

### It's just too early...

Now, I'm just as political as the next guy, but I really think these campaigns for the president run a bit too long.

Here it is, still more than a year away from the vote to elect Reagan's successor, and I'm already tired of reading and hearing about all the candidates.

Fortunately, a few candidates have either already bitten the dust or have announced they are bypassing the Big One. Good.

I do have mixed emotions on the reasons that Sens. Hart and Biden called it quits. On one hand, I wasn't overly impressed with either of these gentlemen. But I don't agree with the media's contention that they must look under every rock in a candidate's past.

Let's face it, every one of us has skeletons in the closet. For the most part, they don't have any bearing on the kind of people we are today, or the type of job we perform.

In Hart's case, his current messing around was okay to report, I feel. But I don't agree it was important to bring out

big headlines on Biden's foul-up in college or Pat Robertson's family beginnings. That isn't important.

Don't get me wrong. I have a low opinion of Sen. Biden. He's one of the fellows who dredged up Judge Bork's views 25 years ago, then couldn't understand why the media was persecuting him for what he did during the same time period. I call that hypocritical.

Anyway, as I said, I'm tired of all this stuff at such an early date. I wish they would pass a law having three or four super primaries in the May before a presidential election. And campaigning would not be allowed to begin until two months before those super primaries.

Unfortunately, that isn't the case. Instead, we will be treated to all sorts of sensationalism as each candidate strives mightily the next few months to get more name recognition.

I read the other day about some candidate, a former Arizona governor, I believe, who I never heard of, will

appear on a TV show making fun of candidates - just so he can get some recognition. That figures.

Of course, without all this hoopla, it would be tough for political writers and broadcasters to make a living. And I hate to see people out of work.

A post mortem on Judge Bork:

When I had written my column several weeks back supporting his candidacy, I planned to add a line in saying he would be defeated easily.

So it doesn't come as a great surprise to see the final verdict. It was simply a

## McDonald wins 7th grid tilt

It was a tough week for entrants in last week's Area Merchants Football Contest.

It was the first week for the NFL pro players after three weeks of replacements, and surprises abounded. Also, in the college ranks, TCU shocked Baylor.

Only four participants had 10 games picked correctly: Cheryl Burton, Luciano Daniel, Mrs. B.L. Harding and Donnie McDonald.

McDonald, a Lazbuddie farmer, was declared the first place winner by virtue of having his score closest to the tie breaker: Farwell 21, Anton 18. He was 15 off the tie breaker. Thus, he won the weekly \$10 cash prize.

The winner of the second place cash prize was Cheryl Burton. She was 18 off the tie breaker.

With 9 right were: Bonnye Black, Ysleta Kittrell, Bobbie McFarland, Carolla Smith, Cookie Standifer, Jerry Stover and Kay Warmuth.

Results of last week's contests were:

Bovina over Sudan, Tullia over Friona, Clovis over Roswell, Notre Dame over USC, Colorado St. over New Mexico, TCU over Baylor, Tennessee over Georgia Tech, Green Bay over Detroit, Philadelphia over Dallas, Houston over Atlanta, Minnesota over Denver and Pittsburgh over Cincinnati.

With 7 weeks down in the 12-week contest, here are the standings of the leaders: 60 points - Steve Kittrell. 58 - Linda Gerles. 57 - T.J. Kittrell, Jena Pyburn.

Maudie Speck, office manager of C&H Equipment in Muleshoe, presents the first place check to Donnie McDonald for winning the Football Contest last week. C&H Equipment is one of the contest sponsors.

- 56 - Fuji Ortiz.
- 55 - Kevin Owen.
- 54 - Mamie Howard.
- 53 - Ralph Franse, Larry Gulley, Brent Green, Jennifer Guthals, Gene Hardage and Donnie McDonald.
- 52 - Don Gartin, Lisa Gerles, Mrs. B.L. Harding, Sammy Herrera, Steve Ketcherside, Ann Liethen, Mark Liethen, Lonnie McFarland, Carolla Smith, Velma Warmuth and Carl Dean Goettsch.
- 51 - Rick Castaneda, Lesley Curtis, Cheryl Green, Roy King, Nic Liethen, Amy Murray, Amanda Perales, Billy Roberts, Vernon Thigpen, Jim Williams and Richard Engelking.
- 50 - Lynn Burton, Damon George, Doyle Green, Hurschel Harding, Teresa King, Ysleta Kittrell, Jimmy Donahay, Brenda Ortiz, Modine Parker, Roy Perales, Marshal

Pool, Champ Porter, Shorty Robertson, Dolores Williams and Russ Jones.

All the totals are on display at the Tribune office during normal business hours. Entrants must be 12 years old or older.

All entries must be turned in at the Tribune office before 5 p.m. Friday (today) or, if mailed, must bear a Friday postmark.

The grand prize of the 12-week contest will be two tickets to the Dallas Cowboys - St. Louis Cardinals game Dec. 27 in Dallas. The prize also includes lodging at the Airport Hilton, transportation to and from the airport, and to and from the stadium, free brunch, tour of Cowboys Center and \$50 spending cash.

The Texico City Council has asked the Tribune to print this questionnaire so that the councilmen can get the community's views on a proposed ordinance regulating semi-trailer trucks. Questionnaires should be dropped off at Texico City Hall or sent to: City of Texico, Box 208, Texico, N.M. 88135.

1. Does the City of Texico need an ordinance regulating semi-trailer usage on city streets?

2. Do you think semi-trailers are causing damage to city streets and-or private property?

3. If you believe semi-trailers are causing damage, what do you believe should be done about it?

4. Should any restriction include all semi-trailers or only loaded semi-trailers?

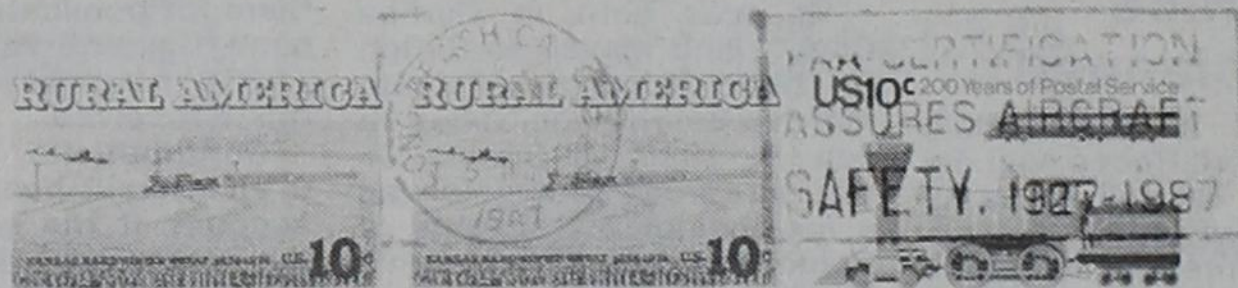

5. Do you believe that restricting use to only certain streets or areas would solve the problem? If so, what streets or areas do you recommend?

