

# Friona-Farwell Series Has Lop-Sided Results

The Farwell-Friona football series, which will be renewed September 6 in Friona for the 15th consecutive year, has been an overwhelming success for the Steers throughout the years, a check of the records shows. Since 1936, the teams have met 19 times, and the record shows Farwell with 14 wins and Friona with just five. Divided out, that is a winning percentage for the Steers of .737. Farwell has won the past four games, and according to pre-season outlooks, should be favored to make it five in a row over the Chiefs, who have lost their last 27 straight games. The Steers have a host of returning regulars, featuring an experienced backfield led by big Leon Lovelace at quarterback. The "Last of the Lovelaces" has been all-district three times, and is back for one last round. The last Friona win of the series was in 1958, when the Chiefs won 15-12. That was the

last year Friona had a winning record, posting a 6-3-1 mark under Colie Huffman. The Chiefs also won in 1957, by an 18-0 score. Farwell also scored wins from 1953 through 1956. The Steers had to pull one out of the fire in 1953, as Friona had a 14-0 lead at halftime. Farwell came out on top by a 20-14 score. In one of the closest games of the series, and another hair-raising finish, Farwell came from behind to take a 20-19 win in 1950. The Steers had trailed, 19-6 at the end of three quarters, but scored two TDs to win. The teams didn't play from 1941 through 1948. Farwell dropped football during the war years, 1941 through 1943. They resumed, playing with a six-man team from 1944 through 1947. Friona's largest winning margin was a 60-0 score in 1951. Farwell took a 69-0 win over the Chieftains in 1938,

their largest win. The teams met twice that year in a home and home affair. The Steers also won the first game, 12-0.

Year	Farwell - Friona	At Farwell
1936	20-0	Farwell
1937	no game	
1938	12-0	Friona
1939	69-0	Farwell
1940	43-0	Farwell
1941-48	no games	
1949	25-6	Farwell
1950	20-19	Friona
1951	0-60	Friona
1952	7-38	Friona
1953	20-14	Farwell
1954	39-0	Friona
1955	18-14	Farwell
1956	7-0	Farwell
1957	0-18	Friona
1958	12-15	Farwell
1959	24-8	Friona
1960	40-6	Farwell
1961	20-0	Friona
1962	39-0	Farwell

IT'S A RUGGED LOOKING CREW . . . the Farwell Steers of 1963. They are as follows: Front row, left to right: Hobby Coffman, Larry Donaldson, Mike Camp, Darrell Crook, Jerry Herington, Warren Gossett, Joe Castillo. Second row: Doyle Johnson, Jack Walker, Jerry Fields, Danny Lindop, Ronny Ussery, Danny

Huffaker, Andy Ancira, Bobby Fields. Third row: Coach Dempsey Alexander, Coach Billy White, Johnny Atkinson, Roy Donaldson, Joe White, Leon Lovelace, Allan Busbice, Bill Quicckel, Ronnie Henson, Gilbert Dale, Jim Mace, Mgr., and Coach Vernon Scott.

## FROM THE HOPPER

BY HOP JR.

September 1 is just a day or so away and this is good news to me. This is my favorite time of the year, and I think I could say the same thing for a lot of other people who live on the Plains.

The bright, sunny days and the cool mornings and evenings, together with the snappy nights that make you reach for the cover, are a pure delight. Put these with the beauty of maturing crops and the rich colors of fall and you have a wonderful time to be alive.

Some bitter that goes along with all this sweet, though, is that we are in the peak of the hay fever season. I'm not really a chronic sufferer, but there is a 30 to 45 day period in the year when itchy eyes and a runny nose make me mighty uncomfortable. And this is my moment of suffering.

Hay fever is a common malady, and as I understand it different people react to different things and lay the allergy off onto "hay fever." Whether it's the old demon ragweed, or the pollen from the maturing crops, or Russian thistle, or careless weed, or what that bothers me I don't know -- but something sure does about this time of the year.

I try to take this suffering in grace, and for the most part am able to do so, except that I lose patience when those sneezing fits hit. When one starts you had just as well quit reading, or driving, or eating, or shaving, or whatever else you're doing 'til it's past. No use to try and carry on.

This is especially annoying when you are in the middle of a conversation on the telephone. For a reason the guy on the other end can't know, you suddenly stop talking, start gagging and puffing, then (if you're not careful where you aim) you rip his head off with a horrendous ka-choo.

While this attack is setting in, you usually feel he should be told what is happening, and you try to gurgle out something about "sneeze" or "hay fever" or "watch out" or something like that, but usually it happens so fast you can't warn him before going into convulsions. Really, though, our fellow humans are pretty understanding. I have never lost a telephone conversation yet on account of this -- just had them interrupted, that's all.

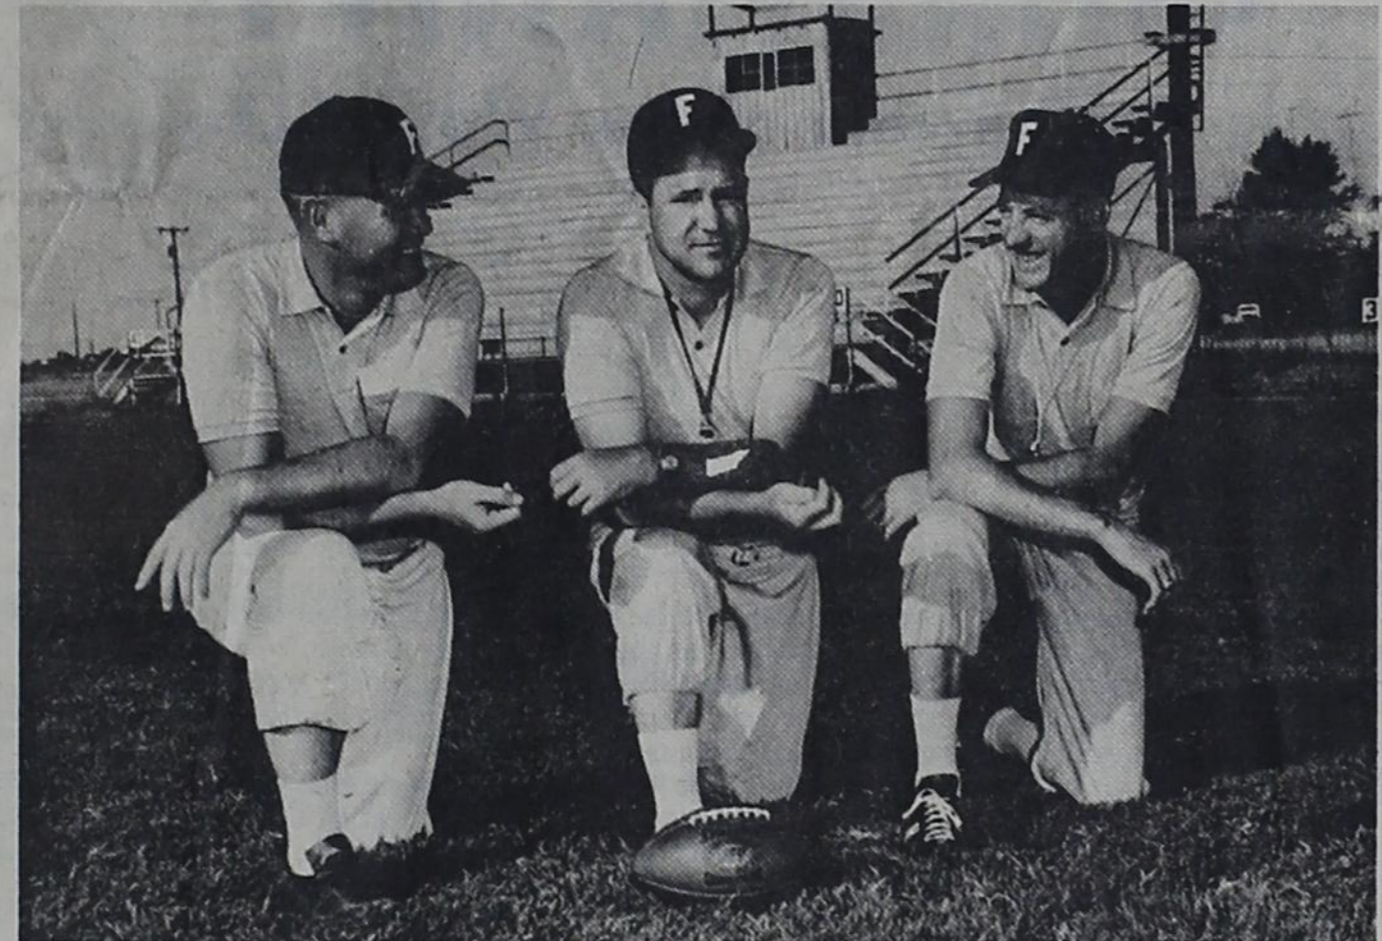

The local Methodists were pretty heated up over their religion this past Sunday. What happened, so we found out later, was that a water line leading to the building burst, and so the air conditioning system was incapacitated.

Those Methodists, who are used to a lot of comfort in their religion, had a hard time adjusting to a building cooled by the Lord's air conditioning, but they toughed it out in the end. If this doesn't prove anything else, it may prove that Methodists don't have to have much (Continued on Page 2)

# THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

8 PAGES      FIFTY-SECOND YEAR      10 CENTS

"That Time" Here Again! Few towns of this size have the interest and enthusiasm for football that Farwell does, and the men charged with the responsibility of guiding the Steers' football fortunes are in this picture of the coaching staff. From left, Vernon Scott, Dempsey Alexander, and Billy White. Farwell opens against Friona there September 6.

