School Opening Dates Revealed

Plans are being completed at both the Texico and Farwell schools this week for the opening of the fall terms. Dates set for school opening in Farwell is September 3, with high school students to register August 30-31. First faculty meeting of the year has been set for August 29.

Texico school will begin with all students to register August 24 and classes to convene August 27. Superintendent Buck Doran says all school personnel will remain the same with the exception of a new lunchroom director. Mrs. John Hightower will return as head of the lunchroom staff after an absence of several years. She replaces Mrs. Lillian Bridges.

The faculty has been completed at the Texico school with three remaining vacancies in the Farwell faculty.

Two teachers were hired at a meeting of the Farwell school board recently and it is felt that the remaining vacancies will be

filled shortly.

Hiring at the last board meeting were Mr. and Mrs. Jack Markham who come here from Pringle where they taught last year. Markham, who is a graduate of Texline High School and holds a degree from WTSC, will teach high school English. Mrs. Markham, a graduate of Borger High School and WTSC, will teach in the elementary school. They have two pre-school age children.

Farwell superintendent W. M. Roberts says no changes are planned in the school personnel with Mrs. Raymond Martin to return as lunchroom director and the custodians to be the same.

Roberts also says that the Farwell School has decided not to offer driver training as a regular classroom course but will continue to offer it as a summer course on a tuition basis only. It will be taught by a well-qualified instructor, Roberts says.

Budget Hearing Set August 6

W. M. Roberts, superintendent of Farwell Public Schools announces a budget hearing which has been set for August 6, 8 p. m. in the office of the superintendent.

This will be an open meeting and the general public is invited to attend.

Child Uninjured In Sunday Mishap

Arthur Salguero Jr., 3 year old son of Mr. and Mrs. Arthur Salguero Sr. narrowly escaped serious injury Sunday afternoon as he stepped from behind a parked car into the path of an oncoming car.

The car which hit the little boy with its right front bumper was traveling at a slow rate or speed on Highway 60 toward the east in Texico. The driver

of the car, A. E. Gentry of Amarillo, saw the small boy in time to swerve his car to the left thus almost missing him.

The child was rushed to Clovis Memorial Hospital by ambulance where he was examined by a physician and released. He suffered only minor cuts and bruises.

No charges were filed and the accident was listed as unavoidable.

Little League Teams Play Three Games

It has been a busy two weeks as far as Texico-Farwell Little League teams are concerned, with the Lions winning two and losing one, while the Red Tops won one and lost two.

The Red Tops led off the action by edging Charles Oil Company 3 to 2, last Monday. William McCloud was the winning pitcher while J. B. Taylor and Larry Combs crossed the plate for the Red Tops, Taylor coming in twice. The big guns at the plate were Taylor who was two for three and Roddy Pearce who slammed out a double in the fifth.

The Lions followed with a victory Tuesday night when they chewed Farmer County Farm Supply, 21 to 6. The Lions exploded in the third and romped to an easy victory with every member of the team crossing the plate at least once. Getting

credit for the win was Tim Crume who pitched the first three innings while Robin Mahaney came in to pitch the last three. The losing pitcher was R. J. Rickey.

The Lions and the Red Tops collided last Thursday in the final game of a "two out of three" series. Each team had one previous victory. The Lions took this one 8 to 4 to win the series, although they had to come from behind to do it. The Red Tops got off to a hot start in the first inning by blasting out three runs off hits by Roy McDaniel, Taylor and Roddy Pearce. The Lions were held scoreless and at the end of the first inning of play the score was Red Tops 3, Lions 0.

The Red Tops' lead was short lived, however, as the Lions collected three runs in the third to tie it up at 3 to 3.

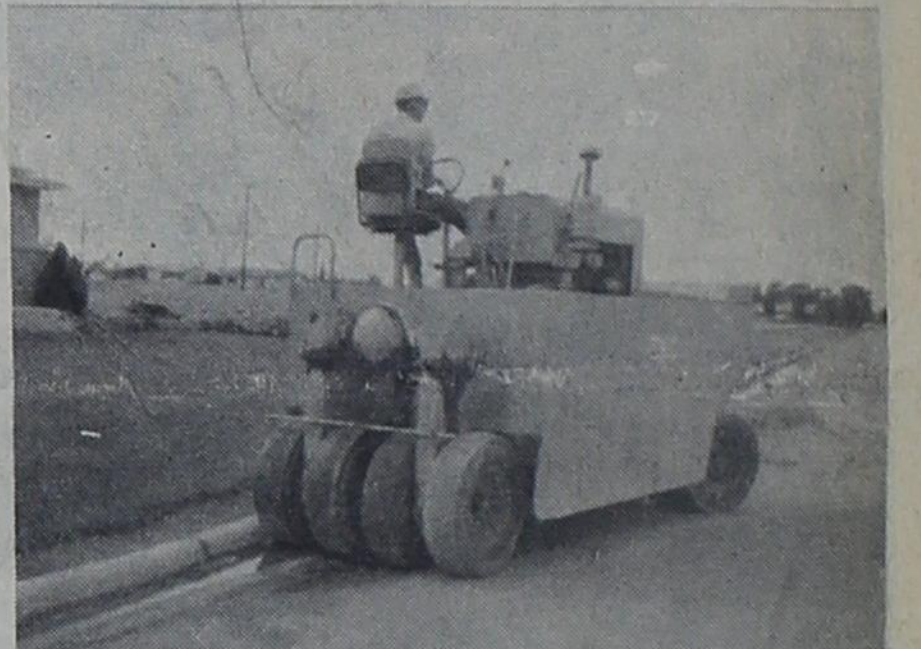

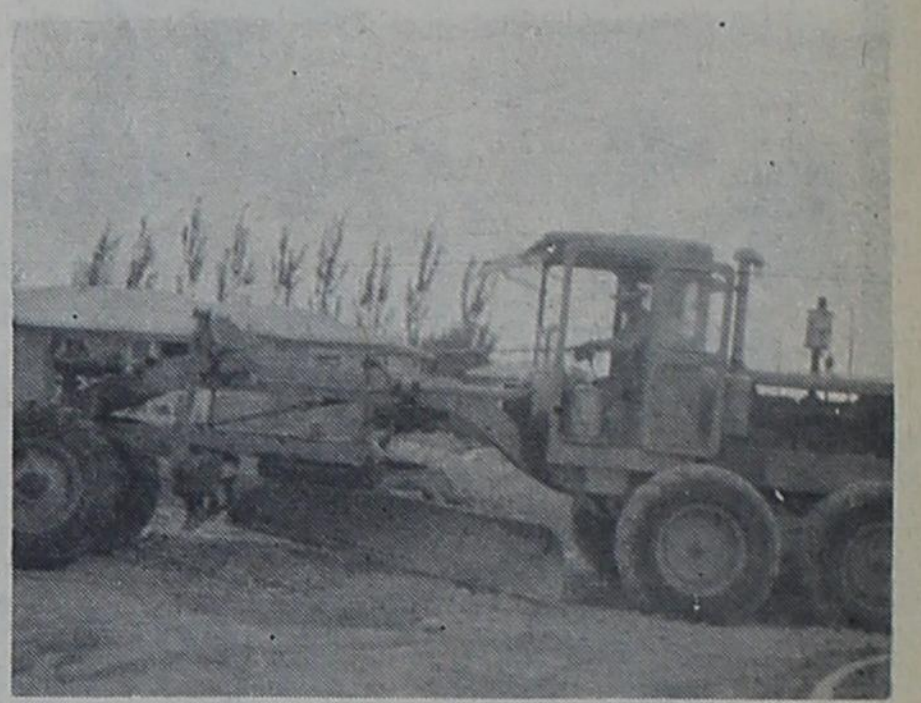

Both teams managed one run in the fourth to keep the ball game all tied up.

