## Texico School Voters To Decide Bond Issue

by Mary Sobin  
News Editor

Texico Municipal School voters are being asked to go to the polls on Tuesday, Feb. 2, and vote to pass a \$320,000 school bond, which is a little less than one third of the total construction cost for a proposed multi-purpose room and classroom facility, a totally new structure to be erected across the street from Texico High School.

In addition, the voters will be asked to pass a two mill tax levy, funds which will be matched by the state, to bring the total amount of local funds to \$371,819.

Once this has been done, Superintendent James Pierce will then apply to the State for a \$701,700 capital outlay fund grant, and for \$40,527 in a one-year two mill tax levy match.

What it all means is that Texico Schools will have a brand new educational complex with the voters paying for a little less than one third of the total costs, while the State foots the bill for the remainder of the expenses.

Superintendent Pierce was quick to point out that the tax increase for the voters will not be significant when compared to the 1980 school taxes. In fact, the new levies will actually be less than the 1980 levies.

During the 1980-81 school year, the tax rates were at 16.599. If the two mill levy passes on February 2, the tax rate will be 16.520 for the 1982-83 school year. For the current 1981-82 school year, the tax rate is 11.798.

If approved, the new rate will appear in the November 1982 tax notices. There will be no change in taxes during this school year.

The new facility is to feature a multi-purpose room which can be divided into three sections, for two lecture rooms and an additional platform area, with a total capacity of 632. "The room can be used for chorus, concerts, graduation ceremonies, film presentations, and many other educational programs, with three different programs going on at one time," Pierce said, adding that each section can be closed off by electronically controlled folding walls.

The structure will also contain three classrooms, which, according to Pierce, will alleviate the shortage of classroom space the school system is suffering now.

"It's not that we have that

many more students," he said, "but we have more personnel employed to implement many new programs that have been mandated by the State."

In addition, Pierce's office will also be moved to the new structure, opening his present office space, located in the high school building, for use as a conference room and guidance counselor's office.

"When kindergarten began this year we had to house Title I and Title I Migrant classes in the same classroom to make room for the kindergarten students. Also, at the beginning of the year, we had to divide a classroom in the elementary school for the speech therapist and special education teacher," Pierce said.

"This new building will alleviate many problems with space, including the stopping of physical education classes in the gym when programs are to be presented there, and there won't be a need to disrupt the music program when the elementary students put on a program in the music room," he said.

Pierce also said that one of the new classrooms in the facility will be used for office education and business practice.

"We'll have a simulated office atmosphere, and we're hoping to add word processing equipment," he said. Courses in accounting, shorthand, and typing will be taught from this room.

The added space will also allow for such new programs as an upholstery class for home economic students, Pierce said.

The superintendent pointed out that the bonds will not be sold until the State Funds have been received.

Pierce is most enthusiastic about the project, and says that if all goes as planned and everything falls into its right place, construction could begin the latter part of this summer.

"Voters must approve both the bond issue and capital improvements tax levy in order for us to qualify for the State monies," the superintendent said.

Pierce explained that once upon a time the school district could float a bond for the

entire construction costs. Now a bond can be floated for the maximum amount allowed, but "that just won't build anything anymore. The State realizes this and that is why it assists with outlay funds."

"I've had some good feed back," said Pierce. "We've always had good results with bond elections here in the past. We're anticipating a good turnout for this one. We feel the community has always been behind Texico Schools, and we sure will appreciate their support again this time," the administrator said.

School District - -

## Registered Voters May Cast Ballot

Voting in the February 2 Texico school bond election is not restricted to property owners, but is open to all registered voters in Curry or Roosevelt counties who live within the Texico Municipal School District.

Voters in Curry County precincts 1, 2, 3, 11, 16, 17 and 18, and Roosevelt County precinct 1 will vote at Texico City Hall between the hours of 8 a.m. and 7 p.m. MST.

Those persons who will be unable to be in town on voting day, may cast an absentee ballot, and have until Friday, Jan. 29, to do so.

Absentee ballots may be obtained at the office of the superintendent of schools, at Texico High School.

The board of education has proposed a six-year repayment schedule for the bond issue.

This payment schedule, together with the two mill tax levy for three years, will require an annual tax levy increase of approximately \$6.70 per \$1,000 of assessed valuation for residential property owners.

For example, if a taxpayer's property has an appraised value of \$15,000 and an assessed valuation of \$5,000, the cost increase will be \$33.50 per year, or \$2.79 per month.

### Texico King And Queen

Jeff Dunsworth and Tracy Dobbs were named basketball homecoming king and queen last Saturday night at Texico gymnasium. The two were crowned by last year's royal couple, Jeff Day and Schree

Rucker Mayfield. This year's honorees are both active in school activities, and both are members of the varsity basketball teams. Dunsworth is the son of Mr. and Mrs. Eddie

Dunsworth and Tracy is the daughter of Mr. and Mrs. Ray Dobbs. Theme for this year's annual homecoming event was "Celebrating The Good Times."

Homecoming 1982 - -

## Dobbs, Dunsworth Are Texico Queen And King

A capacity crowd of students, parents, friends and alumni gathered at Texico High School gymnasium last Saturday night to "Celebrate The Good Times" for basketball homecoming 1982.

Prior to the varsity girls game against Dora, seniors Jeff Dunsworth and Tracy Dobbs were crowned as the 1982 King and Queen.

Miss Dobbs, daughter of Mr. and Mrs. Ray Dobbs, received the traditional crown and emerald green queen's robe from last year's queen, Schree Rucker Mayfield. She was also presented a bouquet of green and white carnations and a trophy.

Dunsworth, son of Mr. and Mrs. Eddie Dunsworth, also received a trophy and was crowned by last year's king, Jeff Day.

Members of the royal court, after being introduced to the crowd by emcee James Hard-

ing, walked through a white arch decorated with balloons.

Members of the homecoming court included Jill Jesko, daughter of Mr. and Mrs. Raymond Jesko; Ruth Scott, daughter of Mr. and Mrs. Keith Scott; and Sharlet Taylor, daughter of Mr. and Mrs. J.B. Taylor.

Members of the king's court were Tony Tubbs, son of Mr. and Mrs. Alvin Tubbs; Craig Horne, son of Rev. and Mrs. Joel Horne; and Todd Gerles, son of Mr. and Mrs. Herman Gerles.

Following their introduction, the court was led to the stage by crown bearers Mirna Uria, daughter of Apolonia Lonzo, and Stephen Cloud, son of Mr. and Mrs. Larry Cloud.

The royal court stood before a huge replica of a basketball, decorated in green and white, as high school principal Harding announced Dunsworth and Miss Dobbs as the new king

and queen.

Following the coronation ceremonies, Harding then honored John R. Hadley as being "Wolverine Booster Of The Year." Also honored with annual homecoming awards were Gracie Dane as "Oldest Alumni" and Mr. and Mrs. Danny Mitchell as "Parents Of The Year."

Each of the honorees was presented an engraved plaque purchased by the student council.

The gymnasium was decorated in the theme "Celebrate The Good Times" and the words "Wolverines Add Life" were displayed prominently on the wall by the stage. On the other wall was a poster saying "C'mon Let's Celebrate" with photographs from past school events displayed.

The crowd was also treated to a mini-parade consisting of the winners of the school mini-float contest.

The initial parade had been conducted Friday during a pep rally, with the winners being asked to display their floats at the homecoming game.

Winners of the mini-float contest were, freshmen class, best use of basketball; senior class, best use of theme; 7th grade class, best use of green and white;

Also, Bret Taylor, 1st place costume, and Jody McDonald, 2nd place costume. In the tricycle division, the 7th graders also took first place, with second place being awarded to the 6th graders.

Winners of the Green Box contest were also announced at the pep rally, with Dale Schwartze and Kay Single-

In Parmer County - -

## Deadline Is Feb. 1 To File For Office

Deadline for filing for candidacy for public offices in Parmer County is Monday, Feb. 1, at 5 p.m.

Anyone wishing to throw his hat into the ring for any of the elected positions to be voted on this year should file for candidacy at the office of Parmer County Clerk Bonnie Warren at Parmer County Courthouse in Farwell by the 5 p.m. deadline February 1.

Democratic and Republican primary elections for Parmer County will be held May 1,

with several county positions to be voted on, including county clerk, county treasurer, county attorney, county judge, county commissioner precinct 4, and county commissioner precinct 2.

Also to be voted on are district offices, including district clerk, district attorney, and district judge.

General election is scheduled for next fall.

Deadline to register to vote in the primary elections is April 1.

## Commissioners Talk Precinct Proposals

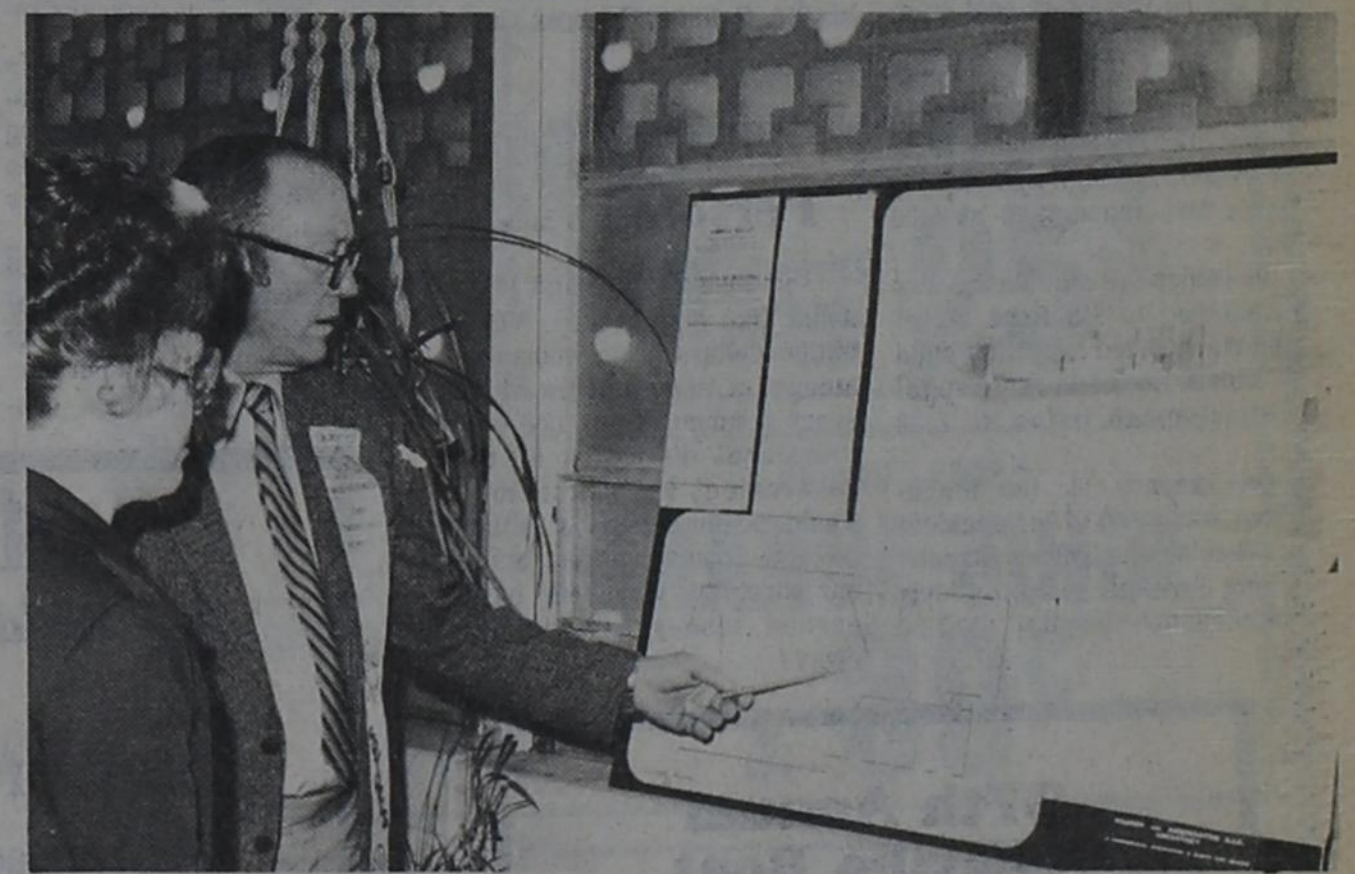

Parmer County Commissioner's Court met in special session Monday once again discussing proposed plans for the reapportionment of Commissioner Precincts, Voting Precincts and Justice Precincts of Parmer County, postponing a final decision until January 25.