## Friona Queen Contest Deadline Approaches

One week from tomorrow (September 6) is the deadline for entering girls in Friona's Maize Days Queen Contest, Eva Miller, chairman of the contest, reminded this week. The contest is open to girls who are residents of Parmer County between the ages of 16 and 18 who will be high school students in a Parmer County school this fall. "We would like to urge the merchants and organizations to be punctual in getting girls entered, so as to give them more

time to work on the talent portion of the contest," Mrs. Miller stated. It was stated that entrants are not to wear corsages in the contest this year. Also this year, the bathing suit division has been eliminated, replaced by the talent portion of the contest. Master of ceremonies for the contest, which will be held Thursday, September 12, is to be J. B. Lynn, currently manager of Station KDHN in Dimmitt. Lynn is probably better

known throughout the Panhandle-South Plains area as KGNC's "Uncle Jay" a few years ago. In a special board of directors meeting by the Chamber of Commerce and Agriculture Tuesday night, it was voted to charge admission for the queen's contest this year for the first time. Charges of \$1 for adults and 50 cents for children will be made. "This will help considerably on the costs involved in the celebration, and will make the queen's contest more self-sustaining," said Porter Roberts, Chamber manager and general chairman for this year's celebration.

Winners in the queen's contest will receive cash prizes of \$50 first place, \$30 for second and \$20 for third. All entrants will receive a charm suitable for wearing on bracelets. It was decided that the girls will wear no shorts or swim suits during the talent portion of the contest. Street clothes will be worn during this portion of the contest and at the buffet supper prior to the contest. An entry fee of \$7.50 for each girl should be mailed by the sponsoring organization to the Chamber of Commerce and Agriculture, Box 905, Friona. As of Wednesday morning nine girls had entered the contest.

He's all ready for school to start. The happy grin on his face shows what second-grader Sandy Hart, son of the Bob Harts of Farwell, thinks about school starting Tuesday. He's eager to get back and see his friends that he hasn't seen all summer. Classes are scheduled to begin at 8:30 a.m., Sept. 3.

## Jaycees Plan Calf Project; Order Vests

The Farwell Jaycees met in a regular meeting, August 20, and were called to order by President John Christian. Committee reports were given on several projects for the club. Each project was discussed according to the needs of the community.

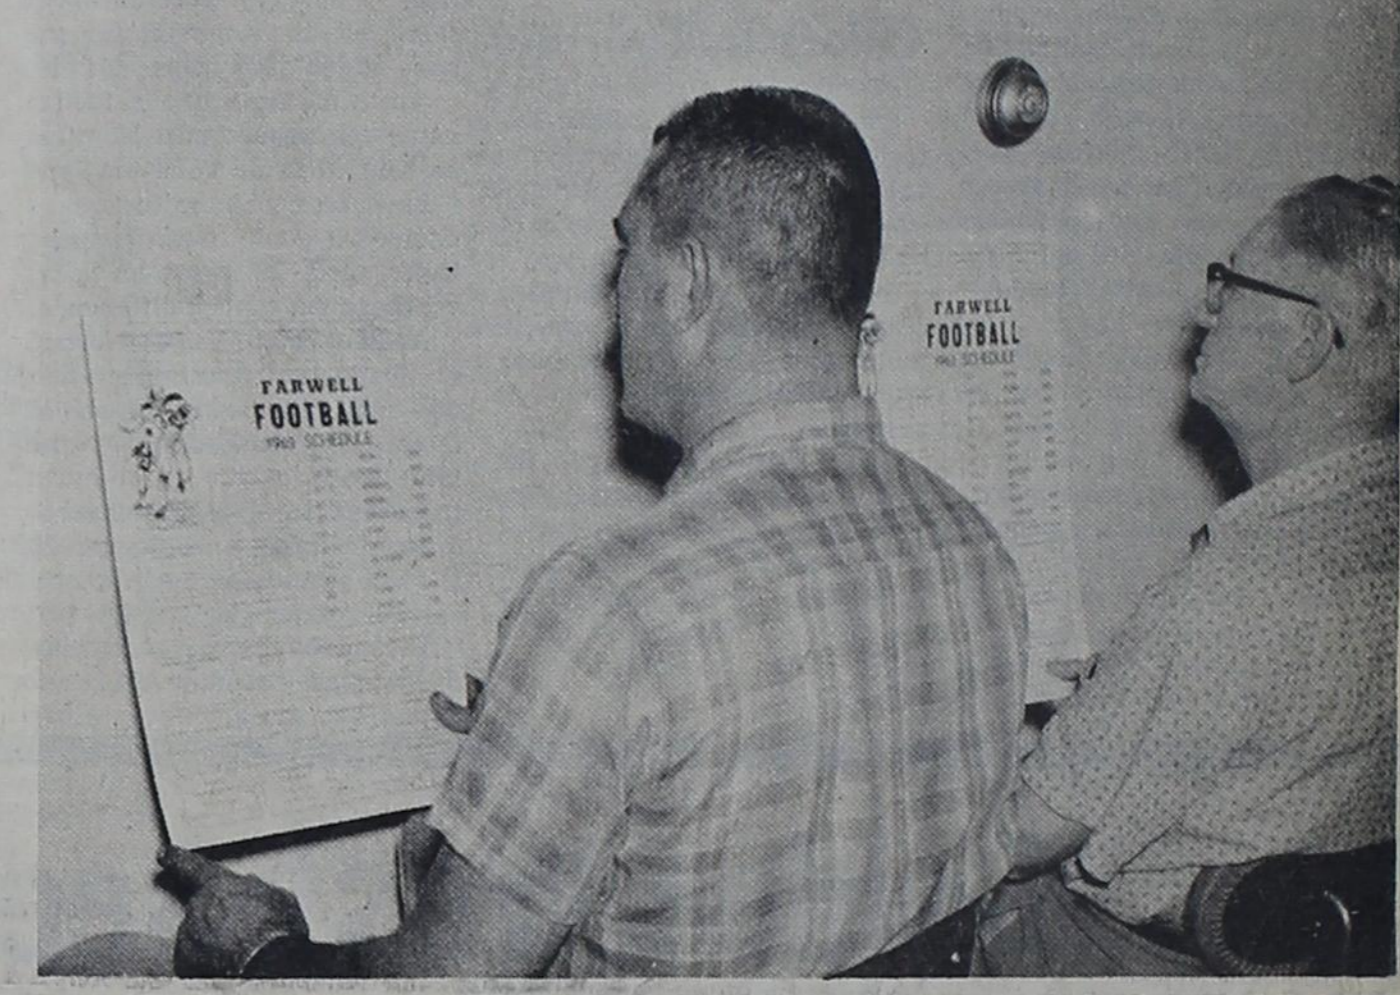

For a money making project, the Jaycees voted to purchase a 600 pound calf to be given away. The calf will be given away at the Steers first home football game, September 20. The club also voted to order Jaycee vests, with royal blue and gold piping, representative of their colors. The vest will display the Jaycee's emblem as well as the name "Farwell" on the back. Members in attendance were John Christian, Joe Tankersley, Eddie Traxston, Troy Christian, James Norton, Jerry Bradshaw, Lavon Jones, Billy Watts, and Gene Hardage.

## Inventory Sale Planned By Store

Change in management for Stone's Variety has been completed, with the business to be known as Dial's Variety. Mrs. Clytie Dial has purchased the business from the J. E. Stone family. A personal message of appreciation from the Stone family is included in this issue. Mrs. Dial is planning an inventory sale with information listed in an ad in this issue.

## Texico PTA Sets Monday Meeting

First meeting for members of Texico Parent Teachers Association will be Monday night, says Murray White, president, with an evening of fellowship planned. "Actually, it will be a get-acquainted evening" he adds, as he explains that teachers will be introduced. The meeting is set for 8 p.m. in the school auditorium. Mrs. Melvin Burns is vice president of the group; Mrs. Perry Winkles, treasurer; Mrs. Jack Eshleman, secretary; Mrs. Buddy Pearce, budget and finance chairman; Mrs. John Spearman, membership; and Supt. A. D. McDonald is education chairman.

READY TO GO--Studying the schedule for the Farwell Steers' in readiness for the annual Tribune football contest are Henry Haseloff and his father-in-law, R. S. Shuman, who tied for third in the contest last year. Mrs. Dempsey Alexander, wife of the head coach, finished first with 67 points; Champ Porter had 66 and Haseloff and Shuman both tallied 65. Haseloff had been ahead until the last week when he missed three; he was also a top contender two years ago. Contest begins next week.

## Lions Plan Broom Sale Sept. 6-7

Members of Texico-Farwell Lions will become door-to-door salesmen for a weekend, when they conduct their annual broom sale Sept. 6-7. Plans are to make a house to house canvass and to have salesmen situated downtown, in an effort to see as many people in the community as possible. Lions ask housewives to check

their cleaning supplies and leave orders for needed items with any Lion member. Articles for the sale are made by Lighthouse for the Blind which employs blind persons. Funds are then used to support the sight conservation program, Little League ball park project, and other charitable programs. Otis Huggins is in charge of the sales.

Not only will brooms for household and commercial use be sold, but other items such as mops, rubber floor mats, ironing board covers, clothes pin bags will be on hand. Also on the agenda for the near future will be the annual light bulb sale.

