Registration Deadline Nears On Beeferendum

"So far we have had 12 persons come in and register to vote and 65 persons who have called us asking that we send them a form so that they can register through the mail to be eligible to vote on the beeferendum," Prentice Mills, county executive director for the Parmer County Agricultural Stabilization and Conservation Service (ASCS), said

"The deadline for registering to vote is February 6, with Gas and maintenance for chain voting taking place between February 19-22 either by absentee ballot or by coming directly to the nearest county ASCS office," Mills said.

> "I encourage anyone who is a beef producer to make up his mind one way or another on the beeferendum and then come out and vote," Mills said. In essence, the beeferendum proposes a nationwide Beef Research and Information program. The purpose of which would be to promote a uniform collection plan for beef re-

search, consumer information,

promotion and foreign market development. If a majority of cattlemen vote yes for the beeferendum this program will

be established. Husbands and wives can both register to vote at their nearest ASCS office. The one in Farwell is located at 114 Ninth

The order issued by the U.S. Department of Agriculture authorizing the program provides for a beef board of up to 68 producers to administer the program. There would be as many as five non-voting consumer advisors to the board.

Each state or geographic area would be represented on the board in proportion to its share of the U.S. cattle

The program would operate as follows: It would be funded by assessments based on the value of cattle sold. During the first two years of the program, assessments could be up to two-tenths of one percent of the value of cattle sold (20 cents

Consequently all sellers in the marketing chain would be assessed. The buyer at the point of slaughter would deduct the total assessment and forward it to the board. Any producer could request and receive a refund of the assessment paid.

Ray Fitzgerald, administrator of the department's ASCS, said his agency will conduct the referendum. The department's Agricultural Marketing Service would monitor the

Rules for registering and voting in referendums have changed. The department determined that 10 days (eight working days) would be sufficient enough for all producers to register and that the four-day voting period would result in a more efficient voting procedure and reduce administrative costs, Fitzgerald said.

A similar order, issued in 1977, although favored by 56.4 percent of voting producers, did not receive the required two-thirds approval. Since then the Beef Research and Information Act has been amended by Congress so that a majority of producers will be sufficient for approval of the order.

Following the change in legislation, beef industry organizations proposed a new order. A public hearing has been held in five locations. Based on the hearing testimony, the department issued a recommended decision and order in September.

Comments were accepted for 45 days and were considered in developing the order announced recently for the upcoming referendum.

Producers may register and vote by mail if information and ballots are requested in advance from their local ASCS office.

The order and notice of the referendum is scheduled for publication in the Federal Register December 14.

Farwell Jr. Livestock Show Next Thursday

by Alan Blanchard News Editor

The annual Farwell Junior Livestock Show has been slated for Thursday, Feb. 7, beginning at 6 p.m. (CST). The show will be held in the Preston Martin fertilizer barn, located north of Franse Irrigation on N. Ninth Street.

Exhibiting animals will be members of Farwell Future Farmers of America and the Farwell 4-H Club. The animals will be weighed in beginning at approximately 8:30 a.m. on the day of the show. They will be entered in three categories: swine, steer and lamb.

"There are two new attractions at the show this year. They are a gilt show and a pee wee division for children under nine years of age," Seth Ralston, Parmer County extension agent, said.

"Any youth under nine years of age will be able to participate in the show this year by borrowing an animal and showing it. Anyone interested in horrowing an animal can contact me and I'll see what can be done about getting them one," the county agent said.

"Judge for this year's livestock show will be Roy Neal

Silent Engine

This usually non-quiet irrigation engine remained silent on Monday when it and everything else was coated with the cold of winter. Soon, however, the warmth of spring will bring the land and engine both back to life. Paul Skaggs, like many area farmers, will then crank his engine to quench the thirst of his land. The constant humming sound of the irrigation engine will once again remind the passerby that old

man winter has retired. Heavy ice on wiring through the area caused temporary outage of electrical service in the Oklahoma Lane, Farwell and Texico areas on Monday and Tuesday nights. All service had reportedly been restored by Wednesday morning.

"I think that Russia is using the games for propaganda purposes and I don't feel that our boycotting the Olympics in and of itself will have much effect on Moscow, but together or not," Mrs. Ina Derrick of with some other factors it Farwell said.

"We might try to supply the guerillas over in Afghanistan with some aid, but as far as intervening with our military, I believe that it's too late for that. That country (Afghanistan) has been swallowed up already. I don't think that we should continue to have our personnel, such as our ambassadors, in Russia," Roberts added.

"I don't think that we should boycott the Olympics, but I do feel that something needs to be done," Paul Skaggs of Texico said. "I've been over there (fought in the war) before and I would hate to see our boys in another war. But on the other hand, maybe we should build up our military strength. If we were stronger Some experts believe that a militarily perhaps then countries like Russia would think twice before invading another country," Skaggs added.

