

**Smallwood**

When he returns from his training in Virginia, Smallwood will present a program at First Baptist Church in Farwell at 7 p.m. on Sunday, July 22. He will play his guitar and sing at that time. He will also tell everyone about the work that is in store for him in Africa. The congregation will hold a commissioning service for him at this time.

When Smallwood leaves Farwell July 24, he will fly from Lubbock to Atlanta, Ga., to Amsterdam, Holland; to Dar Es Salaam, Tanzania. Then he will have a three day drive from the east coast of the country to the high plains of the western part of the nation.

"Transportation is very primitive there," said his mother. She has been told that there is only one train that crosses the nation, and it does not operate on a regular basis as our trains do.

Mail service is primitive, too. "It takes our post office 3 days to get a letter to Tanzania, but it takes about a month for letters to get to the missionaries. The mail arrives at the nearest big town and waits there until someone comes to get it. Whoever is going from that area just picks up the mail for everybody," said Mrs. Smallwood.

"We gripe about our government and all the laws we have, but what would we be without it?" she wonders.

When Smallwood arrives on the high plains of Tanzania he will live near another missionary and his family. They raise cattle and rabbits and a small garden, and they share the Gospel, and build new churches.

Smallwood will be bringing some seeds with him for planting at the mission.

"People in that area live one day to the next. Many of the children starve before they are two years old. Mostly, they eat cornmeal mush, and don't get enough protein," said Mrs. Smallwood. One of Smallwood's jobs will be teaching the people of the area ways to store and preserve what they produce.

It seems odd to Mrs. Smallwood that the natives of Tanzania do not raise more cattle and eat it. The high plains of Tanzania are surrounded by some of the world's largest lakes, and the nation gets more rainfall than we get here. The native grasses have supported all sorts of wildlife for eons. It seems like an ideal place to raise cattle.

But, the people can't afford to raise cattle right now. The missionaries are teaching them to raise rabbits for protein in their diet because are much cheaper than cattle to purchase and they multiply very fast.

Mrs. Smallwood thought that her son Jack's friends might like to write to him while he is in Africa. His address in Africa will be: Box 224, Kasulu, Tanzania, East Africa.

The Twin Cities have had cloudy skies and cooler temperatures during the past week, but little rain.

"We had just a trace," said Bobbie McFarland of Sherley Anderson Pitman in Farwell.

In Lariat, Lonnie McFarland measured .09" of rain on July 14 and .06" on July 11 at the Sherley Anderson

Grain elevator. He notes that the total moisture for the year there is 3.78" this year compared to 7.46" at this time last year.

**How to deal with white grubs**

by Mike Blanton, Extension Agent- Entomology

White grubs often infest lawns this time of year, especially fertilized, well-watered lawns. The beetle, commonly known as the June beetle, which is attracted to lights in summer, is the adult stage of the white grub. Numbers of this beetle seem to be down, or at least their flights are late this year as compared to previous seasons; thus, insecticide treatments should be delayed.

A number of insecticides are recommended for white grub control. Dursban and Diazinon are generally applied during the first week of July. An effective granular insecticide called Oftanol should be applied around June 15th in an average year; however, these treatments should be delayed a couple of weeks this year. Triumph is another effective white grub product but is available only through professional lawn care services. Current research indicates that Oftanol has little effect on earthworms; while Dursban, Diazinon, and Triumph reduce earthworm numbers by an average of 50%.

Although liquid preparations of Diazinon and Dursban are more effective in controlling white grubs, granular insecticides are easier for homeowners to apply. The lawn should be watered thoroughly prior to application, then watered again lightly to help remove the insecticide to the grubs in the soil.

Research indicates that July applications are better than August applications. Some homeowners prefer to make two applications approximately three weeks apart, preventing any damage from grubs. Threshold numbers per square foot are available which indicate the need to treat; however, grub numbers can vary their distribution across the lawn. Lawns which are watered frequently often have high white grub numbers yet show little damage from the pest.

Since grubs prune grass roots, the grass is unable to take up water. This results in brown spots in the lawn. Lawns which are well watered do not have to search for water; thus, damage is not evident. Because of the hot, dry weather, many lawns are having to search for water. Grub damage, therefore, is likely to be evident, even though grub numbers seem to be down this year.

**Shaw's 26 sparks Heat victory**

The Farwell Summer Basketball League is in high gear with three games a night, four nights per week.

