

Weather, Paving, Sports Top '60 News Events

Mother Nature was responsible for the biggest news headlines in the Twin Cities during 1960, a year which was also highlighted by continued progress and growth for the two state line communities.

The year was started off with a good four-inch snowstorm on January 5, and this was just one of several unusual sieges of the weather. The early snow got farming operations off to a good start, but strong winds, hail and heavy rains in the spring, summer and fall months wreaked havoc with some of the fields just about the time they were ready to yield bountiful fruit.

Because of the abnormal weather conditions which were prevalent throughout much of the year, members of The Tribune staff labeled all of these weather happenings as being the biggest news of the year.

The elements brought an unusual, cold, wet and windy spring, heavy amounts of hail and from 10 to 15 inches of rain in June, more severe hail damage in October, and a paralyzing snowstorm early in December.

In all, The Tribune staff listed 12 stories which it considers of most interest to area residents during the year. They are not listed in any chronological

order as to importance, but all of them share equally in making 1960 an eventful year.

An important step of progress made in Farwell during the year was a \$50,000, 22-block paving program that was started in June and completed in August. Completion of these improvements has made Farwell one of the best paved small communities on the High Plains.

The 1960 census reports, released at mid-year, revealed that for the first time in history the population of the Twin Cities exceeded 2,000. Of this total, Farwell had 1,009 and Texico 1,003. These figures show that, population-wise, Texico-Farwell can now be more aptly called "Twin Cities" than ever before.

Sports also played a prominent role in happenings of the year, as both Texico and Farwell high school athletic teams had unexcelled success.

For the first time in more than two decades, the Texico Wolverines won the district championship in basketball and then advanced on through the regional and into the state tournament.

On the Texas side of the line, the Farwell Steers football team won its fourth district championship in five seasons and advanced on the regional playoff

game before bowing out of the running.

These were the top two sports happenings of the year but Texico-Farwell athletic teams excelled in other areas too. Farwell's basketball team also had a successful season, winning the district tournament but losing out to Sudan in a playoff game for the district championship.

The Texico track team won second place in its district, next to perennial power Ft. Sumner, and then went on to finish third in the state. Leslie Dyer and James Halsell each won first place medals at the state to pace the team to its fine showing.

Hamlin Memorial Methodist Church and the First Baptist Church of Farwell each would up extensive building programs during the year. The Methodists moved into a new \$80,000 building in February and the Baptists completed a \$75,000 addition to their church in the spring.

In January, several cases of Salmonella, described as a "group C-2 disease," were reported in Farwell but it never did reach epidemic proportions. All of the food handlers in the city cooperated with the city commission in having employees checked for the disease and no more cases were reported.

Radio Station KZOL went on the air in June, making Farwell one of the smallest cities, if not the smallest in the nation having a radio station. The station was moved here from Muleshoe.

Will Wilson, state attorney general, was in Farwell in February, to fill a speaking engagement. It was the first time that Farwell had ever had a major state political figure here for a special occasion.

Two local elections created considerable interest. On the New Mexico side of the line, Joe Helton was elected mayor of Texico over incumbent J.H. Winegeart by a four-vote margin, 102-98.

On the Texas side, Guy Cox was elected Farmer County Commissioner of Precinct 3, unseating incumbent J.H. McDonald in a runoff.

In addition to the new church buildings, there were also several new business buildings to go up in the communities. Among them were a new warehouse and office for Helton Oil Company, a new 12-lane bowling alley and two new additions to Worley Grain Company.

Complete statistics on buildings were not available this week, but a separate story on new Twin City construction will be run in The Tribune next week.

Time is running out for all Texans who want to have a voice in the affairs of government during 1961.

Deadline for paying poll taxes is January 31, and just in case it has slipped anyone's mind, there will be at least three elections of local interest during the year.

There are already about 10 hats in the ring for the special senate election in April, and with that many candidates slugging it out for office space in the S.O.B. (that's Senate Office Building), every responsible citizen should want to say so in who's going to occupy it.

Besides this special election, in which a junior senator will be elected for a six-year term, there will also be city and school elections this spring.

Public apathy has taken its toll of voters throughout the country, and if this disease continues to spread, Americans might just see this one basic privilege taken away.

Voting is still one of the most important rights we Americans possess, and everyone should take advantage of it—even if it does cost a \$1.75.

Every person has to have his fun in one form or another, but every now and then some thoughtless individuals pick a crude way of having it.

If the fireboys could have found the person who summoned them to a site northeast of town Saturday morning, they probably would have been tempted to string him up by his toes.

After arriving on the scene where the fire supposedly was, the firemen found that there was no sign of fire for miles around. Some imbecile apparently thought he would pull a fast one on the firefighters.

Am sure the person thought his actions were smart, but Fire Chief Huggins says he has another name for it.

We do live in a civilized society, but actions of this nature bring out that old barbaric urge to retaliate by administering some type of physical retribution.

If the fireboys do find the person and string him up by his toes, you can hardly blame them.

It could happen only once in ten thousand times.

Over the Christmas holidays, the R. B. Tuckers and Ray Mears' were vacationing in California. Neither couple knew that the other was there, but while at Ventura Beach near L.A., along with several thousand other people, they met one another face to face.

Ray Mears, who was telling about this coincidental meeting, says that they exchanged cordialities and then parted ways. But that wasn't all.

Later in the day, Ray and his wife were visiting the famed Marineland, again with a multitude of other people. Who do they run smack-dab into again?

You guessed it, there was the Tuckers.

In relating the incident, Ray says that he found R.B. with his hair down and his whiskers out. "He hadn't shaved since he left home," Ray says.

It's really a sad state of affairs when a school teacher can't lose himself from his hometown acquaintances—even when he goes a 1,000 miles away, to a populous place like southern California.

And, of all people that R.B. would have to run into, it was a guy like Ray Mears who would come home and tell.

About the crop of whiskers that R.B. had cultivated while vacationing, I can't think of a better place than California to let them grow. Everybody but 'ole Ray probably took him for a member of the Beamuk set.

Williamses Attend Bowl Game

As grand prize winner of the Farwell businesses football contest, Maxine Williams and her husband Don, attended the Cotton Bowl game between Arkansas and Duke January 2.

Mrs. Williams received two tickets to the game and \$55 expense money as winner.

They report having a fine time, and while gone they visited her brother, Don Ford, in Fort Worth.

Texico Election Slated

An election to fill two positions on the Texico School Board is slated for February 7. Deadline for candidates to file for these two posts is 4 p.m. Jan. 20.

Board members, whose terms are expiring, are C. C. Curry and T. T. Doolittle. Both are long-time members of the board.

Curry has filed for re-election to the post which he has held for 14 years, and the other candidate who has already announced is Murray White. Doolittle is not seeking re-election.

