

Extra Points Cost Steers Second Loss

The extra point Nemesi cost the Farwell Steers another game Friday night. They were outscored a single point by the Portales Rams.

In this the second loss of the season for the Blue and White, they gave a commendable accounting of themselves for the game, although they came back home without a win. Portales, which has a well-respected team in New Mexico prep circles, was figured to beat Farwell, and as things turned out, the two teams played on just about an even basis.

The Rams gave the Steers a tough time on defense, especially when the Farwell team fanned out in its pass plays. The big Portales line poured through on Leon Lovelace, the Steer quarterback, when the visitors resorted to air sorties, and held him to one completion. Of eight tries, three of his throws were in range, but the rest of the time the Ram defense pounded down on him so badly his aim was distracted.

Portales offered the roughest tackling and blocking Farwell has encountered. In the first half a number of Steer players limped off the field to

recuperate for a few minutes. But the Steers could dish it out, too, and they showed the Rams their own brand of hard-nosed defense, holding the hosts to a single touchdown for the evening.

All the scoring was in the first quarter, and the difference came when Farwell failed to convert after the first touchdown. Lovelace's kick, in the teeth of a 15-mile-an-hour breeze from the southwest, went to the left of the standard by just inches.

Surprisingly Farwell moved to their first and only touchdown early in the game and all on the ground. After receiving the kickoff, the Steers were aided by a 15-yard piling-on penalty which gave them the ball on their own 46. They clicked off a first down on the Portales 38, then moved down to the 26 for another first and ten. Jerry Fields scooted from the 26 for the TD. An offside penalty against the Rams was refused.

It looked as if a free-scoring contest was in the mill when Portales unleashed their attack. After the kickoff, the Rams took over from their 32. Their ground game was relentless and they ground upfield and into the Farwell deep defense. Finally, they obtained a first and ten on the Farwell 10, and then pushed over the score from 2 on the fourth down of the series. The kick was good, which proved to be Farwell's undoing.

Portales' running attack was

marked by good ball handling and deception on the part of their backs. Often the Steer line and secondary were baffled by Ram plays. As the game wore on the Farwell defense "wisened up" but the early part of the game was marked by Portales' slick plays.

The Steer running attack looked good late in the second quarter. They began a series on their own 35 and, with three consecutive first downs, marched across field to the Portales 10. However, the vaunted Farwell attack puffed out at this point. In fact, when the Rams got the ball after four downs, they had pushed the visitors back to the 12.

Portales got out of this hole with a slick kicking play. The Rams, with a fourth and one to go on the 20 situation lined up as if they intended to risk a play to get the extra yard and a first down. The Steer secondary pulled in to help on defense but the ball went straight to the tailback who got off a nice punt over the heads of all Farwell players. The ball was whistled dead on the Farwell 25.

A few plays later found Farwell in the kicking business. Portales, with less than three minutes on the clock in the first half, elected to go to the air to score. They passed down to the Steer 20 but Rickie Cooper grabbed an aerial to snuff the rally out on the Farwell 31. Farwell then had to punt again and Portales went back to pass-

ing but time ran out before they could mount a successful attack.

The hosts used their quick kick to good advantage again in the third quarter, banging one away on third down. That one went from the Portales 15 to the Farwell 35.

The rest of the contest was a see-saw offense affair, with neither team posing a crucial scoring threat. The Steers stuck mainly to ground plays. The few passes they threw were ineffective. Portales launched a

mixed attack and the Steer defense was kept off-balance.

The most excitement in the close game came in the fourth quarter when both teams, over-anxious to make progress, fumbled twice. Farwell's last chance to score was muffed by a fumble.

After a nice run by Barry McCuan that moved the ball from the Steer 41 to the Portales 40, Farwell fumbled and Portales recovered with only 1:10 left. That proved to be the Steers' last chance and the

Rams easily ran the clock out on the next series.

AA Bowl Burglars Caught In Portales

The Portales sheriff's department bound over five persons to Parmer County officials who have admitted breaking into the AA Bowl in Farwell August 28.

The group is currently employed by the R. S. Dudley Shows which have been in Portales. Being held on a burglary charge are Virginia Sue Talley, 33, of Connecticut; David Barnes, 24, of New York; Dale Kellogg, 27, New York; Gerald Ecker, 31, South Carolina; and Frank Anderson, 28, Georgia. Anderson is wanted by the FBI in Georgia and North Carolina. It is reported that he jumped a \$6,000 bail in Georgia.

Taken from the bowling establishment August 28 was a \$190 television set, along with some money and cigarettes.

The television set was recovered from Littlefield by Parmer County Sheriff Charles Lovelace. The set had been sold to a merchant in Littlefield.

Lovelace said that confessions had been obtained from part of the group admitting taking the set. The group agreed to return to Parmer County and face charges, and were brought to Farwell on Tuesday.

Don't let home be where the hurt is.

The Old Timer

"One of the hardest secrets for a man to keep is his opinion of himself."

