### Breckenridges say howdy

We got a nice note last week from our former pharmacist, Steve Breckenridge. We thought you'd like to know how he's doing:

Hello everyone, It's about time we dropped you a note. Remember everyone, especially John Hadley, telling me how hot it was going to be out here. Since I arrived, the temperature only once has topped 100 and the average high has been 92. It rained almost every day, which was terrible for using the telescope, but it did keep things cool, and the desert turned very green.

Southern Arizona is great! The kids and myself go out driving a lot in search of bugs, rocks, tarantulas, snakes, etc. About 30 miles north of beautiful Rucker Lake - it's a small mountain fishing lake. The last time we were there, some teen-agers caught some trout and placed them in a small pond - the kids really enjoyed watching them. We also found geodes there (the rocks you cut in half and crystals are on the inside). Helen enjoyed throwing sticks in the lake and having Mattie (dog) fetch them.

There are countless places for rock collecting. At one place, we found four rattle snakes within a 30 minute period. Later on, someone told us the area is known for them. There are mountains all around us, with each mountain range being unique. The sunrises and sunsets are beautiful with the mountain backdrops. Tucson (U. of A.) is only two hours away. We travel there often to visit Helen's parents.

I am really enjoying work at the hospital. The people I work for are great (not as great as the Farwell bunch). The working hours are nice as I am off by 5 p.m. daily. Currently, we are staffing the hospital at Bisbee (about 20 miles away) until they find a permanent pharmacist.

Our Hawaii trip was terrific. We stayed on the island of Oahu at the Makaha Valley Towers. It's about 30 miles from Honolulu and is really nice. Here are day by day highlights:

Day 1 - Drove around Oahu, walked up Sacred Falls (picked and ate jungle apples on the way), and snorkled at Mokuleia Bay.

Day 2 - Snorkled at Hanamua Bay. Helen's fin came off while we were over the reef and the waves carried us across the reef, resulting in some cuts and scrapes - what an adventure. We also saw Sea Life Park, which is like a small Sea World - they had sea turtles you could touch.

Day 3 - Pearl Harbor tour, then swap meet at the Aloha Bowl. Toured the Dole cannery where they served the freshest and best pineapple we ever had. Went on a Windjammer sunset dinner cruise.

Day 4 - Took a jet to Hawaii - the big island. Drove around Volcano's National Park and saw a very large lava tube. We drove to where new lava is crossing the road and saw some still very warm! You could see the steam rising where the hot lava met the ocean. We visited Akaka Falls, over 400 feet high.

Day 5 - Went to Waimea Falls and saw the cliff divers. Went on the Atlantis Submarine, saw a shipwreck and lots of marine life. Had dinner at the Windows of Hawaii, a

### Farwell youths hear from uncle in Saudi Arabia

Sara and Eddie Villarreal of Farwell have received some interesting mail recently from Saudi Arabia.

Their uncle, David Villarreal of Bovina, wrote to each of them and sent them each a Saudi Arabian riyal. Each riyal is worth about 27 cents in our money.

Villarreal mailed letters and money to each of his nieces and nephews.

He mailed the letters Aug. 28 from Saudi Arabia where he is stationed with Operation Desert Shield.

His letters to family members told them about the searing heat of the desert and the danger of scorpions. West Texas is not the only place with constant winds and blowing sands.

He also told them about how much he the homecooking and hearing about friends and family back home.

His sister-in-law, Dalia Villarreal, received a homemade birthday card from him with a greeting in Arabic.

He told the children in their letters that people in the Saudi Arabian culture are very interesting. Everything is so different from home, but that he is enjoying the

Sgt. David Villarreal

challenge of learning the culture and language.

Soon the 26-year-old Parmer County resident will be joined by his brother, Richard, who left on Oct. 10 for Saudi Arabia.

The Villarreal family does not yet have a Saudi address for Richard, but David's address is: Spc. David Villarreal, 463- 49-9048, Operation Desert Shield, A Co. 311th Mt BN, 101st ABN Div., APO NY 09309.

### Ground broken

Ground has been broken and the forms set for the new Lazbuddie Fire Department building. Concrete was to be poured on Oct. 17, and the completion of the building is planned for December.

### Absentee voting under way

Absentee voting has begun in Parmer County. It ends Nov. 2.

Persons may vote at the Parmer County clerk's office in the courthouse in Frawell.

Also, clerk's office representatives will be in Friona

and Bovina later this month for persons to vote who don't wish to wait until the Nov. 6 election.

Residents may vote at the federal credit union office in Friona Oct. 24 and 31 and at the Bovina City Hall Oct. 23 and 30.

