## PIK Commodities Cause Storage Concern

### ASCS Exec. Urges Producers' Sign-Up

With only fifteen actual working days left until the PIK sign-up deadline of March 11, just forty percent of Bailey County's farmers had signed up as of Thursday, February 17, according to Rusty Williamson, ASCS Executive Director. Williamson heartily encourages area producers to 'get in the office and get signed up.' These applications take some time, and must be handled carefully. We need to sign up about forty farmers or farms per day to ensure every Bailey County farmer a berth in the PIK plan."

land which is actually in production will be tended much more rigidly than before. However, some are still worried about the possibility of a producer harvesting crop from his set-aside or lay-out land. This is strictly against regulations, since no farmer may plant any harvestable crop on lay-out land. Therefore, there should be no excessive stack up at grain elevators.

Most farmers who are in the PIK program will be moving out their PIK commodities as soon after October 1 as possible, with a number of them already precontracting. The PIK contract that is given to a producer when he signs into the program is also being used as a basis for collateral at lending institutions, since it shows exactly how many bushels or pounds of a commodity that producer has. Elevator personnel say that this has helped the economy in the Muleshoe trade area, since farmers are now beginning to have some cash.

Regardless of rumors of extensions for the sign-up deadline, no exceptions will be made unless they are ordered by the USDA - at least not in Bailey County. With the expected influx of PIK commodities, some concern has been voiced locally regarding the storage of corn and grain for the coming season. According to estimates, Bailey County will harvest approximately seventy percent of their normal harvest in a normal year for 1983. Many farmers and farm-related industries feel that this will be due to the fact that the

### County Youth On 'Winning Streak'

Area 4-H members have been on the move recently, attending major stock shows in the state such as El Paso and San Antonio, making a good showing for the County in both places. In the recent El Paso Exposition, Colin Tanksley showed the first place middle weight Cross Steer in his class; Jay Gleason placed third with a heavy weight Cross steer and Todd Bessire placed sixth with a middle weight cross. For the San Antonio Livestock Show, twenty-three hogs and some twenty steers were shown from Bailey County with a number of them making the premium sales. Winning first place in his class of Pure Bred Herefords at San Antonio, as

well as Breed Champion was Eddie Johnson of Muleshoe. Sharla Morrison placed first also with a light weight Charlois steer and 7th with a middle weight Maine-Anjou. Brenna Robertson and Jay Gleason both brought home second place wins with their steers. Brenna showed a middleweight Hereford and Jay a light-weight Maine-Anjou. Chris Young placed fourth with a light weight Charlois; Jerry Gleason placed fourth with a light weight Hereford; Jodie Wheeler placed fifth with a heavy weight Chianiana; Eddie Johnson sixth with a middle weight British Cross; Jerry Gleason seventh with a middle weight Simmental; Jamie Wheeler

### Lazbuddie FFA Place In Show At San Antonio

Several students from the Lazbuddie High School FFA made a good showing at the San Antonio Livestock Exposition and Rodeo, according to Vo-Ag Instructor, Rick Copp. Jeff Jesko showed to a fourth place with his medium weight Red Angus steer and also showed the fourth place winner heavy-weight Red Angus steer. Sheldon Mason showed the fifth place heavyweight Red Angus Steer; Shane Mason was 30th with his

### Annual Co-Op Meet Planned February 26

All members and invited guests of the Bailey County Electric Cooperative Association will be treated to a free lunch on Saturday, February 26 when that organization holds its annual meeting. The lunch and program is planned to be held in the Cochran County Activities Building in Morton, Texas, with registration getting underway at 11:30 a.m. Members must register to get their meal tickets and serving lines will begin at 12 noon.

The annual business portion of the meeting will begin at 1 p.m. and three directors will be elected for terms of three years each. The newly elected directors will replace those whose terms are now expiring.

Men who have been nominated to fill the vacancies of directors include Lewis Wayne Shafer and Randy Marlowe for District 4; Glenn Lowe and Don Lowe for District 5; and Ernest W. Trull and J.W. Smith for District 7. Other nominations may be made from the floor at this meeting.

A financial report, progress report and a general condition of the Cooperative will be given to

### School Board Will Meet Monday

A special meeting of the Board of Trustees for the Muleshoe Independent School District has been called for Monday, February 21 beginning at 7 p.m. in the School Administration office.

The purpose of this special emergency meeting will be to consider several items. One item will be to consider a resolution in support of the University Interscholastic League.

Members will also discuss a roof replacement on the cafeteria building at Mary DeShazo Elementary School and will hear renovation updates. The final item will be the consideration of personnel.

### Texas Sales Tax Check Largest Ever; Muleshoe Increased By 8.6 Percent

HE'S A WINNER--Eddie Johnson, a 19 year old youth from Muleshoe, took the Pure Hereford Champion Steer prize with his 1035 lb. steer at the San Antonio Livestock Show Saturday. This show marks the Stock Show debut for Johnson and his 18-month-old steer, Yakima Cannut. Johnson, a senior at Muleshoe High School, is the son of J.R. and Deborah Carpenter.

State Comptroller Bob Bullock Monday returned \$114.3 million in local sales tax payments to 974 cities who levy the one-percent city sales tax.

Although the payment is the largest single one returned to cities since the rebates began in 1968, Bullock warned merchants and city officials not to make too much of it.

"Our sales tax goose is still laying golden eggs but they are not growing as fast as they used to," Bullock said. The Comptroller pointed out February allocations, based on sales made in December, are traditionally the biggest of the year.

"Last February we made an allocation that was 16 percent higher than the previous year, which was

16 percent higher than the year before that," Bullock said. "This February, our allocation is only 7.49 percent higher than February 1982. And a good deal of this is because of streamlined procedures we're using to get as much city revenue back to the city that collected it just as soon as possible. If we took out the part of the increase due to processing improvements, the rate of growth over last February would look even smaller."

Houston received the largest check, for \$21.8 million, down 2.5 percent from February 1982. Dallas' check for \$13.1 million was up more than 17 percent from the previous February.

In Muleshoe, the net payment for City Sales and Use Tax Allocation for this period amounted to \$35,280.42, up \$5,296.26 from the \$29,984.16 comparable payment at the same time last year. Total 1983 payments to date for Muleshoe amount to

\$42,467.18, up \$3,372 over the 1982 payments to date. These totals reflect a change in percentage of 8.60 percent for Muleshoe.