"I have yet to hear of an American business that has endured by shady policies, or by knowingly putting unprincipled men in positions of trust. America just wasn't built that way."—Lammot du Pont.

If you don't say anything, you won't be called on to repeat it. —Calvin Coolidge.

Cauliflower is nothing but cabbage with a college education. —Mark Twain.

Any man can write sense. Only the gifted few can write nonsense. —Samuel Johnson.

"Sympathy is what one woman offers another in exchange for details."—Ray S. Francis, Cherryvale (Kans.) Republican.

meet Tempest '63...today!

how's this for exploding the myth that cars have to be expensive to look it! Tempest '63

Maybe you can tell the difference between Pontiac's Tempest (especially that Le Mans) and the high-priced jobs. Besides having a 4 that acts like a V-8, Tempest sports a new 260-hp V-8* that acts like nothing you ever got your hands on before. And besides its beautiful balance, Tempest has Wide-Track this year. And self-adjusting brakes and a tachometer* and fetching style and all kinds of niceties that'll make your Tempest smoother and tougher. About all it doesn't have is a big fat price tag. Vive la difference! Pontiac Tempest

Six O'clock Ceremony Unites Wanda Burris - Jimmy Epperson

In a six o'clock ceremony at the First Baptist Church in Texico October 5, Miss Wanda Raye Burris daughter of Mrs. R. A. Burris and the late R. A. Burris was married to PFC James F. (Jimmy) Epperson son of Mr. and Mrs. James H. Epperson of Clovis.

MRS. JAMES F. EPPERSON

The couple was united in marriage in a double ring ceremony read by Rev. Orvel Brantley, church pastor, before a Cathedral window to which blue satin bows were attached. In front of the window was an arrangement of white gladioli in a huge urn flanked by seven branched candelabra. Outlining the setting was white aisle roping and greenery attached to aisle post from which candles spiraled upward. In center front of the cathedral window was a white kneeling bench entwined with greenery.

Candlelighters were Miss Linda Hadley of Texico and Miss Joan Edwards of Clovis. Attending the bride as maid-of-honor was Miss Kathleen Smith, a close friend, Miss Zadene Burris, sister of the bride, was bridesmaid. Both attendants wore dresses of blue pima mist styled with fitted waist, softly flaring skirts, cap sleeves and square necklines extending to a V in the back. They wore white accessories and carried bouquets of white carnations attached to fans and tied with white satin ribbon to which miniature butterflies, made from seed pearls and sequins, were attached.

Daughter For J.B. Taylors

Mr. and Mrs. J. B. Taylor Jr. of Texico are announcing the arrival of their firstborn, a daughter, Monday, October 8, in Clovis Memorial Hospital. The baby who weighed 7 lb. 14 3/4 oz. on arrival and is 21 inches long has been named Cindy Rea.

FFA Selects Sweetheart And Plowgirl For 1962

Meeting in regular session Monday night members of Farwell FFA selected the FFA sweetheart and plowgirl for the 1962 school year. Chosen as sweetheart of the organization was Miss Shirlene Martin, daughter of Mr. and Mrs. Raymond Martin and a senior in the Farwell school. Miss Mikala Austin, daughter of Mr. and Mrs. Guy Austin and a sophomore student was chosen plowgirl. Other nominees were Janice Prince and Sherry Billingsley.

SHIRLENE MARTIN

MIKALA AUSTIN

After the business meeting of the evils of Communism which had been given at the state meeting of agriculture teachers the past summer.

Officers Installed For Companion Class

Companion Class of Texico Baptist Church met in the home of Mrs. Dee J. Brown south of Texico Thursday, October 4, with 12 members in attendance. New officers for the coming year were installed by Mrs. Buddy Pearce. She used "The Hands" as theme for the installation. Officers installed were Mrs. C. H. Webb, president; Mrs. James Pierce, vice-president; Mrs. Dee J. Brown, secretary; Mrs. Truman Kittrell, treasurer; Mrs. Gerald Wilkin, reporter; Mrs. Leon London, class mistress and Mrs. Bill Boling, devotional chairman.

WTSC Students Invited

Homecoming activities have been planned for all students and ex-students of WTSC in Canyon, October 20. All students and ex-students are invited to participate in the day's activities which include, club teas, smokers and reunions, as well as a parade, a barbeque, a football game and a Homecoming dance following the football game.

Club Members Have Knitting Lesson

Pleasant Hill Community club members met in the home of Mrs. Tom Burnett, Thursday with Mrs. Pearl Duncan serving as co-hostess. Members were given instructions in knitting by Mrs. Deloris Kibble of Clovis. This was the first in a series of knitting lessons and members will receive further instructions at other meetings.

Plans Made For Hawaiian Lauu

Plans were made for a Hawaiian lau Oct. 22, when members of Theta Rho chapter of ESA met Monday night for a business session. The social will feature a salad supper at the home of Mrs. Pike Jordan.

