

Daring Hold-up Nets Bank Bandit \$5,313

In a daring holdup during the noon hour Monday, a red-haired man in his middle 20's, said to be driving a 1963 model Chevrolet with loud tailpipes made off with over \$5,000 (all in \$20, \$10, \$5, \$1) from the Texico Branch of Citizens Bank of Clovis. First reports indicated that \$3,000 had been taken, but an inventory showed the greater loss.

The bandit entered the bank while Bill Christian, manager, and Mrs. Kay Kamrad, teller, were in the community room eating lunch. He brandished a gun (22 caliber pearl-handled

revolver) and said "I want your money -- and I'm not kidding."

The bandit placed the money in one of two paper bags he was carrying and dropped the other on the floor before locking Christian and Mrs. Kamrad in the bank vault and leaving the building.

Within minutes Christian had released the safety lock on the inside of the vault and freed himself and Mrs. Kamrad. He then called the Clovis police and reported the robbery. Road blocks were set up almost immediately (within 12 minutes)

on all main highways leading out of Texico.

Several persons came forward to give information on cars or persons in the vicinity of the bank at time of the hold-up and some suspects have been questioned. However, as late as Wednesday morning the bandit was still at large.

Sheriff Ernest Garcia of Curry County says he is convinced the bandit is an amateur and is a resident of this vicinity. He also believes the bandit to still be in the vicinity and thinks it is only a matter of days before he will be apprehended.

Law enforcement officials are checking out leads in the case but say it will take several days to complete investigation.

State police, county law enforcement officials, the Federal Bureau of Investigation and Clovis city officials are all working on the case. They are being assisted in their investigation by Parmer County Sheriff Charlie Lovelace and his deputies.

One veteran police officer in Curry County says this is the first bank robbery he can remember in this vicinity.

Commissioners Select Site For Multi-Purpose Dam

Parmer County commissioners court, in its regular session last Monday underscored its continued participation as a sponsor of the multi-purpose dam for Running Water Draw, and asked the SCS to plan for such a structure in the southeastern part of the county. The court voted to back the "east" location of three

proposed sites for the multi-purpose dam, ending what could have become a stumbling-block toward eventual selection of the dam site.

Locations discussed by the SCS for the multi-purpose structure were on land owned by J. B. Williams four and one half miles east of where Running Water Draw bisects State

Highway 214; a quarter of a mile west of the highway, on land owned by Sue Stevens of Denver City; and on the E. R. Greeson estate, three miles west of the highway.

SCS officials said the "eastern" location would be the best as far as water yields are concerned; the middle location next best and the third location

poorest. Members of the steering committee for the multi-purpose dam had met earlier and recommended that a site be chosen. The committee had favored the middle location, because of its central location. They had given the eastern location second choice.

"Location of the dam site is minor, so long as the county can get it with a relatively small investment," stated Andy Hurst, chairman of the county steering committee.

At a meeting earlier this month in Bovina for members of the committee and commissioners court, SCS officials told the group they felt confident that Parmer County's project would be approved if the eastern site were chosen. The middle site "probably" would have been okayed, although some doubt was raised concerning the western site.

The commissioners evidently felt it best to go along with the "sure thing," by voting to support the eastern site for the dam.

Local supporters were beginning to press a "deadline" for getting a multiple-purpose dam in the overall work program for the Running Water Draw Watershed Project. Now, however, its inclusion in the program has been assured.

Monday's action isn't by far the last word as to the multiple-purpose structure, however. Next big hurdle will be to secure Department of Agriculture and congressional approval for the program (expenditure of federal funds), and eventually it will be voted upon by county residents.

Next immediate step for the project will be designing of possible recreational facilities by SCS personnel in cooperation with the local sponsoring group. The SCS will also estimate what the entire

(Continued on page 2)

DAM LOCATION. The arrow points to the location chosen this week by Parmer County Commissioners as the one for which to seek a multiple-purpose dam through the Running Water Draw Project.

ALL STARS -- Local Little League All Stars were winners of third place in the recent Elida tournament and also placed third in the Portales tournament in which they participated over the past weekend. Coach of the team is Larry Gregory. Players pictured (front row left to right) Don Stone, Stanley Milstead, Brett Hargrove, Arturo Esparaza. (Back row left to right) Gary Johnson, Randy Chandler, Marty White, Jimmie Meeks and Greg Hargrove. All Stars not present for the picture were Mitchell Turnbough and Terry Yell.

O. G. Gulley Services Held Tuesday

Funeral services were held from the Farwell Baptist Church Tuesday afternoon for O.G. Gulley, 75, who passed away in Clovis Memorial Hospital on Sunday evening. Burial was in the Riverside Cemetery at Byers, Tex., under direction of Steed Funeral Home.

Mr. Gulley, a retired farmer, had lived in the Farwell area for the past 20 years. He had moved into town following retirement and made his home at 202-2nd street.

Survivors include his wife, Berta; six sons, Johnny, Buddy and Oral B., all of Clovis, Frank serving with the USAF in France, Olin, Forth Worth, and O'Dee, Russellville, Ark.; three daughters, Mrs. V.E. Carpenter Wichita Falls, Mrs. J.C. Nix, Grand Prairie, and Mrs. Beverly Swiss, USAF, Okinawa.

Also three brothers, Louie Henrietta, Tex., Eugene, Truth or Consequences and David, Muleshoe; two sisters, Mrs. Lattie Tucker, Phoenix, Mrs. Ruby Ship, Grand Junction, Colo.; 25 grandchildren and six great-grandchildren.

Pallbearers were J.T. (Theo) Atkinson, Melvin King, George Gross, Ernest Bass, Tom Berry, Frank Snyder, Bernice Snyder and George Williams.

Father Of Local Woman Buried

Funeral services were conducted at the Southland Baptist Church on Thursday for A.F. Davies, father of Mrs. Grady King, who passed away at St. Mary Hospital in Lubbock on Wednesday.

Burial was in the Southland cemetery beside his wife, who had preceded him in death 12 years ago. Funeral arrangements were under direction of Williams Funeral Chapel of Southland.

In addition to the local daughter, Mr. Davies is survived by six other daughters, two sons, two sisters, three brothers, 18 grandchildren and eight great-grandchildren.

Rites Held For Mrs. O.C. Petree

Funeral services were held at the Farwell First Baptist Church Sunday afternoon for Mrs. O.C. (Vida) Petree who passed away at her home on Friday evening. Rev. J.L. Bass officiated at last rites. Interment was in Bailey County Memorial Cemetery under direction of Singleton Funeral Home.

Mrs. Petree, who had celebrated her 64 birthday on Friday, operated Barbee Cleaners in Farwell and had worked on Friday. She was in apparent good health, but had had extremely high blood pressure for a number of years. She passed away suddenly at approximately 10:30 p.m. Friday following an apparent heart attack.

Mrs. Petree came with her family to Parmer County from Oklahoma some 25 years ago and settled in the Oklahoma Lane community where she made her home for the next 15 years. She and her husband had made their home in Farwell since he retired from active farming some 10 years ago.

She was a member of the First Baptist Church in Farwell and an active member of the Ruth Sunday School Class. Survivors in addition to her husband, Otis, are two sons, Ormal, Rogers, Ark., and Carroll, Irving; a brother Everett Smith, Clovis, one sister, Mrs. Dollie Downs, California, and five grandchildren.

Active pallbearers were Guy Austin, Partin Austin, Arnold Neuman, Sterlyn Billington, Shelly Barbee and Asa Smith. Honorary pallbearers listed were Fred Gerles, Claude Rose, E.C. Williams, Elmer Scott, Joe McWilliams, and Harry Whitely.

Football Practice Begins August 16

Fall is in the air -- school will be in session in a few short weeks -- and football workouts are scheduled soon--beginning twice a day Aug. 16, says Coach Toby Booth.

Plans are to hold practice at 9 a.m. and at 6:30 to 7 in the evening.

"We lost 11 lettermen and have seven lettermen coming back", laments Booth, as he explains that Farwell lost more team members than any of their competitors. "It just means that our spirit will have to be that much higher," he adds.

Reviewing the possibilities for this fall, he cites Larry Flowers as a good potential fullback, Johnny Schell at quarterback and halfback, Mike Camp and Doyle Johnson, ends; Larry Gregory, center; Joe Castillo, halfback; Charles Wade Norton, guard and line backer; and Bobby Fields, quar-

terback.

He adds that several other boys are very capable of taking up the slack left by graduates including Lester Gray Perry at guard, Jim Gray Perry at end, Lewie Bradshaw, quarterback; Cal Wilkinson, halfback; also Gary Sublette, Eddie Meeks, Ricky Lunsford, Larry Lee, Bobby Chadwick, Bruce and Warlick Dollar, Lupe Garz, Ricky Stewart, Vernon Bland, Jack Walker, Ricky Fletcher.

Revival Set For West Camp Church

Ralph Holland, pastor of the First Southern Baptist Church in Hutchinson, Kan., will be speaker for the series of revival services to be held at the West Camp Baptist Church August 8-15. Director of the song services will be Odus Walser, teacher in Farwell High School.

Sunday services will be held at the regular times, announces D. Casey Perry, pastor of the West Camp Church. No morning service will be held on Monday however, morning services will be held Tuesday through Friday, Aug. 10-13 at 8:30 a.m. All evening services will be at 8 p.m.

All area residents are invited to attend the series of special services.

Fireworks Sale Nets \$1,676 For Youth Commission

The Farwell Youth Commission reports that they realized \$1,676 net profit from the sale of fireworks during the July 4 holiday period. Money from the project is used by the commission for the Youth Recreation program in the Twin Cities.

Since January 1964 some \$1500 has been spent by the commission for the Pee Wee football program and the Little League baseball program, according to Smokey Gast, chairman of the commission.

In addition the fireworks stand has been given a coat of paint.

Speaking for the commission, Gast said "We wish to take this means of thanking the citizens of the Twin Cities for their support of the program and the financial aid from the sale of fireworks."

Other members of the commission are Bill Dollar, Harold Travis, Joe Jones, Elmer Hargrove and John McFarland.

Hootenanny Set For Sat. Night

All youth in the Texico-Farwell vicinity are invited to participate in a "hootenanny" at the Parking Lot of Farwell First Baptist Church this Saturday, August 7, 8 p.m.

There will be no admission charge. The evening will be spent in fun and fellowship. Ronnie Henson and Terry Lovett are in charge of the evening's entertainment and any one wishing to contribute an act should call one of the above by Thursday evening (tonight). Mr. and Mrs. Bill Craft are sponsors of the Youth department.

Services For Jack Wallace, Former Resident

Funeral services are scheduled today (Friday) at French Mortuary in Albuquerque for Jack Wallace, former resident of Texico - Farwell, who was killed in a three-car crash in Albuquerque Monday night. Burial will be at Albuquerque.

Four other persons were killed in the crash which took the life of Mr. Wallace. He had made his home in Albuquerque for the past several years.

Survivors include his wife, Edith and four children, Jacque and Paul of the home, Gary, Los Angeles, Mrs. Charmian Upshaw, San Leandro, Calif.; his mother, Mrs. Florence Johnson, Albuquerque, a brother, Max Wallace, Clovis. Also two uncles, Bert and Dick Albright of Clovis and one aunt, Mrs. Genevive Burford, formerly of Clovis who now resides in Hemet, Calif.

Bond Drive Set For August 11

Kick off drive for the bond sale to raise funds for the proposed Farwell Jaycee Rodeo Arena (to be built in the near future) has been set for Wednesday, August 11.

The bonds will be issued in the amounts of \$25 and up and will be repaid on a 10 year basis, plus interest.

The arena to be built at a cost of \$6,000 will be located on the Farwell School property in east Farwell (located north of Nickel's Gin). The property has been leased for a period of 10 years.

The area will be all metal and cable construction and will have facilities for a top rated rodeo performance.

Coach Toby Booth will call out his Farwell Steer football aspirants in a few weeks. If he demands a lot of his boys it will probably be partly due to his "upbringing". Back in 1946 Coach Booth played on the Farwell 6-man team above. They had an undefeated season. Back row, Bob Lowe, Bob Hart, Hollis

Hughes, Harry Sheets, Coach Jack Williams, Warlick Thomas, Max Ford; second row, Toby Booth, Junior Robertson, L. C. Herington; front row, Don Williams, O. L. Thompson, Billy James Moore, Donald Summers and W. H. Graham.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

Arrested On Stabbing Charge

Arrested in Friona Saturday morning in connection with a stabbing in Friona, at the home of Gilbert Silva, on Friday night were Carlos Blanco, 17 and Gilbert Carrasco, 18, both of Friona. The stabbing allegedly occurred at a private dance at the Silva home when the two men who were arrested got into an argument with Joe Morin. Morin was allegedly stabbed with a five inch blade. He was admitted to Parmer county hospital in serious condition and is still hospitalized.

Blanco and Carrasco both have made bond are at large awaiting grand jury action on the charge. Loyd Bell, AWOL from Sheppard Air Force Base at Wichita Falls, was arrested and is charged with removal of mortgaged property from Parmer county. His bond has been set at \$1,000.

Santos Rondo was returned from Stratford to Parmer county on Friday to face charges of non-support of minor children.

Ramon Alemon, picked up in Parmer county has been returned to George West, Tex., to face charges of passing worthless checks.

ta Falls, was arrested by sheriffs officers at one of the Parmer County road blocks set up as a result of bank robbery in Texico on Monday. Bell was driving a 1957 stolen car at time of his arrest. He was returned to Wichita Falls on Wednesday morning.

