

# City To Get Waterworks

It was a history making moment Tuesday, but there was little activity save the scratching of a pen and the shuffling of some papers. The Farwell Waterworks, Inc., one of the twin cities' most venerable institutions, transferred its assets to the City of Farwell.

The transaction took place at the Security State Bank where R. W. Anderson voted eleven proxies that had been vested in him by owners, and heirs of the firm. The only stockholders present were Leroy Faville and G. D. Anderson. All votes were affirmative to convey the facilities to municipal ownership.

Under terms of the transfer, the Waterworks will pay its current bills and whatever cash is left over will be distributed equally to shareholders or their heirs. This is expected to run around \$700 per shareholder. In any event, the city has guaranteed the stockholders that they will receive no less than \$300 for their interest in the company.

The waterworks as it stands today is the remnant of an effort begun in 1930 when the tanks, well, pump, lines, and other property were transferred to a group of local citizens. Owner of the property at that time was the Capitol Land Company, which had invested considerable money in developing Farwell. Their efforts ended about that time and the water facilities were taken over locally.

Twenty citizens stepped forward with \$25 each to buy the system and water meters were ordered, installed, and business was underway. A few years later, profits from the system paid off the meters and the \$500 was returned to the shareholders as it has been paid in.

After that, the Texico-Farwell Waterworks, as it was known then, grew sort of like Topsy. Improvements were paid for out of operating profits. No dividends of any sort were ever paid to any of the shareholders (except to return the original investment).

Through the years two persons were on the Waterworks payroll those being a water superintendent (now V. C. Venable) and secretary (now R. S. Shumann).

In the mid 1950s Texico decided it needed a system of

its own and revenue bonds were voted to drill a well, put up a tank and get into the water business on a municipal basis. This was a period of debate and confusion, but after the dust settled, there were two systems left to serve the Twin Cities.

Public ownership of the facilities was considered in Farwell from time to time also, but the picture was slow in taking shape. Ownership was vested in persons scattered across the country, most of whom were not familiar with the circumstances of the company. Their forebears left behind.

Operation of the Waterworks as a business firm was on a pretty informal basis and in recent years most of the decision making fell to three local men (all original stockholders), W. W. Vinyard, H. Y. Overstreet and G. D. Anderson. These

men professed that the Waterworks was nothing more than a nuisance to them, but the mechanics of dissolving the firm and getting its assets under municipal control were snarled.

Finally, all of the 20 original incorporators (or their survivors) were located, contacted through correspondence, and the Tuesday meeting was set up. It went off smoothly.

Voting in person or by proxy was G. D. Anderson, Leroy Faville, Lora Hunter, G. L. Cranfill Sr., Hattie McGuire, E. S. Lokey, Baylor Triplett, W. G. Head, William S. Prollock, H. Y. Overstreet, Mrs. Jess Newton, Mrs. Irene Lee Graham, Allie Blanche Crume.

The transfer is effective September 1.

The City Commission, which had been quietly speculating on the outcome of the meeting, anticipated a favorable vote and has planned to take the facilities under its operation. Mayor Sam Aldridge said that a new elevated tank is needed, there should be another well drilled and equipped, and improvements in the distribution system will be required where pressure is inadequate.

No big projects are on tap for the immediate future, but he expects the city fathers to come up with a plan for substantial improvement within a year. A bond election is not contemplated.

### Rev. A.R. Sanders Honored Sunday

Rev. A. R. Sander, pastor of St. John's Lutheran Church at Lariat, was honored Sunday on the 45th anniversary of his ordination into the ministry.

Rev. Harold Kaestner of Lubbock, district counselor, was in charge of the program honoring the pastor. The church council presented Rev. Sander 45 silver dollars. Making the presentation was the council president, Gilbert Kaltwasser, who spoke of the privilege the local church has had in having Rev. Sander as its pastor for the

past two and one-half years and said the church was looking forward to many more years of his service here.

Others speaking in recognition of Rev. Sander's long time work in the church were Rev. Kanrath of Wilson and Rev. Fred Shuster of Lubbock. Rev. Shuster presented the local pastor an onyx cuff link set from the pastor's council of this district.

Earl Roberts sang "Abide With Me" and dedicated the song to Rev. Sander, who accompanied him at the piano.

Former members of the church, Mr. and Mrs. Sanford of Levelland, sent special flowers to Rev. Sander for the occasion and many letters and telegrams were received.

Rev. Sander acknowledged the recognition given him in answering with a parody using the letters in the word "pastor."

Mesdames Adolph and Arthur Haseloff, assisted by Mrs. Henry Haseloff, were in charge of a supper honoring Rev. Sander Sunday evening.

An arrangement of dahlias centered the head table and other bouquets were used throughout the room.

### 383 Enroll At Texico School

Three hundred eighty-three students had enrolled at Texico School by Wednesday of this week.

School officials said high school students numbered 183 while the grade school had enrolled some 200 pupils.

This number is down just a little from last year's initial enrollment which was 392; however other students are expected to register for this term.

Classes began at the Texico school Monday morning and on Wednesday officials reported "things have settled down now and we are on routine schedule."

### Faculty Now Complete; School Starts Monday

With the hiring of Louis Purvis to teach high school math, the faculty at Farwell School is complete for the fall term which begins Monday, September 3, at 8:30 a.m.

W. M. Roberts, superintendent, says buses will run on schedule Monday with classes to begin at 8:30 and end at 3:30.

High school and junior high students registered Thursday and students in grades one through six are to register Monday. Roberts reminds first graders who have not already registered to bring birth certificates and immunization records with them to school Monday.

Roberts says expected enrollment is about 600.

In other changes in the faculty, Billy White, who is to coach girls' basketball and teach history, has been assigned duties of assistant football coach.

Bill Mayfield will coach junior high football as well as assist with high school sports.

Purvis, who coached all sports at Farwell in 1948-1950, has taught for the past two years in Alaska. Prior to that time he had served as junior high principal and high school principal in Ralls. Mrs. Purvis will be teaching in Bovina this year. Their children, Beverly and Burton, will be in the senior and sophomore classes, respectively.

### Farm Management Course At Farwell

A farm management short course for adult farmers will be held September 10-14 under the sponsorship of the Farwell High School vocational agriculture department, according to W. M. Roberts, school superintendent, and Robert Morton, teacher of vocational agriculture.

The short course at Farwell is scheduled to begin September 10 at 8 p.m. in the ag building. Other meetings in the series of 5 will be September 11, 12, 13 and 14, at 8 p.m.

Carl G. Anderson, Jr., farm management specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Economics at Texas

A & M College, will do the instructing in the course.

During the dates of the course, Anderson will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Morton.

Farmers interested in attending the short course are asked to write or call Roberts or Morton. An enrollment fee of \$2 will be charged; no fee will be charged for wives accompanying their husbands. Farm Management Short Course Certificates will be presented to each farmer and/or wife who attends all the training sessions.

Anderson states that the short course will be adjusted to wishes and interests of farmers enrolled, but he expects to cover such subjects as agricultural outlook, keeping and using farm records, income tax management, how social security affects farmers, financing farm operations, and planning the use of farm resources.

### EPAC Softball Plans Made

East Plains Athletic Conference coaches were to meet late this week to draw up this season's softball schedule and decide on other plans for conference play.

A seven-game conference schedule is being planned with the district tournament to be played at San Jon, where facilities for such a tournament are best, says Johnnie Green, Texico coach.

The past two years, the Texico boys junior high softball team has won the district tournament, having been undefeated last season.