Three cities in Castro County reflect a county total of \$26,605.21 net rebate for this period ending February 7, 1983. Comparable payment for the same time last year for Castro County was \$25,267.42. Total 1983 payments to date for the county amounted to \$35,195.38, up slightly from the \$34,315.65 of 1982 - a change of 2.56 percent for the summary period. Dimmitt, the largest of the three towns in Castro County, accounted for \$22,273.69 of the net payment received in 1983, as compared to \$20,098.29 for 1982. Total payments in 1983 to date for Dimmitt reached to \$29,413.05, as compared to \$27,882.55 of 1982 - a 5.49 percent change over the year's period.

### Adult Probation Collection Up \$7 Million For Year

The Texas Adult Probation Commission reported today that adult probationers paid a total of \$24.5 million in restitution, court costs, fines and attorney fees during 1982.

According to Commission spokesman Dick Lewis, the total is up by nearly \$7 million over similar payments in 1981 and is al-

most 2½ times the total amount collected five years ago.

As offenders are placed on probation, the court, may as a condition of their probation, require the probationer to pay restitution to the victim, court costs, fines and fees incurred for court appointed attorneys. Collections of these probationer payments are usually the responsibility of the local adult probation departments. The departments keep individual accounting records showing the amounts assessed and payments made by each probationer being supervised. As collections occur, the local department makes the appropriate payments to the victim and county.

Costs and fines paid by probationers in Bailey and Parmer Counties from September 1, 1980 to August 31, 1981 totaled \$41,136.85; from September 1, 1981 - August 31, 1982 totaled \$60,038.45 an increase of \$18,901.60 for the year's time, according to Bud Street, Bailey County officer. From September 1, 1981 - August 31, 1982 - Bailey County totaled \$36,276.34; from September 1, 1981 - August 31, 1982 - Parmer County totaled \$23,762.11.

### Mules Finish Season Of Play

The Muleshoe Mule Varsity basketball team finished out a disappointing season, score-wise, on February 15, dropping their final game to the Dimmitt Bobcats at 46-85. On February 11, the Mules had a little respite taking on the Tulia Hornets and soundly defeating them 62-48. In the Tulia game, the Mules hit on 48 percent of their field goal attempts, getting 26 out of 54 tries. Free throw average was 37 per-

cent with the Mules hitting ten out of 27. They picked off 19 offensive rebounds and 32 defensive rebounds, but turned the ball over ten times. The JV Mules won at Tulia with sixty-one points to the Hornets' 28.

The final game, played at Dimmitt saw the Mules attempt 60 field goals, only making 20 and a percentage of 33. Free throw attempts totaled twelve with

Topics that will be covered include filing requirements, filing status, taxable income, possible deductions, explanation of new forms, deductions for de-

### Projected County Growth May Create Problem

An anticipated 74.30% growth by the year 2000 in Bailey County will have a severe impact on all aspects of the transportation system, Ben Alley, District Engineer, District Five, State Department of Highways and Public Transportation, Lubbock, said today.

"The increase in population will probably bring an increase in vehicles of at least 50 percent -- and that is a very conservative estimate," he said.

"When you consider that everything we eat, wear or use has to be transported at one time or another, you

can easily see the fantastic impact that our projected growth will have on our aging transportation system." Ben Alley went on to note that Texas already has more traffic on many highways than can be handled efficiently.

"The addition of half again as many vehicles, or more, to those streams of traffic clearly underlines the need for enormous programs of improvement and maintenance," he said, adding that all types of trucks and service vehicles

### Farmers Asked To Complete Census

Major farm and commodity groups are asking farm and ranch operators to complete and return their 1982 Census of Agriculture forms by February 15, according to the Commerce Department's Census Bureau.

Dr. John H. Berry, chief of the Bureau's Agriculture Division, says that prompt return of the report forms will reduce costly follow-up mailings, speed availability of data, and help produce a more complete and accurate census.

Questionnaires were mailed late in December to more than 2.5 million farm and ranch operators. The census, conducted periodically since 1840, gathers data from all farm operators in the nation and is

the only source of comprehensive data on the county level.

Individuals engaged in

production of crops or livestock in 1982 who have not received a census report form can request one from

## Birthday Reception Honors

### Mrs. Scott Swafford

Mrs. Scott Swafford was honored on her 90th birthday Wednesday, Feb. 9, with a reception hosted by her children, Mr. and Mrs. Jack Morris of Plainview and Mr. and Mrs. Porter Swafford of Peru, Indiana. Bouquets of red roses and silk flowers decorated the parlor of the First United Methodist Church for this celebration.

Mrs. Patti Noel, granddaughter, registered the guests who greeted Mrs. Swafford during the afternoon.

An arrangement of spring flowers accented the serving table which was covered with an ecru organza cloth. Serving the decorated two-tiered birthday cake was Mrs. Robert Hooten and presiding at the silver punch bowl was Mrs. Eugene Black.

Mrs. Swafford was born Adelyn Hays Feb. 9, 1893, in Bexar County. Her father was a Baptist minister. She graduated from Southwest State University in San Marcus and taught many years in the Texas public schools. She married Scott Swafford Oct. 15, 1920, in Corsicana. They moved with their family to Muleshoe in 1959.

Mrs. Swafford is a member of the Baptist Church, a member and past president of the Muleshoe Friendship Club, a member

of the Muleshoe Area Retired Teachers Association and a PTA past president. Out of town guests were her son, Porter Swafford, Peru, Indiana; granddaughter, Mrs. Patti Noel and great grandson, Scott Noel of Plainview; a sister in law, Mrs. Jane Hays and Mrs. Susie Serrat of Idalou.

Mr. and Mrs. DeLoach Celebrate 50th Wedding Anniversary

Mr. and Mrs. R.E. "Bud" DeLoach will be honored with a 50th wedding anniversary reception Sunday, Feb. 20 (today) at the fellowship hall of the First Baptist Church in Sudan, from 2 to 4 p.m.

DeLoach and the former Ida Rene Crain were married Feb. 25, 1933. They have lived in Sudan area for 58 years. They have one daughter, Mrs. Wayne Swart and one son, Robert DeLoach, both of Sudan. Also six grandchildren and four great grandchildren.

Probably So! Doctor (after examining patient: "I don't like the looks of your husband, Mrs. Adamson."

Mrs. Adamson: "I don't either, doctor, but he's so kind to the children."

