

Restaurant Open For Business

The former Cathey Restaurant in east Farwell is again open for business. Millard Long, who recently came here from Albuquerque, opened the place for business on Wednesday. He invites all of the area residents to come by, ALL DAY Saturday for FREE coffee and doughnuts.

The business will operate under the name Gateway Restaurant and Dining Room. All kinds of fine foods will be featured says the new owner.

Reminder

Small fry are reminded that NOW is the time to write those Santa letters, since time is growing short before the rush begins at the North Pole, in Santa Land, to fill orders for all the boys and girls the world over.

All letters received at the Tribune office will be printed in the Christmas issue of the paper and will also be forwarded to Santa Claus at the North Pole.

Letters should be mailed to Santa Claus, % State Line Tribune, Box 255, Farwell, Texas 79325.

Services Held For Marvin Hamrick

Funeral services are being conducted today (Friday) from the First Baptist Church in Farwell for William Marvin Hamrick, 61, who passed away in Clovis Memorial Hospital early Wednesday morning. He had been ill for the past year, since suffering a serious heart attack Nov. 30, 1964.

The Rev. J. L. Bass officiated at the funeral services and burial was in Mission Garden of Memories in Clovis, directed by Steed Funeral Home.

Mr. Hamrick, a mechanic, had worked for various garages in Texico-Farwell, Bovina, and Clovis for the past 37 years.

Marvin Hamrick was born at Garrison, Tex., May 4, 1904 and moved to Louisiana at the age of five. He made his home in Louisiana until 1928 when he moved to Farwell. He had lived in this vicinity since that time.

He was married to Carrie Orr June 1, 1927. They were parents of one daughter, Donna, who preceded her father in death in 1946. Mr. Hamrick was a member of the First Baptist Church in Farwell.

MARVIN HAMRICK

Survivors include his wife, Carrie; one sister, Mrs. G. M. Tucker, Shreveport, La.; and one uncle, Eugene Parker, Alamogordo.

Active pallbearers are Elbert Landrum, Merrill Turner, Jim Bob Smart, Guy Cox, C. E. Christian, and Gene Ezell.

Named as honorary pallbearers are the Men's Sunday School Class of First Baptist Church in Farwell, Chas. Lovelace, Dale McCuan, Buck Bradshaw, and Tom Griffith.

Attend Funeral Of Relative

Several local people including Mr. and Mrs. W. T. Magness, Mrs. Janie Bowery and children, and Mrs. Joel White were in Seminole Wednesday to attend funeral services for Mrs. Olga Hackworth.

Mrs. Hackworth, a niece of Mrs. Magness and a cousin of Mrs. Bowery and Mrs. White, passed away on Sunday following an illness of eight years.

THREE GENERATIONS -- This trio, three generations of the same family, are all graduates of the Farwell High School. Pictured left to right: Mrs. Billie Sharpe Phillips (Class 1943) her daughter, Linda Phillips (Class 1965) and her mother, Mrs. Alvina Cox (Class 1922).

115 Attend Ex-Student Reunion

Master of ceremonies for the ex-student reunion of former students of the Oklahoma Lane, West Camp, and Farwell schools held on Saturday night in the Farwell school cafeteria was M. A. Snider Jr.

Troy Christian, vice-president of the ex-student Association, extended a welcome to the 115 persons in attendance and the invocation was given by Jerry Henson.

Musical entertainment was provided by Charles Turner,

Farwell music instructor, and a trio of Farwell students and ex-students, Larry Donaldson, Johnny Schell and Ronnie Usery.

Five members of the honored class of 1946 were in attendance. They were Yvonne Brown Pipkin, Amarillo; Tommy Randol Fain, Littlefield; Jeatonne Morris Davis, Roswell; Bertha Gast Reynolds, Clovis; and Ruth Birchfield Meeks, Farwell.

The speaker for the evening, former Farwell school super-

intendent J. T. Carter, business manager of the First Methodist Church in Lubbock, was introduced by M. A. Snider Jr. Gifts were presented to Mrs. LaVelle Hurst Brown, Yakima, Wash., for traveling the farthest distance to attend the celebration; and Hamlin Overstreet, representing the oldest class (1914). Also given special recognition was Mrs. Alvina Cox, (Class 1922) her daughter Mrs. Bunk Phillips (class 1943) and Linda Phillips (class 1965) for being three generations from the same family who had attended and graduated from the Farwell school.

FARWELL SCHOOL graduates and former teachers were reunited at the school reunion on Saturday night. Pictured 1 to r: Troy Christian, Ex-Student vice-president, Mrs. Troy Christian; Mrs. M. A. Snider Jr., M. A. Snider Jr., Exes Presy; J. T. Carter, former superintendent and speaker for the banquet; Mrs. Carter, and Jack Williams, former superintendent.

Persons traveling a great distance to be in attendance at the reunion were Roberta Rushing Holland, Houston, (class 1938); Bob Butler, Minden, Neb. (class 1936); Jesse C. Meeks, Jacksonville, Fla. (class 1955); Essie Blake, Ft. Worth; and Bessie Blake Couch, Buffalo, Okla.

Officers elected to head the Ex-Student Association and make plans for the next reunion, to be held in 1967, were Glen Phillips, president; Herman Gerles, vice-president; Maxine Williams, secretary - treasurer.