6. If you believe that certain semi-trucks should not be allowed on city streets, where do you suggest they be parked?

7. Do you believe that a general obligation bond issue should be passed to improve city streets so that such vehicles do not damage the streets?

8. Where do you believe that the weight limit for semi-trailers, if any, should be placed?

9. If a trailer exceeds the weight limit, what type of punishment is appropriate (must be less than 6 months in jail and-or \$300 fine)?

These railroad stamps were placed on the envelope by Sidney Williams of Long Beach, Calif., when he sent his donation to the Bordertown Heritage Foundation.

The group seeking to save the old Texico depot met Monday at Luce's Spur Restaurant.

Present were Ann Cooper, Vernon Luce and Sue Scioli.

Tuesday is election day in Texas. Polls will be open from 7 a.m. - 7 p.m.

This year's ballot will contain proposed constitutional amendments. There are no candidates running in this election.

Mrs. Cooper reported that an official of the National Society for Historic Preservation has contacted the Santa Fe about guidelines that must

be followed. The official also has urged the Texico - Farwell group to go ahead with its plans to seek a state grant.

## Kellie doing therapy

Kellie Anderson's condition continues to improve at St. Joseph's Hospital in Phoenix.

Kellie has been in the hospital since July 26; she was admitted in a coma, and she spent several weeks in the Intensive Care Unit. Since then she has quite a lot of physical therapy to regain her strength, and several adjustments to her medications.

"Kellie is making good progress, but we're scared to get too excited for fear she will have another setback," said her mother, Mrs. Marvin Anderson.

Kellie now plays basketball and baseball with her therapist in addition to doing exercises to build up her muscles. She also jogs down the hall while pushing Mrs. Anderson or the therapist in a wheelchair.

Recently, Mrs. Anderson and Kellie met a woman whose husband was in ICU at the same Kellie was. Kellie was jogging while she was pushing her therapist around in the wheelchair. The lady was so surprised to see the Andersons that she said, "Let me hug Kellie," and then hugged the physical therapist by mistake. Without looking, she assumed that the person in the wheelchair would be the girl she had seen in ICU, not a physical therapist.

Doctors continue to decrease Kellie's medications without any serious side effects, so the Andersons are very hopeful that she will be home soon. But, nurses at St. Joseph's Hospital are now wearing masks to keep from spreading the flu that is affecting people in Phoenix. The Andersons are hopeful that Kellie will have no new problems.

wants to tear it down so it can realign its tracks, the site of several accidents.

Mrs. Cooper has been told by state officials that New Mexico gives grants up to \$400,000 for projects within their guidelines. Grant applications must go through city councils or county commissioners.

The local group, which calls itself the Bordertown Heritage Foundation, has not written a grant proposal because new guidelines for writing such proposals won't be announced until November, said Mrs. Cooper.

After that, it would take 3 to 4 months to find out if the grant is okayed.

So far, the group has received about \$1,000 in donations, with more than \$3,000 pledged. The latest donations, reported Luce, came from Abie Crume of Hereford and Sidney Williams of California.

Mrs. Cooper said a lot of people are waiting to see further action on the grand application before donating.

In an effort to keep the group before the public, Mrs. Cooper asked that State Line Tribune readers who have stories, anecdotes or vignettes to tell about the old depot, write them down and submit them for publication. The Tribune (Box 255, Farwell, Texas 79325) has agreed to publish those received.

Contributions are placed in an interest-bearing escrow account. If the project fails, the money will be returned with interest.

Donations can be sent to: Bordertown Heritage Foundation, Box 592, Texico, N.M. 88135.

case of political considerations taking front stage in the thinking of the majority of senators. While I don't agree with it, in this type of situation, I can understand it. Senators are politicians first, senators second.

Postscript: Back in May, I picked the St. Louis Cardinals to win the World Series. Close - but no cigar.

There was a very nice letter to the editor from Dean McIntyre in the Clovis newspaper Sunday honoring Farwell's Dr. William Green.

According to the letter, an injured youth who did not have health insurance was unable to get a physician's help, until Dr. Green was called.

The letter notes, "We are grateful for the compassion and generosity of the Greens."

## Texico discusses semi-trailer rules

The Texico City Council Tuesday discussed a possible ordinance regulating semi-trailers and large trucks on city streets.

To get the views of the community, the State Line Tribune agreed to put a questionnaire in today's issue.

Basically, the council feels that the city streets are not wide enough for the semis, and that when they are loaded they can damage city streets.

In other business, the council talked about the hazard of the broken fence around the lake at KKR Park. Signs may be posted and the fence may be rebuilt, at a further distance from the lake.

The question of whether

Ave. F, at the southern boundary of Texico, is within city limits was broached. City Attorney Duane Hamar said Ave. F is not a dedicated city street.

A fence being placed at Catherine and State streets was mentioned. The city marshal will be asked to check on whether it, and similar fences, are on city right-of-way.

As for the proposal to have an ordinance restricting businesses that have sexually-oriented material or conduct, Hamar was asked to see what Curry County and Clovis use.

Remodeling City Hall was discussed. Councilman Doyal LaRue will check with EPCOG on getting help to plan it.

## Muleshoe hospital re-opens its doors

West Plains Medical Center in Muleshoe opened its doors to the public on Oct. 26.

It had been closed since Nov. 13, 1987 when Westworld Community Healthcare, Inc. closed all the hospitals it operated in Texas and other states.

West Plains Medical Center is accepting patients. Its emergency room, lab, x-ray, and birthing facilities are ready for use. Drs. Allgood and Purdy are affiliated with the West Plains Medical Center. They are accepting patients.

The phone number for West Plains Medical Center is 272-4524; it is the old number that the hospital had in the past.

The hospital will be operating on a cash basis until funding can be secured. They will be paying the doctors and nurses, but many other positions will be filled with volunteers.

