Injury Riddled Steers Open District Friday

With still another starter lost via the injury route, Farwell's Steers open District 3-A play here Friday night against Kress' Kangaroos.

Carroll Huggins, sophomore halfback, was considered out for the season when it was learned Saturday that he had chipped a bone in his left wrist during Plains game Friday night.

Huggins brings the "starters-out" list to five. He joins Tackle Mike McManigal, who suffered a concussion before the season began; Guard Doug Roberts, out with a broken leg; Defensive Halfback Tommy Williams, who received a broken leg in Lazbuddie game; and Center Dickie Williams, recipient of a dislocated shoulder in Fort Sumner fray.

In addition to those, two regulars are on the doubtful starting list--End Owen Huffaker and Fullback-Halfback Larry McDorman. Huffaker has bruised ribs. A bruised shoulder is McDorman's trouble. Though there's a definite chance they won't be able to play, Coach J. D. Atwell has listed both in his probable starting lineup.

Kress, opponent for the Steers for the first time since '55, has a 3-3 record. The Kangaroos have won from Quitaque, Lazbuddie and Silvertown. Losses have been to Cooper, Petersburg, and their Swisher County neighbor, Happy.

Only common foe is Lazbuddie. Farwell blanked the Longhorns, 55-0, while the Kangaroos edged them 14-6. However, Coach Atwell points out, "Kress started slow, but has shown improvement with each game."

Friday night's game will be first of three straight to be played here. Following Kress will be Anton and Friona. Because of past records, Farwell will be the favorite. The Steers--as they have every game this season--will be outweighed in the line. This time by 10 pounds per man.

PRO: It is a permissive law. No county has to do it unless the voters say so. It would give elective officials the same privilege as appointees, be an attraction to office.

CON: It sets no requirement for length of service. An official might serve one term--or less--and receive benefits.

3. Would allow county commissioners court to fill vacancies in the office of county judge and justices of the peace only until next general election. Presently such appointments are for remainder of unexpired term, up to four years.

PRO: It would give voters the right to choose their own replacement as soon as possible.

CON: Since campaigns are so costly, there would be less incentive to run for the office for only a two-year term.

4. Would provide for automatic resignation of a district, county and precinct official who announces for any other public office more than one year before the end of his term in office.

PRO: It would keep officials on the job rather than out campaigning for some other office.

CON: It would discriminate against those officials mentioned since other officials--J. S. senators, state senators, railroad commissioners and others with more than two-year terms--can run for another office in mid-term.

5. Would allow Home Rule cities to extend terms of their elective and appointive officials from two to four years.

PRO: It is permissive; each city can make its own decision. Two-year terms hardly allow an official time to get a program started before he has to get out and run again.

CON: Elections every two years give more control, build up citizen interest in government.

6. Would provide pensions, not to exceed \$80 a month for retired Texas Rangers and widows of Rangers who retired before 1947 State Employees Retirement System was established. Money would come from Confederate Pension Fund.

PRO: Since funds are available, it would put no extra burden on taxpayers. Protective dating clause would pre-marrying for pensions.

Kress' line averages 167 pounds while Farwell's average is 157. In the backfield,

Farwell will have an eight pound per man advantage--(Continued on last page.)

Paducah Man Dies In Texico Crash

A man died of injuries received in an auto crash on Highway 60 in Texico Sunday night.

Dead is George D. Bowling, about 55, whose permanent address was Paducah. Time of the accident was about 10:30. Bowling died in Clovis Memorial Hospital a few minutes after he was taken there by Clovis Ambulance Service, T. L. McLeod, Texico town marshal, who investigated the accident, reports.

Accident occurred when

Bowling's car, a '53 Ford two-door sedan which was going into Texico from the east on Highway 60, failed to make a curve and crashed into a parked car transport truck in front of Illini Court.

Driver of the truck was in the motel at the time of the accident. The car struck the right rear of the trailer, which was loaded with new Dodge and DeSoto cars. Some of them, as well as the trailer, were damaged.

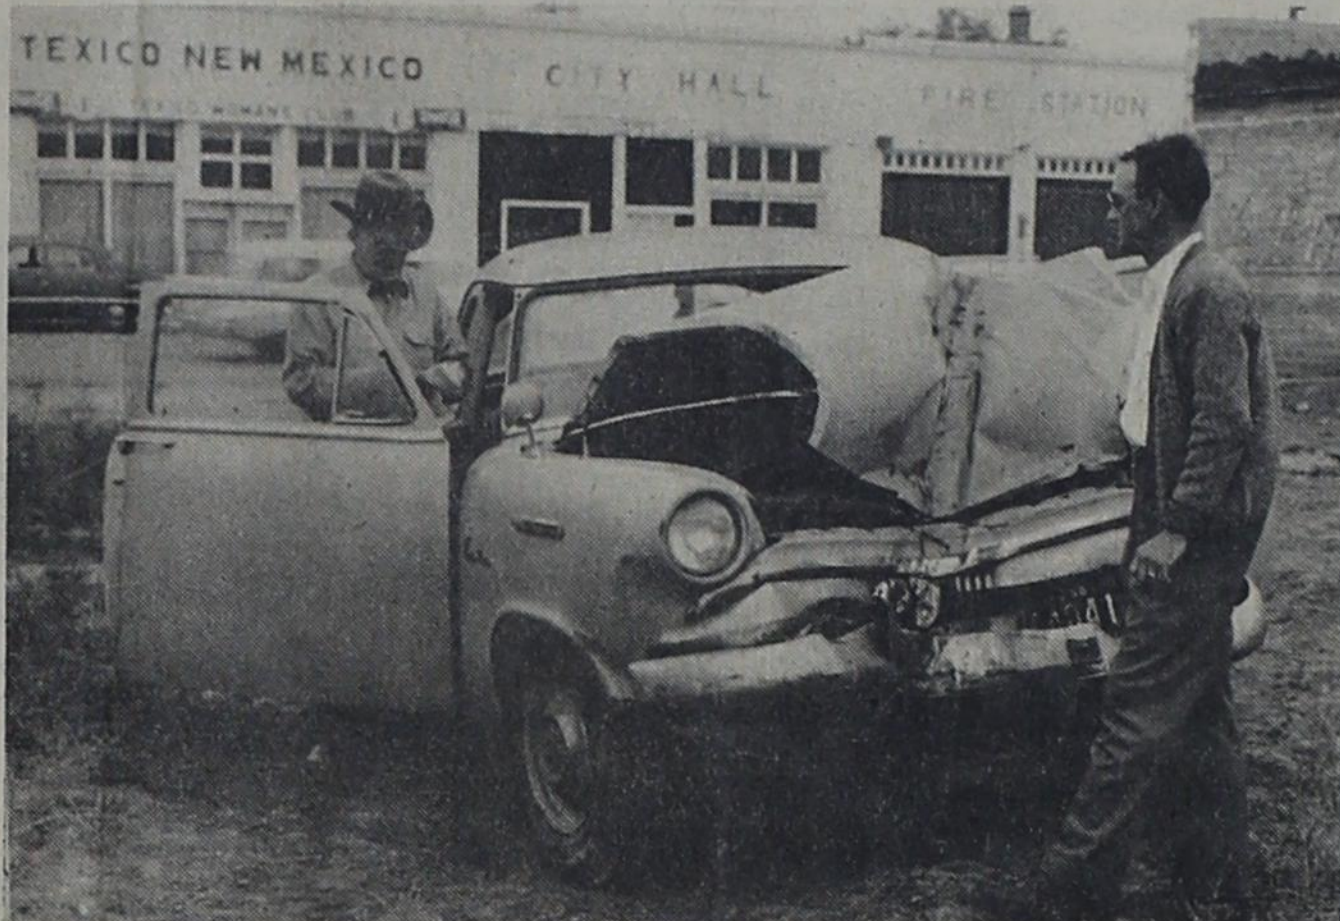

Bowling's car was demolished.

