Farwell Band Receives Rating Of III

The Farwell High School marching band competed in Canyon Tuesday at the University Interscholastic League marching festival. They were given a rating of three (good) along with bands from Claude, Clarendon, Sunray, and one other in class A.

Bands receiving a division II rating were Canadian, McLean, White Deer, Stratford, and Gruber. Division I was made by Panhandle, Memphis and Wellington in class A.

This is the third year the Farwell band has been in competition at the festival. They received a rating of III in 1962 and a II in 1963.

In preparation for this festival, band members rehearse one hour each day at school and each person attends practice amounting to approximately two hours each week after school.

On Nov. 14 the marching band will conclude its activities for the year when they enter the Eastern New Mexico Regional competition in Clovis.

At the Silverton-Farwell football game this Friday (tonight) the sixth grade band and the Texico high school band will participate in the activities as will the Farwell high school marching band.

Tommy Mayfield, band instructor at Farwell, announces that colored films were made of the bands in the Canyon festival. The film will be shown at a meeting of the band booster organization in the near future.

Officially urge the support of the community as well as all members of the association. All monies derived from the dinner goes toward the upkeep of the cemetery. The water well at the cemetery had to be replaced during the past few months (total cost \$1,600) and donations will be accepted to defray cost of the well.

Mrs. Wesley Engram is chairman of the food committee and will be contacting local members of the association. Cost of the meal is \$1.50.

The Farwell Steers, outfitted in new blue blazers, are caught in informal poses as they participate in the pep assembly Friday. Jackets which were purchased by the Quarterback Club, have been donated to the school for "all sports." The Steers wear the blazers to school Friday, before and after the game, and are allowed to wear the coats to church. Pictured are: (front) Larry Flowers, Richard Haseloff, Warren Gossett, Gilbert Dale and Joe Costello; (second) Larry Childs, Larry Gregory, Mike Camp, Danny Haffaker and Larry Fields; (third) Charles Norton, Larry Donaldson, Bruce Billingsley, Bobby Fields and Johnny Schell; (fourth) Butch Ford, Doyle Johnson, Johnny Atkinson, Jimmy Mace and Charles Dannheim.

Steers Trounce Hale Center For Second District Win

The Farwell Steers had a big night Friday when they trounced the Hale Center Owls in a crucial game, of which Coach Toby Booth says, "they probably played their best ball of the year."

He had nothing but praise for his boys, saying that defense was very outstanding, and the boys looked sharp. "They all played good defense, I wouldn't single out a boy -- it was a team effort," he adds.

He felt that the boys did a good job of containing a good back (Davis), the boy who ran 92 yards from the kickoff on the first play of the game, and gave Hale Center a quick advantage.

On offense, Booth explains that the passing made the running possible, and running was listed as the best of the year with 26 first downs, 283 yards rushing and other good tallies. The blocking up front looked good along with Jerry Fields ball-carrying, he says. Johnny Atkinson also was outstanding on ball toting.

All in all, it was a good effort, for the team to come back after an opening kickoff play like that one, Booth concludes "It takes a good ball club to do it."

The Steers humbled the Owls 26-15. J. D. Davis, swift as a greyhound, took the opening kickoff for his spectacular 92 yard run for the first touchdown, to dishearten the local fans and to put the Owls in the lead. Davis then booted the extra point.

The Steers took the kickoff and moved down the field 33 yards and then suffered a 15 yard setback on a penalty. Refusing to be denied the Steers rolled on down the field for a score by Jerry Fields. Try for conversion was no good.

Jerry Childs kicked into the end zone and Hale Center took over on the 20. The Owls encountered trouble and punted. Farwell marched 61 yards to paydirt, with Fields again doing the honors. Jerry Childs kicked the extra point and the Steers were in the lead, 13-7. The half ended with Farwell leading by one touchdown.

The Owls scored a safety in third quarter as Don Townsend of Hale Center, tackled Larry Donaldson in the end zone for two points.

Jerry Fields, having a big night, scored again for the locals in the fourth, with the

Steers leading 19-9. Fields then split the uprights for the extra point.

Fields tallied midway through the quarter, point was no good and score remained at 26-9. With minutes left to play, the Owls clicked on a pass from Ronnie Sherrod to Larry Weil. Try for extra point was no good and the game ended with Farwell leading 26-15.

Statistics as compiled by Mitz Walling read: Farwell, 26 first downs, 283 net yards rushing, 105 net yards passing, 388 total yards gained, 6 of 17 passes completed, 1 pass intercepted, 105 yards penalized, Farwell had the ball for approximately 64 plays;

Hale Center -- 15 first downs, 134 net yards rushing, 33 net yards passing, 167 total yards gained, 4 of 14 passes completed, 1 pass interception, 54 yards penalized, Hale Center had the ball approximately 52 plays.

Steers To Battle Silverton Owls

The Farwell Steers will meet a "good ball club" Friday night in the third district contest in as many weeks, at Steer Stadium, when the new team in the district, the Silverton Owls, come to Farwell.

Coach Toby Booth describes the visitors as good, and comments that the Owls have been hurt by the loss of the services of Smith, a 196-lb. full-back, who has been out of the lineup because of an injury.

He describes the Silverton team as a wide open ball club, which runs basically from an unbalanced line and runs the shotgun spread formation.

"They probably have as good a passer as we'll see, Towe, who also carries the ball a lot," he adds. He also notes the abilities of Max Garrison, No. 31, who is a key player.

The Owls topped Sudan 8-0, and lost to Hale Center, a common foe of the two teams. The Owls have won four and lost three.

The Steers will employ the same lineup as last week. All the boys are in good condition and ready to go, says Booth. Farwell is now tied for the district first place with Springlake the other leading team.

"We'll have to be on our toes," Booth continues, "now they'll be after us," as he lists remaining teams on the Steer schedule. Other than Silverton, Sudan and Springlake also remain as opponents.

McMurry Dean To Speak At Senior Banquet

Speaker for the Texico-Farwell senior banquet to be held at Hamlin Memorial Methodist Church, Nov. 2, 7 p.m., will be Dr. Howard L. Ramsey, dean of the faculty at McMurry College. He will be accompanied by Wade Trey, who will show a film on student promotion.

Dr. Ramsey received the Ph.D. degree in Biblical Literature from Columbia University in 1960. In addition to serving

as dean of faculty at McMurry since August 1963 he is also a professor in religion.

Dr. Ramsey holds a Bachelor of Arts degree from Southern Methodist University and a Bachelor of Divinity degree from SMU.

While studying in Union Theological Seminary he held a tutor assistantship and was awarded the Bishop John M. Moore Graduate Fellowship. He won the Seaman Prize in New Testament Greek and received the Bachelor of Divinity degree cum laude.

He and his wife (the former Merrill Strange) have three children.

Entertainment at the banquet will be provided by a group from the Texico school and Rev. W. C. Strickland, pastor of the local church will be master of ceremonies.

DR. HOWARD L. RAMSEY

In addition he has served as a faculty member of Lycoming College in Williamsport, as a visiting professor of New Testament Literature in Perkins School of Theology and Exegesis, National Association of Biblical Instructors and American Association of University Professors. He has also contributed various articles to Hastings' Revised Edition of "Dictionary of the Bible."

He is an ordained minister of the Central Texas Conference and attended the first and second World Methodist Theological Institutes held in Oxford in 1958 and 1962. Dr. Ramsey has taught adult church-school for many years and is a member of the Executive Committee of the Methodist Conference on Christian Education.

He and his wife (the former Merrill Strange) have three children.

Entertainment at the banquet will be provided by a group from the Texico school and Rev. W. C. Strickland, pastor of the local church will be master of ceremonies.

The banquet is in charge of the local WSCS, whose president is Mrs. W. N. Foster. A harvest theme will be used for decorations.

CARL TAYLOR

Services Held For Carl Taylor

Funeral services for William Carl Taylor were held Oct. 23 from Farwell Church of Christ, Harvey Porter of San Pedro St. Church of Christ in Albuquerque officiated assisted by Ebb Randol, Cliff Otts, assistant minister of the local church, was in charge of the chorus.

Interment was in Lawn Haven Memorial Park in Clovis. Steed's were in charge of arrangements.

Pallbearers were Tom Feagan, E. A. Sanders, C. N. (Buck) Barnes, Carl Lester, Roy Williams and Lloyd Potter.

Honorary pallbearers were W. A. J. Carter, Wayne Perkins, Jim Bob Smart, Robert Shuman, Melvin C. McCoolough, H. E. Buchtel, Jay D. Denham, Jesse May and Dr. V. Scott Johnson.

Taylor had made his home in Farwell for the past two years. He was born in Cherokee, Texas, Nov. 27, 1901 and made his home there for a number of years. He later moved to

EDITORIAL A Hard Look At The Tuesday Elections

Fortunately, America still has free elections. There will be one Tuesday.

Unfortunately, free elections by their very openness sometimes stir bitterness and rancor among men who are brothers in spirit if not in blood. This presidential election is one that is causing wounds that will be long in healing. The State Line Tribune, as a small voice in non-urban America, this week endorses candidates which we feel have special merit, and we spell out the reasons. In so doing we are exercising the prerogative, yes, the duty, of a free press. While so doing we cast no stones against those who feel differently. The hackneyed "It's a free country" just happens to be one of the most precious truths in history, intending to preserve that blessing, we offer the following comment.

We support the candidacy of Sen. Barry Goldwater of Arizona in his bid for the presidency. We do this over the ingrained pride of having a native Texan as President of the United States. This job is for a big man -- the biggest we can find. We believe it is better to choose a man of complete integrity than to choose a man whose life's trophy will be as the most able politician of the century.

Barry Goldwater does not enjoy the universal popularity that other men have received. Few men do who have strong moral convictions and express themselves openly about them. Barry Goldwater's historic vote on the civil rights bill, at a moment when he was in full view of the nation, was a courageous demonstration of his convictions. It was the very opposite of a political stratagem because it certainly cost him more votes than it gained. Yet he pronounced the new law -- which intends to promote justice by invoking injustice -- unconstitutional (which it is) and marked his name against it.