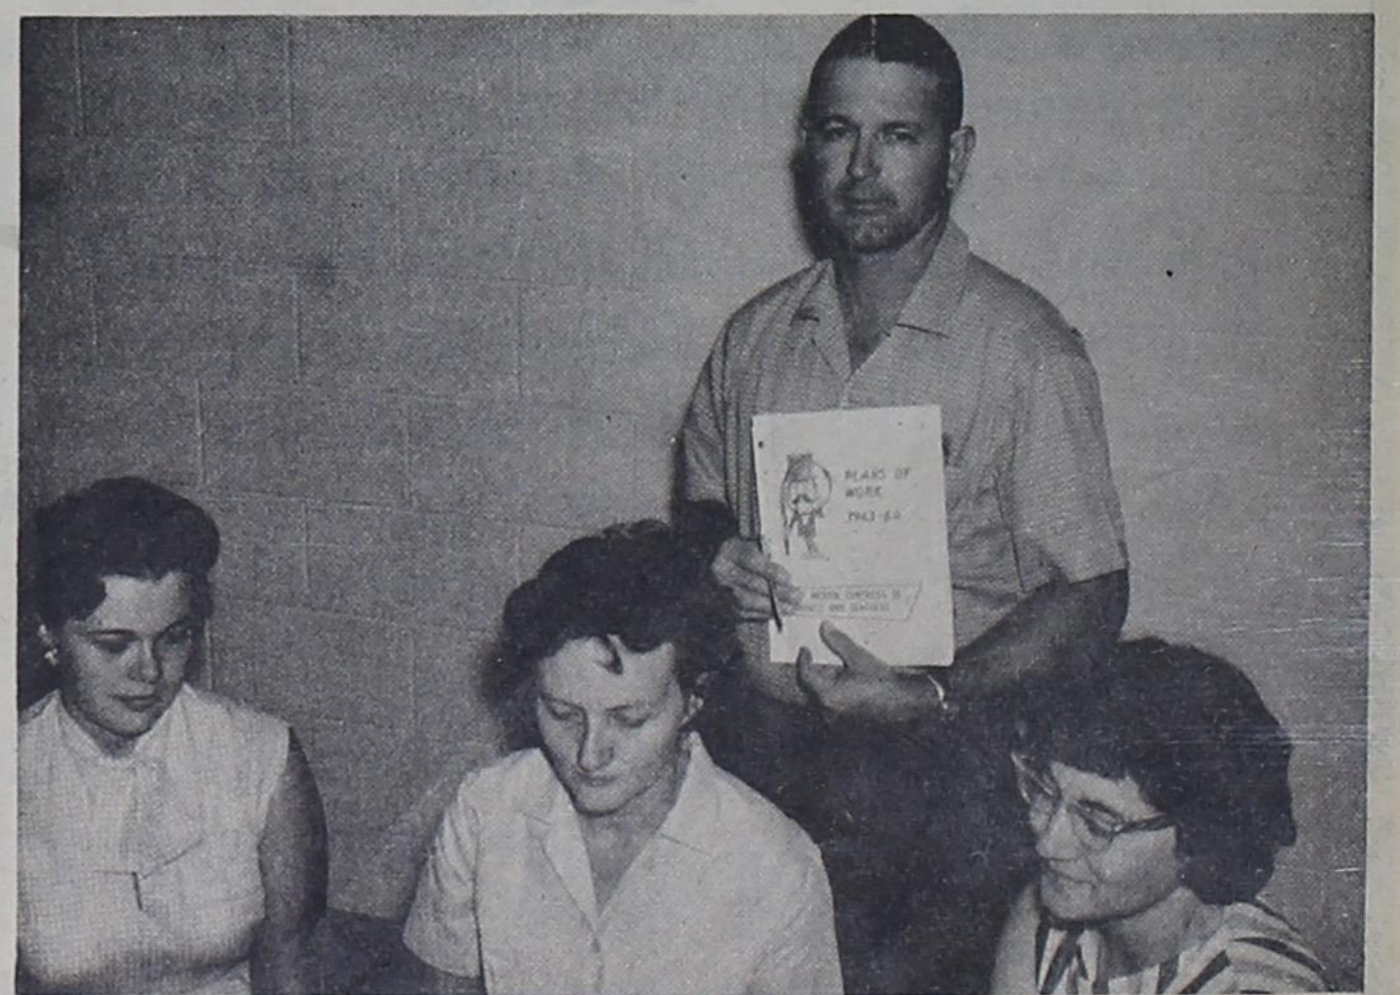

## Men To Be Charged With Theft

Rhea Elevator was burglarized Saturday night, and two colored men, Billy Joe Lewis and James Alton Love Jr. were picked up in connection with the crime that same evening. The two men are in custody in Clovis, where they have been charged with car theft, says Chas. Lovelace, Parmer County sheriff. The men allegedly stole a pickup in Clovis, burglarized the elevator, and were caught in Texico in the stolen vehicle. The men will be charged in New Mexico with car theft, and

Lovelace says burglary charges will be filed in Parmer County. He adds that both men are ex-convicts, with Lewis tried and sentenced in Parmer County in 1961 for burglary of Williams Mercantile in Bovina. In other county business, two DWI cases have been on docket. Benito Reyes pled guilty in county court Tuesday and was fined \$100 and costs. He was picked up Saturday night in Friona. Patricio Lucero was picked up at Lazbuddie and has been charged with DWI.

## Court Approves Bond, Request

Bond of Hugh Moseley, who will take office as Parmer County tax assessor-collector Sept. 1, was approved when members of Commissioners Court met Monday. Moseley has been appointed to fill the unexpired term of Lee Thompson, who resigned the position last month. In other business, the court members reviewed the request of West Texas Telephone Co-operation for permission to bury underground cable upon, under and across public roads in the county. After a review, members approved the right of way for the company.

Getting ready for the first meeting of Texico PTA were officers and committee chairmen Tuesday afternoon. Discussing plans are Mrs. Jack Eshleman, Mrs. Perry Winkles, Mrs. Buddy Pearce and Murray White, president. First meeting is Monday night.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

HI:
I made it to Spain-- naturally NOT by the interesting ways I had anticipated. Seems as if I had to leave early -- just about two weeks early. This early departure cut the trip to New York and Philadelphia off completely. Mother, Daddy and Carl Glenn took me to Amarillo where I met Glenda Green. From Amarillo, we flew to Washington, D. C. via Lubbock, Dallas and D. C. We spent Saturday night Aug. 11, in D. C. with Glenda's sister and family, Mr. and Mrs. Joel Wheeler. One never knows the vastness and enormous amount of people until one sees all the apartments "loaded" with people from all over.
Sunday, Aug. 12, we flew from D.C. to Philadelphia where we were driven in a limousine to McGuire AFB. After our processing we boarded a commercial plane with 140 other people, naval personnel, air force dependents and school personnel. The flight took about 10 hours. We even learned to find our mouths when the airplane hit

air pockets while we were "trying" to eat.
Please send The Tribune...

(Editor's Note: Glenna, daughter of Mr. and Mrs. Carl Davis, has accepted a school teaching position in Spain, and was enroute to her new home.)

Oilers In Tourney

The Helton Oilers have entered the Clovis Jaycee Softball tourney to be held this weekend at the Jaycee Field at Hillcrest Park.
The Oilers are scheduled to play the Jaycees at 8 p.m. in their first game. The complete tournament schedule was not available.
Six teams have entered the double elimination tournament. They are: J&B Package Store, Clovis; Sain's Fence Co., Melrose; KCLV Radio, Clovis; Helton Oil Co., Whites Auto, Portales; and Texas Merchants, Lubbock.

water, but what little they use is mighty important.
Austin is supposed to be the city with perpetual moonlight, and those tall blue-looking lights that illuminate the city are pretty impressive.

Farwell has a long way to go to catch up with Austin, but it is amazing how much of the city is lighted up when they turn on those lights at the football field now.
The new bank of high-energy lights that were installed for this season have really made a difference.

Now that Texas has upped the speed limit to 70 on most of its highways, I should be one of the happiest guys around. Truthfully, I'm very pleased about this, but it is mostly for the sake of the other guys, not me.

About the time they decided to raise the speed limit 10 miles an hour, that old worn-out Ford I have been driving for years decided it would lower its speed limit about 20 miles an hour, so there isn't much difference.
And now that I've been forced to trade for something that will run, I've settled on one of those low-powered jobs that isn't likely to get me in much trouble in the speedtrap department. If I push it much over 70 it isn't the speed ticket that's apt to bother me, but the bill I'll soon have to pay to have the engine screwed back together again.

Lazbuddie Preps For Home Opener Sept. 6

Over thirty prospects are working out as the Lazbuddie Longhorns prepare for their 1963 football opener against Wilson at home on September 6.

Coach Charley Walton begins his second season as head coach of the Longhorns, who plagued by injuries posted a 2-8 record last year.
"We're still just a year or so away, I'm afraid," Walton said. His statement is borne out by the fact that 19 members of the squad are either freshmen or sophomores.

Mac Brown, 140-pound senior halfback with three letters will be one of the team's spark-plugs. The Longhorns will have lettermen at all positions in the backfield. Lloyd Bradshaw, a junior halfback, has lettered once, although on defense, full-back Johnny Mabry has two letters, and quarterback Kenneth McGhee and Hoppy Jennings both have lettered, McGhee twice.

"We'll be fairly adequate in the middle of the line, with five lettermen up front, although we have very little depth," Walton said. He also pointed out that the Longhorns are starting out weak at the end position, where no lettermen re-

turn.
Lazbuddie has a new assistant coach this season. Bobby Robbins, who played football at Howard-Payne, is the new coach. Last season he coached the entire athletic program at May High School near Brownwood.

