

SURELY PERSONAL
By John

Worry, worry, worry. Some of us are born worriers and I guess I am one of the worry warts. I have been seeing some of our young men in a rather shaggy state of torsorial repair lately and I am worried. Do you suppose that the long, shaggy beatnik craze is coming to Farwell? How repulsive the looks of the jacketed punks. Is this to be the fate in our fair city? Well, no, I find that it is the outgrowth, literally, of a great devotion to the arts.

The Farwell senior class is about to stage a play soon and it calls for some shaggy characters, and it looks like we will have them. Now I will have to look for something else to worry about. After this interlude of hairy adornment, will they go back to looking like normal teenagers? Worry, worry, worry.

It looks like our Twin Cities chambers of commerce are about to come up with some first rate brochures plugging our communities. The Farwell and the Texico chambers are both hard at work producing facts and figures to tell the world the advantages of living in this area of the good old U.S.A.

Believe me, we do have some real advantages and they need to be told. Such worthwhile activities are marks of a growing and dynamic community. I know we will all be proud of the booklets when they are released to the public, probably sometime next month.

This week, our Sheriff and his trusty crew solved the rash of burglaries we experienced last week. They recovered a portable radio for the second time. Some people just can't keep things around. Also, it seems to prove the power of advertising.

Billy Watts had just mailed a slick 4-page circular telling what he had to offer the public and what he had in stock, when two nights later, his business was broken in to and a part of it was hauled off. I wonder if there was any connection. I hope not, he may be afraid to advertise again.

Have you noticed the improvements going on just to the north of the courthouse? Many of the trees have been removed and the ground plowed and leveled. The city is watering the site preparatory to planting grass and shrubs. What a beautiful courthouse and grounds we will soon have.

Our County Commissioners and City Officials are to be heartily congratulated on working out this improvement. Farwell, and the county, will be much richer for this long overdue facelifting.

There are other areas that badly need improvement to help the beauty and protect the public health of Farwell. To the rear of the Tribune, standing in stark relief, is one of the last remaining "Chick Sales" in town. We have sized it up for demolition but discovered it to be of sturdy beam and poured concrete construction—rather like a battleship, to stand the blows of man and nature.

Upon our inquiry, Sonny Graham tells us this was built in the WPA days and to Federal specifications. Surely this must be one of the last remaining vestiges of the gone but not forgotten WPA days. It has two rooms for use by the different genders. I suppose this might be called lack of integration in these more enlightened days and so it will be redistricted out of existence.

We were rather hoping to arm a group of demonstrators with saw and sledge and thereby solve our demolition problems. Other hallowed and sturdy links to our past have gone that route and maybe we can arrange for this to follow suit.

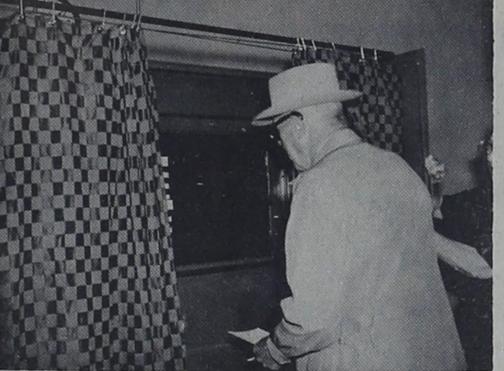

"DOG-GONE THAT BOARD"—"I've been meaning to fix that board for months," cried Pa Skitter (Delton Wilhite) as he assists his neighbor Ellie Mae (Teresa Quicquel) to a sitting position after she had been dumped to the floor when she took a seat on the rickety board in the Skitter house in a scene from "Comin' 'Round the Mountain," Farwell Senior play. The play will be presented Tuesday evening, May 10, 8 p.m. in the high school auditorium. Price of admission is 75¢ for adults and 50¢ for students.

Give Lusk Majority Texico Voters Follow Trend Across State

Voting in the Texico precinct in the New Mexico primaries on Tuesday followed the trend of other areas across the state with only 170 of the registered voters showing up to cast their ballots. Of the total number of votes cast in the Texico precinct 144 were Democrats and 26 Republicans.

Farwell Senior Class Name Top Students

Amos Tatum, high school principal in Farwell, released the names of the valedictorian and salutatorian in the Farwell graduating class early this week.