Barry Goldwater is a leader among a group of men who are convinced that the worth of the nation is the sum total of the worth of the individuals who comprise it, and that such so-called old-fashioned virtues as personal responsibility, honesty, thrift, and courage to fight for what is right are not outmoded but in fact are the ingredients and the only ingredients which will preserve our country.

The most famous slogan to come out of the campaign is "In your heart, you know he's right." This is one of the most curious campaign slogans ever offered in a national election. It is curious because it is vague and not specific. It does not promise peace or prosperity or even freedom. It appeals to deeper feelings in the human mind.

People who support Goldwater may be divided into many groups. Here are the major ones:

1. Old line Republican Party line voters.
2. Libertarian idealists who see in Goldwater a chance to reverse or at least end the speedy slipping into a socialist state.
3. Disgruntled "againers" who will vote Goldwater as a spite against the establishment.
4. "The white backlash."
5. Those who can't articulate their reasons, but have a strong (not vague) feeling that "something's wrong" and that Goldwater can help right it.

It is from the last group that the biggest vote for Goldwater will come, and it is

for that reason that the slogans have naturally turned to the issues of "your heart."

Whatever the polls may say, the Walter Jenkins disclosure is certain to have a negative effect on Pres. John's candidacy. Sen. Goldwater has judiciously avoided sensationalizing this latest scandal, which reaches to the person who was the President's No. 1 assistant. Sen. Goldwater also declined to permit the use of a hard-hitting film depicting the moral depravity that our nation has drifted into. Here in Texas an ad was ordered removed from our office after its content was discovered by a high echelon campaign official. The advertisement sought to capitalize on racial passions.

Yet there is little doubt but that the "issues" over which campaigns are supposed to be fought have been reduced to questions of morality. The Democratic strategists have attempted to lure us on with the promise of more material things, when all the while there is that tugging at the heart that something is rotten and the fear that we are a part of it. The issues in this election are in the breast and not in the hip pocket.

A Farwell resident who has a son in the Far East asked the question yesterday, "I wish somebody would tell me what that war is all about." He says his son doesn't know either. Because of our fixation on the glitter and tinkle of material things, and the promise that they can be bestowed upon us by our government without our having to earn them, we have literally been selling our birthright for a mess of pottage. In the desire to be able to say "We've never had it so good" we have forgotten the dog-facit Yanks who die in defense of something they cannot comprehend. We merrily live it up while passing a staggering debt on to our children and grandchildren, and close our eyes or wink permissively at the sight of the most open and flagrant betrayal of morality and law and order this nation has endured.

It is time that we came back down to earth and lived in a world of reality and not dreams. It is time to insist on upright conduct in high offices or "turn the rascals out" as we once cried in a more noble day. It is time to stop stealing from our neighbors to do things WE think ought to be done; time to stand for truth and justice and to fight if necessary to preserve it; time to let the farmers plow without a permit, the businessmen live however he wishes whether they are black or white, male or female; and time to put God back in the national conscience.

We endorse the candidacy of George Bush in his race against Ralph Yarborough. Sen. Yarborough is a leader of the socialist-oriented faction which has led America on wayward paths for a full generation. Sen. Yarborough is one of the most dangerous men in public life today. He and other dreamers must be defeated.

Cong. Walter Rogers is challenged by Bob Price of Pampa for his seat in the House. We support the incumbent. Price is campaigning on a conservative theme, but is inconsistent in his ideology. Price pumps for free enterprise but at the same time demands import restrictions on beef cattle and oil. There is no double standard for freedom. You are either for it or against it.

Today Last Absentee Voting Day

According to word from the office of Parmer County Clerk Bonnie Warren, today (Friday) is the last day voters may cast their absentee ballot for the Nov. 3 general election.

As of Monday afternoon 65 ballots had been issued to voters; however not all of the bal-

lots had been returned at that time. Absentee voting opened on Oct. 14. In the last presidential election some 91 absentee ballots were cast in Parmer County, says clerk Warren.

All offices in the county courthouse will be closed on election day, Nov. 3.

WHO'S AFRAID OF THE BIG BAD WOLF? -- Might well be the thought of seven and one half month old Diana, as she reaches for the Halloween mask of big brother, Tommy, four, Diana and Tommy are the children of Rev. and Mrs. W. C. Strickland.

Completes Orientation

Second Lt. Walter A. Gammons, son of Mr. and Mrs. Hubert Gammons, Muleshoe completed eight weeks of officer orientation study on Oct. 23 at the Army Southeastern Signal School, Fort Gordon, Ga. The lieutenant was instructed in the duties and responsibilities of a newly commissioned officer in the signal corps. He entered the Army last August following completion of work for a B. A. degree at Texas Tech. He is a 1960 graduate of Muleshoe High School.

Mrs. Johnson Returns Home

Mrs. Russell Johnson, who has been in Canadian for the past three weeks assisting with the care of her grandchildren while her four year old granddaughter, Ginger Lee Johnson, daughter of the Jerry Johnsons has been confined to the hospital with meningitis returned home the past weekend. She reports that Ginger Lee is doing fine but is presently hospitalized in St. Anthony's at Amarillo where she has been undergoing skin grafting. She will possibly be dismissed from the hospital this week. Jerriann, one year old daughter of the Jerry Johnsons, who was also stricken with the disease is completely recovered and is at home. Mrs. Jack Hesser, sister of Jerry Johnson from Stillwater, Okla., is spending this week in the Johnson home assisting with the care of the children.

MEET MR. WUNSTOP DUZZIT

Engine spitting and sputtering? Sluggish in starting? Slow on pick-up? Phillips 66 gasoline will make it purr with power. The quack was selling an elixir which he declared would make men live to a great age. "Look at me," he shouted. "Hale and hearty, I'm over 300 years old." "Is he really as old as that?" asked a listener of the youthful assistant. "I can't say," replied the assistant. "I've only worked for him for 100 years." Mobile Display Unit Scheduled For Clovis

"Communications Unlimited", a mobile display unit will visit Clovis on November 19 thru 21, E. Martin Shaeffer, manager here for Mountain States Telephone announced today.

The exhibit shows models of telephones of the past, the present, and the future. Interesting animation shows how Telstar, the Bell System's communication satellite works; how voices are transmitted by wire, microwave, and radio above and below ground, over and under the ocean's surface.

Exactly where in Clovis the 42 foot display trailer will be located will be announced later. However, Shaeffer said it will be placed where it will be convenient to schools and to the general public. The trailer has been touring the Mountain States area for almost two years and will visit 40 towns in New Mexico between now and Christmas.

Shaeffer said the tour of this exhibit is part of Mountain States Telephone's program to keep the public informed of the history and expected future of the communications industry.

Texico Takes Practice Meet

By Leonard Hutsell
The Texico cross-country track team beat out the Ft. Sumner cross-country team in a practice meet held at Ft. Sumner last Saturday with a total of 27 points. Ft. Sumner had 29. (Note: In a cross-country race, the team with the least amount of points wins the meet.)

Gonzales of Ft. Sumner took first place with 11:39. Robert Spearman followed with 11:41.2 for second, which is a new speed record for Texico boys. Lancaster from Ft. Sumner placed third.

The other boys placing were Keith Crooks, Texico, fourth; Perkins, Ft. Sumner, fifth; Ardell Autrey, Texico, sixth; Leslie Harrelson, Texico, seventh; Ronnie Davis, Texico, eighth; Thomas, Ft. Sumner, ninth; Jackie Billingsley, Texico, tenth; and Bradley, Ft. Sumner, eleventh.

"Johnny," the geography teacher asked, "where is Cincinnati?"
"They're playing in Milwaukee," was the reply.

Mrs. Tankersley Conducts Ceremony

Mrs. Joel Tankersley, president, conducted initiation ceremonies for three new members and one transfer member of Theta Rho chapter of ESAMonday evening, following a dinner meeting.

Participating in the candle-light service were Mesdames Roy Woodard, Joe Van Zandt, Troy Christian, new members, and Mrs. Ed Farmer transfer.

A fall decorative motif was used with an arrangement of giant bronze mums interspersed with minute yellow chrysanthemums, dyed wheat and cattails, centering the head table. Honor guests were given net-tied bags of earrings, and yellow mum corsages tied with blue ribbon denoting the sorority colors.

In charge of arrangements were members of the social committee, Mesdames Don Williams, Duane Herington and Pete Rundell.

Assigned To Viet Nam

Army Maj. Edward J. (JeDon) Porter, whose wife, Mildred, lives in Seaside, Calif., was assigned to the U. S. Army Support Command, Vietnam on Oct. 15.

Major Porter, the son of Mr. and Mrs. John Porter, entered the army in 1946 and is plans and operations officer in the command. He was last stationed at Fort Rucker, Ala.

Major Porter is a graduate of NMMI and has attended the University of Omaha (Nebraska).

Major Porter recently visited in the home of his parents enroute to the west coast.

What is there about traveling salesmen?

Well, one thing about a traveling salesman is that he gives his car hard usage. Business calls require a lot of start and stop driving. And that's when corrosive engine wear can cause serious damage.

Actually, start and stop driving is the kind of driving most of us do most of the time. So, to protect your motor under these severe conditions, your Phillips 66 Dealer recommends Trop-Artic All-Season Motor Oil. Trop-Artic starts protecting at low temperatures, and keeps on protecting at high operating temperatures. It's a light oil, a medium oil and a heavy oil, all in one!

To keep your car running better longer, get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.

**Classes Resume At Texico,
Board Attends District Meet**

Texico school was dismissed last week at 1:30 p.m. on Wednesday in order that all teachers could attend the New Mexico State Teachers Convention which convened in Albuquerque on that day. Sessions were held the rest of the week. Classes resumed at the Texico school at the regular time on Monday. Three members of the Texico school board along with Supt. A.D. McDonald were in Melrose last week to attend the district meeting of school boards in the Curry, Quay, DeBaca and Roosevelt counties.

