

FROM THE
HOPPER

BY HOP JR.

It will probably take a few more years for me to screw up enough courage to tell my boys all about the birds and the bees, but I am ready to fill them in on this cicada business.

What's more, I have come to the conclusion that if I don't tell them about the cicadas pretty quick some sharp girl is going to be showing them up, because it looks like most of the gals around already have their BC (bachelor of cicada) degrees.

After I allowed, in a column a couple of weeks ago, that I'd never met a locust or cicada face-to-face, the phone began to ring and the door began to bang as information and specimens poured in. Curiously enough the ladies dominated the cicada parade. Seems like it's old stuff to them.

I tried to get a picture of the little critters to go with these few paragraphs, but it was a hard job for a guy with a Polaroid. Anyhow, the ruler with the specimens shown ought to give you a good idea of the subject matter.

The thing that continues to confound me is how insects of this size, and in the numbers that they appear in, could completely escape my notice for all these years. So help me, this is the first time I've ever seen such things.

Ladies who have brought some of these locusts by are Joyce Ford, Mae Means, Mrs. John Bolling, Mrs. Karl Gast, Mabel Tharp and Frances Collier. I understand that catching the exhibits called for no small amount of enterprise in some cases, so I am doubly appreciative. I have climbed a few limbs trying to catch a

locust too, so I sympathize.

For some reason the cicadas have moved out in force in Clovis. I understand from one or two persons I've talked with that they are showing up in swarms in some areas over there.

It was interesting to me to find out that the cicada has a very short life span, sometimes measured only in a few days, and that its offspring sometimes lie dormant in the soil for years before coming out.

Interestingly enough, we had a blessed event right here in the office in the case of one of the mama cicadas. At least I guess all those chillun belonged to her. She up and died one night in the glass jar she was given to me in, and the next morning there was the next generation -- out in big numbers.

The Grahams were a pretty conservative breed in the generations before me, but the wife comes from a family that believes there is strength in numbers.

Every year the Dudleys get together to call the roll on new offspring and calculate how much the tribe has increased. I usually steer clear of this gathering because there is danger of being trampled to death, but this year I got orders from the squad leader at our house that there would be no laying out this time.

This year the Dudley convention, which reminds me of a national political convention and has to be held in some public building, was in the Galveston County Park.

I'll have to admit that in spite of my apprehension about taking in this event it didn't turn out half bad. Frankly, I dreaded the weather a lot more than I feared my in-laws, although I have a lot of respect for both. Amazingly enough the weather was entirely reasonable (for that country this time of the year) and the free food and good humor furnished by the family made the excursion downright enjoyable. I have even grudgingly admitted this to my wife.

I have been in the Houston-Galveston area in the summer-time before and I've learned to hate that oppressive humidity. For some reason it wasn't too bad this last trip, and we took in one afternoon at the beach when the weather and water were perfect. The water was 83 degrees.

FIFTY-SECOND YEAR

10 CENTS

With the opening of the 1963 term for Texico Schools only days away, school officials were busy this week completing plans for the big day. School begins Monday. In conference Wednesday were A. D. McDonald, superintendent; James Pierce, secondary principal, and Mrs. B. D. Younger, elementary principal.

Texico School Starts Monday

A. D. McDonald, superintendent of Texico schools, announces that all is ready for the opening of school, Monday, August 26, 9 a.m., when all students will register.

All students who plan to drive a car to school must have a permit and liability insurance. The permit can be obtained from the administration office of Texico High School.

As has been the case for several years each student will be required to pay a fee for supplemental materials of \$2. Also available for all students is the insurance policy as it has been in the past, \$3 for the 9 month at-school plan, and \$10 for the 12 month 24 hour plan.

Mr. and Mrs. Windsor Lacey will be the final two teachers to be hired by the Board

of Education in a meeting held August 15. The Laceywells come from Portales, where he was employed last year in that school system and Mrs. Lacey will teach English in the high school.

The Laceywells have five children who are planning to enroll in the Texico system. The family will move to Texico soon.

The Board of Education hired Mrs. Hukill to fill the vacancy left by the resignation of Mrs. Frank Doshier as a cook in the lunch room. The Board also hired Mrs. H. P. Winkles as a substitute cook for the next school year.

Also, at the board meeting, the resignation of Elward Combs as vice-president of the Board of Education was accepted, effective August 15, 1963.

New teachers this year at the Texico schools will be Mr. and Mrs. Lacey, Mrs. Hazel Stewart, Mrs. Mary Mullins, Mrs. Glenna Cooper, Mrs. Mattie Mae Looper, Eddie West, and Billy Bratten.

Superintendent McDonald adds "The faculty is ready to serve as professional people in every way possible. The people of this community should feel free to visit the school at any time. The success of this school year, or any school year, will depend upon the cooperation of all people in the community."

Farwell Completes Faculty; School To Begin September 3

Farwell teachers are busy this week with last minute preparations for the opening of school which is only a few days away.

Registration for students will begin Thursday, August 29, 8:30 a.m. for seniors, with registration for juniors set for 9:30 a.m., and sophomores at 1 p.m., followed by freshman at 2:30 p.m. Seventh and eighth grade students will meet in the junior high building at 8:30 on the same day to register.

Grades one through six are to register on the opening day of school, Tuesday, September 3, 8:30 a.m. Buses will run at the regular time that day and school will be dismissed at 3:30 p.m. School hours are the same as last year, 8:30 a.m. to 3:30 p.m.

The faculty is complete at this time: Vernon Scott was hired last week to fill the vacancy of high school boys basketball coach, assistant football coach, and also junior high football coach, social studies, and math. Scott was employed by the Friona school system before coming to Farwell.

The complete administration and faculty for high school, junior high, and elementary stands as follows: W. M. Roberts returns to the school as superintendent, and A. E. Tatum will be high school principal, James Craig will be junior high principal, with Jack Williams as elementary principal, Mrs. Georgia Lee Rundell will serve as school secretary, and Mrs. Dorothy Eason will be tax collector.

Mrs. Peggy Woodard, commercial subjects; Mrs. Marjorie Balestri, vocational home economics; Robert Morton, vocational agriculture; Dempsey Alexander, high school football coach and history; Mrs. Loree Hill and Roy Dale Lindsey, high school math; Billy White, girls

basketball coach, assistant football coach, history; Jerry Dee Owen, biology and junior high science; Mrs. Lana White, high school English; Mrs. Winnie Cobb, high school English; Tommy Mayfield, band director; Eugene Dew, science; Tommy Mayfield, band director; Eugene Dew, science; Vernon Scott, high school basketball coach, assistant football coach, junior high football coach, social studies, and math.

Also, Mrs. Lenora Tatum, junior high English; Richard Kennedy, sixth grade; Miss Maude Hicks, sixth grade; Mrs. Margaret Kennedy, fifth grade; Mrs. Hattie Bolling, fifth grade; Mrs. Hattie Coffey, fourth grade; Mrs. Thelma Alexander, fourth grade; Mrs. Julia Heibison third grade; Mrs. Isla Rhea Huffaker, third grade; Mrs. Ellen Marie Estes, second grade; Miss Thelma Jo Gillean, second grade; Mrs. Lauretta Pool, second grade; Mrs. Elsie Cain, first grade; and Mrs. Janice Dew, first grade.

Mrs. Frances Clark will serve as counselor, Mrs. Joan Zahn will be librarian and visiting teacher, and Mrs. Katharine Lockhart will return as school nurse.

Other school employees are Mesdames Ollie Quisenberry, Mildred Sharum, Mildred Erwin, Lillie Hughes, Freddie Harriman, and Wanda Walker, as cafeteria employees, Percy Tipton, Ernest Black, and W. T. Kiser are employed as custodians. Bus drivers include H. R. Crook, Danny Lindop, Leon Lovelace, Darrell Crook, Melvin Lingau, and Jerry Dee Owen. One bus driver is needed.

The first general faculty meeting of the 1963-64 school year will be held in the high school cafeteria, Wednesday, August 28, at 10 a.m. Following the general faculty meet-

ing, the principals will meet with their respective faculty groups. The elementary school will use Thursday and Friday as an orientation period.

Lunch will be served on Tuesday and all students and patrons should remember the increase in the prices of lunches. Grades 1-6 will pay 35 cents, grades 7-12 will pay .40, teachers will pay .50, and visitors will pay .60 cents.

DISCUSS PROJECT... These officials got together in Farwell Monday in a pre-construction meeting regarding the widening of U. S. Highway 70-84 to four lanes. In the back are Lloyd Killough, Bovina, Rhea Bradley, Littlefield, and Carol Parker,

R. B. Tucker Has Heart Attack

R. B. Tucker, former resident and teacher in Farwell, is reported to be in good condition following a recent heart attack.

Tucker, who was on a fishing trip in the Gulf of Mexico at the time of the attack, was confined in the hospital in Hollis, Okla., after his return home. A few days later, he was transferred to Lawton, Okla., for further medical treatment. He was to be released from the hospital last Thursday.

R. B. and Alice Jay had been employed in the Farwell school system for nine years before their resignation in 1962, then they moved to Hollis, and taught last year in the Wellington school system.

It is reported that Tucker will not be able to teach until January of next year.

People Receives Commendation

Pfc. Harley Peoples, son of Mr. and Mrs. Ollie Peoples, of Farwell, recently received letters of commendation from his commanding officer, Maj. Paul J. Miller, and also from Lt. Col. W. Charles, secretary of the U. S. Army Intelligence School, in Baltimore, Md.

The letters commend Peoples on his "superior and conscientious performance of duties", and the "exemplary degree of dependability" he has displayed in the execution of his assigned

duties. In the closing of Maj. Miller's letter, he says, "The conscientious manner which you carry into your daily duties and your continued outstanding performance of duty will continue to reflect the high standard of respect which you deserve." Peoples is stationed at the U. S. Army Intelligence School at Ft. Holabird, Baltimore, Md., where he is in the office of service and supply of USAINTS vehicles.

Pike Jordan, president of junior football league here, checks the gear for two of the Pee Wees at practice Tuesday afternoon. Gene, son of Mr. and Mrs. Harry Sheets is on the left, and Larry, son of Mrs. Mildred Irwin, holds the ball. First game is Sept. 7.

Jr. Footballers Practice; First Game Set Sept. 7

Practice has begun for the youngsters enrolled in pee-wee football, with two teams to be

fielded from Texico-Farwell and affiliated with Plains Football League, says Pike Jordan, president of the league.

Practice began the 15th, and boys will be working out three times a week until school starts. Pee Wees are made up of 9 and 10 year old boys, and the older team is composed of 11 and 12-year-olds. Tuesday, about 22 of the younger boys were working out, and 15 of the older group were practicing.

Bob Hart is coaching the Pee Wees, with his assistant indefinite at this time, Tommy Lovelace is coach for the 11 and 12 year old group and has been aided by Jerry Lovelace for the time being.

First games are set for Sept. 7, and all league games will be played at night. Jordan states that the night games should give more fathers an opportunity to attend. Last year, games were

planned on Saturday morning, and some parents could not leave work to attend.

Other officers of the local league are Bill Garrett, vice-president; and Bert Williams, secretary-treasurer.

Jordan says most of the equipment is ready, though a few items will have to be added. Six teams are in the league for each age group, including Clovis and Cannon AFB. To play with Pee Wees, boys must be 9 prior to Nov. 1, and weigh not over 100 pounds. Older boys must be 11 before Nov. 1, and weigh not over 110.

All Farwell games are slated at 7 p.m. on Saturday nights in Farwell, with Farwell vs. West Team here Sept. 7. Games are set each Saturday night in September, and on Oct. 5, Oct. 12 is open. The league tournament is planned Oct. 19, with the all-star game Nov. 16.

Clytie Dial Buys Stone's In Texico

Mrs. Clytie Dial, who has lived in this area for many years, has purchased Stone's Variety Store in Texico from Judge Stone.

Mrs. Dial who took over the store last week, has been busy with inventory, and has kept the store open during the transition. Mrs. A. C. Henneman of Amarillo has been here the past two weeks to assist her mother in the store.

Revival To Begin Here Aug. 25

The Calvary Missionary Baptist Church of Texico, has scheduled a revival to be held from Aug. 25 through Sept. 1; the morning services to be conducted at 9:30 and the evening services at 7:30.

The evangelist for the revival will be Elder Ken Whitten of El Paso, Tex. The pastor of the church is Elder T. R. Shannon.

The Calvary Missionary Baptist Church extends a hearty welcome to everyone in this area to attend the services.

Four Local People Attend Barbecue For Montoya

Four local people were present in Espanola Sunday for a big barbecue in honor of U. S. Representative Joseph M. Montoya, when he officially announced his intentions of running for the United States senate.

Attending were Mr. and Mrs. W. J. Matthews and Mr. and Mrs. John H. Spearman of Texico, Precinct 2.

According to the local people, present at the huge barbecue at

Espanola's Riverside Park were over 10,000 persons including Gov. Jack Campbell; Raymond Nakai, chairman of the Navajo tribe; Rep. Tom Morris, Attorney General Earl Hartley; former democratic national party chairman, Steve Mitchell of Taos and others.

Montoya stated his intention of vigorously campaigning for the Democratic nomination to the senate.

Highway 84 Construction Slated To Begin Soon

Construction is to begin within two weeks on the widening of U. S. Highway 70-84 from Farwell to the Bailey County line, and the contractor has set

July 1 as the tentative completion date for the new four-lane highway.

Surveying by employees of the State Highway Department has

been underway for some time, and the contractor is expected to move into the county by September 1, to begin grading and construction of structures.

