

By John

COACH OVERSEES WHILE STEERS PREPARE -- Coach Toby Booth directs the blue and white in preparation for next Friday night's tangle with Friona at Steer Stadium.

Friona First Game

Steers Prepare For Season Opener

"We looked better than we had anticipated," was the comment of Coach Toby Booth while he discussed last Saturday night's scrimmage with Portales. "I think we looked better than we did last season at this time, we were more mobile," stated Booth.

Although the scrimmage was not conducted under actual game conditions, the Steers came out ahead over a Portales team that boasts three tackles over 200 pounds and is considered to be big and strong by area sports-writers.

District 3-A coaches are forecasting a three-way race for the district crown with Farwell rating a slight choice over Kress and Springlake. Inballoting based on four points for first place, three for second, two for third, and one for fourth, the Steers garnered 14 votes, Kress got 13 and Springlake nabbed 12. The remaining 3-A crews, Sudan and Bovina, garnered seven and four points, respectively.

The Steers are returning only nine lettermen from a team that won six and lost four last year, but six of those nine are starters, including quarterback Bobby Field, rated a possible all-state candidate by Booth.

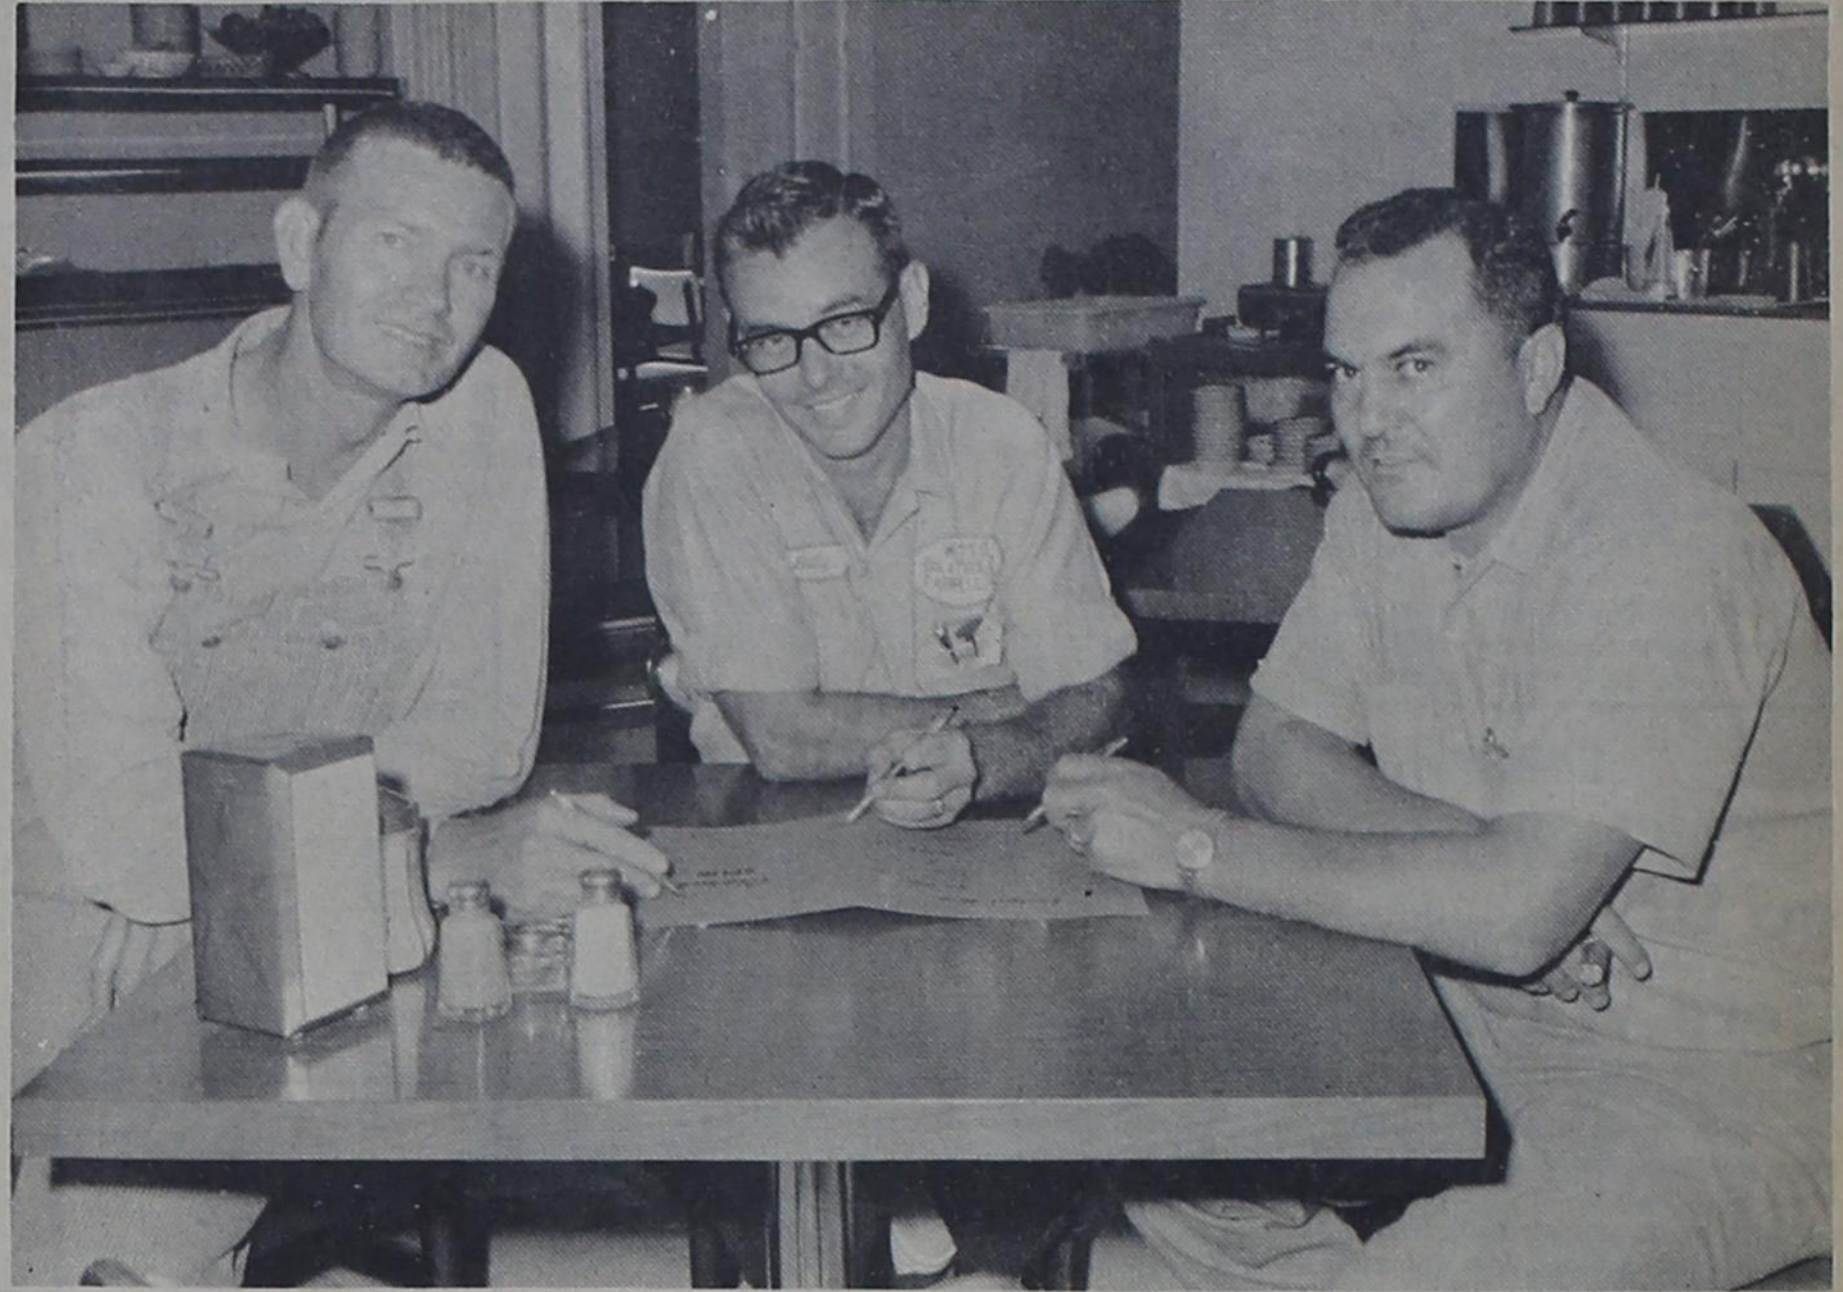

Other returning regulars are halfback Johnny Schell, end Larry Suttle, halfback Al Phillips, fullback Cal Wilkinson, and guard Charles Norton.

Kress, the Steers' chief rival, is expected to be strong in the line but will have to find a satisfactory replacement for all-state halfback, James Lockridge. Springlake, picked number three, will return eight lettermen including four starters from last year's team which won eight and lost two. Overall, District 3-A is expected to be one of the stronger districts in the area.

The Steers will spend the next week preparing for a revenge minded Friona Chieftain team, Farwell defeated Friona 8-7 last year and next Friday's game is expected to be just as tough.

"We will know a lot more about them, after we see them play this Friday night," commented Coach Booth when asked about Friona's potential.

Farwell and Friona square off at Steer Stadium, Friday night, September 9. Game time is 8 p.m. Area fans are urged to be there and support the Steers.

BILL-BILL-BILL --- The three "Bills", Meeks, Watts and Prince, avid football fans who annually enter the armchair football contest, study the "dope" sheet trying to pick the team

which will be winners in the first weeks of the coming season. By doing this the "boys" hope to get off to a good start in this year's contest which is due to begin next week.

Football Contest Begins Sept. 9

All of you armchair football players limber up the "old throwing arm" and get in shape for the annual guessing game "Football contest" which is due to begin next week (Sept. 9). The contest is carried in the Tribune each fall, courtesy of local merchants.

Each year some lucky person receives a grand prize of two tickets to the "Cotton Bowl" game and \$50 expense money for calling the most games correctly during the contest.

In addition, weekly prizes of \$5.00, \$3.00, and \$1.00, are presented to the persons who call the greatest number of games correctly.

Each week for the next 12 weeks, ten games, in addition to the Farwell games, will be listed in the Tribune with a contest entry blank. Contestants must pick a winner in each of the ten games and choose a score for the Steer game. The Steer game will not count on the outcome of the weekly con-

test or the grand prize, except in case of a tie when the score chosen for the game will be used as a tiebreaker.

Most of the games listed will be high school or college tilts with a few professional games thrown in for good measure. All entries must be in the Tribune office each Friday by 5 p.m. or must be postmarked on Friday. All entrants in the contest must be 12 years of age or older to be eligible to participate.