## Albert Simmons Celebrates 99th Birthday

Albert Simmons recently celebrated his 99th birthday with a reception at the home of his daughter, Lucille Hatcher. Five of his children were present for the occasion. They included Albert Simmons, Jr. of Fort Worth, Damon Simmons of Vernon, Lucille Hatcher of Wink, Hazel May of Sudan and Weldon Simmons of Wills Point.

There were also third and fourth generation visitors. Ginger Ricey, daughter of Hazel May, and her son, Johnathon Ricey, eight months old, joined in wishing their granddad and great grandfather a happy birthday. Simmons has five surviving children, 11 grandchildren and 17 great grandchildren.

He was born Dec. 13, 1883, in a dirt dug-out about ten miles east of Vernon in Wilbarger County. This dug-out home houses many memories of his early life. One instance that he recalls was when a group of Indians came into the dug-out one day when his mother and children were the only ones there. They ate what they wanted and helped themselves to what they wanted, for example, tobacco, and left. A little while later, they returned and left a half side of buffalo meat hanging outside. His father and family

were about the third family to settle in Wilbarger County. They helped build the first structure in the county, the Doan's Crossing, famous for being on the cattle drives to Dodge City, Kansas. They still have an annual picnic each year, the first Saturday in May.

He staked off a section of land, plowed a furrow around it and homesteaded it. This is where he raised nine children, five of them are still living. Albert at 99 years of age, is the oldest of those living including twin sisters, who are 97 years old, a brother 91 and a 86 year old sister.

In 1935, Simmons moved his family to his farm near Sudan and retired from the farm to city living in 1947. After his wife died in 1964, he lived alone until his health deteriorated to a point, where he moved to Wink in 1975, to live with his daughter, Mrs. Hatcher.

In his younger days, he remembers his father going to Gainsville, 230 miles twice a year to buy supplies. This was by wagon and oxen. He also recalled the excitement of watching their first house being built. As soon as the floor was built, all the children took pallets and slept at the new house.

His formula for long life is to "work hard and eat anything you want." He reared seven children, two of whom are deceased.

### Progressive Home Club

The Progressive Homes Club met Wednesday, Feb. 16 in the home of Vera Engelking with five members present.

Mozelle Rippe, president, called the club to order and Vera Engelking called the roll in the absence of the secretary, Roll Call was answered by household hints and poems.

Lucille Harper gave a tip on cake making with a Micro-Wave. Mozelle Rippe read "Blessed 83" and Vera Engelking read "And We Called It Home" Minutes of the previous meeting were read and approved and a treasurer's report given. The hostess gift was drawn by Mozelle Rippe.

The program was presented by Vera Engelking. She showed hand made articles and snap-shots after which she took snap-shots of the ladies.

Refreshments were served by the hostess to: Lucille Harper, Naomi Black, Wenona Gibson and Mozelle Rippe.

Club adjourned to meet March 16 in the home of Wenona Gibson.

#### Manual Training

A professor of law said to his students: "When you're fighting a case, if you have the facts on your side, hammer them into the jury. If you have the law on your side hammer it into the judge."

"But if you have neither the facts nor the law?" asked one student.

"Then," answered the professor, "hammer the table."

#### Birthmark

"Your son ordered these photographs from me."

"Ah, yes, Well, well, they certainly look very much like him. Has he paid for them?"

"No, sir, he hasn't."

"Ah, yes. Very like him, very like him."

## 4-H Club Marks 75th Anniversary

This year marks the 75th Anniversary of 4-H in Texas.

Since 1908 when County Agent Tom Marks organized the original Boys Corn Club in Jack County, 4-H has grown into a dynamic organization of some

125,000 youth in Texas and more than 5 million throughout the nation, points out Linda Mullin, county 4-H program leader with the Texas Agricultural Extension Service, Texas A&M University System. Out of the land-grant

college system begun in 1862, a need evolved to educate young people who might be interested in following agriculture for a career. Thus the corn clubs of the early 1900s became the foundation for 4-H. These clubs were designed to teach the latest principles of agricultural production to youth who would, in turn, demonstrate their new-found knowledge and skills on their family farms.

With its roots in agriculture, 4-H has since expanded and broadened its scope and now offers more than 60 different project opportunities for boys and girls between the ages of 9 and 19, Mullin points out.

The mission of 4-H today is to help youth acquire knowledge, develop life skills and form attitudes that will make them self-directing, productive and contributing members of society.

Today's 4-H'ers are active in such areas as energy conservation, environmental improvement, community service and food production, says Mullin. They participate in programs that aid youth employment and career decisions, health, nutrition, home improvement and family relationships.

4-H clubs and projects are offered in virtually every community in the U.S. today, with local volunteer leaders providing their time and energy to insure that 4-H'ers have a chance to grow and develop to their full potential.

4-H has come a long way since 1908, but many new frontiers still await to be conquered.

We're in favor of the six-week vacation and some businesses have found it pays dividends.

## Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on February 22 and 26 include low sodium stir-fry cooking, cake decorating basics, and information on fructose. "The Creative Woman" airs at 12:30 p.m. on Tuesdays and at 2:00 on Saturdays on KENW-TV.

Fructose is appearing in more foods and on more labels these days. Laura Jacobs, County Extension Agent from Farwell, Texas will present this part of the program and explain what fructose is and what its uses are.

Stir-fry cooking is not only quick and easy but very much fun. Louise Erickson will demonstrate a stir-fried chicken and vegetable dish that's not only low in sodium but low in calories, too.

Mary Oates of Santa Fe will be another guest and she will demonstrate the basics of cake decorating, showing how to do borders, make flowers, leaves and vines and decorating.

On February 24, the topics will be making continuous bias strips, information on medic alert and a book review. "The Creative Woman" show airs at 12:30 p.m. on Thursdays on KENW-TV.

Jewell Limacher, Extension Home Economist from Roswell will show how easy it is to make continuous bias strips, which are big time savers for making piping, cording and bias binding for many home sewing projects.

Sandy North, former director of nurses at Roosevelt General Hospital in Portales will discuss the importance of medic alert emblems, and Len Walker, Promotion Director at KENW-TV will present a

book review on "A Rose in the Heart" by Edna O'Brien.

Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

## Welcoming Coffee Honors

### Ernest Kerr

Ernest Kerr was honored with a welcoming coffee Wednesday, Feb. 16 from 10 to 10:30 a.m. in the day room of the Muleshoe Nursing Home, where he is now a resident.