According to Parmer County Judge Porter Roberts, a definite decision on the proposals must be made by February 1 so those filing for precinct seats can file for candidacy under the new proposed lines.

The special meeting resulted in no action being taken, the decision tabled until the court's regular meeting, Monday, Jan.

25. "A prolonged discussion was held concerning the latest proposed plan for dividing the population equally," Roberts explained. "The group of visitors, especially Parmer's Democratic Chairman, Richard Collard, cautioned the court to make sure of where the court stood legally before making any decision on these matters," the judge said.

Visitors attending the special session were Glenn Reeve, Sr., Hollis Horton, Jr., Richard Collard, Bill Ellis, B.K. Buske, Charles Caudill, Carl White, Forrest Osborn, and Ron Smiley, all of Friona; and Hugh Moseley of Farwell.

### Explains Plans

Texico Schools Superintendent James Pierce explains the floor plan of the proposed multi-purpose room and classroom facility to Dixie Jesko, a school employee. Texico voters are being asked to approve a \$320,000 school bond as well as a two mill tax levy to help fund construction of the proposed

new structure, which is to be erected across the street from the high school. If passed by the voters on February 2, Texico Schools will have a brand new educational complex with the voters paying for a little less than one third of the total cost, and the State of

New Mexico footing the bill for the remainder. The facility will include a multi-purpose room which can be divided into three sections, and three classrooms. Office space will also be included in the new building. Further information can be obtained at Texico High School.

District Judge - -

## Jack D. Young Announces Candidacy

Jack D. Young has announced that he will seek election as District Judge for the 287th Judicial District of Texas, which is composed of Bailey and Parmer Counties.

Jack D. Young has held the Office of District Judge since May 1, 1981, when he was appointed to such position by Governor W.P. Clements, upon the formation of the newly

created 287th Judicial District. Judge Young said, "I would like to take this means and opportunity to announce my candidacy for election as District Judge for the 287th Judicial District of Texas. The people of Bailey and Parmer Counties are entitled to a full-time judge, qualified to fill the needs of the District Court. I believe that I possess such

qualifications, and if I am continued in such office I pledge to each of you my sincerest efforts to dispense justice fairly and impartially in all matters."

Jack D. Young is a candidate in the Democratic Primary to be held May 1, 1982.

**PURELY PERSONAL**  
by John

It has been said that "truth will out." When it comes to the Federal Budget finding truth is easier said than done. The liberal news media and assorted pressure group organizations are crying that Reagan's budget is wreaking a great hardship upon the needy.

Please remember that the President does not "pass" a budget. All he can do is recommend and lobby for a budget. Congress "passes" the actual budget. Congress lays the budget egg and needs to be smeared with it, not the President.

Edwin Feulner, President of the Heritage Foundation, a public policy research institute, recently penned an essay under the title, "Who are the truly needy?" We pass it along as food for your thought.

How would you like to donate three buses to a rich ski resort or pay for translations of Playboy magazine into Braille? Well, according to Congressman Jerry Solomon (R-NY), it's too late. As United States taxpayers, you already did.

The federal budget now comes to more than \$700 billion a year, but some members of Congress just can't find the nerve to make any cuts. The 1982 budget, actually, will be more than \$50 billion greater than the 1981 budget, even after the 'budget cuts' are implemented. Despite this \$50 billion increase, many legislators still argue that belt tightening will result in millions of Americans being thrown out into the streets. But I wondered about that when I looked at some examples pointed out by Representative Solomon.

"An affluent ski resort in Aspen, Colorado, will get three new buses, courtesy of a recent federal grant. Total cost to transport the rich vacationers to the slopes? \$352,000.

"The Library of Congress spends \$100,000 a year to reproduce and distribute a Braille edition of Playboy magazine. The pictures are obviously not reproduced in Braille, but the jokes and advice columns are.

"The National Endowment for Arts and Humanities was established to enrich this country's cultural life. To that end, last year the agency paid a music teacher \$90,000 to compose and produce historical musicals. For our money we received a musical on Watergate, including the chorus:

"It works! It really works! Even when evil lurks. When men in high places try to administer a cover-up of something sinister. There really is a solution. Because we uphold our Constitution."

You don't have to be a critic of the arts to wonder if we got our money's worth.

"The National Science Foundation awarded a Dartmouth College researcher \$58,000 to study faces and how people react to them. Presumably, the study will not include the look on a taxpayer's face when he finds out how his money is being spent.

"Thanks to the Voting Rights Act, bilingual ballots are forced on states and municipalities, running up unnecessary costs. For example, last year in San Bernardino, California, more than \$108,000 was spent to provide ballot and election materials in languages other than English. Only 113 bilingual ballots were used in their 1980 election at a cost of over \$950 per ballot.

"Naturally, Congress does not scrimp when it comes to spending money on itself. A few years ago, the Senate decided to build a new office building at a cost of \$48 million. The 'great white elephant' is not yet completed, but the estimated construction costs have escalated past \$137 million already.

What is most disturbing about these stories is that few legislators seem to care when another example of foolish government spending is revealed. They treat the tax

**Services Held In Texico  
 For Mrs. Hattye Boling**

Funeral services for former Farwell resident Mrs. Hattye M. Boling, 81, were conducted Saturday from the First Baptist Church in Texico with Rev. J.L. Bass officiating, assisted by Rev. Harvey Hudnall and Joel Horne, pastor. Interment was at Sunset Terrace Cemetery in Farwell.

HATTYE M. BOLING

Boling, who preceded her in death in 1964. They resided in Canyon for a number of years. She was a resident of King's Manor in Hereford at the time of her death and was a member of the Baptist Church. She was a retired school teacher and taught eight years in Farwell schools prior to her retirement. She was a life member of Delta Kappa Gamma, a professional organization for educators. Survivors include one daughter, Mrs. Winston (Dottie) Evans of Odessa; two sons, John S. of Santa Ana, Calif., and Billy R. of Farwell; four half-sisters, Georgia York of Amarillo, Ardath Allen of Bridgeport, Irma Stege of Portland, Ore., and Leola Cantrell of Fort Worth; two half-brothers, Temple Jarnagin of Wildorado and Russel Jarnagin of Amarillo; seven grandchildren and two great-grandchildren. Pallbearers were Jerry Utzman, Claude Coffey, Haden Smith, Royce Cretsingler, Wilber Cretsingler and Elywn Morton.

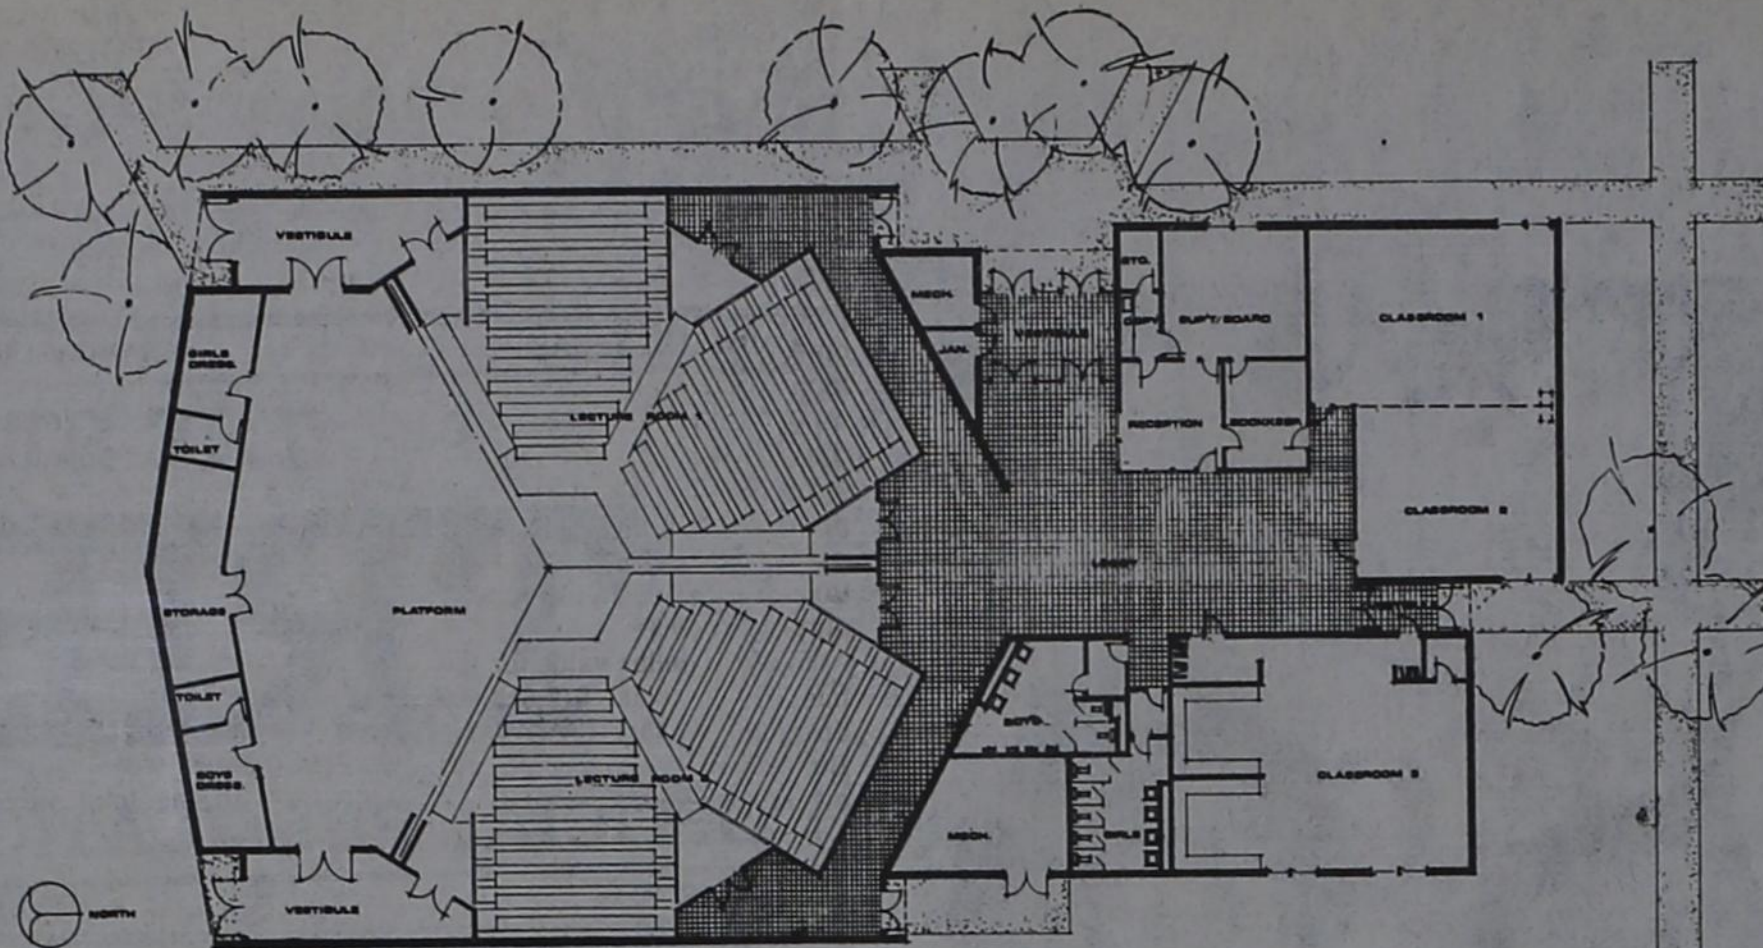

**Claud Selman Rites  
 Saturday In Clovis**

Funeral services for Claud (Rusty) Selman, brother of former Texico resident Ira Selman, were conducted Saturday, Jan. 16, from Muffley Funeral Home Chapel in Clovis with the Rev. Joel Horne, pastor of First Baptist Church of Texico, officiating. Interment was in the Texico cemetery with full military

honors, under the direction of Muffley Funeral Home. Mr. Selman was born January 8, 1896 in Comanche County, Tex. He died Wednesday, Jan. 13, at Clovis High Plains Hospital. Mr. Selman came to Curry County in 1914 and married Murrey Allewine on June 7, 1920 in Clovis. He was a cowboy and a member of the VFW, and was a veteran of World War I. Survivors include one brother, Ira Selman of Clovis; one sister, Clara Ford of Amarillo; and numerous nieces and nephews. He was preceded in death by his wife in 1974. Pallbearers were members of the Cannon Funeral Ceremony Flight.

