

OL Community Planning Annual Christmas Tree

Plans are being completed for the annual Oklahoma Lane Community Christmas Tree and program, which will be held on Christmas Eve night at 7:00 in the Community Center. Persons wishing to make donations to the tree and treat fund are asked to contact C. C. Christian or Neil Stewart. On the planning committee are: Program committee, Mrs. Sterling Donaldson, chairman;

James Roach, Dee Brown, Donald Christian, Johnny Rundell, Harold Carpenter and Melvin Terry. Neil Stewart and Sterling Donaldson are in charge of buying a tree and treats.

On the sacking committee are Mr. and Mrs. Leon Billingsley, Mr. and Mrs. C. B. Watkins, Mr. and Mrs. Edmund Kitten and Mr. and Mrs. R. E. Blankenship. Mr. and Mrs. Troy Christian are in charge of decorating for the program.

FARWELL, TEXAS

FRIDAY, DECEMBER 8, 1961

NUMBER 10

THE STATE LINE

TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

8 PAGES

FIFTY-FIRST YEAR

SECTION 1

Gifford-Hill Western employees promoted this week include (left to right) A. C. "Buck" Clark, Jim Terrell, Ed Combs, Joe Camp and Preston Martin.

Promotions Announced At Gifford-Hill

In-company promotions for several Parmer County employees of Gifford-Hill Western have been announced by A. C. "Buck" Clark of Farwell.

Jim Terrell, G-HW sales engineer in Parmer County, will become chief engineer of the entire firm and will be headquartered in Plainview. Terrell moved from Friona to Farwell in 1955 when the company plant was opened. He has many friends in the area.

Joe Camp, Gifford-Hill sales engineer in Roosevelt and Curry Counties (New Mexico), will replace Terrell in Parmer County. Camp was office manager for the Parmer County ASC 7 1/2 years before going to work for G-HW.

He has been with the company six years and has been one of the top salesmen each year. His headquarters will be in the Farwell office and he will maintain an office at Friona. Ed Combs will be the new sales engineer in Roosevelt and Curry Counties.

Preston Martin is the new dispatcher in the Farwell office.

Rev. Gossett Speaker For P-TA Meeting

Approximately forty persons attended the November meeting of the Farwell P-TA, when the organization met on November 30 in the school cafeteria.

Rev. Douglas Gossett, pastor of the Oklahoma Lane Methodist Church, gave the opening devotion, and later brought the topic on "Effective Learning for Moral and Spiritual Values."

During the business meeting, Mrs. Junior Snider reported that over forty boys had joined the cub scouts, which is being sponsored by the P-TA. Room cup prize was won by Mrs. Pool's second grade.

Next meeting for the organization is December 21 at 7:30 in the school cafeteria. C. L. Kay from Lubbock Christian College will be guest speaker, using "Effective Learning for Good Schools" as his topic. The talk will consist mainly of what courses a student should take in preparing for college. Entertainment will be provided by the elementary band with a number of Christmas selections.

Second Lions' Turkey Shoot Scheduled

Saturday and Sunday, December 16 and 17 have been set as the dates for the second Texico-Farwell Lions Club turkey shoot. The event will be held at the trap shooting range in east Farwell, across from Farwell Fertilizer.

A \$2 entry fee is charged, with proceeds going to the Lions Club sight conservation program, according to Lions prexy, Elmer Teel.

Competition will be for turkeys and bacon, with clay pigeon trap shooting and lucky target shooting. There will be a winner for every round.

Customers To Get Refunds

More than \$7,000 will be refunded by Southern Union Gas Company to some 500 customers in Texico beginning December 11, Elmer Teel local manager for the Company announced today.

Teel pointed out that it will take about 30 days for all customers to receive refunds because of the large volume of clerical and accounting work involved. He added that during the period covered by the refund the Company has issued nearly five million gas bills, and that it will be processing and distributing approximately 300,000 individual checks totaling some \$41/2 million to past as well as present customers throughout the state.

The Southern union manager noted that separate checks will be issued for each address occupied by a customer during the past 26 months and that in such instances the checks would likely be received on different days. He urged all customers to wait until after January 10 before contacting the Company's office if they have failed to receive a refund check.

As approved by the Commission, Southern Union's refund plan divides the Company's general service customers into three groups. The first group will consist of all customers

served on residential rate schedules. The second will include schools, churches and local governmental agencies, while the third group will cover all other general service customers, including most commercial and small industrial establishments.

All customers in the first group will receive a refund amounting to 10.997 per cent of the total amount of their regular bills based on meter readings made between October 2, 1959 and December 10, 1961. The refund factor will be 17.216 per cent for customers in the second group and 10.050 per cent for customers in the third.

Each of these refund factors includes interest at six per cent per year on the monies collected by the Company in excess of the amounts authorized by the Commission's final order, Mr. Teel said.

According to Teel, two changes have also been made by the Commission in the Company's rules governing its operations in New Mexico. Late payment charges will be removed from all billings effective December 11. At the same time, a \$5 charge will be put into effect for connecting gas meters for new customers, customers moving to new locations and customers who have had their service temporarily discontinued.

Kent Gast, young son of the Smoky Gasts, was on hand this week to give Santa a few pointers for Christmas when the bearded gentleman stopped here Tuesday. Sponsored by ESA, Santa will make his annual visit to the Twin Cities Dec. 16 from 3 until 4:30 p. m. He will ride the Farwell fire truck and will distribute candy canes to youngsters. The ESA doll and wardrobe, "Pollyanna," will also be given away on that day, says Mrs. Pike Jordan, president.

Young Athletes Honored At Awards Banquet Friday

The Younger members of the sports picture were the honor guests Friday night when members of the two local Pee Wee football teams, the Calves and the Yearlings were feted with a banquet at Farwell School Cafeteria.

The boys were presented with certificates to note their membership. Bill Prince, president of Plains Junior Football Ass'n was master of ceremonies. Also honored were managers and cheerleaders.

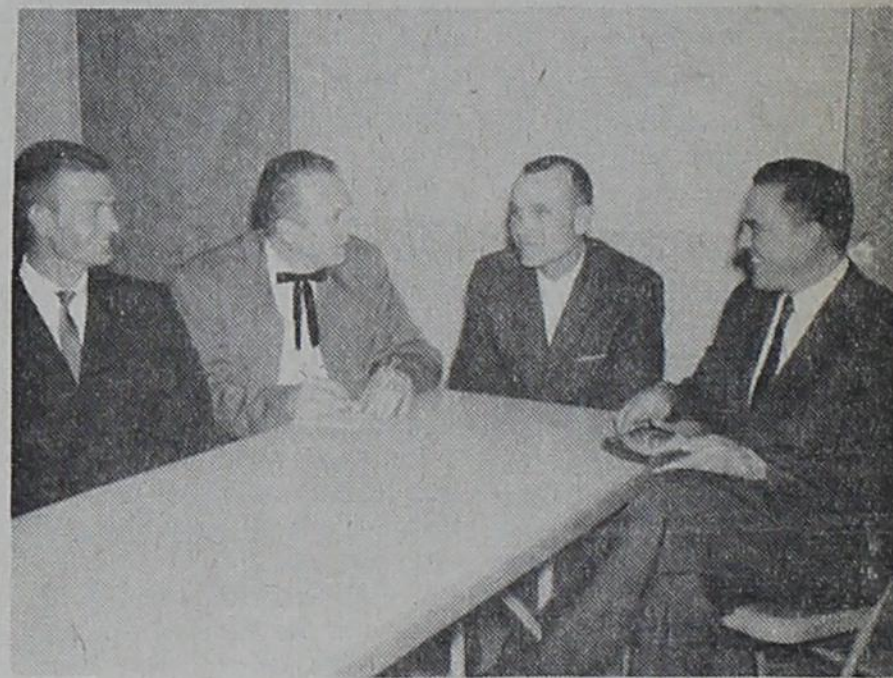

The boys presented gifts to the coaches and Prince was given a plaque in recognition for his work with the league.

Elected as new president was Henry Haseloff; Elmer Hargrove, vice president; and Fred Curtis, secretary-treasurer. Outgoing officers are Prince and Bill Meeks, secretary-treasurer. Hargrove served as vice-president last year also. Rev. Robert Tomlinson gave the invocation.

Serving as cheerleaders have been Cynthia and Connie Phillips, Vicki Lunsford, Linda Rundell, Jackie Gast, Deborah Hargrove, Patsy Wilhite, Donna Kirk and Kandy Meeks. Shawn Sheets was mascot. Managers were Lewey Bradshaw and Leonard Hutsell of the Calves and Robble Mahaney and Gene Sheets, Yearlings.

Coaches were Glenn Phillips and Johnny Green, Calves, and Don Williams and Harry Sheets, Yearlings.

Deborah Hargrove was honored as queen of the Plains Junior League football league. Miss Hargrove, the only local candidate, received the honor from a field of 18 contestants.

(Above)

Discussing the future of Plains Junior Football league are old and new officers of the association. On the left are Bill Meeks and Fred Curtis, outgoing and new secretary-treasurer. Elmer Hargrove was re-elected vice-president, and Bill Prince, right was the first president of the association. Henry Haseloff, new president, was unable to be present for the meeting.

City Okays Park Upkeep, Vapor Lights Planned

Two projects which have been promoted by Farwell Chamber of Commerce were okayed by the City Commission in a meeting Tuesday morning. The regular session was postponed from Friday.

Plans to build a city park adjacent to the county courthouse have been in the offing for some time, but the Chamber of Commerce, sponsoring organization, awaited approval of the city because of the problem of upkeep. It would not be feasible to build a park without knowing that it would be cared for, says Hurshel Harding, C C presi-

dent. The project had been discussed at earlier Chamber meetings at which representatives from civic clubs were present. City officials say no tax money will be used for construction of the park, only for the maintenance after the project is completed.

Second decision to affect city residents is the plan to install vapor street lights on Main Street, from First through Ninth St. Plans are to set two lights in each block. This project is also one that has been pushed by the Chamber of Commerce.

Large Crowd At Texico P-TA Meet

Dr. H. Grady Moore, coordinator of the College of Liberal Arts and Sciences at Eastern New Mexico University, was guest speaker at the Monday evening meeting of the Texico P-TA.

A large crowd was present to hear Dr. Moore, a noted speaker, tell the Christmas story.

A thirty-minute program of Christmas carols was given by the grade school choir, under the direction of Harold Barnett. Donna Kay Osborn provided piano accompaniment for the program.

