

Pictured is the new concrete block building which now houses Live Longer Laundry in Farwell. The business is owned by B. V. "Shorty" Hughes. Farwell Plumbing will move into the old location.

## Laundry Moves; Plumbing Store In Old Location

Changes are taking place in east Farwell, where one business has been moved into an all-new building and another local enterprise will be in the old location.

Live Longer Laundry, coin operated laundry owned by B. V. "Shorty" Hughes, has been expanded and moved into a new concrete 40x60 building east of the old location. Curtis Birchfield is moving his business, Farwell Plumbing, into the old location and also plans expansion of his services. Both men were busy this week with last minute jobs resulting from the transition.

The laundry now features 41 washers and 11 dryers, says Hughes. A large floor area gives room for further expansion, and storage is allowed in the back of the building. The pale green interior is used and the exterior has been painted white. Birchfield is hoping to be ready for business in his new location in a week or 10 days.

## Lazbuddie Fair Winners Named

Winners at the annual Lazbuddie School Fair conducted Monday in the agriculture building at the school are:

Twenty open cotton bolls--Mike Hinkson, 1; Lewis Seaton, 2; and James Brown, 3.  
Gallon of wheat--Darrell Matthews, 1; Bobby Redwine, 2; and Don Watson, 3.  
Stalk of cotton -- Max Eubanks, 1; Lewis Seaton, 2; and Bobby Gleason, 3.  
Gallon of barley -- Bobby Redwine, 1; Theron Vaughn, 2; and Jerry Engleking, 3.  
Gallon of peanuts -- Benny Watson, 1; Lewis Seaton, 2; and Leon Watson, 3.  
Gallon of sudan -- James Brown 1; and Jerry Engleking, 2.  
Gallon of red milo--Kay Burreson, 1; Buddie Embry, 2; and Bobby Gleason, 3.  
Gallon of sesame--Jerry Engleking, 1.  
Blackeyed peas--Lewis Seaton, 2.  
Sheaf red top sorghum--Paul Wilbanks, 1; and Jerry Engleking, 2.  
Sheaf sudan, Paul Wilbanks, 1.  
Sheaf sunflower heads, Don

Watson, 1; Leon Watson, 2; and Benny Watson, 3.  
Sheaf peanuts, Lewis Seaton, 1.  
Sheaf soybeans -- Glendale King, 1; Glendale King, 2 and Timmie Foster, 3.  
Sesame sheaf, Jerry Engleking, 1.  
Ten heads red milo--Darrell Matthews, 1; Gary Matthews, 2; and Benny Watson, 3.  
Ten heads white milo--Paul Wilbanks, 1; Kay Burreson, 2; and Jerry Engleking, 3.

(Continued on last page.)

### Last Sale Set Saturday

The last of a series of rummage sales scheduled by members of Theta Rho chapter of ESA, will be held Saturday, says Mrs. Joe Helton, publicity chairman. The sales are held in the Muckleroy building adjacent to Tom Paul's Beauty Shop.  
Doors open at 4 o'clock.

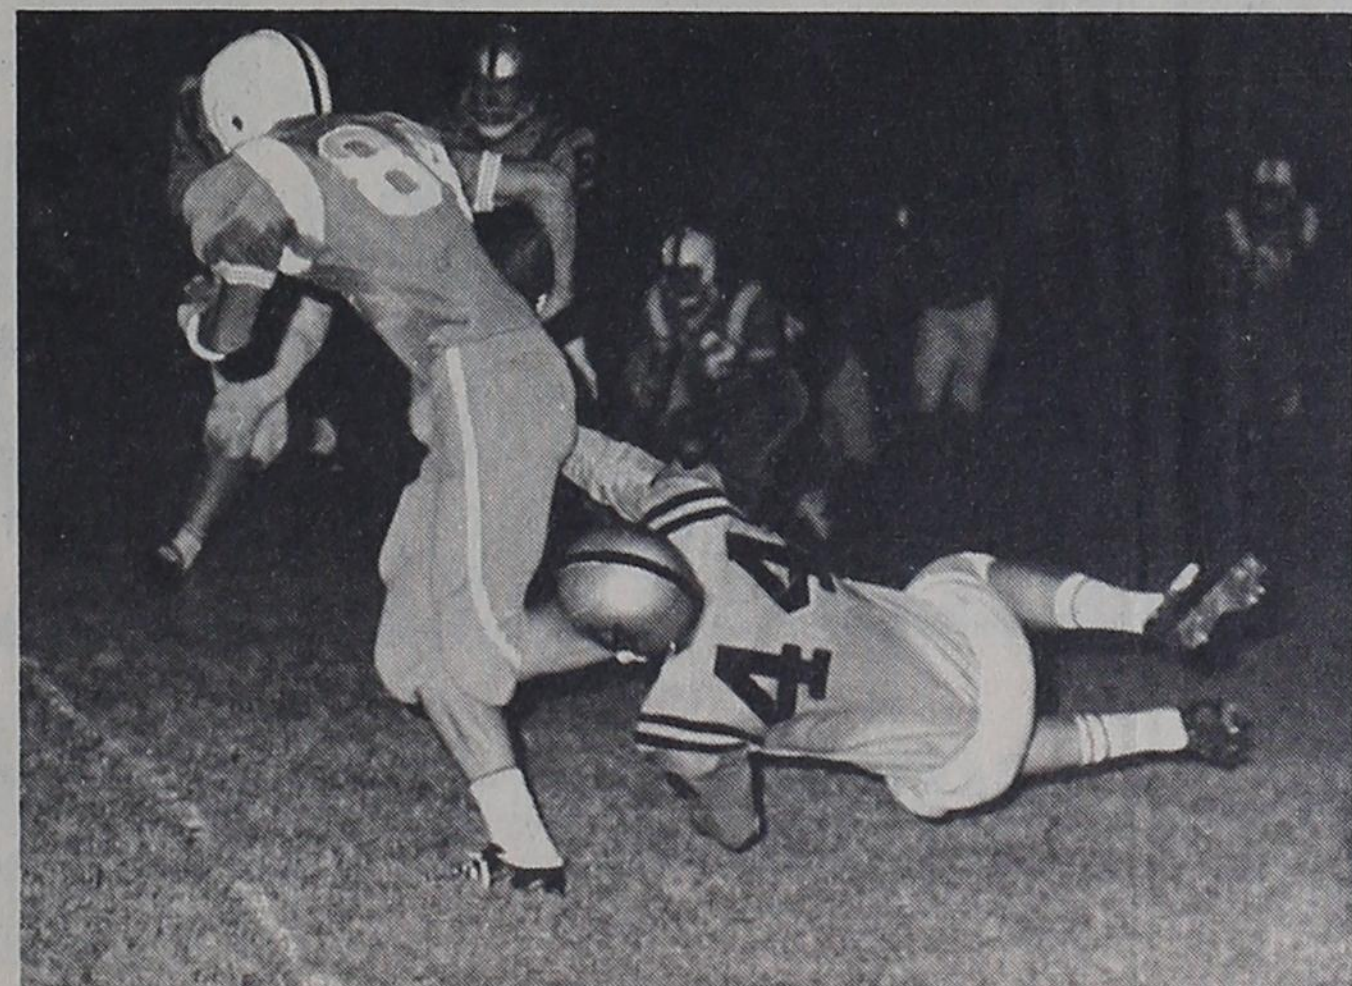

### Moorman Rites Are Thursday

Funeral Services for Mrs. A. J. (Dora) Moorman, a former resident of Pleasant Hill who resided in Clovis at the time of her death, were conducted Thursday in the First Baptist Church in Clovis, with Dr. H. E. Bergstrom officiating.

Mrs. Moorman passed away Saturday morning at Clovis Memorial Hospital. She has been a resident of Curry County for 52 years.

Survivors include her husband, Andrew J.; three daughters, Mrs. Louise Martin and Mrs. Betty Jo Rhoses, both of Clovis and Mrs. Dorothy Ann Coleman of Robecito, Venezuela; one son, Arthur J. Of Clovis; nine grandchildren; two sisters, Mrs. G. A. Jenkins of Darrouzet, Texas and Mrs. Ervin Lindsey of Colony, Kansas; and a brother, William Wesemann of Harris, Kansas.

Interment was in Mission Garden of Memories under the direction of Steed's Funeral Home.

MAX FIELDS was stopped on a short gain by Kress' Jim Harris when he attempted a roll out around his left end.

## Carol Bell "Miss Flame"

Miss Carol Bell, daughter of Mr. and Mrs. A. B. Bell of Texico was crowned "Miss Flame of 1961" by Texico Fire Chief, F. S. Thigpen, at the "42" tournament Saturday evening. The activity was sponsored by the Texico Fireman's Ladies Auxiliary.

A plastic fire hat served as the crown, and Miss Bell was presented with a drop pearl necklace.

After crowning the Texico high school senior, Chief Thigpen expressed appreciation on behalf of the auxiliary to all girls entered in the contest.

During the evening Buck Doran was announced as winner of the green and white state flower quilt pieced by auxiliary members. F. S. Thigpen and Perry Winkles won high in the "42" tournament, and Harvey Winkles was recipient of the prize in the bean guessing contest. Mrs. Russell Johnson received the door prize.

A cake walk was conducted at the conclusion of the evening, and \$102 was netted from the entire affair.

Mrs. Perry Winkles, auxiliary president, expressed her thanks to those who helped make the program a success. Special thanks were extended to Olan Schleuter for conducting the tournament, to John Adams for showing movies to the youngsters, to Jim Bob Smart for the door prize, Mrs. J. E. Stone for displaying the quilt in her store, and to newspapers and radio stations for the publicity.

The event was sponsored by the Auxiliary in observance of National Fire Prevention Week, and proceeds will be used to help buy food for needy families at Christmas.