Winner of last year's contest was Jerry Dee Owen.

TEDDY ROTH

Teddy Roth Is Accident Victim

Funeral services were held from the Texico First Baptist Church on Tuesday afternoon for Teddy Eugene Roth, 24, who passed away at approximately 10:15 a.m. Sunday morning after being injured in a two car collision at 7 a.m., in Odessa.

At time of the accident, young Roth was a passenger in an automobile driven by a co-worker at the El Paso Natural Gas Company. They were enroute to work. The accident occurred when a car failed to stop at a red light and hit the vehicle in which Roth was a passenger. He was thrown clear of the automobile and when the car skidded in a semi-circle he was pinned between the right front wheel and a sign post. Driver of the vehicle said he saw the other vehicle, but was too far under the light to get out of the way of the approaching car.

Several eye witnesses also agree that the other vehicle ran a red light. Driver of the other vehicle was charged with negligent homicide and has been placed in jail under \$5,000 bond.

Although the driver of the vehicle in which Roth was a passenger received cuts and bruises he is described as in satisfactory condition.

Teddy Roth was born at Quinton, Okla., September 20, 1941 and lived in that vicinity until 1948 when he moved with his parents to Texico. He attended Texico Public Schools and was graduated from the high school there in 1959. He later attended University of New Mexico and a school in Odessa. At time of death he was an employee of El Paso Natural Gas Company.

He was married to Kathryn Elliott, August 31, 1963, at the Texico Baptist Church. He was father of one son, Teddy Eugene, Jr., born July 7, 1965. He was a member of the Tower Baptist Church in Midland.

The Rev. C. C. Morgan, pastor of Forrest Heights Baptist Church in Clovis and former pastor of Texico Baptist Church, officiated at last rites, assisted by Leroy Looper, pastor.

In addition to his wife, Kathy; and son Teddy Eugene, Jr.; other survivors are his mother, Mrs. Tena Roth, Texico; one brother, Bill Roth, Texico; two sisters, Mrs. Coeta Doolittle, Albuquerque, and Mrs. Carmen Tucker, Titusville, Fla.; a grandfather, F. S. Haines, Oklahoma; three nephews and two nieces. His father preceded him in death in 1949.

Pallbearers were Raymond Hadley, Don Sims, Keith Banks, Donnie Curry, Frank Haines and Curtis Hanes.

Listed as honorary pallbearers were Doug West, Jerry Reid, Bill Thigpen, Billy Hammitt and Johnny Hammit.

FARWELL, TEXAS

FRIDAY, SEPTEMBER 2, 1966

FIFTY FIFTH YEAR

10 CENTS

Rains Continue

Rains continue to fall all over the Golden Spread with all communities in the surrounding area receiving rain over the weekend. Wednesday during the noon hour a heavy rain hit in Farwell dumping a little less than one inch of moisture on the town.

Prior to the Wednesday rains the clouds had opened up on Sunday night to dump 3.2 inches of moisture on Farwell, with outlying areas reporting rainfall in varying degrees from two inches to well over four inches.

On both Sunday night and Wednesday, hail and high winds accompanied the rain which was also accompanied by severe lightning and thunder.

Car Wash Set At Okla. Lane

Oklahoma Lane MYF (Methodist Youth Fellowship) is sponsoring a "car wash" at the church on Saturday, Sept. 3. The event will begin at 8 a.m. and continue through the day.

Price of the "car wash" service is \$1.50 per car, announces Sheri Rundell, spokesman for the group.

On Wednesday no rain was reported from the Lariat, Clovis, north of Clovis, and south of town areas.

Total rainfall for August is 8.4 inches. Rainfall since the last of May, when State Line Grain became the official recording station for all local rainfall, stands at 12.2 inches, well above the average.

Band Boosters Set Meeting

The Farwell Band Booster Club will hold its first meeting of the current school year at the band hall, Wednesday, Sept. 7 at 2 p.m.

All members of the organization are urged to be present and a special invitation is extended to parents of fifth grade students, who are in the band for the first time this year.

On the agenda for the meeting is trying to locate parts of missing band uniforms. Anyone who might have come across any of the missing items during past weeks is urged to bring the items to the meeting.

In Local Schools

Enrollment Less Than Expected

Superintendents in both the Texico and Farwell schools report a less-than-expected enrollment at the end of the first day of school on Monday.

However, both superintendents state that they expect several students to enroll later this week. In both schools the decrease in enrollment is noticeable throughout the entire school and is not confined to one area.

Total enrollment in Farwell schools is 636 with 199 of that number in high school. Junior high students number 170 and elementary students total 267. Supt. W. M. Roberts states that in the elementary school, enrollment is expected to increase when all of the children

who are now on vacation return home.

Largest class enrollment in Farwell is in the ninth grade where a total of 70 students are enrolled. Seventh grade has a total of 60 students, followed by eighth with 57, and sixth with 53. Other grades in the junior high and high school division have: grade 12, 42; grade 11, 45; grade 10, 42.

Total enrollment in Texico is 380, with 165 enrolled in high school and the junior high division with the other 215 students in the first six grades.

Supt. A. D. McDonald says that while some students might not have returned from vacation many others might "just be late" in enrolling. He points

out that all students in the district who are still out of school for whatever reason, must enroll immediately or suffer the consequences. Largest enrollment in high school is in the senior class which boasts a total of 33 students.

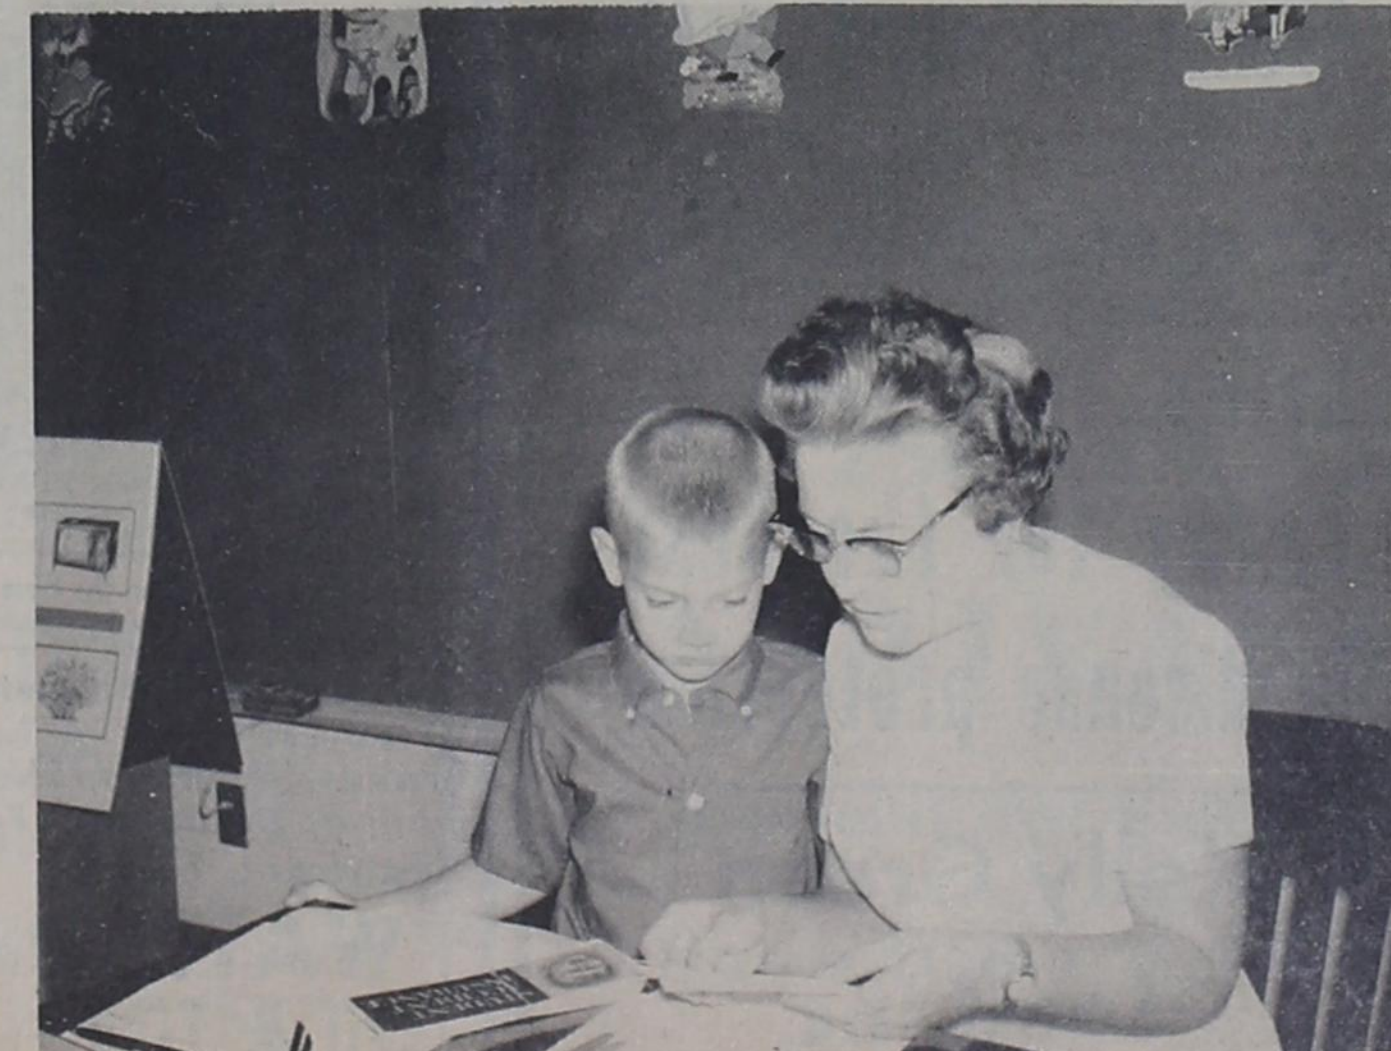

Bake Sale

Farwell Junior Class will be holding a "bake sale" Saturday, Sept. 3, at the Piggly Wiggly and Capitol Food stores from 9 a.m. until 4 p.m., announces Jackie Gast, class officer.

Local housewives are invited to buy their bake "goodies" for the Sunday meal and help the class raise funds for class projects.

REFRESHMENTS--The family of Mr. and Mrs. Donald Christian pause during a tour of the new Farwell high school plant for refreshments in the school cafeteria. Christian is a member of the Farwell Board of Education.

FIRST DAY OF SCHOOL--Floyd Cherry, son of Mr. and Mrs. Wayne Cherry, Route 1, Texico, listens intently as Mrs. Hazel Stewart, first grade teacher who has just completed filling out his enrollment card, gives him instructions for the remainder of the day.