 Personal . . .**

(Continued from Page 1) dollar like play money. Yet a billion dollars is an enormous amount of money. After all, if every resident of any one congressional district sent the government \$2,000, the total would be just over a billion dollars. Should we just shrug our shoulders when our hard-earned money is frittered away?

**Proposed Floor Plan**

This is the proposed floor plan for the multi-purpose room and classroom facility at Texico Schools. At left is the area which can be divided into two lecture rooms and an addition-

platform area, complete with boys and girls dressing areas for stage productions. Three classrooms and the superintendent's office area are shown at the right of the

**4 Randall Prisoners  
 In Parmer County Jail**

The Texas Commission on Jail Standards advised Randall County recently that its jail did not meet regulations, and advised the county to transfer

some of its prisoners to area jails that were approved by the Commissioner.

As a result of this action, Parmer County jail received four new inmates last Thursday.

**Sheriff's Report**

Parmer County Sheriff Bill Morgan reports only one incident this week.

Clarence Monroe of Friona told the sheriff's office that six International Harvester plant-er boxes and one John Deere quick hitch were stolen from his farm over the weekend.

Monroe, whose farm is located six miles east of Friona, said a total value on the missing items is \$2,000.

Parmer County Sheriff Bill Morgan advises that all expenses for the prisoners are being paid for by Randall County. Morgan also said he "has no idea" as to how long the new inmates will be housed in the Parmer facility, that each of the four prisoners has a different court date.

Other Randall County prisoners were taken to other Panhandle area jails, Morgan said.

**Johnny Curtis - -**

**Farwell Councilman Resigns City Post**

Farwell City Councilman Johnny Curtis sent a formal letter of resignation to mayor Walter Kaltwasser this week, and Kaltwasser and councilman Fred Chandler voted to accept the resignation at the council's Monday night meeting.

In his letter to the mayor, Curtis said: "It is with deep regrets that I must resign my elected position as City Commissioner for the City of Farwell, Texas. 'I have moved to Hobbs, N.M., and cannot fulfill my

obligation as an elected city official. 'I have thoroughly enjoyed working with you and the fine citizens of this truly beautiful small city. 'I look forward to later returning to Farwell, since I call it my home. 'My wife, two daughters and son would like to wish the best for each one of you, and may God bless you all.' Kaltwasser and Chandler will appoint a new councilman to fill Curtis' unexpired term, but both say, 'We will think

about it for awhile and look the situation over,' with an appointment to be announced at the council's next meeting, February 8. In other action taken at the regular monthly meeting of the council, city insurance from Lone Star Insurance Agency was accepted that, that firm presenting the lowest bid to the council. City Clerk Janie Bowery reported to the council that many persons who took out options for lots in Sunset Terrace Cemetery have not made payments in over a year. The council advised Mrs. Bowery to notify the people that if payment is not received within 30 days, their option will be forfeited and the property

will be placed back on the market. Mrs. Bowery was also advised to confer with legal counsel on the situation with the over-due cemetery lot payments. It was pointed out that the city's sanitation department currently under the supervision of Doug Landrum, is showing monthly losses. The possibility of raising garbage collection rates was discussed, with a decision to be made at the next meeting of the council. A resolution was passed allowing for the taxation of personal property for the year 1982.

**Texico Homecoming . . .**

(Continued from Page 1) tery's third graders winning for the elementary; the 7th graders taking junior high honors; and the sophomore class winning for the high school. The varsity cheerleaders entertained with a special routine performed to the song "Celebrate Good Times." The modern dance included use of silver and green pompons, and was presented at both the pep rally and during halftime of the boys varsity game Saturday night. It really was a night to celebrate the good times as all three Texico roundball teams were victorious in their games against the Dora Coyotes. Following the games, alumni gathered at the Texico library for a special reception sponsored by the high school student council and hosted by Kay Warmuth, Ronnie Warmuth, James Harding and Sylvia Burgett.

test; and those who designed and created the decorations and prize ribbons, including Dixie Jesko, Jana Jesko, Tony Cavallero, Eddie West and his Ag classes, and Connie Blue and her English and journalism classes. Those who decorated the gymnasium were Jill Jesko, Lisa Crooks, James Kelley, Chary Jesko, Christi Barfield and Kent Harding. The potted palms adorning the stage during coronation ceremonies were provided by Triangle Home Center in Clovis, and Klimes Corner of Clovis provided the queen's bouquet. Music for the coronation ceremonies was provided by Dana Burk. Assisting the cheerleaders with their pompon routine were Jo Jo Doran and Arlene Guillen, with the silver and green pompons being provided by Leslie Scroggens. Jacque Burk and Brenda Morris registered the alumni as they entered the gymnasium, and the junior class sold mum corsages. Spirit ribbons were sold by the varsity cheerleaders. Serving as judges for the mini-parade and Green Box contest were Marcia Leavell, Rosa Nunez, Wilma Nell Whitener and Mary Sobin.

**Fire Safety Tips**

by David Kuba  
 Texico Volunteer Fireman

Using a wood or coal burning stove calls for some special knowledge. Before you start to use a new stove, make certain it is correctly installed. Don't let your fire get roaring hot. If the stovepipe changes color, the fire is too big and hot. After you get used to the stove, you will be able to control the fire with the dampers. Routinely check to see that combustibles are not close to the stove. A minimum of three feet away is a good safe distance. If you add coal, keep the top damper in the stovepipe open until the coal is burning well. Otherwise a buildup of gases could cause an explosion. Before you open the firebox door to add fuel, or just to look at the fire, ALWAYS open the damper first. This allows the accumulated gases to escape. Otherwise they might flare up or even explode when fresh air enters through the door.

**Around The  
 Twin Cities**

Oklahoma Lane 4-H'ers will participate in a junior livestock show Saturday, Jan. 23, at Oklahoma Lane Community Center. A chili supper will follow the judging events. The event begins at 2 p.m.

### Citizens Ponder Weather, Wonder 'What's Next?'

It has been said that if a person doesn't like weather in the Texas Panhandle area to "just wait a few minutes and it will change."

That was certainly the case this past week, with area residents waking to snow-covered lawns and a chilly 10 degrees on Saturday, then greeting cooler but milder weather on Sunday, and finally, welcoming temps at the 70 degree mark on Monday.

If that isn't enough to make a person scratch the old noggin, there's more.

Tuesday greeted the area with dismal overcast skies, even though weather forecasters on the television promised "more of Monday's weather." The skies broke loose some-

time during the night Tuesday, and early risers on Wednesday were greeted with the sweet smell of fresh rains. The sun finally peered out again by mid-morning.

Fred Chandler at Sherley-Anderson-Pitman in Farwell remarks that the moisture that fell "wasn't more than a trace" and a spokesman at Sherley-Anderson in Lariat says it "just sprinkled a little bit, but you can barely tell it."

A spokesman at Cannon Air Force Base Weather Office says that the weekend "ought to remain fairly mild with a bit of cloudiness and an occasional light rain."

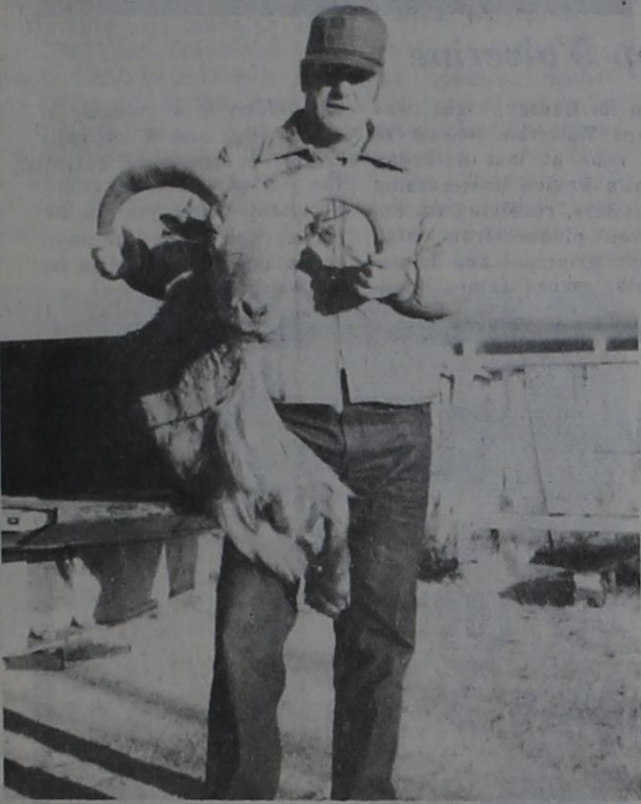

But folks around this neck of the woods have learned to just wait and see for themselves.

### Seeing Is Believing

Weather in West Texas and Eastern New Mexico isn't always balmy and dry as Preston Griffith at Worley Grain Elevator in Farwell proves by pointing to the thermometer at High Noon last Saturday. The indicator shows a mere 10 degrees, a CHILLY 10 degrees at that, as a thin blanket of snow covered lawns

and fields in the Twin Cities area that day. Area wheat farmers were pleased to wake up on Saturday and see the snow, as any bit of moisture will help their crop, but by Sunday the white stuff had disappeared and the early part of this week the area once again enjoyed unseasonable temperatures near 70 degrees.

### Prize Trophy

It only took 20 years, but Dee Brown of Texico finally shot a Barbary Sheep while on a public hunt near Roy, N.M., in Canadian River Canyon. Brown explains that permits for the public hunt are selected by the New Mexico Game Department by computer, with only 45 permits being issued each year. In addition, a

person may have his name put in for the drawing only every other year, and it has taken Brown two decades to receive one of the prized permits. The sheep weighed 240 pounds with horns 22 inches long and 13 inches in circumference. Brown said he shot the animal in temperatures that dipped 10 degrees below zero.

### Spanish Class Starts Thursday At Farwell

Classes in conversational Spanish will begin at Farwell Junior High Library Thursday afternoon, Jan. 21, at 4 p.m. CST. The classes, which are open to all community residents, are for non-credit and will be taught by Orlo Sundre from Eastern New Mexico University. The class will be taught each Tuesday and Thursday at 4 p.m. CST.

Some 20 persons were present for the initial meeting on Tuesday, Jan. 12, when Sundre explained the course and its purposes.

The professor states that he will gear the classes to meet needs of the individuals taking the course. For instance, groups may be divided into those wishing to learn to communicate with school chil-

dren, those wishing to learn to speak to farm laborers, and those wishing to learn better communications in their businesses, etc.

Cost of the classes, which are to meet for 17 sessions, will be according to how many persons attend the classes. The cost will be \$51 per student if there are between 20 and 24 signed up; \$42 for 25 to 29 students enrolled; and if there are over 30 signed up, the cost per person will be \$34.

Anyone wishing to sign up for the course may do so by coming to the junior high library Thursday afternoon, Jan. 21, at 4 or Tuesday, Jan. 26, at 4.

The course will end the week of the school spring break.

## Figures Show \$ Growth For Twin Cities

Both the City of Farwell and the City of Texico registered dollar growth in their total property values for 1981, and both municipalities had an increase in the total number of water meters registered during the past year.