# Shelter Survey Due In Parmer County

Parmer County will be included in a government sponsored survey to locate and mark available fallout shelter space in existing buildings, tunnels, caves and other protected areas in the near future, it was learned this week.

In a letter to Judge Loyde Brewer, Col. R. P. West, Corps of Engineers, Fort Worth, West asked the cooperation of the county officials and residents in the survey. Colonel John F. Arfman, district engineer, Albuquerque, has assigned to direct the work in this area.

The endeavor will be carried out as a civil works rather than a military engineering operation, West stated.

The program will be divided into three phases. Phase one will be the location of potential shelter areas by means of existing maps, aerial photographs, locally available buildings and civil defense data.

Phase two will include detailed surveys of selected potential fallout shelters, preliminary estimates of cost of necessary modifications, and capacity. Buildings with basements such as the courthouse, bank, community buildings and schools may be among the selected sites.

The third phase will cover the re-evaluation of selected potential shelter spaces sur-

veyed under phase two and preparation of schematic studies and more detailed estimates of cost of required modifications.

The initial step in the actual undertaking will be the selection of an architect-engineering firm and train a number of its personnel in the requirements for identification and marking.

At the conclusion of the survey, suitable areas will be modified and marked as public fallout shelters.

Parmer County may be less equipped for such a project due to the minimum number of centrally located buildings with adequate construction for such shelters.

FIFTY-FIRST YEAR

SECTION 1

HAPPY SMILES are displayed on the faces of the six Texico second year journalism students, as they look at the five awards brought home from the West Texas High School Press Association competition during journalism day Saturday at Texas Tech. From left to right are Carmelita Doshier, Jeanne Hadley, Bobby Hapke, Pat Widner, Ronald Watts and Kenneth Chappell.

## Texico Journalism Group Wins Five WTHSPA Awards

Of the twenty-two awards presented to winners at the annual West Texas High School Press Association competition during journalism day at Texas Tech Saturday, Texico brought home three trophies and two certificates.

Honors were announced at a 5 p.m. banquet attended by students and advisors from the Panhandle, South Plains and eastern New Mexico. Schools competed for both newspaper and yearbook awards.

Ralph Carpenter, editor of the Tech student newspaper, presented the newspaper awards.

Texico school won the loving cup provided by the State Line Tribune for having the best mimeographer newspaper. All sizes of schools were eligible to compete for this award. They won the cup presented by the Inter-Collegiate Press for yearbooks of small schools, another cup for the most improved yearbook which was presented by Rodgers Litho Company of Lubbock.

The school received one of the four certificates presented during the day for "honor."

(Continued on page 2.)

### Fellowship Night Set October 22

Fellowship night will be held in St. John's Lutheran Parish Hall at Lariat on Sunday, October 22, beginning at 7 p. m.

A salad supper will be served, a book review on "The Life Story Anna K. Maier," a short skit on "good stewardship" and singing will be among items on the program.

Women from Littlefield, Hereford, Clovis and Rhea are invited along with ladies from the immediate area.

## Panel Discusses Child Training

"Effective Learning for the Home" was the subject discussed Monday night by members of Farwell Parent-Teachers Association.

Preston Martin was moderator for the discussion and was aided by panel members, Claude Coffer, Mrs. Jim Terrell, Lucille Brittain, Mrs. Lawrence Cooper, Mrs. Dot Christian and Mrs. Bruce Blair.

Phases of child training, growth and personality development were on the discussion agenda and specific problems such as smoking, drinking and early marriage were reviewed.

Don Tarbet, Church of Christ minister, gave the invocation and Mrs. Walter Kaltwasser, vice president, directed the meeting. Terry Edwards of Portales gave a brief resume of Cub Scouting, and the PTA voted to sponsor the organization.

Following the discussion, a film on cystic fibrosis was shown, to educate parents on the disease.

Fire posters made by grade school children during Fire Prevention Week, were displayed.

### Tomlinson Takes Steer To Dallas

Bobby Tomlinson, son of Rev. and Mrs. Robert Tomlinson, is in Dallas with a group of Parmer County 4-H and FFA members where he is exhibiting his animal in the market steer class at the state fair. The animal is judged on how many choice and prime cuts of beef can be derived from the steer.

The Hereford steer owned by Tomlinson weighs 1075 lbs. and has been shown once before, at Friona. This is Tomlinson's third major show. He took animals in the past to Dallas and to Odessa, and showed at the state fair in New Mexico.

## Kids Win Contest Over Dads; Haseloff Has Overall Lead

The kids set the pace for the prizes in the football contest sponsored by local businesses in The Tribune the past week. In fact, it was such an unusual week that all three places were won by the youngsters to set back the counts on some of the old pros of the contest.

Henry Haseloff, who has been close to the top in the contest for several weeks, is leading the field for the grand prize, a trip for two to the Cotton Bowl January 1.

Craig Phillips, first place, and Milton Lee Walling, second place tie, both missed the Littlefield-Colorado City and Farwell-Kress games. They had picked Littlefield and Farwell and winners were reversed. Phillips was closer on the tiebreaker score though, calling the count 14-12 for the Steers. Walling guessed 20-14. Craig is the son of Mr. and Mrs. Glen Phillips and Walling is the son of the Mitz Wallings.

Tieing with Walling for second place was Mike Camp, son of the Joe Camps. Mike

thought Farwell would take Kress 22-16 and had picked West Texas over Arizona State incorrectly. Craig and Milton Lee have played on the Pee Wee football team this year. Mike plays for the Farwell junior high team, the Yearlings.

All three boys will have something to brag to their dads about, since the elder members of their families seemed to follow the crowd on predictions last week. Fathers Phillips and Camp picked five right and Walling predicted four.

Henry Haseloff came through with seven correct tallies to stay in the lead for the Cotton Bowl trip with 44 points. Two points behind him are Mr. and Mrs. Albert Johnson, Dargin Kirk and Bill Moss with 42 each. Five contestants have 41 points each and three have 40.

Although advance publicity and predictions had labeled Kress as a hard team to beat, all but two of the many contestants gave the Farwell Steers an edge over Kress.

RETURNING a Kress Kickoff to the Farwell 27 yard line is Steer quarterback Max Fields. He was stopped by Jim Bennett, 20, shown behind him.

(Continued on page 2.)

# School Releases Year's Audit

After all the totals were made, Farwell Independent School district ended up in the black \$2,488.19 as of August 31, 1961, according to the statement of receipts and disbursements. The complete report for the period from September 1, 1960 to Aug. 31, 1961, appears in an ad elsewhere in this issue of The Tribune.

which included local, county and state sources and sale of property added up to \$255,519.80. Total funds available were \$264,095.28, and total disbursements were \$261,607.09.

Biggest expense was for instruction, \$139,500.10 with debt service adding to \$45,738.20. Other expenses are listed in the ad.

## Have 8-0 Record

Hoping to keep their record unblemished as they enter tournament play with a perfect 8-0 season record are members of the Texico Wolverline softball team.

The team ended regular play Tuesday as they defeated House 14-1, behind the pitching of Billy Campbell. Dale Brown, two for two, and Weldon Walker, three for three, were big hitters for

the winners. The locals got off to an early lead and were never threatened. House scored their lone run on a Texico error.

The Wolverines will meet the winner of the House-San Jon game Saturday in their first tournament game. The tournament is being played at Portales. Members of the Texico junior high team are playing Floyd in the tournament this afternoon.

After losing out in the girls softball tournament, the high school girls team ended their season with a win over House on Tuesday.

Betty Lockhart pitched the team to an 11-7 victory, with Millie Autrey and Grace Hamilton getting four and three hits respectively to lead the hitting.

In the tournament played over the weekend at Grady, Texico won their first game on Friday by beating Logan 21-12. Shirley Huber had five hits in four times at bat to lead the locals.

On Saturday the girls lost to Melrose 16-12. They had beaten the team earlier in the season.

Shirley Huber and Millie Autrey led in scoring and Betty Lockhart was pitcher.

Texico junior high girls, playing in the same tournament, took their first game 12-11 from Logan. Nancy Brantley pitched the first two innings and Pauline Taylor finished the game. Sandy Tipton, Vivian Duncan and Marquitta Wall all had four hits in four times at bat for the game.

Saturday several members of the junior high team went with the school band to Portales, leaving the team shorthanded for their game with Melrose. The girls played good ball according to coach C. B. Stockton, but inexperience cost the team several runs which could have made the difference in the

### Uncle Ray's "Hot Air"

"Most every family would be improved if the parents would get back on spanking terms with their children."

"Wonder if they speak of the moon as silvery because it comes in quarters and halves."

"There are no sleeping cars on the road to success."

"Folks, you can bet your bottom peso that some of the best buys can be found in small stores. Come in and look over the wide selection and many bargains 'ole Uncle Ray has."

### Journalism--

yearbooks and another certificate for "superior" on the school paper. In order to obtain the honor rating on their yearbook the school had to accumulate 1600 points in the critical judging competition.

Over 357 persons attended J-Day, with John Masterman, city editor of the Amarillo Globe Times and Daily News, giving the keynote address.

Lewis N. Jones, dean of men at Tech, spoke to students and advisors after the annual WTHSPA business meeting.

Final session of the afternoon was a panel discussion concerning the aspects of professional journalism. Duncan Ellison, KDUB-TV; Otice Green, public relations manager; Curtis Sterling, Brownfield News; Kenneth May, Avalanche-Journal; Charles Webb, United Press International; and C. W. Ratliff, KCBD-TV; were on the panel.

Following the banquet and presentation of awards all persons were invited to be guests at the Tech-TCU football game at 7:30 in Jones Stadium.

Attending from Texico were Mrs. Jimmie Allman, journalism instructor; Ronald Watts, Kenneth Chappell, Ardella Nickabone, Barbara Raulle, James Watts, Bobby Hapke, and Beverly Cassidy. Mrs. Johnnie Chappell helped sponsor the group.