The senior high team had a very good season last year also, having a record of 7-1.

Thirty-five Texico boys have turned out from which a softball team and a cross-country track team will be chosen. Five boys were lost from last year's team by graduation, including Don Reid, pitcher; Dwight Turner, shortstop; and Freddy Taylor, Dale, Brown, and Jerry Walker, outfielders.

C. B. Stockton, Paul Fredrick, and Johnnie Green will be in charge of these teams.

### Kindergarten To Begin Tuesday

Mrs. Bob Hart announces that kindergarten classes will begin Tuesday at 9:30 at her home near Farwell Schools.

Classes are planned five days a week from 8:30 until 11. Youngsters should be five years of age by Sept. 1 for enrollment in the classes.

Mrs. Hart says that children who live in the country can ride the school bus into Farwell for the classes.

### Encephalitis Case Reported Well

Little Miss Rhonda Howard, two-year-old daughter of Mr. and Mrs. Ronnie Howard of Oklahoma Lane, is recuperating at home this week from a reported case of encephalitis.

Rhonda was hospitalized in Friona several days where her case was diagnosed and treated. Physicians believe she had a very light case of the disease and that no complications are expected.

RETURNING LETTERMEN for the 1962 Steers pause in formation during workouts which are being held twice daily. Posing in the backfield positions, left to right, are Barry McCuan, Joe Reed, Leon Lovelace and Danny Lindop. On the line, left to right, are Bobby Atkinson, Darrell Crook, Ronny Henson, Kenny Smith and Alan Busbice. The boys see first real action tonight when they scrimmage the Hart team.

CARL G. ANDERSON

### Graveside Service For Meeks Infant

Graveside services for Allan Lee Meeks, infant son of Mr. and Mrs. Lee Meeks, were held at 3:00 p.m. Monday in Lawn Haven Memorial Gardens.

The baby was born Sunday morning and lived only a few hours.

Survivors include his parents; two sisters, Janice and Carolyn; two brothers, David and Eddie, of the home; his grandparents, Mr. and Mrs. E. J. Hood of Albany, N.Y., and E. H. Meeks of Farwell.

Don Tarbet, minister of the Farwell Church of Christ, officiated.

### Steers To Scrimmage Hart Eleven Tonight

Farwell's 1962 model varsity football team will meet the Hart team in a scrimmage session tonight (Friday) at Steer Stadium at 6 o'clock. In a poll by the district coaches, Farwell was rated No. 3 in District 3-A behind No. 1 Kress and No. 2 Springlake.

Three starters will be missing from the Steer lineup tonight due to minor injuries and illness. They are Bobby Atkinson, Joe Reed and Barry McCuan.

Head coach Dempsey Alexander says he has about 34 boys

out for workouts and that the spirit and attitude of this group of candidates is the best he has seen in the four years he has been at Farwell.

Workouts began in earnest Monday, August 20, and have been held twice daily since then. Alexander says they have been working chiefly on fundamentals since the team is composed largely of younger and less experienced boys. For this reason, he says, they are working the boys into condition slowly and have not had too much contact work.

The present starting eleven is composed of two seniors, seven juniors and two sophomores. Only six seniors are out for the squad this year.

Injuries have been slight, but several boys have been sick with a virus infection. Larry Gregory, freshman, received a brok-

en collar bone and will be out for five weeks. Alexander says hopefully that since they are having some early troubles perhaps all the injuries and illnesses will be over by the time the season gets underway.

The offense is looking good, says the coach, and except that some boys are having to work and are not able to make it to the practice sessions, he is well pleased with workouts and how the boys are shaping up.

Alexander hopes that four or five boys may be added to the roster after school starts so that they can play a B-team schedule.

Following the scrimmage tonight, the boys and coaches will be guests of the Quarterback Club for a watermelon feast. Old and prospective members of the club are invited.

### Dykes Accept Potition

Cecil Dykes, former Farwell Junior High principal, has accepted a similar position in the River Road Independent School District near Amarillo.

Dykes taught girls P. E., math, and history while at Farwell in addition to his duties as principal the past two years.

Dykes and his wife, Delphine, have three children, Melinda, 9; Gregory, 6; and Michelle, 2 1/2 yr. They are residing in Amarillo at 3319 Teakla.

Visiting in the home of the L. R. Vincents last week were Mr. and Mrs. Tom Flemming of Dallas, Mrs. Margurite Landis and daughters, Johnnie and Sheila, and Mrs. Wanda Damron and daughter, Connie Sue, of Crane, Tex.

### Jimmie Reed Receives Degree At Austin

Jimmie R. Reed received an Associate of Science Degree from Blinn Junior College and a certificate from the Board of Texas State Hospitals and Special Schools last Friday on completion of the psychiatric nurse technician program at Austin State Hospital.

Graduation exercises were at the Texas Medical Association Library. Former House Speaker Waggoner Carr of Lubbock, Democratic nominee for state attorney general, was commencement speaker.

Reed is the son of Mr. and Mrs. Raymond N. Reed of Farwell. He is a 1955 graduate of Texico High School and attended the University of Texas, Houston University and Wharton and Tyler Junior Colleges before entering the nurse technician program.

The psychiatric nurse technician program at the State Hospital is a joint undertaking of Blinn Junior College and the hospital. The two-year program is designed to provide technically qualified specialists in psychiatric nursing. The nurse technician is qualified to execute basic nursing skills and to practice other specific skills and judgments required as a member of the hospital team while working under the direct supervision of the physician and registered nurse.

Blinn offers courses of study in the humanities, social sciences and physical sciences to broaden the academic backgrounds of the psychiatric nurse technicians. Classes begin at the start of the school year and run concurrently including two summer semesters. At the completion of the course, students have 66 hours of college credits.

W. A. Adams, Jr.

### Open House At Texico School September 7

Open house at the new Texico High School building, along with a special program, is being planned by the Texico Parent-Teacher Association for Friday night, September 7, at 8 p.m. in the auditorium.

Invitations have been sent to all families in the school district and special invitations have been sent to 60 other persons throughout New Mexico.

Expected to be present are representatives from the State P-TA Board, the State School Board, and the State Department of Education at Santa Fe, along with members of the local P-TA board and school board.

Plans are being made to have a special speaker for the occasion.

Teachers in the school system and the school nurse will be introduced along with all the special guests.

Gary Stelling, new music teacher at the school, is in charge of the special music for the program.

Following the program, guests will be taken on a tour of the newly-constructed building.

SHOWN RECEIVING AN AWARD for outstanding service to farmers in the Farwell area are Ed Hardage and Mr. and Mrs. Gene Hardage, representing Farwell Fertilizer. The Hardages are owners of this business. Making the presentation at the dealers awards banquet during a recent chemical fertilizer dealers convention in Ruidoso, N.M., is Jesse M. Parker of Childress, field representative of Olin Chemical Corp. In the award presentation the Hardages were cited for their contributions to farmers in making sound recommendations for fertilizer and pesticide use.

# Pink And Blue Shower Honors Mrs. Harriman

Mrs. James Harriman, the former Linda Birchfield, was honoree for a pink and blue shower Monday night at the Phillip Crume home, in Farwell. Hostess were Mesdames Frank Hammonds, Floyd Embry, Lexie Branscum, C. J. Huffaker, Phillip Crume, Preston Martin, Ted Sheets, and Dee Martin.

Corsages of baby rattlers were presented to the honoree, her mother, Mrs. Curtis Birchfield, and her mother-in-law, Mrs. O. C. Harriman.