Some of the best high school players in the area compete. They play others of their age, but they are often players that they wouldn't play during the course of a season. A team may have players from Farwell, Texico, Melrose, Bovina, Clovis, or Lazbuddie or Grady mixed together. If a team is short handed, whoever is available fills in. The object is to play.

This year Coach Fred Libby has been running the program most of the summer. Coach Rex Cumpston is also available in the gym. Kevin Owen and Coach Libby have officiated at many of the games.

An effort was made to divide the players so that no one team would dominate the action. The better players were divided up so that all of the teams would have a chance to compete.

As of July 17, the Bulls and the Hawks were leading the older player's brackets with 7 wins apiece. The Cats were in 2nd place with 6 wins. Following were: Celtics, 5; Heat 4; Lakers, 2; Sixers and Sonics, 1 each.

In the younger player's age brackets, the Pistons were leading with 4 wins. The Knicks, Spurs, and Rockets each had 3 wins apiece.

Below are the results of the games played by the older group of players recently.

Farwell High School's "Blue Crew" Drill Team won an award when they attended camp at New Mexico State University in Las Cruces. It includes: Karen Aycock, Veronica Soto, Ruby Sanchez, Lena Ortiz, Liz Galvan, Christie Phillips, Ginny Mitzelfelt, and Lorri Murray.

## 'Kiss the Pig' contest starts

The Farwell "Blue Crew" Drill Team is sponsoring a "Kiss the Pig" contest at Border Town Days.

According to sponsor Lori Haseloff, one of the following contestants will win the privilege of kissing a pig at Border Town Days:

Annette Black, Avon Products representative; Walt Causey, Texico City Marshal; Martin Chandler, ASCS county manager; Richard Hadley, Citizens Bank manager; Martin Kube, Farwell city councilman; Frances Kube, Beauty Box owner; Doyal LaRue, Texico mayor; Mike Pomper, State Line Tribune president; and Craig Zinck, Farwell band director.

The drill team asked those people to participate in the contest because they represent a variety of segments of the Texico-Farwell community.

The public will be able to cast their ballots (by placing a nickle in the person's jar) at Hughes True Value, Tri-County Tire, Sput Restaurant, or Farwell Hardware, or in the park on Border Town Day July 28.

## Time to register for decorated bicycle contest

All area youngsters are reminded that registration has begun for the Border Town Days Decorated Bike Contest at Texico City Hall.

This year offers a special incentive: Ted Lopez of Tedson Trailers is donating a brand new bike to the winner of "Best of Show" - the bike judged as best decorated regardless of age category.

This year's BTD theme is "Under the Circus Big Top." "Everything is ready at Texico City Hall for registration," says Ann Cooper, who is in charge of the bike contest.

The registration deadline is 3 p.m. Friday, July 27.

She said that the youths planning to enter the decorated bike contest in the parade need to register, giving their name and age, if they are to be eligible for cash prizes to be awarded. In addition to the new bike, prizes totaling \$50 will be awarded. The cash prizes were provided by an anonymous donor.

No motorized bikes will be allowed in the bicycle contest.

All riders must bring their decorated bikes to Anderson Street (between Texico City

Hall and Little Mexico flea market - across the highway from Citizens Bank) at 9:45 a.m. Texas time, and line up for judging there. The street will be blocked off so that there will be no vehicular traffic.

"You must be on time or you will not be judged," added Mrs. Cooper.

Other rules are:

\* All participants must continue to Farwell City Park, and then park their bikes. No riding will be allowed in the park area. A bicycle rack will be provided in back of the First Baptist Church.

\* You must be present at the park to receive your cash prize.

\* There will be two divisions in the judging:

Division A: Best decorated bike, ages 7-12.

Division B: Best decorated bike, ages 6 and under.

Judging will be based 50 percent on originality and theme; 30 percent on neatness, and 20 percent on the use of color.

Judges will be Kenneth Jones, Carl Thompson, and Lee Malloy, members of the Clovis Rotary Club.

## — Dangerous Debris or Buildings —

*Dangerous buildings or debris; removal; notice; right of municipality to remove; lien.*

A. Whenever any building or structure is ruined, damaged and dilapidated, or any premise is covered with ruins, rubbish, wreckage or debris, the governing body of a municipality may by resolution find that the ruined, damaged and dilapidated building, structure or premise is a menace to the public comfort, health, peace or safety and require the removal from the municipality of the building, structure, ruins, rubbish, wreckage or debris.

