## Youths ticketed

Texico Marshal Brent Byrum has noted that he has ticketed several youths who have been out driving up and down local streets at 2:30 a.m. MDT.

So far we have been lucky this year in Texico and Farwell. Muleshoe has had two tragic accidents this month that involved teenage drivers and resulted in death.

Lazbuddie community has also been touched by the tragedy of losing a child in an auto accident this year.

In addition to the late night driving, there have also been a couple of incidents involving liquor and local teens. The teens were not driving at the time that they were caught, but it is scary to think what might have happened.

Parents: are you taking care of your family responsibilities?

The Farwell Post Office now has forms for figuring out your family trees. They're free if you need a form..

\*\*\*

To order your Farwell Steer Band Calendar, call Linda Geries at 481-9981 or Pam Monk at 481-9242. The deadline is Oct. 17. The calendar, which costs \$3.50, lists birthdays and anniversaries.

\*\*\*

According to statistics kept by the Lubbock newspaper, the Farwell Steers rank No. 1 in team offense and No. 1 in team defense among area Class 2-A squads.

The Steers are averaging 330.2 yards per game and giving up 130.8 yards per game.

Also, Shawn Stewart ranks fourth among individual rushers, with an average of 96 yards per game. Greg Actkinson ranks fourth among area passers, with 63.8 yards per game. Among receivers, Stewart ranks 6th with 1.8 catches per game, and Darren Haseloff 7th with 1.6 catches per game.

Clint Kelley ranks 5th among area scoring leaders with 36 points on 6 TDs.

\*\*\*

Oct. 7 is Parent's Night at Farwell High School. Parents of varsity players will be introduced at 7 p.m. They will form the line to cheer the Steers on as they come on the field before the game.

\*\*\*

Texas vehicle license stickers now are available at Tri-County Tires in Farwell.

\*\*\*

Andy Pat Hughes of Farwell has been the Sports Anchor on the Channel 3 news at 5:15 p.m. MDT on Fridays.

He has also done Sports Outlook features for the night sports broadcasts.

Hughes is a junior at ENMU-Portales where he is studying to become a radio-TV broadcaster.

\*\*\*

October's attendance month. High daily attendance figures are important to the school system in getting state funding. School officials hope that everyone stays healthy this month.

\*\*\*

Texico Elementary students in grades 4-6 will be taking the New Mexico Writing Assessment test this month.

\*\*\*

Report cards will be sent home in Texico on Oct. 12.

\*\*\*

Texico Elementary School students will have the opportunity to get library cards on Oct. 12 when representatives of Clovis Carver Library come to the Elementary School to register students.

\*\*\*

Rumor of the Week: It looks like another four to five weeks before the railroad crossing repair between Texico and Farwell is completed.

SEVENTY-SEVENTH YEAR

25 CENTS

## Delgado's '12' wins 4th contest

Raymond Delgado of Farwell was the only entrant in last week's Area Merchants Football Contest to get all 12 games correct.

For that feat, he received the first place prize of \$10.

Six entrants had 11 games picked correctly. By virtue of being closest to the tie breaker (Springer 29, Texico 15), the second place prize of \$5 went to T.J. Kittrell, who was 3 off the tie breaker.

Others with 11 right were (with their total off the tie breaker in parentheses) Brian Haseloff (30), Maria Arce (15), Jamie Bethel (23), Truman Kittrell (26) and David Rubio (30).

With 10 right were: Jim Berry, Betty Carson, Helle Carstens, Rick Castaneda, Gene Christian, Jenoyce Ford, Robert Fowler, David George, Larry Gregory, Kevin Hardage, Mona Hardage, Julian Jaime.

Also, Audrey Kittrell, David Lynn, Robin Mahaney, Jena Meeks, Lonnie McFarland, Marshall Pool, Marcus Sullivan, Robert White, Rochelle White, Jason Schilling, Russ Jones and Heath Dollar.

Game results were: Farwell over Nazareth, Clovis over Santa Fe, Dimmitt over Olton, Abilene Christian over ENMU, Texas A&M over Texas Tech, UCLA over Washington, Florida over LSU, Houston over Baylor, Chicago over Buffalo, Philadelphia over Houston, N.Y. Giants over Washington, and Tampa Bay over Green Bay.

Here's how the leaders, at the one-third mark in the contest, shape up:

38 points - T.J. Kittrell  
36 - Jamie Bethel, Johnny Franse, Robin Gregory.  
35 - Brian Haseloff, Bill Howard, Beth Libby, Christy Pena, Cheryl Scott, Mark Williams.

34 - Jeff Actkinson, Greg Gearss, Jim Berry, Terry Brigham, Dana Cook, Robert Fowler, Larry Gregory, Noni Pitts and Patty Rubio.

33 - Janene Berry, Steve Breckenridge, Rick Castaneda, Lezlie Castleberry, Gene Christian, Curt Cook, Rex Cumpston, Jenoyce Ford, Brent Green, Jody ketcherside, Fred Libby, Dick Pylant, Bill Roberts, Billy Roberts, Marion Rutter, Loyd Smith, Todd Thigpen, Dana White.

All the totals are on display at the Tribune office. Entrants must be 12 years old or older.

All entries must be turned in at the Tribune office before 5 p.m. Friday (today) or, if mailed, must bear a Friday postmark.

The grand prize of the 12-week contest will be two tickets to the Dallas Cowboys - Philadelphia Eagles game Dec. 18 in Dallas. The prize also includes lodging at the Airport Hilton, transportation to and from the game, and to and from the stadium, free brunch and \$50 spending cash. These all go to the person with the most points at the end of the 12 weeks.

## Yardapes triumph

The Farwell under 8 soccer team - the Yardapes - beat the Performers 1-0 on Oct. 1. Shane Roberts scored the goal.

Jimmy Lewis, representing Excel, presents the first prize check to Raymond Delgado, left, who won the Area Merchant's Football contest last week. Excel is one of the contest sponsors.

Edwina Owen, Irene Stephens and Gladys Hardage explain what it was like in the old days.

## Good ol' days recalled

Most of the 11-13 year old children in Eva Dean Stephens' home economics class at Farwell Junior High School hardly remember the days before microwave ovens were used in their homes.

So they listened in awe as Edwina Owen, Gladys Hardage and Irene Stephens explained what cooking was like in the early days of their marriages - 50 or more years ago.

"How did you learn to cook?" asked Eva Dean Stephens of her guests.

"I stood on an apple box so I would be tall enough to reach the stovetop," said Gladys Hardage. She laughed as she told the class about her disastrous first experience with fry bread. She said that she had stirred the batter and grease together to make a mess instead of a meal.

Irene Stephens told about making biscuits on an old kerosene stove back in 1935. The kerosene stove did not get as hot as the wood burning stove she had learned to cook on as a child. "My biscuits came out about as thick as cookies. I got teased about them for years."