White, who previously was a member of the school board, resigned when the Rosedale school was consolidated with Texico in order to make room for a representative from that area of the school district.

Candidates who file for the election must have 10 bona fide signatures of qualified voters, says Buck Doran, superintendent.

The election, in which two members will be elected for six-year terms, will take place in the Texico Town Hall. Polls will be open from 8 a.m. to 7 p.m.

Texico Church Calls Pastor

Bro. Orville Brantley has been called as pastor of the First Baptist Church of Texico and will assume duties Jan. 15.

For the past nine months, he has been preaching at Rawlins, Wyoming, but Fort Worth is both he and his wife's home town.

The couple have two children, Nancy, age 14, and Michael Ray, age 10.

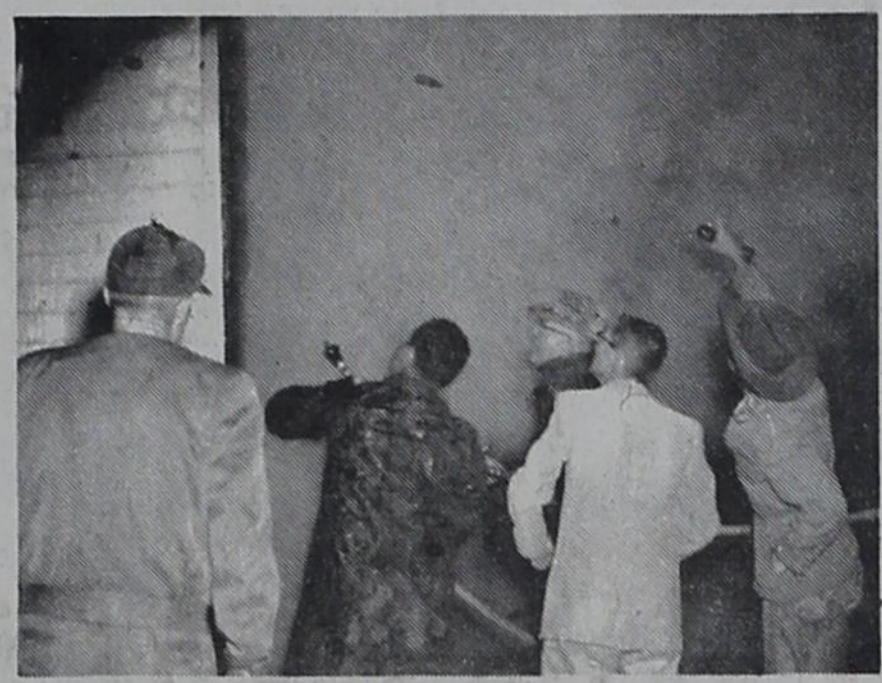

It is expected that the Brantleys will move to Texico tomorrow (Friday).

Brantley replaces C. C. Morgan who preached his final service in the Texico Church on Sept. 18. Bro. Morgan had served in Texico for seven years.

FARWELL, TEXAS THURSDAY, JANUARY 12, 1961 NUMBER 16

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF FARMER COUNTY" 10 PAGES FIFTIETH YEAR SECTION 1

SMOKE ROLLS from a four-room house east of Farwell as firemen attempt to bring the fire under control. Two rooms of the house were destroyed in the fire which broke out soon after midnight Saturday.

Midnight Fire Destroys House

A farm house, belonging to W. E. Martin, was badly damaged when a fire swept through the four-room structure early Sunday morning.

The Farwell Fire Department was summoned to the scene about 12:30 a.m. but not before the blaze destroyed two rooms. Two other rooms were saved but they were badly damaged by the intensive heat.

Nobody was living in the house at the time of the fire and it is not known how the blaze started, Mr. and Mrs. Duane Martin lived in a nearby trailer house and they were awakened by the fire soon after midnight.

The fire department was on the scene for an hour and a half and kept the building from being a total loss.

Three other calls one a false alarm, were also answered by the fire department last week. On Wednesday the fireboys extinguished a blaze at the Charles Steele home in east Farwell. The fire started when a connection to a gas stove broke.

Damage to the stove and a wall in the kitchen was slight. The fire department was summoned to the Farwell Wrecking yard late Wednesday evening when it appeared that an overheated stove may blow up. However, the fire had died down by the time the fireboys arrived on the scene.

Another call northeast of town was answered Saturday morning but it turned out to be a false alarm.

March Of Dimes Bowling Tourney Begins Monday

A March of Dimes benefit bowling tournament is scheduled to begin Monday in connection with regular league bowling at AA Bowl in Farwell.

All league bowlers will have an opportunity to contribute \$1 to the March of Dimes and be entered in competition for trophies, which will be presented at the end of the two-week tournament.

The Texico-Farwell Lions Club is sponsoring the tournament, which will have both men's and women's divisions. By having the tournament for two weeks, it will give bowlers two chances to win one of four trophies.

Here's the way the tournament will work: All league bowlers, both men and women, will be eligible to participate. Handicaps will be figured by subtracting a bowler's average from the score 200.

The handicap will be added to the actual score the participant rolls in each league game. The tournament will continue for two weeks and the person having the highest three-game series will be the winner. Trophies will also go to the second and third place winners in each division.

If a person believes he can better the first week score, he can pay an additional \$1 the second week and try again.

If a person bowls in more than one league, he will have more than two chances at the top prize.

Also, bowlers who do participate in tournament both weeks, will be competing for another trophy that will go to the person having the high total score for two nights of bowling. Again, if a person competes in two leagues, he can use his two best scores.

Records will be kept by members of the Lions Club and all proceeds will go to the March of Dimes.

Youth Confesses To Motor Theft

A 19-year-old Clovis youth has confessed to stealing an irrigation motor from the farm of J.D. Rucktaschel four miles east of Farwell.

Arrested Friday by Farmer County Sheriff Chas. Lovelace was Morgan Smith, who admitted taking the new Pontiac V-8 motor from the farm last Tuesday.

His bond was set at \$2500 by Judge Loyde Brewer and he has been bound over to the grand jury.

The arrest was made following investigation of several leads by Sheriff Lovelace. At the time of the arrest, the youth was preparing to install the motor in his pickup, Lovelace says.

The arrest of Smith also cleared up several other small thefts which have occurred in the area, the sheriff says.

In what was a busy week for the sheriff's department, several other thefts were investigated and three arrests were made.

Several parts from an irrigation well were reported stolen from the Gene Sterling farm north of Farwell last Tuesday night and the sheriff was investigating this theft along with two break-ins near Lazbuddie.

On Saturday night the offices at McBride Gin and at Par-Lamb Grain Co. were entered and a few small items were

Chamber Plans Annual Banquet

Final plans and preparations are being made for the annual Farwell Chamber of Commerce banquet which has been set for Monday night, February 13, in the Farwell School Cafeteria.