"Yes, I think that we should boycott the games in Moscow. There is no use in mixing athletics up with politics,' Abert E. Anderson of Texico

"I don't think our boycott will make much difference as far as Russia's involvement in Afghanistan. There's no way in the world that this is going to hinder the Russians from carrying out their plans. I don't feel that Russia should be allowed to do whatever it wants in Afghanistan. The U.S. and other countries, as well need to gather together and throw Russia out of that country," he added.

"I don't believe that the U.S. should boycott the Olympics because it wouldn't do any good as far as influencing the Russians," commented Clyde Bailey of Texico. "I don't think that they have any business over there in Afghanistan and we should send our troops over there," added Bailey.

"The U.S. should boycott the games, but I don't think it will make Russia leave Afghani-

stan. I don't think Russia given it much thought and so dicates that she will keep should be allowed to do as she pleases in that country, but I don't know enough about the situation to say whether we should send our military over

"I don't know whether we should boycott the Olympics," said Mrs. Reta Dollar of Farwell. "Russia knows what she wants to do and a boycott by us is not going to stop them. I don't think that Russia should be allowed to stay in Afghanistan. I'm in favor of sending our military over there as long as we mean business and it doesn't turn out to be another Vietnam," concluded Mrs. Dol-

don't know whether we should send our army over to Afghanistan or not," she

"They are talking about the draft and since I have children I'm not very encouraged by the prospect of another war." Mrs. Gilliam said.

"The U.S. should boycott the games in Moscow," said Mrs. Conchita May of Farwell. "This wouldn't affect the Russians at all. I think the Russians are very proud of their athletic abilities and although a boycott won't make them leave Afghanistan it will, I think, leave a black spot on their shining armor," Mrs. May said.

"I feel like they (Russia) shouldn't be allowed to remain in Afghanistan, but if we go over there with our military I'm afraid it could lead to World War III. I think the solution will require compromise and diplomacy on both sides," she added.

"However, if Russia in-

Mary Ann Resch, new administrator of Farwell Conworking in that capacity since December 1979. She previously was assistant administrator of the Center.

Mrs. Resch, her husband, Harlan, and two of her three children live in Clovis, where her husband is administrator in a Clovis nursing home.

The Resches moved to this area from Lockney, Tx., where she worked in a nursing home as an activity director, assistant administrator and administrator. Previously she had been a licensed beauty opera-

Mary Ann says that she runs the Center with the rule of "tender, loving care" for each and every patient.

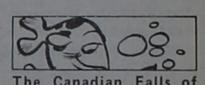

Among improvements that she would like to see made in the Center is the ready availability of a doctor for the

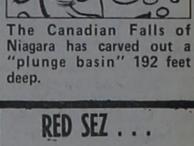

"I appreciate the cooperation we get from the doctors from the surrounding area, but I feel like our residents and the local people need a hometown doctor," stated Mary Ann.

Complete management of such an establishment entails lots of paper work and compliance with state and federal regulations. A constant schedule of workshops to keep up on the latest methods of nursing home care is another of the duties that Mary Ann must perform. In order to keep her administrator's license she must have at least 40 hours in a two-year licensing period.

"I enjoy my work and try to keep the ideals of individual care and attention alive in the Center," stated Mary Ann.

Mary Ann will participate in the Rock and Roll Jamboree at valescent Center, has been the Center on February 14. "Being a part of every one of the functions at the Center is my way of showing that I really care," says Mary Ann.

BELIEVERS JUSTIFIED Our Lord's appearance to Saul THROUGH THIS MAN IS of Tarsus (later called Paul) on the road to Damascus, changed this pitiless persecutor in a moment into the docile, yes, the devoted follower of the Christ he had so bitterly hated.

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY

CHICAGO, ILLINOIS 60635

This transformation took place not only because he had now seen the risen, ascended Christ; it was caused also by what he had learned from Christ. From heaven the Lord had revealed to Paul the glory of His finished work of redemption and had sent him orth to proclaim "the gospel:of ne grace of God" (Acts 20:24).

This is seen in the closing words of the apostle's first recorded sermon, delivered at the synagogue at Antioch in Pisidia. After mentioning the death and resurrection of Christ, the apostle

"Be it known therefore unto you, men and brethren, that PREACHED UNTO YOU THE FORGIVENESS OF SINS:

"AND BY HIM ALL THAT BELIEVE ARE JUSTIFIED FROM ALL THINGS, FROM WHICH YE COULD NOT BE JUSTIFIED BY THE LAW OF MOSES" (Acts 13:38,39)

Paul never changed this message, but kept emphasizing it wherever he went as well as in all his writings. He saw in this revelation of truth the answer to man's condemnation for breaking God's holy law. Thus he wrote to the Romans:

"...By the law is the knowledge

"But now the righteousness of God without the law is manifested."