Though Bowling's address was listed as Paducah, authorities believe he had been working near Bovina recently. Impact of the car against the three-ton loaded truck, which had its brakes set and was in gear, knocked the truck some three feet forward.

Radiator of the car was crammed back into the motor causing steam to rise from the motor. Texico firemen were called to the scene because of this but there was no fire.

McLeod was in England & Sons Service Station across the highway from Illini Court when the crash occurred.

Near-witnesses estimate the car was going between 60 and 70 miles an hour when it struck the truck.

DEATH CAR--T. L. McLeod, Texico town marshal, left, and Bob Glese, Amarillo insurance claims service man, look over the car in which George D. Bowling of Paducah was fatally injured in Texico Sunday night. The car was demolished.

Texico Paving Planned

Texico is going to have more paving.

Board of trustees voted at called meeting Monday evening to go ahead with "paving project no. 3"--the third project for Texico.

Trustees met with representatives of Municipal Securities Co. Inc., Dallas. The representatives agreed to buy \$70,000 worth of bonds from the town at four and a half per cent interest.

The board estimates this amount will pay for approximately 28 blocks of paving. The bonds will be paid off from town gasoline tax in 11 years.

Also Monday, the trustees voted to hire Ralph Douglas, Littlefield, as project engineer. His fee will be six per cent of the contract for paving.

In another meeting Tuesday, the trustees discussed the project with Douglas and considered which blocks would be paved. It is not yet known when the contract for the work can be let.

Seventy-nine Marines were awarded the Medal of Honor for acts of valor performed in World War II.

Fall CROP Campaign Plans Are Announced

Fall campaign plans for the Parmer County CROP (Christian Rural Overseas Program) got underway this weekend as county officials met at a dinner planning session in Bovina recently.

Raymond Euler, county chairman of CROP, told members the fall campaign to inform all elevator owners and managers and gin operators and owners of the CROP program would get underway this week.

The following individuals have been asked to carry out the CROP program in their localities within Parmer County:

Wilbur Charles, Bovina; Herb Potts, Farwell; Rev. Hugh Blaylock, Black and Friona; T. I. Burleson, Hub; Joe Jesko, Lazbuddie; and Don and Troy Christian, Oklahoma Lane.

The chairmen are asked to publicize the CROP campaign and its purposes in their local newspapers, churches, and farm organizations.

Gift certificates will be on hand and will be provided to each gin and elevator in the county, Euler says.

QUEEN CANDIDATES--Five candidates for Farwell High School Football Queen look over one of the posters advertising the race which will be climaxed at coronation time prior to Friday night's game with Kress. Vying for the honor are left to right, Carolyn Parker, Faye Routon, Karen Schell, Jeanette Lindop and June Ritchie.

BAND FAVORITES--Elected band sweetheart are Gerald Christian and Wilma Norton. They will be crowned during pre-game activities Friday night at Steer stadium. Ceremonies are to begin at 7:30 and kickoff is at 8.

Steers Win Fifth; Pot Potent Plains, 24-22

Excitement reigned Friday night at Plains as Farwell's still-undefeated Steers knocked powerful and favored Plains from ranks of the unbeaten, 24-22. The game, billed as the top Class A clash in Panhandle-South Plains area Friday night, was a see-saw affair and was every bit as close as the score indicated.

Steers trailed at half, 8-16. Farwell also led in first down department, 16-14, but the host team had an edge in total yardage, 314 to 273.

With the touchdowns even, key play of the game was when Cowboys added their third touchdown late in the fourth quarter. That made the score 24-22. For the extra points try, which would tie the game, Plains' fine, junior-size quarterback, Cordell Huddleston, went back to pass. But before he could get his pitching arm in the air, a host of determined Steer defensive men swarmed him to kill the play and leave Farwell with a two-point margin.

Jerry Lovelace, 165-pound freshman utilityman, running

from fullback post, proved to be offensive sparkplug for the Steers. After spending bulk of his playing time in the line until this week, Lovelace scored a touchdown and two sets of extra points to lead Steer scoring. He also spearheaded Steers' second half offensive attack.

Coach J. A. Atwell had high praise for his players following the game. "We were especially proud of our line, but we were well pleased with the entire effort," he said.

Gerald Christian, a converted halfback, took over center chores for the Friday night fray after Dickie Williams was injured in Fort Sumner game, and turned in a commendable performance.

In opening minutes, it looked as if the game might be all Farwell's. Taking a short kickoff on their 34, Steers launched a scoring drive. Fullback Larry McDorman made two. Quarterback Johnny Lovelace raced for 14 and a first down on the midfield stripe. McDorman and Halfback Carroll Huggins made four each to bring third down with two needed. A penalty

shoved Steers back five and a fumble cost them three more. Then on a fourth down gamble, Johnny Lovelace passed long to End Owen Huffaker for 39 yards and a first down on the 10-yard line. McDorman made one to the nine and Johnny Lovelace raced remaining distance for firstblood score. For first of three points attempt, Lovelace passed to Halfback Phillip Berry in the endzone and the stunned Cowboys were trailing, 8-0.

Plains roared back with a drive of its own. It featured a run of 33 yards by Morrow and a 24-yard jaunt by Williams. However, the drive died on Steer 34 and Farwell took over on downs.

Steers moved to Plains 44 before they returned the favor and gave possession of the ball back on downs.

This time, Plains surged to Farwell's 22 before they were halted on downs. Steers moved the ball back to their 45, but a fumble gave it to Plains on 41. Morrow, who did the bulk of Plains' running, took over from there. In three carries--of six, 22 and 13 yards--he was across the goal line and the score

was 8-6. A pass from Huddleston to Jim Williams was good for the points and tied the score.

Huggins took the following kickoff on his five and returned to 24. Farwell made one first down before being forced to punt. Lovelace's kick went out of bounds on Plains' 45.

Another Plains drive, this one featuring a 25-yard pass play, was halted by Steer defenders on the 12. Three plays netted Farwell seven yards and with fourth down, three yards were needed for the first. Again Quarterback Lovelace elected to gamble, but this time he lost. The play cost the Steers three yards and Plains took over on Farwell's 16.

It took the Cowboys seven plays to score from that point. Last three yards came via a pass from Huddleston to Jim Williams. Don Williams carried extra points over and Plains led, 8-16. This marked first time this year the Steers had trailed.

Before the half ended, Farwell had time for only two plays and were on their 25.

Steers kicked off to begin the second half. Plains made six yards in three tries and punted to Farwell's 33. Farwell couldn't go, either, and on fourth down, Lovelace faked a punt and raced for sufficient yardage for first down. The play was nullified by a penalty. This time, Lovelace did punt, but a clipping penalty against Plains gave Farwell the much-desired first down on Plains' 48. Then with Plains' defense ganging up on Halfbacks Berry and Huggins, Jerry Lovelace turned on the steam. He made eight yards in two carries, then 10 and a first down. Johnny failed to gain and Jerry broke away for 23 more to put the ball on the seven. Berry charged through the left side from that point for the second TD. Jerry Lovelace carried the extra points through that same hole-producing left side to tie the score, 16-16.

