Mrs. Herington Wins Football Contest, Record Number Entered

For the past 11 weeks many persons have anxiously awaited the scoring in the local football contest each week, but none so anxiously as did Mrs. L. C. Herington this week. She had been in a tie for the grand prize for the past few weeks. When all entries had been checked and double checked Mrs. Herington was declared the winner for the grand prize, outcalling her nearest rivals for the prize by two games.

Mrs. Herington called a total of 77 games (70.70%) of the total games correctly to win the prize. Next in line for the grand prize were Theo Actkinson, Hope Shuman and Bobbie McFarland, each with 75 games to his or her credit. Bernice Norton called a total of 74 games correctly.

Only one time during the 11 week contest did Mrs. Herington break into the weekly prize money (that by tying Theo Actkinson during the third week for top prize money).

A record number of persons entered the contest this year with 175 persons registering entries during the 11 weeks. Lowest number of entries (86) were registered this week. Average number of weekly entries was 95.6.

Weekly prize winners during the last week of the contest are Mrs. Georgia Lee Rundell, first, Hope Shuman, second, and Dale Camp, third, Mrs. Rundell and Mrs. Shuman each called seven games correctly; however Mrs. Rundell was closer to the tiebreaker score by a scant three points, Dale Camp,

PRIZE WINNER -- John Getz, advertising manager of the Tribune, presents Mrs. L. C. (Buster) Herington with a check for \$50. and two tickets to the Cotton Bowl, prize for having called the most games correctly in the football contest which is sponsored each year by a group of Farwell businesses. Mrs. Herington called 70.70% of all games correctly to win the prize.

who had six games correct was closer to the tiebreaker score than several other persons who also had called six games correctly.

An interesting sidelight this week was that only four persons called Springlake over Farwell and those by small scores, and that only 16 persons called Floydada over Friona.

All persons missed the tie game between N. Y. Giants and St. Louis and few called the Buffalo Bills - Boston game correctly.

Sponsors of the contest have been Shuman-Haseloff Agency, Piggly Wiggly, Worley Grain Co., Oklahoma Lane Gin and Farm Supply, John Getz Ins., Kelly Green Seed, Nickels Gin,

Sherley-Anderson Pitman Inc., Sherley - Anderson Grain, Security State Bank, Farwell Equipment Co., Lariat Gin, State Line Grain and State Line Fertilizer, Continental Oil Co., Texaco Inc., and A. A. Bowl.

Choir Concert Set For Sunday

The choir of Hamlin Memorial Methodist church, under direction of Mrs. James (Nell) Craig will present a concert of negro spirituals and other sacred music Sunday evening, 6:15 p. m. at the church.

The concert will take the place of the regular evening worship service and the public is invited to attend. Featured will be soloist, Barbara Bleiler "Sweet Little Jesus Boy," Ella Ruth Williams and Teresa Quikel, "Go Tell It On The Mountain," and a trio composed of Peggy Snider, Ella Ruth Williams and Irene Jones as well as other small ensembles.

Accompanist will be Diane Lovelace at the organ and piano.

Community Thanksgiving Service Scheduled

The annual community wide Thanksgiving service, sponsored by members of Texico-Farwell Ministerial Fellowship is scheduled for Wednesday night, Nov. 25 7:30 p. m. at First Baptist Church in Farwell.

Speaker for the service will be Rev. Leroy Looper, pastor of Texico First Baptist Church. In charge of the program will be Rev. W. C. Strickland, pastor of Hamlin Memorial Methodist church and president of the fellowship.

Jaycees Begin Tree Sales

Heading the sale of Christmas trees for the local Jaycee organization will be Joel Tankersley, Leroy Kitten and Payton Roney, members of the tree committee.

The trees are to arrive in Lubbock on Nov. 28 and sale of the trees will begin in Farwell no later than Dec. 1. Sales will possibly start on Nov. 30 with a booth to be set up on the lots east of the new home of Capitol Market (now under construction). The trees of the fir and Scotch Pine varieties will sell for approximately \$3.50-\$10. each. Jaycee members will be at the lot, to sell trees all day, each Wednesday and

IN FARWELL

Basketball Season Arrives Schedule Released

With the closing of the football season in Farwell last Friday thoughts of coaches and students turned to the upcoming sport (basketball). When Coach Vernon Scott was contacted early this week for comments and prospects of his team he had no comment to offer. The Steer squad is facing a tough 18 game schedule this year. In addition they will participate in three tournaments.

First game of the season is set for tonight (Friday) here with Dimmitt.

Boys out for the Steer squad are Johnny Schell, Johnny Actkinson, Dale Gober, Charlie Dannheim, Jerry Field, Jerry Childs, Bruce Billingsley, Larry Gregory, Jimmy Goss, Doyle Johnson, Warren Gosssett, Randy Robertson, Bobby Field, Calton Wilkinson, Gary Doshier, Lupe Garza, Jack Landrum, Larry Suttle, Delton White, Bill Roberts and Lester

Arthur Haseloff Services Today

Funeral services will be conducted today (Friday) 2 p. m. from St. John Lutheran Church in Lariat for Arthur Haseloff 34, who passed away in Parmer County Community Hospital in Friona Wednesday morning at 5 a. m. Burial will be in Bailey County Memorial Hospital at Muleshoe with Singleton Funeral Home in charge of arrangements.

Survivors include his wife, Joyce, three daughters, Tammy, Connie and Cindy, five brothers and two sisters.

Write Santa Letters Now

Word was received by the Tribune Staff early this week from Santa at the North Pole asking that we remind all area small fry to get their letters in to him as soon as possible. The jolly white bearded fellow says, that Mrs. Claus and his wee elves are working round-the-clock in order to be able to fill the requests of all the boys and girls, and for this reason the sooner letters are received the easier it will be for him to begin making preparations for delivering the articles.

The Tribune is receiving letters for Santa. All letters will be forwarded to Santa at the North Pole and will also be printed in the Christmas edition of the Tribune.

Letters should be mailed to Santa Claus, % State Line Tribune, Box 255, Farwell, Texas.

Building Permits

Two building permits have been issued in Farwell in recent days. They went to Lewis Tharp to erect a storage room at his residence and to the Church of Christ for a new parsonage to be constructed north of the educational building at the church.

Community Thanksgiving Service Scheduled

The annual community wide Thanksgiving service, sponsored by members of Texico-Farwell Ministerial Fellowship is scheduled for Wednesday night, Nov. 25 7:30 p. m. at First Baptist Church in Farwell.

Speaker for the service will be Rev. Leroy Looper, pastor of Texico First Baptist Church. In charge of the program will be Rev. W. C. Strickland, pastor of Hamlin Memorial Methodist church and president of the fellowship.

Jaycees Begin Tree Sales

Heading the sale of Christmas trees for the local Jaycee organization will be Joel Tankersley, Leroy Kitten and Payton Roney, members of the tree committee.

The trees are to arrive in Lubbock on Nov. 28 and sale of the trees will begin in Farwell no later than Dec. 1. Sales will possibly start on Nov. 30 with a booth to be set up on the lots east of the new home of Capitol Market (now under construction). The trees of the fir and Scotch Pine varieties will sell for approximately \$3.50-\$10. each. Jaycee members will be at the lot, to sell trees all day, each Wednesday and

Gray Perry. Also Jim Gary Perry, Rickey Fletcher, Jerry Ford, Gary Blain, Bruce McCuan, Vernon Bland, Jerry McCleskey, Lewey Bradshaw, Warlick Dollar, Ricky Stewart, Mike Doshier, and Greg Martin. Team managers will be Larry Donaldson and Bill Johnson.

Varsity girls team members are: Joann Rhodes-sr., Donna Dale-jr., Mylynda Richle-jr., Maudey Stancell-jr., Diane Lovelace-jr., Becky Strain-jr.,

Edith Walling-jr., Julie Routon-jr., Teresa Quikel-jr., Kathryn Gover - soph., Dianne Bryant - soph., and manager-Judy Gast-sr.

Members of the freshmen girls team include: Sharon Enson, Debbie Hargrove, Sharon Busbice, Donna Kirk, Kandy Meeks, Brenda Cathey, Vickie Kaltwasser, Vicki Lunsford, Carolyn Langford, Roberta Chisman, Nelda Winegeart, Jackie Cast and Patsy Wilhite.

Schools Announce Holiday Dates

Dates for the Thanksgiving and Christmas holidays have been set in both the local schools, according to information released this week.

Each of the schools will dismiss on next Wednesday, Nov. 25 for the Thanksgiving holiday and school will resume at the regular time on Monday, Nov. 30.

Christmas holidays in Farwell school will begin with the dismissal of school at 2:30 p. m. on Dec. 22 and end when students return to school on January 4, 8:30 a. m. Further plans for programs in the school and class parties will be announced later.

In Texico Yule holidays will also begin on Dec. 22, however no definite hour for school to close has been announced. Each

class will have parties and a program will be planned. Complete plans will be announced later. The holiday will end on January 4, with classes to resume at the regular time, announces Supt. A. D. McDonald.

Billingsleys Buy Spur Restaurant

Mr. and Mrs. Clark Billingsley announced the purchase of the Spur Restaurant in Texico early this week. Mrs. Billingsley (Clara) has operated cafes in Texico-Farwell for the past four years. She has been in the present location (next door to Watkins Real Estate) for the past three years before which she operated the cafe at the A A Bowl.

In the new location Mrs. Billingsley will be better able to serve the public; with a dining room available for private parties. In addition to the regular service she is now able to offer. The business will operate under the name "Clara's Spur."

Until the opening of the business in the new location Clara's will offer the same fine service in the present location. No date for the formal opening in the new location has been set as Clara is in California visiting her mother (who is ill) and an opening date can not be set until her return.

Steers Lose Bid For District To Springlake

Overall, the boys did an exceptionally fine job this year, commented Coach Toby Booth this week, as he reviewed the history of the Farwell football season. The Steers lost their bid for the district championship trophy to a "standing room only" crowd at Springlake Friday night, to a score of 32-26.

Booth noted that the Steers did a good job Friday night, Springlake just finally wore them down. He commended Bobby Fields and Jerry Fields for good work, Danny Huffaker for carrying and blocking, Bobby Actkinson for a good game, and Ford for pass receiving.

Defensively, the Steers had a hard time stopping Gregory, who is termed by Booth as a "fine back."

The Farwell coach expressed the appreciation of the coaches for the support of the fans, and particularly to the Quarter-

back club for support of the boys. Huffaker and Charles Dannheim were listed as players of the week.

The defeat of the Steers gave Springlake their first district trophy in over 10 years.

Beginning play Friday, the Steers took the opening kickoff and marched 90 yards in 10 plays for the first touchdown of the game to lead 6-0. Fifty-three of the yards were a result of the passing arm of Bobby Fields. Danny Huffaker carried the ball for the score.

Jerry Childs dropped back to boot the extra point, but Richard Mitchell from Springlake sliced through the line and smothered the attempted conversion.

The Wolverines took the kick, drove 38 yards, lost the ball on a fumble and Farwell rolled up 48 yards for another touchdown by Johnny Actkinson. Jerry Childs dropped back and

kicked the extra point and Farwell led 13-0.