Women Attend Plainview Meet

Ten Farmer County ladies were in Plainview Tuesday to attend a meeting of Democratic women whose purpose was to organize Ladies units throughout the area. The women feel that by organization they can help to get out the vote November 6 and can stimulate interest in political campaigns. Discussions were led at the meeting by Mrs. Pat Bobo, Mrs. O. D. Spitzler, Mrs. Ed Johnson, Mrs. J. A. Ballard, and Mrs. O. G. Hill Sr.

ESA Rummage Sales

The annual rummage sales sponsored by ESA members will get underway this Saturday, Oct. 13, at 3 p.m. (CST) in the former cafe building west of the Farwell Postoffice.

Tarbetts, Randols Visit Alamogordo

Minister and Mrs. Don Tarbett and children Perry and Pattie were guests of Mr. and Mrs. Ebb Randol at their cabin at Alamogordo Lake last week. The two families spent the time in resting and playing with the Tarbett children. The Tarbetts returned home Wednesday with the Randols returning to Farwell Thursday.

Noon Luncheon

Mrs. Gladys Johnson and Mrs. Rada Winkles officers of the Texico Firemans Auxiliary were guests of Mrs. Nina Guthrie and Mrs. Ruby Scott, officers of the Truth or Consequences Auxiliary for a noon luncheon Tuesday at Hotel Clovis.

Guests Of Local Women

Mrs. Joe Wade of Levelland, Mrs. Glenn Butner and Mrs. Bob Grant of Ropesville, niece; Mrs. Minnie Matthews and Mrs. Winnie Hogan of Littlefield and Mrs. David Mitchell of Whitharrell, sisters; and Mrs. Mollie Davis of Littlefield, mother, of Mrs. Tom Paul McCuan and Mrs. Mae Porter were visitors in the McCuan and Porter homes last week.

Plans Made For Hawaiian Lauu

Plans were made for a Hawaiian lau Oct. 22, when members of Theta Rho chapter of ESA met Monday night for a business session. The social will feature a salad supper at the home of Mrs. Pike Jordan.

Rummage sales, which are slated to begin Saturday, were discussed, with each member to work one afternoon during the sales. A give-away was planned for a money-making project, with record player to be presented the afternoon Santa comes to town Dec. 8. Records will also be included in the promotion.

Santa's visit to the Twin Cities was set for Dec. 8 from 3-4:30 in the afternoon. Members also agreed to conduct a philanthropic workshop at the district ESA meeting in Artesia Nov. 4. The district chairman requested that the local chapter assume this program because of the aid to others that is given by the local group.

Stitch And Chatter In Johnson Home

Stitch and Chatter club members met in the home of Mrs. Dora Johnson, Thursday with eight members and two visitors present.

Locals

Mr. and Mrs. W. S. Barker from Cleburne and Mrs. Lola Howeth from Glen Rose were visiting their brother Fred Barker, who is hospitalized in Friona, over the weekend. David Lockhart a student at Baylor University visited with his parents Mr. and Mrs. John Lockhart over the weekend.

Study Club To Meet Early

Farwell Study Club members are asked to meet at 7:30 p.m., October 15 in the fellowship hall in the Methodist Church. A short business meeting is scheduled for this time after which members will hear a book review "P. S. I Lov. You" by Mrs. Walter Kakwasser.

Surprise Party Honors Mrs. Ebb Randol

Mrs. Ebb Randol was honored with a surprise birthday party in the home of Minister and Mrs. Don Tarbett, September 27. When Mrs. Randol, who had been invited to take a drive with the Tarbetts and her husband entered the room guests stood and sang "Happy Birthday."

Meeks and Lee Thompson, Mr. and Mrs. Ted Sheets and Mr. and Mrs. Lewis Tharp sent gifts to Mrs. Randol.

Refreshments of homemade ice cream, cake and coffee were served at the close of the evening. An afternoon of visiting was enjoyed after which refreshments of cake, fruit salad, and lemonade was served to Mesdames Fairy Stovall and Mrs. G. H. Schooling visitors, and Hattie Thomas, Jennie Cox, J.C. Robertson, Hedwig Gast, J.T. Hulsey, Jess Newton, Viola Birchfield and the hostess, Dora Johnson. Next meeting will be in the home of Mrs. Jess Newton.

Softball Teams Drop Pair To San Jon

Texico junior and senior boys softball teams dropped a pair of games to San Jon in play at San Jon last Friday. The local boys unused to a smooth field and playing conditions there committed error upon error and helped to defeat themselves.

In the junior game David Duncan and Larry Burns were the battery for the local boys who were playing without the services of their regular pitcher, Gary Burris. For a short while it looked as if the locals had caught fire when the first batter up in the second inning Mike Hitson made a home run

and the next three got on base with singles; however the fire was suddenly put out when the next batter hit into a triple play, Jim Hill was the only other player to score during the afternoon.

San Jon scored one in the second, two in the third and five in the sixth ending the game after six and one-half innings of play with the score at 8-2.

Senior boys committed ten errors in the first two innings and continued to make errors throughout the afternoon with a total of 15 errors being made. Texico out hit the San Jon boys getting 20 hits for 39 times at bat with San Jon able to only

get 11 hits for the same number of times at bat.

