City, School & Hospital - -

Farwell Elections Scheduled Saturday

Three elections are on tap for Farwell voters this Saturday when the city will elect a mayor and two commissioners; the school district will fill three trustee posts; and the hospital district will elect five members to its board.

Persons eligible to vote in the city election will be casting ballots at the City Hall from 7 a.m. to 7 p.m. Don Williams will be presiding judge and Wanda Walker and Marie Cox will serve as clerks.

On the ballot for the city posts are the incumbents, Walter Kaltwasser, mayor; and Fred Chandler and Johnny Curtis, commissioners.

The school board and hospital district board elections will be held simultaneously in

the county courtroom of Parmer County courthouse where the polls will also be open from 7 a.m. to 7 p.m.

Election officials for this balloting will be Mrs. Billie Blain, presiding judge, and Jan Marsh and Naomi Walls, clerks.

On the ballot for the three positions to be filled on the Farwell School Board of Trustees are Wilbert Kalbas, incumbent; Caroline Anderson, Bill Martin, Leon Langford, Richard Haseloff and Eddie B. Smith.

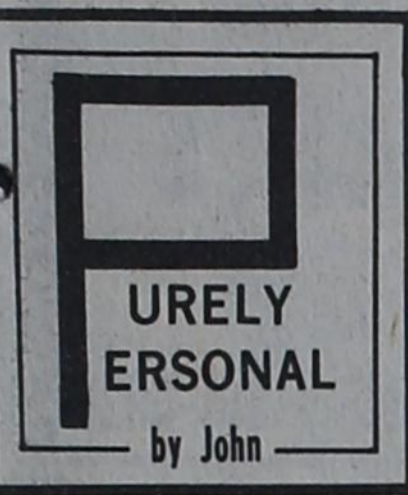

Five positions are to be filled on the Farwell Hospital District Board. Pudge Rose and Jim Berry, incumbents, are running for re-election to their offices and are joined by three other candidates: Lee

Hutchins, LaMoin Williams and Robert White.

Lazbuddie residents will be going to the polls to name three members to the school board of trustees. Balloting will be from 7 a.m. to 7 p.m. in the Lazbuddie School auditorium with Don McDonald as presiding judge, and Francis Jennings and Judy Brockman as clerks.

Candidates for the three positions are Jerry Don Glover and Marvin Mimms, incumbents; and Mike Miller. Darrell Jennings, whose term is also expiring, is not running for re-election.

Absentee voting in the area elections continued through Tuesday of this week.

Every now and then a breath of common sense blows out of Austin. This week's puff of reasonableness comes in a release by State Senator Bill Meier from Tarrant County. It concerns his bill (Senate Bill 983) about the allocation of the 1% sales tax collected by cities on a population basis rather than returning it all to the point of collection.

The idea being that larger metropolitan areas collect a lot of city sales tax from residents of rural areas and smaller communities. These tax payers are not receiving any benefit from that tax. By returning the tax on a per capita basis the community from when the taxpayer came would in some measure benefit from that tax expenditure.

It sounds reasonable to us. We think that it would benefit Farwell to a large extent. Unfortunately a significant amount of the money spent by Farwell residents is spent elsewhere for goods and services not available locally. This tax money goes to support other towns and cities, and does nothing locally.

If this measure passes it will significantly add to our local sales tax take. Apparently Farwell needs money for local services. This is obvious in our present state of exposure to crime.

Farwell needs to have its own Marshal or law enforcement office. As a part of the services accruing to living in a city, local law enforcement should be high on the list. A city is not a city without crime protection.

We have said many times in the past and we continue to say so. The sheriff's office is a county function and should function on a county basis. Taxpayers from other areas of Parmer County are under no obligation to subsidize or provide all the law enforcement for the residents of Farwell.

With the budget available and manpower available the Sheriff's Department of Parmer County does an excellent job. The residents of Farwell should not, and have no right to expect more from the County Sheriff's office than they are currently receiving.

It is up to the local citizenry to provide a measure of protection for themselves. Friona and Bovina do provide some measure of local enforcement for their communities. Farwell should do likewise.

In the long run the establishment of an adequate city police department will not be an expense to local taxpayers. It will serve to reduce taxes in the future.

Of course, other steps must be taken, not only by the City of Farwell but other taxing entities, to expand the tax base. The only way that taxes in the future can be kept within payable limits is by a constant expansion of the tax base. New homes, new businesses, new economic units of production must be added to a community on a constant basis. This increases the tax base for all and lets all within that unit enjoy lower taxes in the long haul.

Without an expansion of the tax base in Farwell and the Farwell School District we all face constantly increasing tax statements. As these tax bills increase businesses will leave, homes will deteriorate and the tax base will shrink, inevitably necessitating higher taxes on what remains. This will pre-empt a vicious circle of destruction that will ultimately force the dissolution of the town and the consolidation of the school district.

There is no other alternative, the tax base within a taxing unit must increase or the taxing unit will eventually disappear. This truism is set in the economics of community cement.

.....

The time is at hand for nominations for the Farwell Man and Woman of The Year. Monday, April 9, is the deadline for submitting your suggestions. Please see Margaret Aycock, Carrie Anderson or John Getz by that time.

UIL
Winners

These Farwell High School students each placed in the UIL literary contest March 31 in Canyon. They are, from left, back row: Cheryl London, Lisa Howard, Toby Curtis, Michael Boling, Scott Bass; front row, Janelle Garrett,

Kim Watkins, Lucretia Turner and Lisa Darby. Also placing but not pictured are Clay Williams and Donna Kalbas. Students winning first through third place medals qualified for the regional UIL meet April 18-21 in Odessa.

Farwell High Wins Third In UIL Meet

Farwell High School finished third in Saturday's UIL competition at West Texas State University, Canyon, with a score of 91. Other team scores were Springlake-Earth, 209; Vega, 92; Bovina, 65; Hart,

30; and Kress, 23. Individual winners from Farwell were Michael Boling, first in spelling, and Scott Bass, first in typing. Second place certificates went to Kim Watkins, shorthand; and Lisa Howard, poetry interpretation.

Winning third place awards were Janelle Garrett, shorthand; Lisa Darby, prose reading; and Cheryl London, typing.

Fourth place certificates were awarded to Lucretia Turner, science; and Toby Curtis, ready writing.

Other Farwell winners in-

cluded Clay Williams, 11th in science and Donna Kalbas, 9th in science.

Tribune Closed Today

The Tribune office will be closed today (Friday) so that staff members may attend the Panhandle Press Association meeting in Amarillo. Regular office hours will resume Monday at 8:30 a.m.

One-Act
Play Cast

The cast of Farwell High School's one-act play has been named alternate following District 3-A One-Act play competition conducted recently at Farwell Schools. Cast members of the Farwell production, "The Mask," are, from

left, Blaine Buchenau, Toby Curtis, Wendy Stancell and Randy Gerles. Randy Long directed the play. The plays presented by Bovina and Vega were awarded first places in the competition.

To Hire City Marshal?

Farwell City Council Faces 'Hard Decision'

Farwell City Council and local citizens have been pondering the question for some time of whether or not to hire a city marshal. Two petitions in favor of hiring a marshal are presently circulating in town. The question seems to be a "hot" issue with people either being emphatically "for" or "against" hiring another marshal.

Farwell's first city marshal was hired in May of 1975 and he held that post until late January of this year at which time he resigned to assume a similar position at Olton.

At that time the City Council, consisting of Mayor Walter Kaltwasser and commissioners Fred Chandler and Johnny Curtis, decided not to hire a marshal, until a majority of the people living in Farwell asked them to do so.

During the past two months one petition was started and several local citizens voiced their opinions, either for or against, to the respective members of the Council. However, new interest was stirred March 26 when two local citizens attended a Council meeting specifically requesting that a marshal be hired.

A few days later another petition was started and to date more than 80 registered voters have signed the document.

The controversy still rages with many people voicing their approval or disapproval of hiring a city marshal.

Mayor Kaltwasser said the people who have approached him seem to be "evenly divided" on the issue. Since the March 26 Council meeting, interest has picked up, he said, with many more people telling him their views than before.

Kaltwasser said that several persons who have talked to him are women living alone who say they will feel "more secure" with a city marshal. Those opposing the hiring of a local law enforcement officer say "we don't need one, he won't have enough to do, and tax money should not be spent for such purposes."

"It's going to be a hard decision to make and no matter what we decide someone isn't going to like it," he said.

According to the Mayor, most people are either "for" or "against" the hiring of a marshal with very few taking a "middle of the road position."

Presently, Kaltwasser said

Woman, Man Of Year - - Nominations Needed

Final nominations for the woman and man of the year awards to be presented by the Farwell Chamber of Commerce should be turned in no later than Monday as the committee named to select the honorees will meet to finalize the selections on that day.

The committee members are urging persons to please submit to them nominees for this selection.

The recipients will be announced and honored on April 20 during the annual Chamber banquet. Tickets are now on sale for \$7.50 each, and may be obtained from any Chamber member.

the city could afford to hire a marshal and provide for the upkeep of the car, which he admitted is another expense as the police unit has needed some repair work in the past.

When the former marshal resigned, his salary was \$750 per month.

The mayor went on to say that the "wishes of the people need to be followed," adding that he would wait at least

until the next Commission meeting - at which time he expects the petitions to be presented - before "making up his mind."

Commissioner Chandler said very few people have approached him about the matter, but of those who have, only one has been for hiring a marshal and a few others have been against it.

Chandler said that Farwell

is in the unique position of being both "big enough and not big enough" to need a full time city marshal. A city marshal would have things to do, he said, but people are afraid he won't have enough to do to keep busy.

It will not be an easy decision to make and before reaching its final conclusion, the Farwell Council will continue to wrestle with the issue.

County, Texas DPS - -

Citizens Not Unprotected

Even though the City of Farwell has not had a city marshal for more than two months, the city is by no means unprotected. The gap in local law enforcement - as provided by the City - has been taken up by both the Parmer County Sheriff's Department and the Texas Highway Patrol.

Such was also the case several years ago before the city hired its first marshal in 1975. However, since the marshal resigned in January the townspeople have become divided on the issue of whether or not to hire a marshal.

While the City Council waits for a "mandate from the people" before acting to hire a marshal, local citizens are not without means of law enforcement assistance in times of need. Should such assistance be needed, a call to the sheriff's office in Farwell-481-3303-will bring help.

The Sheriff's department currently employs three deputies and four dispatchers. Bill Morgan, chief deputy, lives in Farwell, and deputies Henry Minter and Bob Davis make their homes in Bovina and Friona, respectively.

County law officers are "on duty" 24 hours a day, 365 days a year, Sheriff Charles Lovelace said. During the course of fulfilling their duties the sheriff and his deputies are often called during all hours of the day or night, and meals left uneaten are not unusual when the call is urgent.