Lovelace's kickoff went into the endzone and Cowboys put it into play on the 20. They controlled the ball for 19 consecutive plays in making a desperate drive to regain the lead. Steers bowed up on

15 yard line and took over on downs.

Farwell shoved back to Plains' 47 before being forced to punt. Lovelace's punt rolled dead on Plains' seven. Morrow made two yards and then a fumble, which was recovered by Huffaker to give the Steers a big break and possession of the ball on the 11.

Berry slashed for nine yards to the two. Jerry Lovelace made one. Johnny was stopped at line of scrimmage for no gain and then Jerry picked up the final yard for the score. Jerry Lovelace went over left tackle with the game deciding extra points and the score was 24-16.

Lovelace kicked off to the Cowboys to the five. Morrow returned to the 23. Little Huddleston had his passing arm warmed up in an attempt to get his team back in the game. He passed incomplete, then to Ray Fought for 30 yards. Fought lost two, a Huddleston-to-Jim Williams went incomplete, Huddleston made seven and the Huddleston stepped back and threw to tall, fast Jim Williams. The pass, plus a fine run by Williams, was good for 42 yards and the

touchdown. As told before, Huddleston was never able to get his extra points try away as he was mauled by Steer linemen and linebackers alike. The game was all but over at that point. Johnny Lovelace returned the kickoff from 15 to 33. Then for four plays he held onto the ball to run the clock out. When the ball went over on downs, Plains had time for one futile play.

Defensive standouts for Farwell were Tackle Robert Carthel and Larry Jesko and Halfback Benjy Dial.

The win gives the Atwellmen a record of five straight. For Plains, it was the first loss in six starts this season.

County Will Buy Bonds

Farmer County Commissioners court has authorized County Judge A. D. Smith to invest not less than \$40,000 and not more than \$45,000 in government bonds. The money will come from county's permanent school fund. The decision was made at a regular meeting of court Monday in the courthouse.

Commissioners agreed to pay interest of \$200 to school fund on money borrowed from it to purchase machinery for Precinct No. 1.

Gus Schlabs, Vernon Symcox, and Raymond Schueler, members of county weed committee, and County Agent Joe Jones met with the group to discuss killing Johnson grass and hindweed along county road rights-of-way. No action was taken on this matter.

Motions were made to approve the month's bills for

payment, minutes of previous meeting, and quarterly report for period of July 1 to September 30.

Also going into the minutes was a motion to pay off a note for machinery for Precinct No. 4.

Rummage Sales To Continue

Rummage sales in the building east of State Line Grocery will continue through October, say representatives of Theta Rho chapter of ESA, sponsoring organization.

Sales begin at 3:30 p.m. each Saturday. Members will pick up any articles that citizens wish to donate.

Christmas treats for Texico-Farwell children are purchased with proceeds from the sale series.

Grain Kills Man

Rushing grain snuffed out the life of a Farwell worker Thursday morning about 10 o'clock.

He was Austin Levels, 18, who was employed at Sherry-Anderson-Pitman elevator. The harvest-time accident occurred when he failed to get out of the way of a 30,000 pound load of milo which inundated him. It took rescue workers 15 minutes to reach the body.

Clovis Ambulance Service took the body to Steed's in Clovis.

The worker had started for S-A-P only this morning. His home is in Arkansas.

Time for 1959 Auto Stickers

September 1 was the first day for Texas motorists to have vehicles safety inspected for the 1959 inspection period, according to an announcement from Texas Department of Public Safety.

Farmer County has 5,200 vehicles registered. They must be inspected, approved and bear the new inspection sticker prior to midnight, April 15, 1959.

There are five inspection stations in the county.

Passenger cars are inspected for brakes, lights, reflectors, horn and windshield wipers; while commercial vehicles are checked for those things plus additional items required by law.

The safety department urges that owners have their vehicles inspected now while inspection stations are not rushed.

Social Events of Interest

Mr. and Mrs. William Dannheim of Farwell announce the engagement of their daughter, Miss Evon Ruth Dannheim, to A/2c Austin Franklin Levisse. Parents of the future bridegroom are Mr. and Mrs. W. G. Jones of Malvern, Ark. Rev. David P. Bergman will officiate at the ceremony Sunday, November 23, at 6 p.m. in Immanuel Lutheran Church in Clovis.

Earl Hartley Outlines Legislation for TWC

Senator Earl Hartley of Clovis was guest speaker at a

Monday night meeting of Texico Woman's Club at the woman's club building. His topic was "Pertinent Legislation for 1959."

Mrs. Elmer Teel was elected delegate to a district convention to be in Clovis October 28-29. Mrs. Floyd Smith of Jal, district president, and Mrs. W. R. White of Clovis outlined convention plans for the group.

Other business included discussion of money-making projects to pay for flooring recently installed in the club building. Members of the committee in charge are Mesdames Jim Moss, Judge Stone, and John Adams. Mrs. Buck Doran, president, conducted the meeting and Mrs. N. W. Peyton presented the meditation and distributed year-books.

New members introduced were Mesdames Olena Wilkinson and Allan Rogers.

Decorations featuring a Halloween motif were arrangements of cut flowers. Mesdames Agrie Jones and Russell Johnson served punch, cake and Halloween candies from a table covered with yellow and centered with an arrangement of dahlias. Hostesses were Mesdames Johnson, Peyton, Fred Danforth, and Les Means.

Guests were Mrs. B. R. Benton of Jal and Mesdames Grayson Roberts and Jack Hesser.

West Camp To Entertain Progress HD

Guests at a meeting of West Camp Home Demonstration Club next Wednesday, October 22, will be members of Progress HD Club. Hostess will be Mrs. Sylvia Couch.

Plans for entertaining the groups were made at a meeting of West Camp club last Wednesday in the home of Mrs. Katie Robinson. Opening exercise was from Psalms 15 and presented by the hostess. Mrs. Harriet Jackson presented a program on dieting.

Refreshments of Cokes and sandwiches were served to Mesdames Louise Roark, Alta Hughes, Wanda Walker, and Jackson. Mrs. Mattie Hammons, mother of the hostess, was a visitor.

Bud Whites Honored With Housewarming

Mr. and Mrs. Bud White were honored last Thursday night with a surprise housewarming. The Whites recently purchased the Hobbs farm.

Hosts and hostesses for the affair were Messrs. and Mmes. Sam Billingsley, Jay Brantley, Lee Jones, Roy Lee Farley and girls, T. L. Kent, Robert Rundell, and Thomas Young. They served cookies and coffee to the following:

Mr. and Mrs. Richard Engleking and children, Mr. and Mrs. Gerald Bass and Larry, Mr. and Mrs. A. E. Redwine, Mr. and Mrs. R. L. Forrester, Mr. and Mrs. J. B. GROUP ATTENDS ANNIVERSARY

Among 250 guests at the 60th wedding anniversary celebration of Mr. and Mrs. B. E. Chaney of Muleshoe Sunday was a group of Farwell residents. They included Mr. and Mrs. L. R. Vincent, Mr. and Mrs. Johnie Williams, and Mrs. Grace Snider.