Harry Wugalter, director of public school finance was principal speaker. Others appearing on the program were John Aragon, executive secretary of the state school board and Tom Wiley, ex-superintendent of the public schools in New Mexico. Leon Williams of the Clovis School Board is president of the organization. Approximately 60 persons attended the meeting. In addition to McDonald those attending from Texico were F. S. Thigpen, Buddy Pearce and Wesley Engram.

**Marriage
Licenses Issued**

Marriage licenses issued from the office of County Clerk Bonnie Warren in recent days went to: Barbara Ann Bradfield and Jesse Ray Cross on Oct. 9; Adalado Valdez and Aida Guerra on Oct. 23; and to Earl Henry Rapp and Patricia Gail Robbins, also on Oct. 23. Mrs. Mark Liethen and Nicky spent the weekend in the home of her parents, Mr. and Mrs. Johnie Williams. The Liethens reside in Portales where he is attending Eastern New Mexico University.

**Mission Rally Scheduled
For Lutheran Church**

An all-day mission rally will be held Sunday, Nov. 1, at St. John Lutheran Church, reports the pastor Rev. Herbert F. Pieman. Services will be held both morning and afternoon with an old fashioned basket dinner at the noon hour. The Rev. Glen O'Shoney, pastor of Faith Lutheran Church in Amarillo will be speaker for the day. O'Shoney will base his 10:30 a.m. sermon on that great "FAITH" chapter of the Bible, Hebrews 11. Concentrating es-

pecially on verses 17-19, he will show that our faith in God is never misplaced. For the afternoon service at 3 p.m., the speaker has chosen Psalm 27, verses five and six, and his theme is "On the Rock." The speaker will point out that the only rock on which to stand is "CHRIST - The Rock of Ages." The members of St. John extend a cordial invitation to all to spend the day with them and join in both the services and the noon meal.

**Authorize
Payment Of
Trust Fund**

Parmer County commissioners meeting in regular session on Monday authorized payment of one half the trust fund for the Running Water Draw planning party in the amount of \$6,250.00 with the other half of the fund to be paid in January 1965. The commission also accepted the jury of view report on opening a county road in the Bovina area and voted to not open the road as recommended. All other business transacted by the body was of a routine nature, according to Judge Loyde Brewer.

JOTTIN'S
By Jeanne

A new variation of apple pie combines honey with butter and cream and spices and was well-received by the Graham boys.

HONEY-APPLE PIE

1 9-inch unbaked pie shell
1/2 cup sugar
3 tablespoons all-purpose flour
1/4 cup honey
1/3 cup heavy cream
5 tart apples, peeled, cored and cut in thick slices
1/2 teaspoon ground cinnamon
1/4 teaspoon ground nutmeg

1 tablespoon butter or margarine
Heat oven to 425. Sprinkle bottom of pastry shell evenly with 1 tablespoon each of the sugar and flour. Combine remaining sugar and flour; stir in honey and cream. Pour mixture over apples; mix gently until slices are well coated.

Mothers do get absent-minded, but it was embarrassing when I forgot Son #3 at kindergarten, and the other member of our two-way car pool, Maxine Williams, went after the children when I didn't arrive on schedule.

I was typing that exciting Farwell-Kress football story and had Farwell right on the verge of a touchdown about the time I should have been leaving to pick up the children.

But I felt better when I talked with Janie over at the city hall, and she told of driving home, Tuesday, then remembering that Son Andy was at Pee Wee football practice and she was to go by for him.

And she lives several miles out in the country.

**Scouts Attend Camp-O-Ree
Bring Home Two Trophies**

Twenty members of the local Boy Scout Troop were at Apache Canyon on Saturday and Sunday to attend the fall Camp-o-ree of scout troops in this area. Some 190 boys from Melrose, Farwell, Clovis, Portales and Ft. Sumner were in attendance at the outing which was directed by Terry Edwards, district scout executive from Clovis. The local boys brought home second place in the pot luck dinner and calf roping events. For their part in the dinner the locals cooked peach cobbler and mulligan stew.

In the cooking event they were beaten by Troop 226 from Clovis who cooked chow mein and in the calf roping event they were defeated by Troop 125

**SU Gas Company
Wins National
Honors**

National honors for outstanding driver safety performance were won today by Southern Union Gas Company in the gas industry division of the 33rd National Fleet Safety Contest conducted by the National Safety Council.

The Southern Union fleet, consisting of more than 750 vehicles, was awarded a certificate of achievement based on the Company's fleet safety performance from July, 1963 through June, 1964. During the period, Southern Union drivers operated 9,615, 311 miles, with a frequency rate of 7.7 accidents per 1,000,000 vehicle miles of operation.

A total of 114 fleets competed in the Gas Industry Division of the contest. They operated 39,828 vehicles and traveled 489,771,000 vehicle miles with a frequency rate of 11.83 accidents per 1,000,000 vehicle miles.

All accidents were counted in the contest except those occurring when a company vehicle was properly parked. Winners were determined after inspection of their records by an auditor appointed by the National Fleet Safety Contest Committee.

MRS. JOHN ROY SPROWLS

Judy Riddle Is Bride Of John Roy Sprowls

In a quiet ceremony in the chapel of San Jacinto Methodist Church Friday night, Judy Riddle, daughter of Mr. and Mrs. Lawrence Riddle, 831 Florida, Amarillo, became the bride of John Roy Sprowls, also of Amarillo, son of Mr. and Mrs. M. F. Sprowls, Oklahoma City former Farwell residents.

Double ring vows were read before an altar setting of seven and 15 branched candelabras flanked by floral arrangements of yellow and white set on white columns.

The bride, given in marriage by her father chose a two piece winter white wool suit with mink trim. Her tiny hat was also of mink and her shoes were of white satin. She carried a colonial bouquet of yellow roses tied with white satin ribbon. Her only jewelry was a string of pearls.

Attendants for the couple were Floyd Trantham, cousin of the groom, Clovis, and the twin sister of the bride from Amarillo. The feminine attendant chose a yellow suit styled identical to that of the bride. She carried a bouquet of white roses.

For her daughter's wedding Mrs. Riddle chose a blue suit

of wool with matching accessories. Mrs. Sprowls chose a brown knit suit with matching accessories. Both mothers wore shoulder corsages of white carnations.

Immediately following the ceremony a reception was held in the home of the bride's parents. Yellow and white floral

arrangements were placed throughout the receiving rooms. Serving tables was centered with the three tiered wedding cake, baked by an aunt of the bride. The cake was decorated with wedding bells, yellow roses and yellow roping of spun sugar. After the bride and groom had cut the first slice of cake it was served with punch. Crystal and silver table appointments were used.

When the newlyweds left for a short wedding trip to Clovis the bride was wearing her wedding suit with a corsage lifted from her bridal bouquet. They are now making their home on Washington Street in Amarillo.

The bride is a graduate of Tascosa High School and is scheduled to receive a B. S. degree in elementary education from West Texas State University in January.

The groom is a graduate of Putman High School, Oklahoma City and attended West Texas State University. He is presently employed by Jerrol Jones Motors in Amarillo.

Mr. and Mrs. Jerry Dee Owen were in Amarillo for the wedding.

Party Honors Three Year Old

Mrs. Fred Magness honored her daughter, Tawny Jennings, with a birthday party on Saturday afternoon, marking the child's third birthday.

A Halloween theme was used. The table was covered with a gay orange cloth decorated with pumpkins, witches and other Halloween characters. Serving dishes were also in the Halloween motif. Cup cakes iced in white with orange trim, decorated with Halloween candies, were served with orange pop and sherbet. Favors were minute pumpkins filled with small toys.

Attending the party were Karen, Kirk, Kris and Kim Magness, Dwayne Obenshain, Kyle Gentry, Jana and Jill Jesko, and Brandon Magness. Also Mesdames Leonard Smith, Sonny Gentry, Ted Magness, Joe Magness, Ray Jesko and the honoree's mother.

Coffee Honors New Resident

Mrs. Orie Jones was hostess for a morning coffee on Friday to introduce a newcomer, Mrs. Doyle Green to the neighbors in the area south of Farwell. Mr. and Mrs. Green have recently moved to this area from Muleshoe.

Coffee and rolls were served by the hostess to Mesdames Joel White, Ted Magness, Bobby Blair, W. T. Magness, Bert Williams and Duane Herington.

DIANE LYNN VANZANDT

Celebrates Fifth Birthday

Diane Lynn VanZandt celebrated her fifth birthday with a party in the home of her parents on Oct. 22.

A pink and white color scheme highlighted the party. The birthday cake, served with ice cream, was inscribed with the words, "Happy Birthday Diane," in pink and topped by a ballerina doll and five pink birthday candles. Paper hats and coloring books were given

to each child as favors. Games were played and guests assisted the honoree with opening gifts.

Attending the social were Karen and Kathy Crume, Kathy and Susan Sheriff, Kathy Booth, Tommy Strickland, Russell Jones, Jana Beth VanZandt, sister of the honoree, and Mesdames Joe Jones, Bobby Crume, Toby Booth, Dwight Sheriff and Joe VanZandt.

Club Meets In Ferguson Home

Mrs. Marlin Ferguson entertained members of Friendship Club Thursday afternoon at her home.

Members planned their annual Thanksgiving dinner for November 19 at the home of Mrs. Jack Roach.

Following the business session refreshments were served.

Attending were Mrs. George Douglas, Mrs. Owen Patton, Mrs. Jack Roach, Mrs. Fred O'Hair, Mrs. O. H. Jones, Mrs. Bernard Nelson, Mrs. R. E. Blankenship and the hostess.

Guests in the Mitz Walling home Sunday were Mr. and Mrs. Jack Gunn and family of Forrest, Jackie Gunn of ENMU, Mr. and Mrs. C. L. Gunn of Clovis and Mrs. Lillie Gunn of Dallas.

