

FROM THE HOPPER

BY HOP JR.

The fetish of the day, if you are hip with sociological currents, is to command a public forum and beat your breast about your rights. You have a right to vote. You have a right to work. You have a right to "a decent living wage" -- whatever that is. You have a right to an education.

And, prodded by the leading lights of democratic socialism, you enumerate and demand possession of this right, that right and such and such a right until the front pages of the newspapers can't contain the headlines to tell of such pronouncements and the broadcasters are blue from repeating your demands.

Midst all this turmoil is lost -- in an avalanche of emancipating prose -- the simple, quiet truth that all these "rights" (which we cannot begin to count) have already been given to us. They were brought with the blood of God-fearing revolutionists. The Declaration of Independence says our unalienable rights include "life, liberty, and the pursuit of happiness."

Put in the language of the day, this means basically THE RIGHT TO BE LEFT ALONE.

Left to himself, free from intervention into his activities from outside sources, the American citizen rises to the highest levels of personal achievement in the world. Of course he carried the progress of the nation with him. It is this individual liberty -- not the genius of the people planners -- which is the dynamo of our nation.

40 Out For Steer Football Squad

Forty boys are out for the Steer football squad reported Coach Toby Booth early this week following two days of practice sessions. "The practice sessions are going well" said Booth "although it is still too early to tell much about team prospects." "The big test will come when we meet the Friona Chiefs on Sept. 3 in our first contest of the season," he stated.

Practice sessions are being held daily at 8:30 a.m. and 6:30 p.m., Monday through Friday, until the beginning of school.

Lettermen returning to the squad are Bobby Field-quarterback; Larry Flowers-fullback; Joe Costillo-halfback; Johnny Schell-quarterback and halfback; Larry Gregory-end; Charles Norton-guard and Mike Camp-tackle.

No more than eight seniors are out for the team reports Booth who says most of the

School Supplies Listed By Texico School

Mrs. Zelfa Younger, principal of the Texico elementary school reminds parents of students who will begin school this year that they should bring the child's birth certificate and immunization records to school on registration day (August 23).

She also lists the following supplies for first grade students: big pencil (primary), crayons, wide line tablet, scissors, white paste - not liquid; cleansing tissue and a cigar box in which to keep the supplies. "No child should have a book scatchel," said Mrs. Younger.

READY FOR SCHOOL --- Susan and Mike, six year old children of Mr. and Mrs. Roy Harvey Snodgrass, Texico, have been on a shopping spree to buy supplies for their first day in school. They have purchased a wide line tablet, scissors, crayolas, cleansing tissue, paste and a big pencil. In addition they have secured cigar boxes in which to keep the supplies. Mike is displaying his birth certificate and immunization record which also must be taken to school on the first day, August 23.

prospective players are underclassmen.

Assisting Booth with coaching duties are Vernon Scott, Jerry Owen and Bill Adams. Adams is a newcomer to Farwell school and the coaching

field. He is a graduate of Eastern New Mexico University.

New game uniforms are due to arrive within the next few days.

IN FARWELL --

High School Students Register Aug. 26-27

High school students along with junior high school students in Farwell are due to begin registration on Thursday, August 26; however, all elementary students will register on the first day of school (August 30) according to Supt. W. M. Roberts.

Seniors will register at 10 a. m. on August 26 and juniors are due to register at 1:30 p.m. on the same day. Sophomores will register at 9 a.m. on Friday and freshmen will register at 1:30 p. m. on Friday.

All junior high school students will register August 26, with seventh grade students to register at 9 a. m. Eighth grade students will register at

1:30 p. m. on the same day. Busses will not run on Thursday or Friday (registration days) however, they will run at the regular time on Monday to bring students to school and will return them home later in the day. School hours are from 8:30 a. m. until 3:30 p. m.

First faculty meeting of the year is scheduled for 10 a. m. August 25 in the high school cafeteria.

A snack bar will be operated in conjunction with the school cafeteria this year. Hamburgers, soft drinks, malts, and sandwiches will be available at the snack bar. Mrs. Velma McDorman will head the lunchroom staff.

Quarterback Club Meet Set For August 24

First meeting of the Farwell Quarterback Club will be held at Cathys Restaurant in Farwell at 8:30 p.m. Tuesday, August 24, according to Billy Field, vice president of the organization.

All old members are urged to attend and to bring prospective new members as guests.

The Quarterback Club meets once each week during football season at which time they are brought up to date on team prospects and shown films of the preceding game.

The club is making plans to hold its annual barbecue again this year and plans for the function will be worked out at this first meeting.

"Quarterbackers" are a civic organization dedicated to support football in the community. They spend many hours and much money to assist the coach in building a stronger team and supplying some of the needed items.

Last year the club bought blazers for all team members in addition to supplying each player with a travel kit.

Pershing Busbice is president of the club.

Town Fathers Hold Short Session

In a short business session presided over by Mayor Ed Farmer on Tuesday night the Texico town council agreed to assume the additional expense of keeping the street light, located near the railroad crossing in operation. The Santa Fe Railroad has previously been assuming the operational expense.

Mrs. Ophelia Billington was approved as assistant town clerk. She will assist Mrs. Clara Wehl, present clerk with the duties of the office.

A permit was granted to Millard Long, new operator of the Lebow Hotel and Cafe to park a trailer house at the south side of the hotel.

All other business was of a routine nature with bills for the previous month approved for payment.

Monday is the day teachers and students in Texico have been looking forward to since the end of school in May -- for on Monday school will begin for the 1965-66 term.

While most of the faculty are veteran teachers in Texico four new faces will be noted on the teaching staff this year. New teachers in the school are Mrs. Helen Fay Towel, Russell Wallis, Tony McGowan and James Martin.

Mrs. Towel (Helen Fay Devaney) is a graduate of Corona High School and spent most of her growing up years in that vicinity on a ranch. She is one of six children in the Devaney family, two of whom are students at Eastern New Mexico University. Mrs. Towel received a B. S. degree from ENMU in 1963 and the next year taught in the Albuquerque school system. Last year she did substitute work in a Portland, Oregon High School.

Her husband, Delbert, will return to classes at ENMU this fall where he will do undergraduate work. She is the mother of a two month old son, Dwayne. Another member of Mrs. Towel's household is Fern, a sister, who will be a junior in the Texico school this year.

Mrs. Towel will teach science and mathematics in the high school.

James Martin whose home is in Pampa will teach Spanish and English in the high school. He is a 1964 graduate of West Texas State University. This will be his first teaching assignment.

Tony McGowan a 1965 graduate of West Texas State University will be teaching music and directing the high school

and junior high school bands. This will also be his first teaching assignment. Before entering WTSU McGowan received an Associate of Arts degree from Frank Phillips Junior College.

The fourth new teacher in the school system is Russell Wallis, a veteran of 18 years. Sixteen of his teaching years have been spent in New Mexico schools with the last five years in the Nara Visa system. He will teach fifth grade.