Editorial
 by Mike Getz

**Stop Us,
 Before We Kill Again**

I was saddened this week to learn of the untimely death of one of my friends due to an automobile accident. What saddened me even more is the senseless manner in which the wreck occurred. The car my friend was riding in was struck by an auto driven by an intoxicated driver who had no more business driving than a blind, deaf and dumb donkey. By an asinine twist of justice, the intoxicated driver escaped serious injury, but if he is allowed to escape justice by statute law, then a far greater crime will have been perpetrated upon the responsible American motorist. Let him be punished and punished severely for taking the life of another for reasons of sheer stupidity.

I do not advocate prohibition, but I do advocate a toughening of the laws dealing with traffic violators and especially drunken drivers. I am sick of seeing a driver charged with DWI, paying a fine of \$25, and then being sent on his merry way to perhaps cause serious injury and even death to an innocent person. Get tough! Make a jail sentence mandatory in cases of reckless driving due to intoxication or any other reason. Make this irresponsible driver realize that while he is driving, he is in control of one of the most destructive weapons known to man, the modern automobile. If he must serve a prison sentence before he comes to realize that, then let it be, far better for that to happen than to permit him to someday snuff out the life of somebody's loved one.

Every year thousands of Americans are murdered on the highway, many of these through no fault of their own. Something must be done. The government is currently holding hearings on auto safety, but to date the only thing that has come of it is possible government regulations concerning the building of the automobile. This is not the answer.

It would be impossible to build a car that would afford its occupants a guarantee of surviving a head on collision at 70 mph. Even if such an auto could be built, the cost would be prohibitive. Granted; safety belts, padded dashes, etc., are valuable in preventing minor injuries in some cases but let's face it, a head on collision is the only sure killer. Besides, the best seat belt in the world will not do any good unless the owner fastens it. A senate committee can not legislate common sense.

The only thing that will stop this carnage on the highways is when people stop behaving like the south end of a north bound mule and start concentrating on going from point A to point B in the safest possible manner.

Quoting statistics will not help either. So what if 50,000 people are killed in car accidents. It doesn't mean a thing unless a loved one is one of those statistics. What is needed is for people to be shocked into driving with care. Mere statistics do not provide that shock.

People simply do not realize what tremendous forces are brought to bear upon the unprotected human body in a head-on crash at 70 mph. Perhaps if everybody had the opportunity to witness the results of such a collision for themselves, the accident rate would drop.

Can you imagine what happens when a car traveling at 70 mph is stopped dead in its tracks by colliding with another vehicle moving at a similar rate of speed? The car may stop, but the occupant's body does not. It continues moving forward at the same velocity - until it smashes into the jagged edges of a torn dashboard, or is hurled through the broken windshield, with razor sharp pieces of glass digging into the skull that is no longer connected with the rest of the body. Perhaps if everybody had the opportunity to view a broken and mangled body with the intestines oozing through a ten inch hole in the abdomen and spilling onto the pavement; perhaps if everybody had the opportunity to see the top half of what was once an 18-year-old girl lying on the pavement in a pile of guts and pool of blood with the rest of the body in a similar condition lying some 20 feet away; perhaps if everybody could see a skull split wide open with the brains spilling out, then they would drive more carefully in the future.

Do descriptions such as the preceding ones shock you? I hope they do. They shock me. If this is the only thing that will make people more safely minded, let the police stop people at the scene of a serious accident and let them view the gory results for themselves instead of flagging them on by. If they get sick then let them get sick. I know one thing for sure. It's a safe bet that they would become more careful drivers.

-End-

ASC News

By Prentice Mills

BY Prentice Mills
 COMMUNITY COMMITTEE ELECTIONS:

Ballots have been mailed to all eligible voters. We urge you to mark yours and return it promptly in order that it may be counted on September 7. Remember, Parmer County always has had better participation in these elections than the other counties in Texas. Let's keep it that way.

COTTON MARKETING CARDS:

As we mentioned earlier, there will be no cotton marketing cards for cotton this year. You are required to identify the farm on which your cotton was produced to your ginner. Be prepared to tell your ginner the farm number of the farm on which your cotton is produced. If you do not remember the number of your farm (or farms), we suggest that you carry the allotment notice for the farm with you - in your billfold or someplace.

WHEAT ACREAGE IS INCREASED AGAIN AND BARLEY IS OUT OF 1967 FARM PROGRAM

All farms on which a 1967 wheat allotment has been established will receive an increase in allotment. Notices will be mailed within the next few days to all farm operators on farms having a 1967 wheat allotment. This notice will advise the farm operator that the 1967 wheat allotment is 15 per cent greater than the allotment originally established for 1967 on the farm. In other words, a farm operator may compute his effective farm wheat allotment for 1967 by multiplying his original farm allotment by 1.15. This increase in wheat acreage is going to create a small problem on a number of farms in Parmer County as it will cause some farms to become "over-allotted" for 1967. By this, we mean that the allotments for the farm, plus the feed grain base, is greater than the cropland for the farm. In those cases, the regulations require that the feed grain base (barley doesn't count) will be

reduced to the extent that the farm will not be "over-allotted". This reduction in feed grain base (corn or grain sorghum) will be automatic, unless, the farm operator requests (of the ASCS Office in writing) that the reduction be made in some other allotment crop. For example, cotton or wheat. Operators of farms which will become "over-allotted" as a result of this increase of wheat acreage should, no doubt, visit the ASCS Office for the purpose of making sure just what their situation is relative to this matter.

NOW, ABOUT BARLEY:

Barley is out of the 1967 feed grain program. Approximately 300 farms in Parmer County had a barley base in 1966. Barley bases will not be established on these farms for 1967 feed grain program purposes.

Anyone may plant and harvest as much barley as they wish to in 1967 and this will have no effect upon any farm program participation on any farm. Except for - the possibility of violating the conserving use requirement on a farm.

A special letter has been written to the operator of all farms, having a 1966 barley base, explaining the barley base matter to them.

MEASUREMENT SERVICE:
 If you would like to have one of our men assist you in measuring your 1967 wheat acreage, you may file application for this service.

ABOUT THOSE 1966 FINAL PAYMENTS:

All we can say is - we will get them ready as soon as possible. We now hope to be able to complete them all by early in October.

COME IN - IF YOU HAVE A QUESTION:

Let us again invite you to call on us with any question concerning the programs administered by this office.

THOUGHT FOR THE DAY:

Freedom of speech carries with it the moral obligation of telling the truth.

PRACTICE MAKES PERFECT -- Members of the Farwell Steer football squad undergo rigorous workouts in preparation for Friona Chiefs' arrival in Steer Stadium, Friday, September 3.

ESA Rummage Sales Continue

ESA Rummage Sales which have been in progress during the month of August are scheduled to continue through September and possibly into October, announces Mrs. Susie Hammonds, chairman of the sales.

The response to the sales has been "good" she indicates, but she emphasizes that more rummage is needed in order to continue the sales. Any good used articles of clothing, particularly men's clothing in small sizes, are needed as well as any household items, blankets, bedspreads, and other articles of a miscellaneous nature.

Mrs. Hammonds says that anyone with articles to donate for the sale should call her at 481-3207 or any member of the ESA organization, and the articles will be picked up.

Members in charge of the sale this week are Maxine Williams, Nell Walling and Ginger Crume.

School Lunch Schedule AT TEXICO

MONDAY: hamburger on buttered bun, lettuce, onion, pickles, tomato, ranch style beans, apple cobbler with ice cream, milk.

TUESDAY: barbecue beef, candied yams, tossed salad, hot rolls, butter, prune cake with orange sauce, milk.

WEDNESDAY: pinto beans, sliced cucumbers and onions, escalloped potatoes, cornbread, butter, strawberry jello, peanut butter cookies, chocolate milk.

THURSDAY: pizza, buttered potatoes, lettuce wedge, loaf bread, milk, apricot cup.

FRIDAY: fish sticks, macaroni and cheese, blackeyed peas, cornbread, butter, cantaloupe, milk.

Whats Cooking At Farwell School

MONDAY: hot beef on bun, French fries, catsup, lettuce and tomato salad, peaches, milk.

TUESDAY: pinto beans, hot tamales, spinach, pickles and onions, cornbread, butter, peanut butter cookies, milk.

WEDNESDAY: meat loaf, creamed potatoes, blackeyed peas, lettuce salad, peach cobbler, bread, milk.

THURSDAY: hamburgers, pickles, onion, lettuce, tomato, mustard, cheese slices, potato chips, chocolate cake, plain jello, milk.

FRIDAY: roast beef, gravy, creamed potatoes, lettuce and tomato salad, hot rolls, butter, green beans, honey, milk.

Personnel Specialist

Airman Leslie C. Winsper, son of Mrs. Archie L. Tarter, will remain at Amarillo AFB, for training as an Air Force personnel specialist.

The airman, a 1961 graduate of Texico High School, recently completed basic training at Amarillo.

He received his B.B.A. degree in June from Eastern New Mexico University.

Enrollment Set For September

4-H Clubs in Parmer County will enroll for project work and elect officers for their clubs for 1967 in the September meetings.

All girls and boys between the ages of 9 and 18 are eligible for membership in the 4-H Club program. They must be nine years of age by January 1, 1967, to be eligible for membership for that year, according to Parmer County Home Agent Cricket B. Taylor.

The overall purpose of Extension Youth Programs is to provide learning experiences to help young people develop ways of thinking, feeling and acting which will enable them to be effective persons in a democratic society.

Those girls and boys who are interested in enrolling in a 4-H Club may contact the County Extension Office, second floor in courthouse in Farwell, or they and their parents are invited to attend their local club meeting. The schedule for September 4-H meetings are as follows:

Oklahoma Lane - Wednesday, September 7 at 4 p.m. in the Oklahoma Lane Community Building, Organization Leader, Mrs. Walter Kaltwasser.

Friona - Monday, September 12, at 7 p.m., Methodist Church Fellowship Hall, Organization Leader, Mrs. Dale Hart.

Bovina - Monday, September 19, at 7:30 p.m. in the Bovina Schools Lunch Room, Organization Leader, Mrs. Earl Hise.

Farwell - Tuesday, September 20, 4 p.m. in Farwell City Hall.

Lazbuddie - Monday, September 26, at 7:30 p.m. in Lazbuddie School Lunch Room, Organization Leader, Mrs. Wayne Clark.

Returns To Home Base

Seaman Apprentice Robert S. Martin, son of Mrs. R. W. Anderson has returned to his home port of Alameda, Calif., as a crewmember of the attack aircraft carrier, USS Ranger, after an eight and one-half month deployment in the Western Pacific with the Seventh Fleet.

While operating off the coast of Viet Nam, the Ranger struck strategic sites in North Viet Nam, delivering nearly eleven thousand tons of ordnance on enemy positions.

The Ranger planned and executed the first strike against Haiphong, Viet Nam, petroleum, oil, and lubricant facilities. Other missions in which the Ranger participated include strikes on railroads, bridges, highways and water traffic.