The honorees are former residents of this community and the local people also visited with Mrs. Howard Lindsey of St. Louis, Mr. and Mrs. Joe Lindsey of Dallas, and Rev. W. B. Wages of Norman, also former residents of Farwell.

Full Schedule Ahead For Sorority Chapter

A busy schedule for coming months was outlined by members of ESA Monday night when they met in the home of Mrs. W. H. Graham Jr. for discussion of current projects.

Socials as well as rummage sales and the annual doll giveaway were planned and announcements of coming district and state sessions made.

Rummage sales are set for each Saturday through November 1, with further sales depending on response in the coming three weeks. Possibility of sales during the week was discussed. Details will be announced.

On the social agenda for the coming weeks is a Mexican dinner to be sponsored by the educational director, Mrs. Rosa Roberts, in Clovis October 21. Mrs. Ted Magness will be hostess for the annual model meeting in her home October 27.

District meeting was announced for November 9 in Lovington. Coffee and doughnuts were served to Mesdames John Getz, Joe Jones, Joe Helton, Frank Pritchett, Ken Hanks, Rosa Roberts, Mitz Walling, Don Williams, Wilma Liner and the hostesses.

Five ESA Members Go to Tucumcari

Five members of Theta Rho chapter of ESA were in Tucumcari Sunday morning for a state council meeting, one of two planned by New Mexico ESA during the year.

Delegates were Mesdames John Getz, Joe Helton, Mitz Walling, Frank Pritchett and W. H. Graham Jr. They attended a breakfast for delegates, and heard talks by the founder of ESA from Loveland, Colo., and by a certified public accountant from Albuquerque.

Mrs. Walling, district coordinator for the state, and Mrs. Graham, state parliamentarian, were on hand for an executive meeting preceding the general session.

Parliamentary Law Study Club Topic

Parliamentary procedure will be topic of a study led by Mrs. Olive Frear of Clovis when Farwell Study Club meets Monday at 8 p.m. in the home ec building.

Hostesses will be Mesdames J. D. Atwell, John Alldridge and Claude Coffey.

First Year Teacher Just A Little Nervous

By Jeanne Graham

While the 6-year-olds in Texico-Farwell didn't know what to expect on their first day of school a few weeks ago, they had nothing on three new school teachers in Farwell.

For, that many of the faculty members of the Farwell School were facing their first weeks on the "other side" of the desk, and were being introduced to their chosen profession. Texico has no first year teachers this term.

Maybe "a little nervous" along with the other students-turned-teachers was 21-year-old Miss Barbara Hinkson, the new home economics instructor at Farwell School, who is a recent graduate of Texas Tech in Lubbock.

With her in their first year of teaching are Mrs. Marlen

Inman, who is teaching math and English, and Eugene Dew, who is the science instructor.

Casting her eyes over the rooms of the building where she will spend most of her time this coming year, and where she will guide 56 students in their pursuit of learning in the homemaking field, Miss Hinkson admits:

"I haven't been too nervous, but I do have some doubts at times and feel rather 'green.'" But she quickly explains, "I love teaching."

She has already formed a favorable opinion of her 56 pupils whom she describes as "all nice kids." Other than her duties as home economics instructor and advisor for FHA activities, Miss Hinkson will also serve as co-sponsor of the sophomore class.

Weekend guests in the Bruce Blair home were his mother, Mrs. Bertha Blair of El Dorado, Okla., and his brother, Mr. and Mrs. Charles Blair of Wichita Falls.

Mrs. Mitz Walling, accompanied by Mrs. A. T. Watts, attended a product meeting in Amarillo Monday.

Halloween Theme Of Class Meeting

Halloween was the theme of the installation meeting of Esther Class of First Baptist Church, Farwell, in the home of Mrs. Calvin Murray Monday night.

Mrs. Bert Williams installed officers during the program and members exchanged secret pal gifts. The hostess served Cokes and candied apples.

Present were Mesdames Leroy McDonald, Fred Curtis, Jim Terrell, Horace Battenfield, Joe McWilliams, Bill Dollar, Herman Gerles, and Williams.

Shopping Trip Holds Unusual Opportunity

Mrs. W. N. Foster's Saturday visit to the grocery store turned unexpectedly into an opportunity Mrs. Average Housewife rarely encounters—a chance to make a personal contribution to international good will. And Mrs. Foster took full advantage of it.

Thirty-two Austrian men and women, members of a Cosmopolitan Tours chorus from Vienna, stopped here en route to Alamogordo and a number of them were shopping in Piggly Wiggly.

"Oh, I'd love to visit with them," remarked Mrs. Foster thinking they probably didn't speak English. She was astonished when one of them replied, "Well, why not?"

Then, in impeccable English, the woman told of concerts presented in Oklahoma and Arkansas and outlined their itinerary which will conclude December 19 in New York.

Large stores and the wide variety of merchandise available in the United States are a source of wonder to the visitors, Mrs. Foster relates.

"And your Western hospitality is wonderful!" she was told.

Looking as youthful as some of her students, Miss Hinkson has enjoyed some of the comments of her students about her appearance.

She recalls overhearing one student discussing the new teacher while leaving the building the first day and remarking, "Why, she's just like one of us!" She hasn't decided what the young lady expected.

And in true teen-ager fashion, another student remarked one day of the trim, poised instructor "Why, we can tell her apart today, because we all have on our blue jeans."

Miss Hinkson holds her BS degree in home economics, and isn't new to Parmer County and this area. Her parents, Mr. and Mrs. Frank Hinkson, reside in the Lazbuddie community where she received her high school diploma in 1954. In fact, her sister, who is a senior at Lazbuddie this year, has already visited one class, just to check on Miss Hinkson's teaching abilities.

In her five classes, the new instructor has definite plans of instruction, and has some ideas on extra-curricular activities such as the FHA banquet during the first semester. "Right now, I'm concerned with teaching as many practical things as I can" she reveals. Planning sessions have already been held in all classes, with the students themselves helping to decide on the phases to be studied. "We teach more in home economics now than just sewing and cook-

Miss Lovvorn On Editorial Staff Of Plainview Paper

Miss Joella Lovvorn, formerly a Farwell resident, is now employed with the Herald-News Publishing Co., Inc., in Plainview. One of eight persons on the editorial staff, she is church editor of the Plainview Daily Herald.

Following her graduation from Farwell High School, she enrolled at Wayland Baptist College in 1952. She was employed by Wayland College Press until September 1 when she joined the Herald staff.

She is the daughter of Mr. and Mrs. A. M. Lovvorn and a sister of M. D. Lovvorn and Mrs. Bob Dollar, both of Farwell.

ing," Miss Hinkson says.

One of the biggest thrills for the new faculty member was to "begin teaching in such marvelous facilities." The new home economics building, just recently completed, boasts well-planned area for all phases of the work. It has adequate storage space, an office for the teacher, and latest equipment in

Sophomores Plan Sale

Members of Farwell High School's sophomore class will have a bake sale next Saturday from 9 a.m. to 5 p.m. in Piggly Wiggly. Funds will go into the class treasury.

Miss Jimmie Lou Wain-scott, accompanied by Mrs. Janie Fletcher of Panhandle, spent the weekend in New Mexico. They toured in the Santa Fe-Albuquerque area.