Methodist Ladies Observe Quiet Day

A call to prayer and self-denial was observed as a special quiet day service for women of Hamlin Memorial Methodist Church Wednesday.

m. directed by Mrs. Joe Helton. A salad luncheon was held at the noon hour and Mrs. C. C. Christian directed the afternoon service. Other ladies in the church, assisted with the program throughout the day.

The program began at 11 a.

Lazbuddie FHA Holds Contest

In a recent contest for the Lazbuddie FHA in the clothing division several girls received ribbons. In the childrens clothing division Jennie Steinbock was winner of first place. Others placing in this division were Maxine Broyles and Ann Blackstone.

Jennie Steinbock also was winner of first place in the casual clothing division; Joy Williams was second and Ann Blackstone third.

Sherry Robinson won the blue ribbon in the sport clothing division and Ann Blackstone and Katie Blackstone were winners of second and third places, respectively.

Judy Koelzer placed first in the wool suit class followed by Marquita Seaton and Cheryl Ramage.

Katie Blackstone was named girl of the month in FHA and trophies were awarded to Marquita Seaton, Tammie Jennings, Cheryl Ramage, and Charlotte Davis for highest achievement points.

Officers of Texico FBLA installed in formal ceremonies at a local restaurant Tuesday night are left to right; Mike Spearman, president, Mickey Lofton, vice-president; Peggy Hughes, secretary; Sharon Peyton, treasurer; Leonard Hutsall, reporter and Don Baldrige, historian. Sponsor of the group is Mrs. N. W. Peyton.

Phi Beta Lambda Installs FBLA Officers

A team of students from Phi Beta Lambda chapter of the business department at ENMU installed officers of the Texico FBLA chapter in ceremonies at a dinner meeting on Tuesday night at a local restaurant. Members of the installing team were Dale Swaps, Sue Stephens, Barbara Hobbs, Barbara Stout, Rosalie Patrick and sponsor, Derrell Bulls.

Officers of the Texico chapter are Mike Spearman, president; Mickey Lofton, vice-president; Peggy Hughes, secretary; Sharon Peyton, treasurer; Don Baldrige, historian; Leonard Hutsall, reporter; and Neil Lambert, parliamentarian.

Mrs. N. W. Peyton, sponsor of the local group extended a welcome to the guests and introduced the installing team before turning the meeting over to Derrell Bulls.

Members of the installing team told of the meaning of the FBLA organization emphasizing each of the letters FBLA: F-stands for the future and what we can do to make it better; B-business and how we can become better business men and business women; L-is for leadership and how FBLA fits us for the duties of leadership; A-is for being better citizens of America and through FBLA we can be better fitted for the work of good citizens.

Symbols used by the installing team were - Future - a crystal ball; Business - a typewriter; Leaders - were represented by dolls dressed as

graduating students, and America - three small American flags.

Each new member of the organization was required to take the FBLA pledge and officers took the oath of office in a candlelighting ceremony. Awards were presented to all members of the Texico chapter. New members presented with the assistant award were Linda Armstrong, Don Baldrige, Jackie Billingsley, Gary Burris, Joy Chumley, Jeanette Coffee, Keith Crooks, David Farmer, Pam Fitz, Larry Fought, Joe Holland, Neil Lambert, Mickey Lofton, Terry Lovett, Floyd Morris, Joe Patterson, Tom Rickstrew, Brenda Sims, Mike Spearman, Kathy Stone, Sandy Tipton and Jim Webb; supervisor awards went to: Lynelle Ingram, Peggy Hughes, Karen Land, Gary Meier, Sharon Peyton, Pam Roberts and Veda Wilson; leadership award winners were: Emmitt Autrey, Kay Bush, Ellen Callouet, Clarence Ethridge, Leonard Hutsall and Marquita Wall.

Guests attending the dinner meeting included Diane Lovelace, John and Monte Spearman, Billy Winkles, Gilda and Brenda Cathey, Frankie Lambert, Mike Hitson, Zadene Burris, Susan White, Carolyn Campbell, Tim Ingram, Mrs. Wesley Ingram and Mrs. Jimmie Allman.

Guests in the home of Mr. and Mrs. Joe Van Zandt and daughters over the weekend were his parents, Mr. and Mrs. C. J. Van Zandt of Mobeetie.

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement . . . a man who has worked consistently against progressive measures in the Senate . . . a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service . . . who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire . . . has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

Mrs. L. C. Herington Leads In Football Contest

With only three weeks left in the armchair football contest, sponsored annually by a group of local business men, Mrs. L. C. Herington with 58 games called correctly is leading the field of contestants. Theo Atkinson, husband of last year's winner Mrs. Dodie Atkinson, is in second place with 57 games called correctly and Mrs. John McFarland with 56 games to her credit is in third place. Several persons

have called 55 games right while many of the contestants have called 50 or more games correctly. In the eighth week of the contest Jim Clements is winner of first place money with a total of nine games called right and only missing the tiebreaker score four points. Winners of second and third place money for the week are L. C. Herington and Darrell Crook, respectively. They each called nine games right; however Herington

was off nine points on the tiebreaker score and Crook missed the score by 15 points. Sponsors of the contest are Nickel's Gin, Security State Bank, Sherley-Anderson, Worley Grain, Oklahoma Lane Farm Supply and Gin, Continental Oil Co., Texaco Inc., A. A. Bowl, Farwell Equipment Co., Lariat Gin, Piggly Wiggly and Sherley-Anderson-Pitman Inc. Winner of the contest will receive two tickets to the Cotton Bowl and \$50. expense money.

Chamber Of Commerce Meets Tuesday

Christmas decorations for Farwell was a main item of business on the agenda of Farwell Chamber of Commerce, when the group met Tuesday afternoon.

A report from the Jaycees, who handled the decoration project last year, was heard, and the Chamber appointed a committee to meet with the Jaycees and work out details. The Jaycees were authorized to continue the project, and the Chamber agreed to assist. Committee members include Hurshel Harding, Carl Davis and Bob Anderson.

A report on a road committee meeting held in Bovina and attended by Joe Jones, Chamber of Commerce president, was heard, and a road development committee was named with Lawrence Cooper and Joe Camp to work in this area of development.

Wilfred Quickel was named to learn the necessary procedure for changing the name of the organization to Farwell Chamber of Commerce and Agriculture.

Also discussed was the promotion of the town image and ideas for developing this project.

Named to secure a speaker for the annual Chamber of Commerce banquet were Carl Davis, Hurshel Harding and W. H. Graham.

Mr. and Mrs. Dale Bradley and daughters were here over the weekend as guests of his parents, Mr. and Mrs. R. M. Bradley. The family group enjoyed a birthday dinner honoring Dale Bradley Sunday.

Mrs. Doris Reeves of Nickels Gin, one of the local sponsors of the football contest presents Jim Clements with a check for \$5.00 and offers congratulations on his first place weekly prize. Although Clements failed to get his entry in two of the eight weeks he still has 47 correct games to his credit.

Farwell Loses In Junior Games With Hale Center

The Farwell seventh grade, eighth grade, and Junior Varsity teams took three defeats from Hale Center Thursday to the tunes of 44-8, 36-8, and 20-0.

Mark Costello made the lone touchdown for Farwell Seventh graders in the final quarter of play. Doug Harriman made the extra points for the locals.

In the Eighth grade game, Melvin Roberts scored the little Owls first touchdown in the first part of the first quarter. The extra points were run and the Hale Center team led 8-0.

Melvin Roberts scored again in the final seconds of the first quarter to widen the Owls lead to 14-0. The try for extra points was no good.

The Owls came back the second quarter to score with Larry Hammond doing the honors.

Kyle Sheets then scored a touchdown for the locals, then made the extra points to add two more points to Farwell's side of the scoreboard. At half-time, the score stood at 20-8.

Melvin Roberts scored another touchdown for the Hale Center eleven in the opening minutes of the third quarter to broaden their lead to 26-8. Larry Hammond scored the extra points.

Charles McDaniel made a touchdown for the little Owls midway through the third quarter to put six more big points on the scoreboard for the blue and gold. Larry Hammond made

the extra points and Hale Center led 36-8.

Both teams went scoreless the final quarter and the game ended with Hale Center leading 36-8.

In the Junior Varsity game, Marvin Wilson scored the first touchdown of the game for the Hale Center team in the closing minutes of play to put the "B" team Owls out ahead of the locals 6-0. The try for extra points was no good.

J. D. Davis scored again for the Hale Center team midway through the second quarter to broaden the Owl's lead to 12-0. The extra points were run and Hale Center led 14-0.

Mike Jones scored the Hale Center team's final touchdown in the closing seconds of play in the first half.

The Hale Center "B" team led the Farwell Junior Varsity by a comfortable margin of 20-0 at halftime.

The locals came back the third and fourth quarters to stem the Hale Center's scoring attack but the damage had already been done and Farwell just couldn't recover enough to push the ball over. The game ended with the Hale Center team sitting on the fat end of a 20-0 score.

Fire Chief To Be Appointed

On the agenda at the Farwell city commission meeting scheduled for 5 p.m. Friday (today) is the appointment of a new fire chief. Otis Huggins, who has served in that capacity since the organization of the department last week after serving the Twin-Cities as a member of the fire departments for the past 20 years.

Other business to come before the commission is of a routine nature, according to city clerk Janie Bowery.

Candy Sales To Be Completed At Ball Game

Local Lions club members will complete the sales of the bags of Trick or Treat candy at the Farwell-Silverton football game Friday (tonight) and the radio will also be given away at the ball game.

Money derived from the candy sales will be used to help pay off the indebtedness of the Little League Ball Park facilities.

Preview Day Scheduled At Wayland College

College Preview Day at Wayland Baptist College has been set for Nov. 14, says Dr. W. Neil Record, chairman of the annual spend - the-day-on-campus affair.

