

LETTERS OFFERED AS SPY TRIAL EVIDENCE

Army Deserter Faces Further Questioning

Discusses Relationship With Another Defendant NEW YORK, Oct. 20 (AP) Letters tending to implicate Erich Glaser, former United States army private, with a German spy ring operating in this country were read before a federal jury today at the trial of Glaser and two other persons on espionage charges.

Letters Read The letters were identified by Guenther Gustav Rummich, United States army deserter who pleaded guilty to spy charges at the opening of the trial and became a witness for the government. Glaser sat motionless as Assistant United States Attorney Walter C. Dunningan read the letters, which were addressed to Rummich and signed "Erich Glaser."

"Dear Gus," read one letter dated Jan. 24, 1938. "Well, old boy, I suppose you'll be surprised to hear from me x x x are you still among those living x x x have you got any girls you don't need x x x I think I'll save my say until I hear from you. I have some very (underlined) interesting things to tell you and I don't want to miss up on that. x x x Do you hear anything new from the old country?"

Dunningan questioned Rummich about visits he received from Karl Schlueter, an alleged messenger for the spy ring, and Johanna Hofmann, one of the defendants. He also asked Rummich about subscriptions to the Army and Navy Register which the witness said Glaser obtained for him.

Continuing, Dunningan said: "You told us you wanted Glaser to furnish names of arms and navy men of German extraction. You mentioned that he gave you the name of one Schmidt on the West Coast. Did he give you other names?"

"He gave me the name of Zimmerman—stationed, I think, at Panama," said Rummich. "I told him I had been requested by one of the agents who visited me to furnish names of men of German extraction in the military service. I suggested to Glaser it would be a good idea for him to renew contacts with these people whom he had not seen for some time. He agreed, I remember I wrote a letter to Schmidt."

Rummich said he typed the letter, including Glaser's signature, and that Glaser told him he had written a letter to Zimmerman. Rummich said he had named Fisher in a letter to a man named Fisher in Panama and signed Glaser's name, although Glaser did not see the letter.

PILOTS LAND FLAMING PLANE

Eleven passengers and the crew of three escaped from a burning Eastern Airlines plane because Pilot J. D. Hissong (right) stuck to his controls and landed the flaming plane safely near Montgomery, Ala. Hissong, bandages covering his neck and hands which were burned, is shown with the co-pilot, C. E. Russell, who also stayed at his controls as the flaming ship was brought down.

Jap Forces Advance Steadily On Canton

Two-Thirds Distance From Coast Covered With Little Resistance

HONGKONG, Oct. 20 (AP)—Evading a major engagement by drelling strong Chinese defenses, Japanese forces advanced today to within 20 miles of Canton from the northeast, semi-official Japanese sources reported.

They said another column had reached within about 60 miles of South China's chief city from the east. In the past eight days, the rapidly advancing, mechanized invaders have covered about two thirds of the distance to Canton from their coastal take-off points without formidable resistance.

Chinese officials at Canton canceled plans to leave the city. There was no sign of panic although the raising of barricades and digging of trenches indicated street fighting was anticipated. Japanese said their vanguard progressed to 18 miles of Canton from Tsienlin and that a second force was approaching Shekiung, important railroad city on the Kowloon-Canton line 50 miles east of Canton.

They acknowledged the Chinese were putting up stiff resistance. Chinese army officials declared Tsienlin had not been taken by the Japanese and that a major battle was expected east of Shekiung. The dispatches indicated that the Japanese were risking a defeat in the belief they could capture Canton quickly by a drive down the Canton-Tsungfa highway from the northeast and a simultaneous pincer movement from the east.

Both maneuvers exposed the Japanese to flank attacks if Chinese forces still behind them can be rallied for effective assaults. In the central China area, swiftly striking Japanese forces were reported to be threatening the next line of Hankow defenses in a drive up both banks of the Yangtze river from Hwangshih-kang, 50 air miles from the Chinese provisional capital. The Japanese reported launching a gunboat attack against Ocheng, within 40 miles of Hankow, while Yangtze river south bank columns fought to the walls of Tayeh, 40 miles from the Canton-Hankow railway.

Cold Snap Is Accompanied By Showers

Temperature Slips To 41 Here; Half-Inch Rain Recorded

First cold snap of the season Thursday brought Big Spring and surrounding area half an inch of rain and a minimum temperature of 41 degrees. Lint Harvest Stopped Although the rain drove harvest laborers out of the cotton fields for a day, it fell slowly enough to avoid damage to open lint. Very little was thought to have been knocked out of bolls onto the ground.

Nor was it heavy enough to produce an excessively sappy condition in late bolls, thus leaving bolls subject to dangers of a hard, early frost. Ranchers derived little benefit from the rain except to moisten the top soil and in a few places put up a small amount of stock water. Small grain producers alone were visibly cheered by the precipitation. With several thousand acres either already planted or ready to be planted to wheat and barley, the rain came at an opportune time.

It was the first rain, other than two light showers, since the abnormal wet spell the third week in July. City streets, with dust settled and moisture in top soil, were ready for their first intensive blading in weeks. Farm producers were due to be favored by the weatherman, however, for the forecast said fair, colder tonight and then slowly rising temperatures. That means little picking time will be lost. The norther which swept out of the Rockies yesterday, abruptly cooling North Texans, veered toward the south to bring relief to summer-plagued coast points such as Corpus Christi, where the temperatures fell to 68.

Muleshoe in the Panhandle got an extra portion in pre-freezing temperatures, which touched a low of 28 this morning. Amarillo and Lubbock had 38, Dalhart 32, Abilene 44 and rain, and Dallas 51. Tyler reported 56, Paris 48 and Wichita Falls 45. Many points in Central and South Texas received showers as the weather changed.

Turnover Of More Than \$7200 At Livestock Sale Clearings of \$7,261.20 on 293 head of cattle were reported on slightly lighter but brisk trading Wednesday at the regular weekly ring sale of the Big Spring Livestock Sale association.

Cows, featuring the trading, brought from 4.75 to 5.25, a gain of 50 cents over the previous week. Steers, 50 percent of the offerings, were up approximately a half to 7.50-8.00. Heifers were steady to strong, ranging between 6.00 to 7.00. There were 28 head of sheep and five horses in the ring for sale.

An oddity of the sale Wednesday was the large number of bulls which went on the block. There were 30 of the big animals knocked down to buyers at between 4.25-5.00. Turnover Wednesday was a little less than the 321 the previous week and the volume of clearings was under the \$9,092 of the preceding week.

FEW REQUESTS FOR ABSENTEE BALLOTS AUSTIN, Oct. 20 (AP)—Reports received here today indicated absentee voting in the November general election was getting off to a very slow start. County clerks said requests for ballots coming in by mail and absentee voting in person so far were not nearly as great as in the general election two years ago. The vote in 1936 totaled 840,000.

ADDITIONAL FARM CHECKS RECEIVED Another small block of subsidy checks added further to the benefit total when \$1,084.26 was paid in 8 checks to as many Howard county cotton producers. The receipt brought the total for the season to \$172,972.24 in 1189 checks.

THIRD TERM FOR FD PARTLY ENDORSED BY TEXAS LABOR

Unemployment Total Reduced By Recent Trade Improvement

WASHINGTON, Oct. 20 (AP)—A leading government economist estimated today that business improvement since June has reduced unemployment by 1,000,000 men and women. The economist, whose figures are relied on by several agencies, figured there were 10,250,000 persons out of work in June and about 9,250,000 now.

On that basis, about one-fourth of the persons who lost jobs in the recession have been re-employed. After reaching a peak of more than 14,000,000 in the spring of 1933, federal statistics show, unemployment gradually dwindled to 6,000,000 in the summer of 1937. Then, the recession boosted unemployment about 4,000,000 to a peak of 10,400,000. Seasonal work cut the total in June.

While unemployment has been shrinking, WPA payrolls have been rising. The lists went up from 2,800,000 to about 3,120,000—a record—the beginning of October.

An indication, however, that the administration was looking to early WPA decreases was seen in a statement of Secretary Roper yesterday. Roper, commenting on the General Motors recall of 35,000 workers and on other reemployment, said: "It not only opens up the opportunity for self-reliance through private employment, but lessens the relief responsibility of the federal government and opens the way to improvement in the budget situation."

Malone, Hogan To Take Bids Buy Bivings Hospital Water Main Construction Included In Second Project

Negotiations have been completed, it was announced Thursday, for the sale by Dr. Charles K. Bivings of his hospital at Ninth and Main streets, to Drs. P. W. Malone and J. E. Hogan of this city. Transfer of the property will be effected on November 1. Name of the institution, it was said, will become the Malone and Hogan Clinic Hospital. Remodeling work on the building is contemplated, and Dr. Malone, who has practiced here since 1930, will move his offices there from present quarters in the Petroleum building. Dr. Hogan, an associate of Dr. Bivings for the past two years, has maintained offices at the hospital. The new owners plan to operate a combination clinic and hospital. The institution, of 25 bed-capacity, was opened in March of 1929, by Dr. Bivings and Dr. Jas. R. Barcus. The former has been sole operator since 1931. Dr. Bivings is disposing of his properties here because of ill health, and is planning to leave Big Spring. His future plans have not been announced definitely. His institution for several years has been on the approved list of the American College of Surgeons.

Hungary Gets A Warning Germany Tells Her Racial Factors Must Fix Boundaries BERLIN, Oct. 20 (AP)—The foreign office mouthpiece, Deutsche Diplomatich Politische Korrespondenz, published today what was interpreted as a friendly warning to Hungary not to press for large slices of Slovakia. In effect, it told Hungary she would have to accept the principle of racial nationalism—the basis for Germany's settlement of her Sudeten German issue with Czechoslovakia—and demand only territory predominantly Hungarian.

Thus, Germany is authoritatively reported to have put her foot down against Polish-Hungarian maneuvering for a common frontier at the expense of the Ruthenian section of Slovakia, the eastern extreme of Czechoslovakia. The Diplomatich Politische Korrespondenz statement followed the visit yesterday of Col. Joseph Beck, Polish foreign minister, to Bucharest and the departure of a Slovak-Ruthenian delegation from Munich where it pleaded with Foreign Minister Joachim von Ribbentrop to demand that Hungary and Poland soften their demands. Beck was understood here to have failed in his effort to win King Carol of Rumania to approval of the common Polish-Hungarian border plan.

German officials were optimistic that Korrespondenz declared it must be one that "will bring peace and stability." THREE SESSIONS OF COOKING SCHOOL ATTENDED BY 2,436 Three-day Happy Kitchen free cooking school conducted at the city auditorium by The Herald came to successful close Wednesday afternoon with an attendance of 976 and a total three-day attendance of 2,436. Grand prize of the school, a Magic Chef gas range given by the Empire Southern Service company, was awarded to Mrs. Ralph Winterrowd. Approximately 25 other prizes were given away on the last day. A cake baking contest was a final feature of the final session of the school conducted by Mrs. Arreya D. French with Mrs. Pauline Graves winning first prize, Mrs. N. Brenner, second prize, Mrs. E. E. Johnson, third prize and Mrs. L. T. Farrell fourth prize. Entries were judged by the three hostesses for the school, Mrs. Preston R. San-

State Group On Record For 'If' Support

Resolution Cites President's Far-Reaching Program BEAUMONT, Oct. 20 (AP) The Texas State Federation of Labor today endorsed President Roosevelt for a third term "if no other leader is found to carry forward his program to that same high degree that has been exemplified in his administration."

Precedent Broken The round-about endorsement of the president broke a precedent of the federation, which is dominated by American Federation of Labor unions in Texas. The federation waived some of its rules and regulations to endorse Mr. Roosevelt in the same hall in which Vice President Garner was endorsed by the state democratic convention a few weeks ago. A few minutes later the convention followed a suggestion of its resolution committee and did not concur in a resolution asking that the group oppose United States senate confirmation of Governor James V. Alfred as a federal judge. The resolution opposed Alfred's confirmation on the grounds he was not a resident of the district to which President Roosevelt has nominated him.

The delegation from Houston, which is in the district the governor will serve as a federal judge after he completes his term as the state's chief executive, asked the convention not to discuss the resolution and to toss it aside. There was no debate on the floor. The resolution endorsing Mr. Roosevelt, said the president has instituted a far-reaching program to assure the common man an improvement of his condition. "It is of the utmost importance to labor that this program be carried to completion," it read. "Therefore, this federation does hereby commend and support the Honorable Franklin D. Roosevelt in his efforts to bring about an improvement in the condition of those who labor, and urges that, if no leader be found to carry forward his program to the same high degree that has been exemplified in his administration, that he be re-elected to the presidency of the United States for a third term."