### Kangaroos Drop--

previous contest.

He cited Jerry Lovelace and Scotty Turner as the top Steers of the week, on offense and defense, respectively.

The Steers will meet a tough team tonight (Friday) when they take on the Hale Center boys at Hale Center. Both Bill Mayfield and Dan Truelove who have seen the opponents in action say they're "tougher than Kress."

Coach Alexander says Jim Terrell will start on offense in place of Jim Clements this week. Leon Lovelace will start at quarterback, Max Fields will be switched to fullback and Jerry Lovelace to right half. Darrel Crook will start on defense and Donald Dale will probably play quite a bit in place of Mike Nelson.

The boys are in good shape, adds the coach, with only two boys limited -- Fields with a bruised toe and Nelson with an injured ankle. But none of the boys will be out of the lineup.

Tonight's contest will be a major one for the Steers. "The only way we could win the district now" says Alexander "is for Springlake and Hale Center to beat Kress and for us to win the rest of our games."

If the Steers top Hale Center however and only Hale Center beats Kress, the three-way tie would result. But the big "if" now is the game tonight.

Perry Ritchey is by far the best back for Hale Center, having been named a unanimous all-district back on offense and defense. Loyd Lathan is also tough, Alexander says. Both Farwell and Hale Center average about 170 lbs. on the line.

Both teams have won over Sundown--Farwell 26-0 and Hale Center 20-12. But Sundown had three boys out when we played them and were full strength when they met them, Alexander explains.

"It'll be a close game," he concludes.

### Opening Set Next Week

Skylite Skatatorium will open for the fall season beginning

13-10 ballgame. A season average for members of the senior girls team is listed below.

	AB	H	R	Ave.
M. Autry	32	20	13	.620
C. Bell	26	16	11	.615
J. Adams	30	18	14	.600
G. Hamilton	25	14	6	.560
G. Lambert	31	17	12	.540
M. Creek	4	2	0	.500
B. Lockhart	20	10	7	.500

next week. Further details on the fall schedule are given in an advertisement elsewhere in the paper. The business is operated by Mr. and Mrs. Lee Meeks.

### LEGAL THE STATE OF TEXAS

TO: C. B. Cushman and his wife, Mary Cushman; Fred W. Browne and his wife, Mary E. Browne; Thurston E. Walters and his unknown wife or wives; J. H. Drager and his unknown wife or wives; and should any of the above named parties be deceased, then of their unknown heirs, assigns, devisees and legal representatives; and all unknown claimants, and the unknown husband or husbands and unknown wife or wives of all of the above named parties defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 20th day of November 1961, at or before ten o'clock A. M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 2nd day of October A. D. 1961, in this cause, numbered 2235 on the docket of said court, and styled, CLARA E. DE JEAN, ET AL Plaintiffs, vs C. B. CUSHMAN, ET AL, Defendants. The names of the parties to

the cause are as follows: Clara E. De Jean, a single woman, Evelyn De Jean Dalton and her husband, Leroy C. Dalton, are Plaintiffs and C. B. Cushman and his wife, Mary Cushman, whose place of residence is unknown, and if deceased, then their unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and whose residences are unknown; Fred W. Browne and his wife, Mary E. Browne, whose place of residence is unknown, and if deceased, then their unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and whose residences are unknown; Thurston E. Walters, whose place of residence is unknown, and if deceased, then their unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and whose residences are unknown and, if deceased, then his unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and whose residences are unknown; J. H. Drager, whose place of residence is unknown, and if deceased, then his unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and whose residences are unknown; and the unknown husband or husbands and unknown wife or wives of all of the above named parties defendants, Greeting:

and, if deceased, then their unknown heirs, assigns, devisees, and legal representatives, all of whom are unknown and all of whose residences are unknown; and all of the unknown heirs, assigns, devisees and legal representatives of any and all of the aforesaid named parties who are deceased, the residences and addresses and whereabouts of each and all of the aforesaid named defendants being unknown; are Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Suit in trespass-to-try-title, Plaintiffs alleging that on or about the 1st day of August, A. D. 1961, they owned in fee simple and were in possession of

All of the Northeast quarter (NE1/4) of Section 16, and all of the North half of the Northwest quarter (N1/2NW1/4) of Section 15, all in Block "C," Rhea Brothers Subdivision of Parmer County, Texas, as shown by plat of said subdivision of record in the Deed Record of Parmer Co.,

Texas, and that Defendants unlawfully entered thereon and ejected them therefrom and withhold possession thereof from them; and praying for judgment for title to and possession of said real property, and for writ of possession, and further claiming title by virtue of the five- and ten-year statutes of limitations, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 4th day of October A. D. 1961.

Attest:  
High Moseley Clerk,  
District Court,  
Parmer County, Texas.

## Woman's Club Hears Reports On Girls State

Betty Lockhart, spoke to Texico Woman's Club members Monday evening when they met at the club building in Texico. Miss Lockhart was sponsored by the organization to New Mexico Girls State this past year, and reported to the club various aspects of the week spent at the University of New Mexico.

Donna Kay Osborn, Texico's other delegate to Girls State was also a guest of the Woman's Club, and told the women

points they had learned on Communism during lectures at Girls State.

Mrs. B. A. Rogers and Elmer Teel was hostesses for the evening.

During the business meeting, Mrs. Elmer Teel, club president, reported that five banquet tables had been ordered for the club building. Members decided to each donate cup towels to the club for use in the building.

Pink cactus dahlias were used as a centerpiece on the white damask covered serving table. Pink candles flanked the central arrangement, and a silver coffee service was used. Individual squares of white cake iced in white and topped with a tiny pink rose were served with coffee mints and nuts to guests.

## Companion Class Installs Officers

New officers were installed on October 12, when the Companion Sunday School Class of the Texico First Baptist Church met with Mrs. Dee Jay Brown as hostess.

Mrs. Francis Boling will serve as class president, Margery Fought is vice president, Charlotte Pierce, secretary; Pat Webb, treasurer; Ysleta Kittrell, class minstress; Olena Wilkinson, devotional chairman; and Audrey Kittrell, reporter. Group captains are Diane Eshelman and Wilma Nell Whitener.

Following a short business meeting refreshments of coffee and pops were served by the hostess.

Attending were Mesdames Ysleta Kittrell, Audrey Kittrell, Olena Wilkinson, Pat Webb, Margery Fought, Tena Roth, Charlotte Pierce, Mary Lyn London and Betty Thornton.

# The Women's Page

ANITA HENSON, Society Editor---Phone 481-3681

MEMBERS of the Cooper family who met recently in the L. L. Cooper home in Farwell for a reunion are pictured from left to right standing, L. L. Cooper, Farwell; Marshall Cooper, Portales; Mrs. E. S. Mauldin, Rowden; Mrs. C. P. Lancaster, San Diego; and Mrs. C. L. Davis, Austin. Seated are Henry Cooper, Portland, Ore.; and Priesley Cooper, Austin.

## Cooper Family Meets In Farwell

Meeting for the first time in nine years were seven of the eight living children of Mr. and Mrs. H. H. Cooper, now deceased, as they gathered recently in the Lawrence Cooper

home in Farwell.

The youngest brother, Dee Cooper of Santa Susana, Calif., was the only one unable to attend.

Mr. and Mrs. Henry Cooper of Portland, Oregon; Mr. and Mrs. C. P. Lancaster, San Diego; Mr. and Mrs. Marshall Cooper, Portales; Mr. and Mrs. P. P. Cooper, Austin; Mrs. Gene Mauldin, Rowden; and Mrs. C. L. Davis of Austin, attended the family gathering along with children of the Marshall Coopers, Mrs. Gerald Wright of Friona, Mr. and Mrs. A. H. Jones and daughter, Julie of Portales and Lewis Cooper, Texico.

## Robert Morgans Have Daughter

Mr. and Mrs. Robert Morgan of Farwell are parents of a daughter, born on October 11 at Clovis Memorial Hospital. Elizabeth Kaye was the name given the 7 pound 10 ounce girl. The couple have a son, Bob, 19 months old.

Mr. and Mrs. O. C. Pullam of Farwell are maternal grandparents.

## Hospital Notes

Mrs. Ruth Reed of Farwell was a surgical admission to Clovis Memorial Hospital Monday. She was released Wednesday and is doing fine.

Frank Doshier who was admitted to a Lubbock Hospital for treatment on his leg, is reported to be much improved and is expected to be released over the weekend.

Randy Crook was a patient in the Clovis Memorial Hospital last week, but is reported to be in good condition by his family.

Don Williams who received an eye injury when a tree branch scraped the cornea of his eye last week is reported to be doing fine.

## Locals

Peggy and Allan Teel, Mary Mitchell and Mary Tipps were dinner guests Wednesday evening in the Elmer Teel home in Texico. All are students at Eastern New Mexico University.

Rev. Orval Brantley will be in Ft. Worth October 29 - Nov. 5, where he will preach for revival services at Salignaw Park Baptist Church.

There are people who will go thundering down in history like an extra gallon of water over Niagara Falls.

## International Affairs To Study Club Program

International affairs were discussed Monday evening when the Farwell Study Club met for their October meeting in the home of Mrs. L. R. Vincent in Farwell.

Turmoil in Africa was the topic used by Mrs. Joann Sander in her talk. She gave a history of the continent, the effects foreigners have on various aspects, and what the present situation is.

Mrs. Sander also pointed out what we as Americans can do to help.

Mrs. Lois Smith spoke on China's leaders, both Communist and Nationalist, using posters to illustrate the talk.

Following the program, Mrs. Claude Coffey, club president, welcomed four new members, Mrs. Ralph Franse, Mrs. R. S. Shuman, Mrs. Mable Reynolds and Miss Maude Hicks, to the meeting. She also extended a welcome to two visitors, Mrs. Lawrence Cooper and Mrs. Preston Cargile.

