H. S. Registers Today - -

School Begins Monday For Farwell Students

Farwell students managed to sneak in a whole extra week of summer over their Texico neighbors, but their vacation days will come to an end next week as classes begin at Farwell Schools on Monday, Aug. 22.

Classes begin at 8:25 a.m. and dismiss at 3:40 p.m., the same as last year's schedule.

Registration for kindergarten and elementary students took place earlier this week, but high school students will register today (Friday) as follows:

Students who are new to the school district will register from 8 to 9 a.m.; seniors, 9 to 10 a.m.; juniors, 10 to 11 a.m.; sophomores, 11 a.m. to noon; and freshmen, 1 to 2 p.m.

Band members are reminded to pick up their uniforms at the band hall at the same time as their registration period. Band parents are asked to please send their annual band dues at that time also.

Junior high students will register on Monday, the first day of school.

Lunch prices for this year are: 90 cents for K-5; 95 cents for grades 6-8; \$1.00, grades 9-12; \$1.50, teachers; and \$1.75 for visitors. Extra milk will be 15 cents per half pint.

W.M. Roberts returns as school superintendent, as well as Georgia Lee Rundell, secretary, but the high school will have a new principal, Lynn Burton, who will also continue as band director. Bettie Martin has been hired as assistant band director.

Other high school faculty

members are: Cindy Littlejohn, secretary; Joyce Baker, science; Howard Carlyle, counselor; Bruce Dollar, athletic director and coach; Pat Graham, librarian; Lucille Franse, English;

Also, Larry Gregory, girls basketball coach and history; Mike Martin, boys basketball and business math; Richard Montgomery, vocational agriculture; Edward Wees, math; Dorris White, business subjects; and Martha Wheeler White, homemaking.

At the junior high, faculty and staff members include Jerry Dee Owen, principal; Dalia Villarreal, secretary and aide; Marcia Cole, sixth grade; Jo Lynda Robbs, math; Elizabeth Phillips, history and P.E.; Kay Ray, English and language arts; Joyce Baker, science; and Rex Cumpton, P.E.

Elementary faculty and staff

members include James Craig, principal; Eva Ancira, secretary and aide; Karolene Inman, 5th grade; Billie Worley and Gretchen Montgomery, 4th grade; Nelle Craig and Verona Traynor, 3rd grade; Nancy Burch and Billie Carlyle, 2nd grade; Judy Howard and Lynn Roberts, 1st grade; Jane Stephens, kindergarten; and Catharine Lannham, elementary P.E. School nurse is Sarah Owen.

Working in Plan "A" special education will be Cindy Landers and Rosemary Gilleland, LLD resource room; Carolyn George, speech therapist; Patsy Kingston, early childhood; and Sandra Turner, Kay Stanton, and Laretta Barber, aides.

Title I and Title I Migrant staff includes Flo Davis and Dalia Villarreal, migrant aides; Edith Martin and Pat Owen, reading; Frances Boling, math;

Sherry Martin, kindergarten aide; and Eva Ancira, Title I aide.

Transportation drivers are R.T. Langston, director, bus No. 4; Arthur Crabb, bus No. 1; Carl Copeland, bus No. 2; Reta Dollar, bus No. 3; and Marianne Jamison, bus No. 5.

Other school employees include Foster Watkins, maintenance; and custodians Jesse Cantu, high school; Lacy Langon, jr. high; and Arthur Crabb, elementary.

Lunchroom staff includes Linda Moss, manager, and Clara Copeland, Bea Howard, Lillie Hughes, and Patsy Lonsdale.

School board members are Joe Hughes, president; Wilbert Kalbas, vice-president; Edward Corn, secretary; and Richard Haseloff, Floyd Coates, Maxine Williams, and Steve Pierson.

Classes Begin Aug. 22 At Lazbuddie Schools

Lazbuddie Independent School District will begin the 1983-84 school term on Monday, Aug. 22.

Classes will begin at 8:30 a.m. and will be dismissed at 3:45 p.m. each day. Students will register on the first day of school, but those new to the Lazbuddie school system will need to stop by the principal's office to register on that day.

Breakfast will be served each day of the school year for students, faculty, and staff at the following prices: grades kindergarten through 6th, 35 cents; grades 7-12, 45 cents; and adults, 85 cents.

Lunch tickets will be sold for the following prices: grades K-4, 70 cents; 5-8, 85 cents, 9-12, \$1; teachers, \$1.35; and visitors, \$1.50.

Students returning to classes will find several new faces among the teachers and staff.

One of the new faces will be Superintendent Joe A. Hall, who

took the position after the retirement of Sam Barnes at the end of the last school term. Hall came to Lazbuddie after having been the chief administrator of Pleasant Grove School District for the past 17 years. He and his family have lived in the Texarkana area for the past 23 years.

He received his bachelor's

degree from East Texas State University of Commerce in 1960 and his Master of Education degree from the same university in 1965. He received his superintendent certificate and certification from Stephen F. Austin University in 1978.

His wife will be teaching fourth grade at Lazbuddie. She

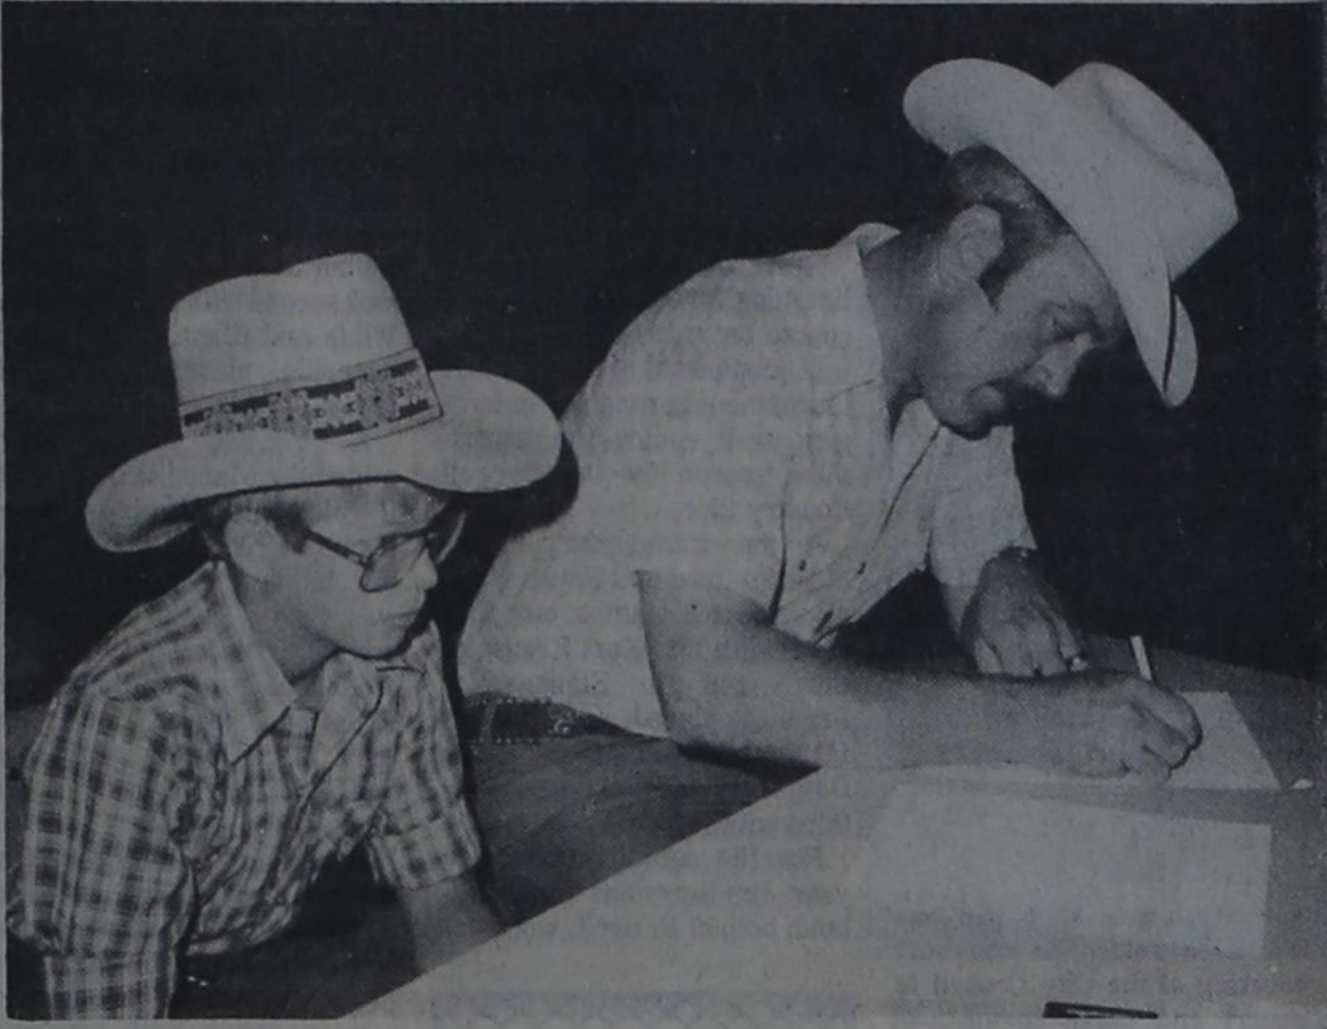

Nicky Nickels Elected To Lazbuddie School Board

Nicky Nickels of Lazbuddie was elected to the Lazbuddie School Board in a special trustee election Saturday, Aug. 13, in the school auditorium.

Nickels was one of three men vying for the position to replace school board member Gary Coker, who is moving away from the community.

Receiving 35 votes, Nickels bested his opponents, Joe Tarter who got 30 votes, and Kenneth Russell who got 14 votes.

Following the canvassing of the votes in a school board meeting Monday, Aug. 15, Nickels was sworn in as a member of the board.

Father Assists

Students new to the Farwell Elementary School system registered for classes Tuesday, Aug. 16. Here, Jerry Roten enrolls his son, Blake, in the fifth

grade class taught by Karolene Inman. The Roten family has recently moved to Farwell from the Amarillo area. High school

students will register today [Friday], and junior high students will enroll Monday, Aug. 22, the first day of school.

Arrests, Thefts Keep Parmer Officers Busy

Parmer County law officers were kept busy last week making 14 arrests on charges of DWI, misdemeanor theft, possession, and public intoxication, as well as investigating a burglary, according to Parmer County Sheriff Bill Morgan.

Farwell Insurance Agency was burglarized sometime Wednesday night, Aug. 10. Burglars broke a window in the back to gain entrance, and the only item taken was a cash box containing an undisclosed amount of cash and checks. As near as can be determined, nothing else was disturbed or missing. Sheriff's officers are still investigating

the break-in. Sheriff's officers apprehended three suspects in the theft of potatoes from Gateway Produce in Bovina, reported on Saturday, Aug. 13.

Arrested for this theft were Louis Hernandez, 32, of Texico, Oscar Guzman, 24, also of Texico, and Felix Jimenez, 19, of Clovis. Hernandez was charged with misdemeanor theft and bond was set at \$100. Guzman was charged with DWI and misdemeanor theft. Bond was set at \$300 on the DWI charge and \$100 on the theft charge. Jimenez was charged with misdemeanor theft and possession of mari-

juana. Bond was set at \$100 on the theft charge and \$200 on the possession charge.