Services For Mrs. Patton

Among those attending funeral services for Lillie Patton at Trent, Texas, Saturday were Mr. and Mrs. Riley Boss of Texico, Mr. and Mrs. Walter Baldock of Clovis and Mrs. Reece Bennett of Portales, Mrs. Patton was Mr. Boss's sister-in-law.

Teams Split With Friona; Tournaments Dominate Play

Farwell Steers staked a determined scoring effort in the waning seconds of the game, to edge the Friona Chiefs 53-52 Tuesday night. The Steerettes were defeated by the Squaws 55-43.

The Steers had a substantial lead over the Chiefs at halftime, but the hosts lessened the margin steadily during the second half to make the final seconds a spine tingle. Gary Snead made 27 points for Friona and Max Fields paced the Steers with 16. Christine Paine led the tallies for the Steerettes with 16.

Both teams played in a tournament at West Texas State over the weekend. The Steers lost to Canyon in the opener 60-43, then went into the second round and defeated Vega 61-47 in an easy victory. Maurice Smith paced the Steers with 17 points the first encounter, and Leon Lovelace was high with 21 against Vega. In the consolation game, the Friona Chiefs took the locals 49-42.

The Steerettes lost to the Friona Squaws, 52-30 in their first game, then whopped the Adrian girls a rebounding 59-38 in their second try. Pat Kaltwasser hit the basket for 24 points to lead in scoring honors. But it was the same story for the girls as it was for their brother team. They went into

(Continued on last page.)

Wolver's Split Weekend Games

Texico's Wolverines split their weekend games, by taking a surprise 61-48 victory over Grady Friday night, and losing to the Ft. Sumner Foxes 49-35 Saturday.

Both games were played out of town, with the Wolverines making good showings in both of the district encounters. Friday evening the Wol-

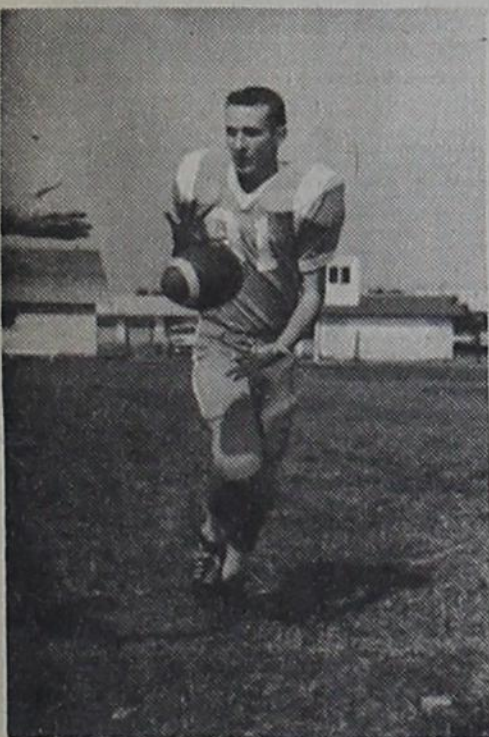

verines toppled undefeated Grady behind the sharp shooting of senior forward Dwight Turner who scored 24 points. Leon Kelley contributed 17 for the Wolverines, Byron Pulliam was high for Grady with 18 points.

The Wolverines built up a 26-18 halftime margin and pulled away in the second half

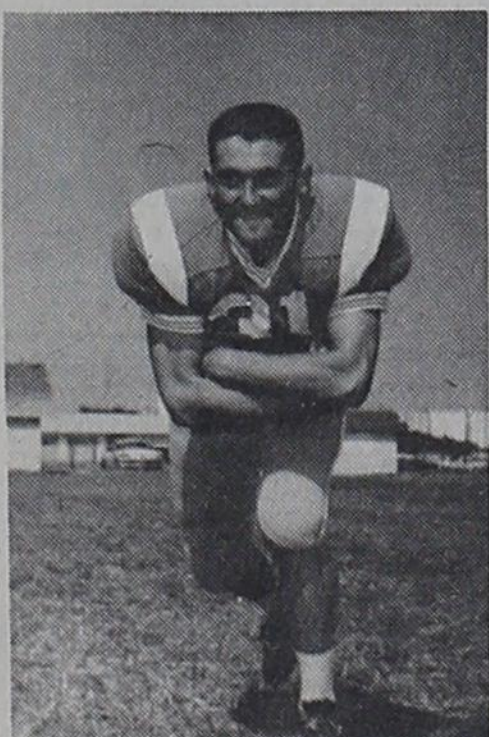

to score the unexpected romp over the Bronchos.

Saturday was a different story for the locals however, as they were downed by the powerful Foxes from Ft. Sumner. Don Reid had 12 points for the losers, and Turner had 10.

Tonight the Wolverines meet Floyd at Floyd, but will be on their home court Saturday for a game with the Elida Tigers.

Steers Listed On All-District Team

One boy made both offensive and defensive all-district football teams, and two other Farwell Steers were included in the roster, says Dempsey Alexander, Steer coach. The names were released this week after Kress was defeated just before reaching the state play-offs. Kress was district winner.

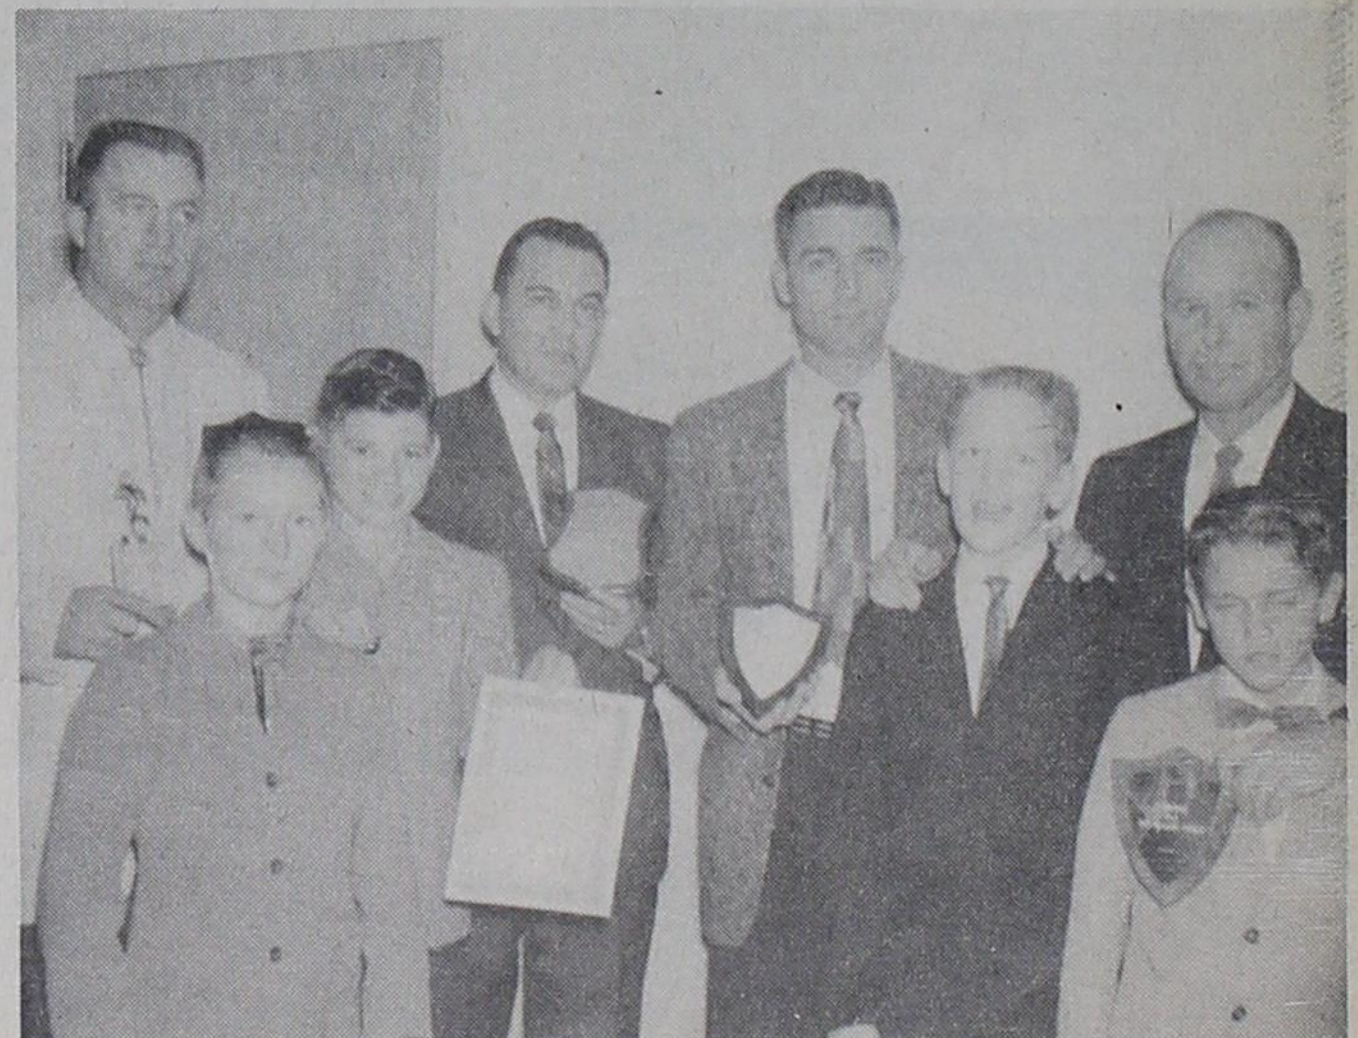

Farwell boys on the offensive team were Jerry Lovelace, unanimous choice for fullback; David Lindop, end; Jim Cain, guard,

On defense was Lovelace, linebacker. Scotty Turner of Farwell only lacked one vote making both teams, says Alexander.

Others on the offensive team were: Perry Richey and Jimmy Harris, halfbacks, Don DeJarnett, tackle, and Trimmer, center, Hale Center; Chuck Saul, Kress and Hal Hudson, Springlake, tied for the quarterback position; Jimmy Ford, end, Masten,

tackle, Sudan; Toby Huckabee, Kress, guard.

Listed on defense were: Herschel Callander, halfback, Chuck Saul, linebacker, Robert Dodson, guard, Kress; Jim Dent, halfback, Hal Hudson, line backer, Don Dent, end, Holt, tackle, Springlake; Scrappy Wingo, corner line backer, Jimmy Ford, end, Masten, tackle, Sudan; and Don DeJarnett, guard, Hale Center.

