

Former Chief Of Nazi Army War Victim

Von Fritsch Killed At Warsaw; Polish Campaign Near End

BERLIN, Sept. 23 (AP)—The German army mourned tonight for its former commander-in-chief, Colonel General Baron Werner von Fritsch, killed in action before Warsaw in a role far below his former eminence.

First General To Die He became the first German general to die in this war when he was struck down yesterday "while carrying out a dangerous reconnoitering operation."

These were the words used by the present commander-in-chief, Colonel General Walther von Brauchitsch, in an announcement declaring that the German army stood "in deep mourning, yet filled with great pride," at von Fritsch's death.

The army meanwhile declared in a communique that the war in Poland was over, despite the continued resistance of Warsaw, where von Fritsch fell.

The communique recited at length the stages of the German campaign in Poland, said its success was due to the cooperation of all branches of the army and navy and declared the army had taken more than 450,000 captives, 1,200 guns and war materials that could not yet be calculated.

It said 800 Polish planes had been destroyed or captured and the rest interned after fleeing abroad.

The Polish soldier, it added, fought bravely but "broke on the inadequacy of his leadership and organization."

Exact figures on German losses will be given in a few days, the communique stated, declaring that they "must be described as unusually small in comparison to the enormous losses of the enemy."

On Adolf Hitler's orders a state funeral will be given the 59-year-old general who played an outstanding role in revival of the German land forces before his failure to keep in step with the Fuehrer led to his resignation in February, 1938.

Before the death announcement most Germans believed Von Fritsch was still in retirement. It was known, however, that he had volunteered.

Von Fritsch relinquished the army command at the time of the army shakeup following the resignation of Field Marshal Werner von Blomberg as minister of war.

He often was spoken of as one of Germany's best World War military strategists whose shrewdness was being held in reserve in case activities on the western front became livelier.

News of his death was printed on inside pages of all newspapers but Von Brauchitsch caused to be published a large death notice heavily bordered in black, in the name of the entire army.

REVIEWING THE BIG SPRING WEEK

BY JOE PICKLE

City officials think maybe they have uncovered some nefarious work at the cross-roads. When several form letters from traveling salesmen poured in complaining that the anti-overnight parking law would compel them to pass up Big Spring, the city contacted some of the companies. Heads of the concerns not only said that it was against their policy to permit a 25-cent storage charge to stand in the way of salesmen stopping in Big Spring, but complimented the city highly on its law and effort to thus clean streets regularly. Round one goes to the city.

Reports received here say that Lamesa people were elated over an important oil strike in the Cedar Lake region. Big Spring certainly hopes with Lamesa that the development means all that it promises. Already a fine, substantial and progressive city, Lamesa could easily have a better balanced source of income from sizeable oil production.

Eliminate all other death and destruction and just contemplate what is happening to Warsaw these days. Then try to figure any rational reason why supposedly civilized people could do so awful a thing as this. It doesn't make sense.

Bob Schermerhorn is rightly chagrined these days. Almost single handed he persuaded the powers that be to stage the fifth annual Texas Air Tours through West Texas. For his efforts he was rewarded with a schedule that "completely left out Big Spring."

Dr. Frank Boyle, county health officer, spoke with authority when he termed venereal diseases the No. 1 public health problem of this city and Howard county. Other doctors echo this sentiment. This being true, the \$1,000 required locally to establish

Fear Germans May Drive Across Belgium Again

By DREW MIDDLETON LONDON, Sept. 23 (AP)—The path of the first major German thrust on the western front occupied the minds of military men today as the armies of the third reich, already triumphant in Poland, shifted from the east to the western frontier barred by the Maginot Line.

Some military observers in London said that despite German denials they believed a German sweep through The Netherlands and Belgium toward the ancient Teutonic objective—Paris—still was under consideration. A few thought the German general staff might choose a direct frontal assault on the Maginot Line. A few offered the possibility of an attack through Switzerland.

To reinforce the idea of a sweep through the low countries were reports of intensive German

digging along The Netherlands' frontier and troop concentrations in the same sector.

The feeling that the war—as far as France and Britain were concerned—would start in earnest in a few days on the western front was evident on all sides. The most likely opening move in the opinion of many military men is a major German offensive.