Hostesses, Mesdames Mose Glasscock and L. R. Vincent, served refreshments at the close of the meeting.

I had a chance a couple of weeks ago, to visit with my fourth grade teacher, and it was quite a treat, although I've changed much more than she has. Remarking to the spouse later, I commented "It has been at least 10 years since I've seen her." "Have you seen her since you were in the fourth grade?" he inquired as he delved for the true facts.

"Well no," I said as I tried to recall. "You were graduated from high school in 1946," he continued "so you were a fourth grader about 1938." I subtracted 1938 from 1946, and I'll admit that it wasn't too good for my ego. Anyway, we didn't waste time comparing grey hair and wrinkles.

It was more fun to learn about mutual acquaintances and to remember incidents that had long been forgotten. Kindly, she did tell the spouse what a well-behaved fourth grader I was, with no cues from me.

A synonym is the word you use when you don't know how to spell the other one.

Steer fans are keeping their fingers crossed this week because the game with Hale Center tonight could mean another chance or the end of chances for a district title. If we top Hale Center and Hale Center in turn wins over Kress, a three-way tie such as the one that occurred a couple of years ago, could result.

Just for luck, Coach Dempsey Alexander still has the lucky coin that gave the Steers the winning toss to give them the district title the last time.

## Skit On Fire Prevention Opens Club Meeting

A skit on fire prevention by Mesdames Edmund Kitten and Joe White was the opening exercise when members of the Oklahoma Lane Home Demonstration club met on October 12 at the community building.

New officers who will serve the club for the coming year are Mrs. Joe White, president; Mrs. Edmund Kitten, vice-president; Mrs. Henry Haseloff, secretary; Mrs. Windburn Hardage, treasurer; Mrs.

The Oklahoma Lane Community Center was the scene for a Friday the 13th meeting of the West Plains Garden Club.

Roll call was answered with "things a gardener can do as winter approaches."

During the business meeting members voted to retain officers for another year. Ruth Bass was elected historian and Gladys Hardage named as parliamentarian. Other officers are Mrs. R. L. Farley, president; Mrs. Edmund Kitten, vice-president; Mrs. Thomas Young, secretary-treasurer; and Mrs. H. W. Hardage, reporter.

The hostess gift, a potted geranium with double white blooms was awarded to Lee Ann Farley.

Mesdames Louetta Kitten and Glendean Young presented the program on "Woodforms and Dry Flower Arrangements."

Following the meeting, the hostess Mrs. Gladys Hardage served refreshments to Elsie Foerster, Georgie Nelson, Ruth Bass, Maude Pruitt, Glendean Young, Charlene, Lee Ann, Susan and Scotty Farley and

Louetta Kitten. Next meeting for the club will be on October 27 in the home of Glendean Young.

## Dr. Allen To Preach Sunday

Rev. Robert Tomlinson will be in Grants from Saturday morning through Monday to assist with the visitation evangelism exchange program of the Methodist Church.

Upon his return, the local pastor will go to Dallas to attend the area meeting of the Board of Pensions. Dr. H. H. Allen, district superintendent of Clovis, will preach Sunday morning and Sunday night at Hamlin Memorial Methodist Church.

Wednesday night, the Methodist Men were treated to a meal featuring barbecued antelope, deer and elk, game brought back from Wyoming by Elmer Teel and James Craig.

Hamlin Overstreet, in an informal presentation, reviewed his trip to Europe.

## Teachers Meet At Lazbuddie

Loyde Brewer, county judge and Mrs. Williams of Friona, discussed the operation of the credit union in Friona, when members of the Parmer County Teachers met at Lazbuddie Monday. Mrs. McClain of Friona was elected to represent the group at Texas State Teachers meet in Houston.

Faculties for the four schools in the county were introduced. James McElroy of Bovina is president; Eugene Dew of Farwell, vice president; Mrs. R. L. Bates, Friona, treasurer; and Mrs. Willie Williams, Bovina, secretary.

Safety first around the picker gets the job done safer quicker.

# Eight Sentenced In Dist. Court

Judgment was rendered in eight criminal cases and one civil case in District Court before Judge E. A. Bills Oct. 11.

N. R. Harding won his suit against R. J. Cross, Et. Al. for recovery of real property in Farwell in the only civil action.

All criminal cases acted upon were accepted on a plea of guilty by the defendants. They were:

Florence Gonzales sentenced two years in the state penitentiary and released under the terms of the adult probation law. She was charged with illegal removal of mortgaged property from the county.

R. J. Sandlin was sentenced two years and released on probation after pleading guilty to a charge of forgery and passing.

J. B. Ricketts received a sentence of two years in the state penitentiary for forgery and passing after pleading guilty. He was also released on probation.

Gary Buntin received a two

year sentence for theft and was released on probation after pleading guilty before District Court Judge E. A. Bills.

J. D. Rash received a two year sentence and was released on probation following a plea of guilty to a theft charge.

Harvey C. Rippetoe was sentenced two years in the state penitentiary and released on probation after pleading guilty to a charge of burglary.

Billy Wayne Machen pleaded guilty to a charge of burglary and received a sentence of two years in the state penitentiary and was also released on probation.

Johnie Lewis pleaded guilty to two charges of forgery and passing and was given a sentence of two years in the state penitentiary for each count to be served concurrently. He was charged with passing checks to Andy Hurst, Friona, and to W. E. Williams, Bovina.

Judge will convene court in Farwell at the courthouse Oct. 25 for the next series of cases.

## Pleasant Hill

BY MRS. BUCK TAYLOR

Members of the Pleasant Hill WMU met Tuesday in the home of Mrs. Posey Clark, Mrs. Corda Taylor presided at the business session, after the meeting had been opened by a prayer by Dyanna Fraizer. Mrs. Fraizer also gave a community mission study. Refreshments of coffee and cookies were served after the meeting to the nine members present.

Recent guests in the home of Mr. and Mrs. Amos Shockley were her parents, Rev. and Mrs. C. C. Morgan and Wanda from Anton and a sister, Mrs. W. T. Watson and boys.

Mr. and Mrs. Amos Shockley and daughter visited Sunday in Hale Center with her sister and family, Mr. and Mrs. Ray Tidwell.

Mrs. Lorado Servatius and Mrs. Corda Taylor along with their mother, Mrs. Janie Anderson, made a business trip to Hereford Monday. They also visited in the Oklahoma Lane Community with Mr. and Mrs. Homer Stacy.

Recent guests in the Robert Servatius and Buck Taylor homes were Mrs. Lucille Hargrove and Mrs. Willie Cobb.

Mr. and Mrs. Jim McCullough spent the weekend in Butler, Oklahoma, where they attended a homecoming.

Mrs. Ruby Boatrite from Plainview was a recent visitor in the home of her son and family, Mr. and Mrs. Gene Boatrite.

Mr. and Mrs. C. O. Joplin and girls from Bovina visited Sunday in the Clarence Brown home.

Boss to Secretary: "I've got to call up my wife. Send my daughter a telegram to get off the phone."

## Students Named To Honor Roll

Twenty-eight Texico high school students made the necessary B-plus average to make the first six-weeks' honor roll.

Seniors led the school with nine students on the list, Beverly Cassidy, Betty Lockhart, Judy Lovett, Vicki Lovett, Donna Kay Osborn, Larry Richardson, Dwight Turner, Beulah McDaniel and Evie Thornton were listed.

From the junior class Georgina Lambert, Jean Morris, Linda Palmateer, James Watts and Carol White were listed.

Representing the sophomore class were two students, Wayne Hudnall and Hazel McDaniel.

Five were named from the freshman class including Caroline Frazier, Gwinette Lovett, Cynthia Spence, Sarah Beth Walker, and Kathy White.

Students from the eighth grade were David Duncan, Terry Loyett, Teresa Luce and Veda Wilson.

## Junior High Royalty Crowned

Susie Blair, daughter of Mr. and Mrs. Bruce Blair, and Larry Gregory, son of Mr. and Mrs. Buck Gregory, were crowned junior high football queen and pep club beau at pre-game ceremonies Thursday.

Other candidates for queen were Sheri Roberts, Ann Collins, Julie Routon and Diane Lovelace.

Pep club beau candidates were Doyle Johnson, Larry Powell, Charles Dannheim, Bill Roberts, Joe Costello, Jerry Ford, David Meeks, Mike Robertson, and Bobby Fields.

To highlight the evening, the yearlings took a 22-8 victory over Kress.

The entire junior high school participated in a pep rally at the school Thursday afternoon.

## Junior Leaders Meet Recently

The 4-H junior leadership club of Parmer County met on October 16 in the home of Linda Gleason, with roll call answered by each member asking questions on etiquette.

A candlelight installation service was held prior to the meeting, with Bobby Tomlinson installed as president.

The program was a demonstration on table manners, with the various table services described by Linda Gleason before Ettie Musil, county home demonstration agent demonstrated each at the table.

Following the program, recreation was led by Viane Lesly, and refreshments of cookies and punch were served to Gerald, D. H. and Gary Foster, Richard Chitwood, Cooper Young, Bruce and Janice Billingsley, Reba, Viane and Peggy Lesly, Linda and Bobby Gleason and Johnny Mabry.

The U. L. Lesley home in Farwell will be the scene for the organization's next meeting.

## Car Wash Set For Saturday

Members of the Oklahoma Lane MYF group of the Methodist Church will sponsor a car wash in Farwell Saturday at Cooper Gin. Anyone desiring information on the event is asked to phone Mrs. L. L. Cooper.

One dollar will be charged for each car, with proceeds going to buy song books for the Church.

## Two Teachers Added At Farwell

Two new teachers have been added to the faculty of Farwell Schools, W. M. Roberts, superintendent says.

