### Kickoff at 2:30 In Littlefield

For the second time in three years Farwell's Steers are preparing to enter state Class A football playoffs.

The blue and white will do battle with Idalou's Wildcats Friday afternoon at 2:30 in Littlefield, Farwell is District 3-A champion and the Wildcats are the title bearers of District 4-A.

Winner of the game will meet the bi-district champion of Districts 1-A and 2-A the following week.

Going into Friday afternoon's clash, the Steers have a 9-1 record. The District 4-A champions have an 8-2 mark for the season. The Steers' only loss was a heartbreaking 12-15 game to Class AA Friona.

The Wildcats have been defeated by New Deal, 6-8, and Sundown, 8-14.

Sundown, incidentally, is the team Plains beat out for the championship of District 5-A. Farwell edged Plains 24-22 in a non-district game.

Farwell will be the home team Friday in Littlefield's one-year-old stadium which has a seating capacity of 5000. This means that Farwell fans will occupy the west stands. Directions to the gridiron as outlined by Superintendent Jack Williams are "Go through Littlefield on Highway 84 until you come to the highway which goes to Spade. At this point, turn right." These directions will lead to the vicinity of the football field.

Farwell Schools will be dismissed for the game. Classes will begin at 8:30 a.m. Friday. Buses will run 20 minutes earlier than usual. School will be dismissed at 11. There will be no lunch served in the cafeteria. Pep squad and band buses will leave for Littlefield at 12:50.

Farwell and Idalou have two common foes for the season. Both defeated these opponents--Morton and Springlake. Farwell won from Morton, 49-0. Idalou won, 30-16. Farwell slammed Springlake, 52-16. Idalou shutout Springlake, 32-0.

Other victories for the South Plains team were Matador, 14-8; Ralls, 14-8; Crosbyton, 24-12; Hale Center, 22-0; Silvertown, 22-6; and Petersburg, 34-14.

Coached by Olin Riddell, the Wildcats use straight-T and slot-T formations. "They are potent on kickoff and punt returns," says Steer Coach J. D. Atwell, "and this indicates they have very good downfield blocking."

The Wildcats reportedly have a good passing attack with their quarterback D. Wilbanks tossing to his brother, J. Wilbanks, an end; End Countiss, and Halfback Debusk.

Their top runners are Debusk and the right halfback, Swan. These boys play a double safety on defense. J. Wilbanks also plays safety on occasion.

J. Wilbanks, who also doubles as a halfback, scored four touchdowns last week against Petersburg--two on passes, one on a punt return and one on a kickoff return.

Probable starting lineup for the Wildcats will be J. Wilbanks, 145, left end; Qualls, 190, left tackle; G. Sell, 170, left guard; Motley, 150, center; Harmon, 150, right guard; Cave, 170, right tackle; Countiss, 175, right end; D. Wilbanks, 150, quarterback; Debusk, 165, left half; Robertson, 165, fullback; and Swan, 130, right half.

Farwell's probable starting lineup: Owen Huffaker, 145, and Morris Reed, 160, ends; Larry Jesko, 180, and Robert Carthel, 180, tackles; Joe Hughes, 150, and James Burleson, 150, guards; Gerald Christian, 140, center; Johnny Lovelace, 190, quarterback; Larry McDorman, 150, left half; Jerry Lovelace, 165, fullback; and Phillip Berry, 160, right half.

Carroll Huggins, fleet-footed halfback who has been out of action since mid-season with an injured wrist, began workouts Monday afternoon. He is expected to be able to see limited action Friday.

This will be the first afternoon game for the season. The coaches feel this will make little or no difference since the team is used to practicing in the afternoon. The Tuesday night practice session which has been conducted all season was abandoned this week in favor of an afternoon session. The squad will leave for Littlefield about 11:30 Friday morning.

Steers' attitude and spirit is as good as it has been all year, Coach Atwell says, "and maybe better. We'll be ready to play."

In the weight department, the teams will be even. Both starting lineups average 160 pounds per man. Idalou will outweigh the Steers in the line, 164-157. In the backfield, Farwell will have the weight edge, 166-153.

A large following of Farwell fans is expected to be on hand at Littlefield for the game. However, no plans have been made for closing businesses that afternoon.

There will be no reserved seats at the game. Admission charges will be \$1.50 for adults and 75 cents for children. Proceeds from the game will be divided evenly between Idalou and Farwell.

### Texico FB Plans for Convention

Final plans for attending the state Farm Bureau convention were made at a regular meeting of Texico local Thursday night.

State convention will be in Roswell, November 19-21. Texico High five band will compete in the state FB talent contest which will be conducted during the convention.

Also at the Thursday night meeting, the 44 members present voted to give Curry County grand jury a "vote of approval" for the work done by that group to control liquor in the county.

In less formal business, Texico members had a covered dish supper prior to the meeting. After the meeting, those present visited and played '42'.

### Methodists Plan Harvest Festival At Lazbuddie

Special Thanksgiving Harvest Festival services have been scheduled Sunday, November 23, at Lazbuddie Methodist Church.

Regular services will be followed by a dinner at the church and a program at 2:15. It will feature a hymn sing, the history of Thanksgiving, a Thanksgiving proclamation, and an offering.

District superintendent of the Plainview district, Rev. R. L. Kirk, will present a closing inspirational talk.

All members, former members, and friends of the church are invited, according to Rev. Bernard F. Seay, pastor and program chairman. Serving with Rev. Seay on the program committee are Mel Smith and Mrs. John L. Seaton.

Arranging music will be Fred Byers and Mesdames J. D. Carpenter, J. B. Jennings, and Mel Smith. In charge of the dinner will be Mesdames Finis Jennings, Frank Hinkson, and V. Teague.

Decorations committee members are Mr. and Mrs. Leland Gustin and Mr. and Mrs. Kenneth Precure. Finance committeemen are Don McDonald, Joe Bates Jennings, E. T. Ford, and J. D. Carpenter.

Mrs. Mattie Landon has moved from her farm to Jim Young's house in Texico.

Another new resident in Texico is O. L. Beavers from Clovis.

### Wolverines Win Season Openers

Texico's Wolverines opened 1958-'59 basketball season on a successful note. They won from House, 47-39, Friday night and dumped Bovina, 47-26, Saturday night.

For the Whirlwinds, the story is reversed. They lost to House, 36-38, and to Bovina, 27-60. The House games were played in Texico while the local teams went to Bovina.

It was a heartbreaking loss for the Whirlwinds in the House game. The visitors scored their winning basket with only five seconds left in the second overtime.

At the end of regulation time, the score was tied, 32-32. When the buzzer sounded on the first overtime, it was 34-34.

Christine Bowers, with 18 points, and Anita Moss, with 10, led Texico scoring. D'lene Danforth did an outstanding job of defending the House forwards.

High scorer for the game was Lee of House. She had 19 points.

The Wolverines led throughout the House game--by a scant margin in the early part. They increased the lead to 16 points early in the fourth quarter.

Top Wolverine scorers were Wesley Ingram, 13; Jerry Reid, 11; Jerry Bowers, 11; and Raymond Hadley, seven. House's Bernie Snipes was high for the game with 16.

The Whirlwinds were no match for Bovina's Fillies, with their regional championship team of last year almost intact. Janice Richards had 21 points for the winners while Joanie Ezell made 18. Neither of the high scorers played

### Banquet Replies Due

Deadline for making reservations to attend the annual Ex-Student Banquet of Farwell, Oklahoma Lane, and West Camp Schools is November 24.

This reminder comes from Harry Sheets, president of the ex-student association. Sheets also emphasizes that all ex-students and teachers are invited whether or not they received a printed invitation and reservation blank.

Fried chicken at \$2 per plate will be served. This includes the membership fee.

Featured speaker will be Dr. Jack Dunn, a former student.

Entertainment will be musical numbers by other ex-students including Dorene McDowell and Annie Lee Chumley, Harold and Donnie Carpenter, Nancy Aldridge, Darlene Van Winkle, and Sherley Ware.

Nominating committee members will report and officers will be elected. Headed by Bob Anderson, the committee is Bunk Phillips, Smokey Gast, and Bert Williams.

Awards will be given to the person who has traveled the longest distance and the person representing the earliest graduating class.

### GOOD CROWD ATTENDS SINGING

Officers of Farmer County Singing Association were pleased with the excellent turnout at the monthly meeting Sunday in Oklahoma Lane Methodist Church. Guests from out-of-county came from Clovis, Portales, Muleshoe, Plainview, and Hereford.

Date of the next meeting is December 21 at 2:30 p. m. at the church.

### Pentecostal Dedication Draws 125

Approximately 125 persons attended dedication services Monday night at United Pentecostal Church in Texico for a new auditorium recently completed.

Among the guests who came from various neighboring communities were two former pastors of the congregation. They were Rev. C. A. Hatcher of Loveland, and Mrs. Delilah Stewart of Texico.