The members of the original Board of Directors of West Plains Medical Center, Inc. worked to regain control of

the hospital. It did so in June of this year.

Then the Board of Directors began researching ways to re-open the hospital. They found out that they had to open in less than a year from the time they were closed, or they would face being licensed as a new hospital instead of an existing hospital. New hospitals must have complete sprinkler systems and other costly capital improvements; existing hospitals can be licensed under less stringent regulations.

Studies were done with the assistance of Methodist Hospital in Lubbock which showed that Muleshoe could probably support a hospital if it was managed properly.

The Board of Directors sought out donations from the community to get West Plains Medical Center into shape for its re-licensing. The Board accepted donations of time and money. Strong community support was shown last weekend by the people who showed up to volunteer their time and energy for repairs and cleanup of the hospital.

Donations of money may be made to the West Plains Medical Center Inc. Improvements Fund at Muleshoe State Bank.

# Farwell tips Anton, eyes playoff spot

By ROBBY DYER

Combine a super Farwell offense with a great defense and what do you get? A 21-18 win over Anton in district play this Friday.

The win ups the Farwell district record to 3-1 and puts the Steers in a solid position to try and earn a playoff spot.

The Farwell players worked hard and won a spectacular game.

The game opened with Farwell kicking off. After the Steers

got the ball back, Jeff Actkinson scored for Farwell. Joe Jaime kicked the extra point.

Then the tide turned, as Anton scored. The extra point kick was good. Then right before the half, Anton kicked a field goal to take a 10-7 lead into the dressing room.

Anton kicked off to start the third quarter and Shawn Steward made a super return for 50 yards. Jeff Actkinson then burst through the Anton defense for a 50-yard TD gallop, and Jaime kicked the extra point again. Farwell led, 14-10.

Anton fumbled the ball and the Steers recovered. Farwell drove to the 1-yard line but was unable to score. Anton then took the ball 96 yards for a score, moving out in front 18-10 after a 2-point conversion succeeded.

Deep in the final stanza, the Steers went on the attack. Greg Bearss caught a pass for 18 yards. Then Greg Actkinson hit Bony Nicolas with a 40-yard pass. The Steers wrapped up the game as Jeff Actkinson scored his third TD, with Jaime again kicking the extra point.

Here's what Coach Rex Cumpton said: "This was a good victory for us. Our team showed a lot of character by coming back after we were behind. We had some young men come through with outstanding

performances. Our offensive line did an excellent job of blocking. Our backs did a good job of running. We executed the big play when we had to.

"Defensively, we were able to control what they did well. They hit for a couple of big plays but for the most part we contained them. Our next game is Oct. 30 at Farwell, against Lorenzo. This is our last home game so let's have a big crowd."

Individual statistics were:  
Rushing: Jeff Actkinson, 29 attempts for 129 yards; Damon George, 17 for 77 yards; and Joe Jaime, 11 for 45 yards.

Receiving: George, 2 catches for 16 yards; Bony Nicolas, 2 for 47; Bearss, 1 for 18. Greg Actkinson completed 4 of 6 passes for 81 yards.

Farwell rushed 61 times for 242 yards; Anton was 24 for 158. Anton had 8 of 12 pass completions for 102 yards; Farwell had 81 yards. Overall, Farwell had 316 net yards to Anton's 260.

Farwell had 21 first downs; Anton 9. Farwell punted twice for a 35-yard average; Anton also punted twice, averaging 38 yards. Farwell was penalized 6 times for 35 yards; Anton 3 times for 13 yards.

## Askew leads Bearcats; Jenkins paces Wolverines

The Wolverines lost 32-17 to the undefeated Bandits Saturday in girl's basketball action in Clovis.

Scoring were: Dara Jenkins, 8, Natasha Shaw and Kellie King, 4, and Cathy King, 1. The Wolverines played well, but they just couldn't cut off Melrose's number 25, and they were unable to score as high as usual.

That afternoon, the Wolverines defeated the Wildcats 29-11. Scoring were Dara Jenkins, 12, Natasha Shaw, 6, Cathy King and Chesna Campbell, 4 each, and Laura Vega, 3.

Texico's other girls' team, the Bearcats, also played two games on Oct. 24.

The Bearcats defeated the Fillies 30-4 in the first game. Scoring were: Terri Askew, 16, Jody Chadwick, 2, Carol Servatius, 2, Brandy Steward, 6, and Wendi Isaccs, 4.

Then the Bearcats defeated the Warriors 23-20. Scoring were Terri Askew, 8, Crystal Foreman, 4, Brandy Steward, 9, and Wendi Isaccs, 2.

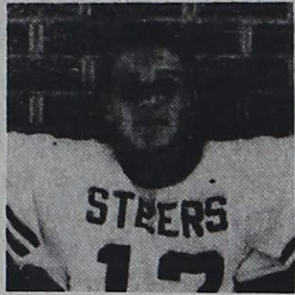

Coach Greg Martin commented: "The girls played well this Saturday. They are improving every week."

On Oct. 31, the Wolverines will play the Dribblers at 9 a.m. MST at the old Yucca

gym. They will play Farwell at 4:30 p.m. in the new gym.

The Bearcats play the Lady Cats at 9 a.m. in Yucca's new gym and then play again at 11:30 a.m. as they meet Farwell.

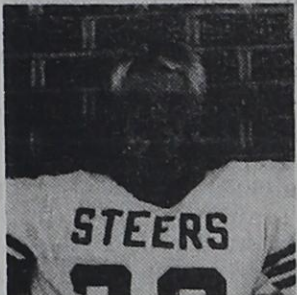

## Steers of the Week

Greg Actkinson

Dustin Hardage

Clint Kelley

Greg Actkinson won the Steer of the Week offensive honors. He completed 4 of 6 passes for 81 yards and did an excellent job of executing the offense, said Coach Rex Cumpton. Sharing defensive honors were Dustin Hardage, with 7 tackles, including 1 for a loss, and Clint Kelley, with 4 tackles and two passes knocked down.

## Dimmitt blanks Farwell JV

Farwell's JV football team played undefeated Dimmitt last week. Dimmitt won 28-0.

"Dimmitt is undefeated this season; it is a 3A school. It's no fun to lose, but at least we lost to a good team," said coach Larry Gregory.

Gregory cited a smaller than normal squad as another factor that kept them from a victory. "We were short-handed due to injuries, illness and grades," said Gregory.