Springlake took possession, got into trouble and had to punt and the first quarter ended with Farwell in possession of the ball.

The Steers came back in the second to set up a forward march that netted 84 yards with Jerry Fields going over the line. Childs kicked the point and Farwell was ahead 20-0.

Springlake took the ball, could not pick up yardage on three plays and punted. Farwell took over on the 24.

The Steers also met trouble and had to punt, but the Green and Gold lost the ball on the first play by a fumble. The Steers made the most of the break and headed for touchdown territory as they filled the air with passes.

Springlake was watching and held the Steers and Farwell was forced to punt. The Wolverines then went about 90 yards to score with Floyd Bennett carrying. Halftime found the Wolverines camped on their own 55 yard line.

Both squads came back the second half determined to be district champs. Farwell kicked off and Springlake made an 80 yard drive to pay dirt to cut the local lead to a slim six points. Gregory did the honors, Gregory then scooted around end to add two more points.

The Steers took possession of the pigskin, and met an immovable line, and ended the series with a punt.

Jerry Don Sanders dropped back and kicked a 36 yard field goal for the Wolverines to give the Steers only a scant one point advantage.

The Wolverines edged ahead early in the final quarter as Gregory intercepted a Steer pass and went down the field for a touchdown. Springlake led 25-20.

Farwell took over the reins, but lost the ball on another pass interception. Making the most of the break, the Wolverines rolled up 61 yards to pay dirt for a 31-20 lead. Point kick was good.

Methodist Men speaker, Dr. R. L. Willingham, pastor of the First Methodist Church in Clovis was the speaker at the monthly meeting Wednesday night, of the Methodist Mens Club of the Hamlin Methodist church, with Dr. Willingham was Joel White the president.

MOUNTAIN STATES TELEPHONE

WINNING COMBINATION -- Benjy Dial (13), junior quarterback for Eastern New Mexico University, tosses a completion to end Earl Dunn (51) in Saturday's win over Arizona State College. The Dial to Dunn combination has been a sure thing this year for the Hounds. Dunn has caught 26 passes from Dial and five of them have been for touchdowns. The TD tosses have ranged from two yards to 69 yards. Both are setting records this season at Eastern and will be shooting for more Saturday when the Hounds tangle with Northwestern Oklahoma in Alva, Okla.

They Couldn't Do It, But Dial Broke Records

They couldn't do it - but they did. The Greyhounds of ENMU upset high ranking Arizona State College 39-17 Saturday and improved their season statistics.

Quarterback Benjy Dial solidified his position as leader of the pack in total offense and passing and took over as the leading rusher while setting two school records.

Dial, completed 16 passes for 336 yards to better the school record of 254 yards set in 1960 against Arizona State by All-American Sonny Wiginton, now an assistant coach at ENMU.

Dial also gained 42 yards rushing for a total offense of 378 yards to erase Wiginton's record of 267 yards in a single game. The 16 completions were one short of school record. Dial, now has 289 yards rushing and 1,040 passing for a total offense of 1,329, an average of 166.1 yards per game. He has completed 68 of 118 passes and has thrown nine touchdown passes and had only four intercepted.

The Hounds close out the season Saturday, Nov. 21 in Alva, Okla. against Northwestern Oklahoma Rangers.

The Miracle Worker To Be Presented At ENMU

"The Miracle Worker," the dramatic real-life story of Helen Keller, will be presented Dec. 3-5 in the University Theatre at Eastern New Mexico University by the School of Speech and Drama.

When she was 19 months old Helen Keller became sick with a fever and was left deaf and blind. Helpless and dependent she was trapped in a quiet, dark world.

Then, in 1887 when she was six years old, Miss Annie Sullivan came to live with the Keller family as Helen's teacher. Miss Sullivan who was almost totally blind undertook the task of teaching and guiding young Helen out of her world of darkness.

"The Miracle Worker," written by William Gibson, is the tender yet turbulent story of the two women's struggles for understanding.

Frank Alston of the New York World-Telegram and Sun said the play "will shatter every crowd that gathers in the Playhouse for months to come," and Richard Watts, Jr. of the New York Post called it "an interesting, absorbing and moving evening in the theatre."

Dr. Don B. Wilmet, assistant professor in speech and drama at Eastern, is directing the production.

Pee Wee's Lose Final Game 6-0

The local Pee Wee football team, coached by Bob Hart, went down in defeat in their final game of the season Saturday. They lost to Clovis East Side 6-0.

By losing the game they were placed in a three way tie for third place with West Side and South Side, both Clovis teams. Season record for the teams is two wins, one tie and five losses.

Farwell boys chosen to play on the All-Star teams are David Dannheim, Ty Phillips, Johnny Boing, Ronald Steele, Dexter Garner, Monte Jones and Johnny Hammond. Dannheim and Phillips will play on one team and the other five boys will be a part of the other All-Star group.

Doose Services Conducted Friday

Funeral services were conducted from Texico First Baptist church, Friday for J. P. (John) Doose, 88, who passed away on Monday in Las Vegas, Nev. Interment was in Texico Cemetery beside his wife who preceded him in death in 1961. Rev. C. C. Morgan assisted by Rev. Leroy Looper officiated at last rites. Steed Funeral Home was in charge of arrangements.

Mr. Doose, a pioneer resident of Texico, was born in Germany and came to this country at the age of 13 years. He settled in Texico with his wife in the early 1900's and lived here continuously until a few years ago when he and his wife went to Albuquerque to make their home with a daughter, Mrs. Clarence (Edith) Crawford.

Following the death of Mrs. Doose in 1961, Mr. Doose moved with his daughter's family to Las Vegas, where he had made his home since.

Communications Unlimited On Display In Clovis

The travelling exhibit, "Communications Unlimited" is now on public display here in Clovis.

Steers Lose --

(Continued from page 1)

Farwell took the ball, but met with trouble and punted. Springlake followed the lead and attempted to punt -- as Gregory sent the ball into the air, Dannheim knifed through the line and smothered the punt with his midsection, then calmly sped across the goal line for the Steer touchdown. Extra point try was no good.

Springlake took the kick and marched 25 yards in five plays before the buzzer rang to end the game. Final score was 32-26.

Survivors include the daughter, Mrs. Clarence Crawford, Las Vegas, one son, Jack Doose, Eagle Pass and also several nieces and nephews.

Pallbearers were Mason Neeley, L. C. Paul, Paul Skaggs, Ray Xander, Russell Johnson and Paul Huber.

The 42 foot trailer, built by Mountain States Telephone, houses an entertaining and educational display of the past, present and the future communications industry.

Martin Shaeffer, local Mountain States Telephone Manager, said the public is cordially invited to visit the trailer free of charge and try the working models of push-button dialing, direct distance dialing and to see the animated explanations of other communications developments.

Shaeffer said further that the exhibit appeals to all ages. Parents are encouraged to bring their children.

This mobile exhibit, built at a cost of \$50,000, has been touring the Rocky Mountain area for nearly two years. It will be shown in 40 New Mexico communities between now and Christmas.

The secret of happiness is not in doing what one likes, but in liking what one has to do. --Barrie.

Will Receive Paper On Friday

Because of the Thanksgiving holiday next week subscribers to the Tribune will receive their paper on Friday morning instead of Thursday, as has been the custom.

However deadline for getting news into the office will remain the same (Wednesday at noon).

Rural Mail Delivery To Be One Hour Later

Postmaster J. R. Smart, Farwell, announces that with the installation of a new postal Star Route between Lubbock and Farwell, the delivery of rural mail on Route 1 will be delayed about one hour each day, in order that the carrier be able to deliver mail brought in from Lubbock, which arrives at the local post office each morning at 8:25 a.m.

A laugh is worth 100 groans in any market -- Lamb.

A THANKSGIVING MESSAGE

Written By J. Edgar Hoover For The November 1964

FBI Law Enforcement Bulletin

THREE HUNDRED FORTY-THREE years ago a small number of grateful Pilgrims assembled in prayerful tribute to God for an abundant first harvest. That occasion marked the launching of a meaningful custom which has become one of our Nation's most cherished holidays-- Thanksgiving Day.

In 1621, the Pilgrim Fathers were bound by spiritual unity and love of and faith in the Supreme Being. Their special observance of thanks was a testimonial to their belief that God, in His omnipotent wisdom, looked with favor on their quest for a land where freedom's blessings flow. In this humble and devout setting, the true meaning of Thanksgiving was born.

Today, America is free and strong-- a monument to the hopes and ideals of the Pilgrims. It stands as the greatest fortress of brotherhood in the history of man. Conceived under God, our country represents a people whose progress has been blessed with divine guidance and whose history is rich with evidence of His power and glory. We have emerged triumphant from devastating world wars. Our scientific achievements stagger the imagination. Our standard of living surpasses all expectations. Truly, the goodness and mercy of God have been with us.

Regrettably, too many Americans no longer care about religious ideals and heritage. To some, our country is a fantasyland filled with complimentary handouts of rights and freedoms without obligations. With patent indifference, they shirk the mere suggestion of individual responsibility. Their purpose in life is lost in moral lethargy, self-indulgence, and neglect of duty.

Time and experience have proved our Constitution to be the greatest document for freedom ever drawn by man. This instrument of self-government is a reality envisioned by our Founding Fathers who were dedicated to the ideal that man is superior to the State. It embodies the fundamental principle of liberty which is dearer than life, the precept that men shall live as equals under government by law, not by men.

Law and order are pillars of democracy on which our safety and welfare rest. Without law and order, our society would falter and be destroyed. Law enforcement, as the main line of resistance against all enemies of our heritage, may indeed be proud of its contributions to the growth of a Nation founded on mutual trust, understanding, and faith in God. On this Thanksgiving, we should lift our hearts in humble thanks for this special privilege and pledge to uphold our noble cause to promote tolerance, to preserve the rule of law, and to protect and strengthen our God-given ideals and faith in freedom.

We Americans must never lose sight of the fact that our power, wealth, and happiness come directly or indirectly from our belief in God. Let us commemorate Thanksgiving by refurbishing our religious ideals. And as we meet the forces throughout the world which seek to destroy our way of life, let us find strength in the Biblical quotation, "If God be for us, who can be against us?"

Kaltwasser Elected To Angus Association

Gilbert Kaltwasser has been elected to membership in the American Angus Association at St. Joseph, Mo., announces Glen Bratcher, secretary.

This membership was one of 511 issued to breeders of registered Aberdeen-Angus in the United States during the past month.

Calvin Meissner, manager of Lariat Gin, congratulates Mrs. Georgia Lee Rundell for winning the weekly first prize money in the local football contest. This is the second time this season Mrs. Rundell has won top money in the contest. She called a total of 73 games correctly during the 11 weeks, only four games behind the prize winner.

Jimmy Temple Employed In Friona

Jimmy Temple, son of Mr. and Mrs. E. C. Temple, Albuquerque and a nephew of Mrs. Ruby Dixon has been employed in Friona by Friona Motors. Temple has been staying in the home of Mrs. Dixon until suitable housing for his family can be found in Friona.

Basketball Season Begins, Friday Is Green Day

Basketball season will begin in the Texico school Friday with the day being proclaimed "Green Day". During the afternoon a giant pep rally will be held with skits by members of the pep club participating as well as several members of the basketball squad. All students

and teachers will wear green to school.