Retiring officers of the Association are M. A. Snider Jr., Troy Christian and Mrs. W. T. Meeks.

OLDEST GRADUATE -- Hamlin Overstreet, Farwell businessman, had the distinction of being a member of the oldest graduating class (1914) of the Farwell school in attendance at the school reunion on Saturday. He is pictured as he accepted a gift from Mrs. Ruby Ham Meeks, secretary-treasurer of the Association.

Farmers Approve Cotton Marketing Quotas

Parmer County farmers went to the polls Tuesday, November 23, and approved the 1966 cotton marketing quotas while at the same time they rejected the transfer of cotton acreage allotments out of the county.

The marketing quotas were approved 458-for; 66-opposed; for 87 per cent of the total vote of 523 ballots cast.

Although the transfer of cotton acreage allotments out of the county was defeated, farmers may buy, sell, trade or lease acreage allotments in the county. Transfer of 1966 allotments must be filed at the county ASC office before January 1966. Farmers who are interested in selling or leasing their cotton allotments may register in a book on the counter in the ASC office in Farwell. The information will be passed along to anyone interested in this phase of the cotton program.

The vote on the transfer of cotton acreage outside the county had to pass by a two-third majority before the transfer could be made. Of the total vote of 525; 283 voted yes, and 242, no. Participation in the 1966 cotton surplus reduction program will be voluntary.

In Texico --

Students Must Have Immunizations Immediately

All students in the Texico school who have not had ALL of their immunizations, required by the State Health Department in order to attend school, must do so immediately, according to Supt. A. D. McDonald.

The superintendent stresses that it is unlawful to attend school in New Mexico until a student has had all of the immunizations (smallpox, diphtheria, tetanus and polio). Students who have begun taking the immunizations may remain in school while they are completing the shots.

Other students, who have not taken any of the immunizations, and who do not have a doctor's certificate stating that the immunizations will endanger their lives, or a certificate from a religious order, who depends solely upon spiritual healing, may remain in school for a

one-month period, according to law. A chiropractor's certificate is not recognized by medical authorities. Doctor's certificates and those of a religious order must be renewed each school term.

Many students in the Texico school according to the superintendent have not had their immunizations (possibly through neglect) and they must do so at once. A list of all such students is kept in the school office and students or their parents should check at once to learn all of the requirements for getting their names removed from the list.

"What or how the State Board and Health Department will handle the matter is not now known, but it is serious and must be remedied immediately," says the superintendent.

Texico School Has Two New Teachers, Teacher Aides

At the Monday night meeting of the Texico school board, two teachers and two teacher aides were hired. They were made available to the school through the new government program which assists with educational funds for underprivileged children or those from low income families.

New teachers will be Mrs. Winnie Bradley Cobb and Mrs. Judith Hopkins. Teacher aides are Mrs. Howard Leavell and Mrs. Sylvia Burgett. All of the new employees will begin work immediately.

Mrs. Cobb, is no newcomer to the Texico-Farwell area since she has taught in the Farwell school on several occasions. She holds a master's degree in English from Eastern New Mexico University and has also had at least two books published.

Mrs. Hopkins who holds a bachelor's degree will be on her first teaching assignment. She is presently living in Portales where her husband is a student at the university; however, the

family will move to Texico in the near future. She will be assigned in the upper elementary grades.

Mrs. Leavell and Mrs. Burgett will be doing general office work, library work, and may also be required to assist teacher's on occasion. Mrs. Burgett holds a bachelor degree with a major in fine arts and a minor in English.

Attend Relatives Funeral

Funeral services were held at Walnut Spring on Monday for the husband of Mrs. Minnie McClendon, former teacher in the Oklahoma Lane School, Mrs. McClendon is a sister of W. I. Rundell and Sam Rundell, Farwell, and the late Robert Rundell.

Attending the services from Farwell were Mrs. Vernon Symcox, Mrs. Myron Hillock, Mrs. Bill Dollar, and Douglas Hillock.

Wolverines Defeat Tomcats In Easy Victory

Texico Wolverines coasted to an easy victory over the Causey Tomcats on Tuesday night winning the game by a six point margin. The score might indicate that the victory was not such an easy one; however, members of the team were pulled from the game early in the second quarter after Texico had racked up a large margin of scores and substitutes continued to play most of the remainder of the game.

At the end of the first quarter, Texico had a total of 23 points and their opponents had tallied only five. Second quarter scoring was Texico 9; Causey 15; third quarter, Texico 20; Causey 24; fourth quarter, Texico 14; Causey 16.

Clyde Magness Appointed To Commission

At the Friday meeting of the Farwell City officials, Clyde Magness was appointed to the Zoning and Planning Commission, to replace W. N. (Bill) Foster, who recently resigned due to ill health.

A building permit was issued to the contractors who are building the new Farwell school and a permit was also issued to State Line Chemical Co. to install a liquid fertilizer tank on their premises.

All other business was of a routine nature.

Texico was Joe Patterson with 24, Bobby Joe Stewart accounted for 13 additional points. Others getting into the scoring act were Jim Hill, 7; David Duncan, 6; Donnie Morris, 5; Jimmy Webb and Donnie Morris, 5 each; Wesley Raulie, 1; and Manuel Martinez, 2.

