin Corvay - Owner

When it comes to the business of raising cattle for profit, the average rancher just doesn't have the facilities to make a decent living without the help of the SUGARLAND FEED YARDS, INC.!

Located at West of City in Hereford, phone 364-0536, this reputable feed lot specializes in the fast weight-gaining operation that turns a better profit for you. The small rancher just can't afford to do this by himself due to fluctuating feed prices and lack of time to devote to the business of custom cattle feeding.

Because they buy their feed in huge quantities, the SUGARLAND FEED YARDS, INC. is in a better position to fatten your stock for market and secure the best price for you. Do your ranching the modern, convenient way by having this reliable feed lot "do the work for you!"

The writers of this 1979 HEREFORD BUSINESS REVIEW suggest that ALL area ranchers contact this livestock feeding specialist to get MORE from your stock!

## DAWN CO-OP GRAIN ELEVATOR

Dale Wofford - Manager

It is a well known fact that there is no one institution in this community that has done more toward the development and progress of this section than has this reputable cooperative. They operate one of the finest establishments in the area, and it came into existence to fill the need for a place where farmers could go for their feed and be sure they were getting the best and most for their money.

Through their service, many of the farmers in the surrounding communities and rural districts have been supplied with quality feeds and seed at lower prices and have thus been enabled to operate more efficiently and at greater profit!

The DAWN CO-OP GRAIN ELEVATOR at Highway 60 in Dawn is owned and controlled by the members who use its services.

In this 1979 Business Review, we, the writers, are glad to call the attention of our readers to their very complete and comprehensive service. Phone 258-7206 for more information!

## Legal Notices

Citation by Publication

### THE STATE OF TEXAS

TO: S.H. WITHERS, and wife, NELLIE WITHERS, W.O. HARRIS, and wife, M.L. HARRIS, J.R. BOYLE, R.H. YOUNG and E.H. ROBINSON, the unknown husband or husbands, and the unknown wife or wives of each of said parties, all of whose present whereabouts and place of residence are unknown, and if deceased, then their unknown heirs, assigns, devisees and legal representatives all of whom are unknown, and whose places of residence are unknown, and all unknown claimants whose places of residence and whereabouts are unknown, Defendants, GREETING:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock a.m. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 22nd day of January, 1979, at or before ten o'clock a.m. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court on the 7th day of December, 1978, in this cause, numbered 4429 on the docket of said court, and styled:

PAUL HOWARD, Plaintiff VS. S.H. WITHERS, ET AL, Defendants.

The names of the parties to the cause are as follows:

Paul Howard is Plaintiff, and S.H. Withers, and wife, Nellie Withers, W.O. Harris, and wife, M.L. Harris, J.R. Boyle, R.H. Young and E.H. Robinson, the unknown husband or husbands, and the unknown wife or wives of each of said parties, all of whose present whereabouts and place of residence are unknown, and if deceased, then their unknown heirs, assigns, devisees and legal representatives, all of whom are unknown, and whose places of residence are unknown, and all unknown claimants, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff is suing in trespass to try title to recover title to and possession of:

All of Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15 and 16, Block 1, and all of Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, of Block 2, and all of Lots 1, 2, 3 and the East 12.5 feet of Lot 4, Block 3, of the Robinson Addition to the Town of Farwell, Texas, being a part of Garden Lots 13, 14 and 44, of Section 31, Township 9 South, Range 1 East, of a Capitol Syndicate Subdivision, of Parmer County, Texas.

In the alternative Plaintiff pleads and invokes the 5- and 10-year statutes of limitations as same apply to land titles in the State of Texas, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officers executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the seal of said Court, at office in Farwell, Texas, this 7th day of December, A.D. 1978.

### THE STATE OF TEXAS

TO: DAVID VARGAS, Respondent.

### GREETING:

You are commanded to appear by filing a written answer to the Petitioners petition at or before 10 o'clock A.M. of the first Monday after the expiration of 20 (twenty) days from the date of issuance of this Citation, at or before 10 o'clock A.M., before the Honorable 154th District Court of Parmer County, Texas at the Court House in Farwell, Texas. Said Petitioners petition was filed on the 25th day of September, 1978.