Delbert Downing, president of the Midland Chamber of Commerce, will be the featured speaker for the evening, and a committee is working up a program of musical entertainment.

Tickets for the banquet go on sale this week and every Chamber member will be asked to help with the sales so that a good turnout will be assured. The tickets will sell for \$2.00.

A speaker who mixes humor with good philosophic advice, Downing has filled many speaking engagements throughout the West Texas area. Members of the committee which arranged for Downing's appearance, say that the Chamber is very fortunate in acquiring this noted after-dinner speaker.

At a meeting of the Farwell Chamber Tuesday night, plans were made to name an outstanding citizen who will receive a citizenship award at the banquet. Ballots will be mailed to all Chamber members, who will vote for the citizen they think has contributed more than anyone else to Farwell during the past year.

New Chamber of Commerce officers for the coming year will also be announced at the banquet. A nominating committee is now working up the slate of new officers.

Farwell Band Mothers will prepare and serve the meal for the banquet.

Farwell Teams Win Trophies

The Farwell High School girls basketball team came home with the second place trophy and the boys team won consolation honors in the Amherst Invitational Basketball Tournament last weekend.

Coach R. B. Tucker's girls team disposed of Lazbuddie, 50-36, in an opening round game and then nipped Whiteface, 54-53, in a thrilling overtime semi-final game, before bowing to Amherst, 67-51, in the finals.

The Steers lost the first game of the tournament to Lazbuddie, 38-30, but then came roaring back to whip Whiteface, 50-35, and Amherst, 70-26, for the championship in the consolation bracket.

For the girls, it was the second time this year they have finished runner-up in a tournament and the weekend games left them with a 7-7 record for the season.

"The guards played outstanding ball throughout the tournament," said Coach Tucker in commenting on the Tourney. Handling the defensive chores for Farwell were Jean Reed, Susy Trantham, Paula Winegeart, Margaret Haseloff and Patsy Herrington.

In the Lazbuddie game, Farwell took an early lead and led all the way, as Christine Paine hit 20 points and Iris Goldsmith scored 19. The local team was ahead 13-8 after one quarter, 27-17 at the half, and 37-32 after three quarters.

Beverly Smith led the Lazbuddie effort with 16 points. The Whiteface game was nip-and-tuck all the way, with Farwell leading 12-9 at the first rest stop and Whiteface ahead 23-22 at the half. The blue-shirted team fell behind 33-37 after three quarters but closed the gap to tie the score 51-51 after regulation play.

In an overtime period, Whiteface took a one-point lead which they held until the final 15 seconds, when Iris Goldsmith was fouled. She stepped up to the free throw line and connected on two attempts to give Farwell the win.

Paine led the Farwell scoring with 23 points and Goldsmith had 18.

A 22-point second quarter gave Amherst a big lead in the championship game and the Farwell team could never close the gap. The host team led 16-13 after one quarter and 38-32 at the midway point.

Farwell outscored them in the last half but the damage had

DISTINGUISHED VISITORS at a meeting of the Texico-Farwell Lions Club Monday night were Bernard Love (center), Lions district governor from Lovington, and Lloyd Franklin, deputy district governor from Clovis (back row, far right). Here, they talk over club activities with the board of directors of the local club. Seated are Elmer Teel, left, and Cary Joe Magness, right. Standing are Jim Ussery, Dempsey Alexander and Calvin Murray.

SECOND PLACE WINNERS at the Amherst tournament last week end were the Farwell girls basketball team. Front row, left to right, are Paula Winegeart, Iris Goldsmith, Pat Kaltwasser, Susy Trantham and Margaret Haseloff. Back row, Sherry Gast, manager, Emalee Tucker, Jean Reed, Christine Paine, Coach R. B. Tucker, Sheryl Mills, Patsy Herrington, Bonnie Cochran, Marilyn Wallace and Gari Crook, manager.

Three Steers Honored In Regional Selections

Three members of the Farwell Steers football team this week were named to the second unit of the all-regional class A team.

Making the team were Floyd Trantham, tackle; Benjy Dial, quarterback; and Jerry Lovelace, fullback.

Carroll Huggins, halfback, received honorable mention. Dominating the first team selections was Stinnett, the team that defeated Farwell for the

Region I championship. The Rattlers had six players on the first unit, White Deer had three, and Lefors and Gruver each had one.

This was the fourth time that several members of the Steer football team had been selected as outstanding players. Besides making all-district, Trantham and Lovelace received honorable mention on the Class A all-state team released last week.

Both of the Steer standouts had previously been named to the second unit of the all-South

Plains team, which was selected by the Lubbock Avalanche Journal.

The South Plains team represented what the sports staff of the Lubbock paper considered to be the "cream of the crop" of all football teams in Classes AAA, AA, A and B.

Trantham was named to the defensive team and Lovelace was selected as a defensive linebacker.

Farwell players receiving honorable mention to the All-South Plains team were Owen and Huggins.

JOSEPH OSCAR CLARK

Rites Held For Pioneer Resident

Funeral services were held Saturday at the First Baptist Church in Friona for Joseph Oscar Clark, age 63, a resident of the Hollene Community since 1911.

The 2:30 services were conducted by Rev. Porter Arnold, pastor of the Rosedale Baptist Church, with Rev. William Burton, pastor of the First Baptist Church of Friona, assisting.

Mr. Clark suffered a heart attack Thursday morning, and was pronounced dead on arrival at Farmer County Hospital in Friona.

Joe Clark was born April 7, 1897, in Park Hill, Okla.,

Wolverines Go On The Road

Two District 6-B and East Plains Athletic conference games are on tap Friday and Saturday as the Texico Wolverines go on the road for games with Dora and Causey.

A win over both teams would leave the Wolverines with an unblemished mark in EPAC action and they would probably have the top-seeded position in the conference tourney which is next week January 19-20-21.

A loss to either or both teams would knock them out of the leader's position in both the district and the EPAC. Coach Paul Frederick's team is tied with Ft. Sumner for the lead in the district, and with San Jon in the EPAC, a team which is also undefeated in conference play.

Causey is expected to provide the Texico team with its stiffest

opposition, and a win for Causey would put them into a second place tie with Texico in the district. The Tomcats have lost only two games in district play, while Texico and Ft. Sumner have each lost one.

The Wolverines snapped a two-game losing streak and boosted their season record to 9-2 with a win over House, 39-27, Friday night at Texico.

Texico fell behind 5-0 in the opening minutes but then started a steady scoring parade which gave them a fairly easy victory.

The Green and White was out-front 11-7 after one quarter, 21-17 at the half and 27-20 after three quarters of play.

Scoring was evenly-divided among five players, with Leon Kelley hitting 10, James Halsell 9, Bill Reid and Kenneth Murdick 7 each, and Dwight Turner 6.