Wallis holds a B. A. and an M. A. degree from Highlands University and has done further

work at Eastern New Mexico University. In addition to his 16 years in New Mexico schools he has taught one year each in Utah and Arizona.

Wallis is married to a teacher and they are parents of two boys, Johnny Allyn, 22 months and Kelly, eight months. Mrs. Wallis will do substitute work in the local schools this year.

Elementary teachers returning to the school are Mrs. Wanda Faville, Mrs. Hazel Stewart, Mrs. Lela Stockton, Mrs. Mattie Mae Looper, Mrs. Avis

High school teachers returning to the school this year are Mrs. Lillian Allman, Paul Frederick, Johnny Green, C. B. Stockton, Mrs. Jeanne Laceywell, Mrs. Mary Peyton, Melvin Ridgley and Eddie West, Principal of the high school is James Pierce, Superintendent is A. D. McDonald.

Each week 10 games will be listed, with contestants to pick a winner in each of the games. In addition entrants must pick a score on the tie breaker game.

Football Contest Begins Sept. 3

Come on all of you armchair quarterbacks and sharpen up your pencils for the annual football contest, which will appear in the State Line Tribune again this year courtesy of several businessmen.

The contest will begin on Sept. 3 and run through the rest of the football season, with a grand prize winner named at the close of the contest. Weekly winners will receive prizes

of \$5, \$3, and \$1 each (first three places). In the event that two or more persons pick the same number of correct games the winner will be determined by the score of the tie breaker game.

Each week 10 games will be listed, with contestants to pick a winner in each of the games. In addition entrants must pick a score on the tie breaker game.

Coach Owen says all 7th grade games will begin at 5:30 p. m. and will be followed by an 8th grade game. Games are set for Thursday of each week during the season with the only open date on October 7.

\$160 Made From Lions Broom Sale

The annual Lions Club "Broom" sale on Saturday netted the club some \$160. Funds derived from the sale of the household items will go into the "Sight Conservation Fund" and will be used locally to buy glasses for children and adults who could not otherwise obtain them.

Products sold during the annual broom sale are made at the "Lighthouse of the Blind" in Dallas.

Jackie Williams was chairman of the sale committee. He says that no house to house canvass was made but Lions Club members canvassed the business section. Items were sold all day Saturday from a truck parked at the Holiday Parking lot.

DRIVE CAREFULLY

Enthusiasm ran high at the early practice sessions of the Farwell Steer football squad this week. 40 boys are out for the sessions which began on Monday and which will continue twice daily until school begins on August 30.

Spend Vacation In South Dakota

Mr. and Mrs. John McFarland and children, Leslie, Claire and Rusty, left for Pierre, South Dakota on July 30, where they picked up their three other sons, Lonnie, Kirk and Mack, who had been visiting their grandparents, Mr. and Mrs. M.T. McFarland for three weeks.

While the McFarland boys were glad to see their parents, they would have liked to stay longer with their grandparents, who took them fishing and horse back riding each day, says their mother.

On the return trip to Farwell

the family visited Mt. Rushmore and the Black Hills (Mtns.) in South Dakota. They also spent some fishing and sightseeing along the way.

They returned home late Saturday evening.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section 48b, so as to create as an agency of the State of Texas the Teacher Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Teacher Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund to provide retirement, disability, and death benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state and all other securities, moneys, and assets of the Teacher Retirement System of Texas shall be administered by said Board and said Board shall be the trustee thereof. The Treasurer of the State of Texas shall be custodian of said moneys and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political division of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Teacher Retirement System including land,

equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than \$500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33 1/3%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

enabling legislation. This Section shall not alter, amend or repeal the first paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto. This Section shall not alter, amend or repeal the second paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto, except insofar as the provisions of the second paragraph of Section 48a and any legislation passed pursuant thereto, may limit or restrict the provisions hereof and only to the extent of such limitation or restriction.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 2, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

"AGAINST the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

CRIPPLED TO BENEFIT

Shrine Club Sponsors Circus At Hereford

Rudy Brothers Circus, sponsored by the Oasis Shrine Club, will be in Hereford for two performances next Wednesday, August 25.

Proceeds from the circus will benefit the Oasis Club's annual crippled children's clinic. The club draws its membership from Deaf Smith, Farmer and Castro Counties.

Tickets to the circus are available from any member of the Oasis Shrine Club. Advanced tickets are on sale at 50 cents for children and \$1.25 for adults. At the gate, the price will be 75 cents and \$1.75.

If tickets are purchased for the circus and the buyer is unable to attend one of the Hereford performances, the tickets will be honored at either Borger on August 24, Amarillo August 26, 27 and 28 or Lubbock August 30 and 31. The same show will be presented at these cities.

The Hereford performances are scheduled for 2 p. m. and 8 p. m. at the Hereford football stadium next Wednesday.

Featured will be "Herman, the world's only trained Hippo," as well as the "vanishing elephant," and "Keller's Jungle Killers."

The Oasis Shrine Club sponsors the crippled children's clinic each year at Hereford, with the assistance of members

of the Hereford Lions Club and Amarillo's Khiva Temple.

The clinic has been held for the past 10 years, and the Shriners have been urged by area doctors to continue sponsorship of the event. Specialists in a variety of fields come from miles to examine crippling defects in youngsters who come

to the clinic by participating doctors is held annually. Physicians said this year that the clinic was a grand thing, and that they had found several major and minor cases that could be helped.

Come And Go Shower To Honor Waltons

Friends are invited to a "come and go" reception and shower honoring Mr. and Mrs. Bill Walton (Bobby Kay Kube) at the Lutheran Parish Hall, 1015 Prince St. in Clovis, Monday night, August 23, from 6:30 p. m. until 9 p. m. (MST), according to Mrs. Hedwig Gast, chairman of the hostess committee.

Widow's Club Has Outdoor Breakfast

The home of Mrs. Susie Jesko in Clovis was scene for a 7 o'clock breakfast for members of the Widow's Club recently when they held the August meeting.

Mrs. Mary Snell assisted Mrs. Jesko in serving bacon, eggs, and hot biscuits with all the trimmings in front of the outdoor fireplace in the Jesko backyard. During the short business meeting Mrs. Hedwig Gast reported that the club had made a cash donation to the Cancer Research Fund in memory of Mrs. Correl Hulsey.

Attending the social were two visitors, Mrs. Martha Heinz and Mrs. Emille Davidson, both of Clovis, and members Mesdames E.E. Hughes, Fairy Stovall, James Cox, Hattie Thomas, Kittie Newton, Nannie Hines, Hedwig Gast, Viola Birchfield, J.A. Guyer and the hostesses, Mrs. Jesko and Mrs. Snell.

Carylon Lindop Is Bride Of Joseph D. Davis

Carylon Mae Lindop, granddaughter of Mr. and Mrs. G.H. Lindop, Farwell became the bride of Joseph D. (Joe) Davis, son of Mr. and Mrs. Cecil Davis, 1020 Merriweather, Clovis on July 30 at Sacred Heart Center in Clovis.