Both the sheriff and his deputies are "in and out" of the office all the time, investigating crimes, etc.,

Lovelace said. The hours can be irregular and if anyone needs time off he always arranges for the "rest of us to cover for him," the sheriff added.

"We don't work certain shifts or designated hours because that would be impossible," he said. "We go when and where needed as long as it is within the county boundary."

According to Lovelace, they do not actually "patrol the streets," but do arrest people for breaking the law, either state or local.

"When we see a law being broken we stop and do something about it, but most of our calls are crimes reported after the fact," Lovelace said. "Then we immediately start investigating and interviewing people."

The sheriff's office employs four dispatchers - Irene Woods, Cleo Gregory, Gaynell Mitchell and Murlene Smith.

All calls are logged and the dispatcher handles all calls for the sheriff's personnel as well as the highway patrol. And should Farwell hire a city marshal, after hours calls would be directed through the sheriff's office, as was done in the past. During the day, people needing the marshal would contact him through the City Hall at 481-3620.

Besides the regular dispatcher duties, Mesdames Woods, Gregory, Mitchell and Smith are also certified corrections officers, Lovelace said, meaning they are qualified to work with the prisoners lodged in the county jail.

According to state statutes,

female prisoners must be tended by female corrections officers, but Lovelace said they (the dispatchers) also can work with other prisoners. Duties in this capacity involve meal time and possibly assisting in the processing of prisoners and fingerprinting when necessary.

Two State Highway Patrol officers stationed in Farwell, Glenn Fant and Jim Bishop, are mainly responsible for patrolling the major highways in the area (60, 70, 84) and the Farm-To-Market Roads.

Fant explained, though, that whenever troopers are in town they also "patrol" the streets, but that is not our main function," he said.

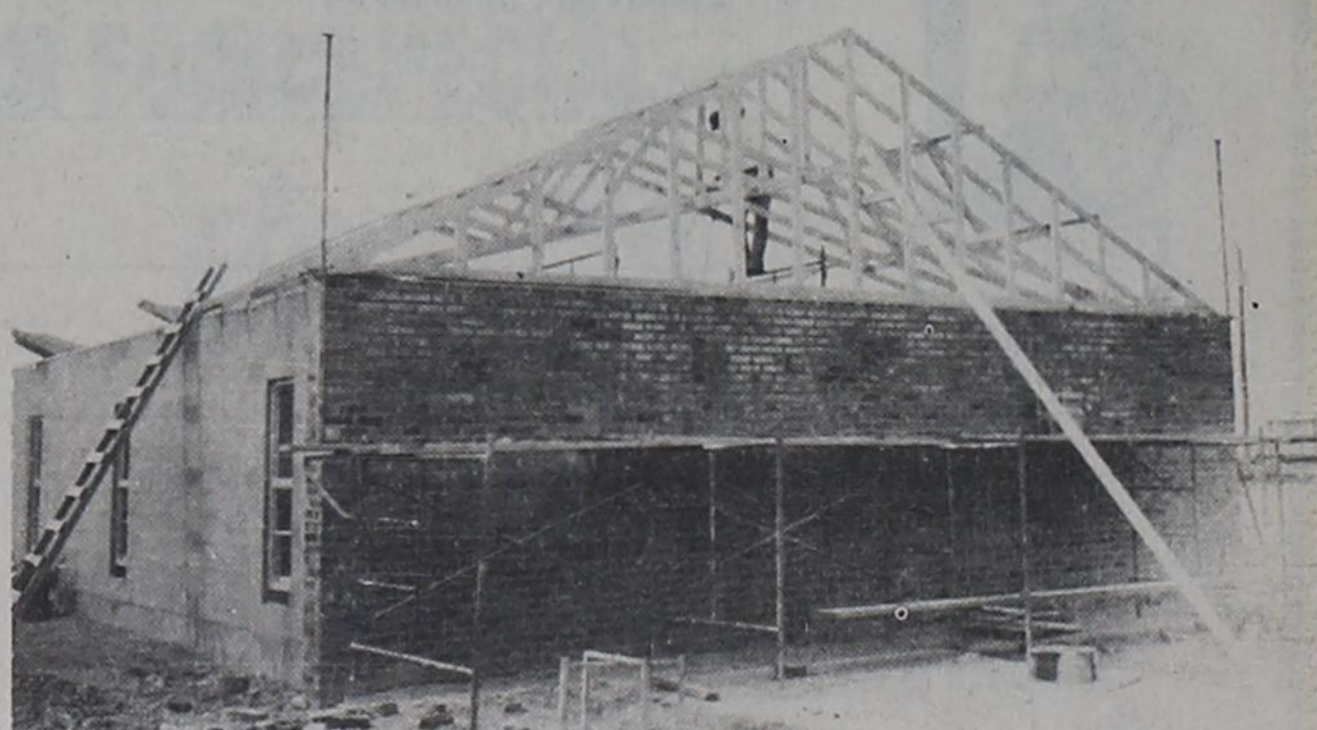

"Ordinarily we work nine-hour shifts, with two days off each week," Fant said.

"Bishop and I and the troopers at Friona take turns being on day and night shifts," he said, and sometimes we work as partners, depending on the situation."

Fant said that while they have authority to enforce Texas law anywhere in the state, he and Bishop are mainly responsible for Parmer County, but will work in both Deaf Smith and Bailey counties when needed.

Sometimes DPS troopers are "off duty" but "on call" which means they must stay near a telephone in case they are needed, Fant said.

Working separately or together, when necessary, both the sheriff's department and the local DPS Troopers endeavor to protect the city of Farwell from crime.

Church
Construction
Progresses

Volunteer workers were busy last Wednesday installing framework for the roof of the new New Light Baptist Church building being constructed east of Farwell. Several months ago the church structure,

which had recently been remodeled and refurbished, was destroyed by an explosion. Since then, members of the congregation and other local citizens have been busy with the rebuilding project.

Meredith Anderson Memorial Fund Is Established

Several months ago the Meredith Anderson Memorial Fund was established for the Mental Retardation Adult Workshop in Meridian, Tex. Miss Anderson died last October 6 in a Waco Hospital from injuries suffered when hit by a car while jogging on the Lake Whitney bridge September 30. She was the daughter of Mr. and Mrs. R.W. Anderson of Farwell.

The Andersons and their daughter Caroline of Dallas attended the formal dedication service of the memorial fund in January of this year in Meridian.

Purpose of the memorial fund is to carry on the Mental

Retardation program in Bosque County, a program which Miss Anderson played an important role in developing. The funds will assist in the continuation of a program which she was so concerned about. Meredith had hoped to take a greater part in the program to enable mentally retarded people in Bosque County to receive vocational training.

On July 30, 1952, Miss Anderson was born in Clovis. She graduated from Farwell High School and attended Southern Methodist University for two years before going to Houston Baptist College where she received a bachelor of

science degree in psychology and economics.

She then went to Texas Tech University where she earned a master of arts degree in psychology. She completed medical school prerequisites at Lake Forest College in Lake Forest, Ill. Prior to her death she had been accepted into the University of Utah Medical School for fall, 1979.

Miss Anderson had served as co-director of the Bosque County Mental Health and Mental Retardation since November of 1977, primarily being responsible for services in the Clifton and Valley Mills area. She also assisted many elderly persons in Bosque County and was the primary aging resource person in Clifton.

Rev. William Parmer of Valley Mills stated (in the October 26 issue of the Clifton Record) "Meredith Anderson made a strong, positive impact on the needy in our community. She had greatly turned the program around here. I was ready to ask the county to remove funding from MHMR before she started working here. She had the professional training and personal strength to fill the job description and did a great job here. May there be others like her."

Contributions to the Meredith Anderson Memorial Fund to be used for MR programs in Bosque County may be sent to Heart of Texas Region MHMR Center, P.O. Box 1277,

Waco, Tex., 76703 or to MHMR P.O. Box 747, Meridian, Tex. 76665.

Since Miss Anderson worked so hard to get it started, donations will be designated only for the MR Workshops in Meridian. Names of those making donations will be recorded and donations may be sent at any time.

The Rev. Ted Steenblock, pastor of Trinity Lutheran Church, paid the following tribute to Miss Anderson. It was originally published in the Clifton Record.

"Meredith Anderson of Bosque County Mental Health and Retardation was a quiet, concerned, capable counselor for the people of Clifton and Bosque County.

"She was truly dedicated to the task of alleviating the pain and hurt of individuals, couples and families.

"In budding youth, with high anticipation of a medical career, her inadvertent misstep abruptly and tragically ended such dreams as she was cut down by a vehicle. What a sad end to such a bright and promising life.

"Her untimely death was not caused by God. Rather, as are all accidents and illnesses, hers was an intruder and the consequence of sin in this world that robbed her of life.

"As she lived in her Lord, so she died in him, as Paul says, 'Whether we live or die, we belong to the Lord.' Romans 14:8."

Mrs. Lucia Ancira Buried In Clovis

Funeral services for Mrs. Lucia Castillo Ancira, 82, of Texico were held Wednesday at the First Baptist Church of Texico with Rev. Joel Horne, pastor, officiating. Burial was in Mission Garden of Memories under the direction of Steed Todd Funeral Home of Clovis.

Mrs. Ancira died Monday. She was born in Aramberrí-Nuevo Leon, Mexico; and came to the United States in 1900. She and her husband, Ramon G., were married in 1918 in Lockhart. She was a resident of Lamesa 14 years, moved to Farwell in 1953 and lived in Texico the past six

years. She was a member of the First Spanish Baptist Church of Clovis.

Survivors include four sons, Andy of Temple, Basillio of Friona, Floyd of Ontario, Calif., and Frank of Farwell; six daughters, Mrs. Santiago Flores of Texico, Mrs. Luisa Munoz of Odessa, Mrs. Mary Hernandez of Lubbock, Mrs. Janie Galvan of Texico, Mrs. Amelia Torres of Texico, and Mrs. Vicki Yruegas of Farwell; a brother, Abram Castillo of Salinas, Calif.; a sister, Mrs. Rugina Salazar of Bishop, Tex.; 66 grandchildren and 74 great-grandchildren.

In medieval Europe, church bells were believed to make pilgrimages to Rome on Good Friday.

Blood Typing Clinic Scheduled April 12

A Blood Typing Clinic and Blood Drive is slated for April 12 at the Farwell Fire Station, announces Lee Hutchins, fire chief. The typing clinic and drive are being jointly sponsored by the Farwell and Texico Volunteer Fire Departments and will be conducted under the auspices of the South Plains Blood Service in Lubbock.

Blood typing will be conducted from 3 to 8 p.m. and the blood drive will be held from 5 to 8 p.m. next Thursday.