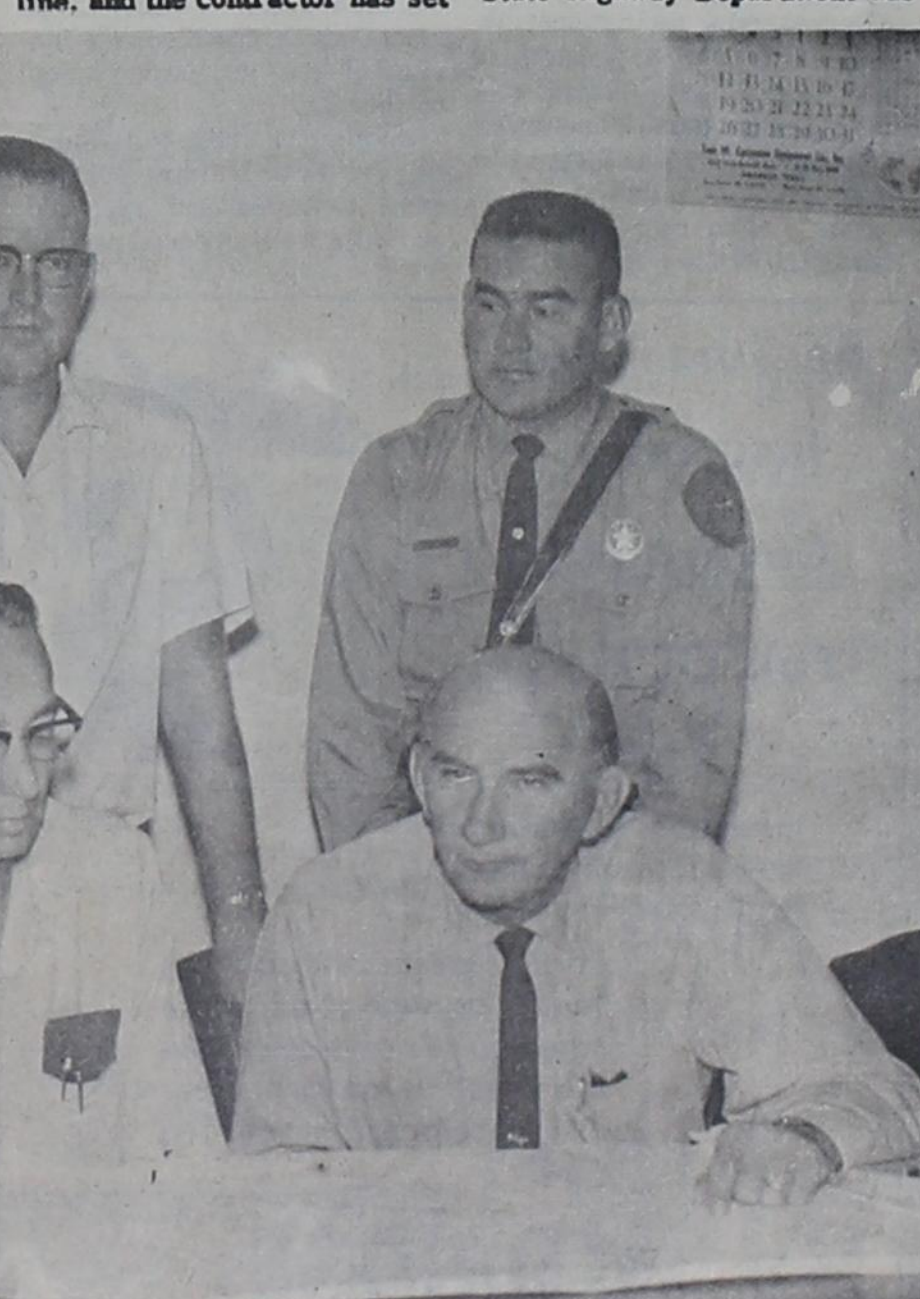

Plans call for constructing two new additional lanes, and routing traffic over the old road before the present two-lane highway is rebuilt. "We expect to have the first two-lane section completed by the middle of the winter," said James Kerr, contractor, at a pre-construction meeting at Farwell Monday.

Attending the meeting in addition to Kerr were O. L. Crain, district engineer with the State Highway Department, Lubbock; Rhea Bradley, resident engineer, Littlefield; County Judge Loyde Brewer, Lloyd Killough, Bovina, county highway patrolman Carol Parker, Farwell, and Tom Atkins, Farwell Deputy Sheriff.

Length of the new four-lane highway, the first in Farmer County, will be 10,211 miles in length, stretching from the Bailey County line just south-east of Lariat, to Seventh Street in Farwell. New curb and gutter work from Farwell's Seventh Street east to the city limits have been in place for some time.

Cost of the project is estimated at \$912,000. The contract time calls for a total of 275 working days.

The project will be speed zoned for 45 miles per hour during construction. Joe B. Cope will be superintendent of construction, according to Kerr.

Farwell. In front are James Kerr, Lubbock, contractor, county judge Loyde Brewer and District Highway Engineer O. L. Crain, Lubbock.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

SUBSCRIPTION RATES -- Farmer and adjoining counties, \$3.00 per year; elsewhere, \$4.00 per year. Payable in advance.

Entries Sought For Friona Queen Contest

Entries are now being accepted for the 1963 Maize Days Queen contest in Friona September 12, according to Eva Miller, chairman of the contest.

The queen's contest is a highlight of Friona's Maize Days celebration each year. The queen will reign over the remainder of the celebration, and will ride on the Chamber of Commerce's float in the Maize Days parade Friday, September 13, along with her first two alternates.

For the first time, the bathing suit portion of the contest will be eliminated, and will be replaced by a talent division. Girls will be judged in two divisions, then -- formal dress and talent.

"Many of the girls were op-

posed to the bathing suit portion of the contest. They couldn't be at ease. We're going to try the talent division and see if that works better," Mrs. Miller said.

Deadline for entering the contest is Friday, September 6. Entries should be submitted to Mrs. Bill Baxter or Mrs. Bill Nunn in Friona. If organizations wish, they may call Mrs. Baxter at 5931, or Mrs. Nunn at 5391.

Sponsoring clubs, organizations or businesses must mail an entry fee of \$7.50 to the Friona Chamber of Commerce, Box 905, Friona.

"We're hoping that more girls from outside Friona will enter the contest this year. The last couple of years almost all

of the entrants have been local girls," Mrs. Miller added.

An added job for the Maize Day Queen this year will be an opportunity to help judge the beard-growing contest, which has been moved to Saturday just preceding the barbecue, instead of Thursday during the queen contest.

Complete rules for the contest are as follows:

1. A contestant must be a Farmer County resident, aged 16-18 and be in high school in Farmer County.
2. Any club, organization or business may sponsor an entrant. Each contestant must have a sponsor.
3. A \$7.50 entry fee must be paid by the sponsor.
4. Billfold size picture, preferably black and white, must be submitted with name, age, parents' names and sponsor's name on back of picture.
5. Each entrant will be required to attend a dinner in their honor at the Friona Country Club at 5:30 p.m. Thursday, September 12. Entrants should dress in street clothes for this affair.
6. Girls will be judged in two divisions -- formal dress and talent. The talent division will offer choices of sewing, cooking, designing, art, music, or dramatics.

In addition to Mrs. Miller, Mrs. Baxter and Mrs. Nunn, members of the queen's contest committee are Mrs. Lee Renner and Mrs. James Buckley.

Mike Getz exhibits the three trophies which he brought home from competition in weekend drag races in Pampa. He received awards for top car at the meet, top eliminator and stock trophy in A class. Getz, son of the John Getzes, has been racing since March. He is sponsored by Gateway Auto of Clovis.

Reminder To Farwell Elementary Students

Jack Williams, Farwell Elementary Principal, issues an important reminder to all parents of elementary students that they be especially sure that their children bring the necessary fees with them the first day of school, Sept. 3.

The only compulsory fee is the \$2.50 workbook fee which must be brought the first day in order for the teacher to give the student his instructional materials.

Non-compulsory fees are as follows:

Lunches from the cafeteria--\$3.35 per meal or \$7 for a four week (month) period. Insurance rates--\$6 for the 9 month at-school plan, or \$15 for the 12 month 24 hour plan.

Williams also stresses that if the first graders who were not pre-enrolled this spring miss being enrolled today or tomorrow, Thursday and Friday, Aug. 22 and 23, 9-12 a.m. and 2-4

p.m., they must be enrolled the first day of school, Tuesday, Sept. 3. At the time of their enrollment, all first graders must also bring birth certificates, and immunization records.

Hooper--

(Continued from Page 1)

One thing about the traveling I couldn't help but notice is that the price of gasoline was low all the way to Galveston. You know how it is when you're traveling -- you feel lucky if you hit a town where they are having a "gas war" and prices are down. But usually this is only a spotty condition.

Well, right now you can take off and travel through Lubbock, Abilene, Temple, and right on down to the coast through Houston without ever paying more than 26.9 for ethyl. At least that was our experience last week.

District 3-A Coaches--News Representatives Meet

At a meeting in Earth Saturday, called by Bob Hamilton of the Kress News, six district 3-A coaches and six representatives of the weekly papers in the district discussed plans for a traveling sports trophy to be contributed by the newspapers, and also, the subject of more complete sports coverage in the coming year.

Representatives from the five district weekly newspapers, The State Line Tribune, Kress News, Earth Sun-News, Sudan Beacon - News, and the Hale Center American, told the coaches that they would like to buy a trophy to be presented to one of the schools in the district who would be chosen winner on a point basis. The papers left it to the coaches' judgment as to what system would be used in determining points.

After much discussion, it was decided that a five-point system would be used to place points in deciding standings. The first place winner of district in football, track, boys' and girls' basketball, and girls' volleyball would have five points; second place, four points; third place, three points; fourth place, two points; and fifth place, one point.

In the event of a tie in total points at the end of track season, the schools involved in the tie will each have possession

of the trophy equal amounts of time.

Plans for the presentation of the trophy to the winning school are still tentative. For the first year, the trophy will travel to all the schools in the district, then at the end of track season, the winner will be decided.

The newspapers representatives noted that the trophy will stimulate competitive spirit among the schools of the district as well as among the individual athletes, and plans are being made for the purchase of a \$100 trophy.

Also at the meeting, the subject of sports coverage was thoroughly discussed among the news representatives and coaches. Plans were made to coordinate press releases on all-district team choices, special sports awards, and other sports releases, so that the weekly papers would release the stories to the public at the same time.

The newspapers also agreed upon a system by which they could exchange news items and pictures of athletes, team statistics, and schedules.

Coaches attending the meeting were Hank Brown, Sudan; Jody Mahan, Springlake; Dempsey Alexander and Billy White, Farwell; C. H. Keeton, Hale Center; and Leo Fields, Kress. Representing the newspapers were Dalton Wood, Sudan Beacon-News; Ross Middleton and Alvin Lynn, Earth Sun-News; Iris Goldsmith, The State Line Tribune; Tom Rambo, Hale Center American; and Bob Hamilton, Kress News.

Friona Gives Peace Officers Busy Time

Friona and county peace officers had a busy night last Saturday night. Felix Vera, 42, and Joe Morin, 18, were arrested in connection with the shooting of Jo Ann Escamilla, 17, who is hospitalized in Friona with a gunshot wound in her right hip.

Bond has been set at \$2,000 each for Vera and Morin. They have been bound over to the action of the Farmer County Grand Jury, which meets in September.

The shooting took place on a country road east of Friona near the Castro County line, according to Sheriff Charlie Lovelace and deputy Rex Cowart.

A colored man and his son received gunshot wounds in another incident early Sunday morning. Albert Ruffins, 54, and his son, Alvin, 15, of Friona, were hospitalized after a third member of the family, under-

aged, inflicted .22 calibre wounds during a family argument.

Also on Sunday night, deputy Cowart arrested two Friona minors for having beer in their automobile. The two were arraigned before County Judge Loyde Brewer. Neither was fined, although they were severely reprimanded by the judge.

On Monday, charges of statutory rape were filed on an 18-year-old Friona man, in connection with an underage girl. In custody is David Leroy Chapman, who was apprehended in Friona Monday.

Earlier last week, Israel Leija, 22, of Tulia, was arrested in connection with forgery charges in Friona, Hub and Farwell. Leija is charged to have passed checks at White's Super Market and Piggy Wiggy in Friona.

He was indicted for forgery.

Arterial Road Tops Meeting

At their regular meeting last Friday, Texico's City Council discussed further plans for the proposed arterial road, and the usual business was transacted.

No definite decisions were made concerning the proposed arterial road, but there was much discussion of blueprints of three possible arterial routes presented by contractor Ralph Douglas.

Harry Patton, city attorney, was instructed to inquire of the State Highway Planning Division of the New Mexico State Highway Department on their interest in helping finance the proposed arterial road project.

A. O. Arnold issued a complaint to the city dads for the junkyard to either be moved from the area adjacent to his property, or to be fenced.

The council checked the fencing contract previously made with B. L. Lunsford of Farwell and found that the contract had not been fulfilled. They authorized Patton to notify Lunsford that he complete the fencing of the junkyard by September 2.

In other business of the meeting, several building permits were reviewed and approved, and bills were ordered paid for

the month. Motion was made for adjournment and seconded. The next city meeting is slated for Sept. 6, 4:30 p.m. in the Texico City Hall.

Lazbuddie Schools Open Doors Monday

The Lazbuddie Independent School District will hold registration for the 1963-64 school term on Friday, August 23.

First day of school at Lazbuddie will be Monday, August 26.

Albert Fuller, formerly Superintendent of Schools at Blanket, Texas, has replaced James C. Ward as Superintendent at Lazbuddie. Ward had held the position for the past 11 years.