Students named for the top honors are Maudie Stancell, valedictorian, and Diane Lovelace, salutatorian. Maudie is the daughter of Mr. and Mrs. J. V. Stancell of West Camp. Parents of Diane are Mr. and Mrs. Woodrow Lovelace of Farwell. Only .39 of a point separate the grades of the top students with Maudie having an average of 93.79 for seven semesters work. Diane's average for the same period is 93.35. Both of the girls plan to attend college with Maudie planning to attend West Texas State University where she will seek a degree in business. Deposits At Security State Bank Soar To All-Time High

Deposits and total assets at the Security State Bank have soared to the highest peak in the history of the bank, according to R. W. Anderson, vice-president.

Total assets at the bank as of April 6, 1966 were listed as \$7,410,368.06 as compared with assets on April 26, 1965 which stood at \$6,197,566.64. Total assets which for the first time topped the \$7 million mark have risen \$1 million three hundred thousand since this time last year.

Deposits, meanwhile, also took a jump forward with deposits on the report a year ago listed as \$5,638,995.96. Deposits listed on April 6 of this year total \$6,807,408.87.

Anderson said the only thing he could attribute the all time high to was the fact that unusually good crops were made this year; with wheat, cotton and maize all piling off well for the farmers. "We also had more cattle marketed during the year and then people have been saving a little more of what they made this year," he concluded.

Other comparisons of figures with current total listed first, and April 1965 in parenthesis, were as follows:

Cash and exchange	\$1,306,561.16	(\$1,075,126.19)
bonds and warrants	\$315,157.42	(\$249,753.88)
loans and discounts	\$2,234,859.11	(\$1,894,267.52)
commodity credit certificates of interest	\$3,437,789.88	(\$2,461,419.05)
building, furniture and fixtures	\$116,000.00	(\$123,000.00)

In the liabilities column, the figures were: Capital stock \$100,000.00 (\$100,000.00); certified surplus \$100,000.00 (\$100,000.00); undivided profits \$132,122.96 (\$146,212.44); reserves \$270,836.23 (\$212,358.24); deposits \$6,807,408.87 (\$5,638,995.96).

Brother Of Local Man Dies

E. G. (Blackie) Williams received word of the death of his brother, Charlie Williams, 94, on Monday morning.

Charlie Williams passed away at his home in Marlow, Okla., on Sunday evening. He had been in ill health for a number of years, but his death came as quite a shock since he had been feeling exceptionally well recently.

E. G. Williams was unable to make the trip to Oklahoma for the funeral services.

Burglaries Solved With Arrests Of Two Juveniles

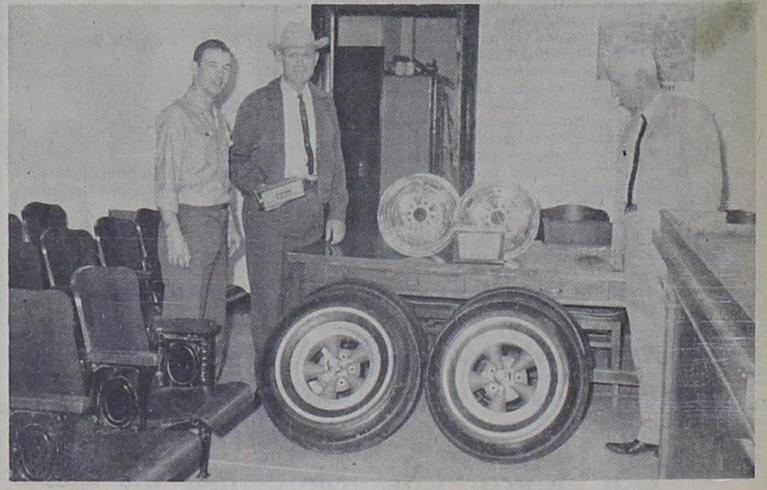

Burglaries at Watts OK Tire Store and Oil Company and Bill Moss Texaco Station last week were solved this weekend with the arrests of two juveniles in Littlefield.

The boys, almost 17, live in the Sudan and Littlefield areas.

Neither of the boys is employed. All of the articles taken in the burglaries including almost \$400 worth of tires, wheels, radios and smaller items were recovered at the time of the arrests.

Both of the lads are in jail in Littlefield although they will be returned here to face the burglary charge.

One of the items recovered in the loot was a radio, belonging to Watts, which had also been recovered after a breakin at the company last October. "It's almost getting to be a habit to bring it home", commented the sheriff.

GETTING TO BE A HABIT -- Sheriff Charlie Lovelace, Billy Watts, and Deputy Tom Atkins examine the tires, wheels, and radios which were taken in a burglary of Watts OK Tire Store and Oil Company last week. The radio, which the sheriff is holding, has been recovered by the sheriff's department two times in the past few months.