According to Hutchins, pur-

pose of the Blood Typing Clinic is to have a file on hand of the blood types of the citizens of Texico and Farwell to be utilized for emergency cases.

"It is also a goal that we have at least 30 volunteer blood donors from both communities to support an ongoing need for blood in our area," he said.

For more information contact either Hutchins or his wife, Gloria, at 481-3215 or Lewis Cooper of Texico, 482-9174.

Karen Mimms Rites Conducted Monday

Funeral services for Karen Lee Mimms, 22, of Muleshoe were conducted Monday at 2 p.m. in Lazbuddie Church of Christ with Andy Rogers, minister, officiating. Burial followed at Bailey County Memorial Park under the direction of Singleton-Ellis Funeral Home of Muleshoe.

Miss Mimms died Saturday at West Plains Medical Center in Muleshoe following a car accident about a half mile north of Muleshoe.

The Friona native, a long-

time resident of Lazbuddie, graduated from Lazbuddie High School. She had attended York Christian College in York, Neb., and was employed as a waitress. Miss Mimms was a member of the Lazbuddie Church of Christ.

Survivors include her parents, Mr. and Mrs. Dalton Mimms of Lazbuddie; her grandmother, Bessie Ann Thomas of York, Neb.; a sister, Susan Mimms of Lubbock; and two brothers, Quentin and Mike of Lubbock.

FIRE CALLS

Texico Volunteer Fire Department reported one ambulance call since the last report. On Monday, the ambulance transported a local woman to the hospital in Clovis. No fire calls were reported.

Farwell Volunteer Fire Department reported three calls the past week. On March 29, firemen responded to a truck

on fire east of town. Later that day, the fire unit was called to the scene of a mobile home turnover on Highway 70-84 east of town. The mobile home was being towed by a pickup and the high winds caught it, blowing it over.

Saturday, the Farwell ambulance transported a man to the hospital in Muleshoe.

MUFFLER SERVICE

N-SERVE* HOW IT WORKS

N-SERVE blocks bacterial action that would quickly convert ammonium fertilizer to nitrates. Nitrates are subject to rapid loss through leaching and denitrification. This blocking action keeps nitrogen in the soil longer so that it becomes available slowly as it's needed. This reduces the crop stress that would occur from temporary nutrient shortages if you had to rely on side-dressings to maintain a steady nitrogen supply.

HEAVIER BOLL SET

Cotton treated with ammonium fertilizer containing N-SERVE consistently sets more bolls.

INCREASED YIELDS

If nitrogen has been the limiting growth factor, due to early losses and poor utilization, N-SERVE will aid in improving yields. Check the results in the following table.

Note that plant growth limitations due to soil and climatic conditions, shortages or excesses of other plant nutrients and excessive damage from insects and diseases may prevent a yield response from the use of N-SERVE.

Note the heavier boll set, larger plant size, and healthier root system of the plants which received nitrogen containing N-SERVE (left).

Accident Tool Rescue Demonstration

Farwell volunteer firemen and a handful of interested Twin Cities residents were treated to a spectacular demonstration of the Lukas accident rescue tools, last Thursday night at Farwell Fire Station.

In photo one, Steve Davis, of Daco Equipment Company in Lubbock, shows Al Lopez how to use the spreader to rip the

back door from the car. Moments before Davis had used the same tool to completely sever the front door from the frame. Lopez, working alone in the

second photo, is continuing to pry the door loose with the Spreader. Later Curtis Smith, in photo three, used the Lukas Cutter to "bite" through part of the steel window frame.

Finally, Mike Norris, shown in photo four, used the Spreader to pull back the steering column. Notice the chains and block of wood which aid the tool in its work.

The Spreader can also be used to raise a car, similar to a hydraulic jack. The hydraulic tools—powered by either a gas or electric motor—could prove invaluable in

freeing victims trapped in wrecked vehicles. If the funds can be obtained, the Farwell Fire Department plans to purchase the equipment.

Rescue Tools Demonstration Is 'Fascinating Experience'

by Shirley Gorman

I became a volunteer fireman—sort of—last Thursday night. It all began when I arrived at the Farwell Fire Station to see pictures of the rescue tool demonstration staged by Daco Company of Lubbock. Since Steve Davis, the

company's representative, had not yet arrived on the scene I joined the volunteer firemen in watching a Jiminy Cricket film on fire safety and another film about fire drills at schools.

When Davis arrived, everyone adjourned to the fire station garage and the demonstration was underway.

With camera draped around my neck, I watched enraptured as first Davis and then several firemen took turns tearing up an old blue car.

Flash... flash... flash... I took several pictures of both the Lukas Spreader and Lukas Cutter in action. I saw doors pried loose, the car lifted and

the top completely severed and laid back to expose the interior of the car.

The tools also pulled back the steering column and pushed back the front seat. Very handy tools to have in case of a serious accident!

Long after I had the pictures I needed, I still watched fascinated as the firemen continued to tear the old car apart.

What those tools could do—especially if someone's life depended on them—was absolutely amazing.

So involved was I in the demonstration that I barely heard Fire Chief Lee Hutchins say, "Shirley, put your camera away."

Davis was beckoning to me also and before I knew it Hutchins handed me a hard hat with special protective visor and a pair of gloves.

Like a lamb being led to slaughter—almost anyway—I allowed myself to be led to the cutter. First, the helmet, which Hutchins had to assist me in putting on, and then the gloves.

Under Davis's watchful eye and careful instruction I found that I could use the cutter, a smaller tool than the spreader, and actually succeeded in cutting a section of the car. Such power!

Alas, though, I had one shot left on the cartridge of film in my camera, and while I operated the cutter—all the while trying not to feel slightly embarrassed and out-of-place—Robert White snapped my

picture. Looking at the picture White had sneakily snapped, I quipped, "Now you know why I take pictures instead of the other way around."

But, it was all in fun, and I enjoyed being a volunteer fireman, if only for a few minutes. Shortly afterwards I packed up the camera and left. On my way home I thought that the fire boys might think they had "chased" me away since I did leave so abruptly.

Honest, fellas, you didn't, but being a "volunteer fireman" is hard work and I needed to rest up for my next assignment.

Some people believe that apes can talk but don't for fear of being put to work.

Location predicted of Mexican quake

AUSTIN, Texas (Spl.) — A year in advance, University of Texas geophysicists predicted almost exactly the location and severity of a major earthquake that shook Mexico in November 1978.

The quake's epicenter was within 20 miles of the UT prediction.

The geophysicists (from UT Austin's Marine Science

Institute in Galveston) for some time had been setting up in Central America one of the world's most advanced seismic networks to gather data on stresses in the earth that may foretell earthquakes and volcanic eruptions. Clues being yielded by the network of above-ground and ocean-bottom instruments can be used to prepare maps showing areas of "seismic risk."

FARWELL LUNCH MENU

MONDAY - Pizza, lettuce, tomatoes, buttered carrots, peas, apricot cobbler, milk.

TUESDAY - Tamales, pinto beans, buttered spinach, hot bread, butter, peach crisp, milk.

WEDNESDAY - Shrimp-ese with catsup, macaroni and tomatoes, blackeyed peas, hot rolls, butter, applesauce, milk.

THURSDAY - Hamburgers with cheese, lettuce, relish, onions, pickles, French fries, baked beans, pineapple pudding, milk, orange juice.

FRIDAY - No School. (Menu Sponsored by Borden's)

School Lunch Schedule at Texico

MONDAY - Fish sticks with tartar sauce, macaroni and cheese, blackeyed peas, cornbread, fruit, milk.

TUESDAY - Hamburgers, lettuce, pickles, onions, potato rounds, peanut butter log, milk.

WEDNESDAY - Pinto beans, steamed wieners, coleslaw, cornbread, half apple, chocolate milk.

THURSDAY - Turkey and dressing, giblet gravy, celery, cranberry sauce, loaf bread, ice cream, milk.

FRIDAY - No School.

Portraying Area Homemakers

by Shirley Gorman

Mrs. Max (Sharon) Eubanks of Farwell, our area homemaker this week, is devoted to her family, talented and very active in community affairs.

Among her many activities and projects, Sharon stays very busy keeping up with her daughters, Ella, 6, and K.C., 9, who attend Farwell Elementary School.

K.C. has been involved with getting her pig ready for the recent Lubbock Show, a first time experience for the youngster. Ella is enrolled in the Farwell gymnastics program initiated several months ago.

The Eubanks live on a farm a few miles from town. "I love living in the country and I really don't think I would like living in town," Sharon said. "Here, I have room to have a large garden and, of course, I can a lot of what I grow."

Our homemaker is also very much into crafts projects of all types, including hooked rugs, many of which grace the walls of her home which is decorated in a combination of Indian and Spanish decor.

Sharon sews, crochets, knits, does quick point and is presently learning to weave. She is working on small weaving projects, but once she has the feel of this new hobby she intends to make larger rugs.

Our homemaker likes to do macrame and has made several baby swings. Many of the things she makes are given away as gifts, she said, and the rest usually decorate her home.

A few years ago Mrs. Eubanks also began decorating cakes.

"I usually see someone doing something that I like and I decide that I can learn to do it too," Sharon said. "So I begin reading and studying how or start to follow a kit. I guess I keep doing things because no one has ever told me that I couldn't."

She learned how to upholster while taking home economics at Bovina High School. Recently she and her mother, Alma Pierson of Bovina, reupholstered their furniture.

Sharon is also learning how to monogram towels and jeans.

During the past couple of years they have remodeled a couple of homes and Sharon admits to taking a hand in that also.

Besides her crafts projects Mrs. Eubanks also belongs to several clubs and organiza-

tions. She is an officer on the Parmer County Heart Association and both she and husband Max are area officers for the Young Homemakers and Young Farmers, respectively. Before becoming a charter member of the Farwell Young Homemakers, Sharon belonged to the Bovina chapter.

She is a 4-H leader and serves on the gymnastics planning board which purchases equipment for the weekly classes. Sharon is also an area leader for the Girls in Action organization of the Baptist Church.

The family attends the First Baptist Church in Farwell and in addition to being director of the Junior Acteens, Sharon also sings in the choir and teaches Sunday School.

Our homemaker likes to read and would someday like to attend Eastern New Mexico University, specializing in literature. After graduating from Bovina High, she did attend night classes at ENMU for two semesters.

Mrs. Eubanks said that Max has nearly completed his college education. His major field of study is agriculture. Someday, they would both like to return to college.

Living on a farm, they stay busy raising pigs and crops such as corn and cotton.

"I love to take care of the little pigs," she said. "Max likes them when they are older, but I like the little ones."

In addition, the family has numerous dogs and cats.

Along with her many activities and crafts projects, Mrs. Eubanks also likes to collect Indian pottery and eggs - the handpainted, non-edible variety! She has been collecting both for years.

