

**PERSONAL**  
By John

It has been some years since the communities of Texico and Farwell have been plagued with telephone troubles. Since we have the additional lines between here and Clovis, there have been very few times when a call to Clovis hasn't gone through in short order.

One area that needs to be improved is the long distance calling. Last Saturday evening, while working the election returns, we had to make several calls to the various areas in Parmer County. We found it virtually impossible to get the long distance operator in order to place our calls. We finally dialed the business office and asked the operator there to get the LD operator to call us back so we could place our calls.

I do not know if the call load was such that the operators on duty could not get to our call or if the staff was enjoying a coffee break. One time, the remark was made that the load was not heavy enough to preclude our reaching the LD operator, and again just the opposite, when the operator said she had so many calls that it would be a while before she could get to our call.

I am sure that Saturday evening is a slack time for calls, but it looks like enough operators should be on duty to assure the public of being able to place calls within a reasonable length of time. In the never ending battle against rising costs, the Telephone Company probably strives to keep the number of operators on duty to a minimum during normally slack times. However, there should always be sufficient LD operators on duty to take care of the calls.

It is poor consolation to a person trying to place an important business call, or trying to place a personal emergency call, to be told that normally that particular time did not warrant and operator. Remember that the Telephone Company is a public utility and is governed by State Regulatory Commissions and is allowed a percentage profit on their investment and operating expenses. My observation is that they have been doing a reasonably good job of managing to show a profit. I would that I could go to some agency and petition for a guaranteed profit on my time and investment.

The little league baseball season is now in full swing. If you haven't been over to the Lions ball park to see our area youngsters, you are missing an evening of good entertainment. The facilities at the park are first rate. The field is well lighted for the games. It has a sprinkler system to settle the dust on the ball playing area.

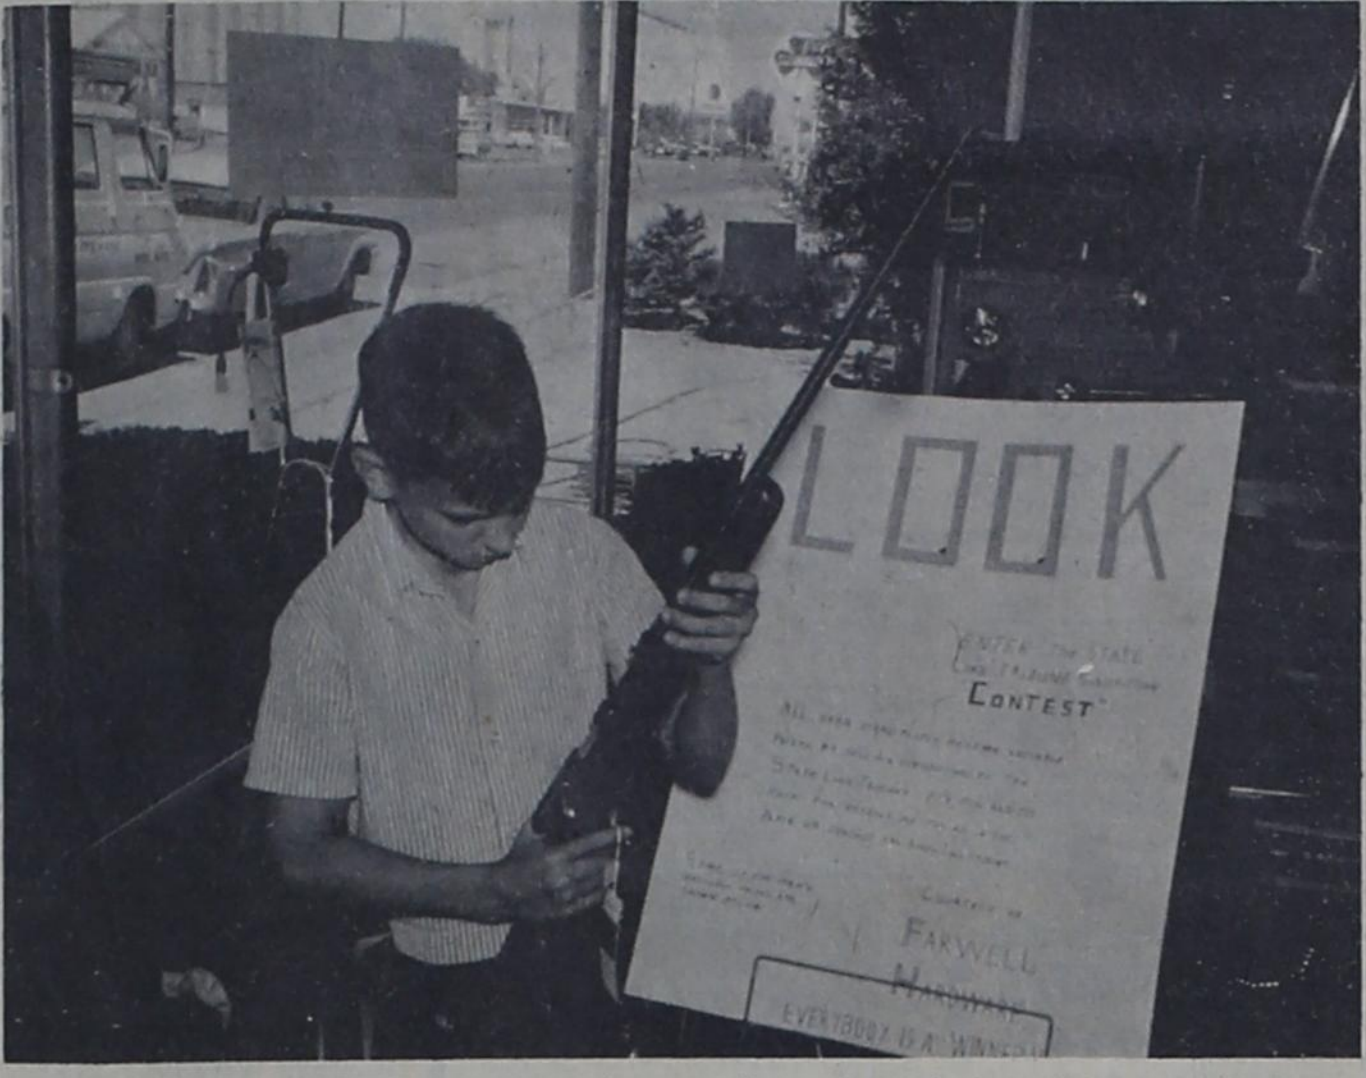

There is ample room to park a car and enjoy the game from your car, or, a grandstand is located directly behind the wire backstop at home plate. There is a well stocked concession stand serving popcorn, candy, soda pop and coffee. There is also a public address system manned by some very capable announcers to describe the play and to identify the youngsters as they come to bat. It will thrill you to see our young kiddos playing a good brand of baseball.