## Warren nabs 7th football contest

Of the hundreds and hundreds of entrants in last week's Area Merchants Football Contest, only one managed to get 11 of the 12 games picked correctly.

Sandy Warren was last week's winner. And for that feat, she received the first place cash prize of \$10.

Eight participants had 10 games picked correctly. By virtue of being closest to the tie breaker (Farwell 36, Bovina 0), the second place prize of \$5 went to Delbert Lingnau. He was 2 off the tie breaker.

Others with 10 right (and their totals off the tie breaker) were: Johnny Actkinson, 14; Freddy Bermea, 15; Blake Kelley, 19; C.L. Mahaney, 4; Hilda Montano, 25; Ken Shaw, 18; and Sandy Tarbet, 15.

As for the leadership totals after 7 weeks of the 12 week contest (with the Dallas game as the prize), it looks like a spirited race is in the works this year.

Last week's leader, Clyde McDonald, lost his 2-point edge and fell into a first place tie with Mike Goettsch. Here's a look at the leader board:

58 points - McDonald and Goettsch.

57 - Douglas Hill, Roy King, Texico High School world history class (4th period).

56 - Steve Kittrell, Amy Jo Murray.

55 - Blake Kelley.

54 - Scott Brown, Pam Carpenter, Chad Dunsworth, Sammy Herrera, Donnie McDonald, Billy Roberts, Nolia Walls.

53 - Val Tarbet, Johnny Actkinson, Gerald Hardage, Nancy Roberts, Carl Dean Goettsch.

Last week's results were: Texico over Hagerman, Nazareth over Kress, Whiteface over Sudan, Metrose over

## 'Red Ribbon' Week coming

"Red Ribbon Week" to emphasize drug use prevention awareness is scheduled Oct. 22-26.

At Farwell Elementary, each student and staffer will be given a red ribbon to wear during the week.

Wednesday is designated as "Wear Red" Day to emphasize individual support and concern for drug use prevention.

Most parents of the elementary students have been given the Parent's Guide to Drug Use Prevention at grade level parent night.

"All community members are encouraged to tie red ribbons to a variety of items on their personal property during the week to show their support and concern, too. Other activities are planned in this area that residents may wish to participate in. Additional emphasis may be encouraged

through a variety of other activities at a later date locally," said Gwen Corn, administrative assistant.

\*\*\* The Red Ribbon Drug Awareness Week will kick off at Texico Schools on Oct. 22.

The annual celebration is designed to teach children to "just say no" to drugs and alcohol.

On Oct. 22, the Texico Junior High Student Council will present balloons to the elementary school students and red ribbons the junior high and high school students and the teachers and administrators.

The week will also feature a decorated lunch sack contest at the junior high building. The winner at each grade level will receive a free hamburger, fries and a Coke from Burger Barn.

Ramond Zamora was the Lazbuddie Homecoming King.

Stacey Hodges was the Lazbuddie Homecoming Queen this year.

Congratulations to Duke Kirkland, who has been picked to officiate at Lone Star Conference basketball games.

That's an exceptional honor.

You know how I'm always complaining of the destruction of the U.S. middle class by the short-range policies of politicians? A report recently issued by the Center on Budget and Policy Priorities declares:

"The gap between the very rich and other Americans has become so great that the top 1 percent of the population this year will have almost as much income after taxes as the bottom 40 percent. At the same time, the share of the national income going to middle-income Americans has fallen to the lowest level since the end of World War II."

This is why our nation is in trouble - and there's not a darned thing you or I can do about it, except to wistfully watch America turn into a banana republic.

Shara Hays, who lives just west of Texico, spoke at the

Texico-Farwell Rotary Club recently about her experiences as a missionary in Liberia.

She and her husband got caught up in the civil war and her tales are harrowing. With the nation in turmoil, the Hayeses tried to flee to Sierra Leone but ended up being captured by a rebel group.

The atrocities being committed in that nation really can't be described in a family newspaper. And it shows that even in 1990 being a missionary can be a dangerous profession.

Since Farwell just celebrated its annual Homecoming, a friend called so say that Farwell's first Homecoming King was Mitz Walling in 1936. Mitz, it seems, rode on the Texas Centennial Train that year and has a lot of stories to tell.

Be sure to ask him about his experiences when you see him.

The following fable got dropped off at the Tribune recently:

(Continued from Page 1)

It was one of those days when God was creating the Earth. He was working in Texas as darkness fell at the end of the day, and had to quit.

He gave the Plains of Texas a smoothing stroke and said to Himself, "In the morning, I'll come back and make it pretty like the rest of the world, with lakes and streams and mountains and trees."