"It's just something that snowballed," she explained. "I had some I liked and soon other people began giving me pieces and my collection started."

She has one egg from Acapulco, Mexico, and one is from Australia. She has several pieces of pottery which complement the rustic beauty of her home.

Family activities for the Eubanks range from attending fairs, stock shows and sales, and tractor pulls to ball games. Whatever the occasion, whatever the activity, whatever the project, Sharon is always ready to try something new and different from per-

sonal involvement and achievement to community activity.

Our homemaker has consented to share the following recipes with our readers.

CHEESE BALLS

2 lb. Velveeta
1 large pkg. cream cheese
Let cheese set at room temperature. Add two tablespoons of garlic juice, salt to taste, and one cup of chopped pecans. Mix together. Parsley may be added instead of pecans. Makes two balls or logs.

SUPERB RICE SALAD

3 c. cooked rice, cooled
6 hard-cooked diced eggs
½ c. mayonnaise
1 c. chopped celery
2 tsp. diced pimento
1 c. drained, cooked green peas
Combine all ingredients, toss lightly, season to taste. Turn into 9-inch ring mold and press down with back of spoon. Chill. Invert onto serving plate. Fill center of ring with small bowl of pickled beets. Serves 6 to 8.

HOT MONTERREY BAKE

1 lb. lean ground beef
1 c. each: chopped green onion and green pepper
½ small cloves garlic, minced
3 tsp. butter
dash of Tabasco sauce
3 tsp. lemon juice
3 medium tomatoes, wedged
2 c. diced celery
½ tsp. salt
3 c. cooked rice
1 c. mayonnaise
½ c. crushed corn chips
Saute meat, onion, green peppers, celery and garlic in butter until tender and crisp. Add salt, Tabasco, lemon juice, rice and tomatoes. Heat thoroughly (20 minutes). Stir in mayonnaise. Served topped with corn chips. Serves six.

Busy Mom

Mrs. Max (Sharon) Eubanks of Farwell, our area homemaker this week, and daughter Ella, age 6, are pictured with the macrame baby swing Sharon is making as a gift. Besides being involved with many community activities and handcraft projects of all types, our homemaker also likes to collect Indian pottery.

Holy Week Services Set In Muleshoe April 9-13

Annual Holy Week Services in Muleshoe will begin Monday, April 9, and will be at First United Methodist Church.

Plans for the annual event are being finalized this week by the sponsors, members of the Bailey County Ministerial Alliance.

Theme of this year's series of services is "He Did It For Me." Ministers from throughout the Muleshoe area will conduct the daily worship services which will begin at 12:05 (noon). The program

and a noon meal will be concluded in time for working persons to return to their jobs by 1 p.m.

Child care will be provided for each of the services, but parents are asked to feed their children before bringing them to the nursery or else to pick them up immediately following the benediction and provide their meal.

Everyone throughout the area is invited to attend any or all of the Holy Week Services.

Workheisers Return From Trip, Experience Tornadoes, Floods

Mr. and Mrs. Ken Workheiser of Texico returned Sunday from a 10-day trip to Illinois, Indiana and Wisconsin. During their travels they viewed the flood waters of the Illinois River, and a tornado passed overhead while they were in Kewanee, Ill. The tornado touched down and damaged parts of the city, but not the area where they were.

Workheiser brought back several newspaper clippings showing the flood damage at Peoria, Ill., and a clipping

describing the tornado damage at Kewanee.

The Workheisers visited his father, F.A. Workheiser in Kewanee; and with his 11 brothers and sisters and families in Kewanee, Peoria and Galesburg in Illinois.

They traveled to Columbus, Ind. where they visited with her sister and family, Mr. and Mrs. Richard Smith and children. They visited other relatives in Wisconsin before returning home.

Dondra Geris Named To New Mexico Lions Band

Dondra Geris, high school junior and member of the Farwell Steer Band, has been selected to participate in the New Mexico Lions Band in June. The daughter of Mr. and Mrs. Don Geris, Dondra is the first local band student to receive the honor.

After attending a three-day band camp at New Mexico State University at Las Cruces beginning June 16, learning to play together for the first time, band members will

depart for Montreal, Canada, where they will perform during the International Lions Club Convention.

Tim Lautzenheiser of NMSU will direct the New Mexico Lions Band as he has done in past years.

Dondra's application was screened by Lautzenheiser and his associates before being accepted. In order to raise the approximately \$700 needed for Dondra's trip, the Texico-Farwell Lions Club intends to sponsor several trap shoots, according to Jerry Yows, Lions president. The first one is scheduled for April 22.

Approximately 40 high school musicians are chosen each year from throughout the state of New Mexico to participate in the New Mexico Lions Band, which is billed as the "biggest little band in the whole Southwest." Lautzenheiser has nothing but praise from his young charges who work so hard each year.

The band played during the 1977 International Lions Club Convention in New Orleans and the following year they were in Tokyo for the conven-

TNHA Contest - -

Christa Gohlke To Represent Center

Christa Gohlke, 77, resident at Farwell Convalescent Center, is a diminutive woman who has overcome many obstacles in her life and yet always has a cherry smile and word of encouragement for everyone she meets.

She will represent the Golden Spread Chapter (to which the Center belongs) in the 1979 Miss Texas Nursing Home Association Contest. Contestants are judged on the basis of the resumes which are compiled and entered by various nursing homes in the state.

Judging is based on the point system as follows: appearance, 10; achievements in life, 15; activities in the home, 25; talent and hobbies, 20; and response to questions, 30.

Also considered in the judging is the candidate's public awareness, sense of humor, attitude toward life, and contentment with self and environment.

Mrs. Gohlke earned the right to represent the Golden Spread Chapter last month when she was crowned the Rock and Roll Jamboree Queen following the day-long fund-raising event for the American Heart Association.

After all of the resumes have been judged, three finalists will be selected and invited to attend the TNHA spring convention in May in San Antonio at which time Miss TNHA will be crowned for the current year.

Mrs. Gohlke, a widow, was born in Shiner, Tex. She has eight children, 20 grandchildren and one great-grandchild.

Past occupations include being a clerk in a dry goods store, working in the fields along with her husband, but "mostly being a homemaker," she said.

She has been a member of the Lutheran Missionary League of St. John Lutheran Church at Lariat for a number of years.

Mrs. Gohlke's achievements in life are varied. She said she successfully reared eight children during the depression years. They lived on a farm

where they had to haul all of their water.

Many times she sent the children into the fields to gather leaves from the weeds which mixed with the cotton plants. Later she washed and boiled them and the family consumed them as vegetables.

Mrs. Gohlke taught Sunday School for many years, mainly teaching pre-schoolers. Auxiliary volunteers say that they have discovered the best way to start the day is to have a chat with Christa who always has a word of encouragement and inspiration for everyone.

"She has a way of making us feel good about ourselves and ready to face the world regardless of the obstacles," they say.

Being cheerful and friendly is not always easy for Mrs. Gohlke who herself has had to overcome many hardships and adversities in her life. Physical impairments have taken their toll on her. In 1976 she broke her back and now can stand only with the aid of a back brace. In 1977 a stroke left her paralyzed in one arm and leg. Also during that year she fell and broke her hip.

But the indomitable woman has recovered from all these ailments and continues to lead a full and active life. According to Floe Copeland, assistant administrator, Christa takes part in all crafts projects and successfully completes them even though she only has the use of one hand.

She also constantly writes letters, reads books, newspapers and the Bible while in her room. She can sew on buttons, mend her own clothes and is very into punch-work having completed one rug and is currently embarking on a punch-work pillow.

New residents at the Center always quickly find their way to Christa's room because she makes friends so easily, Mrs. Copeland said.

As part of the judging criteria each candidate is asked several questions.

When asked what she would contribute or accomplish if she

could be president for a day, Mrs. Gohlke said, "I would abolish the law that says children cannot work until they are 16. I feel that if they were busy they would not get into so much mischief. When I was a child I had certain responsibilities such as feeding chickens, gathering wood for the fire, picking cotton and helping with the younger children - and I was only six years old then. By the age of 10 I could do almost everything the adults could do."

Regarding the funniest moment in her life, Christa said, "My family spoke nothing but German so when I first went to school (at age eight) I could only say 'yes' or 'no.' I had quite a time making myself understood."

About the most embarrassing incident in her life she answered, "As I was growing up all the children made fun of me because I had naturally curly hair and it always got kinky a day or two before it rained. They always said they could predict the weather by my hair."

When asked what the younger generation could learn from the older generation Mrs. Gohlke said, "They could learn the value of a dollar. I remember that all of my clothes were handmade. My first store-bought coat cost three dollars and I took such good care of it and wore it for over three years. I remember picking cotton for 10 cents per 100 pounds. The most I ever picked was 203 pounds for which I was paid 23 cents. Now I ask you what would today's youngster do with 23 cents? And how many would work that hard for it?"

Regarding what adventure or discovery during her life had the greatest effect on the quality of her life, Mrs. Gohlke said, "Running water for indoor toilets. In my day we had an old out-house."

Mrs. Gohlke, always a busy and active person, is looking forward to representing the Golden Spread Chapter in the Miss Texas Nursing Home Association contest. And, if selected as one of the finalists, a trip to San Antonio would be a lot of fun too, she said.

Last year, Maud Wilson was crowned queen of the Rock and Roll Jamboree and she represented the Golden Spread Chapter in the Miss TNHA contest.

Visit Sniders

Weekend visitors in the home of Mr. and Mrs. M.A. Snider, Jr., of Farwell were their daughter, Kim Newton of Lubbock, and sons, David of Lubbock and John of Farwell. Also visiting were Debbie Seisemore, Jeremy, Jason and Monica of Muleshoe.

Miss TNHA Candidate

Christa Gohlke, resident at Farwell Convalescent Center, will represent the Golden Spread chapter (of which the Center is a member) in the upcoming Miss Texas Nursing

Home Association contest. If selected as one of three finalists, Mrs. Gohlke will attend the spring convention in San Antonio at which time the 1979 honoree will be crowned.

Area Children Invited To Big Easter Egg Hunt

All children in the Twin Cities and surrounding area are cordially invited to participate in an Easter Egg Hunt at Farwell City Park on Saturday afternoon, April 14. A puppet show will also be presented for those attending.

The Bobbie Verner Acteens of First Baptist Church, Farwell, are sponsoring the hunt which is for children of all

ages. Children are asked to meet at the church at 4 p.m. and are each to bring six eggs and an Easter basket or other container for holding their eggs.

Participants will be divided into four age groups, says Sharon Eubanks, sponsor of the Acteens, who adds that all children in the area are urged to come join the fun.