Refreshments of punch, coffee, cookies, mints and nuts were served from a table decorated with a centerpiece

made up of building blocks, baby shoes, rattlers, and baby care items flanked by pink and white flowers.

Mrs. Lexie Branscum presided at the refreshment table and Mrs. Phillip Crume registered guests.

Mrs. Harriman was assisted in opening the gifts by her mother and mother-in-law.

Those signing the guest register were Mesdames Bess Mansfield, W. D. Howard, Bob Hammonds, Don Tarbet, Doyle Ford, B. V. Hughes, Curtis Birchfield, Larry McDorman, Lucille Scheller, Frances Eagle, Harry Sheets, J. T. Ford

and Clarence Harriman.

Those unable to attend but sending gifts were Mesdames L. C. Paul, Billie Phillips, Myron Hillock, V. C. Venable, Mose Glasscock, N. H. Goldsmith and Iris, Lee Thompson, Johnnie St. Clair, Bill Roberts, Joe Crume, L. E. Meeks, C. L. Mahaney, C. M. Meeks, Kirt Crume, Betty Stewart, Charlie Hromas, Wesley Shumaker, W. T. Meeks, J. H. McDorman, Irene Dyer, Lewis Tharp, W. E. Martin, Lois Rundell, Cotton Robertson, Nell Thompkins, Dolly Porter, Tommy Guynes, Lake Bennett, and Mary Harriman, grandmother of James Harriman.

## Farmerettes Have Regular Meeting

Farmerettes Club members met at the home of Mrs. Leon Billingsley Tuesday afternoon for their regular monthly meeting.

The group planned their annual ice cream social which is to be tonight (Friday) at the home of Mr. and Mrs. Troy Christian. On the committee for the social were Mrs. Troy Christian, Mrs. Donald Christian and Mrs. Lawrence Cooper. Members spent the afternoon typing recipes for the hostess.

Mrs. Billingsley served refreshments of checkerboard sandwiches, cherry pie and coffee to Mesdames Troy Christian, Donald Christian, Wendol Christian, Delbert Garner, R. E. Blankenship, Donald Watkins, Harold Carpenter, and Lawrence Cooper, members, and three guests, Mrs. Larry Cooper of Dallas, and Janice and Judy Billingsley, daughters of the hostess.

## Whites Attend Roswell Wedding

Mr. and Mrs. Claude White of Farwell were in Roswell August 10 to attend the wedding of their granddaughter, Miss Linda Wojinski of Roswell and Robert Ross Jr. of Albuquerque. She is the daughter of Mr. and Mrs. S. F. Wojinski.

The bride was given in marriage by her grandfather, Mr. White. She wore a street length dress of white lace and wore a lace trimmed veil of illusion attached to a crown of pearls. Her bouquet was of white roses

and carnations.

Miss Alice Wojinski, maid of honor, wore a yellow batiste dress fashioned with full skirt and carried a bouquet of

blue carnations. Miss Patricia Hayburn of Albuquerque was bridesmaid. She wore a blue sheath dress and carried a bouquet of yellow carnations.

Approximately 50 persons attended a reception following the wedding.

After a wedding trip to California the couple will be at home in Albuquerque where he is stationed at Manzano Base.

The bride was graduated from Highland High School in Albuquerque in June.

## Cindy Watts Celebrates Birthday

Miss Cindy Watts celebrated her 4th birthday with a party at the home of her parents, Mr. and Mrs. Billy Watts, Saturday, August 25.

The children were given hats, horns, and balloons as party favors. The highlight of the party for Cindy was receiving a bicycle given to her by her parents. After she opened her gifts, refreshments of birthday cake, which was decorated with a swimming pool motif, was served with ice cream to her brother, Kayle, her aunt, Miss Joyce Kay Watts, and cousins Rex, Johnnie, and Linda Jennings of Dallas. Other young guests present were Kevin and Gerald Hardage, Jimmie, Penny, and Lisa Norton, Brent Jones, Vic Christian, and Deana Williams.

Mothers present were Mesdames Gene Hardage, Jimmy Norton, Troy Christian, and Don Williams; also maternal and paternal grandmothers, Mrs. Finis Jennings of Muleshoe and Mrs. A. T. Watts of Farwell, respectively.

## Ladies Auxiliary Meets Monday

The Texco Fireman Ladies Auxiliary met Monday night, August 27, for their regular monthly meeting.

Business was conducted as usual with \$4 being given to a needy family. A new tire, gasoline, and a meal was also given the family.

A cash donation was received from K. K. Runnels. Hostess for the meeting was Mrs. Otis Huggins. Refreshments of punch and sandwiches were served to Mesdames Bernice Thigpen, Charleyrene Danforth, Ruby Adams, Gladys Johnson, Pat Webb, and Aileen Teel.

## Club Officers Meet

Officers of Texco Woman's Club met for a planning session in the home of Mrs. Jim Pierce, Wednesday night, to make plans for the years programs and to select committees.

The first regular meeting for the club will be Monday night, September 17.

Officers attending the Wednesday night meet were Mesdames Jim Pierce, Ralph Standifer, Rip Snodgrass and Elmer Teel.

## Miss Moss Hostess To Salad Supper

Miss Vicki Moss was hostess to a salad supper given for the Baptist Intermediate girls in her home, Tuesday evening, August 21.

After the supper, the young ladies went to Clovis to a movie. Those present were Misses Sherri Austin, Janie Bradshaw, Shirlene Martin, Reba Lesly, Donna Dunn, Linda Langston, Peggy Eason, Peggy Martin, and Mary Coffey.

Mrs. Sterlyn Billington, the girls' teacher, was also present at the affair.

# Pleasant Hill Is Scene Of Shower

The Pleasant Hill Community Center was the scene of a wedding shower given for Miss Donna Kay Pierce, bride-elect of Tommy Guy of Clovis, N.M., at 7:30 p.m. Tuesday.

Hostesses for the event were Mesdames John Range, Troy Lovett, Roy Lovett, Roy Righardson, Ray Barnes, B. A. Kelley, Eric Pierce, and Eugene Boatwright.

Corsages of pink and white asters were presented to the honoree; her mother, Mrs. Dewey Pierce; and Mrs. Charles Guy, mother of the bridegroom-elect.

A poem was given by Mrs. Aylis Clark, and music was provided by Miss Gwinnette Lovett at the piano.

Refreshments of individual cake squares, pink and white mints, nuts and lemonade were served. In a punch bowl was a floating ice ring filled with roses and strawberries. Crystal and silver appointments were used.

A large cake, iced in white with tiny pink roses and white lettering, "Donna Kay and Tommy", flanked by a milk glass vase of pink roses, served

as a centerpiece for the refreshment table. The cake was baked by one of the hostesses, Mrs. Ray Barnes, close friend of the Pierce family.

Misses Sarah Beth Walker and Mary Dane presided at the refreshment table with Jeanne Clark at the guest register.

The guests register table was covered with a white cloth topped by a small coach filled with pink and white roses. The gift table was laid with white net over pink and was caught up in scallops held with spring flowers of pink and white. A centerpiece composed of a white archway entwined with pink roses, white lilies-of-the-valley and greenery framed a petite bride and groom figurine on the gift table.

Miss Pierce was assisted in opening the gifts by her mother and Mrs. Charles Guy. Mrs. Ray Guy put bows and ribbons from the gifts into a net pillow. A very special gift of stainless steel flatware was sent Miss Pierce from her grandfather, Forrest Lee.