MR. AND MRS. JOE DAVIS (photo by Myrtle's Studio)

The double ring service was read by Father Pox Schicker. Altar setting was a fan shaped arrangement of white gladioli and white majestic daisies set on a fluted pedestal, encircled by a spiral candelabra holding 15 white tapers. Flanking the central arrangement were palms of jade foliage and emerald greenery. Focal point of the altar setting was a kneeling bench set on a white velvet carpet. Candles were lighted by Father Schicker.

Mikala Austin, organist, provided appropriate nuptial music preceding the wedding and also played the wedding marches.

The bride, given in marriage by her grandfather, chose a wedding gown of white Chantilly lace over slipper satin, designed with a round neckline accented by scallops of lace, long sleeves which tapered to petal points over the hands and a hooped skirt. The skirt was fashioned with a drape which came to a V at center back. Outlining the V were roses of white satin. Her fingertip veil of white silk illusion was held in place by a large butterfly rose of white satin. She carried a Bible arrangement of white butterfly roses with cascades of white stephanotis.

Following tradition she wore for something old the 50 year old wedding band of her Grandmother Lindop, new was the Bible-a gift from her grandparents, borrowed was the bridal gown from Mrs. Jerry Reid and blue the traditional garter.

Bridal attendants were Mrs. Jerry Reid, matron of honor, and Misses Phyllis Christian and Donna Rundell, brides maids. The attendants were attired in identical satin dresses of blue. The dresses were with boat necklines, three quarter length sleeves and bell skirts. Each attendant carried a large white long stemmed butterfly rose tied with blue lace streamers. Bestman was Hoyt Honea, close friend of the groom from Clovis. Groomsman were Joe Bert House, Clovis and Maurice Smith, cousin of the bride.

Serving as ushers were Doug Reid and Bud Davis, brother of the groom.

Guests were registered by Sherry Billingsley, former classmate and close friend of the bride.

Mrs. Lindop, grandmother of the bride was attired in a light blue Italian silk dress with a long line jacket in matching hue. Her accessories were of white.

Mrs. Davis, mother of the groom wore a basic green dress with white accessories.

Mrs. Lindop and Mrs. Davis each wore white pixie carnation corsages.

A reception was held at Sacred Heart Center immediately following the ceremony. The reception table was covered with a white lace tablecloth over blue and centered by the four tiered wedding cake. The cake, separated by columns was decorated with blue flowers and topped by a miniature bride and groom figurine. White punch was served from a crystal punch service. Completing table decor were the bridal attendants flowers and the bride's bouquet.

When Mr. and Mrs. Davis left for a wedding trip to Ruidoso, the bride was attired in an off white long sleeve knit suit with which she wore black accessories. Her corsage was the center lifted from her bridal bouquet.

The bride is a 1965 graduate of Farwell High School, where she was active in various clubs. The groom is a graduate of Clovis High School and has attended Eastern New Mexico University. He plans to return to college in the fall.

5 reasons why almost anybody will tell you this about central heating:

If you want the job done right... do it with gas.

Almost all the centrally-heated homes in this area (98%) use gas. There are 5 main reasons why:

1. Fresh. New gas central heating systems bring fresh air in from outside, heat it, and distribute it through your home.
2. Even. New gas systems circulate fresh air evenly to every corner of your home. No hot spots, no cold spots, no stale air, no odors.
3. Clean. New gas systems filter the air sky-blue clean.
4. Economical. New gas systems heat for 1/2 the cost of electric systems.

5. Dependable. Gas is famous for its dependability. Gas gets through when other fuels cannot. Gas lines are down under the ground where high winds and heavy icing can't get at them.

It adds up to this:
If you want the job done right... do it with gas.

For a free estimate on central heating for your home, call Southern Union. Easy payments on your gas bill if you like. No obligation ever. Call today.

CALIFORNIA FAMILY COMES HOME FOR VISIT -- All the way from California for the Melrose Old Timer's Day celebration (held Saturday) and a visit with relatives in this area are Mr. and Mrs. Robert Widner and children, Linda, Connie,

Charles and David. They departed for their home on Monday morning after a two weeks visit with relatives in Texico and Melrose.

California Family "Comes Home" For Visit

Among the many families who have "come home" for visits this summer are Mr. and Mrs. Robert Widner and children of Holtville, California.

Although they have been back to eastern New Mexico a number of times in the nine years since they left, this is the first

time for them to be here for Melrose's Alumni banquet and Old Timer's Day. They planned it that way, not setting the date of their vacation until the get-together at Melrose date was named.

Robert, son of Mr. and Mrs. Dobi Widner, of Melrose, is a 1947 graduate of Melrose High School. He then entered Eastern New Mexico University (it was a college when he entered, a university when he graduated) and while getting an education, he also found a wife. She is the former Bobbie Barker, daughter of Mrs. Fred Barker of Texico. Both graduated from ENMU and became elementary teachers. They have four children, David 15, Connie 12, Charles 11 and Linda 9.

It was shortly after the birth of Charles that the family sought new surroundings. Due to his health, they began trying out different climates. In their moves, they have lived and taught school in four states; New Mexico, Texas, Missouri, and California.

In California, deep in the Imperial Valley, Charles showed his first marked improvement. "In fact," says his mother, "he hasn't had a serious asthma attack in the four years we have lived there."

Robert is a fourth grade teacher and boys coach at the Pine Union Schools, just outside

of Holtville. He is most interested in camping, scouting, sports of all types and "working with boys." He speaks with obvious pride of the extremely good record "his boys" made in all sports activities last year.

Bobbie is a teacher in the Imperial County school for the mentally retarded and finds her work most interesting and fulfilling. Asked how she got started in the field, she grins and reports "I had a choice, while we lived in Missouri, of teaching a combination second and third grade class or remedial reading -- I chose the reading." With that experience, she found herself qualified for work with retarded children as they moved elsewhere.

In eastern New Mexico, Clovis is a Cattle Capitol; Holtville is the Carrot Capitol--and has an annual parade honoring the yellow vegetable. The Widner family has found that people of their particular area are very friendly, much like the people of this area. There is a good reason; since most of the people there, they report are from Texas and New Mexico. Many of their neighbors came to Imperial Valley for the same reason the Widner's did; in search of health.

Robert isn't the only one of the family to come home this summer. All but one of the six Widner "children" have been

together this week and that's quite an accomplishment, considering the fact none of them live in this area. "When we left home, we sure scattered" is the way he puts it.

Of the six Widner children, four of them and four spouses teach. It is a record Robert and his family are very proud of.

Bobbie's family all live in this vicinity. Besides her mother, she has three sisters, Mrs. Elmer Langford, Mrs. Joyce Coffman and Mrs. Chris Moss who live in the Texico area and another sister, Mrs. Mary Lou Harrelson lives in Clovis. Her brother, Fred, Jr., lives in Friona.