On Friday, Aug. 12, arrests were as follows:

Wesley Reeves, 48, of Friona was arrested by Texas Highway Patrol officers on charges of DWI. His bond has been set at \$300.

Jack Miller, 33, of Muleshoe was arrested by THP officers for DWI and driving with a suspended license. Bond has been set at \$500 on each charge.

Dickie Miller, 38, of Muleshoe was arrested for public intoxication by THP officers. He was fined \$35 by Justice of the Peace Albert Smith.

Arrests made on Saturday, Aug. 13, include:

Mario Gomez, 26, of Friona was arrested by THP officers for public intoxication. He was fined \$35 by J.P. Smith.

Fred Esquibel, 28, of Muleshoe was arrested by THP officers on charges of DWI. His bond has been set at \$500.

Rodolfo Gonzalez, 29, of Friona was arrested for DWI by THP officers. His bond has been set at \$300.

Cynthia Lueras, 27, of Bovina was arrested for DWI by THP officers and bond has been set at \$300.

Efrin Mata, 20, of Friona was arrested by THP officers for public intoxication. He was fined \$28 by J.P. Smith.

Robert Prado, 39, of Clovis was arrested for public intoxication by THP officers. He was fined \$28 by J.P. Smith.

Maria Saiz, 45, of Hereford was arrested on charges of DWI by THP officers. Her bond has been set at \$300.

Fermin Sierra, 32, of Lubbock was arrested by THP officers on Sunday, Aug. 14, on charges of driving with a suspended li-

(Continued on Page 2)

Revival Begins Sunday At Farwell First Baptist

Area residents are reminded of the revival scheduled at First Baptist Church in Farwell from August 21 through August 28, with Rev. Max Copeland, pastor of the First Baptist Church of Marble Falls, as evangelist.

The revival services will begin with the evening service at 7 p.m. on Sunday, and will conclude with the morning worship service the next Sunday.

Evening services Monday through Friday will begin at 8 p.m., and noon services, Monday through Friday, will be from 12 noon until 1 p.m. A salad luncheon will be served during the noon services daily.

Rev. Pat Riley, church pastor, invites everyone to attend all of the revival services to hear evangelist Copeland.

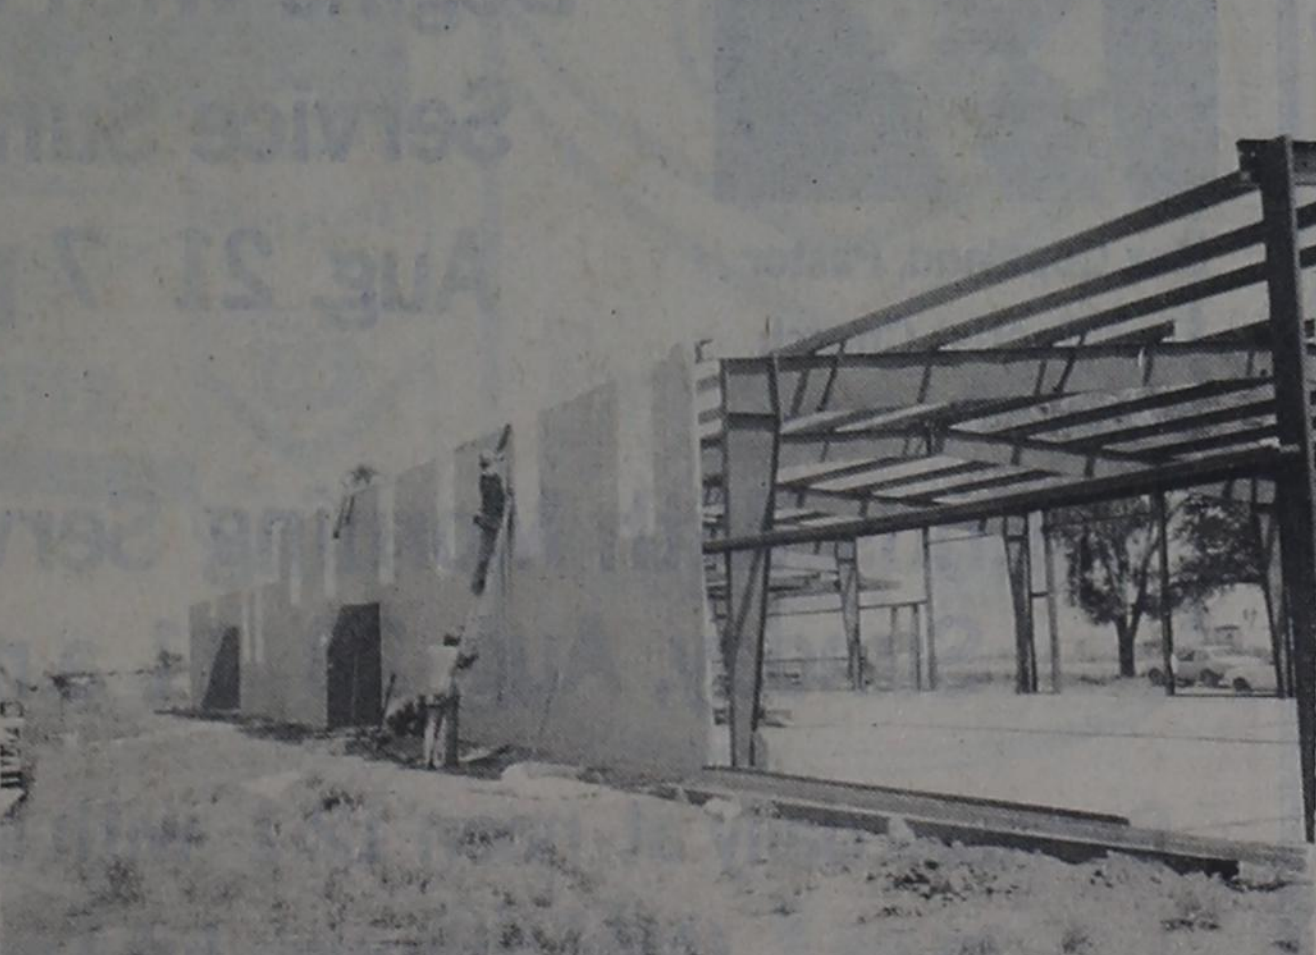

Cheese Giveaway Set Next Week

Next dates for the distribution of free cheese in Parmer County are August 24, 25, and 26, reports Pearl Cervantez of the Bovina Neighborhood Center who is coordinator of local distribution.

On Wednesday, Aug. 24, cheese will be given at the food stamp office in Friona. On August 25, distribution will be at the Bovina Neighborhood Cen-

ter in Bovina, and also at the county barn in Lazbuddie. On August 26, the cheese will be given away at the Parmer County Courthouse in Farwell.

New guidelines from the Department of Human Resources will be used, and new forms for application for the free cheese will be available and must be filled out at each distribution point.

New Farwell Construction

The steel building being erected on the east edge of Farwell will soon house Lunsford's Auto Parts and Farwell Pipe and Iron, as well as their garage and

body shop. Buster and Buddy Lunsford, owners of the businesses, hope to be in the new location by the end of September. The 50' x 150' building will be

entered from Highways 70-84. Leonard Steel Supply of Dimmitt is the contractor for the job.

Often it seems to us that Congress gets the cart before the horse. In many cases we think that their solution just aggravates the problem. A case in point is the bill recently passed by the U.S. House of Representatives to give the States up to \$4 billion over two years to pay insurance premiums for the jobless.

There are many causes of unemployment, but one cause often cited is such high interest rates that consumers cannot afford to buy goods, especially on credit, and also that manufacturers cannot borrow operating money at exorbitant rates.

Well, what spurs high interest? It is the Federal Government borrowing huge sums of money in the market place to cover the large government deficits. Obviously the \$4 billion spent to pay jobless insurance premiums adds to the government deficit.

Now we realize that the lonely old \$4 billion by itself will not make or break the interest market, but that sum and additional billions frittered away in the name of doing social good would very well cause the high interest that puts the people out of work in the first place.

Incidentally, Joe Skeen of New Mexico and Kent Hance and Jack Hightower of Texas, representing people from our circulation area, all voted against that bill. We seem to elect fairly conservative representatives from this area.

We also note in that tabulation of Congressional voting that Jim Wright from the 12th District votes very liberal for our tastes. The 12th Congressional District of Texas is made up of most of Tarrant County which is mostly Fort Worth. Ol' Cow Town, the Gateway To The West, seems to have gotten soft in its declining years.

Also in the news these days is the rash of strikes by some unions across the country. We are not privy to all the problems which cause strikes, but from time to time the news releases mention issues of job security. The news item will also tell of additional wage or fringe benefit demands.

We would tend to think that the best form of job security would be a financially healthy company. No company, no job. Therefore, we would assume that other demands upon a company would be tempered with the idea that the company must be able to pay demands and remain solvent and in business. We must be naive.

Speaking of "demands," we note that through July, wholesale prices have fallen at an annual rate of 0.7 percent, heightening expectations that those prices will rise this year at their lowest rate in two decades. They were up only 3.7 percent in 1982.

With these figures in hand, we find it difficult to justify many of the wage demands being put upon business today. Now we realize that there has never been a person satisfied with what they were paid, but somewhere along the line a wage equilibrium must be reached and maintained if inflation is to be corralled in the long term. Fiscal responsibility must start with some group, somewhere, sometime. If it doesn't, we cannot escape totalitarian government. P.S., take a peek as how the unions fair in Poland.

One might not be able to live by bread alone, but some people seem to get by, by having lots of crust.

History was a lot easier in school when we were there. There wasn't so much of it.

Texico Athletic Boosters Slate Aug. 18 Meeting

Texico Athletic Booster Club was scheduled to have its initial meeting of the year Thursday, Aug. 18, at 7 p.m. in the high school library. This is a reminder to those persons who get this week's Tribune on Thursday afternoon.

All parents of athletes and interested parties are urged to attend the meeting at which future fund raising projects will be discussed.

Serving as officers this year are James Holland, president; Kathy Morris, vice-president; Donna Reid, secretary; and Weldon Smith, treasurer.

New Faces At Lazbuddie

Several new faces will be seen around Lazbuddie Schools this year, beginning with a new superintendent, Joe A. Hall, and several new teachers and staff members. Superintendent Hall,

left, and newly-hired secretary, Deanna Williams, have spent the past several days preparing for the first day of classes on Monday, Aug. 22. All students

will register for classes on the first day of school. Mrs. Williams is the wife of Rufus Williams, new head football coach.

Russell Johnson Rites Conducted In Oklahoma

Funeral services for Russell Johnson, 80, of Stillwater, Okla., formerly of Texico, were conducted Saturday, Aug. 13, from Strode Funeral Home Chapel in Stillwater. Interment was Monday, Aug. 15, in the Texico Cemetery.

Mr. Johnson died Thursday, Aug. 11, in Stillwater. He was born in Johnson County, Texas on April 14, 1903. He moved to Lawton, Okla., at an early age and lived there until he was 17. He then came to Curry County and Texico where he resided until 1966.