Dr. and Mrs. J. R. Fain of Littlefield were guests Sunday in the home of her parents, Mr. and Mrs. Sam Randol. Their children, who had been visiting here, returned with them.

Recent dinner guests in the W. J. Matthews home were Mr. and Mrs. Ed McDaniel of Clovis, Miss Bettie Briggs of Santa Fe, Mr. and Mrs. N. R. Harding and J. T. Harding.

"How to Produce Broilers for Show" is the title of a new leaflet released by the Texas Agricultural Extension Service. It may be obtained from local county agents. Ask for L-402.

the cooking area. To sum it up, Miss Hinkson says, "I've been teaching for several weeks now and I like it more all the time."

JOTTIN'S

By Jeanne

Every year we hear the same story. "I want to send greetings to all my friends at Christmas time, but it gets more difficult as time goes on to remember all our special friends in town." Too, it's more expensive as cards and postage costs are rising.

With our new offset process, there is a possibility that we could work up a section of personal greetings if there would be enough interest in such a project.

It would probably work this way. We would come by and take a picture of you and your family, and have a brief message from you to your friends at Christmas. Then, not only would you have a greeting to all your local friends, but you would have a priceless copy of family pictures of those you know and love in the community. This idea is merely in the thinking stage, but why don't you let us hear from you? If there is enough interest, we would begin work right away.

It would have to be a project of "jottins" and Christmas is only a short time away. Would you readers like a section of that type?

Comfort is not always a consideration in style. What are you to do when you have on your sittin' down shoes and your standin' up girdle?

We notice that Rev. C. M. Fields, who is a former Baptist pastor here, is new pastor of Westview Baptist Church in Slaton. He had been at Talco for the past two years.

We like the 10-year-old boy's story on the "Care of Teeth."

1. See your dentist often.
2. Brush your teeth twice a day.
3. Watch out for showers at the drinking fountain.

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of issuance of this citation, same being Monday the 24th day of November, 1958, at or before ten o'clock A.M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said Court, on the 26th day of August A. D. 1958, in this cause, numbered 2003 on the docket of said court, and styled, J. W. BARBER, Plaintiff vs. HARRY F. WELLMAN ET AL, Defendants.

The names of the parties to the cause are as follows: J. W. Barber is Plaintiff and Harry F. Wellman, Charles L. Killgore, individually and as independent executor of the last will and testament of C. T. Killgore, deceased, Mattie D. Gault, Maggie May Mathews, Chattie Killgore, Mrs. S. E. Gober, Harry F. LINERS--

CON: It would allow ex-Rangers to receive pensions for as little as two years' service and with no payments on their part, a more generous arrangement than is provided for other state employes.

7. Would allow Legislature to appropriate money for advertising the advantages of Texas in nationally-circulated publications. Use of the name or picture of any living state official would be prohibited, and public funds would have to be matched by private funds.

PRO: Texas is one of only three states without a state program to attract tourists and industry. Proponents say it would pay for itself many times by bringing new money into the state.

CON: This should be handled by businesses which would benefit through their trade associations, chambers of commerce, etc.

8. Would allow Legislature to appropriate money to pay for medical care for people who receive old age assistance, aid to blind and aid to dependent children.

PRO: It would provide help for people whose small monthly checks cannot possibly cover medical emergencies. Since payments would be made only to the vendor (doctor, hospital or what not), money could be used only for its intended purpose.

CON: It would cost state an estimated \$9,000,000 with no limit on how much it could drain from the treasury. It would mean double taxation for cities and counties already providing medical care for their needy.

9. Would allow Legislature to authorize creation of hospital districts in Amarillo, Wichita County and Jefferson County.

PRO: It is permissive. People in affected areas could decide what they want to do with it.

CON: Proposed amendment is long (1,000 words), detailed and so complicated that few voters can even understand it. If such provisions are needed, they should be made in statutes rather than by adding to our already-long Constitution.

As a rule, we're for spending tax money if it will improve conditions and standards of living. However, on these amendments, speaking of them as a group, we're not sure but what we'll become a mite conservative.

Last week, though, we weren't conservative enough when we predicted Farwell Steers' win over Plains. But, at least, we still picked the winner.

This week, we're again going along with the not-cocky-but-confident Steers. In spite of the continued rash of injuries, we pick Farwell in a game that's not going to be as easily won as some local supporters believe:

CROP--

Farmers desiring to give cotton and grain are asked to inform their ginners, or elevator manager, how much is to be given so the commodity can be stored for CROP.

"During 1957," Euler pointed out, "our government gave \$36 worth of surplus commodities for each dollar that was given through the county campaigns over the nation."

"We are told that the ratio this year will be at least 30 to 1," says Euler. "We hope the ratio will be even higher than last year's 36 to 1."

Euler went on to point out that the CROP program helps local farmers in two ways--these are:

(1) Reduces our nation's commodity stockpile and holds up prices, and

(2) Surplus commodities are placed through the Church World Service division of the UN to the most needy spots in the world.

"We hope that every farmer in our county will contribute to this year's fall CROP campaign," he added.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this 7th day of October, A. D. 1958.

TEXICO-HOUSE Split Two Games

Texico softball teams split games with House here Friday afternoon. Girls won, 13-12, in an eight-inning game and boys lost, 9-7.

The loss marred a perfect record for Wolverines, who had won four straight up to Friday. Girls, too, have a 4-1 record. Friday's games brought regular season play to a close. Both teams are coached by Paul Frederick.

The girls came from behind twice for their win. They were trailing 6-1 in the third inning, but tied the score. By the seventh, they were again in arrears, 12-8. A four-run tally tied the score in the seventh and the host team added one run in bottom of eighth for the win.

Connie Tharp pitched seven innings before being relieved for a pinch hitter. Jo Ann Brown came in to hurl in the eighth and was credited with the victory.

Wolverines were behind, 6-2, in the fifth inning. They tied it up with a four-run surge. Each team scored one run in sixth with House adding the deciding two points in the final inning.

Ursel Doran pitched first five innings for Texico. He was relieved by Raymond Hadley in the sixth. Hadley was losing pitcher.

Texico boys had best record in their league while the girls were in second place.

This weekend, Friday and Saturday, both teams will play in a tournament at Grady. Wolverines will be tournament co-favorites with House. Melrose will be favored in girls bracket, with Texico girls getting the nod for second place.

Mrs. H. H. Henson returned Monday afternoon from Independence, Mo., where she had been a delegate at a conference of the Reorganized Church of Jesus Christ of Latter Day Saints for the past week. She attended with three other members of the Clovis congregation.

Chorus Plans ENMU Trip

Some 43 members of Farwell High chorus will participate in a choral clinic at Eastern New Mexico University Saturday.

Farwell's chorus, under direction of Mrs. Erma Jobs, will be one of eight groups from schools in Texas and New Mexico participating.

The clinic will be directed by David W. Scott, director of choirs at Eastern.

Dr. Warner Imig, dean of School of Music at Colorado University, will be guest clinician and will conduct a massed choral concert at 7:30 p.m. in University gym. Also on the program will be small ensembles from groups attending the clinic.

The chorus from here will sing in the concert and Mrs. Jobs' Silhouettes, a girls' sextet, and possibly a boys' quartet, will have special parts on the program.

Public is invited to attend the concert Saturday evening.

Among the local people who attended homecoming at West Texas State College at Canyon last weekend were Mr. and Mrs. Joe Helton and Jerry Don Utzman.