Walton says he looks for Vega to be strong in District 2-B play, "although it could be a four-team race with Hart, Bovina and Happy all in there scrapping."
Those out for the team to date include:
Ends--Timmy Foster, David Nelson, Bobby Morris, Leon Watson, D. H. Foster, Richard Gordon and Ricardo Flores.
Tackles -- Charles Ramage, Lewis Seaton, Theron Vaughn, Buddy Embry, Guards -- Danny Miller, Royce Barnes, Johnny Mitchell, H. W. Moore and Darrell Mason. Centers--Billy Jones, Sammy Harlan and Gary Eubanks.

Backs--Mike Hinkson, Alfred Steinbock, Gary Matthews, Sept. 27 Cooper, t
Oct. 4 Amberst, t
Oct. 11 New Home, h
Oct. 18 Whittharel, t
Oct. 25 \*Vega, h
Nov. 1 \*Bovina, h
Nov. 8 \*Hart, t
Nov. 15 \*Happy, t
\*District 2-B

James Koelzer, Hoppy Jennings, Craig Schuman, David Wimberly, Johnny Mabry, Lloyd Bradshaw, Gary Coker, Mac Brown and Kenneth McGhee.
The Longhorns' schedule reads:
Sept. 6 Wilson, h
Sept. 13 New Deal, h
Sept. 20 Open

CHRISTIANITY Is The Bulwark of Our Way of Life

LEROY LOOPER

THE LIGHT OF THE WORLD
John 8:12
In a physical sense the sun is the light of the earth; in a spiritual sense Jesus is the light of the world. In His eternal being "God is light, and in Him is no darkness at all." 1 John 1:5.
Today it seems that there is no real hope for our world. Nothing but darkness seems to over shadow us. With world conditions as they are and they seem to be getting worse with each passing day we raise the question where is there any hope? With this question on my heart then I hear the Master say, "I am the light of the world: he that followeth me shall not walk in darkness, but shall have the light of life."
I am reminded also of the many times in the New Testament that Jesus the Son is called "Light." "In Him was Life, and the life was the light of men." "The true light." "I am come a light into the world." "Yet a little while is the light with you." "As long as I am in the world I am the light of the world." These verses mention a few times that He is called light but right here the picture changes for he said as long as I am in the world I am the light of the world so where is our strength now?
I believe that He made provision for this very hour when in the Sermon on the Mount He declared to the Disciples "Ye are the light of the world," Matt. 5:14. Also he said "Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven. The Lord therefore, desires that our hope in life shall be seen in the life of each of His followers."
So in view of the fact that world conditions are not so bright and promising we still have light in the world. For the Bible says in Romans 8:37 "Nay, in all these things we are more than conquerors through him that loved us." Therefore, the child of God will win even though we appear to lose for we have conquered all in Him who is come a light in the world and now that light is reflected in the life of His children.

Farmers are important customers of business and industry. They spend about \$28 billion a year for equipment, goods and services and another \$15 billion a year for family living expenses, according to the U. S. Department of Agriculture.

# THE HIGH PLAINS FARM AND HOME

## Hargrove-Williams Deliver First Milo

Parmer County's 1963 grain sorghum harvest has begun. The first loads of milo were received at the Farwell Sherley-Anderson - Pitman elevator Monday afternoon. They were delivered by Elmer Hargrove and Don Williams from their farm eight miles south of town.

The farmer partnership was paid a bonus of \$25 for the first load of grain for the year. The grain was cutting out approximately 6,000 pounds per acre, according to Williams, and tested 17 per cent moisture.

The normal date of around October 20. There have been some hot and dry spells during the growing season for this year's crop, after a wet and cold spring that got the crop off to a slow start.

FIRST LOAD OF GRAIN in Parmer County for 1963 was delivered in Farwell Monday by Elmer Hargrove and Don Williams, who farm eight miles south of Farwell. The first load came a good two weeks earlier than last year's first.

### FOOTSAVING EDUCATION

by James E. Edwards

**Foot Care For Children**  
If you are a mother of an infant you are having regular check ups for it; be sure to include his feet, because from childhood to maturity ones feet are changing. One foot contains one fourth of all the bones in the body (26 bones, 33 joints) all of which in infancy are soft and pliable. Ill fitting shoes or socks that are too short even in babyhood causes foot damage.

Continued neglect of your child's foot needs can produce many illnesses, the most common is poor posture, fatigue, irritability, persistent nervousness. Even the enjoyment of the most simple pleasures of walking and running cannot be enjoyed.

Your child's life time foot health and comfort, unless he is born with some defect, is actually up to you.

Next week, - for your information we will present the first principle.

### Screwworm Cases Down; Critical Stage Upcoming

The number of screwworm infestations being detected in the Southwest has dropped to the lowest levels since spring, screwworm eradication officials have announced.

Texas livestock producers, who have been reporting an average of 100 infestations each week during the summer, detected only 13 cases during each of the past two weeks. New Mexico has also experienced a decrease.

At the same time that the native fly population has been declining, sterile fly production

at the Mission "fly factory" is reaching new highs. More than 132 millions flies were reared, sexually sterilized and distributed by airplane in the Southwest last week. Eradication officials expect to bring production up to an average of 135 million flies per week.

The action taken by livestockmen during the next few weeks could well determine whether they will experience the usual build-up of screwworms which follows the arrival of cool, wet weather in the fall, said Dr. S. C. Gartman, U. S. Department of Agriculture veterinarian.

Dr. Gartman, Federal co-director of the eradication program, pointed out that if producers prevent infestations from developing now while the native fly population is low, the danger of a fall build-up will be lessened.

He recommends that producers check their livestock at least twice a week and treat wounds with preventive smears and sprays. Samples should be collected from worm-infested wounds and sent to the Mission laboratory for positive identification. The wound should then be carefully treated to kill all remaining larvae, Dr. Gartman said.

### Federal Crop Insurance Has Record Amount Of Protection

With the 1963 crop year well under way, a record total of more than \$470 million of farm crop production investments is protected by Federal Crop Insurance, the U. S. Department of Agriculture announced today.

"Although the sales period for citrus in Florida and oranges and raisins in California has not yet ended, this \$470 million of protection is already the highest in the 25-year history of Federal Crop Insurance," reported Manager John N. Luft of the Federal Crop Insurance Corporation.

Acres and number of crops protected by Federal Crop Insurance has risen sharply this year. Over 420,000 crops on 13 million acres are now insured against production cost losses from natural hazards, Mr. Luft said. This is 57,000 crops and nearly 3.5 million acres above the 1962 crop year.

protecting farmers in 1,096 counties in 38 States, will make its service available in 100 more counties for the 1964 crop year. Names of these counties and the crop programs offered are now being announced. In counties where winter wheat is grown, Crop Insurance salesman are now taking applications, Mr. Luft stated.

Federal Crop Insurance is a voluntary, self-help service offering the farmer protection of his crop investment against loss from all natural hazards to most of the 20 crops on which the insurance is available. Some specialty crops -- such as citrus, raisins, cherries and peaches -- are insured only against loss from particular causes such as freeze and wind damage. The service operates like any other insurance plan, with farmers paying yearly premiums based on local crop production and loss history and with payments for loss being paid from this premium fund.

"This means," explained Mr. Luft, "that the premium payment of a Kansas wheat farmer who had a good crop went to help pay for the crop investment lost by a Florida citrus grower whose grove was damaged by freeze. In other years, the procedure may be reversed, with money from citrus premiums going to a drought-stricken area in Kansas.

helps growers take a business-like approach to the problem of protecting their capital investments, their credit and their community economic strength. When crop damage hits an area, it hurts everyone for miles around - merchants, equipment dealers, bankers - every business and profession feels the loss. There are ghost towns in this country caused by areawide crop losses from drought and other natural hazards.

Instant appeal is shaped into the rich, brown dyed squirrel collar which adds a luxury-look to Bettjean's value - coat. Outstanding detail is featured front and back. Buttoned with squirrel, it is equally smart worn free. Wool CONTINA in a wonderful color-range is the coating.

Thinking about a new tractor?  
IT'S TIME TO TEST CASE.  
...and when you do, we'll present you with a handsome, dependable TIMEX WRIST WATCH  
When did you buy your last tractor - four or more years ago? Then maybe you don't realize what a whale of a tractor a new Case is!  
And it will pay you to find out. Discover the power, the performance, the handling ease, the economy a Case Tractor can give you. See what better, faster work it makes possible, and now's the time to do it.  
Just tell us what tractor-power you need. Tell us when you'd like us to come over. And when you've test-driven a new Case on your own place - on any kind of job - you will get, without any obligation on your part, that good-looking Timex wrist watch free. Any bona fide tractor prospect can qualify.  
Just call, or drop in. We'll schedule a demonstration to suit your convenience, wherever you say.

# SCD Tour Set Next Thursday

The annual Farmer County Soil Conservation District farm tour will be held next Thursday, beginning at 1 p.m. at the Hub Community Center. Following the tour, the SCD's outstanding "Conservation Farmer of the Year" will be announced. This year, there will be just a single tour, as opposed to separate tours in various parts of the county, as has been the custom in recent years. Friona State Bank will furnish refreshments for those attending the tour. Transportation for the tour will be provided by the Soil Conservation Service. From Hub, the tour will go east to Eddie Joe Hall's farm, where Hall's curved rows for water conservation will be featured. The group will see Billy John Thorn's "cool season pastures, and the farm-sized feedlot at C. W. Tannahill's farm. At the A. L. Black farm, the group will see newly-seeded alfalfa, as well as an experimental plot of sugar beets. The Eugene Boggess farm will provide a display of graded borders, as will that of Bob Jones. A tailwater recovery system will be featured at the J. B. Taylor farm. Gilbert Wenner's Bermudagrass pasture will be seen, as will the grassed waterway at Billy Baxter's farm. The tour is expected to be finished by 4 p.m. The group will return to the community center for refreshments, and the announcement of the outstanding farmer winner.