Jackie Dyer hit the lone homer in the fourth inning with none aboard. He also had two other hits for the afternoon. Vernon Thigpen had three for three and Vic Harrington had four for five with Weldon Walker and James Hudson getting three for four. Final score San Jon 16-Texico 12.

Both local teams will meet teams from Dora on the Texico ballfield Friday, 2:30 p.m.

Softball Teams Win Two

Texico's junior and senior high school girls' softball teams fared better than their brothers, who lost two, in games played against Logan Tuesday afternoon. Senior girls were victorious by a score of 26-6 and the junior girls by a score of 32-9.

In the senior girls' game Pauline Taylor was the winning pitcher and Lois Bass was the losing pitcher. Catching for Texico was Lucille Halsell, who also had a homerun for the afternoon. Other homeruns were made by Pauline Taylor and Inetter Morris. The game was called at the end of five innings due to the ten run rule.

Junior girls garnered 14 runs in the first inning of play on several good hits and some errors by the Logan girls. In the second inning they came back for five runs, off the pitching of Ida Cordova, who was charged with the loss. Thus it went for the remaining innings.

Teresa Luce, Molly Burch, and Carroll Holland each had four runs and four hits for five times at bat.

Frankie Lambert was the winning pitcher.

Texico girls will play House girls at 12:15 p.m. Saturday at Grady for their first game of the tournament.

Weslaco Man Is Injured

Jesus Garza, of Weslaco, was uninjured Sunday when the truck he was driving overturned on a dirt road seven miles north-east of Bovina.

Garza, who was riding alone, overturned the unloaded truck about 6:30 p.m., according to resident Highway Patrolman Carroll Parker.

He said Garza told him he was trying to adjust his mirror when he lost control of the truck.

Reminder - Sunday Dinner

The sophomore class of Farwell High School is reminding the public of the "Sunday Dinner" the class will be serving dinner from 12 noon until 2:30 p.m., October 14, in the school cafeteria.

Price of the meal is \$1 for adults and 50¢ for children under twelve. Come and enjoy the fellowship and fine food, say members of the class.

Hoppers--

late peril.

We are not constrained to dumbly sit and accept the decree of the courts as fate itself. The law of the land is not without challenge. We have many recourses. When we have exhausted our case in the courts we can appeal to our representatives in the legislature, if we have been genuinely wronged, we will receive the ear of the people.

General Walker was wrong when he (if the reports were true) encouraged students and onlookers to challenge the representatives of established authority. His presence only incited them to violent actions.

Wes Izzard of the Amarillo Daily News is wrong in his strong criticism of the government's handling of the situation because he used this as another illustration of the federal government's extension into areas of authority previously reserved to the states (which it was), but completely overlooked or ignored the more important fact that the acts of

JOTTIN'S By Jeanne

The wit in the Graham family these days is the three-year-old, who has a gift for descriptive phrases.

When we took him to the Curry County fair, he obligingly felt of the sheep, and commented "Hey daddy, look--this one has rugs on."

As he stepped into the bathtub and the water level rose a little, he exclaimed "The water sweated".

After a new haircut, he rebelled strenuously about a head scrubbing, and protested loudly during the process, indicating that I might be rubbing too hard. But his words were better; "Mama quit, my haircut will come undone!"

ESA is once again thinking about Santa Claus and his visit to Texico-Farwell. The project was first merely sponsorship of his visit to see all the young ones. But it has grown to include many things. Last year, members decided to dispense with giving expensive treat bags to children and to give peppermint sticks instead. That left extra money to use for gifts for needy children and to remember more shut-ins.

The only ones who seemed to mind the change were the kids who were old enough that they came more for the candy than to see Santa, and there were only a few of those, I'm happy to say.

So ESA was able to buy gifts for almost 50 children, I don't recall the exact number. These children had very little to look forward to at Christmastime. Shoes were purchased for eight children who needed them desperately to attend school.

Over 30 shut-ins were remembered with visits and candy. School lunch tickets were purchased for December for one family, so the mother

Gov. Barnett and others represented a challenge to our national laws which could not be tolerated.

If we become so intent in our criticism of the federal government (which it often richly deserves) that we would encourage persons to attack it with physical force, we are unwittingly risking the erosion and collapse of respect for the law. I doubt that America would benefit by a return to a feudal society.

Alumni Pick Candidates

Two Texico persons have been honored by being chosen candidates for officers of the ENMU Alumni association.

Fred Danforth, former Texico teacher and now a representative of Horace Mann Insurance Co, has been chosen as a candidate for vice-president of the association. Danforth received his BA in music from ENMU in 1948 and his MA in administration in 1955.

He is married to the former Charlyne Rogers, is the father of two children D'Rene, who is a junior student at ENMU and Howard, a junior in Texico High School. His wife is a teacher in the Texico school system.

Danforth taught music in the Texico school system from 1953-1961. He was also elementary principal for the Tex-

ico school 1959-61. He came here from Morton where he was band director for six years previous to which he taught in Floyd one year. He is a member of Pi Delta Kappa and the Masonic Order.