Come out and enjoy our beautiful high plains evenings as you participate in the activities of the finest community in the U.S.A.

To my anonymous Eighth Grade correspondents, we were not trying to disparage you, only point up the advanced ways of the girls at that age over the boys. In fact, we thought we were complimenting the young ladies on their beauty and their attire.

Would like to print your letter in our "Letters to the Editor" column, but can not print unsigned letters, so will use this method by way of making an explanation of our previous remarks.

J. W. Crim of Lazbuddie spent the weekend visiting in the home of a sister and family, Mr. and Mrs. R. L. Carr in Seagraves. On Friday night the group attended graduation exercises at the Hobbs, N. Mex. high school, where they saw a niece receive her diploma.

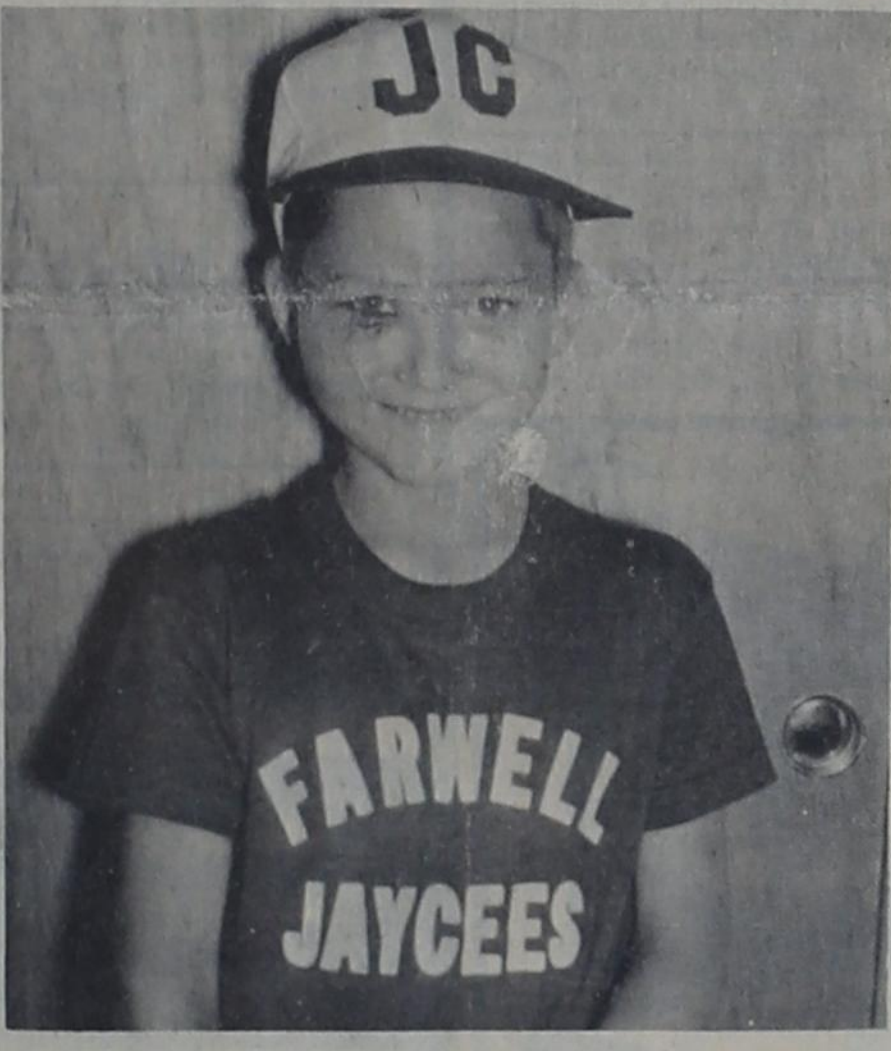

EVERYBODY IS A WINNER -- Junior salesman Johnny Watson looks with longing at the model 15 Y Winchester 22 singleshot rifle, which is on display at Farwell Hardware. The rifle is one of the prizes to be given away in the State Line Tribune Salesmanship Contest. Only 28,120 points will make the rifle Johnny's for "keeps".

## Vote Light In Run-Off Primary

### Charles Elected J P At Bovina

The vote in the Democratic primary run-off election on Saturday was light with only 740 persons appearing at the polls to cast their vote. Heaviest vote was in Bovina, where the Justice of the Peace run-off race pitting Wilbur Charles against Mrs. Lucille Killough generated much interest. Frionians also appeared at the polls in goodly numbers to cast their votes in the Justice of the Peace run-off, where Walter Lovelless, incumbent, was defeated by J. W. Roberts for the post. As expected, Crawford Martin, running for the Attorney General post, garnered 543 votes in the county, as opposed

FIRST CASUALTY -- Thad Phillips, eight, son of Mr. and Mrs. Glenn Phillips, is the first casualty of the summer baseball program. Thad, who was hit on the cheek by a ball resulting in a black eye, in the first game of the season, seems undaunted by it all.