Seniors and juniors in high school, together with youth counselors and parents, are invited to take a look at life at Wayland.

Campus tours will follow the registration period at 8:30, followed by a program in Gates auditorium at which the Pioneer Players of the drama department will present the play, "Construction" by Stone. Following luncheon, student musicians will present a concert. To close the day's activities, student groups will have a "fun and fellowship" period.

High school seniors interested in auditioning for music scholarships and for membership in choral ensembles and band are urged to contact Dr. Wallace C. McKenzie, head of the department of music and art, in advance if at all possible for a definite time for the audition. Those desiring auditions should bring their music.

Interviews will be arranged for students who wish to talk with coaches about athletic scholarships in track and in basketball, both men and women. Athletic Director Ed S. Billings may be contacted in advance of Nov. 14, but interviews can be arranged after arrival on campus, says Dr. Record.

High school students, their counselors and parents will be guests of Wayland Baptist College for luncheon in Slaughter Memorial Center.

Workers To Canvass Town For Christmas Card Project

Workers in the annual Christmas Card project, sponsored by Farwell PTA will canvass the town on November 3 in support of the project.

Each person is encouraged to contribute the money which would ordinarily be spent on mailing local Christmas Cards to PTA. The money derived from the project is spent on library books for the three school libraries.

For the third consecutive

year, Farwell PTA is sponsoring a giant Christmas Card in the Tribune with names of all those participating included in the ad.

Chairman of the drive is Janie Bowery and anyone wishing to participate in the project who is not contacted may leave their contribution at the city hall in Farwell.

Workers in the drive will be Mesdames Jack Williams, Pete Rundell, Billy Watts, Bert Wil-

lams, Janie Bowery, Johnny St Clair, Glenn Phillips and Joe White. Deadline for participating in the project is Dec. 4. The city hall will be closed on Nov. 3 (due to the election).

Mrs. Lillie Gunn of Dallas arrived in Farwell over the weekend for a visit with relatives here and in the Clovis area. She is a house guest of her niece and family, Mr. and Mrs. Mitz Walling.

PROJECT CHRISTMAS CARD LAUNCHED TUESDAY NOV. 3rd.

Help Santa Claus and PTA buy more books for the school libraries.

Last year, PTA asked school patrons to donate to the PTA, money usually spent for Christmas cards and stamps locally, with money to be used to buy library books. The project was successful, and is planned again for this year.

Christmas week, a giant greeting is printed from all participating persons in The Tribune, wishing all their local friends a happy holiday. It will be your way of wishing Merry Christmas to your friends and at the same time, helping your children.

You may leave your funds with Mrs. Janie Bowery at the City offices

MAKE THIS A SPECIAL HOLIDAY BY WISHING YOUR LOCAL FRIENDS MERRY CHRISTMAS THE PTA WAY.

Red Sez

Joe: "Are you and your family doing your best to stay healthy this year?"
Red: "You bet, Joe. We bought one of these here sanitary drinking cups and I'm making every member of the family drink out of it."

VOTE FOR BARRY

GOLDWATER

IN YOUR HEART, YOU KNOW HE'S RIGHT Political ad paid for by Goldwater For President Committee, Tad Smith, chairman.

"Certainly, simple honesty is not too much to demand of men in government."

Vote For BOB PRICE

For CONGRESS

REDUCED FOREIGN GIVE-AWAYS

BOB PRICE is for limiting foreign aid to those countries which have clearly demonstrated they support the kind of personal and economic freedom which has been the foundation of America's growth and prosperity. He is for an immediate halt to all aid to both communist and socialistic governments.

LOCAL MEDICAL CARE

BOB PRICE believes voluntary health programs by local charitable groups and local government can provide the best medical care at lowest cost for those unable to care for themselves. He will support measures which will keep more money in local hands to help more people to help themselves.

A STRONG AMERICA

With communist countries sworn to destroy the United States, by force if necessary, strong defenses must be maintained. BOB PRICE will oppose any legislation permitting a weakening of U. S. defenses.

A HEALTHY OIL INDUSTRY

BOB PRICE knows the vital role oil has in the Panhandle economy, and he will fight for all legislation designed to keep the oil industry healthy and expanding. He supports retention of the present depletion allowance and for adequate protection of Independent Producers from excessive oil imports which have damaged the Panhandle economy.

PRIVATE ENTERPRISE

BOB PRICE is for preservation and expansion of a free economy based on individual initiative, free of restrictive regulations and free of competition from government owned businesses.

VALUE OF THE DOLLAR

Buying power of the dollar has shrunk more than 50% in the past 25 years. The cruellest tax of all is inflation. BOB PRICE will vigorously oppose legislation which will permit inflation to continue and grow.

A Sabre Jet pilot, BOB PRICE flew 27 missions in the Korean War. He knows first-hand the terrible frustrations on soldiers fighting a war they are not permitted to win.

Unlike the incumbent Congressman from the Panhandle BOB PRICE would demand that U. S. soldiers asked to offer their lives in war be furnished the best weapons and be permitted to win.

A PANHANDLE RESIDENT

BOB PRICE has lived in the Panhandle all his adult life. He operates the ranch owned by his family. He teaches a Sunday School class in Pampa's First Baptist Church. He owns his home in Pampa.

BOB PRICE will be a resident Congressman from the Panhandle. He will not become a stranger to the district visiting only during election years, as has been the practice of the incumbent Congressman.

THE RIGHT KIND OF PRESIDENT!

MORALITY IN GOVERNMENT

"Americans everywhere are indignant about the moral decay in Washington and nobody should accept corruption in positions of public trust as a way of life. All it takes to clean it up is an administration that really wants it cleaned up — an administration with the moral courage to fire the influence peddlers and graft takers no matter whose friends they may be."

CIVIL RIGHTS

"The key to racial and religious tolerance lies not in laws alone but, ultimately, in the hearts of men."

SOCIAL SECURITY

"I favor a sound Social Security system and I want to see it strengthened. I have always voted for improvements in the system. I pledge, as I have pledged before, my unqualified support of the Social Security system. On this, my record is clear. I have voted in favor of every Social Security Act since entering the Senate. I voted for the Acts of 1954, 1955, 1956, 1958 and 1961. In fact, I had the opportunity of presiding over the United States Senate on the day the bill was approved bringing farmers under Social Security for the first time. And that change had my active support. I want to see every participant receive all the benefits the system provides. And I want to see these benefits paid in dollars with real purchasing power."

