Fighting Farwell Freight-trains Foxes, 21-14

Steers to Meet Powerful Plains

There's a slight tendency for this department to have a swelled head this week. Reason is last week's so near accurate prediction of Farwell-Fort Sumner football game score.

But more people complained about the fact that we missed our guess on three extra points than admitted that we had the touchdowns and winner figured out, so we decided against the swelled head.

If we could come so close on two in a row, the head swelling might prevail in spite of our trying to overcome it.

This week's game, with Plains, is going to be by far the hardest to predict accurately. Cowboys are rated as one of the top teams in their class on the South Plains. That makes it rough on a Farwell predictor. Too, a couple of comparative scores can be figured out by looking over past records. One nod in favor of Farwell while the other definitely establishes Plains as the favorite. So, it's sort of a pay-your-money-take-your-choice deal.

And we're going to take our choice before we get through with this week's column . . . if we can get out of paying any money. We'll predict a score, too, because of a hunch and a lack of intelligence.

More about that later.

A news release this week from Republican Party of Texas has to do with Grover Carothers, Republican candidate for Agriculture Commissioner.

Carothers is, according to the release, a six-foot, four-inch farmer and rancher from Stamford and is former State Administrative Officer for ASC.

"He will be happy to be labelled an Ezra Benson Republican in his race against his Democrat opponent. Carothers likes the way Benson has been handling the nation's farm program," the release says.

How interesting! Feel sure the candidate, as big as he is, won't bring his campaign to Farmer County. Doubt seriously that he would be too well received.

Some more of the story says that Carothers proposes economy rather than new taxes when State of Texas runs short of money. In pointing out how economy can be put in effect, he says, "For example, in the federal government, 50 per cent of the people working for Department of Agriculture could be eliminated and never lose a minute of efficiency."

The agriculture commissioner candidate is glad there are no price supports on cattle. If there were price supports on cattle, "then there would be another hundred people working for the federal government in my district--out there checking to see if you had too many cows."

We'll scratch Carothers' name when we find it on the ballot, but the reason won't be that he doesn't have some good points. Too many government employees is not necessarily one of the reasons, though.

Speaking of that election in which Carothers is a candidate, it's scheduled for November 4. In addition to the more or less meaningless Republican and Democrat races, Texas voters will decide for or against nine constitutional amendments.

Way we figure it, six of the nine amendments will do away with more of the taxpayers' money . . . if they carry. And, surprisingly enough, we are not against spending taxpayers' money . . . if reasons are good and living standards are increased by said spending. Maybe living standards is a poor choice of words, but think it gets the point over better than saying "if the money is spent wisely."

Most of the time, we understand, amendments to the constitution carry . . . that is, most of them do most of the time. So, you can figure that after this election is over there'll be some more things to spend your state tax money for. But, if you'll go to the polls November 4, you can cast your ballot according to the way you think is right.

(Continued on last page.)

It'll be a battle of undefeateds at Plains Friday night. Farwell's perfect-record Steers go against unbeaten Plains. Kickoff time is 8 p.m.

Cowboys have a record of five wins. All have been by lopsided margins. Only one time did their opponents come within 20 points of them. Coach J. D. Atwell's Steers have won three one-sided games and squeaked by Fort Sumner last week.

Plains is a member of District 5-A. Farwell competes in District 3-A. Both are high-ranking in Panhandle-South Plains area. The host team will probably get the favorite's nod because of its impressive early season record.

The heavy, experienced Cowboys mauled Meadow, 48-12; whipped Wilson, 50-6; mashed Morton 20-0; jabbed Jal 48-6; and whopped Whiteface, 48-12.

They operate from a winged-T formation, have a good passing attack, and "have a well-balanced team in general," Coach Atwell says.

Plains' offensive attack is built around Cordell Huddleston, small but speedy quarterback, and Jim Williams, tall, 178-pound wingback. Too, Halfback Ray Faught, a 159-pound sophomore has developed into an offensive threat.

As far as is known here, Plains will be in top shape. That's more than can be said for the injury-ridden Steers. Regular Center Dickie Williams, injured in last week's game, is out for the remainder of the season. Fullback Larry McDorman suffered a touch of the flu early in the week and it's doubtful he will be at full strength by Friday night.

Gerald Christian, 140-pound senior who has seen lots of action at a halfback post, is expected to replace Williams. Christian began working out at the new position Monday and has pleased Coaches Atwell and Shelby Jones with his work there.

If McDorman isn't ready, Freshman Jerry Lovelace will be in the fullback position.

Again the Steers will be outweighed in the line. With several veteran players, Plains' line will average 172 pounds per man as compared with Farwell's 157. Steers will have the edge in the backfield--162 to 159. Over all, the host team will have an 8-pound per man weight advantage.

Only mutual foe the teams have is Morton. Plains won their game with the Indians, 20-0, while Farwell won 49-0. It must be remembered, however, that the Indians lost one of their top backs as they played Plains the week before they met the Steers.

Plains also ran roughshod over Jal, a team that defeated Fort Sumner. The Steers, of course, edged Fort Sumner one touchdown.

Probable starters for Plains are Meixner, 160, left end; Cooke, 195, left tackle; Todd, 175, left guard; Barron, 170, center; Lattimore, 175, right guard; Edwards, 170, right tackle; Coffman, 160, right end; Huddleston, 130, quarterback; Marrow, 170, fullback; Faught, 160, half-

back; and Williams, 176, wingback.

For the Steers, Larry Jesko, 170-pounder, will replace Lovelace in the starting lineup at tackle and Morris Reed, who has been out of the starting lineup with an injured hand, will be back at end in place of Jimmy Martin. Christian will replace Williams at center.

Here's the lineup in full: Owen Huffaker, 145, and Reed, 160, ends; Larry Jesko, 170 and Robert Carthel, 180, tackles; James Burleson, 150, and Joe Hughes, 150, guards; Christian, 140, center; Johnny Lovelace, 190, quarterback; Phillip Berry, 160, right halfback; Carroll Huggins, 150, left halfback; and Larry McDorman, 150, or Lovelace, 165, fullback.

This will be the first time the two schools have met on the gridiron since 1955 when both were in Class B.

Considering the distance, about 70 miles, a large group of people from here is expected to attend the game.

Farwell PTA Meets Tuesday

Guest speaker for Tuesday night's meeting of Farwell P-TA will be Rev. Sidney Cox, according to Mrs. A. F. Phillips Jr., program chairman. Scheduled for 8 in the school auditorium, the meeting will also feature a brief program by fourth grade students.

Program plans and hostess committee lists will be distributed after the business session. Refreshments will be served in the cafeteria.

Offers Booklet On Home Safety

A booklet titled "Do You Live in a Home Safe Home?" has been prepared by Southern Union Gas Co. in an effort to alert residents of Texico-Farwell to accidents that can exist in homes.

Elmer Teel, Southern Union's manager here, says the booklet was prepared in conjunction with the gas company's third annual Home Safety Program, which is being sponsored in this area in cooperation with city and town governments and Boy Scouts. It is being distributed by Texico and Farwell Schools. Teel says the booklets will be given to students early next week.

Teel explains the booklet calls attention to common types of hazards found in homes and lists such safety precautions as:

- Keep scissors, guns, medicines, poisons and other hazards away from children.
 - Keep home and garage free of rubbish, halls and stairways clutter-free, and flammable liquids in safety cans. Do not smoke in bed.
 - Use sturdy stepladders and not boxes for reaching high places.
 - Check for frayed electric cords, overloaded circuits and make sure extension cords

Sherriff to Open Real Estate Office In Farwell Soon

Dwight Sherriff, West Camp farmer, will open a real estate office in Farwell soon. Location of the business will be in Monroe Building on Third Street. Remodeling of the building, formerly occupied by Farwell Variety, was started this week.

Sherriff says he isn't sure of the date the office will be open.

He was associated with a Lubbock real estate firm earlier this year.

A graduate of Farwell High School, Sherriff was also graduated from Eastern New Mexico University.

Jerry Henson Speaks at Taos

Jerry Henson, son of Mr. and Mrs. Clay Henson of Farwell, was speaker for a week-end revival at First Baptist Church in Taos, October 3, 4 and 5.

Henson is a sophomore ministerial student at Hardin-Simmons University. He is a member of Baptist Student Union at H-SU.

Business Light At Farwell Meet

Business was light at a regular Farwell City Commission meeting Friday evening in city hall.

The commission approved re-plating of south portion of Hillcrest Addition. The area in question, named Mimo Addition, was re-platted and re-dedicated. This action was necessary because a farm-to-market road is routed through Hillcrest.

Also going into the minutes was a vote for dividing tax money--36 cents of each 84 cent tax unit will go into the city interest and sinking fund and 48 cents will become a part of the general fund. Last year, 40 cents went to interest and sinking while 44 cents was applied to general fund.

Contractors' bids for painting City Hall inside and out were considered. Four bids had been submitted. No action was taken as the commission decided to ask the two low bidders for lower bids.

Present at the meeting, which was shorter than usual, were Mayor Sam Aldridge, Commissioner Smokey Gast, and City Clerk Wilfred Quickel.

They approved minutes of the previous meeting and voted on the following bills: Wilfred Quickel, salary, \$225; V. C. Venable, salary,

\$100; Felix Winegeart, salary, \$150; Mountain States Tel and Tel, \$33.15; State Chemical Co., bionetics, \$86.67; C. M. Henderson, insecticide, \$104.05; Jones Bros., dirt work, \$15; Ralph Humble, hitch pin, \$2; Farwell Hardware, alley work equipment, \$1.50; Sam Sanders, rock for street repair, \$33.54; Karl's Auto Clinic, work on truck, \$59; Armstrong Pest Control, rodent control in city hall, \$3; Southwestern Public Service Co., \$53.16; Southern Union Gas Co., \$3; Wilfred Quickel, spraying, \$2.25; Lex Huggins, labor, \$60.88; Steve Hays, labor, \$3.50; Carroll Huggins, labor, \$3; Farwell Waterworks, \$8.08; Meeks Service Station, gasoline for alley work, \$6.44; Redmund-Wilson, office supplies, \$9; Farwell Abstract Co., right-of-way search \$50; Bill's Texaco, gasoline for fire department and street work, \$19.30.

SCHOOL PICTURES MADE TUESDAY

Tuesday was picture-making day at Farwell Schools. Pictures of students for the annual and for individuals, were made by Allen Hammer of Lubbock.

In addition to individual pictures, photographs were made of various groups and organizations.

Mrs. Murray To Teach In Jr. High

Mrs. Calvin Murray has been hired to teach English and science in junior high at a regular meeting of Farwell School Board Monday night.

Mrs. Murray replaces Mrs. Margaret Sparkman, who recently resigned.

School board members also approved audit for '57-'58 school year.

Insurance, too, was discussed by the board. Members voted to insure the new homemaking building for \$20,000 and renewed an \$8,000 policy on the field house.

307 Attend Lazbuddie Homecomings

Three hundred and seven persons attended Lazbuddie School's homecoming dinner at the school Saturday night. Old friendships and acquaintances were renewed by ex-students and former teachers during the barbecue dinner.

After the meal was served, the group assembled in the school auditorium where James G. Ward, present superintendent, welcomed all former teachers and students. Representatives of all graduating classes from 1931 through 1958 were present.

Fifteen who had attended the first Lazbuddie school attended. It was in 1926 when two small buildings were moved to a central location and began what is now Lazbuddie School.

Each former teacher was presented a long stem flower. Mr. and Mrs. E. R. Haskins, Wolforth, Tex., were given a bouquet as the earliest teachers present. Haskins was the third superintendent of Lazbuddie School, serving from 1929 to 1935. Mrs. Haskins was the first grade teacher during their stay here. Mrs. Billie Jones Simms of Canyon and Mrs. Grace Jennings Gammon were teachers present who taught while Haskins was superintendent.

