

Unusual weather wreaks havoc with the type of paving that is prevalent in the Southwest, and we are no exception. Many of our city streets have developed large areas that have turned into muck and ruts that will be difficult to repair on the local level. We also notice that the parking lot by the Farwell School gymnasium has also gone to pieces. It looks as if major repairs must be undertaken in the community if our streets are to be restored.

As bad as this looks, let's see if we can discover a glimmer of a silver lining in this predicament. We have been needing more street paving in town for some time. Also, the appearance of the town would be decidedly improved. There are places that need paving such as the parking area in front of the City Hall. The block north of the post office needs curbing and additional paving badly. Some of the areas around the courthouse could stand extensive repair. So, it looks like there is plenty of work to attract a good paving contractor to town in the near future.

As we have mentioned, from time to time we have reason to go back through the old files of the Tribune, and in so doing, we get refreshed on a lot of things we already know. For example, do you remember that the Farwell Chamber of Commerce was organized Febuary 14, 1946? It was, and it has been active in city affairs ever since.

This has been good because

Incumbents Seek Re-Election --Six Hats In Politcal Ring

Several people have thrown their hats into the Parmer County political ring this week with the announcement that they will seek re-election to the offices they now hold in the May

1970 Democratic Primary. This newspaper has been authorized to make announcements from four county officials and the Farwell Justice of Peace for re-election to their respective offices in the May Democratic Primary.

Announcing for re-election are Archie Tarter, Ex-Officio County School Superintendent and County Judge; Bonnie Warren, County Clerk; Dorothy Quickel, District Clerk; Mrs. Mabel Reynolds, County Treasurer; and J. R. Thornton, Farwell Justice of the Peace. Raymond Treider, Jr., commissioner from Precinct 4 announced his candidacy for re-

election to that position in the January 2 issue of the State Line Tribune.

BONNIE WARREN Mrs. Warren issued the following statement in regard to her candidacy. "If elected to

another term I shall continue to fulfill the duties of this office in a courteous, efficient and prompt manner as I have tried to do in the past. I shall sincerely appreciate your support in the forthcoming Democratic Primary by returning me to office. Your past favors have been sincerely and deeply appreciated."

Mrs. Quickel, who is seeking a third term as District Clerk, issued the following statement: "I am taking this opportunity to announce my candidacy for rel-election to the office of District Clerk for Parmer County. I wish to express my thanks to the people of the county for their support and the confidence placed in me in the past and if elected, I pledge to continue to fulfill the duties of this office to the best of my ability. Your support, vote and influence in my behalf will be appreciated."

MRS. MABEL REYNOLDS

Mrs. Reynolds issued this statement regarding her candidacy: "I wish to announce my candidacy for re-election to the office of Parmer County Treasurer subject to the action of the Democratic Primary. I pledge my best efforts, if reelected, to discharge the duties of the office efficiently, promptly and courteously, and to cooperate with the other officials in the best interest of the citizens of Parmer County. I shall sincerely appreciate your continued support and sincerely thank you for your past

considerations and support."

If it takes money to keep us abreast of the rest of the county. let's spend it. WE HAVE IT. Less taxes only mean less services. People, business, and industry go where the goods and services are that they require. We must so provide them or perish.

We have a new and challenging decade facing us. The old pinch penny policies have not kept us abreast of our sister towns in Parmer County. We must pay the price of progress or the beginning of 1980 will see us as a ghost town without the courthouse or a school system--but still probably the lowest tax rate, and a town that looks like it.

in Parmer County have continued to expand rapidly for the past two to three years. The major reason for this expansion has been because of the feedlot growth and its need for cattle to feed.

Stocker calf operators, farmers and others interested in learning about how to better manage a stocker program will attend a beef cattle meeting at the Bovina High School Auditorium.

Of special interest will be a discussion on the problems of health and nutrition of stocker cattle, says Ronny McNutt, Parmer County agricultural agent. Presenting the discussion will be Dr. Dale Furr, nutritionist

## **Register To** Vote Now

All area residents are reminded that they have only until January 31 to register in order to vote in the forthcoming elections.

Parmer County residents may register for their voter certificate by visiting the tax assessor's office.

All persons 21 years of age or older must have a voter registration certificate before they will be eligible to vote in the 1970 elections, according to Hugh Moseley, tax assessor, Also, persons who are now 20 years of age, but who will attain their 21st birthday this year, must register if they wish to vote in any of the 1970 elections.