The other candidate is Mrs. Joan Foster Clayton, who is a candidate for secretary of the association.

Mrs. Clayton is in her first year of teaching in the Texico school system. She is married to Emmitt Clayton, who teaches art in the junior high school at Portales, and is the mother of three children.

Mrs. Clayton received a degree from ENMU in 1948 and received her MA from the school in 1962. She is a member of Beta Tau Chi, Spanish Club, Pioneer Chique and was selected most beautiful girl on the campus during her college days.

Thou shalt say, there is lifting up. —(Job 22:29). Do not let your thoughts stay focused on negation, but know that there is lifting up through Christ.

By Frank Pritchett

We are ready to receive your milo as harvest is now in full swing. Let us store your grain as others have already done so. We are anxious to serve and please you.

We have realized this week that there are many who still need wheat seed; so check with us for your needs. RYE, BARLEY, and OATS make good cover crops, grazing, or seed crops. Let us furnish you with good quality seed.

Winter peas did a tremendous job in this area last year. Fertilized, dryland or irrigated, I think that you will not go wrong in planting these peas.

Now is the time to apply fall fertilizer, particularly for bluegrass lawns. For a green healthy lawn we have the recommended fertilizer for your use.

MABRY DRIVE

What's the best way to dry a teddy bear?

the modern answer is **gas**

A gas clothes dryer will fluff up the teddy bear in a few minutes — in time for Junior's nap. Stuffed animals, bath mats, pup tents, feather pillows, rag dolls, draperies — you name it, gas dries it! The beauty is, you don't have to dry a full nine-pound load to feel that you're getting your money's worth. Gas drying is so inexpensive — 1/4 the cost of electricity — you can handle those little laundry emergencies right when they happen. Ask your gas appliance dealer or Southern Union to demonstrate how a modern gas dryer can help you keep house, keep peace, and keep fuel costs down.

Two Sentenced In Court Monday

Alvin Hollings of Clovis, N.M., pleaded guilty to charges of car theft and burglary in district

court Monday in Farwell, and received a three year prison sentence from Judge E. A. Bills.

LUTHERAN NEWS

LWML zone rally was held at the Lariat church September 27 with Mrs. Gene Cargile elected president for the coming year. She is from Lubbock. To serve with her are Mrs. Ernest Ramm vice-president, Mrs. Adolph Haseloff, secretary - treasurer and Mrs. Walter Kaltwasser was re-elected as Christian Growth Chairman and project chairman for the Texas district. They are all from Lariat.

Hollings was charged with breaking into Bovina Dairy Freeze.

Joe Morris, who was returned by Parmer County officials from California last week, pleaded guilty on a forgery charge, and received a three-year probation sentence.

Morris passed and passed a check in Friona at Foster's Dry Goods store in the amount of \$57.75, in the name of his brother, Nolan.

Members of the petit jury were dismissed by Judge Bills since many of them were farmers and were busy in their fields. Judge Bills said he would call the other cases at a later date, although he did not name a specific date.

This group of lovely lasses go all out in leading the Farwell High School Pep Club in cheers at all varsity football games. Shown back row Carolyn Lindop-l; Jeanne Pettigrew-r; center Bonnie Cochran head cheerleader; front row Sherril Austin-l; and Brenda Dale-r.

Area Episcopalians Invited To Muleshoe

Farwell and Parmer County Episcopalians in the area are invited to visit the Muleshoe Episcopal mission church, tentatively to be named St. Philip's Episcopal Church, Plainview and minister-in-charge of the Muleshoe mission, will hold services and sermon.

All area Episcopalians and those interested in visiting the area branch of the Protestant Episcopal Church are cordially invited to attend, Taylor said.

Mrs. Charles Lenau, phone 3-1810 or Mrs. L. B. Hall, phone 7490, Muleshoe, may be contacted for further information.

The mission church began Sunday morning services September 1.

Dr. Grant To Be Honored

LUBBOCK -- Dr. J. Ralph Grant, pastor of First Baptist Church, Lubbock, will be honored October 15, publication date of his book "Letters to the Seven Churches," at an autograph party from 9:30 a. m. -- 11:30 a. m. and from 3:30 p. m. -- 5:30 p. m., at the Baptist Book Store, 1212 Avenue Q. The public is invited.

Dr. Grant's first book to be published, "Letters to the Seven Churches" has nine messages, seven of which are based on the letters to the seven churches in Revelations.

Dr. Grant is former president of the Baptist General Convention of Texas and a member of the Southern Baptist Foreign Mission Board.

The autographing event is one of several special services planned by the Baptist Book Store.

National Bible Week will be observed also by the store October 15 - 20. Old and rare Bibles and a replica of the "Coronation Bible of Queen Elizabeth II" will be on display.

Dr. H. I. Hester, of Kansas City, Mo., will be in the store October 17 to lecture on Bible teaching. He is vice-president of Midwestern Baptist Theological Seminary, and co-author of "Broadman Comments," a Sunday School lesson commentary.