## Man Killed Near Lazbuddie Murder Charge Is Filed

Leroy Lovelace, 51, colored, of Earth was shot and killed near Lazbuddie Tuesday afternoon according to reports from the office of Parmer County Sheriff Charlie Lovelace. Accompanied by his wife, Lovelace was working in a junkyard southeast of Lazbuddie Tuesday afternoon around 2 p.m. when Roy Renfro, 50, also colored, who is employed on the Dan Smith farm, arrived on the scene. An argument began between the two men and they began exchanging shots. Lovelace was hit twice in the head and a third bullet ripped through an arm.

Lovelace's wife was also injured in the fracas; however, hospital attendants in Muleshoe where she was taken for treatment indicate that she is in satisfactory condition. Her wounds, which are minor, are believed to have been caused by flying bullet fragments. Sheriff Lovelace said that when he arrived at the scene he found a British military type .303 caliber rifle in Renfro's pickup. Sheriff Lovelace had been summoned to the scene by Deputy Raymond Treider, who had previously been summoned by a Latin American boy who was allegedly working at the junkyard when the fracas began. The young man had not been located late Tuesday afternoon.

Renfro was charged with

"BATTER UP" calls Umpire Elmer Hargrove and the summer Little League baseball program is off to a fine start. At bat is David Snider. Catcher is Craig Chumley. First game of the season was between the Jaycee and Piggy Wiggly teams.

**Or Else ---**

Once again we have been reminded of the everpresent specter of racial violence that abounds throughout our land. Last Tuesday, James Meredith, the first Negro graduate of the University of Mississippi, was shot and wounded from ambush as he marched along a Mississippi highway on a pilgrimage against racial fear.

Even though he is not dead as first reported, the tragedy is not lessened. The tragedy I speak of, however, is not that of an oppressed young Negro, shot down in ambush as he valiantly fought for his rights against a discriminating society. It is a far greater tragedy, it reaches to every hidden crevice and rebounds off every peak and hill throughout our land. It cries for attention and if it does not receive it, it will know at the very backbone of America until our mighty nation crumbles under its own weight.

This tragedy I speak of is the evergrowing cancer of complacency that has manifested itself in our society and mushroomed to such proportion that every state, city, village, and township in our land is infected. It is this overriding complacency that is the basic underlying cause for our racial woes.

The pseudointellectuals of Washington would have us believe that poverty and discrimination are the hidden causes behind such eruptions as Watts. Don't you believe it! These are only the result and not the cause of our troubles. Had we not been so passive and submissive when the hierarchy of Washington demanded a portion of our wages to give to the undeserving, had we not looked the other way when our elected representatives passed ill-conceived legislation, had we not turned a deaf ear to the pleading reason and moderation, had we not done these and scores of other acts of indifference, ours might be a better society.

We are told that just removing the ban on segregated schools and public eating places is not enough. We are told that forced housing is required. We are told that bussing of students out of their home districts to achieve racial balance is a must. We are told: We are told! When will we stand up and say to the administration in Washington: "Not Now we are going to tell you!"

Unless our representatives are convinced that WE THE PEOPLE make the final decisions, we are lost. Our country will tear itself asunder from new racial hatred. True understanding and respect among the races can only come about when the inner self is ready to accept it. Then and only then will harmony prevail.

Unfortunately, understanding can not be brought about by depriving one citizen of his constitutional rights in order to give another citizen unconstitutional rights. This only fans the fires of racial hatred and delays still longer the responsible Negro taking his place in a productive society. Unless we stand up and speak out against this madness, we will only sink deeper into the gloom.

NOW is the time to let our representatives know where we stand. If we don't, many more James Merediths will lay down their lives for a cause that is hopelessly lost.

**On The Farm In Parmer County**

By JOE VANZANDT  
County Agent

The rains have been nice and were just about what the doctor ordered. Weeds and grass are starting to take off now along with our crops.

We want to discuss two chief enemies of profitable farming - Bindweed and Johnsongrass. Now is the time to really get after these two profit robbers if you have any of either.

For eradication of small patches of bindweed, we recommend any one of the following at the rate listed per acre. Sodium chlorate at 960 lbs; Benzac 354, Zobar, Trysben 200, Benzac 1281 or Tritac at 10 gallons per acre. Also Tritac 10G or Fenac granular at 200 pounds and Fenac at 13.5 gallons per acre.

Other chemicals recommended are Benzabar at 250 pounds or No Vine at 240 pounds/acre. The newest chemical recommended in Tordon 22K at 1.5 gallons and Tordon Beads or Borolin at 150 pounds per acre.

Large acres can be controlled with intensive cultivation and proper crop rotations. Call at the county agents office for a leaflet on Bindweed control. This leaflet summarizes the latest recommended control practices and contains valuable information for anyone planning to control some bindweed.

Johnsongrass is another problem we notice in more fields each year and along a lot of ditches. Here again small areas are a lot easier to control before Johnsongrass spreads to larger areas, which it sure will if left alone.

Many farmers are beginning to do a lot of work on grass in their ditches and roadways. Probably the best all around chemical for this type of situation, considering cost, is a methyl arsonate (DSMA, MSMA) sold under several different trade names. Apply 5 pounds per acre active Methyl arsonate in 40 to 100 gallons of water per acre plus a surfactant when grass is 8 to 12 inches high and actively growing. Three sprayings may be required during a year to eradicate grass.

Dalapon, TCA, Hyvar X and sodium chlorate are also effective killers of Johnsongrass but control based on these herbicides is more expensive than previously described.

Very small patches of Johnsongrass can be sterilized with sodium chlorate or Hyvar X. With these herbicides the soil will be barren for 2 to 3 years. TCA and Dalapon can be used on small areas and will not

sterilize the soil over 2 months. TCA and Dalapon will take 2 to 3 treatments to eradicate Johnsongrass. Herbicidal oils can also eradicate Johnsongrass with 3 to 5 sprayings in a year and will not sterilize the soil. These chemical controls already listed can be used in cotton to control Johnsongrass. The main precaution is to use them as a directed spray and not spray over the top of the cotton plants.