Martin is a graduate of Farwell High School and attended Texas Tech.

OTIS N. BRADSHAW

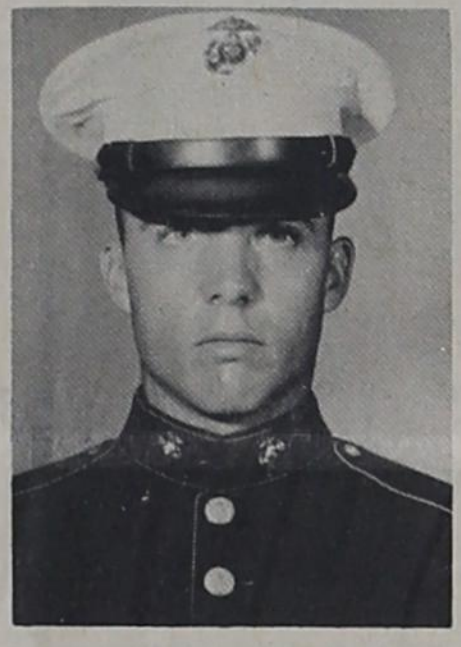

Attends Physical Therapy School

Odis N. Bradshaw, son of Mr. and Mrs. C. W. Bradshaw of Lazbuddie, husband of the former Donna Mae King of Muleshoe, has been accepted for Physical Therapy Training at the Naval School of Physical Therapy at the Balboa Naval Hospital in San Diego.

Bradshaw, a 1961 graduate of Lazbuddie High School who attended LCC, enlisted in the Navy in January of this year. He was petty officer of his class and graduated from recruit school on March 24 with an E3 classification.

He then entered the hospital corpsman school in San Diego and served as adjutant general. He completed this course of study in April with a high grade average. His military evaluation grade is 98.

Mrs. Bradshaw is in California with her husband.

PRIVATE KLEM

Completes Training

Marine Private Stanley W. Kelm, son of Mr. and Mrs. Herman A. Kelm of Ninth Street was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in San Diego, Calif.

Under the supervision of veteran noncommissioned officer Drill Instructors, he learned small arms marksmanship, bayonet fighting, and methods of self-protection. He also received instruction in military drill, history and traditions of the Marine Corps, and other academic subjects.

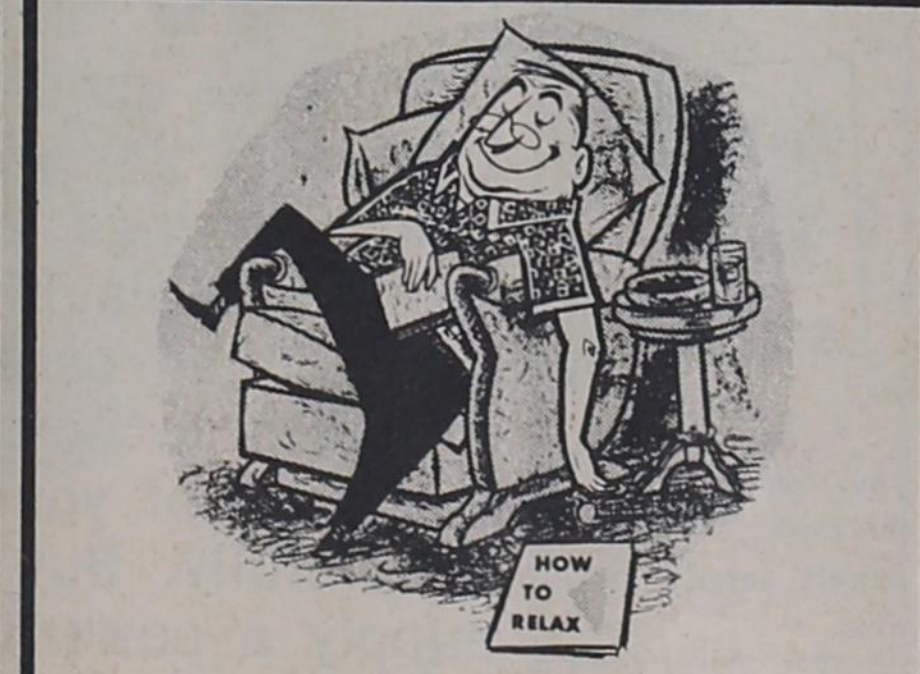

He will now undergo four weeks of individual combat training and four weeks of basic specialist training in his military job field before being assigned to a permanent unit.

City Dads Discuss Mosquito Spraying

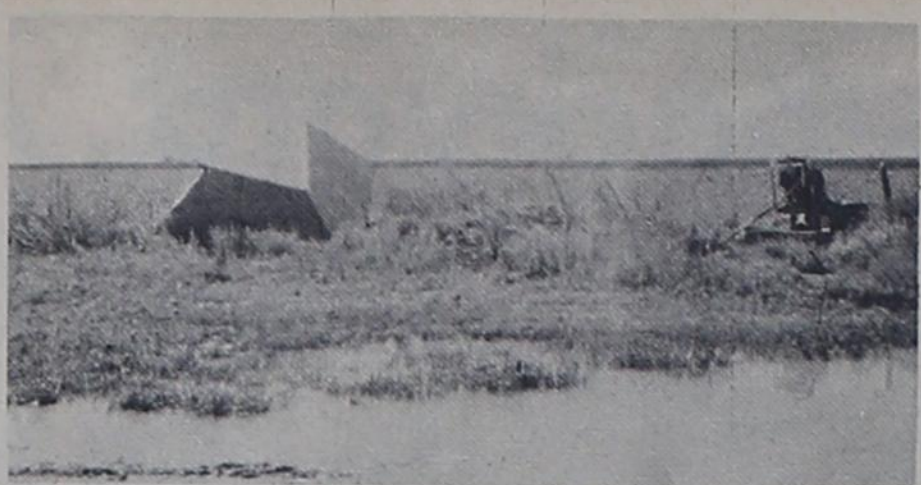

At a brief meeting of the Farwell city dads on Friday, main item on the agenda was discussion of spraying to rid the town of mosquitoes, which have come out in greater numbers since the recent rains.

Spraying will begin as soon as weather conditions permit, says city clerk, Janie Bowery. Spraying will be continued as long as necessary, says the city clerk. All spraying will be done from an airplane.

The rest of the meeting was devoted to routine matters, with bills for the month approved for payment.

You Can Trust... Your Insurance Headquarters ALDRIDGE INSURANCE AGENCY Farwell

MORNING AFTER THE NIGHT BEFORE -- Rainfall in the Lazbuddie Community on Sunday night during the deluge which fell was approximately 3 1/2 inches, with water standing over most of the roads and high winds which accompanied the rains causing much damage to buildings and fields. Above is a well house blown off an irrigation motor on the Richard Engelking farm, only a small part of the damage. Pictured below is a grain sorghum crop on the Don McDonald farm blown down by the winds which reached almost gale velocity. The McDonald farm is west of Clay's Corner.

Zachrel Receives Discharge

Sgt. Ben Zachrel who has been stationed in Germany for the past two years with the Air Force returned to the states last Tuesday. He was joined in Pennsylvania by his wife, the former Anita Tharp, and they are presently visiting in the homes of two of Zachrel's brothers in Maryland and Pennsylvania.

Zachrel is due to receive his discharge today (Friday) after which the Zachrel's will return to Texico where they plan to make their home. Sgt. and Mrs. Zachrel have three children, Edith, Ray and Steven.

Texico FFA Participates In County Fair

Texico FFA Chapter is active this week preparing for the Curry County Fair which begins on Sept. 6. Several members of the organization are showing animals and entering projects in the exhibits.

Boys showing animals are Dean Campbell, five steers; Larry Duncan, one steer; Lynn Hughes, two steers; Rocky Wilson, one steer; Boyce Brown, one lamb; Ardell Autrey, one barrow; and Roy McDaniel, three barrows and seven head of breeding stock.

A loading chute, made by the chapter, will also be entered, along with a booth entitled "why the FFA."

Handbooks In Use At School

All Farwell High School students are being presented with a handbook this week with information for the student which will prove helpful, if followed closely.

The handbook contains information on care of the school property, school calendar,

rules governing athletic eligibility, honors and awards available, tardies and absences, automobiles and scooters at school, smoking, truancy, student insurance, senior trips, pep rallies, student hours, dropping courses, requirements for graduation, grading, tests, rules governing married students, and discipline.

All students are asked not to be on the grounds prior to 8:15 a.m. Official time for the opening of school will be shown on the clock in the high school hall.

Marriage Licenses Issued

Three marriage licenses were issued from the office of County Clerk Bonnie Warren last week. They were issued to: Jimmy Leon Snead and Sheryl LaRue Long; Asencion Gonzales and Maria Craig Tarango; Ramon Joseph Delgado and Neomi Gunega Estavada.

Backyard Activities

IN THE COOL-COOL-COOL OF THE EVENING -- Friends are always ready to take advantage of the hospitality of Mr. and Mrs. Bill Prince when they are invited for an evening of recreation and good food in the patio of the Prince home which is surrounded by a border of beautiful flowers in various colors. "Queenie," the dog is most intent on assisting her mistress, in her favorite pastime, keeping the flowerbeds in shape. "Not many more days to enjoy the patio," sighs Mrs. Prince as she thinks of the winter just around the corner which has been brought sharply to mind by the recent cool days.

ALL THAT GOES UP'S GOTTA COME DOWN -- Deana Williams and brother, Clay, children of Mr. and Mrs. Don Williams, take advantage of the last days before school starts, to become more expert on the trampoline which is only one of the pieces of playground equipment in their backyard. Deana is a first grade student in Farwell this year. Clay and Deana are grandchildren of Mr. and Mrs. R. S. Ford and Mr. and Mrs. Willie Williams.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

The 1966 County Bake Show is over. Four blue ribbons were given with the highest score of these being won by Ann Blackstone, a Lazbuddie 4-H'er. Ann seems to get her share of the blue ribbons in 4-H and this one will take her to the Tri-State Fair to compete for high honors.

Other blue ribbon winners were Diane Coker, the second highest winner, Kathy Coker and Nancy Blackstone.

Record Books of 4-H'ers that were turned in for judging in Home Economic projects were 49. These have been judged and awards winners selected. Project work for 1966 is over and clubs and leaders are getting ready for the new year. This will be the time for girls and boys to decide on projects for another year. Adult leaders for projects will be needed if 4-H members are to benefit from project work. Adults who can spare a few hours each month can find satisfaction and contribute their time toward a very worthwhile activity. Let the Extension office or the 4-H Club Organization Leader know if you would like to take the training as a leader. It is hoped that training in some projects can be done in October.

Some changes have been made in 4-H Food guides and training on these will be given to leaders as soon as enrollment is completed.

SEPTEMBER BETTER BREAKFAST MONTH

Many homemakers have found themselves a few pounds heavier after all the visiting and picnics during the summer.

