Texico Student Elected Prexy Of District Student Council

For the second consecutive year Texico school was successful in having its candidate elected president of the Eastern District of New Mexico student councils. Mike Spearman, Texico junior was elected to the office at the district meeting in Elida Saturday. Retiring president is Wayne Hudnall, Texico senior.

Kathy White and Tom Rickstrew, Texico students were unsuccessful in their bid for district offices. They were beaten by students from Clovis and Portales.

The Texico group also won a first place trophy on its scrapbook, showing its Safety Program. The scrapbook was on exhibit at the Saturday meeting.

Next week eight members of the Texico council accompanied by James Pierce, sponsor and Mrs. Harvey Hudnall will be in Farmington to attend the state convention. Attending the meet will be Wayne Hudnall, Mike Spearman, Cynthia Spence, Kathy White, Tom Rickstrew, Donald Chandler, Terry Lovett and one other delegate who has not been named.

"If only fireplugs could talk" -- many would be the changes noted by this ancient relic of early days in Farwell, (the only things not changing have been boys and dogs). The fireplug (the first installed in the city was placed south of the courthouse in the early 1920's). It was recently moved to a new home at the fire station where many passersby each day stop to look and wonder!

DANNHEIM PLAYS--

Receives Football Trophy

According to word received here by Mr. and Mrs. William Dannheim Sr., the football team on which their son William, Jr. plays, that of the Headquarters Co., - 3rd. Engr. Bn. in Munich, Germany, has won the football trophy for the divisions stationed in that area. Dannheim was one of the contributing factors in his teams'

scoring, especially during each of the two championship games played recently. Each team member received an individual trophy and the division received a trophy which they will keep for a one year period.

Dannheim, a graduate of Farwell High School has been stationed in Germany for approximately a year. He expects to be in Farwell on a furlough early in the summer; however he will return to Germany for another 15 months following his leave.

Jaycees Elect New Officers

Officers for the local Jaycee organization were elected at the last meeting of the group and will be installed on March 17.

To be installed are: president, John Christian, 1st, vice-president-Troy Christian; 2nd vice - president - Leroy Kit-ten; secretary-LaVon Jones; treasurer-Joel Tankersley; inter-club director-Don Geries; directors-Darrell Norton and Truitt Hardage.

Local Jaycees were winners of the consolation prize in the recent outsiders volleyball tourney sponsored by the Bovina Senior Class.

Atchley--

(Continued from Page 1)

Survivors include, his wife, Willie, Texico, one daughter, Mrs. Tom Lindop, Farwell, three sons, Cecil, Lariat, Milton, Lompoc, Calif., Joe, Tulare, Calif., one brother, Jim Atchley, Dew, three sisters, Mrs. Dewey Lanningham, Dallas, Mrs. Henry Harrison and Mrs. T. M. White, both of Dew, 15 grandchildren and 25 great-grandchildren.

Two sons, Earl and Willard preceded their father in death.

Gas cooks automatically, and with incredible accuracy!

New built-in wall oven and counter top by O'Keefe and Merritt. See this remarkably obedient new gas range, and others, at Southern Union showroom.

If you want the job done right... do it with gas.

Automatic cooking? Only gas offers you the famous Burner-With-A-Brain. You just set it and forget it. There will be no boilovers. The contents of any pot or pan will be at exactly the temperature you want.

The gas Keep-Warm oven makes things easy too. Put supper in the Keep-Warm oven. And walk away. It'll keep that meal warm (140 degrees) for hours, and never overcook it.

You can count on these automatic gas features to get the job done, because your modern gas range is accurate as well as automatic.

You see, gas is a direct cooking fuel. Your control is absolute and immediate. Your gas range is more controllable, more responsive, and considerably more accurate than any electric range can be.

In fact, the great new gas ranges are so efficient they actually cook for 1/2 the cost of electricity!

Simple, isn't it. If you want the job done right... do it with gas.

Dr. Robbie Foster Is A Research Chemist

Dr. Robbie T. Foster, 27, has assumed duties as a research chemist with the Pittsburgh Plate Glass Co., Chemical Division Research Center in Corpus Christi.

Dr. Foster, a 1955 graduate of Farwell High School, received his bachelor of arts degree at McMurry College, Abilene, and his M. S. and P.H.D. degrees from Iowa State University in Iowa City.