Mrs. Rebecca Hensley has been hired to teach first grade to give the school a total of three beginners groups. Mrs. Hensley, who is a graduate of Portales High School and a 1961 graduate of Eastern New Mexico University, was an elementary

**We Are Always Happy to be of Service to You**  
**RALPH HUMBLE**  
Farwell, Texas

education major. Her father is connected with the university in Portales, says Roberts. Teaching a third second grade class is Mrs. Josephine White of Muleshoe. She holds a Masters degree and received her education in Oklahoma. Her husband is one of the elementary principals at Muleshoe, says Roberts. Mrs. White has had 19 years experience in elementary education.

## Burglars Hit Bovina Stores

Burglars gained entrance to two Bovina businesses Thursday night but failed for their apparent search for cash or similar valuables.

They first entered the Cicero Smith Lumber Co. and after an "extensive search there," broke into the Hartwell Machinery Company. Less than ten dollars were gained for all their efforts according to Charlie Lovelace, county sheriff.

Lovelace is confident that both acts were committed by the same party.

No arrests have been made in connection with the incident but county officers are checking possible leads.

## News From LAZBUDDIE

BY MRS. C. A. WATSON

Birthday greetings this week go to Margaret Wilson, October 15; Alzada Gulley, and Lee Bond, October 17; Robert Pruitt, October 18; Kent Vaughn, Opal Graves, and Darla Jan

Spittler, October 20.

Who's Who named recently in the Lazbuddie grade school include Hazel Lesley and Darrell Matthews as most beautiful girl and most handsome boy; Thresa Seaton and Troy Steinbock as most popular; Cheryl Ramage and Bobby Redwine, best citizens; Vickie Robinson and Joe B. Jennings, most studious; Becky Wilson and John Ward, best athletes; and Connie Harlin and Bruce Pruitt, best all-around.

Mrs. Dovah Lawrence of Lubbock visited recently with the Fred Wilbanks family.

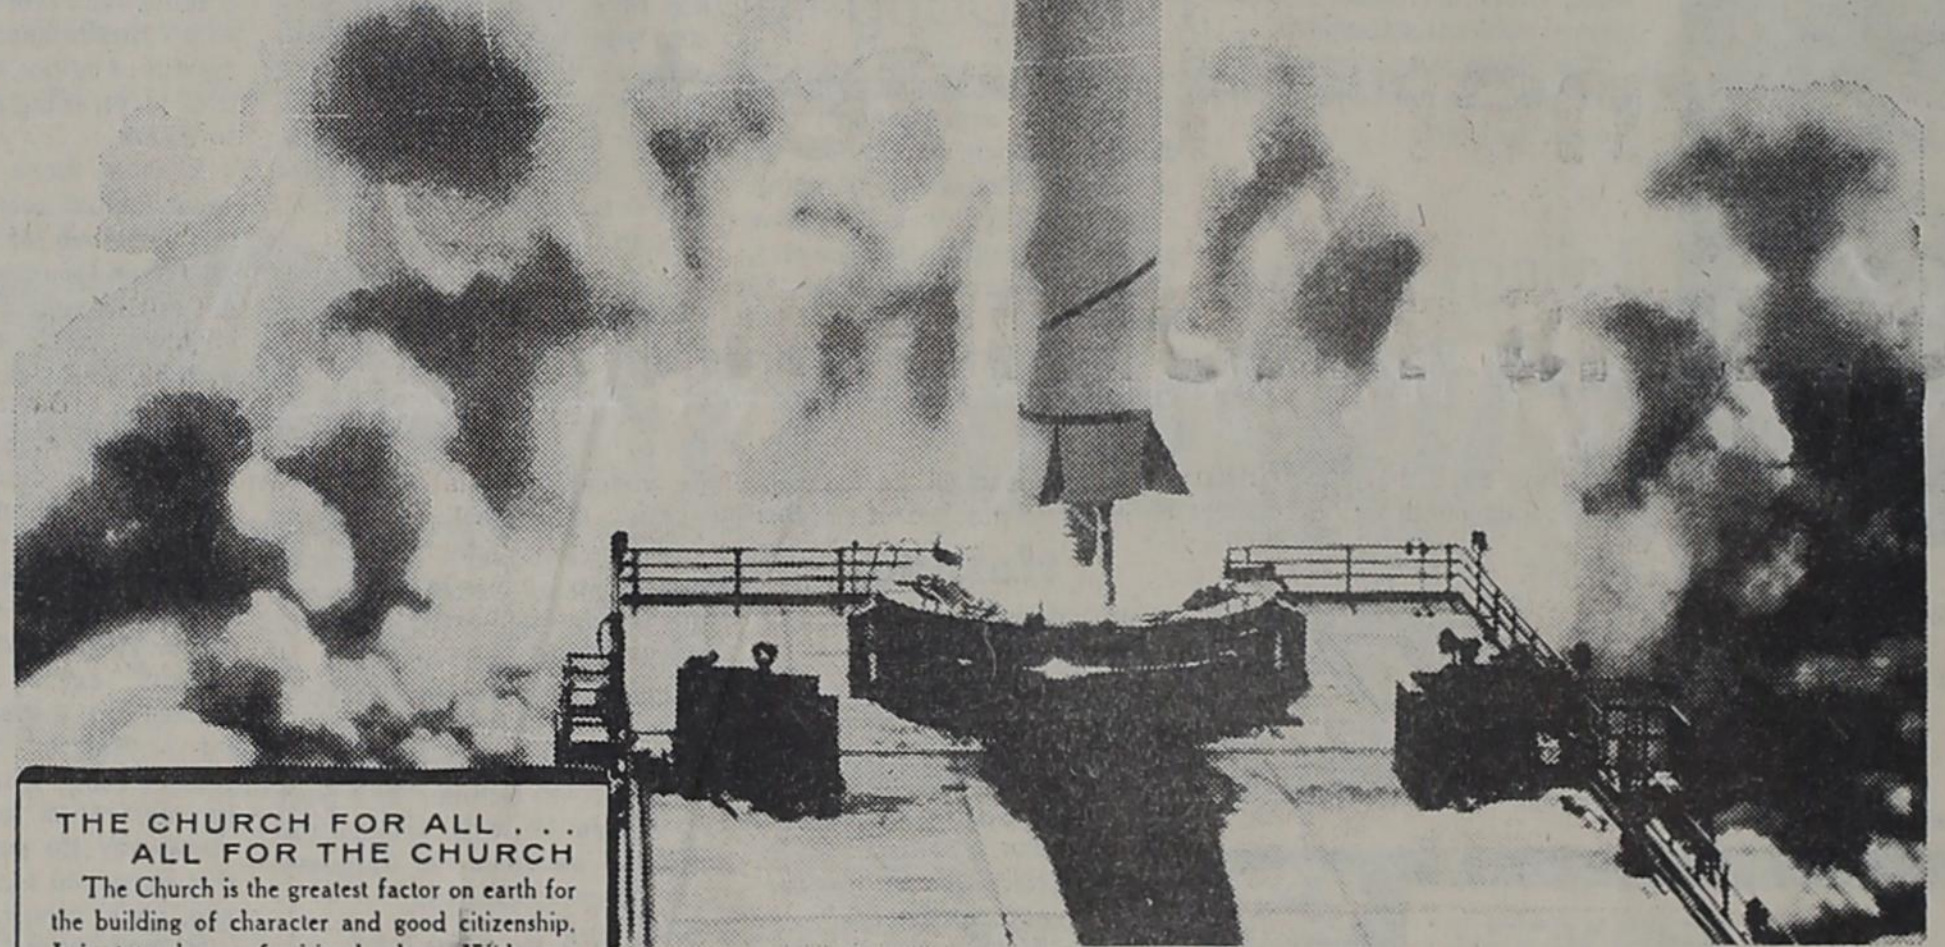

Superintendent and Mrs. J. G. Ward and boys visited over the weekend with Mrs. Ward's mother, Mrs. E. B. St. John of Bennington, Oklahoma.

Visiting the Jess Pendergrass family during the week was his sister, Amie Pendergrass from Weatherford; the Bob Pendergrass family from Lubbock and Mrs. Pendergrass's sister, Mrs. Preston Hester and a niece Nancy DeLong and children from Brownfield.

Mr. and Mrs. J. B. Wright were in Fredrick, Oklahoma over the weekend to return Mrs. Wright's mother, Mrs. Tom Lewis to her home.

Mr. and Mrs. R. L. Forester attended family night at St. John's Lutheran Church in Lariat Sunday.

# FIVE FOUR THREE COUNTDOWN TWO ONE ZERO

### THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The countdown has been completed. At the word "zero," electronic miracles happen. The rocket zooms skyward, and seems to penetrate the infinite.

But it hasn't. Man's greatest efforts fall far short of solving the mystery that is life itself. The answer is known only unto God. And man's greatest troubles still concern not the universe but man himself, and his fellowmen.

The greatest scientists today realize even more acutely than most of us the limitations of mankind. From deep, personal experience they know how desperately man needs God's love and His guidance. And they know, too, that no matter how "invincible" their rockets may become, in the end, true peace can be achieved only by God's own workings within the hearts and minds of men.

Pray for this kind of peace in church next Sunday.

Curry County Grain  
And ELEVATOR COMPANY**

CLOVIS

600 Curry Ave.

or

West Of Town

# THE HIGH PLAINS FARM AND HOME

NEWS FROM THE FARM BUREAU  
BY RAYMOND EULER

Heavy heads of grain almost hide the combine from view as it inches along. In this field near Hub, the grain was so thick and leaves were so interwoven that it was a struggle for a

man on foot to move through it. Grain harvesting in the area reached the halfway point this week, according to informed sources.

## Parmer Harvest Gains Momentum

Combines, trucks, elevators and gins have been operating at an ever increasing pace for the past week as Parmer County harvesting continues to gain momentum.