STATES RIGHTS

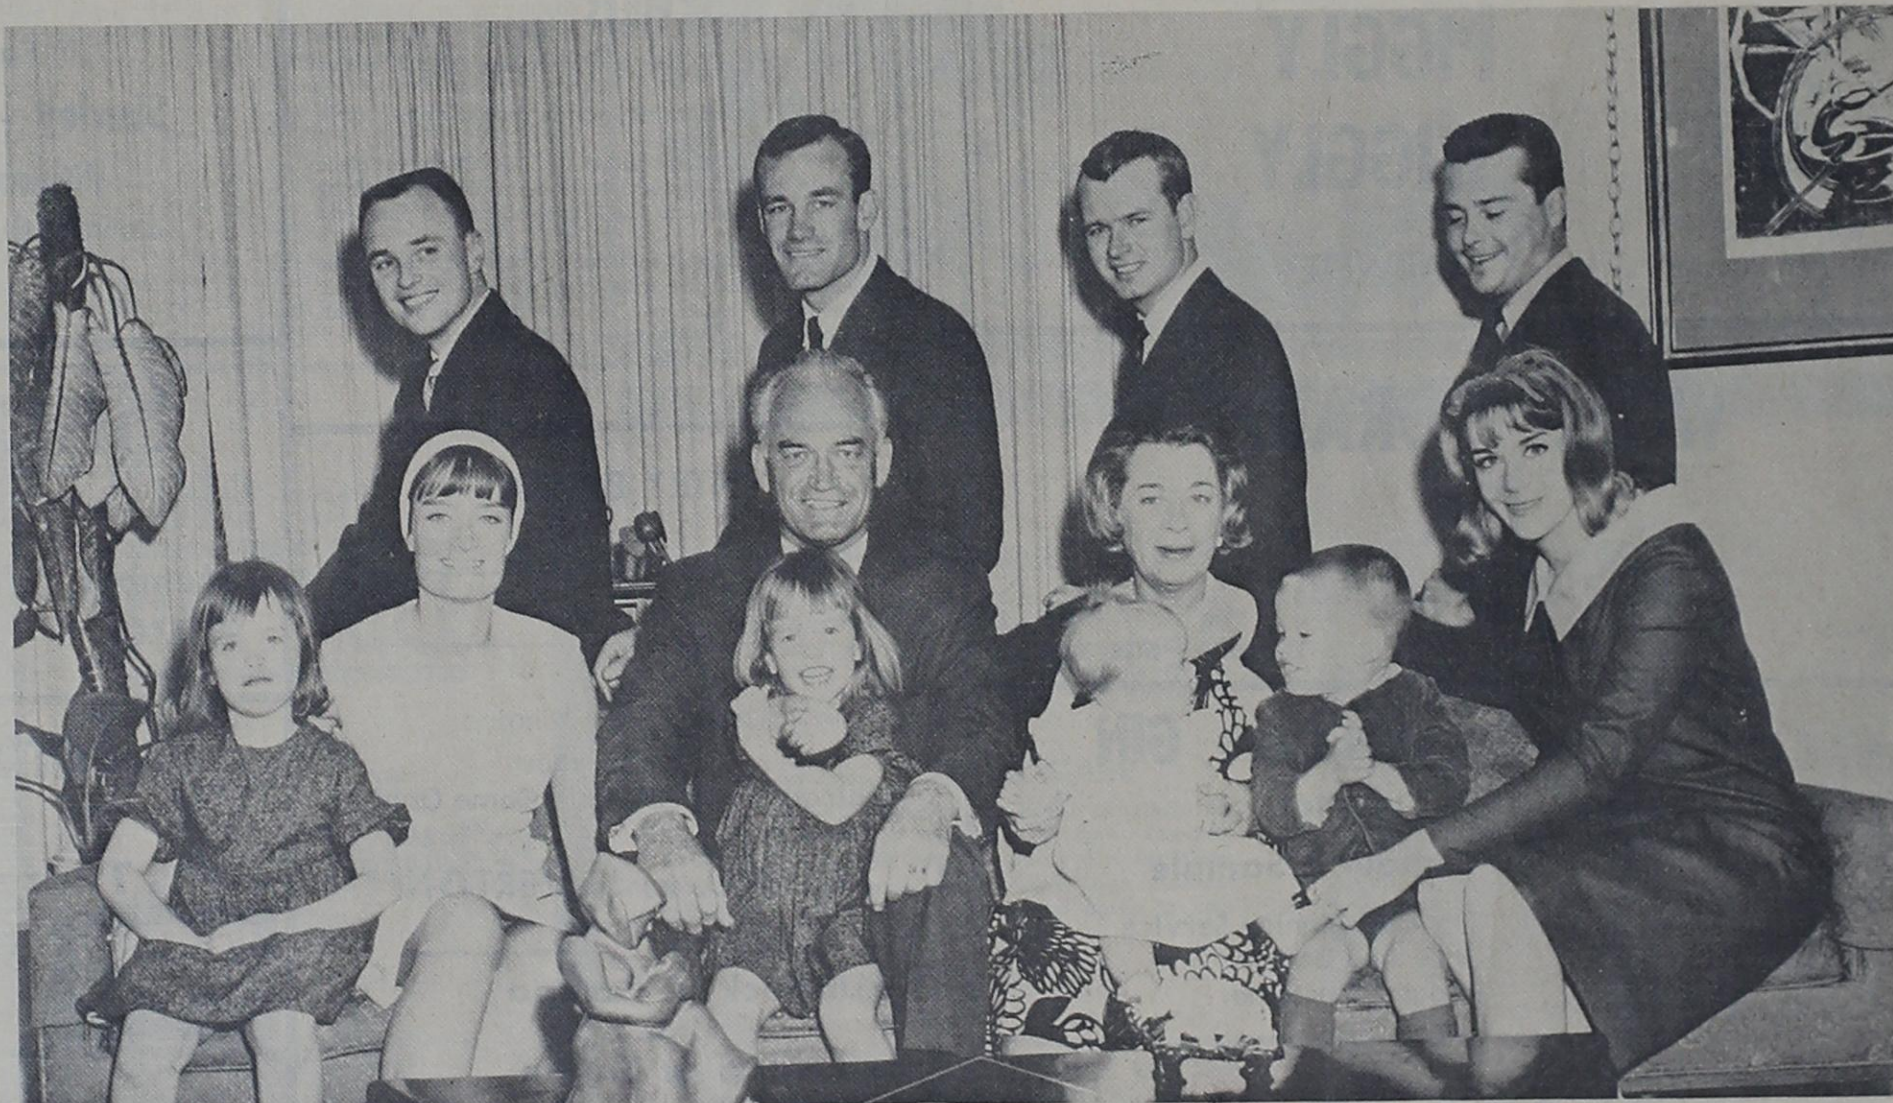

"States' rights is no mere slogan. It is the backbone of our Constitutional system. It is a check on the steady accumulation of massive power in the hands of national bureaucrats."

THE HIGH PLAINS FARM AND HOME

On The Farm In Farmer County

BY JOE VAN ZANDT
County Agent

TAX OPTIONS MAY INCREASE NET INCOME

Net Farm Income for 1964 will be determined by how farmers utilize the 1964 Income Tax Regulations. Changes in this year's Internal Revenue Code can be beneficial to the taxpayer where certain qualifications are met. The payment rate schedule on taxable income has decreased from that of 1963. This means less tax is due for those who have the same taxable income as 1963.

MANAGEMENT - INCOME TAX MEETING

We have scheduled Mr. Jim Murphrey, Area Extension Farm Management Specialist, for Monday, November 23. He will present a program at 1:30 p.m. in the Friona Bank Community Room and will cover management and income tax that afternoon.

This is an excellent opportunity to be brought up to date on the changes in the tax regulations. Mark November 23 on your calendar and plan to attend.

SUSPENSION FENCING

"Save With Suspension Fencing" is the title of a new leaflet now at the county agent's office. The leaflet tells how suspension fencing can cut fence costs in half and describes construction of this type of fencing.

Suspension fences are similar to other type of fences except distance between posts is about 100 feet. Such fences work well for boundary, interior and cross-fences.

Another advantage of suspension fencing is its swaying ac-

tion. This keeps cattle from becoming mixed between pastures and discourages fighting bulls.

The fences are easy to repair should a section be torn down. With suspension fences, only one or two posts need to be replaced, where with conventional fences, five or six may need to be replaced.

A suspension fence is an excellent way to keep livestock in temporary or improved pastures. Copies of L-637, "Save With Suspension Fencing" are available at the county agent's office in Farwell or drop us a card and we will send you one.

4-H NEWS

The Bovina 4-H Club will meet Monday night, November 2 at 7:00 p.m. The Club elects officers and will have a program on parliamentary procedure.

The Lucky Clover 4-H Club will meet Tuesday, November 3 at 4:00 p.m. in the Farwell City Hall.

The Oklahoma Lane 4-H Club will meet Wednesday, November 4, at 4:00 p.m. in the Oklahoma Lane Community Center. There will be a training meeting for the new officers of the Farwell and Oklahoma Lane 4-H Clubs on Monday afternoon, November 2 at 3:45 p.m. in the County Courthouse.

The officers of the Lucky Clover 4-H Club are: president, Merdith Anderson; vice-president, Cheryl Boling; secretary, Brad Jordan; Council Delegate, Mike Haseloff; reporter, Polly Dollar and Organization leader is Mrs. L. R. Capps.

Officers elected in the Oklahoma Lane 4-H Club are: president, Cheryl Kaltwasser; vice-president, Tina Rundell; secretary, Janis Billingsley; council delegate, Kathryn Gober; alternate delegate, Neil Christian; reporter, Sheree Rundell and Organization leader is Mrs. Melborn Jones.

In ancient times, ivory was valued next to jade.

Lone Star To Build New Fertilizer Plant

Construction of Lone Star Producing Company's \$20,000,000 Trinity River Chemical Fertilizer Complex will be completed on schedule this fall, according to Roy E. Jury, vice president, Chemical.

Jury said construction schedules calling for completed ammonia producing facilities by September 1, and completed ammonium nitrate facilities by October 1, have been met. Urea and ammonium phosphate producing units will be finished by November 1, 1964.

The giant fertilizer complex, located on a 1,157-acre tract on Texas State Highway 31, near Kerens, Texas, will be producing

ing LSP brand chemical fertilizers and feed-grade urea at full capacity by the end of the year. Formal opening ceremonies are scheduled for January, 1965, Jury said.

The Trinity River complex annually will produce some 267,000 tons of LSP fertilizers. Products will be anhydrous ammonia, fertilizer and feed-grade urea, ammonium nitrate, direct application nitrogen solutions and ammonium phosphates.

A number of fertilizer sales service centers located throughout the Chemical Division's seven-state market area will support the Trinity River complex production through mixing, sales and distribution operations. Additional sales service centers are in the planning stage, and more than 1,300 fertilizer dealers now handle LSP brand products.

The Chemical Division has wholly-owned sales service centers in Littlefield, Texas; Crowley, Louisiana; Tonkawa, Oklahoma; Pittsburg, Texas; Gainesville and Bryan, Texas. Other wholly-owned outlets are located at Artesia, New Mexico, and warehouse facilities are at Deming, New Mexico.

Under contract to formulate bulk and bagged LSP fertilizers to Chemical Division specifications are sales service centers at Cameron and Vernon, Texas, and Clarendon, Arkansas and a bulk facility at Forrest City, Arkansas.

Lone Star Producing Company, a wholly-owned subsidiary of Lone Star Gas Company, first announced the formation of its Chemical Division and its plans to construct the fertilizer manufacturing complex February 1, 1963. Groundbreaking ceremonies were held at the site June 21, 1963 and construction was begun in June.

The complex will use as fuel and as a raw material, natural gas taken from Lone Star Producing Company reserves in East Texas.

New Stamp To Honor Homemakers

A new five-cent commemorative stamp honoring homemakers will be unveiled at the opening session of the National Extension Homemakers Council at Honolulu, Hawaii, Oct. 26, according to Mrs. George Hackney, Jr. of Greenville.

Mrs. Hackney, president of the 34,000-member Texas Home Demonstration Association -- the state counterpart of the homemakers' council -- will serve as official delegate from Texas to the Hawaii meeting.

The commemorative stamp will go on sale at all other U. S. post offices on Oct. 27, the Post Office Department has announced.

First day ceremonies for the stamp are scheduled in conjunction with the opening session of the conference. The stamp was designed for the Post Office Department by a New York member of the Citizens' Stamp Advisory Committee. The homemakers' stamp is issued as a "tribute to the 50th anniversary of the Smith-Lever Act which officially marked the beginning of the Cooperative Extension Service and opened the way to improved home life throughout America by providing home economists to advise women on better ways to feed and clothe their families."

Under the Department of Agriculture's Extension Service, working in cooperation with the Land-Grant Colleges, some 4,000 Home Demonstration agents, assisted by nearly 700,000 women who serve as local leaders and reach into some 3 million homes to aid women in becoming better homemakers, Mrs. Hackney says.

Seventy-four Texans are scheduled to attend the Hawaii meeting.

RITWAY JANITOR SERVICE

Carpet shampooing. Free estimate. Cleaning is our only business - not a sideline. Phone 763-6361.