Because it was in conflict with the American Federation of Labor's convention action in Houston, a resolution asking the convention to "condemn those who have criticized the national labor relations board" was voted down by the committee. The A. F. of L. at Houston strongly criticized the board and assailed it as being pro-C. I. O.

TWO OTHER FIRMS 100 PER CENT WITH ARMY DONATIONS The Charles Frost Pharmacy and Allen-Ogden Grocery were two additions Thursday to the Salvation Army's "honor list" of firms whose employees are 100 per cent in contributions to the Army's campaign for funds. The Army is seeking to raise \$2,500 to continue its religious and welfare activities for another year. Thos. F. Clarke is directing the fund campaign, and is urging prompt response on donations.

VOLUNTEERS IN PARIS PARIS, Oct. 20 (AP)—Eighteen American volunteers from the Spanish government's International Brigade arrived in Paris today from Barcelona. They will stay in Paris until they sail for the United States early next week.

Buy Tickets On Special Train Promptly! School officials Thursday appealed to all persons contemplating riding the special train to Sweetwater Friday to purchase their train tickets ahead of time. Enough fares are in sight, counting the team, pep squad and band, to guarantee the special. The train will depart at 5:30 p. m. and fare is \$1.35 for the round trip. If the railway company knows far enough in advance about how many will ride the train, it can provide enough coaches to prevent crowding. But, to avoid officials pointed out, a last-minute rush by fans to ride the train would cause a congested condition through no fault of the railway.

ACCUSES STALIN

Jacob Spolansky (above) of Detroit told the American committee in Washington that Joseph Stalin, Russian dictator, had ordered outright destruction of the American Federation of Labor. Spolansky, shown on the stand, is an investigator for Wayne county, Michigan.

Communists Are Linked In Strikes

Witness Tells Probers 'Reds Have Influence' On Lewis WASHINGTON, Oct. 20 (AP)—James Mitchell, of Detroit, formerly in charge of welfare activities of a local union of the United Automobile Workers, a C. I. O. affiliate, told house investigators today that communists apparently "have a lot of influence on" John L. Lewis. Testifying before a committee investigating un-American activities, he said communists had "engineered" a sit-down strike in the Murray Body plant in Detroit in 1936 and 1937.

Chairman Dies (D-Tex) asked him what efforts were made by responsible labor leaders to rid the U. A. W. of communists. "Homer Martin, president of the U. A. W.," Mitchell said, "tried everything in his power. But it seems they are on the inside of the international union. Apparently they have a lot of influence on Mr. Lewis." The witness said later that communists could control the forthcoming C. I. O. convention at Pittsburgh, "as well as the chairman of the C. I. O.," Lewis is chairman.

Rising to his feet, Mitchell shook out a red flag bearing the words "Communist Party" in gold letters. He said he had found it in the desk of Lloyd Jones, president of U. A. W. local No. 3 in the Murray plant. He said Jones told him to "keep my damn hands off of it." Previous witnesses have told the committee Jones is a communist and was a former member of the U. A. W. executive board. He said Julia Buchanan, who he said was a communist, told him she would kill him if he ever disclosed anything about Jones.

Earlier, the committee had heard that the communists try first to control a union and, if that fails, to destroy it. The "rule or ruin" testimony came from Melvin Kells of Detroit, who said he worked with an American Legion in an uncovering subversive activities.

CCC Workers Die In Fires

Deaths In Pennsylvania Bring Orders For An Inquiry

EMPORIUM, Pa., Oct. 20 (AP)—The deaths of six members of a nearby CCC camp in a series of intense forest fires brought a federal-county investigation today of reports of incompetent leadership and incendiaries. Gilbert Mooney, 33, of Ridgeway, a clerical employe at the camp, and four of the 20 boys he led into the tinder-dry, desolate wilds of second-growth timber and scrub-land, were trapped late yesterday by a circle of flames and burned to death. Colonel C. L. King at Indiana, Pa., district CCC headquarters, identified the dead boys as: Basil Bogush, 19, Conemaugh, Pa.; John Boring, 18, Johnstown, Pa.; Howard May, 10, Erie, Pa.; Andrew Stephenic, 18, of Wilkes, Harro, Pa. Ross Hollobach, 18, of Rimerburg, Pa., died of burns in the Renovo hospital today.

U. S. AND MEXICO NEARER AN AGREEMENT ON LAND SEIZURE

MEXICO CITY, Oct. 20 (AP)—Informed sources said today that Mexico and the United States were nearer to an agreement on the troublesome land seizure question than at any time since it became acute. The two governments, it was said, would get together on a plan for evaluating the estimated \$10,000,000 worth of farm lands expropriated from United States citizens since 1927 and handed over to peasants. Mexico was described as likely to agree on regular payments on an annual basis. The issue appeared to have boiled down to two questions—when and how much Mexico would pay. There was a belief in authoritative quarters that Dr. Francisco Castillo Najera, Mexican ambas-

### Demand Firm For Gasoline

That's Brightest Spot In Oil Industry's Picture

TULSA, Okla., Oct. 20 (AP)—There seemed just about one bright spot in the status of the oil industry today and that was the weather. Marketers expressed astonishment at the way the demand for gasoline was holding up. This, they said, undoubtedly was due to the unusually warm fall season which had kept Mr. and Mrs. Public buzzing about the highways at a time

when ordinarily they'd be seeking the freeways. The big volume of gasoline flowing out of distributing centers up to now, it was pointed out, would bring 1938 well up with the big consumption of 1937. A sharp change in weather conditions, apparently imminent, would have a salutary effect on the sale of winter lubricants and accessories of winter time which until now have been a drug on the market. Widespread Price Cuts Crude men still gloomed about the widespread price cuts of the past two weeks. A new cut in Cornish, a Pennsylvania crude, which put that product down to 87 cents a barrel, lowest in five years, did not make cheerful reading in other producing states. In the Mid-Continent area crude prices had settled

down to substantially lower levels for every grade. Refiners got their cost accounting books and tried to figure out whether the lower crude prices would enable many a small plant to operate at a profit. Some agreed the lower crude prices gave them a little better break but nobody was jubilant. Despite the demand, gasoline was weak and there was no assurance that present prices for gasoline at the refinery would hold any length of time. The producing end of the business still had its eyes on Illinois where a 4,000-barrel well was brought in and an extension of the Lake Central field seemed to indicate a townsite drilling campaign for the city of Salem. Three hundred and five wells still were drilling in Illinois after 52 completions during the week.

### Army To Buy Mounts Here

Purchasing Board Will Be In City On Oct. 28th

Big Spring has been designated as a purchasing point on Oct. 28 by an army purchasing board which will be making a trip through the South Central remount area to buy animals for the army. Animals will be purchased for delivery on board the cars at a designated shipping point, to be named after the board inspection. Marion I. Voorhes, officer in charge, requested that stallion

agents have their brood mares and as many foals as possible, which have been sired by remount stallions, available for the board to see. In all cases where an applicant inspection is being made the board must see the mares at the same time. Stallion inspection will be held at Jess Slaughter place for Reno Job, at R. L. Powell's ranch for Bus Boy, at the E. W. Lomax place for Sonny Basil, and at the L. S. McDowell and Son ranch for Over Lord. Applications for stallions include Lloyd Wasson, Clayton Stewart, J. S. Blissard and W. G. Hayden. On the same day there will be inspection at a purchasing point at the Ackerly stockyards, and at the Currie ranch near Garden City. Specifications for animals for the army follow: Four to eight years of

age, 15.1 to 16 hands high, 1,000 pounds or up, half thoroughbred or better, bay, black, brown or chestnut in color, and gelding as to sex. OIL SUITS SET OCT. 24 AUSTIN, Oct. 20 (AP)—Three suits seeking to enjoin the railroad commission and attorney general from interfering with movement of confiscated oil purchased at auction have been set for hearing October 24 in Travis county district courts. Plaintiffs are A. V. Riley and H. R. Burden who asserted they purchased with court approval a portion of 543,000 barrels sold by the sheriff of Gregg county and Marvin H. McMurry who related he paid \$27,289 for oil purchased from the Smith county sheriff.

### SCENIC DRIVE IN DAVIS MOUNTAINS IS EXTENDED

FORT DAVIS, Oct. 20 (AP)—Construction has been started on an eight-mile extension of the scenic drive that leads westward past McDonald observatory. The drive is part of the 75-mile scenic loop the state legislature 12 years ago demanded the highway department construct but only 24 miles of it has been completed. The proposed route touches four park sites donated by ranchmen of Jeff Davis county. One site, four miles from Fort Davis, developed by a CCC troop, comprises 1,760 acres. On it has been constructed a hotel costing more than \$10,000 and operated by the state park board.

Roosevelt Ponders International Agreement For Dividing Up World Surpluses Of Major Products

HYDE PARK, N. Y., Oct. 20 (AP)—President Roosevelt was represented by a senatorial caller today as preferring an international agreement to divide up the world market for surplus products like wheat and cotton, over the dumping of such commodities abroad at ridiculously low prices.

pluses and having the world price set the domestic price. The Oklahoma senator said he favored a domestic allotment plan under which each farmer would get a specific share of the home market and let any surplus "seek its own level."

ENGLAND-FRANCE-US COMBINE SEEN AS WAY TO PEACE

BOSTON, Oct. 20 (AP)—William E. Dodd, former United States ambassador to Germany, today declared "there is only one peace remedy and that is for England, France and the United States to get together."

In a prepared address at the annual meeting and industrial conference of the Associated Industries of Massachusetts, Dodd said: "That means a return to the Wilson, Washington point of view: easy trade relations, the payment of debts to one's people, forbidding of wars and the redistribution of urban populations."

Make - Believe On Menus Helps The Balky Child's Appetite

If your child balks at his soup, put a plate of toast animals alongside it and see if that doesn't change his mind.

### Kiwanis Club's Halloween Benefit Carnival To Run For Two Nights

Big Spring Kiwanians, at their regular weekly luncheon Thursday, voted to make a two-night affair out of their Halloween Jubilee, a fun and frolic carnival to be staged on the parking lot at the rear of the Crawford for the purpose of raising funds for their Crippled Children's work. According to plans now, the carnival will be held Saturday night, Oct. 29 and Monday, Oct. 31.

Layout of the grounds at present calls for eighteen different concessions, all to be jammed full of either attractive, useful prizes or entertainment.

By adding Saturday to the schedule, the club felt this would enable many from surrounding communities who come here on that day for supplies to attend this "something new, something different" offering.

According to George Gentry, many of the awards to be made at the various concessions have been donated by local firms, such as groceries, hams, hens, turkeys, bedding, novelty gifts and many others. Since the entire show is for the purpose of creating funds for the aid of the crippled children of this city, it is believed many more firms will offer donations.

"The town is certainly coming in with us on this undertaking," Gentry reported today, "and from all indications our Crippled Children's carnival can be one of the biggest annual affairs in this part of West Texas."

Today's program was in charge of Shirley Robbins and Charles Kelsey, the latter presenting Miss Eloise Halley in a reading titled "A Swedish Girl's Version of Red Riding Hood." Mrs. Ann Gibson Flower was then introduced, and she in turn presented Misses Eva Jane Darby and Jenn Kuykendall, Miss Darby offering another reading and the latter a vocal and tap number.

**State Securities Law Is Upheld**  
AUSTIN, Oct. 20 (AP)—Validity of a state law requiring registration of dealers in securities was upheld by the Court of Criminal Appeals Wednesday.

It affirmed a Cooke county district court's conviction of Roger J. Atwood who was fined \$500 for selling oil and gas leases without a permit from the securities division of the secretary of state's office.

**NAVY DAY**  
AUSTIN, Oct. 20 (AP)—Governor James V. Alfred—who used to be a gob himself—today asked Texas citizens in a proclamation to observe Navy Day, Oct. 27, as a means "of fostering better understanding throughout the nation for the navy's work."

### Alfred O. Draper Claimed By Death; Services Friday

Long illness ended in the death, at 6 o'clock Thursday morning of Alfred O. Draper, long-time resident of Big Spring. He succumbed at his home, 110 North West Third street.

Mr. Draper, 70, was engaged as a broom maker here for several years. He had not been active for six months because of ill health.

The funeral service is scheduled for 10 o'clock Friday morning at the Eberly chapel, and interment will be beside the grave of his wife, who died in 1935.

Surviving are two daughters, Mrs. C. E. Larmon of Big Spring and Mrs. Estalla May Thompson of Owensboro, Ky.; a step-daughter, Mrs. Lily Williams of Blanco, Okla.; four sons, A. O. Draper of Wichita Falls, M. S. Draper of Big Spring, and C. L. and C. D. Draper of Santa Fe, N. M.; and two step-sons, V. A. Draper of Spiro, Okla., and R. R. Draper of Barnsdale, Ark. Thirteen grandchildren also survive.