Grain harvesting in the southern sections of the county is nearing the 60 per cent completion point, according to estimates of area elevator operators and farmers. Moisture content of grain taken from the southeast part of the county averaged 11.3 per cent according to elevator reports and is getting dryer with each day of fair weather.

As checks were made on grain deliveries further north, it was

discovered that harvesting from Friona north was only about 25 per cent completed and moisture content ranges from 9 to over 16 per cent. One elevator reported turning away a few loads of grain because of the high moisture content.

"A good, heavy frost and a week of sunshine and soft breezes is what I need more than anything else," one farmer near Friona commented.

Over 10 million bushels of grain sorghum were reported delivered to six county elevators by Monday evening.

A light frost which settled over parts of the county last week wasn't heavy enough to harm many of the late crops and did very little good for the farmers awaiting a light freeze to begin their cotton harvesting. Several fields of cotton in the Bovina and Farwell areas are nearly ready for stripper operations but most farmers are waiting a few more days in hopes of a light freeze.

Two farmers near Bovina are reported to have started trial runs with a cotton stripper Tuesday. Small areas in the fields still have a few too many green bolls but they are expected to reach the stripper stage by the end of the week, if the dry weather holds.

Most gin operators indicate that cotton harvesting has al-

ready reached the stage equal to that at the end of October last year. It should be moving into full swing within the next two or three weeks, depending upon weather.

Cotton fields which have been sprayed with shed-a-leaf are showing as large expanses of white as the leaves fall away to

reveal the stalks laden with large fluffy bolls.

In the northern parts of the county, there is still a considerable number of immature grain and green cotton. A heavy freeze would do appreciable damage to these fields. Most of the crops however, are reaching the stage where a freeze would do more good than damage.

### 4-H Clubs Eligible For Certificates

Local 4-H Clubs are eligible for 4-H Club Certificates according to achievement requirements completed each year. A 4-H Club is entitled to one certificate and or seal per year.

According to information received from the State 4-H Club Office by Extension Service Agents, Ettie Musil and Deryl Coker, there are four levels of achievement. A club may meet the requirements for a 4-H Club certificate, a certificate with a red seal, a blue seal, or a purple seal.

It is not unusual for a club to qualify for the highest level of a purple seal the first year. If a 4-H club cannot reach the

purple seal requirements perhaps they can reach the requirements of one of the lower levels.

To qualify for a certificate for a 4-H Club the club shall be composed of boys and girls between the ages of 9 and 20. The club shall have a membership of at least 5 with at least one adult leader responsible for the club and club activities during the year. At least 50 per cent of the members must complete result demonstrations or projects and submit records.

Requirements for red seal and blue seal are harder than for the certificate. For the purple seal the 4-H club must have at least 10 boys and girls with two local adult organization leaders, a man and woman.

Subject matter leaders trained in each subject with club meetings planned a year in advance. Meetings shall be planned by subject matter leaders. 4-H members of subject matter group with the advice of the County Extension Agents.

Monthly club meetings shall be planned a year in advance that are of interest to all 4-H club members, parents, and leaders. Meetings shall consist of inspiration, business, program, and recreation. Each member shall have at least one active demonstration.

At least 90% of the members must complete demonstrations and submit records. Each member shall be active in method demonstrations, program and county-wide events as shows, fairs, camps, community improvement.

"Many of our clubs and members are so active in club work now that it would not take much more effort for the club to qualify for these seals" encouraged Miss Musil.

For more detailed information contact either of the Extension Agents in the County Courthouse.

## ASC Distributes Grain Sorghum Loan Notices

Farmer County farmers have received notices from The Agricultural Stabilization and

Conservation department in Farwell stating the number of pounds of grain which they are entitled to place in loan under the ASC programs.

"Farmers should keep in mind that the figure shown in the notice is the amount for the entire farm and not for the individual," Prentice Mills, office manager, said.

"The farmer is asked to inform the ASC office as to how much of the grain is credited to him and how much is to be credited to other persons or producers," he added.

Grain sorghum is generally divided between the landowner and the farmer on a one-third and two-thirds basis, according to Mills. If this is the case, the total loan allowable

should be multiplied by the four digit fraction .3333 to comply with Government regulations.

To compute the two-thirds portion, the total should be multiplied by .6666. Dividing by three is not accurate enough to comply with the set requirements.

Farm operators are advised to have their warehouse receipts issued jointly in the name of the landowner and operator or other interested parties. Mills further advises farm operators to obtain authority to act for the landowners in those cases where the owner is not available.

Obtaining joint receipts will facilitate and speed handling through the ASC office.

You can look for more, not less, government control in agriculture next year. This is the consensus of ever writer on the subject so far as we know. And if you don't want more controls, only one thing will help you prevent them: membership and active support of the organizations opposing them. Farm Bureau is the one specifically for farmers. There are others covering other phases of freedom for American businessmen and individuals.

Bill Wedemeyer, research and promotion director for Texas Farm Bureau, says "It is most interesting to note that the state deficit continues to increase during the month of September." The actual deficit increase in dollars is \$24,696,381.

The executive Secretary of Christian Crusade says in a report on his trip to London, "One of our guides in London reminded us that the first offense for DWI in England was 30 days in jail and 6 months suspension of drivers license. The second offense was 90 days in jail and the permanent cancellation of driver's privileges." Then he observes, "How does that fit in with the fact that we cannot even get a chemical test law in Texas?"

Let us suggest that you meet with your directors on November 6 at about eight o'clock in the office in Friona. Get acquainted with them and let them know what your ideas are concerning the farm situation and what you think should be done about it. Chances are that some of the things you would favor are already in the resolutions file locally, and you may help the directors in executing the ideas proposed.

We hope there was good attendance and interest in the self-help cotton meetings held over the county this week.

Consider this: "A good name is rather to be chosen than great riches, and loving favor rather than gold and silver." Proverbs 22:1.

Fed. Tax Lien, U. S. A. vs. Robert J. Hale---

W.D., A. L. Glasscock, D. A. McCutchan, Part Lot 2, Blk. 69, Bovina

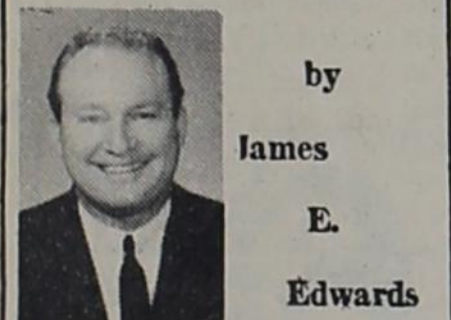

Reports of greenbug infestations on small grains, varying from moderate to heavy, have been received from several areas of Texas. The extension entomologists suggest to grain producers that they make periodic checks of their fields for these and other insects. If numbers reach the point where damage can be expected, they suggest a visit with the local county agent for the latest information on control measures.

The Macartney rose, a real pest on some 400,000 acres of fertile East Texas and Gulf Coast land, can be controlled by repeated yearly applications of chemicals. Early spring or fall, when the roses have enough soil moisture for active growth, is the best time to apply the control measures, says G. O. Hoffman and Bobby Ragsdale, extension range specialists. They suggest a visit with the local county agent for details on the control program.

### FOOTSAVING EDUCATION

### Why Does My Baby Walk Like Charlie Chaplin?

Charlie Chaplin, for the benefit of the younger generation, was a comedian who walked and ran with his feet turned out. His humorous appearance did much to discourage the "ten minutes to two" walk and stance which were highly recommended in World War I days.

It is quite normal for babies to toe out until they learn to walk with confidence. Adults toe out, too, if we try walking on high scalding. When practice overcomes the fear of falling the adult and the baby learn to tread straight.

If your child still toes out five or six months after learning to walk you should call it to the attention of your doctor.

# HD Agent's Notes

BY MISS ETTIE MUSIL

Thinking of doing some painting, papering or refurnishing before winter comes? If so, choose colors for a reason. That is to get the special effects you may want. At the same time you can have the comfortable, pleasant background for every day living that you want.

Decide how you want the room to look. Will it be light and gay, restful or formal? Do you want the rooms to seem warm or cool? Its' use, shape and exposure will determine colors that will be best suited.

A good color plan has few colors. Usually no more than two or three colors in different dullness or brightness are used. The best color schemes grow from a dark color, a light color and a bright color. Black, white and gray are not considered colors.

If you have a picture, upholstery, or draperies which you must keep, choose your color scheme from that. When you place the colors in a room, choose the color for the lar-

gest areas first. This could include floor covering, walls, and large upholstered pieces. In most cases, these should be your most livable colors.

Next choose colors for small upholstery and the window draperies or curtains. This may be a blend of the room colors, or match or contrast with the walls. Lastly, choose your colors for accessories and small areas, such as pillows, lamps, ash trays, etc. Usually, this accent color is the brightest color.

Remember, that good proportion of the different colors is important. This means that your color scheme will be definitely dark or light and that either warm or cool colors will predominate. Proportions of 60 percent of area for one color is good for the main color. For a second color as in upholstery, draperies, bed spreads, 30 percent could be used. Then for accent color 10 percent will insure good proportions.

There are so many tricks

of color in the size and shape of a room. It can also suggest a sense of direction as well as space. To make rooms look larger use one color predominantly. A few colors in variations of light and dark, bright and dull tones will also make a room look larger.

A room will seem larger if you use the same solid color for walls, woodwork, and wall to wall carpeting. You can raise the apparent height of a ceiling by making it lighter than the wall color. A dark floor will also help give the appearance of greater up and down spaciousness. Of course, the opposite tricks of color will make a large room seem smaller.

While you are looking over your home to make every day living a little easier what about your utility closets? Make the most of limited wall space in your utility closet or cabinet, and in the closet where you store household cleaning equipment. Have you ever thought of using peg-board for wall construction in those places.