But next morning when he

returned, it had hardened like concrete overnight. As he thought about having to tear it out and make it over, He had a happy thought. "I know what I'll do," He said. "I'll just make some people who like it this way."

And that is how it came about that the people who live in the Panhandle like it this way.

**Arce, Williams score for Yearlings**

The Farwell Junior High Yearlings lost to Bovina 40-20.

"As a whole, we need to learn to play four quarters. We played 3 good quarters, but we had a few let downs," said coach Kendale Devault.

Farwell's scoring highlights included TDs scored on a 60 yard run by Chon Arce, a quarterback sneak by Reagan Williams, and a 10 yard run by Arce. He also scored the 2 point conversion.

The coach cited Williams for a good offensive game. He completed five of six passes, which is "really good for junior high," said Devault.

Arce was also cited because he "showed up all over the field."

# Steers survive scare, shut out Bovina

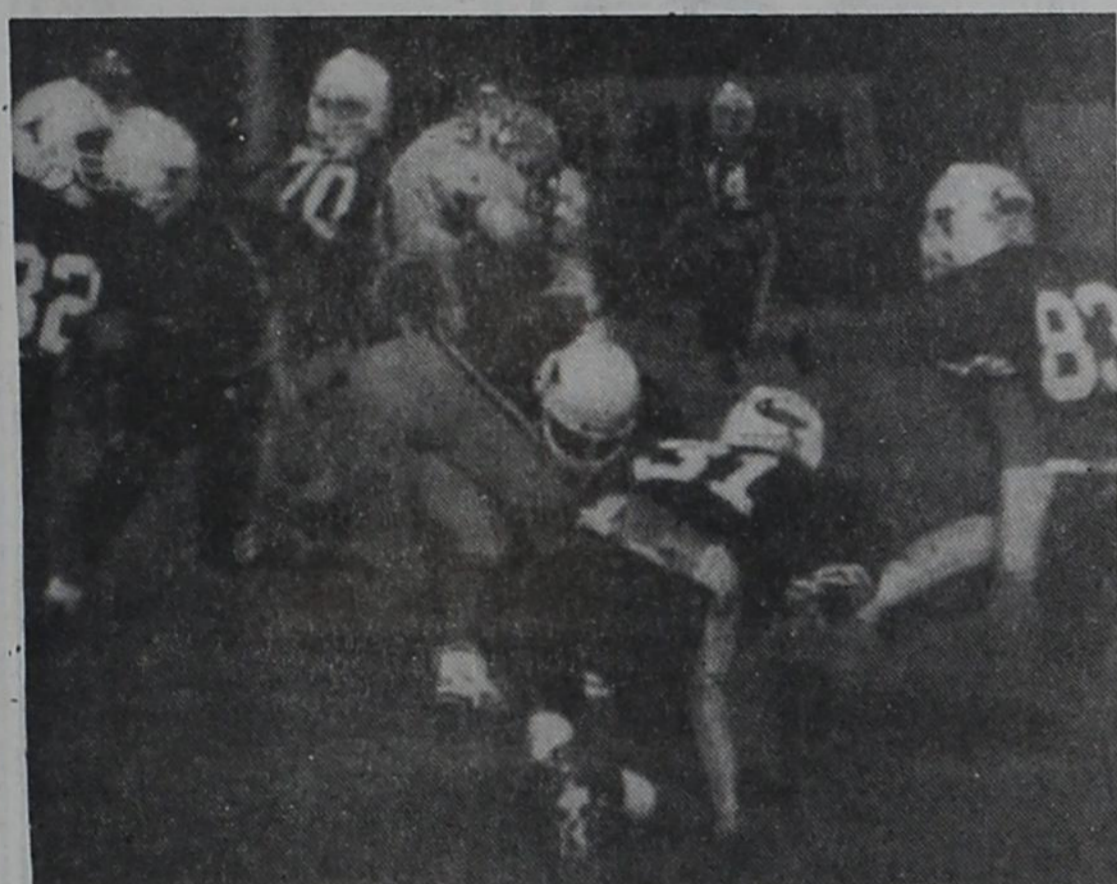

The Farwell Steers ran their season record to 5-0 by winning their first district game last Friday at home against the Bovina Mustangs, 36-0.

It was the third straight shutout the Steers have posted. They visit Nazareth tonight (Friday) at 7:30 p.m. for their second district match.

The game was much closer than the score indicated. Both teams went into halftime at a 0-0 deadlock.

The underdog Mustangs stunned Farwell in the first quarter. Farwell kicked off and Bovina posted two first downs, then punted to the Steer 33. Farwell lost a fumble on its first play.