Gary Brakebill and Joe Parker each had 20 points for the visitors. "Although we easily defeated our opponents, it was an expensive victory," said Coach Johnny Green who related that Manuel Martinez received a hip injury in the game. "He will be out of play for some time," said Green.

"All of the 10 boys who saw action for Texico turned in fine performances," said the coach.

In the opening game of the evening, Texico B team easily defeated the Causey B team. Final score was 53-25. While Coach Green played only substitutes for most of the game, Texico led all the way.

Three boys, Rickey Stanley, Allen Brienbach, and Lynn Hughes, tied for scoring honors with eight points each. Roddy Pearce and Bobby Spearman each tallied seven points, Leslie Harrelson and Ardell Autrey, along with Laytin Payton, chalked up four points each. Jackie Billingsley had two

points and Larry Combs had one.

Top scorer for Causey was Jones with 10. Season record for the varsity team now stands at three wins and one loss. Their district record is two wins and no losses. B team season record is three wins and one loss. Their only loss has been to the Dora Coyote B team. Next games for the teams are scheduled for Friday night when they will collide with Grady on the Grady court. Saturday night they will play Ft. Sumner at Ft. Sumner. Game time on both nights is 7:30 p.m.

URELY PERSONAL
By John

Farwell girls' basketball team defeated the Friona girls last week and the Lubbock paper's story said it was the first time anyone could remember for Farwell females to score a varsity victory over Friona.

Well -- Bobbie McFarland called to let us know that in 1951, Farwell lasses defeated Friona not once but twice. I looked it up in our files and found that about January 28th of that year, Farwell won by a score of 60-34 and in February, Farwell won the County championship in a tournament played in Farwell gym. To win the County championship, Farwell again beat Friona by a score of 33-16, and then beat Bovina in the finals, 28-16.

Jack Williams was the coach that year for the locals and Bobbie Christian and Caryetta Grissom were the co-captains. Other members of the team were Betty Foster, Irene Hardage, Dot Kent, Sandra Bate-man, Jo Ann Spurlin, Katherine Magness, Rose Hines, Kayla Felts, JoVeta Billingsley, Rubie Kittrell, Marcia Foster, and LaVerna Christian.

Now this middle-aged editor does not consider 1951 just real recent and if anyone knows of a later date, we'll look it up in the old Tribune files.

Came across Paul Foraker's column in the Lovington Leader and was again impressed with his wisdom. The following is an excerpt from his Thanksgiving column:

But the greatest pitfall of all, the way 4-Acre sees it, is a six-letter word that has spelled doom for every great nation in history that succumbed to it. Its apathy. And America has it bad.

Our national motto used to be "In God We Trust." Now it has become "So What."

So what if the importance of the individual is fast becoming smothered in America by an all-powerful federal government that appeals to the masses and the bloc vote for support rather than to the individual Mr. and Mrs. America.

So what if the power of the separate 50 states is gradually being sapped by both the U.S. Supreme Court and Congress in favor of complete and totally unconstitutional centralization of power in Washington, D.C.?

So what if the not-so Supreme Court has, by its decrees, turned this country into one governed by politicians rather than one governed by laws?

So what if Congress this past session melted into little more than a rubber stamp, all but handing over all its legislative power to the executive branch of the government?

So what if minority groups, by their bloc vote, are actually ruling the majority -- the tail wagging the dog, if you please?

So what if college professors stand in front of their classes and have the brazen audacity to say they hope for a North Vietnamese victory.

So what if a small but noisy group of college punks admit they'd rather be red than dead?

So what if one out of three marriages ends up in divorce, leaving one third of our kids somewhere between a mother and a daddy, but never having both, as was intended by the Creator?

So what if cursing and illicit sex is the theme of more and more movies while morality is generally ridiculed by the "stars," both on the screen and in private life?

So what if our nation is divided by the race question -- both North and South -- like never before?

So what if crime is on a terrifying increase?

And so what if only a few care?

On and on we could go. And it is these "So Whats" that will ultimately cause the collapse of a free America.

Apathy has invaded every nook and cranny of our American life, and that's why millions of us sit nightly before our boob tubes, sticking our

On The Farm In Farmer County
By JOE VANZANDT
County Agent

Many wheat fields over the county have some yellowing showing up in them now. For the most part this yellowing is caused by Leaf Rust. Leaf Rust is caused by fungi and rust spores are carried by wind movement. If you look closely at some of this wheat you will notice small, round, orange-yellow pustules on the leaf surface.
A heavy leaf rust infection, such as some fields have now, can cause extensive damage to the leaf foliage. When plants thus weakened from loss of foliage, they are less resistant to extreme cold or dry weather.
The spread of rust should slow down now that we have started having freezing temperatures. Some wheat fields are getting pretty dry and probably should be watered. By watering wheat with rust, it will enable the plant to make new growth and possibly become a stronger plant. The weather conditions later will be the determining factor in whether the watering will increase the rust. However, if wheat gets too dry and weak from rust, winter killing is liable to take place.

To make the chemical solution which gives the color, dissolve four pounds of bluestone, blue vitriol or sulphate of copper and three pounds of rock salt in one gallon of water.
Then soak the "logs" for three or four weeks in the solution, turning them end over end frequently. Let them dry thoroughly before trying to burn them.
We suggest burning only one "log" at a time in an open fireplace. It will burn for several hours and give off rainbow colors.
And a final suggestion, these "logs" make unusual Christmas gifts for family or friends.