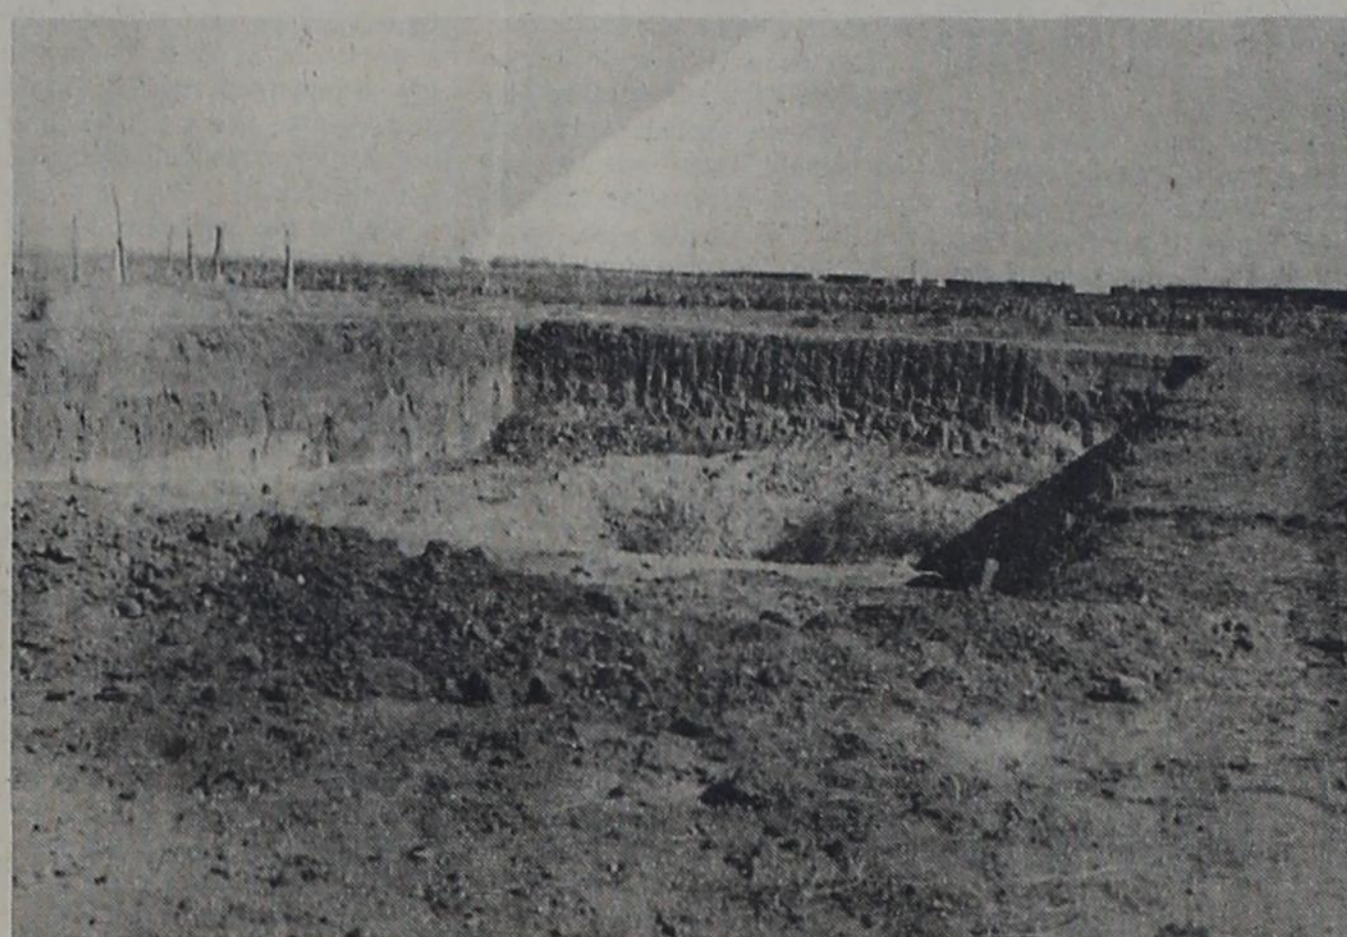

Rev. A. H. Browning of Amarillo brought the dedicatory sermon and special music was presented by members of the local congregation.

### FFA Will Compete In Contests Saturday

Farwell FFA chapter will compete in District Leadership Contests in Muleshoe Saturday, Robert Morton, chapter advisor, announces.

Four teams will be entered from Farwell. They include FFA quiz, junior farm skill, junior chapter conducting and senior chapter conducting. Almost all of the boys in the chapter will be on one team or another, Morton says. They will compete against some 16 other teams in the district.

First place winners in the district contest will be eligible to participate in area contests which will be two weeks later. Area winners will compete in state contests.

### MOD Drive Plans Outlined at Meet

Plans for 1959 March of Dimes campaign were outlined at a regular meeting of the county chapter Tuesday night in Bovina Restaurant.

The drive will be conducted during January. Bob Hill, state foundation spokesman, spoke at the Tuesday night meeting and showed a film which explained the expanded aims of the MOD program. Beginning in mid-1959, the program will be expanded to include arthritis and birth defects as well as polio.

Raymond Euler, chapter president, presided at the meeting. Cary Joe Magness, 1959 campaign director, appointed community chairmen and other officials for the drive.

Community chairmen appointed were Roy Whisler, Bovina; Mr. and Mrs. Jack Patterson, Rhea; Mrs. Raymond Euler, Friona; Mr. and Mrs.

Ellis Tatum, Black; Jimmy McGuire, Oklahoma Lane; Mr. and Mrs. Joe Jesko, Lazbuddie; and Mr. and Mrs. James Mabry, Hub.

Others appointed were Mrs. Nell Walling, chairman of women's activities in the county, and Dolph Moten, publicity director.

Hill explained that the national goal for the January campaign is \$65,000,000. This goal was determined by adding the best years that each county ever had.

The 15-minute film which was shown is available for Farmer County groups and organizations to use. Arrangements for the film may be made through Magness.

### Texico Play Cast Starts Rehearsals

Casting is complete and rehearsals have begun for Texico High School's annual senior play.

Tentative production date for "Ghost Chaser," a three-act mystery-comedy, is December 2, says Buck Doran, director.

Anita Moss plays Maggie, the Cockney maid of Estelle Colfax, played by Darlene Day. Jerry Reid has the part of the butler.

Ann Spies is cast in the roll of Beverly Wright, a friend of Miss Colfax, and Teddy Roth portrays her brother, Jimmy Wright. David Lockhart enacts Samuel Higgenbottom, a famous detective and Billy Thigpen is Slim McGee.

Action takes place at night on the Colfax estate outside of New York City. Authors of the play are May Sheldon and Loring Kelley.

### Law Department Has Busy Week

Henry Castillo, Earth, was convicted of possession of alcoholic beverages with purpose of sale. Trial was in county court Friday. He was fined \$100 and costs by Judge A. D. Smith.

Castillo was arrested in Bovina earlier in the week by

Deputies Ben Moorman and Henry Minter.

Santos Torres, Hereford, was convicted on two charges in county court Monday. For possession of alcoholic beverages with purpose of sale, he was fined \$100 and costs. He received the same fine on a driving while intoxicated conviction. Torres had four cases of beer in his possession when he was arrested.

Torres was arrested in Friona early Saturday morning by Deputy Moorman. Raymond Everett, who was with Torres when he was arrested, was fined \$25 and costs for being drunk in a public place. Everett's trial was Monday, also.

Sammy Salas Leija, who was charged with tampering with U. S. Mail at Friona post office, was turned over to a U. S. Marshall Tuesday.

Leija was arrested in Friona Friday by Sheriff Chas. Lovelace and Moorman.

Carroll Hortis was arrested in Farwell Saturday. A warrant for Hortis' arrest had been issued by Bailey County sheriff's department.

Hortis is charged with auto theft and forgery. He was returned to Muleshoe Saturday night.

### Bud White Dies Tuesday

Funeral services for J. D. "Bud" White who died Tuesday night in a Muleshoe hospital will be tomorrow (Friday) afternoon at 3 at Oklahoma Lane Methodist Church. Interment will be in Bailey Co. Memorial Cemetery.

Mr. White had been ill for a short time before his death. Survivors include his wife, two sons, Robert of the home and David of Oklahoma Lane; three daughters, Clo Ann and Frieda of the home and Mr. and Mrs. Merrill Rundell of Oklahoma Lane; and five grandchildren.

### Threet Infant Buried Here

Funeral services for Diedrie Gayle Threet were Monday at Farwell Church of Christ. The six-months-old daughter of Mr. and Mrs. Joe Threet of Clovis was a granddaughter of Mr. and Mrs. Roy Threet of Odessa, formerly of Farwell.

Ebb Randol conducted the services and burial was in Oklahoma Lane cemetery under the direction of Steed Funeral Home. The infant died Sunday morning at Miller Hospital in

Portales. Other survivors include her parents, three brothers, Joe Jr., Roy, and James, and one sister, Laura, all of the home; and her maternal grandparents, Mr. and Mrs. A. B. Judd of Clovis.

### Farwell Baptists Have School

Stewardship, foreign missions, home missions, and state missions have been included in a school of missions which featured a different speaker each night at First Baptist Church, Farwell.

Rev. Walter Mitchell of First Baptist Church, Clovis, was initial speaker last Sunday morning. Rev. L. L. Johnson of Shawnee, Okla., missionary to Brazil spoke Sunday night and Monday night's guest was Rev. G. Lawrence Stanley, missionary to Chinese, Phoenix, Ariz.

State missions were discussed Tuesday night by Rev. Young Tucker, First Baptist Church, Kermit, and Rev. Roy J. Ferguson, pioneer missionary of Kearns, Utah, talked on home missions Wednesday night.

Churches throughout the Tierra Blanca Association participated in the school and speakers were guests.

Another for instance along the local people getting publicity line:

Steer Coach J. D. Atwell is a prime candidate for Coach of the Year honors on the South Plains, according to George Wallace's sports column in the Lubbock Avalanche-Journal. That won't come as a big surprise here. Atwell is certainly deserving.

Among other candidates listed was Idalou's coach, Olin Reddell. One of the two won't be as strong a contender after Friday afternoon...

County Rodent Control Planned

A program to control the rat and mouse population in Parmer County is underway. Meeting in Bovina Restaurant Tuesday noon, 17 people interested in the problem mapped out the program.

Reason for the initial meeting was that the rat problem in the county is more serious than it has been in years, Joe Jones, county agent, who was in charge of the meeting, says.

Result of the Tuesday meeting was that a coordinated effort by people who have rats and mice in their homes and farms will be made. Rat bait, to be purchased by the group, will be made available to the public at 25 cents a pound.

The bait will be ordered from the state Fish and Wildlife Service. Before the bait is ordered, individuals must specify how much bait they want and pay for it, the county agent says.

At the Tuesday meeting, a chairman from each community in the county was appointed and various businesses in each community were named to accept orders from the bait. Bill Wooley, Hub, was elected

county treasurer for the group and will be responsible for ordering the county's bait.

Deadline for accepting orders will be Friday, December 5. The orders, and funds, will be relayed to Wooley by December 6 and the county's order will be placed. Checks for poison are to be made to "Rat Fund," Jones says.

Bait ordered December 6 is scheduled to be delivered about December 21.

"Everyone is encouraged to purchase at least 10 pounds and most farms will need 50 pounds or more," the agent says. The type of bait which will be ordered is "anti-coagulant" and must be left before rats and mice for a period of at least 30 days to get the desired results. It is a safe bait to use and is of little or no danger to humans, pets, or livestock.

This is the right time of year for a rat eradication program, Jones says, when the rats and mice come out of the fields and into their winter "quarters." A county-wide plan, with everyone cooperating, is the best way to do a complete job of rat and mice eradication, it is believed.

Community chairmen and the businesses in various communities which will accept orders are:

Bovina, Henry Minter, Parmer County Farm Supply, Cicero Smith Lumber Co., Lawlis and Ely Gin, and Joe M. Brown Gin;

Lazbuddie, C. C. Graef, Watkins Gin;

Friona, Albert Field, Friona State Bank, Farm Bureau, Friona Wheat Growers, Continental Grain Co., Plains Farmers Gin, Chester and Fleming Gin;

Farwell, Wilfred Quicquel, Nickels Gin, Sherley-Anderson-Pitman Grain Co., Lone Star Elevator, and Worley Grain Co.;

Black, Pete Braxton, Tri-County Elevator;

Hub, Bill Wooley, Fleming and Son Gin, West Hub Gin, and Hub Fertilizer Co.;

Texico, J. H. Winegeart, Golden West Seed Co., Helton Oil Co., and Border Service Station;

Oklahoma Lane, Leon Grisson, Oklahoma Lane Farm Supply;

Rhea, Jack Patterson, Carl Schlenker Elevator;

Lariat, Gilbert Kaltwasser, Shafer Gin, Sherley-Anderson Grain Co.

# Superior Steers Spear Springlake, 52-16

Scoring the first three times they got possession of the ball, Farwell Steers abstracted a clear title to District 3-A Friday night as they stormed Springlake's Wolverines, 52-16.

The win gave Farwell a perfect, 4-0 record in district play. For the season the record reads 9-1. The Friday night game was the last of the 1958 season for both teams. It was Springlake's third district loss against one win.