**Continues Parley on Citrus Marketing**  
WASHINGTON, Oct. 20 (AP)—The national citrus conference studied today the mechanics of disposing of low grade fruit which the Agriculture Adjustment Administration and others suggested eliminating from the market.

Delegates arranged another session which some participants predicted would result in a definite proposal to the federal agency.

Earlier conferences failed to evolve an agreement on how much of the burden would be assumed by the government.

Delegates estimated the surplus at 10,000,000 boxes each of grapefruit and oranges, including California Valencia.

A proposal which found favor was to eliminate all shipments except those of first and second grade fruit. An unsolved problem was what to do with the remainder.

Meanwhile, a Florida growers committee was reported to have agreed to recommend a compromise marketing act.

### COTTON SPINNING IS OFF SLIGHTLY

WASHINGTON, Oct. 20 (AP)—The census bureau reported today the cotton spinning industry operated during September at 72.8 per cent of capacity, on an 80-hour week basis, compared with 76.2 per cent during August this year, and 83.3 per cent during September last year.

### Gas Rate Case Is Again Before Court Says FD Favors

AUSTIN, Oct. 20 (AP)—Attorneys for the Lone Star Gas company and the state have filed briefs with the Austin court of civil appeals in the famous case involving the company's gas rate and the court again is working on the litigation.

The case was returned to the civil appeals court by the United States supreme court last May.

Company attorneys claim the only thing the court of civil appeals can do is affirm the judgment of the district court which several years ago held excessive a rate reduction of from 40 to 32 cents per 1,000 cubic feet ordered by the railroad commission in 1933.

The court of civil appeals had reversed the district court, ruling the reduction was fair and reasonable in every respect.

The attorney general's department maintains the United States supreme court action in reversing the court of civil appeals did not mean the company had won finally, but merely that the highest court did not approve of the appellate court's reasons for reversing the trial court.

### Big Spring Motor Sponsors Auction Of Used Cars

Auction sale of 130 used automobiles of all makes will be started Friday by the Big Spring Motor company, Ford dealer here, with E. A. Tennis as auctioneer.

Two sales are scheduled Friday and two on Saturday, beginning at 2 p. m. and 7 p. m.

The company announces that all cars will be put on the block to go to the highest bidder. Otherwise, the sale will be like any other automobile deal, in that trade-ins will be accepted, and term payments arranged for. Prospective purchasers have been invited to pick out a car they want, then be ready to bid at the auction.

As an added attraction at the sale, two cars will be given away, a 1933 Dodge coupe Friday and a 1935 Buick sedan Saturday.

### Republicans Will Seek Amendments To Labor Act

WARREN, Ohio, Oct. 20 (AP)—John D. M. Hamilton, republican national chairman, asserted today republicans would seek amendments to the national labor act in the interest of "fair play" for workers, employers and the American Federation of Labor.

Republicans, Hamilton said in an address prepared for delivery here, "agree generally" with amendments proposed recently by the A. F. of L. convention.

"They agree because they believe that government should be an umpire to enforce fair play—not a partisan of one faction of organized labor," Hamilton declared.

"And why should not the national labor relations act be amended?" Hamilton asked. "Certainly it has not brought the peace and harmony between labor and industry for which it was designed."

The speaker predicted that "economic recovery will leap forward" following election next month of republican candidates in Ohio and other industrial states.

### HUGE PROCESSION MARKS CLOSE OF CATHOLIC MEET

NEW ORLEANS, Oct. 20 (AP)—An estimated 80,000 persons awaited today the signal starting them in a solemn, two mile procession marking the close of the eighth annual National Eucharistic Congress.

Plans called for formation of the procession on Broad Canal street late in the afternoon, followed by movement to the football stadium in city park for the benediction, with George Cardinal Mundelein, of Chicago, papal legate, as celebrant.

Earlier today came the solemn pontifical mass for women at city park with the Most Rev. Amleto G. Cigognani, D.D., Archbishop of Laodicea and apostolic delegate to the United States, as celebrant.

### HITLER GOES INTO SUDETEN SECTOR

KRUMAU, Sudeten Germany, Oct. 20 (AP)—Pealing church bells and cheering throngs welcomed Reichsfuehrer Adolf Hitler today as he came from Linz to this Sudetenland region formerly a part of Czechoslovakia.

In a market square address Hitler proudly reviewed the growth of Germany this year as achieved without a single stroke of the sword.

### BIG CELEBRATION IS PLANNED FOR INAUGURATION

AUSTIN, Oct. 20 (AP)—There'll be dancing in the streets, weather permitting, when W. Lee O'Daniel is inaugurated governor Jan. 17.

An Austin citizens committee planning inaugural events will formulate plans at a meeting called for tonight.

Among suggested innovations is a street dance supplementing the formal inaugural ball and use of the University of Texas' huge memorial stadium for the inauguration proper, instead of the capitol grounds.

O. P. Lockhart, chairman, said plans would be laid "for an inauguration as big as the vote Mr. O'Daniel received."

### ENGINEER SUCCUMBS

BRONXVILLE, N. Y., Oct. 20 (AP)—Henry Stuart Fleming, 75, widely known mechanical, civil and metallurgical engineer, died at his home here yesterday after a two-week illness. He had been president for the last 10 years of the Louisiana Southern railway.

### NYA SURVEY BEING MADE IN B'SPRING

Frank Shaffer, field representative for NYA out of the Abilene area office, was here making a precursory survey of boys and girls who might be eligible for aid under the agency.

He conferred with Migonne Crunk, case worker for the Howard County Welfare association, concerning the number of youths who might be eligible for NYA work. Shaffer planned to return about Nov. 1 to make a thorough study of the problem and to confer with all boys and girls interested.

At the present time, the only NYA project in the county is at the WPA nursery where some five girls are employed.

### Kiwanis Club's Hallowe'en Benefit Carnival To Run For Two Nights

Big Spring Kiwanians, at their regular weekly luncheon Thursday, voted to make a two-night affair out of their Hallowe'en Jubilee, a fun and frolic carnival to be staged on the parking lot at the rear of the Crawford for the purpose of raising funds for their Crippled Children's work. According to plans now, the carnival will be held Saturday night, Oct. 29 and Monday, Oct. 31.

Layout of the grounds at present calls for eighteen different concessions, all to be jammed full of either attractive, useful prizes or entertainment.

By adding Saturday to the schedule, the club felt this would enable many from surrounding communities who come here on that day for supplies to attend this "something new, something different" offering.

According to George Gentry, many of the awards to be made at the various concessions have been donated by local firms, such as groceries, hams, hens, turkeys, bedding, novelty gifts and many others. Since the entire show is for the purpose of creating funds for the aid of the crippled children of this city, it is believed many more firms will offer donations.

"The town is certainly coming in with us on this undertaking," Gentry reported today, "and from all indications our Crippled Children's annual affair in this part of West Texas."

Today's program was in charge of Shirley Robbins and Charles Kelsey, the latter presenting Miss Eloise Halley in a reading titled "A Swedish Girl's Version of Red Riding Hood." Mrs. Ann Gibson Turner was then introduced, and she in turn presented Misses Evelyn Darby and Jean Kuykendall, Miss Darby offering another reading and the latter a vocal and tap number.

### CONTINUE PARLEY ON CITRUS MARKETING

WASHINGTON, Oct. 20 (AP)—The national citrus conference studied today the mechanics of disposing of low grade fruit which the Agriculture Adjustment Administration and others suggested eliminating from the market.

Delegates arranged another session which some participants predicted would result in a definite proposal to the federal agency.

Earlier conferences failed to evolve an agreement on how much of the burden would be assumed by the government.

Delegates estimated the surplus at 10,000,000 boxes each of grapefruit and oranges, including California Valencias.

A proposal which found favor was to eliminate all shipments except those of first and second grade fruit. An unsolved problem was what to do with the remainder.

Meanwhile, a Florida grower committee was reported to have agreed to recommend a compromise marketing act.

### U.S. Holds More Than 55 Pct. Of The World's Gold

WASHINGTON, Oct. 20 (AP)—The treasury disclosed today that the gold hoard was above \$14,000,000,000—more than 55 per cent of all the monetary gold in the world.

America's holdings grew enormously during the European war, when foreigners sent gold here to buy dollar credits in which to invest their wealth for safekeeping. Since Sept. 1, the treasury has acquired \$872,768,635 worth of the metal, more than during any similar period in history.

Most of the treasury gold has been converted into cash by the issuance of paper currency against the metal. However, the department has retained \$626,778,907 worth in an unobligated fund from which it could supply foreigners who decide to take their money home.

The latest federal reserve board estimate of the world's monetary gold stocks was \$23,803,000,000, of which England and France each had about \$2,500,000,000 and Holland had about \$1,000,000,000.

### State's Deficit Is Up To 17 Million

AUSTIN, Oct. 20 (AP)—The overdraft in the state's general fund soared today to \$17,128,894, nearly \$3,000,000 higher than at the same time a year ago.

State Treasurer Charley Lockhart reported the general fund deficit grew \$996,000 during the 15-day period ended. The Confederate pension fund deficit was \$4,041,504.

Lockhart called for payment all warrants issued through last March 21. The new call number was 134,322. There was no change in the Confederate pension call.

### ADMITTS STORY OF ATTACK WAS HOAX

BOWLING GREEN, O., Oct. 20 (AP)—Sheriff Arnold Lach said today 18-year-old Betty Gazarek of nearby North Baltimore has confessed her story last week of being abducted and attacked by two men was a hoax.

A widespread search has been made for the pair after Betty, her clothing torn, was found with obscene words daubed on her body in red paint.

### Alfred O. Draper Claimed By Death; Services Friday

Long illness ended in the death at 6 o'clock Thursday morning of Alfred Otis Draper, long-time resident of Big Spring. He succumbed at his home, 110 North West Third street.

Mr. Draper, 70, was engaged as a broom maker here for several years. He had not been active for six months because of ill health.

The funeral service is scheduled for 10 o'clock Friday morning at the Eberley chapel, and interment will be beside the grave of his wife, who died in 1935.

Surviving are two daughters, Mrs. C. E. Larson of Big Spring and Mrs. Estella May Thompson of Owensboro, Ky.; a step-daughter, Mrs. Lily Williams of Blanco, Okla.; four sons, A. O. Draper of Wichita Falls, M. S. Draper of Big Spring, and C. L. and C. D. Draper of Santa Fe, N. M.; and two step-sons, V. A. Draper of Spiro, Okla., and R. R. Draper of Barnsdale, Ark. Thirteen grandchildren also survive.

### Gas Rate Case Is Again Before Court Says FD Favors

AUSTIN, Oct. 20 (AP)—Attorneys for the Lone Star Gas company and the state have filed briefs with the Austin court of civil appeals in the famous case involving the company's gas rate and the court again is working on the litigation.

The case was returned to the civil appeals court by the United States supreme court last May.

Company attorneys claim the only thing the court of civil appeals can do is affirm the judgment of the district court which several years ago held excessive a rate reduction of from 40 to 32 cents per 1,000 cubic feet ordered by the railroad commission in 1928.

The court of civil appeals had reversed the district court, ruling the reduction was fair and reasonable in every respect.

The attorney general's department maintains the United States supreme court action in reversing the court of civil appeals did not mean the company had won finally, but merely that the highest court did not approve of the appellate court's reasons for reversing the trial court.

### Republicans Will Seek Amendments To Labor Act

WARREN, Ohio, Oct. 20 (AP)—John D. M. Hamilton, republican national chairman, asserted today republicans would seek amendments to the national labor act in the interest of "fair play" for workers, employers and the American Federation of Labor.

Republicans, Hamilton added in an address prepared for delivery here, "agree generally" with amendments proposed recently by the A. F. of L. convention.

"They agree because they believe that government should be an umpire to enforce fair play—not a partisan of one faction of organized labor," Hamilton declared.

"And why should not the national labor relations act be amended?" Hamilton asked. "Certainly it has not brought the peace and harmony between labor and industry for which it was designed."

The speaker predicted that "economic recovery will leap forward" following election next month of republican candidates in Ohio and other industrial states.

### Big Spring Motor Sponsors Auction Of Used Cars

Auction sale of 130 used automobiles of all makes will be started Friday by the Big Spring Motor company, Ford dealer here, with E. A. Tannis as auctioneer. Two sales are scheduled Friday and two on Saturday, beginning at 2 p. m. and 7 p. m.

The company announces that all cars will be put on the block to go to the highest bidder. Otherwise, the sale will be like any other automobile deal, in that trade-ins will be accepted, and terms payments arranged for. Prospective purchasers have been invited to pick out a car they want, then be ready to bid at the auction.