First game of the year is with Dora Coyotes, defending district champs. Wolverines will begin the season without the services of one of the returning lettermen, Mike Hitson, who is out with an injured ankle.

Other players have been ill this week.

Listed as possible starters by Green were Neil Lambert - 6' 4" at post, Tom Rickstrew - 6' 1" and Ronnie Richardson - 5' 11" at the forward positions. In the guard slots will be Mike Spearman - 5'8" and Joe Patterson 5'8". Others possible seeing action will be Emmitt Autrey, Donnie Morris, Wesley Raulle, Jim Hill and David Duncan.

Texico Girls To Play Regular Schedule Of Games

For the first time in several years the Texico Whirlwinds (girls basketball team) will be playing a regular schedule of competitive games and will be able to charge for the games. For a number of years competitive sports for girls were ruled out in New Mexico schools; however this year they will begin again on a small scale. Price of admission is 25¢ and 50¢ per game.

- Jan. 14 -- Texico at Melrose -- 7 p.m.
 - Feb. 20 -- House at Texico -- 7 p.m.
 - Mar. 2 -- Melrose at Texico -- 6 p.m.
 - Mar. 12-13 -- Girls Tournament.
- Coach Stockton says, he wants to wait and see how the team develops before offering any comment or predictions.

Junior Teams End Season With Two Wins

By Leonard Hutsell

Farwell seventh and eighth grade Yearlings finished the season in a blaze of glory as they downed Springlake in two evenly matched games by scores of 26-6 and 14-6.

In the seventh grade game, neither team was able to tally in the first quarter which was infested with fumbles.

Dean Stovall finally broke away for a 39 yard touchdown early in the second quarter to put the Yearlings in the lead

6-0. Stovall ran the points and Farwell led 8-0. Stovall then broke away to score again on a 28-yard gallop to increase Farwell's lead 14-0. Point was no good, Farwell led at the half by the same count.

The Yearlings came back the second half to prove they could once more make the grade and Mark Costello took the opening kick and went 80 yards for a touchdown to put six more big points up for Farwell. Extra points were no good.

Steve Sanderson from Springlake slipped through the line like a greased pig and went 45 yards for a score to cut the locals lead down to 20-6.

Danny Prince decided to get back the six points that Springlake scored and zig-zagged up the field for a 59 yard touchdown to balance the count to a 20-point lead for the Yearlings 26-6. No further scores were made in the third quarter.

The last period saw plenty of good ground yardage on the part of both teams although neither was able to score. The game ended with the local seventh grade getting a 26-6 win.

Doing most of the ball handling for Farwell were Dean Stovall, James Chadwick, Danny Prince, Mark Costello, Doug Harriman and Danny Reed. Haney intercepted a Wolverine pass. Clicking off yardage for Springlake was Steve Sanderson.

In ground gaining, Farwell led with 332 yards with 17 yards lost and Springlake had 101 yards with 32 lost. Farwell was penalized 60 yards and Springlake 40. Both teams had 2 fumbles, 1 intercepted pass and 1 incomplete pass. Farwell completed one pass.

In the eighth grade game, Al Phillips, who was back in the lineup for the first time since an arm injury, scored for the locals after a 70 yard march for the first touchdown of the game. Try for points was no good and Farwell was ahead 6-0.

Neither team scored in the

THANKSGIVING DAY 1964

LET US GIVE THANKS FOR THE BOUNTY OF THIS GREAT LAND

O Beautiful For Spacious Skies,
For Amber Waves Of Grain,
For Purple Mountain Majesties
Above The Fruited Plain!

Feb. 17	Bovina	There	8th grade

If You Bag One-Bag It

"If you bag one - bag it!" deer hunters are reminded by Mrs. T. C. Campbell, Abilene. "At least bag the hide," she pleads, "as we're begging every scrap of buckskin for patients in our state hospitals and special schools."

The Volunteer Services Council, headed by Mrs. Campbell, once again will have donated hides tanned and distributed the leather among the 28,000 patients in Texas mental hospitals, tuberculosis hospitals, and schools for the mentally retarded. It is used in rehabilitation projects.

"Throw a handful of table salt on the hide, let it drain, 'bag it' in heavy paper and send it to Austin Taxidermist Studio, 2708 South Lamar, Austin, and we'll do the rest," explains Mrs. Campbell.

"Mark the shipping tag 'charity,' and most motor freight lines will haul hides without charge. If hunters request, locker plant operators will send in hides," adds the Council leader.

"The 28,000 Texans in the hospitals and schools join me in saying, 'we hope it's in the bag' for every sportsman," said Mrs. Campbell.

FINEST DEER HUNTING

Can accommodate 10 hunters daily - on 30 sections ranch in Davis Mountains beginning Dec. 3rd. \$15 per day. Bunk house with butane stove and lights.

MEET MR. WUNSTOP DUZZIT

The man had just been pulled over to the curb for speeding. The officer approached the car, pad in hand.

"Okay, you," he snapped, "what's your name?"

"Aloycious Gloustershire Merkowitzskyvitch," the driver replied.

"Well," the cop said, pocketing his pad, "don't let me catch you again."

ANNOUNCE ENGAGEMENT -- Mr. and Mrs. Frank R. Meter, Route 1, Texico announce the engagement and approaching marriage of their daughter, Valeria Louise, to Tommy Joe Smith, son of Mr. and Mrs. James Franklin Smith, Odessa. The couple will exchange wedding vows at the Immanuel Lutheran Church in Clovis, December 19, 6 p.m. All friends and relatives of the couple are invited to attend.

Peggy Hughes Elected To District Office

Peggy Hughes, daughter of Mr. and Mrs. H. L. Hughes and a junior at the Texico School

was elected vice-president of the district for the FHA (Future Homemakers of America) at the district meeting held in Elida the past Saturday.

The Texico chapter was in charge of an exhibit and also assisted with the presentation of a skit.

Installation of district officers was held immediately following the main address Saturday afternoon.

Schools represented at the district meet were Gattis Jr. High, Clovis High School, Portales High School, Portales Jr. High, Floyd, Texico, Elida, and Causey.

The Texico group was accompanied to Elida by Mrs. Lillian Allman, FHA instructor.

Three girls modeling clothing they had made in home economics classes or as home projects for Women's Club members Monday night were Kathy White, Sarah Walker and Brenda Thornton, who pause by the sign bearing the words, "Forecast for Fall."

Hunters Return Empty Handed

Two groups of Texico hunters returned home empty handed from Rawhide, N. M. early this week where they had hunted deer over the weekend.

In one party were Perry and Harvie Winkles, Lowery and Larry Dwayne Winkles, C. E. and Ronnie Sanders and Leon Smith.

Members of the other unsuccessful party were Gary Skaggs, Mike Hitson, Donnie Winkles, Ernest Woods and Jerry Lee Woods.

Home Ec. Girls Present Style Show For Woman's Club

Members of the Texico Home Economics department, under direction of Mrs. Lillian Allman presented a style show, featuring "Fashions For 64-65" for Texico Woman's Club Monday night.

Kay Bush narrated the show and the script was written by Cynthia Spence. Some 19 girls participated in the show. Featured were "White for Winter," "A Flare for Pastels," "The Layered Look," and "Stretch Fabrics." All clothing modeled had been made by the girls either as home projects or in class.

A background, featuring "Sweet Genevieve 1908" was the setting for the show attended by 52 club members and guests. Three members of the Home Ec. department, Kay Bush, Kathy White and Pam Roberts, accompanied by Susan White were featured in the song "Autumn Leaves."

Following the style show refreshments of chips, dips, hot apple cider and cookies were

served. During the business meeting announcement was made by Mrs. Ed Farmer, club president, that David Axe had agreed to donate his time to paint the club building and work was begun on the project Tuesday morning. Club members will furnish the paint and will also install new light fixtures and have the draperies at the club building cleaned.

Plans were completed for a "42" party to be held New Year's Eve as a money making project and announcement was made that the annual Yule party for club members will be held in the home of Mrs. Leroy Faville on Dec. 21. Each club member is asked to bring a gift for the gift exchange. Assisting with hostess duties will be Mesdames Johnny Green, Willie Hammond and Bob Lebow.

Hostesses for the Monday meeting were Mesdames Elmer Teel, Herman Patterson and Ray Dean Axe.

Texico 4-H Girls Honored With Mexican Supper

Texico 4-H Club girls who had completed their workbooks and projects for the year were honored with a Mexican supper in the home of their leader Mrs. Perry Winkles, Friday night.

Following the meal completion pins were awarded and games were played by club members and invited guests. Receiving completion pins, awarded by Curry County Assistant HD Agent, Alice Mavis, were Sandy Tipton - seven

years; Beverly Winkles and Janet Wilson, each four years; Veda Wilson - eight years and Betty Jean Autrey - one year. She was unable to attend.

Veda Wilson will represent Texico and New Mexico at the national Congress of 4-H 'ers in Chicago later this month.

Special guests were Mrs. Geraldine Wilson, Mrs. T. J. Tipton, Alice Mavis, Mrs. Jim Moss, Frankie Lambert, Terry Max Winkles, and Linda Wilson.

Texico 4-H girls who were awarded with completion pins Friday night pose with their leader, Mrs. Perry Winkles and Assistant HD Agent, Alice Mavis. Shown left to right: Mrs. Winkles, Sandy Tipton, Janet Wilson, Beverly Winkles, Veda Wilson and Alice Mavis.

NOTICE

A special meeting of Texico 4-H club will be held at the home of Mrs. Perry Winkles, leader of the group on Nov. 25, 4 p.m.

Purpose of the meeting is to enlist new members for the organization. Any girl, who will be 10 years of age by January 1, 1965 is invited to participate. Girls are urged to bring their mothers to the meeting in order that the 4-H program may be explained to them.

If your car could tell you its troubles . . .

Bothered by pounding headaches? Hard to get up in the morning? Oppressed by that "tired" feeling? Your car's troubles might be traced to an inadequate "diet".

Better prescribe a "tonic" of Flite-Fuel or Sixty-Six Gasoline.

Phillips 66 motor fuels have what it takes to make your car "feel" better fast. And perform better! You'll notice faster starting . . . no stalling . . . livelier acceleration . . . smoother power!

Get all the performance your car was designed to give you. Fill up at your Phillips 66 Station.

Thank God For America Is Study Club Topic

The Rev. W. C. Strickland, pastor of Hamlin Memorial Methodist Church in speaking to Farwell Study Club members and invited guests at their regular Thanksgiving supper on Monday night used as his topic "Thank God For America."

Rev. Strickland reviewed the history of this country and told of sacrifices made by our forefathers which made the country into a great nation, reminding his audience that they must not forget that we have a great heritage brought about by the efforts of many great people. "We must not lose this heritage, therefore we must continue to make worthy contributions to all good things keep our nation strong while thanking God for America," he concluded.

J. L. Bass, pastor of Farwell First Baptist Church gave the invocation and Paul Wilkinson, minister of the local Church of Christ, pronounced the benediction.

Hostesses for the Thanksgiving supper were Mesdames L. S. Pool, Asa Smith, Elmer Scott, Albert Smith, Guy Austin, Beulah Hobbs, and John S. Williams.