Farwell's JV team next plays Sudan here at 5 p.m. on Nov. 12.

# HOWDY, PARTNER!

Repeat that greeting 60,000,000 times to that many cooperative consumer-owners throughout the entire nation, and you come up with one of the greatest networks of partnerships in existence.

Cooperatives, owned and operated by their members, provide an array of goods and services for their friends, neighbors and communities. Co-ops are found in big cities, small towns, rural areas — anywhere people need to get things done efficiently and economically.

There are co-ops for electric and telephone service, farm credit, credit unions, farm marketing and farm supply, insurance, food, and health and day care.

40,000 co-ops have made their mark on their communities with a 50-year-plus track record of helping their communities thrive. That's a lot of progress for a lot of people.

So look for the people in partnership in your community. They're working hard for you and for the nation.

## Farwell's Soto elected

Judith Soto

On Oct. 14, at Region XVI Educational Service Center in Amarillo, Judith Soto was elected secretary of Region XVI Migrant Parent Advisory Council.

Others elected were: President Leanne Payne, Booker, and Vice President Donna Cozley, Lazbuddie.

Verona Traynor, Chapter I Migrant teacher and Judith Soto, Migrant Parent Advisory Representative attended. The program included a review of the Migrant Parent Advisory counseling services available to migrant students.

The roles of the PAC are: 1. to establish and strengthen the cooperation of the parents in the education of their children; 2. to provide volunteer help to the classroom teacher to better meet the individual needs of migrant children; 3. to develop an environment that encourages friendly two-way communication between home and school; 4. to allow parents to make significant contributions to their school and to their community.

The Farwell Parent Advisory Council meets three times a year; September, February, and April. All parents of migrant children are encouraged to attend these meetings.

## Complex questions, but quick answers

Dr. Rollison

Dr. Gary Rolinson of ENMU Portales spoke to Mrs. Eva Dean Stephens' Farwell eighth grade earth science class about astronomy, and he invited them back to the ENMU campus to see the night sky through ENMU's telescope.

Rolinson amazed the students by his quick answers to their complex questions. They had been saving up lots of questions to ask him.

"What is the surface of Saturn like?" asked one student.

"Saturn is mostly a cloud of gas with little or no solid core," Rollison answered. "Our calculations show that it has been raining liquid helium there for the past two billion years. Helium is a gas on earth."

"How can we know the composition of a star by its color?" asked another student.

"Over 120 years ago, in the 1860's, an instrument called the spectroscope was invented which enables us to tell what temperature and chemical composition a star has," answered Rollison.

"How can we tell the same things about a planet?" asked another student.

"The spectroscope can be used to measure reflected light on the surface of a planet just as it can measure the light of a star. Every substance gives off a different color," he replied.

"What is your theory of the formation of the universe?"

Rollison answered: The most widely held theory among astrophysicists is that a big gas cloud collapsed. This early solar nebula imploded in on itself with great force, and then started scattering debris outward to form the universe.

I have doubts about it. For instance, how do you get rid of the magnetic field? How could the angle of momentum work? How does the mathematics of their theory of the formation of the universe agree with the what we observe happening today in many parts of the universe? This is a problem we still need to work on.

"How long does it take for light from other galaxies to get to earth?" asked a student.

Light travels at about 186,000 miles per second. It takes 1,600,000 years for the light to get here from the closest galaxy, and about 18 billion years for it to arrive from the farthest one we can observe.

## 'Project 2000' explained

By Ed Corn

In September, the Farwell School Board attended a state-wide convention held in San Antonio.

We all had a great time but it was work, not play that we went down for. We came back with many ideas we can implement in our schools. Each member attended different seminars on many subjects, (Finance, Construction, Community Involvement, Aids, Teen Suicide, Drug Education, Curriculum, Teacher Pay, etc.). As a board, we feel the convention was beneficial and profitable to the community.

Our kids starting kindergarten today will graduate in the year 2000. As a board, we are participating in a state-wide effort called "Project 2000." Many of the problems we face in our schools weren't known until recently. In the future we in Farwell will need to do a better job of meeting the needs of all the students—those from a growing minority background, and those from single-parent homes.

We may also need to deal with the delinquent ones, those who suffer from drug or alcohol dependency, or those with aids. As a board member, a teacher, or an administrator, there isn't a lot we can do individually. As a school and a community, there is a

lot we can do. "Project 2000" will bring school and community together to produce good kids. That's what we're here for, Anyway.

## Texico JV beats Tatum to go undefeated

The Texico JV grid team beat Tatum 46-6 on Oct. 23 to end its season with a perfect 7-0 record.

Texico had 170 yards rushing and 93 yards passing for a total of 263 yards gained.

Tatum had 58 yards rushing and no passing yards.

In the first quarter, Warren Martin scored on a 22 yard run.

In the second quarter, Hector Orozco scored on a 30 yard pass from Benji McDaniel. Pete Fuentes ran in the point after.

Kenny Shaw caught a 21 yard pass from McDaniel, and Fuentes made the point after. Then Orozco scored a TD on a 16 yard run, and Martin ran in the point after.

In the third quarter, Shaw made spectacular 55 yard run to score a TD, and Jaime Estrada caught a pass from McDaniel.

In the fourth quarter, McDaniel scored on a 42 yard run, and Pete Fuentes ran in the points after. Tatum's Lee Burch scored in the fourth quarter for its only points in the game.

"I'm real proud of what we did this season," said Coach

Curt Cook. "Now we have to turn in the football pads and start practicing basketball. We hope to do the same thing in basketball as we did in football."

Cook cited four boys for their outstanding playing during the Tatum game: Shaw, McDaniel, Orozco, and Martin.

Shaw made a 55 yard end

run reverse; he scored two TD's. McDaniel intercepted three passes; he threw 2 TD's, and he made 7 of his 11 passes. Orozco made 2 TD's and gained 22 yards rushing. Warren Martin scored one TD, and he made 26 yards rushing.

## Anti-crime program OK'd

The Texico - Farwell Lions Club Monday voted to spend \$804 to initiate the nationally-known McGruff anti crime programs in the local schools.

Both the Farwell and Texico elementary principals have okayed using the program in grades kindergarten through fifth, reported Lion James Craig. Six sets of the program will be given each school.

### It's a Boy

Mr. and Mrs. Dwayne Miller of Canyon became the parents of their third son, William Dwayne, on Oct. 17 at 6:11 p.m. at Northwest Texas Hospital in Amarillo.