On the county level, several offices will be filled in elections in 1970. In addition, school board elections will be held in the county and several district and state officials will be elected.

that all persons be registered to vote before the January 31 deadline.

#### **To Parents** Of School Age Children

The annual school census is being taken during The month of January. All children who are six years old on or before September 1, 1970 and who will not be eighteen or over on or before this date should be counted in this census.

Parents with children in school will becontacted through the school. But parents of children who are not presently in school should be sure that your children are enumerated in this census.

Census blanks may be obtained at the superintendent's office. If you will call 481-3682 and give the necessary information, the census blank will be mailed to you for your signature.

> W. M. Roberts, Superintendent Farwell Public Schools

A birthday party really thrills the children, and probably the climax comes when they blow out the candles, and make a wish. His wish would probably be for a bright shiny new toy, but you as a parent would wish for him the things that really count, such as good health, happiness, friends and along with these deeper and more serious things should be a prayer for him to have the right interest and relationship to God. You can help these things by taking him to church

# **SOAP and ELECTRICITY Blackouts and Outages**

There's a difference between soap and electricity. There's a difference between blackouts and outages. The famous soap prides itself on being 99 and 44/100% pure. That's pretty close to perfect, isn't it. But does it surprise you when we tell you that electricity-the electricity we provide for you-that you use here has a reliability record of 99.997% . . . which is almost 100% pure. That's the difference between soap and the electricity you use. But, you say, what about blackouts? Well, it's this way. We define a blackout as a shortage of power. A situation when you, as a group of people,

We don't have that here. We will not have that in 1970 here. Sure, there might be some isolated service interruptions which we call outages. Despite our 99.997% reliability record, there still may be some lightning strikes on a transformer, or a squirrel getting confused in a substation, or a careless driver knocking down some of our equipment, and, yes . . . we may have an equipment failure or a human failure . . . we're still not perfect ... even though we try to be. In most cases we'll have your power back within the hour

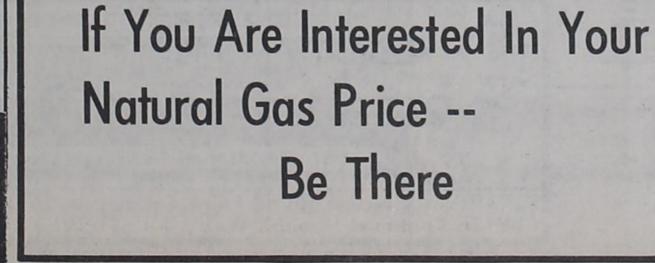

We're concerned with reliability and with the cost of our service. That's why we've averaged spending \$20 million a year on new, modern and more efficient equipment. This year we'll invest another \$25 million. We expect to give you all the electric power you need with more purity than the famous soap and at the lowest possible cost. That's our pledge for 1970.

The Farwell Steers continued to prove their court superiority as they captured the first place trophy in the Farwell Tourney with relative ease. In the Round-Robin Tournament, the Steers crushed Bovina, Nazareth, and Sudan, twice topping the century mark and extending their winning streak to nine straight. They stand 13-4 for the season.

The Steers opened Thursday against Bovina and walloped the Mustangs 101-37. The game ended with 2:18 showing on the clock as Coach Lusk pulled his players from the court when the officials called technical fouls on two Bovina cagers. Greg Hargrove dropped in both shots before going to the dressing room to better the one hundred mark. Dean Stovall and Greg Hargrove were high for Farwell with 19 each. Other Steers hitting in the double figures were Danny Prince, 13; Brett Har-grove, 13; Mark Williams, 12; and Gene Sheets, 11. Tony Foster led the Mustangs with 14 points. The Steers hit a fantastic 63 per cent from the field and hustled for 23 steals and 13 assists.

Friday night, the Steers took a 70-39 decision from Naz-areth. Dean Stovall led the Steer

points. Saturday evening Farwell met Sudan for first place honors in the tourney. The Steers again put on a spectacular exhibition as they routed the Hornets 102-54. Dean Stovall's 26 points and 13 rebounds again copped honors in both departments. Danny Prince netted 18 points, followed by Gene Sheets with 17 and Greg Hargrove with 14. The Steers hit 51 per cent from the court and 76 per cent from the

charity stripe. Dean Stovall was voted most valuable player in the tournament. Stovall turned in a great effort both offensively and defensively, netting 68 points and grabbing 29 rebounds while hitting 73 per cent of his field goal attempts in the three Sh