Mr. Johnson was married to the late Gladys Randal on July 27, 1924 at Farwell. He moved to Stillwater from Texico follow-

ing her death on May 17, 1965.

While in Texico, Mr. Johnson served on the Texico Town Council for several years and was a farmer and carpenter. He was a member of the Baptist Church and the Texico Volunteer Fire Department.

He was also preceded in death by 10 brothers and sisters.

Survivors include three sons, Bill Johnson of Fort Smith, Ark., Jerry Johnson of Amarillo, and Charles Don Johnson of Edmond, Okla.; two daughters, Mrs. Cecil (Delphine) Dykes of San Antonio, and Mrs. Jack (Gloria) Hesser of Stillwater; 13 grandchildren; and five great-grandchildren.

Lazbuddie Schools . . .

(Continued from Page 1) received her bachelor's degree from East Texas State University of Texarkana in 1974 and her Master of Education degree from the same university in 1976. She received her supervisor's certification in 1977.

Thelma E. Coffey, also newly hired, will be teaching high school mathematics and English. She received her bachelor's degree from West Texas State University in 1968 and has taught math and English in Bovina and Friona schools for 13 years.

Teaching high school social studies and Spanish this year will be Carl Bodiford, who, along with his wife, Lorinda, has been teaching in Lincoln School, A.C. in Guadalupe, Jalisco, Mexico, for the past two years. He received his master's degree in history this summer from Howard Payne University in Brownwood.

Candace Spring Dyer of Farwell will be teaching Title I and migrant in the elementary. She received her bachelor's degree from West Texas State University in 1983 and is a graduate of Bovina High School.

Taking the position of band director will be Clinton D. McLaughlin, who is coming to Lazbuddie from Longview, where he performed with the Long-

view Symphony. He received his B.F.A. degree from the University of Texas at Tyler in 1980 and has performed with the East Texas Symphony as a vocalist and played trumpet with the Bobby Young Band.

Arrests,

Thefts . . .

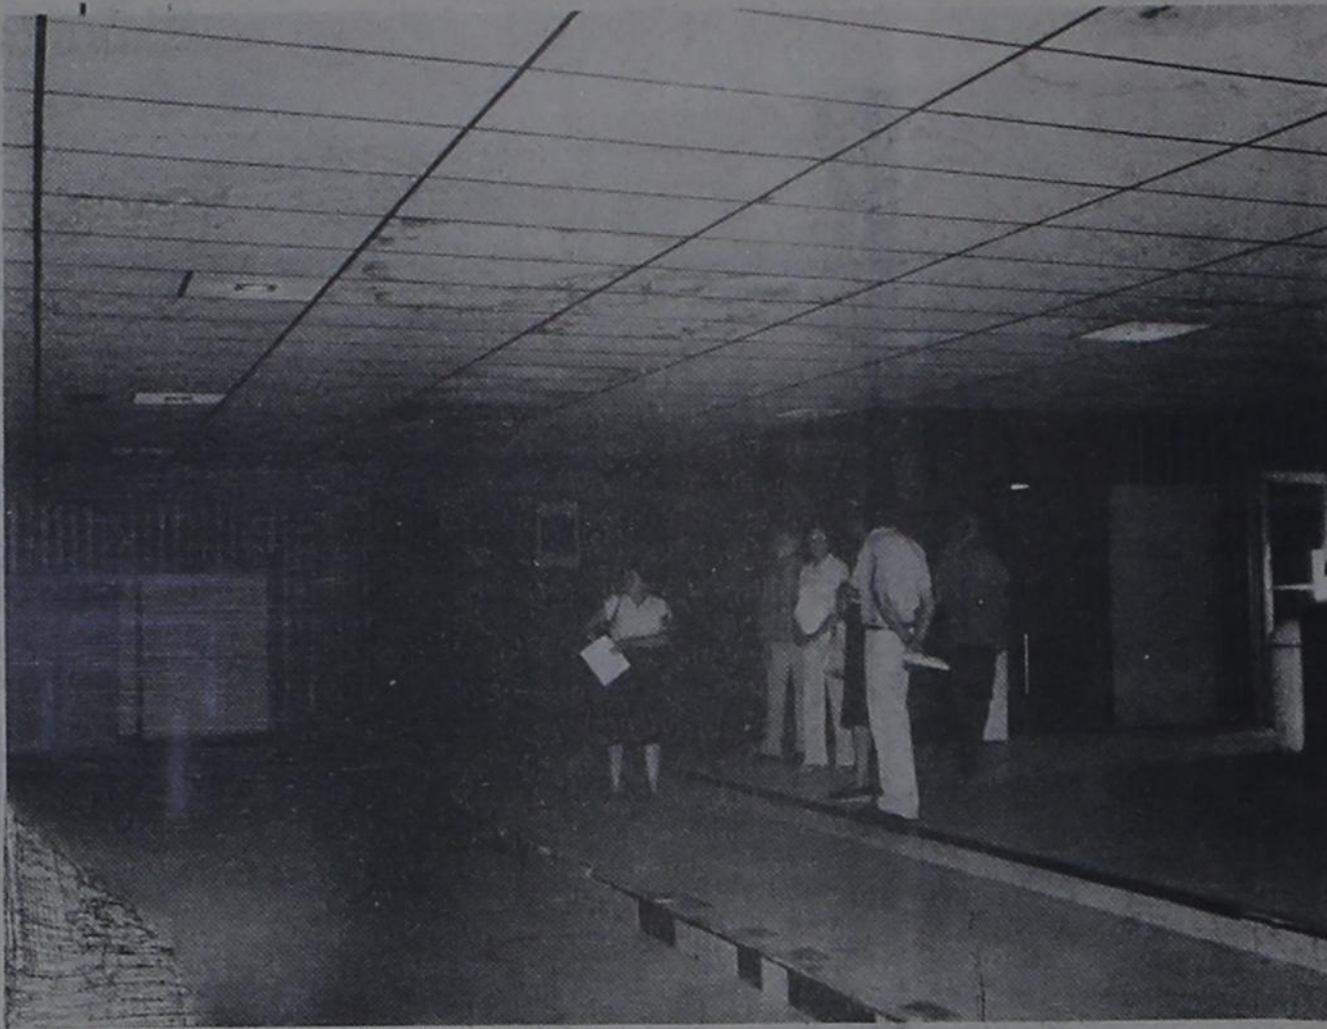

(Continued on Page 2) cense. His bond has been set at \$500.

In other activities this week, Rae Lynn Longo of Texico reported her purse stolen from her car while parked in front of Capitol Foods on Wednesday, Aug. 10. Items in the purse included a small amount of money and personal belongings.

Monday, Aug. 15, Maria Garza of Friona reported a 38 caliber RG31 pistol taken from the glove box of her pickup sometime between Thursday evening and Monday evening. Estimated value of the pistol was \$80.

GOTCHA!

You've just proven that people read small ads.

Inspection Tour

At the invitation of the Farwell City Council, members of various civic and social clubs in Farwell inspected the old bowling alley building Monday afternoon. The building which in recent years was used as a

sewing factory, was deeded to the city by the Citizens Bank of Clovis and the Clovis National Bank. Purpose of the tour was to allow each representative to view the facility and then discuss the findings with his re-

spective organization. He was asked to return to the next meeting of the City Council to report and make suggestions for renovating the building and suggest plans for its future use.

Insurance Plan Helps Wheat Producers Transfer Risk

Farmers always are at the mercy of nature, but there is a way that a wheat producer can transfer some of that production risk and increase his level of all-risk crop insurance without increasing his premium cost, report economists with the Texas Agricultural Extension Service.

Wheat producers who plant on insurable acres and can provide the information to certify their actual yields for at least three years may increase their level of federal or multiple peril crop insurance coverage without increasing the cost of their premium, explained Dr. James Ahrenholz, Extension management economist at College Sta-

tion. "That's a sound farm management decision and it underscores the need for good records as a part of farm management," Ahrenholz said.

The program is known as the Individual Yield Coverage Plan (IYCP), the economist said. Information sheets explaining details of the plan have just been furnished to county Extension agricultural agents and may be obtained at county Extension offices.

The information sheet is being made available to producers at the request of the Wheat Industry Resource Committee through the Texas Agricultural Extension Service. It was prepared with assistance from the Federal Crop Insurance Corporation and the Agricultural Stabilization and Conservation Service.

Basically, Ahrenholz explained, the IYCP allows wheat producers to increase the yield guarantee applicable to their insured unit. It thus can surpass the area coverage yield guarantee established for the insured unit by the FCIC. The county ASCS office must certify the years of actual yields and calculate the IYCP average yield.

It is the wheat producer's responsibility to request an IYCP average yield, to furnish the county ASCS office with records as evidence of production, and to provide the IYCP certification form to his insurance agent.

"The request for IYCP coverage and the supporting records must be submitted to ASCS at

least 15 days prior to the acreage reporting date for wheat in the county," Ahrenholz cautioned.

The producer may request the FCIC or the reinsurance company to measure production stored on the farm. Production from previous years should be measured before harvest in order to avoid commingling of the crops.

Records of wheat production commercially stored or disposed of off the farm should indicate the storer or buyer and the date of the transaction. Such records may include commercial or warehouse receipts, sales or elevator receipts, or warehouse ledger sheets or copies. Additional types of records which may be used are listed in the information sheets provided county agents.

62 Teams Compete In 14th Penny Anderson Tourney

Sixty-two teams competed in the 14th annual Penny-Anderson Men's Partnership Tournament Saturday and Sunday, Aug. 13-14.

Although bad weather and lightning forced golfers off the course Saturday evening, play was completed Sunday. The tournament is reported to have gone well ending the tournament season for the Farwell Country Club.

In the championship flight, Mike Stafford and Bryan Nickels, both of Lovington, took first place with 133; Kurt Krause of Clovis and Tim Flanagan of Portales placed second with 141; and Kelly Hinds and Rusty Day, both of Plainview, took third with 144.

For the second consecutive year, Jim Berry and Jack Kirkland, both of Farwell, won first

place in the first flight competition with 135. Taking second was Stan Wilson of Muleshoe and Mickey Wilson of Panhandle with 136; John Snider and Wilbur Johnson, both of Clovis, took second with 138; and Glenn White and Glenn Pate, both of Amarillo, placed fourth with 139.

A three-way playoff determined the winner of the second flight competition as three teams scored 144 for their two-day totals. Taking first place was Harry Sheets of Farwell and Pete Rundell of Plainview; second place, Ray Bauer and Eric Roanhouse of Clovis; and third place, Oakley Stevenson and H.J. Charles, both of Bovina.

In the third flight, first place was won by Terry Ott and Rayburn Ott, both of Lazbuddie, with 141; second place, Bryce Bender and Darryle Bender, both of Clovis, with 144; and third place, Leonard Leary and Ron Peterson, both of Portales, with 146.

Fourth flight, first place, Don Heathington and Mark Foster, both of Muleshoe, with 146; second place, Jim Hunsucker and Max Thompson, both of

Clovis, with 147; and third place, Doyle Ford and Rocky Ford, both of Farwell, with 148.

Fifth flight, first place, Mack McFarland of Iraan and Rusty McFarland of Odessa, with 148; second place, Hal Helton and Paul Bartley, both of Clovis, with 150; third place, Dale Sikes of Farwell and Richard Engelking of Lazbuddie with 158.