Going into the game, the Steers, with a 3-0 district mark, were assured of being the district representative in the playoffs.

Steer, Quarterback Johnny

Lovelace proved to be the game's offensive star as he scored three touchdowns---one on a 90-yard kickoff return---and passed to Right Halfback Phillip Berry on three successful extra points attempts.

The Steers kicked off to the host team to begin the game. The Wolverines charged back up field for four first downs before the Steer defense took scoring notions out of the Springlake boys' minds.

Taking possession of the ball deep in their own territory, the Steers, blocking and running hard---in a way befitting their district championship crown---roared back down the field for a score of their own without

losing possession of the ball. The drive featured long runs by Berry and Freshman Fullback Jerry Lovelace. Johnny Lovelace climaxed the drive by carrying across the goal line from 16 yards out. Johnny passed to Berry for the two extra points and the Steers had an 8-0 lead.

Farwell's second touchdown was quick in coming about. After the kickoff, the Wolverine backfield fumbled on a pitchout play. A Steer recovery set up the second touchdown. Fullback Larry McDorman put the icing on the cake with a five-yard run and the blue and white had a 14-0 lead. The Lovelace to Berry pass combination made

the score 16-0. TD No. 3 developed in the early part of the second period. Johnny Lovelace did the scoring honors from 6 yards out. This was the third consecutive time the charges of Coaches J. D. Atwell and Shelby Jobs had scored without losing possession of the ball.

For the extra points, Lovelace again passed to Berry and the score was 24-0. The Steers' No. 2 unit took over offensive chores after the three-touchdown lead was established.

The second team, doing its best offensive work of the season, struck for two more touchdowns before the gun, marking

the end of the first half, sounded. Fullback Barthel Ford scored from six yards out. Berry ran the extra points over to make the score 32-0.

Late in the half, Jimmy Hardage went over on a three-yard plunge to up the score to 38-0. Extra points attempt failed following this touchdown, the fifth by the Steers, and it was the first time the Steers had been stopped in extra points attempts in their five tries.

It was Springlake's turn to kickoff as the second half began. The kick, a low, hard screamer, was fielded by Johnny Lovelace on his 10. Running hard and enjoying perfect

brought the ball up the middle of the field and scored standing up. This 90-yard gallop increased the score to 44-0 and it was 46-0 after Benjy Dial carried the extra points over.

It was in the third period that the Wolverines broke the ice as far as scoring was concerned. They got their initial TD on a two-yard pass play from Reserve Quarterback Robert Cortez to End Tom Messer. For the extra points, Cortez, who was handling quarterback duties for Joe Ellis, who was injured in the first half, passed to End Dick Evans and the score was 46-8.

Each team added a touchdown in the final period. Farwell's

came on a five-yard pass from Dial, who was quarterbacking, to End Bill Owens. Try for extra points failed.

Dean Jones, hard-running Springlake fullback, went over from three yards out for the Wolverine's second, and final, score. Cortez passed again to Evans for the extra points and the scoring was over at 52-16.

Crowd for the game was adequate, though not overflowing. Glamor of the game had been dulled by the fact that its outcome would not effect the district winner. Also Springlake had an open date the week previous and without a chance at the district crown, this reportedly left them "down" for

Friday night's encounter. Springlake starters were all seniors. However, the "first string" was inserted after a few plays.

Following the game, Farwell Superintendent Jack Williams, who is president of District 3-A, presented the district championship trophy to the Farwell team.

Coaches Atwell and Jobs were carried from the field on the shoulders of members of their team.

## Twin Cities Basketball Set Tuesday

Texico and Farwell basketball teams, boys and girls, will play each other Tuesday night in Texico's gym.

The boys game will be considered of the B team variety since football has hampered Farwell's basketball squad. Farwell Coach Calvin Murray says it would be impossible for him to field a varsity team. Therefore, Texico Coach Paul Frederick has agreed to a B game.

A team of girls will play for both schools. The first game will begin at 7:30.