"You take temperature gauges for granted, but we had to learn to by trial and error when the oven was hot enough," said Edwina Owen. She added that she could bake an angel food cake in a wood stove.

She went on to tell the class that when she grew up the farm houses did not have electricity, so they did not have refrigerators.

"We had a milk trough and a pie safe to keep our food in, and we kept a lot of things in the cellar. We canned most of our food ourselves. We didn't go to town to buy groceries often - maybe once a month.

"We only had soft bread when we went to town, the rest of the time we baked biscuits. When we went to town we would buy things we couldn't make at home, like coffee or tea. Sometimes we would bring home a 50 lb. block of ice so we could make ice cream or snow cones."

Gladys Hardage dipped into a big sack of old time kitchen gadgets that she had brought and showed everyone a device for shaving ice to make snow cones.

"I'll bet you thought snow cones were a modern invention, didn't you?" she said.

She also showed the students a solid walnut rolling pin, a butter mold, a chore girl, a device for lifting the lid on an old wooden stove, a sauerkraut chopper, a wrench for a Model T Ford, lemon squeezers, serving devices, strainers for making potato cups, a non-electric curling iron, a tea bag holder, a biscuit cutter, a can opener, a canning jar with a glass lid, porcelain lids for canning jars, and a pie bird.

Some of the items were strange devices that haven't been seen in use in many, many years. Others can be found in gourmet cooking catalogues today. She passed the items around and explained the use of each.

**Children's self-confidence to be meeting topic**

Farwell Junior High will hold a meeting in the cafeteria Monday at 6:30 p.m. for parents of all 6th, 7th and 8th graders.

The meeting, called "Improving Self-Confidence in Your Child," is part of the Lions - Quest Skills for Adolescence program that has been established this year. It will last about 1 1/2 - 2 hours.

Children who have self-confidence are better prepared to make decisions based on facts rather than pressure from their friends. They need self-confidence to be able to say "No" to drugs and alcohol.

At this meeting, the school representatives will review ways to help build children's self-confidence. It will also

**T-shirts sold**

Farwell Junior High 8th graders are taking orders for Steer Rock T-shirts.

The shirts look like the famous Hard Rock Cafe T-shirts, but they have the word Steer Rock above the emblem, and Farwell, Texas below.

**ESL registration set**

Registration will be held in the Farwell High School Library on Oct. 10 for all adults interested in taking English as a Second Language classes, and for those interested in preparing for General Educational Development (high school equivalency) tests.

Last year two Farwell adults - Lupe Cantu and her daughter, Alice Armstrong - attended the classes and completed all of the requirements for U.S. Citizenship.

"Mrs. Cantu didn't even need to take the test, because she had been here long enough and she was old enough that she could have gotten her citizenship with-

out the test," said Lucille Franse. "But, she wanted to prove that she could do it, and she did. We are very happy and proud of her success."

This year's classes will be taught by Jack Smallwood and Tim Miller.

**Byrd tallies for Farwell**

Farwell's JV tied Sudan 6-6 in a close defensive battle. Chad Byrd scored the only Farwell TD on a 50 yard run. Byrd had 130 yards in the game.

### Farwell Convalescent Center Chit Chat

By Lynne Gann  
Activity Director

It seems the days are growing shorter, the evenings cooler and the breeze has a bite to it first thing in the mornings. The leaves are turning one by one so the change of seasons is evolving ever so slowly until autumn will soon be upon us.

We begin to think of things we can do during the winter. Plans for Halloween, trick or treaters, jack o'lanterns, pumpkin pie for Thanksgiving, the annual family Thanksgiving celebration, and then Christmas and New Year's.

These are the 3 months of the year that bring change to everything and everyone. So much to do in so short a time that we often forget to do the things that are important to those who need us the most.

With school starting, new routines to adjust to, please add one more item to your list: a visit to see mom or dad or grandma or granddad. They know your time is dear but a phone call or visit will tell them they, too, are even more "dear." An "I love you, gramps" takes the chill out of any weather!

## Weed control needed

This has been a good year for grass in Parmer County, according to John Fancher of the Soil Conservation Service in Friona.

Grass seed production has been very good on one year old and older plantings. The abundant rainfall this summer has really provided excellent conditions for grass growth and development.

"A lot of people believe CRP land should look like a golf course - short grass! A lot of the grass that has been planted such as Kleingrass, a green sprangle-top and yellow bluestem, are grasses that can easily be waist tall or higher," Fancher said. "These types of grasses can't be kept short or they will disappear. That will defeat one of the objectives of the CRP program which is

erosion control."

CRP land with weeds that will blow off and cause off-site damage will be shredded before frost. "Reluctance to do timely weed control means that grass establishment can be delayed for years. This can translate to money out of your pocket for quite some time," Fancher said. "I have been watching many acres of CRP land and timely weed control is the key."

There have been seven CRP sign-ups since the beginning of the program. In two sign-ups this year there were 34 new contracts for 4,548.1 acres. The total for Parmer County now stands at 215 contracts for 46,280 acres, of which 37,007 acres have been planted with 9,273 acres to be planted between 1989 and 1990.

**Springer pulls past Texico**

By JANICE JENKINS

Springer defeated the Texico Wolverines, 29-15, last Friday.

Texico came out fired, taking a 7-0 lead in the first quarter when David Johnson scored on a 16 yard pass from Larry Powell. Powell then kicked the extra point.

Both teams showed strong defense. With 4:44 left in the first half, Springer's Leonard Aries scored on a 66 yard pass from Gabe Rameriz and the PAT kick was no good. Texico remained in the lead by a point.

Excitement mounted as Texico's David Johnson caught an 11 yard pass from Powell. Then Mark Holmes caught a PAT pass from Powell to put 8 more points on the board for Texico with just 34 seconds left in the first half.

Springer had time for one play after Texico kicked to them. But Springer's Gabe Rameriz, just about to be sacked, threw a 65 yard TD pass to Henry Poolman. It caught Texico off guard and Poolman ran in for a touch down with no time left on the clock. Rameriz passed to Martinez for the PAT, and it was good.

The first half of play ended with Texico on top 15-14. Texico could have had a wider lead but one touchdown was called back because of a penalty.

Two critical long passes were incomplete that certainly had an impact on the outcome of the game. Texico's receivers were in great position for a touchdown, but just couldn't quite hold onto the ball.

In the third quarter with 2:15 left, Springer widened its lead as Matt Doss ran in 18 yards for a touchdown, and Leonard Arias caught a pass from Gabe Rameriz for the PAT. Texico was unable to score in the third quarter.

With 6:53 left in the game, Springer scored again as Leonard Arias caught an eight yard pass from Gabe Rameriz and the PAT kick was good. The game ended with Springer victorious 29-15. Texico played well, but critical plays failed. They completed 8 of 17 passes.