The file number of said suit being No. 4399 (Filed September 25, 1978, in Farwell, Parmer County, Texas)

The names of the parties in said suit are:

IN THE MATTER OF THE MARRIAGE OF LETICIA VARGAS, as Petitioner and DAVID VARGAS, as Respondent. AND IN THE INTEREST OF NANCY MORMYA VARGAS, a minor child.

The nature of said suit being substantially as follows, to wit:

An original petition for divorce filed on September 25, 1978, by Petitioner, LETICIA VARGAS, requesting a divorce and further requesting managing conservatorship of the minor child NANCY MORMYA VARGAS for Petitioner. The Court has authority in

this suit to enter any judgment or decree granting a divorce and in the child's interest which will be binding upon you, including a divorce decree and managing conservatorship of the child for Petitioner.

Issued this the 5th day of January A.D., 1979. Given under my hand and seal of said Court, at office in Farwell, Texas this the 5th day of January A.D., 1979.

## Mrs. Baldrige Named CowBelle Of The Year

by Faye Plank

Mrs. T.E. "Monte" Baldrige was named CowBelle of the Year by Cattle Capital CowBelles at their annual Christmas luncheon.

Mrs. Baldrige a long time resident of Curry County and has been an active member of Cattle Capital CowBelles since its organization.

Mrs. Jack Copeland related the CowBelle activities Monte had participated in over the years and how she ran her own cattle ranch after the death of her husband.

The traditional engraved copper CowBell was presented to Mrs. Baldrige by Bette Jane Goodwin as a memento of the occasion from Cattle Capital CowBelles.

Mrs. Baldrige grew up on a North Central Texas farm where tables were loaded with home grown food, year around. But beef, she said, was like oranges for Christmas, "something special," 60 years ago.

She said she married a cowboy and moved to New Mexico. Beef was his favorite food, so he was easy to feed in cold weather, but during warm weather that was another matter.

However, a new idea, almost as exciting as sputnik, came to the area one-half century ago. The county home demonstration agent started teaching the ranch and farm wives how to use a newfangled invention which she called a pressure cooker. This was furnished by the extension service.

Miss Millie, the extension agent, helped the community can a beef. "That did it," said Monte. "My husband took me to the store and bought the first pressure cooker he ever saw. So before I was 21 years old, prodded by my husband and assisted by Miss Millie and neighbors, I canned a whole beef and my family enjoyed the beef the year around. I became a member of the 'Pressure Cooker Set'."

When electricity finally reached the Baldrige Ranch north of Clovis, about 35 years ago, a freezer replaced the pressure cooker for beef.

Although Mrs. Baldrige has moved off the ranch and now resides in Clovis she continues to be interested in the ranching business. Her son and grandson-in-law now operate her ranch along with their own ranch.

Monte has been active in the Clovis Woman's Club, serving as president. Other activities include the County Extension Club of which she is a charter member and the 16th and Pile Church of Christ.

**CowBelle Of Year**

Mrs. T.E. "Monte" Baldrige, center, was named Cattle Capital CowBelle of the Year at the organization's annual Christmas luncheon. Mrs. Jack Copeland, left, was chairwoman of the selection committee. Betty Jane Goodwin, right, presented Monte with the traditional engraved copper Cow Bell.

Ever hear of an "apple peeling bee"? It's an old fashioned way to turn work into pleasure. In "the good old days" horseback riders would race through the countryside to round up neighbors for the apple peeling bee. All the women folk would gather, bringing mince and pumpkin pies and other foods. How much they and their men folk enjoyed each other's company as they peeled apples, later to be dried or made into apple butter -- a sweet reward indeed!

You may not have an "apple peeling bee," but what better way to enjoy your guests than with tasty apple treats, warm from the oven.

You'll get more flavor in baked apples if you choose varieties that are tart to the taste. McIntosh and Rome Beauty are two of the four major varieties. Northern Spy and Cortland are fall varieties that are also especially good for baking and general cooking.

Remember to spare the water and the sugar when cooking with apples. Apples have their own sweet, natural water content and can become too soft if special care is not taken.

Use just enough water to prevent the apples from sticking or scorching. Add little sugar to highlight the flavor; too much makes apples mushy.

Seasonings should be added with a gentle touch to enhance natural flavor, not smother it. Allspice, cinnamon, nutmeg, ginger, apple pie spice, coriander seed, anise seed, pumpkin pie spice, mincemeat spice and fresh mint are a few spices especially suited for enhancing apple flavor.