Showing awards presented at the Pee Wee appreciation banquet at Farwell cafeteria Friday night are coaches, association president and co-captains. On the left is Glenn Phillips and co-captains, Burce McCuan and James Haseloff, Calves, Bill Prince, association president, is pictured next, and on the right are Henry Sheets and Don Williams with Tim Crum and Ricky Stanley, co-captains, Yearlings. Johnny Green, other coach, is also present.

News from LAZBUDDIE

BY MRS. C. A. WATSON

Mr. and Mrs. E. A. Farham, Sharon and Terry visited during the Thanksgiving holidays with Mrs. Parham's nieces and their families in Abilene—Captain and Mrs. James H. Pieper, Mr. and Mrs. Haven Yarbrough and Mr. and Mrs. J. L. Pruitt. They also visited his parents, the W. M. Parhams in Merkel and with relatives in Anson.

Mr. and Mrs. W. M. Farham visited the past week with their son and family, the E. A. Parhams.

Mr. and Mrs. Charles P. Gilgrin and son, Kurt, of Baltimore, Md., visited recently with her parents, Mr. and Mrs. Frank Hinkson.

Mr. and Mrs. J. C. Redwine and family were recent guests in the home of her mother, Mrs. John Counts of Tucumcari. A brother, J. R. Counts from New York and another brother and family, Mr. and Mrs. M. W. Counts from Albuquerque also visited with the group.

Mr. and Mrs. F. E. Lesley from Happy spent Thanksgiving with his brothers and their families, the T. O. Lesleys and Glen Lesleys. They also visited with the U. L. Lesleys in Farwell.

Mrs. A. E. Redwine was in Fort Sumner Friday and Saturday for homecoming.

Mr. and Mrs. Joe Prater visited her aunt, Mrs. Annie Fowler of Longview during the holidays. The Praters also visited the Duane Burtons of Adrian Friday and the Otis Elders in Hub.

The Lazbuddie WMU observed the week of prayer last week, with services each day. Lazbuddie P-TA will meet Monday, December 11, with Mrs. Barton's music classes presenting the program.

School will be dismissed on December 20 for the Christmas holidays, and will resume, January 2.

Rhonda Jean Treider was honored with a birthday party on December 1 in the home of her parents, Mr. and Mrs. Junior Treider. Attending were Jeanie Marrow, Debbie Engleking, Sarah Gammon, Dannie Curry, Mike Oliver, Larry Cox and Karan Paul. After games were played and the honoree had opened her gifts, refreshments of birthday cake and soft drinks were served.

Visiting the Junior Treiders recently were his parents, Mr. and Mrs. Charley Neeley of Wichita, Kansas.

Mr. and Mrs. George Crain accompanied by Mrs. James Robinson were in Waco over the weekend to visit Mrs. Crain and Mrs. Robinson's mother, Mrs. J. O. Webb. The woman returned for a visit with her daughters.

Crowded out last week.

Women of the First Baptist Church in Lazbuddie met all day Tuesday for quilting. The group will give the quilts to needy families.

Mrs. Tommie Strange, Rickety and Deborah from Sherman are visiting her mother, Mrs. W. C. Mick this week.

Penny Grusendorf, a 1961 graduate of Lazbuddie High school who is now attending ASU, was installed as a BSU Council officer of the Arizona State Branch in connection with the National BSU Friday evening, November 3.

George Crain visited Saturday with his parents the Arthur Crafrins in Sudan. His brother, Jack, from Waco was also visiting.

Mr. and Mrs. Buck Crim were in Amarillo over the weekend to visit her sister and family, Mr. and Mrs. Lavon Thompson.

Visiting in the J. W. Crim home Sunday were Mr. and Mrs. Jim Bessent and Mrs. Georgia Lee Miller and family from Lubbock.

Birthday greetings this week

go to Billy Echovarris, November 20; Minnie Newsome and Scott Brown, November 21; Katie Dominguez, Lee Ann Harlin and Oscar Vellarreal, November 22; William Walker, Ted Young and Larry Rudd, November 23; Ginger Ivy and Conney White, November 24; and Mrs. Wesley Barnes, November 26.

Mr. and Mrs. Mike Laughford and family from Dimmitt and Mr. and Mrs. J. McDonald and children visited the G. W. Crafrins Sunday.

LAZBUDDIE BASKETBALL SCHEDULE

Nov. 28, Anton at Anton
Nov. 30, Dec. 1 & 2, West Texas State College Tournament
Dec. 5, Muleshoe at Muleshoe
Dec. 8, Anton at Lazbuddie
Dec. 12, Threeway at Threeway
Dec. 19, Friona at Friona
Jan. 2, Threeway at Lazbuddie
Jan. 4-5-6, Amherst Tournament
Jan. 9, Bovina at Lazbuddie
Jan. 12, Happy at Happy
Jan. 16, Hart at Lazbuddie
Jan. 23, Nazareth at Nazareth
Jan. 26, Happy at Lazbuddie
Jan. 30, Hart at Hart
Feb. 6, Nazareth at Lazbuddie
Feb. 9, Bovina at Bovina.

Pleasant Hill

BY MRS. BUCK TAYLOR

The Pleasant Hill Baptist WMU met Friday at the Church for an all day meeting observing the week of prayer. A covered dish luncheon was served at noon. Mrs. Noma McCullough presided at the business meeting. Women attending were Mesdames McCullough, Bertha Kelley, Dyanna Frazer and Jessie Raylor.

Visiting last week in the homes of Mr. and Mrs. Robert Servatius and Mr. and Mrs. Buck Taylor were their mother, Mrs. Janie Anderson of Anton, and a sister, Mrs. L. L. Whatley of Quanah.

"Wait a Minute" was the title of a short play presented at the Baptist Church Sunday evening. Taking part in the production were Mesdames Lola Richardson, Dyann Frazer, Corda Taylor, Noma McCullough, Dorothy Pierce, Auline Walker, Jessie Taylor, Nell Lovett, Grace Dane, and Misses Gwinette Lovett and Sarah Beth Walker.

Mrs. Wanda Berryman from Bovina visited Monday with Mrs. Lorado Servatius.

Mr. and Mrs. Troy Lovett and daughters, were in Albuquerque last week to attend the Farm Bureau State Talent Hunt. Judy participated in the show, being accompanied on the piano by Gwinette.

Mrs. Margie Dane, who has been visiting with her parents, the Weldon Danes, met with her husband in Lubbock last week for their trip to San Diego where he is stationed with the Army.

Mr. and Mrs. Troy Lovett were Sunday visitors in the home of her Mother, Mrs. R. L. Bain of Clovis.

Mrs. Buck Taylor visited last week with her mother Mrs. Janie Anderson, and a sister, Mrs. Lucille Hargrove of Anton.

Mr. and Mrs. Roy Lovett and children visited Sunday in Wellington with her father, and other relatives.

Guests Saturday evening and Sunday in the home of Mr. and Mrs. Mike Brown were their daughter and son-in-law, Mr. and Mrs. Ronald Laue from North Dakota. The couple are moving to Clovis.

Weldon Dane was in Morton Tuesday on business and visiting friends.

Among those representing the Pleasant Hill Baptist Church at the First Baptist Church in Clovis Monday evening were Mr. and Mrs. Marlon Walker, Jerry, Weldon and Sarah Beth; Troy Lovett and Gwinette, Bro. and Mrs. Hugh Fraizer and

Social Security Tips

"We are still looking for survivors of workers who died before 1940 who may now be eligible for monthly payments," states Hal Geldon, Manager of the Amarillo Social Security Office.

He explained that the original Social Security Act provided benefit payments only for retired workers. When the law was changed in 1939 to make benefits payable to the survivors and dependents of workers, no provision was made to pay monthly benefits to the survivors of a worker who died before 1940.

Due to recent changes in the law, payments can now be made to the widows of workers who died after March 31, 1939, and before January 1st, 1940, with at least a year and a half work under social security before their death; to the aged dependent widower or parents of these workers; and to their sons and daughters with severe disabilities which began before age 18.

Geldon emphasized, however, that survivors who could receive these payments must file an application not later than October 31st, 1961, to avoid losing out on some of these payments.

Tammie, Mr. and Mrs. Gordon Smith, Mr. and Mrs. J. D. Kelley and children, and Mrs. Dorothy Pierce and Donna Kay.

Crowded out last week.

Rev. and Mrs. Hugh Fraizer and Tommie spent Thanksgiving in Roswell with her parents, Mr. and Mrs. Roland Fraizer. Thanksgiving guests in the home of Mr. and Mrs. Buck Taylor were their daughter and family, Mr. and Mrs. Cecil Osborne, Linda and Karen from Plainview; Mr. and Mrs. Carlence Anderson from Rhea and Miss Margie Anderson from Amarillo.

Mr. and Mrs. Marlon Walker had as their guests Thanksgiving day her parents, Mr. and Mrs. J. V. Lemons, a son and his family, Mr. and Mrs. Donald Wayne Davis, and Mr. and Mrs. J. F. McGinnie and children from Portales.

Mrs. Robert Servatius, Eugene, Pauline, Billie and Arlene spent Thanksgiving evening and night in the home of her mother, Mrs. Janie Anderson in Anton.

Miss Ginger Riemer from Friona spent Thanksgiving with her parents, Mr. and Mrs. Jim McCullough.

Thanksgiving guests in the home of Mr. and Mrs. Dewey Pierce were her parents, Mr. and Mrs. Forrest Lee; Mr. and Mrs. Vandy Pierce and Mr. and Mrs. Pat Grant and children from Clovis.

Mrs. Wanda Berryman from Bovina spent Sunday evening in the home of Mrs. Lorado Servatius.

College students home for the holidays included Lynell Lovett from Wayland College in Plainview; Monty and Gary Singletary and Pauline Servatius from Eastern New Mexico University at Portales and Gale Pierce from New Mexico State University at Las Cruces.

Dinner guests in the Marlon Walker home Monday evening were Mr. and Mrs. John Range, Mr. and Mrs. Roy Lovett, Mr. and Mrs. Vernon Sharp, Mr. and Mrs. Jim McCullough and Mr. and Mrs. Troy Lovett.

HOG CHOLERA, a disease which threatened at one time to wipe out the swine industry in the United States, is the target for an all-out attack by the Department of Agriculture. The eradication program will cost the federal government under \$100 million, the sum lost every two years because of the disease.

Lutheran Church

Women of the Lutheran Women's Missionary League met Thursday afternoon at 2:30 for their monthly meeting. Mrs. Walter Kaltwasser directed a group of ladies as they gave a skit, "The Christian Woman and Christmas."