The Lions finally broke the tie by hammering out a run in the fifth and put the game on ice with three more runs in the sixth to make the final score 8 to 4.

McDaniel, Taylor, and Pearce were two for three for the Red Tops while Jim Webb, Crume, Mahaney, and Ardell Autrey collected hits for the Lions. The winning pitcher was Mahaney while the loss was charged to Taylor.

Both teams played on Tuesday of this week with the Lions losing the first game to Bovina 10 to 2.

The Lions' two runs came in (Continued on page 4)

PAVING WORK CONTINUES--Work on Farwell's paving project is progressing slowly due to recent showers and other delays. A grader pushes down piles of caliche (top) and a tamping machine (bottom) packs it down. After the tamping machine packs the dirt, the water truck wets the soil. These machines were working Wednesday afternoon on Second Street south from Avenue G, to the beginning of the Hillcrest Loop.

Hughes Expects TV Service 30-45 Days

Dudley Hughes of Farwell hopes to have his community TV antenna system in operation within 30 to 45 days he announced this week. Special equipment for his receiving station is being built in California and when it is shipped here and installed he will be ready to start service.

Hughes has erected a receiving antenna in east Farwell and has obtained franchises from the city to serve residents. He will receive signals from Amarillo, Lubbock, Clovis, and Roswell and amplify them to the homes of subscribers through service lines. Five stations will be received.

Hughes took a public opinion poll several months ago to test the market possibilities but the results were not conclusive, he feels. Besides, he has lowered the rate for service to \$15 installation charge (which is refunded after the connection has been made for five months) and \$3 per month service charge. He is hoping for from 200 to 250 connections to make the venture economically feasible.

New resuscitator at the Farwell Fire Station

Farwell Fireboys Get Resuscitator

Newest piece of equipment in the Farwell Fire Department is a portable resuscitator which was recently presented to the department by the city.

Fire chief Otis Huggins says that the emergency equipment will be available to anyone who needs it and that a person may secure its use by calling the fire station and a member of the department will take it to the scene of the emergency.

The department also has two hospital beds and a wheel chair to lend, Huggins says, and an order for more equipment of this type is being placed this week. Some crutches will be included in the order and they will also be for loaning purposes, Huggins says.

Persons wishing to borrow these items may do so by calling and asking, but they are asked to return them as soon as they are finished using them so that others may borrow the equipment.

Farwell organized its fire department and secured its charter in October of 1957. Until this time the Texico and Farwell departments were combined.

Huggins says that the fire that destroyed the Murray Dial home in Farwell was what spurred the local men into organizing a department in Farwell. Eleven of the original 23 members still belong to the organization which now has 21 members.

The department's one good Howe truck was purchased in January, 1957, and Huggins re-

members that when he drove it into town January 23, firemen were putting out a fire with the old truck at the Glenn Phillips residence east of Farwell.

The Howe truck is equipped with both chemical and water type equipment, Huggins notes.

A 20x50 foot building was completed in 1950 for a meeting room for the group. This building was paid for by the individual members and includes a kitchen with lots of storage, stove and refrigerator along with a dining and meeting area which is furnished with three long dining tables and about 25 folding chairs.

Mr. and Mrs. L. C. Wagner and family now occupy the living quarters at the fire station, and members of the department commend Mrs. Wagner for the fine job she does in answering the calls and reporting the fires.

R. L. Langston is assistant fire chief and Smokey Gast is secretary of the organization.

Huggins says that for the past five years they have answered about eight to ten major fires, the last really major blaze being the one at the Cory Penn station during Thanksgiving in 1959. He says they answer all types of calls for fires and go to help the Texico department with fires in that community. The Texico group also assists with fires in Farwell, he says.

New West Camp Pastor Arrives

Rev. Raymond A. Quick began his work as pastor of the West Camp Baptist Church the past Sunday. He and his family arrived in the community Thursday.

Rev. Quick, who is a graduate of Oklahoma Baptist University and Southwestern Baptist Seminary in Ft. Worth, has been preaching since he was 18 years of age and has held pastorates throughout Oklahoma, and North and South Dakota for the past 26 years. This is his first Texas pastorate.

He comes here from Sturgis, South Dakota, where he was pastor of the First Baptist Church. He is married and has two children, Raymond Bruce, 9, and Rae Nell, 7.

According to Rev. Quick, no changes in the church sched-

ule is planned for the time being with Sunday services to continue at 11 a. m. and 7 p. m. The regular mid-week service will also be at 7 p. m. on Wednesday. A revival is being planned to begin at the church August 5, with Rev. Quick to do the preaching and Clyde Powell of the Farwell Baptist Church to direct the singing.

Rev. and Mrs. Quick say that since they are native Oklahomans it seems almost like coming home to be in Texas. "The reception extended to us has been wonderful and the people are unusually friendly," say the Quicks.

Rev. Quick replaces Rev. Carroll Herring who left recently to accept the duties as pastor of Union Baptist Church in Knoxville, Tenn.

RAYMOND A. QUICK

Target Shoot Set Sunday

All persons are reminded of the Lions Club "Silver Dollar Target Shoot," Sunday from 1 p. m. until sundown. The shoot will be at the target area east of town, across the street from Farwell Fertilizer Co.

Fees will be \$1 and \$2 with the public invited to participate. All proceeds will be used for the summer youth program.

Lovelace To Play In All-Star Game

Jerry Lovelace, 1962 graduate of Farwell High School, will be among the backfield players for the North team in the annual Texas High School Coaching Association's all-star football game Saturday night, August 11, at Jones Stadium in Lubbock.

Texas Tech is host to the coaching school this year and hopes to set a new attendance record for the football game. The Tech school of 1956 holds the record attendance for basketball, and Tech athletic director Polk Robison says that the availability of the enlarged Jones Stadium for the game and the fact that area football fans are well acquainted with the exploits of many of the gridirers are two reasons the football record may be broken this year.

Directing the North team will be Carl Spoonemore, coach of Albany's state champions, and now Lubbock High head coach.

Texas Tech's athletic department is handling ticket sales for the coaching school. Reserved football seats are \$2.50 and \$2; reserved basketball tickets, \$4 and \$1.50. Mail orders are accepted with the enclosure of a 25¢ mailing fee.

Seale Plans A Full Day In County

Jack Seale, Republican candidate for United States Congress, 18th Congressional District, has a full day of activities scheduled in Farmer County Monday, July 23.

Seale, mayor of Amarillo, will begin the day with a breakfast at 7 a. m. at Earl's Cafe. All interested in meeting with him should be there.

He winds up the day as principal speaker for the Farmer-Bailey counties Young Republican meeting at 8:30 p. m. in the Friona High School Auditorium.

Seale is scheduled for a 9 a. m. "coffeebreak" meeting at the Bovina Restaurant, and will have a noon meeting in Farwell.

Texico Grads Plan For Future

By MIKE GETZ

The 1962 graduates of Texico High School are trying to decide what to do this fall, now that they have their high school education. The decision is a tough

one, because for the first time in their lives there are no fall classes to return to. The grads, however, are living up to their new-found status and are making the decision that must be made.

Eight of the 34 graduates have chosen to further their education by attending college this fall. Three are going to Eastern New Mexico University at Portales, two are going to University of New Mexico at Albuquerque, and one each are planning to attend Wayland College in Plainview, New Mexico Institute of Mining and Technology at Socorro, and West Texas State College at Canyon.

Seven grads are already married with one planning to be married in the near future. Three will be attending vocational schools while five will be working. Six graduates are undecided as to what they will do while four were unavailable for interviews.