Sixth flight, first place, Mike Ulibarri and Frank Ulibarri, both of Clovis, with 148; second place, Ben Brock and Spencer Harrell, both of Clovis, with 153; third place, John Wright and Louis Erramouspe, both of Clovis, with 156.

Seventh flight, first place, Gene Chapman and Bill Lingenfelter, both of Hereford, with 158, second flight, Joe Griego and Martin Griego, both of Clovis, with 159; third place, Kent Armstrong of Texico and Gerald Hardage of Farwell, with 162.

All entry fees were returned in the form of gift certificates to the winners of each flight.

Tournament players and guests were treated to a barbecue meal Saturday night prepared by Hubby and Sons of Clovis.

PEACH TREE BORERS

Many homeowners that have peach trees are concerned about the peach tree borer. Plan now to spray peach trees to control peach tree borers. Apply Lorsban 4E (chlorpyrifos) at 5 teaspoons per gallon of water.

The Green Light Company also markets a 12.9% chlorpyrifos for borer control. Thoroughly spray the tree's trunk and avoid contaminating any fruit. One treatment about mid-August will protect the tree from borers this season.

Basically, Ahrenholz explained, the IYCP allows wheat producers to increase the yield guarantee applicable to their insured unit. It thus can surpass the area coverage yield guarantee established for the insured unit by the FCIC. The county ASCS office must certify the years of actual yields and calculate the IYCP average yield.

It is the wheat producer's responsibility to request an IYCP average yield, to furnish the county ASCS office with records as evidence of production, and to provide the IYCP certification form to his insurance agent.

Wolverine Squad To Field

16 Returning Lettermen

Texico head football coach, David Lynn, says he's looking forward to the upcoming season with 25 boys coming out for the varsity team this year, including 16 lettermen.

The Texico team, which made it to the state championship playoffs last season, will be coached again this year by the winning combination of Head Coach Lynn, assisted by coaches Roy King and Scott Parker.

Most of the Wolverine team members will be returning this year, with nine seniors and seven juniors, to be joined by nine sophomores.

"We're further ahead than we ever have been at this time of the year. Most of the team has some experience in the game, and the sophomores are looking good. The sophomores have some things to get used to like a more demanding game in varsity, but we'll make it," says Coach Lynn.

basically the same 5-2 defense that worked so well last year. The Wolverine offense will be more of the pro set with two wide receivers.

The coach says he plans to have them throw the ball more than they did last year.

District competition looks good this year, according to Coach Lynn, with Tatum and Fort Sumner coming in as strong contenders. "Fort Sumner has come down from the AA rating, and the Foxes have a new coach this year. We haven't played them in recent years, so we'll have to watch out for them," said Coach Lynn.

He also said Melrose would probably be much improved this year, and Hagerman is not to be overlooked.

The first scrimmage for the Wolverines will be against Dexter Friday, Aug. 26, at 6 p.m. MDT in Dexter. The first game of the season will be against

Carrizozo Friday, Sept. 2, at Carrizozo.

Those coming out for the squad this year include: Seniors: Brad Steward, 6' 11", 165 pounds, quarterback and defensive back; Joe Steward, 6' 2", 150 pounds, defensive back and receiver; Kevin Akers, 6', 145 pounds, receiver and defensive back; Terry Tubbs, 6' 1", 160 pounds, receiver and defensive back; Jeff Holland, 5' 11", 175 pounds, center and defensive lineman; Tommy Boardman, 5' 9", 205 pounds, offensive guard and defensive lineman; Kevin West, 5' 11", 155 pounds, receiver and defensive back; Ronnie Dunsforth, 5' 10", 165 pounds, offensive guard and defensive end; and Rudy Martinez, 5' 10", 160 pounds, receiver and defensive end.

Juniors: Danny Powell, 5' 9", 150 pounds, quarterback and defensive back; Ronnie Galvan, 5' 8", 140 pounds, runningback and linebacker; Billy Bibbs, 5' 8", 140 pounds, runningback and linebacker; Doug Thornton, 5' 11", 165 pounds, offensive tackle and defensive tackle; Charles Sharbutt, 6' 1", 185 pounds, offensive tackle and defensive tackle; Jay Robinson, 5' 10", 155 pounds, offensive guard and defensive tackle; and Bobby Steward, 5' 10", 150 pounds, receiver and defensive end.

Sophomores: Kyle Snipes, 5' 6", 130 pounds, receiver and defensive back; John Thomas, 5' 6", 110 pounds, quarterback and defensive back; Stanley Cross, 5' 7", 145 pounds, fullback and linebacker; Charlie Bibbs, 5' 7", 140 pounds, tailback and linebacker; Eric Harding, 5' 9", 125 pounds, tight end and defensive end; Jessie Moncayo, 5' 6", 120 pounds, offensive guard and defensive tackle; Carroll Smith, 5' 8", 130 pounds, receiver and defensive back; Storm Harrington, 5' 6", 130 pounds, offensive tackle and defensive tackle; and Jessie Garcia, 5' 10", 145 pounds, offensive guard and defensive guard.

Texico junior high football team, which includes boys from grades 7-9, will be coached by Coach Scott Parker assisted by David Lynn. The junior high team began practice sessions after the beginning of school.

Wolverine Lady Spikers

Wolverine Lady Spikers are set for the upcoming volleyball season, having just completed twice-daily practice sessions. First action for the girls will be a scrimmage with Portales on

Tuesday, Aug. 23, at Portales. Members of the varsity volleyball team are, from left, front row: Valda Cavallero, Elayne Horner, Kathy Harrison, Lucia Jesko, Coy Jo Burk; back row:

Loretta Gonzales, Dana Morris, Cheryl Scott, Coach Michael Littlejohn, Karen Snodgrass, Kelly Lynn, and Helen Jo Boardman.

Texico Lady Spikers

Ready For Season

Texico's Lady Spikers are gearing up for the upcoming volleyball season as they completed their two-a-day practice sessions with the beginning of school.

"We've had the best two-a-day sessions ever. They come in and get right down to business. I haven't heard any complaints from the girls on their training. They're really working hard," says Coach Mike Littlejohn.

He says he has been working the team on jump rope training, such as jumping rope and jumping with leg weights to strengthen their leg muscles, as well as additional weight training.

Also, the girls have been spending a good deal of time in serving and receiving the ball, as well as hitting.

The varsity team will be comprised of the same girls who made up the team last year, with one exception, Ruth Scott, who graduated last spring. "They have experience from last year and we're looking forward to the season," says Coach Littlejohn.

Melrose, Floyd, and Tatum are the teams that Coach Littlejohn feels will offer the most competition for the Lady Spikers this year.

Members of the varsity team this year include Loretta Gonzales, Dana Morris, Cheryl Scott, Kathy Harrison, Lucia Jesko, Coy Jo Burk, Karen Snodgrass, Kelly Lynn, Helen Jo Boardman, Valda Cavallero, and Elayne Horner.

The first scrimmage for the Lady Spikers will be Wednesday, Aug. 23, at Portales, with the first game of the season against Clovis on Tuesday, Aug. 30, at Clovis.

WTSU Class Members Sought For Reunions

WTSU - Homecoming 1983 at West Texas State University will honor members of two graduating classes and members of the classes are being sought by the WTSU Alumni Association.

Members of the Class of 1933 and 1953 will celebrate 30 and 50 years during Homecoming on Saturday, Oct. 8.

Addresses of several members of the graduating class of 1953 have not been located, said Dwaine Mires, director of the WTSU Alumni Association. Persons with addresses for class members may contact the WTSU Alumni Association or Chester Dowell of Sunray. Dowell is a member of the Alumni Association Board of

Directors and the Class of 1953.

Members of the Class of 1953 will meet at 3 p.m. on Saturday, Oct. 8, at the WTSU Activities Center, following the annual meeting of the Alumni Association.

Other Homecoming activities will be a carnival, Pigskin Review performance, bonfire, parade, barbecue and 6 p.m. football game featuring the WTSU Buffaloes and Illinois State University Redbirds. The football game will be the first meeting of the universities and the first 6 p.m. game for Homecoming.

The theme of Homecoming for 1983 is "You're a Credit - WTSU."

SCS Can Evaluate Sprinkler System For Application Efficiency

Every drop of pumped water must count for the irrigated farmer to make ends meet today.

To help keep expenses spent on energy low, sprinkler and pumping plant evaluations can be conducted at no charge by the Soil Conservation Service. By evaluating a sprinkler system, the pattern and application efficiency can be determined for the system. If a crop has high and low spots, the pattern efficiency for the system is probably low. Application efficiency compares the amount of water pumped to the amount of water which reaches the ground.

In order to check the efficiency of a sprinkler system, cans are set 30 feet apart along the system. With the PIK program, many times, some of the land under the sprinkler is idle or a wide turnrow is present

where the cans can be set next to the crop being irrigated. This allows the evaluation to be done while irrigating the crop.

The evaluation can be done on new and old systems to make sure systems are operating as they were designed. Also, pumping plant evaluation can display the efficiency of the

pump and motor.

Farmers should evaluate their systems now and be ready to make necessary changes this winter that are economically feasible.

For more information or assistance, contact the Soil Conservation Service in Friona, or call 247-2220.

FIRE CALLS

Farwell Volunteer Fire Department answered one ambulance call this week to a Sixth Street residence where they transported a patient to a Hereford hospital.

Texico Volunteer Fire Department received one ambulance call Thursday, Aug. 11, to

the Texico swimming pool, where they transported Kenny Michael Shaw to the hospital in Muleshoe for minor injuries sustained in a fall at the pool. He was treated and released.

Pleasant Hill Volunteer Fire Department received no calls this week.

SCHOOL LUNCH MENUS

TEXICO

SELECTING & PRESERVING MATERIALS FOR DRIED ARRANGEMENTS

Probably the only limiting factor in collecting materials suitable for making winter bouquets is the imagination of the collector. Proper preparation of the materials will determine the success one has in using the stems collected. The following plants produce excellent flowers for use in winter bouquets if properly prepared: Cockscomb, globe amaranth, baby's breath, strawflower, and statice.

Choose only the best flowers for drying, selecting those with the longest stems. If possible prepare twice the number of flowers needed so you can discard any that are damaged in the drying process. An airy attic with little or no light is an ideal place for drying the specimens. Tie the material in small bundles and hang upside down from a line or rafters in a comparatively dust-free dimly lit attic or storeroom. After the material is thoroughly dry, store loosely in large dust free boxes until ready to use.

The ornamental grasses, as well as many of the native grasses, produce attractive plumes which can be used in winter bouquets. Cut the flowering grass heads just as they mature, but before they expand or shed. Tie them in small bundles and dry them in the same manner as the flowers discussed above. Pampas grass and Fountain grass are excellent for this purpose. Many of the native grasses produce smaller heads, but when gathered and used in arrangements look very attractive.

Many flowers are too delicate to be dried by hanging but can often be successfully cured by using a drying agent such as one-half cornmeal and one-half borax mixed together thoroughly. Since we are interested only in the flower, the foliage should be stripped from the stem before drying.

Place a layer of the drying agent in the bottom of a box, then lay the flowers in the box and gently fill in around the individual flower heads with additional material. The drying agent should be carefully pack-

ed between the petals to hold them apart while they dry. Large, double flowers are difficult to dry successfully. After drying in this way, the flowers will not survive long enough to use.