Jim Swanner, Nursing Home Administrator, was on hand to welcome Kerr and to share his thoughts with the residents. Jackie Johnson helped with the refreshments.

Kerr the second in a family of eight children, was born Sept. 18, 1914, in Buncombe, Ill. a small town southeast of St. Louis. After graduating from high school, he decided to go to Alaska. He got as far as Texas where he stopped in Hereford to visit his great uncle.

He liked the Plains so well, he stayed. He graduated from West Texas State in 1939, with a BS in agriculture. The war came along and he served his country five years.

In 1946, he married the former Ruby Lee Baker. They had three daughters, Pam, Lindy and Deb. The

Kerr's moved to Muleshoe in 1950, where he was in partnership with his father in law, in the butane business.

In 1960, he went to work for the Federal Land Bank. He retired in 1979.

The Kerr's have seven grandchildren, three boys and four girls.

### Claudine's Country Club Comments

By Claudine Elliot

The Ladies Country Club Association met Wednesday, Feb. 16, for our monthly luncheon and business meeting. Our president, Jeanetta Precure presided over the business meeting. All business was

discussed and all committees made their reports. Dorothy St. Clair had received a flyer from the Women's West Texas Golf Association inviting all the ladies of our club to play in their tournament this year. The tournament will be held at the Amarillo Country Club during the week of June 6 through 11. All ladies interested in playing in this tournament should enter as soon as possible.

### Friendship Club

The Friendship Club met in the home of Sena Stevens on Feb. 10 for their regular monthly meeting.

The business was taken care of by Sena Stevens, president.

Refreshments were served to Ruth Shafer, Maud Young, Catherine Cole, Olen Watts, Erma Ray, Sammie Ethridge, Gladys Dorsey, Blanche Johnson, Rob Damron, Jewel Griffiths and the hostess Sena Stevens.

17 Argilee Millen for the most sevens.

Anita Foster is our playday chairman for this year. She gave out awards for this month; Feb. 2 Dorothy St. Clair, Jeanetta Precure, Analita Haley and Argilee Millen for low on ace three pars; and Feb. 9 Analita Haley for longest drive on No. 2.

We had a good month this month even though our weather was bad part of the month. The ladies enjoyed playing cards on those cold Wednesday afternoons. Eventhough one table of ladies laughed and made so much noise the other table threatened to make them move.

Then we had a fun afternoon when one of our walking golfers started to hitch a ride on Evelyn's cart only to have Evelyn start the cart rather suddenly and the hitchhiker found herself laying flat on her back on the ground in the mud. It was funny to everyone but Dixie I wonder why?

Come on out each Wednesday for cards and golf. It won't be dull! See you next month.

### TEL Sunday School Class Social Held

Members of the TEL Sunday School Class of the Sudan First Baptist Church held their February social Tuesday night in the fellowship hall of the church. Otida Parrish and Rene Cole were hostesses. They carried out a Valentine theme in the decorations.

Louzelle Serratt gave the invocation prior to the Mexican supper that was served.

Rene Cole gave the devotional on "Love" reading from John 13:34-35. She also played a tape of the testimony by Irish Urrey.

Others attending were Jean Harvey, Alma Burnett, Marie Beckett, Rosabel Caldron, Wareena Roark, Thelma Vinson, Hazel Savage, Oleta Reece and Rosie Snow.

## WTSU Buffalo Roundup Set February 25-26

Buffalo roundup will bring about 200 high school seniors from a five-state area to the West Texas State University campus Friday and Saturday, Feb. 25 and 26.

Buffalo Roundup is for high school seniors who plan to attend WTSU next fall and is sponsored by the WTSU Student Foundation, a leadership organization to promote recruitment of prospective students, scholarship and service to WTSU.

Registration begins Friday, Feb. 25, from 5 p.m. to 7 p.m. at the Activities Center. Organizational booths from various groups on the campus will be on display.

A supper will be from 7:30 p.m. to 8:30 p.m. to give the students a chance to meet WTSU faculty and administration members.

Finishing Friday's activities will be a dance from 9:15 p.m. to 1 a.m. at the Activities Center.

Saturday begins with breakfast for the seniors at 9:30 a.m. in the Student Union Building.

A mini-tour of the campus will be from 10:30 a.m. to 11:30 a.m. followed by a pep rally and West Texas-style fashion show beginning at 12:30 p.m.

Lunch will be served in the East Dining Hall from 1 p.m. to 2:30 p.m. with WTSU President Gail Shannon as the featured speaker.

The final activity of the weekend will be a Buffalo basketball game at the Amarillo Civic Center. The seniors will be the guests of WTSU during the WTSU versus Creighton University of Omaha, Neb. game at 7 p.m.

This is the fourth year for the WTSU Student Foundation to invite seniors from schools in Texas, Oklahoma, New Mexico, Kansas and Colorado.

## HERO Officers Spotlighted

Home Economics Cooperative Education is a work program at MHS in which students can enroll and work during school hours. HERO is the club which is connected to HECE just as FHA is the club connected to Home-Ec. HECE students must each also be a HERO member. HERO stands for Home Economics Related Occupations. This year HERO has twenty members, six juniors and fourteen seniors. At the start of the school year the members elected nine officers: President, 1st Vice President, 2nd Vice President, 3rd Vice President, Secretary/Reporter, Treasurer, Parliamentarian, Historian and Student Council Representative.

HERO President for 1982-83 is Beth Harmon. Beth is the 17 year old daughter of Mr. and Mrs. Bill Harmon. She is a senior and this is her second year to be in HERO and also to hold an office. Beth comments, "I feel that HECE has done very well this year. Our group works well together." Beth is ac-

tive in FFA, and FTA, and is employed by West Plains Medical Center in the Lab.

Another employee of West Plains Medical Center is Charli Hawkins. Charli works in the Clinic at WPMC. She is 18 and the daughter of Eugene and Rita Hawkins. Charli is also active in FTA, and this is her second year to hold an office in HECE. She is the 1st Vice President of this club. When asked how she felt she said, "HECE gives students a chance to learn the responsibilities of a job."

Tamara Gilliland is the 17 year old daughter of Jessie Robinson. She is a senior and this is her second year to be a member of HECE and an officer. She is active in HERO, FFA, and NHS. Tamara is employed by Dr. Hamblen's Dental office.