Surprise Shower Honors Mrs. Cathey

Mrs. C. W. Cathey was honored with a surprise lullaby shower Tuesday morning in the home of Mrs. Guy Cox with Mrs. Bunk Phillips as hostess.

Doughnuts and coffee were served from a table centered by a miniature baby cradle filled with fall flowers.

Attending the social were Mesdames Bunk Phillips, Kate Phillips, Glen Phillips, A. D. Kirk, Bill Prince, L. L. Cooper, Harold Travis, John Lovelace, Elmer Hargrove, Carl Davis, Guy Cox and Misses Linda Phillips and Gilda Cathey.

Sending gifts were Mesdames Bob Anderson, Cotton Robertson, Robert Rundell, Vera Jennings, Ted Magness, Willie Hammonds, Fred Chandler, Connie, Al and Ty Phillips.

What's Cooking At Farwell School

MONDAY: beans with ham hock, sweet pickle relish, spinach, hot cornbread, butter, milk, chocolate pudding.

TUESDAY: turkey with dressing and giblet gravy, asparagus, cranberry salad, butter, bread, milk, dessert.

WEDNESDAY: hamburgers, tomatoe and cheese slices, pickles, onion, lettuce, potato chips, dessert, milk.

THURSDAY AND FRIDAY SCHOOL WILL BE DISMISSED FOR THANKSGIVING HOLIDAY.

Also Mesdames Hattyle Boling, Albert Smith, Clyde Dial, Guy Austin, Beulah K. Hobbs, Mabel Reynolds, Cricket Taylor and Miss Maude Hicks.

Deadline Date For Project Yule Card Is Dec. 4

Persons wishing to get their names on the giant Yule Card, to be carried in the Christmas edition of the Tribune should lose no time contacting one of the PTA workers, who are making the drive to secure funds to buy books for the three school libraries.

Local residents are asked to contribute the money they would ordinarily spend for mailing Yule cards to local persons to the PTA to assist with the project.

Mrs. Janie Bowery, at the Farwell City Hall is chairman of the drive and she will accept contributions until Dec. 4, deadline date, or residents may contact any of the drive workers. Workers are Mmes. Jack Williams, Pete Rundell, Billy Watts, Bert Williams, Janie Bowery, Johnnie St. Clair, Glenn Phillips and Joe White.

Mrs. Bennie Barrow Is Shower Honoree

The home of Mrs. Raymond Martin was scene for a bridal shower honoring Mrs. Bennie Barrow nee Vicki Moss Tuesday night. Assisting Mrs. Martin with hostess duties were Mesdames Partin Austin, Bernard Nelson, Roy Lovett, Joel Tankersley, Ernest Kube, Harry Whitley, Buck Bradshaw, Bill Prince, Ann Smith, Bruce Blair and Ralph Franske.

Mrs. Tankersley and Mrs. Lovett presided at the serving table which was covered with a lace cloth and centered by a unique floral arrangement surrounding a candle in a gold holder. Milk glass and silver table appointments were used. A sheet cake bearing the inscription "Vicki and Bennie" and decorated with spun sugar flowers of gold, was served with orange floating punch or coffee and nuts.

The honoree, her mother, Mrs. Bill Moss, and mother of the groom, Mrs. Ralph Barrow were presented with corsages made from minute kitchen utensils and ribbon. Mrs. Barrow was assisted with opening gifts by her mother and mother in law.

Attending and sending gifts were Mesdames Glenn Dell Phipps, Partin Austin, Bill Moss, Ralph Barrow, Burnis

THE PAUSE THAT REFRESHES: This group of eighth grade students attending the Sadie Hawkins Party pause for a refreshing snack of chittlins, possum dogs and kickapoo joy juice. Shown left to right Ricky Lee, Fern Tarr, Camille Hobbs, Robert Curtis, Kyle Sheets, Ellen Herrington, Linda Meeks and Al Phillips.

Eighth Grade Holds Sadie Hawkins Party

The auditorum at Farwell High School was scene for a Sadie Hawkins Party honoring members of the eighth grade class Saturday night. Hosts and hostesses for the social were room parents, Mr. and Mrs. Glen Phillips and Mr. and Mrs. Harry Sheets and also class sponsors, Mr. and Mrs. Vernon Scott and Mrs. Loree Hill. Approximately 45 persons attended.

Each class member, parent, and class sponsor came to the party dressed as a hillbilly from Dogpatch. Entertainment during the evening was provided by "The Beatle Billys" (Kyle Sheets, Al Phillips, Craig Phillips, Randy Johnson, Ricky Lee and Robert Curtis), and "The Dog Patch Five plus One," (Harry Sheets, Glen Phillips, James Craig, Omata Scott, Vernon Scott and Loree Hill).

During the evening the "Beatle Billys" challenged the "Dog Patch Five plus One". All attendants at the party agreed that the Beatle Billys won. The evening was spent in playing various games. Highlight of the affair was the traditional Sadie Hawkins Race. After the race Marrin' Sam hitched up the reluctant hillbillies.

Prizes were given for the best dressed girl—Lola Craig; purtiest gal—Linda Dannheim; best dressed boy—Charles Bowery; and the ugliest guy—Stephen Birchfield.

Decorations were in true hillbilly style with bales of hay, and corn stalks placed throughout the room. Table decorations featured arrangements of dried (up) flowers and weeds. Tablecloths were of red checked cloth with matching napkins and cups.

Refreshments were possum dogs, chittlins and kickapoo joy juice.

Crowned Junior High Football Sweetheart

Crowned junior high school football sweetheart in ceremonies before the eighth grade student in the Farwell school.

Miss Meeks and the other homecoming sweetheart candidates, Debbie Chandler and Regina Rundell, were escorted to the stands directly in front of the Farwell bleachers by Al Phillips, Kyle Sheets and Greg Hargrove, where Al Phillips crowned the sweetheart and presented her with a bouquet of carnations and a charm bracelet bearing the inscription "J.H. F.S. 64".

Following the coronation of Miss Meeks, Denny Lunsford was crowned "Homecoming Beau" by Camille Hobbs and Marlon Busbice, cheerleaders. Denny was presented with a silver identification bracelet bearing the inscription "H.C.B. 64". Denny is the son of Mr. and Mrs. Buster Lunsford.

Other candidates for homecoming beau were Danny Prince and Al Phillips. All sweetheart and beau candidates were members of the seventh and eighth grades in Farwell.

This dark haired beauty, Linda Meeks, was crowned "Junior high football sweetheart 64" in ceremonies preceding the Springlake - Farwell eighth grade football game Thursday evening. She is the daughter of Mr. and Mrs. Grover Meeks.

Honored At Reception

Among the six couples from over the United States and Canada recently honored at a reception at McAllen, Texas were Mr. and Mrs. Oswell (Buddy) Jones.

The Jones are spending the winter in the resort town, which is one of the fastest growing winter resort cities which provide the gateway to Mexico. Guests in the resort are provided with daily programs, 43 varieties of winter vegetables and rent at a nominal fee.

In addition to the daily programs, excursions are operated for tourists to the Gulf of Mexico, King Ranch, Mexico bird and game sanctuaries, orange and grapefruit orchards, lakes for winter fishing and to the South Padre Island to collect seashells.

Visit In California

Mr. and Mrs. Joe McWilliams left Thursday morning for California where they will spend the Thanksgiving holiday with McWilliams mother in Fresno. They will also visit with a brother of McWilliams in Lompoc and with several nieces and nephews. They will return home late next week.

School Lunch Schedule AT TEXICO

MONDAY: pork sausage, escalloped potatoes, harvard beets, mixed greens, cornbread, butter, milk, fruit cup.

TUESDAY: turkey with dressing and giblet gravy, green beans, cranberry salad, hot rolls, butter, milk, ice cream stick.

WEDNESDAY: tuna sandwiches, pickles, baked beans, jello fruit salad, chocolate milk, cake.

THURSDAY AND FRIDAY SCHOOL WILL BE DISMISSED FOR THANKSGIVING HOLIDAY.

Children Visit With Mother

All of the children of Mrs. E. G. (Blackie) Williams have been visiting in the home of their mother since she suffered a paralytic stroke some 10 days ago.

Mrs. Williams is much better at this time but is still confined to bed. She is able to talk much better and has regained the partial use of her hand and leg, she reports.

Children visiting have been Mr. and Mrs. Glen Williams and family, Canyon, Mr. and Mrs. Herbert Williams and Danny, Lubbock and Mrs. Wayne Cartwright, Sunray.

Family Night Set For Nov. 22 At St. John's

The November Family Night at St. John's Lutheran Church, Larfat will be held Sunday, Nov. 22, 7 p.m., reported Mrs. Ernest Ramm, secretary of the local chapter of the Aid Association for Lutherans which is sponsoring the November social.

Edgar Diers, area representative of this Lutheran Insurance Agency, will present a slide lecture depicting the many gifts the Aid Association gives to various benevolences and educational programs of the Lutheran Church -- Missouri Synod.

The Aid Association is owned by Lutherans and insures only members in good standing in a congregation of the Lutheran Church-Missouri Synod.

Beginning next September this Lutheran Insurance firm will annually offer 100 four year scholarships for qualified Lutheran high school graduates to any accredited college of their choice.

While the Aid Association is for Lutherans only, the monthly Family Night at St. John's is for all families of the community, commented the church's pastor, the Rev. Herbert F. Pelman.

Mrs. J. W. Crim who is hospitalized in Friona is in serious condition, according to latest reports.

Earnest Cain who has been hospitalized in Clovis on two recent occasions with pneumonia was re-admitted to the hospital last week and underwent surgery on Friday. He is described as recovering satisfactorily, by family members. For those wishing to send cards his room number is 123.

Children Have Made Complete Recovery

The children of Mr. and Mrs. Jerry Johnson, Canadian, who have been suffering from meningitis have returned to their home and are in good condition, according to local relatives.

For a time it was feared that one of the little girls four year old Ginger, would suffer permanent damage from the disease, but she has made a complete recovery.

Grandparents of the children are Mr. and Mrs. Russell Johnson.

COLLEGIATE — Multi-colored stripes of sage green, white, and bright blue are the favored choice in men's cotton oxford shirts. This style by Arrow is tapered for trim fit, has a button-down roll collar with back button, and center back pleat.

Seriously Ill

Word was received in Texico early this week of the serious illness of Mrs. W. S. Marley, mother of Mrs. Buck Doran. Mrs. Marley, who was in Bayard, New Mexico visiting in the Doran home suffered a heart attack on Nov. 6 and has been confined to a Silver City Hospital since that time.

Hospital Notes

Joe Helton, local businessman who has been hospitalized in Clovis undergoing tests for the past few days is scheduled to return to his Texico home later this week. He is reported to be in satisfactory condition.

The condition of Mrs. Fred Barker who is hospitalized in Friona with high blood pressure is satisfactory, according to family members.

Mrs. J. W. Crim who is hospitalized in Friona is in serious condition, according to latest reports.

Earnest Cain who has been hospitalized in Clovis on two recent occasions with pneumonia was re-admitted to the hospital last week and underwent surgery on Friday. He is described as recovering satisfactorily, by family members. For those wishing to send cards his room number is 123.