## Dinner Honors Lazbuddie Team

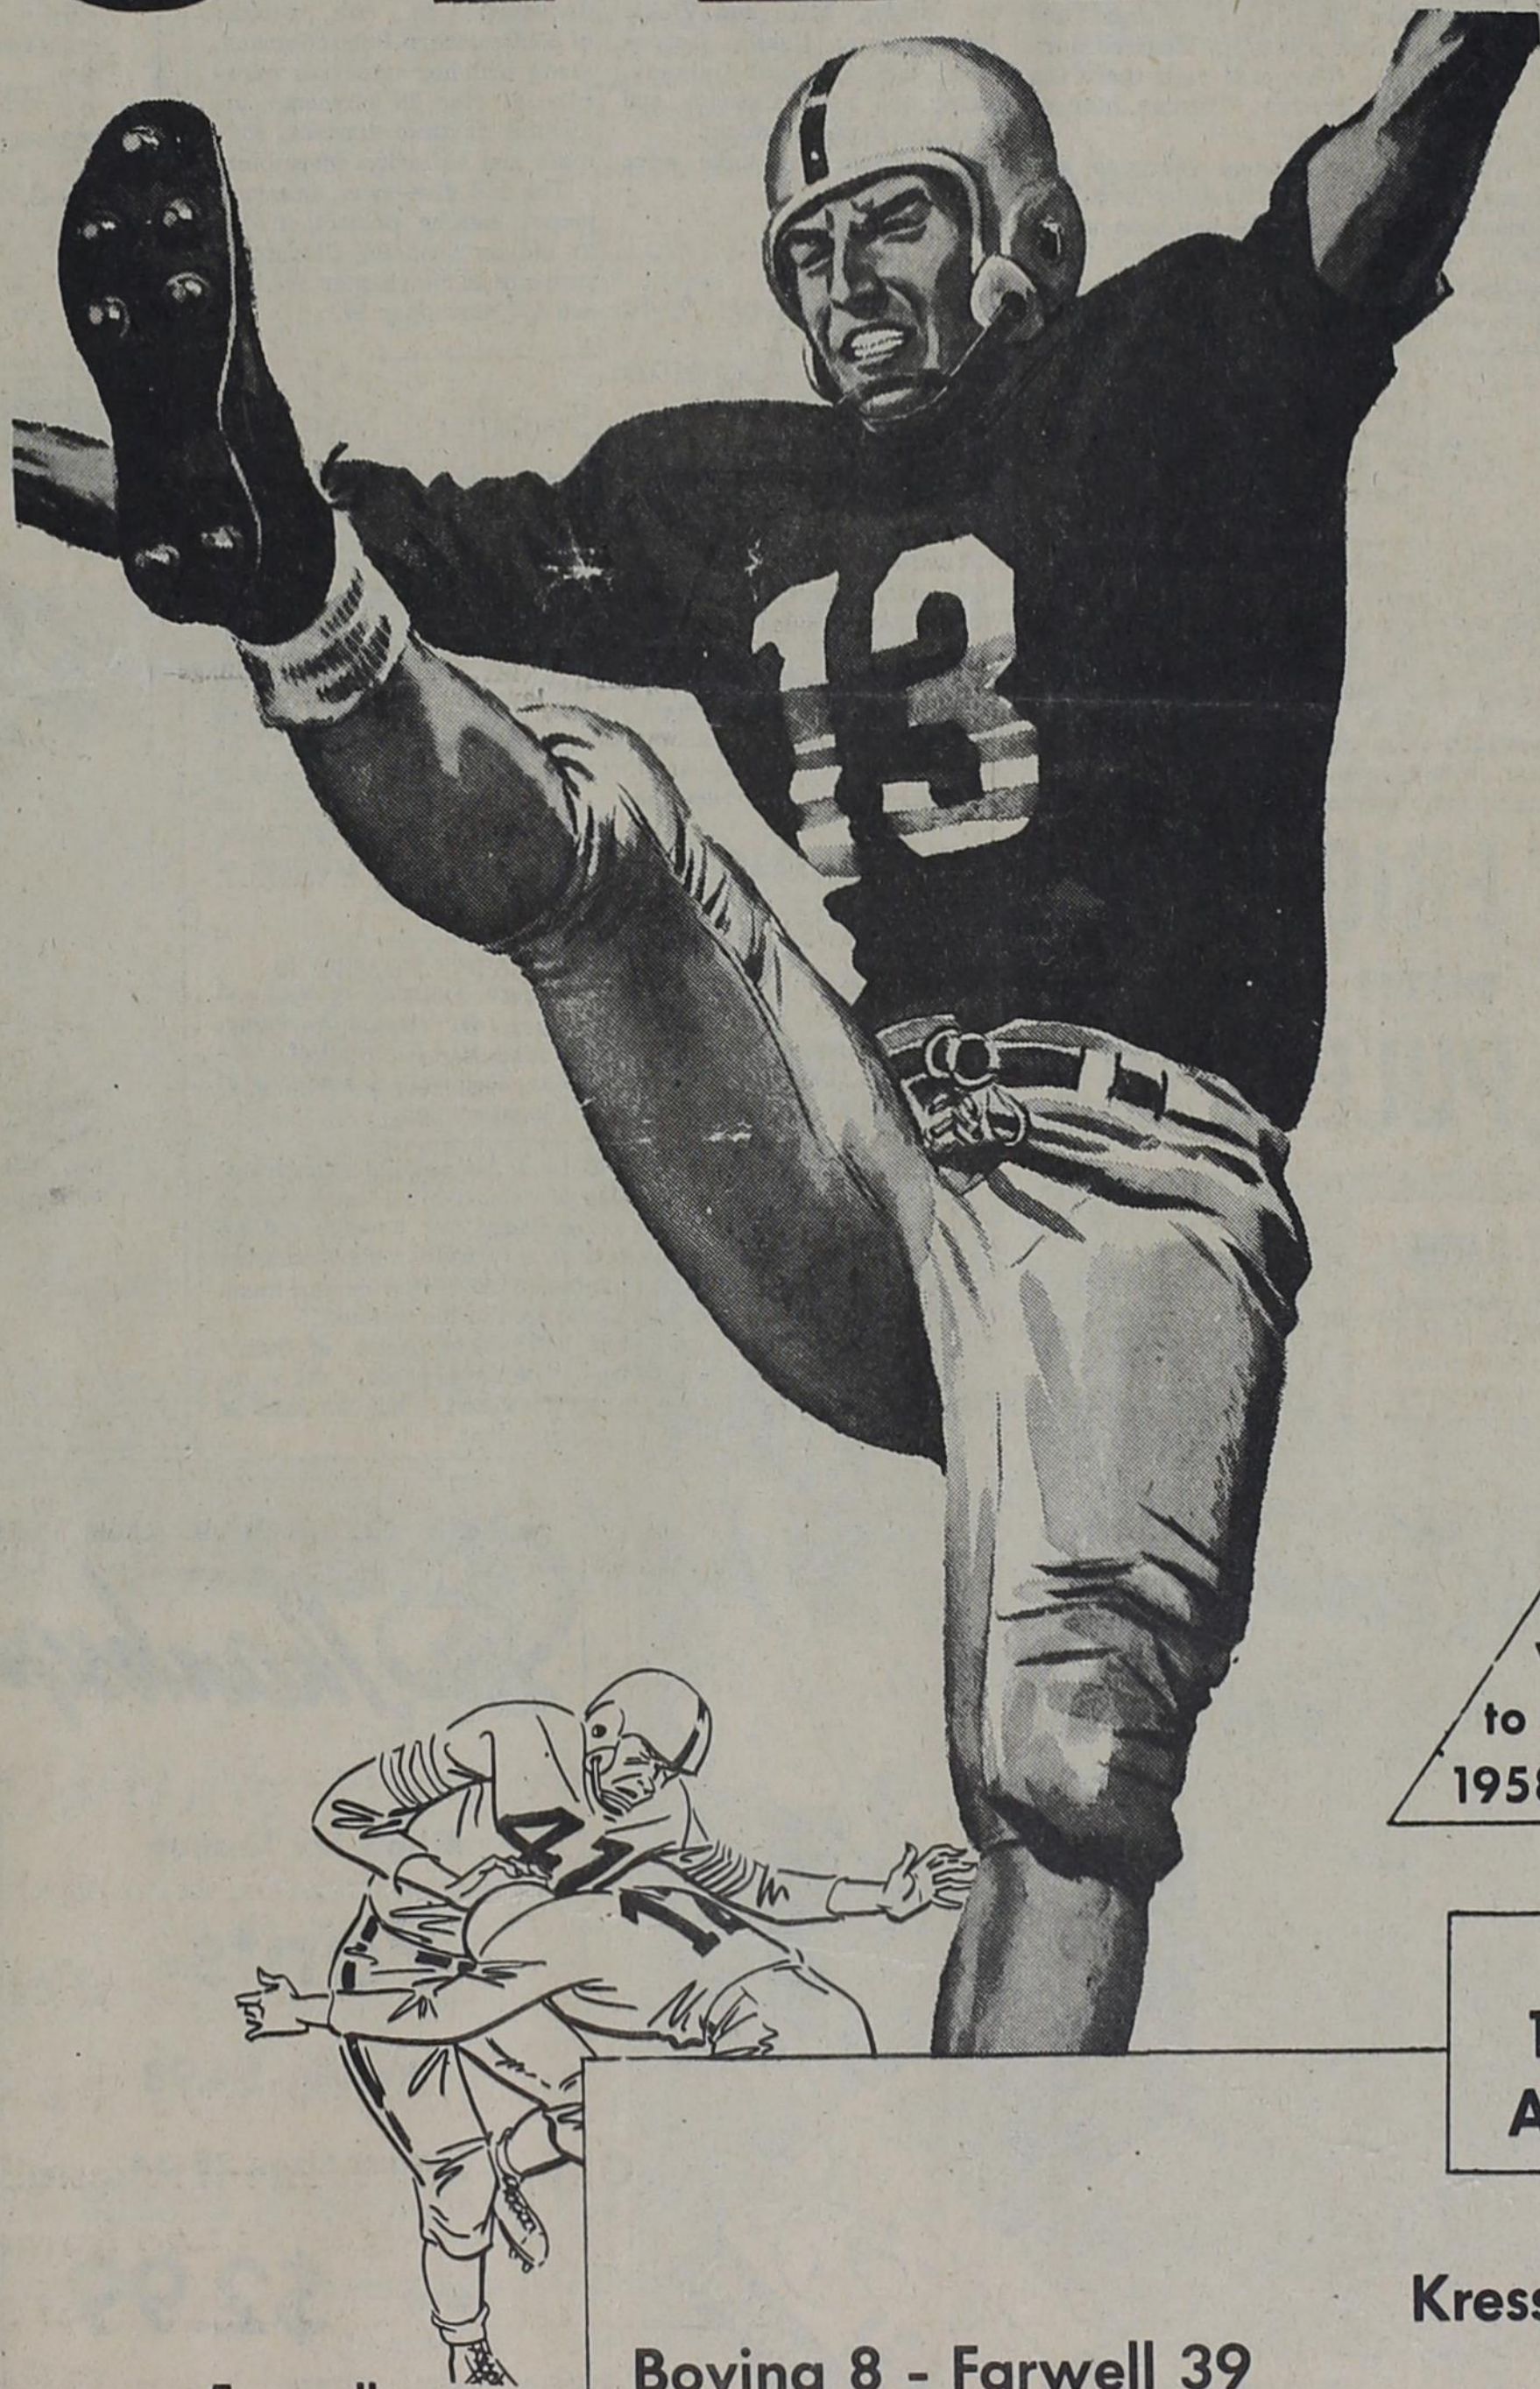

Approximately 70 persons were present at a dinner honoring Lazbuddie football team members following the game with Happy Friday night.

Hostesses in the home ec cottage were members of the pep squad. They served fried chicken, baked potatoes, green beans, salad and rolls.

Colorful goal posts and fall leaves decorated the room. In a brief program, coaches John Bond and Bobby Crooks were presented autograph dolls signed by the team.

# Of Interest To THE WOMEN

## Study Club Entertains Husbands

Colorful fall flowers and Thanksgiving cutouts and horns of plenty decorated Farwell School Cafeteria Monday night when members of Farwell Study Club entertained their husbands.

Rev. W. H. Hardwick gave the invocation at the annual social affair. Ebb Randol asked the benediction.

Thirty-six were present for the turkey dinner and program on driving safety. Speaker was Cecil McNeil of Texas Department of Public Safety. He discussed safe driving campaigns conducted in Texas and their results. A movie on courteous driving emphasized the importance of correct driving.

Turkey, dressing, green beans, salad, hot rolls, pie and coffee were on the menu. Mrs. Sam Rundell, president, was mistress of ceremonies.

Attending were Messrs. and Mrs. Rundell, Hardwick, Randol, D. W. Bagley, J. D. Atwell, Claude Coffey, Joe Crume, Mose Glasscock, Shelby Jobs, Calvin Murray, L. R. Vincent, E. G. Williams, W. W. Vinyard, Jack Williams, Johnie Williams, and Jim Terrell.

Also Frank Seale, Mesdames W. H. Graham, M. C. Roberts, M. A. Snider, Willie Williams, and Misses Jimmie Lou Wainwright and Laurie Cooper.

## University Head Discusses American Education for TWC

Unity Through Education was theme of the program at Texico Woman's Club's regular meeting Monday night. Dr. Floyd D. Golden, president of Eastern New Mexico University, was guest speaker at the Woman's Club building.

Dr. Golden discussed American Education following the invocation by Mrs. Les Means and a brief business session.

## Methodist Bazaar Set For Saturday

Annual bazaar of WSCS of Hamlin Memorial Methodist Church will be Saturday, November 22, at the church.

Plans were completed at a meeting last Wednesday at the church. In addition to selling handmade gift items, the women will serve a turkey dinner beginning at 11 a.m.

Doors will open at 10 a.m. and pie and coffee will be served all day. Plans are to serve supper also. Tickets for the meals will be \$1.50.

## Mrs. Loyd Smith Given Shower

A miniature stork centered the lace-covered table at a pink and blue shower given for Mrs. Loyd Smith given in the home of Mrs. Ann Smith Monday night.

The honoree, the former Merlene Crooks, was presented the rattle, diaper pins and other baby articles which hung on the edge of the table and a corsage of pink and blue socks. Floral arrangements were pink mums.

Assisting Mrs. Smith with hostess duties were Mrs. Paul Lentz of Clovis and Mesdames Robert Morton, Percy Tipton, Truitt Hardage, and Miss Fern Tipton.

Attending and sending gifts were Misses Cella and Glenna Berry and Mrs. F. M. Crooks of Bovina, Misses Marian and Martha Smith, Gari Lynn and Jacquetta Crooks, Mesdames A. D. Smith, Albert Thomas, Paul Wurster, T. J. Kittrell, Judge Stone, Bob Hines, A. N. Walls, W. H. Graham Sr., Neil Smith, Pete Vestal, W. H. Graham Jr.;

And Mr. and Mrs. H. R. Crooks and Randy, and Truitt Hardage.

Mrs. Neal Walls and Larry Wayne of Lubbock are visiting her parents, Mr. and Mrs. R. S. Hines, and her husband's parents, Mr. and Mrs. A. N. Walls, this week.

## Adults Have Waffle Supper

Entertainment at a waffle supper for members of the young adult department of Texico Baptist Church Tuesday night were colored slides taken in Holland. Charles Morgan showed the pictures and narrated the program.

Attending the social were Mr. and Mrs. Buddy Pearce and family, Mr. and Mrs. T. J. Kittrell and family, Mr. and Mrs. W. T. Watson, Mr. and Mrs. Bill Boling and family, Mr. and Mrs. Leon London and family, Mr. and Mrs. Clarence Smith and family, Morgan, Bob Byrd, Mrs. Mildred Bulkin, Miss Verlene Thigpen, and Mrs. Tena Roth.

Smith is teacher of the men's class and Mrs. Roth teaches the women.

## Morgans Plan California Trip

Planning to leave this weekend for Palmdale, California, are Mrs. C. C. Morgan and Wanda and Sgt. Charles Morgan. They will visit their son and brother, Thomas Morgan and family.

The Thomas Morgans are parents of a daughter born November 8. She has been named Deborah Florine.

Sgt. Morgan, who has been stationed in Laon, France, for the past three and one-half years, arrived last week to spend a 30-day leave with his parents. He will be stationed at Harrisburg, Pa., when his leave is up.

Mrs. Neva Meyers of Amarillo spent last weekend with the Mem Sprowls family. She is an aunt of Mrs. Sprowls. Spending the weekend with Miss Jimmie Lou Wainwright was her mother, Mrs. M. C. Wainwright of Olney.

## Daughter Born To Lonnie Tharps

Mr. and Mrs. Lonnie Tharp announce the birth of their second child, a daughter, Monday, November 10, at Clovis Memorial Hospital. She weighed 7 pounds and 3 ounces and has been named Cheralee. Grandparents are Mr. and Mrs. Boone Allison of Lariat and Mr. and Mrs. Lewis Tharp.

## Miss Levins Wins Popularity Title

Susan Levins, daughter of Mr. and Mrs. Ira S. Levins of Texico, was recently crowned 1958 Popularity Queen at the annual Mirage Ball at the University of New Mexico. The event is staged in connection with yearbook activities.

The sophomore student is a member of Kappa Alpha Theta sorority and Spurs, a national honorary for sophomore women. She is also active in a number of other organizations at UNM.

## Monty Cassidy Given First Birthday Party

Monty Brent Cassidy, year-old son of Mr. and Mrs. Phillip Cassidy, was honored with a birthday party in the home of his parents last Wednesday.

Those attending were Larry Vaughn, Mike and Vickie Jones, Troy Hukill, Lorene Hale, Bill and Julie Calaway, Carey and Bruce Cassidy, and Lisa and Kirk Cummings. Ice cream and cake were served.

## Minister and Wife Host Get-Together

Minister and Mrs. Ebb Randol of Farwell Church of Christ will host a barbecue supper and fellowship hour for members and friends of the church to-night at 7:30 in the Texico Woman's Club Building.

Barbecue will be furnished by the Randols and women of the church will prepare salads, beans, and desserts.