L.C. Wade has been arrested and is charged with removal of mortgaged property from Parmer county. His bond has been set at \$1,000.

Santos Rondo was returned from Stratford to Parmer county on Friday to face charges of non-support of minor children.

Ramon Alemon, picked up in Parmer county has been returned to George West, Tex., to face charges of passing worthless checks.

Broom Sale August 13-14

The annual broom sale, sponsored by the Texico-Farwell Lions club and looked forward to each year by many local housewives has been set for August 13 - 14. All proceeds from the sale will go into the sight conservation fund (Light-house for the Blind) a major project of the Lions Club organization.

Each year the club supplies the necessary funds, to obtain glasses for many school children who would not otherwise be able to obtain them, through the funds raised from the broom sale.

Brooms, mops, and other household items will be sold from several downtown stations on Aug. 13 and 14 and a door to door canvass is planned.

Any boy or girl between 9 and 19 years old can join 4-H.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section thereto to be designated Section 48b, so as to create as an agency of the State of Texas the Teacher Retirement System of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding Section 48b thereto which shall read as follows: "Section 48b. There is hereby created as an agency of the State of Texas the Teacher Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operations of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general

administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Teacher Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund to provide retirement, disability, and death benefits for persons employed in the public schools, colleges, and universities, supported wholly or partly by the state and all other securities, moneys, and assets of the Teacher Retirement System of Texas shall be administered by said Board and said Board shall be the trustee of the State of Texas shall be constituted of said moneys and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Teacher Retirement System including land,

equipment, and office building; or in such corporation bonds, notes, other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under the circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan, as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than \$500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33 1/3%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

LWML Chooses Projects Totalling \$290,000 At International Meet

Six projects totaling \$290,000 were chosen for the coming biennium by delegates attending the International convention of Lutheran Women's Missionary League in San Diego, July 21-22 according to Mrs. Walter Kaltwasser, local resident, who was one of the delegates representing the South Plains area. Mrs. Barbara Ussery of Plainview was also a representative from this area to the convention.

Projects accepted by the convention delegates include jeeps for pastors serving congregations in primitive areas of Brazil - \$30,000; leprosy treatment program at mission hospitals in India, New Guinea and Nigeria - \$85,000; Bible translation center at Enugu, Nigeria - \$100,000; "Messengers of Christ" a training program and recruitment program for linguistic work - \$10,000; Modern III Girls' School at Nung Udoe - \$35,000 and equipment for hospital at Yahe, Nigeria - \$30,000.

In attendance at the convention were more than 2,000 guests and 566 delegates. The convention was held in the new \$21.5 million Community Conference at San Diego. New officers were elected to serve for a four year term and the invitation of the Texas group to hold the 1969 convention in Houston was accepted. Mrs. Walter Kaltwasser of Farwell extended the invitation on behalf of the Texas delegates. The 1967 convention will be held in Washington, D.C.

stationary Paul H. Strogo, Hokkaido, Japan, area resident counselor for Far East missions; and Nelson Leigh, the actor who portrays Pastor Martin on the TV series "This is the Life." Among the problems hindering the spread of the Christian missions abroad are American racial inequality, movies, literature and the overseas tourists. Because America is considered to be a Christian country people overseas judge the American people by what they read and see, noted Dr. Harms.

Discussing the many evils of today's society -- overflowing mental institutions, narcotics and sex problems, juvenile delinquency and liquor -- Nelson Leigh said "I do so only to point out the need for any and all programs that can combat them." He also stressed the need for mass communication media for religious purposes.

Preceding the convention "Operation Penetration," an evangelism crusade, located 745 prospects for the Lutheran Churches in San Diego county. Theme for the entire convention was "All for Christ and Christ for All."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 81 proposing an Amendment to the Constitution of the State of Texas, amending Section 51-a and Subsections 51a-1 and 51a-2 of Article III so that the same shall consist of one section to be known as Section 51-a; providing that the Legislature shall enact appropriate legislation which will enable the State of Texas to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of needy aged persons over the age of sixty-five (65) who are citizens of the United States or non-citizens who shall have resided within the boundaries of the United States for at least 25 years, needy persons under the age of sixty-five (65) who are totally and permanently disabled and who are citizens of the United States, needy blind persons over the age of eighteen (18) who are citizens of the United States, and needy children under the age of twenty-one (21) years who are citizens of the United States and to the caretakers of such children; providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care; authorizing the Legislature to prescribe residence requirements; providing for the acceptance and expenditure of funds from the Government of the United States for such purposes; authorizing appropriations for such purposes out of State funds; providing that the maximum amount paid out of State funds to any individual recipient shall not exceed the amount that is matchable out of Federal funds; providing that the total amount of such payments for assistance and/or medical care out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and provided further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000). "Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the Laws of this State."

ices included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes in accordance with the laws of the United States as they now are or as they may hereafter be amended, and to make appropriations out of State funds for such purposes; provided that the maximum amount paid out of State funds to any individual recipient shall not exceed the amount that is matchable out of Federal funds; provided that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and provided further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000). "Nothing in this Section shall be construed to amend, modify or repeal Section 31 of Article XVI of this Constitution; provided further, however, that such medical care, services or assistance shall also include the employment of objective or subjective means, without the use of drugs, for the purpose of ascertaining and measuring the powers of vision of the human eye, and fitting lenses or prisms to correct or remedy any defect or abnormal condition of vision. Nothing herein shall be construed to permit optometrists to treat the eyes for any defect whatsoever in any manner nor to administer nor to prescribe any drug or physical treatment whatsoever, unless such optometrist is a regularly licensed physician or surgeon under the Laws of this State."

thereon the following: "FOR the Constitutional Amendment providing for assistance to and/or medical care for the: (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) needy blind; and (4) needy children and the caretakers of such children; authorizing the Legislature to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of such needy persons, and in providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes, and to make appropriations out of State funds for the purpose of providing assistance to and/or medical care and rehabilitation and any other services included in the Federal legislation providing matching funds on behalf of such needy persons; providing that the amounts expended out of State funds to and/or on behalf of individuals shall not exceed the amounts that are matchable out of Federal funds; providing that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and providing further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000). Providing that nothing in the Amendment shall be construed to amend, modify, or repeal Section 31 of Article XVI of the Constitution." "AGAINST the Constitutional Amendment providing for assistance to and/or

medical care for the: (1) needy aged; (2) needy individuals who are permanently and totally disabled; (3) needy blind; and (4) needy children and the caretakers of such children; authorizing the Legislature to cooperate with the Government of the United States in providing assistance to and/or medical care on behalf of such needy persons, and in providing rehabilitation and any other services included in the Federal legislation providing matching funds to help such families and individuals attain or retain capability for independence or self-care, and to accept and expend funds from the Government of the United States for such purposes, and to make appropriations out of State funds for the purpose of providing assistance to and/or medical care and rehabilitation and any other services included in the Federal legislation providing matching funds on behalf of such needy persons; providing that the amounts expended out of State funds to and/or on behalf of individuals shall not exceed the amounts that are matchable out of Federal funds; providing that the total amount of such assistance payments and/or medical assistance payments out of State funds on behalf of such recipients shall not exceed the amount that is matchable out of Federal funds; provided that if the limitations and restrictions herein contained are found to be in conflict with the provisions of appropriate Federal statutes as they now are or as they may be amended, to the extent that Federal matching money is not available to the State for these purposes, then and in that event the Legislature is specifically authorized and empowered to prescribe such limitations and restrictions and enact such laws as may be necessary in order that such Federal matching money will be available for assistance and/or medical care for or on behalf of needy persons; and providing further that the total amount of money to be expended per fiscal year out of State funds for assistance payments only to recipients of Old Age Assistance, Aid to the Permanently and Totally Disabled, Aid to Families with Dependent Children shall never exceed Sixty Million Dollars (\$60,000,000). Providing that nothing in the Amendment shall be construed to amend, modify, or repeal Section 31 of Article XVI of the Constitution." Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and the Laws of the State of Texas.

Dam Site--

(Continued from page 1)

program will cost the county, and what the total federal participation will amount to.

"We felt the program would be a sounder one from a technical point of view by choosing the eastern site for the dam," stated County Judge Loyde Brewer.

Brewer pointed out that SCS officials estimated that the eastern location would be without water only once every 20 years on the average, while the western site would be dry three times during the same span.

In choosing the eastern site, commissioners also took into consideration legal drawbacks to the other two locations, which could have delayed the selection of a site indefinitely. Also, the other two locations had not been surveyed, providing permission had been granted. The Williams site had already been surveyed, saving the county additional money as well as time.

It was estimated by the SCS that the cost of such a structure at the eastern site would be less than if it were built at the middle site.

Janice Meeks Enrolls At LCC For Summer School

Janice Meeks, daughter of Mr. and Mrs. Lee Meeks and a 1964 graduate of Farwell High School has enrolled for the second session of summer school at Lubbock Christian College.

She recently returned from Liverpool, England where she participated in a series of gospel meetings, sponsored by a church group from the South Plains. LCC has enrolled a total of 171 students this semester compared with 130 a year ago.

Hopkins County Reunion Set

The annual Hopkins County reunion will be held at McKenzie Park in Lubbock on August 8. Hopkins county stew will be served and lunch will be spread under the trees, according to Mrs. Christine Rhodes. All former Hopkins county persons living in this area are invited to attend the celebration.

Budget Hearing

Budget hearing for the Farwell Independent school district will be held at the meeting of the school board on Monday night, August 9, 8 p.m. in the office of Supt. W.M. Roberts.

All interested persons are invited to attend the meeting.

300 Attend First Service In New Methodist Sanctuary

The opening service at Hamlin Memorial Methodist church on Sunday morning was well attended with approximately 300 persons gathered in the fellowship hall (which has been used for worship services for the past five and one-half years) to march into the newly erected sanctuary for the first service in the new building.

Dr. Ralph Seller, superintendent of the Clovis District, was presiding minister at the opening ceremony. Rev. W. C. Strickland, local pastor delivered the morning message. The church choir under direction of Mrs. Nelle Craig provided special music during the service.

Open house was held from 2-6 p.m. Sunday, with an additional 200 persons visiting the church during the receiving hours. The WSCS provided refreshments for the open house and members of the building committee and the financial committee were hosts.

Scouts Have Reorganization Plan Underway

Farwell Boy Scouts are being called to a meeting Thursday August 19 at the Farwell Fire Station. Parents of Scouts and Scout-age boys are especially urged to attend.

RA's Have Campout

The Royal Ambassador chapter from the Texico Baptist Church returned on Saturday from an overnight trip to Palo Duro Canyon. Twenty-three boys were in the group which took the trip. They spent the time hiking, swimming, and practicing cooking. Highlight of the campout was the campfire service on Friday night. Counselors were Dallas Brown, Rev. Leroy Looper, Murray White, Bill Boling and Wayne Hudnall. Boys in attendance were Johnny Boling, Johnny Hammonds, Todd Hammonds, Marty White, Billy Payton, Jimmy Payton, Lathin Payton, Roddy Pearce, Danny Pearce, David Brown, Rayford Fitts, Ronnie Winegeart, John Earl Winegeart, Dub Haws, Leslie Montgomery, Allan Halle, Duane Foreman and Tommy Johnson.

Betty Lockhart, Jon Schroeder Married In Candlelight Ceremony

TO WED --- Mr. and Mrs. John David Burk, 3408 N. Chadbourne St., San Angelo, Tex., announce the engagement and approaching marriage of their daughter, Mary Helen to Ronny Allan Reed, son of Mr. and Mrs. W.H. Reed of Farwell. The wedding will be held in the First Baptist Church in San Angelo, Sept. 5. The bride-elect, a graduate of San Angelo Central High School is a student at Texas Tech. Her fiancé, a graduate of Farwell High School is a junior at Texas Tech.

"Mom" Spurlin Back From Trip

Mrs. W.H. "Pop" Spurlin and her daughter, Mrs. Walter Hardage of Lubbock returned early this week from Louisiana where they attended a reunion of the family of Mrs. Spurlin's sister. "I saw one niece I hadn't seen in over 25 years," sated the local woman, as she recounted visits with family members. She and her sister had not been together for three years. After the reunion, the woman drove to Pine Bluff, Ark., where they visited with Mr. and Mrs.

Gerald Hardage. He is the son of the Hardages and grandson of Mrs. Spurlin. The young daughter of Gerald and his wife, returned home with her grandmother for a visit.

Jimmy Hardage returned his grandmother to Farwell Monday night.

While in the Louisiana area, the local people visited the old church and school building where older children of the "Pop" Spurlins had been enrolled when they were youngsters.

Betty Ruth Lockhart, daughter of Mr. and Mrs. J. T. Lockhart, Texico, became the bride of Jon William Schroeder, son of Mr. and Mrs. W.W. Schroeder, Plainview, in a ceremony by candlelight on Saturday evening.

The double ring ceremony was read by Rev. Leroy Loooper in the new Texico Baptist Church at 7:30 p.m. Focal point of the altar setting was a sunburst arrangement of white gladioli and majestic daisies set on a fluted stand, encircled by a spiral candelabra, holding 45 pink tapers. Flanking the entire setting were palms of emerald greenery and jade fern foliage.

Organist Susan Maddox, played appropriate music preceding the ceremony and the traditional wedding march as the couple approached the nuptial area. She also accompanied Mrs. Murray White, soloist, who sang "One Hand, One Heart" after the bridal party entered the church and "The Wedding Prayer" as a benediction at the close of the ceremony.

Ushers were Paul Smith, Amarillo, and Mike Getz, Canyon. Bestman was Kenneth King, Plainview, a close friend of the groom. Groomsmen was Dick Lockhart, Albuquerque, brother of the bride.