As an added attraction at the sale, two cars will be given away, a 1933 Dodge coupe Friday and a 1935 Buick sedan Saturday.

### DATES ARE FIXED FOR SCOUT MEETINGS

Two important dates for local Boy Scouts were announced Thursday by Jack Penrose, scout field executive.

A board of review will be held for all scouts wishing to be checked officially on advancement on Oct. 27. On Oct. 30 awards will be presented at a meeting of the Court of Honor. Both meetings will be held in the city court room, and those attending are urged to use the police entrance.

The board of review is scheduled at 7:30 p. m. and the court of honor at 2:30 p. m.

### ACCUSED SLAYER OF SHERIFF CAPTURED

POPULAR BLUFF, Mo., Oct. 20 (AP)—Leslie R. Cameron, 25, accused in the shotgun slaying of an Oklahoma sheriff, was under heavy guard today after his capture in wooded river bottoms near here.

Alvie C. Wright, 24, who Captain Sheppard said confessed the slaying of Sheriff Owen at Nowata county, Okla., was captured Sunday morning. Two young women companions of the pair were arrested a few hours later and named Wright as the slayer.

### WORK UNDER WAY ON ANOTHER DAM FOR THE COLORADO

AUSTIN, Oct. 20 (AP)—Workmen poured concrete today into forms of Tom Miller dam, fourth structure of the Lower Colorado River Authority's flood control and power program.

The new dam will replace the old city dam constructed in 1894 and washed out in a devastating flood of 1900. Estimated to cost \$2,300,000, it is scheduled for completion next May.

### DALLAS WOMAN IS VICTIM OF SUICIDE

DALLAS, Oct. 20 (AP)—The death of Mrs. Edgar P. Fears, 54-year-old mother of actress Peggy Fears who was found in her gas-filled apartment, was recorded today as a suicide.

Friends said Mrs. Fears had been in ill health. She was found huddled under blankets in a bedroom where windows and doors had been sealed. Her death was discovered when her husband returned from his office late yesterday. Justice Walter Stovall returned the suicide verdict.

Her daughter Peggy, who left Dallas several years ago for a stage career, is the divorced wife of A. C. Blumenthal, theatrical man.

### State Securities Law Is Upheld

AUSTIN, Oct. 20 (AP)—Validity of a state law requiring registration of dealers in securities was upheld by the Court of Criminal Appeals Wednesday.

It affirmed a Cooke county district court's conviction of Roger J. Atwood who was fined \$500 for selling oil and gas leases without a permit from the securities division of the secretary of state's office.

### NAVY DAY

AUSTIN, Oct. 20 (AP)—Governor James V. Allred—who used to be a gob himself—today asked Texas citizens in a proclamation to observe Navy Day, Oct. 27, as a means "of fostering better understanding throughout the nation for the navy's work."

Hitler Eyes Philippines For Trade

U. S. Governmental Officials Watching Commercial Reports

WASHINGTON, Oct. 20 (AP)—Guarded German inquiries on commercial prospects in the Philippines produced official speculation today whether the Hitler regime was eyeing the Far East as well as South America as a trade outlet.

The most recent inquiry, made by a business man described as influential in Nazi trade councils, caused government officials concerned with Far Eastern affairs to scan late commercial reports.

Germany is building a second new ship for the Philippine government. Italy is constructing two commercial vessels for inter-island trade.

Germany is building a second by its shipping links with the islands and the Far East generally.

Ask Termination Of Interstate Market Pact

ONTARIO, Calif., Oct. 20 (AP)—Petitions asking termination of the California-Arizona marketing agreement by November 1 were speeding eastward to Secretary of Agriculture Henry Wallace today.

The petitions, signed by hundreds of orange growers, assert that the agreement "tends to effectuate the declared policy of the AAA."

Moreover, it is declared, the agreement causes serious losses to California and Arizona producers, because citrus producers of Florida and other states are not regulated under a national plan coordinated with the California-Arizona agreement.

The petitions state there is no regulation of deciduous fruits and melons, with which California and Arizona citrus is competing.

Western States Show To Open Here Monday

The Western States Shows, one of the major carnival units on tour, will move into Big Spring for a week's engagement opening Monday. It was announced Thursday.

The shows will be located at the old ball park on the highway east of the city. Western States claims rides, shows and amusement devices in quantity and quality to satisfy all amusement seekers.

The carnival is playing this week in Odessa, and will arrive here Sunday from that city.

JERUSALEM QUIETER AFTER BRITISHERS STAGE CLEAN-UP.

JERUSALEM, Oct. 20 (AP)—Comparative calm reigned over this holy city today after 30 months of continuous Arab-Jewish turmoil and bloodshed.

Without the loss of a single British life, British soldiers completed clean-up operations by reconquering the old section.

This drive ended 24 hours of steady military efforts to eliminate nests of rebellious Arabs who had held the old city for four days, and was a prelude to the larger task of crushing a revolt throughout Palestine.

The campaign caused nine Arab deaths and injuries to 18 others. Two British constables and one soldier were wounded. Forty Arabs were taken prisoner.

ACCUSED MAN WILL TESTIFY IN TRIAL

CHICAGO, Oct. 20 (AP)—Forsaken by the pretty young wife whose lover he is charged with slaying, defended as a model husband by his mother-in-law, Rudolph Sikora awaited a call to testify in his own behalf today.

Murder trial spectators, most of them women, jammed the courtroom to overflow yesterday to glimpse the unusual drama of a mother supporting the marital conduct of her son-in-law and condemning the shortcomings of her daughter.

LEADING ROLE—but no "gangster" part—was played in London by Jack LaRue, who's well known for his underworld film characterizations. He married social Constance Simpson. LaRue has been appearing in the "Golden Boy" in London.

Farley Goes Into Pennsylvania To Aid Demo Cause

PHILADELPHIA, Oct. 20 (AP)—The new deal's leadership, with Postmaster General James A. Farley at the forefront, plunges into Pennsylvania's fall campaign tonight with national aid in the democratic fight to elect a U. S. senator and retain control of the state government.

Farley, democratic national chairman, is the first of eight "big gun" speakers expected to enter the state before the election less than three weeks hence. He will appear at a \$100-per-plate dinner here, an affair which ticket sales show will yield at least \$270,000 to the state democratic campaign fund.

Besides Farley, three department heads and four members of congress plan to speak in behalf of the democratic ticket. They include Interior Secretary Ickes, Agriculture Secretary Wallace, Attorney General Cummings, Senator Barkley, the majority leader; Senator Hill of Alabama; Speaker Bankhead and Representative Rayburn of Texas.

PRISON SENTENCE IS AFFIRMED

AUSTIN, Oct. 20 (AP)—The court of criminal appeals today affirmed a five-year penitentiary sentence given Otis H. Gibson in Montgomery county on conviction of conspiracy to use a forged oil tender.

The appellate court said evidence was similar to that presented in a companion case previously affirmed against M. D. Carter and the principal new arguments on appeal were those of Gibson against trial procedure, particularly those attacking remarks of the district at-

PARADE WILL BE BIG FEATURE OF RANGER JUBILEE

RANGER, Oct. 20—A colorful parade will be one of the highlights of Ranger's annual homecoming next Friday, in observance of the twenty-first anniversary of the discovery of oil.

Pioneers in buggies and wagons will have an honored place in the procession, which will start at 4:45 p. m., and a touch of the west will be given by many men and women on horseback. The oil industry will be represented by a division. The bands and pep squads of Breckenridge and Ranger, whose teams meet in an Oil Belt football classic that night here, will participate in the parade as will the national guard unit, fire and police departments, American Legion, state highway patrol and others.

Ten thousand persons are expected to attend the occasion. Mayor Hall Walker, general chairman, has especially urged citizens of neighboring cities and all persons who were in Ranger during the big boom to be on hand.

ALLRED WILL HAVE A TRY AT CLIMBING PIKE'S PEAK

COLORADO SPRINGS, Colo., Oct. 20 (AP)—Covetous eyes of Texas were upon Pike's Peak today, but capricious weather made it questionable whether Gov. James V. Allred of Texas would succeed with plans to plant the Texas state flag on the summit of the 14,110-foot peak.

He and Gov. Teller Ammons, who lost the mountain to Gov. Allred on a wager over the Colorado-Rice football game in the Cotton Bowl last winter, came here to try an ascent of the peak today, but it was doubtful whether snow would permit them to get above the timberline.

BRITAIN'S BLOODHOUNDS, imported from South Africa, are being used in Palestine to help track down rebels hiding in native lairs. The British soldiers (above) dress in civilian attire so as to escape notice of marauders.

MAN'S DEATH IS BEING PROBED

CORPUS CHRISTI, Oct. 20 (AP)—Investigation into circumstances surrounding the death Saturday of Henry Franklin, Corpus Christi mattress maker, has shifted to the Rio Grande valley.

Corpus Christi officers left here for Edinburg to check valley angles of the case following announcement of the finding of Franklin's blood stained automobile near Mercedes.

Local officers believe Franklin, 45, was murdered and his body thrown from a car into a roadside

ditch near here. The officers are working on the theory that Franklin was murdered for his automobile. His pocketbook was intact.

TRIAL POSTPONED

CROCKETT, Oct. 20 (AP)—Clyde Thompson, convict charged with the slaying of Robert Massey in Eastham prison farm, has obtained a postponement of his trial and awaits a new setting by Judge Sam Holland.

Sheriff Archie L. Maples said the postponement was made necessary because convict witnesses had refused to testify.

Joe, "The Holdout Kid", Wants To Drop Nickname

SAN FRANCISCO, Oct. 20 (AP)—Joe DIMaggio, one of Col. Jake Ruppert's wayward Yankees at the start of the 1938 season, confided in the home folks today—"I'm through being the holdout kid."

Back in San Francisco at picturesque Fishermen's wharf, Joe talked with the humble fishermen who were his companions before he deserted the nets for baseball and who are among his greatest boosters.

"Yeh," said Joe, "that's right, I'm through being the holdout kid. I expect to be among the first in camp next spring and I'm gonna get myself in shape so that I can't miss having a good season." Some believe Joe already knows what Colonel Ruppert will pay him next season.

JONES ASKS A FAIR TRIAL FOR HIS FARM PLAN

AMARILLO, Oct. 20 (AP)—Rep. Marvin Jones, legislative father of the 1938 federal farm act, wants the nation's farmers to give his brain child a fair tryout before throwing it out of the house. In a written statement the house agriculture committee chairman, conceding the law had its faults,

said attacks upon it were not justified and were hurting farmers. He said the law probably would be repealed during the next congress. There is a possible single solution to the farm problem, he said. "If any person believes he has a simple panacea for the problem he has not thought the matter through."

Part In "Marie Antoinette" Gives Joseph Schildkraut A Record In Portrayal Of Historical Roles

Joseph Schildkraut believes he has established a new record for playing historical roles with his selection for the important part of the Duke d'Orleans in "Marie Antoinette," the famed historical drama which plays Sunday and Monday at the Ritz theatre.

Schildkraut is pictured above in a scene from the picture with Gladys George, who has the part of Madame du Barry. The Ritz is offering "Marie Antoinette" on a special three-day schedule, the feature starting each day at 1:46, 5:09 and 8:32 p. m.

Schildkraut's first scene with Norma Shearer and Tyrone Power marked the 30th character of the period the actor has portrayed in 27 plays and pictures.

"No episode in history has produced so much great drama as the French revolution," said Schildkraut, who owns a notable private library on the subject.

"It was the stage that first interested me in history. One of the earliest roles I played on the stage in Vienna was Robespierre. Later I enacted King Louis XV, Marat, Danton, Prince Provence, Prince de Rohan and others."

A major figure in the history of the French revolution, the Duke d'Orleans was a subtle politician in the courts of Louis XV and Louis XVI. He was the man who played Marie Antoinette against Madame du Barry and fled to win either. Avid for personal glorification, he threw his forces to the revolutionary leaders, voted for the death of Louis XVI and eventually lost his own head.

"Marie Antoinette," directed by W. S. Van Dyke II, sets a record for the number of historical characters presented in one picture, no less than 152 prominent figures of the fabulous era being shown.

In a brilliant supporting cast with Schildkraut are John Barrymore as King Louis XV, Robert Morley as King Louis XVI, Anita Louise as the Princess de Lamballe, Gladys George as Madame du Barry and Henry Stephenson as Count Mercy.

**KBST Extends Its Schedule**

Local Station To Remain On The Air Until 11 P. M.

Station KBST adds another hour to its week-day operating schedule, effective today.

Instead of closing down at 10 o'clock each week, KBST will remain on the air until 11 o'clock Mondays through Fridays.

Purpose of the extension is to bring to KBST listeners a feature sports program from 10:30 to 10:45, along with news and outstanding dance bands of the country.