The Widners agree "it's good to be back for a visit, but the Valley is really home to us now."

HOSPITAL NOTES

Charlie Crume was hospitalized in Clovis on Tuesday night for treatment.

Classes Begin At Lazbuddie School August 30

Classes will begin in the Lazbuddie school at 9 a. m. on August 30, with registration scheduled for August 27 at 8:30 a. m. Busses will run on Friday at the regular time.

First meeting of the administrative staff will be on August 25, 9 a. m. and a general meeting at 9 a. m. on Thursday August 26, according to Sam P. Barnes, superintendent.

The school calendar for the coming year has been approved by the board.

New teachers in the school system are Supt. Sam P. Barnes; high school social studies and driver training - Gene Riddle; high school boys basketball coach - assistant foot-

ball coach and Spanish - Larry Kent; junior high school social studies - Mrs. Larry Kent; high school English - junior high school boys basketball coach and assistant football coach - Bruce Rhodes; fourth grade -- Mrs. Sam P. Barnes, high school mathematics and physics - Paul Thurmond; librarian - Mrs. Gene Riddle.

Teachers returning to the school are: Harley E. Ethridge, high school principal; Fred Wilbanks - elementary principal; Pearl Holt, E.C. Ketchum, Junita Ketchum, Everett Maxwell; Helen Ellis, Edwina Bridges, Howard Bridges, Virgil Wilbanks, Ruth Williams, Scotty Windham and Ruth Wilson.

JOTTIN'S By Jeanne

Around town -- Judy Gast, a soon-to-be bride, has all her wedding presents displayed in the living room, and a lovely assortment it is too -- Sprinklers are running around the clock to keep local yards green and attractive--the R.M. Bradleys are once again bringing in those luscious watermelon and cantaloupe, and making their neighbors on the north happy with their sharing --

Football practice seems to be drawing a good crowd each evening -- another church building will be dedicated soon when the Texico Baptists will add their new church buildings in the Twin Cities.

The Grahams had a lot of fun with the newest nephew in the clan the past weekend -- and it was an experience having a baby in the house for a few days. Little Mike Nelson of Hereford entertained the family, and vice versa from Thursday until Sunday -- and with four older boys to administer advice, he was well taken care of.

We moved the baby bed upstairs, put up the high chair and found that really, there isn't a great deal of difference in having five boys in the household instead of four.

But Andy, the four-year-old thought this was the greatest event in Graham history -- and was ready to prevail on Mike's parents, to leave him permanently. John 6, thought about it a while, then commented "Andy, why don't we just get a swing?"

Posthumous Award Presented

A representative of the United States Postal Department from the Denver office was in Texico last week to present a posthumous award to Dallas J. Brown, in honor of the late Lucy O. Brown, for her many years of faithful service to the post office department.

Mrs. Brown served for almost 25 years as postmaster in Texico. She was appointed by the late President Franklin D. Roosevelt in 1940 and served until her death on July 9, 1965.

The citation, signed by Postmaster General John R. Gronowski read: "Lucy O. Brown, honorary recognition for devotion to duty in the course of an honorable career in the U. S. Postal Service. This posthumous citation conveys an official commendation and expression of sympathy to the family."

Accepts Position

Mrs. Bettie Baldrige, former resident of Texico-Farwell and a former employee of the State Line Tribune has accepted a position as librarian at Portales High School for the coming year, according to Supt. Firman Haynie of Portales.

Mrs. Baldrige, who lacks 11 hours completing her bachelor's degree has completed all work in Library Science, and comes highly recommended to the school by teachers at the University, where she has consistently made the honor roll since returning to school in 1963, says Supt. Haynie.

Gulf Areas Double-Crop Grain Sorghum

Recropping grain sorghum is proving successful in experimental tests and in farmers' fields, says James C. Smith, superintendent of Texas A&M University's Gulf Coast Pasture-Beef Cattle Research Station, Angleton.

The usual practice is harvesting the first crop with a combine, followed by conventional mechanical cultivation and fertilized by side-dressing, said Smith.

With the recropping method, the five-year average yield, under dryland conditions at the Angleton station is over 7,000 pounds of grain per acre. In two of the five years, the second crop out-yielded the first crop. Usually, however, the amount of rainfall on the second crop determines its success.

Around 180-200 days from planting time, to harvest of the second crop is required. If the first crop is planted in March, harvested in June or July, then the second crop should be harvested in October.

After the first harvest, the stalks should be shredded to a height of three or four inches, said Smith. The shredded stalks, after cultivation, act as a mulch, and help conserve moisture and give additional weed control.

The stubble should not be removed from the field. The organic matter from the shredded stalks is worth more than if it is used as feed for livestock, he continued.

Smith cautions stubble cropping of grain sorghum should not be attempted unless adequate fertilizer is used. Selection of the correct hybrid for stubble cropping is also important, since there is a variation in the ability of hybrids to produce a second crop.

The octopus, contrary to his bad reputation is a rather shy creature, leaving his lair only to seek food.

"This was the best maize crop I ever had," said Charlie Nix, Lariat farmer, as he looked over the damage following the Sunday hail storm which hit in scattered areas of Parmer county. The crop received 50% damage. Seed scattered from the half ripe heads have turned the ground to a golden red

while all foliage has been stripped away by the impact of the marble sized hail stones. Nix who farms only 280 acres had 269 acres of maize and 11 acres of cotton (a total loss). "Sure won't make expenses this year" said Nix who has farmed in the Lariat area for the past 35 years.

Cattle On Feed Increase

Recent reports show that United States cattlemen have substantially increased numbers of cattle on feed.

Ed Uvacek, livestock marketing specialist and assistant professor in the Texas A&M University Agricultural Economics and Sociology Department, says the U. S. total on July 1 was 7,531,000 head and 354,000 head in Texas.

This is a 19 per cent rise above year earlier levels in Texas. The north central states are up 5 per cent, and the 32 cattle-state total is higher by 9 per cent.

Uvacek noted a heavier national concentration of cattle on feed in the 500 to 990-pound

categories this year. Indications are for slightly later marketings from feedlots.

A time-on-feed breakdown shows considerable more light-

er animals this quarter in the nation. This, Uvacek added, will probably result in increased marketings for the October-December quarter.

Marketing intentions in Texas from July 1 to Sept. 30 are reported to be 260,000 head, or about 25 per cent more compared to the same period a year ago.

"Our best estimate would indicate that this figure is somewhat over-estimated and that only about 220,000 head will be marketed during that quarter, with the bulk coming later," the specialist said. "Indications are that about 265,000 head, or 31 per cent more cattle, however, will be marketed from Texas feedlots in the last quarter of this year."