We also have prepared a summary of the latest information on Johnsongrass control for all areas of crop production and fallow land. We think this booklet is worth your reading if you have much of a Johnsongrass problem and plan to control it. Call the county agents office in Farwell for a copy.

# May 28 Wedding Unites Lynell Lovett, Tom Verner

Sylvia Lynell Lovett, Earth, Tex., daughter of Mr. and Mrs. Troy Lovett, Texico, Route 1, became the bride of Tommy Verner, Clovis, son of Mr. and Mrs. Boyce Verner, Meadow, Tex., in an evening ceremony at the First Baptist Church in Earth on May 28.

The Rev. Gene Hawkins, Lockney, read the double ring ceremony at the church altar, which was set with 15 and seven branched candelabra flanked by palms of emerald greenery. Focal point of the setting was a white satin covered kneeling bench on which the couple knelt to seal their vows. Pews were marked with lighted candles set in greenery.

Candlelighters were Donnie Henderson, Earth, and Allan McClure, Springlake. Both boys are former students of the bride. Ushers were Don Verner, brother of the groom, Meadow; Jackie Dane, Lubbock; and Monte Singletary, Albuquerque. Serving as best man was James Verner, Lubbock, brother of the groom.

Pre-nuptial music was provided by Mrs. Larry Tunnel, Earth, at the organ. She also accompanied Don Wilson, Roswell, as he sang "I Love You Truly," "Because," and "The Lord's Prayer."

Maid of honor was Eva Ray Hawkins, Earth. Bridesmaids were Carolyn Reynolds, Earth; Gwinette Lovett, sister of the bride, Canyon; and Denise Verner, sister of the groom, Meadow. The attendants were attired in identical floor length dresses of aqua satin, designed with a train. Their short veils were attached to pill box hats of satin. Completing their attire were opera length white gloves. Each of the attendants carried a single long stemmed white rose.

The bride, given in marriage by her father, wore a formal wedding gown of peau de soie and lace. Bodice of the dress was covered with imported lace and the long fitted sleeves of

lace, came to points at the hand. The bell shaped skirt flowed into a full train. Her shoulder length veil of silk illusion was held in place by a cluster of white satin roses. She carried a bouquet of two white orchids, surrounded by white feathered mums atop a white lace covered Bible. The lace in the bridal bouquet was brought from Belgium by the bride on a recent trip to Europe.

As the couple left the church following the exchange of wedding vows, the bride paused to present her mother, Mrs. Troy Lovett, and her mother-in-law, Mrs. Boyce Verner, with white roses.

Following bridal tradition the bride wore for something old the wedding ring of her maternal grandmother, Mrs. R. L. Bain. New was her wedding gown, borrowed was the veil, and blue the traditional garter. For luck she carried in her shoe a six pence brought back from England.

Both the mother of the bride and the mother of the groom were attired in beige dresses with matching accessories. Their corsages were of white roses.

Immediately following the ceremony a reception was held in the Earth Community Center. In the receiving line were the bride couple, their parents, and their attendants. The bride's table was laid with white and centered by an arrangement of white daisies, flanked by candelabra. At one end of the table was the three-tiered wedding cake, topped by a bride and groom figurine. At the other end was a crystal punch service.

The groom's table was covered with white and centered with an identical floral arrangement as the one on the bride's table. Chocolate cake was served with coffee, mints

# Headstart Program Off To Good Start In Farwell

The first "Headstart" program in the history of Farwell school was off to a good start on Monday morning with 21 five and six year old children in attendance. On Tuesday morning, 25 children were in attendance. Mrs. Lauretta Pool, director of the program, indicated that at least five of the children must be dropped from the program, since it was only set up for 20 children.

Funds for the program (\$4,872) were made available through the Office of Economic Opportunity. The program was approved on a national scale last year; however, Farwell had not participated in the program before. Mrs. Pool spent last week in Lubbock attending a workshop to acquaint her with the program.

Originally the program was set up to assist in getting children from low income families ready to enter first grade. However, under the present setup 10% (two) children from the higher income bracket are eligible to participate in the program locally. The first children to be dropped from the program will, of course, be the youngest five-year-olds and those from the higher income bracket.

During the 40 days the program is in progress, the children will have dental and medical checkups. A Clovis dentist has been enlisted in giving the dental checkups, with children to have their teeth examined,

cleaned, and cavities filled. In addition they will have a complete physical examination and will be given the immunization shots which they must have to enter school. Parents will be notified by Mrs. Katherine Lockhart, school nurse, when they are to be at the doctor's office for their child's examination.

Not only are children given dental and medical examinations, but they are taught about life outside the home, through contact with other children and

by playing with others. They will be taken on field trips to places of interest in the area and will be taught muscular coordination by playing with puzzles and games. Creative activities are an important part of each day.

equipment, wagons, tricycles, trucks, farm animals, farm equipment, magnets, puzzles, and any other toys. Anyone who has any toys or other equipment to donate for us in the program is invited to call Mrs. Curtis at 481-9079 or Mrs. Sallye Whitesides 481-3826.

In addition to Mrs. Curtis and Mrs. Whitesides, other members of the advisory committee are Mrs. R. T. Langston, Mrs. J. C. Johnson and Mrs. B. C. Yuregas.

The children arrive at the school each morning at 7:30 and return home at 1 p.m. At least two-thirds of the children are brought to the school by bus. H. R. Crook is bus driver. Mrs. Hanna is working in the lunch program this week while Mrs. McDorman attends a workshop for lunchroom personnel in Lubbock. Children are given breakfast, and lunch and a mid-morning milk break each day. Not only are they provided with nutritional meals, but, they are taught to eat foods with which they may be unfamiliar.

Assisting Mrs. Pool are workers Rose Aquilera and Julia Hughes.

Muscular coordination is taught by playing with games and puzzles. Julia Hughes supervises the activity. Children engaged in the creative activity are Mark Ancira, Corine Ancira, Donna Jo Hill, and Jennifer Kay Tafoya.