Steer Linebacker Monty Delgado made a couple of strong tackles. But Mustang Andy Stormes made some excellent runs, then hauled down a pass at the Steer 2 yard line.

The Steer defense surrounds a runner. Photo by J.R. Ivins

Farwell pushed Bovina back to the 16.

A penalty nullified an interception by Chad Byrd in the end zone. But Bovina's drive was stopped at the 10. Overall, Bovina held the ball for the first 9:38 of the first quarter except for the one Steer play.

In the second quarter, Bovina's Cain Neal had a quarterback sack and Farwell had to punt. Mustang Corey Mitchell took the ball at his own 35 and returned it to the Steer 20.

Bovina was stopped at the Steer 11. Brad Atwell had a QB sack. Both teams were unable to move the ball effectively the remainder of the half. Major defensive plays by the Steers were tackles by Atwell, Darren Haseloff and Adrian Nicolas and a blocked punt by Ruben Lucio.

But the complexion of the game changed in the third quarter. A 25-yard run by Joel Smith got the ball to the Bovina 37. A 35-yard TD run by Shawn Stewart was nullified due to a penalty. But on a 4th and 3 play, Stewart picked up 10 yards to the 18. QB Greg Actkinson then passed to Haseloff for the first Steer TD at 6:21. The Haseloff kick was good and it was 7-0.

Two minutes later the Steers scored again. Bovina was placed in poor field position when its kick returner was tackled by Byrd at the 6. A short Bovina punt and strong return by Haseloff gave the Steers possession at the Bovina 8. Smith scored from the 2 and the Haseloff kick was good: 14-0.

Haseloff recovered a Bovina fumble at the Mustang 35. Farwell moved the ball behind runs by Smith and Stewart, with Stewart scoring from the 5. Actkinson ran in the 2 points and it was 22-0 at 1:11 of the 3rd quarter.

At 9:42 of the final period, Actkinson threw the bomb to Michael Arce for a 60-yard gain to the Bovina 2. Arce made

a remarkable play in catching the strike since he had turned in full stride to make the play. Stewart scored from the 2 and the Haseloff kick was good: 29-0.

The scoring culminated in a 15-yard TD gallop by Stewart with 31 seconds left in the game. The Haseloff kick was effective and it was 36-0.

Individual statistics: Rushing - Stewart, 19 carries for 112 yards; Smith, 7 for 40; Delgado, 2 for 34, and Actkinson, 8 for 15. Receiving - Arce, 1 for 60 yards; Haseloff, 2 for 28; Stewart, 1 for 17.

Team statistics: Rushing - Farwell, 36 attempts for 170 yards; Bovina, 45 for 42 yards; passing - Farwell, 4 of 8 for 105 yards; Bovina, 1 of 1 for 29; first downs - Farwell 16, Bovina 5; penalties - Farwell, 5 for 35 yards; Bovina, 4 for 18; and punts - Farwell, 4 for 30 yard average; Bovina, 7 for 25 yard average.

Coach Rex Cumpton commented: "It was not one of our more outstanding efforts in recent memory. We were very flat at the beginning of the game and did not every get any momentum going. Bovina did all of the things they needed to do to stay in the game. We made a couple of technical adjustments. We played much better in the second half. Hopefully, our slump time is over. We must be better prepared mentally to play from now on."

Statistics kept by the Lubbock newspaper show: Farwell ranks 3rd in the area in team offense with 333.4 yards a game, and 2nd in team defense, allowing 139.8 yards a game. Stewart ranks 4th among the area running backs with 583 yards, 116.6 yards a game. Actkinson is 3rd among the passers, with 22 completions in 48 attempts for 600 yards. Haseloff is 4th among receivers with 13 catches for 340 yards. Stewart is second among scorers with 92 points; Haseloff is 8th with 47 points.

## Theater workshop attended

Nine Farwell Junior High School students participated in a Theater Workshop sponsored by the Amarillo College Theater Department on Oct. 2.

Roslyn Bennett, Charlie Gustin, Brea Travis, Cortney Herington, Landon Lunsford, Melissa Schwertner, Kurt Blanton, Monica Mendoza, and Chanse Stephens and teachers Eva Dean Stephens and Kay Ray attended the day-long outing.

The students were divided into 5 groups. Each group rotated from one theater arts section to another. At each 45 minute stop the students participated in activities that helped them learn about theater arts.

In one section the students were given a plot, the names of some characters, and a setting. They wrote a short play with the help of a typist.

In a second section, students were shown miniature sets, and they were told about set design. Then they were asked to design a set for the play that they had written.

In a third section they learned about costume design. They were asked to design a costume for the play that they had written.