## Sput, Jelly, Squirmy

### Nicknames Have Interesting Histories

Texico-Farwell, like any community, has many citizens who are best known by their nicknames.

Origins of some are obvious. They stem from physical characteristics -- Cotton Robertson. Blackie Williams--or occupations--Judge Smith, Prof. Morton.

Others like Jelly, Squirmy, Mutt, Weedie, and Snuffy are less obvious and probing into their history proves interesting.

According to his wife, Sal (whose real name is Mildred, incidentally), Lester Ray Vincent, in his younger days, dressed in the very latest style and sported a snappy straw hat in season. Slang of the day labeled such a person a "jelly-bean." This was soon shortened to Jelly in his case and has stayed with him.

Mrs. Vincent acquired her nickname in a rather unusual manner. During a discussion about names with some high school friends she made the mistake of declaring, "If there's one name I can't stand,

it's Sal." With typical teen-age perverseness her friends began calling her Sal and it wasn't long before she was answering. Now she admits that she rather likes to be called Sal and doesn't even remember why she objected to it.

Diminutive Harold Doshier was nicknamed Squirmy by a grade school teacher when he kept moving about in his seat on the back row in an effort to see over the student in front of him.

An older sister dubbed H. R. Crooks when he was a very small child with the comment, "You look just like a little mutt." While some of his family dislike the nickname and never use it, Crooks himself says, "I sort of get a kick out of hearing even the school kids say 'There goes old Mutt.'"

His mother is about the only one who ever calls Snuffy Anderson by his real name, Neal. Snuffy the Yardbird has a favorite comic character of his grandfather, G. D. Anderson, and he began calling his grandson Snuffy soon after he was born.

Since he had the same name as his father, the family of Bunk Phillips needed a nickname for him to avoid confusion. They soon found themselves using a short form of Bunkum which was the name given A. F. Jr. by Uncle Joe Chamberlain, an

elderly bachelor who worked for the family.

Similar circumstances gave Loyd Allen Cain Jr. the nickname Corky. He was called Butch by nurses at the hospital where he was born, but Corky seemed to suit him better, says his father.

A popular song provided Coffman his nickname when he was a teenager. "Weedie, Weedie, Whoa" was the song but Mrs. Coffman says she can't remember what connection there was between E. R. and the song.

School friends at first gave Jerry Bowers the inappropriate nickname Tiny, but soon changed it to Ox which is much more keeping with his size.

Derived from an event of universal significance is the nickname of one of Farwell's youngest set. Russia's Sputnik I and Joe Bradford Jones made headlines at about the same time and the young son of Mr. and Mrs. Joe Jones just naturally came to be known as Sput.

We've covered nicknames of the past and present. One wonders what will evolve along that line as the atomic-space age progresses.

Others in the cast are Glenda Robinson, Jerry Weaver, Donna Redwine, Earl Ryder, Derrell Jennings, Geraldine Broadhurst, Lora Meyers, Jerald McGehee, Margaret Eggers, Velma Golden, Clyde Redwine, Ray Vanlandingham, Freddie Smith, Maudine Barnes, Linda Hargrove, Betty Maullouf, Janie Barba, and Shorty Ivy.

## Texico Girls Named Winners In Wool Contest

Two of four Texico High School students who entered the District "Do It Yourself With Wool" contest at Eastern New Mexico University Saturday were named winners in their division. D'Rene Danforth, modeling a navy blue sleeveless middy-type dress worn with a white sweater, was named first place winner in the sub-deb division. Gayle Potts won fourth place in the junior class with a brown wool crepe sheath. She used burnt orange accessories. Other entrants were Gale Hadley and Valeria Meier. The students were accompanied to Portales by their instructor, Mrs. Jimmie Allman, and Mrs. Fred Danforth.

## Greer Family Moves To Modesto, Calif.

Leaving Thursday morning for Modesto, Calif., where they will make their home were Mr. and Mrs. Dave Greer and Diana Lea of Clovis. They visited her parents, Mr. and Mrs. A. N. Walls, before leaving and accompanied them to Abilene last weekend where they visited Miss Mary Ann Walls. Greer, who has been stationed at Cannon Air Force Base, received his discharge Wednesday.

## JOTTIN'S By Jeanne

You are going to see some amazing changes in supermarkets and greater emphasis on smaller grocery stores in the future, forecast the editors of Changing Times, the Kiplinger Magazine. All sorts of technical innovations to make your shopping easier are now in use or in the planning stage. There is a machine that bags your purchases. Specially designed racks replace packaged goods when an item is removed. A unique device automatically carries away bottle empties and gives you a receipt for them. The latest in cash registers shows how much change is due you. Within another ten years, you may be able to shop by punch cards, where electronic machines select and collect your groceries. You won't have to push that grocery cart--it will be motorized. You'll step on a

moving sidewalk once out of your car, and be whisked right to the store door. Automatic check-out counters will add up your bill, pack your groceries and deliver your change--all without human guidance. Even while merchants blue-print bigger and bigger supermarkets, other enterprising operators are proving there's plenty of room for relatively small groceries, space-age version. You'll find these stores easy to shop in. You can usually drive right up to the edge of the store and park. You can pick up a few items, not a whole week's food purchases. You'll be able to satisfy that 2 A. M. yen for strawberries in the near future, when all-night selling by vending machines gets underway. Already some stores have banks of vending machines outside their doors with over 100 products. One chicken sandwich, containing a quarter pound of meat will supply more than one-half of the daily protein requirements of an adult man or woman.

## Longhorns Take Second In District

Lazbuddie's Longhorns finished second in district 2-B play after falling before strong Happy Cowboys 49-0 Friday night. Coach John Bond described the game as "a group of little mules against a group of big mules." The three wins and one loss record is the best yet for the Longhorns who have been competing in the district for only three years. New Deal was the only other class B team which defeated the Longhorns; other losses were to class A teams from Farwell and Kress.

## Farwell PTA Has Q and A Program

Current educational problems were discussed during an informal question and answer program at a Thursday night meeting of Farwell PTA in the school auditorium. Members of a panel to whom questions from the audience were directed were Glenn Phillips, Mrs. Mitz Walling, and Amos Tatum. Claude Coffey, president, conducted the meeting. Jimmie McGuire gave the invocation. Entertainment was a skit depicting an old fashioned school recital. Mesdames Hatvye Boling and Margaret Kennedy directed their fifth grade students in the production written by Mrs. Boling.