The Sunday school teaching staff joined with the Clovis teaching staff for a training session Thursday, under the direction of Rev. D. Bergman of Clovis.

The Walther League will hold their regular meeting Sunday, December 10, in the Laurence Kriegel home in Bovina. Sunday school and adult Bible classes will be at 9 a.m. Sunday, with church at 10:00. Rev. D. Bergman of Clovis will bring the message due to the illness of Pastor Sander.

IT'S AN OLD FISH STORY

SINCE THE FIRST living coelacanth, a prehistoric fish, shook up the naturalists when it was hauled from deep water off the coast of South Africa in 1938, 18 more have been caught. No one has been able to figure out how this creature--the original rugged individualist--has been able to buck evolution and stay the same for millions of years while the rest of the world was undergoing profound change. A life-size reproduction of the coelacanth is on view at the Chicago Natural History Museum.

Texico Business Club Tours CAFB

Seeing six different types of International Business Machines in operation Saturday afternoon when they took a tour at CAFB was members of the Texico Business Education Club. The field trip was arranged by the club president, Beverly Cassidy, and the information office at the base.

Students were given an explanation of the uses of the various machines. The guide also permitted the students to type their names on the Key Punch machine, showed them how to check the cards for errors on another IBM, The Card sorter and Alphabetic Collator proved fascinating as it filed many cards alphabetically in a matter of seconds! A reproducer and tabulator were also demonstrated.

"The club wishes to express appreciation to the personnel in the information office and all those at the base that made the tour possible," the president said.

Those making the trip were Beverly, Howard Danforth, Ardella Nickaboine, Barbara Raulie, Carol Bell, Janice Adams, Carmelita Doshier and Donna Osborn. The group was accompanied by Mrs. O. E. Osborn, and Mrs. Fred Danforth.

All credit union earnings over expenses and reserves required for safe operation under the law are returned to the members.

4-H Safety Winners Vow They'll Cut Accidents

SHOWING HOW THEY HOPE TO LEAD America's 2 1/4 million 4-H members in a united effort to cut accidents—especially traffic accidents which last year claimed 38,000 lives—are these eight national winners in the National 4-H Safety Program. Joining them in urging greater "safety awareness" on highways, farms and in homes is Anthony G. De Lorenzo, vice president in charge of the public relations staff of General Motors, which is safety program awards donor for the 17th consecutive year. Each of these winners received a \$400 college scholarship from GM. In addition, General Motors gave them and 37 other state safety winners all-expense trips to the 40th National 4-H Club Congress in Chicago. Left to right are Mr. De Lorenzo; Jane Bacot, 16, Zachary, Louisiana; Martha Ann Beebe, 18, Rudland, Vermont; Suzanne Shideler, 17, Lathrop, California; Georgine Coleman, 18, Denison, Kansas; Anne Hostettler, 16, Statesville, North Carolina; Lavelle Gottschall, 18, Frederick, Oklahoma; John D. Spuller, 18, Rushville, Indiana; and Joe Dee Wilcoxson, 17, Cave City, Kentucky.

A Famous Automotive Writer Looks At THE NEW GENERATION OF POWER

Note: To thousands of people, Tom McCahill is "Mr. Automobile." In the past 20 years he has written hundreds of articles on both American and European cars after giving them the "McCahill" test. Now, in a new role, Tom turns to tractors. He draws upon his knowledge of engines, mechanical features, and modern manufacturing techniques to analyze the John Deere line.

As King Solomon once said, "There is one best of everything." Regardless of the field, there has always been a leader, whether it is diamonds by Tiffany, shotguns by Prady, or dancing by Fred Astaire. In farm tractors it's John Deere—the Rolls-Royce of the industry.

A great many parallels can be drawn between the automobile business and the farm tractor business. However, in the case of John Deere there are many places where the automotive and tractor businesses are

miles apart. For example, many auto manufacturers aren't nearly as concerned with endurance. They like to feel that each buyer of a new car will be in the market for another new car at least once in every three years. They make changes every year for the sake of change alone, in order to attract more buyers. If the John Deere Company operated this way, they would definitely be shortchanging the farmer. They offer their very best efforts in design and engineering, right now, without holding back on items that might be sales come-ons a year or two hence.

John Deere's success through so many generations means that a farmer is sure when he buys John Deere equipment that he's getting the best that can possibly be produced. He buys with assurance that John Deere is anxious to see his confidence justified. When the sale is made, the Deere

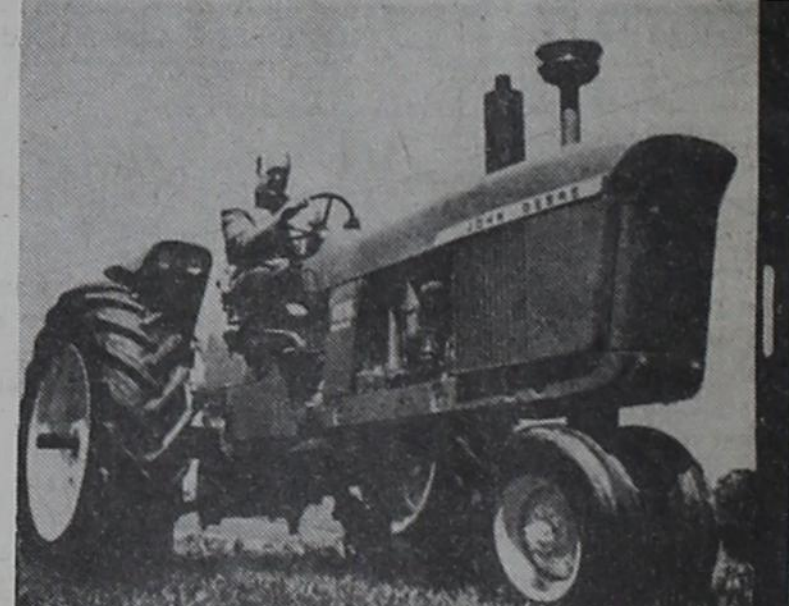

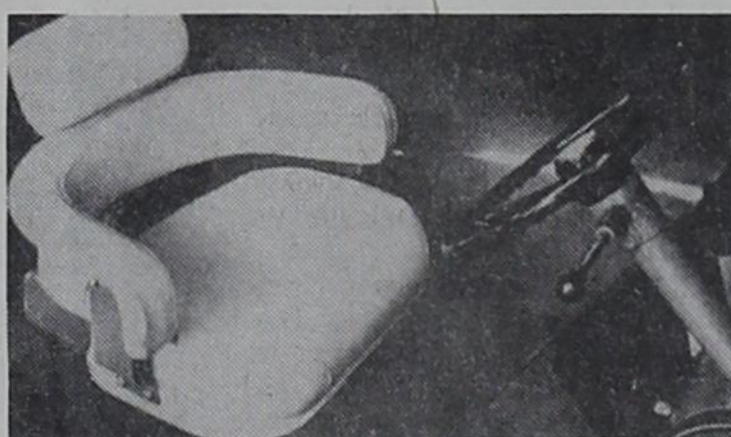

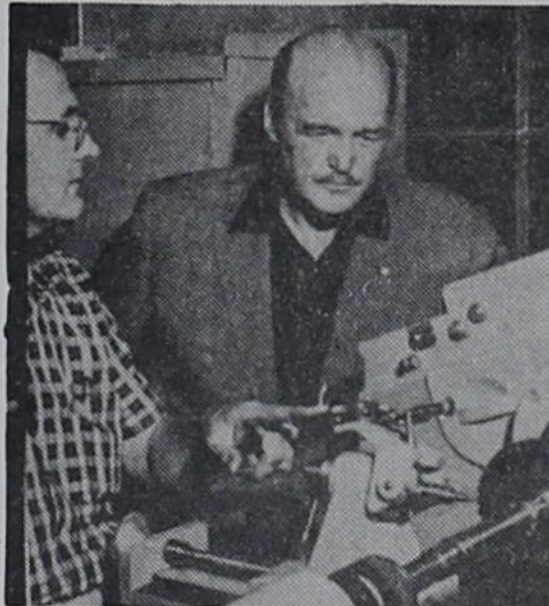

organization sincerely hopes that their tractor will meet the farmer's expectations not only now, but also far into the future. To make this statement about the automobile business would be sheer absurdity. John Deere's creed is "Carefully Planned Endurance"—not "Carefully Planned Obsolescence."

John Deere builds the Rolls-Royce of tractors; this I believe, and here's why: I spent several days going through the gigantic Deere factories at Waterloo and Dubuque, Iowa. I was anxious to check on their quality control and how closely tolerances were kept, compared to automotive practice. I also wanted to see firsthand the type of material and metallurgy going into these machines that would undergo hardships and many times more severe than family sedans are ever subjected to. Before I'd been in the factory many hours,

one fact stood out like antlers on a hog—there was no nickel-and-dime savings influencing the quality of even the most hidden of parts. For instance, we know that many auto makers don't use the best or most expensive plating methods; we know that many cars reflect the influence of cost engineers whose purpose is to save a dime here and a penny there, where such savings wouldn't be dangerous. Many parts on cars could be graded as "passable." This grade would not be tolerated in any component at Deere—everything must be the best they can build.

John Deere makes most of the parts that go into their tractors. The quality control and close tolerances of such things as gears, splines and shafts is very refreshing in this day of general production mediocrity. Some of the smaller parts—for example, those used in hydraulic systems—are held to tolerances so close they

Tom McCahill, writer for Mechanix Illustrations, turns from 20 years of analyzing automobiles to an evaluation of farm tractors.

equal the specifications required for guided-missile work and other high-precision military uses.

Deere's testing equipment alone has a dollar value large enough to buy several banks. The precision inspectors went into long detail with me on how their foolproof methods kept gear machining, for example, within tolerances that would frighten some automotive engineers. Every worker I talked with in these factories took a real pride in the fact that the material and tools he was working with couldn't be topped anywhere. These John Deere Tractors, regardless of size, reflect American workmanship at its finest. It's a shame we don't see more of it in other industries.

For many years, the Deere Company built thousands of two-cylinder tractors that were known throughout the farming world as "The Mechanical Mules That Never Quit." They lasted for years, were easy to service and were as reliable as cool weather in Little America and heat in Panama. However, with today's modern farming requirements, Deere recognized the need for a change that would bring the farmer still greater efficiency and more comfort; in fact, more of everything for his money. They decided not to "hang" new features on the old John Deere line, but to build an entire new series of power units from the ground up.