L. O. Hamilton, Guymon, Okla., was the only other former superintendent present. He headed the Lazbuddie School in 1944-45.

Two former coaches George Graham of Abilene and Corell Brown of Lubbock, were present. Other former teachers present were Mrs. Mary Prather Gilliland, Hereford; Hortense Hudnall Poteet, Dimmit; Mrs. Charley Gressett, Westbrook; Lillian Tarter Morris and Letha

(Continued on last page.)

Game Saved by 4th Quarter TD

Farwell's favored, but outweighed, Steers fought to a 21-14 victory over Fort Sumner's Foxes there Friday night. It was the fourth win--and the hardest--for the undefeated Steers.

In spite of the fact their victory string remains unbroken, it was a costly win for the Steers. Center Dickie Williams, 140-pound senior two-year letterman, suffered a dislocated shoulder in the game's first half and will be out for the remainder of the season.

The Steers drew first blood and led at the half 7-0. They increased the lead to 14-0 early in the third period. The Foxes found an inspiration in the final half, however, and tied the score 14-14. It appeared that the game might end with the score knotted until Big Jarrin' Johnny Lovelace, Steer quarterback, broke loose for a 76-yard, tie-breaking jaunt in the closing minutes to put the game on ice for Farwell.

Playing under New Mexico rules--without the benefit of a run or pass play being worth two points--all five of the points after touchdown were kicked.

Farwell was outweighed some 20 pounds per man. The Foxes used this weight advantage to power their way to their two touchdowns midway through the second half.

The Steers jumped off to an early lead. After returning the opening kickoff to the 28, they launched into a drive that carried them to Fort Sumner's seven-yard line. A fumble, the first of eight by Steer backs, gave the ball to the host team on its own nine-yard line.

The Foxes' first play from scrimmage cost them six yards and they elected to kick out of danger. The punt from the toe of B. Hammons rolled dead on the middlefield stripe.

A play into the line netted one yard and then the hard-charging, fast-moving Steer line sprung Fleet-footed Carroll Huggins loose on a 49-yard touchdown dash. Lovelace faked to the two other backs before handing to Huggins who raced untouched to the double stripe. Lovelace's kick made the score, 7-0.

While holding Fort Sumner's ground game to a standstill the rest of the half, the Steers couldn't get in the scoring column again themselves. Fumbles, caused by a wet field, and Hammons' long punts kept the Steers from making a serious threat until near the end of the half. A Lovelace-to-Phillip Berry pass was good for 20 yards and put the ball on the Foxes' 17. A fumble cost the Steers possession of the ball and the gun, signaling end of the half, sounded two plays later.

Second half was young when a break set up Farwell's second score. Lovelace's kickoff was returned to the 17, but a fumble gave the Steers the ball on the 20. A five-yard penalty moved it to the 15. Berry made 13 yards in three carries to put the ball on the two-yard line. Then Lovelace ploughed his way through center of the line with Foxes hanging all over him for the score. Fullback Larry McDorman carried the extra point over, but a five-yard penalty nullified the play. After the pen-

(Continued on last page.)

YEA TEAM FIGHT!--Farwell High cheerleaders, who have done their part to keep the Steers undefeated in four games, are left to right, Ruby Hillock, Martha Blair, Joyce Routon, Juanita Range, Carolyn Parker, and Faye Routon.

Hargrove Receives No Compensation in Court

Walter L. Hargrove received no compensation in his suit against Texas Employers Insurance Association. The case was tried in district court at Farwell Tuesday, Wednesday and Thursday of last week.

For injuries he allegedly received while working at Nickels Gin at Farwell January 30, he was suing the insurance company for \$14,035-\$35 a week for 401 weeks.

Hargrove, whose residence is listed as Farwell, lost a portion of his left fifth finger in the January 30 accident. He had, however, received compensation for that injury. He was asking for more money because the accident caused "severe jerking, wrenching, and tearing of his left shoulder and spine."

The accident occurred when he was greasing a press and his hand was caught in the gin machinery.

The jury retired at 1 p.m. (Continued on last page.)

AROUND END--Quarterback Johnny Lovelace, who scored Farwell's three touchdowns against Fort Sumner, including a 76-yard game-saver, is about to be tackled by a Fort Sumner defender after circling end in Friday night's game.

STEERS AFTER 'EM--About to be gang tackled is this Fort Sumner ball carrier during Friday night's game there. An unidentified Steer has the Fox around the waist. That's Phillip Berry trying to get a hold around the ankles, as, left to right, Johnny Lovelace, 12, James Burleson, 60, and Larry McDorman, 30, converge on the play.

News From LAZBUDDIE

By MRS. CLYDE MONK

Alfred Scotts Have 50th Anniversary

Mr. and Mrs. Alfred Scott were honored on their 50th wedding anniversary Sunday, October 5, with an open house at the home of a son-in-law and daughter, Mr. and Mrs. Hubert Elliott.

Their other children, Mr. and Mrs. Leonard Elliott and Mr. and Mrs. Glen Scott, assisted with hospitalities.

The afternoon was spent visiting and reminiscing of past days with friends who called.

A huge wedding cake, made and decorated by the Mesdames Elliott and their aunt, Mrs. Glen Stiles, was served with coffee and punch to the guests by two granddaughters, Mrs. Juanita Stafford and her sister, Carolyn Scott. The house was decorated with arrangements of fall flowers, and a wedding picture of the couple was placed on the serving table.

Beverly Smith registered the guests and Mrs. Glen Stiles, Mrs. Jack Smith and Katherine Smith were in the houseparty.

MR. AND MRS. ALFRED SCOTT

Scott and Miss Lula Stiles were married at Hereford on October 6, 1908 and have lived on the same farm since.

Signing the guest register were those mentioned and Mr. and Mrs. Ernest Moothart, Morrison, Ill.; Fred Scott, Denver, Colo.; Mrs. Tom Giest and Mrs. John Blasdel, Sylvia, Kan.; Mr. and Mrs. H. J. Wyer, Harold Wyer, Mrs. Noel Woodley, Mrs. J. E. Burton and Mrs. Kenneth Burton, all from Muleshoe; Mr. and Mrs. Roy Haberer, Mr. and Mrs. Earl Lust, Dimmitt; Mr. and Mrs. Vern Lust, Dimmitt; Mr. and Mrs. Clifford Layman, Earth;

Also, Mrs. Oliver Tunnell, Springlake; Mr. and Mrs. Thurlio Branscum and Janie, Mrs. Bernice English, Mr. and Mrs. Rufus Carter, Mr. and Mrs. Eugene Morton, Mrs. S. J. Black, Mr. and Mrs. J. H. Angeley, Jodie and Llene, Mr. and Mrs. Johnny Haberer,

Glen Stiles, Mrs. Owen Broyles, Mr. and Mrs. W. C. White, Mr. and Mrs. R. H. Cox, Rev. Bernard Seay, Mrs. Frank Hinkson, Miss Barbara Hinkson, Mr. and Mrs. Phillip Haberer, Ronald, Derrell and Connie Elliott, Terry Scott, Jack Finley Smith, Gary and Letha Gail Elliott; Also, Charles Stafford, Amarillo; Mrs. Vera Haberer and Mr. and Mrs. Benny Brown, Lubbock; Mrs. Sophie Haberer, Hereford; and Mr. and Mrs. George Graham, Abilene.

Hiram Humphrey from Vancouver, Wash., visited last week in the home of his niece, the Davis Gulleys, and with other relatives in this part of the country. Humphrey is 80 years old and has been on a three months trip through Colorado, Illinois, Indiana, Arkansas, Kentucky and Oklahoma and plans to visit in California before returning to his home.

Recent visitors in the J. B. Thomas home were Mr. and Mrs. Virgil Echols from Clovis and Mrs. Dave Anders and children from Muleshoe. Mr. and Mrs. Tooner Coffman and girls, Peggy and Lynn from Amarillo visited Saturday with the Duane Darlings.

Sunday visitors in the home of Mr. and Mrs. O. M. Jennings were Mr. and Mrs. Leonard Duncan and children from Hale Center, Mr. and Mrs. Cecil Malone and family, Hereford; and the Bill Jennings family.

Mr. and Mrs. Alton Morris and family were in Portales Sunday visiting his parents, Mr. and Mrs. J. W. Morris.

Mrs. F. B. Gaede from Limon, Colo., visited last week with her brother-in-law and sister, the R. L. Kimbroughs, and other relatives. On Sunday the family had a get-together with Mr. and Mrs. J. S. Horsely in Muleshoe. Others present were Mr. and Mrs. Bob Kimbrough and children, Mr. and Mrs. Sig Kimbrough and family, Mr. and Mrs. Lee Kimbrough and children of Bovina, Mr. and Mrs. Ed Nickels and children and Mr. and Mrs. Finis Kimbrough.

Jim Roy Daniels from Oklahoma State University was home over the weekend with his parents, Mr. and Mrs. Roy Daniels, Mr. and Mrs. Reece Witterding and children also visited with the Daniels family over the weekend and attended the homecoming supper.

Mr. and Mrs. Joe Lewis and children from Meadow visited Sunday in the Raymond McGehee home.

Mr. and Mrs. L. B. Ham-bright spent the weekend in Midland with their son-in-law and daughter, the B. J. Trimbles. Mr. and Mrs. E. E. Mas-on accompanied the Ham-brights to Big Spring where they visited Mr. and Mrs. J. W. Phillips. Mrs. Phillips is also their daughter.

Mr. and Mrs. Delter Wenner and Mrs. F. L. Wenner spent a couple of days last week in Dalhart visiting his brother-in-law and sister, Mr. and Mrs. E. L. Merriott. Mrs. Ruth Long and children from Hereford spent the weekend with her mother, Mrs. W. S. Menefee. Sunday other visitors with Mrs. Menefee were Mr. and Mrs. Joe Cox and children from Farwell and Mr. and Mrs. Bert McGee and family. The McGees have been living in Grants, N. M., but left Monday for Los Angeles, Calif., to make their home.

Recent visitors to Dallas were Mr. and Mrs. I. V. Pierce and Darleta. They were accompanied by her parents, Mr. and Mrs. John S. Clair and Juanita from the Pleasant Valley community.

Mr. and Mrs. Homer Reagan and children, Vicki and Billy Joe, and Bobby Ball from Dalhart attended home-coming and spent the weekend with the Jack Smith family. Mr. and Mrs. L. O. Hamilton from Guymon, Okla., spent Saturday night with the John Gammon family after attending homecoming. Hamilton is a former superintendent of school here.

Mr. and Mrs. Cordel Brown and Corky from Lubbock visited Sunday with his brother and family, the Andy Browns. Their mother, Mrs. J. H. Brown, who has been visiting here the past week, returned home with them.

Texico Teams Tear House

Texico boys and girls softball teams each picked up a win over Grady Friday night at Hillcrest Park in Clovis. The girls won, 20-8, and the boys were victorious, 23-12.

Judy Adams was top offensive star for Texico in the girls game. She had four hits, including a homerun, in five trips to the plate.

Connie Tharp was the winning pitcher though she was relieved by Joanne Brown in the last inning.

Three Wolverines shared hitting honors in the boys game. In five trips to the plate, each was successful in getting on base five consecutive times. Raymond Hadley, winning pitcher, had a single, double, two home-runs and a walk. Jerry Reid had a homerun, two singles and two walks while Jerry Bowers had three hits and two walks.

Hadley was relieved by Ussel Doran in the final inning. Friday night at 7:30 CST, the teams play House at Clovis.

Season record for the boys is perfect—four wins and no losses. The girls have one loss—to House—in the same number of starts.

This weekend, Friday and Saturday, junior high teams will play in a tournament at Grady. Texico teams have played only one game each. Boys lost to Grady and girls won from the same school.