Considerable practice is required to learn the technique of packing the drying agent around the more delicate specimens. Flowers often dried in this manner include anemone, single chrysanthemum, clematis, cosmos, daffodil, marigold, dianthus, pansy, sunflower, and zinnia.

Many of the more attractive flowers and leaves which cannot be preserved by drying can be cured with glycerine. Using the glycerine treatment, many of the fall leaves will retain their bright colors and last a long time. There may be some color change when using this method; however, the dark, silky appearance of the leaves makes them even more attractive in many instances.

When properly cured, the material will last indefinitely and is usually less brittle, making it easier to arrange. Plant materials which can be preserved with the glycerine method include: bamboo, chestnut, magnolia, elaeagnus, English

ivy, iris leaves, oak leaves, sea grape and sansevieria.

When using the glycerine method, the bottom four to five inches of the stem should be placed in jars containing a solution of one part glycerine to two parts of water. The absorption of the glycerine can be facilitated by crushing the ends of the more woody stems before placing them in the solution. The effect of the solution is noticeable on the leaves as it rises through the foliage.

The material should be allowed to remain in the jar until the entire leaf is cured. After the glycerine solution has penetrated the entire surface, remove the specimens from the container and hang them upside down until they are thoroughly dry. Leaves preserved in this way can be used with either fresh flowers or in dry arrangements.

In using dried materials for winter bouquets, the individual is restricted only by his imagination and good taste. Since dried arrangements need not be placed in water as fresh materials do, their use is unlimited. With a little imagination and experience, it is amazing the number of things that can be used in making dried bouquets.

Allsup's Stores Join Fight Against MD

Through Labor Day, September 5, Allsup's Convenience Store will display Muscular Dystrophy collection canisters in all stores in New Mexico, Texas, and Oklahoma. This fund raising activity, along with many others, will help find causes and cures for 40 crippling neuromuscular disorders that affect an estimated one million Americans of all ages.

The programs of the Muscular Dystrophy Association are funded almost entirely by private contributions and corporations. And the research is working! MDA recently announced the first breakthrough in the treatment of amyotrophic lateral sclerosis (ALS), also known as Lou Gehrig's disease. While the drug, TRH, is classified as experimental, it is the first treatment that has ever resulted in significant improvement in ALS patients and it represents a glimmer of hope for people with this terrible disease. Allsup's is proud to be a

part of such worthwhile research.

Again this year, Allsup's invites area youngsters to participate in the annual "Door Bell Brigade for MDA." Kids are encouraged to pick up collection kits at their local Allsup's store on August 27 and 28. After collecting donations for MDA and "Jerry's Kids," return the collections to the store and each youngster will receive a free fountain drink of their choice. It's Allsup's way of saying thank you to all the kids who care about helping "Jerry's Kids."

From Jack Crow, Director of Public Relations for Allsup's, "Thanks to all of our friends and customers for your generosity in helping to fight neuromuscular diseases. Your nickels and dimes add up to millions for research and treatment, so look for the MDS coin collection canisters and give to 'Jerry's Kids'. Your change can be the key to the cure."

For camping or picnics, freeze water, lemonade, tea, etc., in gallon plastic jugs. Store in portable ice chests. The frozen liquids will keep other items cold and will melt slowly to provide icy drinks.

First Day Details

"The first day of school can be hectic and frustrating," said many Texico students as they received instructions before classes began Tuesday, Aug. 16.

Details like buying lunch tickets, getting registered, finding out which bus to take home, and putting their names on their school supplies were just a few

of the things to learn. Here Mrs. Vicky Lynn, first grade teacher, helps Kristy Watson, right, label her supplies as Christi Anthony looks on.

J. E. Watkins Celebrates 101st Birthday

James E. Watkins of Elk City, Okla., celebrated his 101st birthday Saturday, Aug. 13. He is the brother of Mrs. Clara Smalts of Farwell, and the late G.T. Watkins and Drew Watkins.

Watkins was born 101 years ago in the area near Jamestown in Independence County, Ark. He still is able to live alone in Elk City.

Last year, family members traveled to Dallas to help celebrate his 100th birthday at the home of his daughter. The celebration festivities included the publication of a booklet giving an autobiographical sketch written by Watkins, pictures of his late wife, Lillie, and their home and family.

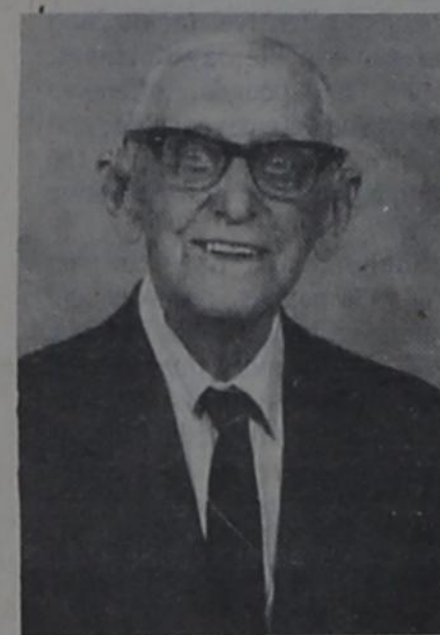

In the booklet, he told some of

the tales from his childhood and younger days, giving details about the way people lived and the hard times of the past century.

While most of the family members traveled to Dallas last year, only his daughter, Marie Kinard of Dallas, was able to attend this year's observance.

Family members besides his sister, Mrs. Smalts, include: nieces, Doris Johnson and Jewel Thomas, both of Farwell; Lorriane Brown of Newhall, Calif.; and Dorothy Patterson of Knoxville, Tenn.;

Also, nephews, Donald Watkins of Farwell, Leonard Watkins of California, Gilbert Watkins of Lubbock, and Doyle Watkins of Dallas.

JAMES E. WATKINS

Free Health Fair Set At Friona Saturday

A free Health Fair sponsored by the Parmer County Child Welfare Board is scheduled for tomorrow (Saturday) at the Friona Community Center from 1 to 5 p.m.

Booths are being provided for free blood pressure checks, diabetes, hearing tests, vision checks, and glaucoma.

The Texas Department of Health will have their representatives present for questions concerning pre-natal, neo-natal care, nursing home care, dental

care and veterinary public health. Immunizations information will also be available.

The Texas Department of Human Resources will have information regarding foster child care, foster parents, child abuse, alternate care.

School counselor and school nurse will also be available for questions.

Rape Crisis, The American Heart Association, and Alzheimer's Association will also have

booths. The Texas Commission on Alcoholism and Drug Abuse will have information and literature at their booths.

The Friona Police Department will be fingerprinting children for parent information files. Aerobics demonstrations and gymnastics demonstrations will also be held.

All of above is free and the public is encouraged to come and visit. All areas of health care will be covered.

Classes Begin Monday For Gymnastic Elite

This year's class schedule for Gymnastics Elite group will begin Monday, Aug. 22.

Those students who want to sign up for the classes and have not taken gymnastics from the first of August, the prorated fee for the remainder of the month will be \$10.

Throughout the rest of the school year, the rate will be \$15 per month for classes. "This season promises to be even better than last season," said Coach Clay Burch. "We will have opportunities to attend more meets and exhibitions than we did last year. The boys and girls traveling teams have matured both physically and

mentally and our routines are almost twice as good from last year," adds the coach.

Classes will be for beginners, intermediate students, advanced and elite students, with each class meeting three days a week at varying times. Times for the classes are as follows:

Beginners will meet Mon., Wed., and Fri., 3:45 to 4:45 p.m. Intermediate students will meet Mon. and Wed., 4:45 to 5:45 p.m., and Fri., 3:45 to 4:45 p.m.

Advanced and elite students will meet Mon. and Wed., 5:30 to 7:30 p.m., and Fri., 3:45 to 5:30 p.m.

Amarillo Tri State Fair Scheduled Sept. 3-10

The 1983 Amarillo Tri State Fair is gearing up for a variety of competitions in connection with the fair, September 3-10. Divisions include livestock, poultry, art, needlework, culinary and agricultural exhibits.

This year, a total of \$100,564 will be offered in prize money to prospective exhibitors. The categories include: Angus, Hereford, Shorthorn and Longhorn Cattle Shows - \$23,947; Barrows and Lambs - \$8,750; Steers and Junior Heifers - \$11,130; Open Sheep Show - \$4,950; Also, Capons, Bantams and

Rabbits - \$1,491; Agricultural Displays and Home Economic Exhibits - \$1,500; Art Show - \$1,110; Culinary, Textiles, China Painting and Ceramics - \$2,686; Appaloosa, Arabian, Paint, Quarter Horse, Cutting and Open Horse Shows - \$45,000.

The Tri State Fair invites anyone interested to find out more about these competitions. Those wishing to display livestock or personal skills may obtain the specific rules and entry deadlines by calling the fair office - 806/376-7767 or by writing P.O. Box 31087, Amarillo, Texas 79120.

A broken air conditioner can be the best thing that ever happened to your household budget.

The add-on heat pump is an efficient air conditioner that cools your home when it's hot. But that's not all.

In cold weather, the add-on heat pump works with your present furnace to help heat your home.

When your air conditioner breaks down, you have several choices. Repair. Replace. Buy a whole new system. All major investments.

Southwestern Public Service Company suggests that you consider a more efficient alternative, for much less than a new heating and cooling system: the electric **add-on heat pump**. The add-on heat pump is a very special air conditioner that works

with your present furnace. Besides cooling your home in the summer, it helps heat your home in the winter.

As one of the most efficient ways to heat and cool, the add-on heat pump can really make a difference. And helping you manage electricity efficiently is one way we're working to justify your trust.

Call us to see what your savings could be.

Family Visits

Dora Verner

Dr. and Mrs. Gene Verner, missionaries from Ghana, West Africa, and their son Daryl have been visiting in the home of his mother, Dora Verner, in Farwell.

Gene and Marjorie Verner will be in the United States for one year, and then will return to their work in Ghana. During this year, they will be living in New Orleans where a church home for missionaries is provided.

The Verners have been in West Africa since 1958. Gene is head of the seminary in Ghana and also teaches. Marjorie works in a hospital there.

The couple left Tuesday of this week on their way to New Orleans by the way of Alabama where they will visit her family.

Relatives

Visit Here

Gracie Dane of Texico entertained dinner guests in her home Saturday, Aug. 13.

Present were Mr. and Mrs. Greg Hinders of Lubbock and Mrs. Leona Winkler of Roswell. Mrs. Hinders is a granddaughter and Mrs. Winkler is a daughter of Mrs. Dane.

Also visiting Saturday were Mrs. Dane's son and family, Mr. and Mrs. Bill Hudson of Canyon.

On Dean's List

Cynthia A. Duntley of Route 1, Farwell, is among the 639 undergraduate students at the University of Denver who have been named to the Dean's list for the grade point average attained during spring quarter, 1983.

Both the College of Arts and Sciences and the College of Business Administration are represented among the honorees.

Each student named to the list has attained a GPA of 3.667 or better (4.00 is straight A) during full time studies for an academic quarter.