That same week "The Interpreter's Bible Dictionary-Cyclopedia," will be presented to the public. The four volume dictionary is said to be the first Bible dictionary to be published in 100 years that is not based on some other Bible dictionary.

National Children's Book Week, November 12 - 17 will be observed by the Lubbock Baptist Book Store. Authors and counselors will be invited as guests of the book store to advise with parents, school teachers, Sunday School and Training Union elementary teachers and leaders, and church librarians on best books for children.

The Immovable --

"Our big church in Phoenix has a cross on the tower. Some visiting Mexicans came in last Sunday, crossed themselves, knelt, and prayed before they realized their error. Surprisingly enough, the sky didn't fall. Then, as an usher, I took them down the street to St. Mary's, and paused in that great temple for a Protestant prayer of my own. The sky didn't fall there, either." — Oren Arnold in Presbyterian Life.

Officials See Possibilities Of Area Watershed Project

More than 50 persons connected with the Running Water Draw watershed project got a first-hand look last week at what could be done in this area in connection with Running Water Draw.

Several Farmer County officials were among those who were treated to a tour of the Brady Creek Watershed in Central Texas.

About a dozen Farmer County residents interested in the

the project were among the 54 persons who were flown to Brady to see the watershed project there, courtesy of the city of Plainview. They were joined there by another carload of county residents, who drove down.

After being treated to a steak luncheon by Radio Station KVOP, Plainview and Station KNEL, Brady, the group was taken by bus and car to see

highlights of the Brady Creek Watershed, which is nearing completion after about 10 years of work.

The group was taken to the final phase of the project, Brady Lake, which will be the largest multi-purpose reservoir to be a part of a watershed program in Texas--and perhaps the entire nation when it is completed.

The lake and the 41 other structures will have a combined total water storage of 179,153 acre feet, covering 13,401 surface acres at maximum level. More than nine million cubic yards of earth fill are being required for the embankments of the dams.

Supervisors of the San Sabal-Brade SCD say that completion of the Brady Creek project will put Brady and McCulloch County ten or more years ahead of most communities in providing for conservation and beneficial use of their water resources.

In addition to the agricultural benefits, the program will provide, the addition of Brady Lake

will give the City of Brady water for municipal and recreational purposes and will assure flood protection.

Brady knows what it is like to experience a flood. In 1938

alone, a flood brought damages amounting to \$2,226,282 in Brady and in the watershed.

The Brady officials pledged their help to the West Texas group in getting their project underway. The Running Water Draw is of prime concern to Plainview, which sponsored last week's trip. Any time the draw floods, the city of Plainview receives the brunt of the damage.

Counties affected by the project are Curry (New Mexico), Farmer, Lamb, Castro and Hale.

The area project calls for a series of 11 structures to be built on the draw between Clo-

vis and Plainview. Under this setup, Farmer County would have three structures.

Besides the benefits as far as soil and water conservation are concerned, the possibility of recreation facilities for Farmer County is one thing that interests local officials.

The first step for the area-wide project is to verify co-sponsors for the program, so that application may be made to the State Soil Conservation Board of Directors. This board must give its approval before the planning can start.

GETTING UNDERWAY is the hand harvest of cotton in Farmer County. Many fields are becoming snow-white, and pre-frost harvesting becomes more intensified each day.

Fall Fashions Described At Personal Charm Program

Latest fall fashions were described and shown to 30 homemakers and teenage girls in a special county-wide "Personal Charm" program presented by Miss Ettie Musil, Farmer County Home Demonstration Agent, held Thursday, September 27 at the Oklahoma Lane Community Center.

Several necklaces, pins, collars, over skirts, gloves, hat, shoes, and belts were used to change a basic dress from

casual wear to very dressy occasions. A jumper dress was worn with a blouse for casual wear and later changed for party or banquet wear with jewelry or a lace jacket.

Miss Musil also demonstrated how to walk, sit, and stand to better wear the basic garments.

Following the illustrated program most of the group from Bailey and Farmer Counties practiced putting on and pulling off a full-length coat.

WITH THE COUNTY AGENT

DERYL COKER

Not near enough farmers are picking up backtags at my office to keep Farmer County a Modified Certified Brucellosis-Free County. If you are planning on selling any female cat-

tle over three years of age it definitely will be to your advantage to place a backtag on them if they are going to market.

This is how the backtag works: When cattle are loaded at your farm the backtags are placed on the back of the animal, at which time you send in a card telling the number of cattle tagged and their numbers. If any of these animals are slaughtered within 14 days and is negative you will be credited as being a participant.

Over a three year period we must test at least 15 per cent of the breeding cattle in the county to keep our county qualified. Every farmer or rancher that participates will not be called

upon to retest at the end of three years. We know that our animals are clean now, so no one should be afraid to place these backtags on the backs of their cattle.

All slaughter plants have been advised to collect blood samples and after the blood sample is collected it will be sent to the state office and analyzed and then you will be notified as to the results. Even though you did come up with a reactor it will be to your advantage to know about it.