Mrs. Burton, Daughter Honored With Coffee

Mrs. Lynn Burton and newborn daughter, Hayley, were honored Monday with a coffee at the parlor of Hamlin Memorial United Methodist Church. Hostesses were Dot Christian, Lillie Christian, Jean Brown, Dorothy Lovelace, Jan Marsh, Margaret Aycock and Peggy Snider.

Silver and crystal appointments were used to serve cinnamon rolls, coffee cake, coffee and hot spiced tea to 20 guests.

The serving table was laid with an ivory cutwork cloth and centered with an arrangement of blue silk flowers.

Community Singing Enjoyed At Center

The community singing sponsored by Farwell Young Homemakers at Farwell Convalescent Center Saturday was well received by all attending.

Bobbie Pierson was mistress of ceremonies for the occasion and accompanists for the singing were Tina Sides, piano; and Sheree Montgomery, accordion.

Sharon Eubanks led the group singing and several persons performed vocal and instrumental specials, including Dana White, Twila Donaldson, Mr. and Mrs. Myron Hillock, Sharon Eubanks and Sheree Montgomery. A number of the younger

children present also sang for the group. They were K.C. and Ella Eubanks, Clay and Christi Corn, Reese Bennett and Angie White.

The Young Homemakers provided refreshments of various breads, cake, sand tarts, dietetic cookies, lime slush, iced tea and coffee. They were served from a table decorated with a springtime motif. Presiding at the table were Gwen Corn and Sharlotte Donaldson.

Some 25 Young Homemakers and community residents joined with those living at the Convalescent Center for the afternoon of musical enjoyment.

Farwell Young Homemakers Have Decorating Program

Farwell Young Homemakers met Tuesday in the Farwell High School home economics cottage.

Virginia Strickland of Clovis presented the program on interior decorating with wall coverings. She showed a filmstrip and gave members guidelines on using wall coverings in the home.

During the business session

it was noted that Sharon Eubanks would attend the YH area activity day in Lubbock Saturday. Everyone was also reminded of the horticulture shortcourse slated April 16-19 at Farwell High School.

They also voted to honor senior members of Future Homemakers of America with a style show and salad supper

April 26. All FHA members are invited.

The Club decided to sponsor the summer reading program at Farwell elementary library. Throughout June and July each Wednesday from 10-11 a.m. will be a story hour. The Club would also like community volunteers to participate in the program.

Hostesses Nedda Travis and Donna Grissom served ribbon loaf, chips, dips, iced tea and cake to Bobby Pierson, Tina Sides, Sheree Montgomery, Linda Foster, Janice Fant, Gwen Corn, Reba Kirkland, Charlotte Donaldson, Sharon Eubanks, Anita Ralston and Ruth Ann Bennett.

The cake served was prepared and especially decorated by the FHA girls in appreciation for the Club's support of all their activities throughout the school year.

UMW Prepares For Quiet Day Service

United Methodist Women of Hamlin Memorial United Methodist Church will have its annual Quiet Day Service or Call to Prayer and Self-Denial next Wednesday at 10 a.m. "Aliveness With God" by Faye Nabours Matthews will be the program used for the special service.

Mrs. Matthews is the wife of Dr. Cecil Matthews, a retired Methodist minister. They live in Lubbock.

Included in the service will be a special offering for the Deaconess and Home missionary Pension Fund and for Leadership Development. To conclude the program a sacrificial meal of rice and broth will be served.

All women of the local Methodist church are invited to participate in the Quiet Day Service. A nursery will be provided and a sack lunch should be brought for each child.

The Women's Division of the Board of Global Ministries of the United Methodist Church sponsors the Call to Prayer and Self-Denial. Two aspects of the large United Methodist mission program are designated for giving this year.

In the United States, the offering will be used for Deaconess and Home Missionary Pensions. These persons have served many years in appointments such as Wesley Houses, Bethlehem Centers,

mission schools, hospitals, rural churches, parish work, etc. Today, many retirees are still serving those around them. Their memories and comments on their lives today are cheerful and lively.

Farwell All-Stars Ready For Regional Tournament

Farwell Little Dribblers All-Stars will take part in the regional tournament in Dalhart this Friday and Saturday. Action gets underway today (Friday) with Farwell's minor team meeting Dalhart at 11:45 a.m. and the local major team taking on Friona at 1 p.m. If the junior All-Stars win their first game, they will play again at 6 o'clock tonight and if they continue to win they

will play their final game at 6 p.m. tomorrow. If they should lose, they will play their next game at 11:45 a.m. Saturday, then again at 6 p.m. if they win. Should the major All-Stars win they will meet their next opponent at 7:15 tonight and if they win again they will play at 7:15 Saturday night. If they lose they will play at 1 p.m. Saturday, and again at 7:15

Saturday if they win again. The major All-Stars consist of Steven Stancell, Jesse Coburn, Todd Davis, Steven Jaime, Blake Kelley, Andy Hughes, Kevin Owen, Eric Williams, Wesley May, Roger Robertson, Brian White and Tommy Watkins. Eddie B. Smith will serve as coach. The minor All-Stars are as follows: Robbie White, David Woods, Bill Knoy, Jody Ketch-

erside, Carey Stancell, Corey Jones, Erik Burton, Andy Chisom, Jason Schilling, Michael Gouge, Joe Jaime and Todd Bartley. Mike Woods will coach this team. Due to the lateness of the professional photographer who took team pictures the Tribune was unable to publish All-Stars team pictures this week. Hopefully the pictures will become available next week.

Steers In 2nd Place - -

Steerette Golfers Lead After First Loop Round

Following completion of the first round of the District 3-A golf tournament at Vega Monday, the Farwell Steerettes are in first place with a 368 score and the Steers are in second place with 363.

The local girls are 60 strokes ahead of Hart, their nearest competitor. In addition, four Steerettes -- Lisa Hughes, Robin Vinton, Janene Berry and Dondra Geris -- currently have the four medalist spots.

In the varsity boys division, Vega is in first place with 350 strokes and Bovina is third with 377. Rowdy Chandler is tied for second medalist with 85. He is seven strokes behind the Vega golfer who is in first place.

The boys "B" team is in sixth place.

The second half of the district tournament was played Wednesday at Farwell Country Club. Finals results will be published next week.

Individual scores for the Blue and White girls are Hughes, 46, 42, 88; Vinton, 44, 49, 93; Berry, 48, 45, 93; Geris, 45, 49, 94; and Kim Marsh, 52, 50, 102.

Individual Steer scores are Rowdy Chandler, 44, 41, 85; Nicky Liethen, 46, 45, 91; Robin Roberts, 45, 48, 93; Brent Green, 48, 47, 95; and Kayle Watts, 52, 50, 102.

Scores for individual "B" team players are Rocky Ford, 54, 54, 108; Kelly Alana, 60, 53, 113; Randy Herington, 49, 51, 100; and Kyle Kelley, 69, 57, 126.

"The girls are doing super," Steerette coach Mike Martin said. "At 368 they are three strokes better than their best score this season. They are playing extremely well."

"The boys are also shooting well," he continued. "The young kids are doing well and I am pleased overall. If we

play well Wednesday we have a chance to win district."

The Steerettes finished second in the golf meet at the Amarillo Relays last weekend with a 816 total. Vinton with a 96, 95, 191 score finished third medalist.

Other individual scores were Hughes, 96, 99, 195; Berry, 100, 108, 208, Marsh, 117, 112, 229; and Geris, 109, 113, 222.

"I was tickled at the placing," Martin said. "They played well the first day, but the second day the weather was bad and we did not shoot as well," he continued.

Memphis finished in first place.

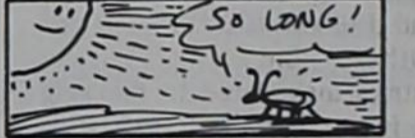

In preparation for the district meet both the Steers and the Steerettes competed in Friona March 28 with the boys besting Friona, 385 to 389. Even though Friona does not

have a girls golf team the Steerettes still played. The JV boys also competed in the tournament.

Individual scores for the Steers were Green, 49, 46, 95; Roberts, 46, 47, 93; Chandler, 43, 47, 90; Watts, 58, 49, 107; and Herington, 62, 55, 117.

Steerettes individual scores were Geris, 52, 57, 109; Hughes, 48, 47, 95; Berry, 49, 52, 101; Vinton, 59, 52, 111; and Marsh, 61, 57, 118.

Individual scores for JV boys were Liethen, 49, 49, 98; Ford, 51, 53, 104; Alana, 60, 54, 114; and Kelley, 73, 66, 139.

Some cicadas live underground for 17 years, then emerge for a few weeks of sunshine before dying.

Steerettes, Steers Place In Friona Track Outing

Farwell Steerettes and Steers placed 10th and 11th at Saturday's Friona Track Meet, the Steerettes compiled 17 points and the Steers earning 9 1/2.

For the Blue and White girls

the 440 and 880 relay teams finished fifth with times of 53.5 and 1:54.0. Members of the 440 team include Vicki Vinton, Sharmy Christian, Yolanda Martin and Gina Eubank. Girls on the 880 team are

Martin, Eubank, Vinton and Donna Meeks.

Vinton placed fourth in the 220 yard dash with a time of 27.5 and Eubank took fourth in the long jump with 15' 10". Eubank came in fifth in the

100 yard dash with a time of 12.0, and Meeks finished seventh in the 220 yard dash with a time of 29.8.

The Littlefield girls won the meet with 106 points.

"We ran well against our toughest overall competition yet," coach Larry McDorman said. "Several Class AA schools were represented. The competition was stiff and we were lucky to make the finals in the relay teams."

This Saturday the varsity and junior high girls will take part in the District 3-A track meet at Bovina.

"Anything can happen," McDorman said. "I expect the girls to compete."

For the Steers, Max Lonsdale took second in the 100 yard dash with a time of 10.1. Other winners included Mark Owen who ran the 220 yard dash in 23.8 for sixth place and D.D. Foster who jumped 5'6" in the high jump for sixth place.

Both Lonsdale and Owen ran their best times, according to coach Royce Baker.

Baker said he was disappointed in the relays because he knows "they can run better times."

"I hope it was just one of those things and not a lack of effort that caused our poor showing overall" he said.

Friona took first place in the boys division with 129 points.

Next action for the varsity boys is the Littlefield Meet today (Friday).

Fish Derby Set At Conchas Dam

The Conchas Dam Lions Club Fish Derby at Conchas Dam, New Mexico is in full swing. Opening day was April 1 and will continue until August 31.

Conchas Dam merchants are donating cash to the Conchas Dam Lions Club to be given monthly in the amount of \$100 for largest, \$70 for second largest, and \$25 for third largest fish of the month. Fish of the month have been named as follows: April, Crappie; May, Bass; June, Walleye Pike; and August, Bass.

At the end of the Derby, there will be trophies and cash awards given for the largest, 2nd largest, and 3rd largest Bass, Walleye Pike, Crappie and Catfish caught during the derby. A \$25 prize will be given for the largest carp caught during the derby.