Matron of honor was Mrs. Paul Smith, college friend of the bride. Bridesmatron was Mrs. Mike Getz, former classmate and college roommate of the bride. Bridal attendants

MR. AND MRS. JON WILLIAM SCHROEDER

toned sleeves which came to petal points at the wrists. The long chapel train was attached to the bell skirt by a miniature bustle bow. Her elbow length veil of imported French filus'on fell from a cluster of silk roses and a Cleopatra mantle of seed pearls.

She carried a garland bouquet of red Yuletide roses, atop a white satin and lace covered Bible, a gift from the Texico Baptist YWA.

For something blue she wore a garter, presented to her by her college sorority. For luck she wore in her shoes pennies minted in the year of her birth and that of the groom.

The bride's mother was attired in a three piece suit of pink linen with which she wore black accessories. Her corsage was three Yuletide red roses.

The groom's mother chose a gold suit of linen with black.

Her corsage was also of red Yuletide roses.

Kathy Lockhart sister of the bride presided at the guest register.

Immediately following the ceremony a reception was held in the fellowship hall at the church. The serving table, presided over by Misses Marie Chaney and Sue Ramey, college friends of the bride, was covered with a white tablecloth with a floor-length skirt of white organdy. Centering the table was an arrangement of pink and red roses a gift to the couple, flanked by red candles in crystal candelabras.

The tiered wedding cake, separated by columns was decorated with pink sugar hearts and white confection wedding bells, and topped by a miniature bride and groom figurine. After the bride and groom had cut the first slice of cake it was served with pink frosted punch, nuts and red mints. Crystal and silver table appointments were used.

When the couple left for a wedding trip to Carlsbad the bride wore, for travel, a three piece suit of pink linen with matching accessories. Her corsage was of red Yuletide roses, lifted from her bridal bouquet.

The bride is a graduate of Texico High School and received a B.A. degree in elementary education from Wayland Baptist College this summer.

The groom, a graduate of plainview High School spent three years in the Army in Germany. He recently received a business administration degree from Wayland Baptist College. He is employed in Lubbock by State (Continued on page 4)

Bridal Shower Honors Carylon Lindop

Carylon Lindop, bride-elect of Joe Davis was honoree for a miscellaneous shower in the home of Mrs. C. C. Christian recently. Assisting Mrs. Christian with hostess duties were her daughter, Phyllis, Mrs. Guy Austin and Mikala and Mrs. Clark Billingsley and Sherry.

Chosen colors of the honoree, blue and white, were used in table appointments and room decorations. Serving table was laid with a white cutwork cloth with blue trim, and centered by an arrangement of white flowers in a blue crystal bowl. The wedding date "July 30, 1965" made from blue letters on a white background was focal point of the floral arrangement.

Presiding at the serving table were Mrs. Rundell and Mrs. Austin. Phyllis Christian, Sherry Billingsley, Mikala Austin and Donna Rundell greeted guests and alternated at the registration table.

Corsages of kitchen gadgets tied with blue and white ribbon bows were presented to the honoree, her grandmother, Mrs. George Lindop, and mother of the groom elect, Mrs. Cecil Davis, Mrs. Lindop and Mrs. Davis assisted the honoree in opening gifts.

Signing the guest register and sending gifts were: Donna Rundell, Sherry Billingsley, Mikala Austin, Phyllis Christian, Becky Strain, Mrs. Guy Austin, Mrs. Partin Austin, and Sherry Phipps, Mesdames John Getz, Bunk Phillips Connie and Linda, Jerry Reid, Wendol Christian, Lawrence Cooper, Bill Foster, Mary Phipps, Hilvers, Kaplan, Johnny McDonald, G.T. Watkins, Danny Huffaker, C.J. Huffaker, Corda Battey, Ann Smith, Ben McKinney, W.H. Graham, Lee Jones, Sam Sides, Ruth Reid, Paul Gore, Ronnie Wines, Bill Prince, C.C. Christian, Clark Billingsley, and Robert Rundell.

Also Mmes. Eddie Traxson, G.H. Lindop, Troy Christian, C.G. Davis, C.J. Davis, Tom Lindop and Dan, Dave Lindop Barthel Ford, Woodrow Lovelace and Diane, Clay Henson, E.G. Blair, Albert Smith, Dora Smith, Waldene Henson, Alice Bell, Bob Balestri, Mitz Walling, Chris Moss, L.R. Vincent, Lenton Pool. Also Misses Mary Davis, Brenda Cathey, Leslie Cooper, Edyth Walling, Ginger Hughes, Joyce Kay Watts, Lana Gay Mahaney, Judt Gast, Teresa Quicquel and Peggy Martin.

Lingerie Shower Honors Recent Bride

The home of Mrs. W.E. Rundell was scene for a lingerie shower honoring Mrs. Ralph Coleen (Jeanne Pettigrew) recent bride, on Monday evening. Assisting with hostess duties were Mrs. Mose Glasscock and Mrs. Lee Hutchins.

Guests were registered by Miss Gwendolyn Rundell and hostesses alternated at the serving table. Gift table was centered by a Barbie doll, dressed in filmy lingerie. Centering the serving table was a white candle encircled with a garland of gold roses, Hawaiian punch and individual cake squares were served with nuts and mints.

Signing the guest register or sending gifts were Mmes. Marvin Brazill, Ray Campbell, T.J. Kitzrell, Claude Coffey, James Berry, Mose Glasscock, Lee Hutchins, Emmitt Berry, Doris Lyday, W.H. Graham, Lee Meeks, W.T. Meeks, and Dorothy Gast. Also Misses Judy Pettigrew, Gwendolyn Rundell, Sherry Billingsley and Pat Kaltwasser.

After going to Austin to take state board tests for a hair-dressers license, Mrs. Coleen will go to New York to join her husband.

Brent and Kyle Jones, children of Mr. and Mrs. Dean Jones, of Osceola, Missouri are visiting in the home of Mr. and Mrs. Guy Austin this week.

MRS. ROGER LYNN EZELL

Judy Roach, Roger Ezell Married At Okla. Lane

Miss Judy Carolyn Roach, daughter of Mr. and Mrs. James D. Roach of Oklahoma Lane became the bride of Roger Lynn Ezell, son of Mr. and Mrs. Marvin E. Ezell of Bovina, in the Oklahoma Lane Methodist Church Saturday July 31, in a double ring ceremony read by Rev. Vernon E. Willard, pastor of the First Methodist Church in Happy.

The services were performed before a white kneeling bench flanked on either side by white tapers in brass candelabra with a background of palms and two white baskets of white gladioli and pink mums decorating the altar area.

Given in marriage by her father, the bride wore a formal gown of silk organza over taffeta fashioned with a scooped neckline and long tapered sleeves. The bodice was ornamented with lace applique and seed pearls which also complimented the controlled bell skirt. The detachable wateau court train was magnificently squared with a wide border of aleacon lace and was attached at the back waistline with a lace bow.

Her fingertip veil of doubled silk illusion was attached to a lace caplet embroidered with seed pearls.

The bride carried a satin Bible topped with a large white orchid surrounded by pink roses and stephanotis.

Traditions carried out were the blue garter, given to the bride by a cousin, something borrowed was a cutwork handkerchief belonging to the bride's mother, old was the Bible she carried belonging to her great-grandmother. For something new, she wore a pearl necklace a gift from the bridegroom.

Attending the bride as maid of honor was Miss Mary Mayfield, Midland. Miss Marilyn Alexander of Amarillo, Miss Dee Ann Hunt of Odessa, a cousin of the bride, and Mrs. Jon Lin Riddle of Bovina were bridesmaids. Another cousin of the bride, Miss Kimberly Gober of Bovina, was junior bridesmaid.

The bride's attendants wore identical formal-length gowns of candy pink silk organza over taffeta. The controlled bell skirts were doubled bowed in the back. The sleeveless bodice had applique of white lace, long white gloves and matching shoes. Their head dresses were a Dior bow with a circular veil. They each carried a long-stemmed red rose.

Miss Judy Foster of Clovis, N.M., a cousin of the bride, served as flower girl. She wore a formal gown of candy pink silk organza over taffeta the sleeveless bodice compli-

mented the gathered skirt. She wore short white gloves and a halo of white flowers in her hair.

Miss Barbara Kay Griffith of Bovina, cousin of the bridegroom, and Miss Angela Ezell of Lubbock, niece of the bridegroom, acted as candle lighters and wore dresses identical to the flower girl with pink bows in their hair.

Attending the groom as best man was Jerry Trees of Lubbock. Jerry Roach of Bovina, brother of the bride, Kenneth Stie of Borger, and Douglas Wilks of Silver served as groomsmen.

Ushers were Lane Gober of Bovina, cousin of the bride, and Tommy Lester of Lubbock. Ring bearer was Richard Horn of Spur, nephew of the bridegroom.

Mrs. Donald Christian was at the organ and accompanied Mrs. Troy Christian, soloist.

The bride's mother chose a mint green dress of matlasse, setting off a silk organza hat of shaded pastels. Her corsage was of pink orchids. Mrs. Ezell chose a beige silk dress, complimented with white silk organza hat, and a corsage of green orchids.

A reception was hosted by the bride's parents in the Fellowship Hall of the church following the wedding.

Guests were served wedding cake and punch from a floor length cloth of white net over white satin centered with pink and white carnation and mum arrangement, milk class and silver appointments were used. Two large bouquets of pink flowers flanked the serving table.

Serving were Mrs. Darrel Read of Bovina and Mrs. Gilbert Floyd of Midland. Registering the guests was Mrs. Larry Manley of Lubbock.

After a wedding trip to New Mexico and Colorado the couple

P. Hill Pals Have Swimming Party

Pleasant Hill Pals 4-H Club was in 100% attendance at the swimming party and picnic supper held at the home of Carolyn Langford on Monday night.

Preceding the party five members; Sherry Clark, Carolyn Langford, Janine Clark, Diane Kelley and Debbie Bocox presented demonstrations. Demonstrations were: "The Proper Way to Set a Table" - Sherry Clark; "Feeding a Champion" - Carolyn Langford; "How to Clean Fish an Edge" - Janie Clark; "How to Pot a Plant" - Diane Kelley; "How to Make a Leather Bookmark" - Debbie Bocox.

During the business meeting Arlan Davis reported on the bicycle safety test available to members - and several members took the test to be mailed to the state safety director for scoring. He also reported on the sidewalk bazaar, thanking members for their assistance in the sidewalk booth (soft drinks, baked goods and roadrunner license plates were sold.) Plenty of license plates are still available, according to Arlan.

Alice Mavis, Assistant HD Agent told members about the new community beautification project and the club voted to make an entry in the event. A garden tour is planned for August 16. It will begin at the home of Carolyn Langford at 7 a.m. (MST). Achievement Day is planned for August 19, 1:30 p.m. at the community center. Families of club members arrived at 7 p.m. to share the picnic supper of Sloppy Joes, and all the trimmings, complete with home made ice cream and a watermelon cake, baked by the hostess (Carolyn Langford).

Attending the social were Messrs. and Mmes. Langford and Carolyn, J. D. Kelley, Diane, Dwayne, Elaine and Beth;

Dewey Pierce, Johnny, Gale and Terry; Alvis Clark, Janine and Bettye, V. O. Sharp and Janet; Glenn Bocox, Debbie and Ken, Willard Davis, Arlan and Caryn, Cindy Eshleman, Alice Mavis, Mrs. Donald Clark, Sherry and David.

Attend Birthday Celebration

Rev. and Mrs. Harvey Hudnall and son, Wayne accompanied by Tommy Johnston, Lubbock, were in Portales on Sunday to celebrate the birthdays of Bobbie and Brenda Harmon, grandchildren of the Hudnalls, and children of Mr. and Mrs. Robert Harmon.

Bobbie was two on July 29 and Brenda was one, July 25. Also spending the day in Portales and helping the children to celebrate their birthdays were Mr. and Mrs. Claude Heath, Friona, Mr. and Mrs. Russell Harmon, House, and Mrs. Johnnie Warrick and Rene', Portales.

Lockhart - Schroeder

(Continued from page 3)
Farm Claim Department.

Out of town guests attending the wedding were Miss Mary Schroeder, sister of the groom, New York City; Mr. and Mrs. Bruce Bennett, Mr. and Mrs. Lee Bennett, Jackie Pinson, Judy and Lauretta McQuiston, Mrs. Louis Purvis, Carolyn Whitney, Mrs. Loree Hill, George Lockhart, Mr. and Mrs. Dick Lockhart, Mr. and Mrs. Joe Morgan, Mr. and Mrs. Neal Williams, Mrs. Roy Clark, Mrs. Jerry Belk, Susie Leuchfeld, Lois Finley, Mr. and Mrs. Joe Don Hancock, Mrs. Fred Hancock, Mr. and Mrs. Denver May, and Mrs. George Hilpert.

MR. AND MRS. DONALD CRUME

Judy Vance-Donald Crume Married Saturday

Judy Ann Vance, daughter of Mr. and Mrs. Bill Vance, 1500 S. Ave I, Portales and Donald Bruce Crume, son of Mr. and Mrs. Joe Crume, Farwell were married in a simple but impressive ceremony at University Baptist Church in Portales at 8:30 p. m. Saturday evening.

The Rev. Elliott Smith officiated at the ceremony, which was attended by close friends and relatives. Appropriate musical selections were played on the organ by Mrs. Ann Culpepper, friend of the Vance family.