After talking to each of the graduates, the following are their intended plans:

Janice Adams, daughter of Mr. and Mrs. John Adams of Texico, is married to Donald Callowet. During high school, she played basketball and was in the school band.

Carol Bell plans to work for the Bell Telephone Company

next fall. She was a B team cheerleader her sophomore year and took part in both the junior and senior plays. Carol is the daughter of Mr. and Mrs. A. B. Bell.

Sharon Blackwell moved to Milnesand, N.M., and is unavailable for interview. She was a member of the drill team in high school and was a candidate for "most beautiful" her senior year.

Dale Brown is working in Carlsbad and plans to continue there this fall. He was active in FFA work in high school and was sentinel his senior year. Dale was also active in baseball, lettering four years. He is the son of Mr. and Mrs. Mike Brown.

Beverly Cassidy is working for John Parker Motor Company in Clovis and plans to continue her work there this fall. While in high school, Beverly took part in the senior play and served as president of the business club. She is the daughter of Mr. and Mrs. C. A. Cassidy.

Kenneth Chappell wants to attend West Texas State College in Canyon where he plans to major in journalism. He won the Spanish medal his junior year in high school and was co-editor of the school paper his senior year. Kenneth is the son (Continued on page 4)

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

Hopper--

America touts its freedoms. Where is freedom in an idea such as this? It may be "humanitarian" but it is not freedom! It is socialism, and socialism, and freedom can never live together.

The senate has defeated the measure by a narrow margin this year, but the issue is sure to be a hot one for a good while to come.

Just two years ago the Kerr-Mills law was passed to help meet the cost of medical care for the aged. Advocates of the new legislation contend that recipients of Kerr-Mills aid objected to having to show that they had a need for the support.

They sneer at a simple form statement to declare the need and call it a "pauper's oath" that insults their dignity. Well, hooray for the pauper's oath if it keeps shiftless and thriftless leeches off the public's back!

Wayne Fahsholtz Wins PGC Trip Award

Wayne Fahsholtz, 16 year old son of Mr. and Mrs. Edwin Fahsholtz, of the Pleasant Hill Community was the Curry County winner of the PGC contest staged the past Wednesday in Clovis. The contest sponsored by the Pacific Grain Cooperatives, enables 4-H'ers who are 15 or older to compete for the chance to take a trip planned especially for them. He will take a trip to the Gulf Coast States later this summer.

Entrants were judged on their ability to speak for three minutes on Cooperatives and on their 4-H record book. Wayne's projects this year include home beautification, horses and leathercraft. He is an active member of the Pleasant Hill 4-H club where he serves as reporter, is a member of the Curry County 4-H quadrille and a representative to the Curry 4-H County Council.

In August Wayne plans to attend the State 4-H encampment at Las Cruces where he will present a demonstration on tractor safety. He recently won first place in the Curry County Contest with this demonstration. Wayne is also an active member of the Clovis FFA Chapter which he served the past year as Greenhand president and he was also winner of the Star Farmer Award for Greenhands.

LOCAL

Mrs. Dora Johnson returned to her home in Farwell Thursday from a visit in Brownfield in the home of her son, Holland Johnson and family.

About \$22 billion dollars was spent on personal medical care in the country last year. State, local, and national governments are already footing a fourth of this cost. Medicare would open the floodgates.

And, finally, remember this about your social security propaganda: It isn't insurance, it's a tax. You have no guarantee whatever that you will ever get a nickel back of what is paid in. It's all up to the government as to who gets the monthly checks. You're in this year, but watch out. Next year they may count you o-u-t.

Something international lawyers are going to have to get settled pretty soon is the matter of who gets the moon. Does the first earthing to set foot on it have the right to claim it for his mother country? Or, does it already belong to the Ruskiens, who planted a flag on it with a well-aimed rocket over a year ago?

Four hundred years ago when ambitious nations were busy conquering new lands and claiming them for their own, the guy who was big enough to wade ashore, plant a flag, and erect a rock cairn or rude dwelling without getting felled with arrows or stones from resentful Indians could alter the map of the world in one stroke of the pen.

Today it may not be quite that easy. If the Russians beat us to the moon does it become theirs? What if they get there, claim it, but fail to get back home? What becomes of their claim?

I've always heard the axiom, "possession is nine points of the law," and in squatter's days maybe that was true. But times have changed. Just let your car

payments run three months behind and see how that possession bit holds up.

Another blessing we who live in small towns on the High Plains seldom think about is being in an area untroubled by organized labor disputes, particularly the ones which involve violence.

It isn't necessary to go very far to find trouble in this field. Both Amarillo and Lubbock are getting large enough and industrialized enough to be liable for this type of civil unrest, although to date it has been pretty quiet.

Just a couple of hundred miles away in New Mexico there is a big squabble going on right now over working conditions, pay, hours, supervision, and other factors, at the large potash mines where about 3000 men work.

Companies which mine the ore have been struck by the unions for several weeks and conditions are getting out of hand in some instances. So far vandalism and minor dynamiting has been the external evidence of inside unrest, but conditions may worsen.

A couple of weeks ago a man who did not join the union but

crossed their picket lines to continue working was harrassed ceaselessly by striking co-workers. A truckload of them circled his home and hurled rocks at his house. Finally, he appeared with a shotgun and fired at them. Sometimes a man has to take matters into his own hands.

Conditions such as these would be difficult ones under which to continue normal living and raise a family. I'm glad we are free from such distress.

We Are Always Happy to be of Service to You

The Board Of Equalization Of The City Of Farwell Will Meet July 24 9 A.M. - 5 P.M. At The City Hall In Farwell, Texas

Give Us

Harvest time makes a man think.

The bread God gives us has to be cut, threshed, shipped, baked, and delivered before it ever reaches our mouths. And long before, it had to be sowed in a ploughed field, cultivated, irrigated, and fretted over a thousand times.

Lots of work in it for man. No gift wrapping with a ribbon around it.

But don't think we could get along without God! Leave out His part and there would be no harvest — no point in our work.

So wheat inspires worship! And every Sunday in Church reminds us that we never labor alone... that our labors gain fruitfulness from God.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday Isaiah 28:23-29
Monday Jeremiah 5:21-29
Tuesday Psalms 147:12-18
Wednesday Matthew 13:35-43
Thursday 1 Corinthians 3:1-9

CHECK THE SAFETY OF YOUR FARM THIS WEEK

ONE THING A FARMER DOES NOT WANT TO CULTIVATE IS AN ACCIDENT

- MACHINERY and equipment should always be kept in good repair, and used with guards and safety devices in position.
- BUILDINGS and your home should be kept in good repair at all times, with all safety hazards carefully eliminated.
- CLOTHING that is loose-fitting or torn should never be worn around moving machinery.
- FIRE HAZARDS are everywhere... be careful with matches... don't smoke around the barn!
- GUNS should always be stored unloaded, and put where children can't get at them.
- ANIMALS may bolt if startled; warn them of your presence by speaking before approaching.
- WATER HOLES on your property are a potential danger to children... they should be fenced off to prevent mishaps.
- INSURANCE keeps your family and farm safe from the hazard of financial disaster. Be sure you're fully covered.

MAKE EVERY WEEK A FARM SAFETY WEEK BY OBSERVING THESE RULES!

Engagement Announced

Mr. and Mrs. N. Howard Patterson of 1514-25th St. in Lubbock are announcing the engagement and approaching marriage of their daughter Susan, to Billy Hardage son of Mr. and Mrs. L. M. (Lacy) Hardage of Farwell.

The wedding is planned for September 2, at 4 p.m. in the First Baptist Church Chapel, in Lubbock.