"We declare...Christ's righteousness; that God might be just and the Justifier of him which believeth in Jesus" (Romans

3:20,21,26).

A strong cattle industry makes a strong grain market. A YES vote on the Beeferendum will help make a strong cattle market. A YES vote will provide funds to counteract the negative propaganda against eating beef. If you believe as we do, that beef doesn't cause cancer, heart diseases, spoil the environment and isn't a consumer "rip-off," then we ask for your support in a self-help program for the cattle industry.

The demand for beef is declining. The percent of net disposable income spent on beef in the last quarter of 1979 was only 2.4% compared with the historical average of 2.5% to 2.7% --- and is predicted to go lower in 1980. Reasons: (1) Inflation and (2) Anti-Beef Campaigns.

The following feedlots in Parmer County support the Beeferendum 100%:

BOVINA FEEDERS, INC.

CATTLE TOWN, INC.

FAR TEX FEEDERS, INC.

FRIONA FEEDYARD

HI PLAINS FEEDYARD, INC.

PACO FEEDYARD

PARMER COUNTY CATTLE COMPANY, INC.

The one time feeding capacity in Parmer County is 263,000 head. If these seven feedlots turn these cattle 21/4 times per year at 100% of capacity that would be 591,750 head of cattle fattened and marketed each year. Each animal consumes approximately 17 lbs of grain per head per day.

263,000 head X 17 lbs = 4,471,000 lbs of grain per day 365 days X 4,471,000 lbs = 1,631,915,000 lbs of grain per year 1,631,915,000 pounds = 815,937 tons per year

The Russians are taking 8,000,000 tons, if the dock workers will load the other 3,500,000 tons.

Feedlots in Parmer County would use well over 3/4's of a million tons of grain per year if they operated at full capacity all year.

In addition to grain, consider the other economic benefits of the cattle industry in Parmer County:

- 1. Hay and straw
- 2. Beet pulp
- 3. Beet Molasses
- 4. Cotton seed hulls
- 5. Cotton Burrs
- 6. Cotton seed meal
- 7. Silage
- 8. Corn steepwater
- 9. Grazing corn & milo stubble
- 10. Grazing wheat pasture
- 11. Grazing beet tops

We support it because we believe in it.

We know that cattlemen and not the government will control it.

We know that cattlemen will decide where to spend the money.

We know that consumers do not have a vote, they will serve in an advisory capacity only.

We **know** that cattlemen will recommend cattlemen to sit on the board and that they have to be chosen from those people that we recommend.

We know that anyone opposed to the program can get a refund within 60 days.

WHO CAN REGISTER AND VOTE?

Any bonafide cattleman, regardless of age or number of cattle owned, may register to vote. A bonafide cattleman is one who has owned cattle during a representative 12-month period -- January 1, 1979 through December 31, 1979.

Each business entity is entitled to one vote. A business entity may be a family, joint tenants, a partnership, owners of community property, a corporation, or an individual. Either the husband or wife may register and vote for a family business entity.

However, any member of a group may register and vote separately, if he is an eligible producer separate from the group. This includes children if they owned cattle individually.

We Urge You To Register & Vote Yes -- Your Vote Will Count!

Girl Scout Cookie Sales Begin Today

Cookies Anyone?

Texico and Farwell Brownies and Girl Scouts are ready for their annual cookie sale which begins today [Friday] and

continues through February 17. Displaying boxes of the cookies are, left, Pam Whitson, daugh-ter of Betty Whitson, and Dana

Ralston, daughter of Mr. and Mrs. Seth Ralston. Mrs. Ral-ston is the local cookie chairman this year.

An annual American tradition - Girl Scout Cookie Sales - will begin in Caprock Girl Scout Council today (Friday), and Texico-Farwell Brownies and Girl Scouts will join in the two-week campaign which is to conclude February 17.

Brownies and Girls Scouts of Troops 385, 159 and 143 will be selling cookies door to door for \$1.50 a box. This year, chocolate and vanilla creme, chocolate chip, country oats, mint, scot-tea, savannah and cheddarette varieties will be available.

Anita Ralston is the local Girl Scout cookie chairman this year.

Prizes will be awarded to the Brownies and Junior Scouts who sell the cookies. For selling 24 boxes, a certificate will be awarded; 36 boxes, a poster; 72 boxes, a t-shirt; 120 boxes, a one-week campership, and 180 boxes, a two-week campership.

Every penny earned from the proceeds of the cookie sale will remain in the council to benefit the girls, Funds support troop activities, help local girls participate in national and international Girl Scout events, purchase equipment and camperships.