Springer intercepted 4 critical passes. They made the difference in the game. Texico made 10 first downs to Springer's 11 and made 35 out of 100 yards rushing and 103 yards passing for a total of 203 yards gained.

Texico travels Friday (today) to Hagerman for a game at 7:30 p.m. MDT.

**Lady Wolverines go 4-0 in district**

The Texico Lady Wolverines, unbeaten in district play, had to work to beat Dora, but they finally managed to win the match 15-5, 15-2, 12-15, 9-15, 15-4.

"We played well the 1st, 2nd, and 5th games, and not very well in the 3rd and 4th. We just let up mentally and that let Dora back into the match. After the first two games the only thing I was pleased with was that we came back from a down side (winning 2 then losing 2), and that Tasha Rucker came in and served 9 straight to finish the game and the match," said coach Michael Littlejohn.

Leslie Stewart had 2 aces and 10 kills; Valarie Cavallero, 4 aces, 1 kill and 19 assists; Jennifer Williams, 3 aces and 4 kills; Jennifer Gentry, 7 aces and 19 kills; Penny Pierce, 3 kills; Dena McDaniel, 1 kill and 3 assists; Amy Chadwick, 4 excellent passes; Tasha Rucker, 5 aces and 1 kill.

The Lady Wolverines beat Elida 15-3, 15-10, and 15-8. This brought their season record to 9-1. Their district record is now 4-0.

"We came out and played our best match in the last two weeks since the Hobbs tournament when we beat Clovis in the finals," said Coach Michael Littlejohn. "We still need a lot of improvement, but the young ladies are making a lot of progress. When we have an off night in one area, we turn it up a notch in another. Jennifer Gentry is now serving like I knew she could. She is 34/35 the last two matches. She has 14 aces."

Stewart had 7 aces and 7 kills; Cavallero, 11 assists; Williams, 2 aces and 5 kills; Gentry, 7 aces and 10 kills; Gonzales, 2 aces and 10 assists; Pierce, 1 ace and 4 kills; McDaniel 3 assists; Rucker, 1 ace.

**Farwell JH falls**

Farwell Junior High lost a close game to Nazareth, 22-20 Sept. 29.

Farwell took the lead in the first quarter when Jody Mahaney threw a TD pass to Eric Chadwick, and Brent Harrison ran the PAT to make the score 8-0.

Lupito Garza ran the ball 65 yards in the second quarter to put the ball in scoring position. Harrison threw the

T-D pass to Troy Cunningham. Brent Harrison ran 40 yards to the 6 yard line, and Garza pushed it across the line to score Farwell's last TD.

"We really improved in both offense and defense this week," said coach Kendall Duvault. "We had the game won, and then we beat ourselves. We would have won if we hadn't made a few costly mistakes."

# Over 100 attend Cooper family reunion

About 106 Cooper relatives gathered at the home of Lawrence and Mildred Cooper in Farwell for a family reunion. They pitched tents and parked campers in the yard to accommodate the crowd.

When their neighbors saw the tents pitched in the yard, they stopped to see if there was a yard sale going on, but they found that Lawrence and Mildred Cooper had actually hosted a reunion of the descendants of H.H. Cooper at their home in Farwell Sept. 23 - 25.

More than 106 relatives came from all over Texas, Alaska, Oregon, Washington, Illinois, California, Nevada, New Mexico, Arizona, and Oklahoma to enjoy the festivities.

The children of H.H. Cooper were the honored guests. They are: Marshall Cooper of Texico; Mrs. Charlie (Cora) Lancaster of San Diego, Calif.; Mrs. Gene Malden (Vernie) of Baird, Texas; Mr. and Mrs. Henry Cooper of Portland, Ore.; Mr. and Mrs. Lawrence Cooper of Farwell, and Dee and Joan Cooper of Malibu, Calif. Many of their children, grandchildren, and great-grandchildren also attended.

Prizes were given to Marshall Cooper, 87, the oldest relative present, and to Benjamin Cooper, 8 months, the youngest relative. Benjamin is Lawrence Cooper's great-grand- grandson.

fun. Avis and Harold Carpenter and Frances and Lester Norton dropped in to join the singing. Louise Christian

Saturday night a vesper service was held; Gretta Cooper led the singing, and George Rushing led the service. On Sunday morning, Rev. Charles Cooper conducted the family worship service, and Royce Cooper led the singing. Royce and Gretta Cooper sing professionally with "Larry and the Fine Sisters."

Louis Cooper of Texico set up a barbecue grill to cook steak in the evening, and sausages in the morning.

Cousin Larry Cooper prepared a newsletter that included a picture of a pig labeled "O.O. Oink Cooper," and he conducted an O.O. Oink Cooper look-alike contest. The family also enjoyed a Cooper family trivia contest.

Uncle Dee Cooper posed with everyone who mentioned that they had seen him in the Pace Picante Sauce commercials. (He is the actor who says, "This stuff is made in New York City!")

Local Farwell friends pitched in to make the reunion more

sent cinnamon rolls, and Lois Billingsley sent an old out-house to make the surroundings more rustic.

The Coopers plan to hold another reunion in 5 years.

## Friendship Class meets

The Friendship Class of the First Baptist Church of Farwell opened their regular meeting with an old-fashioned gospel singing accompanied by Julia Symcox on an antique organ.

The meeting was held at the home of Mrs. Symcox with Bessie Landrum as co-hostess.

Irene Stephens led the opening prayer. Edith Crawford gave the secretary - treasurer's report. Roll call was answered with each member reading a verse of scripture.

Edith Crawford was recognized for her 10 years of service as class secretary. Dorothy Donaldson will be the new secretary.

Tom Paul McCuan presented the devotional on "Chains of Friendship," a review of the life of the Apostle Paul. Dickie Magness led the closing prayer. While refreshments were served, Bessie Landrum entertained on the piano.

Members present were Ruby Edwards, Tom Paul McCuan, Pearl Gerie, Beulah Williams, Bonnie Williams, Julia Symcox, Gladys Hardage, Bessie Landrum, Dorothy Donaldson, Edith Crawford, Louise Roark, Sallie Chandler, Dickie Magness, Irene Stephens, Marie Cox and Lucille Barnes.

# National 4-H Week Oct. 2 - 8

Oct. 2-8 is National 4-H Week.

Of the 388,000 4-H members in Texas, 200 live in Parmer County. Nationwide, 4-H has more than 4.5 million members, and is the nation's largest youth organization.

Recent research shows that former 4-H'ers are more likely to assume community leadership, political and other citizenship roles than people who participated in other youth organizations. 4-H membership teaches youth that the community and giving to the community are important.

Vital to the 4-H program are volunteer leaders. Almost 620,000 volunteer leaders support the 4-H program nationwide, with more than 30,000 of those in Texas. The time, travel and support contributed by these volunteer leaders across the U.S. is estimated to have a value of more than \$1 billion a year.