The City of Farwell saw a monetary gain in its total assessed value of property taxable for 1981, an increase of almost \$300,000.

The total dollar value for the past year was \$17,613,960 according to City Clerk Janie Bowery, an increase of \$299,329 over 1980's figures.

In addition, the city saw an

increase in its total tax revenue to be received.

In 1981, the total tax revenue to be received totaled \$65,172.04 as compared to \$56,978.91 for 1980.

Another indication of growth in Farwell is the number of registered water meters, 574 for 1981 as compared to 547 for 1980, or an increase of 27.

There were only four building permits issued in 1981, totaling \$21,700 in value. This was in sharp decline from 1980 when two new businesses and several homes were issued permits, with the total value being \$172,383.

In Texico the water meters indicate a growth of 12. According to City Clerk Marie Christian, there were 337 meters registered in 1981 as

compared to 325 in 1980. Texico's total valuation gained by \$54,756. The total for 1980 was \$1,220,393 as compared to \$1,275,149 for 1981.

"Try not to become a man of success but rather try to become a man of value."

'Versatile Velour Knits' can range from elegant to sporty, depending on the selection of pattern style.

Velours make excellent jogging suits yet become the perfect evening dress for a special occasion.

Although velour knits are sometimes a bit "tricky" to sew, a few basic principles of working with knits will reduce frustration when sewing.

**SELECTION**

When selecting velour, check the label for fiber content and recommended care. Ask for a care label to sew into the finished garment.

When selecting a pattern, notice the suggested fabrics on the envelope and in the pattern book.

Select styles that are "fuss free," with few pieces, not top stitching or fussy details. Avoid buttonholes and zippers, if possible.

Since velour knits vary in degrees of stretch, compare the stretch of the fabric to the stretch gauge on the pattern envelope. The fabric stretch should fit with the stretch built into the pattern.

**BEFORE SEWING**

Before sewing, preshrink the fabric by washing it as you would the final garment or have it dry cleaned. This helps "relax" and remove chemical residue which can cause skipped stitches when sewing.

Also, gather all the necessary equipment for making a velour knit garment. These include:

- long staple polyester thread or cotton covered polyester thread
- ball point or all-purpose needle, size 11 (or 70-75)
- a roller or even-feed presser foot to assist in making pucker-free seams
- sharp shears
- pattern weight or long,

thin, ball-point pins.

**LAYOUT**

Use the "with nap" directions on the instruction sheet for layout. All pattern pieces should go the same direction, either with the nap or against it. When cut with the nap, the fabric will look smooth and shiny. The surface will look darker and rougher when cut against the nap.

Decide which appearance you like best, and cut all pieces going that direction.

Consider using pattern weights instead of pins to hold the pattern in place. Pins often get lost in the pile.

Use sharp shears to cut out pattern pieces. Transfer markings with chalk or use tailor's tacks.

**MACHINE SETTING**

Set the machine correctly for velour fabrics. Experiment with a double thickness swatch of fabric before tackling the "real thing." In general, set the machine for 10-12 stitches per inch (or per 2.5 cm). This corresponds to a number three on most machines. Slightly reduce thread tension and decrease presser foot pressure. If fabric slips when stitching

after the above adjustments, use an even feed presser foot or stitch with a layer of tissue paper between feed dog and fabric. Also, be sure to pin the fabric carefully on the seam line to control the fabric at the seam when sewn.

**SEWING**

Stitch with a straight stitch or narrow zig zag in direction of nap.

To finish seams, press to one side and make a second row of straight or zig zag stitches. Trim excess allowance to prevent rolling. If using fusible interfacing, test the results on a fabric scrap. The fusing process may crush the pile, so a sew-in interfacing may work better.

**FINISHING**

Nylon or polyester zippers which are lightweight, strong and flexible are recommended for stretch velours.

Before hemming a garment, let it hang for 24 hours in case stretching occurs. Then level and hem the garment with stretch lace, tape or sew one-fourth inch from edge and catch stitch. Velour is hard to topstitch on, but if carefully done, hems can be double topstitched.

To press velours, use a scrap of velour, a terry cloth towel or a needle board. Press lightly on the wrong side. Light steam held over the fabric right side will restore nap. Use strips of paper under seam allowances to avoid press marks.

**IT'S A FACT!**

Lying on his back on a scaffold 60 feet above the floor, Michelangelo spent four years painting one of his greatest masterpieces: the ceiling of the Sistine Chapel, which covers 10,000 square feet of surface!

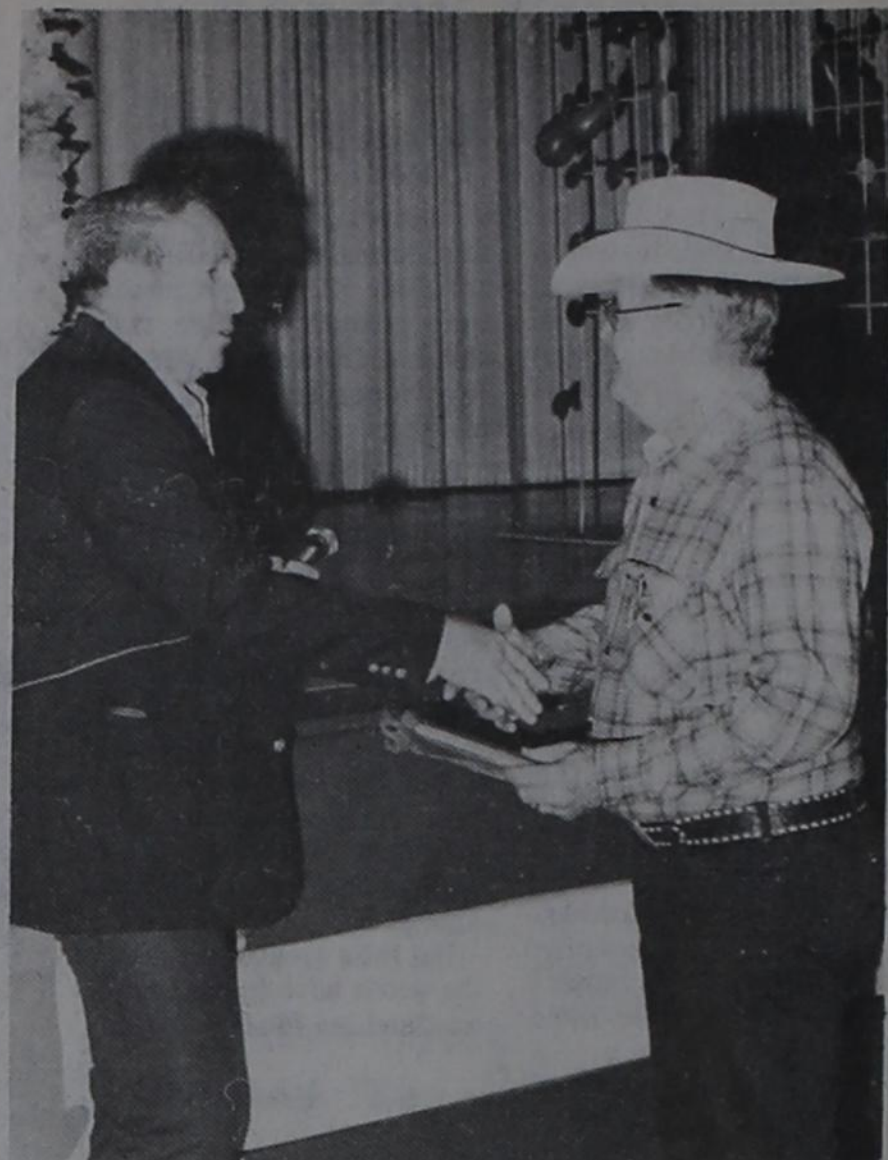

**Oldest Alumni**

Honored as the oldest alumni attending Texico homecoming festivities Saturday night was Gracie Dane. Mrs. Dane is a 1933 graduate of Texico High, and for being the oldest alumni

present, she was awarded an engraved plaque from high school principal James Harding at the homecoming celebration at Texico gym. Also honored at the festivities were Mr. and Mrs. Danny Mitchell

as Parents of the Year, and John R. Hadley as Wolverine Booster of the Year. The awards are presented annually during Texico basketball homecoming.

**Top Wolverine**

John R. Hadley, right, was named Wolverine Booster of the Year at last Saturday night's Texico homecoming festivities, receiving an engraved plaque from high school principal and homecoming emcee James Harding.

Hadley is a graduate of Texico High and is currently serving as mayor of Texico. The Wolverine Booster award is presented each year to the person who shows the most enthusiasm and dedication for the Wolverines.

**Texico Grads Named To WTSU Dean's List**

Two Texico High School graduates were named to honor roll lists at West Texas State University for the 1981 fall semester, along with 761 other WTSU students.

Named to the Dean's List were Kerri J. Donahey, a sophomore administrative education major, and Pamela S. Rucker, a senior physical education major.

The two Texico graduates were among 657 named to the Dean's List, all of whom completed the semester with overall grade point averages of

3.25 to 3.84. Students listed on the honor roll lists must have been enrolled in and completed 12 semester credit hours.

During the 1981 fall semester at WTSU, 6,694 students were enrolled.

## English Couple Enjoys 6-Week Farwell Visit

It has been a busy and full six weeks for Elsie and Syd Windsor of Norfolk, England, who have been visiting here with her sister and brother-in-law, Gladys and Walter Kaltwasser of Farwell.

"We have thoroughly enjoyed it here," said Syd. "We were made to feel so welcome. I just can't express the kindness shown us during our stay," he said.

The trip here began with a week long stop-over in Arlington, Tex., visiting the famous Southfork Ranch, used as the setting for the popular television show "Dallas." The visitors were also taken on tours to the Tandy Center and Water Gardens, in addition to many restaurants in the Dallas-Fort Worth area.

The Windsors then flew into Lubbock to begin their holiday visit with the Kaltwassers in Farwell.

Christmas Eve was spent with 29 Kaltwasser family members at the home of Mr. and Mrs. Gilbert Kaltwasser and on Christmas Day it was another big gathering at the home of Gladys and Walter.

Following Christmas, they went to Ruidoso Downs to visit Liz and Gilbert's daughter and family, Dale and Cheryl McCleskey. Dale is the pastor at a Baptist church there.

Among the many things the Windsors say they enjoy in West Texas, Mexican food is listed high, both agreeing the meals are quite tasty.

Also during their stay in Farwell the Windsors had the opportunity to tell about life in Great Britain to an elementary class at Texico which is taught by their niece, Vicky Lynn.

The children asked us quite intelligent questions really," said Elsie, "and, of course, we were asked about the Royal Wedding too."