"Two months ago I do not think the Germans would have even considered a sweep through Holland and Belgium," said one officer.

"Today they are flushed with victory, they have the lessons of their first campaign in their minds and they are fairly sure they cannot break the Maginot Line without tremendous sacrifice."

"One of the lessons learned was

the great speed at which a mechanized column can move and the terrific effect it has after sufficient preparation by aerial bombardment. The only report we have of Polish success against German tanks and armored cars occurred when the German air force had not prepared the way with medium bombs and machine-gun strafing."

Military men agreed, however, that the mechanized columns, which sped over the flat plains of Poland as the vanguard of the German divisions would be hampered by the rugged terrain of the western front.

"But there are no hills along the seacoast in Holland and Belgium," said one. "The Germans would be able to use the same tactics that were so successful in Poland."

Pension Crisis At Hand With \$6 Cut

Speculation Renewed Over Need Of Calling Special Legislative Session

AUSTIN, Sept. 23 (AP)—Cracking intermittently since the embattled legislature adjourned in a deadlock on taxes, the old age pension crisis, a drastic slash of \$6 per pensioner, was at hand today.

The state's needy aged, once buoyed by Governor W. Lee O'Daniel's campaign promise of \$30 a month to all over 65 years old, gloomily dug in for a hard winter while the newly-created Texas public welfare board steered itself for a volley of protests.

Director Jan Anderson of the Texas Pensions Union who once was jailed by the legislature for contempt said he had notified the governor that, in his opinion, the pensions cut might be contrary to law and the old folks possibly would take their grievances to the courts.

Meanwhile O'Daniel, expressing deep sympathy for the old people, asserted he was working on a solution to the problem. "I'm still hoping we can avert the reduction," he said.

One possible solution was calling of the legislature into special session to consider devising new taxes for increased pension revenues but the governor repeatedly has intimated he would not assemble the lawmakers. Asked the question directly, he asserted "I have no comment."

A number of legislators have agreed with O'Daniel but others predicted the demand would grow too great and that a session would be unavoidable.

Lack of sufficient money for pensions came about through the senate's rejection of several house tax bills and refusal of a house bloc to accept a senate-born, O'Daniel-espoused constitutional amendment embodying a 2 per cent sales tax and placing a ceiling on oil, gas and sulphur levies.

The lawmakers, however, enacted a statute requiring repayment by the pensions administration of \$2,300,000 in loans, starting in October. The payments to a Dallas bank, to continue for 11 months, will average just short of \$200,000 monthly.

In announcing the reduction, the board expressed the hope no further cuts would be necessary.

Chairman Beeman Strong of Beaumont said the flat cut, which dropped 1,500 from rolls totaling 121,136, was decided upon as the only way to get smaller pensions, on a basis of their needs, had some outside income while those receiving larger amounts were sometimes wholly dependent on the checks.

None of the recipients formerly received less than \$5 a month. Under the reduction, however, the lowest check will be \$1, substituting for \$7 previously.

The cut, officials explained will bring a \$726,000 monthly reduction in pensions. September pensions totaled more than \$1,700,000 and averaged \$14.24. Pension expenditures are shared equally by the federal and state governments.

Taxes on liquor, beer, wine, cigarettes and coal-operated vending machines are sources of state pension revenues.

SCHOOLS TO OBSERVE HALF HOLIDAY MON.

Big Spring schools will observe a half holiday Monday when the Ringling Bros.-Barnum Bailey circus comes to town. W. C. Blankenship, superintendent, said Saturday night after a conference with board officials.

School children will be dismissed at noon. Officials felt that attendance would be riddled Monday afternoon when most children will be taken to the show.

Weather

WEST TEXAS—Fair Sunday and Monday. Not quite so warm in the Panhandle Sunday.

EAST TEXAS—Fair Sunday and Monday.

Italy Doesn't Want War, But Is Prepared

By RICHARD G. MASSOCK

ROME, Sept. 23 (AP)—Premier Mussolini broke his self-imposed silence today to reaffirm Italy's war policy—avoidance of hostilities, but military preparations for any eventuality, and support of every peace effort.