## Lazbuddie Begins Cage Schedule

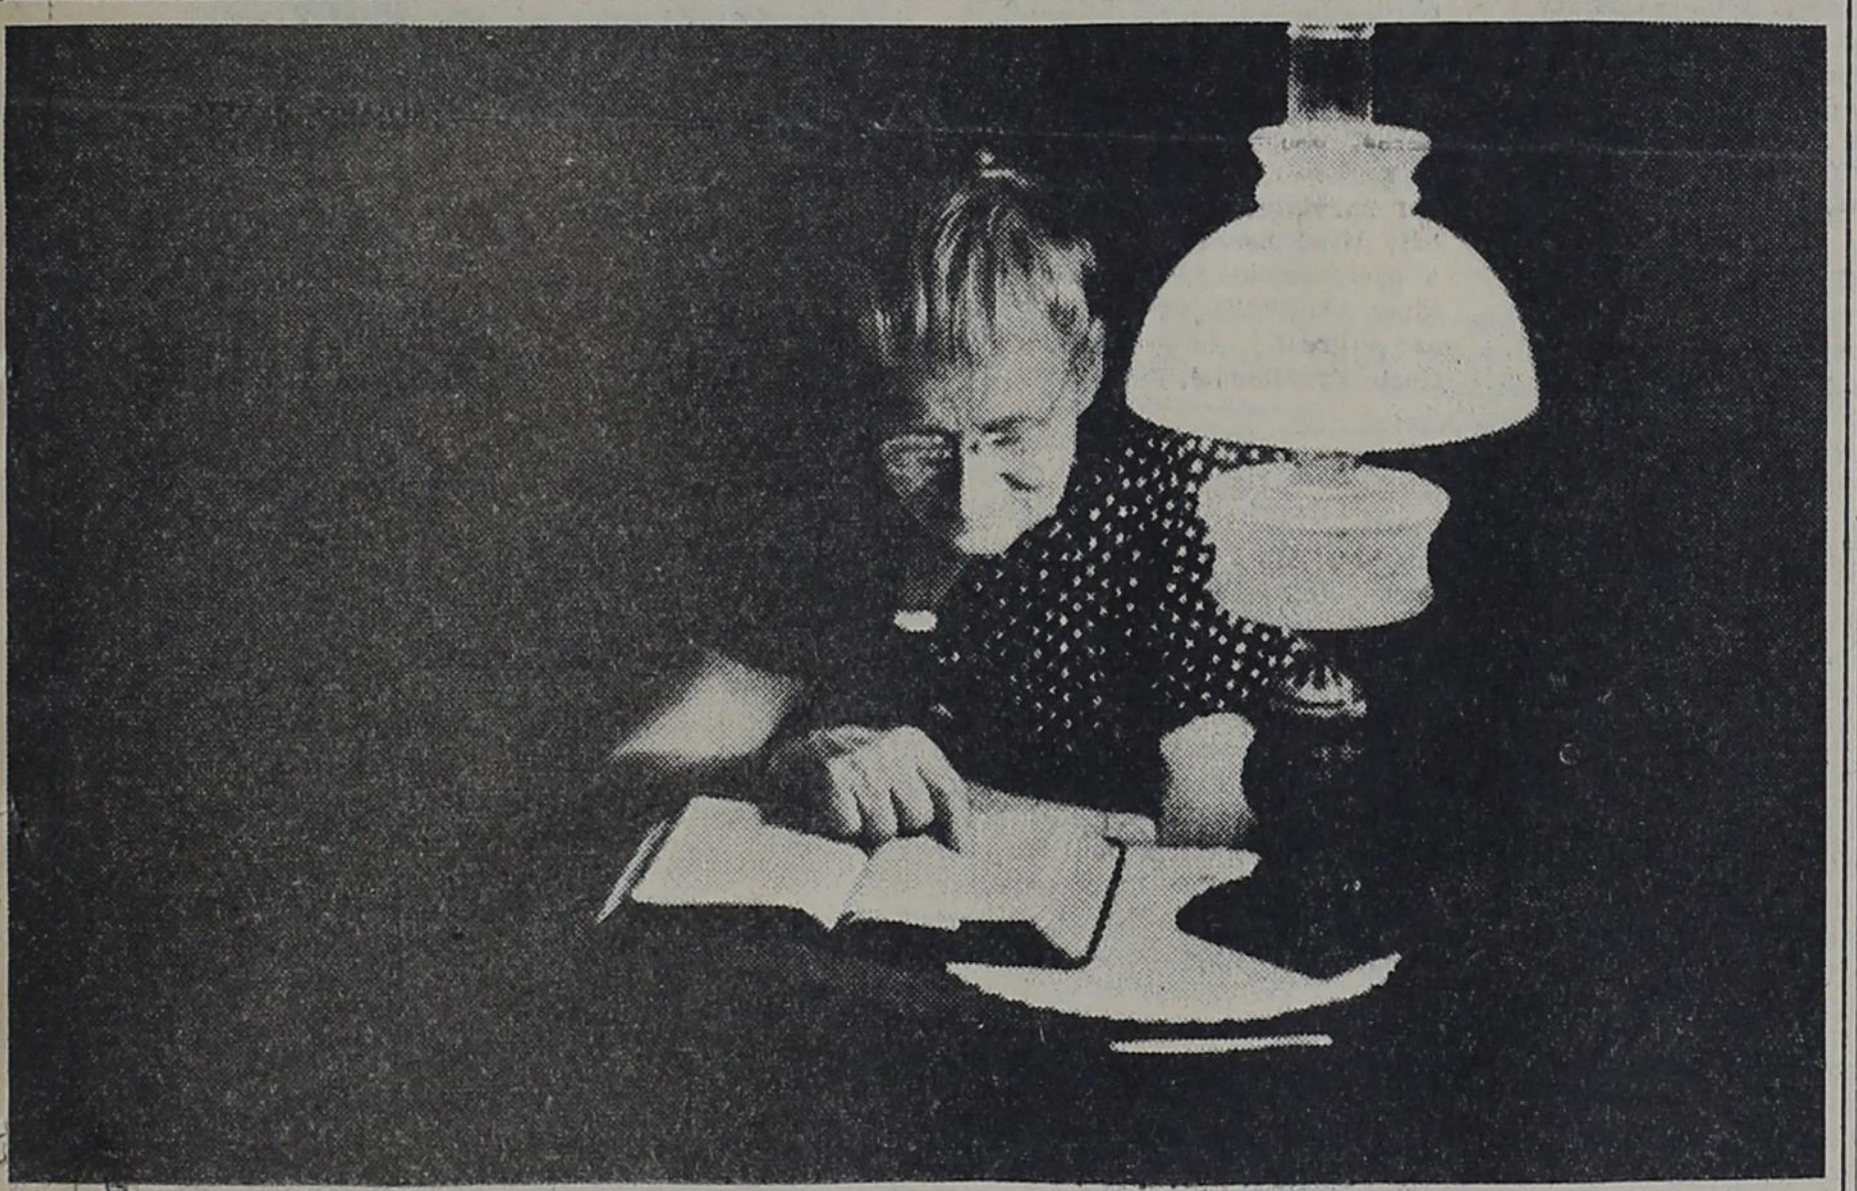

Basketball 1958 got underway for Lazbuddie School students Tuesday night when the A and B girls' teams met Muleshoe on the Lazbuddie court. First action for the varsity boys' team is scheduled for tonight (Thursday) at Friona after only three days of workouts. Next opponent will be Beulah December 2. Complete schedule and details on their annual invitational tournament will be announced next week. Date of the tournament is December 4-6.

## DELONEY HAS SURGERY

Wyatt Deloney, brother of Mrs. Jim Terrell, was to undergo minor surgery in St. Anthony's Hospital in Amarillo today (Thursday). Mrs. Terrell accompanied him to Amarillo Wednesday and they expect to return Friday.

*Sally Lewis says...*

Twice blessed is the housewife who asks hubby to fix a leaky faucet—and finds next day he did it—promptly and properly. Let's face it, girls, many "better halves" are not better at all, when it comes to "fixin' things". That's why it pays us to exercise our pioneer heritage, and learn to do things—by doing them! Speaking of learning things: Did you know that household lye, beside being an ideal sanitizer, has dozens of helpful and often money-saving uses around the home? For example: You can make your own paperhanging paste. Dissolve one teaspoon of lye in 1/2 pint of water. In another bowl sift 5 tablespoons of cornstarch into a pint of water. Stir to prevent lumping. Pour the lye solution into the mixture and stir to form an effective, low-cost paste. Another hint: To avoid ruining plaster when you hang pictures, put small squares of cellophane tape at the point you plan to drive the nails.

She lives by the light of Faith

**Is the light strong enough?**

The lamp is an old one, but the light of Faith will always brighten her way. She has learned the calm and serenity that come from a strong Belief. She has lived by the light of Faith and has built a strong spiritual reserve.

Can you count on this much? Can you face life squarely—tackle whatever obstacles you meet and overcome them? You can—and will, if you have Faith. Find the strength for your life. Worship in your church

truck stop, cafe combination in Texico to be in operation by the first of next month.

That pretty, gigantic sign out front which announces the brand name of the products to be sold is the only one of its kind in the Southwest, Mr. Finley told us some time ago. It's every bit as sharp looking as you'd expect the only-one-of-its-kind-in-the-Southwest to be.

As one fellow remarked a few days ago, "You can see that sign from the time you leave the city limits of Amarillo coming this way."

Predicting the scores of big-district football games is a little out of our line, but, as we've said before, we've already proved we don't know anything about it so there's no use to quit now. Too, we want to point out we've stuck with the Steers 10 straight games and have been right nine out of 10 times. That's a pretty good batting average . . . for a kid. So:

# Commodity Loans In Upward Trend

As is the usual case, this time of year, the county ASC office has been quite busy in recent weeks, making loans on fall crops. "Everything is going pretty smooth, though," says Prentice Mills, ASC office manager.

On October 15, \$3,582,000 had been loaned Parmer County farmers for grain sorghum produced this year. This week the total mounted to around \$9 million, showing the great volume that has been channeled through the program in just a month's time.

Still, Mills believes that a substantial percentage of the crop selling on the regular market. He guesses this amount to be 40 percent of the crop.

Asked what portion of the grain sorghum loans have been made, Mills replies, "I think we've loaned about three-fourths of what we're going to this year."

Other loans made in the USDA price support program for 1958 in Parmer County include \$15,000 to six barley growers (farm-stored);

Oats--\$4,588 to two producers (farm stored);

Wheat--\$4,016,000 in 1151 loans for warehouse storage.

Soybeans have sprung from nothing to a mildly active price support crop in the county. Eighty-seven loans have been made so far, averaging about \$1,000 a loan. The rate is now \$2 a bushel, with a four-cent

premium for low moisture content.

The biggest change over a year ago in the preceding figures is noted in wheat. Total loans last year were \$2,800,000.

## SOIL CONSERVATION: DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Two contracts have been signed by ranchers in Parmer County to participate in the Great Plains Conservation Program. D. C. Melugin of Texico and A. J. Jesko, who owns land near Clay's Corner, have entered into a contract and plan to begin on their conservation practices in the near future.

These plans will include such practices as brush control, range seeding, net wire diversions, establishing livestock windbreaks, wells for livestock, etc. These practices are cost-shared by the USDA and are available to any landowner or operator in this county.

The fourth annual Farm-City Week will be observed November 21-27, 1958 throughout the United States and Canada. The U. S. Department of Agriculture is again cooperating with this observance by helping to promote better understanding

between rural and urban people. Here are a few of the many and varied contributions the USDA programs and services make to the farmers urban friends.

USDA scientists work diligently to make research help the American homemaker, the farmer, and the marketer of farm products. They develop new products and new uses for farm products, and develop and test the market demands for such products.

USDA services and research make it possible for many farmers to shift their production to new and changing products consumers now want--in the form in which they want them. This means not only raising improved livestock and crops, but producing them more efficiently, at less cost to the homemaker.

The credit services of the USDA benefit many more people than just the farmer-borrowers. Farmers use these loan funds to purchase necessary goods and services in their home communities. These purchases spur local trade. Farmers also use the loans to improve their farming operations.

Conservation of our soil and water resources is a practical means of insuring our ever increasing population of an abundance of food, fiber, and shelter. Many jobs are created for urban residents through the adopting of advanced farm and forest management methods.

Farm and city alike benefit from the USDA's marketing research to improve the efficiency of agricultural marketing and to expand markets for farm products.

These many services of the USDA help farmers, processors, distributors, and consumers of farm products alike to maintain a steady flow of food and fiber from farm to home in the best possible condition and at the lowest cost per unit.

Hurricane winds and clouds usually extend up 40 to 60 thousand feet, according to the Navy's "Hurricane Hunters."

# THE HIGH PLAINS FARM AND HOME

HE'S THE BEST--Cary Joe Magness, left, Farwell businessman, awards Duane Rea of Bovina a handsome trophy to signify his recognition as being the outstanding Parmer County FFA boy of the year. The presentation was made at a meeting of the Bovina Lions Club last Thursday night.

## Duane Rea Top County FFAer

Duane Rea, Bovina High School senior, is the outstanding Future Farmer of America in Parmer County for 1958.

Rea, son of Mr. and Mrs. Carl Rea, was presented a trophy for the honor at a regular meeting of Bovina Lions Club in Bovina Restaurant Thursday night.

The program to honor the top FFA student in the county was inaugurated this year. A boy from each school in the county was selected as the most out-

standing in his chapter. Then a committee, composed of a member from each of the county's four communities, selected the top boy of the four.

Cary Joe Magness of Graham-Magness Insurance in Farwell presented the trophy to Rea. The insurance agency was donor of the trophy, which will be kept in the trophy case of the school which wins it each year. If one school earns the trophy three years in succession, it may keep it permanently.

Prior to the award, Robert Morton, FFA advisor at Farwell, explained the contest. The idea for it was originated two years ago, he said, and the contest was designed to increase interest in local FFA chapters.

The outstanding boys were selected on the number and quality of farm programs they had and on the number of FFA activities in which they participated.

Morton said the contest has "been a definite help to our FFA programs."

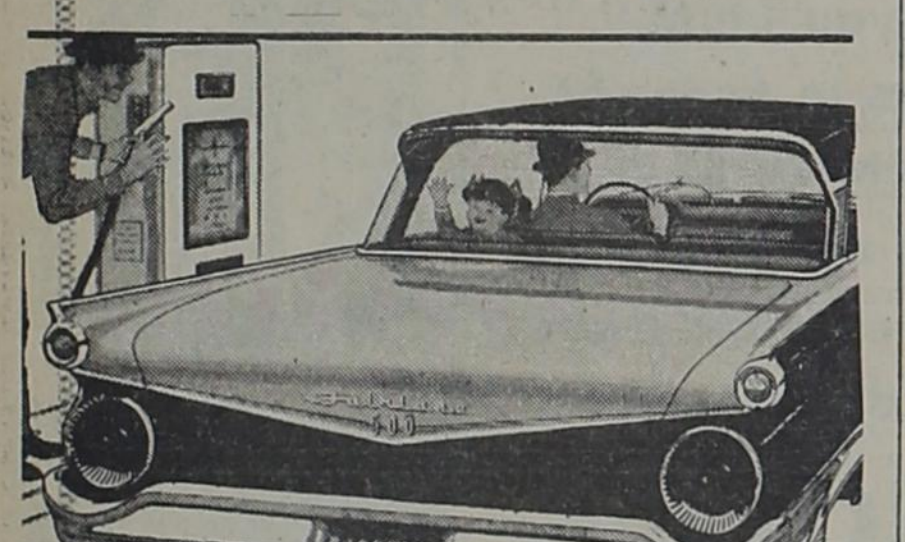

Lions Clubs at Farwell, Bovina, and Friona and an organization at Lazbuddie assisted FFA advisors with the program.