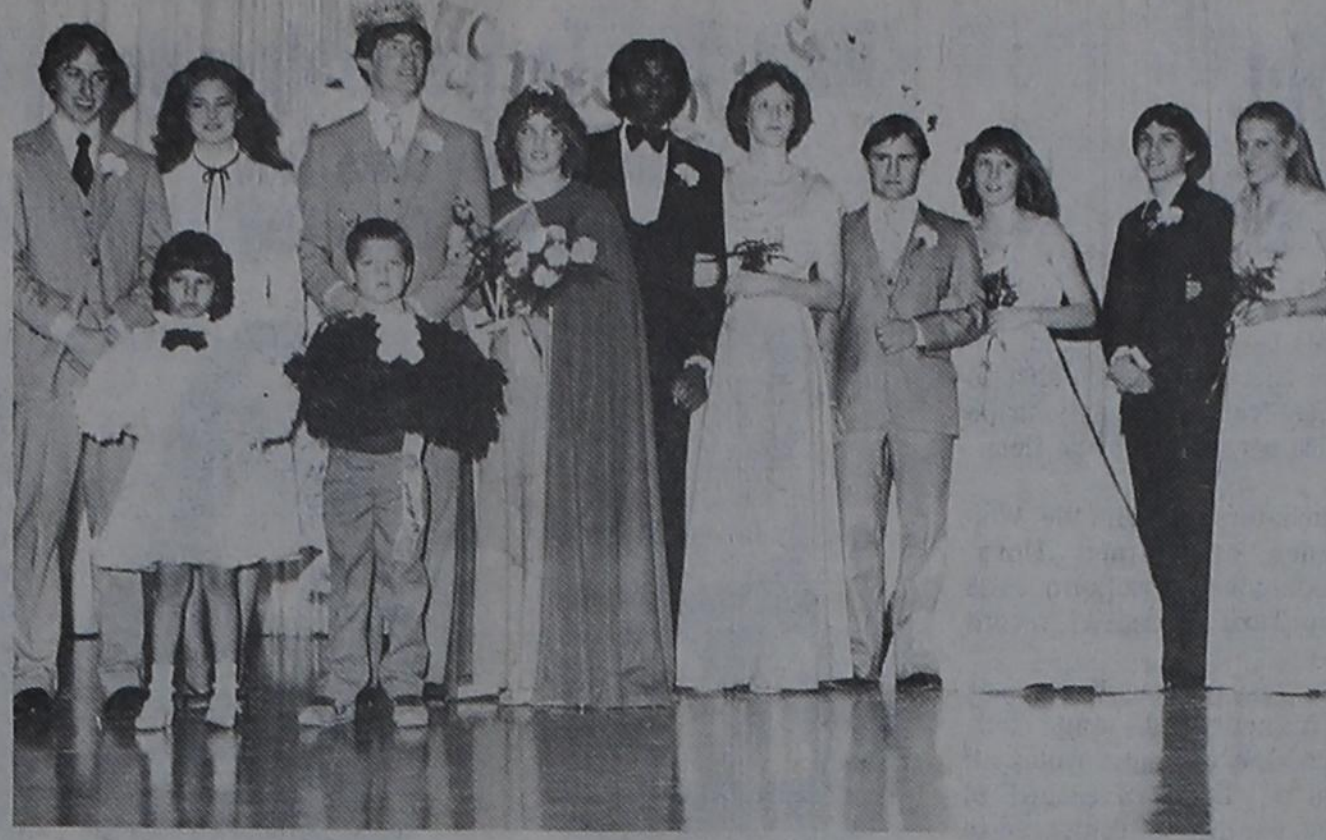

Both the Windsors are retired, he from Sunday Times Newspapers and she from an

embroidery job at West End Embroidery Company. They reside only a few miles from Queen Elizabeth's country residence and say they are truly enjoying life as a retired couple, doing a lot of traveling and sight-seeing.

Two of the biggest differences cited by the English couple between life in West Texas and life in Norfolk, England, are "space" and "so few flowers here."

But the couple say their trip to Farwell has been quite enjoyable. "Wherever we've been people have been so polite and very friendly. I mean everyone has, people in stores, in restaurants and in their homes," Elsie remarked.

What is the one thing they wish they could take back with them, aside from family members? "The sunshine," they agree.

### Homecoming Court

Members of the Texico royal court were, from left, last year's king and queen, Jeff Day and Schree Rucker Mayfield; this year's king and queen, Jeff Dunsworth and Tracy Dobbs; and court mem-

bers Tony Tubbs, Ruth Scott, Todd Gerles, Jill Jesko, Craig Horne and Sharlet Taylor. In front of the group are the crown bearers, Mirna Urias and Stephen Cloud. Coronation ceremonies took place Satur-

day night at Texico gymnasium before a capacity crowd of students, teachers, alumni and friends. It was a big night for Texico as all three roundball teams took victories over the visiting Dora Coyotes.

## K. Magness, R. Ford Speak At Study Club

Farwell Study Club GFWC was privileged to hear the report from the Farwell delegates of Girls State and Boys State at their regular meeting on Monday evening when they met in the home of Eunice Crume.

Karen Magness attended Bluebonnet Girls State for ten days in June of 1981 at Seguin, with 560 other girls. She reported that she was in the city of K of Friendship County, where she was elected police chief.

She got up at 6:30 each morning and jogged one mile. This is the first time jogging has been a part of the program at Girls State, Karen said. Singing was one of the highlights, she recalled, saying the girls sang everywhere they went, including at the raising and lowering of the flag, and even made a record album in

the rotunda of the state capitol in Austin.

They listened to lectures on government; among the speakers were Margie Wilhelm, the former governor of Girls State; Rita Clements, the first lady of Texas; and Carl Rove, special assistant of the administration to the governor's office.

State officials elected at Girls State were escorted to the chambers, she said, explaining that the Governor was escorted by the Secretary of State, and the Lt. Governor by the Texas State Lt. Governor, where they were administered the oath of office by Joe Greenhill, who is chief justice of the supreme court.

The delegates had senate meetings in the capitol just like the elected state officials do. Karen was a member of the Nationalist party. She said she learned a lot about government and had a chance to meet a lot of nice friends. She thanked the club for the assistance in sending her to Girls State. When she was asked if she might like to get into politics some day, she said, "It seems awfully complicated to me."

Rocky Ford also spoke on his attending Texas Boys State in June, which was in Austin at the University of Texas. He was a Nationalist and they worked very hard to have more people in office than the Federalists. Rocky was in McGraw city, King county.

He said, "First we elected city officials after the campaign, in which each could give a speech but if one was running for state office they

must speak for three to ten minutes."

Each evening all would participate in flag raising ceremony and were entertained by a band of 200 members. The pledge was given and dignitaries were introduced. They also participated in many sports.

In the evening they listened to various speakers. Dr. James C. Hearst, dean of students of U.T.; Warren G. Harding, state treasurer; and commander Harry C. Riggs were among the speakers. Rocky said it was a big disappointment that they did not hear Governor Clements speak but he was in a called meeting at the capitol and unable to get away. The last day was to be the highlight but because of the flooding in Austin they were unable to go to the capitol to participate in government affairs. Rocky said that he learned a lot about government, how it functioned and they were taught how elections were run and how to campaign for office.

"It was a wonderful experience and I met many new friends. I thank all of you for helping me go to Austin."

When asked about getting involved in politics, he said, "It sounds pretty expensive to me." There were 930 boys attending. The reason more boys are able to attend than girls is the housing. Over 200 girls had to be turned down this year for lack of space to stay.

The business meeting was directed by Julia Symcox, president. A read-a-thon was

## Historical Quilt Displayed For Texico Women's Club

Texico Women's Club members heard Bessie Youngblood of Clovis present a program on her historical quilt Monday night at the club meeting in the home of Kay Coffey in Texico. Mrs. Youngblood displayed her quilt and spoke of the history of the United States

spanning some 200 years, as depicted on her quilt. She explained that while creating the quilt she spent over two years in research.

Co-hosting the regular meeting was Aileen Teel.

Refreshments of dip and chips with hot punch were served to those attending, and decorations were in a patriotic red, white and blue theme.

Those present were Marcia Leavell, Audrey Kittrell, Caren Spearman, Janice Turner, Maxine Shaw, Evie Thornton and hostesses Kay Coffey and Aileen Teel.

### Daughter Born To W. Brookses

Mr. and Mrs. Wilburn Brooks of Clovis are the parents of their first child, a daughter, born January 16 at Clovis High Plains Hospital.

LaShawna Ann was born weighing seven pounds, six ounces, and was 21 inches long. She made her arrival at 8:40 p.m. MST.

Grandparents are Mr. and Mrs. Clarence Kube of Farwell and Mr. and Mrs. Jim Brooks of Clovis.

Great-grandparents are Mr. and Mrs. Virgil Snelgrove of Lubbock and Mr. and Mrs. T.C. Glaze of Lamesa, Tex.

The new mother is the former Stephenie Kube of Farwell.

### Weekend Guests

Weekend guests in the home of Mr. and Mrs. Weldon Dane in Texico were his son and daughter-in-law, Mr. and Mrs. Johnny Dane of Shallowater.

The visitors arrived in time to attend the homecoming festivities in Texico with the local couple Saturday night. Johnny and his wife Carol are both Texico graduates as is Mrs. Weldon Dane who won this year's award for being the oldest alumni present at the event.

SPS is investigating numerous ways of producing electricity in the future. Supplemental energy studies are being conducted in generating electricity through solar, wind, nuclear fusion, burning waste products for fuel, and the liquefaction and gasification of coal.

Jack Payne, Working Foreman, Artesia.

Standard-life lightbulbs conserve more electric energy than long-life bulbs and give the most light for your dollar. Higher wattage incandescent bulbs are usually more efficient than smaller wattage bulbs. For instance, you get more light from one 100-watt bulb than from two 50-watt bulbs. Additional energy and money-saving tips are available from your SPS office.

Doris Jones, Senior Clerk, Canyon.

SPS builds coal-fired power plants for less than half the average utility industry cost. Coal-fired Harrington Station was designed and engineered by SPS employees and built at a cost of about \$300 per kilowatt, substantially less than the nearly \$1,000 per kilowatt that other utilities spend for construction of coal-fired facilities.

Billy Hammers, Maintenance Foreman, Amarillo.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

Defeat Tatum, Dora - -

# Texico Wins 11 Straight, Seeded Number 1 At EPAC

Two more district wins for the Texico Wolverines upped the varsity squad's winning streak to 11, seeding them number one in the EPAC tournament currently underway at Dora.

The annual EPAC event began Wednesday, with Texico receiving a bye. The local boys were to play the winner of the Dora-Logan game Thursday, at 5:30 p.m. MST.

On the road last Friday, the Wolverines defeated Tatum 60-55 for their 10th consecutive win.

"The entire team gave it everything they had," remarked Coach Ken Shaw following the win. "Jeff Day, Joe Steward and Brad Steward

played exceptionally well putting in 110 percent effort," the coach said.

Texico surged ahead in the first quarter by six points and kept the lead throughout the game. It was in the third quarter that the Green and White momentum stopped, however, with Texico able to score only four points while Tatum poured in 15. "But we picked back up again in the fourth quarter and took the game," Shaw said.

Scoring for Texico were Jeff Day with 20; Joe Steward, 14; Brad Steward, 7; Jeff Dunsworth, 6; and Todd Gerles and Tony Tubbs, 5 each.

Day led at the boards with 12; and Joe Steward had 9.

"Joe really came through and helped us out," Shaw said. For the night Texico shot 58 percent from the charity stripe and 30 percent from the floor.

On Saturday night the Wolverines entertained Dora, pounding the district rival 79-23 to up Texico's district record to 4-0.

The fast running Wolverines out-manuevered and out-played the visiting Coyotes all night as Texico averaged 20 points per quarter compared to Dora's 6.

"Dora is a young team," remarked Shaw. "But they hustled all night. I think Dora's boys did an excellent job out there," he said.

It was homecoming for Texico, and the capacity crowd had the opportunity to see all of the varsity Wolverines perform on the court. "We played everybody," the coach said. "It's a real credit to our team that we show a lot of team ball. None of those boys is afraid to let another guy score. It's a real team effort out there for us."

Scoring for Texico were Tony Tubbs with 20; Jeff Day, 16; Todd Gerles, 8; Craig Horne and Willie Bibbs, 6 each; Kent Harding, 5; and Mike Arnold, Brad Steward and Jeff Dunsworth, 4 each.

Leading rebounders were Day with 9 and Harding with 7.

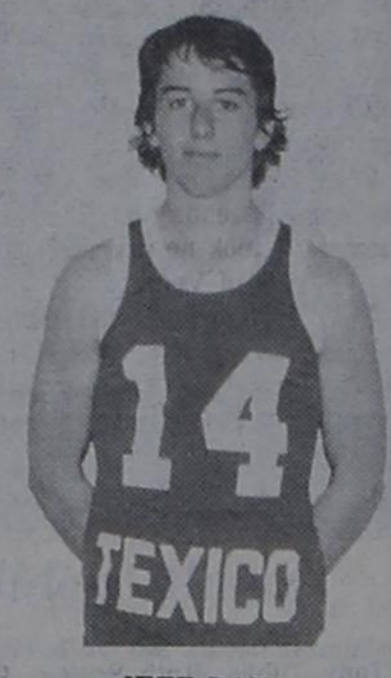

The Green and White hit 43 percent from both the free throw line and from the field.