Weekend of October 17-18, Grady will stage a high school tournament. Texico's teams will enter.

CARD OF THANKS

Second Sale Set Saturday

Good response to the first of their annual series of rummage sales is reported by members of Theta Rho Chapter of ESA.

Second sale will be Saturday at 3:30 p.m., and citizens who have articles they would like to donate are asked to contact any ESA member. Proceeds from the sales are used to distribute treats to Texico-Farwell children at Christmas.

LEGAL

THE STATE OF TEXAS TO: HARRY F. Wellman, Charles L. Killgore, individually and as independent executor of the last will and testament of C. T. Killgore, deceased, Mattie D. Gault, Maggie May Mathews, Chattie Killgore, Mrs. S. E. Gober, Harry F. Williams, Mrs. Mrs. Harry F. Williams, S. E. Gober, W. H. Stephens, Mrs. W. H. Stephens, H. T. Williams, Mrs. H. T. Williams, C. T. Killgore, Mrs. C. T. Killgore, Harry Willman, Mrs. Harry Willman, S. A. Crouch, Mrs. S. A. Crouch, and the unknown heirs and assigns of C. T. Killgore, deceased, and should any of the above named defendants have been married, their respective unknown husbands or wives, and should have any of the above named defendants be deceased, then their unknown legal representatives, heirs and assigns, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of issuance of this citation, same being Monday the 24th day of November, 1958, at or before ten o'clock A.M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said Court, on the 26th day of August A. D. 1958, in this cause, numbered 2003 on the docket of said court, and styled, J. W. BARBER, Plaintiff vs. HARRY F. WELLMAN ET AL, Defendants.

The names of the parties to the cause are as follows: J. W. Barber is Plaintiff and Harry F. Wellman, Charles L. Killgore, individually and as independent executor of the last will and testament of C. T. Killgore, deceased, Mattie D. Gault, Maggie May Mathews, Chattie Killgore, Mrs. S. E. Gober, Harry F. Williams, Mrs. Harry F. Williams, S. E. Gober, W. H. Stephens, Mrs. W. H. Stephens, H. T. Williams, Mrs. H. T. Williams, C. T. Killgore, Mrs. C. T. Killgore, Harry Willman, Mrs. Harry Willman, S. A. Crouch, Mrs. S. A. Crouch, and the unknown heirs and assigns of C. T. Killgore, deceased, and should any of the above named defendants have been married, their respective unknown husbands or wives, and should any of the above named defendants be deceased, their unknown legal representatives, heirs and assigns, are Defendants.

A brief statement of the nature of this suit is as follows, to wit: Suit in trespass to try title, Plaintiff alleging that on or about August 1, 1958, he owned in fee simple and was in possession of Lots 13, 14, 17, 18, 19, 23, 24, 25, 29 and 30, of Block 35, of the Original Town of Farwell, Parmer County, Texas, and that Defendants unlawfully entered thereon, ejected him therefrom, and withheld possession thereof from him, and praying judgment for title to and possession of said real property, and for writ of possession, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this 7th day of October, A. D. 1958.

ATTEST: Hugh Moseley, Clerk, District Court, Parmer Co, Texas. By Dorothy Quickel, Deputy (Seal) 1-4tc

CARD OF THANKS

Words cannot adequately express our deep appreciation for the many kind and sympathetic acts that came to us at the time of our recent bereavement. The family of Mrs. J. C. Banks

MRS. HARDAGE ILL

Admitted Friday to Clovis Memorial Hospital was Mrs. Carrie Hardage. She is receiving medical treatment and is doing well.

FORMER RESIDENT ILL

Bill Hanna, a former resident of this area, is recuperating from a heart attack in a Lubbock hospital. Family members report that he is doing well but will be hospitalized indefinitely. He is a brother of Mrs. Milton Henson of Texico.

Weekend guests in the home of Mr. and Mrs. John Adams were Mr. and Mrs. Raymond Tuck of Boston, Mass.

Mrs. J. H. Stone is visiting her son, Mr. and Mrs. H. H. Stone, in Laramie, Wyo.

By Cary Joe Magness

DUE TO the death of our grandmother, Mrs. J. C. Banks, this column was not in its usual place last week. Mom Banks was one of our most faithful readers and it is with sorrow that we know she will not be here to read POW WOW.

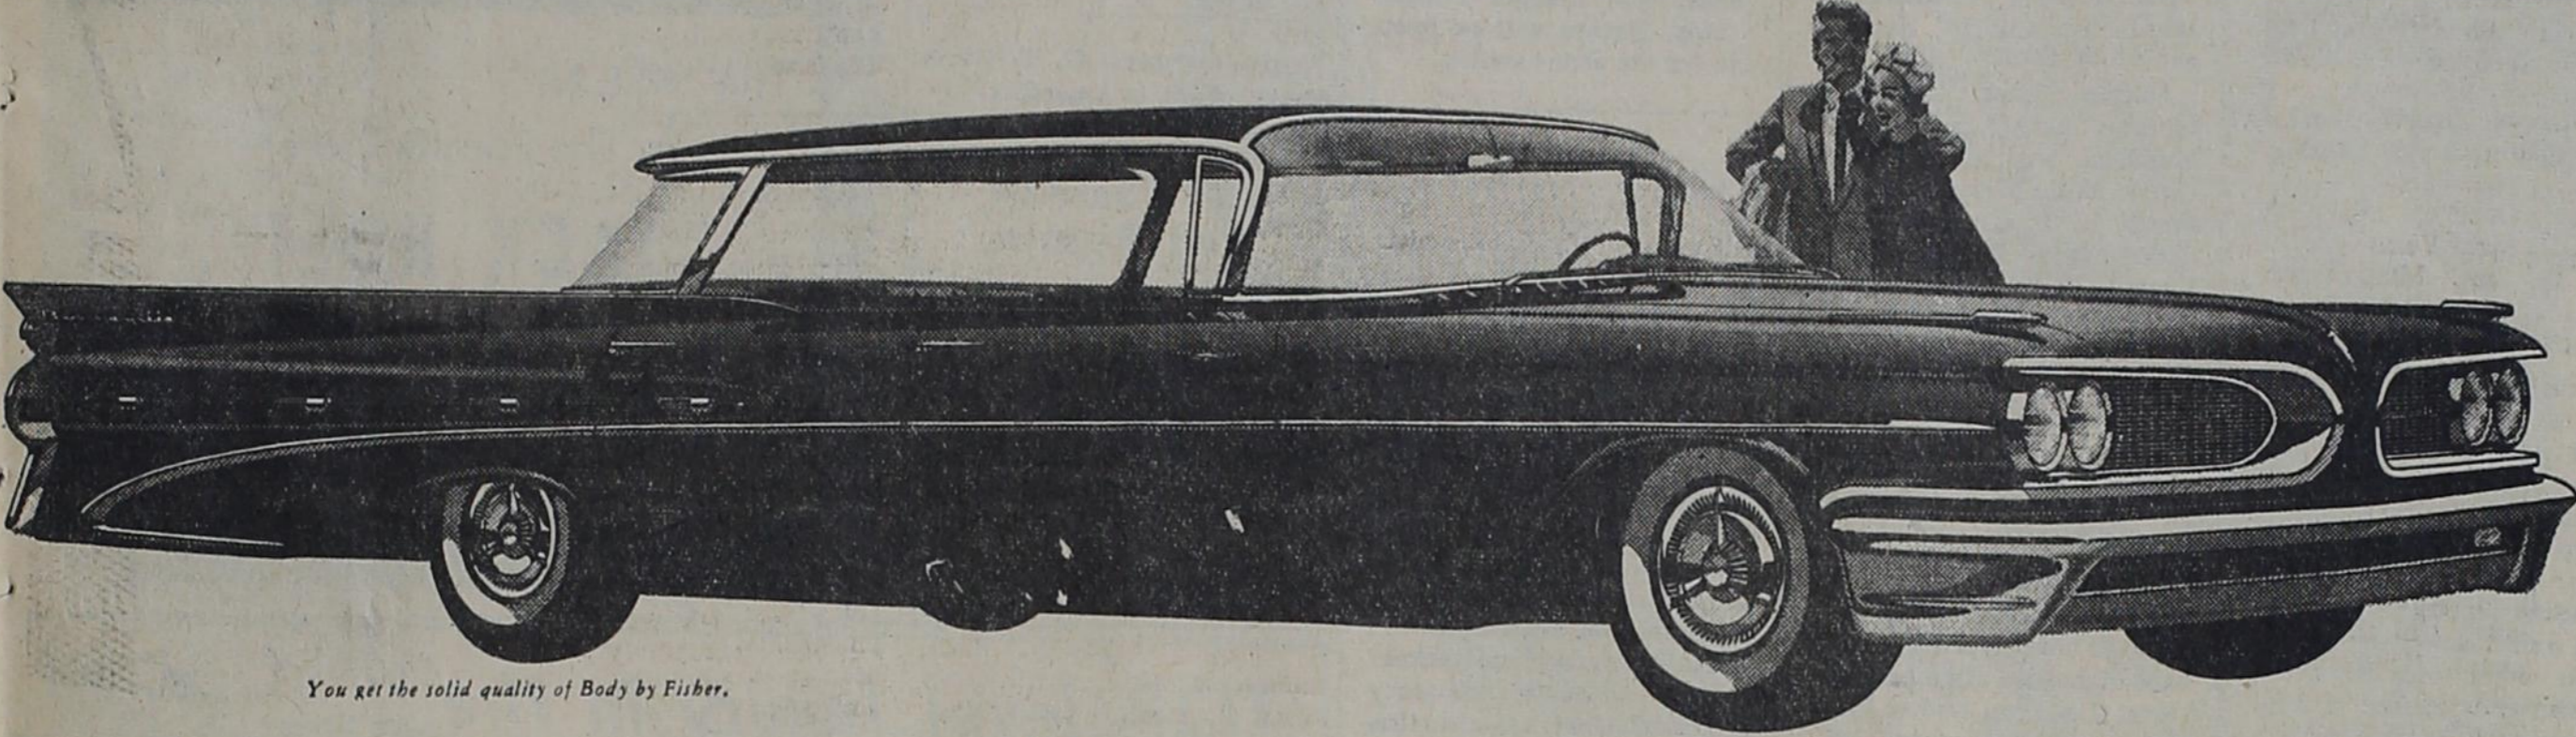

WE WILL miss Mom in many ways. For what little good there is in our life, we owe much of the credit to her. Her pure and consecrated life has been one of the guideposts of our youth. The memory of her loving concern and understanding will certainly be a beacon to guide our future.

IN HER very quiet and unassuming way, Mom Banks' life has presented us with a challenge. That challenge is so great as to appear awesome, but it is based upon one simple principle . . . that of devotion. Upon looking back at her life, and it was a good life in every sense of the word, we cannot help but wonder how a person could be so filled with devotion . . . devotion to her family, to her friends and to her God. To accept the challenge of her life, it is necessary to live the "good life," that being done only through a life of devotion.

MOM BANKS' estate was not large. Not large in material possessions, but she left much more than that. And she left it not only to her family, but to all who knew her. That is a legacy of love. We are sure that it was given to her and we know that she gave of love throughout her life. She loved life, she loved her family, she loved her friends and she loved her God. Mom Banks' love was so strong that it enabled her to understand the mistakes and shortcomings of others. Her love provided comfort to her during hard times, and it nourished her through sorrow.