2ND PLACE DISTRICT WINNERS -- James Haseloff, Mike Doshier, and James Calloway, Farwell FFA members, with 786 points were second place winners in the Littlefield District FFA Dairy Cattle judging contest on Saturday. Fourteen teams were in competition in the contest. By winning second place in the district, the team is an alternate to the state judging contest to be held later this month.

Dairy Cattle Team Second At District

The Farwell FFA Dairy Cattle judging team, composed of Mike Doshier, James Haseloff and James Calloway, were named winners of second place in the district judging contest held in conjunction with the area contest and the Texas Tech contest on Saturday. The judging meet was held on the campus of Texas Tech with some 1700 boys representing 171 schools entered in the various events. The Dairy Cattle team was in a tie for 11th place in the area contest and will be an alternate at the state contest

to be held later this month. Lazbuddie won the district contest with 791 points with the Farwell team having 786 points. Jerry Mathis, instructor mended his team saying, I fell that they did exceedingly well since they had not had any cattle to work with but had only studied the qualifications of dairy cattle and studied pictures of the animals." The Dairy Products team, composed of Craig Phillips, Denny Lunsford and Terry Travis, were winners of third place on the district level.

Dear Friends of El Monterrey of Clovis

As you have perhaps noticed, I am no longer associated with El Monterrey, as of April 1st, 1966.

To our kind friends everywhere -- especially of Clovis, Portales, Muleshoe, Hereford, Bovina, Friona, Sudan, Littlefield, etc., may I express my appreciation for your past patronage -- Not only for the past 8 years, during my ownership, but also for the previous 12 years when my father (Col. Weede) was associated with the Gray Reed's. As you know, my Aunt & Uncle (Sis & Gray Reed) were the original founders some 30 years ago.

Although I've sold all my interest in El Monterrey, I have retained the right to enter any business in any location -- even to direct competition to El Monterrey.

Sincerely
James A. Weede Jr.

"The Critical Decades" is a film on aging for the young, emphasizing that the best time to tacky the medical problems of old age is before the patient gets old. It stresses the

importance of the middle years, in order to prevent trouble later on.

This makes sense "we don't wait until the horse is stolen before locking the barn," this is an old saying we have heard many times, but never the less true. The film has been made available for Extension Use and would make an excellent program for groups. Several weeks notice is required if any group would like the film. Call the County Extension Office 481-3619 in Farwell.

MAY - SENIOR CITIZENS MONTH

Clubs, organizations or study groups that may be interested in protecting senior citizens against frauds may be interested in securing a leaflet from this office entitled "Your Money and Your Life." It is put out by the Food & Drug Administration and would be especially good to give to some older persons that you may want to remember and help.

Beware of Motion Sickness and Nausea Drugs

The U. S. Food & Drug Administration acted in March to warn against the use of certain drugs by pregnant women. These drugs, which are used for nausea, motion sickness and vomiting, may cause birth deformities taken during pregnancy. These products are considered safe for other persons and are sold without prescription.

Action by the Federal Drug Administration was taken because certain of these products do not contain a statement warning women of the potential danger. Unless the companies change their labeling they will be required to withdraw the product from the market.

It is important for women to never take medicine, not even aspirin, while pregnant, without their doctor's approval. This is a fact of which many women are not aware. When a woman is pregnant, nothing (vitamin pills, medicines for an upset stomach, headache prescriptions) should be taken without her doctor's consent.

MEDICAL SELF HELP
Training of leaders with information similar to that received in Red Cross nursing programs could provide a valuable resource for communities in Parmer County in which medical facilities are limited. It is needed and could be an

excellent project for County Committees. All the information is available from this office (County Extension Office) for conducting such programs, and this agency can give help and guidance. All is needed is a club or group that wants to do a worthwhile community service. The County Program Building Committee appointed a chairman for a Committee in 1964. This was Mrs. Phyllis Sanders of Friona. Before she could hardly get started on this, she moved away. The idea is still on the shelf, and it is hoped the new County Family Living Committee can come up with some action in regard to this.

NEW PUBLICATIONS
If you are interested in clothes (who isn't) come by the office and get the new bulletin entitled "Clothing--Action--Fabrics". It is an excellent source of information on characteristics, use, care and trade names of various manmade fabrics. Also a good leaflet is available on buying or sewing permanent press fabrics. You might discover you don't know all you thought you knew about buying clothing fabrics; if so, then that's real learning. Call 481-3619 or come by the County Extension office on second floor of courthouse for a copy.