The third Vice President is Abbye Kennedy. She is the 18 year old daughter of Clinton and Gerry Kennedy and is also active in FTA. Abbye is employed by Lamar D. Treadwell and this is also her second year in HECE. She comments, "HECE has been a great learning experience. The experience we get now at work will help us in our future careers."

Marleca Cox is the Secretary/Reporter for 1982-83. She is the 18 year old daughter of Mr. and Mrs. Reagan Cox. She is active in FTA, FCA and is the Lion's Club Sweetheart. Marleca is a senior and

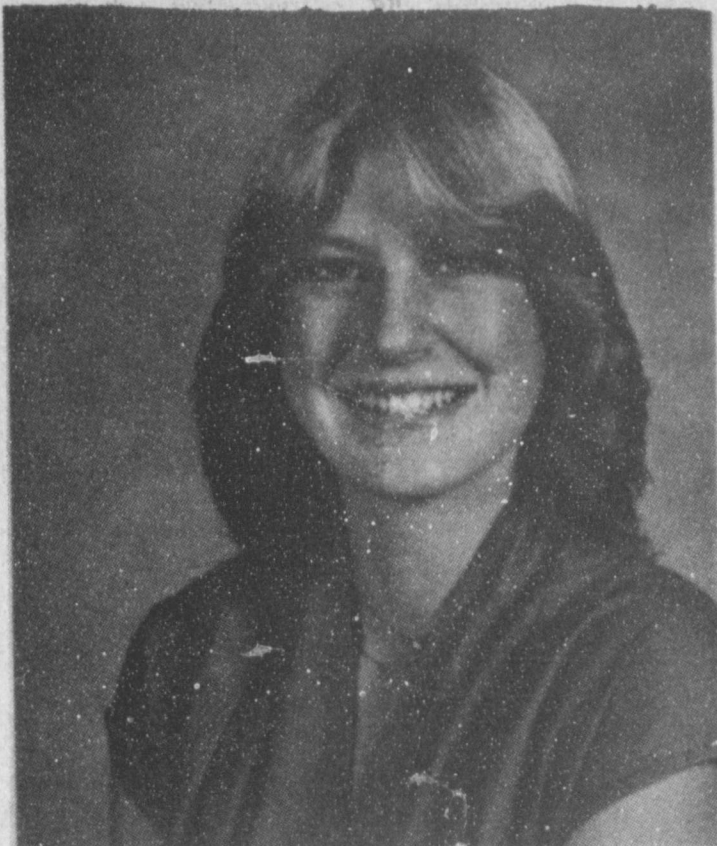

this is her second year to be active in HECE. She commented, "I think that HECE is a very fun program. We learn while we have fun, and it gives us working experience."

Jeffrey Combs is a first year member of HECE. He is a senior and the son of Larry and Berta Combs. Jeff is the Treasurer of HECE. He is active in sky diving, tropical safari, polar bear hunter, bounty hunter, bonzai runner, gourmet cooking, playboy, rock and roll star and speech. He is employed by the Muleshoe Journal. He stated, "I don't know, but I've been told Mrs. Tanksley's okay but she's gettin' old."

Sandra Speck is also a first year member of HECE. She is the 18 year old daughter of Mendell and Maudie Speck. She is the parliamentarian and she works at KMUL Radio Station. She commented, "HECE is a terrific learning experience. It's lots of fun and I enjoy being in it."

Stacey Elder is HERO's Historian. She is a senior and the daughter of Ruth Wimberly and James Elder. She works at First National Bank and is a second year member of HECE. She commented, "HECE is lots of fun and has given me some great experience."

Scott Ellard is the 18 year old son of Mr. and Mrs. Leon Warren. He is employed by Serv-All Thriftway and this is his second year to be active in HECE. He is the Student Council Representative and is active in sky diving, cobra hunting, and mud wrestling. Scott's comments were, "I like HECE because I get to leave school early every day. Ha! Ha!"

## UIL Meets Will Begin In March

Students and teachers at MHS are currently making plans for the UIL literary and academic events that take place across Texas every Spring. In addition to the District 2-AAA meet, two schools are holding UIL practice meets. Lubbock Cooper has one planned for Saturday, March 12 for all events except speech, and Olton is having a practice meet on Thursday, March 10, beginning at 7:30. Olton's meet will be for Calculator, number sense, science, typing, spelling, news writing, and feature writing only.

Several sponsors and their students are working on UIL events. Mrs. Smith has five students competing for the 3 typing positions. Currently practicing for UIL typing are Kristi Heathington, Annette Crabtree, Todd Holt, Denise Wilson, and Kristi Cambell. In shorthand there are 2 contestants allowed and Rhonda Dunham, Tonda Gunstream, and Abbye Kennedy are working to represent MHS. Mrs. Wrinkle's ready writers are Michael Isaac, Marleca Cox, and Janelle Burks with Sherri Bessire as alternate.

## Storyteller Performs For MHS

Denny Dey is a professional storyteller who came to MHS Thursday, February 10. The student council sponsored this assembly.

Denny is 32 years old, and not married. He began his career after majoring in drama. He came across this unusual performing art from his grandfather who was also a storyteller. Dey enjoys his work and he likes to speak for retarded people most of all. Denny feels that he can relate to them very well. Denny Dey speaks to more than 300 schools a year. He has brought happiness through his stories to over 500,000 school students. Denny tells different stories to different groups of people, depending on who the people are.

Denny tells his stories entirely without props, costumes, or makeup. He may just stride on the stage and launch into a story or he may talk to the audience first. He works from memory and plays it by ear. He may change a story or use some of the audience. While telling a story at MHS, he used Zeke Contreras and Micheal and John Isaac in his story. Everyone at MHS seemed to enjoy Mr. Dey and Mr. Dey complimented the listeners by telling them that they were a great audience.