HIGHLIGHTS AND SIDELIGHTS

From The State Capitol

AUSTIN -- International attention came to Austin as Pres. Lyndon B. Johnson carried on the nation's business while resting from his campaign.

President-elect Gustavo Diaz Ordaz of Mexico flew in for informal discussions at the LBJ Ranch. President and Mrs. Johnson arranged a barbecue in appreciation of the strong support given his candidacy by Americans of Mexican ancestry.

Latin - American leaders from Texas, New Mexico, California, Kansas, Oklahoma and Louisiana were invited to the affair. Heaviest representation came from the cities of South Texas where huge LBJ majorities were rolled up.

Top business leaders from Houston, Dallas, San Antonio and Los Angeles also were on the select list of guests. All were entertained by Milton Berle, Eddie Fisher and Gene Autry. Also by Clint Harlow's sheep-dog troupe and a bevy of Mexican musicians and singers.

There was talk of a possible change in a cabinet post vital to Texas -- that of secretary of agriculture.

If Orville Freeman should be named senator from Minnesota to replace Vice President-elect Hubert Humphrey, Johnson may choose a secretary from Texas. Among those considered to be on the list are Dolph Briscoe Jr., Uvalde rancher, and Sterling C. Evans, Houston farmer and rancher who heads the Texas A&M University board of directors.

LATE INAUGURAL -- Gov. John Connally may have a late inauguration.

Ceremonies likely will be postponed from January 19, when he normally would take oath of office, to January 26.

Postponement, ramrodded by the State Democratic Executive Committee, is aimed at helping Texans arrange their schedules so they can attend inauguration ceremonies for both President Johnson and Governor Connally.

Presidential inauguration is fixed at January 20 and thousands of Texans plan to attend. Many prominent political figures would have to pass up Connally's swearing-in to reach Washington on time for Johnson's ceremonies.

Besides, the President wants Governor and Mrs. Connally there.

SDEC will call on members of the Legislature to co-sponsor a joint resolution to postpone the governor's inauguration.

If a majority of lawmakers sing, the Texas inaugural committee will go ahead with its plan to push back the Connally swearing-in date. A vote of the Legislature would make the change official after lawmakers convene here on January 12.

Texas constitution provides that the governor shall be installed on the first Tuesday after organization of the Legislature, "or as soon thereafter as practicable."

COURTS SPEAK -- Supreme Court agreed that, to protect the public, the State Department of Public Safety has full authority to suspend driver licenses of motorists found to be habitual traffic violators.

High court declared moot a Starr County Republican candidate's suit to void 650 poll tax receipts in the stormy South Texas county. The GOP office-seeker claimed the poll taxes were neither paid for nor requested by their holders.

A November 25 hearing was set by the Supreme Court on a suit by Trinity River Authority to force the state attorney general to approve a \$42,000,000 bond sale to finance construction of Livingston Dam. Houston voters approved the issue 4-1.

Court of Criminal Appeals ordered new trials in San Antonio and Houston murder convictions in line with a U. S. Supreme Court mandate. Its opinion suggested new guidelines for passing on admissibility of confessions. Trial judges now must hold special hearings where a question exists as to whether a confession was voluntary. They may exclude confessions from a trial or withdraw them from jury consideration if they find that all evidence tends to indicate the confession was not voluntary.

An Austin district court denied an injunction sought by House of Tobacco Inc. of Houston to get back its state permit to distribute cigarettes. Comptroller Robert S. Calvert cancelled the permit after the firm's operator was charged with cigarette tax irregularities.

SLANT-WELL SUITS -- Filing of two civil penalty suits in the 53rd District Court in Austin, for alleged slant-well activity, were made by Atty. Gen. Waggoner Carr.

First to be filed against were J. C. Stroud and W. V. Stroud, both of Rusk County, and G. M. Jordan of Kilgore. Suit involves one well in Rusk County.

Named as defendants in the second suit were the Strouds and M. M. Harding of Kilgore. Second suit involves two wells in Rusk County.

AG OPINIONS -- Attorney General Carr ruled that it would be legal for a commissioner's court to buy a helicopter for the county sheriff, if there is enough money in the right funds.

He held that a sheriff may buy any equipment he needs to do his work, but it is up to the commissioners court to decide whether a helicopter comes under "reasonable" expenses.

Carr also determined that, under a treaty clause, a Mexican consul stationed in Texas and bringing in liquor for use by consular officials, is not bound by the liquor import restrictions (quart per person) applying to Texas citizens.

He concluded that the State Parks and Wildlife Commission has the right to prohibit deer hunting on state-owned dry river beds of Dimmit, Uvalde, and Zavala counties.

CONNALLY FIRST -- Governor Connally was the first Texan to participate in the 1964 Census of Agriculture of the U.S. Department of Commerce. He filled out a census form concerning his ranch operation near Floresville.

Agricultural resources census has been taken every five years since 1840. Data is confidential and can be used only for statistical purposes.

VALLEY MENTAL FACILITY PLEDGED -- State Hospital Board was informed that a new inpatient mental treatment facility, for the Lower Rio Grande Valley, will be provided in the near future.

Dr. C. J. Rullmann, director of mental health and hospitals, said such a service is under consideration. It is to be patterned after the local-participation "contract care" recently made available in Beaumont, El Paso and Lubbock.

Board members accepted a \$225,000 grant by the Moody Foundation of Galveston to construct a regional diagnostic center for mentally retarded children at new Richmond State School. Center was acclaimed by Board Chairman Howard T. Tellepsen as a "major breakthrough in cooperation between state and private agencies to combat mental retardation."

BANK HEARINGS SET -- State Banking Board set hearings for November 24 on applications for charters by the proposed Northline State and Western State banks in Houston, the Jacinto City Bank at Jacinto City and the Conroe Bank and Trust Company in Conroe.

November 25 hearings were set for the proposed Mercantile Bank and the Stella Link State Bank in Houston.

VET LAND LIST LIMITED -- Veterans' Land Board voted that no more names be accepted on its waiting list since funds will not be available to purchase land for veterans not already on the list.

Land Commissioner Jerry Sadler stated that more than 35,000 veteran purchasers will have bought land through the program when it ends in December, 1965. Those already on the list can expect to be reached before the program ends.

CARR TO WASHINGTON -- Attorney General Carr made the latest in a series of appearances before the U.S. Supreme Court in Washington, D.C., this week when he argued for the State of Texas in the hearing on John William Stanford Jr. versus the State.

Stanford is the San Antonian who was ordered last December by the Subversive Activities Control Board in Washington to register as a Communist. He is appealing that order in another court.

Appeal Carr is working on involves Stanford's protest that State officials illegally searched his house and took some 2,000 items, including personal effects, without lawful cause.

Stanford is being defended by attorneys for the American Civil Liberties Union.

HUNTING SEASON HINTS -- Parks and Wildlife Department has prepared a new hunting digest, it includes a Texas hunting map which shows where to hunt what and when. The digest, available at most places where

hunting licenses are issued, also is available, free, by writing the department in Austin. Parks and Wildlife Department is advising hunters to fill out their deer tags carefully and attach securely to the deer killed.

SHORT SNORTS

Highway Commission Chairman Herb C. Petry Jr. told the 800-plus delegates to the Texas Public Employees Association convention in Austin that they have 10-million bosses -- namely all the citizens of Texas . . . State Selective Service Director Col. Morris S. Schwartz announced that the state draft quota for December is only 280, compared to 307 in November . . . State's General Revenue Fund still is \$22,400,000 in the black . . . State Board of Education voted 14-6

Ussery extends thanks to all persons who in any way helped to make the recent candy sale such a great success. A total of \$500, was taken in from the candy sales with a net profit of approximately \$170, according to Ussery.

Money made from the candy sale will be used in the Lions Club projects, chief of which is the "sight conservation program." Glasses have been bought in recent weeks for several school children who otherwise would be unable to secure them, he reports.

In addition to the sight conservation program Lions are helping to pay off the indebtedness on the Little League ball park.

At this time Lions are planning a "Turkey Shoot" for the near future, and also have in mind several other financial projects for later in the year.

Happiness is a perfume you cannot pour on others without getting a few drops on your self.

Those who bring sunshine to the lives of others cannot keep it from themselves -- Barrie.

"In politics people are friends or enemies--in business they are all customers."

Lions Candy Sale Successful

Winner of the radio which was recently given away by Lions was Mrs. Jeane Hendrickson, Texico, reports James Ussery Lions Prexy.

Ussery extends thanks to all persons who in any way helped to make the recent candy sale such a great success. A total of \$500, was taken in from the candy sales with a net profit of approximately \$170, according to Ussery.

Money made from the candy sale will be used in the Lions Club projects, chief of which is the "sight conservation program." Glasses have been bought in recent weeks for several school children who otherwise would be unable to secure them, he reports.

In addition to the sight conservation program Lions are helping to pay off the indebtedness on the Little League ball park.

At this time Lions are planning a "Turkey Shoot" for the near future, and also have in mind several other financial projects for later in the year.

Junior Teams--

(Continued from page 3) second quarter although Springlake had the ball most of that quarter. The Yearlings were disappointed when Greg Hargrove went all the way, but stepped out on the 21 and the ball was brought back. Half-time count was 6-0.

The third quarter saw good ball handling on the part of both teams. Al Phillips scored again the fourth period. Hargrove ran for the points but a red flag brought the ball back and Farwell tried again, with a five-yard penalty to overcome, Phillips heaved a pass to Kyle Sheets for the count.

Neil Armstrong eluded his tacklers and went 74 yards for the 19 Springlake touchdown with 19 seconds left on the clock. The game ended with Farwell taking a 14-6 win. Carrying the pigskin for Farwell were Al Phillips, Kyle Sheets, Robin Mahaney, Ricky Lee, Greg Hargrove, Robert Curtis, and Dennis Ensor.

Getting in on tackles were Phillips, Randy Johnson, Randy Crook, Curtis, Sheets and Charles Bowery.

Springlake led with yardage gained with 212 with 2 yards lost. Farwell had 180 yards gained and 15 lost. Farwell at-

Milton Davidson Speaks To FBLA

Milton Davidson, manager of the Clovis branch of New Mexico Employment service spoke to members of Texico FBLA (Future Business Leaders of America) on Monday morning. Davidson told the class "we don't give you a job, we just tell you what kind of job you are best suited for after giving each job applicant an aptitude test." "It is up to the applicant to get the job he finds most to his liking and best suited to his ability," he continued.

He stressed the fact that getting and keeping a job depends largely on personality, initiative and background. Many employers are looking for someone with experience and most want a person with at least a high school education, he said.

He urged students to stay in school. During the short business meeting Sharon Peyton was selected as most beautiful candidate and Keith Crooks was selected as most handsome candidate from the club.

tempted six passes and completed three for 64 yards. Springlake attempted one pass which was intercepted. Both teams fumbled once. Springlake had 75 yards in penalties, with 25 for Farwell.

County Has 9 Rural Wrecks

There were nine rural traffic accidents in Parmer County during the month of October, according to Sergeant W. E. Wells, Highway Patrol supervisor of this area.

From these crashes one person was killed and 12 injured and an economic loss due to property damaged amounted to \$16,461.