Hospital Notes

Nadine Langston of Farwell is in Presbyterian Hospital in Albuquerque where she underwent surgery Tuesday, Aug. 16. She is in room 4475 and is reported to be doing well.

Carl Patton of Farwell is in the Hereford hospital where he will remain for several days for tests.

Although rhubarb is eaten as a fruit (often with strawberries), it is actually a vegetable.

MR. AND MRS. FORREST W. COLE

**Liea Little, Forrest Cole
Wed In Candlelight Ceremony**

In a candlelight ceremony, Liea M. Little of Clovis and Forrest W. Cole of Farwell exchanged doubling marriage vows on July 28 at 7 p.m. at the Primitive Baptist Church in Clovis. Officiating was Elder Bernard Gowens, church pastor, and Elder Lyman Little, uncle of the bride.

Parents of the couple are Mr. and Mrs. T. Ray Little of Clovis and James and Lena Cole of Farwell.

The altar was centered with a heart-shaped candelabra, flanked by spiral candelabra holding peach tapers, each with baskets of white and peach silk carnations, stephanotis and greenery.

Given in marriage by her father, the bride wore a white organza gown over white satin. The dress was designed with a high neckline banded with lace, a lace yoke and lace ruffles at the shoulders and around the yoke. The long tapered sleeves were banded with lace, and the full skirt was trimmed with

vertical lace ruffles. Her bouquet was of white and peach silk roses with stephanotis and greenery and white ribbon streamers.

Maid of honor was Cindy Johnson of Clovis. She wore a waltz length dress of peach organza fashioned with puffed sleeves and square neckline. She carried a nosegay of peach silk roses.

Best man was Wesley Rappstine of Hereford, and ushers and candlelighters were Rocky Martin and Ken Boens, both of Clovis.

Providing the music for the ceremony was organist Kathryn Snyder with soloist Camille Jackson singing "We've Only Just Begun."

The mother of the bride wore a yellow street length dress with a pleated skirt. Her corsage was peach silk baby roses.

The mother of the bridegroom wore a blue floral street length dress, and her corsage was also of peach silk baby roses.

At a reception held at the church following the ceremony, the table was covered with a peach lace cloth with a peach underlay. The white three-tiered wedding cake was trimmed with peach-colored flowers, and was served with sherbet punch. Candles holding peach tapers centered the table.

After a brief wedding trip, the bridegroom reported to Stratford, Germany, where he is stationed with the United States Army. The bride will join him shortly.

The bride is a 1983 graduate of Clovis High School, and the bridegroom is a 1981 graduate of Farwell High School.

**Son Born To
Grady Newtons**

Grady and Kim Newton of Lubbock are parents of their second child, a son, born August 15 in Lubbock Methodist Hospital.

He has been named Nicholas Lon, and he weighed eight pounds, one ounce, and was 21½ inches in length at birth. He has one sister, Lauren, age four, who is spending this week in Farwell with her grandmother, Peggy Snider.

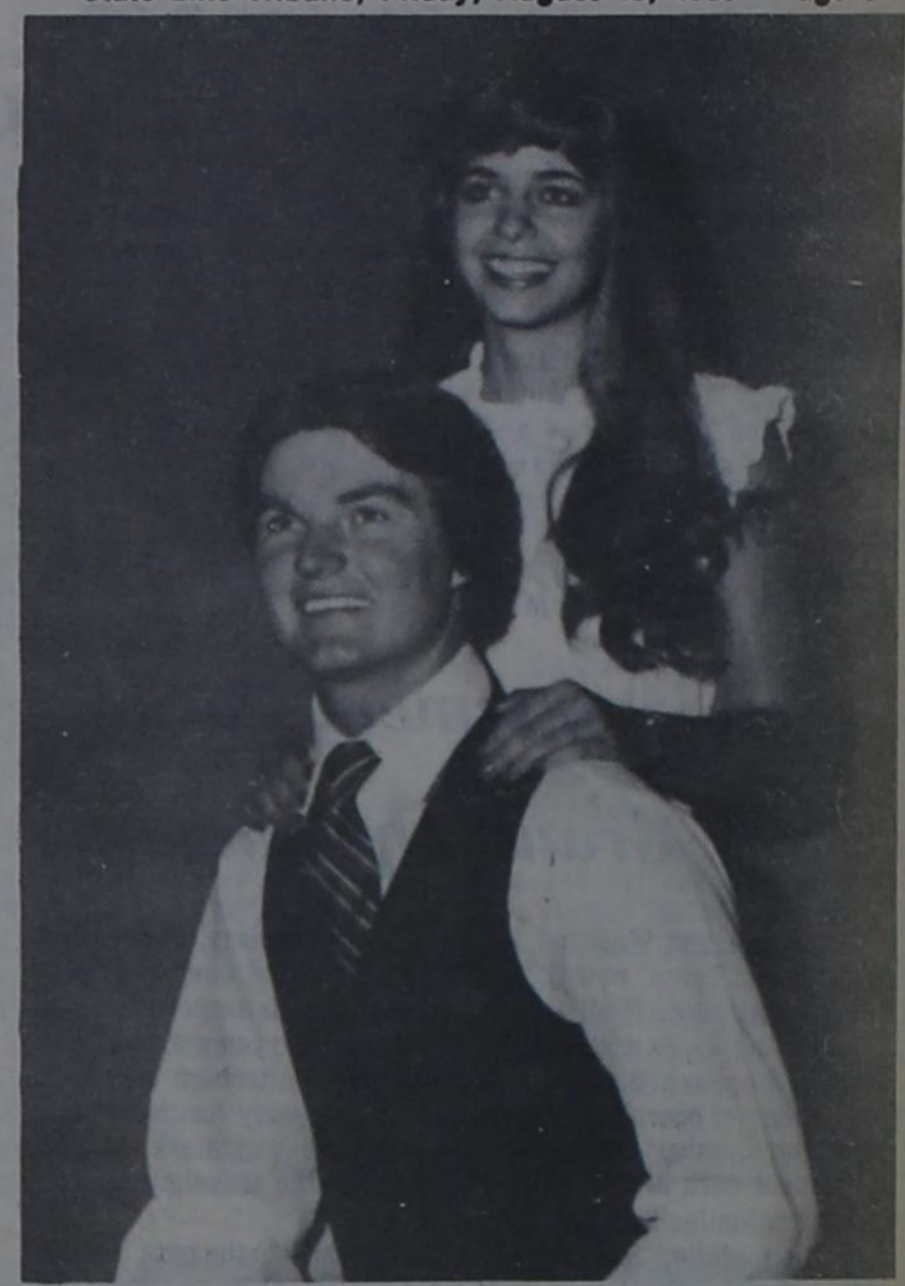

Other grandparents are Mr. and Mrs. J.W. Newton of Lubbock.

Great-grandparents are Grace Snider of Farwell, Lewis Newton of Crosscut, Tex., and Modine Johnson of Clyde, Tex.

Nicholas was born on the birth date of his great-grandfather, Howard Mayfield of Friona, and his great-aunt, Jean Blackburn of Albuquerque. Mayfield was 88 years old on August 15.

In Albuquerque celebrating the birthdays of Mayfield and Mrs. Blackburn were Mr. and Mrs. Woodrow Lovelace, who drove Mayfield there.

Engagement Announced

Mr. and Mrs. Nathan Tharp of Texico announce the engagement and approaching marriage of their daughter, Rhonda, to Duwain Hill of Clovis. He is the son of Mr. and Mrs. George Hill of Eunice, N.M.

The bride-elect is a 1981 graduate of Texico High School, is attending Eastern New Mexico University, and is employed as secretary of the First Baptist Church in Texico.

The prospective bridegroom is a 1979 graduate of Texico High School. He is associated with the Clovis Fire Department and is an assistant carpet layer.

Wedding vows will be exchanged Saturday, Sept. 10, at 2 p.m. MDT in a candlelight ceremony to be officiated by the Rev. Joel Horne in the sanctuary of the First Baptist Church of Texico. All friends and relatives of the couple are invited to attend the ceremony.

Jamie Coopers Parents Of Girl

Mr. and Mrs. Jamie Cooper of Arlington are parents of a daughter, named Ashley Paige, born Thursday, July 11, in Arlington Memorial Hospital. She weighed six pounds, 12 ounces at birth.

The little girl has one brother, Jamie D., who is four years old. Grandparents are Mr. and

Mrs. Truitt Hardage of Farwell, Mr. and Mrs. Buttons Howard of Farwell, and Mrs. Shirley Howard of Portales.

Great-grandparents are Mr. and Mrs. Willie Hardage of Farwell, Mr. and Mrs. Ernie Howard of Farwell, Mr. and Mrs. Lowell O'Hair of Portales, and Opal Jackson of Clovis.

The Creative Woman

BY SHERYL BORDEN

On August 23 and 27, viewers of "The Creative Woman" show will see how to make carpet rugs, as demonstrated by Laura Robbins and Beverly Bennett, members of the Arch Extension Homemakers Club in Roosevelt County.

Another guest on the show will be Clotilde, a sewing instructor and lecturer, who travels throughout the United States telling other women how to sew for a designer look. She is the co-author of the sewing book "Sew Smart." She will talk about measuring and tell where to take accurate measurements; talk about darts and buttonholes, and will also demonstrate special hard-to-find sewing notions and tell how to get these. Clotilde is from Dayton, Ohio.

Topics to be presented on the show on August 25 include air layering in plants, consumer tip information, and making belt loops.

Jim Sais, urban horticulturist with the Cooperative Extension Service in Albuquerque, will demonstrate how to do air layering to propagate certain types of houseplants.

"Are you buying the product or the package?" This is the topic to be discussed by Jackie Martin, family finance specialist with the CES in Las Cruces. Mrs. Martin will talk about package design, how to evaluate the package cost as well as

the product cost, the functions of packages, and the role color plays in product packaging.

Other guests will be Kaye McCown, sales manager, and Ann Silva, owner of the Bernina Sewing Center in Albuquerque, and they will show and tell how to make belt loops on the sewing machine and will talk about the advantages of doing this method.

"The Creative Woman" is produced and hosted by Sheryl Borden. The show airs at 12:30 p.m. MDT on Tuesday and Thursday and at 2 p.m. on Thursday on KENW-TV, Channel 3, Portales.

Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361; out-of-state: 1-800-545-2359; and Portales and Roosevelt County: 562-2112.

A reunion of the Fred and Dollie (Brown) Barker family was held Sunday, Aug. 7, at Ned Houk Park, with 86 family members present.

A meal of barbecue, fish, and calf fries with all the trimmings was served, and the day was spent visiting, picture taking, and getting acquainted with the younger members of the family.

The six Barker children and their spouses present were E.R. and Joyce Coffman and Elmer and Ogetha Langford, all of Farwell; Doyel and Chris Pitmon of Levelland; Preach and Mary Lou Collier and Fred (Judge) and Ann Barker, all of Friona; and Robert and Bobbie Jean Widner of Holtville, Calif.