In a forceful speech at the Palazzo Venezia to Fascist leaders from Bologna, Il Duce declared: "In a situation like the present, full of many unknowns, the watchword has sprung spontaneously among the masses of authentic Italian people—prepare in a military way to meet any eventuality, support every possible peace effort and work vigilantly in silence."

"That is the style of fascism; that must be and is the style of the Italian people."

In underlining the present as "a stormy moment which again brings into play not only the maps of Europe, but perhaps that of continental Asia," Mussolini said the Italian decision to refrain from any military initiative stood without change nevertheless, even after the liquidation of Poland.

He said this stand conformed to Italy's treaty of military alliance with Germany.

Il Duce advised Great Britain and France it was "a vain illusion" to try to reconquer Poland. Realization of this, he said, could avert a clash between the armies of Germany, Britain and France.

Italy's policy, he declared, "is at least to localize the conflict" which has broken out in Europe.

Il Duce earlier had conferred with General Ettore Bastico, commander of the new mechanized army of the P.O., who told him his army was at the full strength of its efficiency in men and arms.

A LONG STORY OF ELECTROCUTION

OKLAHOMA CITY, Sept. 23 (AP)—R. M. W. Cody, 45, was electrocuted on his farm following this sequence of events:

1—Steering gear of a truck broke on a hilltop in front of the Cody home. Rolling 250 feet down the hill, out of control, the truck crashed into a 4,000-volt highline pole.

2—One of the wires fell on a metal roadside sign 200 feet away.

3—The sign charged a barbed wire fence.

4—The fence set fire to a patch of grass near the Cody home.

5—A pall of water which Cody threw at the blaze hit the fence and conducted the electricity to his body.

Says Propaganda Will Be The Determining Factor In War; We'll Be 'In' By Spring, '41

NORMAN, Okla., Sept. 23 (AP)—Dr. H. C. Peterson, author of the widely circulated new book, "Propaganda for War," asserted today propaganda and politics won the World War and would be the determining factor in the present European conflict.

He predicted that by the spring of 1941, the allies, whom he described as "master propagandists," would have succeeded in drawing America into the war "by convincing us that our economic interests are at stake and that this fight is our fight."

Dr. Peterson, 37-year-old University of Oklahoma history professor, has been a student of propaganda since the World War.

In recent years, he has traveled extensively in Europe and delved into the political records of many nations.

Great Britain and France are looking to America for assistance just as they did in 1914, Dr. Peterson said in an interview, and by brilliant use of propaganda they already have paved the way to our entrance in the war.

Nazi Attacks Gather Force In The West

France Reports Hitler May Be On Hand To Watch Troops

PARIS, Sept. 23 (AP)—German forces today increased the vigor of their attacks against a 60-mile sector of France's western front positions, and French advices said the Germans were operating under the eyes of Adolf Hitler and Col.-Gen. Walter von Brauchitsch.

Major Offensive? Military observers said it was too early to tell whether this was the beginning of an expected major German offensive, but the pressure coincided with the reported arrival of the Fuehrer and his army commander in chief at Germany's west wall.

The two German leaders were said to have come from Poland, where the fighting was confined to the siege of Warsaw and mopping up operations in other sectors.

It was reported from Berlin that Hitler stood on the heights within sight of Warsaw Friday. Von Brauchitsch had left the eastern front previously.

The German assaults on the western front extended all the way from the Saarbruecken area, the key to Nazi positions on the northern flank, south to Blenwald forest, where the French frontier runs farthest into Germany to meet the Rhine.

German units assumed the initiative immediately when the Soviet Russian invasion of Poland pulled up the methodical French advances into German territory.

Throughout the first few days of the week German patrols raided the sector after sector testing the strength of French positions established on German soil.

An ominous calm settled down over the western front Friday morning. It lasted until late afternoon, when the Germans attacked simultaneously French outposts from Saarbruecken to Leterbourg after preparatory artillery fire.

Heavy fighting lasted throughout the night.

French advices from the front said the poles held their lines and stopped the Germans with counterattacks which gained what military observers considered to be several new strategic positions.