There will also be a drawing from ticket stubs. Rules of the Derby are posted by all participating Conchas Dam merchants.

The Conchas Dam Lions Club invites all fishermen "to come and wet a line."

Bulletin

Farwell Girls Take District Golf Meet; Steers Second

Farwell's girls golf team won the District 3-A title Wednesday after the second day of play was completed at Farwell Country Club. The first round was played at Vega on Monday.

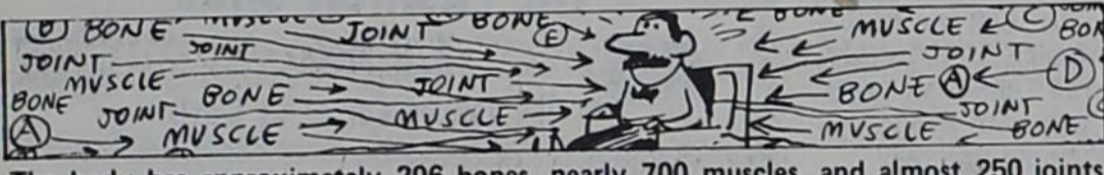

The Steerettes had a 2-day, 36-hole total of 768 strokes to take the win, topping their nearest opponent, Vega, who

had 901.

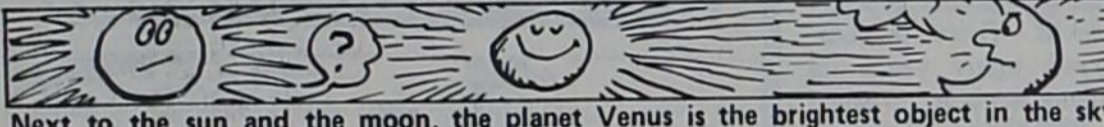

In addition, Farwell had the top two medalists, Lisa Hughes with 185 and Robin Vinton with 188. Third place medalist was Janice Adair of Vega with 189, followed by Janene Berry with 195, Dondra Geris with 200 and Kim Marsh with 214. One other player also scored 214.

The Steers came in second in the boys division, and Rowdy Chandler won top medalist honors after a play-off. Vega's boys took the district championship.

Complete scores and details of the Wednesday round will be published next week.

The body has approximately 206 bones, nearly 700 muscles, and almost 250 joints.

Next to the sun and the moon, the planet Venus is the brightest object in the sky.

Texico Dominates Own Invitational Meet

Texico had a grand day Saturday as the Wolverine varsity girl and junior high boys thinclads garnered top spots in the Texico Invitational Track Meet, and the junior high girls and varsity boys finished in second place.

In the senior boys division, Logan finished first with 75 points followed by Texico with 68.5; Corona, 49; Vaughn, 42; House, 26; Melrose, 22.5; Dora, 19; Floyd, 12; San Jon, 8; Roy, 7; Elida, 3; and Tatum, 0.

In the senior girls category, Texico came in first with 77 and the other team placings were Elida, 49; Logan, 37; Vaughn, 33.5; Melrose, 29.5; San Jon, 17; Roy, 16; Corona,

12; Floyd and House, 5; and Dora and Tatum, 0.

In the junior boys division, Texico finished first with 83 followed by Tatum with 79; Roy, 39; Elida, 25; Logan, 24; Dora, 18; Floyd, 12; Melrose and San Jon, 10; Corona, 3; and Vaughn and House, 2 each.

In the girls junior high category, Melrose won first with 72 points; and other teams placed as follows: Texico, 67; Logan, 54; Tatum, 28; Floyd, 17; San Jon, 8; House, 6; Corona, Roy, Elida, 1 each; and Vaughn and Dora, 0 each.

During the course of Saturday's event several meet records were broken.

Wolverine varsity girl relay teams won several first places and surpassed previous Texico Invitational records.

The 440 yard relay team finished first with a time of 55.81. Team members included Pam Hoyl, Becky McDonald, Jill Jesko and Jana Jesko.

The 880 relay team of Hoyl, McDonald, Jill Jesko and Tonye Harrington captured first with a time of 1:55.95, shattering the old record of 1:58.3.

The 880 medley team of McDonald, Jana Jesko, Lisa Crooks and Harrington also took first place and broke the old meet record.

Not to be outdone, the mile relay team of Lisa Crooks, Ruth Scott, Jill Jesko and Tammy Landis finished first with a time of 4:42.23, breaking the old record of 4:47.06.

In the 440 yard dash, Coffey captured top honors with a time of 64.17, breaking the previous record. She also finished first in the 880 yard run with a time of 2:39.0.

Becky McDonald, the only Texico high schooler to nab four gold medals Saturday, picked up three for her efforts in the three relays and another one in the 220 yard dash, finishing first with a time of 28.45. Harrington had been slated for that event, but since she had just run in the 440 she was "scratched."

Other winners included Harrington, first in the 80 yard hurdles with a time of 12.36; Carletta Fitz, fourth in the mile run with a time of 6:46.65; Laura Horne, fifth in the shot put with a toss of 29' 5 1/2"; Lisa Crooks, third in the 440 yard dash with a time of 67.92; Rush Scott, fourth in the 880 yard run with a time of 2:46.63; and Scott, fifth in the high jump with a leap of 4' 2".

"We ran exceptionally well for the first meet," Coach Roy King said. Most of the relays are running better than last year's best times. We need to improve our showing in field events though," King continued. "We haven't had as much time to work out as we would like because of the late basketball season, but we're going to stress field events as well as running more in the future."

For the varsity boys, Joe Martinez set a new meet record in the discus with his toss of 131' 9", surpassing the 1976 record of 129' 10 1/2". Ricky Huey of Corona broke the pole vault record with his performance of 12' 2". The previous record was set by Texico's Joey West in 1977 at 12' even.

Even though some members of the varsity boys relay teams have been "running hurt" they made good showing Saturday. James Hadley is plagued with a "hip pointer," and is expected to be off stride for two weeks. However, he did participate in Saturday's meet.

The 880 yard relay team of Ron Kirby, James Hadley, David Cavallero and Keith Hadley finished first with a time of 1:39.05.

Other Texico firsts were Martinez who tossed the shot put 43' 3 1/2" to finish first in that event; Keith Hadley, first, after a 53.69 performance in the 440 yard dash, and another first in the 220 yard dash with a time of 23.50.

Among other Wolverines also placing in the meet, were Britt Crooks, fifth in the javelin throw with a toss of 122' 7"; David Cavallero, third in the pole vault with his effort of 11' 3"; and Robert Thornton, with a time of 13:43.59, fifth in the two mile run.

Kirby ran the 180 yard low hurdles in 21.83 for second place. He also finished third in the long jump with a jump of 18' 2 3/4". J. Hadley finished third in the 220 yard dash with a time of 23.50. The mile relay team of Cavallero, John Kelley, Kirby and K. Hadley, took second with a time of 3:52.15.

In the high jump, J. Hadley managed a 5' 6" leap for third place.

Coach Paul Topliff said he was happy with the overall results of the meet. He said that if not for injuries they might have won the meet. Since the Wolverines have such a lack of depth he said he doesn't expect them to win meets, necessarily, but rather to concentrate on winning events. According to Topliff, it is the "realistic outlook."

He says he expects good things to come of the boys in the upcoming district meets and beyond.

The junior high girls also won several first places and succeeded in breaking one meet record.

Corina Hungerford took a first in the 220 yard dash with a time of 28.98 and a first in the 440 yard dash with a time of 70.24. She also finished second in the 100 yard dash with a time of 12.4.

Cara Reid finished fourth in the 660 yard run.

The 880 yard relay team came in first with a 2:02.23 reading and the 440 relay team finished first with a time of 57.01. The 880 medley came in second with a time of 2:09.11. Team members on each team include Jackie Burk, Sharlet Taylor, Tracy Dobbs, and Jo Beth Hill.

The mile relay team of Dana Morris, Tammy Cash, Juanita Villa and Valda Cavallero, took fourth with a time of 5:48.69.

Hill broke both the old meet record as well as the old school records in the high jump with 4' 8" which was good for a first place medal. The old record was 4' 7 1/2". Hungerford dominated the long jump with 14' 7 1/2" which tied the meet record.

Dana Morris took fifth in the discus with her toss of 55.1 feet, and Tracy Dobbs finished sixth in the shot put with 24' 1/4".

The varsity girls will compete next Thursday in Eunice and the junior high girls will trek to Portales April 13.

The junior high boys will compete in Clovis this Saturday and the varsity boys are set for the Eunice Relays April 12. Both varsity teams will compete in Hagerman tomorrow (Saturday).

The following is a complete listing of the varsity results in the Invitational Meet. The Junior High results will be published as they become available.

Center Staff Begins Training

Farwell Convalescent Center has obtained approval from the Texas Department of Health for an Orientation and Training program for its staff of employees.

Don L. Brewer, administrator of the licensed 100-bed long-term care facility, has announced that a Training Coordinator has been designated, and that orientation, job specific training and ongoing in-service training of personnel began April 1.

"Each employee who has any contact with residents of the facility is enrolled in the training classes. This includes nurse's aides, dietary personnel, social service staff, maintenance and laundry employees," Brewer said.

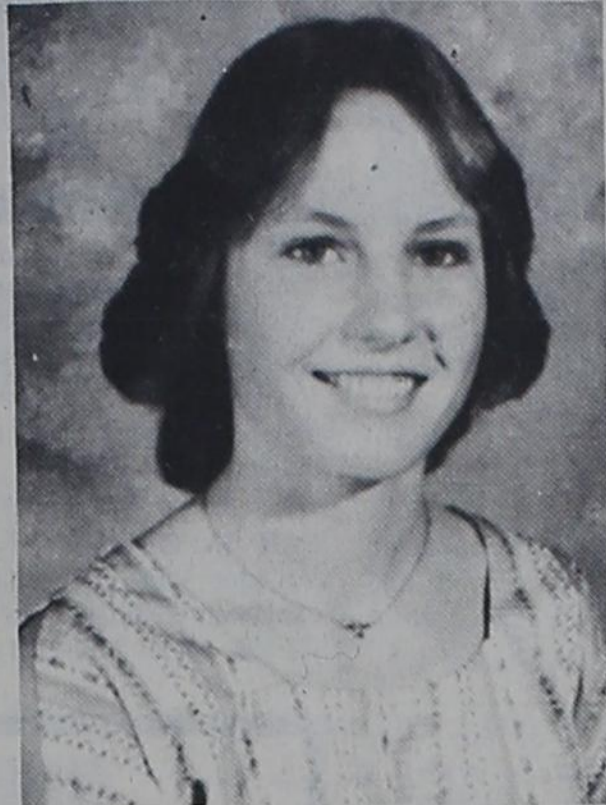

The designated coordinator for training of the staff is Floe Copeland, assistant administrator, who holds the required degree or license and experience to qualify as instructor. A total of 40 personnel of the various day and night shifts at the facility are receiving the training.