Skipping breakfast is not a smart way to lose weight - as many homemakers and girls do.

Following a plan of three well-balanced meals a day to obtain the important nutrients needed in each person's daily diet.

September is designated as "Better Breakfast Month" and is a good time to check on the family's breakfast habits.

Breakfast skippers are likely to become more pronounced with the beginning of school and the competition for "prime" time each morning for students and other busy people.

A recent breakfast study in Iowa demonstrated that when a low-fat, low-cholesterol morning meal is indicated, a cereal and milk breakfast is superior to some because it is low in fat and cholesterol, it contains an adequate amount of complex carbohydrates and a small quantity of simple sugar, and it also furnishes adequate protein, important vitamins, and essential minerals.

A basic cereal and milk breakfast pattern for 400 calories for weight reduction is just as nutritionally efficient as others, according to the study. It includes one-half cup orange juice, 1 ounce of whole wheat flakes or other ready-to-eat cereal, 1 cup of nonfat milk for the cereal and as a beverage, 1 teaspoon sugar, 2 slices of white toast, and 1 teaspoon butter. Preserves or honey substituted for butter further reduces the fat and cholesterol.

A few minutes in the morning for an adequate breakfast for weight watchers and girls and boys can pay off in many ways - it can prevent that tired, nervous, and listless feeling during the mid-morning, and improve grades of the school girl and boy.

Maize Queen Deadline Sept. 6

Deadline for entrants in Friona's 10th annual Maize Queen Contest has been set as Tuesday, September 6, it was announced this week.

Businesses, clubs or organizations wishing to enter a girl in the contest should mail a check for \$7.50 to Flake Bar-

ber at Ethridge-Spring Agency, Friona.

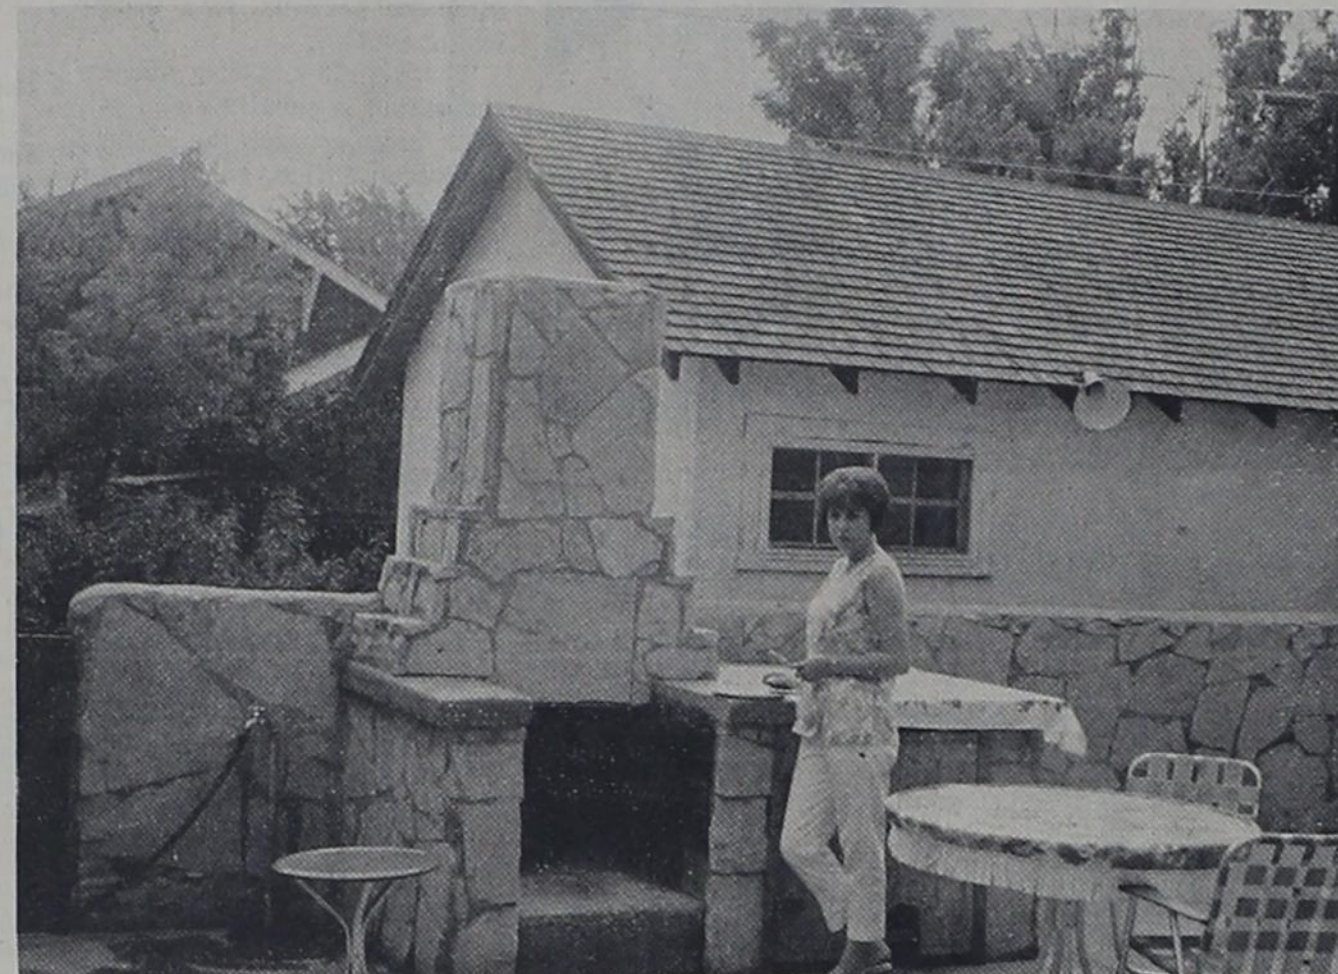

A change in the location of this year's contest has also been announced by the queen's contest committee. The contest will be held for the first time at the new Friona High School Auditorium.

Any girl who will be a junior or a senior in any of Parmer County's four high schools is eligible to enter the contest.

The celebration, which will serve as Friona's 60th Anniversary, will be held September 11-17. The queen's contest is an annual highlight of the celebration, and will be held on Thursday, September 15.

A big parade will be held Friday, September 16. All businesses, clubs and organizations in the area are invited to enter floats in the parade.

New events on this year's schedule include a Pony Express relay race, to be run around Reeve Lake in northwest Friona; an old fiddlers contest and a talent contest.

HURRY GANG, SUPPERS 'A COOKIN' -- Mrs. Truman Kittrell makes the most of the final days before the beginning of school and prior to the first cold days by preparing an "outdoor meal" for her family. The Kittrells and their children, Sabrina and Steven, spend many happy hours in the backyard each summer and always hate to see the long lazy days end.

Visits In Farwell

Mrs. Tommy Williams, daughter of Mr. and Mrs. Bill Prince, arrived in Farwell for a visit with her parents and her husband's parents, Mr. and Mrs. Jack Williams on August 21.

Last weekend Mr. and Mrs. Prince and son, Danny, accompanied Mrs. Williams to Mexia where they were joined by Tommy Williams for a visit. The entire group attended the wedding of Gail McCullough, a former classmate of Mrs. Williams, on Saturday at Mexia. Mr. and Mrs. Williams returned to Galveston on Sunday with the local people returning home.

September 1, 1880 - The first national lawn tennis matches were held at the Staten Island Club, New Brighton, Staten Island, N.Y. Twenty-three entrants competed for the first prize, a silver cup valued at about a hundred dollars.

Main Street Lazbuddie

By Kitty Gallman

Funeral services were held for Robert Lee Smith, Monday at 2 p.m. from the Lazbuddie Baptist Church. Mr. Smith, better known as PeeWee, passed away suddenly on Saturday following heart failure. He had been a longtime resident of the community and was an employee of J. D. Carpenter at time of his death.

Survivors include his wife, Luvenia, one son, and two daughters of Fort Worth. Burial was in Wortham.

Mr. and Mrs. Darrell Mason announce the birth of a son, Sean Ray, on Friday. The child weighed 7 lb., 11 oz. at birth.

The Lazbuddie Methodist Church will have its First Quarterly Conference and dinner on the grounds Sunday, Sept. 4. Rev. W. A. Appling, District Superintendent from Plainview, will preside.

The Lazbuddie Longhorns traveled to Tulia Friday night for a scrimmage with the "Hornets" B-team.

Coach Bob Coleman reports that he is optimistic about the team prospects and that they "looked good" against Tulia. Four of last year's offensive starters are returning to the team and five defensive starters are back. The Lazbuddie team scored six times to their opponents one.

Coach Coleman, his wife, Nancy, and children recently moved here from Lockney where he was assistant coach. His assistant at Lazbuddie is Eddie Wilt.

Twenty five boys make up the Longhorn roster. Included are seniors: Terry Parham, Garry Matthews, Buster Steinbock, Danny Miller, Royce Barnes, Larry Vaughan, David Nelson, Steve Jones, Mike Hinkson, Timmy Foster and Bob Jones; juniors: Bobby Gleason, Derrell Embry and Dale Blackstone; sophomores: Steve Foster, Troy Steinbock, Larry Davis, Garry Elliott, Edwin Parker and Frank Hinkson; freshmen: Terry Scott, Darrell Matthews, Monte Barnes, Larry Hodges and Gail Morris.

Where-oh where, has Laz-

buddie gone? In a last minute effort to get in vacations before school started and the fields dried up, folks left Lazbuddie by droves. "I'm sure I know of only a part of the people who have been gone . . . but."

Mr. and Mrs. Otis Davis left Thursday for New Orleans and other points of interest in Texas and Louisiana.

Mr. and Mrs. Jerry Engelking went to Kentucky and the Smokey Mountains of North Carolina.

However, Red River seems to be the most popular vacation spot -- The Scott Windham and the Albert Clark families were there recently and a group of 19 recently were there together including Messrs and Mesdames Ted Treider, Brad and Stan; Chunk Smith, Debbie and Khnye; Ronnie Briggs and Rhonda, Jimmy Briggs, Joe Dan and Jana; Wayne Morris, Candy and Stephen.

Mr. and Mrs. Glenn Scott were in Santa Fe last week.

Mr. and Mrs. Richard Engelking, Debbie, and Davey spent the week fishing at Lake Brownwood.

Mr. and Mrs. J. B. Jennings and Tamra spent the weekend visiting the Darrell Jennings family on their ranch near DeKalb, Tex.

Mr. and Mrs. Donald Littlefield, Karla and Donny, accompanied by Sandy Hollers and Ricky Hipp, visited Tres Ritos.

Even though many folks have been gone, others came to visit to equalize the population.

Recent visitors include: Mr. and Mrs. Roy Thomas Havens and Roy Glenn in the home of Rev. and Mrs. Roy Havens; and Mr. and Mrs. Lee Farley, Sr. from Greenwood, Ark., in the Roy Lee Farley, Jr. home.