LEARNING TO SHARE -- By playing with the doll house which has been donated for use at the "Operation Headstart" program, Brent Black, Betty Jean Lovelady and Rosa Maria Gillen, learn about sharing toys.

## From The Sheriff's Office

Raymond Delgado, who rolled his automobile on Saturday night on a country road five miles southeast of town, near the Joe Magness farm, was fined \$28 on a charge of drunk in JP court on Monday morning.

Delgado was not injured in the accident; however, his car, a 1957 Buick, was demolished. Another accident of the same nature at the 3-D Drive Inn resulted in a drunk charge against R. H. Graham of Plainview. Graham was fined \$25 on the charge.

Four juvenile boys from Texico and Farwell, ages 13-17, were arrested and charged with stealing paper racks, and three other were charged with acts of vandalism at the Texico school, where a fire alarm, a wind-

shield in a school bus, and windows in one of the buildings were broken.

The boys, tried in juvenile court, were ordered to make restitution on the damaged property and on money taken from the paper racks. The Texico boys were turned over to the Curry County juvenile authorities.

In other news from the sheriff's office, Harold Bales, 23, Friona, has been arrested for Lubbock authorities on a charge of theft of a motor vehicle on false pretenses. He was returned to Lubbock on Monday.

Two new 4-H project leaders were added to the list this week—Mrs. Dale Hart of Friona and Mrs. Kidd of Bovina. They will work with an assist girls in clothing projects.

Some groups have already started work. Mrs. Earl Hise and Mrs. Robert Read of Bovina have started and have a lot of enthusiasm to pass on to some eager 4-H'ers.

HOME DEMONSTRATION Clubs leaders attended training on "quick meals" in Bovina recently and these leaders will be giving the demonstration to clubs in June.

The bulletin "Quick Meals" is available and will be distributed at club meetings. Mrs. Estes Bass of Northside said they were especially going to stress nutritious quick meals—

Following the leave, he will report to Norfolk, Va., where he will attend school for the next 16 weeks as a Communication Yeoman.

### Three Hurt In Crash

A mother and two of her children were injured in a crash of their station wagon and a utility truck seven and one-half miles west of Muleshoe on a farm-market road Friday afternoon. Smashed over the pavement were 330 dozen eggs which the family was taking to market.

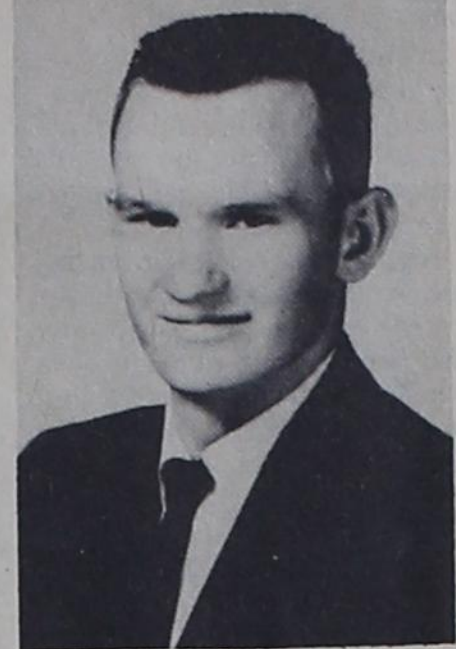

Most seriously injured in the accident was Mrs. James Wedel who suffered fractures of both collar bones, a fractured knee cap and numerous cuts and bruises. Her 13 year old daughter, Carolyn, suffered a broken right arm and a broken jaw, while an eight year old son, Jimmy, received several cuts about the face.

All of the Wedels were taken by ambulance to West Plains Hospital in Muleshoe and Mrs. Wedel immediately underwent surgery.

The Wedel family were riding in a Dart station wagon, when it collided with a Southwestern Public Service Co. pole truck, which was operating out of Farwell.

The pole truck was carrying water, which contributes to the flavor. Always be sure that liquids added to hot casseroles are hot.

# PROGRESSIVE BUSINESS & CIVIC-MINDED PEOPLE OF CLOVIS AND VICINITY

This department has been worked up largely as a reflection of public opinion. No person has written of themselves or their business. All articles have been compiled by a representative of The State Line Tribune as he saw conditions. These people are all leaders in their various lines of endeavor and the cooperation of those citizens in Clovis who helped make this department possible is sincerely appreciated.

## Art Outhier

The progress of any community hinges to a great extent upon the activities of the more progressive men in the world of business.

This is as true in this locality as in any other sector, and local leaders are to be congratulated for their part in the general advancement of this section. And one of the more dependable lumber men of Clovis who should thus be congratulated is Art Outhier of the Houston Lumber Company, who is widely known, and universally liked.

Few men have such a thorough knowledge of every phase of the lumber game, and to say that Mr. Outhier knows the business from A to Z, is in no way an overstatement. The honesty which has always characterized his every transaction has gained for him the respect and confidence of the many men and firms with whom he does business.

The successful career of Art Outhier illustrates the merits of integrity, ability grounded in experience, and coupled with the added asset of a pleasing and sincere personality. We wish him many more years of continued success.

## W. H. Beard

At the head of one of the district's more prominent wholesale meat packing plants, and as a leader of recognized ability in community life, W. H. Beard stands out today as one of the best liked men on the panorama of Clovis activity. His friends are numbered by the hundreds, and all of them are of the lasting fibre which come of worth-while associations, both in the world of business, and in the realms of neighborhood life.

The Beard Packing Company has been a strong factor in the growth and progress of Clovis; and Mr. Beard's own efforts, in many instances, have been the stimuli behind the outstanding accomplishments of this reliable company. The case is a fine example of a man weaving his own personal prominence into an executive's life, with lasting benefits to both organization and individual.

We take pleasure in expressing these few words of commendation to a man who is doing so much to promote the growth and progress of this entire district.

## Ollie Killough

It is appropriate that we include in this review of progressive Clovis business people, Ollie Killough of the O K Yarn & Knit Shop, who has a great many friends and satisfied customers throughout this entire region. Moreover, she is a person who not only has the reputation of being progressive, but also the added one of being a willing supporter of many community affairs.