Baked apples used to be the hallmark of the Northern Pacific Railroad in the days of great dining cars. Use the simple recipes below to bring great dining to your kitchen.

Put cored apples in a baking pan and fill the cavities with one or a combination of the following: butter, sugar, and raisins; brown sugar; maple syrup; or jam. Bake for one hour in a 350 degree oven and serve with sweet cream. If you are counting calories, fill the cavities with cinnamon and your favorite low-calorie soda.

For FARMHOUSE BAKED APPLES, vary the above recipe slightly. For 12 apples you'll use a mixture of 1 1/2 cups cooked rice and 3/4 cups seedless raisins. Drizzle 3 cups warm maple syrup over the stuffed apples. Bake in 400 degree oven until apples are tender, about 45 minutes to one hour. Cover the pan for the first half hour of baking, then remove cover and baste apples with syrup, continue baking uncovered. Serve warm or cold with a pitcher of cream.

Try one of the recipes

below:

**APPLE BROWN BETTY**

- 1/2 c. sugar
- 1/2 t. cinnamon
- 1/4 t. salt
- 2 c. fine, dry crumbs
- 4 tart apples, pared and diced
- 3 T. melted table fat

Mix sugar, cinnamon, salt. Put layer of crumbs in greased baking dish. Cover with layer of apples. Sprinkle with sugar mixture. Continue until all ingredients are used. Have layer of crumbs on top. Pour melted fat over crumbs. Cover dish. Bake at 375 degree F. (moderate oven) 40 minutes. Remove cover the last 10 minutes to brown the top. Serves four.

**APPLE COFFEE CAKE**

- 1 c. pancake mix
- 1/2 c. sugar
- 1 c. finely diced, peeled fresh apple
- 1/2 c. oil or melted butter
- 1/2 c. milk
- 1 egg

Combine pancake mix, sugar and apples in a bowl. Beat oil, milk and egg together; add to dry ingredients. Blend well. Pour into a buttered 8 inch square cake pan. Sprinkle spicy topping (see recipe below) on batter. Bake in a moderate oven (375 degrees F.) 25-30 minutes. Serve warm.

Spicy Topping: Mix 1/4 cup firmly packed brown sugar, 1/4 cup pancake mix, 1/2 teaspoon cinnamon, 1/4 teaspoon nutmeg, 2 tablespoons soft butter and 1/4 cup chopped nuts together in a bowl. Blend until appearance of coarse meal; sprinkle on batter.

## Texico School Board Approves Band Trip

Texico School Board Tuesday night approved the band trip to Six Flags during the spring break. Buses for the trip will be furnished by the school.

The Board also increased the capacity of the buses on the south route from 54 to 60. The buses will not change in size as they are already large enough to accommodate 60 passengers, but the school board's authorization was necessary to make the change.

A contract was signed with Curry County to the effect that the school district would use the county's voting machines

in the upcoming school board election.

If the kindergarten (which begins Friday) has enough students, the Board agreed to hire a teacher's aide.

Next school board meeting will be Feb. 8 instead of Feb. 13 to enable the Board to canvass election votes along with the regular meeting.

School board members present were Arlye Crooks, Roy Richardson, Herman Gerles and Ronny Curry. Also attending were James Pierce, superintendent; Jerry Sadberry, Marcia Leavell and Paula Leighton.

FmHA - -

# Rural Development Loans Reach Record High In '78

The Farmers Home Administration (FmHA), the rural credit agency of the U.S. Department of Agriculture, reported that its loans for rural development in Texas during the fiscal year (FY) 1978 reached a record high of \$525 million - 43 percent above the FY 1977 level, according to W.H. (Bill) Pieratt, State Director.

Of the \$525 million, 98 percent of which are loans repayable with interest, over \$345 million are farm loans. Housing loans accounted for almost \$96 million, over \$50 million went for community facilities improvements and more than \$33 million were used for business-industrial financing.

State Director Pieratt said that 1979 will surpass this year's record amount of farm loans through the government agency. FmHA will be the last resort for many producers

who cannot obtain funds elsewhere, Pieratt said. Bankers expect the 1979 interest rate for farmers to average about 10½ percent, the most that can be charged individual by national banks. State banks, due to state usuary clause, may charge no more than 10 percent.