Five years of planning and testing went into this New Generation of Power, utilizing to the fullest space-age advances in technology and design. It was Deere's ambition to bring the farmer a degree of working comfort unknown before; to keep the fatigue factor down to a minimum;

to produce more usable power than ever before at less cost per horsepower; and, to provide features and accessories to handle working equipment with greater efficiency and ease. Even the seat, so important in a long day's work, is as comfortable (in fact, probably more comfortable) as any seat in your living room. It moves on an inclined rail, back-and-up or forward-and-down, to match any size operator's particular body specifications. It was designed by a well-known doctor, specializing in this field, to eliminate typical tractor backaches. The seat's springing can even be controlled exactly to match the weight of the operator! I found this new seat as comfortable as the finest sports car bucket seats.

I drove several tractors on the Proving Grounds at the John Deere Research and Engineering Center near Waterloo. The first new feature I really appreciated was the wide platform (I weigh 250 pounds) where the operator can stand up and move around. In most other tractors, the operator has less room than a trap with three mice in it, but not so with the new Deere jobs. You could practice your tap dancing on one of these rigs while it's running down a furrow.

I also found that you don't have to be a pole vaulter to get aboard a new Deere tractor. There are convenient mounting steps and good handholds, and you don't have to cross any plumber's piping dreams to swing into the seat.

The instrument panel is right before you and easy to read. It contains a speed-hour meter and electric fuel gauge. At the sides are easy-to-reach dash-mounted transmission and hydraulic controls. The battery

is located in a convenient compartment where it is easy to service.

The biggest sensation I got from driving these tractors came from John Deere's new full-time power steering. Even with a heavy front-end load, the giant 4010 Diesel model required no more effort to spin around than my Imperial. The steering was actually feather-light, as positive as taxes and as accurate as a tournament rifle. And talk about visibility! Well, you just can't top Deere tractors in this field. The narrow, tapered hood and high centered seat location allow you to see everything ahead and to the sides without any neck twisting or other physical contortions. On some competitive tractors I drove, the visibility was as limited as a fat man's view into his watch pocket.

The accessories that go with the John Deere tractor—from the crankcase heating element to the cold-weather shields and muffler covers—extend into the dozens, as you may require them. They include such outstanding designs as the new Quick-Coupler (which allows you to attach or detach three-point equipment without even getting out of the seat). The new eight-piston hydraulic pump (on larger models) provides more than ample power for steering, braking and equipment control. . . singly, or all together if you please!

The new multi-speed Syncro-Range Transmission and the variable-horsepower engine give a complete selection of usable power and "groun" speeds. This means efficient speed and power for all jobs, and high-way speeds up to almost 20 miles per hour when transporting from location to location.

John Deere, with the New Generation of Power, features the first power brakes on any tractor. They make tight turns at the end of a row as easy as inheriting money. The brakes run in oil, seldom require adjustment, and should last longer than the national debt.

It would take a big book to describe all the features of the John Deere Tractor line, and to cover all the models from the four-cylinder gas job to the big six-cylinder Diesel giants.

As I put them through their paces, including the test-ground mud bath, I could only conclude: These are the tractors farmers have dreamed about, and needed, since the mule first began to look tired.

In summing up, John Deere Tractors aren't cheap. They are the Rolls-Royce in the field; built to last for years by a company that takes genuine pride in building the best. For the professional farmer, there isn't a sounder investment, as this equipment will be serving him well long after his investment has paid off several times, and he has regretfully come to the end of his depreciation schedule.

Frankly, as I met the men of John Deere and closely checked all their manufacturing stages, I found myself with only one big regret: "Boy, if they'd only build cars this way!" Of course, if they did, they wouldn't sell half as many cars—you wouldn't need another one for many years.

ANNOUNCEMENT is being made of the forthcoming marriage of Miss Linda Birchfield, daughter of Mr. and Mrs. Curtis Birchfield of Farwell to James Harriman, son of Mr. and Mrs. O. C. Harriman also of Farwell. Vows will be exchanged December 30 in the home of the bride elect's parents.

Faith Class Plans Party

The Faith Sunday School class of the Farwell First Baptist Church will have their Christmas Party in the home of Mr. and Mrs. Gene Hardage on Friday, December 22 at 7:30. All members are urged to attend the party, at which husbands will be special guests.

McGuire Home Is Scene Of Party

The Ed McGuire home at Oklahoma Lane was the scene for the annual Oklahoma Lane Variety Club dinner recently. A turkey dinner with all the trimmings was served after which "42" was played. Club women held a short business session during which time new officers were elected.

A DECEMBER 22 WEDDING is being planned by Glenda Billingsley and her fiance, Billy Thigpen. Miss Billingsley is the daughter of Mr. and Mrs. Howard Billingsley, and Thigpen's parents are Mr. and Mrs. F. S. Thigpen. The wedding will take place in the home of the bride's parents in Texico.

Couple Feted On 25th Anniversary

Mr. and Mrs. Scotty Barry were surprised Wednesday afternoon with a party at their home, honoring them on their "25th" wedding anniversary. Hostesses for the occasion were members of the Oklahoma Lane Variety Club.

Study Club Yule Party Set Monday

The annual Farwell Study Club Christmas party will be held in the home of Mrs. Rosa Roberts in Clovis at 7:30 Monday, December 11. An exchange of gifts will take place during the evening.

Cunningham Family Has Reunion On Thanksgiving

The Oklahoma Lane Community Center was the scene for a reunion of the Cunningham family on Thanksgiving Day.

Oklahoma Lane Farmerettes Observe Death Anniversary

Observing their tenth anniversary as an organization recently, were members of the Oklahoma Lane Farmerette Club. The women along with their husbands were guests for a banquet which was held in the Wendol Christian home. Tables were decorated in white and pastel pink, with pink floral arrangement featuring a white rabbit and the number "10" in silver glitter on the head table.

Local Church Women Attend District Meeting

Ladies from the Women's Auxiliary of the Calvery Missionary Baptist Church in Texico attended the district Auxiliary quarterly meeting in Artesia Tuesday. Auxiliaries from the Cavern Baptist Association were in attendance at the meet.

Mrs. Roach Hosts Farmerette Club

Mrs. James Roach was hostess for the November meeting of the Farmerette Club at which times members made Christmas decorations and

HOSPITAL NOTES

Prentice Mills was released from Clovis Memorial Hospital Monday, after being admitted on November 25. He is reported to be much improved. Robin Mahaney, son of Mr. and Mrs. C. L. Mahaney of Farwell was admitted to Clovis Memorial Hospital this week.

The State Of Texas Vs. Nellie Taylor, Et Al Proceedings In Eminent Domain In The County Court of Farmer County, Texas

NOTICE IN CONDEMNATION

The State Of Texas, As Petitioner,

To: Nellie Taylor and her unknown husband or husbands, all of whose residence is unknown, and should she be deceased, then her unknown heirs, assigns and legal representatives, and R. C. Campbell and his wife, Mamie Campbell, and should either of them be deceased, then their unknown heirs, assigns and legal representatives, and all unknown claimants and/or owners.

You Are Hereby Comanded and directed to appear and answer in the County Courtroom in the Farmer County Courthouse in Farwell, Texas, at 10 o'clock A. M., on the 22nd day of January, A. D. 1962, being a Monday, in the above styled suit, in which suit the State of Texas is Plaintiff and the persons named above, their unknown husbands and wives, and their unknown heirs or legal representatives, and unknown claimants, are Defendants.

The cause of action alleged by Plaintiff is for a condemnation of certain property in Farmer County, Texas, fully described in the original petition for condemnation filed in said cause, said property being adjacent to U. S. Highway 84, running east of Farwell, Texas, and to assess the damages accruing to each of said Defendants, if any, by reason of the taking and appropriating of said lands. That such construction, reconstruction and maintenance upon said highway is surveyed through, across, upon, and will cross, run through and upon the following described real property situated in Farmer County, Texas, the fee simple title to which is vested in the Defendants, to-wit:

Parcels 35 & 36 0.191 acre of land, more or less, same being part of Lots 2 and 13, Block 14, Burton Addition, Farwell, Texas, same lots having been conveyed to Nellie Taylor by Viola Bevel by deed dated April 16, 1917, and of record in Volume 21, Page 41, Farmer County Deed Records, which 0.191 acre of land, more or less, is contained in two parcels, being more particularly described as follows: Parcel 35; Being part of Lot 2, Block 14, Burton Addition, more particularly described by metes and bounds, as follows: BEGINNING at the Northwest corner of Lot 2, same corner being 50.00 ft. S 0 deg. 19 min 30 sec W of the original NW corner of Block 14;

THENCE S 89 deg 40 min 30 sec E with the North line of Lot 2, 140.00 ft. to the NE corner of Lot 2; THENCE S 0 deg 19 min 30 sec W with the East line of Lot 2, 28.38 ft. to a point; THENCE N 81 deg. 58 min 45 sec W, 141.27 ft. to a point in the West line of Lot 2; THENCE N 0 deg. 19 min 30 sec E with the West line of Lot 2, 9.46 ft. to the point of beginning, containing 0.061 acre.

Parcel 36: Being part of Lot 13, Block 14, Burton Addition, more particularly described by metes and bounds as follows: BEGINNING at the NE corner of Lot 13, same corner being

Navy Has Personnel Shortage

The Navy has announced that there is a vast shortage of personnel in all of its 64 different career fields. Enlistments are now being accepted for both men and women and those who qualify may enlist immediately.

Men between ages of 17 and 32, women between ages of 18 and 26 who are interested in a Navy career, may contact your Navy recruiter, Box 1033 Clovis, N. M. or call P03-6622.

Farwell Seniors Take ACT Exams

Approximately twenty Farwell seniors took part in the recent ACT college entrance exams taken at various colleges throughout the area. All students took the tests at South Plains Junior College in Plainview, Eastern New Mexico University in Portales, or West Texas State College in Canyon.

Two seniors have signed to take the SAT college board entrance exams in December or January, according to Mrs. R. E. Tucker, counselor.

The boys, Bobby Tomlinson and Jerry Lovelace, will take the tests at Texas Tech in Lubbock.

50.00 ft. S 0 deg 19 min 30 sec W of the original NE corner of Block 14; THENCE S 0 deg. 19 min 30 sec W with the East line of Lot 13, 50.00 ft. to the SE corner of Lot 13; THENCE N 81 deg. 58 min 45 sec W, 141.27 ft. to a point in the West line of Lot 13; THENCE N 0 deg. 19 min 30 sec E with the West line of Lot 13, 31.08 ft. to the NW corner of Lot 13; THENCE S 89 deg 40 min 30 sec E with the North line of Lot 13, 140.00 ft. to the point of beginning, containing 0.130 acre.