Peg-board, with its maze of small holes, is handy for attaching hooks or pegs. Mops, brushes, cloths, dust pans, brooms and other supplies can be hung with easy reach. This makes for a neater, more efficient closet. The peg board is washable, too.

# The HAPPY HOMEMAKER

BY JUNE FLOYD

Those of you who make suits, coats and tailored dresses will surely want to try some of the new pelon. It comes ready to iron onto other material and can be stitched without any stay stitching or basting. It is available at most department stores.

At this time of year many persons seem to be in a quandary about whether to take flu shots or not. The following paragraph was lifted from the October Texas Health Bulletin and may contain information which will help our readers decide on the issue.

"FLU SHOT TIME--A definite upswing in the influenza cycle is predicted for this fall and winter according to Dr. Luther L. Terry, Surgeon General of the Public Health Service. Especially vulnerable are persons in the three groups which accounted for most of the 86,000 flu triggered deaths between September 1957 and March 1960. These groups are: persons with heart disease; pulmonary disease; diabetes and other chronic illnesses;

persons over 65 and pregnant women."

Several readers have passed the word along that the pumpkin bread, for which we ran a recipe recently, is very good. Maybe the following recipe for cookies will be equally as popular with our reading audience.

**PUMPKIN COOKIES**  
 2 1/4 cups flour  
 1/2 teaspoon baking powder  
 1/2 teaspoon baking soda  
 1/2 teaspoon salt  
 1 teaspoon cinnamon  
 1 cup sugar  
 1/3 cup shortening  
 1 egg  
 1 teaspoon vanilla  
 1 cup cooked pumpkin  
 1/2 cup raisins  
 1/2 cup nuts, ground  
 Sift flour, salt, baking powder, soda and cinnamon. Cream sugar and shortening. Add egg, vanilla. Mix well. Add pumpkin and flour alternately, mix well. Add raisins and nuts. Drop by teaspoonfuls on greased cookie sheet. Bake 15 minutes in 350 degree oven.

When cutting cookies that you want sprinkled with nuts, sugar or other decorations, remove both ends from a small tin can and use it as a cutter. Sprinkle cookies before removing cutter from dough. This eliminates waste and spillage.

Celery tops are a tasty and attractive addition to any tossed green salad.

When making stuffed animals, use nylon hose or nylon ma-

# HD Agent Gives Ideas On Canning Freezing Pumpkin

Pumpkins, pumpkins, everywhere pumpkins! The little tots are looking forward to Halloween with a Jack-o-lantern made from a great big pumpkin. There are so many funny and spooky faces that can be made in a pumpkin.

"How about pumpkin pie now or for Thanksgiving? Have you thought of freezing or canning pumpkin for pie, pudding or soufflé later on?" asks Miss Ettie Musil, County Home Demonstration Agent.

To freeze pumpkin simply wash each one. Then cut into small pieces and remove seeds and peel. Cook the pieces in boiling water or pressure cooker until soft. Mash the pulp or put through a sieve. Cool by placing pan containing pumpkin over chopped ice. Stir pumpkin occasionally to cook quickly.

Package the pulp in freezer jars or soft plastic freezer containers and freeze immediately. For convenience, package only enough in each package for each pie or family serving.

For canning pumpkin wash, remove seed, and pare pumpkin. Cut into one inch cubes. Steam until tender about 25 minutes, mash or put through food mill or strainer. Simmer until heated through, stirring to keep from sticking to pan.

Pack hot to one-half inch from top of standard jar. Add no liquid or salt. Close jar with new lids and rings. Process at 10 pounds pressure for pint jars for 65 minutes and quart jars for 80 minutes.

material cut into strips for filling. This makes them very practical as they can be tossed into the washer then dried quickly.

Bananas look so much prettier when fluted. Just run the tines of a fork down the side of the fruit and then slice across as usual. Cucumbers can be decorated this way, too.

An old plastic raincoat which has become too shabby to wear has not outlived its usefulness. You can cut it to waist length, remove the sleeves and use it as a cosmetic cape. This cape will afford excellent protection when you are applying make-up or washing hair.

To keep delicate white synthetics (nylon, dacron, orlon) fresh and white, follow these laundering tips. Always launder white nylons in an all white wash, and launder them often, each day after wearing if possible.

Use a heavy duty detergent and a chlorine bleach and rinse thoroughly. The clothes should be allowed to remain in the wash water 40 to 15 minutes to get the full bleaching action.

Scorching can be retarded by washing a new cotton ironing board cover before using to remove sizing. After washing and rinsing thoroughly, put the cover on the ironing board and allow it to dry there.

Try combining celery and cheese for a very tasty vegetable dish.

**CELERY AU GRATIN**  
 1 large bunch Pascal celery, cut into 6-inch lengths  
 1 chicken bouillon cube  
 1/4 cup butter  
 1/3 cup bread or cereal flake crumbs  
 1/2 cup chopped onion  
 3 tablespoons flour  
 1 1/2 cups celery stock and milk  
 1/4 teaspoon salt  
 1/8 teaspoon pepper  
 1/8 teaspoon garlic salt  
 2 tablespoons chopped green pepper  
 2 tablespoons chopped pimientos  
 2 cups coarsley shredded sharp cheddar cheese (about 1/2 pound)

Cover cleaned celery with boiling water. Add bouillon cube. Cover and simmer until barely tender. Drain and save stock. Melt butter in saucepan over low heat. Remove 1 tablespoon butter and mix with crumbs. Save crumbs. Saute onion in butter until tender. Blend in flour. Add celery stock and milk to butter-flour mixture, stirring constantly.

Cook over low heat, stirring until sauce is smooth and thickened. Stir in seasonings, green pepper, pimientos and cheese. Stir just until cheese melts.

Place celery in buttered shallow 1 1/2 quart baking dish (10x6x1 3/4 inches). Cover with sauce. Sprinkle top with buttered crumbs. Bake in 350 degree oven for 20 minutes. Serves 4 to 6.

# AGRICULTURAL BRIEFS

The Texas Agricultural Extension Service in recent weeks has released two publications which should be especially valuable to grain and forage producers. They are B-975, "Insects Attacking Forage Plants" and L-217, "Control of Insects in Farm-Stored Grain." Copies are available from the offices of local county agents or the Agricultural Information Office, College Station, Texas.

Due to recent weather conditions, many Texas farmers have had stored supplies of cottonseed damaged while others have been unable to harvest good quality seed from this year's crop. As a result, seed for next year's planting could be in short supply, advises Fred Elliott, extension cotton specialist. He suggests that farmers carry over good seed now on hand and save seed which has been harvested under favorable conditions.

The average American is eating more vegetables today than did his ancestors of 50 years ago, according to the U. S. Department of Agriculture. The report indicates there has been a shift away from fresh processed vegetables.

Rings may be removed after jars are sealed. Older rings may be used if they will be removed. To insure good seal and well processed food, do not use jars that are larger than quart size. Standard jars and lids of the same brand as jar will insure good seals because they were made to fit the top of the same brand jar.

These directions are available in two free bulletins "Frozen Foods, How to Freeze, How to Cook" and "Home Canning Fruits and Vegetables". Call, write, or come by the office of the County Home Demonstration Agent in the courthouse in Farwell.

# 4-H Council To Meet

Farmer County 4-H Council will meet Saturday morning, October 21, at 9:30 in the District Court Room in Farwell.

All new 4-H Club presidents and council delegates are urged to attend this important council meeting. For clubs who have not elected new officers they should send president and council delegate elected for 1961 club year.

Election of officers will be main business. Plans will be made for the Annual 4-H Achievement Program to be held in November.

Dr. C. M. Patterson, extension veterinarian, reports there are indications that the drive in Texas against brucellosis is lagging. He cautions Texas livestock producers that the drive must go on with even more vigor if the costly disease is to be stopped. He recommends the area control plan.

Real progress is being made under the Rural Areas Development Program, says Dr. R. E. Patterson, dean of agriculture, Texas A&M College and chairman of the Texas Resource Development Committee. He believes local leaders in all Texas counties and other trends having a bearing upon economic development. And further that the long range plans developed under RAD could well become the blueprints for progress in rural Texas.

The Hunt County Agricultural Workers Association spearheaded a soil testing drive in the county which resulted in 500 soil samples being taken in a one week period.

**YOUR NEWSPAPER**

**A HERITAGE OF TRUTH...  
 A FRONTIER OF FREEDOM...  
 LIGHTING AMERICA'S WAY—  
 YOUR NEWSPAPER**

Ever think about what you get for your money in your daily paper? Of course you get the news and many other features, but your pennies purchase a great deal more. In a sense, you're investing in a heritage left by our founding fathers... freedom to print the truth as we see it. You're also buying a stake in the future — our obligation to advance the cause of freedom, wherever there's news.

**YOUR HOMETOWN NEWSPAPER**

Dear Mr. Farm Owner:

Here are a few good reasons for borrowing money. Do you want to build a new home? Perhaps you need underground irrigation tile to conserve water and increase your yield. Or maybe you would like to buy more property.

These are major projects and few of us have the capital to finance them without borrowing money.

We would like the opportunity to discuss a long term low interest rate farm loan with you. We will loan the maximum on your farm, you pay no brokerage or appraisal fees.

If I may be of help to you on arranging a loan or assisting you on your real estate to buy or to sell, please do not hesitate to call me.

Very truly yours,  
**BOB SUDDERTH REAL ESTATE**  
 2247 - 34th

James Ray Stevick, son of Mr. and Mrs. Glen Stevick of Friona, helps his mother gather tomatoes in their field south of Friona. Cold weather during the past few weeks drove young and old alike to dig out their winter coats. Brilliant, early morning sunshine turned the cornfield in the background into a jewel-like backdrop.

# Wheat--Barley Programs Begin

Farm operators in Parmer County began signing up for participation in the 1962 ASC wheat and barley programs this week.