JOTTIN'S

By Jeanne

The Ernest Cains were host and hostess New Years to an aunt of Mrs. Cain and enjoyed catching up on news of the family. Mrs. Joseph Houston and her son and family from Daniel, Wyoming were here.

The visiting Mrs. Houston has two sons, the one who accompanied her is a highway project engineer, and the other is with the American Embassy in Belgrade, Yugoslavia. He went into the Navy at 17, after graduating as valedictorian of his class.

The visitor enjoyed the weather here, says Mrs. Cain, She says Daniel, Wyoming is 26 miles north of the Big Piney, the Iceburg of the Nation on Highway 189 from Salt Lake City to Yellowstone and temperatures reach 20 below zero.

We've noticed that if you turn 1961 upside down, you still have 1961.

Stanaland, Mrs. Martha Fox and children, Glenda and Bobbie, from Clovis spent Friday night in the Crocker home and Sunday visitors were their daughter and husband, Mr. and Mrs. Fred Fahsholtz, a brother and his wife, Mr. and Mrs. Bud Crocker, of Portales, and Richard Grant and Gary Edens from Cannon Air Force Base.

Buck Sprouce is working this week in Artesia. Mrs. Joe Nickenbohn, who spent ten days in the Clovis Memorial Hospital following major surgery, is home and recuperating nicely.

Mr. and Mrs. Mason Neely have returned from a sight seeing and fishing tour to South Texas and the surrounding area. They fished on the Falcon Lake and report that fishing was good.

Mrs. Buck Taylor accompanied her granddaughters, Linda and Karen Osborne, to their home in Plainview, spent the night and returned the next day.

Just like a small child, that car, pickup, or truck of yours needs proper care if its to have a long, "healthy" life.

Whether it be a tank of powerful Phillips 66 gasoline, an oil change, wash or grease job, you can be assured of the best service at--

Farwell Teams--

already been done, Paine again led the scoring with 21 points, Emalee Tucker had 12, Goldsmith accounted for 10, and Pat Altwasser connected for 8.

In a first round game in the boys division, the Lazbuddie Longhorns once again had Farwell's number, handing Coach Calvin Murray's Steers their third loss of the season. All three of Farwell's losses have been to the neighboring Parmer County team.

The Steers made a game of it in the first half, leading 14-8 after one quarter and 21-20 at the half. They could score only 9 points in the last half and Farwell's inability to hit was the difference.

Benjy Dial and Maurice Smith each scored 10 points for Farwell, while R. L. Porter canned 13 and Norman Brantley hit 9 for the winners.

Lazbuddie went on to win the tournament with wins over Springlake and Whitharral.

In the consolation game with Whiteface, Farwell had little trouble posting a win, as they hit a blistering 80 percent of the shots in the first half. The Steers led 21-7 after one quarter, 31-16 at the half and 46-28 after three quarters.

Dial led the scoring with 18 points, Smith had 12 and Jerry Lovelace hit 11.

It was the same story in the consolation finals as Farwell built up a 16-9 lead in the first quarter and then ripped the cords for 26 points in the second period while Amherst could score only 1.

From then on, everybody saw action and Farwell coasted to the win. Leon Lovelace accounted for 17 of the points, Floyd Trantham had 16 and Jerry Lovelace had 11.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Congratulations to the Lazbuddie basketball teams on their fine playing in the Lazbuddie tournament this past week end. Even though the girls didn't place, they did well. The boys won the first place trophy. Congratulations boys.

Supt. Ward asks Lazbuddie fans to please change the starting time on all future conference basketball games to 6:30 instead of 7:30 as printed on the schedules.

This week was mid-term exam week. Quite a few students were exempted in most of their subjects.

Jimmy Broadhurst is staying with Cooper Young this week so he can take his midterm exams before joining his family in Oklahoma City where they recently moved.

Mr. and Mrs. Dan Cargile visited his nephew and family, the Lindel Hollis, in Little-

field Sunday.

Mr. and Mrs. J.B. Young, Cooper and Steve, returned Jan. 2 from a two weeks vacation.

Mr. and Mrs. Pendergrass and Susan attended a Pendergrass reunion held New Year's Day in Meadow at the home of his nephew's family, the H.V. Welches.

David Lesley, son of the T.O. Lesleys, is confined to his home this week with mumps.

Forest Green and daughter from the Pleasant Valley community visited Mrs. May Green Sunday. Mrs. May Green left this week for Austin, Houston and Galveston for a visit with her daughter and family, the L. B. Plummers, and other relatives.

The Lazbuddie W.M.U. didn't have their Monday meeting due to the funeral of Bob Jones' mother.

Carlos Gruber is guest speaker for the Bible study being held this week at the First Baptist Church with meetings each evening.

Birthday greetings go this week to: Mary Schumann, Jan. 10; Carolyn Hinkson, Jan. 13; Loy D. Rigney, Evelyn K. Dar-

ling, Jan. 14; Larry Parker, Timmie Smith, Jan. 15.

Mr. and Mrs. Herbert Clay and Mr. and Mrs. Bob McDonald returned Monday from a two weeks visit with relatives at Claude and Clarendon.

Carol Littlefield from E.N.M.U. visited his parents over the week end.

John Littlefield is attending an Angus sale near Tulsa, Okla., this week.

The Farmer's Union met at the Hub Community Friday night with President T. O. Lesley in charge. Alex Dickie, state president, was guest speaker. Linda Lesley and Marsella Mayfield and other local talent furnished the entertainment.

Recent guests in the Wyle Bullock home were Mr. and Mrs. G.J. Bullock Jr., Katie Beth and Kyle, from Lubbock.

Mr. and Mrs. C.W. Dale, former Lazbuddie residents who have been living in Arkansas, have moved back to this community and will work for the Quin Weavers, The Dales have two children. His parents from LaCrosse, Ark., are here this week for a few days visit.

The Junior girl's 4-H club

met Jan. 9 with 28 members present. The club will attend a council meeting Jan. 21. New 4-H books were on hand and the reporter, Kathy Wilson, states there are more books available. One new member, Norma Dale, was welcomed. Mrs. Newsome gave a demonstration on "After School Snacks." The next meeting will be Feb. 13 in the 5th grade room. A demonstration will be given by Jan Mason, Tamra Jennings, Kathy and Becky Wilson.

Former Local Doctor Dies At Lubbock

Dr. Gerard Alexander Foote, a former Texico-Farwell doctor, died last Wednesday in a Lubbock hospital, only a few days after he retired from the medical profession.

Dr. Foote, who died of a heart attack, had been a physician in Lubbock since 1937. Prior to that, he practiced in Texico-Farwell, Amarillo and

Sudan.

Funeral services were conducted Saturday at Lubbock, with the Rev. Tom Anderson, pastor of the First Presbyterian Church of Lubbock, officiating.