In the choreography section the students were taught some dance steps. They also practiced some dueling sequences for a play.

In the final section the students acted out a play.

The Farwell students and their teachers also enjoyed lunch at the Olive Garden.

# Lady Spikers split with Melrose, Dora

The Texico Lady Spikers split its two matches last week, beating Melrose and falling to Dora.

The results bring the Lady Spikers to a 7-6 overall record and a 3-3 district record. Five of Texico's 6 losses come from the top three ranked teams in the state of New Mexico.

"Tuesday we played Melrose at Melrose. We started out real well, but we lost our intensity. We got down two games to one, and had to win games 4 and 5 to win the match. This is the first time this year that we've had to win both of the last two games of a match to win," said Coach Michael Littlejohn.

It went 15-9, 13-15, 8-15, 15-3, and 15-3. Match totals include: Amy Chadwick had 4 aces, 6 kills; Chesna Campbell, 12 aces, 12 assists; Leah Vandiver, 3 aces, 5 kills; Penny Pierce, 5 aces, 24 kills; Denise Gonzales, 3 aces, 1 kill and 19 assists; Marsha Hamilton, 4 kills; Dara Jenkins, 5 aces.

Then the Lady Spikers lost a heart breaker to Dora: 7, 15, 15-9, 15-11, 13-15, and 4-15.

"We played undefeated Dora here. They came out the first game and beat us pretty good," said Littlejohn. "The second game we caught them unaware. Game three we beat them. They were ahead 9-0, and we got back in the game. We started serving real well. We were down 9-0 to the number one team in the state and we came back from it. We learned that we could do it. I'm very happy about that."

"They beat us 16-14 at their place in the same kind of situation. Both times both teams played very well, and both teams hustled," said coach Littlejohn.

Individual results were: Chadwick, 3 aces, 12 kills, 1 assist; Campbell, 6 aces, 20 assists; Vandiver, 2 aces, 9 kills; Pierce, 4 aces, 20 kills; Gonzales, 4 aces, 2 kills, 25 assists; Hamilton, 8 kills; Jenkins, 2 aces.

## Letter To The Editor

Most people over 40 noted the passing of Gen. Curtis E. LeMay on Oct. 1. ABC and Peter Jennings noted the general's demise with a 25 second filler at the end of the evening news that day. The Austin American Statesman gave the general a short column on the back page.

Rock Hudson died awhile back from sexually contracted AIDS. This was a media event that went on for hours of prime time and front page features. Recently, Jane Fonda's cat got more media coverage than Gen. LeMay got on his "last flight".

History has already recorded that Gen. LeMay was the driving force that built the Strategic Air Command which was, and is, the strength behind the SAC motto - "Peace Through Strength". SAC and the rest of the USAF has been and will remain an awesome deterrent against any and all aggressors. The proof of this is the fact that no enemy has insulted U.S. territory since 1941.

History, if written fairly, will credit Gen. LeMay with being instrumental in giving us 50 years of security from aggressors. It should not also that the media of his time gave him less than it gave a gay actor - even less than an actress' cat.

Do we have a serious problem with our sense of values - or is it just the media?

Sincerely,  
Carthon Phillips  
Austin, Texas

# October: National Cooperative Month

## COOPERATIVES

## PEOPLE IN PARTNERSHIP

# HOWDY, PARTNER!

Repeat that greeting 60,000,000 times to that many cooperative consumer-owners throughout the entire nation, and you come up with one of the greatest networks of partnerships in existence.

Cooperatives, owned and operated by their members, provide an array of goods and services for their friends, neighbors and communities. Co-ops are found in big cities, small towns, rural areas — anywhere people need to get things done efficiently and economically.

There are co-ops for electric and telephone service, farm credit, credit unions, farm marketing and farm supply, insurance, food, and health and day care.

40,000 co-ops have made their mark on their communities with a 50-year-plus track record of helping their communities thrive. That's a lot of progress for a lot of people.

So look for the people in partnership in your community. They're working hard for you and for the nation.

# Dyer sees Americanization taking place

Periodically, Rob Dyer from Farwell, who is studying this semester in Spain, will be sending notes on his experiences:

By ROB DYER

Hola! Buenos Dias from Espana! How is everything in Farwell? I hope everyone is doing great.

I have been having an exciting time in Spain. I have gotten to do many things, and I'm really learning a lot. There is so much to do, and I am constantly busy. I am finally settling down to home life in Spain, and I really enjoy everything. My host family is really great, and they help me in everything that I do. I have made a lot of new friends and meet a lot of really nice people. All the people here are so friendly and there is always someone to help me in everything that I do.