Summarizing rural traffic accidents from January through October of 1964, the picture shows 101 wrecks, ten dead,

59 persons injured and \$94,534 in property damage.

"We are heading into the winter months! Our vehicles need winterizing." But in the words of the Patrol Supervisor, "Don't winterize your car alone -- winterize your driving too."

"Get the jump on bad weather by having your vehicle safety inspected by an authorized garage to assure its good performance in the months ahead. Then check to see that antifreeze, snow tires or tire chains, and ice scrapers are handy, for Today's inspection is tomorrow's protection," says Wells.

"We cannot regulate the weather but we can regulate our driving." The Sergeant suggests in snow and ice to:

- (1) Slow Down and leave more Space between cars.
- (2) Keep Windows Clear -- turn on Lights to help others.
- (3) Extra Slow on turns, intersections, crest of hills.
- (4) When Braking, pump to avoid locking wheels in skid. If skidding, turn wheel in direction of skid, don't slam on brakes, slow down easily.

Up, Up & Up

The cost of government continues to grow at a rapid pace.

Each American's share of the total tax burden in 1963, the Tax Foundation reports, was \$815, more than double the share in 1950, which was considered high at \$369.

THE HIGH PLAINS FARM AND HOME

Irrigation Firm Name Changed

T. L. Timmons, president of Brown Irrigation with home offices in Lubbock, announced last week the name change of Brown Supply Company to Brown Irrigation Supply Company.

According to Timmons, the subsidiary companies were operated under the name Brown Supply Companies until they were recently purchased and reorganized by Florida Water and Utilities Company, a publicly owned utility company headquartered in Miami, Florida.

Brown Irrigation Supply Company will operate as a wholly owned subsidiary of Florida Water and Utilities Company with offices in Crosbyton, Levelland, Littlefield, Muleshoe, Plainview, and Dimmitt.

Timmons, a 12 year employee of Brown Supply and veteran of 14 years in the irrigation business, was appointed president and chief executive officer by the board of directors of Brown Irrigation. He came to the company a graduate engineer of Texas Tech. Brown Irrigation Supply Company is presently underway in production of a new innovation in concrete irrigation pipe to be marketed in this high plains area.

He described the name change and new product development as preliminary steps in the company's long-range market development plans.

Pictured above is T. L. Timmons, president of Lubbock's Brown Irrigation Supply Plant, surveying plant facilities in Lubbock.

Holly Livestock Dept. Moves To Hereford

Holly Sugar Corporation is moving headquarters of its Livestock Department from Denver, Colo., to Hereford, Texas, this week, it was announced here today by C. M. Nicholson, Holly Vice President - Agriculture.

Nicholson said that W. M. Cordray, Director of Livestock Operations, is transferring his offices from the Livestock Exchange Building in Denver to the Jim Hill Hotel building at Hereford.

Holly Sugar Corporation, Nicholson pointed out, has included a big, modern and efficient new feedlot and feed mill in its new Hereford factory complex which began operations about a month ago. Holly, he said, also has feedlots at Torrington, Wyoming, and at Brawley and Hamilton City, California.

The new Hereford livestock

operation, the sugar company official said, now includes pens with a capacity for some 7,500 head of cattle. It is expected twice this number will be fed at the Hereford facility annually.

"Our feedlot at the Carlton Plant at Brawley, California, in the Imperial Valley, is about the same size," Mr. Nicholson added. "The Torrington, Wyoming, lot has a 4,000-head capacity and that at Hamilton City, California, about 2,000 head."

The new Hereford operation is situated on a 180-acre site approximately a mile west of Holly's huge new Merrill E. Shoup sugar refinery. Some of the by-products from the sugar mill will be used to feed cattle at the Holly lot.

"These by-products -- dried beet pulp and molasses -- provide a new high-value livestock ration for feeders in the West Texas and neighboring areas," Nicholson said.

In his new location, Mr. Cordray's mailing address will be P. O. Box 186, Hereford, Texas, and his telephone number 364-3381.

Parmer County Gold Star Award Winners Named

Judy Koelzer, daughter of Mr. and Mrs. B. N. Koelzer and Dale Blackstone, son of Mr. and Mrs. Harvey Blackstone, both members of the Lazbuddie 4-H Club have been named Parmer County Gold Star Award winners for 1964.

Judy and Dale was honored along with 42 other young people (Gold Star Winners) from District I at a banquet held in Amarillo Saturday night. Sponsors of the banquet were the REA's in District I.

Special guests at the banquet were parents of award winners and county extension agents along with agricultural agents in District I.

Judy 16, has completed six years of 4-H club work. She has been named county winner of the dress revue two times; county winner of the bake show, county winner of the favorite food show and has completed projects in foods, clothing, poultry, gardening, and home improvement. In addition she has served her local club as recreation chairman, council delegate and secretary-treasurer.

Dale, 14, has completed projects in beef cattle, field crops, gardening, swine, food and nutrition. He has also been named winner of first places on method demonstrations in county and district competition as well as receiving numerous county awards in gardening and achievements. He has served his local club as reporter and council delegate.

JUDY KOELZER

DALE BLACKSTONE

Another Screwworm Threat To High Plains

Screwworms detected in the High Plains Saturday, November 7, could pose a threat not only to other Texas Panhandle counties, but also to Oklahoma. This is the warning from screwworm eradication program authorities.

The screwworm infestation was reported 5 miles southwest of Clarendon in Donley County. This was the furthest north screwworms have been found this year, and the closest to Oklahoma, where the livestock pest has been absent during 1964. An infestation discovered in neighboring Briscoe County in late September broke a 53-day screwworm-free period for Texas.

While eradication workers are confident cold weather will diminish any serious threat from further screwworm activity in the Panhandle, they are treating the infestation area through release of sterile flies. The first air drop of flies was to take place Tuesday.

However, the danger may not be past. A continuation of the unseasonably warm weather experienced in the Southwest could be present some spill-over of screwworms into nearby areas. Therefore livestock producers in the Texas Panhandle and in Oklahoma counties adjoining the border are asked to stay alert for screwworms.

Animal wounds should be treated with preventive smears and livestock should be examined regularly for infestations, says Dixon Hubbard, Area Extension Livestock Specialist. When infestations are found, larvae should be collected from deep within the wound and placed in water or alcohol. This specimen should be taken to the county agent or mailed directly to Box 969, Mission, Texas. There, at screwworm eradication headquarters, the sample is positively diagnosed and arrangements for sterile fly drops are made if screwworms are found to be present.

On The Farm In Parmer County

BY JOE VAN ZANDT
County Agent

Careful cotton stripper operation, adjustments and maintenance can save cotton farmers a lot of money this year. And the operator's manual can be a helpful reference when making machine adjustments and performing machine maintenance.

Proper adjustment of the boll separator, stripping bar or roll, pressure and plant lifters and proper regulation of tractor speed to fit field conditions are essential to efficient harvesting. However, the operator's skill is the factor that adapts the machine to field conditions and keeps it running efficiently.

This skill is directly proportional to the operator's experience and training. Although experience is the best teacher, inexperienced operators can be trained rather quickly by the machine owner or the machinery dealer. A little time spent studying the operator's manual under the supervision of a skilled operator, owner or dealer can pay big dividends in better machine performance. Often a review of the manual will be helpful to experienced operators as well.

Better grades, less down time, lower harvesting cost per bale and higher harvesting efficiency result from proper stripper adjustment, operation and maintenance. Use your cotton stripper operator's manual this year to increase those cotton dollars.

CHOICE OF STANDARD DEDUCTIONS

Every tax payer may choose between the minimum standard deduction or a standard deduction of 10% of the adjusted gross income. Minimum standard deductions are: single taxpayers-\$300, and a married couple filing jointly - \$400. An additional \$100 deduction can be claimed for each dependent up to a maximum of \$1000. For example, a married couple with three children and an adjusted gross income of \$2000 can deduct \$700 (\$400 plus \$300 for their chil-

dren's exemptions) instead of the 10% standard deduction of \$200. These deductions are in addition to the \$600 personal exemption.

Items no longer deductible under the 1964 law are: state and local taxes on liquor, cigarettes, hotel rooms, theater tickets, local driver's licenses and auto tag fees.

All unreimbursed moving expenses are deductible in computing adjusted gross income. To be eligible, the new place of employment must be at least 20 miles from the former residence. Also, the taxpayer must be a full-time employee in the general location to which he moved for 39 weeks during the year following his arrival.

These are just a few of the changes in the 1964 Internal Revenue Code. Utilizing these new applicable regulations, taxpayers may find a lower tax liability for 1964 than has been experienced in prior years.

For additional information on this subject contact the County Agent. **MANAGEMENT-INCOME TAX MEETING**

Jim Murphrey, Farm Management Specialist, will present a program and discussion on management and income tax reporting next Monday, Nov. 23 at 1:30 p. m. in Friona State Bank Community room.

This is a good opportunity to learn more about the new income tax regulations and possibly make some adjustments before this year ends. Everyone is invited to attend. **BEEF LEADERS MEETING**

Last week we had a meeting for the 4-H Beef cattle leaders from all over Parmer County in Bovina. We had a good attendance with all five 4-H clubs represented by one or more leaders.

Those attending from Lazbuddie were Wayne Hardage, Max Steinbock and Freeman Davis; Bovina, Durward Bell; Oklahoma Lane, Gilbert Kaltwasser and Melborn Jones; Friona, Phil Phipps, Bill Lyles and Jimmy Smith; and Farwell, Bert Williams and Pike Jordan.

WE trust that these leaders learned more about their jobs as 4-H Beef leaders and can help you 4-H'ers with your beef cattle projects. Those beef leaders who were unable to attend missed a good meeting I feel like. However, I will try to give you some of the same information as I visit with you from time to time.

(THE) COOK WITH A LOOK...

THE LOOK OF ELECTRIC COOKING

EXCITING OFFER
Your Recommended Reddy Kilowatt Dealer has a free electric sweeper for every Public Service Company residential customer who buys an electric range now. Better see him about it!

Electric cooks always seem to have that look of a good cook — self-confident, sure, creative... unquestionably it's because they have confidence in their electric ranges. They know that electricity is the utmost in accuracy so when they set a dial or turn a switch they KNOW the results will be good — every time... no guesswork but still plenty of room for cooking creativity. Or, to put it another way, women just plain like electric cooking!

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

A public hearing has been scheduled by the U. S. Department of Labor in Dallas on December 4 to consider criteria for the employment of foreign agricultural workers in the United States. The hearing will be held in the Sheraton-Dallas Hotel beginning at 10:00 a. m. and interested parties are invited by the Department to present their views either orally or in writing.

Hearing examiner is Clifford P. Grant and subject matter to be treated will be wages, housing, insurance, transportation expenses and other terms of employment.

The hearings are occasioned by the coming expiration of Public Law 78 (Bracero Law) on December 31 of this year, after which the importation of Mexican Nationals or other foreign workers for agriculture will be under the Immigration Service with authority from Public Law 414, titled the Immigration and Nationality Act of 1952. Under this act, authority rests with the Attorney General to make determinations bearing on the importation of foreign workers. In passing on employer requests for foreign agricultural workers the Attorney General, by regulation, will require certification from the U. S. Employment Service concerning the availability to observe other policies of the U.S.E.S., including those designed to prevent adverse effect to domestic workers similarly employed.