B. A copy of the resolution shall be served on the owner, occupant or agent in charge of the building, structure or premise. If the owner, as shown by the real estate records of the county clerk, occupant or agent in charge of the building, structure, or premise cannot be served within the municipality, a copy of the resolution shall be posed on the building, structure or premise and a copy of the resolution shall be published one time.

C. Within ten days of the receipt of a copy of the resolution or of the posting and publishing of a copy of the resolution, the owner, occupant or agent in charge of the building, structure or premise, shall commence removing the building, structure, ruin, rubbish, wreckage or debris, or file a written objection with the municipal clerk asking for a hearing before the governing body of the municipality.

D. If a written objection is filed as required in this section, the governing body shall:

1. fix a date for a hearing on its resolution and the objection;
2. consider all evidence for and against the removal resolution at the hearing; and
3. determine if its resolution should be enforced or rescinded.

E. Any person aggrieved by the determination of the governing body may appeal to the district court by:

1. giving notice of appeal to the governing body within five days after the determination made by the governing body; and

2. filing a petition in the district court within twenty days after the determination made by the governing body. The district court shall hear the matter de novo and enter judgement in accordance with its findings.

F. If the owner, occupant or agent in charge of the building, structure or premise fails to commence removing the building, structure, ruins, rubbish, wreckage or debris:

1. within ten days of being served a copy of the resolution or of the posting and publishing of the resolution;
2. within five days of the determination by the governing body that the resolution shall be enforced; or
3. after the district court enters judgment sustaining the determination of the governing body, the municipality may remove the building, structure, ruins, rubbish, wreckage or debris at the cost and expense of the owner. The reasonable cost of the removal shall constitute a lien against the building, structure, ruin, rubbish, wreckage or debris so removed and against the lot or parcel of land from which it was removed. The lien shall be foreclosed in the manner provided in Sections 3-36-1 through 3-36-6 NMSA 1978.

G. The municipality may pay for the costs of removal of any condemned building, structure, wreckage, rubbish or debris by granting to the person removing such materials, the legal title to all salvageable materials in lieu of all other compensation.

H. Any person or firm removing any condemned building, structure, wreckage, rubbish or debris shall leave the premises from which the material has been removed in a clean, level and safe condition, suitable for further occupancy or construction and with all excavations filled.