Those attending the shower were Mesdames Weldon Dane, Oral Palmateer, Noel Teague, Edwin Fahsholz, Robert Starkey, Troy Gooch, Donald Clarke, Glenn Coxco, Marion Walker, Jim McCullough, Arlie Taylor, Homer Kelley, Glenn Kelley, Howard Whitener;

Also, Mesdames Weldon Lewis, Ray Pierce, A. Z. Tate, Tom Pierce, Leonard Kimbrough, Lowry Winkles, E. L. Lovett, Everett Barnes, Forrest Lee, J. D. Kelley, Buck Mobley, Don Ray Teague, Jack Pierce, Fred Pierce, V. O. Sharp, Jack Donahay, Jack Ishleman, Arvis Ishleman, Aylis Clark, Hugh Frazier, J. H. Trimble, Odie Copeland, Arthur Wilhite, Ernie Towns;

Also, Mesdames Byron Burford, Clarence Smith, Bob Wilhite, Maurice Clark, Frank Meier, Glenn Singleterry, Jackie Dunlap, Donald Leatherwood, Charles Guy, and Ray Guy.

Also attending were Misses Mary Dane, Glennis Fahsholz, Sarah Beth Walker, Danice Lovett, Gwinnette Lovett, Betty Clark, Kathy Mobley, Lynnell Lovett, Tammy Frazier, Kathleen Smith, Valeria Meier, and Jeanne Clark.

Many who were unable to attend sent gifts.

## Smith Family Has Reunion

A reunion of the family of the late Mr. and Mrs. C. L. Smith was held in the Clovis Hillcrest Park, Sunday, August 19.

A basket lunch was served at the noon hour and informal visiting and "42" was enjoyed throughout the afternoon. Later, a tour of the new homes of Mr. and Mrs. Don Thompkins and Mr. and Mrs. Terry Horton, in Clovis, was enjoyed by the group.

Cookies, coffee, and pops were served by Mr. and Mrs. Thompkins.

Mrs. Cal Witherspoon, now of Lovington, N.M., and some of her nieces and cousins visited for the first time in 27 years.

There were five generations of two present at the reunion, five on the late C. L. Smith's side, and five on the late Nellie Mae Sanders' (Mrs. C. L. Smith).

The families plan to make the reunion an annual affair and are hoping all of the Smith family can be present next year, as only 44 could be present this year. Pictures were taken and a scrapbook will be kept.

Those present were Mrs. Marguerite Landis and daughters Johnnie and Shelia, Mrs. Wanda Damron and Connie Sue of Crane, Tex.; Mr. and Mrs. L. R. Vincent, Mr. and Mrs. Eddie Smith, Maurice Smith, of Farwell; Mr. and Mrs. Cal Witherspoon, Helen Witherspoon, of Lovington, N.M.; and Mr. and Mrs. Dewie Rothwell, Priscilla and Gary, of Lubbock, Tex.

Also, Mr. and Mrs. Lee Rothwell, and Mr. and Mrs. Bill Rothwell, of Childress, Tex.; Mr. and Mrs. Don Thompkins, Mr. and Mrs. Terry Horton and sons, Art and Kevin, Mr. and Mrs. R. B. Summers, Charlie Summers, Dean Summers, Mr. and Mrs. Terry Summers and Laurie, Mr. and Mrs. L. D. Rothwell, Larry and Danny, Mr. and Mrs. L. F. Smith, Pamelee Jennings and Tanya, Rodney Burns, Holly McAdoo, all of Clovis, N.M.

MISS GLENNA DAVIS, who recently returned from a vacation trip to Oahu in the Hawaiian Islands, is shown with some of the clothes and souvenirs she bought while there. Glenna is wearing a striped "muu muu" or "Susie Wong" dress with a lei made of seeds from various fruits on the island, and is showing another colorful dress, lounging pajamas and shirts which she brought home to her family. Glenna, who teaches second grade in Eubank Elementary School in Albuquerque, was accompanied on the trip by a girl friend, Miss Glenda Green of Gruver, Tex., who also teaches in Albuquerque.

## Glenna Davis Returns From Trip To Hawaii

Miss Glenna Ruth Davis of Farwell, accompanied by a friend, Glenda Green, from Gruver, Tex., recently visited the island of Oahu in the Hawaiian Islands.

The girls left Farwell August 6 and went by car to San Francisco. Enroute to California, they went sight-seeing at Las Vegas, Nev., and Lake Tahoe. Glenna left her car at the air terminal in San Francisco, and she and Glenda flew to Oahu by jetliner on August 9. The time required to make the 2500 mile flight was five hours.

After arriving at Oahu, Glenna and Glenda stayed in Waikiki where they saw many interesting things. At Waikiki they met two former classmates from Abilene Christian College and Glenna says "we were able to see many more points of interest with the guidance of these friends and the use of their car."

Some of the many places and things seen by Glenna and Glenda were the Coco crater, a huge volcanic mountain; the Blow Hole, a natural hole in a lava bed that spouted steaming water; and Punch Bowl Cemetery, a large, beautiful cemetery in the crater of an old volcano.

While driving around Oahu, they saw Pearl Harbor, groves of date palms, bananas, coconuts, and many other

fruits and vegetables growing in the fields. They also saw Diamond Head and Bishop's Museum, which Glenna said was the most interesting thing she saw.

They watched many native dances performed, visited the International Market, Waikiki Beach, and the three-level shopping center, Ala Mona. Glenna and her friends enjoyed eating at the revolving La Ronde Restaurant.

On her way home, Glenna visited with relatives in Los Angeles, including Mr. and Mrs. Bill Kellar, Mr. and Mrs. Duncan Williams, and Mr. and Mrs. Doug Swafford.

Glenna left Wednesday for Albuquerque, N.M., where she will resume her teaching position as a second grade teacher in the Eubank Elementary school. A graduate of Farwell High School and Abilene Christian College, Glenna is the daughter of Mr. and Mrs. Carl G. Davis, Farwell.

## Miss Range Honored At Pre-Nuptial Shower

Miss Juanita Range, daughter of the John C. Ranges of Pleasant Hill, was honoree at a wedding shower Friday afternoon at 3:30, at the Pleasant Hill Community House. She is the bride-elect of Charles Ray Moore of Lubbock.

Hostesses for the occasion, Mesdames Eric Pierce, Dewey Pierce, Alvis Clark, Elmer Langford, and Clarence Smith, presented Miss Range with a corsage of dark red roses. Guests were registered by Mrs. Dewey Pierce.

The serving table was laid with white lace over pink and was centered with an arrangement of pink and plum artificial flowers. White cake iced with pink frosting, pink and plum mints were served with plum colored punch.

Miss Range was assisted in

opening the gifts by her mother. Miss Sarah Beth Walker put bows and ribbons into a net pillow.

Miss Carolyn Langford played background music and Mrs. John Hightower sang "Juanita."

Attending the affair were Mesdames Lowry Winkles, Weldon Dane, Jim McCullough, Rilda Henson, Oscar Hubbell, Leon Webb, Leonard Kimbrough, Lester Norton, Martha Hines, A. J. Jarrell, John Hightower, Elsie Neely, Pearl Singleterry, Maurice Clark, and Jesse Lee Taylor.

Also attending were Jimmy McCullough and Misses Mary Dane, Sarah Beth Walker, Patricia Smith, and Carolyn Langford.