That all of the above more fully appears in a certain written petition for condemnation, filed with the County Judge of Farmer County, Texas, as aforesaid, on the 28th day of November, A. D. 1961.

This notice and citation shall be served by the Sheriff of Farmer County, Texas, upon the above named Defendants and their unknown heirs and all unknown claimants, by publishing the same once each week for four consecutive weeks, in the State Line Tribune, a newspaper published in Farwell, Farmer County, Texas, the first publication to be at least 28 days before the return day above fixed.

Herein fail not, but have you before the undersigned Commissioners, on or before the 22nd day of January, A. D. 1962, this notice and citation with your return thereon, showing how you have executed the same. Issued and given by the Commissioners heretofore appointed by the County Judge of Farmer County, Texas, on this the 5th day of December, A. D. 1961.

4-Car Wreck Injures Three

Three persons were injured and three cars were burned in a four car pile up between Muleshoe and Friona Saturday at 7 p. m. None of the injuries were serious.

A cotton trailer overturned about five and one half miles north of Muleshoe and blocked traffic. Officers, Noel Carter and John Bently, Texas Department of Public Safety, were directing traffic around the obstruction on the east side of the road when the pile up occurred.

Carter had stopped cars driven by Graham Prewett, Black; Eddie Kieth Morris, Lazbuddie, and Clayton Noland, Rt. 1, Friona, while waiting for opposing traffic to clear.

A fourth car driven by Samuel

James Jones, Amarillo, crashed into the rear of Prewett's car and smashed all the cars together, according to Carter. Prewett, Noland and Jones received minor injuries. "Evidently, the gas tanks on the Prewett and Noland cars split and caught on fire," Carter reported.

Three of the cars were burned. Only the rear of the car belonging to Morris was damaged. It could be driven away.

Charges of driving while intoxicated were filed against Jones. He rendered a plea of guilty in County Court Monday and received a \$125 fine and three day jail sentence.

Officers at the scene of the accident reported that Jones only skidded 25 feet before striking the parked vehicles. All were headed south.

The cotton did not burn. Damage was estimated at over \$2,000.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Job	36	5-12
Monday	Job	42	1-6
Tuesday	Matthew	6	25-34
Wednesday	I Corinthians	13	1-13
Thursday	Galatians	3	6-14
Friday	Matthew	8	5-13
Saturday	I Corinthians	2	1-10

KEYS TO UNDERSTANDING

Suppose you were given keys that would unlock the mysteries of the universe. With them, you could answer the "whys" that plague all of us. You'd know what was going to happen to you and those around you tomorrow—next month—next year.

Would you use them?
Of course, you say! Think again. And, once you've thought, you might shake your head, hand them back, and say, "No thank you."

Common sense tells us that man was not meant to understand every mystery of life. The reasons "why" remain as they are because our Creator in His wisdom thoroughly knows just how much man can both stand and understand.

God has a greater gift for you than these, or any other keys... the gift of Faith. You will find it by going to church regularly.

Prospects Look Good For '62 Wheat Crop

THE HIGH PLAINS FARM AND HOME

Farmer County farmers are in line for a bumper wheat harvest in 1962, according to all present indications. Despite a dry spell during the normal planting time this year, about 98 per cent of the wheat acreage in the county is now drilled and up. Many of the wheat fields are now being grazed. Some of the farmers with early sowed wheat were delayed in turning the cattle into the

fields because of the undeveloped root system. Most of this wheat had to be irrigated before it could be used for pasture. Some areas over the county were reported so dry that the wheat had to be "dusted in!" The wheat was sowed in the dry ground and irrigated to get it started. "Wheat farmers took a blanket cut of 10 per cent in their wheat acreage this year, but with the proper combination of water and fertilizer they should be able to do as well as they did in the past year," Deryl Coker, county agent, said. Wheat raisers will also receive an increased price for wheat with a sedimentation test of above 40. The tests which will affect the 1962 crops has

placed the accent on quality instead of quantity. "Abundant water is not the answer for those seeking wheat with a high sedimentation test rating, either," Coker said. "Other factors such as land and fertilizer must be considered." With the moisture we have had since the first snow Nov. 2, even the dryland wheat is in good shape, according to all reports. Farmers who are not grazing their wheat fields are not maximizing their wheat income according to information contained in an agriculture bulletin. Figures cited by the agriculture department showed that the average worth of wheat pasture was about \$10 per acre or about \$2 per month per acre.

FIRM FOOTING . . . County wheat plants have developed elaborate root systems and are firmly implanted in the fields. Prior to the November snows, farmers were having to water their wheat before turning the cattle in to graze because of the fragile root system.

CHOW DOWN . . . Lush, green wheat fields provide attractive grazing for county livestock. The Agriculture Department has

estimated that the average wheat field is worth \$10 per acre for grazing purposes.

WITH THE COUNTY AGENT

DERYL COKER

With all the recent moisture, wheat is in fairly good shape in Farmer County, and if the weather man is right we should receive more moisture before January. If we do, we won't have to start the well till early in 1962. Fertilizer has payed big dividends where it has been properly used, and it might be a good idea for you to send in a soil sample to see if you could use some additional fertilizer on your wheat crop. The Bushland Experimental Station reports that proper amounts of fertilizer and water has increased net income by \$45.00 to \$50.00 per acre. \$50.00 more

income per acre is nothing to sneeze at, we need it. A good practice to follow is to put down 2/3 of the fertilizer prior to seeding time and the other 1/3 in the spring. It is important that the wheat doesn't run out plant food when the grain is trying to mature. If this is the case, or does happen, all the prior management practices you have practiced have been hindered or limited. Sound management practices are needed until the crop has been harvested. If you do decide to send in a soil sample, the county agent's office has a good supply of soil sample boxes available, and other information that could be helpful to you in sending in a sample. It is very important that a sample be properly taken. It costs \$2.00 per sample and the address of the new soil testing laboratory in Lubbock is, Soil Testing Laboratory, Agriculture Extension Service, Rt. 3, Lubbock, Texas.

This is hunting season and each year several people are killed by carelessness of some kind. Hunting safety rules are so simple that many hunters don't bother to practice them. Every year scores of hunters fall victim to gunshot wounds, and the excuses follow the same old pattern. "I didn't know the gun was loaded." "Well, he looked just like a deer in that thick brush." And so it goes, every year. Many hunting accidents could be prevented if hunters would

follow the simple rule of "Don't shoot unless you bet your life that you know what you're shooting at."

Always assume every gun is loaded until you have opened the action and looked for yourself. Before you fire a gun, make sure it is in good working order and the barrel is clear. Then there are the people who manage to shoot themselves. Climbing fences with a loaded gun, leaning one against a tree or car, or throwing a loaded gun into the car are ways to add your name to this list. The remedy for these potential accidents is simple: don't do these things and don't hunt with people who do.

There is no open season on people. Use your head and don't

violate that rule, and don't let one of your friends "poach" on you.

A wren won't build its nest in that nice little bird house you hang up in the back yard unless the entrance is so small that it will keep out larger birds.

Dilger's CLEANERS
Farmer County's Finest Cleaning
BOVINA, TEXAS

Cotton Referendum Scheduled Tuesday

A county-wide referendum on the 1962 crop of upland cotton will be conducted on Dec. 12, to determine whether marketing quotas will be in effect on such crops. If more than two-thirds of the farmers voting over the nation approve marketing quotas, penalties will apply on

farms having excess cotton acreage in 1962 and price support will be available to cooperators within the range of 65 to 95 per cent of parity, the exact level to be announced later.

If more than one-third of the farmers voting do not approve marketing quotas, there will be no penalties on the 1962 crop of cotton, and price support to cooperators will be at a rate equal to 50 per cent of parity. You may cast your ballot at any one of the following places in the county:

- ASCS Office, Farwell, Texas
- Lawlis Gin Office, Bovina, Texas
- City Hall, Friona, Texas
- Carl Schlenker's Elevator, Rhea Community
- Lazbuddie Gin, Lazbuddie, Texas

Farm Supply Store, Oklahoma Lane
Fleming's Gin Office, Hub
The polls will open at 8:00 a. m. and close at 6:00 p. m. We are not telling you which way to vote—we would like to point out that voting is not only your privilege in this country; but, is also your duty.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Last week we ran two recipes for stew in this column and promised you two more. These recipes were lifted from Marshall Formby's booklet "Good Texas Eat'n."

TEXAS SON-OF-A-GUN STEW
To make stew for 6-8-10 people, the following ingredients should come from one calf. The stew will be better if from a calf still on its mother's milk. However, the ingredients can be purchased from a slaughter house.

All of the tongue from the calf (the tongue to be boiled for 30 minutes then scraped good. If you are not fond of tongue, use half of it or throw away as I do.)

All of the brains from the calf—all the sweet breads; 1/2 the heart; 1/3 of the liver from the calf. (If you do not like liver taste, forget the liver.)
The butcher steak - the marrow gut
The oxtail soup bone - salt and pepper

Hunk of kidney fat about the size of a croquet ball or a small spunkin.
Add meat from brisket roast or hamburger or stew meat.

If you do not put the liver in, boil it by itself for 30 to 40 minutes before you add it to the stew.
Boil the ox tail soup bone until the meat is fairly done and then take meat from bones, put in stew. Cut all of the ingredients up to hunks somewhat the size as is placed in chili, not too fine. Cook slowly 3 or 4 hours and let simmer.

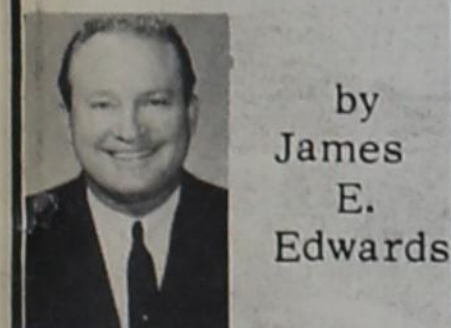

Do not put the brains in until the last 30-45 minutes, as it does not take brains long to cook. Sweet breads also cook more quickly than the other ingredients.
Thanks to "Goose" Ramey of Dimmitt.