Attendants for the couple were Janie Vance, sister of the bride, and Phillip Crume, brother of the groom.

The bride was wearing a street length white wedding gown of beau de sole. The gown,

designed and made by the bride's mother, was adorned on the bell skirt by appliques of lace. Her shoulder length veil of white tulle was finished with a lace border.

For something old she carried a white Bible, given to her by her grandmother, topped by her bridal bouquet of white stephanotis with cascading satin streamers. New was her wedding dress; borrowed was a handkerchief, and blue was the traditional garter, a gift from a close friend.

A reception was held in the home of the bride's parents immediately following the ceremony. The wedding cake, baked and decorated by the bride's aunt, Mrs. Betsy Freeman carried out the chosen colors of the bride, yellow and white. The

Life's Extras Is Devotional Topic

The home of Mrs. Hattie Boling was scene for the Monday night meeting of Ruth Sunday School class of Farwell Baptist Church. Eleven members and one guest, Mrs. Loree Hill, were in attendance.

Mrs. Mabel Reynolds gave the devotional using Archibald Russell's "Life's Extras" as basis for her discussion.

During the business meeting members voted to change the meeting date from once each month to one time each quarter. They also decided to visit the shut ins of the Twin Cities. Reports were given and committees appointed by Mrs. Harry Whitley, who presided over the business session.

Assorted cookies were served with sherbet to Mesdames Whitley, Reynolds, Hill, Grace Snider, Fairy Stovall, Alma Boss, Dora Johnson, Mae Porter, True Bell, Elizabeth Guess, Hattie Coffey and the hostess, Hattie Boling.

tiered cake was decorated with yellow roses, white lily of the valley and topped by a miniature bride and groom.

After the bride and groom had cut the first slice of cake, it was served with punch. Mrs. Cora Stewart, aunt of the bride served the cake and Kathy Freeman, cousin of the bride presided at the punch bowl.

After a short honeymoon trip to points in New Mexico the couple will be at home at 602 3rd. St. in Farwell.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER TEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 47 proposing an Amendment to Section 4, Article III, Constitution of the State of Texas, to provide four-year terms of office for State Representatives. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 4, Article III, Constitution of the State of Texas be amended to read as follows: "Section 4. The members of the House of Representatives shall be chosen by the qualified electors for the term of four years, but a new House of Representatives shall be chosen after every apportionment, and the members elected after each apportionment shall be divided by lot into two classes. The seats of the members of Class A shall be vacated at the expiration of the first two years, and those of Class B at the expiration of four years, so that one-half of the members of the House of Representatives shall be chosen biennially thereafter. Representatives shall take office following their election, on the day set by law for the convening of the Regular Session of the Legislature, and shall serve thereafter for the full term of years to which elected and until their successors shall have been elected and qualified. Except in case of an election to fill a vacancy, and except in the first election following each re-apportionment, a person who has been elected to the House of Representatives shall not be eligible for membership in the Legislature until the term for

MRS. LENA YODER

Celebrates 90th Birthday

Mrs. Lena Yoder, Clovis Retirement Ranch, and formerly a resident of Texico for many years celebrated her 90th birthday in the home of her daughter, Mrs. Gertrude Jackson - 808 Edwards St. in Clovis recently. Eight of Mrs. Yoder's nine children were here for the celebration and several friends called to wish her a "Happy Birthday" during the afternoon. Children attending the celebration were Mrs. Gertrude Jackson and Mrs. Mary Edmonston, both of Clovis; Mrs. Monty Parsons and Edward Yoder, both of Texico; Albert Fred and Raymond Parsons all of Minco, Okla., and Ernest Yoder, Fullerton, Calif., Unable to attend the celebration due to illness in her family was Mrs. Annie Graves of Kermit.

Son Born To Roy Woodards

Brandon Kyle is the name of the new son of Mr. and Mrs. Roy Woodard of Portales and formerly of Farwell. The baby was born early Sunday at Clovis Memorial Hospital and weighed 7 lb. 12 1/2 oz. The young man has an older brother, Brent. Grandparents are Mr. and Mrs. Henry Walker of Rogers and Mr. and Mrs. O.M. Woodard of Lovington.

Carry and Bruce Cassady from Cortez, Colo. have spent the past week in the home of their grandparents, Mr. and Mrs. C.A. Cassady in Texico. They returned home Wednesday morning. Visitors in the Cassady home over the weekend were Mr. and Mrs. Phillip Cassady and family of Gruver.

Party Honors Aulana Levins

Aulana Levins, from Deming, New Mex., a visitor in the home of Mr. and Mrs. Bob Anderson was honored for a "James Bond Party" on Friday evening when Meredith Anderson entertained several of her friends. After the guests had arrived at the Anderson home games were played, and a scavenger hunt enjoyed. Attendees at the party were Mark and Barry Williams, Cindy Phillips, Danny Prince, Marscha Lovelace, Greg Meeks, Sharon Williams, Dean Stovall, Melody Roberts, Cheryl Boling, John Charles Snider, Steve Blair, Douglas Harriman, the honoree, Aulana, and the hostess, Meredith.

Visit In Peiman Home

Visiting in the home of Pastor and Mrs. Herbert Peiman of the St. John Lutheran Church are his sister and brother-in-law, Mr. and Mrs. Richard Bauch of Vassar, Kan.

The Peimans are expecting a visit from their daughter and family, Mr. and Mrs. Ray Peterson next week. The Petersons are returning from San Diego, Calif. where Mrs. Peterson was a delegate from the Houston zone to the International LWML convention, held in that city recently. The Petersons live in Pasadena, Tex.

The Petersons have been visiting points of interest on the trip to California and back. Spots of interest visited have been Carlsbad Caverns, El Paso, Tuscon, Disneyland, Knox Berry Farm and the Golden Gate Bridge. They will arrive in Larlat Monday.

Fishing Trip

Mr. and Mrs. Mason Neeley accompanied by Mr. and Mrs. Monk Horton of Clovis spent several days recently at Platona Lake in Colorado on a fishing trip.

Mrs. Neeley injured her ankle while on the trip and has been confined to her home for the past few days. She reports that the ankle is improving daily.

Christina Bowers Is Shower Honoree

Christina Bowers, bride-elect of Jack Walters was honoree for a miscellaneous bridal shower in the fellowship hall of Texico Baptist Church Tuesday night.

The serving table, presided over by Mrs. Art Peiffer and Miss Bobbie Sullivan, was covered with white lace over mint green and centered with an arrangement of white phlox in a low bowl. The crystal punch bowl, holding green punch was placed at one end of the table and white cookies on a crystal plate were set at the other end. Mint green and white mints, and nuts were served with the punch and cookies. Napkins bearing the names "Christy and Jack" completed table decor.

Corsages of carnations and stephanotis in the honoree's chosen colors were presented to Miss Bowers, and her mother, Mrs. Anson Bowers. Mrs. Bowers assisted her daughter in opening gifts and Mrs. Dwight Turner, cousin of the honoree registered the gifts in the bride's book.

Attending the social and sending gifts were Mesdames Verney Sharp, S.G. Jones, Allen Kelley, Leroy Faville, Guy Cox, Clarence Smith, Art Peiffer, John R. Hadley, Bill Boling, Anson Bowers, Tom Martin, Wayne Martin, B.A. Kelley, Harvey Hudnall, Avis Patterson, David Gossett, Phil Elliott and Leslie, John Wall, Dwight Turner, Hettie Harrison, Monty Parsons, Murry White, Chris Moss, Ab Kleeman, T.B. McGregor, Bob Martin, Clyde Sparks, Olan Schlueter, John Lockhart, Alie Burris, Lena Roth and Ruth Reid.

Also Misses Jo Mae Priest, Bobbie Sullivan, Kathy Lockhart, Betty Lockhart, and Mmes. Buster Whorton, Layton Woody, James Gillean, Billy Merrill, James Priest, Potter, Jim Pierce, Jack Watts, Bob and Pete, C. B. Stockton, John Hill, Bub Snell, Leon London, Jerry Henson, Ray Tharp, Effie Bowers, Gene Urey, Bob Norman, Woodrow Hagler, Truman Kittrell, C.W. Sledge, Myron Hillock, Leroy Looper, David Lockhart and Buddy Pearce.

Also Mmes. Dee Brown, Everett Widner, Burch Martin, Lillian Allman, C.H. Webb, Wesley Engram, John Adams, B. A. Rogers, John Hightower, Glen Singletery, Dalton, the Ruth Sunday School Class and Jo Martin.

MEET MR. WUNSTOP DUZZIT

Small boy to his father: "I'm supposed to tell you there's going to be a small PTA meeting tomorrow night." "Well if it's going to be a small one, do I have to go?" asked the father. "Oh, yes," answered the son. "It's just you, me and the principal."

If You're Satisfied Tell Your Friends, If Not Tell Red
RED'S "66"
RED PRATHER
481-3662 - Farwell

Brent and Shawn Stephens, children of Mr. and Mrs. Buddy Stephens of Amarillo have been spending a week in the home of their grandparents, Mr. and Mrs. Leroy Faville in Clovis. They returned home Tuesday.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 11 proposing an Amendment to Article III of the Constitution of the State of Texas authorizing loans to students at institutions of higher education; creating the Texas Opportunity Plan Fund and making provisions relating thereto. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding a new Section to read as follows: "Section 50b. STUDENT LOANS. (a) The Legislature may provide that the Coordinating Board, Texas College and University System, or its successor or successors, shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed Eighty-five Million Dollars (\$85,000,000). The bonds authorized herein shall be called 'Texas College Student Loan Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purposes of this Section. (b) All moneys received from the sale of such bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Opportunity Plan Fund to be administered by the Coordinating Board, Texas College and University System, or its successor or successors to make loans to students who have been admitted to attend any institution of higher education within the State of Texas, public or private, including Junior Colleges, which are recognized or accredited under terms and conditions prescribed by the Legislature, and to pay interest and principal on such bonds and provide a sinking fund therefor under such conditions as the Legislature may prescribe. (c) While any of the bonds or interest on said bonds authorized by this Section is outstanding and un-

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 7 proposing an Amendment to the Constitution of the State of Texas providing for the exemption from local ad valorem taxes of the property of certain charitable organizations, provided such organizations meet certain conditions and requirements and expend at least One and One-half Million Dollars (\$1,500,000.00) annually on free medical and hospital care for the indigent within the State of Texas; providing for the necessary election, form of ballot, proclamation and publications. PREAMBLE WHEREAS, The Legislature finds and declares that there is a need for the operation of hospitals by private charitable enterprises which will furnish free medical and/or hospital care for the indigent in Texas; and WHEREAS, The operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent in Texas will add to the welfare and well-being of the State of Texas and its residents and citizens; and WHEREAS, The need for the operation of such hospitals and the furnishing of such free medical care and hospitalization for the indigent is especially great in counties having a population in excess of one million two hundred forty thousand (1,240,000); and WHEREAS, It is found and declared to be the Public Policy of the State to foster and encourage such operation of hospitals as aforesaid; now, therefore, BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. The Constitution of the State of Texas is amended hereby, by the addition of a new Section to Article VIII thereof, to be numbered Section 2-A, and reading as follows: "2-A. The properties of any charitable trust or organization, if such trust or organization is dedicated to, and operates a hospital furnishing free hospital and/or medical care for the indigent within the State of Texas, shall be exempt from all ad valorem taxes levied by any taxing entity, except by the State of Texas itself, provided: (1) such trust or organization has expended for free hospital and/or medical care within the State of Texas, during the calendar year next preceding, a sum of not less than One and One-half Million Dollars (\$1,500,000.00); and, further provided: (2) after such exemption has been in force and effect for one full calendar year, the amount expended for free hospital and/or medical care, within the State of Texas, amounts to not less than One Million Eight Hundred Thousand Dollars (\$1,800,000.00) on the calendar year next preceding; and, further provided, (3) such trust or organization is exempt from United States income taxes; (4) such charitable trust or organization maintains its domicile and operates a hospital or hospitals in a county having a population of more than one million two hundred forty thousand (1,240,000) according to the last preceding Federal Census, and such exemption shall apply only to the properties of such charitable trust or organization located within the county of its domicile. "Proof of compliance with all applicable conditions stated above, shall constitute a complete defense to any suit for ad valorem taxes levied or attempted to be levied by any taxing entity other than the State of Texas itself. "This Amendment shall be self-enacting." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Monday in November, 1965, at which election all ballots shall have printed thereon the following: FOR the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas. AGAINST the Amendment exempting the property of certain charitable organizations from local ad valorem taxes provided any such organization meets certain conditions, and expends at least One and One-half Million Dollars (\$1,500,000.00) annually for free hospital and medical care for the indigent within the State of Texas. Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and Laws of this State.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT
NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. HOUSE JOINT RESOLUTION NO. 5 proposing an Amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows: "Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Board and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature. "The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present. "The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for

moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes. "All moneys comprising a part of said Fund not expended for the purposes hereinafter provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund. "When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased there-with) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party. "The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund. "The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to

Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law. "Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds. "All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein. "If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith. Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.

COMPLETE DRIVER TRAINING -- This group of driver training students listen intently as Jack Williams, instructor, gives a few last minute instructions prior to the driving test, (in order to obtain drivers license). Pictured are Gary Lide, Robin Mahaney, Randy Crook, Skippy Magness, Roger Patrick, Donna Kirk, Marlon Busbice, Rose Aquirela, Patsy Wilhite, Charles Bowery, Stephen Birchfield, Camille Hobbs, Fern Tarr, Linda Meeks, Ellen Herrington, Dan Williams, Robert Curtis, Milton Walling, Art Nunez, Pat Reeves, Gary Keeth, Altha Lowery, Connie Phillips, Kyle Sheets, Dennie Lunsford, Al Phillips, Warlick Dollar, Greg Martain and Craig Phillips.