I have been a lot of places here in Asturias, and I really love my province. Several weeks ago my family took me on a trip through the mountains in the east. Asturias is called the "Picos de Europa" (European Peaks).

We went to the place where Pelayo, who was king of Asturias, and one of the most important people of Spanish history, is buried. Pelayo was the one who led the rebellion against the Moors and drove them from Spain.

Then we drove to Llanos where my host father's family was from. From there, we drove along the ocean back to Aviles. The sight of the mountains bordering against the beaches along the ocean is one of the most beautiful things I have ever seen. Everything is really green and there are many plants and trees. They definitely receive a lot more rain than we do.

Last week, my family took me to the western part of Asturias, where we visited Lluarca, the town that my host mom's family has a house in. We stayed there with her cousin and his family. The house was really beautiful, and it had its own chapel and formal gardens.

The name of the house is Villa Argentina, because the family returned from Argentina over 100 years ago and settled in Lluarca. Many of the families in Lluarca are descended from wealthy Argentinian plantation owners who returned to Spain in the late 1800's.

My host mom's cousin is a veterinarian, and he took my host brother and I with him when he went to the different farms. Farmers in Spain are very different from farmers in America. I saw farmers who were extremely poor, and practically lived with their cows, and I saw wealthier farms with modern equipment and farming methods. But rich or poor, they all worked from morning until night and they all seemed to have a hard way of life.

The farmers here are mainly dairy men, and most of Asturias is devoted to dairy cattle. Milk production is their only source of income. Cattle here are very expensive, and may farmers were shocked when I told them the price of cattle in the U.S. I thought cattle in America were expensive at this time, but the American price is nothing compared to the price in Spain. One dairy cow costs about 3,000 American dollars. Beef cattle, which are much smaller than ours, cost even more. To the farmers here, their cows were worth more than gold to them, and it was a major loss to lose one to illness or death.

Here in Asturias, even though the ocean is practically ice cold, surfing and wind surfing are both popular sports. My host mom's cousin in Lluarca taught us to windsurf, and I really enjoyed it. I have also tried surfing, which my host brother does, but I think windsurfing is more fun. Here, you have to wear a wet-suit because the water is so cold.

Last week, I went with my host brother and a bunch of friends to see David Bowie in concert. The Beach Boys are also coming to Oviedo (the capitol of this state) so I really don't miss American music. Actually, American music is really popular here, and in most of Europe. There are really more American music and American movies than Spanish. I have seen several new American movies here such as "The Hunt for Red October," "Gremlins," and "Die Hard II." The only problem is that they are in Spanish! Sometimes some of the older movies that we rent are in English, but all the new ones are dubbed in Spanish. For me, it nearly kills a movie to hear someone such as Sean Connery with a different voice!

Here, everything is becoming very Americanized. With hearing the same music, movies, foods, and conveniences, it really makes me feel more at home with all their American things, but it's also sad in a way, because it really suppresses the real culture, and way of life. My family here is practically a typical American family. More typical than most real American families. The businesses are much more like American ones, much of the food is the same, and you can buy a Coke or a Pepsi anywhere. If it weren't for the language difference, my city could be a typical American city. There are still a lot of customs and ways of life that

have been preserved, but there is an increasing amount of Americanization in everything.

I am still surprised at the number of languages everyone here seems to speak. I am now seeing how limited Americans really are in only knowing English. I know very few people that can speak more than two languages. However, here people speak several languages. Aside from Spanish, most people speak Asturian, (the old language of Asturias), and many speak English, French, and Italian. Many also know German, and even several other languages. And, nearly everyone has studied years of Latin. I really feel bad because I know so little of other languages when everyone around me is fluent in several different languages. My advice to Americans is to learn as many languages as possible, because there are uncountable benefits to those who are fluent in other languages.

My school starts the first of October, and I am a little apprehensive. Spanish schools are extremely difficult, and studying in a different language from my own will be the biggest challenge of all. I have a feeling that I will miss American classes before I leave.

I have enjoyed Spain so far, and I am confident about the rest of my stay here. I really miss everyone, and I would love to hear from some of you. Being away from home has made me appreciate Farwell a lot more, and its also made me appreciate my friends and family. I would like to thank everyone who has done so many things for me, and I hope you all have a great year!

Yours,  
Robby Dyer

**Guidelines to be met**

The Farwell Convalescent Center is working to meet the guidelines set by the Omnibus Budget Reconciliation Act which took effect on Oct. 1. It has been called the most sweeping change in nursing home care in over 20 years.

Some of the highlights of the changes mandated by this law are listed below.

- Increased nurse staffing. 24 hours, 7 day a week nurse staffing plus registered nurse coverage 8 hours a day, every day.