Among those unable to attend but sending gifts were Mesdames Dick Gerles, Charlie Hromas, Mike McManigal, Naomi Walls, D. O. Rolland, Doris Darby, H. M. Hopper, Floyd Coxco, Raymond Martin, Clyde Magness, Clay Henson, Bruce Blair, Asa Smith, Clarence Johnson, Joe Helton, Hope Fahsholz, Elaine Boatwright, Donna Pierce, Marion Walker, Earl Routon, Faye Garner, Claude Coffey, J. D. Kelly, Hugh Frazier, Tom Burnett, Leon Jamison, Herman Gerles, Dale McCuan, John Porter, Barney Kelly, Glenn Singleterry, Myron Hillcock, Douglas Hillcock, Joe Wayne Harper, Gordon Smith, and Troy Lovett.

We now have a supply of Holland Binder and baler twine for those of you that need it. This is Tip Top brand that many of you have used for years and it is quality merchandise at its best. We also are stocking CF&I baler wire in both the 6500 size and 3150 so don't forget us when you need baler wire.

.....  
We are in the market to buy some wheat seed that is suitable for seed. If you have wheat seed in your barn get in touch with us. We especially need Wichita, Comanche, Crockett, and Concho.

.....  
What have you got for sale or trade. If you are interested in a little free advertising we might try to get a little of it in each week. Will not accept wives or kids.

.....  
We are still cleaning wheat seed. This past week we cleaned and treated several loads for Mrs. Otto Smith and a couple loads for Shirley Anderson Pitman. Cleaning and treating doesn't cost money it makes it. For better stands, higher yields and wheat that is free from smut get your wheat cleaned and treated at Kelly Green Seeds.

### Landrum-Lane Vows Are Spoken

Miss Colene Landrum, daughter of Mr. and Mrs. Douglas Landrum of Farwell, and Horace

Leavell Lane, son of Mr. and Mrs. Weldon Boyd of Los Alamos, were united in marriage in a quiet ceremony at the home of the bride's parents Monday, August 27.

Presiding at the ceremony was Rev. V. A. Calvin of Clovis. Others attending were Mrs. Willie Copeland of Farwell and Mrs. Birch, Molly, Shirley, Mike and Bill of Texico.

Lane is in evangelistic work with the Pentecostal Church of God and is scheduled to begin a revival in Chicago on September 15.

### Johnnie Lovelace Have Daughter

Mr. and Mrs. Johnnie Lovelace of Lubbock, are announcing the arrival of their first-born daughter, August 23, in a Lubbock Hospital.

The baby has been named Brenda Belle and weighed 8 lb. 11 oz. on arrival.

Grandparents are Mr. and Mrs. Charlie Lovelace of Farwell and Mr. and Mrs. M. E. Bell of Clovis. Great-grandparents include Mrs. Mamie Guyer and Mrs. Willie Lovelace of Farwell, and Clayton Reed of Clovis.

### First Son For Lonnie Tharps

Mr. and Mrs. Lonnie Tharp are parents of their first son, Jeffrey Earl, who was born Sunday, August 26, at Clovis hospital and weighed 7 lbs. 8 ozs. The Tharps also have two daughters, Debbie, 8, and Sheralee, 4.

Maternal grandparents are Mr. and Mrs. Boone Allison of Muleshoe and paternal grandparents are Mr. and Mrs. Lewis Tharp of Farwell.

### LOCAL

Mr. and Mrs. Jesse Coburn and family from Kansas have been visiting in the home of his father, Jess Coburn, for the past week. Jesse, who attended school in Farwell, has been busy renewing acquaintances with old friends.

### Amarillo Ceremony Attended By Parks

Mr. and Mrs. F. J. Park of Farwell were in Amarillo Saturday for the wedding of their grandson, Ross Alan Park, son of Mr. and Mrs. Chester Park of Amarillo, and Brenda Norman, daughter of Mr. and Mrs. Brent Norman, also of Amarillo.

The ceremony was held at 7:30 p. m. Saturday at the Methodist Church in the San Jacinto district of Amarillo, the Presbyterian minister officiated. Mrs. Paul Timmons provided traditional nuptial music on the organ.

The couple is residing in College Station, Tex. where the groom will be a senior and the bride will teach in the public schools.

### First Child For Alexanders

Mr. and Mrs. John Alexander of Crane, Tex., are announcing the arrival of their first child, a daughter, Tuesday, August 14.

The little miss weighed 7 lb. 6 1/2 oz. at birth and has been named Ruth Mary.

Mrs. Alexander is the former Mary Anne Hardwick. Maternal grandparents are Rev. and Mrs. William Hardwick of Ft. Stockton, Tex., formerly of Farwell.

### LUTHERAN NEWS

Sunday School training class met Wednesday, August 29. Confirmation classes are conducted each Wednesday at 9:30 a.m. Junior choir meets Fridays at 9:30 a.m.

Lutheran Women's Missionary League will meet September 6 at 3 p.m.

A new pastor will be installed at the Rhea Lutheran Church on Sunday, September 9.

Mrs. Ben Kube, member of the church, is reported to be doing well, but is still confined to the hospital in Clovis.

### LOCAL

Jerry Norvey, a student at ENMU, spent Saturday with a friend, Don Johnson of Texico, and visited Sunday with Monte Singleterry.

# SCS Announces Schedules For Remaining Soil Tours

Final plans for the last two soils and crops tours in the 1962 series of four tours were announced this week by Bob Crozier, Work Unit Conservationist for Farmer County.

The tours, under the sponsorship of the Soil Conservation Service, began Monday of this week with a tour of the Farwell-

Oklahoma Lane area. The second tour Thursday was to concentrate on the Lazbuddie area.

The third tour is scheduled for Friday in the Bovina-Rheavacinity. The tour will leave Bovina High School at 2 p.m. Friday. Farms to be visited, with the things to be featured include: Jack McCracken, ir-

rigated grass; Norvell Strawn, systemic insecticide on cotton; Olan Elliott, lake pump; and Tom Caldwell, conservation cropping system.

The final tour in the series is scheduled for Wednesday, September 5, in the Friona-Black area. The tour will leave the SCS office in Friona at 1:30

p.m. Farms to be visited on the final tour, and their practices emphasized, are M. A. Black, water conservation practices; and George Warner, irrigated grasses for seed production and pasture.

The annual event will wind up with the annual banquet Saturday, September 8, sponsored by the SCS, at which the "Conservation Farmer of the Year" will be named.

Crozier said the number of people turning out for the first tour Monday in the Farwell-Oklahoma Lane area was a bit disappointing, numbering only 15 to 20 persons.

"We expect the number to increase for these latter tours, however," Crozier said.

## NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

John Henderson, Frank Hinkson, Ernest Kube and Harry Hamilton attended the Policy Development Training meeting in Lubbock on August 22. Purpose of the meeting was to get ideas for improving member participation in local policy development of Farm Bureau ideas. Henderson is chairman of the resolutions committee, Hinkson is a member of the resolutions committee, Kube is a director and Hamilton is president of Farmer County Farm Bureau.

If most farmers or farmer's wives knew just a little bit of what the three ladies of Bailey County reported about the labor situation in Texas, we are inclined to believe there would be a lot of interest and action going on.

Mrs. Morris McMillip, Mrs. Jack Schuster and Mrs. W. B. Kittrell reported on their experiences in meeting with Texas Employment officials and members of the legislative labor council. This, of course, brought them in contact with members of the CIO and other union people who are very instrumental in making farm labor scarce and less dependable.

If you are one of those trusting individuals who believes that TEC and your legislators are carefully working in your interest regarding farm labor, you are in for a rude awakening, according to these informed ladies.