Announced purpose of the hearings, of which there are to be four in all, is to assist the Secretary of Labor in establishing the criteria to be applied in making the necessary certification to the Immigration Service. After receiving all of the oral and written views presented, the hearing examiner will certify the record to the Secretary of Labor for his determinations. In addition to the Dallas hearings, others are scheduled in Washington D. C. on November 30; in Miami, Florida on December 2, and at San Francisco, California on December 7.

The announcement of this latest development on the farm labor front, which came from Tracy C. Murrell, Regional Administrator of the Bureau of Employment Security in Dallas, made no mention of when the Secretary of Labor might be expected to notify farmers of the necessary steps to securing foreign workers. Individual and Association contractors of workers under P. L. 78 have been notified by the Department of Labor that workers now under contract or workers contracted before November 19 (the final date for contracting or re-contracting at Reception Centers) must be returned to Reception Centers on or before January 5, 1965. It is considered highly unlikely that foreign workers could be secured under P. L. 414 before that date, and this is expected to leave many High Plains farmers without workers for completing the harvest of this year's crop. To date no solution has been offered to this situation.

Elvon Devaney, Manager of the Western Texas Farm Labor Association at Muleshoe, has said that his group would definitely present testimony at the Dallas hearing, and other associations, including Plains Cotton Growers, are expected to do the same.

Consumption continues to rise under one-price cotton law. Dr. M. K. Horne Jr., Chief Economist of the National Cotton Council states that domestic mill consumption of cotton has risen from an annual rate of 8,443,000 bales in the first quarter of 1964 to 9,205,000 bales in the third quarter, and states that the new competitive price for raw cotton has played a big part in this rise.

The increased use of cotton was reported after an extensive mill survey, which showed shifts from rayon-cotton blends to all-cotton in woven apparel fabrics, tufting yarns, bed ticking, rug backing and sales yarns for knit wear and other uses. Dr. Horne states that: "Since the price of cotton to domestic mills was lowered on April 11 by enactment of new legislation, our long three year record of net competitive losses has been stopped. Checking the momentum of these losses had to be cotton's first objective. This has been done. It is a major accomplishment, and a start has been made toward regaining the two - million - bale market that had been lost to man-made fibers over the past three years."

The report also showed that a number of mill managements are now considering additional switches back to cotton on account of the reduced price. Dr. Horne stressed that the main effect of a fiber price change cannot be expected within a six-month period since most textile production is programmed far in advance. If present price relationships continue, the largest competitive gains for cotton will come over the next several years as the textile industry responds to lower cotton prices and stepped-up research and promotion programs.

Commenting on cotton's competitive losses during the three years prior to enactment of the one-price cotton law, Dr. Horne said they would have continued at an even faster rate if the price had not been lowered. Numerous mill managements had well-advanced plans for further switches out of cotton early this year, but have put those plans on the shelf pending the fate of the new legislation after its expiration on July 31, 1966. Typical was the statement of one large company which had shifted more than 30 per cent of its all-cotton cloth production to man-made fibers and blends the past three years. This firm had plans to shift

DRILLING STATISTICS FOR SEPTEMBER

During the month of September 99 new wells were drilled within the High Plains Water District; 8 replacement wells were drilled; and 4 wells were drilled that were either dry or nonproductive for some other reason. The County Committees issued 160 new drilling permits.

Listed below by counties are permits issued and wells completed for September.

County	Permits Issued	New Wells Drilled	Replacement Wells Drilled	Dry Holes Drilled
Armstrong	2	1	0	0
Bailey	0	3	1	0
Castro	12	8	0	1
Cochran	6	5	0	0

Farmers Union Asks Direct Cotton Payments

Delegates to the 61st annual Texas Farmers Union Convention in Austin adopted resolutions late last night calling for cotton to be priced in the market place with direct payments to producers to make up the difference between market prices and a minimum of 90 per cent of parity.

Rejected in close votes were two cotton amendments, one which failed to mention direct payments to the producer, and a second which would have allowed unlimited production of cotton for export use.

The final resolution adopted by 400 TFU delegates states: "A long-range program permitting cotton to be priced in the market place with price support payments to producers is favored over the provisions of H.R. 6196 (the Wheat-Cotton Bill).

"We urge . . . the present program be revised to provide for direct payments to producers in order to allow our product to flow directly into normal market channels at home and abroad, in a vigorously competitive price position. Such payments would assure family farm producers a minimum of 90 per cent of parity. The producers, the trade and the Department of Agriculture should continue to strengthen the program of market and end-use research, toward the objective of 100 per cent of parity for family farm producers."

Other resolutions adopted by the 12,000-member general farm organization called for: "Praise of Agriculture Secretary Orville L. Freeman and his retention by President Johnson.

"The newly-created National Commission on Food Marketing to find out why middlemen are taking a larger share of the consumer's food dollar.

"Price support increases for those commodities in which effective government supply-adjustment programs are in operation" to counter a predicted 1965 reduction in net farm income due to increased production costs.

"A 5-year continuation of the wheat certificate plan but at 100 per cent of parity rather than present levels.

"A long-term feed grain program to maintain producer income with continued options to grow non-government supported crops on diverted acres.

"Continued strong support of the Rural Electrification program, and expanded loans for generation and transmission facilities by the REA.

"Congress to initiate a Constitutional amendment to leave the question of apportionment of state legislatures to the states themselves."

"Condemnation of the 'ac-

another 30 per cent of its production away from cotton in the next two years, but the plans were stopped by the lower price.

of extremists when their activities undermine the basic national structure of this country and its agricultural policies."

"Extension of Food for Peace to constructively use U. S. food and fiber in the interest of the U. S. and recipient countries.

"Strong support of the Rural Areas Development Program as a means to broaden the base of economic stability in rural areas and on main street," and called for FU members to "participate, and accept leadership responsibility, in this and other economic development programs."

"A stop to policies of the Federal Reserve Board which foster high interest rates and 'tight money."

"Legislation to extend medical care to the aged, 'along the lines of the Social Security Program."

"Endorsement of the Economic Opportunity Act (war on poverty) and urged its immediate application for the wel-

fare of rural America. "Cutting beef imports" as far as compatible with prior government commitments, and to the extent that such a policy would not stifle our exports of other agricultural products."

"Opposition to changing peanut program marketing quotas from the present acreage basis to a poundage or bushel basis.

"Expanded domestic sugar production for family farmers and future allotment of acreage to 'areas that can produce them efficiently."

"Continuation of the present rice program, with efforts to increase prices to a parity of income level, and allowing producers to withdraw acreage in part or whole.

"Strengthening of farmer-controlled cooperatives, the farmer commodity advisory committee system and increased consumer protection to prevent deceptive labeling.

Farm And City Need Each Other

Rural and urban Texans as never before need to understand each others problems and the dependency each has for the other, explains John G. McHaney, a member of the Texas Farm - City Week Committee and economist for the Agricultural Extension Service, in announcing plans for the November 20-26 observance in Texas.

Farm-City Week is now 10 years of age; its national in scope and each year it gains in significance, says McHaney. Last year some 10,000 U. S. communities planned and carried out local observances. Kiwanis International serves as the coordinating agency. Partici-

ipation is open to every segment of the population, says McHaney, since all have a vital interest in the well-being of rural as well as urban America.

A primary purpose of National Farm-City Week is to promote better understanding between rural and urban peoples, and to increase the knowledge and appreciation of each other for the American Way of Life, the state committeeman said.

McHaney says that many Texans may feel that agriculture is a declining industry since the number of actual producers has been dwindling for many years. Nothing could be further from the truth, he adds. Only one raw material, oil, he says produces

a larger annual dollar value than does agriculture. Too, about 40 per cent of all Texans depend upon agriculture either directly or indirectly for their livelihood. About 20 per cent are engaged in processing and distributing farm products; another 12 per cent keep the farmer and rancher supplied with production items, and 8 per cent do the producing.

The efficiency of our great agricultural industry has been a major factor in making the American level of living the highest the world has ever known and Americans the best

fed and clothed in the world, the economist said.

The growth of urban areas has brought on many problems that need for solution the best leadership in rural and urban communities and McHaney believes a good starting time is Farm-City Week.

Credit Can Be Boon Or Bomb To Agribusinesses

Extending credit to customers can be risky business unless all factors involved in developing a credit policy are carefully considered.

Serious financial trouble often develops when the management of agribusinesses firms falls in this respect, points out Kenneth Wolf, Extension economist, Texas A&M University.

Some advantages to consider in granting credit, according to Wolf, are:

1. It provides the setting for a more personal relationship with customers.
2. Credit customers are more regular; they don't chase bargains as much as cash customers.

3. Quality is usually of more interest to credit customers than is price.
 4. Goods can be exchanged and adjustments made with more ease.
 5. A roll of credit customers provides a permanent mailing list for special promotions.
 6. A study of credit customer accounts provides buying trends and habits; this is useful information in planning sales.
- Naturally, there are also disadvantages to granting credit, says the economist. A few of these include:

1. Operating capital is tied up.

Garden Readiness Vital For Plantings

By A. F. DeWorth
Professor of Floriculture
Texas A&M University

Since considerable planting will be done in Texas gardens during December and January, soil conditioning and watering well in advance of planting dates are important. This will not only avoid a last minute rush that usually results in poor preparation, but it often makes planting possible when the soil is too wet to work later in the winter.

Prepare the soil now in all areas where shrubs, hedges, shade and fruit trees or bare-root dormant rose bushes are to be planted.

It is a good practice to secure a supply of pine bark, peatmoss or other organic matter as well as some soil that may be required for later planting operations. Pile these materials so they can be covered with a sheet of polyethylene or other cover to keep them dry for future use.

Winter garden is often neglected. In Gulf Coast areas, long dry periods may cause severe dying back on the growth tips of broadleaf evergreens, especially azaleas and camellias. This is serious on such plants since many are winter flowering types, and rapidly developing flower buds require a steady supply of moisture.

Shallow rooted plants such as ferns and begonias and many plants in containers also dry out frequently during the winter. Such plants, especially those in an area exposed to the south or west, need moisture to prevent winter injury.

Many gardens do not drain properly; these should be inspected before general watering. When soggy soil becomes cold, the root damage on plants in such locations may be more severe than any caused by frost to the above ground parts.

Where well-drained soil conditions are prevalent, light waterings can be applied. However, adequate drainage must be provided and water reservoirs such as watering basins and other retainers around established plants must be cleared away.

Watering during cold weather should be done early in the day so the foliage dries off before

nightfall. Soil will hold more water for longer periods when it and the atmosphere are cold and the air is calm.

Much plant damage blamed on insect and disease attacks is due to excessively dry or moist soil during the winter months. Existing soil conditions and proper watering practices are just as important during this season of the year as in the hot summer months.

DON'T CLIMB WITH GUN

AUSTIN, TEX. - The Texas Safety Association reminds hunters to never climb or jump with a loaded gun. Never pull a gun toward you muzzle first. When going through fences, push your gun on ahead, or hand it to a companion with the breech open. And, don't set your gun against a tree or fence. It could fall and discharge.