"Knowing that our staff members are specially-trained for their duties gives them more prestige with patients and their families, and we will all feel more competent in our jobs," Mrs. Copeland said. "Our goal is to serve the individual resident's psychological, and social needs to the best of our ability."

The required hours of training in the basic program varies according to the staff position held. Nurse aides, for example, must develop the required competencies by successfully completing five hours of orientation and 35 hours of job specific training. All aides are then required to receive a minimum of three hours of continuing education each three months thereafter. Records of each employee's training hours are kept by the facility.

Approval of the program by the Texas Department of Health verifies its compliance with requirements of Senate Bill 9 passed in 1977.

Student Of The Week At Texico School

Jill Jesko, a ninth grader at Texico High School, is this week's "Student of the Week."

She participates in volleyball, basketball and track. She is also a member of the Texico High School Pep Club and the F.H.A.

An honor roll student, Jill is the daughter of Mr. and Mrs. Harry Ray Jesko. Her hobbies are raising plants, skateboarding, swimming and tennis. She is a member of the Immanuel Lutheran Church in Clovis.

[Selection of "Student of the Week" made by anonymous committee.]

Convalescent Center Chit Chat

As Reported by the Center Staff

Rev. Herman J. Schelter, pastor of St. John Lutheran Church at Lariat, led worship services at the Center Sunday.

Everyone enjoyed the Farwell Young Homemakers special musical Saturday afternoon. They sang many different selections and had a sing-a-long for everyone to participate. They brought all kinds of refreshments and goodies, including some made especially for diabetics. "We certainly appreciate these women taking such an interest in our residents," Floe Copeland, assistant administrator, said.

Residents also enjoyed the special treat of popcorn which accompanied the usual Monday afternoon bingo games.

Louise Brigham, nurse's aide on the 3-11 shift, brought several oil paintings to display around the Center.

Floe's Quote: "You can't expect a person to see eye to

eye with you when you're looking down on him."

Visiting Dick and Annie Dunn were Mr. and Mrs. Fred Ford, Mr. and Mrs. William Hill, Rev. and Mrs. Ira Turner, Mrs. R.J. Cook, and Mrs. Bob Parson, all of Ft. Sumner.

Guests of Willie Shields were Mr. and Mrs. Grant Ross and Mr. and Mrs. Byron Shields of Portales.

Visiting Albert and Elizabeth Osborne were their daughter, Mrs. Charles Fisher of Panama City, Fla.

Those visiting Annie Callahan were her niece, Marie Erwin and Guy Flint of Amarillo.

Lois Massey enjoyed an outing to the farm with her nephew, Bill Hagler. Liz Kaltwasser, Auxiliary volunteer, took Cora Baker to the eye doctor in Clovis.

Christa Gohlke went to Littlefield on business last week. She also attended

church at Lariat Sunday. Ruby Hulse returned Saturday from a short stay at the hospital.

Milton and Lois Poteet have

returned to their home in Texico. Everyone will really miss them around here. They have promised to come back to visit often.

Texico Students Qualify For State Science Fair

Several Texico students participated in the Regional Science Fair Saturday at Farwell, with four students qualifying for the State Science Fair. They are Alan Baldrige, Doyle Duncan, Jessie Orozco and David Jones.

The State Science Fair will be in Socorro April 21-22.

Baldrige also placed second in Behavioral and Social Science with his project, "How Accurate is Graphanalysis."

Honorable mention awards were also issued to Duncan for "Is Solar Heating Safe?" and Orozco and Jones, "Different Types of Insect."

Becky Eshleman received honorable mention and a special honorary award from the Air Force for her project, "Does Colored Light Affect Plant Leaves?"

Teresa Gollidge's, "Does Light Reflect At The Same Angle?" earned an exhibitor award.

Other exhibitor awards went to Johnny Flores and Gary Jones, "Electricity," and Buddy Atkins and Rusty McCormick, "Motors."

Danny Powell received honorable mention for his "Human Body" project.

Wesley Hukill Elected To '79-80 WTSU Senate

West Texas State University student Wesley Hukill of Farwell has been elected to the 1979-80 Student Senate.

Hukill is a junior agriculture/business major. He is the son of Mr. and Mrs. W.D. Hukill.

He will serve as a senator for the WTSU Student Association representing the School of Agriculture. As a senator he will be appointed by the president of the organization to one of the five standing committees.

The committees act as a liaison between students, faculty and administration. They are the academic affairs, campus affairs, external affairs, governmental operations and internal affairs committees.

As a senator, Hukill will share responsibility for enacting all laws concerning appointive offices, approving presidential appointments, initiating articles of impeachment against the president,

vice-president and all members of the Student Supreme Court and inferior courts and appropriating the Student Senate monies.

To be eligible for the senate a student must carry at least 12 academic hours and maintain a 2.0 grade point average (4.0 is an A).

Muleshoe Jaycees Set Tri-County Pageant

Muleshoe Jaycees will sponsor the Miss Tri-County Beauty Pageant April 21. The annual event is open to all girls between the ages of 4 and 18 who live in the Bailey, Lamb and Parmer County trade area.

The four age groups are: Miss La Petite, 4-6; Little Miss, 7-9; Junior Miss, 10-13; and Miss Tri-County, 14-18.

Winners will be awarded prizes and scholarships. They will also represent the Tri-County area at various functions during the year. All girls wishing to enter must have a sponsor. Entry sponsorship fee is \$25. Patronages will be sold for \$15.

Theme of this year's pageant will be "Happy Days." Six out-of-town judges will be judging the contestants. Jaycee Ricky Mata is this year's chairman and Cindy Purdy is the production director.

Entry blanks may be obtained by writing: Miss Tri-County Beauty Pageant; c/o Muleshoe Jaycees, Box 571, Muleshoe, Tex. 79347. For further details call 272-4408.

Texico Men To Play On Portales Team

The Portales Merchants Softball Team will play the original four-man softball club, the King and His Court, next Tuesday at 7:30 p.m. MST at Bell Park at Clovis. The event is sponsored by the Clovis Softball Association.

Featured players of the special four-man team are Eddie Feigner, Sr., shortstop; John Bateman, catcher; Al Jackson, first base; and Tom Mathison, alternate.

Several local players will be featured on the Portales team,

including Raymond Hadley of Texico who will man first base and Larry Powell, also of Texico who will pitch.

Two Clovis men, formerly of Texico-Farwell, will also participate on the team. They are Jerry Henson, right field; and Maurice Smith, catcher. Other players are from Portales.

Tickets are \$2 for adults and \$1.50 for students 18 and under and may be purchased from Texico Junior High Coach Cecil Davis or at the Burger Barn in Texico.

It has been said that Alexander the Great had his armor made especially large so his enemies would think him a giant.

This I Know - - -

by Leonard Harper

Minster
Farwell Church of Christ

WE HEAR MORE AND MORE talk, and continue to see writings which downgrade the Biblical concept of obedience. These people seem to have decided that they know more about God's business than God does.

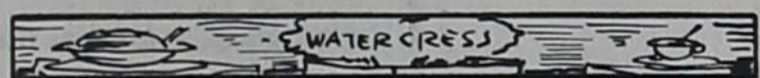

THERE IS ONE WAY TO EXPRESS our love for God - only one way. Christ says, "If you love me, keep my commandments." (John 14:15).

THERE IS ONE WAY to establish and maintain the approved spiritual relationship with God. Christ says, "If a man love me, he will keep my words: and my Father will love him, and we will come unto him, and make our abode with him." (John 14:23).

HEREBY WE DO KNOW that we know him, if we keep his commandments. He who says, I know him, and keeps not his commandments, is a liar, and the truth is not in him." (I John 2:3-4). Keeping God's commandments is the life of the faithful baptized believer in the Lord's church.

GOD'S LOVE IS PERFECTED (it is completed, its basic purpose is accomplished) in the persons who obey his teaching. "Whoso keeps his word, in him verily is the love of God perfected: hereby we know that we are in him." (I John 2:5).

THE FULLNESS OF GOD'S WILL is accomplished in the lives of the people who obey His commandments.

To rejuvenate watercress, snip off the ends under running water, and refrigerate in water.

YOU make the difference in your electric bill
With the cost of everything going up, it sometimes seems like we're losing control of where our dollars go. There is one expense you and your family can help keep down this summer - your electric bill. You can make your home more energy efficient with simple improvements like insulation, weatherstripping, caulking and adding storm doors and windows. Teaching your family to use energy wisely - like keeping the thermostat turned to an efficient 78° in the summer, changing filters on your air conditioner regularly, keeping lights and appliances turned off when not in use - will help keep your bill down. You and your family make the difference - it's that simple. Call your SPS manager for more information and keep your cool this summer.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635
FROM DEATH TO BIRTH
"Being born again, not of corruptible seed, but of incorruptible, by the Word of God, which liveth and abideth forever" (I Peter 1:23).
We are prone to think of death as following birth. People are born to live their lives and then die.
Spiritually, however, it is the other way. St. Peter, by divine inspiration, says that we must be "born again" because: "All flesh is as grass, and all the glory of man as the flower of grass. The grass withereth and the flower thereof falleth away."
"But the Word of the Lord endureth forever. And this is the word which by the gospel is preached unto you" (I Vers. 24,25).
This new birth is a spiritual matter, necessitated by the fact that by nature men are "dead in trespasses and sins" (Eph. 2:1). Thus believers are not born again in the same way as they were first born, but are born again - given new life, by believing the Word of God.
God's Word, in this passage, is called "incorruptible seed" - seed that cannot die. Once the Word takes root in one's heart, once it is believed and received, it never dies, but produces "everlasting life."
"The Word of the Lord endureth forever, and this is the Word which by the gospel is preached unto you" (I Vers. 25).
The Word of God takes root in one's heart only as one believes the gospel, the good news, about Christ's redemptive work. Peter himself proclaims this wonderful gospel: "...we were not redeemed with corruptible things, as silver and gold...but with the precious blood of Christ..." (I Peter 1:18,19).
"Who His own self bare our sins in His own body on the tree..." (I Peter 2:24).
"For Christ also hath once suffered for sins, the Just for the unjust, that He might bring us to God..." (I Peter 3:18).
By believing this good news, dead sinners are "born again."

Retirement Brings Interesting Hobby

By Beth Kelley
Journalism I
Texico High School

As many people reach retirement, they find that they have extra spare time on their hands. Some travel, some go fishing, and some find a number of other activities and hobbies to fill this time.