(Continued on next page)

GEORGE W. JONES Friona Chamber of Commerce "Man of the Year," and Henry Lewis, salesman of Herring Implement Co. examine one of Farmer County's high producing sorghum fields. As technology advances in sorghum production, there is greater need for finding domestic and foreign markets for this crop. The Grain Sorghum Producers Association has done much to cope with this problem and will continue their efforts through support of farmers throughout Farmer County.

# THE HIGH PLAINS FARM AND HOME

## Farm Bureau Committee Hears Santa Fe Official

Farmer County Farm Bureau Weed Committee members met Monday night to review progress of bindweed eradication work in the county. Meeting with the group was Ronald Mock, Santa Fe Railroad maintenance engineer. Mock reported that he has received the complete map covering right-of-way within the county, and that he and his crew are in the area treating plots now. Mock also gave a report on the amount of chemical used in this work since 1960.

The railroad has spent \$1386.50 for chemical alone, which was applied with railroad labor. 1,000 pounds was applied in 1960, 750 pounds in 1961 and 1200

pounds in 1962. This amount of chemical treats 14,75 acres of bindweed. ASC Office Manager, Prentice Mills reported that about twice as many farmers are taking advantage of ASC assistance programs in treating farm land bindweed this year. This, he said is a fortunate situation, because plots can be kept to small enough size for hand poisoning instead of doing it by the acre, which becomes very expensive.

State Highway Maintenance Supervisor, Lloyd Killough and his crews have treated several miles of bindweed this year, and the plots are becoming fewer and smaller each year, so that this will become a routine small plot project until eradication has been completed. County Commissioners have cooperated with farmers inter-

ested in treating bindweed on county road right of ways adjoining their farms by furnishing the chemical free of cost to the farmer who also treats, at his own expense, bindweed on his adjoining acreage.

J. T. Jones, chairman of the weed committee and a farmer south of Bovina, expressed appreciation to everyone who has worked the last several years in the bindweed eradication program which has made Farmer County one of those rare counties with very few large plots of bindweed and puts it in a position to become completely clear of them.

Attending the meeting were; Jones, Mock, Calvin Metssner, Herman Geries, Deryll Coker, Mills, Jack Patterson, Roy Crawford, and Raymond Euler.

## WITH THE COUNTY AGENT

DERYLL COKER

In driving around over the county I noticed a great deal of cotton is still being watered. According to the Experiment Station results, watering cotton in September has always netted less clear money per acre than cotton that has not been watered past September 1, August 20 has been the best cut-off date and has made more money than any other time.

It always seems to me that cotton had to suffer some in September in order to make a high yield.

Also in checking fields I am still finding bollworms and it would be advisable for farmers to continue to check for bollworms for at least 2 weeks or until the temperature drops to below 50 degrees at night.

Each year the selection of a proper variety of wheat for this area is an important consideration for the producer. Even though one variety will not possess all the desirable characteristics, consideration should be given to the following points in selecting a variety:

1. Maturity date.
2. Stiffness of straw.
3. Yielding capacity.
4. Disease resistance.
5. Winter hardiness.
6. Milling quality.

Early maturing varieties are desirable as a means of evading diseases during growth and losses due to adverse weather conditions during harvest. Short, strong strawed varieties will resist lodging and the subsequent loss in yields. Some varieties have an inherent capacity for higher yields than others. Also, varieties are adapted to some areas and not to others--thus giving different field yields. No commercial variety adapted to Texas is resistant to all diseases. However, some have greater resistance to the more common diseases. Because of

the wide range in climatic conditions in Texas, winter hardiness is an important consideration. The market demand is for wheat with good baking quality. Different varieties as well as cultural practices influence the baking quality of wheats as measured by the sedimentation test and other quality measurements.

If the recommended varieties have not been grown and tested want to plan several variety demonstrations for your county. These demonstrations provide valuable information for you and your producers. If you plant a variety demonstration I would like to work with you on it.

Below are the varieties that the A & M College recommends and ones that are acceptable.

Recommended: Tascosa, Bilsong, Kaw, Aztec and Ponca. Acceptable: Crocket, Comanche, Concho and Imp. Triumph.

# Winner Named In State 4-H "Business Program"

Roger Gregory, an enterprising Cottle County 4-H boy who likes to study agribusiness, today was named the first state winner in the 4-H Town and Country Business Program, Unit 2-Marketing.

The state 4-H Club office announcement said Roger would receive a wrist watch. The program is sponsored by Tex-Best Turkeys, Inc., Plains Cotton Cooperative Association, Growers Marketing Association, Mid-West Cooperative Oil Mill, and Cen-Tex Cooperative Oil Mill and is supervised in the counties by the county extension agents with assistance from local 4-H adult leaders, the 4-H office said.

Purpose of the program is to give 4-H members an understanding of business as it operates in the marketing field through firms associated with agriculture; give youth an appreciation of the structure and problems of agricultural marketing and associate them with marketing leaders on all levels and aid interested youth in exploring employment opportunities in the marketing field.

Participants in the program studied many of the facets of agricultural marketing including transportation, processing, packaging, wholesale and retail sales, standards and grades as they apply to agricultural products.

# Tips Given Homemakers On Shopping For Mixers

Gregory is the son of Mr. and Mrs. Deward Gregory, Dumont Route, Paducah. He is a member of the Goodwin High and Junior Leaders Club and is completing his sixth year as a 4-H member. He was a member of the county's district winning rifle team in 1961 and county winner, senior division, in 1962 in the tractor program.

County Agent L. M. McCarroll has supervised Roger's successful demonstrations which have included sheep, beef cattle, swine and field crops, in addition to his agribusiness studies.

## Farm Bureau--

In other words, the time has come (and not lately) that farmers are going to have to take an active interest in this, another important affair of theirs. As a matter of fact, the Texas Employment Commission is operating under the direction of federal, not state regulations.

We hope you will have an opportunity to hear these ladies at another date, since not many were present at the meeting in Bovina last week.

Farm Bureau Directors will meet Monday night, September 3 in the Friona Office. You are welcome to attend if you have any ideas at all that you would like to have considered by your Farm Bureau, the strongest voluntary farm organization, and the only one with representation in every state of the union and Puerto Rico.

CONSIDER THIS: Better is a dry morsel, and quietness therewith, than a house full of sacrifices with strife. Proverbs 17:1

If you are shopping for a mixer, list your needs and wants, then check these convenience features, suggests Wanda Barkley, Extension Service home management specialist. Controls and speeds--both right and left handed people find control switches on top easier to use than those on the side. Is the speed range adequate for all mixing jobs, and does the speed control increase or decrease smoothly as you change the speed control?

Stability with light weight -- the mixer should be wide and heavy enough at the base so as not to be easily knocked over, yet as light in weight as possible for portability.

Power head--should be firmly fastened to the stand, yet easy to remove and attach if designed for use as a portable unit. The motor should have a radio-interference eliminator.

Reserve power--should be enough to handle heavy batters, with a motor built to last. The motor should have a sealed-in lubrication for cleanliness and convenience.

Beaters--should be easy to insert and remove. Automatic ejectors save the messy job of pulling out beaters coated with batter.

Attachments--that are easy to insert and remove. Blades--that are easy to clean. Smooth blades are more

easily cleaned than ridged ones. Beaters and bowls--that are designed to feed the food into the beaters with the least manual aid. Most mixers are designed with the bowl off center in relation to the beaters so the action of the beaters on the mixture makes the bowl revolve unless the moisture is thin.