Proper Care, Cooking Advised For Game Meat

Many homemakers will soon have game meat available with which to prepare delicious and palatable meals if proper care and cooking are exercised.

Game meat adds variety to meals and is high in nutritive value, report foods and nutrition specialists for the Texas Agricultural Extension Service. It is an excellent source of high-quality proteins, fats, minerals, iron, copper and phosphorus and the B vitamins, thiamin, niacin and riboflavin.

Fresh and properly handled game meat can be tender and palatable when cooked by dry or moist heat. The method of cooking is determined by the quality and tenderness of the carcass.

Young and tender game is best cooked by dry heat such as roasting, broiling, pan-broiling and frying, say the specialists. Dry heat preserves flavor and insures tenderness. Basting with additional fat may be necessary if the meat is lean.

Old and less tender game, on the other hand, is best prepared by moist heat such as braising, stewing and simmering. Swiss steaks and potroasts should be braised, and a small amount of liquid should be added to meat cooked in a covered container. Stews, fricassees and boiled game should be prepared by simmering in hot liquid partially or completely covering the meat. With moisture,

the high temperatures necessary to soften connective tissues can be obtained.

Parboiling strong game will reduce any objectionable flavor, point out the specialists. This will produce a mild gamey flavor; however, some soluble nutrients from well-conditioned carcasses will be removed.

However, the strong, gamey flavor that some people find objectionable is concentrated in the animal fat. To reduce this flavor, the fat must be removed in more mature, highly fattened carcasses.

Many people prefer to marinate meat from more mature animals to reduce gamey flavor and make the meat more tender, report the specialists. A marinade is made by combining one-fourth part vinegar, three-fourths part water, sugar and seasoning. Meat should be placed in the solution and refrigerated for 72 hours or longer.

Various methods of preparing and cooking big and small game and game birds, as well as numerous game dinner menus, are found in the Extension bulletin, "Wild Game Care and Cooking," available at your county Extension office.

4-H PROJECT WORK
Photography is becoming a popular hobby for many families and this is one of the newer projects in 4-H work now.

Some 15 members have signed up for Photography, but so far only eight of these members have a leader. Mrs. Art Mast in Bovina will work with a group in the Bovina Club and it is my guess they will have fun and show some very good results.

Friona 4-H Club needs a leader also for Photography as several girls and boys want this project.

ACTIVITY REPORTS coming in the office indicate that Food groups are working right along on this project. Some leaders have not reported yet but we hope they are getting started soon and will not forget to send in news about their groups.

TURKEY FOR THANKSGIVING
Don't stuff your turkey until time to roast it. Food specialists at the U. S. Department of Agriculture say you should not stuff a turkey and refrigerate or freeze it at home for later use.

Turkeys, peanuts and peanut products top the U. S. Dept. of Agriculture list of plentiful foods for December. This year you can also get turkey pieces and (at many places, turkey rolls.) The rolls are all meat and no bone-for easy carving

November Plentifuls Offer Essential Thanksgiving Dinner Ingredients

The most important ingredients for a traditional Thanksgiving dinner will be especially plentiful this November, reports the Texas Agricultural Extension Service.

Look for an abundance of turkeys, cranberries and apples -- all needed for that special dinner.

Also designated plentiful by the U. S. Department of Agriculture's Marketing Service are beef, peanuts and peanut products.

Bigger turkey marketings during the three months preceding Thanksgiving and a larger cranberry crop than last year indicate heavy supplies of both of these foods. The apple crop estimated at 145.9 million bushels promises to be the largest since 1937.

Relatively attractive beef prices likely will continue through November, as beef supplies are expected to remain fairly large. A good peanut crop will probably send production

slightly above last year, with heavy movement to market during November.

So enjoy the Thanksgiving favorites, and the other plentiful foods in November, for tops in fall eating.

Emotional crises may arise suddenly and not require hospitalization, yet need immediate treatment. Prompt help will relieve pain, reduce complications and eliminate permanent damage, says Patsy Reynolds, Extension Service family life education specialist. However, this assistance is available in only 75 Texas counties. Many emotionally troubled people each year have no one to turn to and no place to go for treatment, according to a study by the State Mental Health Planning Committee. Mental health services are needed in local communities where troubled people are located -- and the Mental Health Planning Committee is preparing recommendations for action under the leadership of Judge J. C. Abernethy of Hale County.

Highest clouds known are the noctilucent clouds at 55 miles altitude.

Farm Bureau Calls For End Of "Stop-Gap" Programs

A national farm leader said today that farmers are tired of "stop-gap and patchwork farm programs" and that it is time for Congress to face facts in dealing with agriculture's price and income problems.

Demand for a long-range farm program that recognizes the proper role of the market price system was made by Charles B. Shuman, president of the American Farm Bureau Federation, at the annual meeting of the Texas Farm Bureau. "Agriculture has been too long denied its rightful place in an expanding and relatively prosperous American economy," Shuman said.

"In spite of huge expenditures of federal funds, the parity ratio is the lowest in 25 years. Farmers have not realized equitable financial returns from their dramatically increased production efficiency. Rather, they have been penalized by government price-fixing and control programs that have wrecked market prices.

"Our farm program is a ridiculous patchwork of hasty and ill - conceived remedies drafted under the pressure of political expediency.

"A prime example of bureaucratic bungling is our current cotton program which has piled subsidy upon subsidy and complexity upon complexity. The result thus far is reduced exports, rising surplus stocks, lower prices to farmers, increased mill profits, and little if any reduction in retail prices.

"Textile manufacturers represent the only segment of the cotton industry that has profited from the annual subsidy of \$300 million to the mills.

"Here's what the Wall Street Journal of October 30, 1964, said about the subsidies:

"Profits of 13 textile manufacturers in the third quarter were up 46.6 per cent from 1963. Officials give a great deal of the credit to government's new cotton price policy. Since mid-April, mills have been getting a 6 1/2-cent-a-pound federal payment designed to make up the difference between the world price of cotton and the higher government-supported domestic price. The fourth quarter will also benefit as the subsidy generally has not caused cotton goods prices to fall," Shuman reported.

The Federation president also warned that attempts at a further expansion of compensatory government payments may be expected from the advocates of federal intervention in farm commodity pricing.

"There are those who are more interested in federal power and control than in improving farm income who preach the false doctrine that government compensatory payments would 'let the market set the price.'

"The real truth is that such programs depress market

prices. The payment approach insulates producers from the effects of changing market conditions and impairs the ability of the market to allocate resources. Consequently, a price that is supplemented by a government payment is not a true 'market price.' It is more likely to be 'government-wrecked' price.

The Federation president pointed out that farmers already are far down the road in their dependence on government payments for their livelihood.

"Of the approximately 12 billion dollars in net farm income this year," he said, "nearly 20 per cent, or 2.1 billion dollars is in the form of direct payments from the federal Treasury. This does not include the cost of the cotton mill subsidy.

"This places farmers, a minority group, in the role of beggars beseeching politicians for an annual handout in order to stay in business. No self-respecting farmer wants to become a member of a permanently subsidized peasantry," Shuman said.

FCIC Offers Insurance In 49 Counties

Crop disaster protection for Texas farmers was discussed recently by Senator William T. "Bill" Moore at a meeting of representatives of the Federal Crop Insurance Corporation at the Terrace motor Hotel in Austin.

In addressing the group, Moore commended the Federal Crop Insurance Corporation for its accomplishments over the past quarter century of service to farmers and expressed his confidence support for its future.

Recently, the Texas Senate extended congratulations to the Federal Crop Insurance Corporation with a unanimous resolution proposed by Senator Moore. Moore called Federal Crop Insurance "the first line of defense against the terrible impact of crop disaster, a vital program that more than a century has stood as a symbol of security" and pointed out the same such program was first urged by Benjamin Franklin in America's pioneer days.

Federal Crop Insurance, an expanding program of the U.S. Department of Agriculture, offers insurance on farmers' crop investments. It covers losses due to drought, flood, hail, insects, plant disease and other natural causes. The all-risk program is now being offered in almost 1,200 of the nation's 3,000 agricultural counties.

Good Nutrition Plan Announced For Taking Census Of Agriculture

Family health depends largely upon the nutritional status of the members, says Mrs. Gwen Clyatt, Extension Service consumer marketing specialist.

Here are marketing ideas which may help homemakers cut costs and at the same time plan well-balanced menus, the specialist says.

At retail meat counters, look for best beef values on short ribs, stew meat, round steaks and roasts, and arm and blade pot roasts and steaks. Pork values include bacon, ham portions, fresh backbone, picnic and shoulder roasts.

Fryers remain a bargain in most retail meat departments, and frozen turkeys are available at reasonable prices. Grade A large eggs are the economy, quality egg value.

Fresh fruit in best supply at reasonable prices includes bananas, apples, cranberries, pears and grapes. The red variety of grapefruit is becoming more plentiful, and prices this week are moderate to high. Additional fruit choices include persimmons and pomegranates.

Good quality cooking greens include collards, mustard and turnip greens, Eggplant, cauliflower, sweet potatoes and squash are worthy of consideration for menu variety.

Pecans and peanuts also are becoming more plentiful.

AUSTIN, TEX. - To avoid being hit by stray shots while hunting, the Texas Safety Association advises hunters to keep out of the brush in heavily hunted country. A hilltop also can be especially dangerous. On high ground, stand in front of a tree or rock so that your silhouette won't invite another hunter's bullet.

Plans for taking the 1964 Census of Agriculture in Farmer County were announced today by Mrs. Faye M. Hall, newly-appointed census crew leader for the county.

The job will be done in three stages, the crew leader said. First will come recruitment and training of enumerators to count all farms in the county. About one enumerator for each 150 farms will be needed.

Shortly after November 19, the Bureau of the Census, an agency of the U. S. Department of Commerce, will start the second stage by mailing agricultural census questionnaires to all rural boxholders in the county. This will give farm and ranch operators, who are required by law to fill out the forms, a period of time to consult their records and fill in answers to the questions.

In the final stage, enumerators will visit each farm in the county to collect the questionnaires. At the time of this visit, the enumerators will help farmers complete answers to any questions the farmers may have had difficulty with. Enumerator visits are scheduled to begin in this county on November 23. Enumerators will take about three weeks to complete their work, the crew leader estimates.

The Census of Agriculture is taken every five years in the years ending in "4" and "9" to gather up-to-date information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage

and harvest of crops, livestock inventory, information on farm equipment and facilities, farm products sold, and use of fertilizers, insecticides, and herbicides.

FIREARMS DANGEROUS IN THE HOME

AUSTIN, TEX. - The Texas Safety Association reports that firearm accidents around the home take more lives than hunting accidents. Last year, there were 165 persons killed by firearm accidents in Texas -- 88 of these fatalities occurred in the home. Be sure to unload all guns before taking them into the house. If there are children in the home, store guns and ammunition separately -- under lock and key.

'SAFETY' TIP FOR HUNTERS
AUSTIN, TEX. - The Texas Safety Association advises hunters to never trust a gun that's "on safety." The more a hunter counts on a safety catch for protection, the less reliable it becomes. Any mechanical device can fail -- unless it's backed up by skill, good sense and safe habits. Know the limitations of the safety catch and check its position frequently while you hunt.