Taxes More Than Last Year

City of Farwell is scheduled to collect \$1,351.60 more in taxes this year than it did last. This announcement came this week from City Clerk Wilfred Quickel.

Total amount to be collected this year is \$19,153.28 as compared with \$17,801.68 last year. "Almost all the increase is natural," Quickel points out. "Very little of it is a result of re-evaluation."

Value of taxable property in the city is \$2,041,475. Broken down, this figure shows \$1,649,377 for real estate and \$392,098 for personal property. Last year the value of taxed property was \$1,900,629.

Tax rate for the city is 84 cents per \$100 valuation. Property is assessed for only 50 percent of its appraised value.

Taxes will be due and payable January 2, 1959. However, they may be paid from October 1 to January 31 without penalty. The city offers no discount for early payment of taxes.

BAPTIST CHURCH NEWS

Members of Men's Brotherhood conducted Layman's Day services at the church Sunday. Walter Verner directed the program. Harold Carpenter was pianist; Sterling Donaldson as song leader directed a choir made up of brotherhood members. Special music was by Mr. and Mrs. Howard Garner, Claude Watkins, and Delbert Garner.

Carpenter and Neil Stewart spoke on Joy in Stewardship; J. B. Sudderth's subject was You in Kingdom Service. Concluding the program was Bernard Nelson who discussed Blessings from Teaching God's Word.

Seven women represented Oklahoma Lane WMU at an all-day workshop and clinic at First Baptist Church in Plainview October 8. They were Mesdames Walter Verner, Frank Edwards, Jimmy McGuire, Harold Carpenter, Lora Brown, Howard Garner, and J. M. Pruitt. They were accompanied by Mrs. P. A. Adams of Bovina.

Officers were recently elected by the intermediate training union. They are Gloria Hillock, president; Jolene Donaldson, vice-president; Janice Hillock, secretary; Dorris Donaldson, Bible quiz leader; and Coretta Watkins and Billy Hardage, group captains. Sponsors are Mrs. Howard Garner and Bernard Nelson.

Mrs. Wayne Hardage was hostess to Deborah Sunday school class Monday night. Mrs. Dee Brown presented a devotion on stewardship and directed games.

After a business session, members presented Mrs. Sterling Donaldson, outgoing teacher, a gift. Secret pals exchanged gifts, revealed names and redrew for another six months.

Mrs. Hardage used a Halloween motif on refreshment plates served to Mesdames Brown, Donaldson, Harold Carpenter, Delbert Garner, Neil Stewart, Donald Watkins, Jimmy McGuire, Jeter Garner, L. D. Rundell, Vernon Symcox, Lee Mason, and a visitor, Miss Zella Donaldson.

Mrs. McGuire will be hostess for the November meeting.

Feature of an intermediate training union party Saturday was a trading treasure game. Following the game session, cookies and punch were served to Coretta Watkins, Michael and Linda Nelson, Janice, Gloria and Steve Hillock, Billy Hardage, Brenda Mason, Jolene, Dorris and Roy Donaldson, James and Gary Mac

THE HIGH PLAINS FARM AND HOME

Rain Interrupts Ideal Harvesting

Although harvest work has been interrupted by a stint of damp and dreary weather, there is a sizeable number of Parmer County farmers who aren't whiling away their time to await the return of the sunshine.

Some of them are already busy with a farm chore that can be categorized as a "next year's" job--that of handling their stubble from the 1958 grain sorghum crop.

About one half to two-thirds of the Parmer County grain sorghum crop has been combined, so there's lots of work to do in the stubble fields, it is very seldom that stubble is burned. Nearly always it is either left on the land

through the winter, or returned to the soil by one or more of several mechanical operations soon after harvest is completed.

Jerry Bell, an irrigation farmer of the Black community, is one farmer who's already at work returning this valuable crop residue to his land where it will pay off later.

Bell obtained a very large yield of grain sorghum this fall: 8,000 pounds of Caprock "green headed" variety, which he drilled on beds with a grain drill at a seeding rate of 12 pounds per acre.

He has a bumper crop of stubble to match his bumper grain sorghum production.

Aware of the value of stubble in reducing wind erosion and adding organic matter to the surface soil, he is making special plans for his stubble crop. He is shredding the stubble and working it into the surface with a disc.

This is a different practice from dryland farmers. The idea on dryland farms is to keep the stubble on top of the ground to protect from wind erosion, but on irrigated farms such as his, the blowing hazard is not nearly so bad and the soil can make very good use of the organic matter.

Bell is convinced that this method will provide adequate wind erosion protection for him, and at the same time will add organic matter to the topsoil where it will aid the tilth of the soil, prevent crusting, and increase the water intake and holding capacity of the soil.

THE CANE GROWS TALL in the Parmer County area, and this Red Top variety from the Garland Sharpe farm in the Oklahoma Lane area proves it. Although combine-type sorghums greatly exceed such tall crops in total acreage, Parmer County area farmers manage to produce quite a bit of seed from such fields as this. Yield is usually around 3,000 pounds, with lots of forage thrown in for an "extra."

A TREMENDOUS GRAIN CROP left an equally tremendous stubble crop on the Jerry Don Bell farm in the Black community. Here Jerry uses a shredder with disc attached behind to make good use of the grain sorghum by-product.

FARMERS USE STUBBLE TO IMPROVE FARMLAND

More drizzles drew the curtain on the Parmer County area grain and cotton harvest again Saturday, but not before area farmers had gotten in quite a few licks of their own.

From one-half to two-thirds of the grain crop has been cut and hauled to area elevators. The progress of the harvest varies from one area locality to another, depending on maturity of the crop and dampness prevailing.

Parmer County area grain sorghum growers stacked up a 14-million bushel crop last year, and appear certain to duplicate -- and probably exceed -- that production in 1958.

With from seven to 10 million bushels of grain already gone to market it is not surprising that elevators in Texico-Farwell, Bovina, and Friona, plus the out-of-town installations at Lariat, Pleasant Hill, Hub, and Black commun-

ities are already brimming over and grain is going on the ground in large quantities.

The combines ground to a halt Saturday when a very heavy dew and unusually high relative humidity during the day raised the moisture content of the grain to an unacceptable point. Showers fell at most points Sunday afternoon and evening, and drizzles drifted in and out through Tuesday morning, preventing a return to the fields.

Sunshine cracked the overcast for a few minutes at a time Tuesday afternoon, and it appeared as though the wet spell might be breaking up and giving way to more fair weather as Farm and Home went to press.

Most farmers, although irritated by the interruption, feel this way about the 1958 harvest:

So far, nobody is really "hurt." The dampness that

has come has delayed the harvest and resulted in inconvenience, but the weather has not been violent and little damage to crops has resulted. The grain is quite good when allowed to dry out, and cotton grades are holding up well also.

With this much of the crop in, most farmers already agree that they are considerably ahead of the same date last year, and that if pleasant harvest weather returns before too long they will be able to wind things up in a satisfactory fashion.

Farmers Union Report

Looking at the farm situation and considering the farm legislation recently passed, it is hard to tell whether the new farm bill is designed to do things "for" and "to" agriculture.