- Training of nurse aides. In Texas, new nurse aides must complete an 80 hour curriculum and pass a competency exam. A registry of nurse aides certified as competent will be maintained by the Texas Department of Health.

- Pre-admission screening and annual resident review. Residents must be screened and reviewed annually for mental health and mental retardation or related conditions. The state must provide alternate placement or active treatment within the nursing home as needed.

- A new national comprehensive assessment tool. Provides a standard for a thorough assessment of a resident's need on which to base a plan of care.

- Increased resident autonomy. Guarantees basic residents' rights and allows residents to have more say in their care and treatment.

- Dramatic reduction in use of chemical and physical restraints. Restraints must be ordered by a physician and efforts must be made and documented to try less restrictive measures.

# Longhorns plaster Whitharral

The Lazbuddie Longhorns whipped the Whitharral Panthers last Friday at Homecoming, 70-28.

It was the district 3-1A opener for both teams. Lazbuddie is now 4-2 on the season. Whitharral is 1-4.

Coach C.W. Williams basically said that the Panthers didn't have a real good team this year and his Longhorns had little trouble in the game. Lazbuddie took a commanding 36-8 lead after the end of the first quarter. The first tally occurred when Doug Barnes took a 21 yard pass from Paul Williams. Luis Gonzales kicked the point after.

After Whitharral knotted the game on a 60-yard TD strike, it was all Lazbuddie.

Gonzales scored on a 44-yard pass from Williams; the kick failed. Then Gonzales ran 50 yards for his second TD; the kick failed.

Barnes caught an 8-yard TD toss from Kirk Jesko, and Gonzales booted the points after. A tad later, Barnes scored his third TD of the quarter when he took a 34 yard pass from Mario Zamora. The kick failed. In the second quarter, the Longhorns scored two more times to go into the half, leading 50-8.

The second half was closer as both teams put 20 points on the board.

Lazbuddie scores came from a 36 yard run by Jesko a 35 yard run by Matt Cozby and a 6 pass pass from Barnes to

Cozby. Also, Williams had a successful kick.

Lazbuddie gained 365 yards on the ground and 127 in the air. Jesko ran for 143 yards on 14 carries.

Lazbuddie travels to Cotton Center tonight (Friday) for a 7:30 p.m. district match.

In area statistics kept by the Lubbock newspaper, Lazbuddie is 6th in team offense with 382 yards a game, and 8th in team defense, allowing 284 yards a game. Jesko is 9th among area rushers with 742 yards, averaging 123.7 yards a game. Williams is 2nd among the passers, with 54 completions in 116 attempts for 840 yards. Barnes is 4th among receivers with 17 grabs for 326 yards, and Cozby is 10th with 15 catches for 301 yards.

### U.S. cattle officials take message to Japan

Changes made by the U.S. cattle industry for U.S. consumers will also benefit Japanese consumers, industry leaders said.

Anne I. Anderson, executive director of the Texas Beef Industry Council, and Dr. Gary Smith, professor of animal science at Colorado State University, addressed approximately 150 Japanese at Takegishi Meat Packing Technological Col-

lege at Tsuchiura, west of Tokyo.

Anderson explained that the United States beef industry has changed rapidly to meet consumer needs in the last half of the 1980's. Through programs of research, education and promotion, she said, the industry has helped retail and food service industries better adapt to changing consumer desires. The result is better acceptance of beef by consumers.

# Wolverines top Hagerman, take over No. 1 spot

By JANICE JENKINS

The Texico Wolverines, ranked 3rd in the state, knocked off No. 1 Hagerman last Friday at home, 21-15.

The victory boosted Texico to a 6-1 overall record and 2-0 in district.

Texico kicked off and stopped Hagerman at its 36. QB Benji McDaniel and other defenders held tight on a 3rd and 10, forcing a punt.

The Wolverines moved the ball down field behind Josh Autrey, McDaniel and Hector Orozco. But they had to punt, too.

Warren Martin made a strong tackle on the punt receiver. Hagerman again punted and Texico took over on the 40. A holding penalty made it 1st and 20. Then Autrey ran up the middle for 10. But Texico fumbled the ball away.

On defense, Autrey and Matthew Williams made good tackles. Then Dwayne Hamilton, McDaniel, Martin and Josefre Gonzales made a super tackle, dropping the Hagerman runner for a loss. With 43 seconds left in the first quarter, Hagerman threw a long pass. Two Texico players tipped it, trying for the interception, but it wound up in the hands of Chris Hernandez, who ran it in for the TD. Hernandez than ran for the extra points and Hagerman led 8-0.

