Voting Light In Natatorium **Bond Election**

Seventy-five Vote To 3 P. M., Contracts May Be Let Soon

Voting in the election called to authorize or refuse the city com-mission right to apply net revenues from the municipal golf course to-gether with pool revenues to retire a PWA loan for construction of a municipal natatorium.

At 3 p. m. only 75 votes had been east. It appeared that it would be unlikely that more than 150 votes would be cast before polls closed at 7 p. m.

Local political observers were

inclined to believe Monday that the issue would receive a hand-same majority since the election did not entail any tax obligation. Should final results show that the commission has been granted permission to use the net golf course revenues, then contracts on the project will be let February 25, it was announced.

Construction of the natatorium

and bath house in the city park would cost approximately \$32,000, thirty per cent of which will be in the nature of a direct grant from the federal government, and the remainder to be self liquidating. Est mates are that 30 skilled

and 20 unskilled workmen will be required for a period of about four months. However, it is probable that the project would be rushed to completion in much less time.

INVEST ... and clean up

This is not a wildcat scheme for making money. It's just a matter of housekeeping judgment. You can sit down with this newspaper relax and make money.

Maybe you need a vacuum cleaner . . . or a washing machine soap cleaning-brushes kitchenware, china or pottery. How about your rugs and draperies? Now is the time to invest.

You can trust the stores that advertise in this paper. The plain fact that they advertise proves it. Only fly-by-night vendors dare not tell about themselves with written words.

The advertisements in this paper are here for your help and guidance. They are news-just as much as the front-page headlines are news!

Delivered personally by the gov ernor, some of the message's phrases might have had anti-race rack advocates yelling and whooping. Maybe the knowledge that it flopped in the House had something to do with the governor's repeating the message over the radio

The governor's activity for repeal has caused a shift in tactics of racing advocates. An announced lan to seek another committee hearing was abandoned. The repeal advocates hope to get it included on a suspension calendar. Best bet is that the repeal bill will go through the House without a very stubborn fight. Then there will be a big battle over it in the Senate.

Governor Allred, Attorney General William McCraw, and Land Comnissioner J. H.