Danny Howard, grandson of Mr. and Mrs. J. D. Carpenter Jr. who has been visiting his grandparents since July 4, will return to Houston this week.

Mrs. E. A. Seaton has been transferred back to Green Memorial Hospital in Muleshoe.

The Muleshoe Chamber of Commerce honored the Lazbuddie faculty, board members, administrators, and other staff members with an appreciation

NO EXCUSES--There will never again be an excuse for students to say "I can't do this or can't do that" agree persons who visited the new high school facilities on Sunday. Mrs. Bunk Phillips, a former Farwell student, and daughter, Connie a junior, visit with Mr. and Mrs. Glenn Marsh and daughters, and Mrs. Joyce Hart, speech and history teacher, at the Open House.

Vacation Cabin Or Second Home

A "second home" in the form of a lakeside cabin, hill country retreat, or vacation hide-away may soon become as popular as the second car is to most families. The development of recreational areas, the construction of new dams forming lakeside areas, and many other conditions combined together make the construction of a vacation home a "whole family project", says County Home Agent Cricket B. Taylor.

There is a variety of small homes and cabin plans for those who wish to build their own. Types of plans available range from small one-bedroom cabins

to the popular A-frame cabins. Most of the cabins may be built by a crew of two or three people who have some knowledge of construction methods.

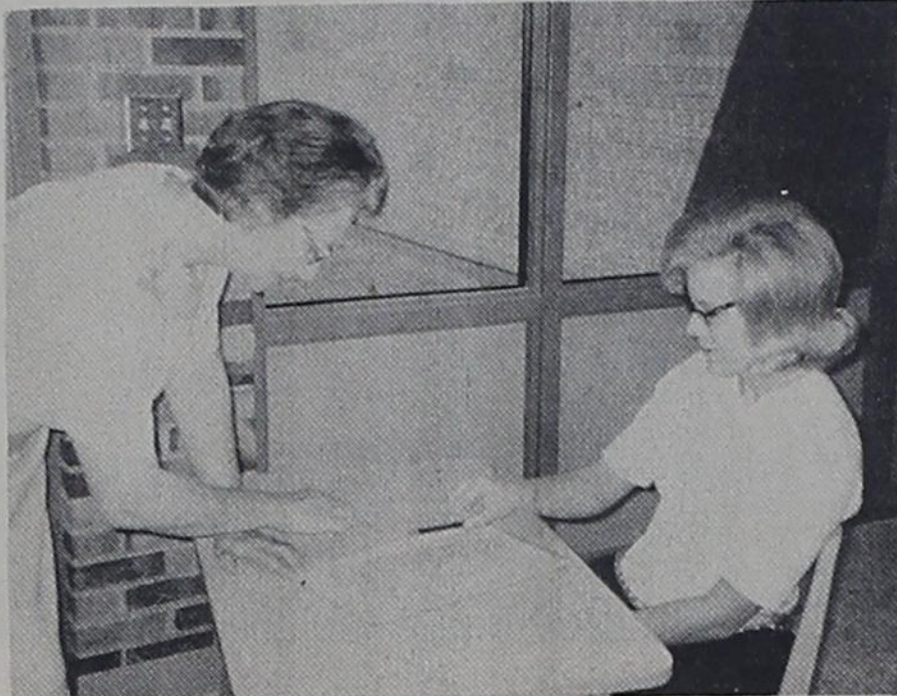

Plains are also available for vacation cabins with second story bedrooms as well as conventional plans that are complete on one level. All plans contain storage space along with details on plumbing, electric service and heating requirements. Several plans make provisions for fireplaces.

Whether you like these particular plans "as is" or not, they will offer excellent planning guides for development of other plans to fit your own particular requirements, points out the county home agent.

Complete working drawings for twelve different types of cabins are available through the offices of County Extension Agents and they are free of charge, explains Mrs. Taylor.

A SIGN OF THE TIMES: "A gunman appeared at the paymaster's window of a large plant and said: 'Never mind the payroll, Bud! Just hand over the Welfare Fund, the Group Insurance premiums, the Pension Funds, and all the Withholding Taxes!'"

September 5, 1945 -- The American flag is raised on Wake Island after Rear Admiral Shigematsu Sakaibara surrenders his Japanese forces there.

OPEN HOUSE REGISTRATION--Mrs. Wilfred Quickel, one of the 500 persons attending openhouse at the new Farwell High School on Sunday, is registered by Joyce Bass, senior. Although both of Mrs. Quickel's children have graduated, she remains interested in all school affairs.

Whether you like these particular plans "as is" or not, they will offer excellent planning guides for development of other plans to fit your own particular requirements, points out the county home agent.

Complete working drawings for twelve different types of cabins are available through the offices of County Extension Agents and they are free of charge, explains Mrs. Taylor.

RED PRATHER 481-3662--Farwell

Know Your Amendments

A brief description of the proposed constitutional amendments that are to be voted on in the November 8th election is presented below. The summaries were prepared by the Texas Press Association in the interest of a better informed public.

Parmer County voters will join others in Texas in marking a king-sized ballot in the general election in November. The main reason for the increased size of the ballot will be 16 proposed state constitutional amendments.

The 16 amendments have been submitted by the state legislature for the voters to decide on.

State law requires that the text of the amendments be published in order for voters to have ample opportunity to be informed.

Three of the amendments are being published in The Bovina Blade while the others appear in other Parmer County newspapers.

Following are brief descriptions of the proposed amendments:

Amendment No. 1-- Provides that all land owned by natural persons and designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

Amendment No. 2 -- Would authorize creation of airport authorities composed of one or more counties.

Amendment No. 3 -- Would withdraw Arlington State College from participating in the Permanent University Fund.

Amendment No. 4-- Increases the permissible term of office for directors of conservation and reclamation districts from two to six years and validating present statutory terms of office for such officials.

Amendment No. 5 -- Would authorize the legislature to provide for a system of retirement, disability and death benefits for county officials and employees and others.

Amendment No. 6-- Provides for payment of assistance to survivors of law enforcement officers, custodial personnel of the Texas Department of Corrections and full-paid firemen.

Amendment No. 7 -- Would repeal the Constitutional provision requiring a poll tax as a prerequisite to voting and requiring the Legislature to provide for annual registration of all voters.

Amendment No. 8 -- Would authorize the Legislature to enact laws permitting persons to vote for state officers and for president and vice president of the United States without having fulfilled residence requirements to vote for other officers, as well as laws permitting former residents of the state, for a certain period, to vote absentee for president and vice president.

Amendment No. 9--Increases to five the number of judges on the Texas Court of Criminal Appeals and lengthens the term of that court.

Amendment No. 10 -- Provides that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy after such change without further election.

Amendment No. 11--Would

authorize the issuance of an additional \$200,000,000 in bonds by the Texas Water Development Board upon two-thirds vote of the Legislature and expanding the uses to which money in the Texas Water Development Fund may be put.

Amendment No. 12 -- Provides the method and manner for dissolution of hospital districts.

Amendment No. 13--Would authorize the Legislature to provide for consolidating the functions of government within a county having 1,200,000 or more inhabitants and to provide for intergovernmental contracts between political subdivisions of the county.

Amendment No. 14--Would allow members of the armed forces to vote in Texas upon satisfying the residence requirement applicable to Texans in general.

Amendment No. 15--Authorizes the channeling of funds from private and federal sources through the state for use by privately owned or local agencies in establishing and equipping facilities to assist the handicapped in becoming gainfully employed.

Amendment No. 16--Establishes the date on which newly-elected members of the Legislature qualify and take office.

PROGRESSIVE BUSINESS & CIVIC-MINDED PEOPLE OF MULESHOE AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The State Line Tribune as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Muleshoe who helped make this department possible is sincerely appreciated.

Dallas Kinard

We wish in this edition to pay tribute to Dallas Kinard of Kinard's Used Cars, & Wrecker Service, for his many services to the city of Muleshoe, and his splendid record of achievements in the business life of the city.

Mr. Kinard probably has as wide a circle of friends as any other man we would name, because he is just naturally the kind of individual who makes friends with almost everyone, and always conducts himself in such a manner as to deserve the respect and good will of all who know him. Muleshoe is fortunate in being able to number among its more progressive business men, citizens of this type.

He is always ready and willing to lend his support to the promotion of any project which promises to benefit this entire region.

He may be depended upon, and his services to the people are too many in number to be described here. It may be sufficient to say that we consider Dallas Kinard an asset to the community, and a dependable business man of whom the city may be proud.

James C. Bairrington

The progress of any community hinges to a great extent upon the activities of the progressive men in the community.

As is true in this locality as in any other sector, and local leaders are to be congratulated for their part in the general advancement of this section of the Southwest. And one of the more dependable lumber men of Muleshoe who should thus be congratulated is James C. Bairrington of the Peabody Lumber Company, who is widely known and universally liked.

Few men have such a thorough knowledge of every phase of the lumber game, and to say that Mr. Bairrington knows the business from A to Z, is in no way an overstatement. The honesty which has always characterized his every transaction has gained for him the respect and confidence of the many men and firms with whom he does business.

The successful career of James Bairrington illustrates the merits of integrity, ability grounded in experience, and coupled with the added asset of a pleasing and sincere personality. We wish him many more years of continued success.

Haney C. And Paul S. Poyner

Due to the efforts of a group of wide awake business men, the city of Muleshoe has attained a dominant position in the business and commercial life of this section of West Texas. And two of those who have justly earned credit for being progressive members of that group are Haney C. and Paul S. Poyner of Poyner's White Store Incorporated.

It is because of the successful operation of such a business as theirs that the city of Muleshoe has earned the reputation of being one of the more progressive communities in this area.

The Poyner Brothers have been conspicuously successful in spite of the fact that they have repeatedly neglected their own private affairs to devote a part of their time and efforts to the successful promotion of civic projects.

It is considered a privilege to include Paul and Haney Poyner in this Muleshoe review, and to publicly give them due credit for their success in business, and for their many contributions to the general welfare of the city.

Allen Guinn

In paying tribute to some of the more dependable business men of Muleshoe, we would be remiss in our duty should we fail to include Allen Guinn of the Allen Guinn Body Shop, whose business ability is no greater than the "know-how", and professional skill which has contributed to his well-earned success in the automotive body repair and painting business.

He has also contributed generously to the welfare of the

city and the community for many miles around. And his civic spirit is evidenced by the many services which he has performed, and will continue to perform in the interest of the people as a whole.

Mr. Guinn is a man of wide acquaintance, whose many friends admire and respect in him, those virtues which inspire confidence and promote good feeling. And his upright business methods are a credit to his inherent sense of fair play.

We congratulate Allen Guinn on his splendid record of service, and trust he shall continue to assist us for many years to come.

Leslie Harris

In editing this review of progressive Muleshoe business men, it is fitting that we should include some of those who, by their aggressiveness, have definitely established themselves in the business and civic life of the city.