Adult volunteer leaders are the backbone of the 4-H program. Here in Parmer County, the following people work with the program:

Farwell- Ruth Anne Bennett, Sheree Montgomery, James Sides, Tina Sides, Candy Dyer, Robert White, Dorris White, Mike Camp, Patsy Camp, Richard Haseloff, Pam Haseloff; Bovina-Martha Branson, Ella Jo Stormers, Sammy Stormes, Al and Susan Kerby;

Lazbuddie- Janice Bradshaw, Lloyd Bradshaw, Vickie Burch, Debbie Doshier, Ellen Gallman, Debbie Magby, Joann McDonald, Debra Redwine, Linda Rice, Jeanelle Smith, Jo Donna Terry, Randy Thomas, Terry Thomas, Susan Walker, Debbie Weir, Doyle Weir;

Frona- Dale and Donna Schueler, Mercedes Williams, Debbie Meyer, Larry Rector, Brenda Williamson, Amelia Taylor, Sharon Rector, Deb and Ab Hendley, Linda Goen, Jerry Goen, Phillip Johnson, Trudi Johnson, Kenneth Jeter, Cordelia Jeter, Albert Hicks, Brenda Hicks, Margaret Hamil, Pam Hamilton, John Baker, Karen Baker, Vickie Copley, Terry Copley, Wayne Rhodes, Judy Rhodes.

No one can question the fact that young people are the future of America, and the 4-H program is continuing to play a vital role in preparing youth for the future by providing training in leadership, citizenship and coping skills.

Thus the theme of the upcoming National 4-H Week Oct. 2-8, "4-H for Youth for America," points to this country's richest resource, its young people.

"Through 4-H we try to provide youth with opportunities to learn and experience what life has to offer," said H.T. "Tom" Davison, assistant director for 4-H and youth programs with the Texas Agricultural Extension Service. The Extension Service is the parent organization of the 4-H program, an informal, out-of-school educational program for youth from the third grade to 19 years of age.

"We also lay the groundwork to help 4-H members explore opportunities for personal growth and to gain skills that will be useful in later life," Davison said. "In addition, 4-H helps youth to deal with stress and self-esteem and to learn to help others. We like to say that 4-H takes up where school leaves off. We offer experiential education."

Looking at the 4-H program in Texas, Davison said that the most popular project area is foods and nutrition. Other projects that attract large numbers of 4-H'ers include energy, embryology, health (eye care) and safety.

The number of 4-H clubs and special interest groups in the state totals more than 3,300.

BUCKET CALF SHOW....Parmer County 4-H youngsters held their annual Bucket Calf Show Saturday, September 17 at the Frona Community Center. Twenty-six 4-H'ers entered recordbooks and competed in the countywide competition.

Angie White and Kara Camp took top honors at the 4-H project show in the senior division. Angie won high point in the Agriculture Division. Kara won high point in both the clothing and arts and crafts divisions. Angie, along with Shannon Cochran of Frona, was named the Gold Star Winner.

**Good ol' days**

(Continued from Page 1)

"How were menus different in the old days?" asked Eva Dean Stephens.

"Our menus were what we had in the cellar," said Mrs. Owen.

"We were happy with what we had," said Irene Stephens. "If you didn't have something, you did what you could with what you had," said Mrs. Owen.

She related that school lunches consisted of whatever a family had at home to carry to school - leftovers, boiled eggs, biscuits, apples, or cookies.

"We ate a lot of fried veggies in those days," said Irene Stephens. "You planted them, watered them, hoed them, picked and cleaned them yourself before cooking them. We fried the vegetables in lard in an iron skillet."

"Do you even know what lard is?" the students were asked. Most did not know.

"The grandmothers," as the ladies referred to themselves explained how the fat from a pig was rendered to make the lard.

"You only killed as many pigs as you needed," said Mrs. Owen. "When the lard turned rancid you used it to make lye soap."

Next followed a graphic discussion on process of killing and cleaning a chicken with all three ladies adding to the conversation at once.

"How was cooking different in those days?" asked Eva Dean Stephens.

"We didn't have TV dinners, as a matter of fact, we didn't have a TV. We didn't watch soap operas, and we didn't even have a radio," said Mrs. Owen.

Irene Stephens told about the old wood burning stove her family had that had a hot water tank build into the stove. Another one of the ladies told about removing the ashes from the firebox, and Mrs. Owen else told about gathering cowchips to burn in the stove.

"We always kept a bucket of cowchips by the stove," said Edwina Owen. "When I knew a boy was coming to take me on a date, I would move the cowchips out of the room. My brother would always move them right back in."

"How would you get the things you needed if you couldn't get to town very often?" asked Mrs. Patsy Camp.

"We'd pay a doctor or teacher with a sack of potatoes or a dozen eggs," one of

the ladies answered.

"The first subscription I ever had to a newspaper was one I traded for. I was living in West Camp at the time, and a man came out to the farm and asked me if I'd like to take the newspaper. I told him I didn't have the money, and he asked if I'd trade chickens for the newspaper. So I went out and chased down two chickens to pay for the paper," said Irene Stephens.

Mrs. Stephens class went to the sandhills the next day to pick wild sandhill plums. The tiny plums are described as having a "waxy" or tart flavor.

The students enjoyed the pleasure of gathering their own plums, but they quickly learned that picking the bounty of nature is hard work.

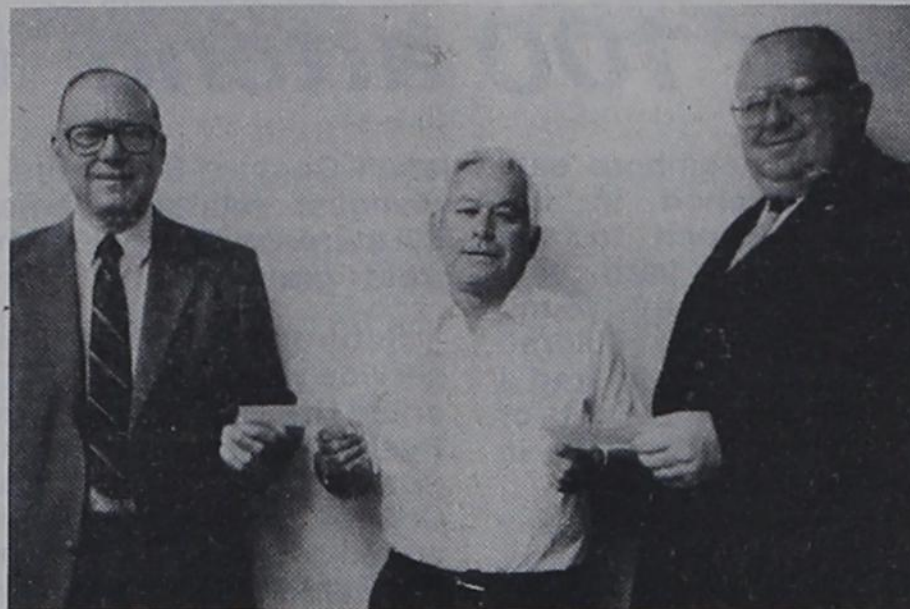

When they returned to school, Mrs. Stephens took the plums home and made jelly for the students.