Morton expressed appreciation to the administrations of the schools, to the Lions Clubs and the organization at Lazbuddie, to Bovina Lions for being hosts to the special program and to Graham-Magness Insurance for awarding the trophy.

## NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Mr. and Mrs. Joe S. Meneff, formerly Parmer County residents and now living in Corpus Christi, proved to be the most congenial people we met in the city last week. Since convention facilities made it necessary for delegates and others attending the Farm Bureau convention to meet in various buildings, there was quite a bit of traveling necessary between hotels and other meeting places.

Joe was on hand to take most of the Parmer County group from place to place the first morning and several times during the three days. Then he and his wife took all of us on a tour of Aransas Pass and other points of interest. The last night they were hosts for a supper at their nice home. Joe is a former director of Parmer County Farm Bureau, and H. P. Hamilton's landlord at present.

The whole city was friendly and helpful, including newspapers and radio and television. Texas Farm Bureau activities and pictures made the front pages every day of the convention. Over 600 voting delegates were registered for the business session, and over 2000 in attendance during the convention.

We believe it was one of the most successful state conventions yet held. J. Walter Hammond was feted in an appreciation ceremony the first night of the meeting, following a vesper service conducted by J. H. West, president. Several personalities from other states were present to participate in the Hammond program. A bronze bust of the former TFB

phys. Guests at the meeting were Gerald Gober, outstanding Farwell FFA member; Dwayne Teague, outstanding Lazbuddie FFA member, their fathers, school officials from Lazbuddie, and school officials and Lions Club members from Farwell.

president was unveiled, and is now standing in the new Farm Bureau headquarters in Waco, commemorating his many years of service to American Agriculture.

Farm Bureau members will receive detailed information regarding action taken in the convention in their next issue of Texas Agriculture. The main theme of most of the resolutions adopted indicates a strong opposition to the trend toward socialism that is prevalent in America. We are convinced that if other organizations of the country would take a similar stand for individual and states rights, our country would be headed toward better days.

Ten Parmer County people attended the convention: The Gilbert Kaitwassers, Roy V. Millers, Harry Hamiltons, Mose Glasscock, Ralph Smith and the Raymond Eulers.

## THE PARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, November 19, 1958

Mr. and Mrs. Howard Ford left early Tuesday morning for Nassau in the Bahamas. They met other case dealers in Amarillo and flew by chartered plane to the islands. They will be gone about a week and their children are staying with their grandparents, the Will Osborns. (Hope the IH takes a hint and sends their dealers vacationing soon).

PCICN You can build and maintain terraces with McCormick disk plows. They are designed to work in the correct line of draft for low operating cost. McCormick plows penetrate and break up the hard surface so that the soil can catch rainfall and hold moisture until it is needed.

PCICN When the going seems easy, better make sure you are not going downhill.

PCICN Try our shop for prompt courteous service. We have well trained mechanics who use modern up to date equipment. Call 2091 and talk to Ben Woody about any repair job for your machinery.

PCICN The way of the transgressor may be hard, but one thing sure, he won't be lonely.

PCICN Speed your hauling and handling jobs with McCormick tractor trailers, boxes, and platforms. There are sizes and models to fit your hauling needs exactly--ruggedly built to last longer under the toughest kind of treatment. Come in soon.

PCICN The pet situation seems to worsen at our house. First we had Floyd, the alligator--he didn't require much food nor attention, but he had a very unpleasant odor. Floyd died--next we had a kitten. He required lots of food and attention and cried most of the time. He disappeared. Now we have three pet lambs--they cry all the time and require a bottle every three hours, and if there is anything that smells more than three pet lambs, we don't know what it is.

PCICN Manure handling and other farm chores move quickly and efficiently when you have McCormick spreaders and loaders on the job.

PCICN Miss Lora Mae McFarland is still in the hospital at Clovis, but is much better. She had eye surgery and both eyes are almost back to normal now.

PCICN Then there were the two nudists who decided to call off their engagement--they were seeing too much of each other.

PCICN Go McCormick Six-Row! Here's bigger, more efficient farming--six-row farming at its best! These six-row implements contain all the good things you've liked about McCormick four-row equipment plus capacity to do 50% more work.

PCICN Mrs. Charles Allen is in Bowie this week to welcome her new granddaughter, who

belongs to the Glenn Cunninghams. While she is away, Charles invited Dick Bentz as his partner at Couples Bridge Club Monday evening. They were all set to win high score, but when partners added their scores, they decided they'd be happy with low and when they saw low prize--a beautiful Christmas candle--they tho't it was just as well they didn't win. It would have been too bad to cut the candle in two.

PCICN We guarantee our stalk shredders to do what you want done. Why not come in soon and ask for a demonstration on your farm?

PCICN On Monday morning the small town minister was greatly shocked to find his wife with her hand in the coins gathered during the Sunday church collection. "Martha, what are you doing?" he exclaimed. "What do you think I'm doing?" she replied annoyed. "I'm looking for a button to sew on your coat."

PCICN Ben Woody, shop foreman at the Parmer County Implement Company, has been on the sick list a couple of weeks--flu first, then pneumonia. He's feeling better now and is back at his old stand and ready to help with any repair jobs you may have.

PCICN Mr. and Mrs. Bill Nichols and Mr. and Mrs. Frank Spring attended the opening of the new bank in Dimmitt Sunday.

# Get Cotton in "Agent's Advice"

County Agent Joe Jones this week renewed his urge to farmers that they harvest their cotton as quickly as possible and get the lint in from the fields even though gins are busy and cannot process it immediately. "Let's get that cotton off of the bush," he says. "It's going to stay in a lot better condition in that pile—even if the pile is out in the open or the turnrow—than it is in the field where it is exposed to the weather."

Many farmers are taking this advice in all seriousness and white mounds of ricked cotton are a common sight in the area. However, there is still a lot of cotton stripping left to do. "With just a few days of pretty weather we can put our crop up in piles and then haul it to the gin whenever they can take it," he points out.

The old adage "a stitch in time saves nine" still holds true. Regular care and repair of clothing sometimes doubles the life of the garment and saves clothing dollars for purchases of new garments.

The repair job is easier than ever today. Stitches may be replaced with iron-on patches for some clothing repair. Extension clothing specialists suggest that you make a trip to your notion counter for these aids for mending or repair:

- Press-on patches for fabrics.
- Press-on patches for socks and stockings.
- Elastic for putting new waist bands on articles of underwear.
- Snaps.
- Burtons.
- Bra elastic and fasteners.
- Shoulder straps for lingerie.
- Keep a repair kit with all necessary items for mending handy at all times.

### EAT LIVER ONCE A WEEK

For variety and food value include liver on the menu at least once a week, suggest extension foods and nutrition specialists. Beef, pork, lamb and veal liver are all exceptional sources of essential food nutrients. Pork liver is especially high in iron.

The need for iron varies at different ages and under different conditions. During in-

fancy, adolescence and pregnancy it is especially high. A deficiency of iron in the diet may result in nutritional anemia.

It is generally believed that the iron of animal foods is more available to the human body than that of vegetable foods. Only a portion of the iron in food is absorbed in the body; therefore, it is important that a good supply of oysters, eggs, vegetables, dried fruits, whole grain or enriched bread and cereals be included in meals.

Utilize the distinctive flavor of liver to advantage by combining it with other foods, such as bacon, mushrooms, tomatoes, onions, potatoes, carrots and parsley.

### SAVORY LIVER

- 1 1/2 pounds calf or pork liver
- 1/4 cup chopped onion
- 2 teaspoons chopped parsley
- 2 tablespoons butter or margarine
- 2 tablespoons flour
- 1 teaspoon salt
- dash of pepper
- 2 1/2 cups bouillon (made from bouillon cubes)

Cook liver, onion and parsley in fat until lightly browned, turning to brown both sides; remove liver, stir in flour, seasonings and vinegar; gradually add bouillon stirring and cooking until well mixed. Place liver in gravy and cook, covered, 15 minutes. Serves 6.

### MEXICAN MAC

- 2 cups macaroni
- 1 pound bulk chili or 1 No. 2 can chili
- 1/2 cup grated cheese

Cook macaroni until tender. Drain and combine with chili. Place in greased casserole. Sprinkle with cheese. Bake at 350 degrees F. for 30 minutes. Serves 6.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

Since homemakers derive a lot of enjoyment from doing things for members of their families and others, this season is one of the most enjoyable. Too many of us run out of time to do all the things we would really enjoy doing, so need to simplify our work in order to have more time.

Most of us especially enjoy giving handmade gifts to those we love at Christmas time. There are so many things to bake, cook, sew, and construct that everything we do can be a new adventure. If you plan to make aprons for gifts, there is no end to the pretty patterns, trimmings, and decorations that are available.

The same thing goes for any other gifts you plan. To those of you who have never made stuffed toys for the small fry on your list, you just really don't know what you have missed. There are so many clever patterns for all kinds of toys. Then when you begin to work with them, new ideas come to you and your project becomes more fun.

Whether your gifts be something to wear, something to play with, something to eat, or just something to look at, the joy of giving is multiplied when you give a part of your time and energy with the gift.

Have any of the rest of you had trouble getting your trapeze petticoats to stand out like you want them to? Think this problem can be solved if you will use the patterns that come with each dress pattern and choose a firm fabric with permanent stiffness, such as polished cotton, for the petticoats.

If you get tired of the same old gray or brown cover on your ironing board, why don't you make one of any colorful gay print of colorfast cotton that won't shrink. You could use plain colored material if you wanted to. A colorful ironing board cover might make ironing a more cheerful chore.

If you do applique work with your zig zag sewing machine attachment, you might like to try this tip: For applique work when sewing with washable cotton fabrics, dip the pieces into a weak solution of cold laundry starch. Then iron them in place before stitching with a zig zag sewing machine attachment. This prevents wrinkling and slipping and makes stitching easy.

Have your cotton chintz curtains lost some of their original sheen? If so, you can restore

the sheen by adding a small piece of wax (about the size of an English walnut) to a hot starch solution. Stir in the wax thoroughly before dipping the curtains. Then press with an iron that isn't too hot.

The next time you have a real busy day and want to serve baked beans, try this recipe. About the only difference between it and conventional baked beans recipes is that you used canned beans and cut down on your cooking time.

- BUSYDAY BAKED BEANS**
- 1 No. 2 can red kidney beans or 1 No. 2 can pork and beans
  - 4 bacon slices
  - 1/2 cup water
  - 3 tablespoons molasses or 3 tablespoons brown sugar
  - 1 tablespoon dry or prepared mustard

Heat the oven to 375 degrees. In a one quart baking dish, combine 1 can of beans, molasses or sugar, mustard, and water. Top with bacon slices which have been cut into three pieces each. Bake uncovered 30-40 minutes. Serves 4.

A hurry-up meat dish that goes good with baked beans or just about any other meal is frozen steaks prepared as follows: Quickly brown steaks in hot grease. Place in baking dish and cover with thinly sliced onions. Cover steak and onions with catsup, season to suit taste and broil until steak is thoroughly cooked.

Oranges will peel much easier and the white inner skin will loosen quicker if the oranges are placed in a warm oven a few minutes before peeling.