New farmers, depending on their particular situation, may have problems getting financed. The FmHA interest rate of 8½ percent looks good to producers, even though they would rather stay with their local banker or Production Credit Association office.

Pieratt said that although FmHA funds come from the federal budget, most FmHA customers repay loans. "So far our losses have been extremely light," he said. "Farmers have stayed in there. It's the characteristic of Texans to pay their bills."

In speculating that 1979 FmHA loans would exceed those in 1978, Pieratt says he believes there will be adequate funding from the U.S. Department of Agriculture.

Pieratt said 10,299 FmHA loans were made to farmers in fiscal 1978. "A lot of people have criticized the bureaucracy of Farmers Home Administration, but it has saved a lot of farmers," he said.

Pieratt said, "a state reorganization will be completed this year, but it does not involve the closing of any field offices serving Texas farmers and ranchers." Under that plan, new district offices will service all community, multiple-family housing and organization project loans. County FmHA offices will concentrate on improved service to families applying for farm and individual housing loans.

## The Speaker Reports

by Bill Clayton

AUSTIN--The integrity of voting records in the Texas House of Representatives is assured for the future with a new vote-toting system that has been installed.

Since 1941 the House relied on an electro-mechanical system, and in recent years the 38-year-old device has proven susceptible to malfunctioning.

To eliminate delays caused by the need for manual vote verification, expense of special made parts and to preserve accuracy, the House in its last session approved a request to overhaul the problem-prone board.

Months of investigation in reviewing leading companies and the operation of machines in other states produced a \$190,000 package well below the \$920,000 bid for a computerized voting system for the Texas House in 1973.

The new machinery automatically enters excused members into the record, enters floor votes and insures the integrity of voting stations. A display board with freeform capabilities spells out information about legislation under consideration, produce the day, time, number of the measure being acted upon and vote totals.

Instead of having to conform to a machine's capabilities, the House is able to operate under its present rules because of custom features incorporated within the board.

Those familiar with the old voting system in the House will have to look closely to see any sign of change. Rally boards with members' names on each side of the rostrum remain

as does the outer shell of the summary board above the rostrum. This was done to pare cost and retain the historical flavor of the chamber.

A significant change is the drastic reduction in space needed to contain the machinery. The components of the new board consist of a control panel and hardware cabinet and is 1/5th the size of the old machine, which filled a small room.

Individual voting stations on each member's desk was replaced with recessed hardware which blend with the desk tops and allow yes, no or present balloting with a keyed control.

More than six months was needed to complete removal of the old components and to effect the changes necessary to modify the system.

I am pleased with the efforts to find an economical and efficient system which will care for the needs of the House for years to come. There is no doubt that this system best suits our needs for the dollars that were expended.

Pre-Columbian Indians believed that earthquakes were caused by the creator shaking the earth to see if his handiwork was still around. The Indians would shout "Here I am," to reassure him.

Conservation - -

## Resource Concerns Findings Announced

The ability of farmers and ranchers to continue to produce adequate food and fiber was the number one natural resource concern expressed in Texas during a series of statewide meetings held earlier this year.

Soil erosion by water, deterioration of rangeland, shortage of municipal and rural water supplies, and irrigation water management came in second, third, fourth and fifth, respectively, in a tabulation made by the U.S. Soil Conservation Service.

George C. Marks, state conservationist for SCS in Texas, said that some 8,500 Texans established these priority concerns during a series

of 377 public meetings held last spring and summer. The meetings were held in compliance with the Soil and Water Resources Conservation Act of 1977.

Mack Mauldin, district conservationist for Soil Conservation Service at Friona, said the number one resource concern expressed in Farmer County Soil and Water Conservation District was irrigation water management. More local control and adaptation of practices for our area, wind erosion control and more emphasis on dryland practices came in second, third and fourth in a public meeting held June 13, 1978 at Bovina.

SCS and local conservation districts sponsored the meetings in each of the state's 198 soil and water conservation districts.

Other statewide concerns listed in order of ranking were flooding, loss of rural lands to urban sprawl, soil erosion by wind, rural development, increased demand for recreational facilities, and loss of wildlife habitat.

The public inputs from Texas were forwarded to Washington where they will be combined with responses from the other states. National concerns will be announced in 1979. At that time, the public will again be asked to help SCS and conservation districts decide what conservation programs should be used to solve local concerns.

A national conservation program will then be presented to President Carter to concentrate on the nation's top natural resource concerns on a priority basis.