**Waste rule amended**

The rule defining waste within the High Plains Underground Water Conservation District No. 1 has been amended by the District's Board of Directors, and the revision will go into effect Oct. 1.

At their September meeting, Board members voted to revise District Rules concerning the withdrawal of underground water for certain uses. It does not change the District's enforcement policy toward tailwater or any other water waste.

**Quest class explores issues**

The 7th and 8th grade Quest classes of Farwell Junior High have been examining several issues and concerns of adolescents in the past two weeks with the help of a panel made up of high school and community volunteers.

Kendra Stephens, Jaime Mendoza, Cindy Patterson, Tim Miller, and Jerry Dee Owen have been on the panel. The Quest class has been studying the challenges and changes in intellectual, physical, emotional, and social areas.

**Have a nose for safety.**

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

Here are some simple, common sense steps to take if you ever smell gas:

- Don't use the phone, flip any electrical switches or strike a match.

- If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match

or switch anything on or off. Call us from a neighbor's telephone at once.

- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

**Glover in charge here**

The new officer in charge at the Farwell Post Office is Jack Glover. He was born in Clovis, and attended school there. He moved to Muleshoe in 1982, and went to work for the U.S. Post Office there in 1982. He is in training for a postmaster's position.

He and his wife, Jan, have two children: Kim, 17, and Shane, 13. Glover is a member of the Muleshoe Church of Christ and PTA.

Otis McMillan left Farwell last week to become postmaster at Spearman, Texas.

McMillan, a native of Lorenzo, Texas, with 28 years postal experience, served as postmaster at Farwell for the past 13 years. Also, he served for six months in Muleshoe, as acting postmaster.

McMillan is married to Mod-ean McMillan. They have three children - Gary, Sandra, and Melinda.

McMillan was a member and deacon of the First Baptist Church in Farwell. He is past president of the Farwell Rotary Club, chairman of RYLA (Rotary Youth Leadership Award) Committee which selects a youth camp attendee annually.

**Safe cotton harvest calls for constant vigilance**

In recent years, many incidents have occurred involving cotton module builders. The extended portion of the cotton module builder can easily come into contact with overhead electric lines if the operator is not very careful. The same pattern exists with overhead baskets on cotton strippers.