For a tasty salad that is a little different, try this tuna and apple salad.

- TUNA AND APPLE SALAD**
- 2 cups chunk tuna
  - 2 diced apples
  - juice of 1/2 lemon
  - 1 1/2 cups diced celery
  - 3/4 cup salad dressing
- Sprinkle diced apple with lemon juice to keep from turning dark. Add tuna which has been broken into pieces or flaked. Add celery then salad dressing. Mix well. Arrange on a lettuce leaf and garnish with olives which have been sliced or strips of pimiento.

## Farmers Union Report

The Democratic landslide in the just past election presents itself as a baffling problem to President Eisenhower. He is in a quandary and is unable to figure it out.

In a recent press conference he first referred to the big majority by which he won in 1956, then he said: "Now, here only two years later there is a complete reversal; yet I do not see where there is anything that these people want the administration to do differently. Now, if there is anything else they want me to do I don't know exactly what it is."

When asked if because of the election results there might be changes in the farm policy he said, "No." I think we will struggle right square along on the lines we have laid out today." His good buddy Benson echoed the same sentiment when he said he intended to continue with redoubled effort along the same lines for a strong and sound agricultural program for the American people.

"I certainly can see no connection between the election results and any dissatisfaction with the farm program." It would seem that Mr. Benson is a little short on information. All but two of the 13 states in which the Republicans lost had farming as the important industry. It is also interesting to note that 28 of the 47 losers supported the Farmers Union program less than one third of the time, 19 less than one half.

If you want to increase your chances of getting a bank loan just learn to play golf. This advice was given by a speaker before the American Management Association: "Practically all bankers play golf, and the higher up in the bank they are the more they play. I won't say that you can negotiate a

loan at the 19th hole but by the time you reach that point you certainly know the man you're dealing with better." Yeah! That works two ways.

**HEADACHES**

To Whom It May Concern:

For several years I suffered with severe headaches which occurred regularly and quite often. These headaches were of the migraine type. I tried many different medications with little results.

On February 22, 1957, I became a patient at the Muleshoe Chiropractic Clinic. At this time I also suffered from dizziness, low blood pressure, stomach trouble, gall bladder and chronic appendicitis. I have not had a headache for several months and all of the other conditions have improved greatly. I was so pleased with the results that my wife and two of our children have become patients.

**RHEUMATISM**

For several years I was in poor health, and I was gradually getting weaker. At the insistence of one of my sons, who had been a Chiropractic patient, I consulted Dr. Brooke Green of the Muleshoe Chiropractic Clinic. After a Chiropractic examination which included spinal X-rays, I became a patient. My condition at this time included: extreme nervousness, difficulty in breathing, kidney condition of several years, a lower back condition for more than thirty years, swelling of legs, headaches, high blood pressure, constipation, stomach disorder, sleeplessness, and rheumatism over entire body. From the first Chiropractic adjustment, I felt some improvement and the progress has continued. Now after two months of Chiropractic care, several of these symptoms have completely disappeared and the other conditions are much improved. I have given this above affidavit in the hope that others may find the relief and good health that I now enjoy.

# Referendum to Decide Important Questions

How farmers vote in the cotton marketing quota referendum to be held throughout the nation's cotton-growing area on December 15 will determine whether quota penalties will apply, the kind of allotment program in effect, and also the level of price support for 1959-crop cotton.

The referendum therefore is of vital concern to every cotton grower, says Searcy M. Ferguson, Chairman of the Texas Agricultural Stabilization and Conservation committee.

The marketing quota program will be in operation for next year's crop, the chairman explains, if at least two-thirds of the votes cast in the referendum are in favor of the program.

In that case, farm operators will have an opportunity to elect a choice between (A) complying with their "regular" farm al-

lotments -- with price support available at not less than 80 percent of parity for the 1959 crop of upland cotton, or (B) complying with an increased farm allotment 40 percent larger than the "regular" farm allotment -- with support at a level 15 percent of parity lower than under the first choice; quota penalties will apply to any cotton produced in excess of the chosen allotment.

If more than one-third of the votes are against quotas, there would be no quota penalties, only the "regular" allotments would be available, and the price support level to eligible growers would drop to 50 percent of parity.

All farmers who were engaged in the production of upland cotton in 1958 will be eligible to vote in the referendum.

## THE PARMER FARMER

by W. H. Graham Jr.

We haven't read it, but have heard of a special article being plugged in the current Reader's Digest. The inference of the plugs leads us to believe that somebody has now come up with the idea that the Ice Age is to return.

Well, maybe it is. The way fact finders are today, they seem to be able to find enough evidence to prove just about anything.

What makes us take special note of this development is that two or three years ago we became very engrossed in a book (forgotten the author's name, now) that offered very convincing arguments that the earth was constantly warming. The weather, as a consequence, was getting more torrid, the tropical belt was moving poleward, and all of this was simply one little speck of an infinite plan to heat and shrivel and dry the earth and finally end life as we know it in flames.

Like we say, the arguments at the time were plausible. They made the then-unbroken drought of 1950-57 a little bit more understandable. They helped explain why various physiological changes around us were taking place and were attracting widespread curiosity.

The only joker in this otherwise quite well stacked deck of cards was that the writer recommended that everybody pack up and leave for the Pacific Northwest--which would sooner or later be the only place left with enough water to sustain industry and agriculture.

Swell idea. Only about that time it started to rain in the Southwest again and we had the dampest cold weather you ever heard of. Remember the blizzards in the springs of 1955 and 1956? Well, along about then we tossed the book into the wastebasket and haven't thought of it much until now.

We won't bother to invest a quarter in Reader's Digest, either. It won't be 12 months before some new and more convincing theory will be the rage. The pendulum swings back and forth, apparently. We'll just await its return.

Some day we are going to write a book about the hazards of farm news reporting. And high on the list will be the problem of weather strategy.

Last week is a good one to help us prove our point.

In our cotton harvest story, several paragraphs were given over to how ideal the weather had been for harvesting, and that if such nice weather continued, the strippers would make short work of the job of getting the lint out of the fields.

Those pearls of wisdom, true at the moment, were composed late Tuesday afternoon. That evening, we listened to the Amarillo weather report by radio. A cold snap was forecast, and also some rain. We didn't believe it, but we should have.

You see, here's where the rub comes in. If we took every weather report at face value and geared our stories accordingly, we would very often be considerably off base. We know this from experience. The trouble is that about the time that the weatherman proves himself to be most unreliable, he will come through with a forecast that is accurate to the last detail (including the rain).

Frankly, we're at a loss at what to decide to do. It's a case of being burned if you do and durned if you don't.

Westar, Bison and Comanche to be among the most satisfactory. Early varieties, such as Wichita, Early Blackhull and Triumph, have averaged less than mid-season varieties.

Fall sown oat tests at Bushland and Floydada, for 1958 and also over a period of years, show that Mustang, Bronco and Wintok have produced the best yields and are the most winter hardy. Spring seeded tests show Alamo and Mustang to be the best varieties for spring plantings.

Fall sown barley tests were also conducted at Bushland and Floydada. Cordova ranked first with a yield of 42.3 bushels per acre with Wintex, Dicktoo, Rogers and Kearney following in that order. Kearney has been found to be the most winter hardy and also to have considerable resistance to greenbugs. Spring seeding of barley has not been very successful in the area. Over a period of years,

Cordova and Wintex have made the best yields for spring seeding.

Bits of coconut and tangy lemon team up to give an especially refreshing after-school treat. Lemon Coconut Cookies. Cream 1 cup butter or margarine. Add 1/2 cup sugar and continue creaming until light and fluffy. Add 1 egg and 1/2 teaspoon grated lemon rind. Beat well. Sift together 2 cups sifted enriched flour and 1/4 teaspoon salt. Blend in 1 cup shredded coconut, finely chopped. Drop by teaspoonfuls on ungreased baking sheet. Bake in slow oven (325 F.) until light brown around edges, about 15 to 20 minutes. Makes about 6 dozen 2-inch cookies.

Apple Dessert Quickie is a good 'n easy idea for busy days. Mix together 1 cup sifted enriched flour, 1 cup brown sugar and 1 teaspoon cinnamon. Cut or rub in 1/2 cup butter or margarine. Place 3 cups sliced apples in greased 8-inch square pan. Sprinkle with flour mixture. Bake in moderate oven (350 F.) about 30 minutes. Serve with plain or whipped cream. Makes 6 servings.

A reputation cannot be built on the things you intend to do.

**Small Grain Test Results Released**

Results of small grain variety tests conducted in 1958 in the High Plains area by the Texas Agricultural Experiment Station and cooperating agencies have been released.

The tests were conducted at Bushland and on the farms of cooperators Roy Hale of Floyd county and Horace Sneed and Eller Brothers of Sherman county. Dr. K. B. Porter, agronomist at the Plains station, supervised the tests.

Under irrigation at Bushland, the wheat variety, Bison, ranked first among the commercial varieties with an average of 45.1 bushels per acre. Early Blackhull, Concho, Ponca, Wichita and Crockett followed in order. At Stratford, Wichita ranked first with 43.9 bushels per acre with Crockett, Cheyenne, Bison, and Early Blackhull following in that order.

The yields at Floydada were much lower. Wichita ranked first with 12.6 bushels per acre followed by Crockett, Concho, Early Blackhull and Ponca.

Under dryland tests at Bushland, Ponca led with 31.9 bushels with Early Blackhull, Bison and Concho following in order. Early Blackhull was first at Stratford with a yield of 18.2 bushels with Wichita, Crockett and Concho following in order.

Recommendations of varieties for the area are based on results of several years of testing plus the quality characteristics of the varieties. The highest yields under irrigation in the Panhandle have been produced by Concho, Crockett, Ponca and Cheyenne. Dryland tests show Concho, Crockett,

**Cotton Quality Holding Up Well**

The third Texas High Plains cotton quality report for the 1958 season continues to show this year's as is one of the best quality cotton crops as well as one of the best yielding crops in many years, George W. Pfeifferberger of the Plains Cotton Growers, says this week.

Ginnings on the High Plains passed the million-bale mark November 11, and the cooperative report of the PCG and the USDA classing office shows that more than 85% of the cotton harvested thus far is white cotton. This quality report covers only about three-quarters of a million bales of cotton harvested as the statistics run about a week behind actual ginnings, Pfeifferberger explains.

White cotton accounted for 85.2% of the crop with 42.9% being middling white and above. Light spotted cotton totaled only 14.4% with 11.6% being middling light spot and above. Full spotted cotton was only 0.2%.

The average staple length was 31.6 thirty-seconds, with 51.9% being one inch and longer. Only 2.9% fell below 15/16 inch. Micronaire average was 4.3 with 95.7% above the tenderable micronaire limit of 3.5. The majority of the crop, or 71.2% fell between 4.0 and 5.0. Pressley fiber strength averaged 76,000 pounds per square inch, with 51% between 75,000 and 90,000 pounds.

The cotton quality report with correlations between grade, staple, micronaire and Pressley is being mailed every two weeks to textile mill officials and cotton buyers throughout the nation. It is published to give buyers and mill officials up to date information on the kinds and type of cotton produced on the Texas High Plains area.