Schreefer Family Here For Visit

Mrs. Lloyd Schreefer and children of San Antonio is a house guest in the home of her parents, Mr. and Mrs. Sam Randol of Clovis, and has been a visitor of her grandfather, Uncle Tom Randol, who resides at a rest home in Muleshoe. Her husband visited briefly with the family, and returned to his base while she and the children remained for an extended visit. She is the former Hettye Randol.

While here, she has also been a guest of her sisters and their families. Mr. and Mrs. Raymond Robertson and Mrs. Eileen Cantrell of Clovis, Mr. and Mrs. Grayson Roberts of Texico and Dr. and Mrs. J. R. Fain of Littlefield.

Mike Schreefer was a guest of the W. H. Graham boys in Farwell Tuesday night.

First ESA Rummage Sale Set Saturday

Local residents who wish to clean their closets of unwanted items and aid their community at the same time, are asked to donate rummage to the Theta Rho chapter of ESA for its annual rummage sales, which are scheduled to begin this Saturday, August 7, at the old ESA office in downtown Farwell. Sale time is 3-5 p.m.

Mesdames John Getz, W.H. Graham, Duane Herington and Joe Helton are in charge of the first sale. Anyone wishing to donate rummage for the sales is asked to contact any of the workers or another member of ESA and the items will be picked up.

Airman Vashaw Visits

Airman 1st Class, Robert Vashaw, son in law of Mr. and Mrs. Buster Gast arrived for a visit in their home last week. His wife (the former Sherry Kay Gast) and children one year old twins, Mike and Rickey, and three year old Timmie who have been visiting in the home of Mr. and Mrs. Gast for the past three months returned to Burns, Oregon with Airman Vashaw.

Enroute to Oregon the Vashaw family were going to Michigan to visit in the home of Airman Vashaw's parents.

Airman Vashaw is stationed at an Air Force Base in Burns.

Executive Board Texico Womans Club Meets

Executive board of the Texico Woman's Club met in the home of Mrs. Howard Leavell, Saturday afternoon for a planning session.

Meeting dates for the club were set for the third Monday night in each month. First meeting will be on Sept. 20, in the community room at the Texico Branch of Citizens Bank. The first meeting will be donated as guest night and each club member is asked to bring as many guests as possible.

Program plans were also discussed for the coming year and committees nominated. Attending the session were Mesdames David Axe, James Pierce, Elmer Teeland Howard Leavell.

Visitors in the home of Mr. and Mrs. Mason Neely for the past few days have been their granddaughter and great-granddaughter, Mrs. Leon Balch and Tracey Rae. Balch is in summer training with the National Guard Unit.

Saxons were the leading miners in Europe during the 16th century.

African pygmy will attack and kill an elephant with only a spear as a weapon.

We're Just Friends

The expression "fighting like cats and dogs" is generally used by people who don't live with both kinds of pets. Those who have one of each in their home, know how amicably cats and dogs can get along. If you now have a dog and are considering adding a kitty, go right ahead. "Just remember," says C. C. "Tex" Fawcett of the Purina Pet Care Center in St. Louis, "that pets are like people." They require periods of adjustment to new companions. Leaving them alone together in the beginning of their acquaintanceship isn't recommended. There may be a little growling from Rover and a little fuss and spit from Pussy, but once they've gotten used to each other's way and habits, it should work out just fine. Avoid jealousy by giving them equal doses of love, petting and attention. And, it's a good idea to feed them separately. Before you know it, your cat and dog will be charter members in a Mutual Admiration Society.

PUBLIC HEARING

There will be a public hearing on the 1965-1966 budget of the Farwell Independent School District, Monday, August 9th, 8 p.m. in the superintendent's office. Anyone interested in this budget should be present.

and Mrs. Henry Andrews and Mrs. Laura Littrell, Hereford; Mrs. A.S. Jones and daughter Carolyn, and grandsons, Rocky and Aaron, Sterly, Tex.

Afternoon visitors were Mr. and Mrs. Leroy Richardson and children, and Sharon Peyton all of Texico.

Mrs. Gertrude Jones, Albany, Oregon, and her granddaughter, Linda Jones from Portland, Oregon who have been visiting in the Burris home for the past several days were special guests at the gathering.

Mrs. Burris and daughter, Zadene, accompanied by Mrs. Jones and Linda Jones visited with relatives in Wilson, Ardmore and Norman, Oklahoma during the week preceding the family gathering. Mrs. Jones and Linda returned home early this week.

JOTTIN'S By Jeanne

Activity is the vogue this summer and everyone seems to be initiating those last minute plans before Junior heads back to the school books. Rosa Roberts, now of Clovis, has been entertaining her grandsons and it looks like a great time for them all.

Mrs. Dora Johnson had enjoyed visits from various friends and relatives this summer, and entertained one niece that she hadn't seen in a number of years. She enjoys her friends as much as anyone I know, is always so thoughtful and sets a good example for the rest of us.

The sister-in-law and brother-in-law, the Vance Crumes of Hereford, finally got to see a ball game in the Astrodome, and gave glowing reports as have other area vacationers.

With Palo Duro Canyon probably the closest tourist spot to our area, I've been watching with interest the news releases on the new outdoor amphitheatre in the canyon and the Grahams decided to drive up to see the production of "Thundering Sounds of the West". We enjoyed the show, and marveled at the lighting and sound in the natural setting. The boys liked the real horses used in the presentation and I thought the prettiest gal in the cast was the former Ruby Hillcock, and her husband, Joe Harper, who stole the show with his ability on the bass fiddle. Not expecting to see familiar faces in the cast, their part in the show was a pleasant surprise.

For anyone planning to attend the presentation, I would suggest a seat cushion of some sort. The seats are concrete.

Visit In Dixon Home

Visitors in the home of Mrs. Ruby Dixon on Monday were her son Jim Dixon and grandsons, Harold, Jimmy, and Gary, from Santa Fe. Jerry Dixon who had been a guest in the home of his grandmother for the past 10 days returned home with his family.

During the day Mrs. Dixon and her guests had a picnic in the Muleshoe area.

Family Get Together In Burris Home

The home of Mrs. Allie Burris in Texico was scene for a family get together on Sunday when relatives came from several cities and states to attend the celebration.

In attendance were Mrs. Mitchell Jones and Mrs. J.A. Edwards from Canyon. Their father, J.E. Watson, 86, was oldest attendant at the celebration. Also here for the occasion were Mr. and Mrs. Paul Bailey and Jackie, Modesto, Calif., Mr. and Mrs. Henry Hathorn, Gary, Diane, Randy and Terry, Clovis; Mr.

Guests Visit In Graham Home

Guests of the W. H. Grahams over the weekend included Mrs. Carol Davis and Alex of Aurora, Ill., Mrs. W. A. Kessle of Canadian and Mr. and Mrs. Vance Crume of Hereford, The Crumes and Mrs. Kessle were here for the dedication services of Hamlin Memorial Methodist Church, Mrs. Crume is a sister of Graham.

Mrs. Graham went to Hart Saturday night and visited in the home of her brother and family, the Norlan Dudleys, and Mrs. Davis and Alex returned home with her. She then returned her sister to the home of her parents, the O. M. Dudleys, in Silvertown Monday.

Marriage Licenses Issued

A marriage license was issued from the office of County Clerk Bonnie Warren on August 2 to Harold D. Dalton and Joyce Elaine Dalton.

Attend Student Council Workshop At ENMU

Attending the state student council workshop on the campus at Eastern New Mexico University during the coming week from the Texico school will be sponsor, James Pierce, and council members, Gary Meier, Joe Holland and Hilda Rojas.

Rehearsal Dinner Held Saturday

Mr. and Mrs. W.W. Schroeder, Plainview, were host and hostess for a rehearsal dinner honoring their son, Jon William, and his fiance, Betty Ruth Lockhart, Saturday afternoon at a local restaurant.

Members of the bridal party and several out of town persons were guests at the affair. Schroeder and Miss Lockhart were married late Saturday at the Texico Baptist Church.

Glendale King, son of Mr. and Mrs. Grady King who was admitted to Clovis Memorial Hospital Thursday for treatment returned home on Tuesday. His condition is described as good.

Silver Cattle With A Golden Future Brought To Parmer Parmer County

Possibly the largest number of Charolais-crossbred cattle (silver cattle with the golden future) to ever be brought to Parmer County were recently bought by M.H. Carson, Bovina farmer, from Greenwood - Moten, breeders of Charolais cattle at Lampasas, Texas.

The Charolais Cattle Association call themselves "The modern Beef Association" and many packers call the Charolais cattle - the beef cattle of the future. However, Greenwood-Moten who have been breeding the cattle for a number of years call their cattle "The Silver Cattle with the Golden Future."

Carson who farms 1500 acres of land in the Bovina area says he has always been interested in raising good cattle and making a quick dollar. He had heard much about the fine qualities of the Charolais-crossbred - and says he wanted to see if all the good things were true. Prime reason given by Carson for purchase of the cattle - "To make a buck."

Carson in company with John Paul Jones, agriculture instructor in the Bovina school, and two of his four sons went to Lampasas to look over the Charolais cattle for show stock. They were so impressed by the massiveness of the animals that they bought not only the three show calves but an additional truckload (42 head of steers) and two herd bulls.

The steers (weighing 560-770 lbs.) are due to be fed for approximately 150 days before being sold. They will either be sold locally or to packers. Carson quipped "We're getting a little hungry at our house so we may not wait the allotted number of days for feeding before we butcher one of the steers and try the beef quality."

Charolais cattle are noted for their fine quality meat - more tender, red meat with less fat waste. Bodies of the animals are long and broad with thick backs, a deep rib, with wide chest and full hind-quarters. They have heavy muscled thighs where the high

Richard, Allan and Cary Carson, son of Mr. and Mrs. M. H. Carson, Bovina pause in their days activities to discuss the progress of their latest project (a pen of Charolais-crossbred

cattle) bought from Greenwood - Moten at Lampasas, Tex. The boys will show some of the animals in the fat stock shows this fall and the rest will be sold to packers or in the local market.

priced cuts of beef are found. Breeders of Charolais - crossbreeds (Hereford, Angus and Shorthorns crossed with Charolais) make the claim that their cattle are second to none so far as rapid growth and fattening is concerned. At weaning time the calves weigh up to 30% more than do most other breeds of beef cattle.

The Charolais cattle are relatively new in the United States, having been imported from France via Mexico some 30 years ago. The cattle are friendly, gentle with mild dispositions thus making them easy to handle. In addition they are

noted for their ruggedness and can rustle better than most. They are highly resistant to disease and insects (including pink eye and cancer eye) and dwarfism is unheard of among the Charolais breed.

All of the cattle purchased by Carson are a cross of the Charolais and black Angus.

The Carson brothers have been showing Hereford, Angus and Shorthorn calves for a num-

ber of years with some success. With the addition of the Charolais-crossbred to their herd they hope to get in on the "ground floor" at the Houston Fat Stock Show (which will have for the first time this year a Charolais-crossbred fat calf division). They also hope to be able to exhibit the animals at the county stock show, the Hereford stock show and several others.

In the past the Carson boys have heard complaints of calves in the stock shows being too small -- "We may have cattle that are not good enough for champions -- but they will be big enough" they stated.

Carson and his sons are pleased with the progress of their new cattle to date but say "Only time will tell the whole story."

THE HIGH PLAINS FARM AND HOME

Farm People No Measure Agriculture's Importance

Agriculture's importance to the economy of Texas is not determined by the number of people living on farms and ranches. And, points out John G. McHaney, Extension economist at Texas A&M University, don't be misled by the fact that only eight per cent of the state's population now reside on farms or ranches.

There's a lot more to the story. In addition to the eight per cent who operate the state's

farms and ranches, another 32 per cent of the state's residents derive all or a part of their income by supplying production items for farm and ranch use or by processing or distributing agricultural products for consumer use. That, says the economist, adds up to 40 per cent, and a mighty important segment in the state's overall economy. No citizen is far removed from agriculture nor its business generat-

ing effects upon the economy of Texas, emphasizes McHaney.

As for the distribution of population, McHaney says this too can be misleading. A check of the 1960 census figures shows 168 Texas counties with farm populations exceeding 10 per cent or more of the total population and only 68 counties with less than 9 per cent of their total population living on farms or ranches.

Almost half of the counties in the group with 9 per cent or less of the total population living on farms or ranches are located in far west and southwest Texas where ranching is very important. The discovery of oil and gas in these and other areas increased the total population and caused the drop in the percentage of persons engaged in farming and ranching. Agriculture is just as important to the economy of these counties as before, explains the economist.

And to go a step further, McHaney points to Lubbock County where the percentage of farm population dropped to only 7 per cent of the total in 1960, but farm products sold had a value of \$62.2 million. Lubbock County ranked number one in the state in farm income in 1960. El Paso County which ranked sixth showed only 1 per cent of its total population living on farms or ranches. Parmer County which ranked ninth in farm sales in 1960, on the other hand, showed 47 per cent of its total population living on farms and ranches. The top 10 counties in farm income in 1960 in percentage of farm population to the total ranged from 1 to 47 per cent.

And asks McHaney, are these farm producers, even though they make up a small percentage of the total population, important? He gives an emphatic yes for his answer. The growth of towns and cities in many of the top agriculturally producing counties must be credited to agriculture and businesses, agribusiness, closely associated with or related to agricultural production.