Midge Control

The sorghum midge season is here and all producers must be on the alert for any midge activity. Midge have been found in Johnson grass samples in Parmer county. The insecticides recommended for midge control follow:

A. Carbararyl (Sevin), 80% W.P., at rate of 1 1/4 to 2 1/2 lbs., spray concentrate per acre; B. Toxaphene, 6 lbs. toxicant per gallon at rate of 1/3 to 1/2 gallon spray concentrate per acre; C. Endrin, 1.6 lb. toxicant per gallon at rate of 1 1/4 pints spray concentrate per acre; D. Parathion, 2 lbs. toxicant per gallon at rate of one quart spray concentrate per acre; E. Carbophenothion (Trithion), 4 lbs. per gallon at rate of one pint spray concentrate per acre; F. Diazinon at rate of 5 lbs. per acre; G. Ethion at rate of 1/2 to one pint per acre.

Restrictions on the use of these various insecticides are as follows: Endrin apply only once per season and 35 days before harvest; Toxaphene apply only once after heads start to form, do not graze dairy animals or animals being finished for slaughter on treated fields, apply at rate of 1/3 gallon, do not apply within 28 days of harvest, at 1/2 gallon 40 days before harvest; Trithion apply not more than twice per season and 21 days before harvest; Diazinon do not apply within 14 days of harvest; Parathion do not apply within 12 days of harvest; Sevin do not apply within 21 days of harvest; and Ethion do not apply later than 10 days after first bloom except on sorghum grown only for seed. Do not apply more than twice per growing season, nor graze treated areas or use treated crops for silage.

Under conditions of heavy midge infestations experienced in 1963, one application of most of the recommended insecticides failed in some cases to give significant increases in grain yields.

Application of carbophenothion (Trithion) in all tests and diazinon in two tests resulted in significantly greater yields than that harvested from untreated grain sorghum plots.

Endrin can be used only once on a grain crop. Since two ap-

plications are usually needed, the second application of another material should be selected from the recommended list.

Parathion was used in one replicated test and was not any more effective for midge control than carbararyl (Sevin) based on one application.

All insecticides recommended have shown poor control in some tests, probably due to a continuation of heavy midge infestations.

Applications of certain insecticides may cause moderate to severe leaf coloration or burn on some varieties and hybrids. A grower may consult with his seed dealer as to the phytotoxicity of insecticides to certain grain sorghum varieties. If there is any doubt in an established crop, spray a few rows a week or so before booting with the intended insecticide at the recommended rate. No data are available relative to economic loss of grain yields due to the phytotoxic effects.

The midge adult female deposits eggs in the developing spikelets and the larvae consume the internal content of the seed, resulting in "blasted" heads. The length of time that spikelets are receptive to midge egg deposition ranges up to 10 days following head emergence, depending on the variety.

Effective chemical control requires precise timing of spray applications. Insecticides must be applied soon after head emergence because control depends entirely upon killing the adults before eggs are deposited. Insecticides presently approved for use on grain sorghum will not affect eggs or young larvae within the developing seed.

Heads are susceptible to midge oviposition as soon as they emerge from the boot. Therefore, treatments must be applied to coincide with head emergence for best results. Since several days usually elapse between first and last head emergence, a single application of insecticides usually will not result in satisfactory control.

Control measures must be directed toward protection of the majority of heads. Research

New Peace Corps Agriculture Programs Announced

Many new Peace Corps programs in agriculture will start this fall reports Joe VanZandt, County Extension Agent.

Nearly a hundred more agricultural Volunteers have been requested for programs beginning in September and October. These Volunteers will be sent to Chile, Ecuador, Kenya, Cameroon, Thailand, and the Philippines.

The types of jobs vary greatly for these programs. In Thailand and the Philippines the request is primarily for farmers with several years of experi-

ence. In Kenya, several soil and crop specialists have been requested along with three Veterinarians. Ecuador has requested rural youth with 4-Hor FFA experience and backgrounds in livestock and crop management.

A college degree is not necessary for many of the current fall agriculture programs. Married couples may serve together, if they have no dependents under eighteen.

For more information on these upcoming Peace Corps programs and a questionnaire see

Joe VanZandt, County Extension Agent, located at the Courthouse or write directly to the Agricultural Officer, Peace Corps, Washington, D. C., 20525.

Home First Aid Tips

Roughhousing in the back yard can bring accidents like scraped knees and elbows. For treatment, apply germ-fighting antiseptic powder immediately.

Most frequent kitchen accidents are burns and knife cuts. Try generally to cut in a direction away from you. And use oven mitts and rubber gloves for over-all hand protection.

The secret of preventing accidents at the workbench is keeping a neat one! Tools should be anchored, nails placed in containers. To treat the inevitable cuts and scrapes, sprinkle on B.F.I. first aid antiseptic powder.

To avoid cuts from broken glass in bathrooms, keep transferable liquids in marked plastic bottles—and away from children's prying fingers. Every medicine cabinet should have adhesives, B.F.I. antiseptic powder and sterile gauze as basic first aid necessities.

Plan Now For Education Beyond High School

The class of 1966 is preparing to enter the final year of secondary school work. Many of these high school seniors are so busy they have given little thought to what will happen after graduation.

Now's the time to take a thorough, realistic look ahead to the fall of 1966, says Patsy Reynolds, specialist in family life education with the Texas A&M University Extension Service.

"Parents and school counselors should help students take a look at their education or career plans early this fall. They need to complete their plans for college, business school, or other advanced preparation to earn a living. Applications should be submitted by November or December -- yet many families do not realize this when their first child prepares to enter college," Miss Reynolds says.

Students who plan to apply for scholarships should keep this early deadline in mind, too.

gots which soon become orange in color as they feed in the developing seed. The larvae are full grown in 9 to 11 days. The mature larva changes into a dark orange pupa and a new generation of adults will emerge in about 3 days. Fourteen to 16 days are required for a complete life cycle.

The female deposits eggs in the spikelets soon after the heads appear from the boot and in many instances, before bloom.

Injury to sorghum grain is caused by the larva or maggot which feeds upon the internal content of the developing seed. Infested grain sorghum heads appear "blighted" or "blasted."

The eggs hatch in about two days into small pinkish mag-

Many scholarships have a February 1 deadline for application. "This means that the young person must already be admitted to the college and then file the application by February," the specialist adds.

She advises young people to talk to school counselors and write to the colleges or business schools in which they are interested.

A decision on higher education should be reached soon, and it may require some serious thinking before final plans can be made, Miss Reynolds says.

Are all savings accounts insured by U.S. Government Agencies?

No, but Congress has enacted laws to provide places where you can be sure of insured savings.

Most Savings and Loan Associations are insured by the Federal Savings and Loan Insurance Corporation (FSLIC). Most commercial banks and savings banks are insured by the Federal Deposit Insurance Corporation (FDIC). Both FSLIC and FDIC are Government agencies established by Congress for the protection of the public. Both insure savings up to \$10,000. Both require periodic examinations and provide continuing supervision by governmental authorities. Both are safe and dependable.

Not all Savings and Loan Associations are members of the FSLIC, and not all commercial banks or savings banks are members of the FDIC.