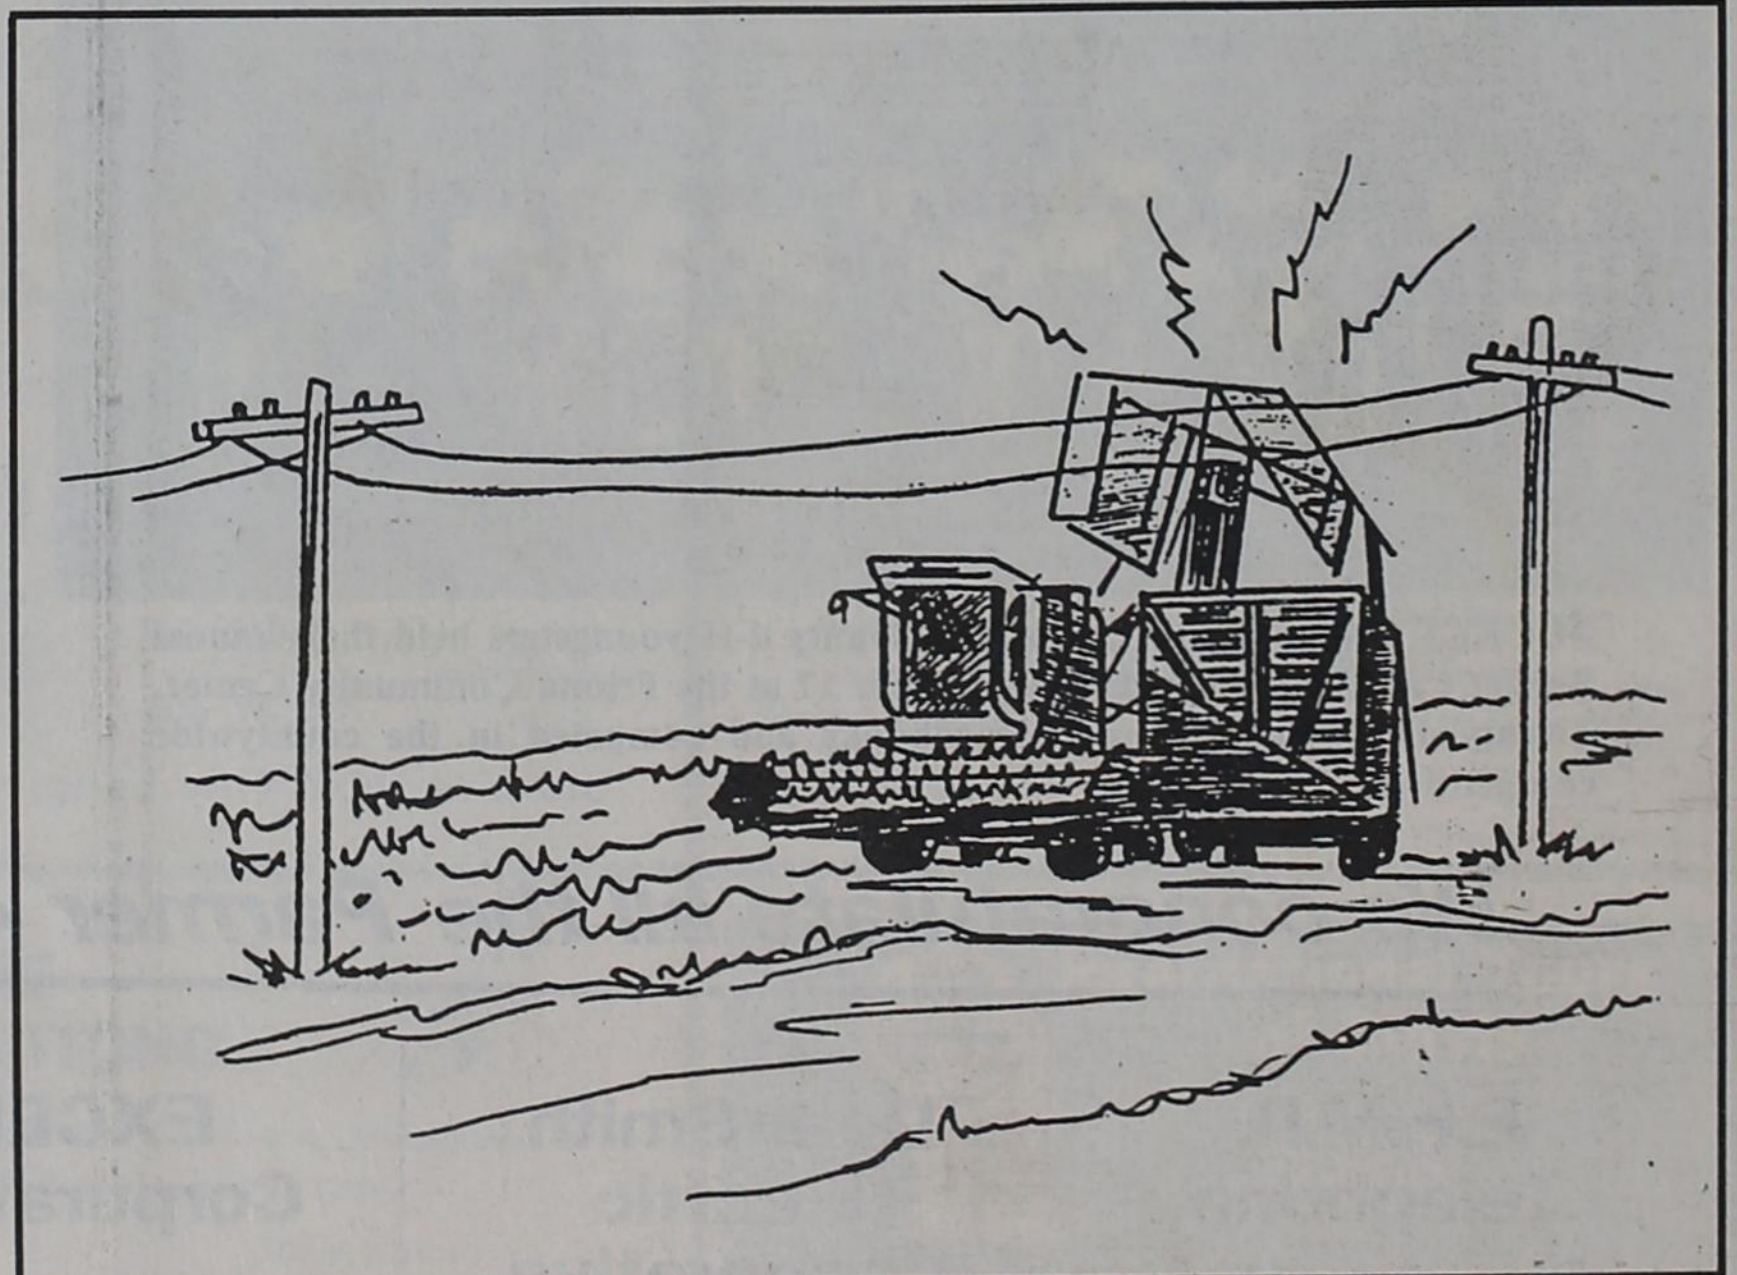

Cotton harvest is here again and the Co-Op urges extreme caution when operating farm equipment near electric lines!

We urge farmers and their employees to be alert to these potential hazards and to take every possible precaution to avoid serious injury or even death. When you are moving a module builder, be sure the packer arm is lowered as far as it will go. When using a stripper with an overhead basket, be sure to check for overhead lines before dumping.

If some piece of equipment does contact the 7,200-volt overhead lines, it is important that you or the operator not try to simply back away. The line could break, or if it's already broken, it could tangle in the equipment and break again, compounding the problem and increasing the danger.

Jump clear of the machine, being sure not to touch the ground and the machine at the same time. Move quickly away at a right angle to the power line. Then call the Co-Op office whether or not the line is broken so Co-Op employees can help you.

Remember - it's your life that is at stake!

## Here's some advice in packing lunches

Now that school is back in session, more lunches are being packed. The Texas Agricultural Extension Service offers the following advice about lunch packing.

Along with a sandwich you could be packing the potential for food-borne illness in your brown bag lunch.

According to Marilyn Haggard, a food safety expert with the Texas Agricultural Extension Service, people often have a cavalier attitude about sack lunches.

"When they're at home, most people wouldn't eat a sandwich out of lunch meat that had been out on the kitchen counter for four hours, yet they'll take a meat sandwich to work in the morning and let it sit unrefrigerated until lunch time," she said.

Lack of refrigeration that allows bacteria to multiply rapidly in protein foods is the culprit in causing countless cases of upset stomach, diarrhea and other flu-like symptoms associated with food-borne illnesses.

Of the typical brown bag lunch fare, tuna, egg and chicken salads, lunch meats and leftovers are most likely to cause problems, according to the specialist.

"Contrary to popular opinion, it's not the mayonnaise in sandwiches that spoils. In fact, mayonnaise offers some protection against bacteria because it contains vinegar," she said. "It's the meat, poultry, fish or eggs in which bacteria multiply rapidly at room temperature."

"Leftovers like a meatloaf sandwich or macaroni and cheese can also be a problem because they consist of food that has previously been handled, so more bacteria have been introduced," she said.

When no refrigeration is

available at school or work, Haggard suggests freezing sandwiches. Use a coarse-textured bread and lightly spread it with margarine so the sandwich won't get soggy. Pack the lettuce, tomato or other add-ons separately then add them at lunch.

If you don't freeze a sandwich, add an ice-pack to the lunch. They're available in stores or you can make one by freezing water in a small margarine tub. Or you

can freeze a foil pouch or foil pouch or wax-paper carton of fruit juice to serve as both a cold drink and an ice pack.

Adult brown-baggers usually have more options since offices frequently contain vending machines, refrigerators and microwave ovens.

"Beef stew, chicken soup, spaghetti and other canned foods from vending machines will be safe to eat, as long as the cans aren't rusted, dented or bulging," Haggard

said. "Cold perishables from machines, however, require more judgement. Refrigerated sandwiches should feel cold. The use-by date will tell you if it's stale and you should always throw away any food that has an off-odor."

Philgas gives a farmer the energy to get things done.

Half a century ago, LP-gas was considered useless. Now, the more we look, the more we find how well it works in modern farming. Flame weeding. Warming stock tanks. Running trucks, tractors and generators. Space heating. Irrigation. Cooking. Drying crops and clothes. Even heating brooder houses.

Today, a multitude of jobs are being done on the farm more efficiently, economically and conveniently than ever before, thanks to clean burning LP-gas.

So come by and let us show you all the ways you can put Philgas to work to make life a little easier around your farm. **PHILGAS 66**

# 'Criminal justice system not working'

AUSTIN — More and more people these days share our concern about the state of Texas' criminal justice system, and there is a growing consensus in Texas that changes in the system cannot be delayed.