The sports program is that conducted on the Texas State Network by Len Finger, program director and veteran sports announcer of station KTAT, Fort Worth. Finger will give sports followers all the dope on sports events Mondays through Saturdays at 10:30 p. m.

The extension also adds another newscast to the KBST log—from 10:15 to 10:30. Dance bands added as a result of the extension are Ace Brigade's orchestra from WLW, from 10:15 to 10:30 and Dick Jurgens' orchestra from WGN, Chicago, from 10:45 to 11.

**SMU Prexy May Be Named Nov. 7th**

DALLAS, Oct. 20 (AP)—The new president for Southern Methodist university may be known Monday, Nov. 7, as a meeting of the university trustees has been called for that date to consider a list of possibilities to be submitted by the nominating committee.

An advisory committee of the faculty is studying all information concerning the men being considered and will make a recommendation to the nominating group of trustees.

Educators mentioned most frequently for the position are Dr. Humphrey Lee, dean of the theological school of Vanderbilt university, and Dr. John Andrews of New York university. Dr. Lee is a graduate of S. M. U. and formerly taught in the S. M. U. school of theology.

Dean E. B. Hawk, acting president of the university, has announced he would decline the presidency if it should be offered him.

Members of the trustee's nominating committee include Bishop Ivan Lee Holt and Frank L. McNairy of Dallas, Dr. Walter W. Ward of Waco, and Rev. J. C. Haynes of Amarillo. W. W. Fendren of Houston, H. E. Jackson of San Angelo, and R. T. Blackburn of Durant, Okla.

**QUITS CONFERENCE SECRETARYSHIP AFTER 46 YEARS**

SAN ANTONIO, Oct. 20 (AP)—Dr. Sterling Fisher, secretary of the West Texas conference of the Methodist Episcopal Church, South, ended 46 years in that position here last night.

With the calling of the roll at the annual meeting Dr. Fisher ended his official church career by tendering his resignation. "His is a record unequalled in the history of Methodism," Bishop Frank A. Smith of Houston said.

Rev. R. F. Curl, pastor of Woodlawn Methodist church here, who has served as Dr. Fisher's assistant for two years, was elected to fill the position of conference secretary.

Delegates to attend the Kansas City convention next April when plans for merging the different branches of the denomination are to be discussed, will be elected to-day.

Rev. M. D. Mancil of McAllen will speak tonight.

**AGREEMENT MAPPED TO END COASTAL LABOR DISPUTE**

SAN FRANCISCO, Oct. 20 (AP)—Settlement of an extended labor dispute which closed 138 bay region warehouses and threw 2,500 men out of work was achieved early to-day, Paul C. Smith, mediator, announced.

A basis for amicable termination of the controversy was reached by union and employer representatives at 2:10 a. m. after almost continuous meetings which started early yesterday, Smith said.

Smith said the accord now goes to the union membership and members of the association of San Francisco distributors for ratification.

Terms of the settlement were not revealed. The chief stumbling block in negotiations had been a distributors' demand for a long-term master contract for the entire industry.

**DIFFERENCE IN OVERTIME PAY SEEN UNDER WAGE-HOUR ACT**

WASHINGTON, Oct. 20 (AP)—Officials of the wage-hour administration studied today the possibility that an important distinction in computing overtime payments may exist between workers employed on a weekly basis and those paid by hourly rates.

As a result, it appeared possible that some wage earners might legally continue to work more than 44 hours a week after the wage-hour law becomes effective Monday without actually increasing their aggregate incomes.

The interpretation of the law which creates this possibility has been given unofficially by wage-hour authorities in response to inquiries by business men and industrialists preparing to comply with the act.

Like other interpretations, however, it is subject to court review. It should be held eventually to constitute a violation, the employer acting on it would be subject to penalties.

On this, as on other problems arising under the law, each employer must decide for himself the nature and extent of his compliance—always aware that any step he takes may be challenged in court.

When the wage-hour law becomes effective, the nation's standard work week will be 44 hours. When employees in interstate commerce work more hours, they must be compensated at the rate of time and one-half. These provisions have posed for officials the question of how overtime is to be figured for an individual employee.

This is the unofficial advice which some wage-hour authorities have given in response to inquiries:

1. Any employee who worked on an established hourly wage rate must be paid overtime compensation at one and one-half times that rate. Such a rate may have been established by agreement between the employer and employee, by contract or by collective bargaining.
2. A worker now employed on a flat weekly salary might be worked overtime without increased total pay by regarding his hourly rate as being at a lower figure.

**Hot Battles Ahead For Congress**

Controversial Issues Shaping Up For Next Session

WASHINGTON, Oct. 20 (AP)—Members of congress are certain to have some free-for-all legislative battles next session, regardless of the results of the November election.

At least a half-dozen issues, already slated for consideration, probably will develop vigorous debate and much political maneuvering. On some questions, party lines may be split deeply.

A major argument among several divergent interests is expected to develop over suggested revision of the Wagner labor act.

Similarly, numerous proposals to change the social security act are anticipated.

Involved in the issue will be efforts to set up a new and more liberal pension system for the aged. The \$30-a-week Thursday plan suggested in California has had its counterpart in other state campaigns, with some candidates making higher old-age pensions a key plank in their platforms.

The perennial farm problem will hold an important place on the congressional agenda.

Another long-debated issue will be revived in various proposals to revamp the neutrality law.

Along with neutrality, congress will decide how much should be spent for armaments.

Government reorganization—wanted by the administration and pigeonholed in the house last session—will be resubmitted by administration legislators.

Other issues likely to arouse congressional controversy are railroad relief legislation; tax revision, including the question of eliminating exemptions on government securities; amendments to the wage-hour law, and monopoly control.

**BIG HOMECOMING EVENT AT BAYLOR THIS WEEKEND**

WACO, Oct. 20 (AP)—Baylor university is expecting the greatest homecoming celebration in its 94-year history Saturday, President Pat M. Neff said today.

Headlining the program will be the Baylor-Texas A. and M. football game. After formal dedication of the institution's new \$175,000 Rena Marrs McLean physical education building.

L. A. Woods, state superintendent of public instruction, and Earl B. Smyth, Baylor trustee and Dallas insurance executive, will be featured speakers. Present will be Marrs McLean, Beaumont and San Antonio oil man who donated substantially to erection of the structure and his mother for whom the building was named.

Officers of the Baylor Centennial Foundation have set the date as the official opening of their campaign among former students to raise funds for a student union building on the campus.

**WEST TEXAS' HIGH FREIGHT RATE CITED**

ABILENE, Oct. 20 (AP)—Judged by population and quantity of production, West Texas has the nation's highest freight rate level, Manager D. A. Bandeen told traffic committeemen of the West Texas Chamber of Commerce here today.

What's more, Bandeen reported, rates in this area have increased while those in other parts of the nation have decreased.

Freight rates in West Texas are 72 per cent higher than in the Ohio-Indiana territory, which has the lowest scale in the United States, committee members were advised in a report prepared for their approval by Bandeen and E. R. Tanner, El Paso, WTCC traffic manager.

**WORK STARTED ON APPROPRIATION BILL**

AUSTIN, Oct. 20 (AP)—Members of a senate committee planned to begin writing a departmental appropriation bill here today. The committee is a sub-group of the senate finance committee. Chairman John S. Redditt of Lufkin has said \$5,000,000 to \$6,000,000 might be lopped from current appropriations.

## THE SPORTS PARADE

BY HANK HART

Since both teams were admitted to Class A ball back in 1929 the gridiron warriors of Big Spring and Sweetwater high schools have fought on fairly even terms with the Bovines loping to victory on four occasions and the Mustangs gaining the upper hand in five. There have been no ties.

The locals opened gloriously back at the turn of the decade with an impressive 14-0 victory in a game in which Ned Phillips and Buren Edwards tallied the touchdowns. The battle was waged in the Mustang corral.

The Ponies started a winning streak the following season, however, winning, 18-6, in a game in which they finished first again in 1931, 7-0, in that memorable battle on Newman field in which Sheridan and Sammy Baugh successfully duelled with Tack Dennis and Company; stomped the Longhorns in 1932 by an 18-6 score, then walloped the Herd, 13-0, in '33 in a game in which Virgil Jones, later to make history as a guard at Texas A&M, was featured. Virgil had valuable assistance from Barnett, Pomby and Holbert.

In '34 the Longhorns got back on the right track and upset the Sweetwater crew, 19-0, to start a three-year winning streak that did not end until the Mustangs won last year, 25-13. The Herd won the district title that year.

In 1935 the locals slipped up on Ed Hennig and Company and handed the red and white their worst licking in several years and the most one-sided drubbing in the history of the two schools, winning, 44-0, with Olie Cordill, Jimmy Ford, Sam Flowers and others supplying the spark that laid the Ponies low.

In '36 they were hard pressed but came through, 9-6, when Louie Madison started.

The Herd has an opportunity to even the count this weekend but will be the decided underdogs when they take the field.

Mentor Murphy is hoping for a dry and not-too-cold evening.

Waco And Corsicana Meet; Two Games To Be Played Tonight

By HAROLD V. RATLIFF Associated Press Staff

Paul Tyson, who over a 25-year period as a coach has won four state championships—the most for any one person in Texas interscholastic league annals—sends his Waco Tigers against Corsicana tomorrow night in a game that may be the decisive factor in his drive back toward the top.

It's been ten years since Tyson and his Tigers flew the schoolboy football pennant, his team often finishing close to a district championship but not quite. Last year the Bengals tied for the title but lost on statistical tabulations.

Waco and Corsicana, clashing in the feature battle of the week, may determine the District 11 championship in the game at Waco. Both are undefeated and untied and many critics declare the winner will be the team to beat in the campaign for Central Texas honors.

But this game is one of a dozen or more where the chips will go down—crucial battles that will go a long way toward determining the ultimate district titlist.

Austin Plays Bears

Austin and Bowie, El Paso teams favored to scrap it out with Odessa for the District 4 crown, clash Saturday in a decisive game. Poly and Paschal, strong Fort Worth contenders, meet tomorrow night in a tilt having strong bearing on the District 7 race. Texarkana and Longview, unbeaten in District 10, meet tomorrow night.

Lufkin and Palestine, District 10 leaders, play at Palestine. Both are unbeaten in conference competition. In addition to the Waco-Corsicana tilt, Temple meets Cicero in another game due to eliminate a contender for the title in District 11.

All four of the District 12 top clubs stage crucial games with Jefferson (San Antonio) meeting Austin and Brackenridge (San Antonio) clashing with Kerrville. Each is undefeated in conference play.

South Park (Beaumont) and Goose Creek open the drive in District 13.

## ACKERLY GAME POSTPONED; STEER RESERVES AND YEARLINGS PLAY

### Cordill Not To Start In Game With Texas U.

Bruised Shoulder Is Handicap; Dan Coffey Is Substitute

By THE ASSOCIATED PRESS

Marquette's so-so record notwithstanding, the Texas Christian university Horned Frogs don't intend to take the field at Milwaukee Saturday with a patronizing air.

Cordill is not expected to start in the game because of a bruised shoulder. Dan Coffey is the substitute.

Texas Christian players, 37 of them, left last night on the trip for the intersectional game. A few hours earlier Southern Methodist University, 33 strong, headed for Pittsburgh to play the mighty Pitt Panthers. There was little danger of the Mustangs getting overconfident.

The Arkansas Razorbacks were on the last leg of their journey to San Francisco to meet the Santa Clara Broncos in the third intersectional game for the Southwest conference on Saturday's schedule.

At home the Baylor Bears polished up their offense for their joust with the Texas Aggies at Waco, showing up well on the running game. The University of Texas worked at developing a pass offense capable of giving the Rice Owls trouble at Houston.

The Aggies stressed their passing attack, also, and the plays were clicking well. At Houston Coach Jimmy Kitts said Dan Coffey, speedy back from Vernon, would probably replace Olie Cordill in the Rice starting line-up Saturday. Cordill will be able to play but is bothered with a bruised shoulder.

Due to threatening elements the Ackerly-Big Spring Yearling football game, scheduled to be played in Steer Stadium this evening at 8 o'clock, has been postponed, school officials announced today.

Substituting for the Eagles will be the Steer reserves and game time has been moved up to 4:15 o'clock.

Members of the varsity football squad who will not see action against the Sweetwater Mustangs Friday night will be pitted against Johnny Daniel's force. Most of the Steer reserves saw action against Coahoma last week and managed to hold their own against the strong Bulldogs what time the were in the game.

There will be no admission charge.

## COAHOMA MEETS TOUGH FOE FRI.

Dunn 11 Scored Earlier Win, 52 To 6

COAHOMA, Oct. 20.—Far from heavy is the Dunn team that Coach C. B. Connally will send out against Coahoma in the Friday afternoon game on the Bulldog gridiron but the combination of some speedy backs and veteran linemen have contributed much to the impressive record the gridder have compiled this season.

