KIDNAPED BABY DIES; BOY OF 13 CONFESSES

Little two-year-old Dorette Zietlow of Chicago died of cold and starvation soon after a 13-year-old boy, George Rogalski (right), admitted holding her captive for two days in a deserted building. At left the child is shown as she was given medical attention after small boys, playing near the building, had found her. A coroner's jury recommended Rogalski be held to the grand jury for murder. ### McCormick-Deering Farmall 12

O MATTER how you look at it, you get the most value for your money in the McCormick-Deering Farmall 12 Tractor—priced at \$525, f.o.b. Chicago. This tractor is the 1-plow size of the original, successful Farmall. It is designed to provide all-purpose power on small farms and to serve as auxiliary power on large operations. The Farmall 12 pulls a 16-inch plow bottom or two 10-inch bottoms, plants and cultivates at the rate of 25 to 33 acres a day, middle busts, handles having operations, pulls tractor binder and corn picker, cuts ensilage, grinds feed, etc. And it does all these jobs on an unusually small amount of fuel—one gallon or less per hour in the hardest kind of work.

Come in and let us tell you more about the Farmall 12. There are two larger sizes also—the regular Farmall and the 3-plow Farmall 30.

MIDLAND-Midland became in-party Saturday evening. cluded today in the country-wide ove to fight criminals with weapons employed by criminals.

The commissioners court equip-ped the sheriff's department with sub-machine gun, riot gun and munity this week.

The riot gun is the first of its type designed specifically as a gas Important features include gas-tight breech which protects the operator against backfor projectile shooting, accurate ! balance. The weapon is perfect for dispersing mobs, quelling riots. routing barricated criminals, guard ing payrolls, etc. Such guns are used by leading state constabularies, most large penal institutions, the l Royal Canadian Mounties, federal day. reserve banks, U. S. bureau of investigation, armored car companlarge industrial corporations and leading law-enforcement agencles. An officer may stand off 125 yards with this gun and fire a tear gas projectile in a window of a room offering protection to criminals, and the gas will drive them out almost instantly.

The need for a light, fast-shoot accurate firearm for law-enforcement officers has been vividly demonstrated in the concerted drive now being waged against criminals. Authorities have discovered the futility of trying to apshend desperate racketeers and day. kidnapers with ordinary sidearms and rifles. ### To Be Held In Colorado Apr. 21

COLORADO,—Whether or not 3.2 beer shall be legally sold in Mitchell county is to be determined Saturday, April 21, in a special referendum election ordered Thursday noon by the county commissioners court. Order for the election was passed after petition had been filed with the court by citizens of clorado and other communities. Announcement that the election

had been ordered was made by County Attorney Dell Barber, Barer expressed hope that qualified voters would go to the polls and ex-press their wishes on the question, n that verdict to be written at he ballot box be representative of ublic sentiment.

In the referendum election held saturday, August 26, last year, Colorado polled a majority of 25 votes in favor of beer. The vote was 310 to 285. Veters of the county, howver, turned the proposition down by the ratio of 707 to 450.

But the city turned thumbs down on repeal of the 18th amendment by a lead of 16 votes and in the ran up a lead of 317 votes.

HOT weather is almost here! Hot weather, with its faster driving and greater strain on automobile motors. Winter-worn oils and greases need to be changed. Your crankcase oil is probably diluted from frequent cold-weather choking. Your differential, transmission and chassis must have sturdier, heat-resisting lubricants. Your battery and radiator ought to be checked.

That is why we have created Magnolia "Sum-MER-IZE" Service. In one complete check-up, your car is prepared for the hottest weather and you are ready to go where and when you please without worry or fear.

Check the seven points at the left. Notice how thoroughly we go over your car. Remember that "SUMMER-IZE" Service is distinctly a Magnolia Service. Drive in today!