He is married to the former Elizabeth Rich, daughter of Delbert Rich, Abilene, who is a 1956 graduate of Abilene High School, attended McMurry College and holds a BA degree from Iowa State.

They are the parents of three children, Caroline Jane, four; Thomas Franklin, three; and Teresa Jean, one.

Dr. Foster is the son of Mrs. William D. Kirk, of Abilene and a grandson of G. W. Magness, Farwell.

Knights Of Columbus Have Day Of Recollection

Knights of Columbus, Bovina-Friona Council sponsored a day of recollection March 8 in St. Ann's Parish, Bovina. Approximately 75 men from

St. Ann's Parish and the surrounding parishes attended.

The day began with a special Mass at 8 a.m. After the mass the Guadalupanas served breakfast. The morning conferences were given by Robert Betzen and Thomas Albracht, two prominent Catholic laymen from Hereford. Their talks were followed by a question and answer period.

At the noon hour lunch was served by St. Ann's and St. Teresa's Altar Societies. Afternoon conferences were presented by the Rev. Michael A. Kavanaugh O.P., the diocesan director of the Cursello

movement. His conference was followed by prayer and a period of private meditation.

The day ended with benediction of the Most Blessed Sacrament at 3 p.m. Joe A. Schilling was master of ceremonies for the day.

The Knights of Columbus are thankful to the Guadalupanas and the altar societies of the parish for the wonderful meals they prepared and served.

Salad Supper Fetes Golden Circle Class

Members of Golden Circle Sunday School Class of First Baptist Church, Texico, were feted with a salad supper at their regular monthly meeting Thursday night.

Mrs. John Hill opened the program with prayer and Rev. Leroy Looper brought a short devotional on "Sunday School Work." Mrs. Nora Day closed the meeting with a prayer. Next meeting was set for the home of Mrs. John Hadley.

Class members voted to send a box of groceries to the Clarence Fought family. The family recently lost their home in a fire.

Attending were: Mmes. John Hadley, John Hill, Leroy Looper, T. J. Tipton, Ray Stone, Jack Watts, S. F. Thigpen, Johnnie Chappell, Jesse Hudson, Buck Hudson, J. O. Morris, Nora Day and Rev. Leroy Looper and Dianne Looper.

Valeria Meier Is Yucca Blossom Finalist

Valeria Meier, daughter of Mr. and Mrs. Frank Meier, Texico has been named one of the four finalists for the honor of representing the senior class at Eastern New Mexico University as Yucca Blossom.

Selection of the finalists was made recently in a campus-wide election. Only the four finalists in each class are named. Winners will be announced at a special assembly in May.

Homemakers Make Dust Mitts

Modern Homemakers met at a local restaurant Tuesday morning with Mrs. Loren Wilson, as hostess.

Mrs. John Hill presented a demonstration on making "Dust Mitts" from cotton gloves and wool yarn. "The mitts are fine for dusting furniture and polishing other bric a brac," she explained. Next meeting will be in the home of Mrs. Willie Hammond with Mrs. Hammond to present a demonstration on "Quick breads" at that time.

Salad, was served with coffee or pop to Mmes. W. E. Martin, Perry Winkles, John Hill, Roy Rickstrew, Willie Hammond, Eddie West and Joe Camp.

ANNOUNCE ENGAGEMENT: Mr. and Mrs. E. L. Cochran, Farwell, Route 1, announce the engagement and approaching marriage of their daughter, Bonnie to Dickie Clayton, son of Mr. and Mrs. Jack Clayton, Bovina, Route 1. Friends and relatives are invited to attend the 3 p. m., Sunday April 5, wedding at First Baptist Church, Bovina. No invitations are being sent locally.

JOTTIN'S By Jeanne

Plan. Mend jeans. Give thanks. Clean closets. Water the yard. Bake something. Water the yard. Check your calendar. Enjoy the children. Read more, say less. Count my blessings again.

Enlists In Navy

Velma Joanne Brown, daughter of Mr. and Mrs. D. J. Brown, Texico, has been sworn in as an Officer candidate at the US Naval Recruiting Station, Albuquerque.

She left by plane Tuesday morning for Newport, R. I., where she will undergo Officer Candidate Training for the next 16 weeks, after which she will be assigned to a permanent base.

Miss Brown is a 1960 graduate of Texico High School and attended Eastern New Mexico University and Baylor University. She received a degree in mathematics at the end of the fall semester from Baylor University.