Aside from her business activities, Mrs. Killough has always shown an interest in the civic betterment and progress of the city, and has backed up her interest by her contributions to many projects which have benefited Clovis and the surrounding trade area. She is a good and loyal citizen, and the full measure of her loyalty is most apparent because of her willingness to aid community activities.

Her help along these lines has made Ollie Killough an excellent example of the type of woman we all appreciate. We congratulate, and extend to her on behalf of all citizens interested in better business and civic progress, sincere appreciation for her contributions to the general welfare of Clovis and vicinity.

## John Benson

Generally speaking, civic pride is one of those things that goes hand-in-hand with success; because a man must have been successful to fully appreciate the advantages that were afforded him by the community in which he lives.

And John Benson of the Benson School of Commerce, is one of those conscientious business men of Clovis who has shown his appreciation for his success by his attention to civic matters. His willingness to become a cog in the wheels of community progress whenever united effort is needed to put over some movement or project advanced for the good of

the city has always been taken for granted.

Mr. Benson's quiet assumption of responsibility, not only in connection with the operation and management of the Benson School of Commerce, but in regard to other matters as well, has often lent a feeling of confidence to others interested in the same movements.

In complimenting John Benson upon his high standing in the community, we do no more than express the admiration and respect of his many friends and associates.

## Lawrence Riggins

In critical times such as these, it takes business men of more than average ability to carry on their operations successfully. In making this statement, the one we have in mind is one of Clovis' more dependable vacuum cleaner dealers, Lawrence Riggins, authorized Kirby Sales & Service, who has a wide circle of friends and satisfied customers scattered throughout this entire district - many of whom reside in our own community.

His contagious optimism and freely expressed belief in the assured future prosperity of the people of Clovis and its metropolitan trading area, are characteristics which are to be appreciated in a progressive business man. He has always taken an interest in community affairs, and has shown a willingness to shoulder his share of the civic load.

It is men like Lawrence Riggins who, because of the successful conduct of their business and private affairs, and their eagerness to contribute to the public good, who are wholly deserving of a few words of commendation. It is a pleasure to extend this brief tribute to him.

## Johnnie Wright

One of the more conscientious business men of Clovis, and one who deserves the respect and good will of a great many residents of the city, is capable, friendly, Johnnie Wright of Johnnie's Sheet Metal Works, whose wide knowledge and long experience in the business has raised him into a position of prominence in his line.

It is because of this that Johnnie's Sheet Metal Works has earned a reputation for reliability -- second to none. Mr. Wright is also civic-minded, and has always been ready to contribute his time and energy to any plan which promises to benefit this entire district. And the people of Clovis may regard with particular satisfaction the many services which he has performed in the interest of progress and civic betterment.

We urge our readers to look to Johnnie Wright as a dependable business man of whom we may well be proud. His devotion to the city has been constant, and his achievements well merited. We wish for him further success.

## Sam Williams

Good motels and tourist courts are indispensable to the progress and development of a growing city such as Clovis. And the Holiday Inn of America, combining the best features of both, has accommodated a great many tourists and business men in a manner that assures them of the continued patronage and good will of the motoring public.

It is such men as Earl Walker whom we are privileged to include in this review, and to publicly give him due credit for his success in business and civic affairs.

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him, certain qualities over and above the average, he is deserving of a few words of praise. Such a personality is Newt Whitfield of Newt's Motor Machine Shop, a leader in the business and commercial life of Clovis.

In addition to being one of the city's more progressive business men, Mr. Whitfield

## Elmer C. Jones

In mentioning some of those individuals who are taking a progressive part in the evolution of the business life of Clovis, we would be censored if we failed to include Elmer C. Jones of the Jones Electric Motor Company, a firm that is generally recognized as a leader in their line of business.

Mr. Jones is that solid type of citizen whose fairness and friendliness, and sincere desire to be of service are accountable for a large measure of his success. And as time goes on, his personal interests have become more closely interwoven with the business and commercial activities of the city. As a result he has, quite naturally, become accepted as a man who can be called upon, and who will cheerfully do his part to further the development of those community activities to which he is best fitted to lend assistance.

Elmer Jones has, by the conduct of his business, and by his attention to civic affairs, earned the friendship and good will of his fellow citizens. He is to be complimented for his activities, and we only express the desire of his many friends and associates in wishing him continued success.

## Leo Everhart

Leo Everhart has proved his progressiveness by constantly adding to, and increasing the service which Leo's Shamrock Service Station has extended to the people. The large volume of business handled by his Shamrock station proves that "service" to him, is not "just a word", but something to be rendered to the motoring public to the fullest extent of his ability.

In addition to his close attention to his business affairs, Mr. Everhart was never a man to dodge his civic responsibilities, and help on those matters has always been cheerfully given.

He fully appreciates the value of good will, and has more than his share of that intangible commodity because of the manner in which he meets both business and civic obligations. He is a credit to his community, and is thoroughly established in the forefront of the business life of the city.

Leo Everhart has many friends and satisfied customers throughout this district, and it is a pleasure to bring him before our readers in this review of progressive Clovis business men.

## Earl Walker

A restaurant operator of Clovis who has based his success upon the belief that the public will appreciate good food, well prepared and appetizingly served, is Earl Walker of the Home Cafe, whose many friends and customers by their daily patronage of his popular eating place, attest to the soundness of his policy.

It is not only because of the successful operation and management of his cafe that Mr. Walker has come to be recognized as an asset to the community; but it is also because of his policy of "looking ahead", and endeavoring to sponsor or take part in those community activities which will, in some manner, benefit the city of Clovis and the people as a whole. He is another of those men who has shown his appreciation for his success by a willingness to contribute to the promotion of community projects.

It is such men as Earl Walker whom we are privileged to include in this review, and to publicly give him due credit for his success in business and civic affairs.