Organizations supposedly working for everybody in agriculture--and pretty much getting their own way at the present--were able to get the following for their coast-to-coast members in this year's farm bill:

Prices knocked to the 65% parity level for the three basic crops--corn, cotton and rice. The other three basic crops--wheat, peanuts and tobacco, are wondering just where they will be after 1960. Grain sorghums are left to be supported at just wherever the secretary of agriculture may determine to be fair and reasonable.

The reason given for removing all controls on feed grains production and for lowering price supports was this: So that farmers could have more freedom in making farming decisions, and so consumers would benefit from lower priced goods.

It appears that the decision the farmer will have to make is already made--that of getting along on lower income, and living only 65% as good as other people. The consumer probably won't enjoy the lower prices too much either for they will not be passed on to him if the following is

Upturn In Insured Farm Loans Noted

Local banks and other private lenders are increasing their stake in the Farmers Home Administration's program of long-term loans to qualified farmers to buy or improve family-type farms or establish good soil and water conservation practices, Billy R. Boling, FHA county supervisor, points out.

His agency is authorized to insure farm real estate loans that are made from funds advanced by banks, insurance companies, or other institutions having money to invest. Since the recent change in the money market, activity by investors has greatly increased.

In Parmer County, Boling reports that lenders have advanced \$83,360. Farmers have used \$35,640 of the insured loans to buy or improve farms and \$47,720 for soil and water conservation purposes.

During the past six months, the national monthly volume of new insured loan business has risen from approximately \$1,250,000 to \$4,000,000 a month.

For either a direct or insured loan the farmer pays 4 1/2 per cent interest. If

the loan is insured, the lender or investor gets a clear 3 1/2 per cent and the government guarantees payment of both principal and interest.

The full guarantee and the money market change have put many local banks in position to contribute to a stronger local agriculture by helping farmers otherwise unable to buy or improve their farms, Boling says.

After a five-year period the private lender may sell the insured note to the government for the amount of principal and interest due, or may hold until the note is fully repaid. In case of default, the government stands ready to take the notes over with no loss to the investor. The FHA takes care of all collection and servicing details.

NEWS FROM THE FARM BUREAU

By RAYMOND EULIE

Membership chairmen, Jack Patterson wishes to express his appreciation to the people who are responding to the invitation to reinlist in Farm Bureau in the effort to reach the 1958 goal of 650 members by the last of this month. But he hopes you won't assume that your membership won't make much difference, because if you don't send it in, we might lack just one: you.

Evidence of the things that can happen without the realization of many citizens was shown at the convention last week when several present seemed surprised to know that a portion of the state per-

manent school fund has been spent without the general public knowing anything about it. Farm Bureau is opposing any further spending of this fund, which has always been maintained previously for the interest revenue to run our schools. Some have compared this spending from the fund to a case where a farmer would sell part of his farm to pay his harvesting expense each year. In a short while he would have no farm.

Secretary-treasurer, Roy V. Miller did an excellent job of reporting on the wheat meeting held in Amarillo prior to our county convention. President Kaltwasser and others said they felt that they got as much from Miller's report as they would have had they attended the meeting in Amarillo. C. W. Dixon and John Henderson accompanied Miller to the meeting. The wheat surplus is growing very great, and it is anticipated that some rather drastic mea-

sures, either in marketing price or production control, will have to be made soon. Cotton John's report on the European tour was very interesting. It made those who listened appreciate their lot in America a great deal, we are sure. The important thing is that we keep alert and vigilant enough to avoid going on into socialism, as most other countries of the world have. We feel that every farmer should appreciate the interest Cotton John takes in promoting their organizations and interests.

Interfacing can help give a more professional look to your home sewing, according to extension clothing specialists. It gives additional body to fabric and is a "must" with many pattern designs. The secret is in knowing where to use it, and what kind of interfacing to use.

Interfacing is most likely to be needed at edges where buttons and buttonholes are to be placed, according to the

specialists. Collars, cuffs and pocket flaps often need interfacing to give them body and the crisp, perky look that adds style to a garment. Peplums, yokes and the lower portion of fitted jackets also are in need of some additional body for a professional look.

Skirt waistbands may need a single thickness of interfacing to prevent the waistband from stretching. It also helps to keep the waistband from rolling or wrinkling.

A new extension clothing bulletin -- "Interface It" -- gives up-to-date information on different interfacing fabrics, when to use what, etc. It is clearly illustrated to show how interfacing should be used. You may get this by calling or writing my office.

VITAMIN C NEEDED

Vitamin C, the essential vitamin needed everyday, is short in many diets. Foods and nutrition specialists report that the recent foods and nutrition survey conducted in 12 counties in Texas showed that 1/4 or more of the diets were low in vitamin C.

To make sure of enough vitamin C, know the foods which rate high in this important vitamin. Citrus fruits, oranges and grapefruit fresh, canned or frozen as fruit or juices, are rich sources. Strawberries and cantaloupes are also high in vitamin C.

Many green leafy vegetables contain large amounts of vitamin C, especially the deep green leaves, spinach, kale and collards, if properly cooked. Tomatoes, fresh or

canned, potatoes and cabbage are also good sources.

Vitamin C is the most fragile of vitamins. Because it can be destroyed by exposure to air and is soluble in water, careful preparation and cooking are necessary to save it.

Here are some vitamin C saving suggestions from foods and nutrition specialists: Pare or cut vegetables just before they are to be cooked; the longer their cut surface is exposed to air, the more C is lost. Cook vegetables only until tender, using as small a quantity of water as possible. Remember that boiling potatoes in the skins saves vitamin C as well as time, and that generally each time you reheat a vegetable, more of the vitamin is lost. Whenever possible, use vegetables raw in salad or as relishes, and serve them while they're fresh and crisp. Keep vitamin C rich fruits refrigerated until ready to serve.

Farm Bureau People At Lubbock

Six Parmer County Farm Bureau people attended a banquet in the Lubbock Hotel last Thursday evening, climaxing the quarterly meeting of the Board of Directors of Texas Farm Bureau, which was held in Lubbock. J.H. West, of Bishop, Texas, TFB President was the speaker of the evening. He related some of his observations while in London a few months ago, serving on the International Cotton Council, to which he was appointed early in 1958. West was emphasizing the importance of American citi-

zens remembering the indications pointing toward socialism in this country. Even though the leaders in England think they are improving conditions for the common man, it is evident that whatever the improvements might be, they place the average citizen of that country far below the status of the average American Citizen. As an example, he stated that the Rolls Royce automobile, pride of England, sells for \$24,000. \$10,000 of that list price is tax. And a scrub woman, who receives a wage of about \$32 per week, must pay about a third of that pay for taxes. These taxes, said West, are necessary to provide the "free" medical care available in England, under the Socialized Medicine Program. In making these observations, West expressed concern for the trend of thinking of many Americans who believe the government should give them just a little more. The capitalistic system has made America great economically, said West, and if there are those who believe socialism or communism are better, they should live in one of those countries for a while, and let us keep our America the way it is so they can come back to it if they don't like the other plan for living and doing business.

West said Texas and American Farm Bureau are big enough to do just about anything the members want to now, but unless we continue to grow, we will begin to get smaller, thus the need for recruiting new members each year. Attending the meeting from Parmer County were FB President & Mrs. Gilbert Kaltwasser, Mr. and Mrs. L. F. Bruns and Mr. and Mrs. Raymond Euler.