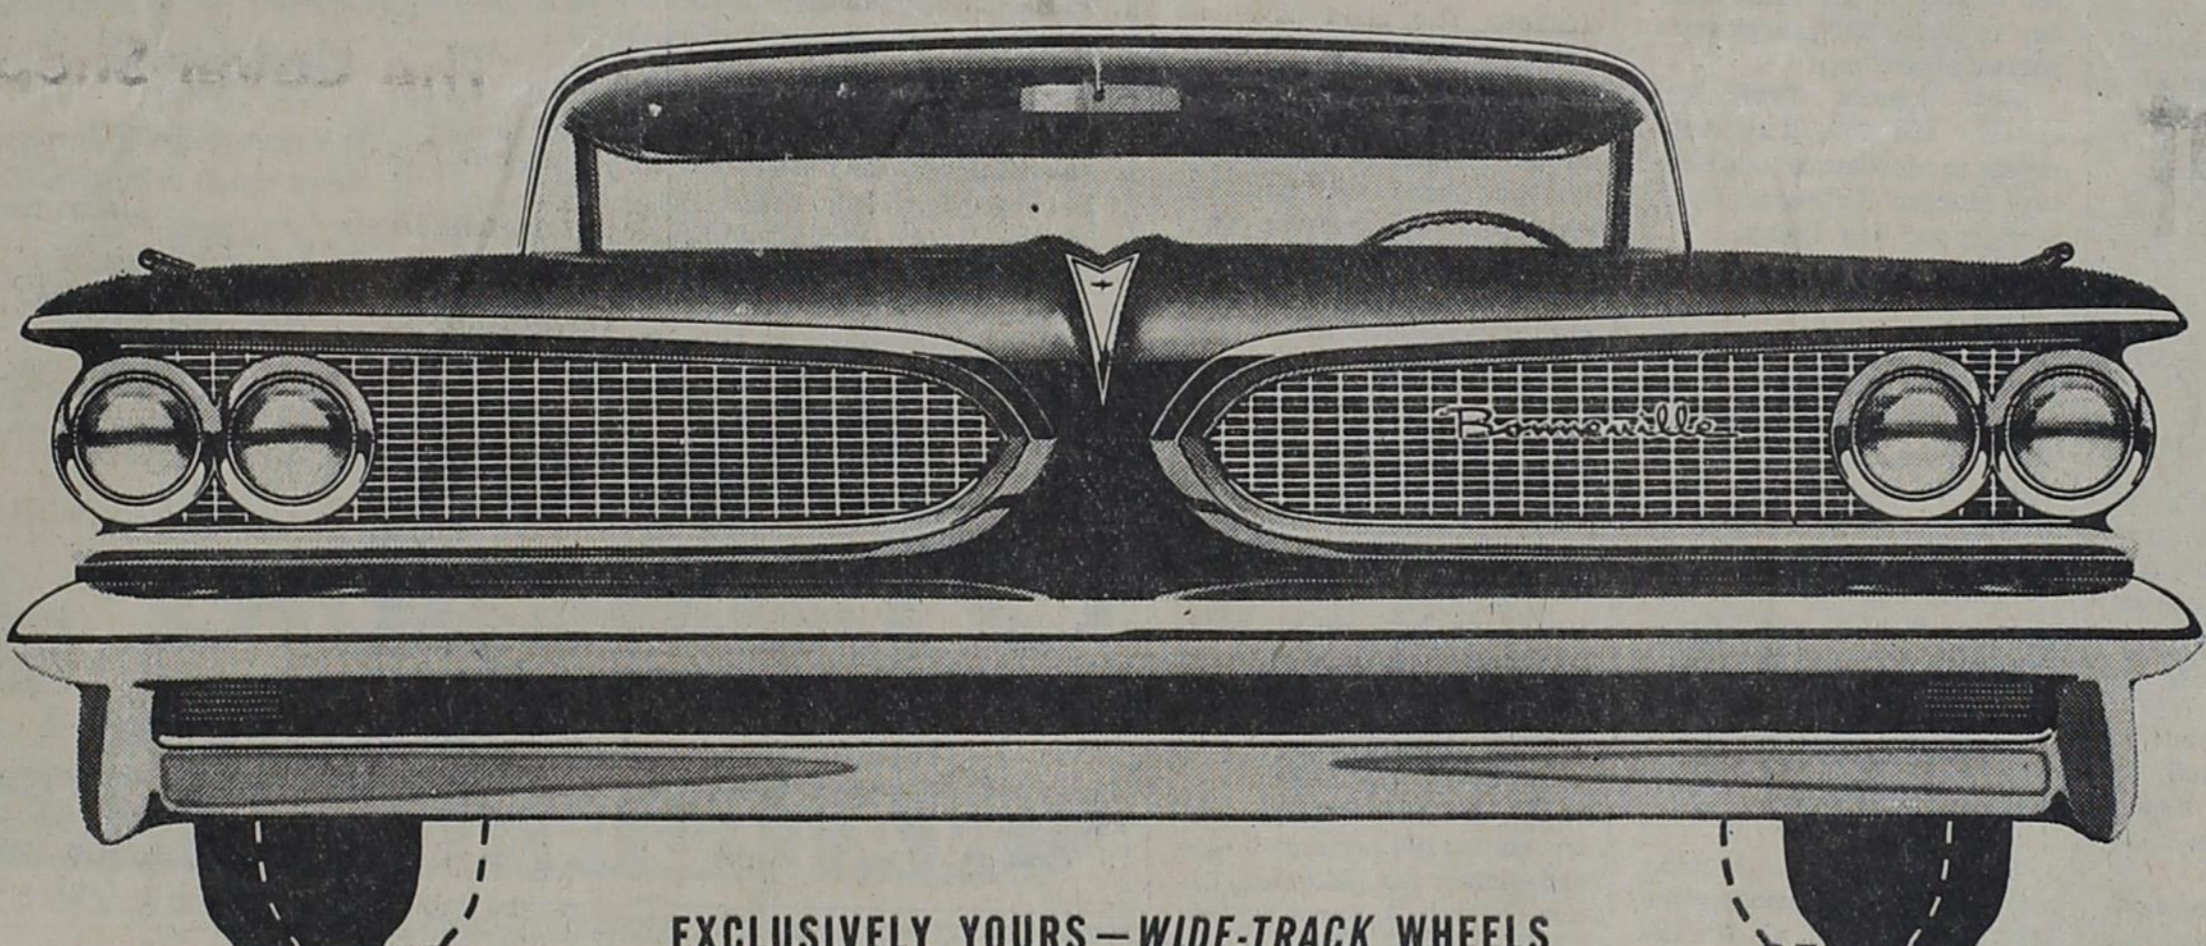

MOM loved all and was loved by all. She leaves her love to be shared by others and to be passed from generation to generation. It is a legacy more precious than gold.

TO OUR many friends who were so kind, we cannot express our appreciation in words. We just want you to know that we think you are the finest people on earth. We are thankful for you and we know that God will bless each of you.

You get the solid quality of Body by Fisher.

Who in the world built this beauty . . .
the only car with wide-track wheels?

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS

Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number ① Road Car!

PONTIAC! America's Number ① Road Car!

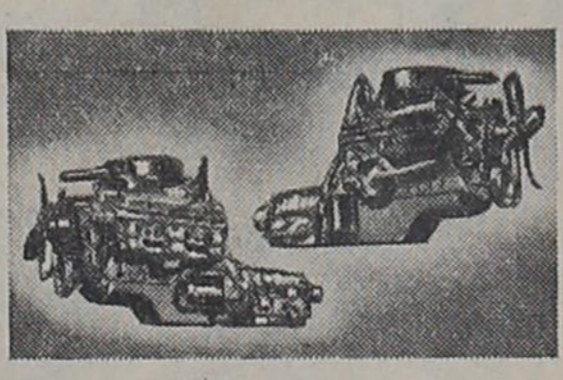

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look . . . it's inches lower without sacrificing roominess or road clearance. You'll discover this beauty handles city corners and clings to country curves in a way conventional narrow-gauge cars can't hope to imitate. And the ride . . . the miraculous freedom from sway, dive and bounce . . . this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59:

Vista-lounge interiors with full 360-degree visibility . . . seats actually wider than a sofa . . . Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.

The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!

Come in and see why no other car can possibly be so new as the new Pontiac—three great series: the magnificent Bonneville, the dramatic Star Chief and the brilliant new Catalina.

2 Great New Engines

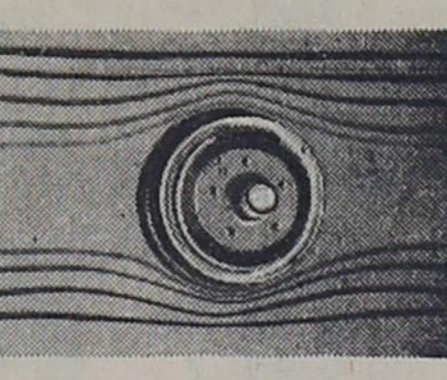

If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.

If you want the accent on economy, choose Pontiac's revolutionary new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines" . . . and it uses regular octane fuel for further savings!

Seats Wider than a Sofa

Plus plenty of leg and head room. Pontiac's living-room comfort lets you change position naturally . . . choose the way you like to sit—not the way you have to! Pontiac seats offer still other new comfort advantages over the average sofa. They're wider, have higher backs and slant downward at the rear for maximum support under the knees for safer, more comfortable driving.

Air-Cooled True-Contour Brakes

High efficiency cooling flanges in the air stream dissipate heat far faster . . . 39% bigger drums absorb quick-stop heat . . . 25% thicker lining lasts far longer . . . 10% greater lining contact plus true-contour fit of lining and drum mean precision action, less pedal effort. The industry's largest front cylinders give better front and rear brake balance for smoother high speed stops.

. . . and such a wonderful season for picture taking. Remember, for all photographic supplies, it's . . .

Mrs. Calvin Murray installed officers of Gleaners Class of First Baptist Church, Farwell, Monday night.

Mrs. Walter Hardage was hostess and served German chocolate cake, coffee and Cokes after the business meeting. Members signed get well cards for two members, Mesdames Carrie Hardage and Amos Tatum.

Guests were Mesdames Murray and Dora Johnson. Members present were Mesdames Audie McManigal, Lois Smith, R. T. Langston, Edith Blair, Otis Huggins, Irene Henson, Lillie Peoples, Wanda Walker, Frances Sprows, Elizabeth Range, and Mabel Martin.

Missionary League Plans Family Party

Plans for a Halloween party for its monthly family social were discussed at a meeting of Lariat Lutheran Ladies Missionary League Tuesday, September 30, in the parish hall.

Scripture reading and prayer opened the meeting. Attending were Mesdames Ernest Kube, Arthur Haseloff, Adolph Haseloff, Henry Haseloff, Gilbert Kaltwasser; Also, Mesdames Fred Ramm, Ed Ramm, Ben Kube, Alvin Kriegel, C. P. Meissner and Otto Lingnau.

GOLDEN CIRCLE CLASS MEETS

Golden Circle Class of Texico Baptist Church met Monday night at the church for a business session.

Mrs. Juanita Pruitt was hostess and served refreshments to Mesdames John Hadley, Morgan Billington, C. C. Morgan and Ray Tharp.

Mrs. Matthews Class Hostess

Hostess for a meeting of Susannah Wesley Bible Class of Hamlin Memorial Methodist Church Tuesday afternoon was Mrs. W. J. Matthews. She was assisted by Mrs. J. R. Hadley.

Mrs. W. H. Graham Sr. presented the devotion on friendship and Mrs. Grace Sanders presided at the business session.

Pumpkin pie and coffee were served during the social hour. Present were those mentioned above and Mesdames G. W. Atchley, E. G. Blair, Albert Thomas, Jess Newton, J. R. Thornton, Elmer Teel, W. H. Hardwick, Anne Overstreet, J. A. Cox, N. L. Tharp, Ralph Humble, Lena Yoder and Miss Laura Temple. Mrs. George Schuman was a guest.

Visiting relatives in Texico and Clovis over the weekend were Mr. and Mrs. Jimmy Henson and Jay of Seymour. They were guests of his parents, Mr. and Mrs. Milton Henson; his brother-in-law and sister, Mr. and Mrs. Paul Crooks; and her brother, Mr. and Mrs. Billy Brewer of Clovis.