Grandchildren and their families present were Leon and Suzy Langford and Watson, Joanna and Mac of Farwell; Delvin, Janie and Lesa Langford of Austin; Oscar, Carolyn, Rusty and Kacy Henard of Tatum, N.M.; Jimmy, Jan and Jerris Moss of Wilcox, Ariz.; Dave and Anita Olsen and Jarilyn and Jill Henson of Alamogordo, N.M.;

Also, Frankie, Stella and Cassie Coffman of Liberal, Kan.; Hobbie, Cheryl, Darren, Laura, Justin and Clint Coffman of Amarillo; Billy, Gaye, Shiloh and Shane Roberts of Farwell;

Greg and April King of Amarillo; Butch, Linda, Bill, Kristin and Adam Barker of Friona; Patricia and Kirk Wright of Friona; John, Missey and Caleb Barker of Hobbs, N.M.; Leslie, Laura and Flint Harrelson of Clovis; and Linda Widner of Safford, Ariz.

Other relatives present were Paul and Nanette Langford of Austin, Wayne and Beverly Moore of Forgan, Okla., W.A. and Jean Sanders of Ft. Worth, Eda Wallin of Pampa, Carolyn Payne and three daughters of Amarillo, Vida O'Neal of Clarendon, Bob and Lota Farquhar of Dime Box, Tex., George B. and Joyce Murphy of Pampa;

Also, Marlan and Yvonne Shuman of White Deer, Clara Henry of Pampa, Sharon, Kyle and Shawn Harrelson of Las Cruces, N.M., and Buster and Selma Vaughn of Lubbock. Also in attendance were Ginger Ellison and Polly Turner, both of Farwell.

Claude Akins Promotes Soil, Water Conservation

To promote the conservation of soil, water, and related renewable natural resources in Parmer County, McFarland Osborn, chairman of the Parmer County Soil and Water Conservation District, has announced the support and assistance of internationally-known actor, Claude Akins.

"Akins, who speaks for soil and water conservation in a

series of broadcast public service messages, is particularly recognized for his portrayal of gypsy trucker Sonny Pruitt in NBC-TV's 'Movin' On' and for his title role in NBC-TV's adventure-comedy 'Sheriff Lobo,' said Osborn.

Akins also guest starred in numerous TV series such as Police Story, Medical Story,

Mannix, McCloud, Cannon, The Streets of San Francisco, Fantasy Island, and B.J. and the Bear. He also appeared in films such as From Here to Eternity, The Caine Mutiny, Skyjacked, The Devil's Brigade, Inherit the Wind, The Great Bank Robbery, and Timber Tramps.

Akins whose interest in soil and water conservation was nurtured at an early age said, "My feeling for the land comes from my father, who all his life had a love for the soil. He had a small piece of land outside Bedford, Ind., and I watched him take care of it as if it were a very important partner.

"Through his example, I learned that proper treatment of the land is the only way it will really serve us as it's supposed to."

In commenting on current ecological and environmental concerns and how soil and water conservation fits into the overall picture, Akins said, "With the problem of an increasing world population and the taking of farm areas for urban development and other uses, I think agricultural producers are constantly facing the problem of trying to produce more and more from less and less on a limited resource.

"Though we have made great advances in conservation efforts in the last several decades, other issues have emerged to cause soil and water conservation to be given a backseat in

state and national priorities. These resources should be considered equally along with the other problems we have in our ecology," added Akins.

From a personal viewpoint Akins said, "When I was in the army and in India, I saw the effects of bad land use and the starvation that follows. The people in the area I visited knew the land was subject to flooding every year and yet they did nothing to protect it. Brazil is another example. While there, I remember how farmers would farm out their land and then move to another plot rather than restoring what they had.

"Look at what happened in this country prior to and during the dust bowl era of the '30's. Soil conservation was mostly ignored until the land suddenly got blown away. At that point it was too late, so when we see signs of soil and water erosion the time to do something about it is when we first discover it and not wait until it's too late. The point I'm trying to make is that soil and water conservation is an ongoing thing and requires total public interest and support," concluded Akins.

Commenting on Akins' interest in assisting Texas SWCDs with a conservation public awareness messages, Osborn said, "We appreciate Claude's involvement in our local and state conservation efforts. He is saying what we have been talking about all along. And that

is the conservation of soil, plant and animal resources does not mean hoarding these things for future use, but using them efficiently and in such a way that they will last and become more productive.

"If our district office is to serve Parmer County and the surrounding area effectively, we need good two-way communication in our community. And that's what Claude is emphasizing in these public service programs. We need to know local concerns and we need understanding of and local support of our long range goals and objectives to accomplish soil and water conservation in our community," said Osborn.

New Amusement Park Sets Grand Opening

Grand Opening Weekend for phase one of Texas' new theme amusement park, Prairie Dell Lake, is Aug. 19, 20, and 21, 1983. Phase two opens in the Spring of 1984. Hours of operation for the year-round, indoor-outdoor amusement park are Fridays, 4 p.m. to midnight; Saturdays, 10 a.m. to midnight; Sundays, 10 a.m. to 8 p.m.; plus Labor Day, September 5, 1983, 10 a.m. to midnight.

Beginning Christmas school break this year, the park will also be open weekdays when schools are out of session. The park is located on the west side of I.H. 35 at Prairie Dell, 20 miles south of Temple, Tex., and 14 miles north of Georgetown, Tex. Before renovation by

the new property owner, the 75-acre tract of land was operated as the Matterhorn Restaurant until two years ago. The 70 foot high Matterhorn Mountain on the property has become a well-known landmark to the heavy traffic traveling on I.H. 35.

Admission to the park is free; parking is \$1.00 per car. To enjoy the rides, park customers can either purchase ride tickets or a five dollar "pay-one-price" wrist-band which enables a customer to ride the park's rides as many times as desired in a day.

In addition to rides, the park offers games of skill, merchandise and souvenir shops, and a wide variety of food.

USDA Announces Guidelines For 1984 Wheat Programs

WASHINGTON—Secretary of Agriculture John R. Block recently announced general guidelines concerning the provisions of the 1984 wheat program. The program provisions are tentative but will likely fall within these guidelines:

- An acreage reduction requirement of between 20 and 30 percent.
- An additional land diversion of between 20 and 25 percent with a payment-in-kind compensation for farmers who divert additional land.
- An in-kind compensation of between 70 and 80 percent of program yield.

"These points should provide wheat farmers general guidance for planning purposes," Block said. "We had hoped to announce the 1984 wheat program in more detail, but it is impossible to finalize the provisions until Congress com-

pletes its consideration of target price freeze legislation that has been requested by the Administration since January. Without a target price freeze, the tentative program provisions I announced today would be subject to change."

The Senate Committee on Agriculture, Nutrition, and Forestry approved the target price freeze legislation on June 21. The House Committee on Agriculture met on May 25 to consider the legislation, but postponed further consideration.

"Many farmers have already begun to prepare seedbeds and apply fertilizer for the upcoming crop," Block said. "With these financial commitments being made, it is only reasonable that the Congress act judiciously so that we can announce all of the specific program provisions as soon as possible.

pletions its consideration of target price freeze legislation that has been requested by the Administration since January. Without a target price freeze, the tentative program provisions I announced today would be subject to change."

TWO MINUTES WITH THE BIBLE

BY CORNELLIUS R. STAM, PRES. SEREAW BIBLE SOCIETY CHICAGO, ILLINOIS 60635

GOD'S FAITHFULNESS AND OURS

Many people suppose that salvation is God's reward to those who do their best to live good lives. This is not so, for God's Word says of those who are saved: "Who hath saved us, and called us with an holy calling, NOT ACCORDING TO OUR WORKS, BUT according to His own purpose and grace, which was given us in Christ Jesus before the world began" (II Tim. 1:9).

Referring to this "salvation which is in Christ Jesus," St. Paul says: "It is a faithful saying: for if we be dead with Him, we shall also live with Him" (II Tim. 2:10, 11).

In other words: the believer, viewing Calvary aright, has "died with Christ." Viewing the Cross, he says: "This is not Christ's death. He was no sinner. He had no death to die. He is dying my death!" And so by faith he is "crucified with Christ" (Gal. 2:20). The penalty for all the believer's sins has been fully paid, for he died—in Christ, and thus has also risen with Christ "to walk in newness of life" (Rom. 6:3, 4).

This is *all God's doing*, and only now is the believer ready to do good works that will please God. Thus the apostle adds in II Timothy 2:12: "If we suffer, we shall also reign with Him: If we deny Him, he also will deny us." When the believer's service for Christ is reviewed some indeed will "receive a reward," but others will "suffer loss," though they themselves will "be saved; yet so as by fire" (I Cor. 3:14, 15).

It will be deeply embarrassing, in that day, for unfaithful Christians to face emptyhanded the One who gave His all, Himself, to save them. Yet salvation is by grace, thus the apostle hastens to conclude his statement in II Timothy 2, with the words:

"If we believe not [are unfaithful] yet He abideth faithful: He cannot deny Himself" (Ver. 13).

Thus, our rewards as believers depend upon *our* faithfulness, but our salvation, thank God, on *His!*

New Coaches, New Offense

Greet Lazbuddie Football

New coaches and a new offensive system are part of the changes for Lazbuddie Longhorn's football season.

New head football coach and athletic director for the upcoming season is Rufus "Bo" Williams.

Coach Williams has been teaching and coaching for the past 17 years in the Texas school systems of Vidor, Anahuac, Buna, Caldwell, and Bowie. He received his bachelor's degree from Lamar University in 1954.

His wife Deanna will be filling the position of secretary in the superintendent's office. They have three children, Travis, a student at Blinn Jr. College in Brenham; Gordon, a student at Midwestern State University in Wichita Falls; and Ben Wayne, a sophomore at Lazbuddie High School.

Assisting Coach Williams will be Steve Harris, also a newcomer to Lazbuddie. Harris has been coaching and teaching for three years in the Dodd City and Henrietta independent school districts.

He received his bachelor's degree from Southeastern Oklahoma State University in 1979. His wife, Cindy, will be working as a teacher's aid in the Lazbuddie School.

Also assisting with coaching duties is Craig Terry, who is entering his second year at Lazbuddie school, after receiving his bachelor's degree from Eastern New Mexico University in 1981. He and his wife, Socorro, have one daughter, Dawn, who is 1 1/2 years of age.

The Longhorns have 20 candidates coming out for the team this year, including 12 lettermen, six of whom are seniors.

"We are learning a new offensive system that is running us behind schedule, but the kids are picking it up well. We will be fairly quick but overall size is lacking. Injuries will be the deciding factor. We can't afford to lose people to injuries," says Coach Williams.

He says the team strength lies in the offensive line with Paul Stanley, Roy Gonzales, Lee Scott, Ray Moran, and Shannon

Weaver. Dewayne Ivy, Dustin Jesko, and Scott Holt should provide some depth to this group.

Ends Paul Gonzales, Kevin Fugua, and Robert Tapia all have the ability to catch the ball.

Quarterbacks for the team are inexperienced, says the coach, but Ben Williams and Guy Brockman are showing ability to throw.

The team's running backs, Ralph Gonzales, Noe Gonzales, and Larry Nail, show quickness, but size is lacking. Todd Daniel, Luis Alarcon, and David Schacher are running behind the three seniors.

The Longhorns have two scrimmages scheduled: Anton, rated second in the state, and Class AA Hart. They were to scrimmage at Anton at 6 p.m. Thursday, Aug. 18.

Lazbuddie will host Hart for a scrimmage at 6 p.m. Friday, Aug. 26. The Longhorn's first season game will be at Smyer on September 2.