## Virus Plagues Cattle Feeders

Bovine papular stomatitis, scientific name for the virus associated with rat tail syndrome in cattle, has plagued feeders for a long time. Nobody knew what caused the disease which affected up to 10% of the cattle on feed in Texas during 1975. That year the disease hit feeders hard causing several hundred thousand dollars worth of damage.

Research at the Texas A&M Center at Amarillo has given a good lead on the cause of the problem, according to Dr. Mike Irwin, Research Veterinarian. "Experiments in cooperation with scientists in Hawaii leads us to believe that affected cattle had diets with little copper and zinc along with too much molybdenum," the Texas Agricultural Experiment Station researcher said. The dietary situation predisposed cattle to infection by papular stomatitis virus which causes painful lesions in the upper digestive tract according to the scientist.

The first symptom of the rat tail syndrome is unthrifty appearance and failure to gain weight. Cattle that are severely affected lose weight. Under same conditions pen mates receive good gains. The name "rat tail" was coined because the tail hair in the ch of their tail. Observations of infected cattle reveals ulcers in the mouth and the which keep the animals from eating. The best cure available is taking cattle from lots and turning them on pasture. Feeding a roughage diet sometimes solves the problem. These cures are very costly eliminate profit for feeders in infected animals.

In 1975, Dr. Irwin has been attempting to study the disease in Texas without much success. It was impossible to locate the disease or find cases in neighboring states.

In association with other researchers, Dr. Irwin learned that rat tail syndrome was peculiarly troublesome in Hawaii on the island of Oahu where it originated from the Hawaiian. He contacted

several Hawaiian scientists and veterinarians and spent two weeks observing cattle and obtaining clinical information and blood samples from infected animals. He also obtained samples of forages from different seasons in three pastures on the island.

Upon completion of his analysis Dr. Irwin found that rangeland grasses eaten by cattle prior to entering feedlots were extremely low in copper and zinc and high in molybdenum. The levels of copper in forage from all three pastures in spring and late summer were much less than the 7 to 24 ppm required for good nutrition. Zinc levels were below the normal range of 40 to 50 ppm regardless of time of year. In late summer molybdenum level was less than 2.5 ppm. In contrast,

molybdenum levels were up to 45 ppm during the periods of lush growth in the spring. The researcher said, "Other scientists have shown that when molybdenum content of forage is in the range of 14 to 20 ppm cattle need more copper than normally." "Unfortunately, cattle eating this forage were extremely short of copper in their diet," he added.

The scientist continued the study by examining blood from infected animals. The average copper level in serum of infected animals was 0.11 ppm. The generally acceptable range for good health and growth is from 0.7 to 1.7 ppm. Previous research by livestock nutritionists shows that low copper in blood serum leads to poor gains and generally unthrifty animals.

## Texas Arbor Day Is Jan. 19

Texas Arbor Day, the day traditionally set aside to plant trees, will be observed this year on Jan. 19.

"What better way to aid in preserving our environment than by planting a tree adapted to our area of this great state," emphasizes Everett Janne, landscape horticulturist with the Texas Agricultural Extension Service.

Arbor day was once a special event in the lives of many Texas citizens. In many communities, the trees that are so admired today are the direct result of the labor and attention given so readily by children and interested adults of by-gone generations, notes Janne.

"In recent years, much has been written about the value of trees for purposes other than to provide lumber and shade. Research reports indicate that tree barriers can reduce noise levels as much as 50 percent. They also serve as giant air cleaners filtering out the dust as well as using the carbon dioxide in the air to produce to lumber and shade we need," says Janne.

"Too often we take the majestic beauty of our trees

for granted; we forget the benefits they give us. As a gift to future generations, we should initiate programs in our community to plant trees in our home yards, parks, public grounds and many of the so-called waste lands," contends the landscape horticulturist.

When planting a tree, give some thought in selecting varieties and species suited to the area, advises Janne. Too frequently people are impatient and want immediate results, so weak, fast growing varieties are used. All too often the silver maple, cotton-

wood, Siberian elm and other rapidly growing trees grow, mature and die out in one or two generations. For permanent plantings select oak, pecan, magnolia, bald cypress, Deodar cedar and similar species.