## Newt Whitfield

It is a well-known fact that a man's true character must come through in his work; whether in business or professional activities or in public life. So when a man conducts himself in such a manner as to cause the public to recognize in him, certain qualities over and above the average, he is deserving of a few words of praise. Such a personality is Newt Whitfield of Newt's Motor Machine Shop, a leader in the business and commercial life of Clovis.

In addition to being one of the city's more progressive business men, Mr. Whitfield

was never a man to shirk his civic duties. More than that, he enters cheerfully, and with enthusiasm and optimism into those civic affairs in which he has time to take a part, and seldom does he fail to find time to do his share.

Newt Whitfield deserves his share of credit for being one of those dependable citizens of Clovis who has contributed so substantially to the onward progress of the city. It is a pleasure to include him in this group.

## Jack D. Vaughn

In all business and professional pursuits, there are those who have met with success because they have honestly deserved it, and such a man in his particular vocation is Jack D. Vaughn of the Vaughn Insurance Agency, who well deserves the reputation he has earned for being one of the city's more dependable insurance consultants. His thorough knowledge of everything pertaining to the insurance business is exemplified by the manner in which he fulfills each and every demand made upon him in line with his business.

Moreover, such experience as Mr. Vaughn has gained in the successful management of his agency has been turned to the advantage of his fellow citizens by applying the same principles to the promotion of those civic projects to which he has been called upon to lend his able assistance. Thus his success in business has further enhanced his value to the city.

We appreciate the opportunity of including Jack Vaughn in this group of progressive and civic-minded men who are actively taking part in the evolution of the business life of Clovis.

## George A. Gunnels

Recognized as one of the more progressive business men of Clovis, George A. Gunnels of the Land of Enchantment Landscape & Garden Center, performs a real service for the people of the city. And his contributions to civic betterment are too well known to require repetition in these columns. His personal success has been achieved in a large measure, because he never misses an opportunity to further the service he renders to the public. A policy which has, and continues to build up good will for the Land of Enchantment Landscape & Garden Center throughout this entire district.

Mr. Gunnels is deserving of praise, and this brief tribute is but a just recognition for the many services which he has performed in the way of both business and civic activities. Also his reputation for the successful conduct of his business affairs, is no greater than his reputation for the honest practices which characterize his every transaction.

We congratulate George Gunnels on his splendid record, and trust he shall continue to serve the people of Clovis and vicinity.

## Homer And Gary Bennett

When a man gains recognition for the progressive and straight forward manner in which he has managed his business affairs, and also for his generous contributions to civic projects, he is to be complimented for his achievements.

And one belonging to this category is Homer Bennett of the Homer Bennett Trucking Company, a business man of Clovis who is regarded with respect and admiration by a great many residents of the city and the surrounding country.

We also think it appropriate in this review to give credit to some of the younger generation who are carrying on so ably in the footsteps of their fathers. And one who certainly deserves such credit is Gary Bennett who shoulders his full share of responsibility in the operation and management of the trucking and house moving contracting business. It is because of the efforts of such men that year after year, Clovis continues to grow and prosper and become an even better place in which to live.

It is such men as Mr. Bennett and his son Gary, who have a distinct value to their city, and we take pleasure in paying them this brief, but sincere tribute.

## D. M. Armstrong

D. M. Armstrong, who just a few months ago, assumed the operation and management of Cook's Chevron Service Station, quite readily demonstrated his unusual ability by his quickness to appreciate the obligations and

responsibilities of his new endeavor, and to conduct his affairs accordingly.

Although he has been operating the business for a comparatively short time, he has already made many new friends and satisfied customers for his Chevron station.

Mr. Armstrong is an active, energetic individual, whose sincere and friendly personality and desire to be of service, is rapidly earning a place for him in this district. He has already taken an interest in community activities, and in due course of time, will assume his full share of civic responsibilities.

D. M. Armstrong deserves a word of praise for having so adequately established himself in his new venture, and we are glad to give him this brief mention.

## H. Mack Ingle

There are a number of business and professional men in Clovis who have gained recognition for their dependability, and a well-known insurance counselor who belongs in this category is H. Mack Ingle, agent for the Equitable Life Assurance Society, whose fair dealings with many of our readers has earned for him a host of friends and policy holders throughout this area.

He is well established in the forefront of the business and civic life of the city. And the ethical manner in which he has conducted his business affairs, is but one of the reasons for his outstanding success.

In addition to his insurance activities, Mr. Ingle has also accepted his share of responsibility in aiding civic projects. As a result of the combined efforts of men like him, Clovis is firmly established in the minds of the people as the logical business center for this region.

We congratulate H. Mack Ingle for his success in business and civic affairs, and trust he will continue for many years to enjoy that success which he has so justly earned.

## A. R. Bedwell

Clovis owes much to those progressive citizens who have taken an active part in the growth and progress of the city, and who have helped to make it the business center of this region. In mentioning some of those men, it is only fair to include A. R. Bedwell, whose outstanding knowledge of the plumbing, heating, air conditioning and sprinkler systems contracting business, backed up by his many years of experience, has brought him to the forefront in his particular field. Mr. Bedwell is wholly deserving of our sincere praise, and these few words of commendation are but a just recognition for the many activities he has conducted on behalf of the general welfare of the community.

The honest and successful conduct of his business affairs is not only a reflection of his character, but has also been a strong factor in maintaining him in a position of leadership in his field of endeavor.

We trust that A. R. Bedwell will continue to serve the people of Clovis and the surrounding area for many years to come.

## Bill Harper

It is fitting in this review of progressive Clovis business men that we acquaint our readers with the man to be credited with having maintained the Imperial Livestock Supply in the enviable position it holds in the business and commercial life of this area. That personality is Bill Harper, the manager, whose genius for organization, and for converting new ideas into actual deeds, has played a vital part in the distinctive reputation which this reliable firm now enjoys throughout this entire district.

Mr. Harper has found time, in addition to his business interests, to give thought and energy to community projects. He is a citizen whose talents have been steadfastly devoted to the best interests of the city. He has been successful in his

own business, and in the promotion of the general welfare of the community.