Survivors, in addition to his widow, are a sister, Mrs. Fred Kepley, Oklahoma Lane; two daughters, Mrs. E. C. McSpadden, Longmont, Colo., Mrs. W. B. McElreath, Beaumont; and one granddaughter, Dianne McSpadden, Longmont.

and court costs and had his driver's license suspended for six months.

Picked up along with Salinas was Charles Youts, 41, also of Dimmitt. He was charged with drunkenness and fined \$28.50 by Justice of the Peace J. R. Thornton. Both arrests were made east of Lovina.

Also arrested for drunkenness was Ben Finch, 52-year-old Negro. He was tried by Justice Thornton and fined \$28.50.

Youth Confesses--

department issued a warrant for the arrest of two individuals who passed a forged check at the Holiday Store in Farwell.

The check, in the amount of \$167, was forged on a Pampa firm and cashed at the Farwell store on December 27.

Three persons were arrested over the week end by the sheriff and charged with being intoxicated.

Arrested Friday and charged with driving while intoxicated was Juan Salinas, 31, of Dimmitt. He was tried by County Judge Loyde Brewer, fined \$100

Charlie Calaway Funeral Tuesday

Charlie Calaway, 66, Rhea community farmer and a former county commissioner, died Sunday morning in Parmer County Community Hospital.

Mr. Calaway's death was a shock to his relatives and many friends. He was in apparent good health until he was stricken by a heart attack in his home Saturday night.

Funeral services were conducted Tuesday afternoon in Bovina Methodist Church. Rev. Davis Edens, pastor, officiated. He was assisted by Alfred White, minister of Bovina Church of Christ.

Charlie Lee Calaway was born in Halesboro August 5, 1894. He married Miss Dixie Lawson, October 19, 1913.

They moved to Parmer County some 32 years ago.

Survivors are his wife, one son, Robert; one daughter, Mrs. Paul Jones, both of Bovina; one brother, Luther, of Sparks, Nev.; three grandchildren and three great-grandchildren.

Pallbearers were George Trimble, Johnnie Horn, Carl Schlenker, Boye Taylor, Jack Patterson, Cordie Potts, George Harold Trimble and Orbra Cole.

USE UP TO 45% LESS WATER!

... with portable irrigation and Alcoa Aluminum Pipe!

Save again on leveling, installation and care with a sprinkler or gated system tailor-made of Alcoa Aluminum Irrigation Pipe!

You get *bonus* benefits when you deliver the right amount of water to your crops—as it's needed throughout the growing season—with portable irrigation using Alcoa® Aluminum Pipe. You'll find it uses only about 55 per cent as much water as flood irrigation; is more economical to install, easy to move; eliminates most leveling and ditching.

There's an Alcoa Irrigation Pipe for every need!

Alcoa Standard Class 150—tough enough for rough handling, strong enough for high pressures over long hauls—comes in eight diameters from 2 in. through 10 in. Alcoa Lite-Line comes extruded—light weight and low cost for most average uses; and welded—alclad inside for maximum corrosion resistance. It's available in nine sizes from 6 in. through 12 in. for high-volume sources. Both Alcoa Standard Class 150 and Alcoa Lite-Line come in lengths of 20, 30 and 40 ft; larger sizes of Alcoa Lite-Line, Welded, in 50-ft lengths.

Ask your irrigation supply dealer about Alcoa's 48-Month Irrigation System Finance Plan!

Provisions of this finance plan allow your new irrigation system to serve as collateral against your loan. There's no red tape... you get immediate action on application for a loan. Irrigate while you pay for your system out of increased profits.

Your Irrigation Dealer has quality Alcoa Irrigation Pipe available for immediate delivery from local stocks. He is an expert on irrigation engineering and can provide local service on a complete irrigation system tailored to your needs.

THE STATE OF TEXAS COUNTY OF FARMER

Before me, the undersigned authority, on this day personally appeared Mabel Reynolds, County Treasurer of Farmer County, who being by me duly sworn, upon oath, says that the within and foregoing report is true and correct.

Mabel Reynolds, County Treasurer.

Sworn to and subscribed before me, this 7th day of January, 1961.

HUGH MOSELEY, Clerk
County Court, Farmer County, Texas

(SEAL)

SOIL CONSERVATION DISTRICT NEWS

What are soil surveys? Simply stated, a soil survey is an inventory of soil resources in a given area. A soil survey tells us the kind of soils and their characteristics. It tells us how the soils are distributed, where they come from and how they behave under different climatic conditions.

About one half of the soils in the United States have been covered by a soil survey that shows enough detail that they may be used for conservation planning.

In a soil survey the important properties and characteristics are noted. This gives us a soil unit. These units are located and plotted on aerial photographs. Finally this information is published in a soil survey report. A soil survey report includes a map that shows the location and extent of the soils in the area. It includes a description of the soils and how they may be used and managed. It also gives the limitations and potentialities of the soils. A report usually covers one county.

Although some soils may look alike on the surface, they are quite different just below the surface. This difference may be due to their composition as in the arrangement of the soil layers. Through research and experience we know there is a close relationship between different kinds of soil, their soil and water management problems and their production potentials.

Soil surveys are made cooperatively by the federal and state governments. The Soil Conservation Service is the federal agency that has the primary responsibility for soil surveys. The land-grant colleges and universities and primarily state agricultural experiment stations are the state agencies.

Guam has the highest birth rate of any area of the world, with 58 births per year for each 1000 population. (U. S. average, 24.8) (Monaco claims the low record of 14.2 per 1,000 population).

FARMER'S UNION NEWS

BY W. L. EDELMON
More than one hundred farm people listened intently as Alex Dickie, state president of Texas Farmer's Union, painted a brighter picture for American agriculture during the next four years at the Hub community center Friday evening.

"A friendly attitude toward farmers will mean a lot," said Dickie in discussing the incoming administration.

"Orville Freeman has a broad knowledge of and a profound sympathy for the problems of the American farmer and will act boldly when he assumes the duties of office," he added when describing the new appointee to head the department of agriculture.

"He is now determining the possibilities of improving the farm situation under present laws and considering the most needed changes to provide the best possible farm program that can be set up and at the same time reduce the expenditures which are opposed by the nation's press," Dickie added.

Dickie's address followed several musical numbers by members of the Lazbuddie Junior Farmer's Union.

Delegations from Bovina, Farwell, Lazbuddie, Friona and Lamb and Bailey Counties were present.

Formosa, 240 miles long and about the size of Maryland and Delaware combined, sustains some 10,000,000 people.

Legal Notice

NOTICE OF MUNICIPAL SCHOOL BOARD ELECTION
 Notice is hereby given that on the 7th day of February, 1961, there will be held in Texico Municipal School District No. 2, Curry County, New Mexico, an election for the purpose of electing:
 Two (2) members for terms of six (6) years each. The school district and territory attached thereto shall consist of one voting district.