## FHA Holds Sweetheart Banquet

The FHA Rose Chapter held their annual Sweetheart Banquet at the Muleshoe High School Cafeteria, February 12, 1983. Shelley Sain welcomed everyone to the banquet. Janna Wuerflein gave the invocation before the buffet style meal was served. Following the meal, Holly Oakes recognized the special guests who were Mr. and Mrs. Wayland Ethridge, principal of the high school, Mr. and Mrs. Kevin Wiseman, coach at the high school, Mr. Gerald Reid, KMUL, Evelyn Harris, Muleshoe Journal, and Mr. and Mrs. Harvey Bass, lifetime Honorary State FHA members. Encounter awards were then presented by Donna Horn. These girls have worked extremely hard to improve themselves by setting and achieving individual goals. All the girls who have Achieved Level I are as follows: Shelley Sain, Susan Whatley, and Elvira Nunez. Those who have achieved Level II are: Janna Wuerflein, Rachel Hodges, Becky Acosta, Penny Ford, and Andrea DeLeon. The Level III achievers are Donna Horn and Holly Oakes. Mrs. Sue Mader then presented the following special awards: for valuable contribution-Darin Bratcher, John Wuerflein, and Tony Luna; the Eager Beaver award-Penny Ford; and the Miss Reliability award-Andrea DeLeon. A heart shaped box of candy was raffled off to Penny Ford. For entertainment, Mr. and Mrs. Kevin Wiseman sang some love songs. The Queen candidates, who were Donna Horn, Shelley Sain,

Kristen Wanner, and Penny Ford, were announced by Becky Acosta. Before the Queen was announced, Andrea DeLeon presented Donna Horn with the Miss Congeniality award. Kristen Wanner was then announced as the 1983 FHA Queen and Mr. Ethridge did the honor of crowning her. The FHA chapter would like to thank everyone who had a part in making the 1983 FHA Sweetheart banquet successful.

## MHS Welcomes Student Teachers

The students and faculty of MHS are happy to have three student teachers join their staff. These three men are from Eastern New Mexico University and are completing their hours for their teacher's Certification.

Teaching with Mrs. Allison is Mr. Gary Miller. He will soon be taking over four Civics classes and one Sophomore English. Mr. Miller is originally from Longview, Texas, but has resided in Portales for the past seven years. He is working on a major in education; however, he already has his major in Religion and Agriculture. At this time Mr. Miller has no definite plans for his future. He is considering continuing for his Masters in education. Mr. Miller commented, "I believe real strongly in education and would like to return overseas to teach in English-speaking schools for the armed forces. Education does not cease, but schooling does."

Mr. Lonnie Scott will be taking over the P.E. classes. He was raised in Melrose. He lives in Portales and attends E.N.M.U. His family is still in Melrose and lives on a ranch. He also has one brother and two sisters. Mr. Scott is majoring in Physical Education and would like to stay around this area. Mr. Scott comments, "So far students have been really nice and faculty super. The athletic program looks like its on the up-swing."

Mr. Julius Hill is from Ft. Worth. He is teaching two health classes, two P.E. classes and girls off.

Democracy in the world will work better when more people are interested in the general welfare and less interested in private profit.

## Mules Sting Hornets

The Mules played the Tulia Hornets for their last home game Friday the 11th and put out quite a showing, beating the Hornets 62 to 48. The Mules shot really well from the field for the game, connecting on 26 of 54 shots (48%). In the first half the Mules shot a sizzling 52% from the field. They shot 45% from the field the second half. The Mules shot very poorly from the charity stripe, hitting on only 10 of 27 shots (37%). The Mules rebounded really well, grabbing a team total 51 rebounds and they handled the ball well also turning it over only 10 times. Leading scorer for the Mules was Michael Isaac with 25 points in his last home game of his career. Darin Shaw chipped in 14 for the Mules. Other scorers were Mark Moton with 8, John Isaac with 8, Jeff Hamilton had 4 and Trent Hysinger added 2 for the Mules. The Mules traveled to Dimmitt to take on the top ranked team in the state. This was the Mules last game of the season. They were beaten by a score of 85 for the Bobcats and 46 for the Mules. The Mules ended the season with an overall record of 11-15 and a district record 2-8.

## Hance Seeks PIK Tax Protection For Farmers

Congressman Kent Hance has introduced legislation designed to protect farmers who participate in the government's Payment-In-Kind (PIK) program.

"Many farmers are refusing to sign up for PIK because of the possible adverse tax implications," said Hance, a member of the tax-writing Ways and Means Committee. "PIK is supposed to help our farmers out of the financial depression they are facing today, not create additional tax problems."

pendants, tax breaks for senior citizens, two earner wage deduction, IRA plans, income averaging, child care credit, head of household, rate reduction and required records.

"This is an opportune time for citizens to learn more about tax planning and legal deductions often overlooked," commented Linda Mullin, County Extension Agent. Time will be allowed for questions and answers.

There is no charge for the program and all citizens are invited to attend regardless of race, color, creed, sex, religion or national origin.

scheduled for February 23 before Hance's Ways and Means Committee.

## Journalism Scholarships Available

Students wanting to study journalism on the college level are invited to apply for scholarships to Midland College, it was announced this week by Ralph L. Sellmeyer, Allison Professor of Journalism at Midland College.

The scholarships will pay for books, fees and tuition at MC, Sellmeyer said, and are provided through an endowment fund left the school by the James Allison family, former publishers of the Midland Reporter Telegram.

Midland College's journalism program can provide a student an Associate of Arts degree in journalism which will enable him/her to transfer to any four-year journalism program around the state, or equip him to work on community or mid-size daily newspapers, Sellmeyer said.

In addition to the Allison scholarships, students may also apply for paid staff positions on the Midland College weekly newspaper and/or magazine (published each semester), and also for the college-work study program. Those who part-

icipate in the paid staff and work-study programs can earn much of their room and board cost, the MC journalism instructor said.

Those interested should write for applications to: Ralph L. Sellmeyer, Journalism Department, Midland College, 3600 North Garfield, Midland, Texas 79701. Applications should be received by June 1, 1983.

"Payments by probationers in 1982 increased over the previous year for a couple of reasons. First, the total number of adults on probation was greater than in 1981, something like over 20,000 more probationers. With that many more people you obviously have a larger total amount assessed resulting in a greater potential for higher collections," stated Lewis.

"Additionally, I believe the local departments have intensified their supervision of the probationers and as a result, collections have intensified as well. At the same time, I think the courts are placing more emphasis on restitution to victims than in the past," Lewis concluded.

Comparing the 1982 payments to five years ago, 1978, the Commission reports:

-restitution payments to victims have more than

tripled from the \$3,803,218 collected then; -court cost payments are up almost 100% from the \$1,447,384 collected in '78; -fines paid are nearly three times the \$4,497,935 collected five years ago; and

-payments for attorney fees have more than tripled from the \$209,189 reported in 1978.

"When you gather facts such as these, you begin to realize the economic benefits of having an offender on probation pay back the victim and society," Lewis commented.