Safety features--look for beaters which rotate away from each other at the point nearest you. They are best because they push objects away, rather than draw them into the beaters.

## How to Duck The Food Quacks

UNIVERSITY PARK, Pa. (UPI)—Food quacks prey on people to the tune of \$500 million a year says Louise W. Hamilton, extension nutrition specialist of the Pennsylvania State University.

Miss Hamilton contends the way to combat dishonest food peddlers is to consult a family doctor, a dietitian, or a home economics advisor for nutritional advice.

She pointed out that many food quacks try to scare people into buying their products, and warns of salesmen who claim that disease is due to improper diet or depleted soil, that chemical fertilizers are harmful to plants and that some foods are wonder foods.

## LEGAL NOTICE

Notice is hereby given that a public hearing on the proposed 1963 Farmer County Budget will be held September 10, 1962, at 2 p.m. in the county courtroom in the courthouse in Farwell, Texas, by the Farmer County Commissioners Court. The public is invited.

(Published in the High Plains Farm & Home Supplement August 29 and September 5, 1962.)

ONE-FOURTH of Farmer County's grain sorghum production this year will be sold in foreign markets, according to Grain Sorghum Producers officials. D. C. McWhorter, manager of the Black Grain Company, and Johnny Mars, farmer of that community, discuss the foreign market expansion since promotion efforts by the Grain Sorghum Producers Association began in 1957.

# Sixty 4-H Club Members Enter Books In Contest

Sixty 4-H Club members of Farmer County entered their record books in the County Achievement Awards Program. Record books were judged in the county and then five record books of senior 4-H members were sent to be judged at district, there competing with other senior 4-H Club members in District I. If a record book should win in district, it will be sent on to state for judging. State winners will attend the National 4-H Club Congress in Chicago.

The county 4-H Club winners eligible for district judging are: Bruce Billingsley--Beautification of Home Grounds, Reba Lesley--Achievement, and Richard Chitwood--National 4-H Club Conference. Also entered are Katie Blackstone--Home Economics and Viane Lesly--Clothing. Viane's record book won first in the county over three other senior girls in the Clothing Awards Program, therefore going on for district competition.

Junior and senior record books were entered in eleven awards programs: Achievement--Peggy Lesly and Reba Lesly; Clothing--Mary Coffey, Karen Milner, Kathryn Gober, Sharon Martensen, Kathy Coker, Shirley Schueler, Viane Lesly, Patcine Broyles, Marsha Schumann, Charlotte Davis, Judy Koelzer, Sherri Tannahill, Patricia Tannahill, Shelia Vaughan, and Debbie Burch; Home Economics--Katie Blackstone, Janis Billingsley, Vicky Kaltwasser, Ann Blackstone, and Cheryl Ramage; Foods-Nutrition--Risa Howell, Darla Howell, Janie Watkins, Cheryl Kaltwasser, Tina Ruddled, Nedda Foster, Janice Miller, and Debra Garner.

Also: Beef--Joe Bill Jones, Jim Bob Jones, Wayne Schueler, Darrel Schueler, Curtis Drager, Jay Potts, and Danny Schueler; Field Crops--Dale Schueler, Roger Martensen, Dwayne Bauer, Bobby Redwine, and Danny Miller, Jimmy and Johnny Broyles; Swine--Floyd Schlenker, James Schlenker, Bobby Gleason, and Gary Coker; Grain Sorghum -- Raymond Drager, John Gully, Charles Ramage, James Gully, Kirby Burch and Larry Davis.

Others include Gardening--Dale Blackstone; Beautification of Home Grounds--Bruce Billingsley; Public Speaking--Jill Mimms; and National 4-H Club Conference--Richard Chitwood, Joan and Mike Ward entered their records books, too.

CHICAGO (UPI)—Back to school means young eyes used to summer's non-academic pursuits must adjust to long hours of study.

It's a not-so-startling fact that one in every 500 school children has defective eyesight. And students of all ages are spending more time over their books, frequently as many as five hours a day in home study.

To prevent eye strain and fatigue, and to make those hours of study more comfortable and profitable, the student needs a proper study environment.

He needs a permanent, level work surface, either a flat top desk or a table. The Illuminating Engineers Society recommended a desk or table measuring 24 by 46 inches.

A drop-shelf desk does not provide sufficient study space, and makes it necessary to use a floor lamp which is harder to place properly than other models.

The Society recommends that the surface of the desk be light in color and non-glossy. A dark study surface contrasts too radically with the lighted book or paperwork. If you have only a dark surface to work with, a linoleum cover or pastel blotter will help protect the eyes.

The student's eye level should be at least 14 inches above the top of the desk. If you don't have an adjustable chair, cushions piled to the proper height will do just as well.

The desk should be placed flat against the wall, or in a corner, so light is increased by reflection from the wall or walls.

The wall in front of the study area should be light in color and dull in finish. A light-colored tackboard or pegboard will provide a pleasant resting place for the eyes.

If, for reasons of decorating, the desk must be centered in the room or placed at right angles to the wall, additional light can come from a ceiling fixture. A 200-watt bulb in the ceiling fixture will make up for lack of reflected light.

Be sure to avoid placing the desk in front of a window. For students of any age, the outdoors is a distraction better done without.

## Busy Bob

HOLLYWOOD (UPI)—Robert Wagner is co-starring with Sophia Loren in "The Prisoner of Altona," which will be filmed in Hamburg. He just finished "The Longest Day" for Darryl Zanuck.

# "We're glad daddy bought us a dishwasher," say Mrs. Kenneth Ware and daughter, Carrie, 208 EAST 21st LITTLEFIELD, TEXAS

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

Mrs. Ware's experience is most interesting — and enlightening. She had heard tales about dishwashers — untrue tales, of course, but how was she to know. Well, despite her objections at the time, her husband had a dishwasher installed in her new home. She says, "Now, I'm sure glad he did. I'll admit that I was completely misinformed, as I understood each dish had to be hand-washed first — this simply is not true. My electric dishwasher does the complete washing job for me."

# The HAPPY HOMEMAKER

BY JUNE FLOYD

With the coming of cooler weather all of us are going to be looking forward to baking more cakes, hot breads, doughnuts and other pastries. Soon the evenings will seem longer and everyone needs something to nibble on while watching television, studying or playing games.

Recipes for two cakes that every homemaker will want to try are being printed this week. One is a layer cake and the other is a loaf cake.

**BUTTERMILK CAKE**  
1 cup shortening (1/2 cup butter, 1/2 cup shortening)  
2 cups sugar  
4 eggs  
2 cups flour  
1/8 teaspoon soda  
1/2 teaspoon salt  
1 cup buttermilk  
1 teaspoon vanilla  
1/2 teaspoon almond extract  
3/4 cup chopped nuts  
Cream shortening and sugar, add eggs, sift dry ingredients. Add with milk to mixture. Put in greased pan. Bake at 325 degrees for 1 1/4 hours in two layers.

**BUTTERMILK FILLING**  
2 1/2 cups white sugar  
1 cup buttermilk  
1/2 teaspoon soda  
1/2 cup butter  
1 teaspoon vanilla  
Combine ingredients and cook until mixture coats spoon. Beat with mixer. If it is too hard, add water and cool a little longer.