McHaney doesn't play down other factors which have contributed to the growth and prosperity of Texas towns and cities but says that through the years, the large cities became trade centers for wide areas and the development of agricultural resources throughout the state played a major role in their early growth and continues to do so today.

Oil and agriculture are the state's largest industries and they mean a lot to us. We shouldn't take either for granted because a decline in either is felt all the way from the local producing area to the big cities which supply the smaller towns and cities with goods and services.

And concludes McHaney, don't let anyone tell you that agriculture isn't important since only about 8 per cent of the total Texas population now lives on farms or ranches. Don't forget the other 32 per cent who derive all or part of their income from agribusinesses.

Agriculture's importance is not determined by the percentage of the total population which now lives in the country but by the contributions it is making to the well-being of Texas, the nation and the world.

MIDGE ALERT
The midge season is here and we must all be on the alert for midge activity in grain sorghum fields, that are heading out. The adult midge is an orange-colored fly, about 1/12 inch long.

There are seven insecticides recommended for midge control. They are: Sevin, Toxaphene, Endrin, Parathion, Trithion and Ethion. A discussion of the amounts and restrictions for each insecticide are available at the County Agents office.

Best control has been received where two applications were made. The first should be made when approximately 90 per cent of the heads have completely emerged from the boot. The second application should be made 3 to 5 days after the first.

I want to caution all who use the insecticides to read the labels and follow the restrictions. Some insecticides can be applied only once a season.

NITRATE POISONING
Nitrate poisoning has been experienced in West Texas on irrigated improved pastures. This was a rare occurrence but to help prevent any trouble in our area the following information is furnished.

Following the application of fertilizer materials to pasture grasses and forage sorghum several precautions should be observed to avoid possibilities of nitrate poisoning of livestock.

First, remove cattle from the area to be fertilized. Should spillage occur in filling a rig, pick up the material to prevent spots of unusually high concentration. Remove bags from the field since cattle will sometimes be attracted by them.

After fertilizer has been applied and irrigation accomplished keep livestock off of the area for one week.

If forage is particularly succulent it is a good idea to not graze before 10 a.m. since nitrates accumulate in the plants at night and are not changed to the protein forms until sufficient light has been received. Drought may cause nitrate accumulation under conditions where leaves wilt or roll during the day, but take up sufficient water during the night to regain turgor. Grazing of plants in drought stress should therefore proceed with caution.

Nitrate accumulation in plants may occur under certain conditions on soils that have been recently fertilized. The possibility of nitrate toxicity should not discourage farmers from using nitrogen fertilizers at economically practical rates recommended by the Extension Service.

FORAGE TESTING
The Texas A&M University Forage Testing service has been in operation since March, 1964, and about 200 hay and silage samples have been processed.

The forage portion of a beef or dairy cattle feeding program is a significant part of the ration. It is now rapidly being

recognized that there are vast differences in the nutritive value and quality of forages used in feeding programs in the state. A ration cannot be properly balanced when the nutritive value of the forage is unknown. If forage is not properly utilized and supplemented according to its feeding value, profits and beef production will probably be lower.

The forage testing is available to anyone who desires to have dry forage or silage tested. In addition to the chemical forage analysis, a suggested feeding program based on the forage analysed is offered.

The charge, based on actual costs, is \$6.00 for each hay sample and \$7.00 for each silage sample for determination of crude, protein and crude fiber and calculation of digestible protein, total digestible nutrients and net energy. Moisture in silage is also determined. The charge is \$2.00 per sample of hay and \$3.00 per sample of silage for determination of protein only.

Forage sample mailing bags, instructions and all other forms are available at the County Agent's office.

OUTDOOR FURNITURE
Outdoor wooden furniture can be made to last a virtual lifetime by the use of chemical preservatives.

Many home owners invest a lot of money in picnic furniture, children's swings, and other wooden items of outdoor living. For this reason, these accessories should be made to last as long as possible. Also, all wood, including redwood, in contact with the ground or concrete is subject to rot and can benefit by treatment.

One good preservative, for treating outdoor items by either dipping or painting, is pentachlorophenol, "Penta," as it is more commonly known, is available in either the ready mix or concentrated form from most lumber yards, paint supply stores, and mail order houses. The "carrier" should be one of the mineral spirits or other clean volatile liquids.

Prior to treatment the wood must be absolutely dry. The easiest but least effective method is simply painting on the preservative. The liquid should be liberally brushed on and allowed to soak into the wood. Two or more applications should be made over a two to three day period.

If a metal bucket or other small container is available and the wood item can be disassembled, it can be treated by dipping. This is more effective treatment than brushing. Long pieces can be treated one end at a time. Each piece can be dipped from three to ten minutes with the longer period providing the best protection.

DRILLING STATISTICS FOR JUNE

During the month of June 163 new wells were drilled within the High Plains Water District: 21 replacement wells were drilled; and 12 wells were drilled that were either dry or nonproductive for some other reason. The County Committees issued 121 new drilling permits.

Listed below by counties are permits issued and wells completed for June.

County	Permits Issued	New Wells Drilled	Replacement Wells Drilled	Dry Holes Drilled

Search For New Crops Goes On At Halfway

Water conservation in itself is not the only way to prolong the life of the groundwater supply under the Plains of Texas. One more way is in the development of new crops for the area that do not need high levels of water.

The High Plains Research Foundation at Halfway, has underway an extensive research program to develop several new crops having low water requirements, yet giving high enough yields to be economically profitable for the farmer.

Several of the new crops now under research at the Foundation are sunflowers, soybeans, and sesame. The Foundation has already developed the first soybean specifically developed for West Texas. This soybean, named Hinn, has boosted the yields of soybean farmers from Lubbock to the top of the Texas Panhandle.

Several hundred types of soybeans, sesame, and sunflowers, from 32 foreign countries are being used in the extensive breeding program at the Foundation. The goal of this expanded research program is to produce and develop new varieties which are specifically adapted to minimum water require-

ments, yet still retain high yielding characteristics.

These crops are all in good demand as oil seed producers, and also these same crops are edible as a protein supplement which causes them to demand a premium market in many parts of the world.

Population of the United States is increasing at the rate of 11 new births every second. This means an increase of 8,000 people a day. Food and fiber production for not only the large number now living, but also for those as yet unborn will become a greater and greater problem. These new crops along with those now being grown can help feed and clothe them.

Research being done at the Foundation in these new crops is not being done to replace cotton, grain sorghum, or any other crops now in production, but to provide other income producing crops to help preserve the water supply.

One of the as yet unnamed soybean varieties developed by the Foundation is one that matures in 90 to 105 days, yields from 25 to 30 bushels per acre on one to two irrigations. This bean has been tested from Lubbock to the top of the Panhandle, and in each test, it has been a good yielding bean on low water.

Sunflowers are one more early maturing (around 90 days) crop that has minimum water requirements. In tests at the Foundation, maturity was achieved with one irrigation. This is one of the crops that is hoped for a return to the farmer of around \$100.00 per acre.

Sesame is now being grown on the Plains, but with the new varieties being developed at the Foundation, income can be increased. With this crop also the inevitable necessity of water conservation is the goal.

A combination of proper use of irrigation with new crops, along with a program of fertilizer and water balance can help to slow down the rapid decrease of the supply of irrigation water. The search for new crops, carried on at Halfway, is under the supervision of Dr. Collister, director of the Foundation. Working with him and helping to develop the new varieties are Barry Love, agronomist; Jack Werner, associate agronomist; and Paul Belcher, technician.

Future research at High Plains Research Foundation in development of new strains and varieties will concentrate on two major factors: (1) water conservation, and (2) highest net return for the money invested by the farmer.

Are all savings accounts insured by U.S. Government Agencies?

No, but Congress has enacted laws to provide places where you can be sure of insured savings. Most Savings and Loan Associations are insured by the Federal Savings and Loan Insurance Corporation (FSLIC). Most commercial banks and savings banks are insured by the Federal Deposit Insurance Corporation (FDIC). Both FSLIC and FDIC are Government agencies established by Congress for the protection of the public. Both insure savings up to \$10,000. Both require periodic examinations and provide continuing supervision by governmental authorities. Both are safe and dependable.

Not all Savings and Loan Associations are members of the FSLIC, and not all commercial banks or savings banks are members of the FDIC.

You will find the FSLIC emblem displayed in all Savings and Loan Associations where accounts are insured by this Government agency. There are more than 4,400 insured associations serving 37 million savers in all of the United States and its territories. No one has ever lost a penny in any savings account insured by the FSLIC.

A GROWING MENACE

CONSUMER BANKRUPTCIES - has become a growing concern to credit grantors, the legal profession, legislators and social works.

A recent intensive study of some 482 consumer bankruptcies filed has brought out some facts worthy of our consideration, even tho no simple cure has been found for the problem.

"Average," consumer bankrupt is 30 years of age and has completed second year of high school, has family of five, an income of \$4,650 a year and owes between \$3,200 and \$3,800 to 12 to 16 creditors.

Credit is easy, in fact too easy. The seller "plays up" this fact to induce buying. The unrealistic, impulsive, compulsive spender buys beyond his ability to pay-many times piling up new debts to pay old.

According to the National Better Bureau, debt adjusters may be "adjusting," the situation without improving it. Exorbitant fees sometimes run as high as a 60% for "services" - and include no responsibility for paying off the client's debts.

Help to young people through adult education classes in the area of economics and budgeting could help them face up to a realistic situation in managing their financial affairs.

Banks, Savings & Loans Association, Credit Unions or personnel office may have counselors, offering free help in solving financial tangles.

The County Extension office has information available for programs on Money Management. Also, bulletins free for

Beethoven's first paying job was as an assistant organist at \$63 a year.

the asking. Some of these are "Young Couples Make Money Work," another called "On Your Way to Family Financial Security" and "Why Go Broke."

Fall Fabrics Have A New Look

The new fall fabrics almost dare you to guess the fiber content without reading their labels, says Lynn Parks, Texas A&M University Extension consumer education specialist.

Washables such as cotton, acrylics, nylons and silks are disguised with coatings, bondings and new kinds of knitting processes to achieve a new look. Nylon is texturized to achieve the look, feel and bright colors of silk. Nylon bonded to nylon tricot produces effects which resemble silk prints.

Nylon tricot is glamorized with Swiss dot flocking which adds "loft" and softens colors. Tricot with a satiny backing made from nylon has a crepe-look with a rich, opaque appearance.

Jersey achieves a frosted look with a blend of Antron and Orlon acrylic fibers. Other acrylic fiber fabrics masquerade as wools and worsteds in tartan plaid, herringbone and blanket-check patterns. These fibers have the construction and feel of wools, are wrinkle resistant, permanently pleated and are completely washable.

A polymeric coating is being used on 100 per cent cotton to simulate leather. Its weight, construction and leather colors made this fabric look real enough to mislead a tanner.

A cotton-blend pique has been developed with its texture woven in for permanence, instead of just stamped on the surface. Even silk has been transformed by a cure process which gives fabric the wet look of vinyl. This new silk is waterproof, crackproof, easy to maintain and completely washable.

LOADING FOR 4-H CAMP -- Approximately 30 Parmer County 4-H boys and several adult leaders left on Monday morning for Holy Ghost Canyon where they will spend the week. Leaders, the county agricultural agent, Joe VanZandt, and a few of the boys are pictured as they load equipment, supplies, bed rolls and clothing prior to the "Take Off."

Both Yields, Quality Factors In Hay Plans

With approximately 80 per cent of all hay produced in Texas being fed on farms where it is raised, farmers and ranchers should begin placing more emphasis on producing maximum amounts of high quality hay, says Dr. J. Neal Pratt, Extension agronomist, Texas A&M University.

"Producers can readily improve quality and yield of hay by adequate fertilization and harvesting at the correct time," he adds.

A soil test is the best way to determine fertilizer needs, Pratt emphasizes. Too often farmers think of nitrogen as being the only nutrient required for maximum production. However, a deficiency of phosphorus, potassium or other nutrients can greatly reduce the quantity and quality of hay.

Correct cutting time is vitally important. Young plants contain high levels of protein, but as the plant matures, fiber increases and protein and other quality factors decrease. Therefore, an optimum growth stage must be selected for harvesting.

To gain good balance between

quantity and quality, hay crops should be cut just prior to seed head formation, with exception of Coastal Bermuda which should be cut at about four week intervals.

Pratt explains that curing procedures also affect protein content and overall hay quality. It is important to properly cure and bale hay as quickly as possible to retain leaves, color and nutrients.

Curing time for large-stemmed plants such as Sudan-sorghum hybrids may be cut in half by using a hay conditioner. Conditioning machines are most effective when used 15 to 20 minutes after hay is cut.

Choice of hay type, plant establishment and weed control are also important factors of hay production that should not be overlooked, Pratt concludes.

Posing For A Career

Lovely Lynne Cochran, 17-year-old high school senior from Winchester, Massachusetts, entered a contest, won the grand prize and, as a result, may be launched on a modeling career.

Lynne won Bonne Bell's contest by writing 50 words on why she used only Bonne Bell Ten-O-Six Lotion on her face. "How pleasant to hear, 'Doesn't she have a beautiful skin,'" wrote Lynne. Grand prize was a weekend in New York that included modeling for Bobbie Brooks' creation for fashion photographer, Peter Oliver, shown above. She also won a \$250 Bobbie Brooks wardrobe of exciting outfits, plus a year's supply of Bonne Bell's cosmetics, specially indicated for tender teenage skin.