The figures are annually collected from local adult probation departments by the state Commission.

situation by decreasing the oversupply we have today in corn, sorghum, wheat, rice and cotton," said Hance. "The oversupply is depressing the price farmers get for their commodity and is costing the government billions of dollars every year for storage, transportation, and other farm programs.

"PIK is not perfect, but it is the only game in town right now and for it to work, we must get as many farmers into the program as possible," continued Hance. "This bill removes one of the major hurdles farmers have with the program. It will allow farmers to decide when is the best time to declare income from PIK commodity certificates on their taxes.

"It's needed and it's fair. I hope we can get it through the House and Senate and on the President's desk well before the March 11th deadline for signing up in the program."

H.R. 1296 will also preserve PIK participants' access to the special use provisions of the estate tax law which allows farmers to value their land at its agricultural value if the family maintains an active participation in the enterprise.

## Cotton Harvest Resumes

Sandy soils in southern and central High Plains counties dried enough to support equipment by mid-week, said Mack Bennett, Area Director at USDA's Marketing Services Office at Lubbock. Some moduled seed cotton moved to gins and some harvesting resumed. Ginners in northern counties, where soils are tighter, reported that many of their growers may not be able to move equipment until after March first, Bennett continued.

During the harvest lull, growers continued to analyze the PIK program an-

## February

### Heart Month

### In Muleshoe

What happens within the first two hours of a heart attack can mean the difference between life and death, according to Dr. Bruce Purdy.

"It's during those first two hours after the symptoms begin that more than half of all heart attack deaths occur," Dr. Bruce Purdy said.

The American Heart Association is fighting this early death and disability by urging Muleshoe area residents to recognize the early warning signals of heart attack and get emergency care quickly.

In addition, the American Heart Association pioneered, developed and set standards for the emergency lifesaving technique of cardiopulmonary resuscitation (CPR) used by rescue workers who are called to the scene of a heart attack. The American Heart Association also sets standards for emergency cardiac equipment, drugs and emergency room procedures.

In emergency cardiac care, the role of the American Heart Association is very clear - saving lives in the critical few hours after the onset of a heart attack.

For information on how you can "Put your money where your Heart is," contact your local American Heart Association president, Mrs. Vera Haire at ph. 925-6491.

nounced in late January. Several merchants offered to forward contract these PIK bales at 45 cents per pound, basis grade 42, staple 32, mike 35 - 49 with 1983 Commodity Credit loan premiums and discounts. Several thousand bales have been contracted at these terms.

Growers sold some 1982-crop cotton at around 100 to 250 points over 1982 CCC loan. These mixed lots were mostly grades 42 and higher, staples 30 - 32, mike 35 - 49.

Wet weather has slowed ginning of High Plains cotton considerably, Bennett explained. Lubbock's Marketing Services Office classed about 6,400 samples during the week ended February 10 compared to the peak of 85,000 classed during the week ended December 9. The season's total stood at 657,000 on February 10 and compares with 2,245,000 classed by the same date last year.

Predominant grades were grade 52 at 36 percent, grade 42 was 19 percent and grade 53 accounted for 17 percent. About 51 percent was reduced one grade because of bark and 10 percent for grass.

Predominant staples were staple 30 at 29 percent, staple 31 amounted to 35 percent and staple 32 was

15 percent for an average of 31.0 thirty-seconds of an inch.

Mike 35 - 49 was 76 percent, 33 - 34 amounted to eight percent, 30 - 32 was eight percent while 26 or below accounted for three percent for an average of 38 during the week.

The 1982 U.S. cotton crop (lint and seed) was valued at 3.7 billion dollars. U.S. upland cotton ginnings prior to February 1 this season totaled 11,204,788 running bales.

## Fire Department

### Recieves Check

The Muleshoe Volunteer Fire Department received a check recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Ruby Waltrip.

The money will be used for their loss prevention program.

The Texas Farm Bureau Insurance Companies pay fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

Hard work becomes harder if it is postponed.

## Storage Concern

year of storage, but PIK seems to be a blessing to the economy." Crittenden expects that until the local elevators can rid themselves of the burden of the PIK grain, the majority of the 1983 harvest will go to storage on the ground for about the first five months, with the exception of corn. "Corn must be picked up and put inside by March 1 in order to get a warehouse receipt," he said. Milo can be stored on the ground indefinitely without damage to the commodity.

Crittenden also stated that the amount of grain in local elevators could be fed out to cattle in this area within 90 days, thereby emptying the coffers for the new incoming crops in short order. About the only problem remaining, storage-wise, is the fact that elevators are full right now; however, most elevator men believe that they can be emptied at a fairly fast rate.

Elevators do not stand to make any excessive money on in and out charges nor on storage costs. Generally explained, if an elevator buys a farmer's commodity for resale, there are no in and out charges. According to reports, a lot of the grain now in local elevators will be purchased by the elevator and sold to feed yards.

A number of lending institutions believe that the PIK program is a lifesaver for the farmers and M.D. Gunstream, President of the First National Bank of Muleshoe has stated that it is the "only thing saving Bailey County and the family farms."

Joe Bob Stevenson, who works for King Grain told the Journal that while the elevators will hurt a while, so will everyone else, at least until the economy can get back on the track. Stevenson doesn't foresee any undue problems for the 1983 harvest season.

On a final note, Williamson told the Journal that the key to the PIK program is in the farmer's hands. It is dependent upon that farmer to get his application in time to meet the deadline. "Waiting will not get it done. A farmer who fears that the USDA may make changes in the program should also remember that same farmer will have a chance to revise his sign-up if any change proves to have a diverse effect on his

February 7, 1983 amounted to \$8,255.65 and showed to be up slightly when compared to the \$8,254.14 of 1982. Total 1983 payments to date for Morton have reached \$9,254.08 and reflect a downward trend from the 1982 payments during the same period of \$10,447.01 - a change of 11.42 percent. Whiteface, also in Cochran County, showed a decided decrease for the year's total with a minus \$2.69 percent change.

Hereford, in Deaf Smith County, received \$86,764.39 in city tax rebates for the period ending February 7, 1983, as compared to \$73,797.93 received at the same time in 1982. Total 1983 payments to date for Hereford amount to \$106,586.62, a 12.86 percent change over the \$94,439.41 for 1982.