You will find the FSLIC emblem displayed in all Savings and Loan Associations where accounts are insured by this Government agency. There are more than 4,400 insured associations serving 37 million savers in all of the United States and its territories. No one has ever lost a penny in any savings account insured by the FSLIC.

ECONOMICAL SUMMER MEALS—Can be very nutritious

Summer lunches for children can be economical and easy if you plan ahead and let the youngsters serve themselves. What is a good lunch? It includes meat, cheese, eggs, fish or some other protein food; vegetables or fruit; bread and milk. Every calorie is "loaded with good nutrition."

HELPFUL TIPS FOR SHOPPING:

Watch for sales on tuna. Grated tuna is less expensive than chunk and fine for sandwiches.

The first day of September will mark the first deadline in the Women's Department for the 1965 State Fair of Texas, October 9 through 24 in Dallas. Mrs. Leah Jarrett, department director, said that registration forms should be in on September 1 for the following divisions: Art, Designer - Craftsman, Leathercraft, Hand Painted China, Ceramics, Creative Hobbies (formerly Miscellaneous Arts), Holiday Corner, Needlework and Sewing, Foods, Antiques, and Hobby Collections. Articles to be exhibited are to be received in the Women's Department September 24 through 28 in all these divisions.

The second important target date will be Tuesday, September 7, when registration forms must be submitted to the Women's Department by people who plan to enter the Clothing Contest. Upon receipt of the registration form, identification tags will be mailed back to the contestant for attaching to garments before modeling.

Mrs. Jarrett said clothing contest entrants must bring their garments to the Women's Building not later than 9:30 a.m. on Saturday, September 18, for judging. Winning garments will be retained in the Women's Department and will be modeled on opening day of the State Fair, Saturday, October 9, at which time award winners will be announced. This showing will be open to fairgoers.

Registration forms and the premium list are available by writing to the Women's Department, State Fair of Texas, Dallas 75226.

Best bargain in peanut butter is often the three-pound container.

Processed Cheese is often less expensive than natural cheese. Broilers are plentiful and an ideal protein.

Here is a good start for a good nutritious lunch;

Tuna fish sandwiches can be very delicious with crisp carrot strips, a banana or peach and chocolate milk.

For a budget pleasing chocolate milk try this:

Sift 1 lb. of instant dry milk 1 cup sugar, 3/4 cup cocoa and 1/4 teaspoon salt together three times and store in a glass jar or metal container. To prepare a chocolate milk, measure 1-1/3 cups mix and stir in enough water to make a paste. Add a quart of boiling water. Cool and then chill in refrigerator.

Another nutritious yet economical menu consists of: Sliced cheese, pickle and lettuce sandwich, a tomato wedge, milk and peanut butter candy. To make Peanut Butter Candy: You'll need 1 cup of peanut butter, 1/2 cup corn syrup or honey; 1-1/4 cups each non-fat dry milk and confectioner's sugar and 1/2 cup crushed cereal crumbs, chopped nuts or coconut.

Have peanut butter and honey at room temperature; combine and beat in nonfat dry milk until smooth. Add confectioner's sugar a little at a time until mixture has the consistency of putty. Shape into four long pieces. Roll pieces of candy in crumbs, nuts or coconut until well covered. Refrigerate until ready to use. Slice just before serving.

With realized net farm income at a seasonally adjusted rate of \$13.8 billion during the first 6 months -- up \$1 billion from the rate for the first half of 1964 -- and harvest prospects generally favorable, realized net income for 1965 may be the highest since 1953, says USDA's Economic Research Service.

Home gardeners can use their disease-free, spring tomato vines for fall tomato plants. Simply remove a healthy sucker and transplant it like any young plant with roots. And, remind extension horticulturists at Texas A&M University, it's time to begin preparation for fall gardens.

Supermarkets Feature Variety Of Fruit This Week

There's a wide variety of fruit from which to make selections this week, reports Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist.

Peaches -- mostly Elbertas -- of good quality continue to carry attractive price tags although the peak of the supply has passed. Seedless grapes, plums, nectarines, cantaloupes and watermelons are all in plentiful supply.

Vegetable counters feature displays of Southern peas of several varieties, with Black-eye and Purple hull dominating. Squash, corn, eggplant, head lettuce, celery, red potatoes, new crop sweet potatoes, carrots and tomatoes are among good vegetable choices. Cucumbers and Bell peppers are only in fair supply.

Good buys at the meat counters are whole and cut-up fryers and fryer parts. Turkey prices continue to ease down slightly.

Beef prices vary from market to market, especially the more popular cuts. Good values are found in chuck roasts, steaks, ground beef, liver, corned beef, franks and a variety of cold cuts.

Canned tuna and salmon also can add variety to summer menus at low cost.

Grade A large size eggs are moderately priced.

Milk, cheese and other dairy foods are good buys for later summer menus.

A TOTAL LOSS -- This 11 acre field of cotton on the Charlie Nix farm, near Lariat, received 100% damage in the hail which fell on Sunday evening. "The bolls which are left are beginning to rot from the hail damage," said Nix. Nix says he was not at

home during time of the storm but understands that the hail was the size of large marbles. One inch of rain was recorded in spotted areas. The hail was also scattered over several areas in the county.

On The Farm In Parmer County

By JOE VANZANDT
County Agent

Each year animals are lost after grazing on sorghums, sudangrass, sorghum hybrids or Johnson grass. The cause may be prussic acid poisoning.

These grasses contain a glycoside which may break down into prussic acid in the digestive tract of the animal. The poisonous material is most likely to be present in young, immature stands, or second growth following periods of drought or mechanical harvesting. There is also danger in the fall, following the first frost.

Cattle are more susceptible to the poison than sheep or goats. Horses and swine are rarely injured. An affected animal may stagger and act sleepy before suddenly dropping dead. Severe muscular twitching sometimes occurs. Death results from suffocation, since the poison prevents the exchange of oxygen from the blood to the tissue.

A drench of molasses diluted with water may help a poi-

soned animal, but a veterinarian should be called at once to give additional treatment.

To prevent prussic acid poisoning, do not graze regrowth that has been stopped by lack of moisture, frosted pastures, or regrowth after a frost.

Forage containing prussic acid can be fed safely if it is cut and allowed to cure completely in the field, or if it is put up as silage and not fed for several months. Mature plants with few suckers are not fed for several months. Mature plants with few suckers are seldom dangerous if growth has been normal. Grain sorghum or Sudan stubble regrowth grazed in late fall can be dangerous. A good way to check grazing safety is to turn one or two low grade animals into the field and watch them for a day or two. Be sure water is available to them, or the symptoms may be delayed. If the test animals remain healthy, its probably safe to turn the main herd into the pasture.

BIRD DAMAGE

Several people have remarked about the damage birds were causing on their sorghum. This is one of those problems that is hard to control. About the only thing we know of is to scare them away by using a box or two of shot gun shells and maybe put up some type of scarecrow. This will not really control them but merely run them off on someone else.