Orozco took the kick and made good yardage up the middle. McDaniel threw a super pass to Martin and it was 3rd and 1. Texico converted the first down on an Autrey run. Then Texico punted. Hagerman also was stopped.

Autrey returned the Hagerman punt to the 35. McDaniel hit Kenny Shaw with a long pass. Autrey gained 6 up the middle. Texico decided to go for it on 4th and 4. McDaniel made the first down around end. Texico continued moving the ball on the ground but was stopped at the Hagerman 2 on this drive. The half ended with Texico still down 8-0.

Texico came out for the third quarter determined to play even tougher on defense and to score. Again, Autrey, McDaniel and Orozco were the work horses. McDaniel threw to Ben Akers for a 12 yard gain.

With 7:43 left in the quarter, a personal foul was called against Hagerman, giving Texico the ball at the Hagerman 1. Then an illegal procedure call against Texico moved the ball back to the 6. Texico didn't let the penalty shake them as McDaniel threw a pass to Shaw for the TD. McDaniel then passed to Autrey for the extra points and the game was tied 8-8 at 6:22.

Martin, Orozco and Hamilton made good tackles during the next Hagerman offensive. Then McDaniel intercepted, getting the ball back for Texico. Texico mixed up its plays

well, alternating between runs and short passes. Then McDaniel hit Shaw with a 26-yard scoring heave. The kick was blocked, but Texico led 14-8 with 2:46 left in the 3rd quarter.

With 52 seconds left, Hagerman was threatening to score again but Autrey made a great tackle to stop them. Other big tackles were made by Orozco, McDaniel and Hamilton. Texico got the ball back at its 25.

Hagerman couldn't stop Texico this time, either. McDaniel and Autrey teamed up for runs for more first downs. Finally, McDaniel scored from the 1 and Orozco kicked the point after, putting Texico on top 21-8 with 4:24 left in the game.

With 2:27 left, Shaw made a good tackle to bring up a 4th and 4 for Hagerman. But Hagerman scored on a 9 yard pass for its second TD. The kick was good and it was 21-15.

Texico knew it had to hang onto the ball and play smart. Autrey ran for good yardage and a first down. With 51 seconds left, on a 3rd and 10, Texico fumbled but Hamilton recovered the loose ball for a big play.

Hagerman got the ball back with just 9 seconds left in the game. They threw the bomb but McDaniel came away with another interception.

Several Texico players wanted to express their appreciation to the Texico Band and the many fans who turned out to support them. They said it is easier to play when they have people supporting them and they want to thank everyone who traveled the long way to Hagerman.

Tonight (Friday), Texico hosts Tatum at 7:30. The junior high will play at 5 p.m. The First Baptist Church of Texico will have a "fifth quarter" for grades 7 - 12 after the game.

Individual totals: Rushing - Autrey, 29 for 119 yards; Orozco, 5 for 31; McDaniel, 17 for 94. Receiving - Shaw, 3 for 54; Akers, 1 for 12; Martin, 1 for 9; Autrey, 1 for 2. Passing - McDaniel, 6 for 8 and 77 yards.

Team totals: First downs - Texico 15, Hagerman 7; net yards rushing - Texico, 51 for 244; Hagerman, 29 for 85; net yards passing - Texico, 6 for 8 and 77 yards; Hagerman, 4 for 12 and 108 yards. Total yards gained - Texico, 321; Hagerman, 193. Punts - Texico, 2 for 22.5 yard average; Hagerman, 3 for 30.7 yard average. Penalties - Texico, 5 for 40 yards; Hagerman, 4 for 44.

"We played pretty well. We threw the ball more than they had in earlier games," said coach Bruce Scroggins. "We had some fumbles like the ones on Monday night football this week."

He added: "Rusty Foreman plays both ways. He's always in the middle as either center or noseguard."

Texico is now the No. 1 team on the state media pole. Coach Scroggins calls this a "kiss of death."

In statistics kept by the Lubbock newspaper for area New Mexico teams, Texico ranks third in team offense with 315 yards a game and second in team defense, allowing a paltry 133 yards a game. Autrey is first among the running backs with 1,129 yards for a 161.3 yards per game average. McDaniel ranks 7th among the passers with 20 completions in 43 tries for 257 yards. Shaw is 10th among the receivers with 7 grabs for 182 yards. Autrey also leads in scoring with 86 points; McDaniel is tied for 9th with 36 points.

Looking ahead, "the Tatum game will be the biggest game to date. We're coming off a couple big games, and we've got to play one more big game," said Scroggins. "Tatum always seems to get good at district. They are a little younger than they've been but they execute offense well and play well at defense."