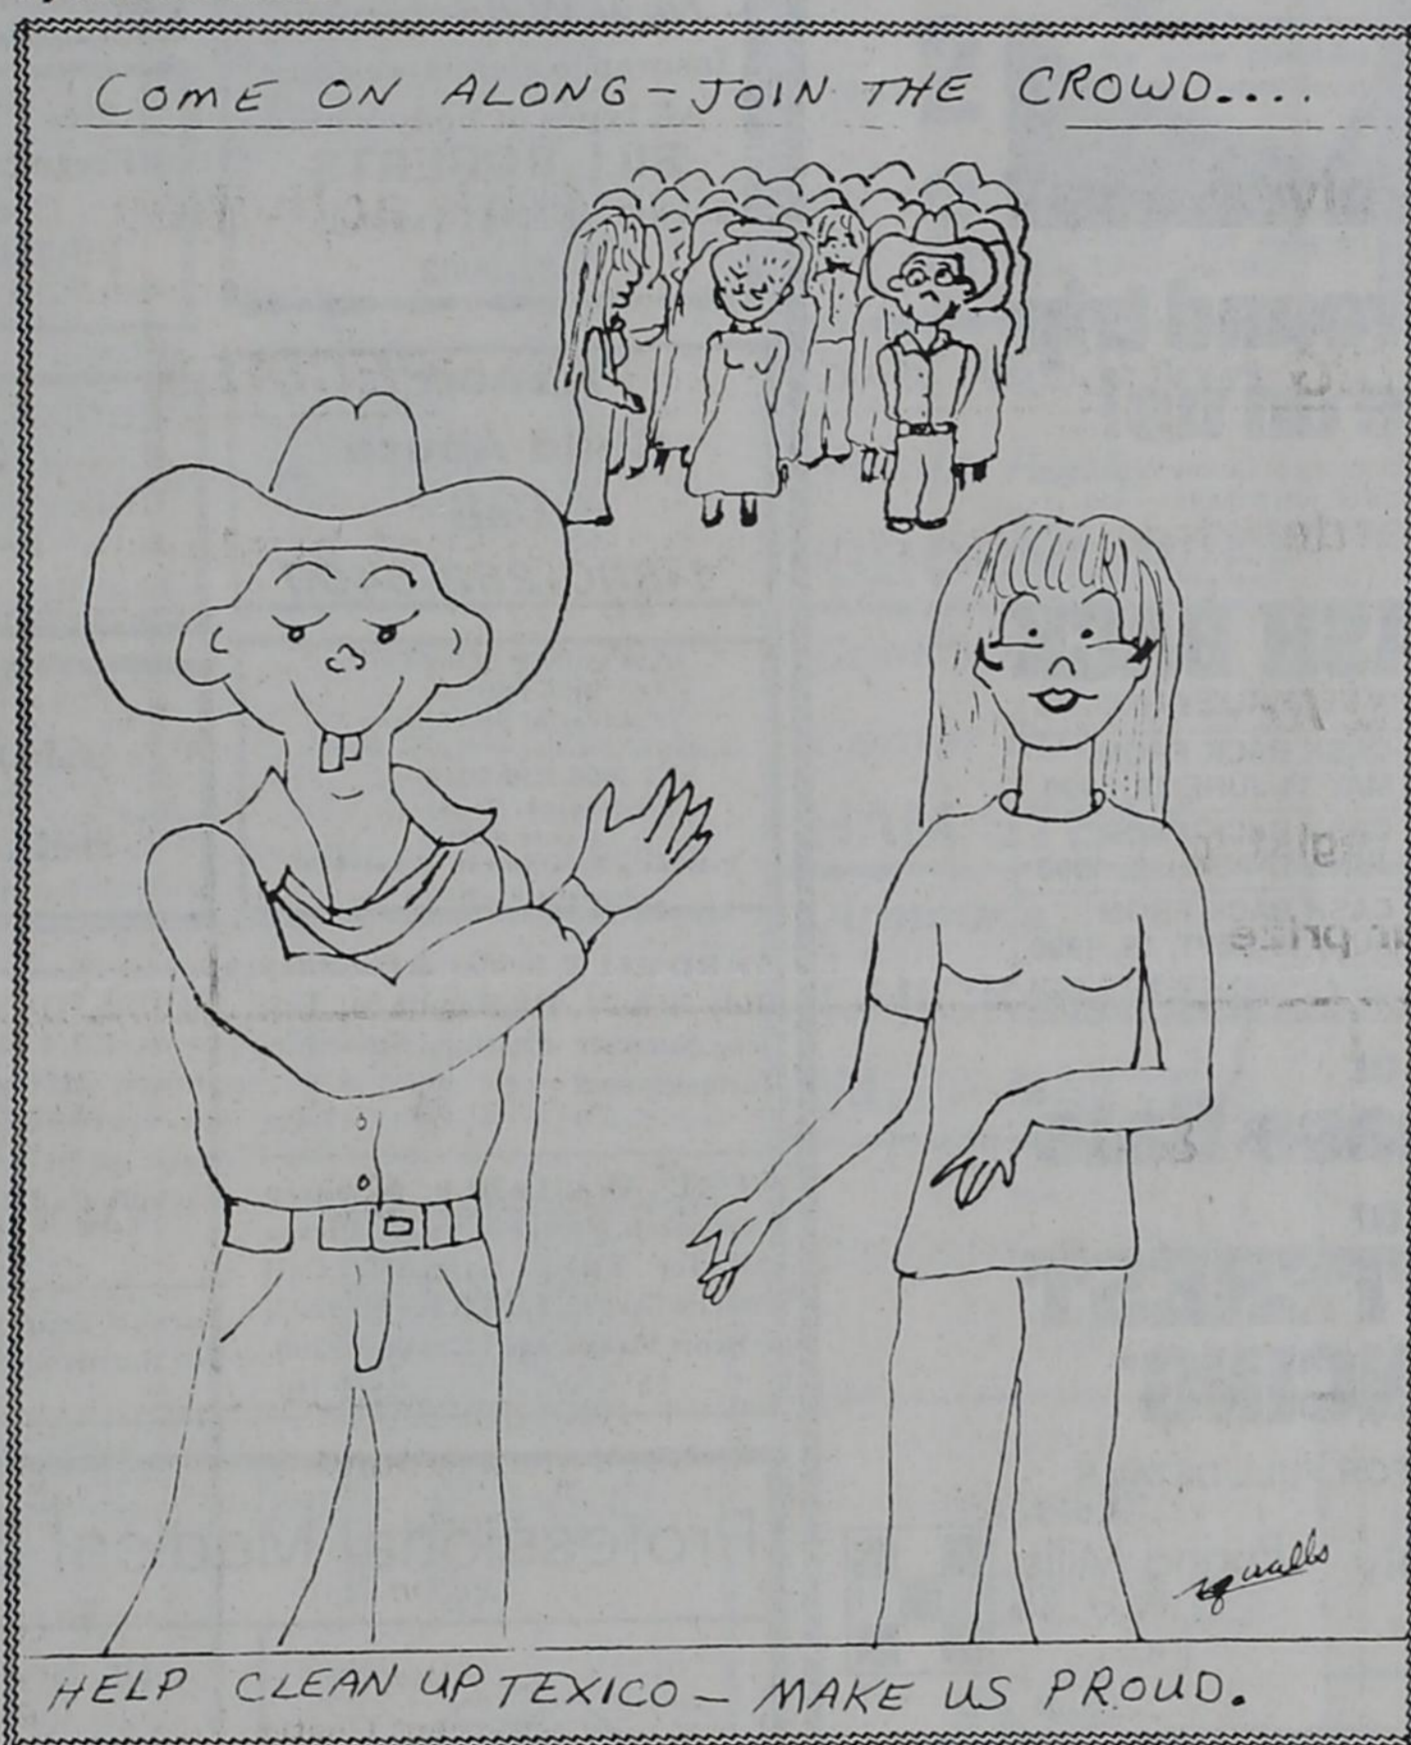

# Texico's clean-up ordinances

At the first "brainstorming session" of the Texico ad hoc clean-up committee last month, it was suggested that residents needed to know what ordinances governed them.

At that time, the State Line Tribune volunteered to run the pertinent ordinances in full.

So here they are:

By Rhonda Qualls

## — Vehicles —

*An ordinance prohibiting the abandonment of vehicles and restricting the parking thereof; restricting the disposition or keeping of wrecked, non-operating or discarded vehicles on streets or private property; providing for impounding of certain vehicles; and imposing penalties.*

Section 1. Definitions. When used in this ordinance the following words or terms shall be taken to have the following meaning:

1. "Person" shall mean any person, firm, partnership, association, corporation, company or organization of any kind.
2. "Vehicle" shall mean a machine propelled by power other than human power designed to travel along the ground by use of wheels, treads, runners, or slides and transport persons or property or pull machinery and shall include, without limitation, automobile, truck, trailer, motorcycle, tractor, buggy and wagon.
3. "Roadway" shall mean the entire width between the boundary lines of every way which has been dedicated to the public use for purposes of vehicular travel.
4. "Street or alley" shall mean that portion of any roadway which has been improved in any fashion for the purpose of vehicular travel.
5. "Property" shall mean any real property within the city which is not located within the street or highway boundary lines.

Section 2. Abandonment and parking of vehicles. No person shall abandon any vehicle on any roadway within the City. It shall be presumed that any vehicle which has been left at any place on a roadway within the City for a period of more than 72 hours consecutively is an abandoned vehicle. No person shall park or stop any vehicle on any street or alley within the City, whether or not said vehicle is abandoned, for a period of more than 30 days consecutively.