"Remember, Texas Arbor Day occurs during the prime tree planting season. The cold, usually moist soil at this time allows tree roots to become established before top growth occurs. Trees are usually in prime condition for transplanting at this time and the chances for success are greatest," says Janne.

### Survey Reveals Most Texas Gasoline Pumps Are Accurate

AUSTIN—An average of 93 Texas motorists out of every 100 have been getting an accurate measure of gasoline at the state's pumps, according to a two-month survey by the Texas Department of Agriculture, Commissioner Reagan V. Brown has announced.

repairs. Some 730 were delivering a short measure and 548 were dispensing too much gas, he said. Some 365 were rejected for other causes.

"All inaccurate pumps are immediately locked down and condemned for repairs," Brown said. "We find some instances of deliberate fraud, but most violations are the result of careless maintenance. Essentially, our inspection program is not a police action to ferret out criminals, but a service to see that equity prevails in all commercial transactions."

The pump inspections conducted by Texas Department of Agriculture field men included 24,385 devices in 74 Texas cities, Brown said. A total of 1,647 pumps were condemned for

He added that anyone suspecting that a pump is not accurate should call the Department. Weights and Measures inspectors will check the pump at once.

**TWO MINUTES WITH THE BIBLE**  
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY, CHICAGO, ILLINOIS 60635  
**HOW THEY SHINE!**  
Years ago, while preaching the Word at a Bible conference, I noticed a young lady in one of the front pews who wasn't listening to a word I was saying. I could understand, however, for evidently she had just become engaged to be married. Her eyes were focused on the ring on the third finger of her left hand, and her heart and mind on the young man who had placed it there. With a pleased look on her face, and cocking her head from one side to the other, she gazed at that diamond from every angle. No matter how she looked at it, it *shone* -- entirely apart from the quality of the stone. It shone because it spoke to her of *him* and of his love for her, and was the symbol of her betrothal to *him*.  
For some time after I had concluded my message, my mind went back to that scene. The ring that had so occupied this young lady's attention, made me think of the Bible, the very Book we had been studying that night. Examine that blessed Book ever so carefully; look at it from any angle and it *shines!* It made me think too of the grand Subject of that Book, the Lord Jesus Christ, to whom we believers have been "*espoused...as a chaste virgin*" (I Cor. 11:2). Unlike any earthly friend, He shines no matter how we look at Him. Examine His words, His deeds, His personal attributes, from any angle and ever so carefully, and no matter how you look at Him HE SHINES!

## Recycle Your Poinsettia Plant

With a little luck and plenty of tender loving care, that poinsettia plant you received for Christmas can be brought into flower for Christmas, 1979.

While the plant you produce won't be of the same quality as the one you received, it can be a rewarding experience to produce attractive poinsettias for next Christmas if you have the facilities and are willing to make the effort, says Everett Janne, landscape horticulturist with the Texas Agricultural Extension Service.

Once the colorful bracts of the poinsettia are no longer attractive, gradually reduce

watering until the soil is dry. Supply just enough water to prevent the stems from shriveling. Store the dormant plant in a cool, well ventilated place at 60 degrees F. or above, suggests Janne.

About mid-April, cut the stems back to six inches above the ground and repot the plant into a container that is one to two inches larger in diameter than the original pot. Use a good potting mix—one made up of two parts soil, one part peat moss and one part perlite by volume or one of the commercially prepared potting mixes.

Water the plant thoroughly and place in a sunny window,

keeping it at 70 to 75 degrees F. Use the rate recommended for pot plants on the label of the fertilizer container.

Once the danger of frost is past, move the plant outdoors where it will receive moderate shade in mid-afternoon. As growth develops, cut or pinch back the top, leaving three or four leaves on each shoot. Repeat this procedure each time the plant sends out new shoots until mid-August. Then bring the plant indoors and set it near a sunny window where the temperature will remain between 65 to 70 degrees F.

Continue to water and fertilize but take care not to over water since the plant requires less moisture indoors, cautions Janne. As the plant puts on new growth, it will require additional water, especially once the heating system is turned on.

To have the plant in full bloom by Christmas, keep it in

complete darkness from 5 p.m. to 8 a.m. starting the first week in October and continuing until Thanksgiving. Janne points out that flowering will be delayed if the plant receives any supplemental length during this period.