First Lint Subsidy Payments Received

First block of cotton subsidy payments were received here Saturday at the county AAA office for distribution.

In the county were 167 checks for \$15,504.60. The average payment was for little less than \$93.

It had been estimated previously that the total subsidy payments for Howard county this year would be around \$150,000, about half of the amount for last year.

Applications for payment on 906 out of the county's 950 farms have been sent into the state office for payment. More checks are expected during the week.

The checks arrived a week earlier than M. Weaver, adjustment assistant, had predicted.

300 Pct. Gain In Electric Service On Texas Farms

WASHINGTON, Sept. 23 (AP)—The number of Texas farms now served by electric power lines is nearly 300 per cent greater than it was four and one-half years ago when the Rural Electrification Administration was established, according to the REA.

Average annual gain was more than 8,000, placing Texas eighth in rank of all states. The average annual gain in electrification of Texas farms for the 11 years preceding formation of the REA on May 11, 1935, its officials found, was about 850 a year.

There was an estimated total of 2,100 electrified farms in the state at the end of 1923. The number had increased to about 11,500 by the end of 1934, and on June 30 this year was estimated at 45,500.

INJURIES FATAL

SAN SABA, Sept. 23 (AP)—Funeral services were held at Lometa today for Edger Ross, 67, long-time city employe of Lometa, who died yesterday from injuries received when he fell from a windmill.

SEEK MEANS TO SPEED ACTION ON NEUTRALITY

RUMANIA IN PRECARIOUS SPOT

Ringed by four potential aggressors, Rumania clung to precarious neutrality in the face of a possible dangerous international aftermath of the assassination of Premier Calinescu. Russia, Hungary and Bulgaria have sought return of territory lost to Rumania after the World War. Germany needs Rumania's oil and other natural resources.

Vote May Come In Congress In A Month

Administration Foes Would Not Delay If 'Pressure' Taken Off

WASHINGTON, Sept. 23 (AP)—Opponents of the administration's neutrality program made overtures to the senate leadership today for an agreement which might bring a showdown on the controversial issue within a month.

Senators opposed to repeal of the arms embargo agreed that they would hold their speechmaking to "reasonable lengths" if administration followers would agree not to employ "pressure" methods.

If such an arrangement could be worked out, one opposition leader predicted a vote within a month. Under the agreement, this senator said, the opposition would be given four or five days to prepare its case after the bill is reported by the senate foreign relations committee and no night senate sessions would be held. In return the opposition would agree not to obstruct action in the foreign relations committee or to inject extraneous matter into the senate debate.

Warsaw Buries Dead In Parks

Koenigsberg,

# Story Of Brotherly Gallantry, 'Beau Geste' Comes Forth Anew

### Cooper, Milland, Preston In Feature At The Ritz

A roaring, lusty tale of the incomparable gallantry of three loyal brothers will blaze across the screen of the Ritz Theatre when Paramount's production of "Beau Geste" is presented today and Monday to local audiences for the first time.

Gary Cooper, Ray Milland and Robert Preston are starred in this new picturization of the great P. C. Wren novel, produced and directed by William A. Wellman and written for the screen by Robert Carson. The superb supporting cast is headed by Brian Donlevy, Susan Hayward, J. Carrol Nash, Donald O'Connor and James Stephenson. As indicated by the nature of the production, thousands of other players round out the cast, serving as legionnaires, and members of wild desert tribes.

With Cooper, Milland and Preston cast as the three "Geste" brothers—"Beau," "John" and "Digby," respectively, the picture tells how they gallantly join the French Foreign Legion to avert having the finger of suspicion point at any of them as guilty of the theft of a valuable sapphire, the "blue water," from their guardian. In the legion, there is desperate conflict between the brothers and a mad, brutal sergeant, "Markoff," played by Brian Donlevy, who, suspecting that one of the brothers has the gem in his possession, determines to get it for himself.