SILAGE TIPS

Sharp knives and properly adjusted forage harvester mean a saving in time and fuel when harvesting silage. Increased silo capacity and better silage at feeding time.

For quality silage at feeding time, you need a quality forage crop at the proper stage of maturity at harvest time. The crop should be harvested to give short, uniformly cut silage.

Sharp knives and shear bars adjusted to the proper clearance aid in producing uniform cut silage with minimum power requirements. Most of the power is used in the chopping process. If knives are dull or the shear bar-to-knife spacing is incorrect, you are throwing away power. Forage will be torn apart rather than cut. This eats up power and results in coarse, non-uniform silage that is difficult to pack. The end product is lower, quality silage of poor palatability.

A length of cut from one-fourth to three-eighths inch is desirable. It's a good idea to

check your operator's manual for information on adjustment and operation of your particular forage harvester.

4-H CALF PROJECTS

The deadline for getting 4-H Show calf projects on feed is real close. Any 4-H'ers wanting to feed calves should notify the County Agent's office immediately. Calves must be located and placed on feed this month. Please let the County Agent know if you expect to feed and show a calf this year.

COTTON IRRIGATION

Now is the time to stop watering your cotton. We believe farmers will make more net profit off their cotton crop by cutting the water off by August 20 here in Parmer County.

Over the years research has proved this water cut-off date the most profitable.

WHEAT FERTILITY

The application of sufficient fertilizer, in proper balance to correct soil deficiencies, is now accepted as one of the most profitable single practices.

Soils vary greatly in their ability to supply nitrogen and phosphorus. The soil test remains the best single guide for determining the amount and grade of fertilizer needed. Remember that 50 bu. of wheat grain alone contains about 50 lbs. of N and 25 lbs. of P2O5. Forage removed by grazing can contain 20% protein of about 3% actual nitrogen on a dry weight basis.

Data from research conducted on the Pullman soils indicates time of nitrogen application is not a major factor where wheat is being grown for grain only. Yields were about the same when nitrogen was applied preplant, in split applications, or as a topdress in February. However, where grazing is to be practiced it is important to apply all or part of the nitrogen as a preplant to stimulate early growth. The nitrogen can be conveniently applied anytime before listing. If solid or liquid forms are used, they should not be left on the surface for long periods.

If the soil test indicates a deficiency of phosphorus, the phosphate should be applied in such a manner that it will remain in moist soil--in reach of permanent roots. Like other field crops, much of the phosphorus moves very little from point of application it is important to be applied preplant, topdressing with phosphates after wheat is up cannot be expected to give the most profitable response.

Taking soil samples now will insure getting your report back in plenty of time for final planning and fertilizer application. Complete information on sample collection and mailing may be obtained through the county agent's office.

Crosses Score High In A&M Beef Tests

A comparison of 180-day weaning weights of nearly 3,700 calves has been tabulated and released by Texas A&M University's Livestock and Forage Research Center at McGregor. The calves came from 35 combinations of sires and dams. In some cases, both parents were purebred, in

The children have disappeared! You look for them and see a bush moving suspiciously in the yard. A tree seems to have grown another two arms, and what looks like a spear waves at you threateningly. While in the kitchen the table has become alive with hands and feet! What is it? It's African Safari time and mother is instructed to go away.

Every child becomes completely absorbed in his world of lions, tigers, elephants, and fierce head hunters. Probably even more so after a visit to the zoo.

Ellsworth Newcomb and Hugh Kenny have put together a wonderful group of stories in the Badger book, African Adventures, for Whitman Publishing Company of Racine, Wisconsin. They tell us that Africa is four times as big as the United States and its people speak seven hundred languages. Boys and girls of all ages will enjoy discovering Africa and reading the adventures of the men and women who have explored and developed this land.

We meet the young Scottish doctor David Livingstone with two ambitions; to map the huge, uncharted land and to end the slave trading. We discover the magnificent Victoria Falls with him and find out why Henry Stanley was sent to find Livingstone.

Oom Paul the Great is an exciting tale of a brave young man who took part in the Great Trek of the Boers of South Africa. The Boers were Dutch people trying to find new lands and independence from the British.

There is the story of Cecil Rhodes, the young invalid Englishman who founded the De Beers Mining Company and became the richest man in the world! Now when things become a little wild on the African Safari mother can calm down the natives with a story or two of jungle treks, barbarous tribes and wild animals, and make a big hit with her favorite head hunters.

Catgut is obtained from numerous animals, particularly sheep, but never from cats.

Safe Use Of Pesticides Possible

Through the efforts of constant research, pesticides can be used with increasing confidence in their effectiveness and safety, says Stuart Sutherland, Texas A&M University Extension Service pesticides information specialist.

Extensive research effort goes into the exact wording of each label for a pesticide. The label, among other things, is your personal contact with all the research that has made the product ready for your use, says Sutherland.

On the label, you will find the best ideas for the safe use of the pesticide. Many people disregard the earnings and use

more than the amount recommended. They usually regret their lack of attention.

Many pesticides can be poisonous if swallowed. They should be kept out of reach of children and household pets. When spraying fields, great care should be used to keep certain kinds of pesticides from drifting to other crops, where the results can be damaging.

You should be careful in using pesticides around water, especially ponds. Misuse of a pesticide can cause damage to water plants and even kill the fish.

Taking extra time to read the label and using the proper amount of pesticide will insure you safe and desired results.

New, Exciting Fall Styles For Teens

Junior and senior high school girls have an exciting array of new styles from which to choose their back-to-school wardrobes, says Lynn Parks, Texas A&M University consumer education specialist.

Leading off the new fashions

are the lively "OP" designs. Knits and woven fabrics are dazzling with dots, wobbling with checks and dancing with stripes. Knits are more popular than ever and offer unlimited washability benefits.

Fashion highlights include "sweaterlings" -- skinny knit sweater dresses. The dresses are often accented with smart turtle neck collars and come in assorted sizes and colors.

Another notable feature of high school fashions is the coordinated look. Choices range from a dress with one dramatic pleat in the skirt and a bolero-type topset to a lacy Orlon herringbone sweater with a blending skirt. Lined cotton corduroy jumpers with inverted pleats and frilly blouses are also in style.

Pert touches to complete the coordinated picture might include a fake fur hood that looks just like fox, High socks that go up to or above the knees are still popular. Some of the latest socks are splashed with checks, plaids, florals or stripes. Some are even tassel-trimmed.

Teens should have no trouble in looking their most attractive through the entire semester with so many attractive styles from which to choose.

WHY FUSS WITH WOOD?

NEW Panlframe GIVES YOU MORE FOR YOUR MONEY

NO BULKY FRAMES NO TRUSSES
The Panel is the Building

If you're in the market for a low-cost, "do-it-yourself" farm building structure...

You can draw up some plans, go down to the lumber yard, fiddle around with siding, rafters, poles -- round up a crew -- and then pound, cut, trim, hammer and paint until you're blue in the face. And still wind up with just an ordinary wooden building.