Lullaby Shower Honors Mrs. Dwight Potts

Mrs. Dwight Potts was honored for a lullaby shower when Companion Class members met in the home of Mrs. Truman Kittrell, Thursday night.

Mrs. Tena Roth brought a short devotional and read a story, "What Is A Baby?"

Coffee or punch was served with cake iced in blue to Mmes. James Hudson, Elward Combs, Kenneth Martin, Virgle Harrison, Paul Harrison, Don Owens, Cliff Griffiths, C. H. Webb, D. J. Brown, Billy Bolling, Roy Potts, Tena Roth, Leon London, Johnnie Hammit, Nathan Tharp, Willie Hammond, Joe Camp, Norene Moore, Jim Pierce, Walter Potts and G. L. Medley.

Sunday Visit

Sunday's a great day to call Long Distance. Folks are at home. Rates are low all day. This Sunday, surprise a favorite relative or friend with a Long Distance call. It's the next best thing to being there.

One of these lovely lasses -- coeds at ENMU was recently named "Woman of the Year"; however announcement will not be made of the recipient of the honor until later in the year. Shown left to right: Valeria Meier, Texico, Jan Stratton, May Dell Ross, Kaye Kelley and Jane Phillips. To be eligible to compete for the honor a girl must have a high grade average and be active in several campus organizations.

Farwell Members Attend Delta Xi Meet In Friona

Four members of Delta Xi chapter of Delta Kappa Gamma society attended a recent meeting of the chapter in Friona. Members attending were Mmes. John Bolling, E. G. Williams, Harry Whitley and A. C. Clarke.

Miss Bernice Littlepage, Dimmitt, introduced the program, with two vocal solos by Kathy Gallehon accompanied by Mrs. Fawn Welker. Six students from Dimmitt High School spoke on "The Development of Character and Leadership" through the respective organizations of Student Council, Honor Society, Physical Education, and church training organizations.

A short business meeting was conducted by Miss Della Stagner. Announcement was made that the Alpha State president has been invited to attend the April meeting in Dimmitt.

A spirited White Elephant Sale, conducted by Grace Thomas, netted the chapter \$70 for the scholarship fund.

Assorted "cookies" were served with coffee from a table featuring a Valentine motif.

Delta Xi chapter will meet for a tea in the home of Miss Della Stagner, 305 Ross Ave., Hereford, March 14.

Accent On Individuality P. Hill Club Topic

"Accent on Individuality" was theme for the meeting of Pleasant Hill Extension club members, presented by Mrs. Snell and Mrs. Lavega Peterson, of Center Better Homes Club, when they met in the home of Mrs. Maurice Clark, Thursday with Mrs. Mason Neeley serving as co-hostess.

Next meeting was set for the community center March 19 with members to bring a covered dish for the noon meal. They will hear a discussion of "Proper Application of Make-up" during the program.

Attending the Thursday meet were: Mmes. Alvis Clark, a guest, Leon Webb, Floyd Bocox, Wayne Pierce, John Range, Joe Burford, Eric Pierce, Pearl Singletery, Jack Donahay, Donald Clark, Monty Baldrige, Frank Meier, Eual Hart, Frank Henke, Jim Hemke, Von Hukill, Leonard Kimbrough, George Harold Trimble, Charles Bourlon, Elmer Langford, and Martha Heinz.

Hap Danforth Honored

Hap Danforth, former Texico student, was among a group of Gallup High School Band members honored recently. He was elected by the members to serve as attendant to the Band King.

Special banquet and coronation ceremonies honored the King, Queen and attendants.

Danforth has been a member of the Pep band, the Gallup Community Orchestra, serves as reporter for B-Hi-U, parliamentarian for Explorers, member of FTA and made the semester honor roll.

Dorris Donaldson Named To Dean's List

Dorris Donaldson, daughter of Mr. and Mrs. Sterling Donaldson, and a 1963 graduate of Farwell High School has been listed to the Dean's Honor Roll at WTSU, for the fall semester.

The list is composed of undergraduate students who have a semester average of 2.5 or higher for a completed semester load of at least 15 hours.

Miss Donaldson is majoring in secretarial science.

LUTHERAN NEWS

Sunday worship service at 8:30 a.m. with Sunday School and Bible Classes at 9:30 a.m. Lenten Service at 6:30 p.m. Wednesday.

Children's instruction classes at 10 a.m. each Saturday morning in Clovis.