1/2 teaspoon salt
3/4 cup shredded coconut
Mix shortening, sugar, carrots, and eggs thoroughly. Sift remaining ingredients together and combine with the creamed mixture. Drop about 2 inches apart on lightly greased baking sheet. Bake until, when touched lightly with finger, almost no imprint remains. Cool and frost if desired.

Wagon Wheels
1/2 cup soft shortening
1 cup sugar
1 cup dark molasses
1/2 cup water
4 cups sifted flour
1 teaspoon soda
1 1/2 teaspoons salt
1 1/2 teaspoon ginger
1/2 teaspoon cloves
1/2 teaspoon nutmeg
1/4 teaspoon allspice
Mix the shortening and sugar well. Then stir in molasses and water. Sift the remaining dry ingredients together and stir into shortening, sugar, molasses and water mixture, and mix thoroughly.

Chill dough several hours or overnight. Roll out 1/4 inch thick. Cut into 3" circles. Sprinkle with sugar. Place on well greased baking sheet. Press a large raisin into center of each. Bake until, when touched lightly with finger, almost no imprint remains. Leave on baking sheet a few minutes before moving to prevent breaking. If desired make "spokes" of any powdered sugar icing, radiating out from centers of cooled cookies.

Christmas Mincemeat Bars

1 tablespoon soft butter
1 1/2 cups brown sugar (packed)
2 eggs
2 tablespoons molasses
1 teaspoon vanilla
2 cups sifted flour
1/2 teaspoon salt
1/2 teaspoon soda
1 teaspoon cinnamon
1 teaspoon cloves
3 tablespoons hot water
1/4 cup almonds, sliced
1/4 cup seedless raisins (cut in two)
9 oz. pkg. mincemeat, broken up with fork
Cream butter, sugar, eggs, molasses and vanilla thoroughly. Sift remaining dry ingredients together and stir into creamed mixture. Stir in hot water then stir in almonds, raisins and mincemeat. Spread thin in 2 greased 13x9 oblong pans. (Dough puffs and fills in any holes as it bakes.) Bake 12 to 15 minutes. Spread immediately with mixture of--
1 1/2 cups sifted powdered sugar
About 3 tablespoons hot milk
1/2 teaspoon vanilla
1/2 teaspoon almond flavoring
Cut into squares or diamonds.

THE WEATHER'S TURNED COLD but there is still lots of good eating from the Parmer County area vegetable farms. Carrots are still coming into Friona Growers and Shippers. Above, men re-sack "jumbos" for shipment.

LETTUCE FROM THE BRUCE PARR FARM rolls into Friona Growers and Shippers and will soon be in some housewife's salad. The area lettuce crop is excellent this year and prices appear to be holding up well also.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Making cookies is one of the most enjoyable things a homemaker can do. There is absolutely no end to the varieties, shapes, colors, and decorations that an imaginative homemaker can use in making cookies. Making cookies is also something that a

mother can share with children of any age. Any pre-school age child will enjoy assisting with cookie baking. Of course, when a child is helping the recipes have to be simple but the plainest cookie makes a good addition to the contents of a cookie jar.

As most homemakers know, every home should have two cookie jars--one for crisp thin cookies and one for soft cookies. Store cooled cookies to keep top eating quality. For crisp cookies a can with a loose cover makes an ideal container. Then for the soft cookies an airtight container (preferably a covered earthen jar or a can with a tight cover) is needed. Slices of apple or orange in the jar helps mellow and moisten the cookies. The fruit should be changed often.

If your cookie recipe calls for plump seedless raisins and all you have are dry and hard, try plumping them in this manner. Wash raisins and spread out in a flat pan. Cover pan and heat slowly in moderate oven. To get full

flavor, cut raisins in two with scissors after plumping.

All you have to do to give iced cookies a professional look is to place the same amount of icing on center of each. Then, with a spatula, spread the icing with circular motion in pretty swirls.

When cookie recipe calls for sour cream, use freshly soured cream for best flavor. If you don't have your own milk and cream at home, buy it from a dairy or sour it yourself. To sour sweet cream, measure 1 tablespoon vinegar or lemon juice into cup then fill cup with sweet cream.

The following recipes are generally well liked by children or grown-ups. They are also simple to make and keep well.

Golden Carrot Cookies
1 cup soft shortening (part butter)
3/4 cup sugar
1 cup mashed cooked carrots
2 eggs
2 cups sifted flour

OPTOMETRY: The Art and Science of Visual Care

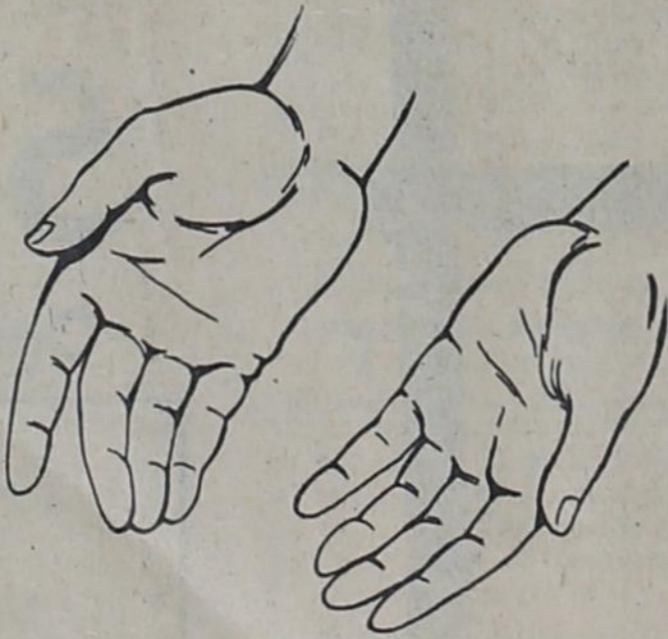

These are MY eyes . . .

Don't let this tragedy strike in your family. Protect yourself and your children against accidental blindness.

Since more accident-blindness occurs in or near the home, move all acids and sharp-pointed objects out of the reach of youngsters. Be sure to shield your own eyesight while hammering nails, using a saw, or doing other work that may endanger your precious eyes.

Regular yearly vision examinations may also prevent blindness in you and your children.

Freeze Date Nears: Cotton Still Blooms

Parmer County's first light frosts are only around the corner. At least, they are near at hand if average annual temperatures mean anything in 1958.

However, area cotton doesn't seem to be aware of this, and is still trying to make more lint by blooming and setting fruit. Most of this late-season plant activity has been stimulated by the moisture of recent days, which has encouraged the plants to continue to produce as nature intended them.

However, none of the bolls ery with the chicken. Serve in lettuce cups along with finger sandwiches and whole spiced eaches. Raisin bread sandwiches make an energy-rich afternoon snack. Combine cream cheese with orange marmalade and finely-chopped candied ginger. Spread over slices of raisin bread and cut into strips.

now appearing on the plants can be expected to produce any lint for this latitude, and, in fact, most cotton farmers are trying to discourage the late spurt in growth by artificially stopping it with an application of defoliant. Until the first freezes come, airplane operators on this part of the High Plains will be very busy showering cotton fields with chemicals to stop their growth and hasten maturity.

Very few farmers will admit that they are "ready" for a freeze but observers feel that in many case where defoliants have been applied, stripping will soon begin if the weather turns fair and warm. Extension of "Indian Summer" temperatures would still be appreciated, but the

presence of warm weather is not now considered essential to having a crop that could be regarded as normal.