Such a man is Leslie Harris, manager of the Hartley Dairy, who also deserves an additional word of praise for being more than just successful. He is a consistent and enthusiastic booster of the community, and in his way has done much to advertise the city.

Mr. Harris has pursued the progressive policy of stepping up his business ahead of the times, thus setting a pace for which he has earned the reputation of being a go-getter, who does not sit back and wait for the business to come to him.

We are glad to pay tribute to Leslie Harris, and to point out to our readers that his sincere desire to be of service, coupled with his determined methods, are largely responsible for the standing of the Hartley Dairy throughout this entire area.

N. L. "Red" Johnson

Logically a man who has earned the reputation of being one of West Texas' most dependable furniture dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. And one who justly deserves that distinction is - modest, efficient, friendly, N. L. "Red" Johnson of Johnson Furniture, who numbers many of our readers as some of his best satisfied customers.

Mr. Johnson is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district, lies in the fact that he is untiringly zealous, and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of Muleshoe for numbering among their more progressive citizens such a man as "Red" Johnson, and we also express the wish that he will enjoy many more years of success.

John H. Miller

In singling out some of the more progressive business men of Muleshoe, we would be remiss should we fail to include John H. Miller, consignee for the Continental Oil Company. He is a man who has never spared himself in his participation in both the business and commercial activities of this region.

Mr. Miller has always been conscious of his civic responsibilities, and is every ready and willing to meet in every detail, those opportunities which come to his attention to further civic enterprise. We may well be proud of his achievements along these lines.

John Miller deserves a great deal of credit for the honest and successful manner in which he has conducted his business affairs. He is a friendly and likeable personality, whose sincere desire to be of service has gained for him a host of personal friends and dealers in and around Muleshoe who would, if given the opportunity, join us in wishing him many more years of continued success.

James B. Glaze

Having a well-earned reputation for honesty, dependable judgment, and a complete knowledge of the real estate, insurance and loan business far above the average, James B. Glaze of the James Glaze Company, merits a brief tribute in this Muleshoe review.

Without assumption, or seeking public acclaim, he has filled his place in the community as one of its solid citizens, performing his duties of citizenship quietly, yet efficiently.

As a leading and progressive business man, Mr. Glaze holds a high position in the esteem of the public generally.

It is not only as a practical executive, whose sound judgment and far-sighted planning have brought such fine things to himself, but it is because of his inspiring optimism and loyal friendship that James Glaze is held in such high regard by the people of this district.

We gladly praise the successful record of this dependable Muleshoe real estate, insurance and loan consultant.

Meredith Freedle

Meredith Freedle has proved his progressiveness by constantly adding to, and increasing the service which Meredith's Humble Station has extended to the people. The large volume of business handled by his Humble station proves that "service" to him, is not "just a word", but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Freedle was never a man to dodge his civic responsibilities, and help in those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to the community, and is thoroughly established in the forefront of the business life of the city.

Meredith Freedle has many friends and customers throughout this region, and it is a pleasure to bring him before our readers in this review of conscientious Muleshoe business men.

Stanley Wilson

To serve the public honestly, efficiently, and cheerfully, is the basic foundation many progressive business men of Muleshoe have found to be the shortest route to success. In making this statement, the one we have in mind is Stanley Wilson of the Wilson Drilling Company. The popularity and patronage enjoyed by his many excellent services accentuates the ideals of courtesy and efficiency which he has consistently applied in the operation of the business, and in the servicing of its patrons.

The conduct of such businesses, and those who operate them have done much to make Muleshoe the business center for many miles around, and it is fitting that we give credit where credit is due to such men as Mr. Wilson for his part in the onward progress of the city. In doing so, we are merely putting into words the opinions of those who know him.

Stanley Wilson has earned his success by the method in which he has served the public, and accepted both civic and business responsibilities, and we wish him every success in the future.

Mrs. W. T. Bovell

In mentioning some of those men and women who are taking a progressive part in the evolution of the business and civic life of Muleshoe, we would be remiss if we failed to include Mrs. W. T. Bovell of the Bovell Motor Supply, a firm that is recognized as a leader in their line of business.

Mrs. Bovell is that solid type of citizen whose fairness and friendliness, and sincere desire to be of service are accountable for a large measure of her success. And as time goes on, her personal interests have become more closely interwoven with the business and civic affairs of the city. As a result she has, quite naturally, become accepted as a woman

who can be called upon, and who will cheerfully to her part to further the development of those community activities to which she is best fitted to lend assistance.

Mrs. Bovell has, by the conduct of her business, and by her attention to civic affairs, earned the friendship and good will of her many customers. She is to be complimented for her activities, and we only express the desire of her many friends and associates in wishing her continued success.

Earl Ladd Jr.

There are many men in their chosen vocations who have gained recognition for the progressive manner in which they have conducted their business and accepted their civic responsibilities, but who will not permit much to be said of their achievements.

But in reviewing a group of such citizens we should include Earl Ladd Jr., of Ladd Engineering, and a student at Texas Tech, for he is a man who has always done his work effectively, even though it has been accomplished in an unobtrusive manner.

Mr. Ladd, busy as he is, always manages somehow or other to do his bit in any movement calculated to benefit the community as a whole. His modesty however, will not permit him to say the things about himself which are said by his many friends, who do so because of a personal knowledge of his activities.

We do not hesitate to recommend Earl Ladd Jr., to our readers as a citizen who continues at all times to work to the advantage of the people of this entire district.

J. D. Spurgeon

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him, certain qualities over and above the average, he is deserving of a few words of praise. Such a man is J. D. Spurgeon of Spurgeon's Motor Machine, a leader in the business and commercial life of Muleshoe.

In addition to being one of the city's more progressive business men, Mr. Spurgeon was never one to shirk his civic duties. More than that, he enters cheerfully, and with enthusiasm and optimism into those civic affairs in which he has time to take a part. And seldom does he fail to find time to do his share.

J. D. Spurgeon deserves his share of credit for being one of those dependable citizens of Muleshoe who has contributed substantially to the onward progress of the city. It is a pleasure to include him in this group.

Forest Creamer

We desire in this Muleshoe review to call the attention of our readers to the well-earned position which Forest Creamer has reached in the business life of this section. During the comparatively short time he has been operating the Southside Gulf Service, he has made many personal friends as well as having earned the good will of his associates for the straight-forward manner in which he has conducted his business affairs.

Mr. Creamer is working hard to deserve the confidence which the people of the community have in him, and he continues to work hard to maintain in every way, that high standard which he has set, not only for himself, but for the operation and management of his Gulf Service Station as well.

He has also shown a willingness to assist in every manner at his disposal in the growth and development of Muleshoe, and is always ready to lend his support to civic projects. Forest Creamer deserves our heartfelt congratulations on the splendid record he has already established, and we sincerely hope for his continued success.

Joe And Rena Carroll

Two restaurant operators of Muleshoe who have based their success upon the belief that the public will appreciate good food, well prepared and appetizingly served, are Joe and Rena Carroll of the Dinner Bell Cafe, whose many friends and customers by their daily patronage of their popular eating place, attest to the soundness of their policy.

It is not only because of the successful operation and

management of their cafe that Mr. and Mrs. Carroll have come to be recognized as assets to the community; but it is also because of their policy of "looking ahead", and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Muleshoe and the people as a whole. They are two citizens who have shown their appreciation for their success by a willingness to contribute of their time and efforts to the promotion of community projects.

It is such people as Rena and Joe Carroll whom we are privileged to include in this review, and to publicly give them due credit for their success in business and civic affairs.

Roger Albertson

It is not always the kind of business which determines its importance to the community. But, more or less, the methods used in its management. The services rendered to the public. And the manner in which it meets both business and civic obligations.

The cheerfulness of the entire personnel of Cobb's Department Store, in their contacts with the public. And the ready acceptance of all responsibilities by Roger Albertson, the manager, proves conclusively that he is a man who is well-versed in the principles of successful business management.

As most people know, this firm is a leader in their line of business. This is partly so because of their long experience, but also because of a never ending policy of keeping abreast of the times in their particular field.

It is a pleasure to compliment Roger Albertson for the successful management of Cobb's Department Store, and for his many contributions to those civic projects aiding in the growth and development of Muleshoe and the adjacent territory.

Ben F. Chapman

At the head of one of the district's more prominent irrigation equipment and supply firms, and as a leader of recognized ability in community life, Ben F. Chapman stands out today as one of the best liked men on the panorama of Muleshoe activity.

His friends are numbered by the hundreds, and all of them are of the lasting fibre which comes of worth-while associations, both in the world of business, and in the realms of neighborhood life.

The Chapman Supply Company has been a strong factor in the growth and progress of Muleshoe; and Mr. Chapman's own efforts in many instances, have been the stimuli behind the outstanding accomplishments of this reliable company. He also represents Gifford-Hill Western Irrigation in the Muleshoe trade territory.

We take pleasure in expressing these few words of commendation to a man who is doing so much to promote the growth and progress of this entire region.

Lonnie M. Bass

Most cities, if they amount to much, are man made. They do not just happen. It has been the realization of its more progressive citizens that their city must grow and prosper, and become something other than just another place on the map, that has brought results, and made it possible for the city of Muleshoe to be an outstanding one, and for those within it to prosper.

Lonnie M. Bass of B & C Builders Incorporated, is one of those men to whom much credit must go for playing no small part in the growth and development of Muleshoe and the surrounding area.

Mr. Bass would be the last man to mention the matter, but when the call goes forth to rally around something worth-while for the community, he is among the first to volunteer. But his friends are outspoken in paying him this well deserved tribute, and they do so because of a thorough knowledge of his activities. Successful in his own business, Lonnie Bass is equally successful in the promotion of civic progress.

Pete Guinn

Pete Guinn, who just a short time ago assumed the management of BMG Motors Incorporated, authorized Chrysler, Plymouth & Dodge cars and trucks, sales and service in Muleshoe, quite readily demonstrated his executive ability by his quickness to appreciate the obligations and responsibilities

of his new position, and to conduct his affairs accordingly.

Although he has been managing the business for a comparatively short time, he has already made many new friends and customers for BMG Motors Incorporated.

Mr. Guinn is an active, energetic man whose sincere and friendly personality, and desire to be of service is rapidly earning a place for him in this district. He has always taken an interest in community activities, and in due course of time will assume his full share of civic responsibilities.

Pete Guinn deserves a word of praise for having so adequately established himself in his new endeavor, and we are glad to give him this brief mention.

Mr. And Mrs. John W. Smith

Mr. and Mrs. John W. Smith of the Corner Drug Store, and Thriftikab Taxicab Company, are two of those progressive type of citizens upon whom the community depends a great deal for leadership in business or other matters. They are also civic-minded, and have in the past, and no doubt will continue in the future to give more of their time and energy for the welfare of others than themselves.