Miss Patterson is a sophomore student at Hardin-Simmons majoring in elementary education. Hardage is also a sophomore student at Hardin-Simmons and is majoring in Physical Education. He is a member of Sigma Delta Sigma Fraternity.

Friends and relatives are invited to attend the ceremony and reception.

Dinner Honors Larry York

Mr. and Mrs. Russell Johnson entertained with a dinner in their home Saturday honoring Larry York of Kansas City, who will leave soon to be stationed in Korea.

Larry was here visiting in the home of his parents, Mr. and Mrs. Hardy Jones.

Attending the dinner were Mr. and Mrs. Hardy Jones, H. C. and Nancy, T. J. Randol, Doris Jennings and Ginger York.

Dinner Honors Two On Their Birthdays

Eddie Smith and his grandniece Mrs. Nell Thompkins of Clovis were honored, on their respective birthdays recently in the home of Mr. and Mrs. Eddie Smith in Farwell, with a fried chicken dinner.

Informal visiting and games were enjoyed throughout the day and birthday cake was served with homemade ice cream late in the afternoon.

Attending were Mr. and Mrs. Albert Smith and son Maurice, Mr. and Mrs. Eddie Brian Smith, Mr. and Mrs. George Lindop and their granddaughter Carolyn, and Mr. and Mrs. L. R. Vincent all of Farwell, and Mr. and Mrs. Don Thompkins and Mr. and Mrs. B. Summers of Clovis.

Parents Night Observed

Parents night was observed at Farwell Baptist Church July 5, with Mrs. Asa Smith, superintendent of the junior department in charge.

The meeting was held in order that parents and teachers might become better acquainted and to give the teachers a chance to explain to the parents what they as teachers expect of the children and how the parents can best help them.

Teachers and workers introduced were Bert Williams 11, and 12 year old boys; Mrs. Bruce Blair 11 and 12 year old girls; Mrs. Elmer Scott ten year old boys; Mrs. Joe Reed nine year old boys; Mrs. James Patrick nine and ten year old girls; Sterlyn Billington secretary-treasurer; Clyde Powell music director and Mrs. Clyde Powell pianist.

Attending the bride as matron of honor was her sister, Mrs. Emmett Gloyna of Amarillo. Bridesmaids were Misses Margaret Haseloff and Gloria Schneider.

The bride's attendants wore identical street length dresses of coral silk organza over taffeta. Their pill box hats were of matching organza with veils of silk maline. They carried cascade bouquets of white carnations and heather fern accented with coral tulle and streamers.

Miss Brenda Gloyna, niece of the bride, was flower girl. She wore a dress of coral organza and carried a white basket filled with coral tulle and white Frenched carnations.

Harold Schumann of Madison, Wis., served his cousin as best man. Calvin Meissner, brother of the bride, and Ed Rockefeller were groomsmen. Ushers were Arnold and Nolan Kriegel, cousins of the bride.

The bride, wearing a floor length gown of hand clipped

Miss Janice Meissner Weds Bruce Schroeder

In an evening ceremony at St. John's Lutheran Church of Lariat on Sunday, July 8, Miss Janice Loreen Meissner became the bride of Bruce Schroeder.

The bride is the daughter of Mr. and Mrs. G. P. Meissner of Farwell and the bridegroom is the son of Mrs. Ruth Pompell of Giddings, Tex., and A. A. Schroeder of Rockdale, Tex.

Officiating at the double-ring ceremony was Rev. Reuben Meissner, brother of the bride, of Glencoe, Minn.

Vows were spoken before an altar decorated with bouquets of white gladioli and lilac daisies and standards holding fan-shaped arrangements of white flowers. Interspersed throughout the floral decor were several sets of seven branched candelabra decorated with emerald foliage and daisies.

Centering the altar setting was a kneeling bench decorated with huckleberry and daisies. Huckleberry and daisies were also used to mark the family pews.

Playing traditional nuptial selections at the organ was Miss Noreen Schumann of Giddings, who also accompanied Mrs. Ernest Ramm who sang "Bless This House" and "The Lord's Prayer."

Attending the bride as matron of honor was her sister, Mrs. Emmett Gloyna of Amarillo. Bridesmaids were Misses Margaret Haseloff and Gloria Schneider.

The bride's attendants wore identical street length dresses of coral silk organza over taffeta. Their pill box hats were of matching organza with veils of silk maline. They carried cascade bouquets of white carnations and heather fern accented with coral tulle and streamers.

Harold Schumann of Madison, Wis., served his cousin as best man. Calvin Meissner, brother of the bride, and Ed Rockefeller were groomsmen. Ushers were Arnold and Nolan Kriegel, cousins of the bride.

The bride, wearing a floor length gown of hand clipped

Chantilly lace, was escorted to the altar by her father. Her dress was styled with a jeweled sweetheart neckline and long sleeves which tapered to petal points over her hands. The skirt, which terminated in a chapel train, was decorated with lace and cabbage roses.

Her fingertip veil of silk illusion was attached to a white crown of Chantilly lace trimmed with pearls and sequins. She carried a white lace and satin covered Bible with a cascade of white stephanotis centered with a large white cattleya orchid. White picot satin streamers and clusters of pearls completed her bouquet.

Carrying out the bridal tradition, something old was her hat, something new was her wedding dress, something borrowed was the Bible she carried, and something blue was a garter.

She carried a penny, minted the year of her birth, in her shoe for good luck.

The bride's mother wore a dress of impotted aqua silk with white and beige accessories and a coral carnation corsage. The mother of the groom wore a dress of green silk crepe with black and white accessories and a corsage of coral carnations.

Following the ceremony a reception was held in the Parish Hall. The bride's table was laid with a white lace cloth over coral and was centered with a four-tiered wedding cake topped with a miniature bridal pair.

On either side of the cake were matching silver candelabra and the bouquets of the bride's attendants. The bridal bouquet was featured in front of the tall white cake and crystal punch service completed the table decor.

For going away the bride wore a green silk linen suit with beige accessories and the orchid from her bridal bouquet.

Out-of-town guests for the wedding included Mrs. Ruth Pompell and Freddy, Mr. and Mrs. Harley Schumann, Noreen and Fern, and Mr. and Mrs. Otto Namken, all from Giddings, Mr. and Mrs. Harold Schumann and sons of Madison, Wis., A. A. Schroeder of Rockdale, Mr. and Mrs. Walter Schwede

Mr. and Mrs. Bruce Schroeder

and Ervin of Roswell;

Also, Mr. and Mrs. Emmett Gloyna and children of Amarillo, Rev. and Mrs. Reuben Meissner and children of Glencoe, Minn., Mr. and Mrs. Fred Schneider, Gloria and Beverly of Edna, Tex., Mrs. George

Aschenbeel of Houston, Mr. and Mrs. Paul Koeltzow and Lonnie and Mrs. Selma Wagner of Clovis, and Mr. and Mrs. Robert Schueler and Robert Jr., Mr. and Mrs. Raymond Schuler and family, and Arnold Schueler, all of Friona.

Family Stops For Visit

Rev. and Mrs. Murray Fuquay and son, Bob, were brief guests in the home of Mr. and Mrs. M. A. Snider one day last week. Rev. Fuquay is the pastor of Midwest City First Baptist Church in Oklahoma. The family was enroute to Glorieta.

Kent Gast Has Fifth Birthday

Kent Gast, son of Mr. and Mrs. Smokey Gast, observed his fifth birthday with a neighborhood party at his home Tuesday afternoon, July 17.

Favors were balloons and candy and the blue and white birthday cake was decorated with yellow roses and inscribed with "Happy Birthday Kent."