The poinsettia will set flower buds only after being exposed to the short day (10 hours of light or less) for about 10 weeks. In the daytime the plant must be near a sunny window for maximum growth and development of bracts and flowers. Continue to apply fertilizer until mid-December, then reduce applications to one-half the normal amount.

The greatest mistake made by most people in caring for poinsettias is not initiating the short day treatment at the right time, watering incorrectly and not cutting back the stems at the proper time, sums up Janne.

## Plan Before Eating Out To Save Waistline

COLLEGE STATION— Avoid a wasitline disaster when eating out by planning in advance, a foods and nutrition specialist, Marilyn Haggard, advises.

Remember, extra calories do count and they do show — on you, she points out.

Miss Haggard is with the Texas Agricultural Extension Service, The Texas A&M University System.

So, keep the following suggestions in mind:

•When eating lunch out regularly, plan smaller morning and evening meals.

•When eating a late evening meal out, eat a light snack such as a piece of fruit, a small cube of cheese or a couple of crackers earlier in the evening to curb appetite.

•Read menus carefully selecting entrees that are broiled, baked or grilled.

•Avoid items which are prepared with breading, sauces and gravies.

Remove breading from fried meats and discard.

•Select plain vegetables. Cut baked potatoes in half and eat only one portion.

Limit butter or margarine to one pat and season to taste. Decline sour cream, cheese and bacon bits.

•Green salads are an excellent slimming choice. Ask for dressing on the side.

Use only enough to lightly moisten and flavor the salad. Better yet, request vinegar or lemon juice for the salad.

•Limit intake of extra bread servings by asking that the server not leave bread baskets on the table.

•Instead of cocktails try a fruit or vegetable juice.

•Ask that plates be removed immediately after finishing and do not return to buffet lines for seconds.

•When eating at fast food establishments, select the smaller burger or fish dinner.

Remove batter from fried chicken to save calories.

Thanks .....

To our good friends for your cards, letters, calls, visits, flowers, food and especially your prayers during my recent illness.

Also my thanks to the busy doctors who took care of your problems during my absence. I am back at work and wish all of you happiness for a successful new year.

Dr. V. Scott and Mrs. Johnson

### On The Farm In Parmer County

By SETH RALSTON  
County Agent

Estate planning, in a broad sense, involves the making of present plans for the accumulation, conservation and future use of one's assets. Effective estate planning should provide for an orderly transfer of property during one's lifetime and after death, with a minimum of expenses.

Important considerations in developing an estate plan are these:

--Inventorying assets and taxable wealth.

--Establishing financial security with minimum erosion.

--Deciding on alternatives based on the individual and the family's desires and goals.

--Establishing plans for property transfer using wills and trusts.

--Making plans for sufficient ready cash for payment of taxes, death and administrative costs.

Estate plans should be reviewed periodically. During the 1970's, inflation has resulted in substantial increases in the value of land, buildings, equipment, livestock, minerals and other assets. Consequently, a review of the estate situation may establish that a potential tax liability will exist upon the death of the owner.

The review, in light of recent changes in the tax laws, may determine that the existing estate plan requires revision.

Recent changes in federal

estate tax laws and Texas inheritance tax laws represent an attempt to provide tax relief from the sharp increase in asset values during the 1970's. However, failure to become informed of the recent tax law changes and to do adequate estate planning may result in high taxes and costs.

The Texas Legislature revised the Texas inheritance tax laws during the special session in 1978. Basic changes are these:

Effective on deaths occurring September 1, 1978 and thereafter, exemptions were increased for Class A beneficiaries (immediate family) to exempt property transferred up to \$200,000. Effective September 1, 1982, exemptions will be increased on transfers up to \$250,000. Beginning on September 1, 1985, exemptions will again be increased on amounts up to \$300,000.

The exemption allowed will be divided on a proportional basis among the beneficiaries according to the amount each beneficiary receives, in the event there are more than one beneficiary. In no event shall any beneficiary have an exemption of less than \$25,000.

More detailed information on the new Texas Inheritance Tax Law is available from the Inheritance Tax Division of the Texas Comptroller's Office in Austin.

## Early Morning Blaze Razes Houston Home

An early morning fire last Thursday morning destroyed a new mobile home in Lariat; but the occupants of the home, Mr. and Mrs. Carl Houston and their four children, escaped unharmed.

Units from both the Farwell Volunteer Fire Department and the Muleshoe Fire Department combated the early morning blaze.

The mobile home was a total loss.