According to Coach Williams, the Longhorns are picked to finish last in the north zone of District 2A.

Probable starters for the upcoming season include: Kevin Fugua, senior, 5'7", 145 pounds, or Robert Tapia, sophomore, 5'11", 146 pounds, left end; Paul Stanley, junior, 5'10", 171 pounds, left tackle; Roy Gonzales, senior, 6', 140 pounds, left guard; Lee Scott, senior, 6'2", 178 pounds, center; Ray Moran, junior, 5'7", 153 pounds, right guard; Shannon Weaver, junior, 6', 201 pounds, right tackle; Robert Tapia, sophomore, 5'11", 146 pounds, or Paul Gonzales, sophomore, 5'8", 132 pounds, right end; Ben Williams, sophomore, 6'1", 164 pounds, quarterback; Noe Gonzales, senior, 5'7", 135 pounds, left halfback; Ralph Gonzales, senior, 5'10", 155 pounds, right halfback; and Larry Nail, senior, 5'7", 130 pounds, fullback.

Other candidates for the team include: Guy Brockman, 5'7", 127 lb. sophomore, quarterback; David Schacher, 5'7", 128 lb. sophomore, running back and cornerback; Kurt Miller,

5'7", 125 lb. sophomore, tight end and cornerback; Scott Holt, 5'10", 164 lb. sophomore, tackle; Dustin Jesko, 5'7", 172 lb. freshman, tackle; Dewayne Ivy, 6'3", 153 lb. senior, tackle; Todd Daniel, 5'8", 153 lb. sophomore, running back; and Luis Alarcon, 5'8", 145 lb. sophomore, running back.

Laz. Basketball

Girls Must

Have Physical

Lazbuddie high school and junior high girls planning to participate in basketball during the upcoming season must have a physical examination before the beginning of school, according to Toby Booth, high school principal.

Physicals will be given Sunday, Aug. 21, at 2 p.m. in the old gym at Muleshoe High School.

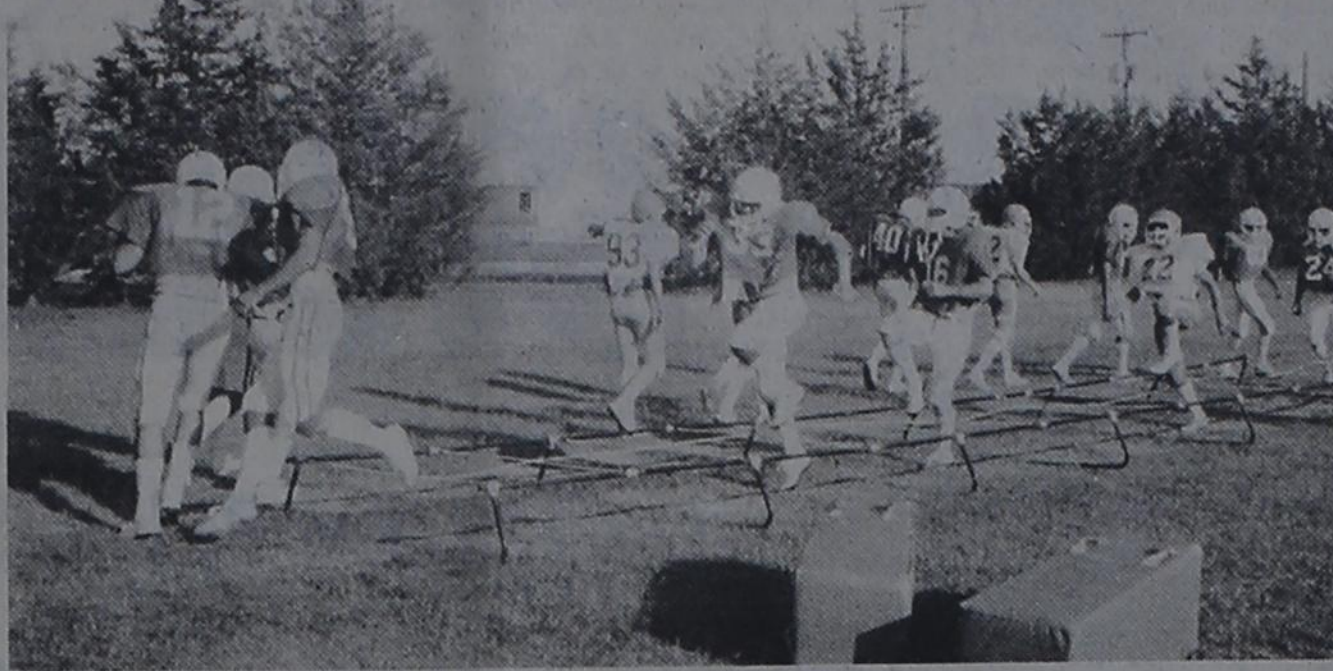

West Texas plants may be fuel source

COLLEGE STATION — Texas A&M University plant scientists say vast quantities of land in semi-arid regions of West Texas may be used for mass cultivation of plants to provide additional sources of fuel.

After screening more than 2,900 Texas plants for biomass energy potential, the researchers say at least four and perhaps as many as 12 varieties of weeds that grow in the Southwest promise potential as sources of fuel.

"We're primarily looking at crops that could have multiple uses," says Dr. Ron Newton, a researcher with the Texas Agricultural Experiment Station at Texas A&M assessing the kinds of plants that would be best suited for energy conversion.

Among the plants found as good candidates for energy conversion are kochia, Johnson grass, saltbush and mesquite.

High Steppers

Members of the Farwell Steer football team were going through their paces this week

learning fundamentals as well as practicing their agility drills. The Steers open the 1983 season

September 2 against the Plains, Cowboys in Steer Stadium at 8 p.m.

Reserve IV Farmer-Owned Corn Released

WASHINGTON—Corn in the farmer-owned reserve IV was released for redemption, effective immediately, by Everett Rank, executive vice-president of the U.S. Department of Agriculture's Commodity Credit Corporation.

Reserve IV corn is corn placed in reserve between Oct. 6, 1981 and July 1, 1982.

Rank said this means farmers now may sell — but are not required to sell — their reserve corn after repaying their CCC price support loans. However, he said, farmers may not repay reserve corn loans that are needed for their payment-in-kind entitlement.

The reason for the July 15 action, he said, was that the national average price received by farmers for corn had reached the \$3.15 per bushel release level.

Current USDA activity reports show 1.147 billion bushels of corn in reserve IV. However, a substantial quantity of this corn has been designated for the payment-in-kind program or sold to CCC under the PIK acquisition program and therefore will not be available for immediate redemption.

USDA makes storage payments to farmers with grain in the reserve. Upon repayment of the loan, farmers can keep the storage payments earned through the date of repayment.

Release of reserve IV corn will continue through August 31, Rank said. If the five-day national average market price remains at or above \$3.15 on Sept. 1, storage earnings will stop and interest on the price support loan will begin to accrue for corn that has been in the reserve for more than one year. Interest already is accruing on loans for corn that has been in reserve less than one year.

If the September 1 price falls below \$3.15, reserve IV corn no longer will be in release status

and farmers will continue earning storage payments.

Data used by CCC in determining the release level include five-day moving average prices — as reported by USDA's Agricultural Marketing Service — which show prices bid by buyers at selected markets, and a month-end report of prices received by farmers issued by USDA's Statistical Reporting Service. This report shows the previous month's average price and the current mid-month price.

The four daily corn markets CCC reviews are Kansas City, Omaha, St. Louis, and Minneapolis. The five-day average of these market prices, adjusted to reflect prices received by farmers, was the basis for this action.

'Watch For Children' Cautions DPS Officer

The summer vacation will soon be over and thousands of youngsters will be starting back to school, many of those for the first time. Last year in Texas the pedestrian fatalities accounted for 732 traffic deaths, according to Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety.

He said, "Motorists need to slow down as they drive through school zones and in and around school areas."

He added, "Those big yellow buses will also be back on our streets and highways, and Texas law requires the driver of a vehicle meeting or overtaking a school bus displaying red flashing warning lights that is in the process of loading or unloading passengers to stop until the school bus starts moving, the red lights are no longer flashing, or the bus driver directs

motorist to proceed." Cawthon added, "It is most important that drivers observe speed limits in school zones and the school bus loading laws for the protection of our children, because no one wants to be responsible for the death or injury of a young child."

SANDWICH TIME

To save time preparing brown bag lunches, make the sandwiches once a week in an assembly-line fashion. Then freeze them for use later, says a New Mexico State University Extension food and nutrition specialist.

But do not keep them for more than two weeks. Fillings that freeze well include peanut butter, dried beef, fish or meat, and cooked or canned poultry.

FARWELL

Season's Wrap-Up

Texico-Farwell Little League conducted its end-of-season meeting Monday night at Luce's. Ronald Byrd, seated left, was elected president for next year and Diane Atkinson, seated right, was elected secre-

tary. Not pictured are Greg Martin, vice-president, and Johnny Atkinson, player agent. Ted Tucker of Friona, standing left, and Bill Liles of Muleshoe, standing right, met

with the group and presented the Pony League ball program to the local group for consideration for next year's play. Decisions will be made before January 1984.

Bovina Bulltown Days Underway This Week

Bovina Bulltown Days are scheduled Thursday through Sunday, Aug. 18-21.

Kicking off the four-day affair will be a softball tournament sponsored by the Bovina Lions Club. The games are set for each night of the celebration and will conclude Sunday.

Bovina Chamber of Commerce will be sponsoring many activities during the festivities including a salad supper and variety show, both set for tonight (Friday).

The supper will begin at 7 p.m. in the high school cafeteria, to be followed by the variety show at the school football field beginning at 8:30 p.m.

Saturday will be the big day of the celebration with many activities scheduled. Included in the Saturday lineup is a chuckwagon breakfast at 6 a.m. in Bovina City Park, sponsored by the Bovina Roping Club.

The annual American and Texas Quarter Horse Show, sponsored by the Bovina Roping Club, will begin at 10 a.m. in the roping arena.

Tug-o-war preliminaries will be in the city park at 10 a.m., and the finals are set for 3:45 p.m. This is the second year for the Tug-O-War to be part of the

activities. Individual trophies are to be awarded to all team members in each division for first, second, and third place. The contest is to be divided into four categories with age groups from young to old represented.

An Old Timers' luncheon will be held in the Senior Citizens building sponsored by the Bovina Women's Study Club.

The Body Connections first annual Bull Run is scheduled to start at 2:30 p.m. It will be a one mile run.

The annual parade will start at 2:45 p.m. at the corner of Main and Third streets. Prizes for the best floats and decorated bicycles will be presented. The theme of this years parade is "Bovina - Past & Present."

During the day, the Flip for

Funds event will be held in the city park. The event is designed to raise funds for equipment for the Bovina Gymnastic Elite group.

The Fiddlers contest will take place at 5 p.m., and beginning at 6 p.m., the Bulltown barbecue will be served.

In addition to the many contests and shows during the day, there will be several fun booths and games for the entire family to enjoy and participate in.

The Bovina Ambulance Organization will be sponsoring a trap shoot Sunday, Aug. 21, starting at 1 p.m. in Larry Scott's pasture, 3 miles east on Highway 60.

Everyone is invited to attend the celebration and enjoy a day of fun.