Mrs. Roth Installs Class Officers

Using the theme of "Doors of Opportunity" Mrs. Tena Roth, teacher, installed officers of Companion Class of Texico Baptist Church, Thursday night. Hostess for the meeting was Mrs. Bill Boling.

Mrs. T. J. Kittrell assumed the presidency and serving with her are Mrs. W. T. Watson, vice-president; Mrs. Howard Whitener, class mistress; Mrs. Mary Lynn London, secretary; Mrs. Inez Stone, reporter; Mesdames C. H. Webb and Rada Winkles, community missions chairman and treasurer; and Mrs. Joyce Byrd, devotions chairman.

Birthday honorees were Mesdames Watson and Glenda Carpenter.

Mrs. Boling served lime punch and German chocolate cake to those mentioned and Mesdames Dot Camp, Anita Jones, and Margie Fought. Mrs. Watson will be hostess for the next meeting.

Englishwomen Present Program

Two local women will participate in a program on English education at Eastern New Mexico University tonight (Thursday).

Mrs. Irene Dyer and Mrs. Gladys Kaltwasser, both natives of England, will be guests of Mrs. N. W. Peyton and Mrs. L. S. Pool at a meeting of a class in comparative education taught by Dr. Carl Parker.

After discussing the history and various levels of education in England, the four women will serve tea and English trifle to the group of teachers.

BROTHER VISITS TERRELLS

Arriving Saturday for an extended visit with his brother-in-law and sister, Mr. and Mrs. Jim Terrell, was Wyatt Deloney of Ozark, Ala.

Other recent guests in the Terrell home were Mr. and Mrs. Bob Forest and son Earl Forest of Daingerfield. They visited Thursday through Saturday.

Robert Armstrong, who serves with the U. S. Navy on the submarine USS Rock, arrived Sunday to spend a leave with his parents, Mr. and Mrs. John Armstrong. He will leave tomorrow (Friday) and is scheduled to sail for Formosa October 23.

Returning to Fort Hood today (Thursday) was Pvt. Walter Curd who had spent a 14-day leave with his mother, Mrs. Mary Curd. He has been hospitalized at Fort Hood and will receive further treatment when he returns.

The Wilfred Quichel family visited his brother-in-law and sister, Mr. and Mrs. Elman Stark in Andrews Sunday.

Spending the weekend with her sister, Mrs. Clytie Dial, were Mrs. Bill Hoggett and Dale. She was en route from Albuquerque to Lakeview where she will visit relatives before sailing for France to join her husband who is stationed there. She is the former Nell Cunningham and taught in Farwell Schools several years ago.

OKLA. LANE by Avis Carpenter

FARMERETTES MEET

Mrs. Jimmy McGuire was hostess to members of the Farmerettes Club last Wednesday.

Roll call was answered with a favorite scripture. During the afternoon the women pledged friendship quilt blocks for the hostess. At the close of the meeting they observed a season of prayer for world peace in observance of the day set aside by President Eisenhower.

Mr. and Mrs. D. W. Carpenter were in Amarillo Friday to visit a heart special.

Texico Board Meets Today

Additional paving for Texico continues to hold the interest of the town's board of trustees. This was primary topic of discussion at a regular meeting of board members Saturday morning in town hall. Meeting with the board were attending attorneys from Lubbock and Dallas. Considered was paving project No. 3 which calls for paving some 24 blocks of Texico streets. No decision was made Saturday. One trustee, Olan Schlueter, was absent, and the board agreed to recess until today (Thursday) before continuing the meeting.

Texico to Take First Class Band To Homecoming

Bands entered in the ENMU homecoming parade at Portales Saturday will have some first class competition in the form of Texico High School's Band. Director Fred Danforth has been notified that the 50-piece group placed first in the State Fair parade in Albuquerque September 27, instead of second as previously announced. Grants, named first place band in the 'B' division, is actually an 'A' division band and has been disqualified. Announcement of the revised award list was made at Texico High School during an assembly program presented by band members Monday morning.

News from PLEASANT HILL

BY MRS. BUCK TAYLOR
EXTENSION CLUB HAS LEATHER DEMONSTRATION
Mesdames Willard Mobley and Ed Roberts of Field presented a leathercraft demonstration to members of Pleasant Hill Home Extension Club last Thursday at the community center. Hostess for the all-day meeting was Mrs. Almeda Goolsby. During the business meeting, Mrs. Ogatha Langford was elected president. Assisting her will be Mrs. Bettie Baldrige, vice-president; and Mrs. Maurine Winkles, secretary-treasurer.

FARWELL HARDWARE

THE HENSONS

LINERS--

We'll have more to say about the amendments between now and election time.

It's probably nothing but right that every column writer have something to say about the current craze, hula hoops. And we do mean craze. Anyway, as far as we're concerned, they're just one of those things that you have to put up with like Davy Crockett had to be put up with here a few years ago and like it's popular to cuss Republicans from time to time.

Probably the reason we're so bitter about HH is that we can't make one, or more, of the dang things work, and every time we try we feel still more stupid.

But that wasn't what I was going to tell you about the hoops. Read in someone else's paper that hula hoops aren't really new. An old Indian, according to the story, invented it years and years ago. He couldn't find any use for it so he stored it away, inen, while watching Elvis Presley on television last fall.

No use putting this off any longer:
Farwell 27
Plains 14

STEERS--

ality, Lovelace kicked the point to make the score 14-0.

Foxes left the impression they were waiting until Farwell got 14 points ahead before shifting their winged-T offense into high gear. They returned the kickoff from the 10 to the 28. In two plays they had the ball on the 35. Then Hammons, 180-pound fullback, charged through the left side, broke into the clear, and didn't stop until he had crossed the goal line 65 yards away. R. Willis kicked the point to make the score, 14-7.

They tied the score a few minutes after taking the ball over on downs on Farwell's

33. With Hammons and J. Burke doing the bulk of the ball carrying, they scored in seven plays with Willis carrying the final five yards. Again the conversion was good and the score was tied, 14-14. Huggins returned the kickoff from the 11 to the 31. Berry made three and Huggins lost five before a Lovelace pass was intercepted on the 36. Foxes made one first down before Steers' line bowed up and regained possession of the ball on downs.

Farwell couldn't move the ball either and gave it back to the losers on the 26.

Farwell's line, led by Tackles Robert Carthel and Larry Jesko, was still determined. This time they got the ball on downs on the 24.

On the first play from that point, Lovelace broke loose on the already-told-of, game-winning jaunt that left the charges of Coaches J. D. Atwell and Shelby Jobs undefeated and untied.

Lovelace's conversion was good, but it was an anti-climax as there was little doubt in the minds of the screaming Farwell spectators that the Steers wouldn't hang on the few remaining minutes for the victory.

Following the ensuing kickoff, the Foxes picked up one first down and had the ball on their own 36 as the game ended.

No rain fell during the game, but the field was soaked from previous showers. The slippery turf made ball-handling dangerous and caused a handicap for Farwell's fast backs.

Following the injury of the dependable Williams, Utilityman Jerry Lovelace, 165-pound freshman, filled in at the center slot though he had had no experience at the position. In previous games, the versatile Lovelace had played tackle and in the backfield. He is apt to get the starting nod when the Steers play powerful Plains there next Friday night.

HARGROVE--

Thursday. The verdict was returned at 4:30, Special District Judge Bill Street was on the bench.

Members of the jury were Mrs. Ovid Lawlis, Mrs. Dorothy Lovelace, John Agee, Karl Gast, Clarence Meeks, who served as foreman; Jim Maynard, Euel L. Mitchell, Weldon Dane, T. E. Lovett, Mrs. W. N. Foster, T. L. Kent, and Glen Lesly.

BOOKLET--

are kept out from under rugs. Have a continuous source of fresh air in the home and keep gas appliances properly adjusted and flues in good working order.

Use metal connectors on all gas heaters and observe that the flame in heating equipment always burns bright, sharp blue and not a sluggish yellow.

307 ATTEND--

Harwood Gammon, Lazbuddie.

Recognition was given to students of all classes. Mr. and Mrs. Don Biggs of Fort Worth received a gift for coming the longest distance while Mr. and Mrs. T. L. Dent, Earth, received the award for have the most children.

In a business session it was voted to organize an Alumni Association of the Lazbuddie School. Mrs. Lillian McCurdy Smith was elected president; Mrs. Christene Gammons Ivy

is vice-president and Kenneth Precure is secretary-treasurer. The group voted to have bi-annual meetings in August. Dues will be one dollar per family, to be paid bi-annually. An effort will be made in the near future to contact all former students and teachers to determine if they wish to become a member.

Mrs. Harden Funeral Read In Crosbyton

Last rites for Mrs. W. C. Harden, mother of Mrs. R. S. Hines of Farwell, were Monday afternoon at 3 in the Methodist Church at Crosbyton. Interment was in the Crosbyton cemetery at the side of her husband who died in 1938.

Mrs. Harden, 93, died at the Hines home Sunday morning about 7:45 following a brief illness. She had been visiting here about three weeks. A long time resident of Crosbyton, she had lost her home and possessions in a fire only a few weeks ago.

Survivors in addition to Mrs. Hines are two sons, W. K. of Estancia and George of Lubbock; two other daughters, Mrs. Sammie Roe of Paramount, Calif., and Mrs. Conda Starrett of Crosbyton; 39 grandchildren, 24 great grandchildren, four great great grandchildren; and one sister, Mrs. Tom St. John of Abilene.

PLEASANT HILL--

Mr. and Mrs. Don Ware attended the State Fair in Albuquerque September 21-29. They were accompanied by Mr. and Mrs. Jerry Black.

Visiting in the home of Mr. and Mrs. Juan Eskew Tuesday was her brother-in-law and sister, Mr. and Mrs. Haney Tate and their son-in-law

"Indian Summer" Best News Yet

Not more than 20 years ago "a million dollar rain" was a very common expression, heard frequently among wheat farmers following a wet spell on the Plains.

The rain is still usually welcome on the irrigated High Plains, which are semi-arid, but there was no more welcome sight in the world to Parmer County area farmers this past week than the sight of clean, brilliant sunshine--the kind that the High Plains has long been famous for.

The clouds and cold weather broke Friday and set the stage for a spell of "Indian summer" weather that is continuing through presstime--Wednesday--of this week.

Farmers by the thousands have taken advantage of the chance to get into their fields and get the harvest underway in earnest. All cotton pickers that can be gathered up are busy dragging their sacks through the fields, and combines are rolling sometimes five abreast and until late at night in a twin pincers effort to get the "mostest" out of how ever much pretty harvest weather there may be this fall.

On a couple of days the wind has picked up out of the southwest, drying out fields rapidly. Some lodging of grain sorghum is reported,

THE HIGH PLAINS FARM AND HOME

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

but it is not considered a major problem at this stage. The winds have not been too high.

Cotton farmers are defoliating as rapidly as custom sprayers can get over their fields, and if the pretty weather holds, some are even hoping to strip their cotton before a killing frost occurs. This is not the usual pattern, though.

Most gins are starting or are getting ready for full-scale production, and some have already started night shifts. The harvest is really rolling in the Parmer County area this week.