### WEEDS ARE ROBBERS

Weeds steal nutrients from right under the roots of our cultivated crops. For example, one ragweed plant in a corn field uses as much moisture as three corn stalks, and a wild mustard weed will take as much nitrogen and phosphorus from the soil as two oat plants and as much water as four oat plants.

## At Home In Parmer County

By CRICKET B. TAYLOR County HD Agent

This is the time of year for picnics, patio parties, and outdoor cookery and there are so many wonderful foods to enjoy such as melons, fresh tomatoes and many other vegetables to be used in salads. The main dish is always important for a picnic or outdoor meal. A quick, easy way to prepare the main dish for a cookout meal is to cook on skewers "Shish-Kabobs" are

delicious and different. The young members of the family love doing this. There are many possibilities, for instance you may have all meat on the skewer or alternate the meat cubes with a combination of vegetables such as tomato wedges, chunks of carrots, pieces of green pepper and onions. A basic, "Shish-Kabob" is made of boneless meat, cut in one and one-half or two-inch cubes. Beef, lamb, or ham or pork may be used. With lamb or veal, use the shoulder or leg; with beef, use the round, chuck or rump. Allow one-half to three-quarters pound per person. Prepare meat by simply brushing with lemon juice and olive oil or marinate from two hours to two days in the following: 1 part lemon juice to three parts olive oil seasoned with crushed garlic, salt and pepper and if you wish, add some thyme, oregano, bay leaf or cummin. Now string cubes on your skewers -- If you like the meat rare, push the cubes closely together. For all-round crispness, separate the chunks on the skewer. Broil over coals. This takes 10-16 minutes, depending on how well done you want the food. This can be a new experience in food fare for all members of the family.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

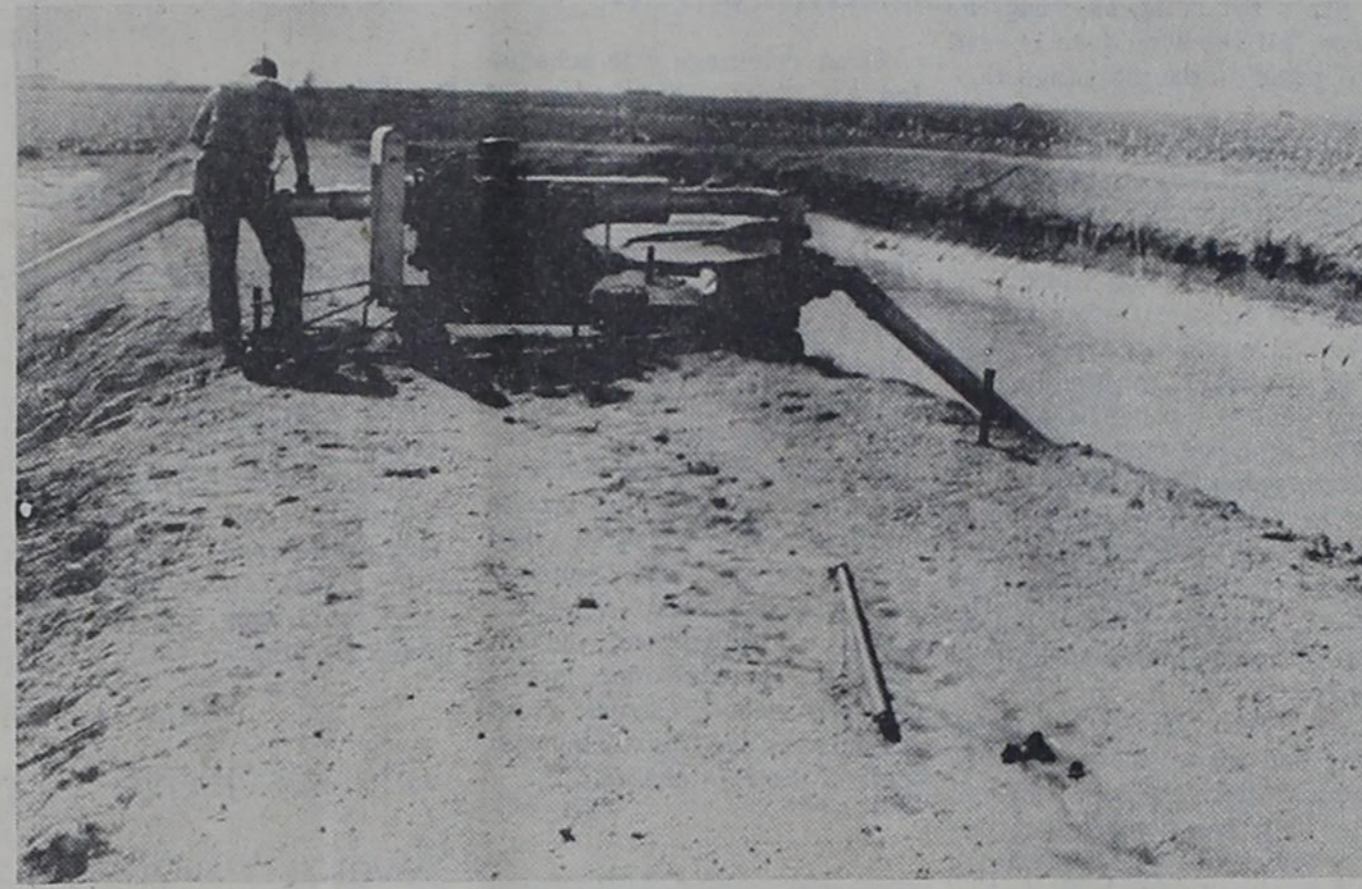

Organization names are often misleading. Take for instance the American Civil Liberties Union. This sounds like a very American type of organization. It is, in fact, just the opposite. This organization is the one that is now involved in the filing of a suit with the Los Angeles Superior Court declaring that the inclusion of the words "Under God" in the American Pledge of Allegiance is unconstitutional. Similar groups are responsible for the exclusion of the slogan, "In God We Trust" from the face of some of our U. S. currency. These are things that some people jokingly said would follow the U. S. Supreme Court ruling against some traditionally Christian practices in our public schools. It turns out that it is not a joking matter at all. These actions being taken by the mistaken are not the final actions planned by increasingly successful subversive groups. America was founded on the basis of freedom of religion, not as an escape from religious groups, but from government regulation of religion. The Farm Bureau Weed Committee met in Friona Monday night to check on progress of the bindweed eradication program for this year. We still point with pride at the success of this ten-year-old Farm Bureau sponsored program that has kept bindweed under control. The success of this program is evident all around the county line. Have you noticed it? "I can assure you that this flag will be returned to this brigade in a free Havana." Thus did President John F. Kennedy address the 2506th Cuban Invasion Brigade in Miami's Orange Bowl on December 29, 1962. Have you written your congressman about anything lately? These are times when citizens should keep their representatives in high places aware of their desires for their country. Remember that the thirtieth of September is the last date for filing for refund of the four cents per gallon on farm used gasoline for a full year. Check your state tax invoices while you're at it. CONSIDER THIS: The horse is prepared against the day of battle; but safety is of the Lord. Proverbs 21:31

### HOT WEATHER VS. OVERWEIGHT

Those extra pounds may add up to more discomfort during this hot weather. Some carefully planning now plus lots of will power will lighten the load a bit. "A safe way to reduce is not an easy way, and an easy way is not a safe way." This may be well worth remembering. Many factors play a part as to whether a person should reduce and how fast one should lose weight. It is generally agreed by best authorities that normal weight loss should not exceed two pounds per week. This may seem slow, but the most effective weight reduction diets are low in calories, and low carbohydrates (sugar and starches). A variety and balance of essential foods is still needed by the body. It is really easier for a person to stay on a reducing diet which includes a variety of foods as well as foods familiar to the individual. Calories DO count. Some foods are lower in calories than others, but remember one can eat more calories than their body can burn up, even when eating low-calorie foods too. Weight control workshops have proven to be a very good method to help the overweight, the right way. There are some things that one can do best alone while for others it can best be done in a group. If further information is needed, come by the Home Demonstration Agent's office for information.

## Texas Gains On Corn Belt In Fed Cattle Production

Although the Corn Belt still ranks first in the production of fed cattle, this region is rapidly losing its monopoly in the cattle feeding business, says Ed Uvacek, livestock marketing specialist, Texas Agricultural Extension Service. In the early 1930's the Corn Belt accounted for 83 per cent of all cattle on feed, but in 1963 only 7.9 million head, or 67 per cent of the feed cattle were from these states. The western states now report over five times as many cattle and calves on feed as they did 30 years ago, says Uvacek. Texas is not the least of the competitors for a part of this cattle feeding business, says Uvacek. The state will feed three times as many cattle and calves in 1963 as it did in 1958. This means that more than 850 thousand head should be marketed from Texas feedlots this year, he says. The increased production of feed grain, a stronger demand for fed beef, and good supplies of feeder calves have stimulated cattle feeding in Texas says the specialist. In 1958 Texas ranked as the 13th most important cattle feeding state in the U. S., while in 1963 the state was the 6th most important feeding state. This increase came mainly because of the added number of large feedlots, says Uvacek. About 88 per cent of the cattle and calves on feed were in these lots, which have capacities of 1,000 head and more. In 1956 there were only 63 such lots in the state and now 203 are operating. Uvacek points out that last year Texas produced 463 million pounds of fed beef and consumed 329 million pounds, making the state a surplus beef producer.