The Houston family had been asleep for several hours when the family dogs -- a poodle and a cockapoo -- started barking and alerted them to the fire. The mobile home was blazing and the family was almost overcome by smoke as they attempted to leave.

Once their children were safe, Mr. and Mrs. Houston attempted to rescue the small dogs, but the frightened animals could not be reached in time.

The Houstons escaped to the night wearing only their night clothes. An investigation into the fire determined that it started around 3 a.m. near where electrical connections went into the mobile home. The heating unit for the mobile home was also nearby.

The fire departments fought to save the mobile home which was adjacent to the Houston home, belonging to Mrs. Houston's mother, Mrs. Frankie Williams. The Houstons are presently staying with Mrs. Williams while they are seeking other living arrangements.

Farwell Schools have started a drive to help the Houston family. The student council is sponsoring a money tree and the elementary school is collecting clothing and other household goods, etc.

Several items have already been donated, but the Houston family is still in need of pots and pans.

Of the four children, one girl is in high school, one in the fifth grade, one in the third and the boy is a seventh grader.

The elementary school has a list of sizes for individual members of the family. Anyone wishing to donate articles of clothing should contact the elementary school, 481-9131.

### Consumer Food News

**COLLEGE STATION** - Except for late-breaking changes due to weather, the best buys at Texas grocery markets this week are citrus fruits, chicken, dry peas and several vegetables, Mrs. Gwendolyn Clyatt reports.

Of course, widespread crop damage by the New Year freeze may drastically change some supplies and prices as farmers begin to assess their losses, she adds.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**FRESH FRUITS** - So far, grapefruit is now at top quality and lowest prices. For greatest nutrition, eat the pulp, too.

Other economical fruit choices are oranges, apples, bananas, tangerines, tangelos, pears and pineapple.

**POULTRY** - Whole fryer chickens are a best buy at meat counters. Egg prices

may drop a few cents, but eggs are still an economical buy at current prices.

**FRESH VEGETABLES** - Best values include turnips, hard-shell squash, cabbage, carrots, broccoli, rutabagas and potatoes.

**GROCERY MARKET AISLES** - Dry split peas offer nutrition at budget prices.

**DAIRY** - Features include several cheeses, low-fat milk, half-and-half, sour cream and whipping cream.

**BEEF** - Best buys are ground beef and beef liver - figured on a cost-per-serving basis. Most advertised features are chuck roasts, round steaks and liver.

**PORK** - Prices remain on the high side. Usually the best values are Boston butt roasts, shoulder steaks and quarter loins cut into chops.

**CONSUMER WATCHWORDS:** Watch weather and crop reports for rapidly changing supply-and-price trends until the weather stabilizes.

### Ag Department Lists County Govt. Payments

Parmer County farmers and ranchers received \$164,232,000 in marketings and government payments during 1977, the Texas Department of Agriculture has announced.

The total included \$94,256,000 in cash receipts from all crops and \$65,703,000 from livestock and livestock products. Government payments made up \$4,273,000 of the total.

Across the state, agriculture added \$7.1 billion to the economy last year, Texas Crop and Livestock Reporting Service surveys showed, with receipts from all crops almost balancing those from livestock and livestock products. Livestock receipts totaled \$3.5 billion, followed by \$3.3 billion for crop receipts. Government payments made up \$206 million of the total, including over \$120 million through drought and flood assistance programs.

"With improved livestock prices this year, particularly cattle, we are optimistic that 1978 cash receipts will be higher," commented Agricultural Commissioner Reagan V. Brown. "These figures only tell half of the story, however. In any discussion including agricultural statistics, the true picture is only presented when you can balance the cash receipts against the actual production costs. During last year, unfortunately, those production costs outstripped most of the profit margin for many farmers and ranchers."

Texas maintained its third place national ranking in cash receipts, despite problems throughout the year. Other first place rankings included: number of cattle and calves, 14.5 million head; Upland cotton production, 5.5 million bales; wool production, 21 million pounds; mohair production, 8 million pounds; number of farms and ranches, 197,000; and farm and ranch land, 139.8 million acres.

The state ranked second in the production of grain sorghum, grapefruit, cantaloupes, carrots, rice, green peppers, cabbage, onions, American-pima cotton, pecans, honeydew melons and cucumbers.

The front door should be equipped with a dead bolt lock.