We are glad to pay this brief tribute to him, and to say that this district owes much to the many benefits which Bill Harper and the Imperial Livestock Supply have rendered to this entire area.

## E. L. Lott

Clovis has attained a prominent position in the business and commercial life of this section of the state because of the foresight of those men who had the ability to envision the possibilities of the community, and the trade area it serves. And a wide awake progressive business executive who justly should be included in this category is E. L. Lott of Clovis Ice & Produce.

Such men have, many times over, proven their worth to the community, both as business men and as active workers in the civic betterment and progress of the city. And Mr. Lott has earned the good will and respect of his fellow citizens for contributing his bit to the general welfare of the city, and the people as a whole.

It is our duty to include E. L. Lott in that group of dependable and civic-minded men who are doing so much for Clovis, and to express the wish that he will continue for many years to forge ahead with the success which he has enjoyed in the past.

## Jack Chambless

It is because of the unfailing optimism and faith which he so consistently displays toward the future of Clovis and vicinity, that we are prompted to call the attention of our readers to the fine service which Jack Chambless of the Clovis Moving & Storage Company, agents for North American Van Lines, performs in the successful conduct of his business.

Mr. Chambless is an aggressive and resourceful personality, whose progressive policies have earned for him a widespread reputation as a business man of more than average ability; and his apparent willingness to devote some of that ability to the promotion of civic activities, further enhances his value to the city.

The safety and efficiency of the operations of the Clovis Moving & Storage Company, reflecting as it does the executive ability of this man, has earned for the company a well deserved popularity among the people they serve. We are glad to give Jack Chambless the credit he so well deserves for his achievements, and to wish for him a continued successful career as one of Clovis' more progressive business men.

## H. J. Swinford

Logically a man who has earned the reputation of being one of Clovis' more dependable mobile home dealers would in so doing, have earned the friendship and good will of a great many people throughout this entire district. And one who justly deserves that distinction is - modest, efficient, friendly, H. J. Swinford of Town & Country Mobile Sales, who has a great many friends and business associates throughout this area.

Mr. Swinford is the type of man who would be an asset to any community, not only because the successful conduct of his business plays a definite part in the general civic scheme, but because the ultimate measure of his value to the city and this district, lies in the fact that he is untiringly zealous, and remarkably successful in the promotion of civic progress.

It would be difficult to estimate the actual dollars-and-cents value of such a man to his community. We congratulate the people of Clovis for numbering among their more progressive citizens such a man as H. J. Swinford, and we also express the wish that he will enjoy many more years of success.

## V. E. Lovett

V. E. Lovett of the Lovett Boat & Motor Company, now located at 3209 North Prince, has a well-earned reputation for dependability because he has consistently forged ahead in his business. Never letting up in his efforts to make the service his company renders to the people more valuable. This invariable policy has made the Lovett Boat & Motor Company outstanding in its field, a fact that is well known to the public throughout the Clovis area.

But Mr. Lovett has accomplished much more than just making a success of his business and private affairs, and we take this opportunity to pay tribute to him for devoting what time he could spare to the general welfare, not only to the city, but the surrounding district as well.

It is such men as he, who are both successful in business, and appreciative of their civic obligations that are deserving of recognition. We take pleasure in publicly giving V. E. Lovett the credit for his accomplishments which his many friends and associates have so long accorded him.

## Georgia Young

Georgia Young is one of the more successful restaurant operators of Clovis who, by maintaining a constant standard of service and high quality foods, has made the Highway 70 Cafe one of the more popular eating places in the community. We are glad to give her credit for her well-earned success in a field which is so highly competitive.

It is also a pleasure to give her credit for taking part in community affairs, and lending her assistance to various activities and public projects. When to take part in such matters, she always does so without ostentation, but in a quiet manner which lends dignity to her cheerful acceptance of her share of the civic load. It is a pleasure to be associated in the promotion of community activities with such an individual as Mrs. Young.

This review of progressive and civic-minded people of Clovis would not be complete were we to fail to include her. Hers is the kind of success which deserves recognition, and we wish her many more years of the same.

## C. C. "Doc" Conover

Our issue today proposes to call the attention of our readers to some of those progressive and civic-minded individuals who have contributed their share of time and energy to the building up of Clovis and the surrounding territory to the position of prominence which it not enjoys.

One of those men whom we wish to present to our readers is C. C. "Doc" Conover of Conover Radio & TV Service, whose success can equally be attributed to his business acumen, and his knowledge of electronics, with special emphasis on radio and television.

He has never spared himself in his aggressive march forward in both business and technical fields, and is a qualified expert in the service and installation of all types of television sets and antennas.

playing in the business and commercial life of this region, mirrors the dependability and honesty of such men as he. Moreover, Mr. Burkhalter has also at all times been steadfast in his devotion to the city and the surrounding country, and on many occasions has lent his support to the successful promotion of meritorious civic projects.

Clovis and this district are fortunate to have such a man as Dan Burkhalter in a position of responsibility and service, and this newspaper feels that it merely reflects public opinion in paying this brief tribute to one of the city's more progressive business men.

**MEET MR. WUNSTOP DUZZIT**

An elevator operator had a rather hectic day and her patience was strained. "What would happen if the cables broke--would we go up or down?" a lady called out. "Madam," the operator sighed, "that would depend entirely on what kind of life you've led."

A public installation ceremony for Boy Scout Troop 179 and Cub Pack 179 was held on Monday night with Bob Upton, president of the First National Bank in Clovis and a representative of the Conquistador Council of Boy Scouts, presiding. He gave a brief talk on the meaning of scouting.

Several 10-year-old boys, who are just a little too young to be Boy Scouts but who had attended meetings anyway, were recognized. They were Donald Haile, Domingo Rojas, and Gerald Dan Whitener. These three boys were recognized for having a perfect attendance record along with Scout Kenneth Hultman, Loren Gibbs and Dub Haws. Other members of the troop are Danny Billingsley,