In order to earn a deviated acreage payment and be eligible for a price support, operators must file intentions with the ASC office before Dec. 1, 1961.

Persons who received a notice of wheat allotment or wheat marketing quota exemption, except new farms, are eligible to participate in the 1962 wheat stabilization program.

The farm allotment that operators received has already been reduced the 10 per cent. Farmers may be eligible for price support on the 1962 wheat crop by designating the acreage to be diverted in an amount as large as the 10 per cent already deducted from their allotment. Those who wish to divert only the 10 per cent may plant the acreage as shown on their notices.

But, they must sign up and treat the 10 per cent acres as

diverted acres.

The maximum amount that may be diverted on any farm is 40 per cent of the original wheat allotment for the farm--40 per cent of the highest planted acreage on the farm in 1959, 1960, 1961, or 10 acres, whichever is larger.

Grazing of the diverted acreage will be permitted until the spring sign-up date for both the barley and wheat programs. This date has not yet been set.

No harvesting of a 1962 crop will be permitted on diverted acreage after an operator has filed intention to participate. Advance payments will be made upon request for 50 per cent of the proposed payment at the time the operator signs the intention to participate, according to ASC reports.

Barley bases were established from the information given by the farmers when the 1961 feed grain information was obtained earlier this year. The minimum amount that may be diverted on a farm is 20 per cent of the established farm

base.

The maximum amount that may be diverted is 40 per cent of the base or 20 acres plus 20 per cent of the base, whichever is larger.

For example, a farm with a 30 acre barley base could divert from barley production, 20 acres plus 20 per cent of the base, or 26 acres. If the barley base for a farm is 100 acres or more, the maximum diversion that could be made for payment would be 40 per cent of the base.

## Winter Care Helps Summer Lawn

You won't crab about your grass next spring if you fertilize it this fall.

Without adequate plant food your grass will be unable to grow vigorously. And if the grass is cut too closely it is robbed of vigor and can't compete with weeds--particularly crabgrass.

Fall is the ideal time to fertilize because many annual weeds such as crabgrass and dandelions die out and the grass has a chance to fill in the bare spots. When spring arrives, the are covered by young grass and weeds don't have room to thrive.

Nitrogen is usually the fertilizer element lawns lack for healthy growth and a drab green color. Urea formaldehyde, a slow acting source of nitrogen, is one of the best nitrogen sources for lawns. Because it is non-burning and resistant to leaching it is used as the source of nitrogen in the better turf fertilizers.

After urea formaldehyde nitrogen is applied to the soil, the soil bacteria break it down slowly. It becomes available to the plants as needed. Heavy rains will not leach it out of the soil and turf will be fed evenly throughout the growing season.

Because all of the nitrogen is not available at once, there will be no heavy growth requiring frequent mowing, followed by poor growth and poor color as the turf runs out of nitrogen. With the even feeding provided by urea formaldehyde fertilizers lawns will be green all season.

Since grass plants consume

more nitrogen than any other element, it must be supplied to them in sufficient amounts. Otherwise, lawns may be scrubby. Be sure turf fertilizer contains more nitrogen than phosphate or potash. Analyses such as 10-6-4, 20-10-5, 15-5-10 etc., are all good turf fertilizers.

To develop the greenest, grassiest lawn take these steps:

1. In early fall apply 20 to 30 pounds per thousand square feet of a complete fertilizer containing nitrogen, phosphate and potash. The fertilizer should contain more nitrogen than phosphorus or potash. Early the following spring application of 10 pounds per thousand square feet should be made. Two or three additional applications at six week intervals may be made for lawns which need more plant food. The heaviest application should be made in late summer or early fall to avoid disease problems associated with tender, lush growth in late spring.

2. Make a soil test. Apply lime if needed.

3. Each time you water, soak the soil to 6 or 12 inches. Don't water lightly each evening. This only promotes crabgrass.
4. Set your lawn mower to cut 1 1/4" to 1 3/4" high. Blue grass cut closer than this is not vigorous and can't compete with weeds. Fertilizer applied to lawns cut too closely may promote weed growth rather than the growth of good turf grasses.

## Proper Ration Essential To Profitable Calf Feeding

Drylot feeding of calves weighing from 250 to 400 pounds requires a much better understanding of feeding principles than does the feeding of heavier ones. It takes a better ration to achieve the desired results in the lighter animals because they do not have their mother's milk to balance their diet.

In the first place, their stomachs will not hold as much as those of heavier calves so the small amount of feed they do consume must contain enough nutrients to satisfy their needs, explains U. D. Thompson, extension animal husbandman. Due to their small size, they have a small storage capacity for even those nutrients which they can hold in reserve in their bodies.

As an example of this storage capacity, consider vitamin A. If cattle have an ade-

quate supply of this vitamin, they store the excess in their body fat and livers. As long as they have access to green grazing they get their vitamin A. When no green grazing is available, they use their stored supply to satisfy their needs. Here is where a calf's needs are taken care of by milk. When this calf is weaned and placed on drylot, he must be supplied these nutrients in his ration. In 250-400 pound calves vitamin A deficiency can develop within 45 to 60 days unless the ration takes care of his needs.

Either leafy green alfalfa hay, alfalfa leaf meal or pellets are good sources of vitamin A, says Thompson. Calves nearly always do better on rations which contain alfalfa than on those which do not, he continues. Also, commercial syn-

thetic vitamin A preparations are now available for mixing in rations. These may be used if good alfalfa is unavailable or expensive.

Calves do not have the ability to utilize large quantities of roughage. Their digestive system requires feeds high in food values. Shelled corn, sorghum grain, oats, barley and high protein feeds like cottonseed meal are full of some of the nutrients required by calves. A small amount of roughage is essential, but their diet should consist mainly of these high protein feeds. A 300 pound calf on drylot, when on full feed, will need about 6 pounds of concentrates and 3 pounds of roughage daily, says Thompson.

For more detailed information on feeding young calves, contact your local county agent and ask for a copy of "Vitamins For Beef Cattle" and "Rations for Fattening Cattle."

### SOIL CONSERVATION DISTRICT NEWS

What would you do if in the next few minutes the TV program that you are watching is interrupted? The interruption warns you of a possible nuclear attack. Will you have adequate shelter, food and water for two weeks for you and your family.

Survival is possible. There are three main hazards of a nuclear explosion. They are blast, heat and radiation. The latter is the one that we are concerned with in Parmer County. The blast and heat injuries will occur within a few minutes after the explosion, but the radiation injuries and deaths will occur for several days.

This is where the bomb shelter will mean the difference between life and death to you and your family. The best possible protection is an underground shelter with a top cover of three feet of dirt or two feet of cement or seven inches of steel.

Enough food should be available to last seven days. Seven gallons of water for each member of the family should be sufficient for two weeks. Empty containers that can be closed tightly for water should be in your shelter.

This is an excellent place to store your camping equipment such as lantern, stove and sleeping bags. These can be used in case of an emergency. One of the most important items is a small battery operated radio. Tune it to 1240 or 640, your Conelrad stations. These stations will give you information as to when you can get out and how long you can stay.

Local Soil Conservation personnel attended a Civil Defense radiological monitoring training session at Pampa last December. The Friona work unit is one of 9 Panhandle units that received this training.

This was given so that local SCS employees could monitor fallout in case of an atomic attack. Contact Bob Crozier, Bill Liston or J. D. Sanders for more information.

## Crop Insurance Expanded, Texas And New Mexico

Federal crop insurance in 1962 will offer an improved cotton insurance program to both dryland and irrigated growers in Texas and New Mexico, according to Secretary of Agriculture Orville L. Freeman.

For the first time a new irrigated grain sorghum insurance plan will be offered in Lubbock, Bailey, Castro, Crosby, Floyd, Hockley, Lamb and Swisher counties. Dryland grain sorghum will be added in Wilbarger, Williamson, Nueces and San Patricio counties, and cotton in Denton and Wilbarger counties, according to the Secretary's announcement.

The Federal Crop Insurance Corporation, already offering a new citrus and cotton program in Cameron, Hidalgo and Willacy counties, expects to improve its protection to rice farmers in the coastal counties of Ft. Bend and Wharton.

Under the Federal Crop Insurance Corporation, farmers in counties where the insurance is available pay premiums for

protection of designated crops against loss from causes beyond their control such as weather, insects and disease.

"This self-help plan of insurance protection against crop disaster will be expanded to more counties and crops as rapidly as possible and it should be more widely utilized by farmers where it is available," Secretary Freeman said. "Due to the high production costs necessary to produce a crop, it takes more years to recover from the effects of a crop loss than ever before in our history."

This year all-risk crop insurance provided Texas and New Mexico farmers with over \$11 million of protection on money spent to produce crops, and a sharp increase is expected in 1962," the Secretary said.

### Lubbock Boy Shows Grand Prize Steer

KANSAS CITY...A summer yearling, "Champ", owned by Jimmie Thompson of Lubbock won the junior grand champion award of the American Royal Livestock Show last Saturday. The American Royal is one of the two biggest National shows on the circuit.

Jimmie is a 12 year old Lubbock 4-H Club boy, and a seventh grade pupil at Atkins Junior High in Lubbock.

Champ was selected from a herd of animals on the D. W. Lewter Ranch near Lubbock. He won the 4-H club championship earlier, and as the junior show champion he is eligible to compete for the grand championship of the show this week.

A Shorthorn steer from Hinton, Iowa, won the reserve champion honors.

High production per cow is one of the most important factors in profitable dairying. A recent study of 1959 Texas Dairy Herd Improvement records by Joel Hillin and Tom Prater, extension farm management specialists, shows that increasing the size of the dairy herd does not always mean an increase in profits but increased income does result when the per cow production is upped.

This was given so that local SCS employees could monitor fallout in case of an atomic attack. Contact Bob Crozier, Bill Liston or J. D. Sanders for more information.