Mr. Willie Gipson, a native Texan, discovered the art of crocheting. Mr. Gipson came upon this hobby when his wife and sister-in-law decided he needed something to do after he retired. Mr. Gipson's sister-in-law taught him the afghan stitch, which he used on his first afghan.

In 1975 as everyone was preparing for the big bicentennial year of 1976, Mr. Gipson was preparing his first crocheted project, which was a bicentennial afghan made with the afghan stitch out of the traditional red, white, and

blue colors. The well-known saying "practice makes perfect" became apparent to Mr. Gipson as he stated, "I nearly wore the thread out ripping out stitches and putting them back on my first afghan." Mr. Gipson was satisfied with the end result as he began to master the art of crocheting. This special bicentennial afghan he gave to his wife.

Later, he learned to do the granny squares, which he uses to make afghans and pillow tops to match. Many projects become a family affair as his wife, Ethel, crochets the granny squares he makes together. Along with the many afghans and pillow tops, Mr. Gipson also makes crocheted coat hangers.

Mr. Gipson said most of the afghans he has made have been gifts to family members.

On the day of this interview, March 8, 1979, Willie and his wife, Ethel, were celebrating their 54th wedding anniversary. They have five children, twelve grandchildren, and three great-grandchildren.

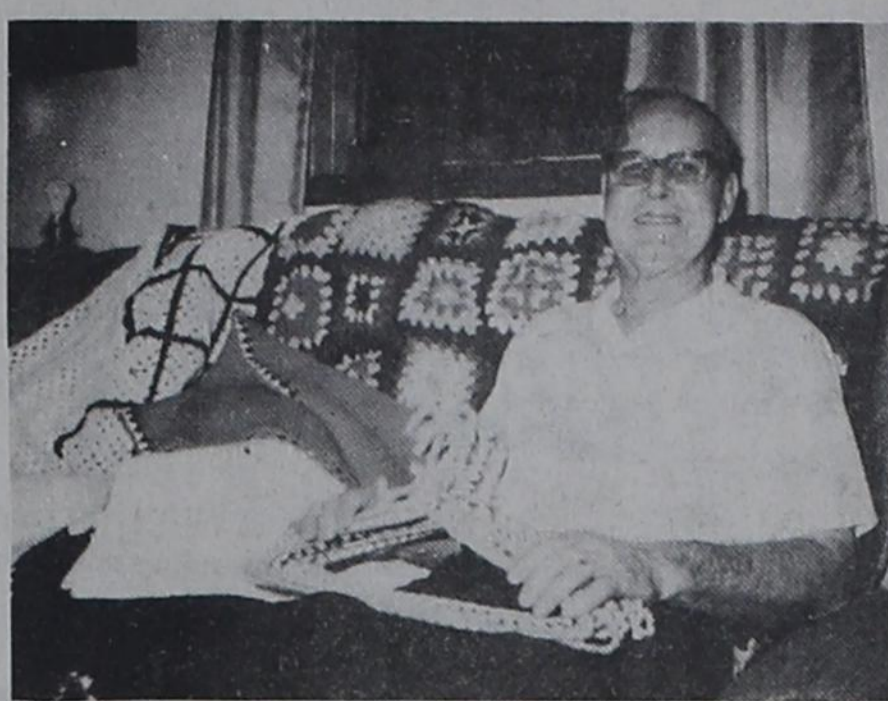

Mr. Gipson said that besides making all of the grandchildren and several other family members afghans, he was thrilled to be able to send, through the missionary society of his church, one afghan he made to Brazil to the Agape Institute, a children's home there.

Just recently Mr. Gipson sold one afghan for \$50.00 and one for \$35.00, which he donated to the Senior Citizens building fund in Bovina, where he and his wife enjoy the activities of the Senior Citizens.

Mr. Gipson, born in 1903 in Witt, Texas, said he has done several things through the years. He has cut a lot of cord wood, done farm work, and worked a number of years doing janitorial work in the school system and Methodist Church of Dimmitt, Texas.

After retiring and moving to Bovina, Texas, he has continued to do janitor work for the Bovina Methodist Church, along with his crocheting and other activities.

As long as there is someone who needs or wants one of his special afghans, Mr. Gipson will never really "retire."

Satisfying Pastime

Willie Gipson, a resident of Bovina, has found an interesting hobby, the art of crocheting, to occupy his retirement years. He has crocheted many afghans, pillow tops and coat hangers, most of which have been gifts to family members.

Around The House with Laura Jacobs
Assistant Parmer County Extension Agent
for Home Economics

You think prices are high here? Well, they are, but not as high as some places. If you lived in Bonn, W. Germany, a pound of sirloin steak would cost \$6.35. In Tokyo it costs \$18.62. Butter in Tokyo costs \$3.22.

So, while food costs less in America, you still want to get your money's worth. Stretching food dollars is a game everyone is playing these days. And you can be the winner, if you plan carefully.

A few tips should help. Remember, homemade snacks are usually less expensive than store-bought ones and maybe more nutritious too.

Non-food items are not part of your food bill. Paper goods, laundry supplies and dog food do not feed your family.

When buying meats, cost per serving, not cost per pound is your best measure of value. A boneless roast gives more servings than a bone-in roast, and the cost per serving may be less even though the cost per pound is higher.

You might like to try this recipe for dessert or after-school snack.

PEACH CRISP

- 6 cups sweetened fresh or canned peach slices, drained
- 1/2 cup sifted all-purpose flour
- 1 cup oats (quick or old-fashioned, uncooked)
- 1/2 cup firmly packed brown sugar
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 cup melted butter or margarine

Place peach slices in greased baking dish. Combine dry ingredients; add melted margarine, mix until crumbly; sprinkle on top of peaches. Bake at 375 degrees for 30 minutes or until peaches are tender. Serve warm with ice cream on top.

On The Farm In Parmer County

By SETH RALSTON
County Agent

The hose-on garden sprayer is one that every home vegetable gardener should consider purchasing if his garden site is located near a high pressure water faucet. Such a sprayer is relatively inexpensive (\$10 to \$12), easy to operate and can provide fast and efficient pesticide coverage to garden plants when properly used.

The hose-on garden sprayer is a device that screws onto the end of an ordinary water hose. However, it is designed to spray only those pesticide formulations that can be mixed with water, such as emulsifiable concentrates (EC), liquids and wettable powders (WP).

Hose-on sprayers usually come with a pint-sized container which holds the pesticide. As water from the garden hose passes through the spraying device, it creates enough suction to draw out the pesticide and dilute it proportionately. Dilution rates can be controlled by turning a "dial" to the desired setting. This setting usually represents teaspoon or tablespoon of pesticide per gallon of water passing through the hose. Pesticide dilution rates are obtained by reading the pesticide label.

Differences in the preparation of liquids and WPs are that liquids can be poured directly into the sprayer without mixing with water whereas WPs must be pre-mixed and thoroughly dissolved with just enough water to give a flowable texture before pouring into the sprayer.

A disadvantage of hose-on sprayers is that the siphoning tube can become obstructed with undissolved particles of WP or foreign material. This will result in a poor spray mixture not readily detected.

When using WP solutions in sprayers, agitate the mixture periodically to maintain uniform suspension of active ingredients.

"Sales and Loans Are Our Service"

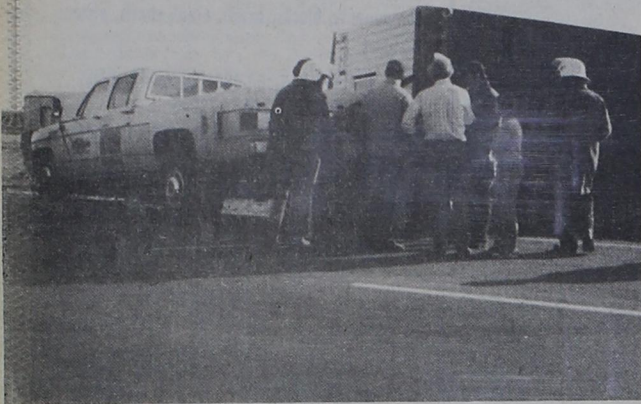

Tax Officer Here April 10

State Comptroller Bob Bullock has announced that he is sending a representative from his Lubbock office to Farwell on Tuesday, April 10, to assist local taxpayers and answer questions about state taxes.

Enforcement Officer Benito Rocha will meet with local taxpayers at the Farmer County Courthouse from 2 p.m. to 4 p.m.

"If Farwell-area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mr. Rocha will be there to assist them," Bullock said. "We're trying to cut the red tape in this office and we believe these face-to-face sessions with Taxpayers help do just that."

Bullock reminded those taxpayers who are unable to meet with his representative on April 10th that they can still get their questions answered quickly by calling his TOLL-FREE tax information number in Austin. That number is 1-800-252-5555.

Mobile Home Overturns

Farwell Volunteer Fire Department answered a call to the scene of this accident last Thursday on U.S. Highway 84 east of Lariat. Strong winds had overturned the mobile

home which was being pulled by a pickup. No one was injured in the incident. DPS Trooper Glenn Fant investigated the accident.

Farwell Firemen Get EMT Certification

Seven Farwell Volunteer Firemen completed a special 128-hour Emergency Medical Technician course March 26 in Bovina. They are Robert

White, Glenn Fant, Mike Camp, Mike Norris, Joel White, Mark Pallady and Randy Kelley. The local ambulance service

is greatly enhanced by their accomplishments as these men are now qualified in all the proper rescue techniques used in all types of accidents.

College. Two nights were devoted to classroom work and the third night was spent pursuing special training at High Plains Hospital in Clovis.

For the final examination the volunteers each had to pass a stringent written test administered by the state of Texas as well as demonstrate their efficiency in cardio-pulmonary-resuscitation techniques and handling everything from electrical shock to spinal injuries and fractures.

Of the 128 hours necessary to fulfill course requirements, 40 were spent in actual hospital setting. They received college credit for finishing the course. Certification will be issued by the Texas Department of Health in Austin.

Since January, the firemen have devoted three nights a week to completing the course which was taught at Bovina under the auspices of Amarillo

The volunteers are initially certified for two years, and at the end of that time period they will need to complete a 28-hour "refresher" course to keep their certification active.

School District Sets Property Reappraisal

Farwell School Board, at a special called meeting on March 14, decided to re-appraise property in the Farwell School District. Superintendent W.M. Roberts said that the action was prompted by the Texas Assessment Practices Board which would penalize the district if the appraisal was not completed.

of J.W. McMorris Company of Hereford, an appraisal firm. According to Roberts, the appraisal firm would reappraise the city property, and James Craig, Farwell Schools administrative assistant, would reappraise the rural property, under the direct supervision of the Hereford company.

Roberts said that the property re-appraisal would be carried out under the supervi-

It is hoped that the reappraisal project will be completed in time for the 1979 tax billing, says Roberts.