Carnival punch of lime, orange and pineapple sherbet with ginger ale was served with cake to Ronny, Hal and John Graham, David and Linda Dannheim, G. A., Gaylon, Virgil and Alma Gossett, Doyle and Dwayne Coker, Donny, Danny and Donna Campbell, Terry Joe and Chip Kraft, Johnny and Terri Sue Boling, the honoree and his sister, Jackie.

Local Girls Are District Winners

Members of the Curry County Junior division judging team which placed first in district competition in Portales Friday were Misses Beverly Winkles of Texico and Veda Wilson of Pleasant Hill.

Both girls attend Texico school and are members of the Texico 4-H Club and the Pleasant Hill Club respectively. Other girls on the winning team

were Delores Williams and Mimi Haynes of Clovis.

The girls were chosen as county winners in April thus qualifying them for the district contest. They were judged on their ability to correctly place the best hemmed tea towel, biscuit, the proper table setting for breakfast and the best equipped sewing basket.

These girls were also the Gold

Medal winners in the contest winning over a field of teams from eight counties. Girls from Lea County also received blue ribbons.

Awards were presented by Mrs. J. M. Goolsby of Floyd, formerly of Texico.

These girls will not be eligible to enter this particular contest again but may enter other judging contests in the future.

Leaders of the Texico club are Mesdames Perry Winkles and Melvin Burns. Mrs. Edwin Fahsholtz is leader of the Pleasant Hill Club.

Shower Fetes Mrs. Glenn

Mrs. T. J. Glenn was surprised with a lullaby shower in the parlor of the Methodist Church Thursday evening. Hostesses were Mesdames Grady King, A. R. Sander, Wayne Johnson, Felix Flok, James Tuggle and John Zahn.

Mrs. Glenn was presented a corsage of baby socks designed to resemble rosebuds. Mrs. Sanders directed games.

The serving table was covered in white linen and was centered with a "baby tree," a miniature branch entwined with fruit blossoms and tiny doll babies nestled in nests of net with pastel backings. The base for the arrangement was blue satin and pink net.

Nuts and mints were served with individual cake squares and strawberry punch. Crystal appointments were used.

Attending the courtesy were Mesdames A. D. Smith, M. A.

Snider, Claude Rose, Percy Tip-ton, W. H. Graham Jr., John Aldridge and E. G. Williams and Wilma Liner and Miss Laura Ann Tuggle, Farwell;

Also Mesdames Janie Qualls, Anne Dourte, Susie Hatley and Larry Boyd of Clovis. Many sent gifts who could not attend the shower.

Lenora C. Tatum Receives Degree

Among the 156 persons who will receive degrees at the August 5, exercises at Western State College in Gunnison Colo. will be Lenora C. Tatum.

Mrs. Tatum who has been teaching in the Farwell School system for the past six years holds a BS degree and will receive an MA in secondary education.

Vocal Group Appears Here

The Sunny Glennaires, a vocal group consisting of 24 singers, will be presenting a program of religious songs at the Farwell Church of Christ, 5th St. and Ave. C, at 8:00 p. m., July 25, 1962. The singers are some of the

children from Sunny Glenn Home at San Benito, Texas. The Home cares for a hundred dependent children and is supported by free-will contributions from members and congregations of the Church of Christ.

The 24 boys and girls of the Sunny Glennaires are not professionals, but what they lack in polish is made up in spirit. This summer they have toured extensively singing in Texas, New Mexico, and Colorado.

The general public is invited and urged to attend this program.

Helton Team Wins Two

The first place Helton Oilers registered two victories over league opponents last week.

On Thursday, the Oilers dropped Bovina, 12 to 2, in a wild contest that saw two Bovina players ejected from the ball game. Si Koenigs got the win while Glendon Sudderth was the losing pitcher.

In Tuesday night's action, Helton blasted Gold Lantern 25 to 1. The Oilers let loose a barrage of hits including four home runs to score the victory. The big guns for the Oilers were N. D. Kelso who slammed two home runs, Raymond Hadley with one, and Gene Echols with one.

Pitching duties for the Oilers were handled by Ox Louis, Koenigs, and Hadley, Louis got credit for the win. The losing pitcher was Jesse Ramuas.

The next game for Helton is Thursday when they meet Gold Lantern again. This will be the last game before the district tournament which is Saturday in Clovis. The first and second place teams in district will go to the state tournament in Albuquerque. The tournament will be held August 2, 3, 4 and 5.

Little League--

the third when Webb blasted a triple to drive in Doug Autrey and Mahaney. The only other extra base hit came in the second inning when Rickey Stanley hit a triple. Cume was the losing pitcher while Kirkpatrick got the win.

In the second game Tuesday, the Red Tops lost to Farmer County Farm Supply, 15 to 12.

The Red Tops got five runs in the second inning when Greg Burns singled, Benny Lunsford got on base on an error and five other Red Tops walked.

The Red Tops rallied for seven runs in the sixth but couldn't get any more and the rally fell short making the final score 15 to 12 in favor of P.C.F.S.

Pitching duties for the Red Tops were handled by Taylor and McDaniel with Taylor being charged with the loss.

The next game for the Red Tops is next Monday when they meet Charles Oil Company. The Lions play Charles Oil this Thursday.

Grad's Plans--

of Mr. and Mrs. Johnny Chap-pell.

Kit Doran, son of Mr. and Mrs. J. Buck Doran, received a scholarship to the University of New Mexico at Albuquerque where he plans to major in biology. Kit was salutatorian of the senior class and was the reporter of the National Honor Society. He also took part in sports, was a candidate for "most handsome," and was secretary of the senior class.

Carmelita Doshier plans to attend Draughon's Business College in Lubbock this fall. While in high school, she was co-editor of the yearbook and was named "most beautiful" her senior year. Carmelita is the daughter of Mr. and Mrs. Frank Doshier.

Jeanette Duncan plans to be married to Charles Love of Friona. Jeanette won typing awards her junior and senior years and also played basketball during her high school days. She is the daughter of Mr. and Mrs. P. M. Duncan of Pleasant Hill.

Jean Hadley is married to Eddie Brian Smith and will live in Fort Worth this fall where her husband will attend TCU. Jean was named "most beautiful" her junior year and was co-editor of the yearbook. She is the daughter of Mr. and Mrs. John R. Hadley.

Bobby Hapke, son of Mr. and Mrs. Alfred Hapke of Texico, is working at "Red's 66" service in Texico this summer and is undecided as to what he will do next fall. Bobby played softball and was sports editor of the school paper while in high school.

Jean Hicks, daughter of Mr. and Mrs. Jess Hicks of Farwell, plans to attend Jessie Lee's Beauty College in Lubbock this fall. Jean took part in the junior play and was chosen as class favorite her junior year.

F. E. Heacock is working in Logan and he was not available to tell of his future plans. He was active in FFA in high school and was public relations chairman his senior year.

Mildred Hukill is married to Ellis Parson. While in high school she played basketball all four years and won typing awards her sophomore and junior years. Mildred is the daughter of Mr. and Mrs. Sam Hukill.

Leon Kelley, son of Mr. and Mrs. B. A. Kelley of Pleasant Hill, may attend college, but has not really decided. Leon was active in sports in high school and was treasurer of the FFA his senior year. He has been engaged in the wheat harvest this summer.

Betty Lockhart is attending summer school at ENMU and will attend Wayland College in Plainview this fall where she plans to major in history. She has been on the honor roll through elementary and high school, played basketball and was the representative to Girls State her junior year. Betty is the daughter of Mr. and Mrs. John Lockhart.