TAILWATER RECOVERY SYSTEM such as this one on the J. B. Taylor farm will be featured on the annual Soil Conservation District tour next Thursday, which will originate at the Hub Community Center. SCS PHOTO

### Panhandle Sets Antelope Harvest

Antelope counts west of Dalhart and in five other north Panhandle antelope counties totaled 3,072 head this year. In order to keep populations well balanced, biologists are recommending the harvest of 350 bucks and 194 does on Panhandle ranches between September 28 - October 1, both days inclusive. Landowners will receive permits based on the number of surplus antelope present on their property, to be disposed of at the landowner's discretion.

ALLAN H. WHITE, JR.

### White Resigns HPUWCD Post

The High Plains Underground Water Conservation District has recently announced the resignation of Allan H. White, Jr. White, long-time editor of "The Cross Section," the District's monthly publication, and Director of Education, has resigned to accept a position with the Federal Land Bank of Texas. For almost 10 years, he has been a member of the Water District staff. White, a native of Amherst, is married to the former Helen Heathman of Littlefield. They have two sons and will continue to reside at 4407 - 45th Street in Lubbock.

### On The Farm In Parmer County

By DERYL COKER County Agent

It will soon be wheat sowing time, and to date there has been very few soil samples submitted. Practices that you should use in growing a crop, offer the best pay, or in some instances the only pay, when they are found in proper combination with irrigation, crop history, variety, soil type, planting date, weather and other factors often cause more change in response to a practice, than variation from changing the practice itself. In other words, a chain is just as strong as its weakest link, so don't let fertilizer be your weak link. Here is the Dee Brown demonstration on wheat. Note that where Phosphorus was not applied, yields fell off sharply. If you study this demonstration you can see that a balanced fertilizer ratio is very important.

FERTILIZER RESULT DEMONSTRATION ON WHEAT CONDUCTED BY: DEE BROWN and Southwestern Great Plains Field Station at Bushland

1. Variety - Concho		
2. Fertilizer applied - Sept. 28, preplant		
3. Date and rate of seeding - October 2 - 90 pounds per acre		
4. Soil type - Amarillo fine sandy loam		
5. Irrigation - preplant, plus 3 during growing season		
6. Crop history - 1958 millet, no fertilizer, 1959 sesame 70# N/A - 1960 wheat, 100# N/A		
7. Remarks - Nitrogen and phosphorus were figured at 10¢ per unit for simplification. Wheat was figured at \$1.75 per bu. Extra harvest cost 10¢ per bu. and extra hauling cost 5¢ per bu.		

FERTILIZER TREATMENT	YIELD B/U/A	TEST WT. LBS/BU	BU/A INCREASE OVER CHECK	VALUE OF INCREASE	FERT. COST	EXTRA HARV. COST	NET INCREASE PER/A

# Mills, A - 2C Spiewak Married In Portales

In a Friday ceremony in Portales, Miss Cheryl Mills, daughter of Mr. and Mrs. Prentice Mills, became the bride of A-2C Bob Spiewak, son of Mrs. Anna Spiewak of Chicago, Ill. The wedding was performed by the justice of peace in Portales.

The young couple will be at home at 912 Prince St. in Clovis, where he is stationed at Cannon Air Force Base. Mrs. Spiewak will continue her work as an employee of the county clerk's office in Farwell.

# Danny Johnson Feted With Stag Wedding Shower

The Leon Billingsley home was the scene for a unique wedding shower for the bridegroom, August 19, honoring Danny Johnson.

Charles Roberts, Joe Reed, Ronnie Reed, Barry McCuan, Dean Crume, Mike Landrum, Kenny Smith, Clifford Nicholson, Kerry Hubbell -- and Bruce Billingsley, Lawrence Cooper and Leon Billingsley, acted as hosts.

# Modern Homemakers Club Has Meeting

The Texico Modern Homemakers Club met this past week in the home of Mrs. John Hill. The members made out the programs for their yearbooks at this meeting.

Those present were Kenneth and Bill Johnson, Nolan Wesson, John West, Clarence Christian, E. W. McGuire, Bill Hubbell, Donald Jones, Sterlyn Donaldson, Troy Christian, Donald Christian, Vernon Symcox, L. L. Cooper, Wilfred Quickel, Robert Morton.

# JOTTIN'S

By Jeanne

We hate for any of our loyal Tribune subscribers to miss a paper and we do everything possible to avoid this. But sometimes, our error has its compensations.

If Sharon Coffman Wilson had been getting her paper on schedule, I wouldn't have had the opportunity to visit with her briefly Wednesday morning.

Anyways, I intend to get her back on the Tribune lists as soon as possible. She didn't say that she came all the way from Wynoka, Okla. because she missed her paper, but I like to think that not reading about all her friends might cause her to be a little homesick.

When the 8-year-old asked to go play with a friend and I asked the friend what his mother was doing, I really appreciated his comment.

Knowing this busy Mama, I thought it was an interesting observation by her son.

Jeanette and Ken Hanks are back in Roswell, after having lived in Austin for a year while Ken was working on more college hours through a science grant.

As their family expanded, they had traded their one-bedroom trailer for a two-bedroom one; their new home is a three-bedroom house with a place for a darkroom for Ken.

# Cassadys Have Guests

Guests in the C. A. Cassidy home in Texico this past weekend were Mrs. Cassidy's brothers and sisters.

They all attended a reunion in Friona at the home of the Doyle Cummings family. Those attending were Mr. and Mrs. T. J. Reeves, Plainview, Mr. and Mrs. A. L. Smith, Fresno, Calif.; J. D. Smith, Nashville, Ark.; Mr. and Mrs. James Barefield, Quitaque, Mr. and Mrs. Glen Smith, Lubbock, A. G. Smith, Nashville, Ark., and Mr. and Mrs. C. A. Cassidy, Texico.

For the second straight summer the high scorer in the Texas Coaching School All-Star basketball game was a Texas Tech prospect. Last year John (Dub) Malaise of Odessa led pointmakers with 15. This August Bob Glover of Dallas Jefferson sank the North's first three field goals en route to tying the All-Star game record of 20 points.

# Betty True-Allen Teel Feted With Rehearsal Dinner

The Spur Restaurant in Texico was the scene for a rehearsal dinner given to Betty True and Allen Teel, Friday evening, August 23.

Mr. and Mrs. Elmer Teel, parents of the groom, hosted the occasion.

Gas lights and bouquets of flowers from the Teel's gardens decorated the tables.

Those attending were the honorees; Mr. and Mrs. C. P. True, Mr. and Mrs. Elmer Teel, Mr. and Mrs. Jerry Hill, Mr. and Mrs. Jerry Elliott, Suzanne and Marilyn Standridge, Gary Slimmer, Barbara Brown, Linda Campbell, Doug Foster, Wiley Teel, and Joe and Peggy Teel.

# Baby Is Improved

Marty Javon, infant son of Mr. and Mrs. Don Jones, Farwell, is reported to be much improved at the Clovis Memorial Hospital.

The infant was born last Monday, August 19, and was being kept under oxygen for a lung disorder.

He was removed from the oxygen tent Saturday and is now taking food. His maternal grandmother, Mrs. Ernest Kube, says they feel he is well on his way to recovery.

Mrs. Jones was released from the hospital last week and is also reported to be in good condition.

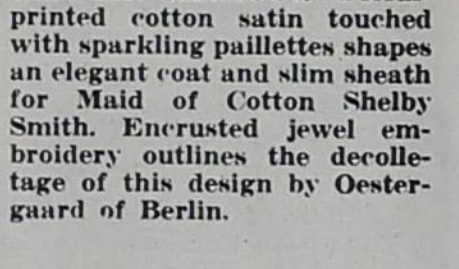

# Rummage Sale Planned 7th

First rummage sale scheduled by Theta Rho chapter of ESA will be held Sept. 7 in the former Kirkland Pump building adjacent to The Cover Shop.

The sales are usually held in October, says Mrs. Helton, but the organization plans to set an early sale to determine if the time would be more suitable.

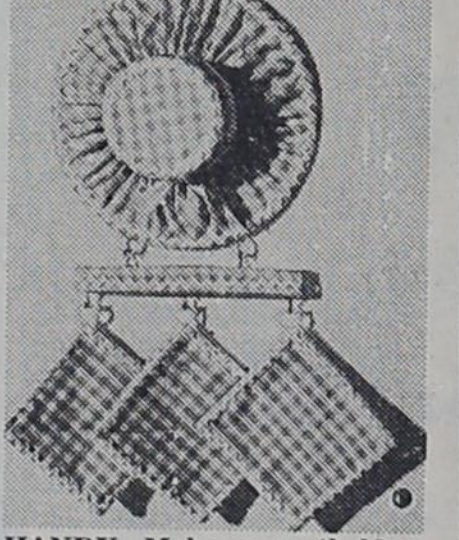

Anyone wishing to donate rummage to the group is asked to contact any ESA member as soon as possible. Household items, old furniture, dishes, most any usable item is requested.

Money derived from the sales is used for worthy projects of the ESA chapter.

GERMAN GLAMOUR—Floral-printed cotton satin touched with sparkling paillettes shapes an elegant coat and slim sheath for Maid of Cotton Shelby Smith.