The picture reaches high peaks of adventure when Markoff, having chosen only Beau and John for duty at an isolated desert fort, Fort Zinderneur, gains command, and drives the men to mutiny with his savage treatment. His efforts to force Beau and John to shoot the leaders of the mutineers are interrupted by an attack by a wild desert tribe, the "Touaregs." As the Legionnaires are killed in successive attacks, Markoff props their bodies in the fort's embrasures to

## THE SWASHBUCKLERS RETURN

Remember that great film of gallantry and adventure, "Beau Geste"? Well, it's been remade by Paramount, this time with Gary Cooper, Ray Milland, Robert Preston and Brian Donlevy in the major roles, and the new production is at the Ritz theatre today and Monday. It's a lusty story of three brothers' adventures in the French Foreign Legion.

create the impression that it is still well-manned. A violent climax is reached when Beau is fatally wounded, and John plunges a bayonet through Markoff's chest as the latter tries to search Beau for the jewel.

The ultimate fate of the brothers Geste and of the jewel is explained in an exciting flashback in which Digby figures prominently. Although "Beau Geste" is predominantly a great adventure picture, there are many romantic scenes in which Ray Milland and Susan Hayward, cast as the lovely ward of the Geste brothers' guardian, figure prominently.

### STANTON GYM BIDS TO BE TAKEN SOON

STANTON, Sept. 23.—Gymnasium bids will be received soon, according to plans made at a meeting of the school board this week. W. T. Strange of the firm of Haynes & Strange, architects of Lubbock, met with the school board and submitted several different proposed plans for the construction. The board decided upon a design and plans and specifications will be drawn by the architects.

It is expected that the contract will be let about October 20. The contract will cover both the repairs of the grammar school building and the construction of the gymnasium.

## Romance Of The Railroad Told In Film

### DeMille's 'Union Pacific' Headlines Program At The Lyric

Seven turbulent years—among the most important in all American history—are spanned by Cecil B. DeMille's "Union Pacific," the epic story of the people who built our first transcontinental railroad. The film, which returns here for showings today and Monday at the Lyric theatre, opens on the day in 1862 when Abraham Lincoln signed the bill creating the railroad and closes with the driving of the gold spike at Promontory Point, Utah, on May 10, 1869, signifying completion of the project and the union of a continent.

Barbara Stanwyck and Joel McCrea are starred in the screenplay, which was written by Walter DeLeon, C. Gardner Sullivan and Jesse Laaky, Jr. It was based on an adaptation by Jack Cunningham of a story by Ernest Haycox. As their chief supporting players, Miss Stanwyck and McCrea have Akim Tamiroff, Robert Preston, Lynne Overman, Robert Barrat and Evelyn Keyes. As is to be expected in a DeMille picture, the cast is made up of thousands of extras, playing Indians, railroad-builders and frontiersmen.

**Struggle Against Frontier**  
With Miss Stanwyck cast as a fiery frontier girl and daughter of the "U.P.'s" first engineer, and McCrea as a stalwart trouble-shooter sent out by Washington to help organize a semblance of law and order to the West, "Union Pacific" depicts their great struggles against not only hostile nature and more hostile Indians, but against Eastern financial manipulators, who have their own reasons for wanting the road sabotaged.

The financial manipulators, who are determined to see to it that the "U.P." does not reach Promontory Point at the appointed time, have their chief agent in Sid Campeau (Brian Donlevy), a Western sharpshooter, as unscrupulous as he is daring. He operates a dance-hall and lures the workers away from the railroad with liquor, gambling and women. He stirs up dissension among the construction chiefs, and when this fails, gets Indian tribes to raid the settlement. In his efforts to stop Campeau, Jeff is aided by Akim Tamiroff, who plays "Fiesta," a roistering Mexican railroad cop who brings his own kind of law and order to the frontier at the end of a bull-whip.

### STOCKS UNEVEN AS TRADING SLACKENS

NEW YORK, Sept. 23 (AP)—The stock market's war boom fever cooled further today and, in the most sluggish session since the outbreak of European hostilities, leading issues finished the week with indecisive trends.

The continuing bright business picture was the principal bolstering influence, brokers said, and boardrooms, while watching overseas bulletins closely, seemed to view happenings abroad with a somewhat greater degree of equanimity.

The list got off to a hesitant start and slipped and rallied at intervals during the remainder of the proceedings.