Vicki Lovett was unavailable for interview. She was active in the band while in high school and was the treasurer of the National Honor Society her senior year. She is the daughter of Mr. and Mrs. Roy Lovett. Carolyn Sue Martin is married to Travis Anderson. She played basketball in high school and won typing awards her junior year. Carolyn Sue is the daughter of Mr. and Mrs. Delbert Martin.

Beulah McDaniel is unde-

cidated as to her plans next fall. She played basketball four years while in high school and was a member of the press club her senior year. Beulah is the daughter of Mr. and Mrs. Clyde McDaniel.

Donna Kay Osborn plans to enter Eastern New Mexico University next fall where she will major in secretarial education. Donna was named most popular girl in the class her junior year and attended Girls State. She was a member of the Texico chapter of the National Honor Society and received a gold cord for scholastic achievement her senior year. Donna is the daughter of Mr. and Mrs. O. E. Osborn of Rose-dale.

Sandra Sue Pendergrass was unable to be contacted. While in high school, she was the reporter of the science club and was in the home economics club her junior year.

Beth Ellen Peyton plans to attend Eastern New Mexico University. While in high school, Beth was a drum major for two years and was a cheerleader for four years. She was a member of the National Honor Society and received a gold chord for scholastic achievement her senior year. Beth Ellen is the daughter of Mr. and Mrs. N.W. Peyton.

Barbara Raulle received a scholarship to attend Draughon's Business College this fall. She served as basket-

Hereford Harvest Festival Set For Week Of Activity

It's 'go' for the fourth annual Hereford Harvest Festival Sunday, July 22 through Saturday, July 28.

Events through the week include an air show, queen contest, carnival, farm and home show, three rodeo performances, parade, and climaxed with a public barbecue.

Getting the festival off to a flying start will be the air show Sunday at 3:00 p. m. at Hereford Municipal Airport, Frank Price, aerobatics expert, will be the featured attraction in his German Luftwaffe Buecker Jungmeister. Other attractions include plane rides, displays and a noon barbecue.

The Harvest Festival Queen will be crowned Monday night. Sponsored by the Hereford Jaycees, the queen contest will be held in the Hereford High

School auditorium at 7:30 p. m. The contestants will appear in bathing suits and formals. The winner will be crowned by Judy Bradley Douglas, last year's Harvest Festival Queen and Wheatheart of the Nation. The winner will reign over all Harvest Festival activities.

All during the week the traditional Lions Club carnival will be operating on the Deaf Smith County Bull Barn grounds from 7:00 p. m. to midnight.

The Chamber of Commerce agriculture and livestock department and the cotton gins of the county will join in hosting the cotton growers of the area at a special appreciation dinner Tuesday night. Each year the dinner salutes a different segment of the agricultural economy of Deaf Smith County. This event will take place in the

Jim Hill Hotel at 7:30 p. m. The county exhibition hall, known as the Bull Barn, will be the site of the Farm and Home Show. Exhibits of area agriculture and commerce will be featured Wednesday through Saturday evenings.

Adding to the excitement will be the amateur rodeo, Thursday, Friday, and Saturday, with each performance starting at 8:15 p. m. Events include calf roping, bareback and saddle-bronc riding, bull dogging, girls barrel race and others. The rodeo is sponsored by the Hereford Rider's Club and is produced by Ratjen Brothers. Following each evening's performance there will be a western dance at the Jim Hill Hotel.

Winding up the week's activities will be the Harvest Festival Parade at 4:00 p. m. Saturday. The Amarillo Air Force Band and the Marine Corp Color Guard will head the gala floats, colorful rider's clubs, and flashing bands.

Immediately following the parade the Hereford Rotary and Kiwanis Clubs will join in serving barbecue to the festival crowds.

THE HIGH PLAINS FARM AND HOME

Rural Residents Urged To Observe Farm Safety Week

A special week to alert rural residents to the hazards of farm life has been set by the President and the Governor, and an intensive campaign is being conducted in Texas to call public attention to this serious problem, according to Sherman Clark of Houston, president of the Texas Farm and Ranch Safety Council.

The week of July 22-28 has been designated "National Farm Safety Week" by President Kennedy and "Texas Farm Safety Week" by Governor Daniel. Many county judges over the state will issue proclamations calling for countrywide observance of the week. Theme of this year's observance is

"Family Safety--At Work and Play." Clark said the observance is coordinated on the national level by the National Safety Council and the U. S. Department of Agriculture and on the state level by the Texas Farm and Ranch Safety Council, the Texas Farm Bureau, and the Extension Service.

Kennedy, in his proclamation, calls for all persons and organizations allied with agriculture to "join together in a strong effort to reduce the number of farm, home and highway accidents."

In proclaiming the state observance, Daniel said, "Texas cannot afford the loss in

human life, the misery of human injury, nor the economic costs resulting from farm accidents and others involving farm families."

Daniel noted that traffic crashes involving Texas farm families in 1961 resulted in more than 170 deaths, more than 600 injuries and more than 1,600 non-injury mishaps. He urged all Texas farm families to "acquaint themselves with the hazards of their specialized occupation and encourage all interested Texans and Texas organizations to take an active part in this campaign for greater farm safety."

Each day of the special week will have a different theme emphasized, Clark said. Beginning Sunday, July 22, they are: Reverence for Life; Safety Begins at Home; Agricultural Chemicals; Prevent Falls; Highway Safety; Farm Machinery, and Recreation Safety.

Clark pointed out that in one year, accidents of all types kill about 11,300 rural residents and injure about a million. Nearly half of the deaths are caused by traffic mishaps.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Our Office Secretary, Nell Davis will be in Corpus Christi next week, attending the Texas Farm Bureau Institute. We are hoping there will be two or three of the directors go, too. Harry Hamilton, president, is planning to go if he can. This an annual affair, and the programs get better, and attendance gets larger each year.

Some of the instructors are men of national fame in their lines, such as agricultural economics Dr. Harry M. Love Department of Agricultural Economics, Virginia Polytechnic Institute, Blackburg, Virginia will be the instructor. Basic Farm Bureau Philosophy, Recognizing and Understanding Agricultural Problems and Safety, Citizenship and Young People's Programs are some of the other subjects.

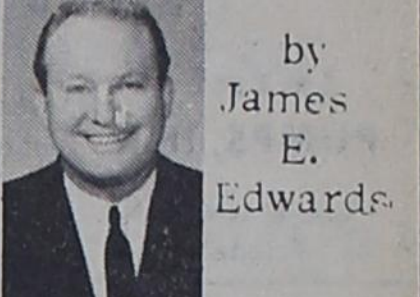

If you can go, let us know right away, \$50 to help defray expenses will be furnished for as many as three besides Mrs. Davis. (It runs Tuesday through Friday)

An added attraction, and one that makes the trip almost worth the trouble in itself, is a tour of the fabulous King Ranch and a barbecue, courtesy of King Ranch and Kleberg County Farm Bureau.

In browsing through minutes of past years, we noticed that your local Farm Bureau was resolving against socialized medicine as early as 1948-49. Beginning in 1952, local directors and officers worked closely with the West Texas Gas Co. in the effort to get

SCOOPING UP loads of what was formerly rich farm land, crews from the Highway Department dug out tons of rich soil from a highway barrow ditch last week. Some farmers were to use the soil for their lawns -- sort of expensive lawn dirt.

'Incentive Payments' Made To County Wool Producers

The United States Department of Agriculture has announced that shorn wool payments for 1961 marketing year--to bring the average wool price of 42.9 cents per pound up to the previously announced incentive level of 62 cents per pound under the National Wool Act -- amounted to 44.5 per cent of the dollar returns each producer received from the sale of shorn wool during the year.