Fuller has 12 years of administrative experience. He was at Blanket for three years,

WISH I'D SAID THAT

"The meek may finally get the earth, but we'll wager the Internal Revenue boys will be there to collect the inheritance tax." — Ron L. Coffman, Grove City (O.) Record.

"Dignity is the capacity to hold back on the tongue what should never have been on the mind in the first place." — E. Russell Innes, American Fork (Utah) Citizen.

"We are in receipt of this testimonial from an advertiser: 'Your ads sure bring results. My lost dog has been returned--with four pups.'" — Leon W. Berry, Mt. Adams (Wash.) Sun.

Two-Car Accident County Records One Fatality During July

A 1956 Pontiac, driven by Jusus Ramon Bautista, 19, of Hereford, and a 1962 Pontiac, driven by Jenny Lynn Steinbock, 15, of Lazbuddie, collided at the Lazbuddie intersection Wednesday, Aug. 14, about 11:45 a.m.

The Bautista car pulled into the intersection, travelling south, and was struck in the right side by the Steinbock car which was travelling east, and skidded into the ditch on the left side of the road.

Passengers in the Bautista vehicle, Mrs. Ernesto Ramon and Lydia Ramon, mother and sister of the driver, were injured and taken by the Singleton Ambulance Service to the West Plains Hospital in Muleshoe.

Miss Steinbock and her mother, Mrs. Alfred Steinbock, who was riding with her daughter, were also injured and were taken to the Green Hospital in Muleshoe.

SPORTS AFIELD

By Ted Kesting

There is a lot about foxhounds to excite the interest of outdoorsmen and you sure can uncover a hornet's nest of verbal controversy by expounding the merits of one strain of foxhound over another, according to Henry P. Davis, Sporting Dogs Editor of *Sports Afield* Magazine.

These are strains of the American foxhound:

The Trigg and the Walker, like the Goodman, Trumbo, Shaver, Spalding-Norris, Birdson and Robertson, were named for the families that originated them. The July strain was named for a famous stud hound that established the characteristics of the strain.

Kentucky has been the birthplace of many strains of foxhound. These include the Goodman, Robertson, Whitlock Shaggy, Walker, Trigg and Trumbo. The Bywaters strain was named for the Bywaters family of Virginia. South Carolina contributed the Hampton-Watts-Bennett hounds; Maryland was the birthplace of the Maryland black-and-tan, the Sugar Leaf and the Brooke strains; Georgia produced the July family, although the dog, July, came from Maryland; Arkansas was the home of the Arkansas Traveler strain, while the Shaver hound found his genesis in West Virginia. The famous Hudspeth hound originated in Kansas, and a strain called the Wild Goose appears to have been brought into Tennessee from Virginia about 1830 and made quite a reputation in the Tennessee hills.

In New England, where the fox is hunted with the gun, the Buckfield and the New England Native strains originated. In the northeastern states, where the going is rough and snow is encountered, a number of strains have been developed, some named for the originating families, others for their geographic locations.

In addition to the color and excitement of the rodeo, an enlarged arena is expected to attract a record number of visitors. For the first time, reserved box seats will be available in addition to the elevated bleachers. The box seats are \$2.50 which includes the general admission charge and are being sold at the Ranch headquarters in Amarillo. General admission tickets are \$1.75 for adults and 75¢ for children and servicemen in uniform.

At the present time, 312 boys from all over the nation are being cared for at the Ranch and those who do not ride as contestants will have some part in the rodeo. Proceeds will be used for the Ranch's expansion.

COMING SOON!
JOHN WHITE
IMPLEMENT CO.
Farwell, Texas

The Texas Highway Patrol investigated nine accidents on rural highways in Farmer County during the month of July, according to Sergeant W. E. Wells, Highway Patrol Supervisor for the area.

The crashes accounted for one death, three persons injured and an estimated property damage of \$7,600.

The fatality was Jimmy Ferrell Chandler, 20-year old Muleshoe youth who was killed at the intersection of State Highway 214 and Farm Road 145 on Sunday, July 7.

The rural traffic accident summary for Farmer County from January through July of 1963 shows a total of 71 crashes. As a result of these accidents, two persons have been killed and 21 persons injured. Estimated property damage amounts to \$39,342.

"There are many good jobs open in the Texas Highway Patrol for young men between 21 and 35 who would like to help prevent the tragic crashes and collisions that occur on the streets and highways," Sergeant Wells said.

With the starting of school facing us in the next week or so the Sergeant reminds all motorists of the state law regulating traffic in regard to school buses. "The driver of a vehicle upon a highway outside the limits of any incorporated city or town upon meeting or overtaking school bus which is stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may proceed past such school bus at a speed which is prudent, not exceeding 10 miles per hour, with due caution for the safety of such children."

"During the first six months of this year, Texas had one person killed and 110 injured in accidents involving school buses," the Sergeant said. "This is tragic and useless. School buses are plainly marked and motorists know that they carry a priceless cargo -- human lives."

Commenting on the upcoming Texas Day, the veteran patrol supervisor said, "Many Texas families will take advantage of this last long summer week-end to take trips prior to the opening of school. As a result, traffic will be heavy and the possibilities of traffic crashes will be increased."

"Because this holiday is so much a family affair, more people will be occupying cars. Thus, any traffic accident might result in several casualties. This has been evidenced several times on Texas highways in recent weeks. During the 72 hour Labor Day week-end last year 24 crashes claimed the lives of 32 persons."

LASSIE'S BACK HOLLYWOOD — Five segments of the "Lassie" television series will be put together and shown in theaters as a feature film.

The movie, entitled "Lassie's Great Adventure," is the first "Lassie" feature length picture to be released in more than 12 years.

Titles Go On Line At Boys Ranch Rodeo

Two coveted titles will be at stake -- when the young contestants at Cal Farley's Boys Ranch hold their 19th annual Boys Ranch Rodeo over the Labor Day weekend, September 1 and 2.

The top rider among the older boys will be named Senior All-Around Cowboy while the Junior All-Around Cowboy will be selected from among the younger boys. Dean Warren, a former Liberal, Kansas boy, was named Junior-All-Around Cowboy of the 1962 rodeo and will be riding for the senior title this year. He compiled a perfect score of 100 points last year.

Boys entered in the senior division of the rodeo will ride Brahma bulls and bucking broncs while the smaller steers and calves are reserved for the younger riders. The contestants ride under R.C.A. rules on professional rodeo stock that is taken to the Ranch.

Mr. and Mrs. John F. Mount

John F. Mount, Jr. Weds In California

The A Cappella Chorus of the Concord Church of Christ, Concord, Calif., offered musical selections during the July 20 wedding ceremony uniting Loretta Morris, daughter of Mr. and Mrs. Ralph L. Morris, and John Franklin Mount Jr., son of Mr. and Mrs. John F. Mount Sr., of Pleasant Hill, Calif., at the Church of Christ in Roswell, Calif., Kenneth Shreble officiating.

Two tall standards of gladioli and daisies adorned the altar. The bride, given in marriage by her father, wore a floor-length white satin gown styled with a long chapel train. The dress was sleeveless and featured matching elbow-length gloves. Her lace and pearl crown, attached to a fingertip veil of nylon net, serving as

"something borrowed," was loaned by a high school friend, Mrs. Joyce Wouda Noblitt. She wore the traditional blue garter and lucky penny, and her only jewelry was the lavalier of her sorority, Kappa Kappa. She carried two tall spider mums, whose stems were twined with white satin and tied with a large satin bow.

Matron of honor for her sister was Mrs. Laura Sue Kabegeger, who appeared in a full-length romance blue dress of silk organza over taffeta designed with a low neckline in back and a floor length train. In dresses of the same style were the bridesmaids, Bonnie McKean, Vici Duarte, Avis Chatfield, and Debbie Morris, sister of the bride. All carried white crescent-shaped arrangements of spider mums.

Flower girls, Beckie Morris, sister of the bride, and Kim Sorenson, cousin of the groom, wore full-length white chiffon dresses with romance blue sashes. They carried baskets of white rose petals. Eric Sorenson took charge of the carpet duties.

Best man for his brother was F. Scott Mount, and ushers were Jim Spither, Rich Davidson, Marty Whorton, cousin of the groom, and Ted Moise.

Mrs. Morris attended her daughter's wedding wearing a turquoise sheath of silk linen and a matching jacket of mohair. With a white cloche hat, she wore dyed-to-match turquoise shoes and a corsage of

white rose buds.

The groom's mother wore a beige wool suit with green accessories and a white rosebud corsage.

Upon leaving the church, guests gathered at the Eagles Hall for the reception. Decorated tables held an eight-tiered wedding cake, five bridesmaids' cakes, and one bride cake that was actually a doll with a skirt fashioned of angel food. Highlight of decorations were two double rings, large enough for the bride and groom to step through.

Over 400 friends and relatives of the bridal couple attended the ceremony and reception.

The bride studied at Vallejo Junior and Senior High schools before attending Pepperdine College, where she was president of her sorority, Kappa Kappa.

The groom attended high schools in Farwell, Tex., Concord, and Pleasant Hill, Calif. At the latter school he was associated with and held office in the Beachcomber fraternity.

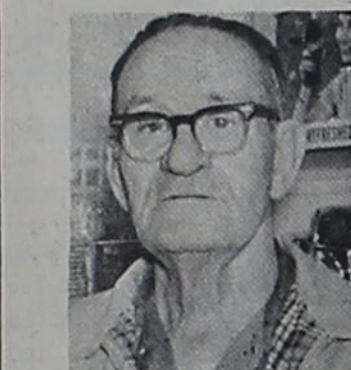

Now a management trainee for J. C. Penney Co. in Los Angeles, he will establish a home in that city for his bride at 7818 S. Normandie, Apt. 2.

The John F. Mount Sr. family were former residents of Farwell, and have many friends in the twin-city area.

Miss Judy Brown and Robert Anderson will be married September 20, in the LDS Temple in Salt Lake City, Utah. The bride-elect is the daughter of Mr. and Mrs. Jackie Brown, Muleshoe and the bride-groom is the son of Mr. and Mrs. George A. Anderson, Salt Lake City. Miss Brown was graduated from Lazbuddie High School in 1961, attended Texas Tech and has been employed in Lubbock. Anderson was graduated from the U. S. Air Force Academy in 1962 and is to graduate soon from pilot training at Reese Air Force Base, in Lubbock.

Uncle Ray's "Hot Air"

At the conclusion of the concert, two ushers were applauding harder than anybody else. The audience was impressed with the fact that they were true lovers of music, and then one usher suddenly stopped applauding.

The other turned to him and said, "Keep clapping, you idiot! One more encore and we're on overtime."

An employment office checking references of a job applicant, asked one ex-employee, "Was he a steady worker?"

"Steady?" came the reply, "He was motionless!"

Try us once and you will be a steady customer of Uncle Ray's.

Grahams Return From Reunion

Mr. and Mrs. W. H. Graham and sons returned Monday from League City, where they attended the annual Dudley family reunion at Galveston County Park Sunday. About 100 persons were present.

All children, seven surviving sons and one daughter, were present, as well as many grandchildren, great-grandchildren and great-great-grandchildren of Mrs. J. B. Dudley, who resides in League City. Mrs. Dudley is grandmother of Mrs. Graham, and is 92 years old. As a special tribute to Mrs. Dudley, a family scrapbook was prepared as a surprise, with pictures and information on descendants.

Floyd Dudley, an uncle of Mrs. Graham, returned as far as his home in Littlefield with the local family.

Guests in the Almer Powell home have included a niece and her husband, Mr. and Mrs. Arthur Cordry who visited here for three days. They were enroute from Anchorage, Alaska, to Missouri. Other visitors have been Mrs. Powell's sister and family, Mr. and Mrs. Floyd Cooper, Karen and Keith of Concord, Calif.

Beth Peyton Resigns As Maid Of Cotton, To Be Married In September

Miss Beth Ellen Peyton, daughter of the N. W. Peytons of Texico, has resigned her position as New Mexico Maid of Cotton, to be married September 8.

Miss Suzie Appleton of Deming will replace Miss Peyton as Maid of Cotton at the national contest in Memphis in December. Miss Appleton is a junior at McMurray College in Abilene.

Miss Peyton is the bride-elect of Johnny Ray Schlenker of Portales. The couple plan to be wed September 8, at 4 p.m. in the First Baptist Church in Texico.

Jaycees Have Picnic

Farwell Jaycees and their families enjoyed a picnic last Tuesday evening at the Farwell City Park.

A good crowd was served hot dogs after roasting welters, and watermelon afterwards.

Beth Ellen Peyton

Crane-Paine Vows Exchanged In Roswell

Miss Martha Ann Crane and Michael LeRoy Paine exchanged wedding vows at the First Methodist Church, in Roswell, Saturday, August 17. Miss Crane is the daughter of Mrs. Gladys Crane of Roswell, and Paine is the son of Mr. and Mrs. Turner L. Paine, of Farwell.

Rev. Austin H. Dillon officiated the double ring ceremony before an altar flanked by two large baskets of white gladioli.

Attending the bridal couples were Miss Betty Ann Richey, of Hobbs, who served as maid of honor, and Jerald R. Gober of Farwell, as best man. Ushers for the wedding were Neldon Costin and Billy Crane, cousins of the bride.

The maid of honor chose a gold taffeta sheath, accented with gold accessories and a pink flaked carnation corsage.

The bride, attired in a formal gown of white slipper satin, was given in marriage by her brother, Morris E. Crane. Her gown was fashioned with a V-neckline, a pleated cummerbund

at the waist, and featured full-length sleeves ending in points over the wrists.