TEXAS CHILI
3 lbs. venison or beef
6 tablespoons chili powder
3 cloves garlic (minced)
6 tablespoons flour
3 tablespoons chopped suet
2 small onions (chopped)
3 tablespoons salt
6 tablespoons fat
1 quart hot water
Do not grind the meat, but cut in small chunks. Mix the meat with garlic, flour and chili powder. In a deep pot, melt the suet and fat. Fry the onions until tender, then add meat mixture. Cook for 20 minutes. Then add salt and gradually pour on the one quart of hot water. Then simmer for one hour or until the meat is tender.

If you haven't killed a deer this year, just use cheaper cuts of beef for this chili. If beef is used, forget about the suet. If you just have to ruin this good chili by adding beans, then add Mexican style beans with chili gravy.
You can serve this over

I Get 5% Dividends On My Money At . . . FIDELITY SAVINGS & LOAN

Clovis, N. Mex.

FOOTSAVING EDUCATION

by James E. Edwards

Will Snug Shoes Stretch?
Shoes that are a trifle narrow may give enough to become comfortable. Shoerempairmen now have a chemical solution that helps stretch leather.

The need however is usually for added length since feet grow longer rather than wider. The chief obstacle to successfully stretching shoes lengthwise is a steel shank which is put in a shoe to strengthen the arch of the shoe (not the foot). A stretcher that would stretch the steel would pull the shoe apart.

Edwards' SHOE STORE
Successors to Olivers
512 Main
Clovis, N. Mex.

tamales. It takes 3 cans of tamales for 9 persons. To me, chili is better by itself--no beans, no tamales. Chili makes you strong and keeps you healthy.

Another thing that naturally belongs to the cold season of the year is hot punch. If you don't have a recipe for cider punch, be sure to clip this one and add it to your collection.

HOT CIDER PUNCH
1 gallon cider
1 cup sugar
1/2 teaspoon ground allspice
1 teaspoon whole cloves
1 8-inch stick cinnamon
Tie allspice, cloves and ground cinnamon in a small cloth about six inches square. Add sugar, bag of spices and stick cinnamon to cider. Boil about 20 minutes under the boiling point or until flavor suits taste.

Longer cooking develops a more spicy flavor. Do not boil. Serve hot in teacups or punch bowl.

Apple, grape, raspberry, loganberry and other fruit juices may be used in the same way as cider. Change the amount of sugar to taste and dilute the fruit juice with hot water to suit taste.

A small amount of lemon juice may be added. Serves 20 to 25.

If you prefer spiced tea, you will enjoy using the following:

SPICED TEA
2 cups sugar
1 teaspoon ground nutmeg
1 teaspoon ground cinnamon
1 teaspoon ground allspice
4 cups cold water
1/2 cup tea leaves
10 to 12 cups boiling water
1 cup orange juice
1 cup lemon juice
1 cup pineapple juice
Boil sugar, spices and cold water for 10 minutes. Put in tea leaves which have been tied in a bag. Add boiling water, orange juice, lemon juice and pineapple juice. Let steep for 5 minutes. Pour off liquid. Reheat as needed. Yield 30 cups.

HD Council Meets In Friona

Farmer County Home Demonstration Council for 1962 made plans for their committee recommendations. All committees met Monday, November 27 at 3:00 in the Community Room of Friona State Bank following Council meeting.
Serving on the various committees are: Finance: Mrs. Floyd Brookfield, chairman, Mrs. Ellis Tatum, and Mrs. Joe Briggs. Yearbook: Mrs. Shirley Smith, chairman, Mrs. H. R. Cocanougher and Mrs. T. J. Presley. Recreation: Mrs. Joel White, chairman, and Mrs. John Renner. Citizenship: Mrs. Dee Brown, chairman, and Mrs. W. E. Stringer. Education, Expansion and Exhibit: Mrs. Fern Barnett, chairman, Mrs. Preston Martin, Mrs. Jack Patterson, Mrs. Louella White, and Mrs. J. B. Williams. Civil Defense, Health & Safety: Mrs. C. A. Weir, chairman, and Mrs. Walter Cunningham.

Each Committee Chairman will present her committee recommendations for approval to the 1962 HD Council in January 22 at 2:00 in the Courthouse in Farwell. Then each club will discuss each recommendation before council adopts these plans.

Officers of the Council are Mrs. J. D. Sanders, chairman, Mrs. John Hand, vice chairman, Mrs. Edmund Kitten, secretary-reporter, and Mrs. Ellis Tatum, treasurer. Advisor for the group is County Home Demonstration Agent, Miss Ettie Musil, County Texas Home Demonstration Association Chairman is Mrs. Ralph Price.

Figure Out Now How To Use Your Water Next Year

Most any farmer you talk with today will tell you that this 1961 crop is one of the least expensive he has produced in some time.

Why? There are perhaps many reasons, but one is because most farmers have not had to do a great deal of irrigating. The snows and rains have come at times when they

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Marketing Orders: We are not going to try to explain what marketing orders are, but we would advise every farmer, rancher and turkey and chicken raiser to study up on the definition. There is one thing we believe to be very important about them, though, and that is that it takes only two thirds of the "producers voting" to approve and begin enforcement of them (National Marketing Orders).

But once they're approved, it takes 51 per cent of all "producers" to vote them out. That means that ten or fifteen "producers" could vote them in, but it would take possibly several hundred thousand "producers" to vote them out. (This is in fine print as now proposed, according to Bill Kennedy of Farm and Ranch in a speech before Texas Farm Bureau delegates in Galveston November 14.)

When such unbelievable provisions are proposed by "planners for your future," we believe you may well spend some time in studying proposals put before you approve or disapprove them.

Locally, all organizations trying to get participation of their members in the policy development are somewhat alarmed at the apathy evidenced. We were at a meeting of the Farmer County Grain Sorghum Producers Ass'n the other night, and there were about 20 producers there.

There were few more than that at the Farm Bureau convention in October. Organization leaders always say the weather is too bad, or everyone is working late, but these factors never affect attendance at a ball game or a party. People go where they want to go when they want to nearly all the time.

We are happy to report that local officers and directors of Farm Bureau are exceptionally good at attending and participating in meetings. Something needs to be done to get the importance of taking care of business extended to organization membership.

Eighty-five per cent of the people over 65 in the United States have already made provision, or can afford to take care of themselves medically. Why a proposed compulsory federal medical care for everyone instead of the 15 per cent remaining?

The 24 to 25 per cent of agriculture (these figures are authentic) that has been operating under government control and price fixing is in much worse trouble than the 75 or 76 per cent without government control and price fixing, so why should someone try to extend the troubles to the least troubled majority with the statement that they need help? And those outside the program are there by choice and perseverance against offers of inclusion.

Consider this: "Bow down thine ear, and hear the words of the wise, and apply thine heart unto my knowledge." Proverbs 22:17.

were most needed.
Now with the 1961 crop laid-by in most communities of the High Plains, it is not too early to commence thinking about next year's plans.

Keeping in mind the fact that irrigation is generally one of the largest expenses involved in making a crop, why isn't it good business for you to try and figure out how to better use natural precipitation both where it falls and also by pumping from lakes thereby minimizing the use of underground water. The loss of irrigation "tail-water" is also a problem that confronts most irrigators, at least to some degree. This expensive loss should be alleviated, or at least minimized.

With records of the High Plains Underground Water Conservation District indicating that underground water levels are dropping annually, it becomes apparent that if this High Plains country is to continue as a major agricultural area, rainfall must be used more efficiently.

Before you bed your land for next year's crop talk with your High Plains Water District people, the Soil Conservation Service folks or your County Agent about some of the things others are doing to conserve rainfall and underground water. You can probably make some simple inexpensive changes in farming methods that could result in more net income to you from the crops you raise.

HD Agent's Notes

BY MISS ETTIE MUSIL

Only 2 more weeks till Christmas Day! Is Christmas the most joyous season of the year at your house? Or is it a time when you spend too much, eat too much, go too much, sleep too little, and simply collapse when it is all over? See if you can plan your shopping, baking, and visiting to help make your holidays go a little more smoothly.

First, start by making a list of all persons included in your family's gift giving. To include in your spending plan you need to include Christmas cards, postage, decorations, and food for entertaining. So that your Christmas cost does not skyrocket beyond reach set a cost limit on each item and total. Then follow your budget as closely as possible.

Not only is your spending important during this season, but your use of time is most important. I've heard many mothers say, "This is the busiest time of the year. We have so many parties we go to, so many extras in entertaining, and gift wrapping and cleaning." Take time out for a little while to plan a schedule when you will bake, clean house, shop, wrap gifts, or just go visiting to that dear friend.

Cut down on your shopping time by learning in advance where the items on your shopping list can be found. Watch Christmas advertisements in our local papers. Study the time you may save by having your gifts wrapped at the store. Some stores will even wrap your gifts and wrap them for mailing from the store.

Another time saver is to do some jobs now that can be done ahead of time. Baking and freezing of holiday foods can be done now. In fact, we have a very helpful free bulletin "Christmas Time At Home" that we can send to you or you may want to come by to get. This bulletin includes recipes for holiday breads, cakes, fruit cakes, Christmas pies, puddings, cookies, candies, confections, appetizers, and beverages. Also, in the bulletin are ideas for Christmas kitchen gifts. There are over 90 recipes in this attractive bulletin written by Extension Foods Specialists.

While getting ready for Christmas don't forget to watch your family's diet. Plan balanced meals for your family. Skipping

meals and over indulging in Christmas "goodies" lowers resistance to colds and flu. According to the Food For Fitness daily food guide, you need 2 to 4 cups of milk, 2 or more servings of meat or beans, 4 or more servings of vegetables and fruit including potatoes, dark green or deep yellow vegetables and citrus fruit, and 4 or more servings of enriched bread or cereal.

If you are in the habit of giving rather expensive gifts to your family, you'll save much time shopping by buying U.S. Savings Bonds. This is one gift that will not break the first few days or wear out in one season. Series E bonds are bought at three-fourths of their face value and the interest accumulates until they're worth the full amount at maturity of seven years and nine months.

With this weekly visit with you I am starting my second year in the county. If you have any suggestions for information you would like to have included in these Notes do let me know. I would appreciate any ideas and suggestions.

Don't be in a hurry to take your last step.

SLEEPY SERENADE—Here's what today's well-dressed young frontiersmen choose for nightwear. Made of buckskin-printed cotton flannellette, they're trimmed with leather-type fringe, and Sanforized to last through whole seasons of washing.

16 Attend Clinic At Clovis

Are you planning to buy one or more large kitchen appliances in the next few months? Do you plan to use all the features on the appliance that you plan to buy? Or will these features become "gadgets" that you seldom or never use?