FARM WANTED

Owner of a piece of very choice income property in Lubbock, clear of debt, and producing a \$3,600.00 per month income. Would like to contact landowners who would consider a trade. This property has never been listed by any real estate agents, and has never been offered for sale before. It is strictly first class in every respect and would stand the closest investigation. It would be a very good deal for someone wishing to retire from active work with a very excellent income. Would take from a half to a section of good irrigated land. Write owner at 2202-58th St. Lubbock, or phone SH 4-9838 Lubbock.

Sugar beets, Farmer County's new glamour crop, are attracting widespread interest. Here a group of vo-ag boys from Farwell look over a beet harvester on the Darrell Norton farm between Farwell and Bovina. Beets in the area are turning

ing out exceptionally well, farmers report. Norton says tonnage is running about 30 per acre. Sugar contests of area beets is in the 16-17 per cent range -- also considered very good.

Fall Planted Perennials Contribute Early Spring Garden Effects

By A. F. DeWerth
Professor of Floriculture
Texas A&M University

More consideration should be given toward the use of "hardy" perennials in Texas gardens, especially those that are best planted during autumn months for early spring bloom or other spring garden effects.

While hardness to cold is not of great importance in the Gulf Coast area, consideration must be given to high summer temperatures. Many worthy plants do especially well under Texas conditions and should be included in garden plantings.

Achillea tomentosa, or Woolly Yarrow, is an excellent plant for edgings, ground covers or rock gardens and serves as a choice companion plant in spring-flowering bulb beds. It produces a flat mat or mound of finely cut, dark green, woolly leaves. Foliage is evergreen and flat clusters of bright yellow flowers emerge in the spring.

These plants have about a six-inch spread with flowers being borne on six eight-inch stems. They will often continue to flower throughout the year if

dead blooms are removed after the color fades.

Centaurea cineraria, or Dusty Miller, is grown principally for its soft, white, velvety foliage. However, it's easily confused with several others due to the common name, Dusty Miller. The more widely grown, better known *Senecio cineraria* also bears this name but has grey, soft, finely dissected leaves and is a shrubby plant growing about two feet tall.

Centaurea, however, is a more compact, low-growing plant reaching only 10-12 inches in height. Its white foliage occurs mostly in a basal clump. The plant has coarse, strap-like leaves with broad, roundish lobes and bears yellow solitary flower heads on long stems during the summer.

Dianthus latifolius and *Dianthus plumarius* produce husky flowering garden carnation plants when planted in the fall and become well established by spring. They will bloom well if set out now and thrive in warm, dry situations. Shearing off spent flowers at frequent intervals encourages continuous bloom through the year.

Another colorful plant for ground cover effects is the *Gazania*. Garden forms of this genus are low-growing clumps that will spread rapidly to provide a solid mass of attractive foliage. Leaves are long and narrow and are dark green above and white pubescent on the lower surface. Perhaps the best known *Gazania* is the common orange-flowered *Gazania ringens*. However, many horticultural varieties are now available with flowers ranging from white to yellow, orange and variegated forms.

An old spring-flowering favorite seldom seen in modern gardens is *Heuchera sanguinea*, commonly called Coral Bells. It produces rosettes of evergreen foliage and is useful for planting along paths or walks and for the foreground of flower borders.

Leaves are round with scalloped edges; dainty bell-shaped flowers are produced on slender stems 12-18 inches high. These are produced on spikes from April through July under

Texas conditions, reaching blooming height in May and June. They are coral colored, but several hybrids are now available with white, pink or deep red flowers. The flower spikes are also excellent for cut-flower arrangements.

A companion plant for use with *Heuchera* that is highly adaptable to climatic conditions in Texas is the Siberian Bellflower, *Campanula persicifolia*. This starchy, lavender blue-flowered Canterbury Bell is a tufted but more spreading plant having a dainty appearance. However, it is a rugged grower and flowers well through the spring and early summer months.

The two species of *Lavender* cotton should also be included in any garden where compact, low-growing plants are needed for edging paths, walks or patterned beds.

Santolina chamaecyparissus, a compact evergreen, has finely divided aromatic grey-green foliage and yellow flowers. It is a two foot shrub-like perennial that should be clipped frequently to a height of about one foot, unless used on slopes or in planter boxes. There it can be allowed to grow naturally into soft billowy mounds and should also be cut back about once a year.

Santolina vareus has a similar growth and flowering habit but has dark green, narrow, linear, evergreen foliage.

AMMO NOTES

By Bill Bennett, Agronomist

This fourth in a series on soil test results is on phosphorus. There are probably more chemical soil test results for phosphorus than for any other plant nutrient. One reason for so many different tests is that each test is usually designed for a specific area or groups of soils.

It is important to use a phosphorus test which has been developed specifically for an area. Texas A & M University research and extension personnel located at Lubbock have developed such a test specifically designed for the alkaline, calcareous soils of this area. The test consists of extracting a sample of soil with a strong acid solution. The amount that is removed by the acid solution is then measured.

Phosphorus tests are usually classed as very low, low, medium or high. This classification indicates the ability of the soil to provide phosphorus for plant growth. Soils testing in the very low to low range will not usually provide enough phosphorus for good plant growth.

The recommendation for phosphorus given on the soil test report is designed to give maximum net profit for a given yield potential.

One main point to consider in using soil tests is to be sure the lab that does your testing is reliable and can give you a good test and a good recommendation. A knowledge of the area is necessary to make good soil test recommendations for phosphorus.

What is ADA?

A writer from the Louisville COURIER-JOURNAL defined ADA this way:

"The political organization, Americans for Democratic Action, (ADA) has become a synonym for fellow-traveler, for communist sympathizer, for advocate of 'soft' policies toward Russia." Robert L. Riggs, Washington Bureau, Louisville COURIER-JOURNAL.

ADA stands for:

- Domestic socialism.
- One world government.
- Blindness to the Communist threat.

ADA is a national left wing political organization. It is the most influential of all home-grown organizations attempting to change our traditional American government into a socialist dictatorship. Though not admittedly a "secret organization," no membership list can be obtained from their national headquarters in Washington.

U. S. Senator Strom Thurman said about the ADA: "All the actions and policies advocated by the ADA point to federal socialism."

WHO FOUNDED ADA?

ADA was founded in 1947 by a group of ultra-liberals, including Hubert Humphrey; Chester Bowles; radical labor leader David Dubinsky; New York City editor, James Wechsler, once an official of the Young Communist League; Harvard historian Arthur Schlesinger, Jr.; Walter Reuther of the UAW; Morris Ernst of the American Civil Liberties Union; Joseph L. Rauh, Jr., liberal Washington lawyer; and many others.

HUMPHREY AND ADA - ONE AND THE SAME

Hubert Humphrey, perhaps more than any other person in high elective office, stands for and symbolizes the extreme left in American politics.

Humphrey, a founding father of ADA, was chairman of ADA in 1949 and 1950. Every year since, he has served as National Vice-Chairman. During fifteen years in the Senate he has voted the ADA position on 191 occasions, and against it only 13. Humphrey demonstrated his subservience to the ADA when he said "this great organization has seen fit to chastise me. Perhaps I did not understand why at the moment, but their judgment was undoubtedly better than mine."

Norman Thomas, six times a **Socialist Party** presidential candidate, said this year: "Humphrey is the type of Democrat I like, and one who would be a Socialist if he got to England." Chicago Tribune, May 30, 1964.

ADA WORLD, (ADA official publication) March, 1964 reported: "The nation's great gathering of liberal-labor leaders will begin May 15 in Washington, D. C., at the ADA Seventeenth Annual Convention. **Walter Reuther, Hubert Humphrey and Martin Luther King** will address the convention.

Congressman Otto E. Passman (Dem.-La.), 10 years Chairman of the House Appropriations Sub-committee: "... Hubert Humphrey is a Socialist if I ever saw one. America is not creeping, but running toward Socialism." — Dallas News, Sept. 11, 1964.

"The left-wing, radical ADA and their cohorts stand for everything Texas doesn't."