PHEASANT HUNTING
We hope all of you Pheasant hunters got your limit of 2 cocks Wednesday on the opening day of the season. Don't forget about the Long Tail Feather Contest being sponsored in Bovina, Farwell and Frona, by merchants and the Farmer County Game Management Association. Contest Headquarters in Bovina is Farmer County Farm Supply, in Farwell the Farwell Hardware is headquarters and the Hurst Department Store is it in Frona. Take your tail feathers by one of these places and try to claim the \$25 first prize award.
We hope more people get pheasant hunting in their blood and try to protect and provide for these game birds year-round. We only need about one cock for every eight hens so many of our cocks can be harvested and the general pheasant population will be better off.

Benjy Dial Signs Contract With Steelers

"Football is my life. This is a dream come true for me." In those few words Benjy Dial summed up his reaction to a contract with a professional football team, Dial, quarterback for the Eastern New Mexico University Greyhounds, was drafted early this week in the 13th round by the Pittsburgh Steelers of the National Football League.

Usually calm and collected—particularly on the playing field—Dial is definitely excited about the prospect of playing for a pro team. He received a bonus along with the Steeler contract of an undisclosed amount.

BENJY DIAL

The Farwell senior reports to the Pittsburgh rookie camp next July and in that two weeks will discover the difference between college football and the brand of playing practiced in the pro ranks.

His contract specifies that Dial may be cut from the squad if he fails to measure up. Grinning wryly, the 22-year-old quarterback commented: "I don't expect to go in and take over as first-string quarterback (Steeler Bill Nelson has the job now) but I'm going to give it everything I've got."

That statement typifies Dial's outlook toward football in his four years of playing at Eastern and at Farwell High School before that.

He lettered in football four years in high school, then was red-shirted his first year with the Greyhounds. It was mostly defensive work for Dial when he joined the Eastern team and, he admits, his first year as a passing quarterback was unimpressive.

"My throwing form was bad and I threw too many interceptions," he recalls. "That was in 1963. The next year I whipped that problem."

Dial credits a former Greyhound end, Earl Dunn, and a current member of the squad, Jim Martin, Clovis, with helping him develop his passing ability. "They also gave me confidence a big boost," he says. B. B. Lees, head football coach at Eastern, also draws a share of gratitude from the lanky Texan for "tremendous help."

One of the high points in his college football career is the 1964 Eastern-Arizona State College game, Dial says. "That was the best day I had all year," he asserted, and three shattered Eastern records attest to the fact.

A search of his memory turns up few if any real moments of discouragement in football for the pro rookie. "I can't dislike any part of the game," he ex-

plained. "Even though we had a losing season this year (three wins, six losses, and a tie) I hated to see that last game end."

The "losing season" was a winner in a sense for the Hound quarterback, who rewrote three of his own records in completing 122 of 246 passes attempted for a gain of 1,632 yards and a total offense mark of 1,919 yards. A keen competitor, Dial played with cracked ribs in three early-season games, then battled the handicap of an out-of-joint finger and a sprained right wrist after an injury in the game against New Mexico State University.

Sports are Dial's first love in terms of activity and he confesses to an aversion for "white-collar" routine.

"I guess you'd call me an outdoor type," he smiled. "I've worked on farms most of my life and I love ranch life."

His wife of a year and a half, Carolyn, shares the same interests. She's won trophies

with jumping horses and is a member of the Eastern Women's Gymnastics team. Her enthusiasm over Dial's pro football contract is nearly as great as his own.

Both are active in church work and each teaches a class for young people in the Calvary Baptist Church in Portales.

A "B" student at the University himself, Dial said he and his wife will return to Eastern after the 1966 football season so she can complete her final year of college.

Dial is a physical education major and hopes to become a coach eventually, although this objective may be delayed somewhat by a career in professional football where the average length of stay for players is about seven years.

"This (playing professional football) is a great opportunity," Dial declared. "Even if I don't make it the experience will be worth a great deal."

With determination he added: "Now, it's up to me to make it."

The Achievement Banquet was the climax to the 4-H project work for 1965 and it was well attended. Bovina 4-H Club leaders was in charge of the arrangements and decorations. Mr. and Mrs. Earle Hise, Vivian, Mrs. Travis Dyer and Brenda spent a lot of time getting ready for the banquet. Dale Blackstone did a real professional like job as master of ceremonies. James Schlenker, Wayne Scheuler, Kathryn Gober and Jan Jamison performed in a manner that was a credit to 4-H as well as themselves. All of this is part of 4-H work, acceptance of leadership and training for this.

Seems like there is always something that is left undone, no matter how hard we try. Through error two names were left off the leader list and they were not publically given recognition at the banquet, that they so well deserved. Mrs. Dwayne Nance of Farwell and Mrs. Adrian Weir of Lazbuddie. I know these leaders are not seeking "glory and praise," but have a sincere desire to be of service in the training of 4-H girls. Both are excellent leaders. My most sincere apology to them.

A new leader, Mrs. Paul Lloyd of Bovina, will be working with first year 4-H girls in food projects for awhile until Mrs. Howard Snell is free to take over as leader. We appreciate her help and interest and I'm sure the parents will give her their full cooperation in this project work.