The Act directs the Secretary of Agriculture to support wool prices however necessary to encourage the production of 300 million pounds of wool per year. Prentice Mills, office manager of the Parmer County ASC, said that all of the incentive payments had been made in Parmer County, a total of \$5,019,78. There were some 53 applications in the county.

Mills explained that money used for the payments come from export taxes derived from sales to foreign markets, rather than from taxpayers. The amount paid as incentive payments cannot exceed 70 per cent of the export taxes on any given year.

Incentive payments are also made on unshorn lambs. The 1961 average price was 76 cents per hundred.

The 44.5 per cent incentive payments made to 1961 producers compares to 47.6 per cent paid in 1960.

Bagworms Can Cause Serious Damage To Certain Trees

Bagworms are now occurring in rather large numbers on trees and other plants in many parts of the state. This insect is a general feeder and can cause serious damage to certain

trees, especially evergreens, points out C. F. Garner, extension entomologist. At this time, the worms are small and can be successfully controlled by proper spraying

or dusting of the plants with insecticides. It is important to apply chemicals early enough to control the worms before they become too large and cause serious damage, adds Garner. He suggests a check of all plants around the home, especially evergreens for the spindle-shaped sacks which may be hanging from the twigs, leaves and branches.

The following insecticides are recommended for bagworm control. Malathion (50 per cent emulsifiable concentrate one to one-half ounces per five gallons water), Toxaphene (60 per cent emulsifiable concentrate, two one-half ounces per five gallons water), or lead arsenate (two one-half to three ounces per five gallons water).

In addition to these materials there are several brands of combination sprays (two or more insecticides combined together) on the market which will give good control of bagworms as well as other pests. One of the common combination sprays contains malathion plus DDT. Combination sprays and other insecticides can be purchased from any store or business establishment which handles household or agricultural chemicals, says the entomologist.

Sprays are preferred over dusts and the label instructions should be followed for mixing and using insecticides, cautions Garner. Several different types of hand sprayers are available which can be used for applying the sprays.

Insecticides are poisons and should be handled with caution.

Research Projects Grow At High Plains Foundation

Cotton Research Projects which numbered five in 1957 now number 30 at the High Plains Research Foundation. This increase has taken place through the desire of the Board of Trustees and the Staff to give as many practical answers to cotton problems as soon as private enterprise action could possibly achieve solutions. Suggestions and requests for some of the projects came to the Board of Trustees from staff members, farmers, Plains cotton growers offices and professional agricultural personnel, Dr. Earl H. Collister said in a recent interview.

The 30 research projects are arranged in five major groups. The soil fertility studies on cotton include seven projects; (1) fertilizer rates and ratios (continuous since 1957); (2) time of nitrogen application; (3) nitrogen and phosphate carryover (started in 1961); (4) sources of phosphate; (5) phosphate placement; (6) magnesium and trace elements; and (7) time of phosphate application.

The cotton variety testing program at Halfway, including; (1) standard commercial varieties; (2) field scale variety tests; and (3) regional cotton

variety tests. Irrigation and water management on cotton include studies on; (1) irrigation methods; (2) soil and water management; and (3) crop rotation. The weed control of cotton has five separate tests and they are; (1) chemical versus flame weed control; (2) flaming height test; (3) flaming versus conventional method of cultivation; (4) burner position comparison; and (5) flaming speed tests.

Cultural methods research on cotton include; (1) skip-row planting systems; (2) plastic mulch; (3) pelleted cottonseed; (4) cotton topping; (5) row spacing; (6) in-furrow fungicide test; and (7) crop climate tests.

The twenty acre devoted to cotton research at Halfway in 1957 has been increased to 121 acres in 1962. The new 20-saw laboratory gin, new research laboratory, and new cotton research equipment will permit increased research efficiency and early completion of each year's research reports. Dr. Collister stated that the expansion of the cotton research program is an example of the Foundation's desire to meet the needs of the High Plains area.

According To The Texas Farm And Ranch Safety Council, Motor Vehicle Accidents Account For Almost Half Of The Farm Fatalities.

Announce High Plains Staff Appointment

Barry Love joined the Staff at the High Plains Research Foundation on July 1 as Assistant Agronomist, a new position created by the Board of Trustees this year. Love received his Associate of Science Degree at Murray State Agricultural College, Tishomingo, Oklahoma, in June 1958, he was the top honor student in his class. His degree was in animal nutrition. He re-

ceived his Bachelor of Science Degree in Agriculture, at Oklahoma State University, Stillwater, Oklahoma, in August 1960. His work at Oklahoma State included Animal Husbandry, Agronomy, Chemistry and Biological Sciences. Mr. Love was awarded a Master of Science Degree at the University of Illinois in Animal Science in June of 1962.

Farm Bureau--

natural gas for irrigation for more farmers. A meeting held in the Bovina Gym on December 8, 1952 was attended by several hundred county farmers present while gas company representatives answered questions regarding the possibility of serving them. The enabling act, allowing more than one farmer per main line tap, was passed in the Texas Legislative Session of 1954.

Texas Farm Bureau, with Parmer County Farm Bureau as primary spearhead was largely responsible for this action. Bruce Parr and the late Hadley Reeve spent a great deal of time representing Parmer County Farm Bureau in this successful endeavor.

We noted with interest that back in 1953, C. I. Wall, President of West Texas Natural Gas Co. of Lubbock (Now Pioneer of Amarillo) was seeking help from Farm Bureau and others in preventing the placing of certain gas prices under the jurisdiction of the Railroad Commission. He said it might increase cost of service to many patrons.

Parmer's Accident Count Through June Up Over 1961

The Highway Patrol investigated 11 rural accidents in Parmer County during the month of June according to Sergeant W. E. Wells, Patrol Supervisor of this area.

These wrecks accounted for twelve persons injured and an estimated property damage of \$7,335.00.

The rural traffic accident summary for Parmer County from January through June of 1962 shows a total of 52 crashes. As a result of these crashes there were three persons killed and 33 persons injured. The estimated property damage amounted to \$33,275.00.

This compares with the first six months of 1961's total of 43 rural crashes killing one person, injuring 19 persons and causing an estimated property damage of \$23,410.00.

In a statewide comparison the total number of traffic fatalities are practically the same as they were this time last year.

The current SLOW DOWN AND LIVE summer campaign has played an important role during the last several years in acquainting motorists, especially vacationists, with the danger of speed and the ever-present hazards of the highways during the crowded summer months. Many vacationists from other states will be in Texas for the first time this summer. Some of them will be unfamiliar with the roads and road signs.

Many of them have smattering of knowledge of traffic laws of their own state, and little or no information about those of other states where they will travel. Commercial drivers and motorists who travel the highways day after day have little difficulty in distinguishing the stranger, even before seeing his license tag.

Unless motorists show courtesy and consideration to the vacationing driver and try

to help him, they may discover that their own speed will cause an accident involving the tourist who may suddenly slow down to make an unexpected turn or to get his bearings.

Those who live and drive in Texas must remember that we would be just as bewildered in another state as this motorist is in our own state. It is under such circumstances that we must do some thinking for him, we must drive defensively.

The Sergeant stated the out-of-state traveler, however, is not so much a threat to our safety as the native selfish motorist who drives dangerously and discourteously with no regard for traffic laws, signs or signals.

Throughout prior years accident statistics prove that more accidents occur in the last six months of the year than in the first six months. With this thought in mind the veteran patrol supervisor cautioned all motorists to exercise due care while traveling on the streets and highways. "Drive unto others as you would have them drive unto you," he said. The Sergeant stated that this GOLDEN RULE is a CHALLENGE for the motorists of Texas to reverse the trend shown in prior years for the last six months of the year.