## FORSAN AND STANTON TO PLAY FRI.

Forsan's Buffaloes will oppose the Stanton high school six-man football team in an exhibition grid game here Friday afternoon. The tilt will get underway at 3 p. m.

## Broncos, Irish In Hard Test

NEW YORK, Oct. 20.—The struggle for the mythical national football championship, a prize as hard to nail as Red Grange in an open field, takes off a bit Saturday. Of the ten teams leading the Associated Press poll, only four head into heavy weather.

California, third, Notre Dame, fifth, Santa Clara, sixth, and Syracuse, tenth, are the leaders facing the sternest opposition.

The Golden Bears oppose Washington, Notre Dame meets Carnegie Tech, Santa Clara takes on Arkansas, a team that can and will pass at every opportunity, and Syracuse must battle a rough, tough Michigan State team.

The others have what looks like easy sailing. Minnesota does not play. Pitt meets Southern Methodist and, despite Jack Sutherland's yearly crack about inaugurating a passing attack, probably will rely on its smashing overland offense.

The Panthers are ranked first in the poll, having a wide margin over Minnesota.

Dartmouth, voted fourth place plays Harvard in an ivy-entwined encounter.

Marquette faces a stiff assignment against seventh place Texas Christian, whose three musketeers—Tackle I. B. Hale, Center Ki Aldrich and Back Davey O'Brien—are as good as any trio on the Gridiron. Tennessee and Duke, eighth and ninth, face respectively romps with The Citadel and Wake Forest.

## Thousand Fans Slated To Go From Here

Tutors Dubious Over Reports That Pony Regulars Out

Overshadowing the other sector's go in that it will test the true strength of the local club, the Sweetwater-Big Spring gridiron classic in Sweetwater Friday night is expected to attract a capacity audience. Traveling from the local shores by a special train and by automobile are expected to go a thousand or more enthusiasts hopeful of the team's first win.

Ducats for the T&P ratter, which won't pull anchor here until 5:30 o'clock, were going at a slow pace this morning, retarded no doubt by rain and cloudy weather but the needed 250 sales was expected to be realized long before the deadline Friday afternoon. The train is being held up to accommodate the many local business men who cannot close up before that time.

In the two camps optimism reigned. Coach Larry Priddy of the Ponies continued to drill his squad in pass defense and Mentor Murphy his Steers in pass offense. It looks like it's going to be a very interesting evening.

Potent Attack

The Mustang ground attack, of course, is a thing to be dreaded. Stopped by none but Abilene, the red and blue machine looms very large as a troublemaker. But the fans in the local camp face the future with grim determination to make good their early season promises.

The strong north wind during yesterday's practice at Steer stadium proved excellent tests for Murphy's kickers, Lefty Bethel, D. R. Gartman and Alton Bostick. All practiced kicking into the teeth of the breeze, then switched ends of the field and began booting for the coffin corners. Alton, of course, will do the lion's share of the foot work and looked impressive. See STEERS, Page 4, Col. 3

## Medwick To Go To Cincinnati?

Cincy Scribe Says Card 'Sure Shot' To Wear Toggery

By EDDIE BRIETZ

NEW YORK, Oct. 20.—Marquette hasn't got a football captain, but it has no less than 20 high school captains on its varsity squad. Lou Smith, who usually knows what he is talking about writes in the Cincinnati Enquirer that Joe Medwick is almost a "sure shot" to wear a Red uniform next season. What do you mean "almost," Lou? Mike Jacobs is due back from the coast Friday with an important announcement relative to a Joe Louis-Max Baer bout in San Francisco in the spring.

Living up to its reputation for brother combinations South Carolina had two of them against Davidson last week. If Frankie Frisch catches up with the Giants, don't be surprised. That's what the New York papers are saying.

Imagine the guy's surprise. On sitting down to rest at halftime, Jack Dorflinger, South Carolina tackle, landed on a burr (you'll do that sometimes, you know). And in the next period he drove right through to a touchdown. Elmer Hackney, Kansas State's fine full back, is so jittery they won't let him start a game. Les Bruckner of Michigan State is a fair weather football player—and admits it.

In his six years of football (four in high school) he has yet to play on a rainy day.

In four games played to date, Arkansas has scored five touchdowns on passes, with five different sophomores making their payoff catches.

working at his desk behind the scenes, he has rolled up such a winning percentage that he is regarded as the nation's outstanding football selector.

Spread out across the nation are scores of Associated Press sports writers working with Barker to cover football in every section of the country.

## Garcia Sure Of Armstrong KO

Says He'll Put Hank Down For Good If He Hits Him

NEW YORK, Oct. 20.—Cefelino Garcia, the fellow voted "most likely to succeed" in the grisly business of beating Henry Armstrong, is an affable young Filipino who makes no secret of the fact he expects to pummel the welter and lightweight champion into insensibility.

By so doing he would lift the welter crown, something he's been trying to do for two years. He missed against Barney Ross, but he is working out at Stillman's gymnasium with the express intention of doing a little better against Henry the Hammer, when they meet in the Garden ring, Nov. 2.

Someone asked Garcia if he expected to knock Henry out. "Surely I will do it if I hit him," said Cefelino, who added a string by explaining, "sometimes my punches they do not land. But eef they do I will knock him out."

Garcia possesses a "bolo" punch, as a gate attraction the lineal descendant of Bob Fitzsimmons' corker punch. The story is Cefelino developed the punch slashing at sugar cane with a bolo.

"I am in good shape," he continued, "I have been Armstrong fight two-three times and I know how to beat him."

## Ballyhoo For Big Race Is Underway

BALTIMORE, Oct. 20.—The Maryland Jockey club, composed of gentlemanly devotees of horse racing, is gently and dignifiedly ballyhooing an event that has a good portion of the racing world agog—the Seabiscuit-War Admiral duel at Pimlico November 1.

Author of the latest plug for the \$15,000 contest between two of turfdom's greatest present-day thoroughbreds is David Woods, able publicity director for the jockey club, whose young vice president, Alfred G. Vanderbilt, negotiated for Pimlico one of the most discussed races never run.

Woods printed an informative "press brochure" of facts and figures about the mile and three-sixteenths "Biscuit-Admiral" race, to be known as the "Pimlico Special." The bright yellow-backed booklet contains everything but a guess as to which will win.

## Game Tickets On Sale In Settles Lobby Friday

Reserve seat tickets for the Sweetwater-Big Spring football game in Sweetwater Friday night will go on sale in the Settles hotel lobby tomorrow morning and will remain there until 4 p. m., school officials announced this morning.

Selling at 75c, the usual Oil Belt conference price, the duets are good for seats between the 45 and 25-yard lines on the west side of Newman field.

No tickets will be available on the special train.

MODERNIZING THE COUNTY At the recent convention of the county judges' organization, a committee was named to make recommendations for a remodeled setup for county government in Texas.

The present county government set-up is about as old as statehood. Most of the provisions in the present constitution that deal with county government are to be found in the state's first constitution written in 1845.

The worst defect of county government is the lack of centralized responsibility. There is no real head, in county affairs. There is no effective way to discipline an official who is derelict in his duty.

Texas, which originated one of the two reforms that have revolutionized municipal government in the past four decades, and which has, generally speaking, a very high standard of city government, is far behind most of the other states in its county government. It follows rules, in that respect, that were established in frontier days, when a trip to the county seat involved a day's travel and when most county offices were part-time jobs.

Most Texans realize the need of modernization of county government, but they have not taken the matter sufficiently to heart as yet to demand the changes that are needed. Until the general public becomes more interested, any undertaking for improvement is foredoomed to failure.

The spontaneous reaction of American public opinion is a quite remarkable affirmation of feeling that if France and Great Britain are on the way to being "finished" this country is not; that we are still in the same familiar boat, although the high seas are very rough; that we cannot exist on tolerable terms in a world in which the balance of power is held by nations who have no respect for the sanctity of treaties, for the rights of other nations and other ideologies, and in which "lynxism" is a substitute for law.

And if the empire which has held the balance of power on the side of what is loosely called "democracy" is likely to retreat from her sovereign position, this nation may be driven to assume a large share of her function, not out of idealism but out of sheer self-preservation.

There will be those, of course, who will counsel us to retreat behind our borders, assume a wholly defensive position and take on the mentality of a small power. Whether the counselors are "right" or "wrong" I hardly think that their advice will prevail.

A nation, like an individual, has a personality. This country is, in the first place, world conscious and will continue to be as long as we have a free press.

Despite our internal struggles and all the repercussions upon us of a revolutionary world, we care passionately for freedom and democracy—although we have difficulty in defining what we mean by the terms. We do not by any means agree upon what we like, but we are almost unanimous about what we do not like.

We have not the mentality of a small power for the simple reason that we are not a small power but an enormously powerful country. We have never minded our own business, but have been free with advice and, in a showdown, an aid to our friends in every period of our history. If we have chosen to give advice without assuming responsibility, it has been largely because of a comfortable thought that the French and British Empires would assume the responsibility for us.

And my guess is that if they will not or cannot assume it, we will assume it for and by ourselves. (Copyright, 1938, New York Tribune Inc.)

Man About Manhattan — by GEORGE TUCKER NEW YORK — The five hour surge of "Hamlet" which asks the customers to be in their seats at 6:30 p. m. and remain until 11 has a 30-minute intermission around 8:30 so that folk can rush out with a dinner intermission isn't exactly a novelty on Broadway. "Strange Interlude" began at 4:30 in the afternoon, with an hour's intermission for dinner and lasted through 11 complete acts. Remember?

There is a heart-tug in the sight of that blind musician who strolls past the theaters at night, playing his accordion. The late George Gershwin was a schoolmate of his back in adolescent days on the East side, and Goldfarb it was who introduced Gershwin to the teacher who gave him his first music lesson. Gershwin never forgot and always contributed generously while he lived. Others who know-and have a fondness for the accordionist include

TOWARD A NEW FOREIGN POLICY

The Gallup Poll, published a few days ago on American opinion regarding the Munich pact, was extremely revealing. In answer to the question whether it was well for England and France to give in to Germany, 59 per cent thought yes, 41 per cent thought no.

On the moral issues involved, only 23 per cent thought the annexation of the Sudetenland justified, 77 per cent thought it was not.

Similarly, only 22 per cent were in favor of returning any colonies to Germany.

And, most important, 60 per cent thought that the possibilities of war had increased, whereas only 40 per cent thought they had diminished.

The results of the poll, therefore, add up to this: That the American public believe that England and France capitulated to terror, and that terror will, as a result, be increased to the point where war is more, rather than less, inevitable. That the two western nations did capitulate was, nevertheless, justified, which can only mean that the American public believes that these countries were inadequately prepared.

No public in the world is so well informed about world affairs as the American public. No newspapers carry so much or so independently reported information. And it is quite remarkable how swiftly the American people are reacting to grasp the significance for us, of what has happened.

The isolationist opinion is strong in this country, but the average man has thought of America isolating Europe rather than Europe isolating us. Suddenly we are beginning to realize what the weakening of the British Empire means to us.

We have been at peace with Great Britain for more than 100 years. We have a common frontier with one of the great British commonwealths under conditions so compatible that it is unfortified.

We are on the friendliest possible terms with all those other members of the British commonwealth which have been heavily colonized by Englishmen. Our institutions have been profoundly similar. We have a common language and, to a great extent, a similar mentality. And so we have been living comfortably in a world policed by the British Empire on terms under which we could trade and prosper, glad to be free of the responsibilities borne by Great Britain.

We did not have to appoint Dies committees to ferret out British spies. We were not afraid that the British government would steal our naval plans. We were not afraid, because we often so closely collaborated with the British navy that, in all probability, they were freely informed by us of many of our plans for the sake of common effort.

We cannot blink the fact that it is no longer written in the stars that this condition of affairs will continue indefinitely or even, perhaps, for long.

And this country would be in a totally different position, in a world dominated not by Great Britain but by Germany, Italy and Japan, if, perhaps by a combination of these together with France and Great Britain.

In either case, if we were to preserve our independence we should have to be more prodigiously armed than we ever have been in history. In either case, we should have to envisage the possibility of Canada, Australia, New Zealand drifting into our orbit more and more closely, increasing our international responsibilities.

There would, of course, be an alternative, that we ourselves should join the combine. But that would mean the end of the institutions of this republic.

Now, the latter is not likely to happen unless it happens as a coup d'etat, unless a government with very great powers and great control over public opinion can commit the United States to a course from which retreat is impossible—as the Chamberlain government has committed Great Britain.