Commenting on the annual EPAC tournament, Shaw said, "It'll be tough. There are a lot of equal teams in this tournament. Our kids will just have to play basketball to win."

The team's next district games are Friday, Jan. 29, at home against Melrose, and on Saturday, Jan. 30, at Floyd.

## Meet The Texico Wolverines

Comments From Coach Shaw  
Comments From Coach King

**JEFF DAY**  
Senior Jeff Day is a deadly shooter and excellent rebounder. The six-foot guard is a good ball handler and the best passer on the team. He is the son of Mr. and Mrs. D. Smith Day and is in his second year on the varsity team. He was a 1981 EPAC All-Tournament choice, and was selected to the Farwell All-Tournament team in December. Jeff averages 14 points and 10 rebounds per game. [Photo courtesy of Texico Schools.]

**JILL JESKO**  
Senior Jill Jesko has become one of our most aggressive rebounders. She is averaging 9 rebounds per game, and scores almost 5 points per game. She is in her 3rd year on the varsity squad, this year playing wing. She is the daughter of Mr. and Mrs. Raymond Jesko. She's a pretty good shot, and can shoot well from the outside. She was a member of the 1981 state championship basketball team. [Photos courtesy of Texico Schools.]

9-2 Season Record - -

# Lady Wolverines Winning, Boast 4-0 District Slate

Texico Lady Wolverines may have upped their season tally to 9-2 last weekend with victories over Tatum and Dora, but Coach Roy King says, "We're not playing nearly as well as we should be. We're winning, but if we don't improve we're going to lose down the stretch, and that's laying it on the line."

The Tatum and Dora victories placed Texico with a 4-0 district slate, and seeded them number one for this week's EPAC tournament.

The Green and White have won the annual EPAC event for two consecutive years, but Coach King doesn't display much confidence for a third win. "If we play like we have been playing the past two

weeks, we'll be in for hard times," he remarked.

Texico girls were to have played the winner of the House-Dora duel Thursday afternoon at 4 p.m. MST at Dora.

Tatum dished out some tough competition to the Lady Wolverines Friday night with the local girls having a tough time in pulling out their 52-44 victory.

Tatum took an early first quarter lead 16-13, and the two squads were tied at 25 points each at the half.

It wasn't until the third quarter that the Green and White displayed their state championship talents, holding Tatum to two points while

pouring in 10 of their own to take the lead 35-27.

The two teams scored 17 points each in the final stanza, with Texico emerging with the 52-44 win.

The local girls were paced by Ruth Scott's 23 points and 21 rebounds in the district hoop match. Also scoring were Tracy Dobbs with 11, Jill Jesko, 8; Sharlet Taylor, 5; Valda Cavallero, 4; and Lisa Crooks, 1.

At the boards were Jesko with 10; Taylor and Cheryl Scott, 6 each; Cassie Chavers, 3; Crooks, 2; and Dobbs and Cavallero, 1 each.

The girls were icy cold from the field, shooting only 27 percent. At the charity stripe they managed to connect on 72 percent.

At home Saturday night, the girls entertained Dora in a homecoming game, defeating the Coyotes 44-33.

"I wish we had played better for the big homecoming crowd," King remarked. "The support was tremendous. I only wish we could have performed better."

Texico may have had the lead the entire game, but the pace was slow and the Green and White never managed to pick up any momentum.

R. Scott and Dobbs led in scoring with 16 and 13 points, respectively. Crooks poured in 8; C. Scott, 5 and Taylor, 2.

It was another cold night for shooting as the girls managed only a meager 29 percent from the field.

R. Scott hit the boards for 10 rebounds, followed by C. Scott for 9; Taylor with 6; Dobbs, 4; Crooks, 3; Cavallero, 2; and Jesko, Karen Snodgrass and Chary Jesko, 1 each.

Next District action for the Green and White will be January 29 at home against Melrose, and January 30 at Floyd.

**Taking His Time**

Varsity Wolverine Brad Steward accepts a passed ball from a teammate and then takes a second or two to look the situation over before executing his next move. The action took place at Wolverine gymnasium Saturday night against the Dora Coyotes with Texico defeating the visiting round-

ballers 79-23 in a mismatched court duel. Steward contributed 4 points to the Wolverine effort. The win over Dora was the Green and White's 11th consecutive victory, placing them at 4-0 in district loop play. This week the varsity boys are at Dora in the annual EPAC tournament.

## Texico Teams In EPAC Tournament

Texico varsity roundball teams are competing with teams from 9 other Eastern New Mexico schools at Dora this week in the annual Eastern Plains Athletic Conference (EPAC) Basketball Tournament.

Both the boys and girls varsity squads from Texico are seeded number one in the annual event, the girls to take on their first competition at 4 p.m. Thursday afternoon against the winner of the House-Dora game, and the boys to compete against the

winner of the Logan-Dora clash Thursday at 5:30 p.m. MST.

Other schools competing in the tourney include Elida, Floyd, Grady, Melrose, San Jon and Tatum.

Texico's Lady Wolverines have captured the EPAC trophy the past two years in a row.

Admission to the games is \$2 for adults and \$1 for students.

The games will continue through Saturday at the Dora High School Gym.

## Texico Jr. Varsity Basketball Results

Texico junior varsity girls had two more victories this past week, giving them an undefeated slate of 6-0.

"We've got a really good JV bunch," remarked their coach, Roy King. "They really get after it."

At Tatum last Friday night, the girls took an easy victory over their hosts, defeating them 53-8.

"All 12 girls had the opportunity to play, and all of them scored. It was a real team effort," King said.

Texico jumped out ahead in the first quarter with a 9-1 lead. Tatum managed to score only one field goal in the second stanza while Texico pumped in 15. In the final quarter of play, the junior Lady Wolverines held Tatum scoreless while they exploded for 18 points of their own.

Scoring for Texico were

Karen Snodgrass and Helen Boardman, 8 each; K. Tubbs and Valda Cavallero, 6 each; Coy Jo Burk, Cheryl Scott, Anna Gross, and Chary Jesko, 4 each; Cassie Chavers, 3; and Dana Morris, Lucia Jesko and Kelly Lynn, 2 each.

Chavers led at the boards with 15 rebounds followed by C. Scott with 8.

At home Saturday night against Dora, the junior Lady Wolverines took their sixth consecutive victory, winning 41-20.

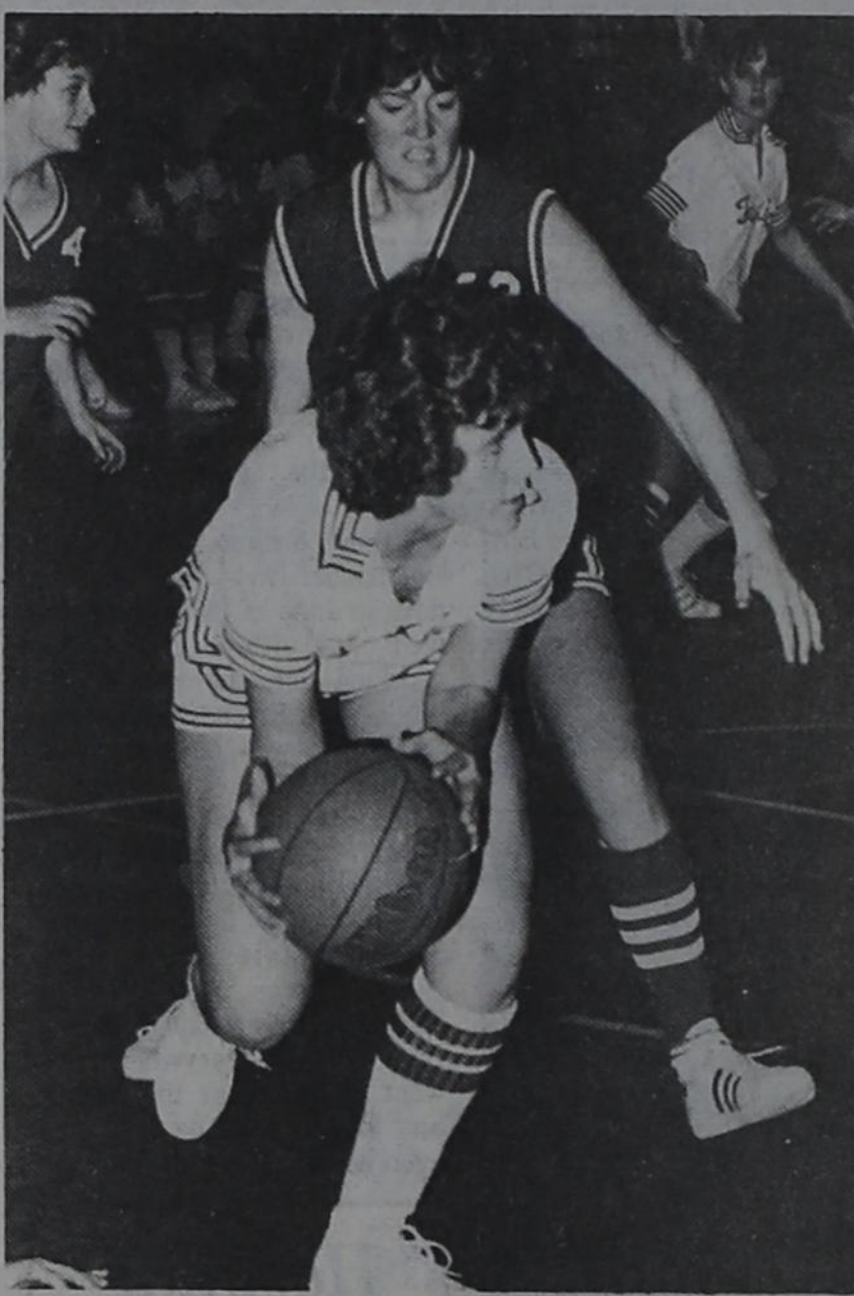

"Karen Snodgrass played her best game of the year," King remarked. "This was a big opportunity for all the girls because they had the chance to play before a big crowd for homecoming. They've never had that chance before."

Texico took an early lead and never relinquished it for the remainder of the game.

Scoring for the junior round-

ball team were Snodgrass with 15; Chavers, 7; C. Scott, 6; Lynn and Morris, 4 each; Coy Jo Burk, 3; and Cavallero, 2.

Next action for the junior varsity girls will be Friday, Jan. 29, hosting Melrose.

**Lookin' For Space**

Lady Wolverine Ruth Scott snatches up the ball from a fallen Dora Coyote and quickly looks for a hole in the Dora defense to move the ball back up court. Scott poured in 16 points during the Saturday night Lady Wolverine home-

coming game, and grabbed 10 rebounds. The Lady Wolverines won the competition 44-33, giving them a 4-0 district record. This week the lady roundballers are competing at the annual EPAC tournament at Dora.

## Jr. High Basketball Results

by Texico Journalism Students  
Texico Jr. High School basketball boys travelled to Ft. Sumner last Saturday and came home with a win and a loss.

Led by top scorer Stanley Cross, the 8th grade topped the Foxes 25-22. Cross had 9 points for the contest followed by Mark Meeks with 5, Kyle Snipes with 3 and John Thomas and Thornton each with 2 points.

The 9th grade team matched the Foxes in ability but came in second on the scoreboard 45-50. Billy Bibbs had an excellent game dropping in 14 points and grabbing 11 rebounds.

Also posting good games were Danny Powell who had 9 points and 5 steals and Steve Smith who added 6 points. Other team members who tallied points were Rusty McCormack, 5; Ronnie Galvan, 4; and Buck Gattis and Stanley Cross each with 2.

# Steers Suffer 2 Losses, Play Bovina Tonight

by Doug Cole  
Farwell School Correspondent

Farwell Steers saw their district mark fall to 1-2 following roundball action last Friday and Tuesday nights. After dropping a 73-47 decision on the road to Kress Friday night, the Blue and White suffered a hard-fought 55-40 loss to Vega in a home game Tuesday.