Section 3. Leaving of wrecked, non-operating vehicles on street. No person shall leave any partially dismantled, non-operating, wrecked, junked or discarded vehicle on any street or highway within the City.

Section 4. Disposition of wrecked or discarded vehicles. No person in charge or control of any property within the City, whether as owner, tenant, occupant, lessee, or otherwise, shall allow any partially dismantled, non-operating, wrecked, junked, or discarded vehicle to remain on such property longer than 48 hours; and no person shall leave any such vehicle on any property within the City for longer than 48 hours; except that this ordinance shall not apply with regard to a vehicle in an enclosed building, a vehicle on the premises of a business enterprise operated in a lawful place and manner, when necessary to the operation of such business enterprise; or a vehicle in an appropriate storage place or depository maintained in a lawful place and manner by the City.

Section 5. Notices of Violation. Should any employee of the City observe any violation of Sections 3 or 4 of this ordinance, or should any such employee of the City observe any vehicle which has been parked or stopped upon a street or alley in excess of 30 days in violation of Section 2 of this ordinance, it shall be his duty to serve upon either the owner of the vehicle involved or upon the owner or occupant of the property involved, a notice in a form to be supplied by the City Marshal, which notice shall command the recipient thereof to cause any such violation of this ordinance to terminate within a period not in excess of five days.

Section 6. Impounding. In the event of failure to comply with any written notice issued pursuant to Section 5 of this ordinance, the City Marshal or any city employee designated by him is authorized to remove or have removed any vehicle left at any place within the City to which a notice to comply has been issued. Any such impounded vehicle shall be retained until claimed by its owner or disposed of in accordance with law. Possession of any such impounded vehicle shall not be returned to its owner unless or until the owner has paid all costs of removal and storage.