The spontaneous reaction of American public opinion is a quite remarkable affirmation of feeling that if France and Great Britain are on the way to being "finished" this country is not; that we are still in the same familiar boat, although the high seas are very rough; that we cannot exist on tolerable terms in a world in which the balance of power is held by nations who have no respect for the sanctity of treaties, for the rights of other nations and other ideologies, and in which "lynxism" is a substitute for law.

The woman says: 'I SUPPOSE GEORGE WILL MAKE FUN OF MY NEW SKUNK HAT WITH THE FINWINKLE FEATHERS.' The man says: 'HOW WONDERFUL! SO YOU BROKE A HUNDRED? YOU'RE GETTING TO BE QUITE A GOLFER.' The man is driving and the woman is sitting next to him. They are discussing the car's performance and the man's driving skills. The woman is skeptical and the man is confident. The man says: 'WELL, THOSE CHILLED STEEL COMPANY CONSOLIDATED FIRSTS CAME OUT OF REGISTRATION TO-DAY.' The woman says: 'WONDER IF I CAN GET AN APPOINTMENT WITH THE HAIR-DRESSER TO-MORROW MORNING.' The man says: 'AND IMMEDIATELY WENT TO A PREMIUM. THEY WERE PRICED ON A 3.80 BASIS, WHICH IS A GOOD YIELD.' The woman says: 'I MUST GET A MANICURE TOO.' The man says: 'ESPECIALLY AS COMPARED WITH SOME OF THESE CONVERTIBLE DEBENTURES.' The woman says: 'I THINK I'LL GET THAT LIGHTWEIGHT WOOL DRESS WITH THE PLEATED YOKES.' The man says: 'DO YOU REALIZE THAT COMPANY'S NET QUICK ASSETS ARE EIGHT TO ONE?' The woman says: 'BUT THAT MATELASSE CREPE SKIRT THE CLAM SHELL NECKLACE IS LOVELY.' The man says: 'AND THAT DEPRECIATION AND AMORTIZATION IS 32% OF GROSS OPERATING REVENUE?' The woman says: 'I SUPPOSE GEORGE WILL MAKE FUN OF MY NEW SKUNK HAT WITH THE FINWINKLE FEATHERS.' The man says: 'HOW WONDERFUL! SO YOU BROKE A HUNDRED? YOU'RE GETTING TO BE QUITE A GOLFER.'

Hollywood DON MARRY THE MAN

Sights And Sounds by ROBBIN COONS

HOLLYWOOD—Hadn't thought much about it, but strange things are happening to music in Hollywood. What brought it up was my wandering into a recording stage today to watch some preliminary scoring for "The Wizard of Oz."

Judy Garland, Bert Lahr, Ray Bolger and Buddy Ebsen were doing a number called "Jitterbug." When the film is shot later, this will match with their progress through a scary, enchanted forest. The music is weird, naturally, and full of "effects"—but just how weird I hadn't realized until I saw the orchestra, George Stoll conducting. Most of the instruments were conventional, but that thing the man was beating with a xylophone stick was strange. It looked like nothing a musician would meet socially, much less play.

The answer, for its effect, so off the track that it couldn't be expressed in the orchestration, they had dismantled a small upright piano, muted all but three strings with cotton, and got what they wanted by beating those strings. The ocarinas—or "sweet potatoes"—were singing away, too, just as if they belonged. They are practically accepted now—on recording stages anyway—because they provided the answer to a desired effect in "The Firefly." (The chipper little notes in the Donkey Serenade number, remember?)

Movie orchestration also has made at least one expert on the practically obsolete instrument called the "viola d'amore," antecedent of the violin. They found one to add authenticity to "Marie Antoinette," and one of the musicians mastered it. What he'll do with the art now is cause for speculation, but as Leo the Lion always roars, "Art for Art's Sake."

The de-manizing of Robert Taylor goes on without cease. "In 'Stand Up and Fight' Bob has two fist fights with Wally Beery, and other incidents of the picture include: two gun battles, a race between a stage coach and a train; a race after a runaway stage coach; and an avalanche. If Taylor gets through all these, he'll be ready to start ice skating for his next film, "Hands Across the Border."

Nominated for the Glamour Boy of 1938: Leo Carroll as Morley's Ghost in "A Christmas Carol." His face coated with a sickly grey paint, his body weighted by chains and account books symbolic of Morley's crotchety greed on earth, Carroll is no sight to see before lunch. Or after, for that matter. But on the screen he'll look like a fairly respectable ghost, suitable for children. Reginald Owen is playing Scrooge—at Lionel Barrymore's suggestion when the studio wanted to hold the script for his own convenience—and Terry Kilburn is doing Tiny Tim.

It's true, and not a press agent's dream, that Lionel gave up this role he's played annually on the air for years, gave it up because he figured the world could use a picture like this, this very Christmas. Besides, Barrymore argued, it's an English role, and there was Reginald Owen, so why not?

Obligingly—if not through sheer sentiment—Metro is planning the film for Christmas week release.

FLASHES OF LIFE By The Associated Press OVER PRODUCTION PHILADELPHIA—A North Dakota rancher wrote the zoo to send him a couple of boxes and he'd "send some rattlers back."

Curator Roger Conant promptly forwarded the boxes, hoping, he said, to get "maybe three or four" snakes.

But the boxes came back with 219 rattlesnakes—all hungry. "Now," moaned Conant, "we'll be working day and night shifts chasing mice and birds to feed them."

AS HE CHOSE PARSONS, W. Va. — Dr. U. M. Carwell, 65, Hendricks physician, was buried in the coffin fashioned from a black walnut tree he ordered felled for the purpose 20 years ago.

The lumber, seasoned by 20-year storage, was cut and fitted by a carpenter after Dr. Carwell's death.

UNANIMOUS EUGENE, Ore. — "Those of you who know what the national debt is, please raise your hands," said Professor Robert Leeper to his University of Oregon class.

"Those who know the national income, raise your hands." Again, no response. "Is it possible this class—future leaders of the country—can't answer these simple questions," the professor fretted.

Silence. "Well," added the prof, "neither can I."

CHRYSLER STEPS UP PRODUCTION NEW YORK, Oct. 20 (AP)—K. T. Keller, president of Chrysler corporation, announced here today the company has increased its production schedules 20 per cent, and since August 1 has recalled 34,000 employees.

"We now have approximately 64,000 men at work in our plants and expect employment will increase right along into November," he said. "Open orders on our books today call for a total of 137,000 new 1938 passenger cars," Keller said.

Man About Manhattan — by GEORGE TUCKER NEW YORK — The five hour surge of "Hamlet" which asks the customers to be in their seats at 6:30 p. m. and remain until 11 has a 30-minute intermission around 8:30 so that folk can rush out with a dinner intermission isn't exactly a novelty on Broadway. "Strange Interlude" began at 4:30 in the afternoon, with an hour's intermission for dinner and lasted through 11 complete acts. Remember?

There is a heart-tug in the sight of that blind musician who strolls past the theaters at night, playing his accordion. His name is Phil Goldfarb, and for a while last season he enjoyed a brief hour of fame. Various nightclub operators gave him spots in their shows, but the operatic days, for him, are gone, and he is back at his old trade of serenading the passers-by.

The late George Gershwin was a schoolmate of his back in adolescent days on the East side, and Goldfarb it was who introduced Gershwin to the teacher who gave him his first music lesson. Gershwin never forgot and always contributed generously while he lived. Others who know-and have a fondness for the accordionist include

Irving Berlin, Bill Robinson, Cab O'Brien. Oh, yes, Garbo is here, or was. Outside of a surprise visit to the Rainbow Room, which so excited everybody that the head-writer is still wide-eyed, nobody knows what Garbo did, except one person. This is Bob Reud, and he ain't telling. Stokowski or he ain't telling. Stokowski, Reud is Garbo's only intimate in New York. It's been that way ever since Maurice Stiller brought her over here a decade ago.

A&M LARGEST SCHOOL FOR MEN IN U. S. DALLAS, Oct. 20 (AP)—Enrollment of 8,700 students makes Texas A. & M. college the largest college for men only in the United States, says E. E. McQuillan, secretary of the school's student association.

Although overcrowding is making it necessary for students to room all over Brasos county, some even being assigned to quarters at Navasota, Grimes county, morale is excellent, he said.

Crosby and his wife, the former Dixie Lee, have just returned from Bermuda; Rathbone is conducting Shakespearean classes at Columbia university; blond Miriam Hopkins is looking for a suitable play with which to make a Broadway comeback; Bob Montgomery is en route to his upstate farm; Groucho and Harpo are just kibitzing around; Raft is vacationing, and so is Pat

Chapter 21 UP IN FLAMES Downstairs Donald MacDonald paced the floor and came to a stop before his mother to utter a few words, then pace on.

"I didn't eavesdrop," he protested. "I only heard a few words, just enough to know that there is a letter waiting which proves priority of claim for the Gregorys; the shoe, as I've suspected at times, and forced myself to deny at others, is The Golden Girl; and that her father has ordered her to get that document away from the old man. She will. He's crazy about her."

Mrs. MacDonald shook her head. "And because he is, as you call it, crazy about her, he'll never give it to her. You know Balmly as well as I do. Balmly's love for all mankind is greater than his love and loyalty to The Golden Girl. That very loyalty would prevent him from putting a weapon into her hands. You know his beliefs. He'd feel he was harming her."

"But imagine rotters who'd play the game that way who'd hate a family enough to want to wreck them—" "Son," interposed his mother. "Your father would have hated Angus Gregory enough to do the same thing. You know I adore Donald's memory. I'd be the last one to stain it before his son, but truth is truth. And you haven't exactly loved them yourself, my boy."

"Loved them?" exclaimed Donald. "I hate them. I detest every hair in that girl's head; understand, detest it and her and everything she stands for. I want her out from under this roof tomorrow morning."

"I think you'd better go to the hotel and stay there until I send for you," Mrs. MacDonald arose, a regal little figure, her face frozen in unrelenting lines. "This is my house until you marry, and I'll have no hatred despoiling it."

"I'm sorry, mother," he stood before her, contrite for the harm he had done her. "But I... oh—" "I know, dear," Her hand stroked the head, bowed to her shoulder. "I know so much more than even you know... about yourself."

When Kathleen came down in the morning her eyes were still slightly swollen, and her manner polioctic. Bridget was manifestly worried. She had tried to reason with her before she had left her the previous night.

"I know your father beat her than you do," she had insisted. "He was just talking. That's the best thing he does. He's baffled. He's found something he can't buy and he's trying to bluster his way to it. He'd never do anything really wrong."

But Kathleen wasn't so sure. She sipped orange juice, nibbled at toast and sipped coffee. "Mrs. MacDonald," she said suddenly, "Balmly had the Gregorys to tea yesterday. They're staying on for a few days. I feel we've imposed upon you long enough. We'll move down to the hotel today."

"You'll do nothing of the kind," retorted Mrs. MacDonald. "Neutral Ground" "But... you don't understand," Kathleen protested miserably. "We... yesterday they talked of the feud and the right-of-way and... well we've seen a lot of the Gregory people, the miners, more than we have of the MacDonalds and... my sympathy is with them. I can't break bread with you under the circumstances."

Mrs. MacDonald laughed gently. "Well bless your heart, now you have to stay. I've no sympathy with this feud. This is my house, though the mine is in my son's control. Won't you consider this neutral ground? As far as the Gregorys are concerned, I wouldn't care if you pathizers. I wouldn't care if you were the Golden Girl herself. Personally, I've admired what I've heard of her. It's always seemed a pity to me that such a spirited girl couldn't find some fine outlet for her talents."

Kathleen found herself in the woman's arms. "I could almost like Donald for being your son," she whispered, and was surprised at the laugh this evoked. "Joey-wide-eyes, perched on the rear barrier fence, whistled a queer flute-like tune. Entranced the girls looked out to see him frantically beckoning."

"The Angus gentleman desires parity with person in owner of car," he shrieked. "That means me," she said, and donned wraps. She returned an hour later to find Kathleen alone.

"He wants to drive to the mine," Bridget explained briefly, then launched into the real mission. "And more than anything he wanted to have me assure you he hadn't meant what he said last night. He'll bargain with Balmly as you would have bargained."

Kathleen relaxed for the first time. "Oh, I'm glad, Balmly in the integrity of your family means so much, Bridget."

She remained at the window laughed heartily at her father trying to control the old car as it chined, and then she stiffened. The moment she was out of sight, Beatrice Gregory had appeared. For a moment she scanned the MacDonald lodge, then as though assured no one was watching, set off across the drifts towards the mine trail.