Wells Elected To Angus Club

H. C. Wells, Friona, has been elected to membership in the American Angus Association at St. Joseph, Missouri, announces Frank Richards, secretary.

Mr. Wells was one of the 39 breeders of purebred Aberdeen-Angus in Texas elected to membership during the past month.

PORT HURON, MICH., TIMES HERALD: "One of the problems with the income tax laws today is that no two experts can agree on how the various provisions and rulings and interpretations should be applied to a given set of facts. . . . Even more dangerous is the fact that what was a legal deduction for the taxpayer when he filed his 1960 return a year ago may not be a legal deduction when he files for 1961, thanks to a new 'interpretation.' This amounts to 'ex post facto' legislation—laws passed that make an action illegal AFTER it has taken place. Such ex post facto laws are expressly prohibited by the Constitution."

Bollworm Insecticides Proven Adequate Control

Is the cotton bollworm becoming tougher and more resistant to insecticides in Texas? Because some farmers had trouble controlling bollworms last year, it seems they might be developing a tolerance to commonly used chemicals.

But, according to test results contained in Progress Report 2236 of the Texas Agricultural Experiment Station, bollworms show no resistance to the insecticides used for their control.

Bollworm larva for the tests were collected over the state and reared on cotton leaves and an artificial diet. They were then treated with various insecticides at different dosages and the rate of kill recorded.

The insecticides used were DDT, endrin, Sevin, toxaphene-DDT (2 to 1 ratio), and Strobane-DDT (2 to 1 ratio).

The bollworms collected in El Paso, College Station, Eagle Pass, and Laredo showed a good rate of kill from the treatments. However, there was some evidence of tolerance to

DDT in bollworms from LaGrange and Rosebud, and Eagle Pass during August. But these data do not show a real resistance of the bollworm to DDT, according to the report.

During the study, it was found that the population of tobacco budworms was unusually high and therefore data were kept on both insects as both attack cotton in a similar manner. Comparative toxicity tests with the bollworm and the tobacco budworm showed the bollworm to be more susceptible to DDT. This agreed with previous findings that tobacco budworms are harder to kill than cotton bollworms.

The study indicates that bollworms may be controlled with the usually recommended insecticides but if tobacco budworms are present DDT alone will not provide sufficient control.

For more information on the study write the Agricultural Information Office, College Station, and request a copy of Progress Report 2236.

...my electric home freezer frees me!

"It seems I have so much more time since we got our electric home freezer—but then it isn't that I really have more time—it's just that I can make better use of my time. For example, when I'm baking pies I bake extra ones and then put them in the freezer. That way I don't get myself tied down baking a pie for guests—I just take one out of the freezer. Yes, my electric freezer frees me!"

SOUTHWESTERN PUBLIC SERVICE COMPANY

HD Agent's Notes

BY MISS ETTIE MUSIL

This past week was a full week for eight 4-H club girls who were in the office sewing in the clothing workshop. It's amazing how much determination these girls had in coming day after day all week to sew their dresses from 9:00 a.m. until 4:00 or 5:00 p.m.

They brought their sack lunches so that they could enjoy companionship during the hour they had off during the noon hour. They were so determined to complete their dresses, they did not even take off for a break in the morning nor the afternoon.

Attending this workshop were Viane and Reba Lesly, Mary Coffey, Judy Koelzer, Katie Blackstone, Jill Mimms, Marsha Schumann, and Terri Sue Mabry. I don't know what I would have done without the great help of Miss Celia Patton, our junior assistant who is in training.

You can ask any of these girls if they learned the importance of taking careful planning time to think over the steps of sewing before stitching. I'm sure they know now the importance of carefully following directions on the pattern guide.

They learned to sew seams the full five-eighths of an inch as the pattern directed. If a true five-eighths seam was not sewn, zippers did not fit, sleeves pulled, skirts drooped, collars sagged, or collars did not fit. They also learned the importance of cutting out notches as the patterns indicated for good fit of collars and sleeves.

Many more clothing workshops are being conducted in the county. I hear from Mrs. C. W. Tannahill of Friona that Karene Milner and Pat and Sherri Tannahill were completing their simple blouses and pleated skirts last week.

Mrs. Webb Gober had several workshops with Janis Billingsley and Kathryn Gober. They, too, are sewing pleated skirts and blouses. Also, had a call from Mrs. Raymond Schueler in the Rhea 4-H Club with her workshop of simple blouses. Judy Billingsley is teaching a workshop of elastic band simple

skirts for the beginners.

Now, we wish to invite all of you to attend our County 4-H Dress Revue to be held next Tuesday, July 24 at 8:30 p.m. in the Hub Community Center. You'll see the girls modeling simple skirts, simple blouses, simple dresses, and advanced dresses. The girls plan to serve cookies they have baked and punch.

Later, we shall have a complete list of names of girls in the clothing workshops throughout the county with their trained leaders.

WITH THE COUNTY AGENT

DERYL COKER

July 22-28 is National Farm Safety Week and the theme for this year is "Family Safety At Work and Play".

This theme should be a year-round goal for all of us in Farmer County. Consider the sobering fact that agriculture is the most hazardous industry in the nation in so far as total number of deaths of workers are concerned. Farm people suffer 11,300 fatal accidents each year. Of this total, approximately 3300 deaths occur as occupational or work accidents. At the present time the death rate of farm workers stands at 58 deaths per year per 100,000 workers. This is the highest occupational death rate in the nation.

Sixty five per cent of all fatal traffic accidents occur within 25 miles of home, maybe this is because we become familiar with our surroundings, perhaps too familiar.

In driving the same automobile or tractor over the same roads countless times we tend to become overly confident of our ability to handle any situation. We let down protective defenses, become less alert, and begin to take chances.

Let's use the opportunity of National Farm Safety Week to take a critical look at the way we do things. The extra margin of care will pay off. I am listing some safety tips that we should abide by:

1. Pull off the side of the road and allow cars to pass if traf-

fic piles up behind a slow-moving vehicle. It takes a few minutes longer but it could avert an accident.

2. Clear shrubbery and tall crops from driveways, field entrances and blind intersections to permit easy visibility in all directions.

3. Install and use seat belts in cars and trucks. They won't prevent accidents but they will save lives.

4. Wear simple close-fitting work clothes, when working around machinery.

5. Always turn off machinery before adjusting, unclogging or servicing.

6. Always keep shields and guards in place when operating.

7. Refuel machinery only when the motor is off and has cooled.

8. Take a short break every few hours to forestall fatigue.

Last week I was in several cotton fields checking on the insect situation, and I don't recall seeing so many beneficial insects. On an average I would say that the beneficial insects outnumber the harmful insects 4 to 1. A lot of flower bugs assassin bugs and lady bugs are present. As long as we have this kind of situation we will be in good shape.

We should continue to check for a build-up of fleahoppers and bollworms because field insect conditions can change from week to week.

County Dress Revue Is Tuesday At Hub

The public is invited to attend the annual County 4-H Dress Revue, Tuesday July 24 at 8:30 p. m. in the Hub Community Center. Announcement of winners and ribbons will be awarded to each of the girls completing garments made in the clothing workshops this month.

First year girls will model elastic band skirts made of cotton. Second year girls will model simple blouses they made according to member and leader guides. Simple dresses will be modeled by girls who have

had three years of sewing experience. These girls are in the junior division.

Girls who are 14 years of age and have been in 4-H club work three years are eligible for the senior division. They have made advanced dresses. These dresses include set-in sleeves, collars, belts, buttonholes and buttons.

Girls will have their garments judged at 9 a. m. in the Hub Community Center July 24 along with their clothing 4-H record books. Record books will have a value of 25 points.