# Giveaway under way

Forty-four Twin City businesses will be participating in the 9th annual Border Town Days Merchants Giveaway program held in conjunction with the annual BTDC celebration park's activities on July 28.

This year's giveaway will take place throughout the afternoon of the Saturday festivities at Farwell city park. To enter, you must be at least 12 years old.

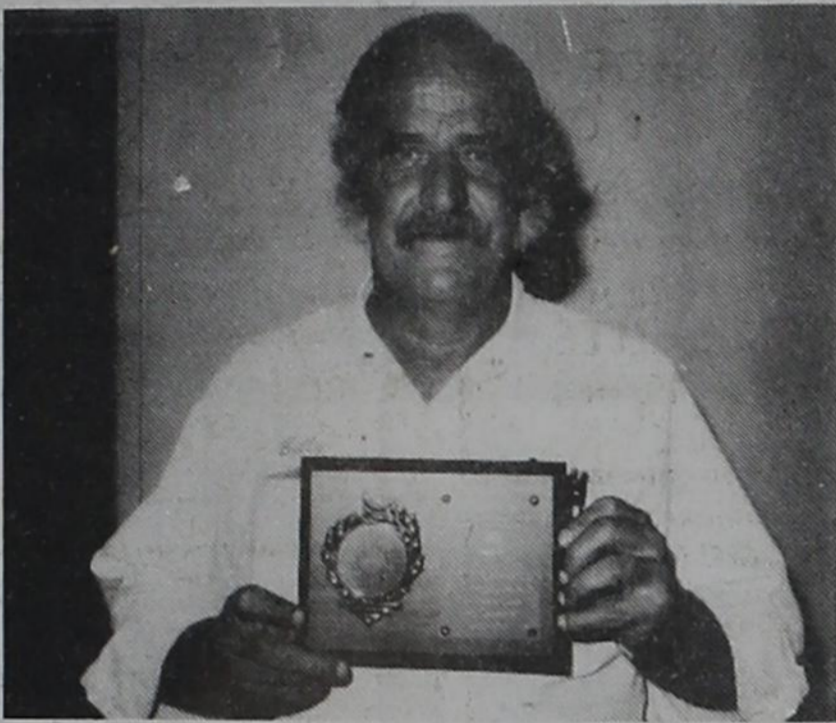

Debra Looper, chairman of this year's event, said, "Any merchant that was not contacted but who wants to participate in the giveaway should call me at 481-9027 immediately. There's still time to enter."

Each participating business has a box in which customers may register for the prize to be given away by the merchant. A person may sign up once each time he is in a store until July 27 when the boxes will be picked up and taken to the park for the drawing.

Drawings will be held from each individual merchant's box, and the person whose name is drawn will be allowed 10 minutes to claim the prize. If the winner doesn't show up to claim the prize within the allotted time, another name will be drawn so that all prizes are awarded that afternoon. It is essential that a winner be at the park to hear when his name is called.

No purchase is necessary at any of the participating merchants in order to register for the many prizes.

In addition to the individual drawings, at the end of the giveaway, a special giveaway will be held. All the entries will be thrown together and one picked at random to win 2 faucets from B & J Plumbing.

Hammit honored

Texico Water Supt. Dee Hammit received a plaque July 11 honoring him for receiving the John W. Clark Award in 1982 for outstanding services to the New Mexico Water & Wastewater Association. The original plaque featured the names of honorees from 1955 to 1990. Since it had filled up, a ceremony was held at Ft. Sumner giving individual plaques to each of the recipients.

## Blood drive scheduled

There will be a blood drive at the Fellowship Hall of the First Baptist Church in Farwell from 10 a.m. - 4 p.m. on July 24.

Traditionally, donations to blood banks are at their lowest during summer months. But, the demand for blood is great due to vehicular accidents.

Blood will be collected by United Blood Services of Lubbock, a non-profit organization. This is the sole provider of blood and blood products in West Texas and Eastern New Mexico.

Anyone who would be willing to donate blood is welcome to come at their convenience during the donation times.

Cookies and juice will be served to donors. Members of First Baptist Church will

be donating them. Anyone willing to help with the drive should contact coordinator Rebecca Smallwood.

Boxes were placed at the participating merchants July 12. Here is a list of the participants and the prizes they are giving away (some prizes will be announced later):