In the City of Levelland, Hockley County, the net payment for the period just ended amounted to \$117,832.78, up from \$111,783.19 for the same time period in 1982. Total 1983 payments to date for Levelland show \$143,907.27, down for the year from the \$150,587.08 of 1982. This reflects a minus 4.44 percent change. The city of Sundown received \$10,321.05 net payment in February, as compared to \$31,080.87 for the same period of time in February, 1982. Sundown is also lower in total 1983 payments to date, comparing \$13,864.11 in 1983 with \$39,363.60 in 1982 - a 64.78 percent change. Total change of percentage in the entire county was minus 16.39 percent.

Littlefield, Texas, the largest city in Lamb County also reflects the largest amount of sales tax rebate for the period involved. They received \$46,562.23 in 1983 which reflects and upward swing from the \$40,734.99 at the same time in 1982. Total payments to date in 1983 for Littlefield amount to \$55,762.98, up from \$40,559.06 at the same time in 1982 - a change of 10.29 percent. All other cities in Lamb County were also up in their percentages and overall totals from 1982 to 1983.

Three cities in Parmer County reflected a total of \$24,364.15 in rebates for February, 1983; those cities being Bovina, Farwell and Friona - with Friona having the lion's share. The comparable figure in 1982 was \$24,404.12 which was up slightly at that time. Total 1983 payments to date for Parmer County reach \$28,951.92, down slightly from the \$29,168.03 in 1982 - a change of minus 0.74 percent for the year.

San Antonio received \$6.3 million, up 9.7 percent. Fort Worth got \$4.2 million, up nearly 15 percent over last year. Austin's \$4.3 million was up 26.4 percent over last year but El Paso, continuing to suffer the effects of Mexico's economic trou-

will be needed to serve the growing population, as well as personal automobiles.

"Here in District Five we are looking at an anticipated increase in population from 420,580 to 687,961 in the year 2000. Bailey County population is expected to increase from 8,168 to 14,237. That represents an anticipated increase of 63.57 percent for District Five and an anticipated increase of 74.30 percent for Bailey County, as compared to a 50 percent increase in population expected statewide. That will be an increase of 14 million to 21 million population statewide.

"We are facing this influx of new Texans with a system that is fast becoming obsolete. We not only need new facilities to provide the road networks

for an expanding future, but we desperately need to rebuild and modernize what we have now.

Mr. Alley went on to say that the State Department of Highways and Public Transportation has made a considerable effort to identify what needs to be done and to set priorities for its construction and maintenance projects during the coming years.

"The Department will apply modern planning, construction, maintenance and management techniques in providing for a transportation system that will meet anticipated growth," Mr. Alley concluded.

**The STRENGTH of a Nation...**

At this time, our thoughts are turned to our nation and the war that was fought to bring freedom to our land. Pictured here is a monument to the leader of our people at that time. The people were willing to give their lives that we might be free from tyranny, and have the right to worship as we please. God was with us then as he was with the children of Israel when Moses led them from Egypt. Upon receiving their freedom they sang... "The Lord is my strength and song, and he is become my salvation; he is my God, and I will prepare him an habitation; my father's God, and I will exalt him." Exodus 15:2

Help keep our Nation strong by relying on the strength of the Lord. Attend Church Regularly.

**EVERYONE IN THE CHURCH**  
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Researcher says population trends affect real estate COLLEGE STATION — New households formed at an unprecedented rate in Texas during the 1970's, according to a report from the Texas Real Estate Research Center at Texas A&M University, and the result is changing the types of available housing. Migration from other states, more young people leaving home for the first time and a high divorce rate were all cited by Texas A&M sociologist Dr. Robert L. Skrabanek as reasons for the record number of households being created. The report appears in the October edition of the center's magazine, Tierra Grande. Since 1970 the number of Texas households increased by 1.5 million. Earlier this year Skrabanek, a demographer and keeper of the state's 1980 census data, predicted that by 1990 Texas will pass New York to become the second most populous state behind California. Skrabanek said if current population trends persist, the demand for Texas real estate in the 1980s will be unparalleled in the state's history.

COLLEGE STATION — A Texas economist says income tax forms for most Americans should be no larger than a postcard and easy enough to fill out without the help of a tax accountant or attorney. "Our income tax system is an absurdity, better yet, a monstrosity," says Dr. M. L. Greenhut, who holds the rank of Alumni Distinguished Professor of Economics at Texas A&M University. "The system remains a disgrace and is in dire need of simplification and reform," he said. Greenhut subscribes to a flat-rate tax proposal that would tax individual incomes at a single rate. Indications are a flat rate as low as 19 percent of earned income without any deductions could generate the same amount of income taxes collected today, he said. Under Greenhut's proposal, deductions would be allowed only for interest paid on mortgages, undue medical expenses and capital losses. He would eliminate deductions for consumer installment interest, union dues, moving and educational expenses.

Texas A&M engineer working to improve treatment of cancer COLLEGE STATION — A Texas A&M University electrical engineer is working with a leading Houston cancer institute to improve the effectiveness of a tumor treatment technique that uses heat (hyperthermia). Dr. Walter Kudlinski, a researcher in Texas A&M's bioengineering program, is developing a system that will measure and record the temperatures of tumors undergoing radio frequency hyperthermia treatment. Previous studies conducted by the Stehlin Foundation for Cancer Research in Houston have shown that elevated temperatures can destroy cancerous tumor cells without affecting nearby normal cells. Stehlin Foundation physicians currently are using hyperthermia to treat tumors deep within the body that cannot be removed surgically or that haven't responded to chemotherapy. "Effective hyperthermia treatment of tumors requires precise temperature control," Kudlinski said. "There is only a small range of temperatures where the desired effects of hyperthermia are observed. Temperatures a few degrees lower won't kill the tumor cells and a few degrees higher will destroy normal cells."

A&M professor advocates use of smaller tax forms COLLEGE STATION — A Texas economist says income tax forms for most Americans should be no larger than a postcard and easy enough to fill out without the help of a tax accountant or attorney. "Our income tax system is an absurdity, better yet, a monstrosity," says Dr. M. L. Greenhut, who holds the rank of Alumni Distinguished Professor of Economics at Texas A&M University. "The system remains a disgrace and is in dire need of simplification and reform," he said. Greenhut subscribes to a flat-rate tax proposal that would tax individual incomes at a single rate. Indications are a flat rate as low as 19 percent of earned income without any deductions could generate the same amount of income taxes collected today, he said.