Her shoulder length veil of white tulle was attached to a pillbox halo hat of white slipper satin. The bride carried atop her Rainbow Bible a colonial bouquet of pink carnations circling white roses. Her only jewelry was a pearl necklace, a gift from the groom.

Following tradition, the bride carried a handmade handkerchief belonging to her great-grandmother as something old, her pearl necklace was something new, and as something borrowed and blue, she wore the tradition Rainbow garter loaned to her by the Hobbs Assembly #15 Order of Rainbow for Girls.

Mrs. Crane chose, for her daughter's wedding, a blue crepe sheath and pink accessories. The mother of the groom wore a greenlace sheath with beige accessories.

A reception was held in the basement of the church immediately after the ceremony. Hostesses were Meses, Nellie Bush, R. C. Crane, Billy Crane, and Miss Sylvia Arbelter. Presiding at the guest register were Meses Christine and Velda Paine, sisters of the groom.

For a short wedding trip to Colorado Springs, Colo., the bride chose a pink wool suit and white accessories. She wore as a corsage, the white roses from her bridal bouquet.

The bride is a 1962 graduate of Hobbs High School, and had finished her freshman year of college at South Plains Junior College in Levelland, Tex.

The groom is a 1961 graduate of Farwell High School, and had been a sophomore at South Plains Junior College before entering the National Guard this year.

Couple See Scenic Points

Mr. and Mrs. Herbert Potts, Farwell, arrived home last week from a two-week vacation to points in Arizona and Nevada. Some of the scenic points of interest they visited were Grand Canyon, Petrified Forrest, Painted Desert, Hoover Dam, Las Vegas, Nevada, Old Tucson, Tombstone, and on the way home, they came through El Paso, and went into Juarez, Mexico.

Mrs. Michael LeRoy Paine (Reddock Photo)

Son Born To Don Joneses

Mr. and Mrs. Don Jones became parents of a baby son, Marty Javon, Monday at 4:30 p.m. at Clovis Memorial Hospital. The young man weighed 6 lb. 4 oz., and is a first child for the couple.

Maternal grandparents are Mr. and Mrs. Ernest Kube and paternal grandparents are Mr. and Mrs. Curtis Jones.

Twin Daughters Born To Smiths

A-3c and Mrs. Billy D. Smith are the proud parents of twin daughters born Aug. 12. The babies weighed 3 lb. 14 3/4 oz., and 4 lb. 1/4 oz., and have been named Brenda Arlene and Susan Darlene.

Grandparents are Mr. and Mrs. Odom Smith of Farwell and Mr. and Mrs. Herman Estes of Bovina. Billy is stationed at Sheppard Air Force Base at Wichita Falls, Texas.

Lullaby Shower For Mrs. W. T. Meeks

The Church of Christ fellowship Hall was the scene for a lullaby shower, Thursday, honoring Mrs. W. T. Meeks, upon the adoption of a baby boy.

Hostesses for the occasion were Meses, C. L. Mahaney, Bill Glenn, R. S. Shuman, and Don Tarbet.

The refreshment table was covered with a white cloth printed with nursery rhymes. Centerpiece for the table was a blue umbrella with a doll under

it.

Crystal appointments were used for serving individual cake squares iced with a tiny blue booty, blue punch, mints, and nuts.

The honoree was presented with a corsage made of blue baby socks. Mrs. R. J. Sandvick, sister of Mrs. Meeks, assisted her in opening gifts. Over 100 persons attended or

What is there about traveling salesmen?

Well, one thing about a traveling salesman is that he gives his car hard usage. Business calls require a lot of start and stop driving. And that's when corrosive engine wear can cause serious damage.

Actually, start and stop driving is the kind of driving most of us do most of the time. So, to protect your motor under these severe conditions, your Phillips 66 Dealer recommends Trop-Artic All-Season Motor Oil. Trop-Artic starts protecting at low temperatures, and keeps on protecting at high operating temperatures. It's a light oil, a medium oil and a heavy oil, all in one!

To keep your car running better longer, get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 9, 1963. SENATE JOINT RESOLUTION NO. 21 proposing an Amendment to the Constitution of the State of Texas, amending Sections 51-a and 51-b of Article III so that the same shall consist of one Section to be known as Section 51-a; providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to (1) citizens of Texas who are needy aged persons over the age of sixty-five (65) years, (2) needy persons who are at least eighteen (18) years of age and less than sixty-five (65) years of age who are permanently and totally disabled, (3) needy blind persons over the age of twenty-one (21) years, and (4) needy children under the age of sixteen (16) years; authorizing the Legislature to set up residence requirements for eligibility for such assistance; repealing the Constitutional limit on the amount paid out of state funds to individual recipients of Old Age Assistance and Aid to the Permanently and Totally Disabled; providing that the amounts for such assistance payments shall not exceed the amount that is matchable out of federal funds for such purposes; providing that the amount expended out of state funds for such purposes shall not exceed Sixty Million Dollars (\$60,000,000); providing for the acceptance of financial aid from the Government of the United States; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Sections 51-a and 51-b of Article III of the Constitution of the State of Texas be amended, and the same are hereby amended, so that the same shall hereafter consist of one Section to be known as Section 51-a of Article III, which shall read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide, subject to limitations and restrictions hereinafter contained, and such other limitations, restrictions and regulations as may be provided by the Legislature, for the payment of assistance to, and for the payment of assistance to:

(1) Needy aged persons who are actual bona fide citizens of Texas, and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds shall not exceed the amount that is matchable out of federal funds.

(2) Needy individuals, who are citizens of the United States, who shall have passed their eighteenth (18th) birthday but have not passed their sixty-fifth (65th) birthday, who are totally and permanently disabled by reason of a mental or physical handicap or a combination of physical and mental handicaps and not feasible for vocational rehabilitation; provided that the Legislature shall prescribe the residence requirements for eligibility; provided further, that no individual shall receive assistance under this program for the permanently and totally disabled during any period when he is receiving Old Age Assistance, Aid to the Needy Blind, or Aid to Dependent Children, nor while he is residing permanently in any completely state-supported institution; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds shall not exceed the amount that is matchable out of federal funds.

(3) Needy blind persons who are actual bona fide citizens of Texas, and are over the age of twenty-one (21) years; provided that no such assistance shall be paid to any inmate of any state-supported institution, while such inmate; provided that the Legislature shall prescribe the residence requirements for eligibility; provided that the maximum amount paid out of state funds to any individual recipient shall not exceed the amount that is matchable out of federal funds; and provided further, that the total amount of such assistance payments out of state funds shall not exceed the amount that is matchable out of federal funds.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Mr. and Mrs. Rufus Carter were visitors in the Eugene Morton home Wednesday evening, Thursday of last week, Ona Bradshaw and Jane Ann, Farwell, visited the Rufus Carters. They and the Carters spent the day preparing food for the deep-freeze.

Mr. and Mrs. Charlie Watson and Benny were in Lovington over the weekend attending the Primitive Baptist Association there.

Birthday greetings to: Marsha Aduddell, Jeanne Morris, Sheila Vaughn, Clyde Redwine, Ruth Williams, Retha Warren, Trev Ford, Christie Ivy, Nedda Foster, Claudene Clark, Dale Gallman, Derral Embry, John Bean, Kelley Mimms, and Chris Ford.

The Bill Tittle family from Elk City, Okla. visited the L. R. Hall family Sunday. The Halls and Tittles left Monday for a vacation in mountains of New Mexico.

Mr. and Mrs. Freeman Davis and children are in Carlsbad this week for a vacation.

Recent guests in the Earl Paterson home was a nephew and his wife, Sgt. and Mrs. Gill Sogart of Florida. The Sogarts were on their way to Colorado Springs, where he will be stationed.

Mrs. J. E. Jennings and Tamara returned last week from a few days visit at Six Flags. They were accompanied by Mrs. J. R. Nichols and girls of Muleshoe.

Raymond Trelder Jr. drove his parents, Mr. and Mrs. Raymond Trelder Sr. to Lubbock last week, where Mr. Trelder was admitted to Methodist Hospital for medical treatment.

Mr. and Mrs. Gene Fox and children returned recently from a few days vacation at Rudosa. Mr. and Mrs. E. A. Parham and Terry went to Merkel last week to visit his parents, the W. M. Parhams.

Visiting the Charlie Glovers this week is her sister, Mrs. H. C. Hucabee and her grandson, Rickie McKenny, Houston. Mr. and Mrs. James Harvey and children were at Springlake Sunday, visiting the E. W. Shafers. Mrs. Shafer is Mr. Harvey's sister.

Mr. and Mrs. Preston Cargile and children of Larlat, visited the Dan Cargiles Sunday evening.

Cheryl Ramage of Lazbuddie was judged second in the Farmer County 4-H Bake Show held recently at Friona. Cheryl will represent the county at the district bake show in September. The first place winner, Janis Billingsley of Farwell was ineligible because rules prohibit the same person from entering the district show again. She won first place last year at district. Scores were based on baked products and their record books. Other girls from Lazbuddie winning ribbons were Sheila Vaughn, Ann Blackstone, Kathy Coker, Janis Miller and Katie Blackstone.

Mr. and Mrs. J. B. Young, Cooper and Steve, of Lazbuddie, and Mr. and Mrs. George Washington, Lana and Mark, of Muleshoe, enjoyed several days vacation last week in the mountains of Colorado.

Mrs. Charlie Gustin had minor surgery in the Green Memorial Hospital in Muleshoe, Monday.

The Lazbuddie Longhorns met at the school Thursday of last week and received their physicals from a Muleshoe doctor. Monday, they met for equipment check-out and workout.

"FOR the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000)."

"AGAINST the Constitutional Amendment providing for assistance payments to the (1) needy aged, (2) needy individuals who are permanently and totally disabled, (3) needy blind and (4) needy children; authorizing the Legislature to set up residence requirements for eligibility; authorizing the Legislature to make appropriations out of state funds for the payment of assistance grants on behalf of such recipients; providing for the acceptance of funds from the Government of the United States for the purpose of paying such assistance grants; providing that the amounts expended out of state funds on behalf of individual recipients shall not exceed the amount that is matchable out of federal funds; and providing further, that the total amount of such assistance payments shall not exceed Sixty Million Dollars (\$60,000,000)."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election for this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Mrs. Arlin Lee Smith

Judy Riggo-Arlin Smith Engagement Announced

Mr. and Mrs. W. A. Riggs, 319 Dalles Avenue, Belen, N. M., are announcing the engagement and forthcoming marriage of their daughter, Judy, to Arlin Lee "Tex" Smith, son of Mr. and Mrs. Albert Smith of Farwell. The wedding has been planned for early fall, and Rev. Philip Fenn of the First Methodist Church in Belen will officiate at the ceremony which will be held in the First Methodist Church.

Miss Riggs was graduated from Belen High School, and has been employed by the Santa Fe Railway in Belen and in Clovis, where she is presently living. Smith was graduated from Farwell High School, and is associated with Cooper Cotton Gin in Farwell. All friends of the young couple and of the families are invited to attend the wedding.

JOTTIN'S By Jeanne

Chris Moss, Tribune society editor who has been hospitalized in Amarillo after eye surgery, sent the office "gang" a note this week, and indicates she is having a nice rest, "although not the kind I would choose" she adds.

She was hoping to be home by time the paper is out this week, although she still isn't moving or seeing much yet. Of course, we don't expect to see her back behind her desk for several weeks yet. From those of us who are trying to do her work while she is away, we realize more and more that Chris is one busy person here at the office.

I saw Fern Hardage in town last week and had a brief visit -- just long enough to learn what a fabulous trip she and her husband, Walter, have enjoyed this summer. According to Fern, they traveled in every state in the union -- added 13,000 miles to the map of places they've been. In fact, she says, they wore out a set of tires.

Former residents of Texico-Farwell, they are still living in Lubbock. They had owned a motel there, and have rented an apartment for now.

We're home again -- and glad of it! Trips are grand, but nothing is as pleasant as walking into your own front door, after driving 1400 or 1500 miles in four days -- wearing yourself out talking with all the relatives seen only once every two or three years, and picnicking in the heat and humidity, with a carload of sand transported home in various bathing suits and shoes.

Of course, traveling with the four boys is an experience too. The spouse and "jottins" stayed in the front seat, but poor Uncle Floyd rode back from Galveston with us and amid the clatter, drink pouring, napping, questions, and general confusion of life in the back seat of a moving station wagon.

Of course, highlight of the trip was the Dudley reunion and an opportunity to visit with my 92-year-old grandmother, who is a pretty remarkable person. The boys were quite impressed with the array of kinsmen and decided they would like to attend every year. Ronny decided it was sort of "like a convention." As soon as I emerge from the mounds of notes at the office, the mounds of dirty clothes at the house, I'll be ready to think of next year too. I wouldn't have missed it for anything.

Martha Simms-J. B. Benderman Wed In Simple Ceremony

Miss Martha Simms, daughter of Mr. and Mrs. W. J. Simms, of 1100 Wallace, Clovis, and Jennings B. Benderman Jr., son of Mr. and Mrs. Jennings B. Benderman Sr., of 103 Ave. G, Farwell, were married in a simple ceremony in Clovis Saturday, Aug. 17.

Judge W. D. Gaddis performed the double-ring ceremony with only the bride's sister, Frances Simms, and the groom's parents attending.

The bride was attired in a beige silk linen suit with matching accessories, and cream colored carnations as a corsage. Her sister served as maid of honor; she wore a red suit accented with black accessories.

The mother of the groom chose a green semi-sheer silk print dress with black accessories.