Homemakers can figure a yield of about 10 ounces of lean cooked meat from a pound of round steak, reports the Department of Agriculture.

HANDY—Make gay potholders from checked cotton feed or flour bags for a practical kitchen aid.

MM We Are Always Happy to be of Service to You RALPH HUMBLE Farwell, Texas

# Ladies Auxiliary Cheryl Mills Feted Has Meeting

The Texico Ladies Auxiliary had their regular business meeting last Monday evening at the Texico Fire Station. All business was attended to and the Auxiliary wishes to thank all the residents of Texico-Farwell who donated clothing through the Auxiliary for the needy residents of Alto Beni, Bolivia.

Pat Webb, hostess for the meeting, served soda pop and cookies to Ruby Adams, Tommie Snodgrass, Gladys Johnson, and Bernice Thigpen.

Saturday, the ladies visited Mrs. Jim Moss of Texico, who is recuperating in her home from recent eye surgery.

# JaDan Sudderth Is Six Years

JaDan Sudderth, son of Mr. and Mrs. J. B. Sudderth of Oklahoma Lane, celebrated his sixth birthday, August 27, with a party in his home.

A mountain-shaped birthday cake, frosted with chocolate and decorated with cowboys and Indians, was served with ice cream

# Ruth Class To Host Salad Supper

The Ruth Sunday School Class of the Farwell Baptist Church will host a salad supper for the Friendship Class Monday, September 2, at 7 p.m.

Miss Maudean Barnes of Lubbock, who is a student at Hardin-Simmons University in Abilene, will speak on her recent world tour and show illustrative slides.

# Vincents Have Several Visitors

Mr. and Mrs. L. R. Vincent have entertained friends and relatives, with Mr. and Mrs. R. W. Cross and son, Duane, visitors from Tuesday until Saturday of last week.

Mr. and Mrs. Don Summers and sons, Terry and Marty, of Beaumont, Calif., and their friend, Craig Williams of Palm Springs, and Mr. and Mrs. R. E. Summers of Clovis were Wednesday night guests.

Mr. and Mrs. Paul Havens and son, Wayne, and Miss Clara Robinson of Childress spent the weekend in the Vincent home, as did Mrs. Lee Rothwell of Childress.

Mr. and Mrs. Dewey Rothwell, Priscilla and Gary, of Lubbock were Sunday morning guests, and Sunday night, Mr. and Mrs. Ewell Vincent and Mrs. Syble Horton and daughter, Ladell of Dallas, were visitors.

Arriving late at his son's fraternity house, the father banged on the door. "Does Jim Smith live here?" he asked. "Yeah," came a shout from upstairs, "carry him in."

# Ladies Auxiliary Cheryl Mills Feted With Bridal Shower

Miss Cheryl Mills was honored with a bridal shower in the parlor of the Texico-Farwell Hamlin Memorial Methodist Church, last Friday, August 23, preceding her marriage that evening, in Portales.

Hostesses for the occasion were Mmes. Calvin Blain, Walter Kaltwasser, Adolph Hasehoff, Bill Strain, Bill Prince, Jack Williams, Smokey Gast, Virgil Schell, Buster Gast, Crady Herington, and Herb Potts.

The refreshment table was laid with a curwork cloth and held a centerpiece of white and blue flowers. Individual cake squares iced in white and blue, punch, and mints were served from crystal appointments.

Misses Margaret Hasehoff and Patricia Kaltwasser presided at the serving table. Donna Mills, sister of the honoree, registered guests.

Mrs. Prentice Mills, and Mrs. Eva Bailey of Plainview, mother and grandmother of the honoree, assisted in opening gifts. The honoree, her mother, and her grandmother were all presented with corsages of white carnations tied with blue ribbon.

Those attending were Mmes. Joe Helton, Wilfred Quickel, Mitz Walling, M. H. Jarnagin, A. V. Warren, Duane Herrington, Dempsey Alexander, Hugh Moseley, Roy Woodard, R. D. Dale, Merrill Turner, Paul Wurster, Charles Schlueter, Bob Dugan, Johnnie Flemming, and Neal Hendrickson.

Also Misses Becky Strain, Margaret Hasehoff, Judy Gast, Shirlene Martin, Edith Ann Walling, Barbara Bieler, Janice Prince, Donna Mills, and Karen Schell.

# E. G. Williames Have Visitors

The E. G. Williames had several visitors in their home the past two weeks.

Their out-of-town visitors were Mr. and Mrs. Charlie Holt, Lindsay, Calif.; Miss Dora Holt, Bomarton, Tex.; Mrs. Loma Lowe, Amarillo, Tex.; Mrs. E. B. Shumake and Jim, Mrs. Butch Collins and baby, Odessa, Tex. Also, Mrs. Wayne Cartrite and children, Sunray, Tex.; Mrs. Gene Lowe and Mrs. Pete Wisheart, Muleshoe, Tex.; Mr. and Mrs. Jim Williams and children, and Mr. and Mrs. Herbert Williams and Denny, Lubbock, Tex.

When fixing up study areas in the home, keep desks and table surfaces dull and light colored. This will add to the available light for reading.

Set aside a small container of shortening and a clean paint brush to avoid greasy fingers when greasing cake pans.

Save time when shopping for clothing by including the sizes and preferences for family items on a card in your wallet or purse.

# LUTHERAN NEWS

Sunday morning worship services at the St. John's Lutheran Church at Lariat will be conducted at 8:30 a.m., with Pastor Bergmann, vacancy pastor, bringing the message.

A special voters meeting for the purpose of calling a pastor, has been set for Sunday, September 1, at 3 p.m.

Sunday school and Bible class will follow at 9:30 a.m.

Family night will be Friday, Aug. 30, from 4-6 p.m., at the Hillcrest skating rink, to be followed by a weiner roast in Hillcrest Park.

Leading freshman football scorer for Texas Tech last season was halfback Johnny Agan of Albany. He accounted for 24 points. Halfback Billy Weise of Austin was second with 18.

who went gifts were Mmes. Myron Hillock, Ervin Martin, Oscar Allison, John Aldridge, Marvin Rudd, Sam Aldridge, Lavon Jones, Ann Smith, Golda Mitchell, Anna Spiewak, Mike McManigal, Leroy Berggren, Charlie Hromas, Earl Routon, W. T. Meeks, Lee Meeks, and R. J. Sandvick.

# Sandy Hart Has Birthday Party

Sandy Hart, son of the Bob Harts of Farwell, celebrated his seventh birthday Monday.

Birthday cake, iced in a football motif, ice cream, and limes, were served in plates and cups decorated in a Mickey Mouse design to Thad Phillips, Kevin Hargrove, Scott Watkins, Mark Haseloff, Kevin Hardage, Larry and Gary Erwin, Jaquetta Crooks, Sandra Watkins, Jamie Craig, Ricky Huguley, Lynn Blankenship, and Bobby Hart.

After refreshments, the children had contests, won favors, played games, and had a treasure hunt.

SPRING SHOWERS?—Water-repellent cotton chintz in a pretty floral print fashions this party raincoat with matching hat and umbrella. A face-framing white collar and large pearl buttons adorn the coat which is lined with solid cotton satin. By Ruth of Carolina.

Up the creek... Being without the proverbial paddle aptly describes having your battery go dead at a critical moment. Batteries always die at the wrong time. Best way to avoid this embarrassing situation is to let your Phillips 66 Dealer check your battery frequently. He'll put in water, inspect the terminals, give it loving care. If your battery is showing signs of weakness, let us install a powerful new Phillips 66 Trop-Artic\* Battery. Drive in and see us soon. You'll like our service...and our products! TRAVEL

State of Washington Beckons to Tourists

By WALTER C. EVA United Press International OLYMPIA, Wash. (UPI) — An invitation to mystery and enchantment awaits you in the blue lakes and primitive forests of Washington. The state beckons whether you are seeking adventure and excitement, or just weary and trying to get away from it all.

The quest for adventure begins in the city. The seaport city of Seattle has a distinct continental flavor.

From its oriental community with many fine Chinese restaurants to an entertainment district modeled after the days of the roaring 20s, the city is alive with a unique charm.

But this is only the beginning of the adventure. A couple hours to the north is towering Mount Baker, to the west is the snow-capped Olympic range, to the east are the Cascades and to the south is majestic Mount Rainier.

Ascending the slopes of Mount Rainier, you pass through lower regions of dense forests which thrive on rivers fed by the melting glaciers. Next comes the area of the beautiful Alpine meadows. Here the ground is covered with the del-

icate Arctic flowers, unique to the glacial zones.

You can picnic on the mountain grass while gazing hundreds of miles over the countryside. And for the mountain-climber, there is the peak, a massive pinnacle of ice and snow.

But you may prefer the sea. In that case, there are a number of ways to get the feel of the salt spray in your face. For some, it may be enough to take a cruise to the San Juan Islands in northern Puget Sound.

You can just cruise around the islands, but might enjoy getting off the boat to camp on the beaches, or maybe take a hike. If you don't own a boat, a ferry boat makes the trip at regular intervals.

A four-hour voyage to Victoria, B.C. is a treat. Arriving in this typical old English community at noon, the passengers can spend the remainder of the day wandering through the shops and tea houses. In the evening, the ship will return you to Seattle. The cruises are daily and you may stay overnight if you wish.

Perhaps a quick ferry trip to the Olympic Peninsula might be of more interest to you. Here, one may visit the rain forests.

Lights A-Plenty

Fans may see some things they've never seen at the old Steer Stadium this fall -- not because the boys will be doing anything different -- but because the level of lighting will be so much greater. A bank of high-output lights has been added to the poles that surround the field, and the improvement is amazing.