Eight girls, and four leaders met in the home of Mrs. Carl Schlenker last week for a lesson in Home Improvement project. Mrs. Earl Jamison is their leader and called the meeting. I showed slides from the Research Laboratory on home lighting and discussed light for study centers. Some of the girls plan to provide study centers for their rooms.

Thanksgiving Day has come and gone and now everyone is looking forward to the Christmas holiday season. We want to make them as joyous, happy and safe as possible.

TIPS ON HOLIDAY FOOD PREPARATION

Here's a word of caution regarding holiday food preparation, on how to safely prepare favorite foods.

Take the much loved dressing or stuffing for that turkey. This holiday treat usually contains bread crumbs, seasonings, chicken broth, fat, perhaps and egg or two, and sometimes chestnuts and meats. Chances of bacterial growth are great, because the small pieces of food are handled often when the stuffing is prepared.

Stuff the turkey just before roasting it and combine the ingredients just before cooking time. If pork is to be added to the stuffing, such as sausage, be sure it is thoroughly cooked.

You should never partially cook a bird ahead of time. If you do, the stuffing will only be warm by the time the bird is ready to be eaten, if the stuffing is not thoroughly cooked, bacterial growth will form.

You must be careful to thoroughly cook all holiday foods. In five hours, there can be enough toxin to cause illness. In seven hours, at room temperature, the possibility of poisoning is even greater.

Have a safe, pleasant holiday. Don't let undercooked food spoil it.

This is hunting season and many will be bringing in game. We have a very good bulletin titled "Wild Game-Care Cooking." Come by the Extension office on second floor of the courthouse and pick up a copy free - or write or call 481-3619 and a copy will be mailed to you.

SPORTS AFIELD

By Ted Kesting

If you are planning to raise some puppies, give very careful consideration to the brood bitch. First, if she isn't an outstanding performer in the field—don't use her. Even this alone will not qualify her. Look for overall quality in conformation. Body structure is highly important, for she will be required to carry and deliver that hoped-for litter of future champions. Bone structure is also an important factor. If she is a finicky eater, pass her by. Use a good "feeder." She must feed the puppies *in utero* if they are to be strong and healthy. A most important characteristic in a good brood matron is temperament. She should be rather placid, with no worries, and not the least bit timid.

All dogs, brood matrons and sires, have some faults. We can expect that. But if your bitch has a particularly glaring fault of either temperament or conformation, don't use her as a breeder. "Don't depend on the sire to correct this fault in the puppies — he may possess the same fault in lesser proportion," asserts Henry P. Davis, *Sporting Dogs* Editor of *Sports Afield Magazine*.

If your bitch passes your rigid and unbiased analysis, then look for a proper mate for her. Certainly a famous "name" dog that has sired a number of outstanding and spectacular performers from a number of different bitches deserves your careful consideration. But that doesn't necessarily cinch the deal. He might not nick well with your bitch. Study his bloodlines carefully. If they go along fairly parallel with those of your bitch, the outlook is favorable, for linebreeding has always produced the best. Now, if possible, take a look at some of the puppies he has sired. Not those who have won their spurs in field trials, but those that are used in average gunning. If you can find some whose dams were of similar bloodlines to your own bitch, so much the better. See if they are strong in some of the characteristics in which your bitch is slightly lacking. Watch them particularly for temperament. Then, if possible, take a good look at the prospective sire himself. A breeding program, like any other program, is only as good as the foundation laid for it.

Judge To Hear Guilty Pleas

Judge Pat Boone will be in Farwell (today) Friday to hear guilty pleas from several persons who were indicted by the grand jury when it met on Monday.

Persons indicted by the grand jury, most of whom are in custody and have had bond set, include: Bobby Lynn Horn, habitual criminal—bond \$4000; Lee Roy Tugue, theft—\$2000; Alvin Sanchez, theft—\$2000; Pablo Gonzales Ranfel, DWI—\$2000; Charles Munday, forgery and passing—\$2000; Carter Hunnicutt and Johnny Lee Ward, theft—\$2000 each; Eugenio Garcia and Cecil Garcia Jr., assault with intent to murder—\$2000; Stanley Allen and Montgomery Rucker, four counts burglary—\$2000 on each count; Charles Larry Adkins, burglary—\$2000.

Bobby Lynn Horn who is charged with being a habitual criminal, was arrested on a Parmer County warrant in Coleman, Tex., on Tuesday and returned to Parmer County on Wednesday. Horn has been charged with passing forged checks on several different occasions in the past and had passed checks amounting to \$275 in Friona on Saturday and Monday. Sheriff Charlie Lovelace says this is only the third time during his tenure in office that a person has been charged with being a habitual criminal. The charge carries a life sentence, if convicted.

Carpenter departed on Friday to return to Viet Nam. Mrs. Carpenter and Steven returned to Canyon, where they are making their home while she completes studies at WTSU.

Pheasant Hunting

Bird Season Begins

Parmer County's second annual pheasant season began today (Wednesday) and continues through Tuesday of next week, December 7.

Last year was the first time for open season to be declared for the game birds. More than 2000 pheasants were released in the county during '62 and '63.

Parmer County game Management officials encourage the hunting season to reduce the cock population, which aids in reproduction of the birds, and to create interest in the sport on a local level.

No license is required for hunters to hunt in their own county. Limit is two cocks per day with a possession limit of four. Hens are not legal game.