LWML met Thursday in the parish hall with projects for the year discussed. Drapes will be purchased for the parsonage.

Family night has been cancelled in favor of an Easter egg hunt.

Refreshments were served by Mrs. Clarence Kube and Mrs. Otto Lingnau to Mmes. Ed Ramm, Arthur Haseloff, Wilbert Kalbas, Adolph Haseloff, Fred Ramm, Charles Trimble, Ernest Ramm, Ben Kube, J. A. Kaltwasser, Gilbert Kaltwasser, and Pastor Bergmann.

Walther League met Sunday evening in the home of Calvin Meissner with a guest speaker from Plainview, Mrs. Meissner served refreshments to the group.

Mrs. Charles Trimble was honoree for a pink and blue shower in the home of Mrs. Ernest Ramm recently. Gifts were presented to Mrs. Trimble in a bassinets.

Rolls and coffee were served from a table centered with a tree branch to which miniature dolls were tied. Hostesses were Mrs. Fred Ramm and Mrs. Ernest Ramm.

Mrs. Tankersley To Head ESA Next Year

Mrs. Joel Tankersley was named to head Theta Rho chapter of ESA as president for the coming year, when the group met in the home of Mrs. Joe Roark in Clovis Monday. Mrs. Joe Helton is outgoing president.

To serve as officers with Mrs. Tankersley are Mrs. Bobby Crume, vice president; Mrs. Roark, secretary and reporter; Mrs. Hugh Moseley, treasurer; and Mrs. Rosa Roberts, educational director. New officers will be installed in April.

State convention, which is slated April 24-26 in Albuquerque, was discussed briefly, and a donation of \$50 for aid in the field of cystic fibrosis was acknowledged. The chapter gave the money toward purchase of a child-adult mist tent or compress aerosol unit. Work in the field of cystic fibrosis is the state ESA project.

Mrs. Helton and Mrs. Tankersley were named as delegates to the state convention with Mrs. W. H. Graham to serve as alternate.

Next meeting will be in the home of Mrs. John Getz, for a social and program.

Mrs. Roark served coffee and a cherry dessert to attendants.

Visit Son Over Weekend

Mr. and Mrs. Joe Helton accompanied by her parents, Mr. and Mrs. J. E. Whately, Amarillo, and a nephew, Jerry Whately, Tucuman, were in Tulsa visiting with Hal Ed Helton over the weekend.

Hal Ed Helton and Mrs. Whately marked their birthdays with a celebration on Sunday. Hal Ed is attending the University at Tulsa where he is studying petroleum engineering.

Visiting briefly in the home of Mr. and Mrs. Fred Barker on Saturday were Mr. and Mrs. Burl Henry, Pampa.

Up the creek...

Being without the proverbial paddle aptly describes having your battery go dead at a critical moment. Batteries always die at the wrong time.

Best way to avoid this embarrassing situation is to let your Phillips 66 Dealer check your battery frequently. He'll put in water, inspect the terminals, give it loving care.

If your battery is showing signs of weakness, let us install a powerful new Phillips 66 Tropic* Battery.

Drive in and see us soon. You'll like our service...and our products!

HELTON OIL CO.
Texico - Farwell

Gary Skaggs and David Duncan, members of the Texico FFA chapter are shown grooming some of the fine white-face cattle judged by 13 schools at the judging meeting held

in Texico last week. The Texico chapter will be participating in district contests on March 21 and will journey to Las Cruces for the state meeting April 4.

13 Schools Participate In Judging Contest

Thirteen schools from eastern New Mexico were in Texico Saturday to participate in the FFA sponsored judging contest. The contests were in livestock, poultry and shop judging. In the shop division, Causey with 1055 points took home the first place plaque and Melrose with 1023 was winner of second place.

Grady was second place winner with 1387.6 while in the poultry division Logan with 435 1/2 and Causey with 430 were first and second place winners. Roy McDaniel with 511.9 was second high individual in the livestock division.

All Texico judging was done by greenhands.

Livestock division winner was Roswell with 1390.9 and

City Issues Four Building Permits

Four building permits were issued by the Farwell city commission at their Friday meeting. The permits went to: J. A. St Clair to build a duplex apartment on Manana Dr. at a cost of \$14,000; George Taylor for a business building on Ave A at a total cost of \$35,000; Farwell Equipment for an addition to their shop building; and to J. B. Sudderth for a residence at a cost of \$40,000 on 3rd. St.