Savings Bond Sales Noted For Last Month

July E and H Savings Bonds sales in Parmer County totaled \$712 according to Frank A. Spring, Chairman of the county Savings Bonds Committee. This figure represents only 34.6 per cent of the 1963 sales goal.

Savings Bonds sales in Texas for the first seven months of 1963 totaled \$87,895,038 which represents 58.4 per cent of the

state goal of \$150,600,000. "The achievement of the Freedom Bond Drive goal in Texas demonstrates to the Nation that Texans stand ready to do their part in our fight for freedom. These bond dollars will help our nation maintain a strong military posture and at the same time will keep our country economically stable," Spring concluded.

Stars To Perform On ENMU Grid

New Mexico State and Central Oklahoma are the beginning and the end of a tough schedule for the 1963 football Greyhounds of Eastern New Mexico University.

These two universities and eight others will be on the minds of all players reporting for practice Sept. 1 at ENMU. If the Hounds are to match the 7-3 record of 1962, they will have to get in the winning groove early and stay there.

Coach Carl Richardson, who has an overall 51-35-2 record at ENMU, will begin his tenth year as head mentor when the Hounds open against the aggies at Las Cruces Sept. 14. They will close the season Nov. 23 at Portales against Central Oklahoma, defending NAIA national champions.

The eight in-between games should also be tough. These will include Sul Ross State, Adams State, Tarleton State, Western New Mexico, Texas Lutheran, Southwestern Oklahoma, Northwestern Oklahoma, and Arizona State.

Richardson admits this is a rough schedule, but says "this is a new year and we'll be in there playing each game, one by one."

Prospects for the Hounds appear best in the backfield because nine of the expected 20 returning lettermen are backs. This leaves the Team's probable weakness in the line where new talent will have to materialize if the Pack is to match the 1962 defense record which included four shutouts, three of them coming in the final three games.

The number one man for the Hounds is expected to be Pete Jaquess, a likely candidate for All-American honors. The fleet Roswell halfback will be playing his senior year for the Greyhounds and is hoping to put his name in the ENMU record books a few more times before the year is over.

Jaquess led the team in all categories except passing and kickoff returns in 1962, and he was second in kickoff returns with four for 108 yards.

He was the leading scorer with 14 touchdowns and 84 points, the top rusher with 119 carries for 654 yards and a 5.5 average, and the leading pass receiver with 15 receptions for 239 yards and two touchdowns.

Jaquess also had the most pass interceptions, five for 160 yards and one TD; made the most punt returns, seven for 150 yards and one TD; and was the team's top punter with 23 boots for a 36.8 yard average.

One of the biggest responsibilities will be resting on the shoulders of Benjy Dial, Farwell sophomore who will be replacing Sonny Wiginton at quarterback. Wiginton, a proficient passer, holds nearly every season and career passing mark in the books at Eastern.

Installation of Dial as the new man-under probably will cause a modification of the offense. The style will still be wide-open, but with probably more running and less passing. Richardson has expressed confidence in Dial's ability to run the team and pointed out that he did a good job in the spring game.

Although Dial is not the polished passer Wiginton was, he does have good running ability

and this, coupled with his infrequent tosses, should help to assure an honest defense.

Providing solid depth at halfback will be senior lettermen Billy Adams, Lubbock, and Norman Nelson, Dimmitt, junior letterman Jerry Koiler, Littlefield, and sophomore letterman Richard James, Portales.

Fullback will be manned by three lettermen, Butch Anderson, Carlsbad sophomore; Carroll Huggins, Farwell junior; and Dick Walsh, Lubbock senior.

Inexperience will be in the line where only 11 lettermen are scheduled back. These will include three each at guard, tackle, and end, and two at center.

Scheduled to return at end are Burrell Tucker, Wood River, Ill., junior; Charlie Mitchell, Tulia sophomore; and Leo Brittain, Amarillo senior. Returning tackles will be Robert Strong, Tucumcari junior; Jim Bergkamp, Andale, Kan., sophomore; Winfrey Shipp, Hale Center, Tex., junior.

W. H. Allison, Hobbs sophomore; Carrell Dennis, Denver City, senior; and Richard Morris, Artesia sophomore will return at guards. Centers returning are Dick Langford, Clovis senior, and Earl Dunn, Levelland, Tex., junior.

The 1963 ENMU Greyhounds' schedule follows:

Sept. 14 -- New Mexico State Las Cruces, 8 p.m.

Sept. 21 -- Sul Ross State, Alpine, Tex., 8 p.m.

Sept. 28 -- Adams State, Portales, 7:30 p.m.

Oct. 5 -- Tarleton State, Clovis, 7:30 p.m.

Oct. 12 -- Western New Mexico, Portales, 7:30 p.m.

Oct. 19 -- Open Date

Oct. 26 -- Texas Lutheran, Portales, 7:30 p.m.

Nov. 2 -- Northwestern Oklahoma, Portales 2 p.m. (Homecoming)

Nov. 16 -- Arizona State, Flagstaff, 2 p.m.

Nov. 23 -- Central Oklahoma, Portales, 1:30 p.m. (Parents' Day)

Heard Has First Load

The first load of 1963 milo was delivered to Bovina yesterday (Tuesday) afternoon by Jim Heard, Bovina Wheat Growers, Inc. received the grain, which had a test weight of 56 pounds per bushel and a moisture content of 15 per cent.

The crop is making an estimated yield of 5,000 pounds per acre. The variety was DeKalb C-44. It was planted April 6. Heard will receive a bonus from the elevator, and a \$25 premium from Bovina Chamber of Commerce and Agriculture.

Games with three other Southwest Conference schools are on the Texas Tech freshman schedule this fall -- with Arkansas in Lubbock Oct. 10, with Texas A&M in San Angelo Oct. 26, and with Rice in Houston Oct. 31. North Texas State's frosh will be played in Lubbock Nov. 14.

## "Toughest Schedule" For Buffs

Football returns to the campus at West Texas State University as 53 candidates for the Buffalo squad turn out to meet head coach Joe Kerbel on September 1.

Two-a-day sessions will be held into the second week of drills until Kerbel feels "the team has progressed far enough to cut back to one workout per day. The practice sessions will begin at 6:20 A.M. and 3:30 P.M.

Eighteen lettermen and a fair crop up from the frosh ranks will be included in the opening day group. The backfield, headed by "Pistol Pete" Pedro and Jerry Richardson will feature experienced starters at all positions. However, the line will be very thin in depth, especially at tackle where John Varnell is the only experienced man.

The squad will begin to assemble this week on campus. Physicals and equipment issue will take up Friday while "Photo Day" will see the team in full dress at Buffalo Bowl Saturday afternoon.

Kerbel and his staff will have three weeks to get the squad in shape for the season opener September 21 against Arlington State at Canyon. The Buffs head into the toughest schedule in the school's history this fall against such powers as North Texas State, Arizona State, Memphis State, University of Arizona, and New Mexico State, to be faced on successive weekends.

"If we can stay healthy we could have a pretty good season," says Coach Kerbel. "However, with the schedule we face we will be lucky to break even. Every team we play is a real power and loaded with depth. But whatever the outcome, I can promise wide open and exciting football for our fans."

Washington State, scheduled for Lubbock Sept. 21, is the first member of the AAWU on the Texas Tech schedule.

All but two of Texas Tech's home football games will be played at night. The exceptions are Rice Nov. 2 and Kansas State Nov. 9. Under the lights the Red Raiders will meet in Jones Stadium Washington State Sept. 21, Texas A&M Oct. 5, Texas Christian Oct. 12, and Baylor Oct. 19.

## Hillock In Naval Basic Training

Steven K. Hillock, 17, son of Mr. and Mrs. Vernon E. Symcox of Route 1, Farwell is undergoing nine weeks basic training at the Naval Training Center, Great Lakes, Ill.

The intensive training includes naval orientation, organization and history, basic military regulations, ordinance and gunnery, seamanship, shipboard routine, damage control, sentry duty and military drill, physical fitness, swimming, first aid and survival.

During the training period, recruits receive tests and interviews which determine their future assignments in the Navy. Upon completing the program they are assigned to service schools for technical instruction or to ships or shore station for on-the-job training in a Navy rating specialty.

## 'Talking' Rats Aid Study of Human Speech

ROCHESTER, N. Y. (UPI)—Demosthenes, Galatea and Halvah, a trio of "talking rats," at the University of Rochester, may shed new light on the beginnings of the speech process in humans.

The three gabby rodents, whose conversation more properly may be likened to shrill barks and chuckles, have been trained by Dr. Stanley Sapon, director of the University's Verbal Behavior Laboratory.

Sapon and his colleagues hope their project may one day help scientists understand how children first learn to talk and, possibly, how to improve the process.

Until Sapon's experiments, scientists had been unable to teach rats to vocalize. The animals are normally silent except when in pain.

Now, however, Halvah, a star pupil, and the two promising young novices, Demosthenes and Galatea, tell Sapon when they are hungry or thirsty by emitting sharp gurgling barks. Sapon's experiments first started in Palo Alto, Calif., when he was a member of the staff of the Britannica Center for Studies in Learning. In his laboratory, he came upon Halvah, who was being used for his work on infant learning and who, unlike the other rats, seemed to produce faint gurgling noises.

By giving Halvah a reward of food or water whenever she gurgled, Sapon developed her special talents to their present stage.

Sapon now hopes to add new sounds and meanings to the "vocabulary" of his three rats.