William Dwayne weighed 9 lbs. 1/2 oz. and he was 21 1/4" long at birth.

He has two older brothers, Darryle, 13, and Larry, 8.

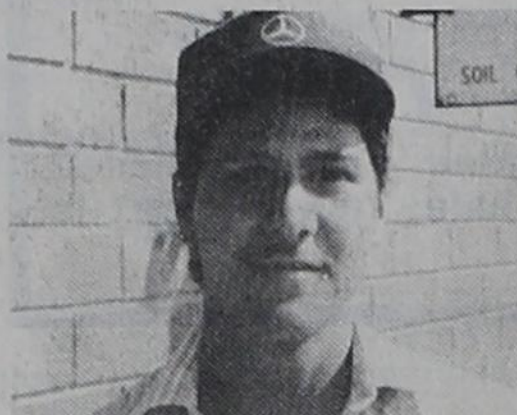

Paternal grandmother is Nora Miller of Denham Springs, La., formerly of Farwell.

Maternal grandparents are Nadine Edge of Muleshoe and the late Garlan Edge.

### It's a Girl

Whitney Nicole Jones was born Oct. 9 at Albuquerque. She weighed 6 lbs., 12 oz., and was 19 1/2 inches long.

She is the daughter of Brian and DeLinda Jones of Clovis. Grandparents are Cletus and Pat Jones of Clovis and Howard and Ann Duncan of Texico.

## BAILEY COUNTY ELECTRIC COOPERATIVE ASSOCIATION

Proceeding down a road or turnrow with a high-rising implement requires care.

Machinery that can be mechanically elevated must be used carefully to avoid danger.

## Use caution during harvest

Cotton harvest is here, and the Cooperative is urging everyone to use extreme care when operating harvest and other farm equipment near electric lines. Cotton module builders, for example, can easily contact an overhead electric line. The same hazard exists with the overhead baskets on cotton strippers.

So the Cooperative urges

— specifically and emphatically — that operators of module builders make sure the packer arm is lowered as far as it will go before moving the implement from one place to another. And the Cooperative further urges

stripper operators using an overhead basket to check for overhead lines before dumping the basket.

If some piece of equipment does contact a 7,200-volt overhead line, the operator should not try to back

away. The line could break, or if the line is already broken, it could tangle in the equipment and break again, compounding the problem and increasing the danger.

The thing to do when equipment contacts an over-

head line is to jump clear of the machine, being sure not to touch the ground and the machine at the same time. Once clear of the machine, the operator should move quickly away from it at a right angle to the power line. Then, whether the line is broken or not, he should call Bailey County Electric Cooperative at (806) 272-4504 just as soon as possible.

## Volleyballers roll

Texico's varsity volleyball team beat Melrose 15-5, 15-2, and 11-15 on Oct. 25 in their last district game of the season. The Lady Wolverines have a record of 13-3 overall, and 7-3 in district.

The Class A District Volleyball Tournament is underway in Texico. Texico won its match on the first night of play.

Heather Delaney had an outstanding serving game. She served 22 balls, with a 95.5% accuracy—9 of the balls were aces. She also had 7 saves and 9 assists in this game.

Robin Pierce served 20 balls with 100% accuracy. Five of the balls she served were aces. Pierce had three saves and 12 assists in this game.

Twilla Longo was close behind with 18 serves, 3 aces, and 94.4% accuracy on her serves. Twilla Longo had three saves and two stuffblocks in this game.

In serve receiving, Leslie Stewart received 20 balls; she made 10 exceptional passes on her receipts, and had 100% on serve reception.

Geneva Garcia received 28 balls. She had 10 excellent passes and a serve reception effectiveness of 89.3%.

Twilla Longo received 28 serves; she had 6 exceptional passes, and a service reception effectiveness of 89.3%.

Heather Delaney had a 90% on serve reception. She received 20 balls, and had 6 excellent passes.

Jennifer Gentry received 28 balls; she had 12 excellent passes, and a service reception effectiveness rate of 89.3%.

Robin Pierce had 8 excellent passes.

Twilla Longo had 13 kills in the game, and Geneva Garcia had 8. Jennifer Gentry led the attack efficiency.

"This was an excellent game all the way around," said Coach Michael Littlejohn.

## 7th-8th progress shown

Texico's 7th and 8th grade volleyball team compiled a record of 9-12 games, and

## Yearlings top Anton

Farwell's 7th and 8th grade Yearlings defeated the Anton Bulldogs on Oct. 22, 26-13.

In the first quarter, Chad Byrd scored a TD on a 6 yard run and he also scored on a 65 yard punt return.

In the second quarter, Byrd scored on a 22 yard run. Mike Loera scored the two points after.

In the fourth quarter, Anton scored a TD and the two points after. Then Juan Gomez scored for Farwell. The Bulldogs came back and scored a second TD in the last quarter.

Anton's team had little relief during the game since they had only 15 men in uniforms. Farwell, on the other hand, was able to let its seventh graders get some experience in the final half of the game since they were ahead.

Coach Gary Cates said: "This was a big win for us. The kids needed a win to boost their spirits and confidence."

"Both the seventh and eighth grade teams played well, especially considering the fact that it was the first game that the seventh grade team has played. The eighth grade team was really good on both offense and defense."

Farwell Junior High next plays at Lazbuddie on Nov. 5 at 5 p.m.

2-6 matches, which doesn't sound too good, but the fact that their opponents only averaged 1.5 points per game more than they did puts things back into perspective.

"These young ladies improved a lot more than their record shows. I am pleased with most of their progress from start to finish," said Coach Littlejohn.

## 9th graders unbeaten

Texico's 9th grade volleyball team is the first one in 9 years that has not lost a game or match.

"I'm very pleased with the progress and play of these young ladies. There are going to be some good ones out of this class! They have good skills; they are very competitive, and they like to play!" said Coach Michael Littlejohn.

## JV finishes with 9-1 mark

Texico's JV Volleyballers finished their regular season play with a 9-1 record.

Texico scored an average of 13.9 points to their opponents' 8.6 per game.

Coach Michael Littlejohn summed up the season by saying: "Excellent season! We were very pleased with the play of these young ladies. We saw a lot of improvement as well as posting a great record! I'm looking forward to some of these young ladies stepping up to varsity next year."