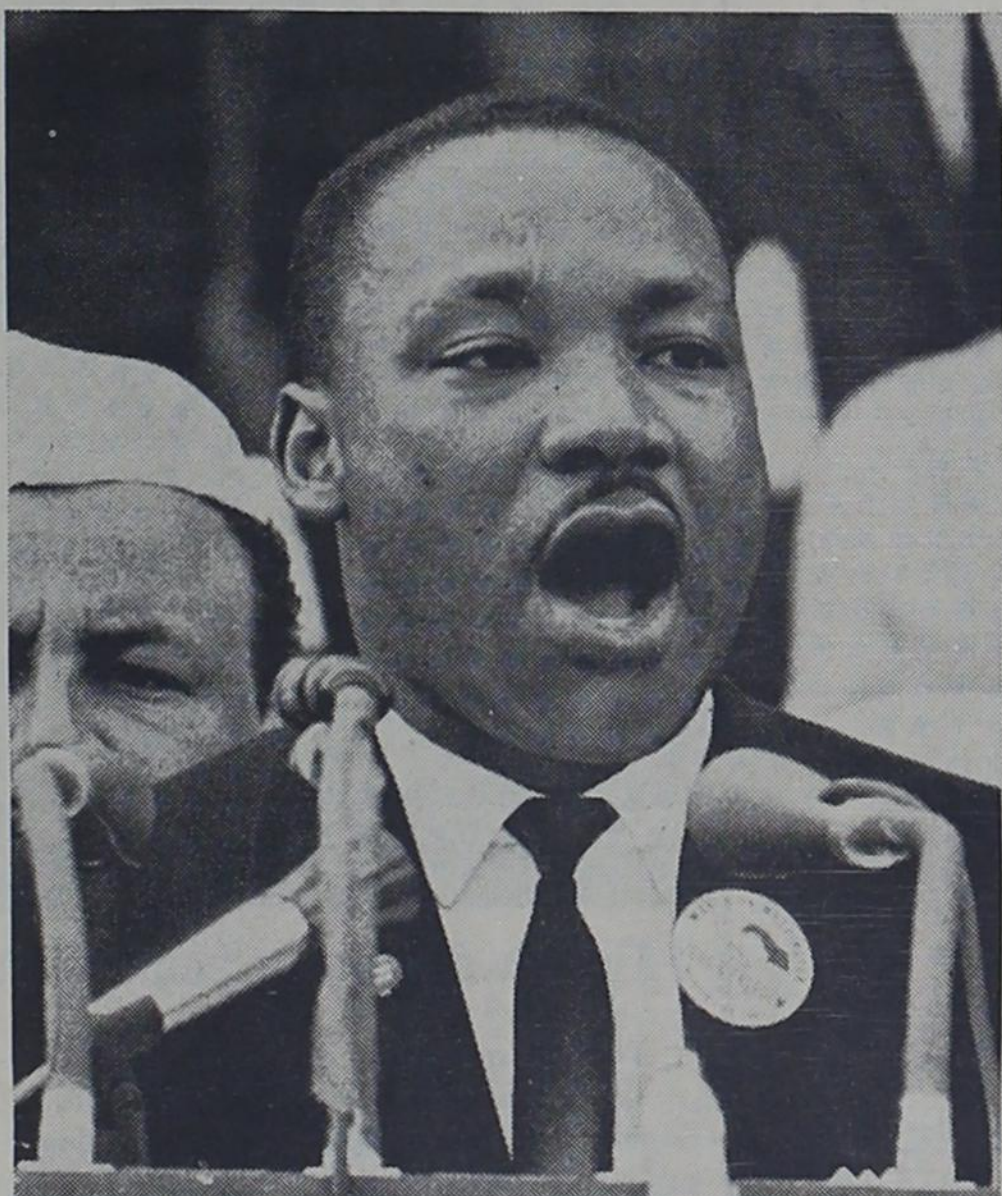

Governor John Connally in a statewide telecast to Texas voters May 23, 1962

A vote for Lyndon Johnson is a vote to make Hubert Humphrey President.

Lyndon Johnson had a serious heart attack in July, 1955. Doctors say that the average life expectancy of a man Johnson's age following such a heart attack is less than 10 years. (Ask your own doctor about this.) Therefore, medical odds are that if Johnson is elected in 1964, Humphrey will be President before the term expires.

NEVER BEFORE HAS THE EXTREME LEFT HAD ITS MAN SO CLOSE TO THE PRESIDENCY.

ADA NATIONAL CONVENTION, WASHINGTON, D. C. MAY 1964

VOTE FOR BARRY GOLDWATER

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

The success of an undertaking destined to play a major role in determining the economic future of an entire area, as is the High Plains Boll Weevil Control Program, can easily be undermined by the unthinking circulation of half-truths and isolated facts and by the untrained interpretation of such informational bits and pieces. Especially is this true of an areawide effort such as the boll weevil program to which the participation of the people themselves is a prerequisite to success. Therefore no effort can be spared to nip in the bud rumors, even well-meaning ones, which might en-

And these obstacles to the smooth operation of the program were made to order for the flaw-finders who halted each deviation from perfect as the program's downfall prophet. Delayed spraying was interpreted by the poorly informed as meaning an incompetent applicator with insufficient planes to do the job, and less than perfect kills along with weevils emerging behind the spray were taken to signify an ineffective chemical or improper application.

Yet, if we are to believe the best weevil control experts from Texas A & M, Mississippi State College, the Federal Boll Weevil Laboratory and elsewhere who have all of the facts at hand, nothing to date has prevented nor threatens to prevent the spray program from achieving its prime objective -- to reduce by 90 per cent or more the number of weevils going into hibernation. And happily, the results of field weevil counts and analysis being made constantly as an integral part of the program by Texas A&M and Agricultural Research Service support the opinion of the experts, not the critics. Indicative of the blanket results being obtained by the sprayings is the following example:

On the morning of October 14, entomologists determined that a field near East Afton has an estimated 7,160 adult boll weevils and 6,128 unemerged weevils per acre -- a total of 13,288 weevils per acre. After the count the third dose of technical malathion was applied and another count was taken the following day, October 15, revealing only 2,904 adult weevils. The third day, October 16, 2,244 weevils were counted and on the fourth day the count had dropped to only 594 weevils -- a reduction of over 90 per cent of the adult

DON'T FORGET!

V-DAY IS TUESDAY! -VOTE!

It is your right as an American to be able to vote; it is your responsibility as a citizen TO vote. Don't let your country down. Go to the polls Tuesday and protect your rights.

Boll weevils can be tracked at night.

"Has your husband charmed much in the years you have been married?" one wife asked another.
"Not nearly as much as he thinks," replied the other wife, "because he is always talking about what a big fool he used to be."

weevils. And, some of the weevils still present were no doubt pests that emerged after the chemical had lost its effectiveness. Of even greater significance to this program is the fact that on the second day following the spray none of the weevils found were in the firm diapause stage, and on the fourth day only 14 per cent of the 594 adult weevils found were in diapause and these were very young and fat weevils not calculated to leave the field before the next spraying.

The above example was purposely chosen because it was a field with an extremely high weevil population before spraying. Other fields checked in the same manner showed even better results.

Insecticide tests continue to indicate that the technical malathion being used in the program is fully as effective if not more so than any weevil insecticide known.

Obviously what those of little faith are failing to consider is that no single spraying is expected to kill all of the weevils in a field. Many of them at any given time have not yet emerged from squares and bolls and cannot possibly be reached by an insecticide.

Winterize Machines Now

Whether you own a two-horsepower lawnmower or a 20-foot combine, a good job of preparing the machine for storage will pay off in longer service and lower repair bills, according to an agricultural engi-

neer at Texas A&M University. "Parking the machine in a building is just a small part of good winter storage," says Beverly Reeves, Extension agricultural engineer. "You need to make sure it won't rust or deteriorate while it sits idle."

No matter what kind of a machine you store, Reeves says there are three things you need to do to get ready for storage: Clean it. Lubricate it. And eliminate any stress on parts.

The agricultural engineer suggests removing trash, lint, dirt and dried grease either by

washing the machine with kerosene and rinsing it with water or by steam cleaning.

The machine should be lubricated and then run a few minutes. Chains and adjustment bolts should be coated with a rust preventive oil.

Motor preparation takes eight steps according to Reeves.

1. Clean the air cleaner and fill the oil cup to the proper level with new oil.

2. Change the oil and oil filter; then idle the engine for 15 minutes.

3. Add permanent anti-freeze or drain the radiator and engine block. If you drain the motor, leave the radiator cap loose and the drains open to let condensation drain. Reeves also suggests putting a tag on the machine that says, "Don't use. Cooling system drained."

4. Drain the gas tank to avoid

buildup of gum and residue in the fuel line and carburetor jets and passages. Flush diesel tanks with a diesel flushing oil and white kerosene. All fuel tanks except LP Gas should be left empty during storage.

5. Put two tablespoons of oil through the spark plug openings. With the plugs removed crank the engine several revolutions to coat the combustion chambers with oil. Then replace the plugs.

... Memo to Grain Farmers ...

Tide's Plow Down Program SAVES YOU MONEY

NOW IS THE TIME

As soon as possible after combining, shred stalks and apply TIDE'S prescription blend fertilizer to get maximum decomposition of the stubble and bring your soil nutrient level up to its needed level. All nutrients 100% water soluble, easily and economically applied. See your TIDE representative.

TIDE'S TILT BOX SERVICE:

Only TIDE can give you the convenience of bulk service at the field... with no handling, 4,000 lb. spreaders filled in minutes with high analysis, Prescription blended fertilizer

DON'T PACK YOUR SOILS

Don't pack your soils -- use standard size spreaders furnished by TIDE Products. By using small spreaders and our "on-YOUR-farm" bulk storage you can reduce this soil compaction problem.

LET THE EFFICIENCY OF OUR EQUIPMENT IMPROVE THE EFFICIENCY OF YOUR FARMING.

NO LOST TIME "ROADING" SPREADERS

Efficiency at its peak in the fertilizer field--spreaders filled in minutes on your own turn row from TIDE'S Bulk storage no wasted time "ROADING" spreaders to and from the field. See your nearest TIDE representative.

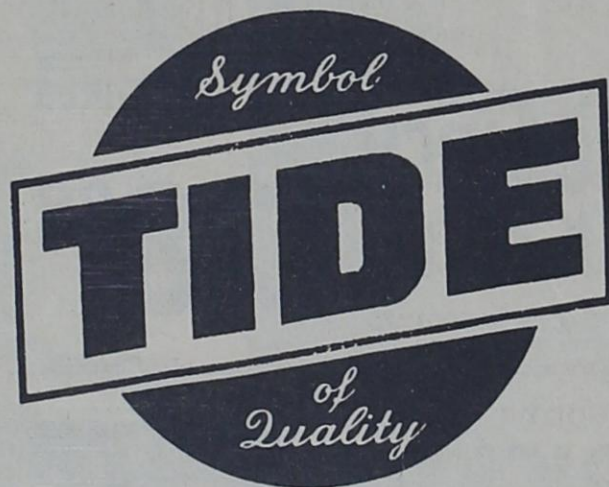

ASSIST SOIL ORGANISMS

To take advantage of the soil conditioning effect brought on by the decomposition of your grain stubble--use TIDE Bulk Fertilizer NOW. Put down part of your NITROGEN, all of your PHOSPHATE and POTASH now and have all of the needed nutrients available to your seedling plants in the Spring by using the proven PLOW-DOWN fertilizer program. See your nearest TIDE representative.

A SPECIFIC FERTILIZER BLENDED FOR A SPECIFIC CROP USE:

Prescription blended on this basis to meet your soil needs:

1. BY SOIL TEST
2. BY THE AMOUNT OF CROP REMOVAL
3. BY THE AMOUNT OF ORGANIC MATTER LEFT TO DECOMPOSE
4. BY THE ROTATION SYSTEM USED
5. BY THE SOIL TYPE AND ITS CURRENT CONDITION

ONLY the BEST... Is Fit To Be TIDE