Lynne seems to have a natural flair for modeling, and her flawless complexion is not only a photographer's joy, but is probably the reason she wrote so well of the Ten-O-Six Lotion she uses daily to keep it that way. And, it may have landed her a career.

FROM PLAINS COTTON GROWERS, INC.

Cotton fiber analysis and spinning research, production research, technical service to cotton mills and advertising and promotion of High Plains cotton were featured items of a \$261,500 budget just adopted by directors of Plains Cotton Growers, Inc.

The budget for 1965-66 was approved at a directors' meeting in Lubbock on July 29, at which board members also voiced strong opposition to the cotton section of the omnibus farm bill.

Agricultural, or production research to be financially supported under the budget include studies of cotton breeding and genetics, climatic effects on cotton growth and development, seeding and wilt diseases, water conservation and weed control. A total of \$40,000 was allocated in these fields for support of twelve separate research projects. Receiving grants will be the South Plains Research and Extension Center, the High Plains Research Foundation, Texas Agricultural Experiment Station Number 7 (Spur), Southwestern Great Plains Experiment Station (Bushland), and Texas Technological College.

In a discussion of these research grants it was emphasized that each project would point toward or at least take into account factors which might improve the spinning qualities of area cotton.

The PCG advertising program calls attention to the advantages of High Plains cotton and PCG services in textile and trade publications throughout the United States and foreign countries.

Service to textile mills - provided free by the producer organization - is a unique development in the cotton industry and has met with widespread success in the textile world. This service, directed by PCG's textile consultant James Parker, assists cotton spinners in selecting the best and most economical cotton for their particular operations. According to Parker, this often leads to purchases of High Plains cotton by mills which have never bought cotton here before.

In connection with this service, funds were also allocated for expanding consultant work to selected foreign mill areas. A total of \$22,500 was set aside for technical mill service.

Regarding the budget, Donald A. Johnson, Executive Vice President of Plains Cotton Growers, said: "For the most part these are funds contributed by cotton farmers, and the major items of expenditure reflect our determination to give these producers maximum possible benefits from every dollar spent."

The \$261,500 operating budget for 1965-66 was only slightly below a similar budget of \$269,900 for PCG activities in 1964-65. The organization's fiscal year runs from July 1 through June 30, with most support coming from 15 cents per bale farmer contributions, Johnson, in explaining the budget reduction, called attention to reduced High Plains cotton production in 1964 and a corresponding drop in PCG income.

Johnson reported to the group on the current status of cotton legislation. He said that although the "Cooley" bill, contained in Title IV of the omnibus farm bill, now has the best chance of becoming law, it is not a foregone conclusion that it will be passed. "Any way the votes are counted it will be a close squeeze," he said. It is expected that the bill will reach the floor of the House some-

time between August 2 and August 23.

The cotton section of the bill calls for a low loan level with direct payments to producers, and this is a feature of cotton legislation long opposed by Plains Cotton Growers. The bill would require a 15 per cent acreage reduction for any farmer who wished to participate in the program and would permit reduction up to 35 per cent with corresponding higher payments for the larger cut-back. At the same time farmers would be allowed to plant unlimited acres for sale at market prices without benefit of the government loan or payments.

After an analysis of the cotton provisions of the bill had been distributed and discussed, A. L. Hartzog, President of Parmer County Cotton Producers and PCG director, presented figures to show that some \$2 million would be cut from the income of Parmer county farmers.

Don Anderson of Crosbyton, Secretary-Treasurer of PCG, read sections of a letter sent to area farmers by county Agricultural Stabilization and Conservation Service offices at the direction of Agriculture Secretary Orville Freeman. He said the letter was strongly opinionated and slanted in favor of the proposed legislation.

Anderson moved: "That Plains Cotton Growers express in strong but gentlemanly language to the Secretary of Agriculture and appropriate people its opposition to having taxpayer funds spent lobbying for a bill which is not even on the floor of Congress."

There was a volley of seconds to the motion and it passed unanimously.

In response to a question after the meeting, Johnson said that in the opinion of most cotton leaders a strong effort will be made to enact cotton legislation before the current program expires even if Cooley's proposal does not pass. He said this is the feeling in spite of the Secretary's repeated assertion that: "It's this bill or nothing."

Johnson went on to say that other proposals for a cotton program have been made which would meet the needs of the industry and the desires of the administration. "But," he added, "it is apparent that no other program will get serious consideration from the administration or the House of Representatives until and unless the cotton provisions of H. R. 9811 are defeated."

He quoted Senator Allen Ellender (D-La.), Chairman of the Senate Agriculture Committee, who has said publicly that the

Cooley cotton bill would never pass his committee in its present form. "So," Johnson said, "it looks like our best bet for a better cotton program is on the Senate side of Congress."

Roy Forkner, President of Plains Cotton Growers, reported to the board on PCG work toward development of a "non-textile celulosic cotton fiber" for use in making paper. He told the board that success in these efforts could lead to the eventual consumption of a million bales of such fiber annually by the paper industry. "If this non-textile fiber could be grown on land idled by acreage restrictions it could greatly benefit farmer incomes," he reported. Such fiber would sell for around 12 to 14 cents per pound and would be a high yielding, low expense crop.

Fryers To Be In Greater Supply

Fryers are expected to be in greater supply for the next several weeks, so look for more "specials" on this versatile summer meat item.

This prediction comes from Mrs. Gwen Clyatt, Texas A&M University Extension consumer marketing specialist.

Specials also will be seen on some steaks over the weekend. Beef roasts will be among lowest cost items. Ground beef will continue as a popular economy selection.

The best pork values will be found among shoulder roasts and steaks, spareribs, and cured hams. Franks and cold cuts are reasonable in price, and they also offer more servings for the money than many other types of meat. There is no waste with these.

Summer vegetables add an uncomparable sparkle and touch of color to meals. When appetites suffer because of the warm weather, the rich reds, greens, golds and creamy whites entice lagging appetites. And they also add nutritional value to the meal in addition to the variety in texture.

The vegetable counter offers a variety of Southern peas, with the blackeye variety leading in greatest supply. Okras becoming more plentiful. Carrots, celery, green onions, radishes, and head lettuce are good choices. Squash, Bell peppers, cucumbers and green beans are moderately priced. Quality varies, so make selections carefully.

Offerings at the fruit counter include cantaloupes, watermelons, seedless grapes and plums. Freestone peaches, many of them the Elberta variety, are available. If you freeze peaches now for preserve-making later on, either freeze the fruit unsweetened or write on the container the exact amount of sugar used in preparation for freezing.

**LBJ's Chef Presides At
Barbecue On Broadway**

President Johnson's barbecue chef, Walter Jetton, is shown above serving Lee Remick, star of the United Artists' new motion picture, "The Hallelujah Trail," a hearty portion of barbecued beef.

Jetton, sometimes called "King of the Texas Barbecue," recently presided over the largest outdoor barbecue ever held on Broadway—in connection with the 24-hour world premiere of the film.

For your backyard barbecues, take a tip from LBJ's barbecue chef and always have a goodly supply of Texas Barbecue Sauce in your refrigerator, ready for cookouts at the drop of a 10-gallon hat.

**Texas Barbecue Sauce
(makes 1 quart)**

- 2 cups boiling water
- 1/2 teaspoon black pepper
- 4 tablespoons brown sugar
- 1 teaspoon garlic salt
- 2 teaspoons salt
- 1 cup cider vinegar
- 1 5-ounce bottle Lea & Perrins Worcestershire
- Juice of 4 lemons
- 4 tablespoons butter

Combine all ingredients except butter and simmer for 10 minutes. If you are going to use the sauce immediately add the butter at this point. Stir until butter melts. To store the sauce in the refrigerator, omit butter until sauce is used. Omit butter if you are barbecuing pork. Brush meat several times during cooking with Texas Barbecue Sauce.

**Questions And
Answers On
Civil Defense**

Q. Are New School designs available with fallout protection included?

A. Yes, The Department of Defense, in 1962, requested that the American Institute of Architects conduct a National School Fallout Shelter Design Competition. Twenty-Six designs received awards.

Q. Do all of the school designs with fallout shelter protection require the classrooms to be underground?

A. No, The school designs winning awards in the National School Fallout Shelter Design Competition included both above ground and underground fallout shelter protection.

Q. Can we expect any help from Washington with the inclusion of fallout shelters in school buildings?

A. Most people expect Congress to pass House Bill No. 8200 sometime in the future, however, no one can be sure. This bill was approved in Committee during the last session of Congress. If passed it provides for Federal financial assistance with the construction costs of public including fallout shelter meeting protection specifications.

**Flaming Weeds Is
Economical, Effective**

Many things can be said in favor of flame cultivation, but most important is that weeds can be economically and effectively controlled.

The High Plains Research Foundation, as the leader in flame cultivation research, has pioneered for this area the use of heat in agriculture. In this program of weed control, the net profit to farmers along with the conservation of water has been the objective.

Research has shown that for each pound of weeds growing in a field yields of grain sorghum are reduced by 60 pounds per acre. Weeds compete with the growing crop for the same moisture as well as for the same plant food. The control of weeds through flame cultivation is an aid toward more effective water use.

One more aspect of flame weed control in a water utilization program that must be considered is the fact that soil is not agitated or stirred thus allowing moisture to evaporate; also yields are not reduced due to root pruning caused by some of the conventional sweep cultivations.

Weeds cost money in that they consume both fertilizer and valuable moisture. The larger

USDA Revises Official Cotton Standards Of Micronaire Readings

It will be this time next year before we begin using the revised official U. S. cotton standards for micronaire readings recently announced by the U. S. Department of Agriculture.

This was pointed out today by W. K. Palmer, Officer - In-Charge of the USDA's Lubbock cotton classing office.

He said the effective date -- June 1, 1966 -- conforms with the U. S. Cotton Standards Act. It requires a waiting period of not less than one year for changes in standards.

"This revision will provide an official standard for a third factor of cotton quality," Mr. Palmer said.

Official standards for grade and staple length were both established prior to 1920.

Micronaire readings were first made available in 1946 at USDA cotton laboratories and now they are available at all cotton classing offices of USDA's Consumer and Marketing Service.

In 1956, official cotton standards for mike readings were established for cotton certified for delivery on futures contracts.

The new change will make the mike standards available for

general use without restriction, Mr. Palmer explained.

Also, the revision will incorporate developments made since 1956 in airflow instruments and in testing procedures used to make micronaire readings of fiber fineness and maturity.

**Longer Vehicles
Due On
Texas Roads**

The Legislature has seen fit to allow the operation of longer vehicles on Texas highways. These vehicles can be a maximum of 65 feet. The present length for a combination of vehicles is 50 feet. The law has been changed as a result of the trucking industry seeking to improve the efficiency and quality of service to the public.

These combinations commonly known as "double-bottoms," although used extensively, are virtually unknown in many areas of the country.

Texas has been one of those areas. However, beginning September 1, 1965, we will begin seeing the "big-rigs" on our roads.

Our purpose in this article is to acquaint the motoring public with the fact that the bigger and longer vehicles will be on our roads. And, though we occasionally see a long truck, mobile home, or some oil field equipment on the highway and we need to drive accordingly -- these are not too numerous. The "double-bottoms" will be there day and night, especially on our thru highways.

In the past a vehicle combination of this type would have required a permit and would not have been allowed on the roadway at night.

Since the picture is changing, Texas motorists will need to change some driving habits. Look for these longer and larger vehicles at night.

Naturally your question is, can they "fit" into present day traffic? Let's look at the turning movements of these 65 feet length "double-bottoms." According to Traffic Safety, a National Safety Council publication, the Department of Commerce says that, after tests they ran, the 65 feet combinations have less off-tracking than the 50 feet, five-axle tractor semitrailers.

"For a 90 degree turn, such as a city street intersection, the 65 feet 'double' has a track width 2.7 feet narrower than the 50 feet tractor semitrailer." Turning on the cloverleaf intersections of the Interstate System, the Department of Commerce tests show the "doubles" are 1.2 feet narrower than those of the smaller combinations.

Another question, and equally important, is it safe to pass a "double-bottom"? We again refer to the Department of Commerce report showing a 10 m.p.h. speed differential (car at 60 and truck at 50 m.p.h., for example) it takes 15.17 seconds for the car to pass a 55 feet long combination on a two-lane road. If the truck being passed is 65 feet long, the passing time is 15.75 seconds, only two-thirds of a second more. Mainly, we will need to allow just a little more time and distance in passing these vehicles and look forward to seeing them on our roads day and night.

TEXAS CROP REPORT

Texas farmers planted smaller acreages of cotton, sorghum, corn, barley and flaxseed than last year, according to Texas Crop and Livestock Reporting Service. Acreage of wheat, oats and hay harvested increased over last year planted acres of peanuts and soybeans also increasing.

Texas cotton farmers planted 5,850,000 acres of cotton, 6 per cent below 1964 and 13 per cent below 1959-63 average. All areas of State reduced cotton plantings below a year earlier with sharpest reduction occurring in Trans-Pecos. Crop prospects are promising as heavy May and June rains set up early season moisture for dryland acreage in northwest. First bale for season was ginned in Lower Valley June 16 with active harvest expected about mid-July. On High Plains early fields are squaring.

Wheat production is estimated at 73,018,000 bushels, 18 per cent above last year's crop of 61,848,000 bushels. Yield is estimated at 22.0 bushels per acre compared with 20.5 bushels last year while acreage harvested at 3,319,000 acres is 10 per cent above 1964. Combining is nearing completion in Northern High Plains and is complete in other areas.