Sixteen Farmer County homemakers attended the county-wide all-day Large Kitchen Appliance clinic conducted Thursday, November 30 beginning at 10:00-4:15 CST in the Southwestern Public Service in Clovis, New Mexico. General considerations in buying washers, dryers, ranges, refrigerators, freezers, and dishwashers were demonstrated by area home economists.

On the program were home service advisors of the Southwestern Public Service Company, Mrs. Xie Collins of Lubbock, and Miss Earnestine Gary of Clovis. The company's home service director of Amarillo and Farmer County Home Demonstration Agent Miss Ettie Musil, also, took part on the program.

At 10:00 - 11:00 Mrs. Collins compared features of low, medium, and deluxe models of dishwashers within one manufacturer makes. She described different types and features of undercounter, cabinet or free standing, combination dishwasher-sink, or portable models. There are different loadings of these models which include top, front, or top and roll out loading. The family's needs will determine the type of dishwasher best suited for the home.

After a coffee break Miss Gary compared low, medium and deluxe price models of electric ranges. Features on these models varied with one or two ovens, grill, space needed, rotisserie, oven timer, meat thermometer, built-in or free standing, and size of surface units. Family eating habits and entertaining would determine kind of range.

Following the noon luncheon the refrigerator-freezer was

demonstrated by Miss Musil. Features shown or described included size and capacity each, design, shelves, latch exterior and interior finish, fruit and vegetable compartments, and defrosting features.
To conclude the clinic Miss Bridge compared features of low, medium, and deluxe models and prices of clothes washers and dryers. These features included front and to loading washers and dryers uses of each, washing action, water capacities, temperature controls of water and drying dispensers, and control switch

Woman to husband: "Well the Smith's had a baby girl last night. Mrs. Smith is..."
Small son, interrupting: "Boy, will Mr. Smith be mad. He had a 'Boy Wanted' sign in his store window all week."

4-H Club Elects Officers, At December Meeting

Officers who will serve the Pleasant Hill 4-H Club Pals during the coming term are Johnny Pierce, president; Kathleen Smith, vice-president; Janet Sharp, secretary; Janine Clark, treasurer; Dianne Baldrige, reporter; Wayne Fahsholtz, council representative; Carolyn Langford and Leon Smith, recreation leaders; Veda Wilson, song leader; and Don Baldrige, parliamentarian. Adult leaders are Mr. and Mrs. Edwin Fahsholtz, and Mesdames Alvis Clark, Elmer Langford and Clarence Smith. At a recent club meeting, the group voted to contribute to the

fund for Danny Armijo, a Clovis boy who was badly injured when struck by a car recently. They also decided to take Christmas remembrances to elderly persons and shut-ins in the community. Glennis Fahsholtz is general chairman of the project.

Following the meeting lemonade and cookies were served by Pat Fahsholtz and Bettye Clark.

Enrollment in 1962 projects will be made at the January meeting. Terry Pierce and Jacques Fahsholtz will be hosts for the meet.

consolation, and were edged by Canyon 37-36 for the prize -- the consolation trophy. It was a hard-fought game, but the Steerettes couldn't muster the extra strength to win. Iris Goldsmith hit 15 points for the locals.

Tournament play highlights the basketball picture both this weekend and next. The varsity teams are in Happy today. The boys were slated to meet Panhandle in their first game yesterday morning at 10:20 and the girls were to have a chance at revenge on Canyon. They were to play yesterday at 11:40. Results of the games were not known at press time.

Next weekend, both teams will enter the Silverton tourney, with the girls to meet Friona "B" at 2:10 p. m. Thursday and the boys meeting Memphis at 3:30 that afternoon. Further games are slated Friday and Saturday.

Farwell Student Essays To Be In National Publication

Essays of six Farwell high school students will be published by the National Essay Association in its second anthology "Young America

Speaks." Creative prose writings which will appear in the publication are those written by Peggy White, Jolene Donaldson, Susie Pace, Sherril Austin, Vicki Moss and Suzette Bourlon.

The competition, open to high school students, consists of original 150 word essays, and being of national scope, represents superior work on the part of those students whose essays will be included in the anthology.

Leslie Winsper Qualifies For Social Club

Leslie Winsper, son of Mrs. Irene M. Dyer, Box 954, Texico, has successfully completed requirements for membership in Koinonia, a men's social club at Lubbock Christian College, Lubbock, Texas.

Organized in 1957, when the junior college was in its first year of operation, the club participates in inter-campus sports events, competes for the highest cumulative grade average of the 12 social clubs at LCC.

JOTTIN'S By Jeanne

If you want to be elected to an office, the best procedure could be to miss a meeting. At least, that's the way it looks this week.

A couple of weeks ago, Bull Dollar was named new prexy of the Farwell Exes. Bull didn't make it to the reunion, but he must have had some friends who thought they would get him there next year. They elected him president.

Then Friday night, the Pee Wee football boys were honored with a banquet. After the meal, new officers for the Plains Junior Football League were named. Henry Haseloff was absent, and he got the prize--the presidency.

We get plenty of complaints and ever so often, we enjoy a compliment on our work here at the Tribune. But it helps most when they come about the same time. Then we don't have a chance to be vain, nor do we get too down in the dumps.

One of our friends had told us about some imperfections of The Tribune last week, right before Melvin Burns and his wife came in to help us with the story on the United Fund, as we had requested. So Anita,

the society editor, and Jottin particularly enjoyed the nice compliments they paid the paper on news coverage.

I might add that the cooperation of the news source is the biggest aid in our work, and we do appreciate the help of both Mr. and Mrs. Burns, and all those other people we must call each week, who make newspaper work so enjoyable.

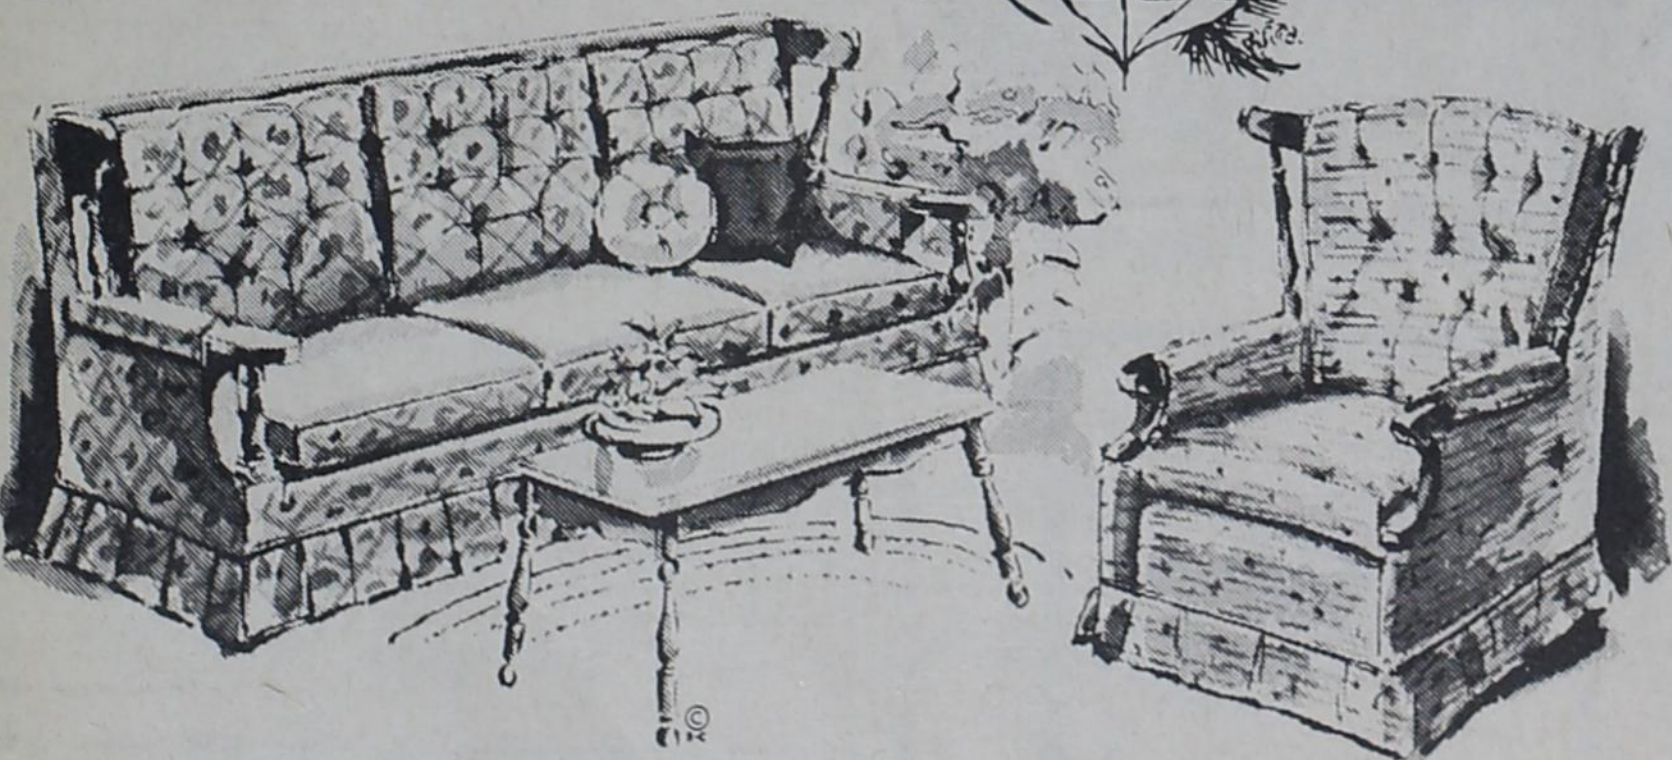

Twenty-One Complete First Aid Course

Twenty-one twin-cities residents completed the recent Red Cross first aid course sponsored by the Farwell fireboys.

The classes, taught by Ray Magness, Clovis Patrolman; pertained to pressure points and bandaging, artificial respiration, both mouth-to-mouth and back pressure.

Persons completing the course included Mrs. R. T. Langston, Mrs. Otis Huggins, Ettie Musil, Mrs. Lorene Chisman, Perry Winkles, Chase Chisman, R. T. Langston, J. T. Ford, Fred Curtis, James W. Patrick, John Getz, Mose Glasscock, Karl J. Gast, Tom Atkins, Otis Huggins, Wilfred Quickerl, Clay Henson, George D. Magness, Bill Dollar, Harold Travis and Bill Richardson.