## Clotilde sponsored

Clotilde, author and nationally known sewing consultant, will present a six-hour "Sew Smart" seminar, said Janette Pierce, Parmer County extension home economist.

It is sponsored by District 2 Association of Extension Home Economists Nov. 4 at the Texas A&M Extension Center Auditorium near New Deal, Texas. The fee is \$10.

The morning will feature three hours on "Sewing for the \$500 look" and the afternoon will be on "Smart tailoring."

For more information, call Mrs. Pierce at 481-3619.

## The Latest

Lee and Gloria Hutchins have been on a hunting trip in Colorado.

Rev. Gary Archibold and his wife Carol and two children and Walter Kohler were guests at St. John Lutheran in Lariat while pastor Mac Bearss was preaching in Littlefield.

Jean and Melody Sheets of Abilene were visiting with Lynn and Bill Roberts of Farwell.

Dana Lee Sluder of Clovis visited her daughter, Mrs. Bruce Mayfield.

Mrs. and Mrs. Alvin Daude celebrated their 56th wedding anniversary with a cake and punch at Farwell Convalescent Center. They were joined by their daughter, Frances Kube, and her family, and by several friends.

The Black Cat

by Jerry Landrum  
When the night is growing scary,  
It's the time when bats fly across the sky.  
There's a cat that's very hairy.  
He stalks and makes you think you're gonna die.  
He looks at you and runs away,  
And finally he comes to a small hole.  
He turns around and runs astray  
Cause it's a giant pumpkin on a roll.

He looks back and it's not there.  
So he goes back home.  
He gets in his own lair and never again wants to roam.

**Halloween Safety**  
by Cortney Herington  
Be sure to wear reflective clothes;  
Carry something that glows.  
Don't go to a strange house;

They might treat you with a mouse!  
Don't snack while you Trick or Treat;  
Wait until you get home to eat.  
Always say "Trick or Treat;"  
Be careful when you cross the street.  
"Thank you" is good to say;  
Then be on your way.

**The Halloween Poem**  
by Amy Haseloff

Once there was a cat stuck in a cage.  
He was a feline of a very old age.  
He had sharp claws and he had big jaws  
He was a stray cat and he was attacked by a bat.  
He got knocked out, and there was no doubt.  
He got out of bed, and had a bump on his head.  
He was very ill, and I buried him on a hill.

# The world's most sensitive natural gas detection device.

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

Here are some simple, common sense steps to take if you ever smell gas:

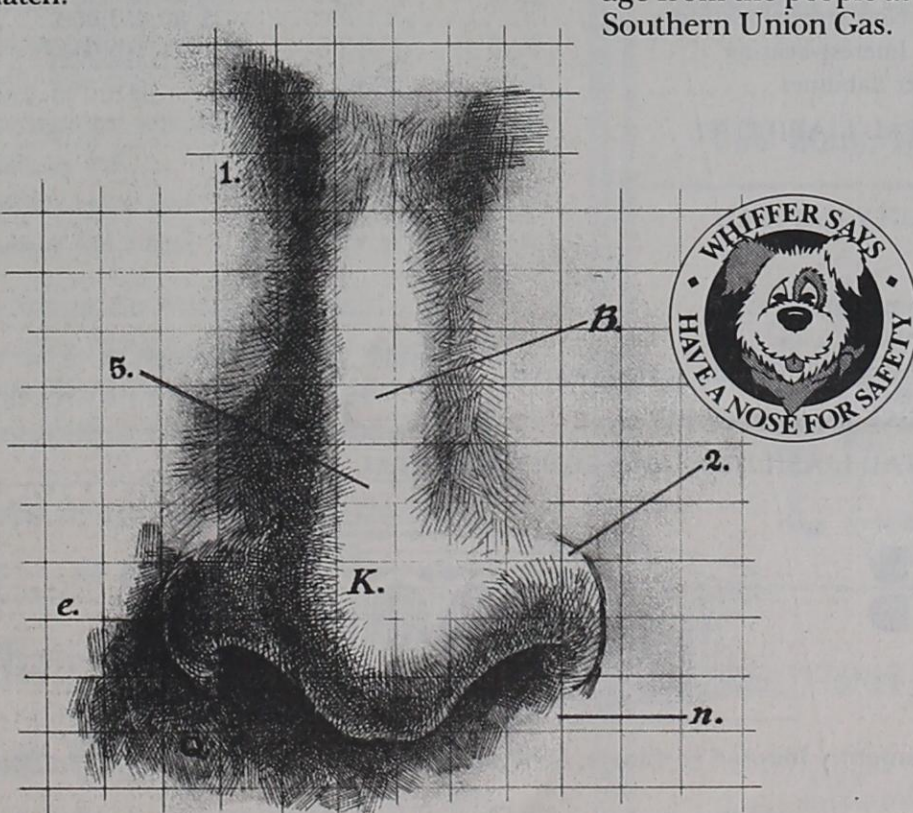

- Don't use the phone, flip any electrical switches or strike a match.

- If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match

or switch anything on or off. Call us from a neighbor's telephone at once.

- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

**Local teams vie in Play, Inc., playoffs**

The Texico-Farwell Eagles beat the Hornets 13-8 in Play, Inc. playoffs to insure a first or second place berth in the Clovis football league.

The Eagles will play the Colts Oct. 31 at 1:30 p.m. (MST) at the Play, Inc. field.

All of the Eagles' points in Saturday's game were scored by Lupito Garza.

Coach Randy Harrison also

cited: Raymond Attaway, Eric Delgado, Jeremy Stanton, and Pat Chumley for their contributions, naming them the Eagles of the Week.

The other local team in Play, Inc. Football - the Falcons - were beaten by the Ponies 12-8.

The Falcons had one TD which was scored by Chase Hardage, and one safety. They will also play Oct. 30 to find out whether they will be ranked third or fourth in the overall standings.

Outstanding players for the Falcons were: Chase Hardage, Clint Hamilton, Preston Ketcherside, and Josh Lynn.

**Baskets made**

Epsilon Sigma Alpha met Oct. 26 at the Farwell Community Center.

Kim Norton was the hostess. The program was conducted by Gwen Hughes who taught the ladies the art of rag baskets. Her helpful instructors were Karen Lovelace and Diane Actkinson. Each member did a work along project as Gwen, Karen, and Kiane assisted. The baskets were very unusual and each one was very crafty in style.