Vote 'Yes' To Bookmobile

At a joint meeting of county commissioners from Parmer, Cochran, Bailey and Lamb Counties last Wednesday in Muleshoe, a decision was reached to continue with the Bookmobile Library Service.

Citizens of the four counties had been receiving the library service at the expense of the Texas Library Association for the past year. Beginning with January 1, 1967, the expense of the Bookmobile Service will be taken over by the four counties, with each county paying its share of the expense based on a population quota.

Total service for the Bookmobile Service for one year is \$14,000; of this amount Parmer County with 21.3 per cent of the total population in the four counties will be paying \$2,986; Lamb County, 45.6 (\$6,391); Cochran County, 14.3 (\$2,033); Bailey County 18.7 (\$2,620).

The Bookmobile visits each of the counties several times each month making stops in the various communities in order to give better service to the residents of the area.

RECEIVES CONGRATULATIONS -- Kent Glenn, state FFA president, congratulates Allen Breitenbach, Texico FFA member, who received the scholarship and leadership awards for the Texico FFA Chapter this year. Breitenbach will serve as president of the Texico chapter next year.

Visitors in the home of Mr. and Mrs. Raymond Martin and Mr. and Mrs. Theo Actkinson over the weekend were Mr. and Mrs. Bobby Actkinson from Lubbock.

Parmer County Judge Loyde Brewer was in attendance at a service officers school for Veterans Affairs in Lubbock last week.

Face Charges Of Forgery And Passing

Manuel Garcia, Raul Garcia and Savos Celya were arrested at Herb's Auction in Hereford last Thursday for forgery and passing.

The trio had been allegedly passing checks in the Friona area for sometime before their arrest. They have made bond and are at large awaiting the action of the Grand Jury.

TORNADO Safety Rules

TO KNOW WHAT TO DO WHEN A TORNADO IS APPROACHING MAY MEAN THE DIFFERENCE BETWEEN LIFE AND DEATH!

I If you are near a tornado cellar:
When time permits, go to a tornado cellar, cave or underground excavation which should have an air outlet to help equalize the air pressure. It should be kept fit for use, free from water, gas or debris; and preferably equipped with pick and shovel. THERE IS NO UNIVERSAL PROTECTION AGAINST TORNADOES EXCEPT UNDERGROUND EXCAVATIONS.

II If you are in open country:
1. Move at right angles to the tornado's path. Tornadoes usually move ahead at about 25 to 40 miles per hour.
2. If there is no time to escape, lie-flat in the nearest depression such as a ditch or ravine.

III If in a city or town.
1. Seek inside shelter, preferably in a strongly reinforced building. STAY AWAY FROM WINDOWS!
2. In homes: The corner of the basement toward the tornado usually offers greatest safety, particularly in frame houses. People in houses without basements can sometimes be protected by taking cover under heavy furniture against inside walls. Doors and windows on the sides of the house away from the tornado may be opened to help reduce damage to the building.
3. Standing against the inside wall on a lower floor of an office building offers some protection.

IV If in schools:
1. In city area: If school building is of strongly reinforced construction, stay inside, away from windows, remain near an inside wall on the lower floors when possible. AVOID AUDITORIUMS AND GYMNASIUMS with large, poorly-supported roofs!
2. In rural schools that do not have strongly reinforced construction, remove children and teachers to a ravine or ditch if storm shelter is not available.

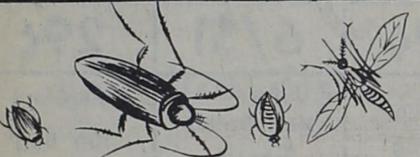

V Keep calm. It will not help to get excited. People have been killed by running out into streets and by turning back into the path of a tornado. Even though a warning is issued, chances of a tornado striking one's home or location are very slight. Tornadoes cover such a small zone, as a rule, that relatively only a few places in a warned area are directly affected. You should know about tornadoes though, "just in case."

VI Keep turned to your radio or television station for latest tornado advisory information. Do not call the Weather Bureau, except to report a tornado, as your individual request may tie up telephone lines urgently needed to receive special reports or to relay advisories to radio and television stations for dissemination to thousands in the critical area.

Shower Honors Bride-Elect

Lynell Lovett, bride-elect of Tom Verner, was honoree for a bridal shower at the Pleasant Hill Community Center on Friday evening.