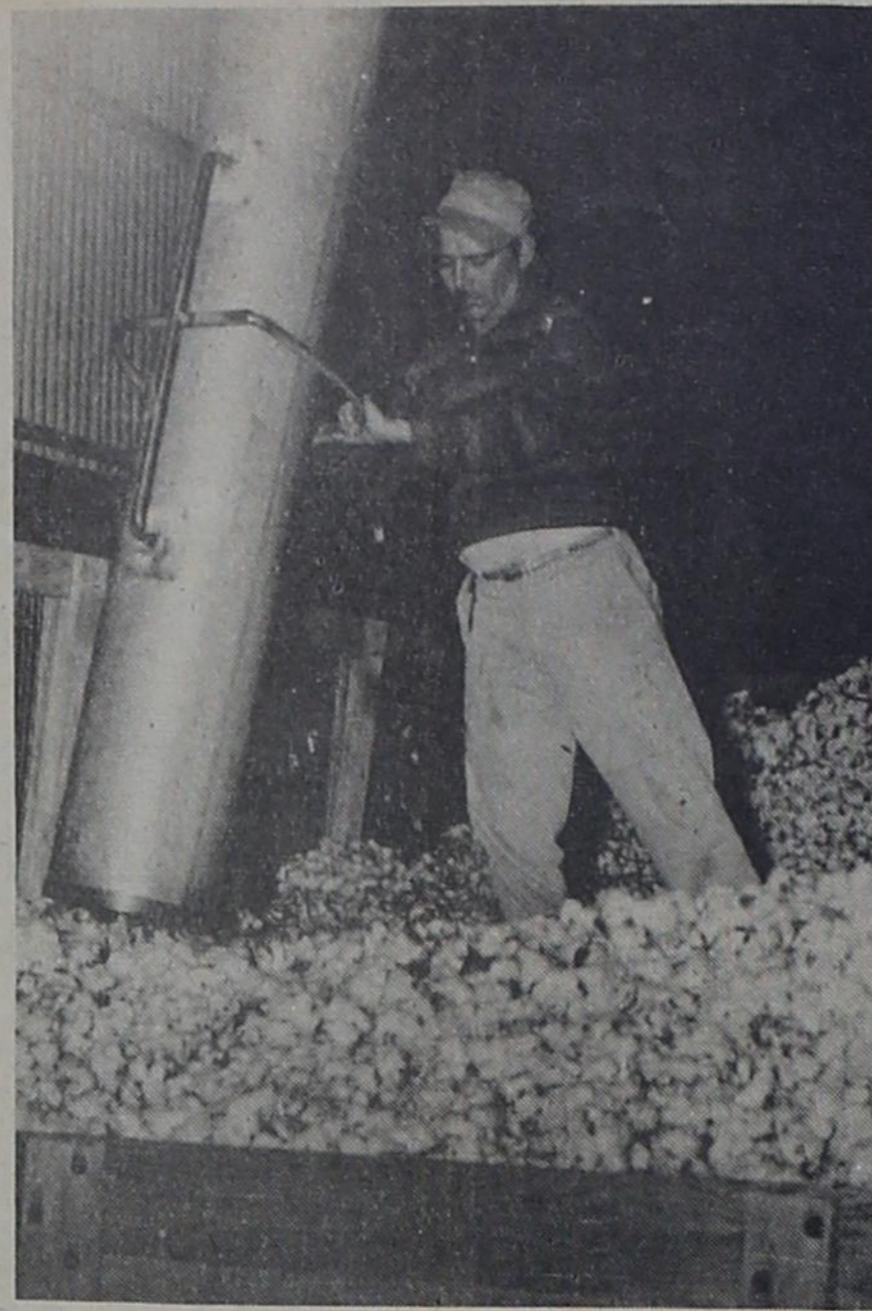

The world's first atomic-powered ship, the 3,000 ton submarine Nautilus, was commissioned Sept. 30, 1954, at Groton, Conn., and assigned to the Atlantic Fleet. The Nautilus made the U. S. Navy the first military service to utilize nuclear energy for propulsion power.

All of you people who have not filed on your tractor and combine gas tax exemptions within the last 30 days should come in at your earliest convenience. You will receive another notice next April, none in between. Your wife, son or daughter can sign the affidavit for you if you do not have time to do it yourself. Refunds still amount to a total of over \$25,000 per year in Parmer County. You are the only one who can claim your share.

If there are about 25 people who would like to become Farm Bureau members this month, Jack Patterson and

the rest of the membership would be real happy to have you come in. That would give PCFB its quota of 650 members for November 1, and seven votes in the state convention.

The weed committee met last week to discuss the possibility of an agreement with the commissioners court to treat all bar ditches in the county with sterilant as a measure to cut down the spread of Johnson grass. It is, of course, impossible to stop its spread in adjoining fields when it is going to seed in the ditches. The progress made on bindweed in the past several years as a result of the organized effort of the Farm Bureau weed committee is indicative of what can be done with Johnson grass. This new program is by no means an abandonment of the bindweed program. It will be permanent as long as there are patches of the weed

IN SHE GOES--Fluffy Parmer County area cotton bolls are whiffed up this suction pipe at a tremendous rate, and they thus begin their trip to the finished bale. The pictures were made at Nickles Gin in Farwell Tuesday night. Soon many gins will be running 'round the clock.

AND OUT SHE COMES--Tremendous pressure is exerted in this big double press which forms the finished bale. Here a workman tumbles out the bale that was seen entering the gin from the trailer outside. It takes about eight minutes to gin a bale.

in the county, Raymond Schueler is chairman of the committee.

This is being written prior to the annual convention, but we know that a rather new subject was in for some discussion Monday night. It is

the future of wheat and its producer. All evidence points to the fact that there is to be either a drastic cut in wheat acreage, or a lowering of support prices to allow it to flow more freely into the feed market. Its use has given way to cheaper feed grains, sorghums and corn. People don't eat enough of it

to consume the vast productions of recent years.

walketh in his uprightness feareth the Lord; but he that is perverse in his ways despiseth him." Prov. 14:2.

Consider this: "He that

Parmer Farmers Union Re-Elects Graef

Parmer County Farmers Union members gathered about 130 strong Thursday night of last week, heard a speaker on farm matters, and reelected C. C. Graef of Lazbuddie as president of their county organization for the coming year.

It will be Graef's second year to head the farm group. Speaker for the evening was Clarence Hamilton of Earth. Hamilton's topic included statistical data on agriculture today as compared with a decade ago, and comments on how to better agriculture.

"I would like to commend Farmers Union as an organization that works for better legislation, but we need something besides legislation," the speaker said.

"We need a constructive program. The opportunity I

see for farmers to better their earnings is to work together through cooperative buying and cut costs this way.

"If farmers would deal through coops they would probably save as much as 10 per cent on their buying, and next year that 10 per

cent might represent their total profit."

Hamilton, a farmer-school teacher, did not directly criticize government controls, but said that the government was mixed up when it blames the farmers' dilemma on the family-size farm.

"The family-size farm is of basic importance to the Texas economy," he said referring to the statement to figures he presented showing the decline of Texas farmers.

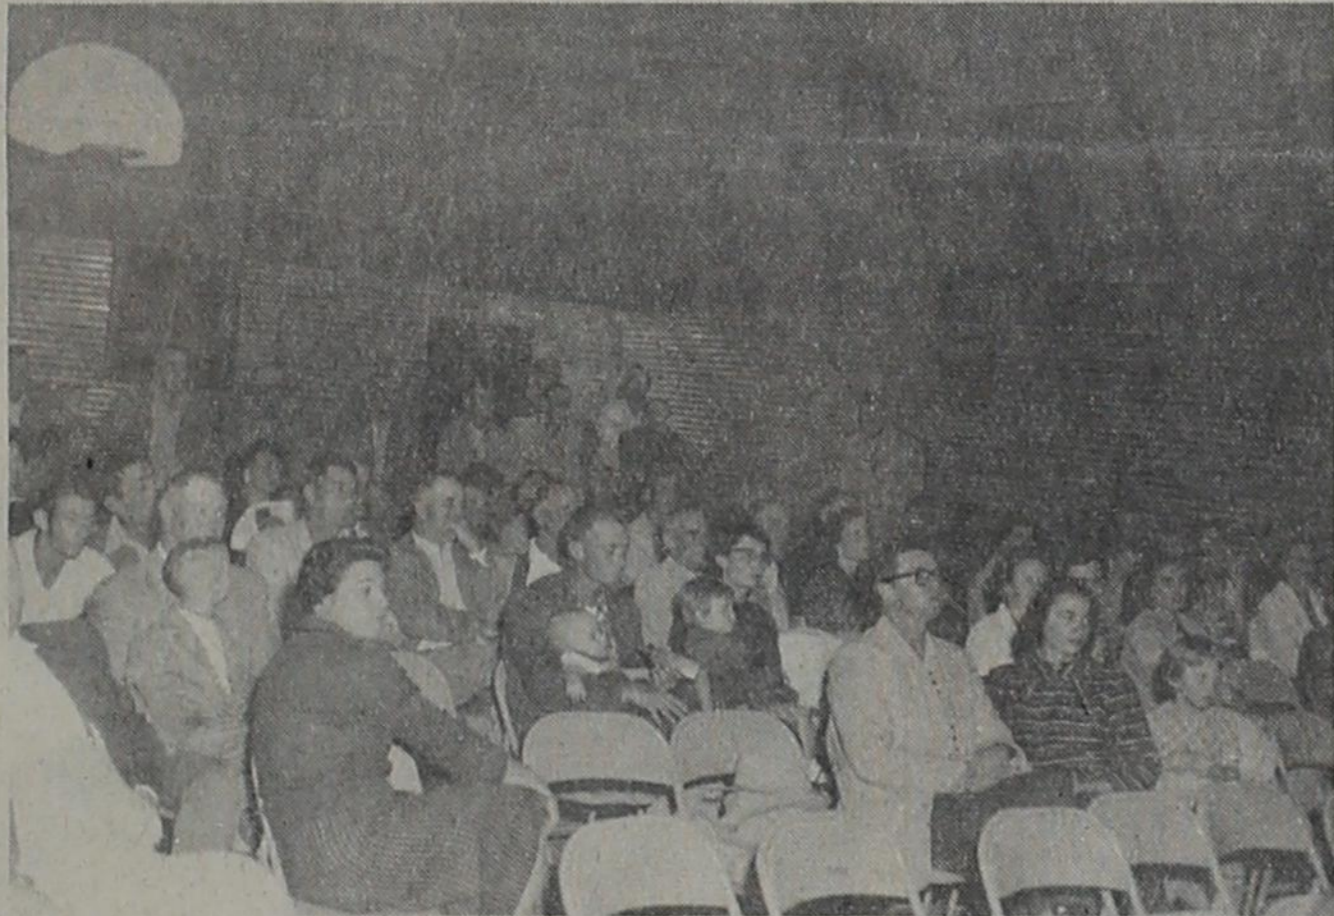

Other activities of the county-wide union meeting were awarding of prizes, a hula-

hoop contest, viewing films of English farming, and election of officers.

Besides Graef, offices of the county union will be filled by R. G. Barron of Oklahoma Lane, vice-president; and Gene Phillips of Lazbuddie, secretary. Barron and Phillips are new officers of the union.

The Friona local of Farmers Union had their annual election at the meeting and elected Ranza Boggess, president; Mickey Mingus, vice-president; and Billy Dean Baxter, secretary.

Films of English farm life were shown by Chuck Detton who spent six months in England as an exchange student last year.

PART OF THE CROWD that attended the annual Parmer County Farmers Union meeting Thursday night at the Hub were these folks. About 130 people were out for the meeting, which was held in the Hub Community building.