Sorghum planted for all purposes is estimated at 6,153,000 acres, 4 per cent below 1964 acreage. Prospects for crop are very good with combining underway in Lower Valley, Coastal Bend and South Texas. Early sorghum is heading in High Plains and most dryland areas of High Plains have moisture to keep crop coming along.

Corn production is estimated at 19,371,000 bushels, 18 per cent below 1964. Acres for grain is set at 587,000, down 20 per cent from last year. Yield is estimated at 33.0 bushels, which if realized will be one bushel above last year's record high yield of 32.0 bushels. Corn is denting in south-central counties and is in dough stage in Blacklands.

Oat production is estimated at 23,270,000 bushels 5 per cent below last year. Acres combined at 895,000 is up 10 per cent from a year ago but yield at 26.0 bushels per acre is 4 bushels below last year. May rains delayed combining and harvesting losses were heavy in lodged, overripped fields.

Barley production is estimated at 3,000,000 bushels, 29 per cent below 1964 production. Acreage harvested for grain at 150,000 is 25 per cent below last year while yield at 20.0 bushels per acre is down one bushel from a year ago. Rye production at 49,000 bushels is 10,000 bushels above last year.

management practices and to the best outlet for their cotton, Mr. Palmer pointed out.

About 63 per cent of the cotton classed by the Lubbock, Lamesa and Brownfield offices last season also received a mike reading, according to Mr. Palmer.

"We will offer cotton farmers this miking service again this season," he said.

"Don't worry—I never get in trouble—I've got friends in high places."

"Eddie, ole boy".

supply and late varieties ripening.

July 1 pasture condition at 85 per cent of normal is 17 points above last year. Generous May and June rains have made growth of pasture grasses very good but hot temperatures are rapidly depleting soil moisture.

June milk production, estimated at 255 million pounds, is down seasonally 18 million pounds from May but 3 million pounds above June 1964. Egg production in June is estimated at 218 million eggs, 13 million below May and 5 million below June last year.

During week of June 20-26, farm labor force consisted of 368,000 persons compared with 296,000 in May and 458,000 in June 1964. Of the number working in June 1965, 210,000 were family workers and 158,000 were hired workers.

For five years the Texas A&M University dairy herd has been under a comprehensive mastitis control program. On the basis of our results, says Murray A. Brown, Dairy Science Department, we strongly endorse a mastitis control program that involves the herdsmen, the veterinarian, health department personnel, and the milking machine dealer working as a team to improve milk quality on the dairy farm.

WHY FUSS WITH WOOD?

NEW Panl-Frame GIVES YOU MORE FOR YOUR MONEY

NO BULKY FRAMES NO TRUSSES
The Panel is the Building

If you're in the market for a low-cost, "do-it-yourself" farm building structure... You can draw up some plans, go down to the lumber yard, fiddle around with siding, rafters, poles—round up a crew—and then pound, cut, trim, hammer and paint until you're blue in the face. And still wind up with just an ordinary wooden building.

Or you can buy a factory-made Butler Panl-Frame from us. An all-metal building that goes up fast and easy, because all the components are pre-cut and pre-punched to exact dimension. For about the same total cost.

Panl-Frame is a brand new kind of metal building, with only a bare minimum of inside supports. How come? Because the panel is the building—big, strong wall and roof panels that function as both cover and frame. Panl-Frame suits almost any farm need. And you get a firesafe, weathersafe, practically maintenance-free building to boot—one that won't sag or rot.

If you can put a nut on a bolt, you can build a Panl-Frame. We can build it for you, at a low turnkey price. Or we can do it together. Why not come in for some free Panl-Frame building plans now? Low-cost financing available.

"FIVE CENTS WORTH OF ELECTRICITY, PLEASE. MOMMIE WANTS TO DRY A LOAD OF CLOTHES IN HER ELECTRIC CLOTHES DRYER!"

Blenders Save Time And Energy

Blenders can save you time and energy in food preparation says Mrs. Elsie Short, Extension home management specialist at Texas A&M University.

Before buying one, consider these points: the amount of foods actually prepared using a blender; storage space; cabinet space available in the mixing center for the blender; and an electrical outlet handy with a sufficient circuit for the added wattage of a blender.

The blender with many speeds can do more than the two-speed models. Study recipe books to see if you actually prepare the foods requiring the extra speeds.

Blenders can do many things for you, such as: Make crumbs for stuffing, cracker crusts or au gratin dishes; chop vegetables, fruits, nuts, cooked meats and seafoods; grate fresh coco-

nut, raw potatoes, citrus peel, dry cheese and nuts.

Blenders can also puree cooked vegetables, fruits or soft raw fruits for babies or special diets. They can mix malts, shakes, thin batters, barbecued sauces and marinades.

In less than a minute, you can mix a cake, pancakes, waffles, quick breads and frostings, or liquefy fruits and vegetables in water or other liquids. A unique specialty of the blender is the speed used to make a sherbet or frappe from a mixture of fruit juice and crushed ice. The sherbet can be served straight from the blender.

Do not expect a blender to whip egg whites or crush ice. Ice cubes used without sufficient liquid may nick or break the blades.

The blender will puree potatoes, but will not mash them. It will chop small quantities of cooked meats but not raw meat. All chopping should be done in small quantities, says Mrs. Short.

Watch Out For Children

Now that school's out, youngsters are at play... often in unexpected places. Safety experts at The Travelers Insurance Companies point out that motor vehicle accidents are a leading cause of fatal injury among children from 1 to 14, and they recommend these basic safety tips for summer driving.

Back up your car only after making certain that youngsters are not playing on the ground behind you.

On country roads, be alert for hikers and bikers. Enjoy the scenery, but remember that you may encounter children anywhere along the roadside.

On a trip, make certain your child's safety belt is well secured. (And don't forget your own!) Don't leave a young child unattended in the car. And never leave your keys in the ignition.

Flame Cultivation For Weed Control

Weeds are at all times a problem to area farmers, but due to the recent extensive rains that have fallen, many farmers are getting behind in their weed control program.

Jack Parks, Agricultural Engineer for the High Plains Research Foundation, states that now is a good time to start a weed control program by using flame cultivation. The weeds are still tender and succulent due to the wet weather and will be more susceptible to heat than at a later date when the hot, dry weather prevails.

Much of the land is still too wet for conventional (sweep type) cultivation, but will support a flaming rig, Parks says that now is the time to get the jump on this year's weed crop.

The Foundation has added a new step in the research program this year in flame weed control. Parks is working closely with Dr. Arthur F. Cohlke, Senior Soil Scientist of the Foundation, in combining

chemical weed control with flame.

"We know some crops that are grown out here cannot be flamed until they have some size to the plant. With cotton, the minimum flaming size is around six inches. This year at the Foundation, we are combining chemicals and flaming to see if we can get the crop by the danger stage for flaming," says Parks.

"The chemicals were applied at a low rate which will reduce the possibility of harmful residue for the crop grown on the land next year, yet will still control the weeds until the crop gets large enough to flame. By incorporating both of these methods, we can do a more effective and economical farming job."

Several combinations of rates of chemicals are under study at Halfway to determine the most effective and economical rates. All of the results of this research will be included in the

1965 Annual Research Report, published each year by the Foundation.

A Deadly Game

Chasing cars and bicycles may seem like a game to your dog—but it can be a deadly game. His very life is at stake, and he can easily cause serious accidents.

So teach your dog not to leave the yard, regardless of what temptations beckon in the shape of a passing car, truck or bike. And since there are times when you and your dog will be away from home, and the yard limits won't hold, teach him that he must never, never chase any vehicle.

How do you train your dog to stay within the yard? It is better to start when he is a young puppy. Put a strong, lightweight cord on the dog and ask someone to call him from outside the yard, or to walk another dog past him. Then when your dog leaps in pursuit, let him reach the yard limit, then pull back hard on the cord and cry "no!" Repeat this procedure again and again on all boundaries of the yard.

When you are sure the dog understands his yard limits, remove the rope and repeat the same procedure. This time when he goes outside the limits, scold him and chase him back into the yard. Once he is back in the yard, pet him, saying "good dog."

Cotton Root Rot Is Plant Killer

Homeowners who find shrubs and ornamentals dying during the warm season may discover a fungal disease at the "root" of their problem.

A disease, cotton root rot which is common to all areas of Texas except the Panhandle and High Plains, is often the cause of these plant deaths, says Wendell Horne, Extension plant pathologist, Texas A&M University.

Horne explains that the fungus, *Phymatotrichum omnivorum*, is known to infect 2,000 species of wild and cultivated plants. Infected plants die sud-

denly after the first symptoms of wilting. The roots decay and when pulled from the soil, the bark of the root slips easily and has woolly strands of the fungus clinging to the surface.

The disease causing organism is capable of slow movement through the soil and can be transmitted to new areas by infected transplants. If a home is built in an area where cotton has been raised, it doesn't necessarily mean that the plants grown there will have the disease. The fungus must be in the soil and must have conditions suitable for development.

Despite claims to the contrary, there is no satisfactory chemical control for cotton root rot. If the disease has invaded the plants there is no control—chemical or otherwise.

Research on the fungus disease dates back to 1886 when L. H. Pammel from Washington University in St. Louis began experiments on this problem in Texas. He discovered that the disease was caused by a fungus but had little luck in controlling it. Research has been carried on in the Rio Grande Valley for 30 years, employing latest scientific agricultural techniques, but no cure has been found.

An accident which occurred in North Central Texas near Iowa Park was thought to have solved the problem that has faced researchers for decades. An oil pipeline ruptured and flooded a nearby cotton field with an abundance of crude oil. When the field was finally cleared of oil and again planted, the root rot fungus did not appear.

Continued research on this possibility proved that too much oil was required to be practical. Similar results were gained from tests on other chemicals and fungicides thought to be valuable in root rot control.

It is not, however, a lost cause for the homeowners. There are a host of ornamentals — from 30 ft. high trees to small flowers — that are immune to the disease. Since the disease is more prevalent in alkaline soils, it sometimes helps to acidify the soil with materials such as sulphur. These may correct certain situations but none are satisfactory for every job. The safest and most practical way to avoid the disease is to plant resistant species. A list of these can be found in Extension Service publication L-390, "Cotton Root Rot."

Remember, there is no sure-fire cure for cotton root rot, but it can be avoided or reduced by using resistant plants. Once the plants become infected, death is sudden and there is no cure.

by Margaret Herbst

Too much planning, hard work and growing time goes into a healthy garden to let it be sabotaged by a worm. But annually all over the country plants and trees are besieged by beetles and borers, particularly roses, lilacs, dogwood, fruit and pecan trees.

Their telltale mark is sawdust on the ground or bleeding immediately outside the borer hole on the tree bark. These insidious attackers can be effectively and safely controlled with BORER-KIL, an easy-to-apply, tube-packaged paste, made by the Lethelin Products Company of Mount Vernon, New York.

A special injector provided with these 2-oz. tubes features no-waste, directly-into-the-borer-hole application. It can also be brushed on if preferred. Painting should be a final step if the area of borer damage is extensive.

In the case of stems on small plants, it is more workable to split the area carefully with a sharp knife, apply the paste, control and then tape it firmly together.

Follow-up applications are sometimes necessary. Because certain types of borers spend a part of their life cycle underground, possible reinfestation can be hindered by treating the soil around the trees with DDT or Chlordane Dust, preferably in spring or fall.

The octopus, contrary to his bad reputation, is a rather shy creature, leaving his lair only to seek food.

THE LADY OF THE HOUSE

by Mary Troy

Homemaking Consultant to Jones & Laughlin Steel Corp.

Cut Those Summer Chores

Beach picnics and backyard barbecues are fun for the family, but for the lady of the house they can mean added chores and long hot hours of preparation. As with so many other tasks, pre-planning in the summer months will pay off handsomely in more leisure hours and less work.

1. Utilize the cool morning hours for heavy work. This is the time for loading the washer, running the vacuum, cooking and baking. Leave chores like cleaning the oven and refrigerator for rainy days.

2. Collect a file of one-dish meal recipes — tasty casseroles and stews that can be frozen and reheated. And if you use stainless steel casseroles that can go from freezer to oven to table, you cut down enormously on the cleaning up.

3. Pack a picnic hamper with basic items and keep it ready at all times, eliminating the last minute hunt for staples. Whether an elaborate chest or large straw basket, these are the usual essentials: paper napkins, plates and cups; salt and pepper shakers; containers for catsup and mustard; stainless steel flatware and a sharp stainless knife. Also, a container of liquid detergent and a few bags will come in handy for cleaning up and packing away.

4. Cut down on cleaning and polishing chores by storing accessories and bric-a-brac that need special attention. A few decorative never-tarnish and rust-resistant stainless steel serving dishes that are multi-purpose can serve indoors and out with no fear of breakage.

Texas Infant Deaths Average 560 A Month

Many people believe that infant deaths are a thing of the past in Texas. This is not so, according to records of the State Department of Health. In fact, they are rising in a number of areas of the state.

In a typical month last year, over 560 infant deaths were reported in Texas.

While infant mortality rates declined in the nation as a whole between 1950-1960, they rose in 7 of 10 of the nation's largest cities. Two of these major cities are in Texas. Rates also have risen recently in other Texas cities.

There are many causes for the rise in infant deaths, says Patsy Reynolds, Texas A&M University Extension specialist in family life education. "These causes boil down to a major factor which is lack of good prenatal care for the expectant mother."

This is especially true for the very young mother or the mother in moderate-to-low-income levels.

"We must teach all mothers — and especially the teenage girl — how necessary this care is to the health and even the very life of their babies," says Miss Reynolds. We can't afford this loss of valuable human life, she emphasized.