Vega, the defending district champions, raced to an early 17-4 lead after completion of the first quarter, due in part to some cold shooting by the Steers who missed the services of two starters during the game.

A rejuvenated Farwell team, spurred by Alan Eubank's 11 second period points, pulled to within five several times before the half, but had to settle for a 29-22 count at intermission.

The third period appeared to be a repeat of the first, as the Longhorns grabbed control of the contest by blasting the Steers with 18 points, while limiting Farwell to only two field goals.

On the short end of a 47-26 score going into the fourth the Steers made a game of it by outscoring their opponents 14-8 in the final stanza, but came up 15 points shy of the victory, 55-40.

Eubank paced the Steer effort by tossing in 17 points, while Jay Anderson was close behind with 10.

Other scorers were Manuel Cantu, 6; Steven Smith, 3; and Raymond Sierra and Dennis Dollar, 2 each.

Friday night at Kress, the Steers lost their first district

game, a 73-47 decision to the Kangaroos.

The Blue and White boys were outscored all four quarters in the contest, as they were plagued by uncharacteristic turnovers and a poor shooting percentage from the field.

While evening their district mark at 1-1 going into Tuesday's action against Vega, the loss halted a two-game Steer winning streak.

David Daniel, with 15 points, and Alan Eubank, who hit for 14, grabbed scoring honors for the Blue and White.

Other scorers included Raymond Sierra, 5; Jay Anderson, 4; Steve Smith, 3; Dale Sikes, Manuel Cantu, and Claud Gobble, 2 each.

Steer Coach Mike Martin, commenting on the Kress game, said "We got into foul trouble too soon, and allowed Kress to get momentum early."

"Against Vega," Martin went on to say, "We played a very good team with two of our starters out. Still, we played well in two quarters, the second and the fourth, and the kids coming off the bench played well."

Tonight the Steers will take on the Mustangs at Bovina. According to Martin, "They're a team blessed with good team speed, and a lot of size underneath the boards."

Martin says, "Bovina is playing very well, and we'll have to play our best to beat them, especially at Bovina. We'll be at full strength for the first time since the Hart game."

# Meet The Steers And Steerettes

Comments From Coaches Martin And Joiner

JANENE BERRY

Janene Berry is a 5'4" senior who averages 18 points and five steals per game. She's a real hustler and really gets after it. She was selected all-tournament at Spade and Farwell tournaments, and was most valuable player at Anton. She was named all-district last year.

KAY GEUTHER

Kay Geuther plays wing and is a good hustler. She works hard and is a good defensive player. This is her second year on varsity, she handles the ball well and is a good rebounder. She's a 5'7" senior. Kay can shoot well and she did us a real good job against Kress last week.

STEVE SMITH

Steve Smith, senior, is a versatile player, playing everything from guard to post. This is first year on varsity. He is a hard worker and a good team player.

NICKY LIETHEN

Nicky Liethen, senior, is in his first year on varsity. He is extremely quick and shoots the ball well from the outside. He hustles on defense and has a good attitude.

# Steerettes Have 8th Win, Undefeated In District

by Doug Cole  
Farwell School Correspondent

Following action last Friday and Tuesday nights, the Farwell Steerettes raised their district slate to an imposing 3-0 mark with big wins over Kress and Vega.

Playing before the home audience Tuesday night, the local girls took no prisoners in a 70-33 rout of Vega.

The Steerettes gained command of the contest early, as they rang up a 12-4 advantage after the completion of one quarter.

In the second stanza, the stingy full-court press of the Steerettes enabled the Blue and White to turn the game into a mismatch, as they led by as many as 27 late in the first half.

Leading by a whopping 35-12 margin going into the third period, the Steerettes dealt out more of the same to the visiting Lady 'Horns as they built a 55-22 point cushion to carry into the fourth.

Coming off the bench in the fourth quarter, Suzahn Inman and Sandra Coates combined for 13 of the 20 Farwell points in that stanza, as Farwell won it going away 70-33.

All 12 Steerettes got into the scoring act in the mismatch, with Lezie Castleberry, Janene Berry and Ginger Ellison accounting for 40 of the 70 total points.

Castleberry's 14 tallies paved the way to the Steerettes fifth straight victory with Berry and Ellison close behind with 13 each.

Other scorers were Karen Magness, 6; Suzahn Inman, 7; Sandra Coates, 6; Kay Geuther, Donna Meeks, Jennifer Williams, and Sharon Kalbas, 2 each; and Kelly Davis, 3.

In action Friday night at Kress, the Steerettes came away with an impressive 58-38 win over a tough Lady 'Roo team.

In beginning stanza action, the contest was nip and tuck before late quarter field goals by Lezie Castleberry and Janene Berry gave the Blue and White an 11-8 lead after the opening 8 minutes.

In the second and third periods the game was decided when the Steerettes blew out their opponents by a combined 38 and 17 scoring spree to build a 49-25 advantage at the close of three quarters.

As a result of some accurate shooting from the charity stripe by several team members, the Steerettes sealed their hosts' fate in the fourth period and breezed to their fifth consecutive victory.

The Steerettes' backcourt tandem of Berry and Castleberry paced Farwell's scoring effort with Berry pouring in 17 and Castleberry contributing 10.

Other scorers were Ginger

Ellison, 9; Jennifer Williams, 8; Kay Geuther, 7; Karen Magness, 4; Suzahn Inman, 2; and Sandra Coates, 1.

The next outing for the Steerettes will be Friday night when they play the talented Bovina Fillies in another district match at Bovina at 7 o'clock.

Head coach Vester Joiner characterized the Steerettes' play in the two victories as "good," commenting that "Anytime you get a win on the road, as we did in Kress, it's quite an accomplishment."

"Against Vega," the Steerette boss went on to say, "we shot very well. On the subject of the Steerettes' next district foe, Bovina, Joiner believes "We'll have our work cut out for us. It will be tough at their place."

## New Scoreboard

Farwell School and its athletes received a gift this past week, a brand new basketball scoreboard, thanks to Floyd and Wanda Coates of Oklahoma Lane Farm Supply. The previous score indicator was a bit on the old side, needing repairs more often than not. The Coates decided the school could really benefit from a new and more modern one, and their business donated the new scoreboard to the school last

Thursday. In addition to being able to list both the home and visiting teams players' names, the board also indicates an individual player's number of fouls, in addition to the number of free throw shots that can be pitched. The score can also go as high as 199, athletic director Bruce Dollar said, adding, "We really appreciate this gift from Floyd and Wanda Coates. We just can't thank them enough."

## Local Gymnasts Win At Wellman Event

Fifteen members of Farwell's Gymnastic Elite Club traveled to Wellman, Tex., Saturday, Jan. 16, to compete in a tumbling and trampoline meet sponsored by the West Texas Tumbling Association.

Competitors on the trampoline included, Mista Stanton, 3rd place; Donna Griggs, 1st place; Richard Turner, 2nd place; Riley Malone, 2nd place; SueAnn Malone, 5th place; Joe Norris, 3rd place; Jeff Actkinson, 1st place; and Greg Actkinson, 2nd place.

Those receiving awards on their tumbling routines were Jody Mahaney, 1st place; Jonas Hernandez, 2nd place; Joni Hernandez, 2nd place; Joe Norris, 2nd place; Brandon Kirkland, 2nd place; Krista Gates, 2nd place; Riley Malone, 1st place; and Sue Ann Malone, 1st place.

Also, Maxine Jones, 4th place; Richard Turner, 1st place; Donna Griggs, 4th place; Mista Stanton, 5th place; and Jill Actkinson, 3rd place.

### SPORTS

### SCHEDULE

EPAC Tournament is underway in Dora with both varsity roundball teams from Texico participating. Games began Wednesday and will continue through Saturday, Jan. 23.

Farwell basketball teams, both varsity and junior varsity, will travel to Bovina Friday, Jan. 22. Games begin at 4 p.m.

Farwell will host Springlake-Earth Tuesday, Jan. 26, with all four basketball teams participating. Games begin at 4 p.m.

### Farwell High School

## Teacher Of The Month

Selected By Farwell FTA Members

Kay Stanton is January's Teacher of the Month, selected by members of Farwell High Future Teachers of America Club.

Mrs. Stanton is an aide in the Resource Room and serves as Student Council Advisor. Under her direction the club has become one of the most active at Farwell High, providing many services and programs during the past school year.

She is an active member in the church and choir at the First Baptist Church of Farwell.

**TWO MINUTES**

WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.  
BEREAN BIBLE SOCIETY  
CHICAGO, ILLINOIS 60635

**FEAR OF DEATH, IS IT NECESSARY?**

Most people live in almost constant fear of death. They do not like to think that man's days are as grass and all his glory as the glory of a fading flower (Psa. 103:15-16). They do not wish to face up to the fact that "it is appointed unto men once to die" (Heb. 9:27).

Yet the Psalmist David was not afraid of death. He said: "Yea, though I walk through the valley of the shadow of death, I will fear no evil"—but note the reason: "FOR THOU ART WITH ME" (Psa. 23:4). David had come to know God and had been delivered from the fear of death.

But we, today, have an even

greater reason to be free from the fear of death, for 1,000 years after David, Saul of Tarsus, the chief of sinners, was saved by grace and was sent forth to proclaim the "gospel [good news] of the grace of God" (Acts 20:24).

He went forth to tell men how "Christ died for our sins" (1 Cor. 15:3) and robbed Satan of all his claims against us...

"THAT THROUGH DEATH HE MIGHT DESTROY HIM THAT HAD THE POWER OF DEATH, THAT IS, THE DEVIL: AND DELIVER THEM WHO THROUGH FEAR OF DEATH WERE ALL THEIR LIFETIME SUBJECT TO BONDAGE" (Heb. 2:14-15).

And when the Apostle himself neared death, he said: "TO DIE IS GAIN" (Phil. 1:21) and "THE TIME OF MY DEPARTURE IS AT HAND; HENCEFORTH THERE IS LAID UP FOR ME A CROWN..." (II Tim. 4:6-8).

## On The Farm In Parmer County

By SETH RALSTON  
County Agent

Several changes which will affect Texas in 1982 have been recommended in the Uniform Methods and Rules (UM&R) of the federal brucellosis eradication program by the U.S. Animal Health Association.

The USAHA has the responsibility of making recommendations to the Secretary of Agriculture regarding changes in the brucellosis eradication UM&R. Provisions of the rules are approved as minimum standards for achieving and maintaining control and eradication of brucellosis.

The Texas Animal Health Commission, the animal health governing body for the state, follows the minimum standards of the UM&R as part of the Texas brucellosis program.

Changes recommended regard the state's classification status. Classifications will be effective Jan. 1 include free, A, B, and C. All are based on the number or percentage of infected herds -- not individual animals -- in the state.

To obtain a free status, states would have a 0 percent infection rate. No tests would be required for interstate movement in this category.

To obtain Class A status, individual states could not exceed a 1.25 percent infection rate. One negative test with health certificate would be required for interstate movement of test eligible cattle.

Class B status would be obtained by any state with less than 1.5 percent but more than 1.25 percent infection rate. One negative test within 30 days and one negative test 45-120 days after movement are required for interstate movement of test eligible cattle in

the B area.

Class C status would go to all states and areas with greater than 1.5 percent infection rate. In this instance, test eligible non-vaccinated cattle must have two negative tests before movement and one negative test after movement for interstate shipment.

Additionally, test eligible vaccinated cattle in Class C areas may move interstate with one negative test within 30 days and quarantine and retest 45-120 days after movement.

Animals that are exempt (non-test eligible) from testing requirements in all classifications are steers and heifers or official calfhood vaccinates if dairy breed under 20 months of age; beef cattle under 24 months, and non-vaccinated cattle under 18 months, unless pregnant.

Another important factor in the reclassification of states is that Texas will be permitted to keep a dual classification system. Early indications point to a B and C area, with the B area the western portion which corresponds to the present A area, and the C area the eastern part which closely corresponds to the present B area.