Or you can buy a factory-made Butler Panl-Frame from us. An all-metal building that goes up fast and easy, because all the components are pre-cut and pre-punched to exact dimension. For about the same total cost.

Panl-Frame is a brand new kind of metal building, with only a bare minimum of inside supports. How come? Because the panel is the building -- big, strong wall and roof panels that function as both cover and frame. Panl-Frame suits almost any farm need. And you get a fire-safe, weathersafe, practically maintenance-free building to boot -- one that won't sag or rot.

If you can put a nut on a bolt, you can build a Panl-Frame. You can build it for you, at a low turnkey price. Or we can do it together. Why not come in for some free Panl-Frame building plans now? Low-cost financing available.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4 1/2%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

moneys of said Fund in conformance with the Constitutional provisions authorizing such funds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes. "All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund. "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of said Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party. "The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund. "The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, at such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) consecutive days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law. "Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds. "All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein. "All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold

shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein. "This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary. "Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature. "This Amendment shall become effective upon its adoption." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and "AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by \$200,000,000; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law." If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith. Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 7 proposing an Amendment to the Constitution of the State of Texas providing for the exemption from local ad valorem taxes of the property of certain charitable organizations, provided such organizations meet certain conditions and requirements and expend at least One and One-half Million Dollars (\$1,500,000.00) annually on free medical and hospital care for the indigent within the State of Texas; providing for the necessary election, form of ballot, proclamation and publications. PREAMBLE WHEREAS, The Legislature finds and declares that there is a need for the operation of hospitals by private charitable enterprises which will furnish free medical and/or hospital care for the indigent in Texas; and WHEREAS, The operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent in Texas will add to the welfare and well-being of the State of Texas and its residents and citizens; and WHEREAS, The need for the operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent is especially great in counties having a population in excess of one million two hundred forty thousand (1,240,000); and WHEREAS, It is found and declared to be the Public Policy of the State to foster and encourage such operation of hospitals as aforesaid; now, therefore, BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. The Constitution of the State of Texas is amended hereby, by the addition of a new Section to Article VIII thereof, to be numbered Section 2-A, and reading as follows: "2-A. The properties of any charitable trust or organization, if such trust or organization is dedicated to, and operates a hospital furnishing free hospital and/or medical care for the indigent within the State of Texas, shall be exempt from all ad valorem taxes levied by any taxing entity, except by the State of Texas itself, provided: "(1) such trust or organization has expended for free hospital and/or medical care within the State of Texas, during the calendar year next preceding, a sum of not less than

One and One-half Million Dollars (\$1,500,000.00); and, further provided, "(2) after such exemption has been in force and effect for one full calendar year, the amount expended for free hospital and/or medical care, within the State of Texas, amounts to not less than One Million Eight Hundred Thousand Dollars (\$1,800,000.00) for the calendar year next preceding; and, further provided, "(3) such trust or organization is exempt from United States income taxes; "(4) such charitable trust or organization maintains its domicile and operates a hospital or hospitals in a county having a population of more than one million two hundred forty thousand (1,240,000) according to the last preceding Federal Census, and such exemption shall apply only to the properties of such charitable trust or organization located within the county of its domicile. "Proof of compliance with all applicable conditions stated above, shall constitute a complete defense to any suit for ad valorem taxes levied or attempted to be levied by any taxing entity other than the State of Texas itself. "This Amendment shall be self-enacting." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: "FOR the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas. "AGAINST the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas. Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

10 Traffic Accidents Investigated During July

The Highway Patrol investigated 10 rural traffic accidents in Parmer county during the month of July, according to Sgt. W.E. Wells, patrol supervisor of this area.

These accidents accounted for five persons injured and an estimated property damage of \$5,655.

The rural traffic accident summary in Parmer County for the first seven months of 1965 shows a total of 70 crashes resulting in two persons killed, 34 injured, and estimated property damage of \$39,361.

"School days" are almost here again. Many of the schools in this area will be starting their classes before Labor Day. Many drivers have become accustomed to ignoring school zones and signs during the summer months with the thought, "Why bother, school's out anyway." Now the time is rapidly approaching to start paying close attention to signs warning of school zones and school busses, warns Sgt. Wells.

Many parents will attempt to make the Labor Day weekend their final vacation out-

ing, the sergeant stated, "Don't let this final outing be fatal!" he said.

Thirty-nine lives were lost in traffic over the Labor Day weekend in 1964.

Leon Nish Enters Guilty Plea

Leon Nish who had been charged with burglary of two homes in the Lazbuddle area entered a plea of guilty on Tuesday of this week. He was sentenced to two years in the State Penitentiary at Huntsville.

On the opening day of court several civil cases were heard and the trial date was set for the murder trial of Bernardo Salcido, who is alleged to have killed his wife and mother in law earlier this year.

Vacationers

August is vacation month for many persons over the country and we find that Texico-Farwell residents are no exception to this general rule.

Local persons who have enjoyed vacations during this month include Mr. and Mrs. James Craig and daughters, Nella Beth, Robyn, Jayme and Loyce Ann (who have spent the month touring various sections of the country); Mr. and Mrs. Don Williams who are spending a few days in Rudoso; Mr. and Mrs. Mitz Walling who are in Dallas to attend the state 4-H Club horse show, in which their son Milton Lee is entered.

Also Mr. and Mrs. Bobby Crume and daughters who are spending some time in Illinois visiting with Mrs. Crume's relatives; Mr. and Mrs. Junlor Snider who have been vacationing in Colorado; Rev. and Mrs. W.C. Strickland and children, Tommy and Diana; Mr. and Mrs. Joel Tankersley; and Mr. and Mrs. B.D. Younger who have spent the past month on a fishing trip to various points in the northwest.

Marriage Licenses Issued

Marriage license issued from the office of the Parmer county clerk during the past week went to: Woodroe Wendell Finley and Ada Naplotis Trevantham; Jimmie Rae Rose and Lenore Raye Jackson. Both licenses were issued on Friday, August 13.

tion will begin with a variety of events on Thursday. Scheduled for Thursday are junior barrel racing, junior pole bending, "Open" cow calling contest, Queens contest, beard growing contest, and a talent show.

On Friday the day will begin with a chuck wagon breakfast at 8 a.m. A downtown parade will follow at 10 a.m. and a community picnic will be held at the city park at the noon hour. A matched roping will be held at the Bovina Roping arena at 2 p.m. on Friday. Final event of the three day celebration will be the quarter horse show on Saturday.

Pleasant Hill Farm Bureau To Meet

Troy Lovett, chairman of the Pleasant Hill Farm Bureau Local announces that the group will meet tonight (Thursday) August 19, 7:30 p.m. at the community center. A welner roast is planned.

Members are urged to bring any resolution they wish to present to this important meeting. Several important business matters are to be discussed. A good attendance is urged by the chairman.

Mediterranean civilization was based on wheat, wine, and the olive.