LEE THOMPSON

Tax Assessor and Collector

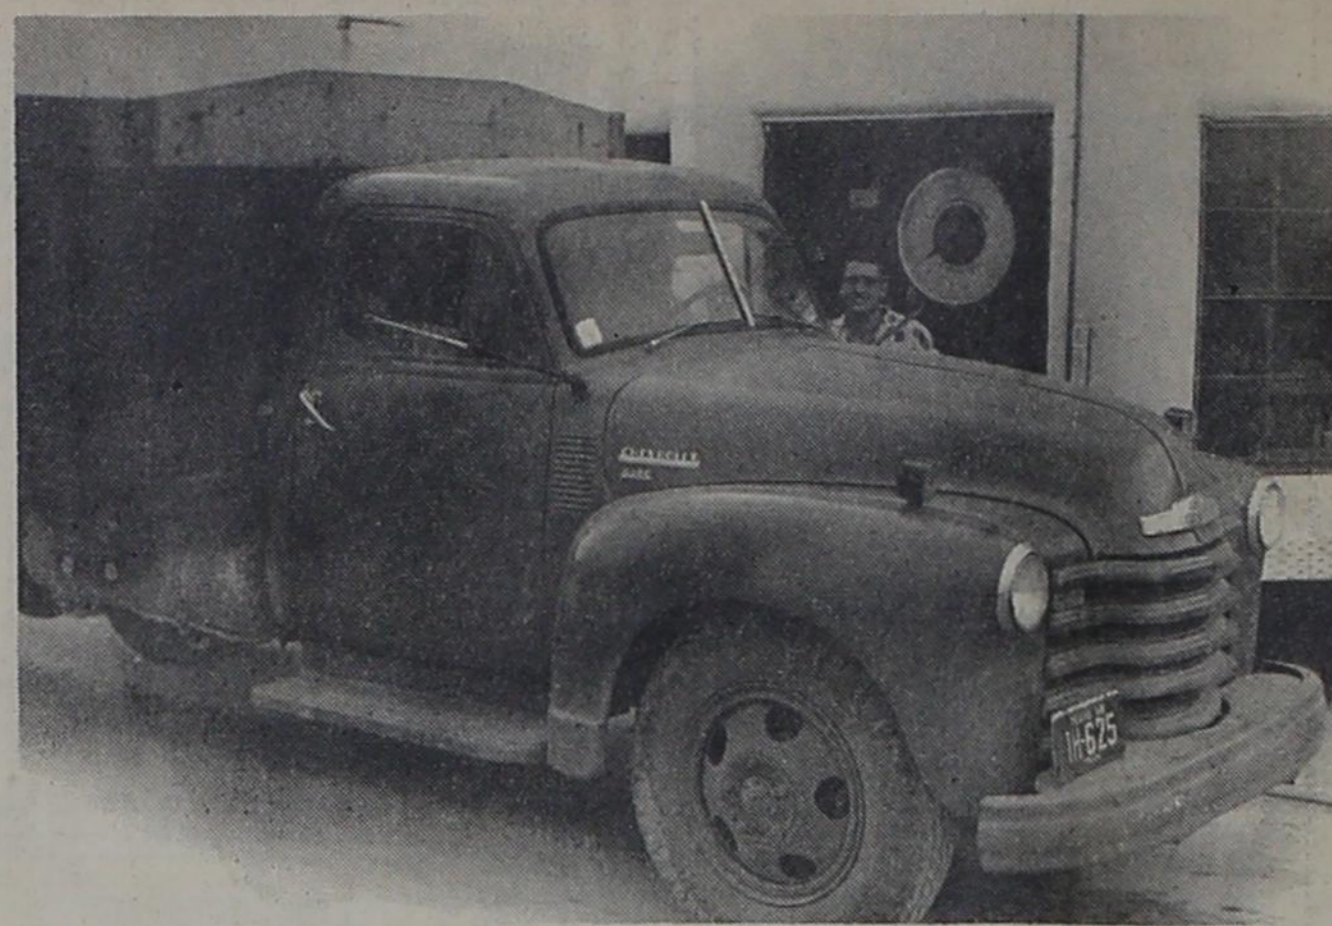

Parmer County, Texas

THE PICTURE OF THE WEEK is this well-loaded field of Parmer County cotton, basking under an autumn sun. Sunshine is so vital at this stage that it is estimated that for every day of sunshine, Parmer County area farmers make another 1,000 bales of cotton. That's around \$150,000 a day! Small wonder that they are glad to see the clouds take a recess.

HERE THEY COME--In a line extending several blocks in length, grain trucks lined up this week at Parmer County elevators as the 1958 harvest finally got started in earnest. These pictures were made at Sherley Grain in Bovina.

ACROSS THE SCALES goes a loaded truck. Every phase of the weighing and dumping operations is made at top speed because many more are in line awaiting their turn. It takes only a few seconds to weigh a truck, but the vehicles must be weighed again after they are emptied, which doubles the work.

Still Good Chance For Area Cotton

Late September rains halted and delayed harvest of the 1958 Texas High Plains cotton crop, but warm, dry sunshine during the first October weekend enabled farmers to resume harvest operations and total ginnings had passed the 100,000-bale mark by Oct. 4, says Plains Cotton Growers.

one inch. The exact figure was 32.13/32nds of an inch. Also, 86.8 percent of the cotton was classed white and only 13.2 light spotted.

Parmer County is hoping for a 60,000-bale crop.

It is very probable that dogs see all colors as shades of gray, just as an ordinary photograph records colors.

Ready Now To Acid Delint
(wet process)

or
Saw-Delint Your Cottonseed

CALL HEREFORD, TEX. Hub 2170

Hub Delinting Plant

9 Mi. South of FRIONA, TEX.

Overall damage to the potentially good quality crops has been light and officials figure farmers can still harvest one of their best crops in years if no additional rain is received. Moisture damage thus far has probably increased the amount of spotted cotton but otherwise officials see little damage.

A threat of an early frost this past week failed to materialize and continued warm weather would enable the area to continue harvest operations on a large scale. Much defoliation has been done and stripper operations in harvest may begin soon.

Out of 96,000 bales classed through October 1 the average staple length was above

Two Supervisors To Be Elected Coming Week

Two supervisors for the Parmer County Soil Conservation District will be elected next week. The election will be a part of a zone wide series of elections for the western part of Texas.

Monday night, voting will be held in the Lazbuddie high school auditorium, starting at 8. County Agent Joe Jones will have a short program to round out the evening, and will show two films, "Back to Eden," and "Concrete Lifelines for Thirsty Acres," both conservation movies.

George Crain is the present supervisor from the Lazbuddie area. Nominations will be made from the floor.

The same type program in connection with the election will be staged in Farwell at the county courthouse Tuesday night, also starting at 8. Joe Blair is the present supervisor from the Farwell area.

Those eligible to vote are resident landowners and their wives.

Other county supervisors and their areas: A. L. Black, south Friona; Bruce Parr, east of Friona, and Carl Schlenker, Bovina. The terms are for five years. Those elected will take office in January.

Farmers Union Report

You can chalk up another tremendous success for the Parmer County Farmers Union in their county convention at the Hub Community Center last Thursday night.

According to some of the old-timers in this family farm organization, there has never been as much interest and enthusiasm shown as was in evidence at this meeting. They are also convinced that Farmers Union is on the march gathering strength and support at every turn. That farm people are at last awakening to the facts, and are beginning to care what happens, especially when it happens to them, is evident. In Union there is strength.

Over a hundred people attended the convention, coming from all parts of the county. One of the things which contributed immensely to the success of the meeting was that so many entire families were there. Then another thing was the program. To start things off we had Charlie Phillips and his Sugartimers there to entertain us with their music and comedy.

But the thing that capped the climax and stole the show was the Hula Hoop Contest. You talk about interest and enthusiasm, these kids really

had it. The contest turned out to be a howling success with the audience doing the howling. If you ever want to liven things up a bit and give everyone a real laugh, just have a hula hoop contest. In fact, it was talked around through the crowd that we ought to recommend to the President that he enter some such contest. With the experience he has had in wiggling out of every promise he ever made the farmer he should be a sure winner.

Speaking of winners, we had some of them, too, but we have forgotten some of their first names. In the nine and ten-year old group in the hula hoop contest Judy Shirley, daughter of Mr. and Mrs. Jack Shirley of Hub, won first prize.

Winning first place in the 6-, 7-, and 8-year old group was the little daughter of Mr. and Mrs. Freeman Davis of Lazbuddie. Shirley Johnson, daughter of the Truitt Johnsons, won second place. Junior Renner's children carried off both first and second in the pre-school age group.

In the adult drawing Junior Matthews from Lazbuddie received a case of anti-freeze.

Best By Field Test

Position of ferrules gives quick, easy adjustment in one-inch intervals for rows from 36 to 42 inches.

Wire mesh section gives operator clear view of work being done by plant lifters and stripper units, allowing quick adjustments to enable top stripping job.

Telescoping stripper hood lowers to give clearance for rear axle when backing tractor into stripper for single unit mounting.

Tapered auger conveyor carries stripped cotton to rear of auger housing where 7-inch steel paddles move it to the tumbler belt for delivery to elevator.

Individual levers within easy reach of operator allow on-the-go adjustment of plant lifter angle and height for best guidance of plants into stripping unit.

Sturdy 46-inch fluted stripper roll and spring-loaded stripper bar set at gentle angle strip all bolls from stems into auger conveyor.

Floating, spring-loaded plant lifters guide plants to stripper bar and roll. Height and angle of lifters can be individually controlled from tractor seat by hand lever.

Shield protects cotton plants from front wheels - guides cotton plants into stripper unit. Shields for rear wheels are optional equipment.

ONTO THE DUMP--The truck has scarcely stopped rolling when men leap to it and strip the tarp back to get ready to dump. The hoist is already slightly raised and blocks are in place behind the rear wheels.

UP SHE GOES--The hydraulic lift thrusts the loaded truck high into the air and the golden milo rushes out of the bed and into the pit, emitting clouds of dust. This is no place for hay fever sufferers.

THE PARMER FARMER

by W. H. Graham Jr.

Good publicity does marvelous things. Sunday we did something we surely would never do were it not for the egg-ing-on of our "want to" by all the reports we have read.

In one short day we stuffed the family into the car, dashed to the New Mexico mountains, and returned home. It was just for a look--nothing else. Can you imagine people wanting to drive from 500 to 600 miles just for a look? Well, they do.

The hillsides of the mountains north and east of Santa Fe are bathed in glorious color. Nature has painted brilliant stripes upon the mountains with the thick stands of oak, aspen, and sumac, which render orange, golden, and yellow hues in incredible brilliance. It was a sight to remember and one which we will want to see again.

If people would drive that far for a look at the autumn colors, how far would they drive to see an equally inspiring scene right in their own backyard?

This is a question that, as we search for an answer, makes us think of a friend who lives in Carlsbad but has never seen the limestone underground caverns, or another who lives in Norman but has yet to see his first college football game, or of the photographer who makes pictures of everybody except his own kids.

What can the mountainsides of New Mexico, the walls of the Grand Canyon, a Hawaiian sunset, or a New England snowfall offer in beauty that surpasses (or even compares) with a High Plains harvest scene? Picture this:

Three self-propelled com-

bines creeping through a heavy stand of maize in the late evening hours. The air is calm. Seen from a distance, the sun glints from their reel bats like water rippling in a lake. To the right is row upon row of full-headed grain, a reddish-brown color splashed across the green leaves below, which are now themselves turning brown, their purpose having been fulfilled.

To the left is the neatly-clipped field, its spiny remnants casting long shadows across the water furrows, which once carried life to the flowering plants. This is the symbol of a year's work--a labor ended for some tiller of the soil.

If you've been missing sights like these you don't know beauty when it's under your nose.

In the late 1930's and all through the 1940's the Parmer County area became known as the great wheat-producing region. Most of the farmers who made good money during those years were men who farmed large acreages of wheat.

Wheat was the "it" crop in those years, and whether a wheat crop was made or missed held the key to whether things for the little towns on the Plains and the people in them were good or bad until next summer rolled around.

Row crops? Oh, sure, we had 'em, but look at the difference then and now. The idea was to make a good wheat crop. The land that was put into maize was handy, all right, in fact, downright necessary. But its production was not ESSENTIAL to prosperity as was the wheat.

The "milo maize" which it was usually called in those days sometimes turned out pretty good, but most of the time it would have been a flop by present-day standards.