After Sept. 1, the bridal couple will be at home at 1104 1/2 Lee St., Clovis, after a honeymoon trip to Albuquerque and other points of interest in New Mexico.

The bride is a graduate of Clovis High School, and had been employed at the Clovis Steam Laundry. The groom is a 1954 graduate of Clovis.

Second Daughter For Gerald Curtises

Mr. and Mrs. Gerald Curtiss, of Farwell, are the proud parents of a baby girl. Lauretta Karen is the name they have given her. The young miss was born Friday, Aug. 16, in Clovis Memorial Hospital, she weighed 7 lbs. 5 ozs.

Maternal grandmother is Mrs. Ann Smith, Farwell; paternal grandparents are Mr. and Mrs. H.S. Curtis, also of Farwell.

LUTHERAN NEWS

Worship services at the St. John's Lutheran Church in Larlat for this weekend will be held at 8:30 a.m. followed by Sunday School at 9:30 a.m. Pastor Bengert of the Immanuel Lutheran Church of Rhea, will bring the message Sunday morning.

The Rhea congregation issues an invitation for everyone to attend their annual mission festival, Sunday, Aug. 25. The morning service will be held at 10:30 a.m. and the afternoon service at 3 p.m. Pastor O'Shoney of Amarillo will be the speaker.

Word has been received that Pastor and Mrs. Sanders have arrived safely and are getting settled in their home in La Grange, Ill.

The Walther League met Sunday, in the home of Calvin Meissner. A hamburger fry was given in honor of members leaving for college this fall. Those attending were Margaret, Richard, and James Haseloff; Lawrence Kriega; Delbert Lingnau; Wilbert and Mary Kalbas; and the host, Calvin Meissner.

Important dates coming: Friday, Aug. 30 -- skating party and weiner roast; Sunday, Sept. 1 -- Communion service and also voters meeting; Saturday, Sept. 7 -- Children's Confirmation.

Kennedy action is top news in South Africa.

Locals

Visitors in the U. L. Lesley home in Lordsburg, N.M., last week were Mr. and Mrs. Pat Patrick, Roger and Susan. The Lesleys are former residents of Farwell; Mrs. Lesley sends word that they would enjoy seeing any of their friends from this area.

Mrs. Leona Hale and children from Roswell, N.M., have been visiting last week in the home of her parents, Mr. and Mrs. Monty Parsons, Texico. The group, accompanied by Mr. and Mrs. Jesse Coburn of Farwell, enjoyed fishing at Alamogordo Lake, fishing and boat riding, last weekend.

Mrs. Jim Moss (Chris), of Texico, who had eye surgery recently, returned home from the hospital in Amarillo, Wednesday. She is reported to be in very good condition, but must remain in bed with very limited movement for the next week.

"They're a well-matched couple. She's a pill and he's a hypochondriac." John F. Kennedy, President: "The time has come for the Congress of the United States to join with the executive and judicial branches in making it clear to all that race has no place in American life or law."

CHRISTIANITY Is The Bulwark of Our Way of Life

"WHEN GOOD-ENOUGH IS NOT ENOUGH" Last April 10 the Naval Department made an announcement to the Nation that was shocking and even more saddening. One of our prize vessels, the Atomic submarine Thresher, had gone down to the ocean floor with 126 men aboard; evidently never to return again. Only a few days prior to the fatal dive the Thresher had passed an extensive inspection and had been pronounced fit for duty. The inspecting authorities felt that the sub was in good-enough condition, but as we now know it wasn't. This was one time when "good-enough" was not enough. We somehow have adopted a philosophy that the "good-enough" is the standard to achieve. How much this attitude has cost in life and happiness we will never know. As we try to see this situation in its true perspective we automatically look toward the physical aspect or material factor, but we must find our best example in the spiritual realm. Man seems to want little more of Christianity or Religion than just what is essential or "good-enough" in his own particular assessment. Each person has a religious standard, high in his own estimation, and good enough for anyone. But here again we must hasten to say that good-enough is not enough, for all too often the good-enough of man's standard has no element of the saving grace of God. Let us take an example from the best of examples to give us light in what we wish to say. Let us consider Paul the Apostle. A man might say, "I believe in God and this is all that is necessary to receive salvation." Consider that Paul, before he accepted Christ, believed in God, and worshipped him devoutly, but this was not good-enough. Another might say, "I go to church regularly and give regularly." Consider that Paul was a Pharisee and member of the Sanhedrin and always in the Temple; what's more, a thetler to be sure. But, this was not good-enough. Consider also that Paul was a good student of the word of God, and was also a zealous oppressor of sin as he honestly saw it; but even this was not good-enough. What is it that every man needs to be good-enough? It is the same experience that Paul had when he met Christ on the road to Damascus one day. It is the converting experience that caused Paul to write in Ephesians 2:8-9. By grace are ye saved through faith; and that not of yourselves: it is the gift of God; not of works, lest any man should boast." There is only one claim that is acceptable before God and that is the claim of Christ as personal Savior through faith. Any other profession might be good-enough by man's standard but not enough for God.

GRANDMOTHERS

The "little old grandmother" of song and story has been replaced by the modern version, younger, more active and more of a companion to the younger generation. Pictured are some Texico - Farwell grandmothers with the "grand" children who make new joy for their families.

Mrs. Cassie Morgan is an active grandmother, who enjoys teaching her grandchildren some of the activities which she enjoys. Quilting with her is Beverley Winkles, with Terry Max Winkles and Ginger Morgan looking on. The Winkles twosome are children of the Perry Winkleses of Texico and Ginger is daughter of the Quinlan Morgans of Andrews.

Grandmothers are pretty special people and little boys like the modern version of the "story hour", when they can sit on Grandmother's lap and listen at the same time. Mrs.

Partin Austin enjoys entertaining her two grandsons, Kyle and Brent, sons of Mr. and Mrs. Dean Jones.

SECURITY STATE BANK

Farwell, Texas

Two very special people for the children photographed here are Mrs. Zula Rundell, their grandmother, and Mrs. Conda Jones, great-grandmother. Children include: (back row) Sheree Rundell, Buddy V. Foster, Tina Rundell, Bobby De Foster; and front row, Jack Foster, Ken Foster and Gay Rundell. Girls are the children of Mrs. Johnnie Rundell and boys are children of Mr. and Mrs. Wayne Foster.

Cousins Clint Tharp, son of Mr. and Mrs. Butch Tharp, and Leslie Shawn Elliott, daughter of Mr. and Mrs. Phillip Elliott, don't seem to mind sharing Grandmother, Mrs. Ray Tharp, at all. Grandmothers always seem to have enough love to go around for the little ones in the family.

PLEASANT HILL
BY MRS. BUCK TAYLOR

Too Late For Last Week

Mr. and Mrs. Amos Shokley and daughter, Myrtice, Mesa, Ariz., former residents of this community who have been visiting here for the past three weeks, left for their home Wednesday.

Guest Monday in the home of Mr. and Mrs. E. J. Hodges were their daughter and children, Mrs. Gus Stewart, Carlsbad.

Mr. and Mrs. Jim McCullough attended the reunion of Wilbarger, Hardman and Ford Counties Sunday in Lubbock. Mrs. Robert Servatius and her mother Mrs. Janie Anderson, Anton left Monday to attend a family reunion in Wetumpka, Ga.

Mr. and Mrs. Buck Taylor, accompanied by their daughter, Mrs. Joyce Osborne and granddaughters Linda and Karen Osborne, Plainview left for Truth or Consequences, Sunday. They plan to be gone three weeks. Mr. and Mrs. Roy Richardson and children, were fishing and sightseeing at Buffalo Lake and Palo Duro Canyon, over the weekend.

Sunday night supper guests in the home of Mr. and Mrs. Robert Servatius were Mr. and Mrs. Anthony Jesko and children, Clovis.

Weekend guests in the Von Hukill home were Mrs. Richard Higgins, Idaho and Mr. and Mrs. Nolan Hukill from Fieldtown.

Mr. and Mrs. Roy Richardson and children spent last week vacationing in New Mexico. They toured Carlsbad Caverns. Guests returning home with the Richardson Family were Mr. and Mrs. Lee Smith, Brunswick, Ga.

Sunday guests in the home of Mr. and Mrs. Clarence Brown were Mr. and Mrs. C. O. Joplin and daughter, Shirley, Bovina, and Dale Brown, Lubbock. Mr. and Mrs. Bub Hand, Friona visited Sunday in the home of her brother and sister in

law, Mr. and Mrs. Buck Taylor. Other guests in the Taylor home were Mr. and Mrs. Roy Lovett, Tim and Terry.

Mr. and Mrs. Henry Johnke spent the weekend in Lubbock visiting friends and relatives. Mrs. Johnke recently returned from Louisiana where she attended a family reunion. She was accompanied on the Louisiana trip by her sister, Mrs. Claudie Burford.