Longest pheasant tail feather contests are being conducted at Bovina, Friona and Farwell. Five prizes are being offered in each community with prizes

ranging from \$25 in merchandise or cash down to \$5. Prizes are being awarded by businesses in the three towns.

Community chairmen of the contests are Bud Crump, Bovina; Gilbert Kaltwasser, Farwell; and Gary Brown, Friona.

Farwell Hardware will be contest headquarters for the Farwell area and Clay Henson will measure the tail feathers.

Hunters are asked to report the number of birds which they have killed to the contest headquarters. This will aid Parmer County Game Management Association in figuring the value of the hunting season and the interest in it.

In Farwell, prizes are being donated by the following: 1st prize, Pioneer Sorghum Co., Gilbert Kaltwasser-dealer; 2nd prize, Worley Grain; 3rd prize, Lariat Gin; 4th prize, Farwell Fertilizer; 5th prize, Farwell Hardware.

DECEMBER
December 5, 1818—The popular Christmas carol "Silent Night, Holy Night," composed the day before by Franz Gruber, was sung for the first time at Oberndorf, Germany.

December 23, 1938—Jazz history was made in New York's Carnegie Hall when two pianists, Meade Lewis and Albert Ammons, introduced the new form of popular music which they called "boogie-woogie."

December 20, 1880—The first part of New York's Broadway to go up in electric lights was the section between 14th and 26th Streets.

Kitchen Cleaning Can Be Fun

Pretty girls are made of sugar and spice — so are kitchens. If you've resolved to become an organization woman in the kitchen-cabinet department, here's a simple 4-step plan of action:

1. Tote cleaning gear in a basket — then your extra pair of hands will be at your fingertips.
2. Take everything out of your kitchen cabinets and organize food according to type.
3. While the kitchen shelves are empty, clean them with a sponge dampened in a pine oil cleaner. Dry the shelves and restock.
4. Store like foods on one shelf. Follow these hints and your

whole kitchen will be "everything nice."

No reaching and good visibility when shelves slide in and out. Cleaning's easier, too. But whether you have sliders or stationary shelves make sure you empty them first — then sponge-down with a three-way pine oil product to clean, disinfect and deodorize all at once. Before you repack your kitchen shelves, take a good look at what you're putting back on them. Any items not used regularly should be moved to the out-of-the-way shelves. Use most convenient, easy-to-reach storage places for your most active kitchen equipment.

Big Ten Dominates 76th Annual All-American Team Selected by Nation's Football Coaches

The powerful Big Ten, led by number one-ranked Michigan State, dominated the 1965 All-American squad of 22 players selected by the American Football Coaches Association.

Seven players from the perennially tough Midwest Conference were selected by ballots of over 500 coaches. The group includes two defensive stars from the Michigan State team which held Notre Dame to a minus twelve yards rushing and topped the nation in rushing defense.

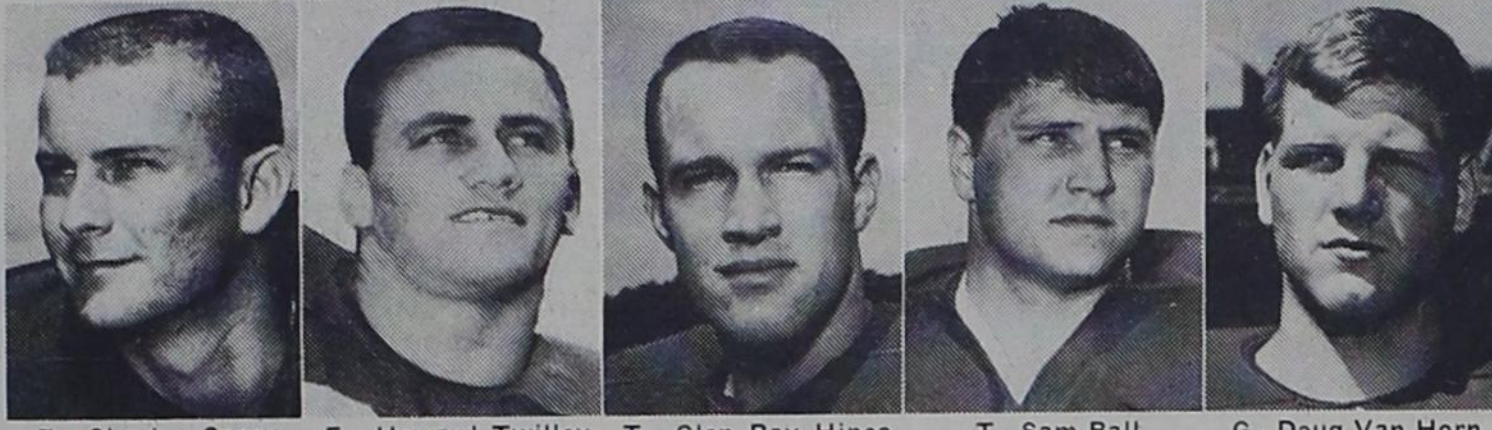

Next in order were the Southwestern Conference with five players

and the Big 8 and Southeastern Conference with three each. A surprise was the failure of the usually powerful Far West and East to attract attention in the balloting. Breakaway halfback Mike Garrett of Southern California was the lone West Coast representative while the East was shut out.