The Associated Press average of 60 issues was unchanged at 52.8, but was up 3 of a point on the week, the third consecutive week's advance. Transfers amounted to 52,460 shares, smallest turnover since August 26, compared with 1,081,280 last Saturday. The week's volume of around 9,000,000 shares was a sharp contraction from about 17,000,000 in the previous week.

### BUSINESS VISITOR

Charles W. Barton, former publisher of Casper, Wyoming, but now of Fort Worth, where he is connected with the newly organized Southwest National Life Insurance company of that city, is in Big Spring for several days on business. Mr. Barton relinquished his newspaper interests in Wyoming several years ago and came to doing nicely.

## ROMANCE IN RAILROAD BUILDING

It's not all work in building a railroad. There's some romance, and Joel McCrea and Barbara Stanwyck find it in Cecil B. DeMille's "Union Pacific," a picture of great scope which tells the story of the construction of the first railroad across the nation. "Union Pacific" is at the Lyric today and Monday.

## HE KNOWS HOW TO CHEAT DEATH

No. 1 "horror man" is Boris Karloff, who comes back with more chills and thrills in a picture at the Queen today and Monday called "The Man They Could Not Hang." It's about a scientist who discovers a means of restoring the dead to life.

## Daylight Saving Time Going Off, Many Radio Programs Changed

Attention all dialers: Watch your dialing, because daylight saving time is going out of effect today, September 24. Consult the Big Spring Herald radio log often to avoid missing favorite programs.

Popular programs which will be aired at the same time are "Grandma Travels" from 8:30 to 8:45 a. m. Monday through Friday; "Gail North" at 9 a. m. on Monday, Wednesday and Friday; "Singing Sam" every day at 12 noon; the "Curbstone Reporter," "Hymns You Know and Love," and the "Drifters." "Crime and Death Take No Holiday" will remain at 2:15 and KBST's delightful drama "Brushwood Mercantile" stays at 4:45 in the afternoon. "The Lone Ranger" will thrill the kiddies from 9:30 to 10 in the past.

Programs that will undergo time changes are as follows: John Metcalf's Choir Loft takes the air at 9:45 a. m., one hour later than usual; "Marriage License Romances" from WGN, Chicago, is scheduled at 2 p. m.; Jimmy Scribner's colored comedy, "The Johnson Family" will be aired at 4:15 p. m.; the nation's favorite commentator, Fulton Lewis, Jr., is on at 6 p. m. while the "Sports Spotlight" from Fort Worth will be heard at 5:45 p. m. There are only a few reminders of time changes. KBST's audience may consult the Daily Herald log to aid dialing.

**INTERVIEW**  
A college professor who has just returned from a tour of the Central America plantations that supply bananas for Texas breakfast tables will be interviewed on the Texas State Network Sunday. He is Dr. Guy Adriance, head of the horticulture department at the University of Texas and has just completed a trip over the United Fruit company's fast-flung plantations in Guatemala and Honduras. Originating in TSN studios in Fort Worth, the broadcast will be

## Aut. mobile Dealers To Meet Regularly; Officers Named

Regular meetings, to be held on the second Monday night of each month, were voted by the Big Spring Automobile Dealers association when the group met in a luncheon session Friday. It was the first such session in many months, and members determined to follow a more active program.

Officers were elected, R. R. McEwen being named president, and Oney Queen secretary. The association was formed some two years ago, when automobile dealers sought a licensing ordinance from the city to protect established firms from "fly-by-night" sales organizations. The new year's license is due, local dealers were reminded, and must be paid by October 10.

## Fair Boosters Here Tuesday

ABILENE, Sept. 23.—To present merits of the annual West Texas fair, to be held in Abilene October 2 to 7, good will boosters will launch a series of four successive daily trips, to begin Monday, that will carry them 1,100 miles, and include parade visits in more than 70 West Texas cities and towns.

The good will trippers will arrive in Big Spring at 11 o'clock Tuesday for a stopover of one hour and 10 minutes and remain there for lunch.

Abilene civic and service clubs are sponsoring the booster junkies. Travel will be in buses and motor cars.

Monday's trip, south of Abilene, is sponsored by the Rotary club, of which Don Morris, president-elect of Abilene Christian college, is president. Tuesday, the Boosters club and Exchange club join forces for the trek westward and southward.