James Lynaugh, Texas Department of Corrections director, is the latest to voice concerns about the system. Speaking recently to the Texas Daily Newspaper Association, Lynaugh painted a very bleak picture of the existing system.

"The criminal justice system in Texas is not working," Lynaugh told the journalists. "In my

opinion, it's broke. We lack an overall goal, and without an overall goal, planning for growth is difficult."

Lynaugh said the symptoms of the system's failure are obvious. Texas prisons are crowded to the breaking point, and a federal court has ruled that crowding unconstitutional. The state is under court order to take no more than 38,900 inmates until prison facilities are expanded.

Because of that, Lynaugh says 95 percent of all TDC inmates will serve less than six years.

## Senator Sarpalius Reports

The short-term solutions are obvious, and they are expensive. The state is constructing two 2,250-bed TDC facilities, one of which will be in Amarillo. In addition, the state will pay for the construction of four 1,000-bed, medium-security prisons and 12 trusty camps that will house 200 inmates each.

But, Lynaugh says, even more construction will be needed. Lynaugh said he will ask the next Legislature either to fund the construction of 10,000 new prison beds or to divert 10,000 felons into alternative programs.

"We don't have a good solution to the overcrowding problem," he said at the TDNA meeting. "We didn't get into this problem overnight, and we're not going to get out of it overnight."

Lynaugh didn't say what he thought the ultimate solution would be, and that's too bad. Because there is a solution. It won't solve our problems overnight; Lynaugh is right there. But, it will solve our problems in the long run.

We refer, of course, to an effective

criminal and juvenile justice system that focuses on deterring people from a life of crime at the earliest possible age. This is the only realistic, effective long-term solution to our prison crowding problem.

Why? Because the only way you can reduce crowding is to reduce the number of inmates going to the prison system. And, the only way you can cut down on inmates is to deter people from a life of crime.

Now, we understand rehabilitation programs have failed miserably in the past, but that's because so many of those programs have focused exclusively on adult criminals. Many adult criminals, frankly, have lived a criminal life too long to be effectively rehabilitated.

What many people don't seem to understand is that an adult doesn't decide one day, "Gee, I'll be a criminal." A person begins a pattern of criminal behavior at a very early age, sometimes before they even have turned 10. The crimes are petty at first, but they grow and become serious late in a person's teen-age years. By the time the person can be tried as an adult, the crimes often have become violent, even deadly.

The best time to stop that criminal behavior is when a person is young. The pattern isn't ingrained; it hasn't become the only way of life for the defender. We're not saying rehabilitation is hopeless for adults. But, we are saying that it's a lot easier with kids.

As many of you know, we have been working for effective juvenile justice for years. Currently, we chair a select committee that is looking at ways to improve the juvenile justice system. We think we're going to have some good recommendations to make, and we hope the Legislature will implement them.

Otherwise, Mr. Lynaugh will have to keep asking for more prison beds.

If you have additional questions about juvenile justice and prison overcrowding, please contact us at P.O. Box 12068, Austin, Texas, 78711.

# Steers race past Swifts

They used to say that the Farwell Steers never won a football game at Nazareth. They no longer say that. The Steers got a strong measure of revenge last Friday by blasting the Swifts 46-0. The win improved Farwell's record to 5-0 going into district.

Farwell's defense played strong throughout the game and, indeed, was the major factor in taking a lead in the first half. The offense sputtered in the first half but got much stronger in the second half.

Another key factor in the first half were the booming punts by Monty Delgado. His two punts pushed the Swifts back twice after Farwell drives stalled.

Early in the first period Dustin Hardage recovered a fumble on the Nazareth 24. After a long gainer by Shawn Stewart, Delgado scored from the 4. The extra point failed.

In the second quarter, Darren Haseloff recovered a Swift fumble on the Nazareth 35. Clint Kelley rumbled up the middle for 18 yards but Farwell was held. During the Swifts' possession, Darren Haseloff blitzed and caused a 15-yard loss.

After an exchange of punts, Michael Arce blocked a Swift

punt, and Farwell recovered on the Nazareth 5. Stewart scored the TD, then Kelley ran in for the 2-point conversion at 3:04, and Farwell led, 14-0.

The second half was all Farwell. At 4:33 of the 3rd quarter, Stewart scored his 2nd TD on a six-yard scamper. The kick failed.

Then Chuck Hammitt recovered a fumble on the Swift 29. Stewart scored again on a 22-yard gallop. The extra point failed and Farwell led at 2:57, 26-0.

The final stanza saw 3 more Farwell TDs: a 1-yard run by Kelley, An 11-yard run by Stewart (his 4th TD of the game) and a 2-yard run by Brian Haseloff.

During the last period, Coach Rex Cumpton was trying players at different positions. For example, a 2-point conversion was scored by Jaime Mendoza, who normally plays on the line or at linebacker. Another extra point run by Bruce White, a lineman, was barely short of the goal line.

Farwell had 350 yards rushing, 87 yards passing, 24 first downs, 3 punts for an average of 37 yards gained, and 5 penalties for a loss of 40 yards.

Nazareth had 5 yards rushing, 30 yards passing, 2 first

downs, 8 punts for an average of 32 yards gained, and four penalties for a loss of 25 yards.

Stewart had 139 yards rushing on 18 carries, 4 TD's and 1 extra point.

Kelley had 102 yards rushing, 14 carries, 1 TD, and 1 catch for 7 yards.

Delgado made 2 TD's and had 44 yards rushing on 11 carries, and 2 catches for 33 yards.

Arce made 37 yards on 5 carries, and he was 1 for 2 passing.

Greg Actkinson had 35 yards on 8 carries. He was 6 for 19 in passing, for 61 yards.

Brian Haseloff had 8 yards on 3 carries and 1 TD.

Darren Haseloff had 2 catches for 45 yards. Greg Bearss had 1 catch for 7 yards.

Steers of the week are Shawn Stewart, and Bruce White, offense; Dustin Hardage offense and defense; and Jaime Mendoza, defense.

"We had outstanding offense and defense from the whole team," said coach Rex Cumpton.

"Nazareth had a new defense that we had not seen before. We came out slow, and had to make some blocking adjustments at the half. We did a better job the second half of the game," he said.

"Only one Nazareth running back made positive yards against us. This was a big win. We're the only team going into district undefeated. We hope to ride that crest to a district victory."

Here is the weekly report from Parmer County Sheriff Bill Morgan;

On Oct. 2, Thomas K. Leal, 28, Bovina, was arrested by the Texas Highway Patrol on a charge of Felony driving while intoxicated. He appeared before Justice of the Peace Albert Smith and bond was set at \$1,000. Case is pending before the grand jury.

On Oct. 4, Johnny Mack Morris, 20, Friona was arrested by the Sheriff's Office on a charge of criminal mischief. He appeared before Smith and his bond was set at \$2,000. The case is pending before the grand jury.