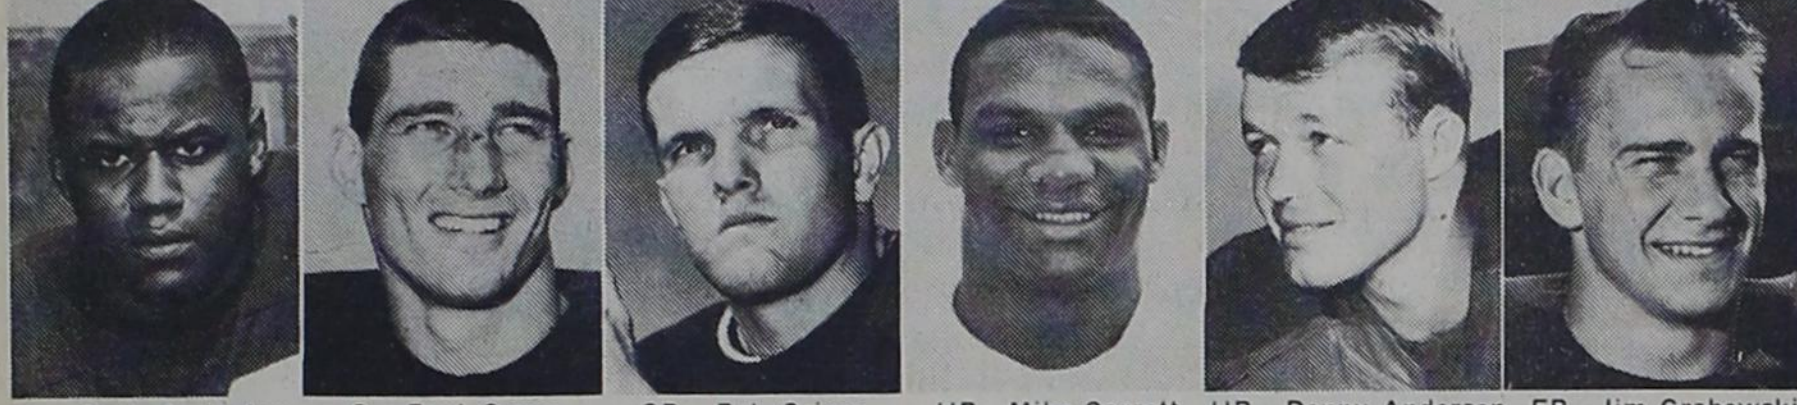

Sponsored by Eastman Kodak Company, the squad is a successor to the All-American team originated in 1889 by Coach Walter Camp of Yale.

Here's the 1965 lineup:

Offensive Team

E - Charley Casey (6-2, 204) FLORIDA
 E - Howard Twilley (5-10, 180) TULSA
 T - Glen Ray Hines (6-5, 235) ARKANSAS
 T - Sam Ball (6-4, 240) KENTUCKY
 G - Doug Van Horn (6-2, 236) OHIO STATE

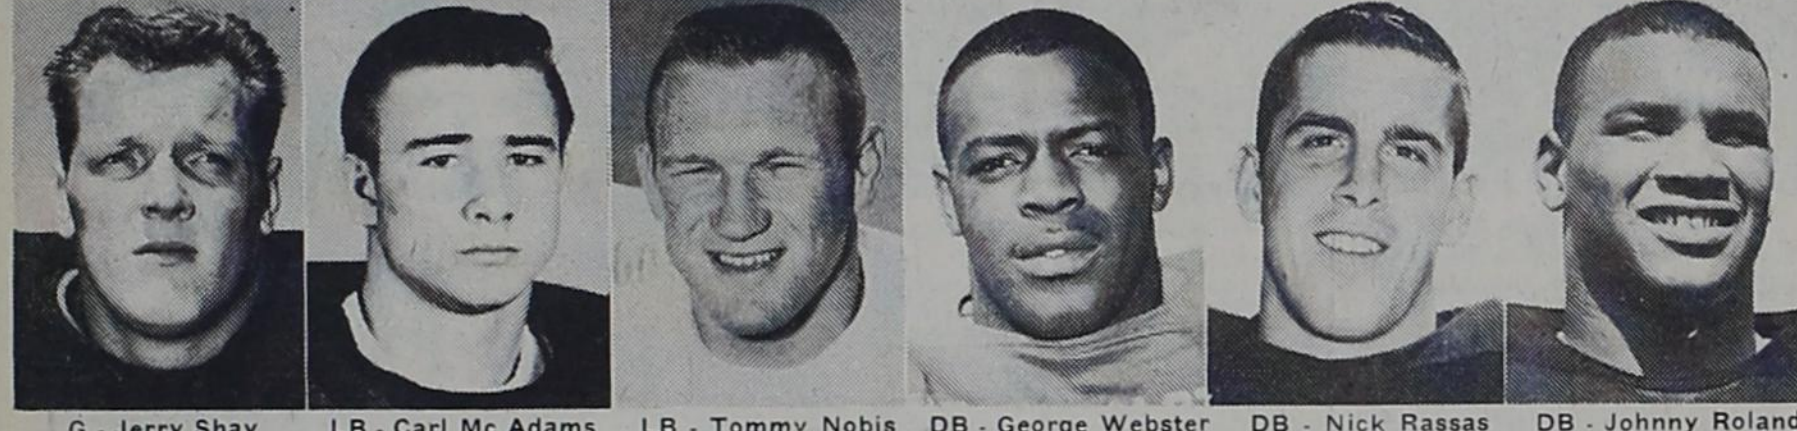

G - Dick Arrington (5-11, 232) NOTRE DAME
 C - Paul Crane (6-1, 194) ALABAMA
 QB - Bob Griese (6-7, 185) PURDUE
 HB - Mike Garrett (5-9, 185) SOUTHERN CALIF.
 HB - Donny Anderson (6-3, 210) TEXAS TECH
 FB - Jim Grabowski (6-2, 219) ILLINOIS