After all, about the only thing it was expected to do then was to make bundles. If some grain was made too--so much the better--but a bundle crop was all that was planned on.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Well, the weather indicates that winter is just around the corner and the gas company seems to be quite busy over town lighting pilots on furnaces. The change of season brings on lots of activities.

If you have begun putting away summer clothes maybe these tips will be of use to you.

1. The first requisite of storing summer clothing is thorough cleaning to free it of any substance upon which silverfish, ants and roaches feed.

2. Wash garments, such as cotton or linen, should be free of starch and left unironed after washing. Thorough brushing, airing and sunning are also important.

3. All boxes or garment bags should be labeled with a description of the contents such as: "Mary's red summer coat"---"Tom's gray spring suit."

4. If the clothes are packed in a trunk or large wooden box, glue a list of the contents inside of the lid. This may save hours of searching for a needed article.

5. Old socks or bags made of scraps may be used around stored shoes. White shoes stay white longer if they are put away in socks or bags.

LAWNS NEED SPECIAL FALL ATTENTION

Now is the time to start thinking about the fall care of lawns.

Fertilization should be emphasized. Properly fertilized lawn grasses will go into the winter in vigorous condition and will remain green longer in the fall and will grow off earlier next spring.

Fertilizer should be applied about a month before the first

expected frost. If summer grass is pushed into lush growth by later fertilization, it may be damaged by a hard freeze. Applying fertilizer too late prevents grass from getting the most out of it before going dormant.

Apply a complete fertilizer with a 2-1-1 or 1-1-1 ratio at a rate to supply two pounds of actual nitrogen per 1,000 square feet of lawn, recommends the specialist. This amount of nitrogen would be found in 20 pounds of 10-5-5 or 10-10-10, or in 25 pounds of 8-8-8.

After fertilizer has been spread, be sure to water it at least six inches deep. Plenty of moisture is necessary, for plants can't use fertilizer until it is dissolved. If the soil is already wet, just wash the fertilizer off the grass and onto the soil.

Ryegrass is sometimes overseeded on Bermuda to give green color during the winter, but this is sometimes harmful to the Bermuda. Ryegrass is usually growing in the spring when Bermuda should start and unless the ryegrass is kept closely clipped, it often gives Bermuda serious competition for light, moisture and plant food. If ryegrass is seeded on a Bermuda lawn, Italian or annual ryegrass should be used for they die in the spring. Ryegrass should not be overseeded on grasses other than Bermuda.

For additional information, call or write my office for B-203, "Home Lawns."

gathered, don't overlook the vegetable garden. Okra pods are very pretty when sprayed with silver or other colored paint. Another good place to look for interesting materials to work with is the cotton field.

Surely it will not be long until all cars come equipped with a cabinet under the dashboard. We really need one in our car to store the things we should carry around at all times. As soon as they are available locally, we plan to purchase some of the plastic trays that fasten onto the windows and have room for a sandwich and a package of potato chips.

These gadgets also have a place for a paper cup to sit so that it will not turn over. Every family should buy as many of these trays as there are members of the family.

Mrs. Joe Moyer was a visitor in the Friona Star office Monday. She inquired about the egg plant which Elmer Euler grew and brought in for us to see and display. Mrs. Moyer says she enjoys eating this vegetable very much.

When asked how she prepares it, Mrs. Moyer replied, "Just slice it, turn it in batter and fry it."

Sounds simple, doesn't it? However, until we try it, we will not recommend it. Up until now, we have never tasted egg plant that was pleasing to the taste.

Our recipes this week were swiped from a column which we read regularly in the Canadian Record. It is written by Nancy Ezzell and is titled, "Petticoat Patter."

Inez Arrington's Nut Cracker Pie
2 egg whites, beaten stiff and dry
1 cup sugar
12 soda crackers, crushed fine
1 cup nut meats
1 teaspoon vanilla

Combine all ingredients. Pour into 8-inch pie dish with no pie shell. Bake at 350 degrees for 20 minutes. A double recipe may be made and used in an oblong pyrex baking dish and served cut in squares.

This pie is rather like a pecan pie.

Swedish Apple Shortcake

A delicious recipe using apples is this one from Sweden. It is called apple short-

cake, but is more like a pie than our familiar shortcake. By any name it is good. Serve it with whipped cream or vanilla ice cream.

PASTRY:

1/2 cup butter
1/3 cup confectioner's sugar, sifted
3/4 cup cornstarch
3/4 cup sifted all purpose flour

Cream butter until fluffy; add sugar gradually, continuing to cream until light and fluffy. Add cornstarch and flour; beat well. Chill about 2 hours. Pat pastry into 9-inch pie pan, flute edges.

FILLING:

6 cups thinly sliced apples
1 cup sugar
1/4 cup all purpose flour
1 teaspoon cinnamon

2 tablespoons butter
Combine sliced apples, sugar, flour and cinnamon. Place in shell, dot with butter. Cover pan with aluminum foil; bake 50 minutes at 375 degrees; remove foil; bake 25 minutes more.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Everyone who likes to make winter bouquets should be scouting around for materials now that they want to use later. In some of the out of the way places there are many sunflowers, cockleburs, devil's claws, and other weeds that are going to seed.

The seed pods of these and many other weeds make beautiful additions to centerpieces and other artificial flower arrangements. Leaves for these bouquets may also be gathered now for future use. Some of the grasses that are going to seed in pastures and along the roadsides can also be used.

Marines raised the flag over the customs house at Monterey, California on July 7, 1846, and took possession from the Mexican commandant.

WHIPPING UP THE DOUGHNUTS after the Parmer County Farm Bureau annual convention Monday night at the Hub was Jack Patterson. Pouring him coffee to keep the doughnuts moving is his wife.

Gil Kaltwasser Again Heads Farm Bureau

The Parmer County Farm Bureau likes Gilbert Kaltwasser of Oklahoma Lane. At least, they vote as if they do. He was named president of the organization for the fourth consecutive term Monday night at the annual convention, and elected in spite of a request from him that he not be made a candidate.

Fair weather played a mean trick on the FB members for their meeting. Many were busy with harvesting duties and the meeting was attended by 57--the smallest group ever to assemble for a county-wide convention.

There was lots of business taken care of, though, and the meeting rumbled on until after 12 o'clock as the members discussed and adopted resolutions on local, state, and national levels. There was no controversy on any of the resolutions adopted, and most were adopted with only token resistance.

Vice-president Jack Patterson reported the county Bureau membership at 626--off 24 from the goal of 650 the organization hopes to have by November 1. Membership is up slightly from the same time last year.

Directors elected: M. T. Glasscock, Farwell; J. D. White, Lazbuddie; Herman Gerles, Bovina; Ernest Anthony, north Friona; Raymond Schlabs, Black; and Jack Patterson, Rhea.

Named delegates to attend the state FB convention are Donald Christian, Schlabs, Franklin Baurer, Roy Miller, Gerles, and White.

Garland "Cotton John" Smith of KGNC-TV, Amarillo, spoke to the members about his experiences while making a European tour this summer. He made a special example of his stay in England.

"England is running the welfare state," he told the group, and he compared the standards of living of the typical English farmer with that of American farmers.

Smith also discussed conditions on the European continent, and emphasized that farming there is carried on today much as it was hundreds of years ago.

"The thing that puts us ahead of Europe is that we look to the future instead of the past," he said. "We have a faith in ourselves and our future . . . opportunity in America is truly unlimited."

Farm Bureau resolutions adopted (paraphrased by Farm and Home):

F-M ROADS--No change in the present program. Over 1000 miles of school and mail routes in county still unpaved.

ANIMAL HEALTH--PCFB favors brucellosis legislation with increased funds for Livestock Sanitary Commission.

RE-DISTRICTING--Opposes any compulsory change in commissioner precincts.

NON-HIGHWAY FUEL--Opposes any tax on motor fuel for non-highway purposes. Maintain present refunds.

INCREASED TAXES--Favors increased taxes on natural resources used commercially, to provide needed state revenue.

TRAILER LICENSING--Favors exempting farm trailers from license requirements.

ELECTRIC CO-OPS--PCFB favors enactment of "corrective rural electric co-op legislation in accordance with present Farm Bureau policy."

MILK LABELING--Favors legislation to show what's in the bottle.

PERMANENT SCHOOL FUND--Opposes any change. Designed to prevent spending of fund money without a vote of the people.

"SPEED LOCKS"--Favors banning devices from motor vehicles.

RIGHT-TO-WORK -- Endorses state RTW law. WATER--Supports the state water development and conservation policy of 1957.

(National resolutions): ANTI-TRUST -- Favors legislation to remove exemption of "labor or any other organization" from anti-trust laws.

MINIMUM WAGE -- Opposes extension of minimum wage requirements in agriculture.

FEDERAL AID TO EDUCATION -- Opposes further federal moves in operation and financing of local schools.

FARM PROGRAM -- Favors, "to replace the present parity support program, which is subject to various unjust

fluctuations, the inauguration of a plan to bring about a support plan based on the previous three-year average market price of commodities, after a period of proper adjustments of supports has passed."

COMPENSATORY PAYMENTS -- Opposes any proposals for providing compensatory payments for commodities, "without consideration of the realistic market value."

WHEAT--Urged teaming of commodity advisory committees of Texas FB and American FB "on a program of production and marketing that would be economically and politically feasible to present for consideration of the membership in 1959."

SOIL CONSERVATION DISTRICT NEWS

A new cooperater with the Parmer County Soil Conservation District is A. J. Malouf of Lubbock. His farm is located four miles south and five miles east of Bovina. Malouf saw the need to control erosion and increase production on his farm. Because the district furnishes help only to farmers who apply for it, Malouf signed an application and got it approved by the district supervisors.

After this application was approved, the Soil Conservation Service helped him work out a conservation farm plan on his farm. In making this plan the conservation measures needed in each field were discussed. Besides the crop rotations to use, how much fertilizer he needs, and a conservation irrigation system, it was decided a diversion terrace was needed to divert excess water from his cropland.

The SCS will help Malouf in the design, layout, and checking of this diversion terrace. In order to provide for a stable outlet for this diversion, Mr. Malouf decided to construct a waterway which will receive this surplus runoff water and safely conduct it through his field without excessive erosion. He will also receive technical help in design, layout, and checking of this waterway.

Slime May Clog Irrigation Wells

According to the High Plains Water District, many High Plains farmers have discovered that a slimy, gelatin-like substance is growing in their irrigation wells, some of which are in Parmer County.

The substance is reported to be a combination of blue-green algae and iron and sulphur bacteria. This report comes from Dr. J. K. G. Silvey, director of the department of biology at North Texas State College.

The District is gathering samples of the slime and is shipping them to Dr. Silvey for analysis; however, the District has not published recommendations for control and prevention of the growth.

The importance of the algae and bacteria contamination of irrigation wells is the fear that it may become concentrated in a well and clog the perforations in the well casing or even the pore spaces of the water-bearing formation. Should this occur, the well will not yield the quantity of water it normally would be capable of producing.

Word has been received from almost every section of the High Plains reporting that the substance has been discovered. The District reports that a meeting will be held in the near future to discuss plans for launching a large-scale research program to formulate recommendations for the treatment of wells that are now contaminated and for prevention of the growth in wells not yet contaminated.

Anyone who discovers a foreign substance in his well or pump, or who notices alien matter suspended in his well water can assist in the research program by contacting the District office in Lubbock.

This plan is a cooperative agreement between Malouf and the District.

If changes in markets, prices, or other conditions make it desirable to change this plan, any technical aid needed in making the changes can be obtained through the district supervisors.

Practically all the farmers cooperating with the District say that their conservation farming program has increased yields and profits and has also checked erosion. If you have not applied to the Parmer County Soil Conservation District for help in making a conservation plan for your farm, contact one of the district supervisors or come into the SCS office in Friona and sign an application today.