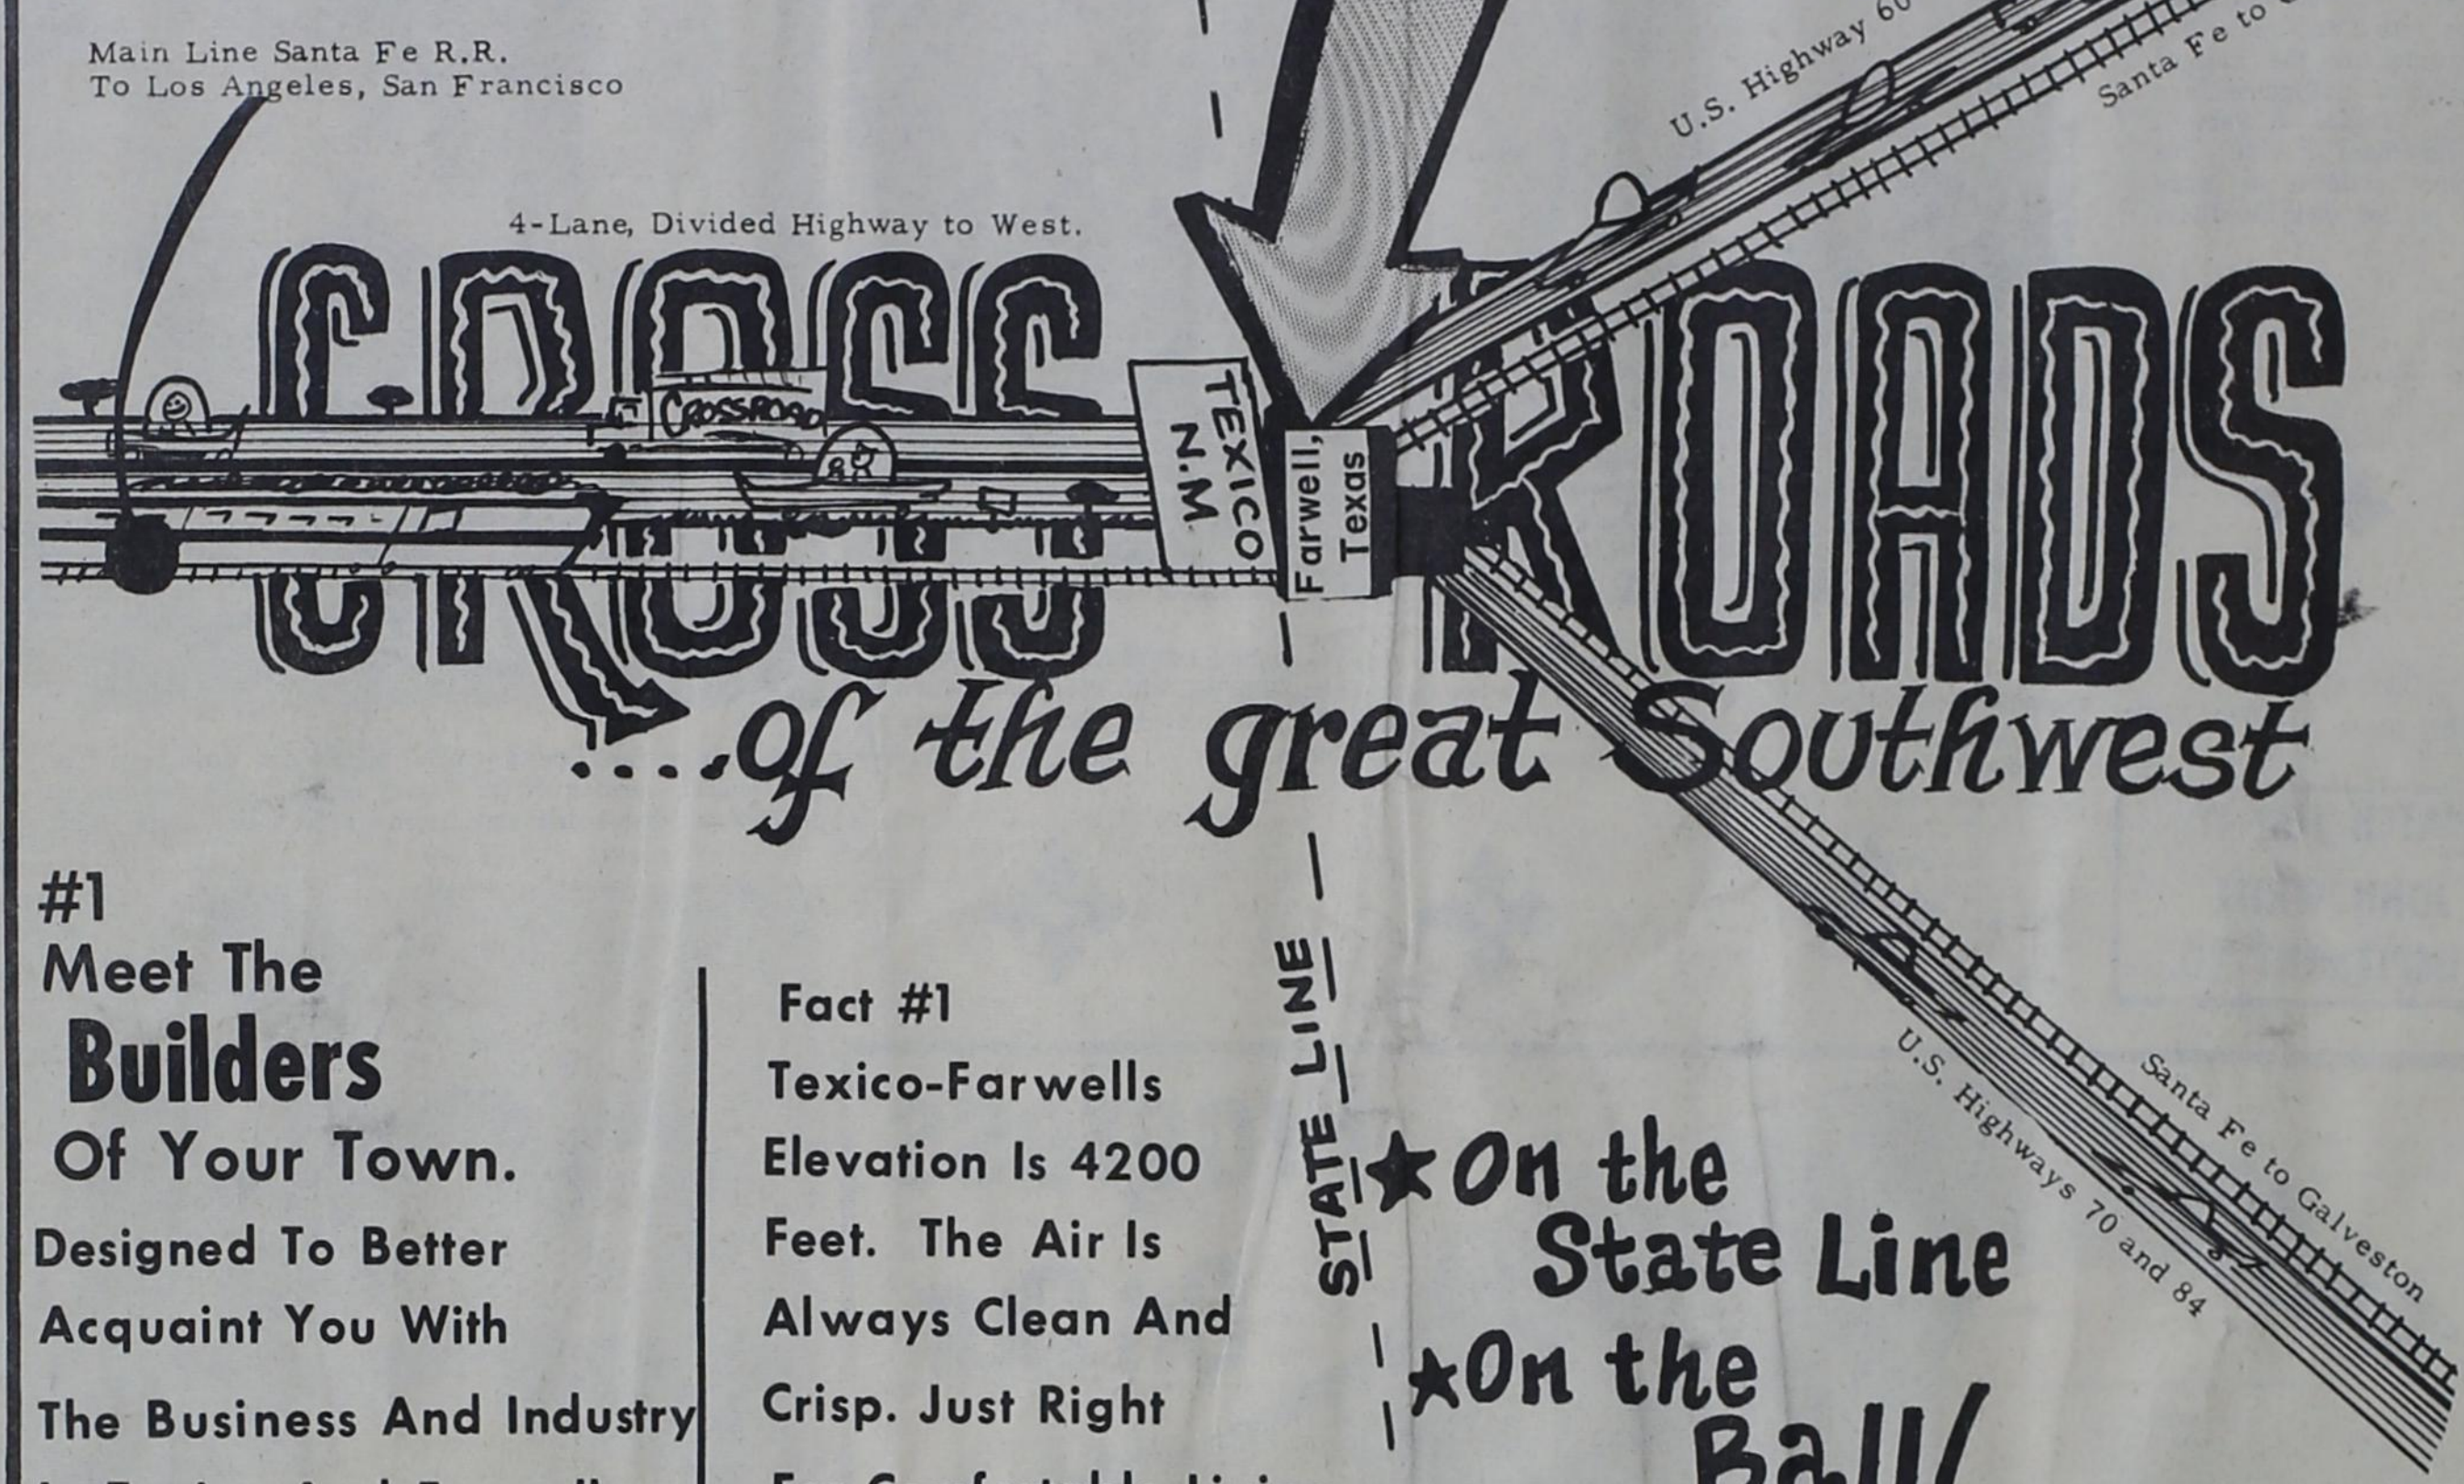

Mrs. Buck Taylor returned her grandchildren, Linda and Karen Osborne to Dimmitt, Saturday, where they were met by their mother, Mrs. Joyce Osborne, who returned them to their Plainview home.

Mr. and Mrs. Roy Richardson were host and hostess to a family get together in their home Sunday. Attending were Mrs. Lilley Richardson, his mother, and Mr. and Mrs. Aaron Richardson and children, Mr. and Mrs. Joe Richardson, Mr. and Mrs. Garland Screws and Mr. and Mrs. Elmer Knight and children. The group enjoyed a picnic lunch.

Men of the Pleasant Hill Baptist Church had a breakfast at the church Sunday morning. Group singing was led by Jim McCullough and Buck Taylor brought the devotional. Attending were Mike Brown, Clarence Brown, J. D. Kelley, David Pierce, Glenn Singleterry, Marlon Walker, and John Range.

Menu included bacon, eggs, hot biscuits, butter, jam and coffee, prepared and served by the men.

**FOOTSTEPS OF PROGRESS
IN TEXICO AND FARWELL**

S & S Furniture, Inc., was founded by the owner, Jim Bob Smart, in October of 1957. Jim Bob assumed the interest of his brother, Ben, who had operated Smart Furniture in that location since 1950. On June 29 of this year Jim Bob became the postmaster in Farwell, and turned the management over to B. L. Barnes, who is now operating the store. S & S Furniture features Norge and Admiral appliances as well as a complete line of Livingroom and Bedroom Furniture. Dinettes and Dining Room Suites are also stocked. S & S deals in both new and used furniture and emphasizes trading. You can get a better deal when trading your furniture at S & S.

**Speed Limit Now 70 MPH
On Part Of Texas Roads**

More than two thirds of the Texas Highway system will come under the new 70 mile per hour daytime maximum speed limit beginning August 23. The speed is the maximum for passenger cars, revealed the Texas Highway Commission today.

not zoned down by the commission will automatically go to the higher speed. This means that some 41,500 miles of the states highways and farm-to-market roads will have the higher speed limit.

Highways which have been zoned will remain at the old time 55 mph nighttime and 60 mph daytime limits. They have been designated as unsafe for the higher speed limit.

Under the new speed control law passed by the legislature this spring, all highways

Baca Serving On Guam Base

George J. Baca, constructionman, USN, son of Mr. and Mrs. Fidel Baca of Bovina, is serving with Naval Mobile Construction Battalion Five currently on a nine-month tour of duty on Guam.

Karen and Olive. Mobile Construction Battalion Five is slated to return to its home base at the Naval Construction Battalion Center, Port Hueneme, Calif. in March 1964.

During their deployment to Guam the unit will take part in construction programs at various naval installations on the island. Many of the projects under construction are repairing damage caused by Typhoons

Political and economic freedom are valuable but without freedom of thought and religion, men and women are still slaves.

THE HIGH PLAINS FARM AND HOME

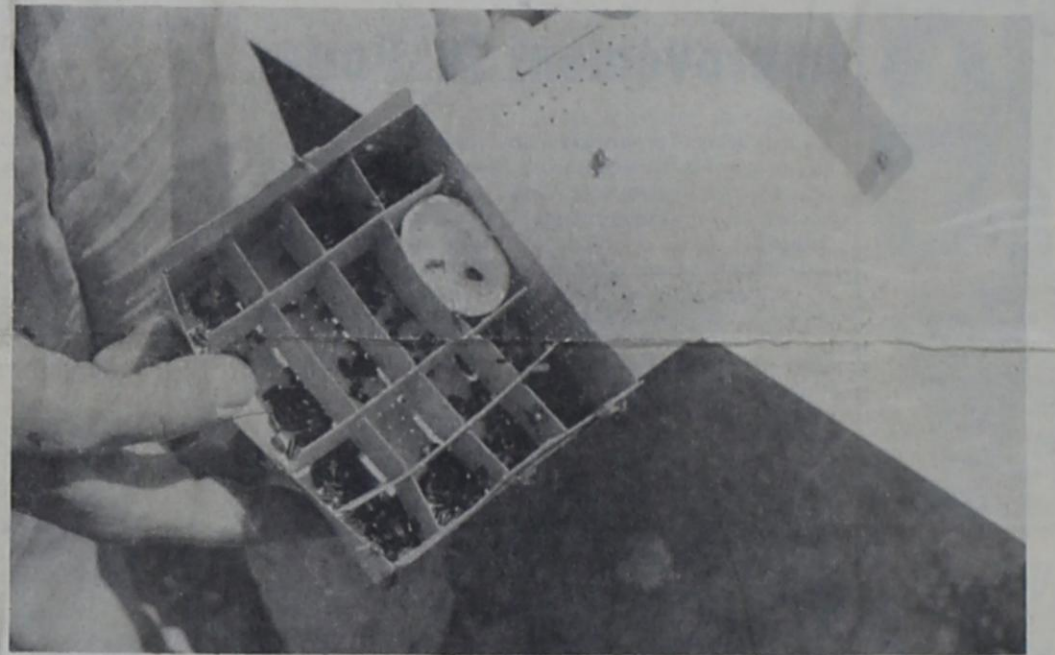

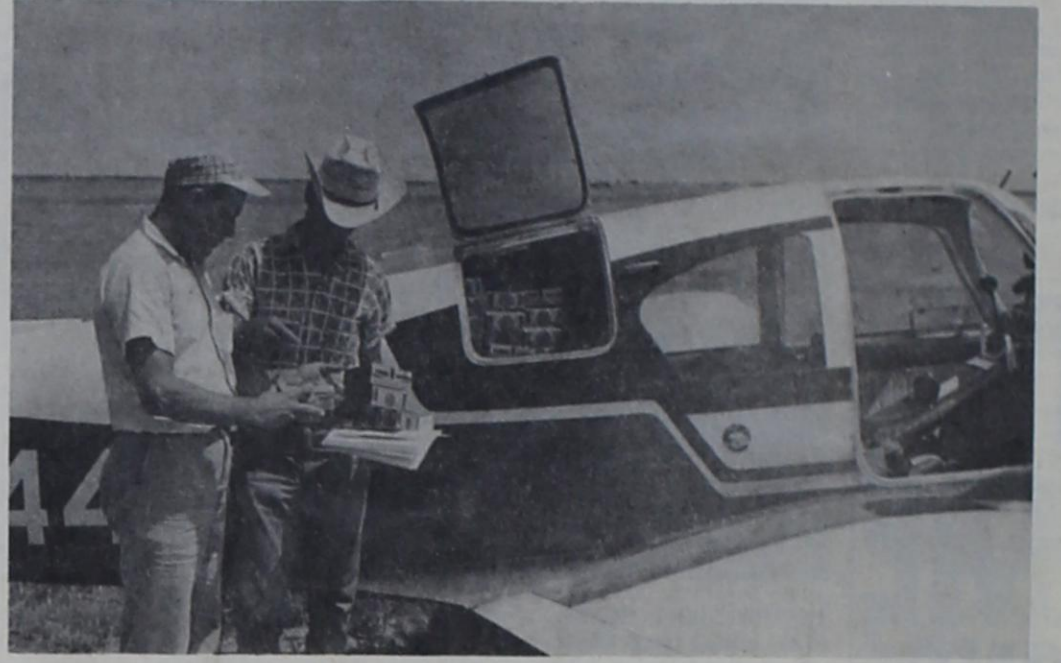

A SUPPLEMENT TO FARMER COUNTY NEWSPAPERS

--A--

THURSDAY, AUGUST 22, 1963

War Declared On Screwworms Discovered In Parmer County

Parmer County is being bombed, although many residents may not be aware of it. Actually, the bombing is with sterile screwworm flies on the Connie O'Brien farm south of Bovina. A total of 300,000 flies are being dropped within eight-day periods. To date, two "bombings" have been made, with one more scheduled this coming weekend. Pictures on this page show Jay Neeper and Ruben Birkelbach, officials of the screwworm eradication program, displaying the tools of their trade. The program has almost sounded the death knell for screwworms in Texas during the past year. But no action is possible until worm samples are submitted and certified as screwworms. Samples from the deeper part of the wound should be submitted for examination in every case of suspected screwworm infestation.