Defensive Team

E - Tony Jeter (6-3, 225) NEBRASKA
 E - Bubba Smith (6-7, 268) MICHIGAN STATE
 T - Loyd Phillips (6-2, 227) ARKANSAS
 T - Bill Yearby (6-3, 222) MICHIGAN
 G - Walt Barnes (6-3, 240) NEBRASKA

By DICK WOLFF

"Old Fighter" lives. He is the challenge and nemesis of every fisherman. He's lurking somewhere down there among the blue-green weeds and mossy rocks. Perhaps he is chasing a minnow, watching for a careless frog, or eyeing a plump bug struggling on the surface.

We know he's there, as only fishermen can know. It will take a lot of fishing skill and patience to coax him from his lair and get him to strike a lure or natural bait. We will need all our fishing knowledge and maybe a little luck to land him. But it can be done — and we know it.

The big fish, the lunker, the one we've all dreamed about — is he ever out of mind? Each time we get a strike, our spirit soars. It isn't? Well, maybe a new strategy with a new lure will tempt him on the next cast.

With the knowledge that the "big one" is waiting for us, we fishermen can afford to be an optimistic group. Anticipation of the "big catch" is what keeps us constantly intrigued with fishing. It gets us excited when we see a new lure, such as the colorful Garcia Celta spinner or rubber Plucky lure.

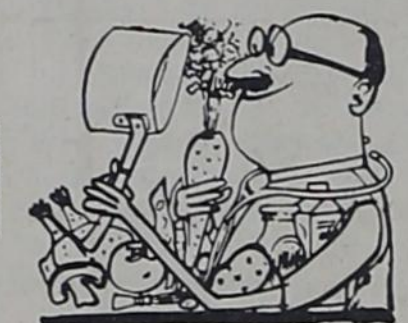

Anticipation urges us to check our lines for frayed or worn spots and to buy the best reel we can, whether it's a magnificent Ambassador free-spool baitcasting reel or a high-speed retrieve Mitchell spinning reel. Anticipation leads us to wonder if our landing net is big enough.

We want to be ready! The fish of a lifetime may strike on the next cast... and we don't want to risk losing him.

Non-fishermen wonder why neither rain nor dark of night will keep us from our rendezvous with "destiny." "Silly," some say, or "You're nuts," if they want to make their point stronger. A pox on them, we say.

They don't know that an "Old Fighter" is waiting for each of us. They don't dream about catching him. They miss the anticipation and they miss all the fun. All considered, we fishermen are a pretty lucky group, you know, and "Old Fighter" is happily ours alone to seek.

Doctor in the Kitchen

by W.W. Bauer, M.D.
 Consultant, National Dairy Council

Doctor in the kitchen? What's a doctor doing in the kitchen? Kitchens are for homemakers — cooks; not doctors! Well, now, let's just see. Kitchens are certainly for cooking and otherwise preparing food, aren't they? Well then, isn't food a basic essential for living, along with water and air? And isn't the right food, properly selected, important and indeed essential, for good health,

vigor and fitness? I've always thought so.

So maybe a doctor in the kitchen might be of some use in helping the homemaker with her important job of feeding her family correctly, economically, and happily, and with the least wear and tear on herself. Not by telling her how to run her house. She knows about that. But in keeping her up to the minute in the fast-moving world of nutritional research.

New Knowledge

New knowledge is being developed all the time by thousands of nutritional and clinical research workers, and reported in more journals than the homemaker could possibly read. Wouldn't it be helpful to have a stand-by source of such information in your kitchen once a week?

So, may I look in?

Kitchens Also Dangerous

Kitchens, I regret to say, are also places where homemakers get hurt. They deal with sharp knives, jagged cans, hot utensils

STRENGTH FOR THESE DAYS

from The Bible

Peace I leave with you; my peace I give unto you: not as the world giveth, give I unto you.—(John 14:27)

When we pick up the newspapers and read the disquieting fearful things about the world around us, let these words of Jesus take away all fear. The peace of Jesus Christ is here now, in our minds and hearts, and in the hearts of the people all over the world. His power is working now to remake the earth. "Let not your heart be troubled: believe in God, believe also in me."

What is there about traveling salesmen?

Well, one thing about a traveling salesman is that he gives his car hard usage. Business calls require a lot of start and stop driving. And that's when corrosive engine wear can cause serious damage.

Actually, start and stop driving is the kind of driving most of us do most of the time. So, to protect your motor under these severe conditions, your Phillips 66 Dealer recommends Trop-Artic All-Season Motor Oil. Trop-Artic starts protecting at low temperatures, and keeps on protecting at high operating temperatures. It's a light oil, a medium oil and a heavy oil, all in one!

To keep your car running better longer, get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.