Bids are to be opened on the purchase of a fire truck March 13.

Commissioners voted to send Mrs. Janie Bowery, city clerk, to the tax school in Corpus Christi, March 15-15. Taxes for city residents will remain the same for 1964 and a board of equalization was appointed. Serving on the board will be Clay Henson, Clyde Magness and G. T. Watkins.

Mrs. Bowery reminds all city residents of the necessity of buying license for their dogs and cats. To date only 51 have been purchased by town residents. She says, that in one recent day 12 dogs without licenses were picked up by the poundman.

All other business transacted was routine.

Band Boosters Discuss Trips, Hear Reports

Farwell Band Boosters met in regular session Wednesday with many members in attendance. Main topic discussed was the forthcoming trip to Canyon, where members will be entered in solo and ensembles.

A report was heard on the recent trip of the band to Lamesa where they participated in concert work. They were in competition with bands from seven other schools.

Memphis was winner of the class A division while Tullia and Hamlin were recipients of first in the class AA division.

Band members were feted with a banquet and a variety show and the trip was highlighted for band members by a performance of the Texas Tech band.

Farwell band turned in a fine performance although they did not receive a trophy.

Sponsors for the trip were Tommy Mayfield, Mr. and Mrs. Amos Tatum, Supt. W. M. Roberts, Mrs. Mitz Walling, Mrs. Kirt Crume and Mrs. Partin Austin.

Eddie Erwin from Friona Lanes presents members of the Oddball team with a check for \$300 for their first place winnings in the round robin tournament play just completed. Shown with Erwin are Melborn Jones, Glenden Sudderth and Weldon Bell. Team members not shown are Weldon (Pete) Rundell and Neil Smith. Each team played in Muleshoe, Friona and Farwell.

Lions Continue Work On Park

Work on the Little League softball park is continuing, says Johnny Green, president of the local Lion's Club, who are sponsoring the project.

Some \$5,000 will be needed to put the park in shape for the

beginning of the season, says Green. A concession stand will be manned during the softball

season by Lion's Club members with the funds to go into the softball park project.

Grade School Band Will Perform Today

The Farwell grade school band, under direction of Tommy Mayfield, will present a performance in the old gym today (Friday) 1:30 p. m. The public is urged to attend and see this fine band at work.

Halfway Station Progress Rapid In Seven Years Work

In only seven years the High Plains Research Foundation at Halfway has carved a monumental niche in the area's agricultural landscape.

Since January, 1957, when the research program got underway, the Foundation has become a virtual byword among farmers and agri-businessmen in the Panhandle, South Plains, and in western New Mexico. Foundation research has been a vital factor in the continuing climb of the area's agricultural economy.

The High Plains Research Foundation was born in late 1956, thanks to the efforts of the late Clyde Bray of Muleshoe and a nucleus of farmers who were interested in having more information on crops, soil and water conservation, fertilizer, and cultural practices. They had visited the Texas Research Foundation at Renner, north of Dallas, and liked what they saw. These men felt that the free enterprise research accomplishments achieved at Renner could pay off in a similar manner for farmers on the High Plains.

They interested such men as Jesse Osborn, Bill Miller, Robert King and others in the project and they also helped to spread the word. In July, 1956, Renner representatives met with area farmers and their interest convinced the men from Renner of their need.

C. H. Janeway was assigned from Renner to help in organizing a small station as a branch of the Texas Research Foundation. First money for the project was raised in Muleshoe, Progress, Y. L., Bula, Springlake, and Bovina.

The idea found fertile ground in October, 1956, the organization was completed with 60 representatives from 26 counties. They purchased the headquarters farm at Halfway after comparing the 310-acre site with dozens of others over the High Plains. It was selected chiefly because it contained both Amarillo clay loam and Pullman clay soils, representative of 60 per cent of the tillable soils in the area.

Initial research got underway in January, 1957, with a staff of five, headed by Dr. Tom Longnecker, the Foundation's first Director.

In 1959 the station became independent and all properties were transferred to the present High Plains Research Foundation. Also in 1959, Dr. Earl Collister joined the staff as Chief Agronomist and Assistant Director. In May, 1962, following Dr. Longnecker's resignation, he was named Foundation Director and remains in that capacity.

The staff and work load have increased considerably since 1957. As the Foundation enters its eighth year, the staff totals 22 members working on approximately 75 research projects.