On Oct. 4, Kevin Lee Roberts, 19, Friona was arrested by the Sheriff's Office on a charge of criminal mischief. He appeared before Smith and bond was set at \$2,000.

Case is pending before the grand jury.

On Oct. 4, Timothy Ray Adams, 20, Friona, was arrested by the Sheriff's office on a charge of criminal mischief. He appeared before Smith, and his bond was set at \$2,000. Case is pending before the grand jury.

On Oct. 4, Lupe Izaguirre, 18, Friona was arrested by the Sheriff's office on a charge of violation of probation. Case is pending in district court.

### VOTER CERTIFICATION STATEMENT

Subpart W of Part 2054 of Title 7, Code of Federal Regulations requires that all voters for FmHA county or area committee elections meet the following eligibility requirements: (a) be farmers or spouses of farmers; and (b) have their principal farming operation within the county or area for which the election is being held.

By submitting this ballot, I attest that I meet the criteria to vote.

### Lions Club service

Hal Helton, a member of the Texico - Farwell Lions Club and 3rd deputy Lions district governor, shows one of the containers that have been placed in the Texico and Farwell post offices. Persons can drop old eyeglasses in the containers. The glasses will be repaired by the Lions and used in their program of giving glasses to needy persons.

### Want to travel with Steer band to UIL competition?

The Farwell Steer Band will be rehearsing for the UIL Marching Contest set Oct. 18 at Jones Stadium in Lubbock.

The band will rehearse in full uniform Oct. 17 from 8 to 9 p.m. The public is invited to watch; there's no cost.

### Reunion held

The descendants of R. R. Shanks of West Camp held a reunion on Oct. 1 - 3.

They met part of the time at Elsie Tarr's home in Farwell and part of the time at the home of Mr. and Mrs. J.C. Shanks in Muleshoe. They also visited family graves in Bovina Cemetery on Oct. 3.

Among those gathered for the event: Ethel Dunsworth from Alice, Texas, Mr. and Mrs. J.C. Shanks of Muleshoe; Judge Shanks, Lawton, Okla.; Lela Gatlin, Portales; Elsie Tarr, Farwell; Fay Gatlin Nunn, Portales; Irene Jones, Farwell; Mr. and Mrs. Paul Ellis (Jean Tarr Ellis); and Tiwana Ellis. Two brothers, W. H. and Bert were unable to attend.

"Even though you have seen the band perform at football games, this will be much different. We will include our band members who are also varsity football players. There are 12 varsity players in the band. Please come and watch us perform for you," said band director Craig Zinck.

The public is also invited to travel with the band to Lubbock to attend the marching contest. Please call Zinck at 481-3351 if you wish to ride the bus. Call anytime during school hours; leave your name and how many will be going.

# Lazbuddie wins

The undefeated Lazbuddie Longhorns continued their streak when they defeated Witharral 57-36 last Friday night.

Michael Williams scored the first TD on a 10 yard run. Scott Miller then threw the extra point to Kevin McGehee.

Witharral's Manuel Sanchez returned the favor by running in the first score for their team. Kevin Drive kicked the extra point for them.

Longhorn Eddie Zamora caught a 4 yard pass from Kevin McGehee to score Lazbuddie's second T-D. Brian Glover made the extra point.

Witharral returned with a 30 yard field goal by Kevin Driver. Zamora made a 40 yard run to score again for Lazbuddie. The PAT was scored on a pass from Miller to Zamora.

Michael Williams scored on a 25 yard pass from Kevin McGehee. The half ended with Lazbuddie ahead 29-12.

Lazbuddie came back in the second half ready for action, they scored three more TD's before Witharral got back in the game. Williams caught a 50 yard pass from McGehee to

score again for Lazbuddie. Williams then scored on a 15 yard run. Glover kicked the extra point. Scott Miller scored on a 15 yard pass from Michael Williams. Glover kicked the extra point.

Manuel Sanchez of Witharral scored on a 2 yard run. Driver scored the extra point.

Longhorn Scott Miller scored on a 50 yard pass from Kevin McGehee.

Michael Salinas of Witharral scored on a 20 yard run, and Driver made the extra point kick. Manuel Sanchez scored on a 3 yard run. Driver kicked the extra point.

Coach C.W. Williams was happy to see the Longhorns win, but he didn't rate this as one of its best games. "The team as a whole didn't perform real well," he said.

He cited several players for outstanding work including: Michael Williams who ran 1 TD, caught 2 TD's, and was 16/27 for 245 yards; Kevin McGehee who completed 5 of 8 for 126 yards gained, and threw 2 TD's and blocked 2 punts; Scott Miller made 15 tackles, and had a good defensive game.

The Longhorns play Bethel Christian at Lazbuddie at 7:30 tonight (Oct. 7).

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling (806) 238-1116. The mobile breast cancer detection units will

be in Bovina at City Hall, 205 North St., on Thursday, October 13, from 9 a.m. to 7 p.m.

The American Cancer Society has established guidelines for mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and the American College of Radiology. Those guidelines are:

1. 35 - 40 years of age - one baseline mammogram.
2. 40 - 50 years of age - a mammogram every 1 - 2 years, depending on breast type and risk factor.
3. 50 years of age and over - an annual physical examination and annual mammogram.
4. Asymptomatic women under 50 years of age with significant high risk

factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

5. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find every early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The unit accepts cash, check, Visa, MasterCard and American Express.

For more information, or to make an appointment, call (806) 238-1116.

**Melrose tips Texico JH**

Texico Junior High lost to Melrose 21-14. William Liggins scored for Texico on a 3 yard run. Louie Delgado scored the 2 point conversion. Rick Hernandez scored the other Texico T-D on a 23 yard run.  
 "We played an excellent second half. After being shut out the first half, we shut them out the second half. We just waited too long to get the motor running," said coach Curt Cook.

**Curtis enrolls in pharmacy course**

DeAnn Curtis of Farwell has been accepted and enrolled in her first semester in Southwestern Oklahoma University School of Pharmacy at Weatherford.

DeAnn is the daughter of James and Sherry Curtis of Farwell.

Following the completion of 60 semester hours of pre-pharmacy courses, a student is eligible to make application to Southwestern Pharmacy School. The Admissions Committee selects students for admission to the SWOSU School of Pharmacy, based

on such factors as the student's grade point average, academic consistency, ACT or SAT scores, character references, physical or emotional health and personal objectives and motivation.

DeAnn Curtis

A total of 66 students were accepted to the 1988 fall Southwestern pharmacy school class.

**NOTICE**

**Farwell City taxpayers**

On the bottom of your tax statements, that will arrive in October, is shown the amount that your city taxes have been reduced by additional sales tax revenues.

This total has already been taken off your total taxes due and taxpayers must pay the full amount that is listed on the statements.