They are the kind of people who makes friends, and friendships once formed by them are never broken by an unfriendly act on their part, and they spare no efforts in order that their services to the surrounding area shall be more dependable.

The Smith's have never been known to inject themselves into a situation for the mere purpose of gaining publicity. However, they proceed in a calm and unostentatious manner, and accomplish their objectives with a quiet dignity. We do not hesitate to recommend Mr. and Mrs. John Smith to our readers as excellent examples of the more progressive type of business people who have aided in the growth and development of Muleshoe and the surrounding country.

Wayne And Louise Williams

Wayne and Louise Williams of Williams Bros. Office Supply, have well-earned reputations for progressiveness because they have consistently forged ahead in their business, never letting up in their efforts to make the service they render to the people more valuable. This invariable policy has made the Williams Bros. Office Supply outstanding in its field, a fact that is well known to the public throughout the Muleshoe area.

But Mr. and Mrs. Williams have accomplished much more than just making a success of their business and private affairs, and we take this opportunity to pay tribute to them for devoting what time they could spare to the general welfare, not only to the city, but this entire district as well.

It is such people as they, who are both successful in business, and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving Louise and Wayne Williams the credit for their accomplishments which their many friends and customers have so long accorded them.

W. R. "Ray" Carter Claude Wilemon And C. W. Goss

There are a number of business men in Muleshoe who have gained recognition for their dependability, and a well-known insurance counselor who belongs in this category is W. R. "Ray" Carter, whose fair dealings with many of our readers has earned for him a host of friends and policy holders throughout this area.

He is well established in the forefront of the business life of the city, and the ethical manner in which he has conducted his business affairs is but one of the reasons for his outstanding success.

In addition to his insurance activities, Mr. Carter has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, Muleshoe is firmly established in the minds of the people as the logical trading center of this section of West Texas.

We congratulate "Ray" Carter for his success in business and civic affairs, and trust he will continue for many years to enjoy that success which he has so justly earned.

Mrs. Raymond Green

Generally speaking, civic pride is one of those things that goes hand-in-hand with success, because a person must have been successful to fully appreciate the advantages that were afforded them by the community in which they live.

And Mrs. Raymond Green of the Muleshoe Floral Company, and Green Butane Company, is one of those progressive business women of Muleshoe who has shown her appreciation for her success by her attention to civic matters. Her willingness to become a cog in the wheels of community progress whenever united effort is needed to put over some movement or project advanced for the good of the city, has always been taken for granted. Mr. Green operated the butane company until 1963.

Mrs. Green's quiet assumption of responsibility, not only in connection with her own business, but in regard to other matters as well, has often led to a feeling of confidence and respect in the eyes of her associates.

In complimenting Mrs. Green upon her high standing in the community, we do no more than express the admiration and respect of her many friends and associates.

ESA Sets Art Show Sept. 11

Theta Rho Chapter of ESA will hold an art exhibit at the Community Room of Security State Bank from 3-5 p.m., Sunday, Sept. 11, announces Mrs. Joqi Tankersley, philanthropic chairman of the local organization.

The art show is being held as a part of the annual Cystic Fibrosis Fund Drive by the local chapter, who is holding its drive in conjunction with other New Mexico ESA organizations, during September, which is designated as Cystic Fibrosis Month. Mrs. Donna Jordan is chair-

man of the Cystic Fibrosis Fund Drive and Mrs. Tankersley and Mrs. Nell Walling are co-chairmen. Persons who have questions concerning the art show should call one of the chairmen for information.

All art works exhibited at the show, to which the public is invited, will be those of Texas and New Mexico artists. Donations will be accepted for the Cystic Fibrosis Fund during the art show and reception.

More details will be announced next week, says Mrs. Tankersley.

CINDY WATTS

Cindy Watts Is Eight Years Old

Cindy Watts, daughter of Mr. and Mrs. Billy Watts, celebrated her eighth birthday with a party in the home of her parents Thursday afternoon with girls who will enter third grade this year as guests.

After Cindy had opened her gifts the group went to the Farwell Park to play games. Birthday cake, featuring yellow and white decor, was served with lemon sherbet and punch.

Special gifts were received from Johnny, Rex and Linda Jennings, Quitaque, cousins of the honoree; and from Mr. and Mrs. John Hughes, Lubbock, an uncle and aunt.

Attending the party were Gaye Coffman, Terri Sue Boling, Lee Ann Williams, Sheralee Sharp, Lori Norton and Claire McFarland, third grade students; Kayle Watts, brother of the honoree; Carolyn Tate and children, Terri and Tobin, Joyce Kay Watts, aunts and cousins of the honoree; Jo Carpenter and Jason, Jeri Sharp and Jeff, and grandparents, Mr. and Mrs. Finis Jennings, Lazbuddie, and Mrs. A. T. Watts.

Receives Bachelor's Degree

Phillip Noel Billingsley, son of Mr. and Mrs. Clark Billingsley, was among the students at the University of Texas-Texas Western in El Paso, who received degrees at the August 31 commencement.

Billingsley, a 1961 graduate of Farwell High School, received a Bachelor of Science degree in mathematics. He attended West Texas State University until receiving an appointment to White Sands Missile Range as a mathematician in February of 1964. He has been a trainee since that time.

He plans to begin work on a master's degree after working for the next semester.

Mrs. Billingsley is also employed on the Missile Base and

the couple will make their home at 10361 Yellowstone, El Paso.

PHILLIP BILLINGSLEY

Leslie Cooper Celebrates 16th Birthday

Leslie Cooper, daughter of Mr. and Mrs. Lawrence Cooper, was honoree for a 16th birthday party in the home of her parents on Wednesday night with 35 young people participating in a "hamburger cook-out" in the backyard at the Cooper home.

The hamburgers were served with relishes, birthday cake, home made ice cream, and pop. After the meal, the group listened to records, talked about the summer which is swiftly drawing to a close, and made plans for the coming school year.

Adults assisting with the party were Mr. and Mrs. Leon Billingsley, Mr. and Mrs. Donald Christian and Linda Phillips.

Tracy Lynn Barrow Arrives Saturday

Mr. and Mrs. Bennie Barrow, Clovis, announce the arrival of their first child, a daughter, Saturday, August 27, at 4:45 p.m. in Clovis Memorial Hospital.

The little girl, who weighed 7 lb. on arrival, has been named Tracy Lynn.

Maternal grandparents are Mr. and Mrs. Bill Moss and paternal grandparents are Mr. and Mrs. Ralph Barrow, Clovis.

Mrs. Barrow is the former Vickie Moss.

Football contest begins in Tribune

LOOK OUT CAMPUSES HERE WE COME -- Kathy White, daughter of Mr. and Mrs. Murray White, and Callalya Roberts, daughter of Mr. and Mrs. Grayson Roberts, both graduates of Texico High School and lifelong friends, gather up articles they will be needing at their separate campuses this fall, as they begin preparations to return to college. Miss White will enroll at Baylor University on Sept. 9, where she will major in elementary education and music, while Miss Roberts will enroll at the University of New Mexico, as a junior, where she will pursue studies as a dental assistant. Miss White attended Eastern New Mexico University last year while Miss Roberts has attended Oklahoma Christian University for the past two years.

ALL THESE AND MANY MORE -- Diane Lovelace, daughter of Mr. and Mrs. Woodrow Lovelace, and Jeanie Blair, daughter of Mr. and Mrs. Joe Blair, have begun to assemble all of the numerous items they will be needing when they enter college in the next few weeks. Diane, who will be a freshman at Texas Tech, has already acquired most of the necessary books for the first semester of classes while friend, Jeanie, who will be a freshman at Eastern New Mexico University, is eagerly looking forward to registration and buying books for her first classes. Both girls are 1966 graduates of Farwell High School.

Is it OK or Is it???? -- Teresa Quickel, 1966 graduate of Farwell High School who will enroll for her first year at McMurry College this Sunday, asks her mother, Mrs. Wilfred Quickel, for an opinion on the dress which she holds up for inspection. The dress, a soft pink knit of latest design, is one any college age girl would enjoy having in her wardrobe. Miss Quickel plans to major in elementary education.

Friends Invited To Bridal Shower

Friends and relatives are invited to attend a bridal shower honoring Eva Parsons of Dumas, bride-elect of Jerry Venable, tonight (Friday) at 8 p.m. The shower is being held in the fellowship hall of the Farwell Church of Christ.

Hostesses for the bridal courtesy are Mesdames R. S. Shuman, Grady Herington, Duane Herington, L. T. Utzman, Jerry Dee Owen, Bob Hammonds, Ebb Randol, Louis Tharp, C. J. Huffaker and Paul Wilkinson.

Back-To-School Party Held By MYF

The Methodist Youth Fellowship held a back-to-school party Sunday night following the church service. Approximately 35 young people played party games and visited.

Refreshments of cookies and punch were served from a table laid with a blue tablecloth centered by "Steer" pennants and blue and white pom-poms.

Adult sponsors of the group are Mrs. M. A. Snider Jr. and Mrs. Glen Phillips. Rev. Hardin Atkins was also in attendance.

Sigman Family Has Reunion

The Sigman reunion was held in Canyon last week, Monday through Wednesday, with family members from Lazbuddie, Muleshoe, Lubbock, Odessa, San Antonio, Hereford, Earth, Oklahoma and Arkansas in attendance.

The reunion was held in the home of Mr. and Mrs. Scott Downing. The time was spent in visiting, sightseeing, and swimming. Attendees visited the museum, the WT Campus and also saw the production "Texas" at the amphitheater in Palo Duro.

Attending from this area were Mr. and Mrs. Leon Smith Jr. and family, Mr. and Mrs. Leon Smith, Sr. and Tonie, Sherry Smith, Mr. and Mrs. Leonard Black, the Stanley Sigmans, the V. J. Sigmans, Mrs. Oma Sigman and the Downing family.

Wedding Reminder

Friends and relatives are reminded that they are invited to attend the wedding of Sherry Bass and Jerry Field, (tonight) Thursday, 7:30 p.m., at the First Baptist Church in Farwell.

Parents of the couple are Rev. and Mrs. J. L. Bass and Mr. and Mrs. Billy Field.

Visit Local Relatives

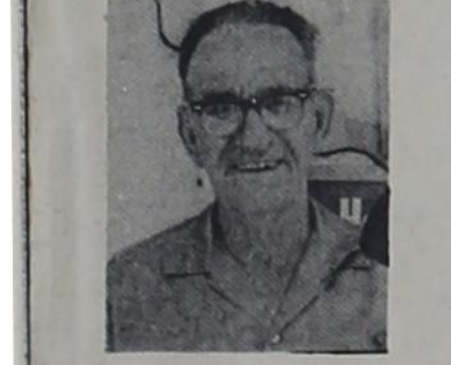

Mr. and Mrs. Everette Christian, Redondo Beach, Calif., accompanied by their daughter Mrs. Bob Barton (Laverna Beth) and children have arrived for a visit with relatives in Texico-Farwell and the surrounding area.