The voting place shall be the Texico Town Hall. The judges and clerks for said election shall be:

JUDGES: Mrs. Olan N. Schlueter, Mrs. W. R. Harrington, Walter Freeman.

ALTERNATES: Mrs. Wesley Engram, Mrs. J. T. Turner, Mrs. R. E. Crooks.

CLERKS: Mrs. Russell Johnson, Mrs. B. A. Kelley.

ALTERNATES: Mrs. O. L. Thompson, Mrs. John Spearman.

The polls for said election will be open at 8:00 o'clock A.M., and will close at 7:00 o'clock P.M.

Candidate's petition for filing shall be accompanied by ten (10) bona fide signatures of qualified voters. Deadline for filing shall be 4:00 P.M., CST, January 20, 1961.

/s/ John R. Hadley
 Chairman
 Board of Education
 Municipal School District No. 2
 15-2tc.

Council Sponsors Science Program

The Texico High School student council is sponsoring a paid assembly Thursday, Jan. 19, at 12:30. K. A. MacKenzie, scientist, world traveler and entertainer, will present the program on "The Wonders of Liquid Air."

Although an informative program on science, humor is injected throughout. The student council feels that adults would enjoy the program and anyone interested is invited to attend. Admission is 10¢ for grade school children and 25¢ for high school and adults.

Church Of Christ News

FARWELL, TEXAS
EBB RANDOL, MINISTER
 This Monday evening, Jan. 16, at 8:00 p.m., there will be an area-wide meeting of the members of the Church of Christ from the surrounding communities, to be held here in Farwell. There will be a dinner at the Farwell School Cafeteria, after which there will be a panel discussion on the topic, "The Advantages of a Paid Eldership, Educational Director, etc." Robert E. Lee of Portales, Neil McBride of Clovis and Ebb Randol of the local congregation will be speakers.

The sermon topics for Lord's day, Jan. 15th, will be: Morning--10:50 a.m., "What Have They Seen in Thy House." Evening--7:00 p.m., "What We Owe Our Young People." Singing practice will be at 6:30 p.m.

Mr. and Mrs. Earl Stewart of Erick, Okla., and Mr. and Mrs. Randell Stewart of Dalhart visited Saturday night and Sunday in the home of R. D. Dale and family of Oklahoma Lane.

CARD OF THANKS
 We have not the words at our command to express the humble gratitude in our hearts to each and everyone for the many kind and thoughtful things that have been done for us through the long hours of our anxieties and sorrows.

To the men of the Civil Air Patrol, the State Highway Patrol, from both Texas and New Mexico, all law enforcement officers of Texas and New Mexico, we are deeply grateful for the concentrated efforts made in our behalf.

For the magnificent floral offering, the memorial donations to Boys' Ranch, the food prepared by the ladies of our community and various other assistance given by them, and to those everywhere whose sympathies went out to us in these trying days, we are so very thankful.

Please forgive us if there are those who should have received personal cards of thanks and do not receive them. We do know some have been lost. May God bless and take care of each and everyone of you from this day forward is our prayer.

• Important news for new-car buyers--
THE '61 CHEVY BRINGS JET-SMOOTH TRAVEL DOWN TO EARTH

This is the Impala Sport Coupe -- just one of 20 Jet-smooth Chevis!

HERE'S WHAT GIVES CHEVY ITS JET-SMOOTH RIDE--
Full Coil suspension--Chevy's one of the few cars with a coil spring at every wheel. **Precision-balanced wheels** --For smoother rolling with less vibration. **Sound-hushing insulation**--Sheet metal is carefully insulated against drumming and vibration. **51 built-in "shock absorbers"** --Cushion the chassis against shock and shake. **Live rubber body mountings**--Extra-large butyl rubber cushions that further isolate the ride from the road.

Better just circle your dealer's block the first time you try a Jet-smooth '61 Chevy. Get anywhere near an open highway and he's liable never to see you again. What we mean, Chevy's ride whets your yen to travel. Wins you over with its delightful coil-spring smoothness, its hushed comfort and light steering. You find yourself feeling sorry for people who buy higher priced cars, thinking they have to pay premium prices for a luxury ride. That may have been true at one time, but not any more. Chevrolet's ride, its roadability, just doesn't take second place to anybody's. Drive one soon and see.

See the new Chevrolet cars, Chevy Corvairs and the new Corvette at your local authorized Chevrolet dealer's

THE HIGH PLAINS FARM AND HOME

FURTHER ALONG are these Cedar trees that were planted on the Donald Watkins farm a few years ago. It won't be

long before these three rows of trees will provide a nice windbreak.

SEEDLINGS PLANTED LAST SPRING on the Leon Billingsley farm near Oklahoma Lane are making progress, and several years from now they will provide a nice windbreak.

These three rows of Red Cedars were planted west of the Billingsley home.

Seedlings Available For Farm Windbreaks And Beautification

Once again this year tree seedlings for windbreaks and beautification of farm homes in Farmer County are available through the Texas Extension Service.

Orders may be placed through Farmer County Agent Joe Jones for any of 14 different species at a cost of \$1.50 per 100 seedlings.

Orders must be received before February 10 and shipment will be made between mid-January and Mid-February and the first week in March.

Since the forestry program was first started in 1951, quite a few farmers in Farmer County have order trees from the

Forest Service and several farms are well on their way to having good windbreaks.

The trees are mainly for windbreak purposes, but they do help in farm beautification, Jones says.

The county agent suggests that farmers ordering the plants, plan a windbreak around their farms to protect their houses from wind and sand and provide a place for children to play.

Also, adult recreational facilities such as a patio or barbecue pit would be possible.

Windbreaks are usually planted in two or three rows and sometimes surround a farmhouse,

the county agent says. Tree application blanks may be picked up at the agent's office in Farwell. While there are 14 species from which to choose from, Jones recommends three which are best adapted to this area.

They are Red Cedar, Ponderosa Pine and Austrian Pine.

Trees may also be ordered

for churches and schools but not for city residences. Orders must be for at least 100 trees.

Meeting On Farm Records Monday, 1:30

A meeting for assisting farmers in setting up a farm records system is slated for Monday, January 16, at 1:30 p.m. in the Friona State Bank Building.

James Murphrey, extension farm management specialist from Amarillo, will be present to help farmers set up and keep a good, comprehensive set of records.

The meeting is one of several which the Parmer County Farm

Management Committee has been sponsoring for the purpose of helping farmers with management problems.

Believing that good farm management is a must if farmers are to get the most out of their farming operations, the committee invites all interested persons to be on hand at the meeting.

The meeting will last for about two hours.