Beatrice Gregory had questioned Old Balmly about that back route to his cot, Kathleen remembered. Kathleen wasted a few moments arguing with herself, berating herself for her suspicions. But couldn't that have been her father's reason for reassuring her? Hadn't he been trying to throw her off guard? She thrust her arms into a white ski coat she had made from a Hopi blanket, pulled a white stocking cap over her curls, donned goggles, and set forth in the wake of her aunt. It was easy enough to follow her tracks. They led, as

### RECEIVERSHIP SUIT ON RAILROAD FILED

DALLAS, Oct. 20 (AP)—A firm of New York brokers, asking judgment for \$7,175, today sought to throw the Wichita Falls & Southern railroad into receivership. The suit was filed in district court here yesterday.

Adrian N. Steelman and Marshall E. Birkins complained they held seven \$1,000 bonds issued in 1908 by the railroad and that the bonds were due and payable. The affairs of the line, operating between Wichita Falls and Dublin, were being mismanaged, they alleged.

Judge W. L. Thornton ordered a hearing for Monday.

## For What They're Worth, Here Are Some Suggested Hay Fever Cures

TROUP, Oct. 20 (AP)—If you have hay fever perhaps you can select from these home remedies one that will give relief. Each was suggested in good faith by a sufferer, or someone closely connected with a sufferer.

"Go into the woods," said an elderly Clarksville woman, "and make a bed of pine needles and sleep on it." In case you do not live near a pine grove she suggested filling a pillow with needles and always sleeping on it.

"I used one of these," sniffed another woman producing a small, pencil-like inhaler. "It isn't any good but then one can't just sit around and see oneself suffer without doing something."

"Sprinkle a little quinine in your shoes," advised a Tyler business woman. "Sometimes," she sneezed, "I think it helps me."

Friends of W. M. Kimbell, Sinclair-Prairie employee at Sinclair

C. R. Reagan, Troup insurance man. "You jid goddo get ust do id—be tough and stig id cud," he said.

"There is no such thing as hay fever," adjudicated a veteran Troup merchant. "And if there is, vaseline will cure it."

Meanwhile the afflicted wearily sneeze and hope.

### KEY RATES REDUCED FOR SOME CITIES

AUSTIN, Oct. 20 (AP)—Eight cities today won reductions in fire insurance key rates. Fire Insurance Commissioner Marvin Hall announced, for fire fighting and prevention facilities as follows:

Garland from \$1 to 54 cents and Annona from \$1 to 74 cents for installing waterworks and fire departments.

Big Wells from 98 cents to 86 and Jonesville from 98 cents to 85 for teaching fire prevention in public schools.

Aspermont from 75 cents to 72 for proper enforcement of fire marshal ordinance.

Childress from 24 cents to 23 for installing booster tank truck.

Meridian from 62 to 45 and Monday from 39 to 36 for improvements in fire departments.

# ED HENNIG MAY HAVE ANOTHER EX-TORNADO CHAMPIONSHIP CREW AT TYLER

By FELIX R. MCKNIGHT  
DALLAS, Oct. 20 (AP)—Off the cuff: Not the 32-6 Texas Christian debacle of Saturday last, but a 48-0 loping Texas handed out in 1933 was the worst defeat the Texas Aggies have taken on sacred soil of their Kyle Field. . . . Southern Methodist's "last mile" march into Pittsburgh Saturday marks its 27th inter-sectional game in 13 years.

Not a grumble has been heard about D. X. Bible and his problem children at Texas. . . . The old master, with eight more iron-bound years on his contract, is taking some stiff jolts now but his system will be under way in '40. . . . And don't forget his fine triple-threat, brittle shouldered Charlie Haas, went out for the year before the year started. . . . He could have been the difference.

A Dallas sports writer addressed members of a touchdown club Saturday last on "How to Pick the Football Winner." His advice was given just a few hours before Arkansas laid it on Texas, 42-6. . . . His public prediction was the week's classic—a scoreless tie! Ned James, Texas Christian freshman line coach who gets all those brick walls ready for the varsity, never earned a college football letter Texas, invading Houston to meet Rice Saturday, won a game from the Owls since 1933. . . . And they're not the hottest tip this weekend. . . . If you didn't know it, fencing is a Southwest conference sport and the Texas Aggies and Baylor will ratle swords Saturday. . . . Slender Ed Hennig, who tutored Silving's 8-m Baugh in his Sweetwater high school days, may have a state championship schoolboy contender in his Tyler Lions. . . . In six straight wins his boys have punched across 203 points to the enemy's 16.

Best grid story of the week: Red Forehand, Brackenridge high coach of San Antonio, took his lads to Temple last week. . . . En route to the game he stopped at Austin, picked up Standard Lambert, Austin coach, and carried him to Temple so he could scout his own Brackenridge Eagles. . . . As if that wasn't enough, Forehand and his wife returned to Austin after the game, spent the night with the Lamberts so Forehand could scout Austin high the following day. . . . Brackenridge and Austin play Nov. 4.

In all the commotion, few realize that when Texas Tech and Texas School of Mines play Saturday at Odessa, two of the nation's undefeated and untied college teams will be meeting. . . . Long Tom Schiebel, a senior at Dallas Tech high school who has been riding the bench for three seasons, is the current hero now. . . . Last week his Techs led by a single touchdown when he spotted a Greenville end buried far across the field, wait-

ing for a "sneak" pass. . . . Schiebel leaped from the bench, scurried across the field. . . . Just as Tom reached the umpire, the ball was snapped, the pass to the "hideout" was completed and Greenville scored. . . . But the officials brought the ball back, ruled the ball was dead because Tom had reached the umpire in time. . . . And Tom, who had deliberately substituted himself for Tech's hero fullback, came trotting back off the field.

trict 14—but it's a one-sided affair. Goose Creek has forfeited its games to Port Arthur and Beaumont, thus eliminating itself from championship possibility, but South Park must win the game or it will count against the Beaumont school's record.

Donna and Mercedes meet in an important game in the lower bracket of the Rio Grande valley district where both are undefeated in conference play.

**Bulldogs vs. Bucs**  
The Oil Belt also has a game crucial to the Ranger Bulldogs who are unbeaten though tied. Ranger plays Breckenridge, one of the favorites for the eastern division title. Defeat for Ranger would practically eliminate the Bulldogs.

There are 55 games on this week's schedule but more than 35 are conference tilts.

This week's schedule by districts:  
District 1—Friday: Borger at Lubbock (conference); Saturday: Lamesa at Amarillo (conference).  
District 2—Friday: Vernon at Childress (conference), Quanah at Electra (conference), Wichita Falls at Olney (conference), Cisco at Graham.  
District 3—Friday: Brownwood at Stephenville (conference), Breckenridge at Ranger (conference), Abilene at San Angelo (conference), Big Spring at Sweetwater (conference), Demonstration School (North Texas State Teachers College) at Mineral Wells.  
District 4—Friday: Van Horn at Fabens, Cathedral (El Paso) at Ysleta, Eastland at El Paso High; Saturday: Austin (El Paso) vs. Bowie (El Paso) conference.  
District 5—Friday: Bonham at Sherman (conference), Tishomingo, Okla., at Denison, Adamson (Dal-

las) at Gainesville, Honey Grove at Paris.  
District 6—Friday: Greenville at Highland Park (Dallas), Denton at Sulphur Springs (conference).  
District 7—Friday: Poly (Fort Worth) vs. Paschal (Fort Worth), (conference); Saturday: Koscusko, Miss., at North Side (Fort Worth).  
District 8—Friday: Forest (Dallas) vs. Sunset (Dallas), (conference); Saturday: Woodrow Wilson (Dallas) vs. Dallas Tech (conference).  
District 9—Friday: Marshall at Kilgore (conference), Texarkana at Longview (conference), Tyler at Gladewater (conference), Willis Point at Athens.  
District 10—Friday: Henderson at Temple (conference), Bryan at Waxahachie (conference), Corsicana at Waco (conference).  
District 12—Friday: Jefferson (San Antonio) at Austin (conference), Brackenridge (San Antonio) at Kerrville (conference), San Antonio Tech vs. Harlandale (San Antonio), conference.  
District 13—Thursday: Davis (Houston) vs. Lamar (Houston), conference; Friday: Milby (Houston) at Conroe (conference), Mexico City All Stars at San Jacinto (Houston); Saturday: Reagan (Houston) vs. Austin (Houston), conference.  
District 14—Kirwin (Galveston) vs. Ball (Galveston), Port Arthur at Orange (conference), St. Anthony's (Beaumont) vs. Beaumont High, South Park (Beaumont) at Goose Creek (conference).  
District 15—Friday: Laredo at Robstown (conference), Lake Charles, La., at Copus Christi, Mission at Kingsville.  
District 16—Thursday: Edinburg at Harlingen (conference); Friday: Weslaco at Brownsville, McAllen at San Benito (conference), Donna at Mercedes (conference), Pharr-San Juan-Alamo at La Feria.

Yemen service by Kirk McKinnon, Lamesa's contribution to the current edition of the Hardin-Simmons grid machine, in the beetle intersectional game with the Centenary Gentlemen, has earned for this H-SU Cowboy a regular starting berth in the Abilene team's back field. The 178-pound junior back will probably start against Murray State this weekend.

Texas perform at Odessa Saturday afternoon if they attend the Texas Tech-Texas Mines grid battle slated to begin at 2 p. m.

Ken Heineman of the El Paso school is a leading candidate for Little All-America honors while Bobby Holmes, Elmer Tarbox and Charles Calhoun of the Raiders are rated just as good as any of the Southwest conference backs.

Both teams are undefeated.

As was the policy last fall football is being offered to the young boys of the grade schools in the city as a part of Mentor Murphy's program to start them off with the game as young as possible.

All the ward teams have been formed into a league and four or five games are played weekly. Men teachers in the various schools are serv-

ing as tutors at the present time and the program is meeting with much enthusiasm.

The College Heights school, Austin and 18th, is setting the pace, having won all their starts.

See where several "drug store coaches" of Cleburne have chosen an all-college team of ex-Cleburne high school stars. Big Spring wouldn't do so badly with Olie Cor-dill, Rice; Weldon Bligny, Baylor; Charles Ray Settles, Schreiner; Six Wood, Eastern New Mexico Union college, and Woody Coats, Hardin-Simmons, as the backs; H. C. Burrus, Hardin-Simmons, and Dopey Anderson, McMurray, at end; Ray McCullough, Hardin-Simmons, and Doug Rayborn, Schreiner, at tackles; Louis Madison and Steve Baker, both of Eastern New Mexico Junior college, at guards; and Sam Flowers, Rice, at center.

J. C. "Killer" Wallace, the 160-pound Golden Gloves boxing champion of this district, goes into training today for a fight in

Marfa next Wednesday evening with a soldier boy whose name was unavailable. Wallace has done little training since the tournament here last January but is optimistic of his chances to get back in the groove. Roy Sten and Kid Whittington, trainers in the district show, are drilling with the middleweight.

The Roscoes, a six man football team that challenged the world last week, have lined up a game for the near future. They're to meet the West Siders one day next week. The two teams will break the regulations in that players may wear shoes with cleats.

eral of his thrusts from midfield sailed out inside the five-yard line.

The squads later lined up for a snappy play drill that included some tricky laterals, good old off tackle smashes and puzzling spinners.

Expect Best  
Mentors Murphy and Carmen Brandon were dubious over the report that two of Sweetwater's regulars were out of action. The lads who face a questionable weekend are Cecil Voss and Buck Wetzel. Two of the regulars who helped tear apart the Bovines last year, 26-13. It was their opinion that both boys would be ready to go 60 minutes if needed.

Voss is expected to start at his regular terminal post with Akins, a 162-pounder, at the other wing; Jay, 180, and Johnson, 190, as the tackles; Ward, 165, and Allen, 162, at the guard berths; and the 164-pound Gill at center.

Snooks Thomas, 154, will chant the signals, and will be assisted in the secondary by Thomas Headrick, 150, Jake Webster, 185 and Wetzel.

## THREE YANKEES WIN BOUTS IN ARGENTINA

BUENOS AIRES, Argentina, Oct. 20 (AP)—Three of the four United States boxers who appeared on the first night's card of the Pan-American championships won their bouts here last night.

First of the U. S. amateurs to appear was Bobby Carroll, flyweight from Trenton, N. J., who holds the national title. He out-pointed Guillermo Porteiro of Uruguay easily in the opening bout.

Frank Mullane of Detroit followed by beating Malmo Valdez of Peru in a fast featherweight bout and Joe Di Carlo, welterweight from Rochester, N. Y., added a third win by outpointing Gerardo Fernandez of Chile in a dull bout, booted by the fans.

James Reddick, a light heavyweight from St. Louis, was defeated by Carlos Berta of Argentina.

July, now the seventh month of the year, was the fifth month during the Roman Empire. The month was named in honor of Julius Caesar who was born in it.