By backtagging your slaughter cattle you can assure the Brucellosis-Free status of your herd and help re-certify our county without additional farm or ranch test, except in known affected herds.

This will save you time and money and help maintain our area's modified certified status with less work and contribute to eradication of the disease.

We have a plentiful supply of the backtags and glue available in our office, so let's everyone make it a point to participate.

It won't be long until we will be harvesting cotton. Getting the cotton to the gin in good condition can mean a great deal of the farmers.

From now on we will probably be having heavy dews every night and stripping wet cotton can cost you \$10 a bale or more. Let's try to hold up until the sun is well out and the cotton has dried before we strip. If we can stay out of the fields until 10:30 a.m. it will be a big advantage to you and to your gin.

Also, if you are stripping cotton and have a trailer or two full, it would be to your advantage to put a tarp over the trailer, especially if there is a chance for rain.

Seedlings Are Available For Farm Windbreaks

Farmers and ranchers who plan to plant windbreaks this year can pick up applications for tree seedlings from their County Agricultural Agent, or by writing to the Texas Forest Service, College Station.

Windbreak species available this year are: Austrian and ponderosa pine, black locust, catalpa, Chinese elm, cottonwood, buffaloberry, mulberry, red cedar, multiflora rose, sycamore, Russian olive, euonymus and Osage orange. Black walnut stratified seeds are available also.

The seedlings are sold only for windbreaks and prevention of soil erosion. No order for less than a total of 100 trees will be accepted.

Windbreak planting guides are available free of charge from the County Agent and from the Texas Forest Service, College Station.

HD Agent's Notes

BY MISS ETTIE MUSIL

Are you still paying for your home or are you thinking about buying a new home? If so, you may be able to save quite a lot of money by paying close attention to the interest paid and the number of years for the repayment.

For example, on a \$12,000 mortgage at four and a half per cent interest for 15 years, you will have to make payments totaling \$19,224. The same loan for 30 years will cost you

\$27,302.40. Suppose you are able to get a loan only at six per cent interest. The \$12,000 loan for 15 years will cost \$20,928. If it takes you 35 years to pay it out, it will cost you \$35,040.60.

Note the saving of \$15,816 of the four and a half per cent loan for 15 years compared to the six per cent loan for 30 years. When you are shopping for a home check the total cost of the different mortgages available to you. It can mean money in your pocket. How much will your home actually cost?

We have an excellent publication in our office that should be of help to you in buying by credit. Just call or write us, or come by the office at the Courthouse in Farwell for a free copy of "Using Consumer Credit - A Tool or A Trap?"

The median age of people in our county is 23.8 years of age. The average age of the farmers in the county is 36 years. According to the 1960 U. S. Census of Population we have 32.1 per cent of our population between 20 to 44 years old. This young population in Parmer County involves many families buying or paying for new homes. Consumer credit is an important business transaction, too.

Credit can be a useful tool. If used wisely, credit may enable the family to attain more quickly and easily some of its major goals. It may permit the purchase of furnishings and equipment when the family is young and needs are greatest. It will also allow the family to enjoy the goods as it pays for them.

Credit can serve as a convenience. This is especially true of charge accounts and service credit given by doctors,

dentists, oil companies, public utilities, and paper boys. One can establish a credit rating that becomes a great value in getting credit when an emergency arises.

Of course, there are a number of cautions in using credit. When a person signs a credit contract, he mortgages his future income. In other words your income is spent before you get it. The use of too much credit will lower the level of living.

Research shows that people usually buy more when they do not have to pay cash. They may become careless occasionally about what they buy since it is easier to return charged goods than cash purchases.

Goods bought at a store with charge accounts are usually more expensive because of the costs of investigating each person's credit rating and of keeping records of payments. This cost of credit is hidden, although included in the price of the goods bought. As we mentioned in the payments of loans of homes here is an increase in the cost due to the interest of the loan.

By all means, know the dollar and cents cost of credit. Many have found that it is important to get acquainted with the lenders before the need for credit arises.

If income is irregular, as farm families often are, do not commit yourself to regular payments. Get credit from a source whose responsibility, integrity, and fairness is well known. Then read and understand the terms of the contract before you sign.

Especially for irregular income, do not use maximum credit capacity except in a crisis. Keep everyday credit totals well within safe limits, leaving a margin for emergencies.

For more information, get a free copy of the bulletin "Using Consumer Credit". It should help you to make wise choice of credit.

SOIL CONSERVATION DISTRICT NEWS

Are we using our irrigation water wisely? As we approach the end of another irrigation season we all should think about this question and make preparation to assure that water will be used properly in the next irrigation season.

With the weakening of our water supply and increasing cost of pumping, it is very important that we take another look at our irrigation systems to see that best use is being made to produce crops efficiently and to conserve water.

Before starting irrigation

walls this year it would be wise to consider the following points concerning your system:

1. What type of soil do you have? Will it take water fast or slow? If the soil takes water slow the run length may be increased. If it takes water fast the length of run needs to be shortened.