A short business meeting was directed by President Angela Mace. Farwell will be the host city for the ESA District I meeting Nov. 8 at the Community Center. Rita Welch of Dimmitt will present the program.

Pheasant Hunt plans are going well. The dates are weekends from opening day, Dec. 12, through Dec. 26. Altha Herington is the chairperson to receive reservations for the Pheasant Hunt.

**'Vote no on Prop. 1'**

Dear Editor: The upcoming election on Nov. 3 presents a large number of propositions that are very important to the people of Texas.

Proposition No. 1 is a very important proposition for the taxpayers and children of this state. It will determine if the State Board of Education will remain a board appointed by the Governor or elected by the people it represents. Before H.B. 72, the State Board of Education was elected. H.B. 72 changed it to a TEMPORARY appointed board. In January of 1989, the state board, by law, must revert BACK to an elected board.

If Proposition No. 1 passes, the State Board of Education will become a permanent appointed body. The sitting governor will select who determines the Educational policies for the entire state. Once appointed to a four-year term, the member is not accountable to anyone, much like our federal judges.

On Oct. 13, 1987, the Farwell Board of Trustees voted

to support the return to an elected body. It is the feeling of the Board that all representatives that determine policy should be accountable to the people of the state. They should be elected.

We ask nothing but that you vote your personal convictions. But I feel that it is our democratic right to determine who should make public policy and that policy makers should be accountable to the people they represent. We should not allow any further intrusion into our form of representative government.

If you feel that we should

*Letter To The Editor*

return to an elected State Board of Education, you must vote NO on Proposition No. 1.

## Tatum tops Texico

By JANICE JENKINS

Texico traveled to Tatum Oct. 23 for their last away game, losing 34-8.

The Wolverines will play their last district game at home tonight (Friday) at 7:30 p.m. against Fort Sumner.

Tatum took a 14-0 lead in the first quarter of play. Edward Herrera scored two touchdowns and Andy Garcia kicked both extra points.

Texico scored quickly in the second quarter as Robbie Edwards went 50 yards on a fumble recovery. Then Keith Harrison passed to Larry Dudley for the extra points and Texico closed the gap.

But Herrera struck again with a 46 yard pass to Rudolfo Garcia for 6 points. Garcia kicked through the uprights for his third consecutive extra points. Tatum went into halftime with a lead over Texico, 21-8.

Both teams played strong defense in the third quarter of play as the score remained the same. But Tatum scored quickly in the 4th quarter as Garcia ran in 34 yards for a TD. Tatum chose to kick for the extra point, but it was no good. Less than 4 minutes later Justin Hogue scored on a 22 yard interception from Texico making the score 33-8. Then Andy Garcia made another good kick to make the final score 34-8.

Tatum made a lot more net passing and rushing yards, but what really hurt Texico were pass interceptions.

Larry Powell intercepted one of Tatum's passes, but Tatum intercepted 9 passes.

Powell and Edwards each recovered a fumble. Edwards' recovery led to Texico's touchdown.

Rushing yards were made by Dudley with 14-34 yards, Paul Brown 4-12 yards, Edwards 1-6 yards, Harrison 4-5 yards, and Powell 2-4 yards.

Receiving yardage was made by Dudley 3-24, Brian Rogers 1-11 yards, Harrison 1-9 yards, Brown 1-7 yards, and Edwards 1-6 yards.

Passing yardage went to Powell 6-18-44 yards, Edwards 0-1, Dudley 0-1, and Harrison 1-2-3 yards.

Defensive tackles were made by Urban Orozco, 9, Harrison, 8, Brown, 7, Edwards, 6, Lance Akers and Hector Orozco, 5, Dudley, 4, and David Johnson 3.

Powell also recovered one fumble, caught one interception and had one big defensive play. Johnson got one quarterback sack and Harrison had one quarterback sack, 2 defensive big plays and one big offensive play. Brown had one quarterback sack and one big defensive play. Edwards made one big defensive play along with Mike Williams. Dudley made one big offensive play.

## Turkey dinner planned

St. Ann's Church in Bovina will hold its annual Turkey and Trimmings Dinner Nov. 1 from 11:30 a.m.-2 p.m.

This year's menu will include turkey, dressing, creamed potatoes, gravy, home canned green beans, cole slaw,

cranberry sauce, homemade bread, coconut and pumpkin cakes, tea or coffee.

Donations will be \$5 for adults, \$2.50 for children under 10. Take-out plates will be 25¢ extra per plate. Door prizes will be awarded. A quilt will be given away.

## SPS files for rate structure changes

Southwestern Public Service Co. has filed for two rate changes.

SPS officials said that due to savings resulting from federal tax reform, they plan to file with the New Mexico Public Service Commission to decrease electric rates for New Mexico customers by \$2.65 million, of 2.1%.

If approved, the lower rates would be effective by December.

On Sept. 1, SPS had its federal income tax rate dropped from 44% to 34%. The net effect is a smaller tax burden; taxes are included in the cost of providing electric service.

The four rural electric cooperatives served by SPS in New Mexico are expected to receive a \$3.3 million, or 7%, rate deduction. Also, SPS is proposing a credit to its New Mexico cooperatives of \$1.7 million, resulting in part from pending Federal Energy Regulatory Commission rate cases. SPS is discussing the proposed wholesale rates with its wholesale customers prior to filing a rate request with FERC.

Also due to the federal tax inform, SPS will file for an annual rate decrease of about \$13 million, or 2.8%, for its Texas customers. If approved, the lower rates and a one-time credit to its Texas retail customers of \$11 million in fuel-cost savings and interest, would be effective in December.

In Texas, cities have jurisdiction over base rates within their city limits.

The Public Utility Commission of Texas sets base rates in rural areas and regulates the fuel-cost portion of electric rates.

SPS officials said the fuel-cost savings resulted from several factors, including lower rates for coal and natural gas; the relatively mild summer weather, and improved efficiency of SPS plants.

SPS recently was cited as seventh best among the 100 largest investor-owned electric utilities in the United States in terms of generating efficiency.

### CITATION BY PUBLICATION

THE STATE OF TEXAS  
 COUNTY OF PARMER

TO: The Unknown Heirs of Prudencio Fragozo, Deceased:

On the 22nd day of October, 1987, Alicia Fragozo Bisig and Celia Rodriguez Fragozo filed an application requesting that a determination and declaration be made of the heirs and the only heirs of the said Prudencio Fragozo and their respective shares and interests in his estate, and that an order be entered that there is no necessity for an administration on his estate, in a proceeding styled "Estate of Prudencio Fragozo, Deceased, and bearing the Number 1898, in the County Court of Parmer County, Texas."