The Board of Trustees has also grown and now boasts 98 men who guide the Foundation's activities. To facilitate operations and expedite decision making, however, a 15-man executive committee has the power to act for the entire membership.

Heading the Executive Committee is Harold Hinn, Chairman of the Board. Other members are Virgil Patterson, Vice-Chairman; Frank Moore, President; Steve Taylor, R. G. Peeler, and Ewald Quebe, Vice-Presidents; Graddy Tunnell, Secretary-Treasurer; Dr. Earl Collister, Director; and Grady Goodpasture, Dr. Harold Loden, Gene McLaughlin, Virgil Payne, George Pfiffenberger, Jack Yarbrough and Dr. D. M. Wiggins.

Philosophy of the Foundation is a simple one: Its only goal is to improve the agricultural economy of the High Plains, thus improving the living standards of the area's farmers and agri-businessmen. In short, it is designed to help put dollars in their pockets.

The foundation is operated on the principle that research is of little value if the information gleaned is not passed on to the men who can put it to use. Consequently, subscribers receive immediate results of any and all projects. The information is passed on as soon as conclusive results are known.

As the Foundation enters its eighth year, its goals are the same, based on a fourfold purpose of increasing efficiency of production, evaluation, and development of new crops, conservation of soil and water, and determination of more efficient methods of soil and water management.

Research in these areas will be increased in the future. At the last meeting of the Board

March has been designated as High Plains Research Foundation month in Parmer County. Here County Judge Loyde Brewer signs a proclamation to that effect. Area leaders are kicking off their drive Thursday night of this week with a meeting in Farwell. On the Foundation advisory board locally are G. D. Anderson Jr., Bovina; W. L. Edelson, Friona; Dick Gertes, Lariat; and Frank Pritchett, Texico. This will be the first drive ever held for the Foundation in Parmer County and Eastern New Mexico.

of Trustees, February 22, the purchase of 504 additional acres was announced, bringing to 814 acres land now operated by the Foundation.

A \$2 million fund drive is now underway in every county

in the area to support the research program during the next five years. The Trustees predict the drive will be successful in another example of the same "self-help-Texas style" that brought the Foundation into being.

Research at Texas A&M University shows that haylage produced from crops normally grown in the College Station area, provide relatively low cost sources of forage nutrients. However, it indicated that milk production from haylage was lower than from hay, concentrates and silage, green chop or pasture rations. Thus, income over feed costs per cow did not favor the haylage.

Clothing is an important subject to women especially here on the verge of spring. It is with homemakers who are enrolled in advance clothing classes that I am teaching this month.

The April style show, an outstanding event for Home Demonstration Clubs in the county, this year is something to look forward to.

This will be a way in which the women may express themselves, in a world of mass-produced clothing. No matter what you are doing, you are

creating a picture, whether pleasing to the eye or not. Do you co-ordinate your costume? This really means a combining of all separate items of clothing in a pleasing manner that relates to each other and to the wearer, her personality and the life she leads.

We hear more and more about "Simplicity" in dress. Just as one can overdress, one can overdo simplicity in clothing. Some people need help of clothing to bring out a definite personality—others are themselves decorative. Simplicity used in extremes or in wrong way can become dullness. Too much

methods to kill bacteria only; not radioactive particles.

When it is safe to leave (Continued on Next Page)

A safe adequate supply of water is even more important than food in case of a nuclear attack. We can survive several days without food, but only a short while without water. For each family member, store at least 1/2 gallon of water per day or 7 gallons for 2 weeks for drinking purposes. Some liquid needs can be met by fruit juices and soft drinks. Water for bathing, brushing teeth and dishwashing should be of the same high quality and quantity. Plastic and glass jugs with tight fitting covers or stoppers are good storage containers, but must be protected from blast. Water for emergency use should be changed every 3 months as undesirable taste and odors may develop.

Stored water should be purified by one of the following methods: boiling 3-10 minutes, addition of household bleach, 2% tincture of iodine or water purification tablets. These are

to live up to the program slogan, "Working to Make Texas Even Better."

At Home--

variety in color, too many textures, too many patterns can create an over dressed effect as easily as too much jewelry or trim.

When combining all the items that make up a costume, remember that the idea of all the articles should be consistent.

An expensive dress might be cheapened by use of inexpensive accessories, shoes, or jewelry and putting together things not meant for each other.