SCS Tour Sept. 5

The annual Parmer County Soil Conservation District farm tours will be held Thursday, September 5, starting at the Hub Community Center at 1:30 p.m.

This year, there will be just one tour for the county, as opposed to several smaller tours, as has been the case in the past.

"We hope that by centralizing the tours, we can pick up the interest, and eliminate repetition and unnecessary trouble," said Jimmy Smith, Work Unit Conservationist, Friona.

Included on the tour will be a look at tailwater recovery systems, crops fertilized with cotton burrs, green manure and barnyard manure, cool season pastures, a farm-sized feedlot, sugar beet plots, Midland Bermuda pasture, Western Wheat grass, and irrigation systems on cropland as well as grass.

Also to be seen are a lake pump system, irrigated pasture, waterways, and a leveling operation in which the field is being converted to irrigated pasture.

At the conclusion of the tour, refreshments will be served at the community center.

TESTING SUGAR CONTENT in Parmer County Cantaloupes is Grant A. Morrison, an employee of the United States Department of Agriculture. Morrison, working at Gateway Produce in Bovina, reports that Parmer melons are well above the standard for number one cantaloupes.

Cereal Grain May Produce Improvement In Paper

The quality of paper may soon be improved by the use of a cereal grain derivative, according to the U. S. Department of Agriculture.

Research on the production of the derivative will be conducted by the Battelle Memorial Institute of Columbus, Ohio, under a contract to the USDA. The Institute will study the cereal xanthates which are chemical derivatives of starch, flour, or other fractions of corn, wheat and sorghum.

The USDA's Agricultural Research Service has already shown that cereal xanthates can be added to wood pulp to give both wet and dry strength to paper and other pulp products. Earlier this year strong, lightweight insulation board was successfully made from the cereal derivative.

Using the USDA's data as guidelines the Battelle scientists will study the preparation of cereal xanthates and their use in paper. Other studies, each based on previous findings in the contract research, will include designing and testing

RITWAY JANITOR SERVICE
Clovis, N. Mex.

Carpet shampooing. Free estimate. Cleaning is our only business - not a sideline. Phone 763-6361.

equipment for making cereal xanthates. Sample paper will also be made, a plant will be designed and costs of production of the derivatives estimated, says the Department.

The project is part of the USDA's effort to find new uses for farm products through research. The Department anticipates the use of these cereal products will provide a large new market for grains.

Disillusioned!

The other day we met a man who had reached the depths of disillusionment. He had spent \$200 on a permanent cure for halitosis. Then he found out that no one like him anyway.

-The Coast Guard Magazine.

PESTS COSTLY

Rats and birds can eat or spoil large amounts of the feed you put out for your chickens. A rat can eat 25 pounds of feed a year and spoil three times that amount. Fifty sparrows will eat about two pounds of feed a day. These pests can waste as much as 10 per cent of your feed which is the biggest single cost item in chicken production.

The Happy Homemaker

By JUNE FLOYD

Appetizers, dips and snacks all seem to have individual party flairs and "on the ball" homemakers know the importance of having quick snacks on hand for unexpected guests.

Since most of the ingredients in these pretty snacks come already cooked and prepared, all you need to do is some careful blending and spreading. A careful study of canned meats, dry and frozen soups and cheeses, chips and crackers in your supermarket makes it very easy for you to form combinations that are pretty and tasty.

Printed below you will find some fun-to-fix, fun-to-eat and fun-to-serve foods you and your guests will surely enjoy.

Tiny Party Puffs
1 cup water
1/2 cup butter or margarine
1 cup sifted enriched flour
dash of salt
4 eggs
shrimp or salmon salad
Bring water to boil. Add butter or margarine, stirring until melted. Add flour and salt all at once. Stir very well until mixture is smooth and forms a soft ball. Cool mixture slightly.

Add eggs, one at a time, beating well after each addition. After last addition continue beating until mixture is shiny. Drop batter by teaspoonfuls onto lightly greased baking sheet to make 36 small puffs. Bake in 375 degree oven for 50 minutes.

When cool fill with favorite shrimp or salmon salad. Decorate with softened cream cheese in flower design or parsley. Makes 3 dozen Tiny Party Puffs.

Bologna Rolls
Blend 1/2 teaspoon curry powder in one (8 ounce) package softened cream cheese. Stir in two tablespoons finely chopped stuffed olives. Spread mixture on slices of bologna and roll each tightly, securing with toothpick. Cut each rolled slice into 3 portions and skewer each portion with stuffed olive.

Deviled Bean Spread
1 can (4 1/2 ounces) deviled ham
1 small can baked beans with tomato sauce
1 tablespoon horseradish
1/2 cup finely chopped celery
Combine all ingredients.

draining the beans, if they appear to be very liquid. Mix well, partially mashing beans during mixing. Serve mounded on freshly toasted bread rounds or fingers. May be served hot or cold.

Garlic Sticks
2 cups bite-size shredded wheat, rice or corn biscuits, crushed to 1 cup
1 teaspoon garlic powder
1/4 teaspoon salt
4 tablespoons melted butter or margarine
1 package prepared biscuits

Heat oven to 450 degrees. Combine crushed wheat, rice or corn biscuits, garlic powder and salt. Add 2 tablespoons butter. Mix thoroughly. Cut each prepared biscuit in half.

Roll between palms of hands into sticks 8 inches long. Brush with remaining butter. Coat with wheat, rice or corn biscuit crumbs. Bake on unbuttered baking sheet 7 minutes or until golden brown. Yields 20 sticks.

Swiss Ham Snacks
2 cups cooked ground ham
2 tablespoons chopped stuffed olives, sliced
3 flat hard rolls or hamburger buns

Combine ham with chopped olives and mayonnaise. Split rolls in half crosswise and top each half with slice of cheese. Spoon on generous layer of ham mixture, center with egg slice and then center egg slice with olive slice. Makes six servings.

Chicken Bits
1 Five ounce can boned chicken, chopped
4 hard-cooked eggs, chopped
1/4 cup mayonnaise
1 tablespoon minced onion salt and pepper

Lightly mix all ingredients, adding salt and pepper to taste. Chill thoroughly. Make tiny balls of mixture (about 25 to 30 balls, 3/4 inch in diameter), roll in 1 cup finely chopped salted nuts. Stick a party pick in each for serving.

THE VILLAGER WHITE

The ultimate in fine styling... the Villager White, one of four Ready-lite styles, set off with a beautiful gold mesh and delicate gold trim. Comes completely installed with matching white post and convenience outlet. Truly a delightful practical addition to your landscaping.

COMPLETE PRICE INSTALLED **59.50***
\$2.48 PER MONTH

Your Ready-lite is so easy to buy — just add the monthly payments to your electric bill with no interest or carrying charge.

YOU CAN PLUG-IN WITH A Ready-Lite

With a Ready-lite you have a decorative yard light plus additional uses. The convenience outlet on your electric Ready-lite allows you to use other electrical helpers — electric barbecuers, rotisseries and coffeemakers; extra strings of lights for yard parties; and electric garden tools. Best of all, an automatic electric Ready-lite operates for less than a penny a night... surely your best outdoor bargain!

SOUTHWESTERN PUBLIC SERVICE COMPANY

Preservatives Can Extend The Life Of A New Home

For an extra \$2 or \$3 a year you can build a home that will outlive the mortgage and require little care, says Bill Smith, forester with the Texas Agricultural Extension Service.

By the use of preservatives, wood can be treated to protect it from insects and decay for 40 years or more while keeping repair and maintenance costs to a minimum, says Smith. A variety of good preservatives are available and all exterior wood-

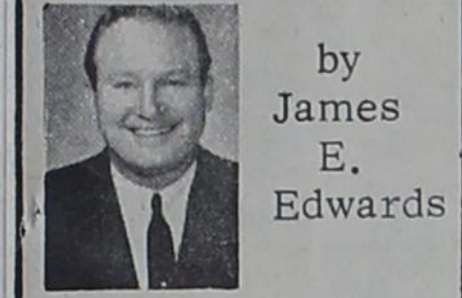

work and floor sills, beams and joists should be pressure treated to fully protect the structure, he says.

Most of these preserving materials are intended for a specific purpose, Smith explains. For example, penta, with a water repellent additive, is a good preservative for exterior woodwork which will be exposed to heavy moisture. When penta is mixed with a light weight solvent like naphtha the surface can be painted, says the forester.

wood can now be treated with a fire retardant, thus giving the home protection against fire as well as decay and insect damage.

Smith recommends using pressure preserved lumber where wood will be exposed to weather or near the ground. He says that most builders and lumberyards can obtain this lumber and the extra cost will be more than offset by the protection for the owner.

FOOTSAVING EDUCATION

by James E. Edwards

Foot Care For Children

Soon mothers everywhere will be shopping for back to school clothes for their youngsters. First on every list should be shoes. Many mothers lack sound information about foot health, thus are handicapped when they buy footwear for their children. A lack of this knowledge can be disastrous. Seven out of ten children have trouble with their feet before they reach high school. Medical statistics show that nine out of ten babies are born with perfect feet.

I suggest that you file the next few issues of this article which will contain a number of sensible rules for you to consider and practice when buying your children's shoes.

Robin Hood Shoes.
Designed for Young America

Orthopedic Shoes Fitted to Your Doctor's Prescription

Edwards' SHOE STORE

CLOVIS, N. MEX.

For sills and joists that will not be painted, creosote or penta can be mixed with oil, explains Smith. For wood that will not be exposed to large amounts of moisture, certain water-borne preservatives can be used to leave the wood clean, odorless, and paintable, he adds. Also, when replacing exterior wood or supporting members he advises using pressure-treated lumber. The forester points out that

Car Accident Rate Ruled by Distance

What are a driver's chances of having an accident in his lifetime? It depends partly on the distance he drives, according to the National Safety Council.

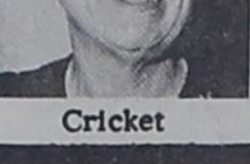

A person who drives 12,000 miles a year has 1 chance in 3 of having some kind of an accident. There is 1 chance in 4 that damage will be limited to property, 1 in 35 that there will be at least one injury, and 1 in 1,300 for a fatality.

One who travels 8,000 miles a year stands 1 chance in 5 for any accident, 1 chance in 6 for a property damage accident, 1 in 55 for an injury accident, and 1 in 2,000 for a fatal one.

TIPS ON FOOD NEEDS

During the hot summer days when energy lags, in mid-morning or afternoon, drink a cold glass of milk for a refreshing lift.

Nutritionists remind us that it is difficult to have a balanced diet without including a good deal of milk every day. One reason is because it is rich in calcium and other minerals, high quality protein and vitamins.

Many people are not getting enough milk and dairy foods in their daily diets. With a bit of planning, a milk bar near refrigerator where youngsters can make their own milk shakes can add to the nutritional needs of the family.

KEEP FOODS SAFE

Much of the "summer sickness," which are in many cases mild cases of food poisoning could be avoided by careful refrigeration.

Soft portein foods spoil quickly in a warm kitchen or place. Custards, cream filled pastries or cakes, stuffed egg, potato salad, left over poultry and fish are especially susceptible to spoilage when left several hours in a warm kitchen or picnic baskets. Best precaution against spoilage of these foods are speedy refrigeration and short-time storage.

Do you know that foods that cause poisoning often show no signs of spoilage? It is not safe to rely on taste, odor or appearance.

SKIPPING BREAKFAST DOESN'T PAY

That's what some of the members of a recent "weight control class" conducted by the Home Demonstration Agent have discovered. Even if you are trying to lose weight,

You are robbing yourself of potential alertness and efficiency during the late morning hours.

Breakfast supplies one-

KIRBY VACUUM CLEANER
Sales and Service--Rebuilt Cleaners and parts for Most Makes. Box 612--909 W. Plains or Phone 762-2121 for Free Showing in Home. Clovis N. Mex.

fourth to one-third of the day's total food requirements. It makes a good contribution of most of the essential food nutrients, such as minerals and vitamins. That eliminates the doughnut and coffee type of breakfast, which are high in calories but low in food nutrients.

Basic foods considered essential in daily diets are: fruits and fruit juices, cereals or eggs and meat or both, bread, butter or margarine and milk.

CHOOSE "LOADED" CALORIES

All foods contains some calories. But some foods contains so many nutrients, vitamins, minerals and proteins -- that every calorie is virtually "loaded." The calories in meats, eggs, grain or enriched cereals, vegetables, fruits, milk are loaded with important nutrients. That's why they are so important even in reducing diets -- according to our best authority on foods and nutrition.