**FRUIT COCKTAIL CAKE**  
1 1/2 cups white sugar  
2 cups fruit cocktail (small can plus liquid)

2 eggs  
1/2 teaspoon salt  
2 cups flour (not cake flour)  
2 teaspoons soda  
Combine all ingredients. Pour into 9 x 13 pan which has been greased and floured and sprinkle top with 1/2 cup coconut and 1/4 cup brown sugar. Bake slowly (300 degrees) about 45 minutes.

**ICING**  
1/2 cup canned milk  
1 stick oleo  
1/2 cup pecans, chopped  
1/2 teaspoon vanilla  
Mix milk and oleo. Bring to boil. Cook 2 minutes. Remove from heat. Add nuts and vanilla. Spread on cake while it is still warm.

Next time you wish you had time to make some hot rolls, try this recipe for --

**QUICK BUTTERMILK ROLLS**  
3/4 cup very warm buttermilk  
1/2 cup unseasoned mashed potatoes  
2 tablespoons sugar  
1 teaspoon salt  
1 package dry yeast  
6 tablespoons soft shortening  
2 to 2 1/2 cups flour  
Mix together the very warm buttermilk, mashed potatoes, sugar and salt. Sprinkle yeast into mixture and allow to dissolve. Add soft shortening and flour and mix well. Knead on lightly floured board.

Shape rolls and place in greased baking pan. Let rise until double, then bake at 400 degrees from 15 to 20 minutes. Yield: about 1 1/2 dozen rolls.

# Scientists Fighting Goatheads Through Use Of Weevil-Enemy

Biological control of puncture vine (goat head) with imported weevils is being studied by scientists at the U. S. Big Spring Field Station. First release at the Experiment Station was made August 2, 1962, as a cooperative federal-state effort with Mr. Robert Hawks, USDA, bringing the weevils by airplane from California, with Dr. Allen Wiese, weed control specialist, and Norris Daniels, entomologist, Texas Agricultural Experiment Station, Bushland, Texas, and Dr. Earl Burnett and Dr. James Box, U. S. Big Spring Field Station, collaborating.

Farmers agree that the common "goat head sticker" (puncture vine) is a costly enemy in terms of added cultivation. The puncture vine is not unknown to the urbanite's lawn, either. There are few mothers in the

area who have not pulled a "goat head sticker" out of her child's foot.

Dr. G. W. Anglet of the U. S. Department of Agriculture had been in India prior to 1956 exploring for parasites of the oriental fruit fly when he noted the rarity of puncture vine in India and made extensive observations on two species of weevils he found attacking it. His test and additional research established the safety in introducing a stem-boring weevil and a seed-boring weevil. These insects were shown to be entirely incapable of breeding on any plants other than puncture vine and possibly one of its very close relatives. Government officials then approved introduction of these insects. Puncture vine weevils were first introduced into California in 1961.

# Nice Picnic Table Can Be Built For A Modest Cost

You can have that needed picnic table and for a reasonable figure. A small outlay for the needed materials and a few hours of enjoyable "do-it-yourself" labor can put a picnic table in your backyard, says Bill Smith, extension forester.

For an attractive, strong table that will give a lifetime of service, Smith suggests that preservative treated Southern yellow pine lumber be used. The best

buy, he points out, is lumber pressure treated with pentachlorophenol, often referred to as "penta."

Many lumber yards and wood treating firms can furnish pressure treated lumber on request. If the table is to be painted, your request should specify that the material be treated with Penta-WR, explains the forester. However, if painting is unimportant and natural wood beauty desired, fuel oil can be used as the carrier, he adds.

If pressure treated Southern yellow pine lumber is not available, the useful life of the table can be lengthened by soaking the material in a penta fuel oil solu-

tion, says Smith. If painting is desired, Penta-WR must be used as the preservative. Some advantage would be gained, he adds, even by simple brush applications of the preservative. Penta is available in either the ready-to-use or concentrate from most lumber yards, hardware stores, paint shops, mail order houses, or other sources.

Plans for constructing picnic tables are available from the offices of county extension agents. Request a copy of L-215, "Let's Build a Picnic Table." You will be surprised, concludes Smith, how simple the building job will be and how little the finished product will cost.

## SHORT AND SWEET

How's your memory?

Remember when everyone wore hats? — and English bulldogs wore turtle-neck sweaters? . . . Why did Ma dress us boys in those hats that looked like they belonged to sailors—but had long ribbons? Weren't those the days when anybody who bought on the installment plan was a suspicious character? . . .

Is the depot still there—where the Hartford train stopped once a day? . . . Where's Mike, the butcher who always threw in a free hunk of liver? . . . Is Constable Callahan, who didn't arrest anybody for three years, still on the job? . . .

Remember when the tax on a \$4,000 income was a penny? . . . When the clock on the courthouse told different time on three sides, and didn't work on the other? . . . Dad had congress shoes? . . . Remember the lazy days when the butter was soft all summer and Grandma boiled the milk before anyone could drink it? . . .

Does the drugstore still give a free bowl of goldfish with a dollar purchase? . . . Is the town radical—the one who quoted Voltaire — still hanging around the post-office? . . . Remember the two town celebrities? The woman who got second prize for her jams at the Iowa State Fair—and the man who once lived in Chicago? . . .

Are there still sleigh-rides? Toys made of sturdy cast iron? Wonderfully cold water in buckets? Churches in white and ministers in black? Farmers with circus passes? And dogs getting left overs instead of dogfood? And band concerts? And ice cream straight from the freezer on the Fourth? Remember?

# HD Agent's Notes

BY MISS ETTIE MUSIL

Summer vacations have come to an end, especially for the many boys and girls of school age. I know you and they are busy getting their clothes in order for the fall and winter months ahead.

This takes much good management on your part to choose colors and designs of clothes just right for each of your boys and girls. High fashion doesn't always look attractive on every figure type. To be really becoming your clothes must have lines designed to flatter your figure.

When buying shirts and trousers for the boys or dresses, skirts, and blouses for the girls, your choice before buying becomes automatic. You look for clothes as other boys and girls are wearing. Also, you consider what kind of care it will require to keep them looking like new. Then you always consider what you can pay and what you want to buy.

Buy only by actual try-ons. Children of all ages have different figure types making it difficult to choose sizes according to ages. When your boy or girl tries on the garment, check the fit by having him or her reach, stretch, bend arms, and raise arms. If comfortable in all positions the garment should wear longer and be a garment that is worn frequently. Garments that are too large or too small may end up at the back of the closet. These unpopular garments are still part of your clothing dollar. Also, look for colors that are becoming to their eyes, skin, and

hair. If your son's or daughter's complexion is ruddy avoid green. Bright yellow makes a sallow complexion noticeable. Blue colors are usually a favorite of blue-eyed people. However, a bright blue makes blue eyes appear dull. Try a slightly dull blue for a better appearance. Many other bright colors can make eyes appear dull. Try on the garment or drape fabric around their neck in choosing the best color. Then notice the color effect on the hair, eyes, and skin.

Do add interest to the wardrobe with a few bright colors. Sometimes brightly colored accessories as scarves, belts for the tall, or buttons may be the interest needed.

Always check the hang tags or labels of all skirts, dresses, blouses, or trousers. They should tell you the fabric content, color fastness, shrinkage, and the care of the garment. Ask for fabrics that are sanforized and will not shrink more than two percent. Fabrics should have been vat-dyed so that they will fade less or none.

Yes, there are many items that you consider in buying ready made school clothes. For more information let me know or come by the office in the Courthouse for these free bulletins: "Buying School Dresses," "Colors For You," "Accessories Around The Clock," "For Clues to Clothing Care," "Wardrobe Dollars and Sense," and "Your Best Lines".