Frona Famer's Union Members Elect Officers

The Friona local of Parmer County Farmer's Union, following a countywide meeting at the Hub Community center Friday evening elected officers to serve during 1961.

Officers elected included John W. Renner, president; Glen

W. Mingus, vice-president; and W. L. Edelman, secretary.

Following the election plans were made to send a bus load of farmers from Parmer County to the National Convention in Washington, D. C., when president Kennedy will be the featured speaker.

At this meeting, four cabinet members, Secretary of Agriculture Orville Freeman; Secretary of State Dean Rusk; Secretary of Interior Stewart Udall; and the Secretary of Health, Education and Welfare will address the farmers. Round-trip tickets can be purchased for \$30 and the stay in the capitol city will be four days.

During the holiday season many of us ate so much fruit cake, orange-date cake and other filled cake that just a

common everyday cake would probably go over big with family members or guests. If you don't already have a

treasured basic layer cake recipe, try the one in the next paragraph. This cake can be iced in so many different ways that it changes character each time. Or, if you prefer, you can bake it in a sheet pan and serve un-iced.

BASIC LAYER CAKE
 1 3/4 cups sifted flour
 2 teaspoons baking powder
 1/2 teaspoon salt
 1/2 cup margarine

1 cup sugar
 2 eggs
 1/2 cup milk
 1/2 teaspoon vanilla extract.
 Sift together flour, baking powder and salt. Stir or beat margarine until creamy. Gradually add sugar, beating or stirring until light and fluffy. Beat eggs until very light and thick. Add to margarine mixture with vanilla extract and beat well. Add flour mixture and milk alternately, beginning with flour and beating smooth after each addition.

Pour batter into two 8-inch cake pans lined with waxed paper. Bake in moderate oven (375 degrees) 25 to 30 minutes. Cool in pans on wire racks 10 to 15 minutes. Turn out of pans and remove wax paper. When cake is entirely cooled, fill and ice with desired frosting.

Most of us use flour when making cornbread, but tasty cornsticks can be made without any flour. If you want to give your vegetable dishes the perfect companion, serve piping hot, golden cornsticks with them.

GOLDEN CORNSTICKS
 2 cups yellow corn meal
 1 teaspoon salt
 1 teaspoon soda
 1 egg, beaten
 2 cups buttermilk or sour milk
 6 tablespoons margarine
 Start oven and set at moderately hot. Put heavy iron or aluminum cornstick pans into oven to heat while batter is being mixed.

Stir together corn meal, salt and soda. To beaten egg, add buttermilk and 4 tablespoons melted margarine. Add to corn meal mixture. Mix well. Remove piping-hot pans from oven.

Use remaining margarine to grease hot pans. Pour batter at once into pans and bake 22 to 25 minutes, or until golden brown. Serve hot with margarine.

A well filled cookie jar is a wonderful addition to any home. For a yummy cookie

that will be a hit any time it is served, try

SPRITZ COOKIES
 1/2 cup margarine
 1 cup sugar
 2 eggs
 1 teaspoon vanilla extract
 1 tablespoon cream
 2 1/4 cups sifted flour
 1/4 teaspoon baking powder
 1/4 teaspoon salt
 1/2 teaspoon nutmeg
 1 1/2 squares unsweetened chocolate, melted
 Cream margarine. Add sugar gradually, creaming until light and fluffy. Add eggs and beat well. Stir in vanilla extract and cream. Sift together flour, baking powder, salt and nutmeg. Add to margarine mixture, about one-fourth at a time, mixing well after each addition. Divide dough in halves. Leave one half plain. To other half add cooled melted chocolate and mix well.

Fill cookie press and form cookies on ungreased baking sheet. Bake in moderately hot oven 8 to 10 minutes. If desired, decorate cookies with colored sugar before baking.

Or the baked cookies may be decorated with confectioner's sugar icing and coconut, nuts or candied fruits.

Now, there is a Vitamin B lipstick--for girls with anemic boy friends.

34 New SCD Agreements

During the six-month period from January 1, 1960, to August 31, 1960, there were 21 new cooperative plans written for farmers in the Farmer County Soil Conservation District.

According to the annual report recently released by the SCD's board of supervisors, there were also 13 basic conservation plans written in the district for a total of 34 new agreements.

The new cooperative plans written in the district during the six-month period pushed the total number of farmers in the county applying conservation practices under the SCD program to 477. There are 256,498 acres in the program.

In their report, the supervisors cited five county farmers for outstanding soil conservation practices during the year.

Arthur Drake installed a lake pump on his farm near Friona and tied it into his concrete pipeline system with

aluminum pipe.

The pump was installed in March and has been used all year, thus making good use of water that would otherwise be wasted.

Jerry Bell has made excellent use of his grain sorghum stubble the past three years. Each year he has harvested from seven to eight thousand pounds of grain which leaves him with a bumper crop of stubble.

Realizing the value of this stubble for erosion control and adding organic matter, Bell uses a roto-tiller and disc to work the stubble into the soil surface instead of burying it with a mold board plow.

Kenneth Nunn did some earth moving on 35 acres of land to improve the application of irrigation water.

Leon Wilson installed a sprinkler system to irrigate alfalfa on sloping ground. A used motor and pump was set to pump out of a playa lake.

This, according to the SCD supervisors, is wise use of

rain water that would be wasted.

By using the sprinkler method on his sloping ground and permeable soil, he is applying the amount of water needed without waste or erosion.

Gilbert Schueler planted approximately 75 acres in soybeans and he does so each year. Schueler has seen the advantages of planting soil improving crops in rotation with other crops.

In addition to improving the soil, he has a cash return as well, that will bring almost as much as grain sorghum.

During the six-month period, the SCD purchased several pieces of equipment to help farmers and ranchers accomplish more difficult conservation problems. Equipment now in use by the district includes four Engler scrapers, three weed poison spreaders, and one Hancock grass seeder.

Also during the year, the board continued its practice of furnishing farmers in the district with Arizona Cypress trees for farmstead and livestock windbreaks at a reduced cost. Approximately 330 trees were planted under this program during 1960.

In winding up their report, the SCD board listed several problems and needs of the Soil Conservation District. They included:

1. A greater amount of help from Agricultural Conservation Program in the form of finan-

cial assistance to farmers for concrete tile and other conservation practices. This would be of benefit in promoting the district welfare.

The board also feels that the Agricultural Conservation Program should supply part of the help for ACP checking. Additional men for technical assistance is still needed in the district from the Soil Conservation Service.

2. The greatest need of the district is educating the farmer to use proven methods of soil and water conservation planning. Although farmers are already aware of the methods, it is a matter of encouraging them to use them and realize the need for proper soil and water control.

3. The board feels there is a need for another grant to the district in order to carry on and expand this program so that it may be of greater service to farmers in the district.