When we choose "loaded" calories, it means better health, improved morale and appearance.

If anyone is interested in rating their eating habits, a new Extension leaflet "Are you a Good Eater?" is available at the Home Demonstration Agent's Office. It gives some common symptoms of food deficiencies.

New Field Breeds Plants To Order

Chemurgentics is a new word for a relatively new field. Simply put, it describes the process of breeding plants for specific industrial uses -- a sort of "you name it, we'll grow it" process.

In chemurgentics an industry determines the properties it wants in an agricultural raw material; then the geneticist, working with the chemist, attempts to breed those properties in an agricultural crop. Chemurgentics is research aimed in a positive direction toward crops that will have an immediate demand.

Recently the USDA and corn refining companies participated in a chemurgentic effort to increase the amylose content of corn. Pure amylopectin starch has important applications as a thickening agent, in the manufacture of adhesives and in textile printing and finishing. Potential uses for amylose also include permanent textile finishes, plastics, film making and paper pulp fiber bonding. Today a 50 to 60 per cent amylose crop called amylo maize is being produced commercially on a contract basis.

Changing the starch composition is not the only chemurgentic interest in the corn kernel. Since corn is the most widely used agricultural raw material

Grass, Trees And Flowers Are Field Day Attraction

The fifteen lawn grass plots and the thirty-five trees and shrubs plus the flowers around the buildings at the High Plains Research Foundation have attracted many visitors during the year. A new feature for the Seventh Annual Field Day on Friday, September 13, will be an opportunity to view the grasses, shrubbery and flowers before or after the farm field tours, which will begin at 1:30 p.m.

Added to this new walking tour will be a display of the latest in lawn and tree maintenance equipment by local dealers. Hosts will be available to explain the grasses and equipment. "Signs, prepared by the 4-H Club of Halfway, will identify the trees and shrubs for those who are interested," Dr. E.H. Collister, Director of the Foundation, said in announcing this new feature. "Garden Clubs and lawn enthusiasts will enjoy this part of the afternoon program."

The farm machinery exhibit will be located around the Halfway Community Building, west of the Baptist Church at Halfway, and south of the Community Building and the Church. The latest in farm equipment for all kinds of farm operations will be on display with personnel representing the various companies on hand to explain their use, operation and value. The flame cultivation equipment will be included since the two field days have been combined for 1963.

The average attendance for

the last six years at the High Plains Research Foundation Field Day has been around 2,500. With the increase of 26 research projects this year, this average is expected to be exceeded. Trailer manufacturers and farmers have supplied the Foundation some 26 trailers each year, which with the four at the Foundation make 30 available for the guests on the farm tour.

The farm tour leaves the headquarters building and ends at the farm machinery display. Implement dealers in the area

supply new tractors to transport the trailers around the 310 acre farm. Seven stops will be made on the tour. Members of the Young Farmers Chapters throughout the High Plains drive the tractors and assist as guides. County Agents, S.C.S. personnel and industry representatives also assist as guides and assist the Foundation staff with talks at the stops.

The Field Day originally scheduled for September 10 has been rescheduled for Friday September 13.

Farmers-Ranchers Told Of Deadline

Farmers and ranchmen are reminded that claims for the Federal Gas Tax refund must be submitted before September 30, says C.H. Bates, farm management specialist, Texas Agricultural Extension Service.

This refund is on the four cents per gallon excise tax paid on gasoline and diesel fuel used by operators on their farms during the period July 1, 1962 to June 30, 1963, says Bates. He explains that this refund has no connection with the claim for refunds sent to the State Comptroller's office. The gasoline used on an operator's farm by custom contractors is also eligible for the refund, points out Bates, but fuel used in highway travel is not.

The special postcard form, 2240, is the proper one to use to submit fuel claims, says Bates, and they have been mailed to operators who reported in 1962. New farmers and those who have not received the Form 2240, may obtain them from the office of the county extension agent or the area offices of Internal Revenue Service, he says.

Bates reminds that claims are subject to audit, just as other reports submitted to the Internal Revenue Service, and records should be kept to support refund claims. The spec-

alist emphasizes that the deadline for reporting claims is September 30.

Do 10 hours' work in 8 with the Case-o-matic, 830!

Here's where power pays off by the clock—and by the acre.

Few tractors can equal a Case 830's work capacity... even in regular drive. Its big-bore, long-stroke engine digs down for extra lugging ability that adds mule-power to rated horsepower. In average soils it whips 5 or 6 bottoms along at a time-saving clip.

When you hit a tough spot, flip it into Case-o-matic Drive . . . on-the-go. Instantly — automatically — the torque converter adds up to 100% MORE pull-power. No clutching, shifting or stalling. And the extra power is metered out without waste — without damaging strain.

The Case-o-matic 830's reserve pull-power lets you work in a higher gear . . . add an extra bottom . . . pull wider or heavier implements. You owe it to yourself to try one.

We're ready to Demonstrate!

Bulletin Discusses Hog Production

At what weight should I sell my hogs? This question is one that confronts every producer at one time or another. The answer varies according to conditions but a few things are basic in the decision, explains L-604, a new publication of the Texas Agricultural Extension Service.

You will need to know the amount of feed required to feed the hogs longer, the cost of this feed, the length of time that will be needed to put on the addi-

tional weight wanted, and an idea of the price you will get at selling time. The conclusion that must finally be drawn from considering these facts is whether the additional cost required to feed to a higher weight is more or less than the additional income.

It has been proven in research at Texas A&M College that as a hog gets heavier, more feed is required to put additional gain on them, says the publication. Feed accounts

for about 80 per cent of the cost of producing heavier weight hogs and therefore for each dollar invested in feed the hog must return \$1.25 just to break even on the operation.

Estimating the price you will

get when you sell the hogs is perhaps the hardest part of the decision. You need to carefully study reliable price outlook data for the period when you will market the animals and also know the price paid today for your grade and weight hogs.

The publication gives several tables which will help the producer determine if he can profitably feed hogs longer or if he should market them as they are. For a copy of L-604, "For Highest Hog Profit -- Feed to Heavier Weights -- or Sell Now?", see your county agricultural agent or write the Agricultural Information Office, College Station, Texas.

The correct handling of hogs on the way to market during hot weather can mean less shrink and death loss in transit. Husbandmen suggest that producers sort animals before loading, bed the truck with wet sand, load the truck a little lighter, keep the vehicle moving, and check the hogs frequently.

Cattlemen Discuss Soil Bank With USDA Officials

Upon invitation of Secretary of Agriculture Orville Freeman, a number of cattlemen met with USDA officials in Washington recently to discuss H.R. 7154, which would extend the conservation reserve program (soil bank). One provision of the bill would permit livestock grazing on the soil bank land taken out of crop production.

The Texas and Southwestern Cattle Raisers Association was

represented at the conference by president Leo Welder of Victoria; first vice-president Fred Wulff of Brady; second vice-president Ben Carpenter of Dallas; Dolph Briscoe, Jr., of Uvalde, immediate past president; Cameron Duncan of San Antonio, chairman of the feeder-cattle committee; and Joe S. Fletcher of Fort Worth, secretary-general manager. A number of other cattlemen's associations were also represented, including The American National Cattlemen's Association.

President Welder and other members of the TSCRA group told USDA officials that if grazing is permitted on soil bank acres many farmers would go into cattle production in competition to those already engaged in this business, and this competition would work a hardship on these established producers.

The peculiar "protective" attitude of the movie industry is spotlighted in a current advertisement in a daily paper that indicates what age persons should not be taken to see certain showings. This one was HUD. The classification was ADULT -- Admission, Adults 75¢ -- Children under 12 FREE.

Mr. and Mrs. Ernest Kube, of Farwell were in the office Friday, and we enjoyed visiting a few minutes with them. Mr. Kube recently retired as a local director of Farm Bureau.

Linda Rector, Friona, and Jane Bradshaw, Farwell, Farmer County High School students attending the Farm Bureau Citizenship Seminar in Gainsville will return home Saturday evening. We hope to have reports from them in the near future.

District II Farm Bureau leaders will meet in Plainview Friday, August 29 in the Chamber of Commerce Building at 1:30 p.m. This will be the meeting where policy development will be discussed. Problems that need attention in 1963 FB conventions will be aired and plans for getting grassroots opinions expressed in county conventions will be considered.

You are welcome to attend this meeting, and you will be cordially received. C. H. DeVaney, TFB President and Ed McKay, TFB assistant legislative director will be there, and you will enjoy hearing them. Jim Dixon, Legislative chairman and John Armstrong, Policy Development chairman, will probably be there with members of their committees.

CONSIDER THIS: Better is a little with righteousness, than great revenues without right. Proverbs 16:8.

Debt Interest \$213 A Family

Spending by the federal government for interest on the public debt will reach \$10 billion in the 1964 fiscal year, or \$213 for each American family.

The \$10 billion figure for interest payments is up by \$300 million over the amount paid in fiscal 1963--\$9.78 billion. And it is just about double the total paid for interest 17 years ago. In fiscal 1947 the interest figure was \$5 billion.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

The administration "non-chalant" attitude being publicly displayed that wheat farmers voted against all farm programs in defeating the completely unacceptable referendum offered is not helping the farm situation. Neither is it helping the farmers' opinions of those who say there will be no program for wheat because you said you didn't want one when you voted no in May.

Several bi-partisan supported bills have been introduced which show, in a measure, what many farmers want. Sensible consideration of these bills is a legislative "must," and we believe it will be given, finally.

The Seventh Annual Field Day and barbecue at the High Plains Research Foundation, formerly scheduled for September 10, has been changed to Friday, September 13, C. H. Janeway, Head of Public Relations, stated in announcing the change in dates that it was necessary to reschedule the event for Friday, September 13, in order to obtain The Honorable George Mahon, as guest speaker.

The activities will start at 1:30 p.m. with mobile tours of the farm until 5:00 p.m. A free barbecue will be served between 5:15 p.m. and 6 p.m. The barbecue is courtesy of Goodpasture Grain and Milling Company in Brownfield, and Hale County State Bank in Plainview. A brief program will conclude the activities at 7 p.m. Last year around 3,000 people came to see and hear the latest and best ways of farming for the Panhandle of Texas.

Texas farmers report intentions to farrow 95,000 sows this fall which is 14 per cent below farrowings in 1962. This would indicate a crop of 665,000 pigs, if the farrowing rate remains constant, to be marketed in the spring of 1964.

Research Projects Announced To Aid The Cotton Industry

As a part of the U. S. Department of Agriculture's utilization research effort to strengthen cotton's position in the highly competitive textile market, two new research projects and the development of a textile mill aid have been announced.

Exploratory research to study the behavior of cotton fibers in high speed air will be conducted by General Applied Science Laboratories, Scientists believe this aero-dynamic approach offers much promise in opening, cleaning and processing cotton as it comes from the bale. Contract researchers will determine the airflow needed to separate cotton fibers and will study pressure, velocity, humidity, temperature and density.

A contract with Texas Woman's University will finance research on applying chemicals to make cotton fabrics for outdoor use water repellent. The research workers will screen many water repellent compounds to determine which types offer the greatest promise for cotton fabrics to be used outdoors, where it is exposed to sunlight.

Textile mills are now evaluating a simple, inexpensive device that increases a carding machine's efficiency in removing trash from cotton to be spun. Scientists of the USDA's Agricultural Research Service developed the device which is a series of baffles that replace the cleaning knives normally used in cotton carding machines.

The device, called a fiber retriever, has been tested in four mills and they report that its use increased card cleaning by as much as 25 per cent. Some 20 additional mills are now evaluating the unit.

In addition to trash removal, the retriever also removes a higher percentage of short, undeveloped fibers and decreases the loss of spinnable fibers. It also slightly improves uniformity and appearance of the yarn. High speed production has no apparent adverse effect on its performance, the USDA said.

While in Knoxville, Tennessee, Parker made arrangements for the purchase of a reasonably new instrument for the measurement of fiber strength and elongation, called a "Stelometer." The instrument, which should be shipped to Lubbock in the near future, will be a valuable addition to the already well-equipped Textile Research Laboratory at Texas Tech where PCG does its fiber and spinning research.

PCG Gets Yarn-Testing Deal With Georgia Mill

The trip also gave Parker a chance to confer on mutual interests with officials of the Saco-Lowell Research Laboratory and the Clemson Spinning Laboratory, both at Greenville, South Carolina, the University of Tennessee Spinning Laboratory at Knoxville, and the Textile Research Department of Auburn University in Alabama.

Field Day Set By Foundation

On The Farm In Farmer County
By DERYL COKER
County Agent

The Sorghum Midge is a very dangerous insect, and you had better watch your sorghum crop real close until you are out of danger.

The Sorghum Midge cannot damage grain sorghum after it finishes blooming.

Each year we have some farmers that put a desiccant on grain sorghum to dry it out, but let me remind you that there is no desiccant approved or cleared for use on grain sorghum.

If you apply any pesticide that is not cleared, and the Food & Drug Administration finds it out, you cannot market the crop unless it can be cleared.

In other words don't use any chemical unless you know it is safe.

Prussic acid results from the Hydrolysis of a glucoside which is normally present in actively growing plants of the sorghum family. The splitting of the glucoside into prussic acid only occurs in dangerous amounts when the plant's growth is interrupted by inadequate moisture or frosting. There are several factors that influence the production of prussic acid in the plants. The following factors should be considered in controlling losses from this poison:

1. The type of plant to be grazed--All members of the Sorghum family, including Johnson grass, sudan, milo, forage sorghums, and all the hybrids of this group of plants are hazardous under certain circumstances. Young plants, or second growth suckers, are more likely to cause trouble than older plants near-