Chosen colors of the honoree, turquoise and white, were used in table decorations. Centering the gift table was an arch under which stood a bride and groom figurine, surrounded by blue and white net. Lilies of the

Valley completed table decor. Mrs. B. A. Kelley and Mrs. Clarence Brown alternated at the registration table which was laid with white lace and centered with wedding bells and a bride and groom figurine.

Serving table, presided over by Mrs. Glenn Singleterry and Mrs. Don Wilson, was laid with a white cutwork cloth over blue, and centered by an arrangement of blue and white carnations bearing blue ribbon streamers which were inscribed with the names "Tom and Lynell." Crystal and silver table appointments were used. Napkins bearing the names of the bridal pair completed table decor.

Gwinette Lovett, sister of the honoree, accompanied Mary Dane, who sang nuptial selections during the evening.

The honoree, her mother, Mrs. Troy Lovett, and mother of her fiancé, Mrs. Boyce Verner, were presented with corsages made from miniature kitchen utensils, potholders, dishrags and wedding bells, tied with ribbon bows. Mesdames Verner and Lovett assisted the honoree with opening gifts. The gifts were registered by Eva Ray Hawkins, roommate of the honoree.

Special guests attending the bridal courtesies were Eva Ray Hawkins and Carolyn Reynolds, both of Springlake-Earth; Mrs. Boyce Verner and Denise Verner, Meadow; and Gwinette Lovett, Canyon.

MR. AND MRS. JESSIE DALE PARRISH

Linda Jo Scott Is Bride Of Jesse Dale Parrish

Linda Jo Scott, daughter of Mr. and Mrs. Hoyt Scott, became the bride of Jessie Dale Parrish, son of Mr. and Mrs. Buel Parrish, in a quiet ceremony at Hamlin Memorial Methodist Church on Friday, April 22.

The Rev. W. C. Strickland, pastor, officiated at the double ring service.

Rene' Walser provided organ music preceding the ceremony and played the traditional wedding marches.

The bride, given in marriage by her father, wore a sweet length dress of white lace and satin. Her accessories were also of white and she carried a colonial bouquet of white carnations with cascades of satin ribbon streamers. Following tradition, she wore for something old and borrowed her mother's wedding ring; new was her wedding ensemble; and blue was the bridal garter. For luck she carried in her shoes pennies minted in the year of her birth and that of the groom.

Bridal attendant was Sue Scott, sister of the bride. She was attired in a crepe dress of turquoise designed with an empire waistline. Her accessories were in matching hue. She carried a bouquet of white carnations sprayed with turquoise. Best man was Steve Hodges, Portales, cousin of the groom.

Mrs. Scott chose a pink lace sheath dress with matching accessories for her daughter's wedding. Mother of the groom wore a beige dress with matching accessories. Both mothers had corsages of white carnations.

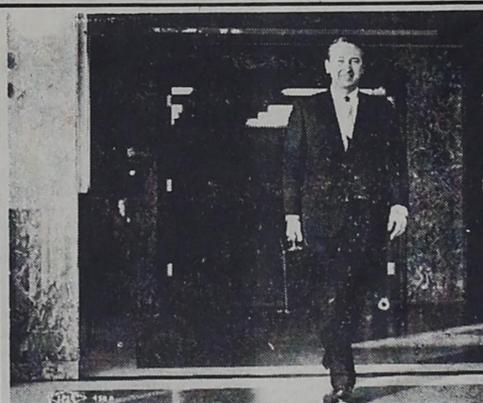

Immediately following the wedding, a reception was held in the parlor of the church. Only close friends and relatives were in attendance. Centering the refreshment table, which was covered with white lace, was a bouquet of turquoise carnations, flanked by turquoise tapers in white candleholders.

After the bride and groom had cut the three-tiered wedding cake, white decorated with turquoise roses and topped by a bride and groom figurine, it was served with mints, nuts and punch. Napkins bearing the names "Jo and Dale" completed table decor. Rene' Walser and Ann Scott presided at the serving table.

After a short honeymoon trip to Rudoso the newlyweds are now at home in Clovis.

The bride, a 1965 graduate of Moriarty High School, attended Eastern New Mexico University for one semester. The groom, a 1963 graduate of Portales High School, also attended Eastern New Mexico University and is presently employed by Bauske Construction Co. in Clovis.

Visiting in the home of Mr. and Mrs. E. G. Williams is their grandson, Lain Williams, son of Mr. and Mrs. Glenn Williams.