2. Is the slope of the land gentle or steep? On gentle sloping land water may be run further without danger of losing water or soil. On steeper slopes water cannot be run as far without some means of checking to prevent tailwater and erosion.

3. How long should each set be? On tighter soils usually from 12 to 24 hour sets are desirable, while on lighter soils six to 12 hour sets should be used.

4. How much water should be applied each irrigation? Three to four inches every 10 to 15 days is a pretty good rule.

All of these questions point to the need for a conservation plan and a conservation irrigation system. Through management of irrigation water, better crops can be produced at lower cost and for a longer period.

For additional information on any questions you may have concerning this practice contact your local Soil Conservation Service Technicians at Friona, Texas.

Homemakers Invited To Attend Tours

Special tours for the selection of furniture, in cooperation with Home Demonstration clubs in Farmer County, continue this week and next, Farmer County Home Demonstration Agent, Miss Ettie Musil, reminds homemakers.

The tours begin at 9 a.m. at the District Courtroom of the County Courthouse in Farwell. Five furniture stores will be

visited in Clovis and Texico, N. M.

Included in the tour will be learning what to look for in selecting furniture; and what woods give the best service; what finishes are used.

These are education tours designed to help the homemaker in her selection of furniture. The remaining tour schedule is:

Thursday, October 11--women from Friona area; Friday, October 12--Rhea area; Monday, October 15--Black area; Tuesday, October 16--Oklahoma Lane area; and Wednesday, October 17--Lazbuidde area.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

It is to be hoped that every farmer will make a detailed study of the administration passed "Food and Agricultural Act of 1962". Besides finding it interesting, you will also find it perplexing in many details. Farming in 1963 will go on as much as it has in 1962. However, there are some very different details included for the year of 1964.

The following example concerns a farm of 1150 acres in the Panhandle. Bill Wedemeyer, Promotion and Research Director of Texas Farm Bureau has prepared this example based on information at hand. There are accompanying comments, but we are just relating the figures arrived at if the farmer in question accepted the minimum acreage reduc-

WELL UNDERWAY in the County is the maize harvest, as sunny weather this week was the signal for hordes of combines to invade the county's ripened grain fields, which will shoot for an all-time production record.

tions necessary for compliance with the program:

It is assumed that the farm has acreage allotments on wheat of 500 and grain sorghum of 400 and 250 acres of temporary pasture. He would be required to retire 100 acres of wheat and 80 acres of grain sorghum, using the minimum requirements for compliance with the program. On the basis of the above he would receive the following payments from the government:

1. Wheat land retirement of \$1,820.00 (100 acres times ten bushels times \$1.82).
2. Wheat incentive payment of \$1,440.00 (400 acres times 20 bushels times 18¢).
3. Grain sorghum land retirement payment of \$2,160.00 (80 acres times 1500 lbs. times \$1.80).
4. Grain sorghum incentive payment of \$1,920.00 (320 acres times USDA's established yield 20 bushels times 30 cents per hundred pounds).

This is a total of \$7,340.00 direct payment to the farmer of 1150 acres from the government, as you can see. This is very close to \$6.40 per acre for the entire farm, part of which is not being farmed.

Wedemeyer points out that this type of program puts the farmer more completely at the mercy of the government for his income. He also predicts that the 1964 referendum for wheat will be a choice between a complicated multiple price certificate plan or no program at all.

COME TALK TO YOUR

FOOTSAVING EDUCATION

by James E. Edwards

Do you approve of stretch sox?

A whole size in sox or stockings is a whole inch so a half size is a half inch. That is not a very intelligent remark, but, I want to point out that a half size in sox is equal to 3 half sizes in shoes.

Mothers who would not dream of allowing a child to wear shoes that are a size and a half short will continue to use sox after they are one size too small, (i.e. six half-sizes in shoe sizing).

The stretch sox that we sell are supposed to fit (in sox language) sizes 4-5 1/2, 6-7 1/2, 8-9 1/2, in shoe language, that would be 0-5 1/2, 6-11 1/2, 12-2 1/2.

I believe that stretch sox are safe if the child's feet are at the small end of the size range. If the child needs a 7 or 7 1/2 I would not buy a 6-7 1/2. In such cases I recommend cotton sox be used until the child can use the 8-9 1/2 size.

ELECTRIC RANGES - NOT A SINGLE ONE RETURNED

In 1958, Southwestern Public Service Company and participating Reddy Kilowatt dealers offered free wiring and guaranteed satisfaction to electric range buyers. 1,200 electric ranges were sold during the two months the offer was in effect — NOT A SINGLE ELECTRIC RANGE WAS RETURNED... the most convincing proof of the superiority of modern electric cooking.

FREE WIRING AND SATISFACTION GUARANTEED

NOW, for the second time, you, as a customer of Southwestern Public Service Company buying an electric range for permanent installation, in a one or two family residence, are offered FREE WIRING and SATISFACTION GUARANTEED when you buy an electric range from a participating Reddy Kilowatt dealer of your choice. If, within 60 days from the date of your purchase, you are not completely satisfied, any money you have paid will be fully refunded — you can't go wrong.