The elaborate, or glitter necklace, for instance does not belong with tailored, casual or even daytime dress -- this should be saved for those after 5 o'clock occasions to add glamor to the personality -- and worn with more elaborate fabrics.

Good taste in dress is like a good taste in other things -- one is not born with it, but rather it's acquired through knowledge of self, lines, design, and color co-ordinated into that overall put together look.

All county tours, community record book scoring and other local judging must be completed by March 31, he reminds.

The state judging committee will begin their work soon after the record books are in Brown's office and the judging tours to the communities selected for final consideration are scheduled for May 18-22.

All county Extension agents concerned now have details on the plans for judging and Brown sees no difficulties ahead in connection with this phase of the program.

FARM AND HOME BC 2 COL FOR 4 COL PIC CUTLINE
The sure return of spring is vibrantly demonstrated by Mother Nature this week in the Parmer County area. This picture is a graphic illustration of the transformation; mid melting snow, a farmer irrigates his thirsty and healthy wheat crop. About half an inch of snow blew in on a northern

front Sunday night to leave what probably will be the last measurable moisture of this type for the winter. As the sun arcs further northward each day to dispell the winter chill, land preparations are going forth at a heavy pace to get ready for another big farming year on the High Plains.

Unity Council Of Farm And Industry Groups Proposed

Lack of communication among farm organizations and allied industries is a major stumbling block that threatens future agricultural progress, according to Texas Agriculture Commissioner John C. White.

The term "agribusiness" defines a phenomenon of the past 10 years, said White. "It is a new word coined to express the explosive vitality generated by the prosperity and interdependence of rural farm interests and related urban businesses."

"But this decade of progress in agriculture and business may have reached its peak unless we establish a closer working relationship among farm organizations themselves," White added.

"We have a vast number of farm organizations in Texas, each set up to promote a particular phase of agriculture or to achieve an individual set of goals. These groups seldom unite to push for farm progress in general. Such a lack of unity gives rise to a constant scramble for supremacy in agricultural leadership. Our greatest fault lies in our failure to realize that our long-term goals are essentially the same."

Commissioner White has proposed the formation of a Council of United Agricultural Organizations embracing leaders from various farm or-

ganizations and representatives from related business interests. This group could meet regularly to explore areas of both agreement and disagreement on farm problems. This would be especially valuable in determining lines of support or opposition on state and national legislative proposals affecting agriculture, Commissioner White said.

"I do not propose that individual farm organizations sacrifice their sovereignty to such a council," White stated. "Instead, we should establish a meeting place to determine our common goals, work out our common agreements and work as a strong unit for the common good of Texas agriculture."

A report from the Holstein-Friesian Association says two registered Holstein cows owned by Texas A&M University have established new production records. Agtex DCC Pabst Powell, a 5-year old, produced 16,600 pounds of milk and 583 pounds of butterfat in 305 days. Agtex DIA Duke Watson, 4-year old, produced 15,080 pounds of milk and 543 pounds of butterfat also in 305 days. These production figures may be compared to the annual output of 7,211 pounds of milk and 270 pounds of butterfat by the average U.S. dairy cow, notes the Association.

4-H Roundup Program To Include Civil Defense Team Demonstrations

A civil defense demonstration has been added to the Texas 4-H Roundup events this

year for the first time, Tommy Hollmig, superintendent, says. Texas is the first state to include this new contest, according to Hollmig.

The demonstration -- which may include a wide range of civil defense subjects -- will be held at Texas A&M University during 4-H Roundup, June 2-3.

Hollmig and Bobye J. Riney, Extension rural civil defense specialists, have announced that

the objective of the new event is to help 4-H Club members learn the fundamentals of civil defense and how it affects them in their home, community, state and nation; to develop effective leadership talents, and to exhibit those abilities through public appearances. The 4-H members also will show others how effective civil defense preparedness measures can be planned to relate to their particular project area.

Teams will consist of two 4-H members, and may include both boys and girls.

Demonstrations may cover any portion of rural civil defense and can be either an illustrated talk or a method demonstration. First, second and

third place team members will be awarded Gold, Silver and Bronze medals, respectively. Coaches of winning teams will be given certificates.

More information on civil defense demonstrations may be obtained by contacting your county Extension agents.

Cook potatoes in their skins to preserve most of the vitamins. Paring before cooking results in loss of food value, particularly Vitamin C. When you boil potatoes, use as little water and as short a cooking time as possible, say Extension foods and nutrition specialists.