The Court will hear the aforesaid application at 10:00 a.m. on the first Monday after the expiration of ten days, exclusive of the day of publication, from the date this citation is published, which will be Monday, the 16th day of November, 1987, in the County Courtroom in the County Courthouse of Parmer County, in Farwell, Texas.

All persons interested in the aforesaid estate are commanded to appear at or before the time set for said hearing by filing a written contest or answer to said application.

Said written contest or answer shall be filed in the office of the County Clerk of Parmer County, Texas, in Farwell, Texas.

## 'Good' rating given

The Farwell High School Band earned a third division (good) rating at the UIL Band competition last week.

The band is also working on a combined show with Farwell's younger band members at halftime on Oct. 30.

"We have made a lot of changes this year, and we are starting to move ahead," said band director Norris Samuelson.

Junior high students have been learning marching this year for the first time. And, the band has tried some new innovations in its routines.

"Once the football season is over, we will break off into jazz band and concert band, and we will start practicing UIL contest music," said Samuelson.

The band parents will again sponsor an arts and crafts show in November to raise money for the band.

"The band students are wearing pants that are 26 years old; some of the blouses that were ordered last year are too small because the kids have grown in the past year. We don't want any kid to look dowdy. And, we hope to add hats to the uniforms," said Samuelson.

The arts and crafts show will also help the band update its instrument inventory and help with the cost of band trips. "We appreciate the fact that the community supports us in our activities; without their help, we could not begin to do the things that need to be done," said Samuelson.

## Farwell band calendars to be sold

Farwell band calendars will go on sale Oct. 29 - Nov. 3.

Members of the Band Boosters will be selling calendars and birthday and anniversary listings. If you are not contacted by a Band Booster, call: Roene Stewart at 481-3684, or Pam Monk at 481-9242, or Cheryl Burton at 481-3418, or Vicki Jones at 481-9420, or Sherry Curtis at 481-3854.

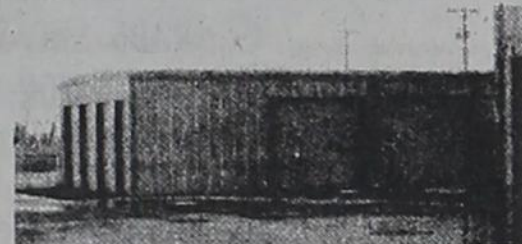

The deadline for birthday and anniversary listings will be Nov. 8. If you phone it in, they will need the money by Nov. 10. The listings cost 30¢ per listing and the calendars cost \$3.50 per calendar.

The Band Boosters help to buy the uniforms, some instruments, repair of instruments, food or drink on some longer trips, and the cost of the trips themselves. Without community support, the Band Boosters would be unable to help with these projects.

# If it snows...

Here's a note from Farwell school officials:

"As November arrives, we come closer to days when bad weather causes us to either modify our bus routes or the school day. When this occurs, we will make every effort to notify you of these changes. Because the weather changes abruptly and because we cannot call every family individually, we will notify the following radio and television stations regarding

weather changes.

If you will view or listen to the following stations on days in question, you should have timely notice of any changes in the transportation or school schedule.

KGNC radio-7 10 AM; KAMC TV station 28 Lubbock; KENW-FM 89.5; KFDD-Channel 10 Amarillo; KAMR Channel 4, Amarillo; KVII, Channel 7, Amarillo; KMUL, Muleshoe; KIJJ, Farwell; KTQM, Clovis; KCLV, Clovis.

# Depot \$\$ donated

The Farwell Chamber of Commerce voted Tuesday to donate \$50 to the group trying to save the old Texico depot.

In other business, March 12 was set as the date for the annual banquet. Chamber vice president Steve Breckenridge is in charge of getting a speaker.

The group voted to donate \$50 to Amarillo's efforts to land the super collider project. Chamber Pres-

ident John Grigsby pointed out positive spin-off effects from such a project for Farwell.

Grigsby also gave a lengthy talk on the need to expand the city's tax base because the school system will require more and more funds in the coming years due to state mandates. The alternative is higher taxes, he said.

Ralph Franse pointed out the need to trade locally.

## Sanchez, Jennings named

The Lazbuddie High School Homecoming King and Queen for 1987 are Omar Sanchez and Mia Jennings.

In addition to a Homecoming king and queen, Lazbuddie also named Brian Glover as duke, and Ginger Jesko as dutchess of Homecoming.

Jonessa Jennings and Amy McGehee were named princesses, and Kevin and McGehee and Steve Bradshaw were

named princes of Homecoming.

Lazbuddie defeated El Paso Christian 51-6 to keep its No. 1 ranking in the State of Texas for 6 man football.

"El Paso was the best team we've played all year. The score doesn't reflect how good El Paso really was, but our team went bonkers out there," said Roy Willingham.

## Polling place moved

The Parmer County Commissioners Friday approved the polling places for the November election.

All the polling places are the same as last year - with one exception.

The polling place for Pct. 4, Farwell, was moved from the county courthouse to the Farwell Community Center.

The other polling places are:

Pct. 1, elevator at Black; Pct. 2, fire station at Friona; Pct. 2-1, Calvary Baptist Church, Friona; Pct. 2-2, Friona Community Center; Pct. 3, Legion Hall in Bovina; Pct. 5, Lazbuddie School; Pct. 6, Oklahoma Lane Community Center; Pct. 7, Rhea Community Center, and Pct. 8, Dee Willard residence, Lakeview.

The Commissioners cast their votes to re-appoint Larry Jesko of Lazbuddie to the

## Texico slates open house

Texico Schools will be conducting an Open House and Parent-Teacher Conference Day Tuesday. There will be no classes that day.

Parents of students from grades 6-12 may pick up their child's report card at the conferences.

Many teachers have prepared displays of student work so that parents may see what is going on in the classrooms.

Parmer County Appraisal District Board.

Also nominated were Tom Rhodes of Bovina, Mark Schwertner of Farwell, Floyd Reeves of Friona and Jerry London of Friona.

County Judge Porter Roberts said it has been the policy of the commissioners to appoint a board member from Lazbuddie to ensure that that area has a vote on the appraisal district board.

The county will advertise for a pickup truck for the county agent. Bids will be opened Nov. 23.