The board acknowledged the assistance given them by the following businessmen and other civic groups:

1) Newspapers in the county for supporting the district by getting information to the public.

2) Friona Chamber of Commerce for furnishing office space for the Soil Conservation Service.

3) Friona State Bank for paying the dues for a number of years to the National As-

Top Producers In Statewide Sorghum Program Named

Jim Shearhart, a Deaf Smith county 4-H Club boy with a knack for doing things well, today was named state champion in the 1960 Texas Hybrid Grain Sorghum Program. His yield of 7,892.9 pounds from an acre of Texas RS610 was produced under irrigation. He applied 150 pounds of anhydrous ammonia before planting. His acre was planted on June 6 using 9 pounds of seed in 30-inch rows. Three irrigations were used.

The top dryland yield—a new record—was posted by Albert P. Sulak, Route 2, Itasca, Hill county. The yield, a whopping 7,155.3 pounds per acre, was also from RS610 with only a preplanting application of 50 pounds of anhydrous ammonia. Sulak planted his fine yielding crop on March 15 and used 7 1/2 pounds of seed per acre. The complete list of winners

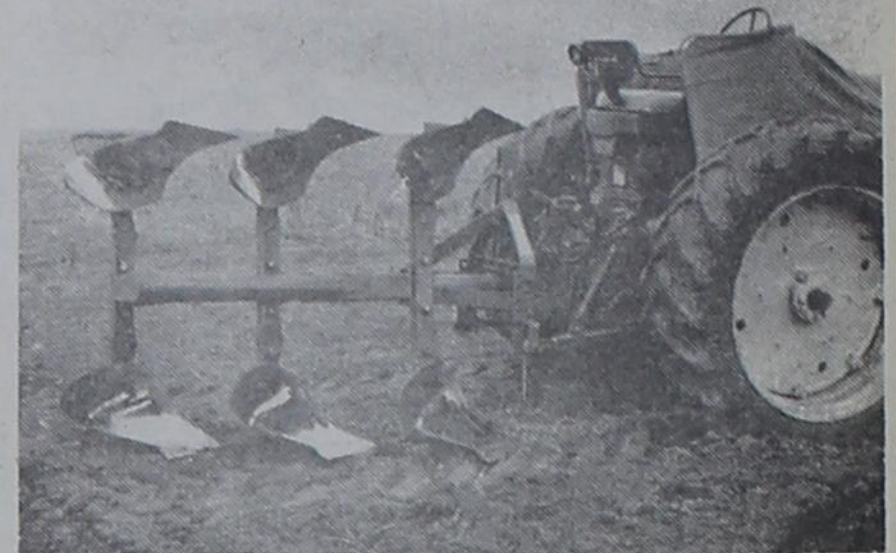

as released by Ben Spears, extension agronomist, included five 4-H Club entries in the dryland class for West and Northwest Texas Extension Districts. Four of them were from Ochiltree county. They were Bobby and Dale Githens with a yield of 4,077.6 pounds an acre; Kay and Sammy Judice, 3,896.3 pounds; Larry Swink, 3,123.7 pounds and Don Savage, 2,492.8 pounds. The fifth place winner was Richard Jungman, a Knox county 4-H'er with 2,398 pounds from his acre.

In the irrigated production class for the same area, Jim Shearhart was followed closely by Harold Shearhart with 7,635.1 pounds an acre. Bill Cole also of Deaf Smith county and a 4-H member was third with 7,103 pounds and two Castro 4-H members ranked fourth and fifth. They were

Donald Smithson, 7,087.5 pounds, and Johnny Collins with 6,774.1 pounds an acre.

A small boy returned home from school and told his father that he was second in his class. Top place was held by a girl. "Surely John," said the father, "you're not going to be beaten by a mere girl." Explained John, "girls are not nearly as 'mere' as they used to be."

Surplus Food Donations Up

Rice and flour shipped overseas and dry beans and lard donated at home boosted the USDA's surplus food donations for the first quarter of this fiscal year by almost one-third over total donations for the same period last year. These increased donations brought the total for July-September of this year to 933 million pounds as compared to 713.5 million pounds for the first quarter of last year.

The source of these foods is the USDA's price support and surplus removal program. These food donations are made up of commodities distributed to public and private schools and charitable institutions in this country and to needy

persons both here and abroad, but do not include foods purchased for schools taking part in the National School Lunch Program.

Distribution to domestic recipients in the first quarter of the 1961 fiscal year totaled 234 million pounds, a gain of about 12 percent from the same three months of last year. Charitable institutions, which serve about 1.5 million persons, accounted for 35.9 million pounds, up about 2 million pounds.

Donations for distribution to U. S. needy persons in family units amounted to 127.9 million pounds, a gain of approximately 8 percent over the same period of last year. This increase was accounted for by the addition of dry beans and lard.

Foreign donations, which are handled by U. S. voluntary church and welfare organization, totaled 699 million pounds, an increase of some 39 percent. Surplus foods are allocated for foreign relief only after the requests for all domestic recipients have been met.

sociation of Soil Conservation Districts.

4) Other businessmen and civic groups who assisted the district in other projects.

During the year, the district had cash receipts totaling \$5,836 and expenses in the amount of \$5,756.48, leaving a balance of \$79.77.

NORTHERN STAR NO. 5 COTTON

A MORE STORMPROOF COTTON AVAILABLE THIS YEAR

A quality cotton, which is cheap to produce. All of the operations in connection with its production and harvesting can be handled mechanically. Early maturing, grows erect bears few, if any vegetable branches. Large Stormproof bolls on close jointed fruiting branches near the main stem.

This is a picture of the latest improved No. 5 cotton, bred by the Northern Star Seed Farms to be made available to the Plains farmer this season. These seed were all hand gathered and stored before any rains insuring the very best germination. Why take a chance on poor germinating seed when you can get High Germinating, Prime seed from your ginner.

NORTHERN STAR NO. 5

Is Strictly a Variety for Snapping and Machine Stripping.

NORTHERN STAR NO. 5 is a variety for snapping and stripping. The burs are thin and will hold the seed cotton until you are ready to harvest. Many farmers get a 500 pound bale from 1700 to 1800 pounds of pulled cotton. It is a good yielder on both dry and irrigated land. Government green cards consistently show 15 1 1/32" inch staple, micronaire 4.4-5.5. Its stormproof bur protects seed cotton sufficiently to give a bright clean sample when ginned. Seed are prepared in three different ways: Acid Delinted, Fuzzy and Saw Delinted, all panogen treated.

FOR AN EARLY MATURING, PRODUCTIVE, QUALITY COTTON, PLANT NORTHERN STAR NO. 5 COTTON SEED. IT WILL HELP YOU PUT MONEY IN THE BANK!

NORTHERN STAR SEED FARMS