Vaccination also is strongly encouraged since these animals will be able to move more freely than non-vaccinated animals. A major thrust of the Texas brucellosis plan is vaccination with reduced dosage of Strain 19 vaccine.

The classification system is a division to indicate how much infection is in an area, and is not an indication that the state is not making progress.

### FFA President Visits

New Mexico State FFA President Randy Worley, left, visited members of Texico FFA last week, speaking to them on the opportunities af-

forded them as members of Future Farmers of America. The Tucumcari high school student told Texico members "not to let the opportunities

pass them by." Shown with Worley following his speech is FFA member Tobin Tate, and FFA sponsor Eddie West.

## Trends In Crop Production Topic For Jan. 26 Meeting

Texas Agricultural Extension Service, Blackwater Valley Soil and Water Conservation District and Bailey County Electric Cooperative Association are planning a program for irrigation farmers, agribusiness agencies, power supplies, financial representatives and all interested persons, January 26 in Muleshoe.

The meeting will be conducted at the Bailey County coliseum and Civic Center, located on Highway 84 and 21st Street in Muleshoe beginning with registration at 8:30 a.m., the session adjourning at 3:15 p.m.

Purpose of the meeting is to

discuss the cost of pumping water as it inter-relates with other input costs of crop production on the High Plains.

Program topics for the day-long session will include "The Trend In Landlord and Tenant Rent Agreements;" "The Cost of Production of Cotton and Sunflowers;" "The Cost of Producing Feed Grains;" "Tillage Practices and Residue Management;" "Electric Energy, Future Rates and Load Management;" and "Water Use Management."

Displays, exhibits and printed handout material will also be available, and there will be

time for comments and questions.

Free lunch will be served. For further information contact Joe Harbin at Bailey County Electric Cooperative at 272-4504.

### Texico Students Vaccination Reminder

Jeanne Kriegshauser, school nurse at Texico, reminds students and parents that the deadline for measles (rubeola) vaccinations is drawing near.

For students in Texico School system who need this immunization, Mrs. Kriegshauser says the deadline is January 31.

"This regulation comes from the State of New Mexico and is state law," the nurse said.

She asks that the student bring written confirmation of the date of the immunization to the school secretary's office, or to the nurse's office at the school.

### Letter To The Editor

Dear Editor,

As a spectator of the Farwell basketball games, I feel as though some of our coaches need to practice what they preach. After seeing our J.V. girls take all the name calling, scratching, tripping and fist throwing in the Amherst tourney, I think our girls' attitudes are justified.

If the referees aren't calling it, then the girls can only take so much and they have the right to fight back. (I don't think many of us could take as much as they did.) I know several of the girls who came home from the Kress game with bruises all over them. I don't think Cynthia Ancira should have been benched for Tuesday's game, or Coach Prokop chewed out by Coach Joiner for her fighting. If I recall, once Joiner got 2 technicals in one game.

Coach Dollar needs to learn to keep his remarks to himself instead of saying them to our kids when they get fouled out of a game. If our coaches don't set good examples, what do they expect our kids to do? They seem to me to have a "Holier Than Thou" attitude.

I'm sorry Coach Prokop is having to take the put-downs from the other coaches just because he has a little more patience than the others. If he got a technical called on him, they would probably come down on him for that.

I also understand that a coach didn't like it because Oklahoma Lane Farm Supply's name was put on our new

scoreboard. If they put that much money into the school for something that was badly needed, then they deserve their name all over it. I for one appreciate it and my hat goes off to them. Thank you Wanda and Floyd Coates.

I'm proud of all the boys and girls who are involved in any sport at Farwell and I think they do a good job. Maybe our coaches can learn a few things from them.

Thank you,  
Debbie Woodson

### Coffey Listed On Honor Roll

Lisa Coffey of Texico is among 527 Eastern New Mexico University students named to the 1981 fall semester Dean's Honor Roll.

Lisa is a freshman business major and a summa cum laude Dean's Honor Roll student. She is a 1981 graduate of Texico High and is the daughter of O.B. and Kay Coffey of Texico.

agri-facts

By Bill Wooley

Corn farmers may be changing this season. A new nitrification inhibitor has been announced by a major agricultural chemical producer for use on fall-applied nitrogen on corn. Application will initially be on a limited experimental basis. However, researchers see significant gains in prevention of nitrogen loss. A nitrification inhibitor prevents nitrogen from being lost due to leaching and denitrification. It also limits the action of soil bacteria responsible for changing nitrogen from ammonium into nitrate. The inhibitor, according to the company, should aid corn farmers with better nitrogen efficiency and substantially higher yields. This also eliminates side dressing and top dressing. Additionally, the new inhibitor will permit nitrogen application in the fall, when lower prices can be taken advantage of, rather than in the spring.

## Ag Decision Strategies Get Spotlight

LUBBOCK - To help farmers and ranchers cope with the continuing cost-price squeeze which has many of them reeling, and to make them aware of strategies that can lessen the risk in the new year, a conference on "Profitable Decision-Making in '82" will be held here January 28.

The conference at the Koko Palace, 5201 Avenue Q, Lubbock, will be conducted by the Texas Agricultural Extension Service with support of the South Plains Development Program. It is one of eight such meetings being held throughout the state.

The South Plains meeting will feature outlook information on cotton, grain sorghum and corn, said Marvin Sartin, Extension economist-farm management. It will begin at 9:30 a.m. and conclude at 3:45

p.m.

Conference speakers will discuss policy and marketing trends, explain implications of the new farm bill on South Plains producers, compare marketing options for risk and return, and evaluate risk positions, credit stretching, crop insurance and selection of the best crop for 1982.

"The coming year will be

crucial for many area farmers and ranchers," Sartin said. "This program is designed to help them better understand risk and the alternatives in managing it."

He said the program will provide specific evaluations and discussions of the local situation and provide opportunities for questions and answers.

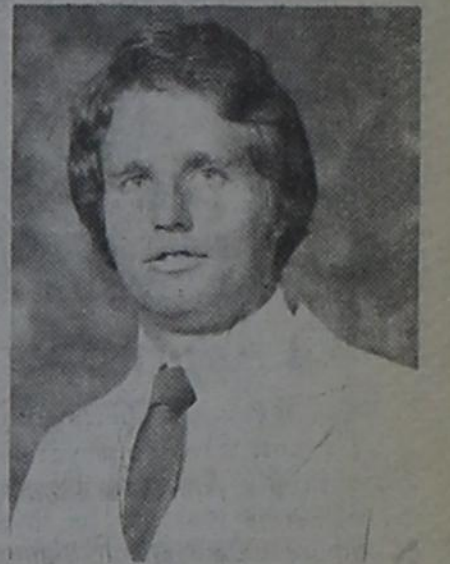

### Chip Craft Graduates From Tech

Receiving a Bachelor's Degree in mechanical engineering from Texas Tech University on December 18 was Chip Craft, son of Mr. and Mrs. Bill Craft of Farwell. Chip, who graduated from Farwell High in 1977, had an overall grade point average of 3.03.

Chip has accepted employment with National Production Systems, a division of Armco. He has just finished a week of orientation and training at Houston and will be located at Hobbs, N.M., for four months of training.

Following his stay at Hobbs, Chip will return to Houston for another week and then will be in California for two weeks of training there. He will be in a

training program for a year before receiving a permanent assignment.

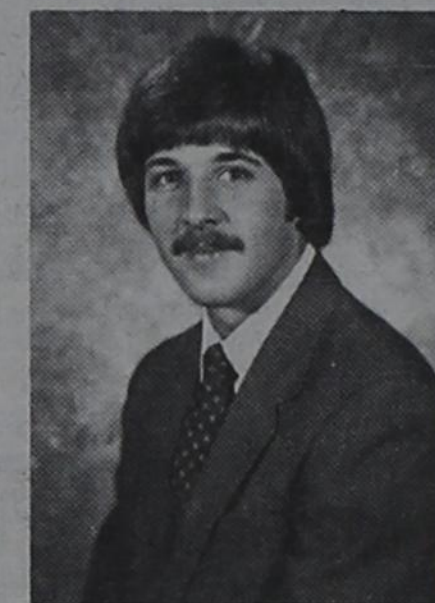

CHIP CRAFT

### McCully Gets Degree At Tech

Terri McCully of Farwell, son of Mr. and Mrs. Bill Hagger, received a Bachelor of Business Administration Degree (emphasis in accounting) from Texas Tech University, Lubbock, at graduation ceremonies in December.

Terri, a 1977 graduate of Farwell High School, had an overall grade point average of 3.24 while at Tech and was a member of Beta Alpha Psi, honorary accounting fraternity.

He planned to start work on January 18 at Deloitte, Haskins & Sells in Dallas.

### Snodgrass Shoots

Coach Roy King says junior varsity player Karen Snodgrass had her "best game of the year" against Dora Saturday night in the Texico gymnasium. Snodgrass pumped in 15 points for the Wolverine victory and grabbed back 10

rebounds. The junior varsity girls from Texico were victorious over Dora, defeating them 41-20 in a homecoming game. Coach King's junior varsity squad boasts a 6-0 slate for the season.

**We Appreciate You**

Tuesday was a special day at Farwell Elementary School with all the students there declaring that day as "Nurse Appreciation Day," honoring their school nurse, Sarah Owens. Mrs. Owens was presented with a corsage by the

students, many thank-you letters, special drawings, and even had the bulletin board in her office decorated with nurses' caps. A blue "#1" was also given to her to be worn throughout the day. All classes participated in the special

occasion and Mrs. Owens said she was "taken totally by surprise." Shown presenting her with art work and cards of thanks are, from left, Lisa Gerles, Leslie Monk and Michael Steigleman.

**At Oklahoma Lane - -**

**4-H Jr. Livestock Show Saturday**

A junior livestock show for members of Oklahoma Lane 4-H Club will take place Saturday at the Oklahoma Lane Community Center, followed by a chili supper.

The show will feature mostly swine exhibits and will take place from 2-4 p.m. CST.

The chili supper, to include beans and desserts, will begin at 5 p.m.

Winners in the show will be awarded trophies, donated by area businesses. The trophies will be given to the winners of grand and reserve champion animals.

Judging this year's event will be Joe Tarter. Parmer County Extension Agent Seth Ralston is also involved with the annual event.

Cost for the chili meal will be \$1 for chili, 75 cents for beans, or \$1.50 for chili with beans. Desserts will sell for 25 cents each.

Adult leaders for the Oklahoma Lane 4-H group are R.C. and Verna Davis, and Parker and Martha Stewart.

Everyone is invited to attend the livestock show and support the kids.

**In Farwell - -**

**Jr. Livestock Show Set For February 6**

Students in Farwell FFA and 4-H clubs are preparing for the February 6 Farwell Jr. Livestock Show at the Preston Martin Fertilizer Barn located north of Franse Irrigation on

north Ninth Street in Farwell. Sponsored by the Farwell Jaycees, the annual event will begin with weigh-ins from 8-11 a.m. CST with the show starting at 1:30 p.m.

Judging this year's event will be Eddie West of Texico. West is the FFA sponsor and Vo-Ag instructor at Texico High.

The show is to feature approximately four steers, five lambs and 50 barrows and gilts.

All 4-H entries should register with Seth Ralston, Parmer County Extension Agent; and all FFA entries should register with Richard Montgomery, Farwell Vo-Ag instructor.

**Mail Tips**

Just when you thought it was safe to go to your mailbox again, the postal service has begun a new public service to remind those of us who receive mail how to protect it.

According to Texico Postmaster Louise Engram, the U.S. Postal Inspection Service has initiated a Crime Prevention Program in an effort to reduce postal crimes.

Tips given by the postal inspection service include: 1.) make sure your mailbox is secure; 2.) promptly remove mail from mailbox, especially checks; 3.) immediately notify the post office and mailers if you change your address; 4.) report non-receipt of checks, food stamps and ATP's to the issuing agency; 5.) immediately advise the postmaster or postal inspector when your mail has been stolen.

Mrs. Engram says that mail theft is a federal crime investigated by the Postal Inspection Service, and that rewards are payable for information leading to arrest and conviction of violators.