Wednesday, the Lions club, Dr. C. E. Adams, president, will travel east and north, with music by a Lions club band, and lunch scheduled with the Haskell Lions' club. Thursday's final trip is a Kiwanis club and Woodmen of the World jaunt.

The boosters will praise the 51st annual West Texas fair program, featuring an All-Palomino horse show, a matinee rodeo from Tuesday through Saturday, and a nightly "Stars on Parade" revue, featuring Ann Weeks and his radio and screen band, and seven stage acts, before the grandstand.

## SPECIAL WAR NOTE FOR STENOGRAPHERS

NEW YORK, Sept. 23 (AP)—The European war, stenographers will be interested to know, already has affected:

- 1. Silk stockings.
- 2. Typewriters.

Re No. 1—A leading manufacturer jumped the price in 85 centers to \$1 a pair retail, because of the rise in raw silk quotations.

Re No. 2—A big American maker reported the sale of 1,000 to a market formerly supplied exclusively by Germany.

## Boris Karloff Seen In New Chill-Film

### 'The Man They Could Not Hang' Featured At The Queen

Heralded as the most horrendous of the horror epics, "The Man They Could Not Hang," new Columbia drama starring Boris Karloff, is featured today and Monday at the Queen theatre. The newest film to star the titan of terror is said to be one of the most compelling and fascinating tales of the phantom half-world between death and life ever to be screened. Supported by a cast which includes such players as Roger Pryor, Lorna Gray and Robert Wilcox, "The Man They Could Not Hang" endows Karloff with the greatest opportunity he has ever had to chill the veins of his fans.

Mr. Karloff is seen as a great scientist who discovers a means of restoring the dead to life. Almost ready to announce his achievement to the world, he is arrested and convicted of murder. His own invention is used to restore Karloff to life after his execution and he emerges from the grave alive and well.

However, a terrible change has taken place within the soul of the great-hearted scientist. From a humanitarian he has changed into a horrifying creature of sheer intellectual cruelty, without heart or mercy.

The thrilling drama is heightened by a romance between the scientist's daughter, played by Lorna Gray, and an alert young newspaperman, played by Robert Wilcox.

Mrs. J. L. Webb, who underwent a surgery at Lubbock a week ago, was returned to her home here Friday. She was reported resting very well Saturday.

# Livestock Feeding Discussed Here By A & M Specialist

## Final Results Count Most, Barnes Says

### Best Methods Are Explained Before Crowd In Big Spring

There are two tricks to this business of successful livestock feeding, George Barnes, Texas A. & M. beef cattle specialist, indicated here in a talk to farmers, ranchers and club boys Friday afternoon.

The first—the "secret"—is "to start 'em slowly." The second, just now coming into its own, is the trench silo.

"The measure of success in cattle feeding," said Barnes, "is not in the results at the beginning but at the end." Cattle started too rapidly on feed put on quick gains and then never do any good afterwards, he said.

Bigger gains for the amount of feed can be realized out of feeding lighter calves—coming yearlings—than from feeding out two or three year olds, he added.

He quoted results from Big Spring and Beeville to show that around 305 pounds of corn (milo at Big Spring), 105 pounds of cottonseed meal and 633 pounds of silage produced 100 pounds of gain in calves started at 550 pounds. At Spur 810 pound calves required 605 pounds of ground milo, 210 pounds meal and 586 pounds of silage for 100 pounds gain.

Amount Needed

Incidentally, Barnes suggested that agriculturalists utilize information gained from feeding tests to ascertain with a fair degree of certainty how many head they can expect to accommodate with feed on hand, or how much feed they will need for a given number of livestock.

How should range calves be started on feed? For the first three or

four days nothing but silage should be given. Then for the next three or four days add in a half pound of meal so that in another five or six days the meal will reach two pounds a day.

This ration should be held for about 30 days so as not to upset the digestive system of the calf. Then start adding in grain at about a half pound a day as long as the calf will take it. When there is some left over, hold off for five or six days and then resume the increase until there is another excess, etc.

On long yearlings the meal poundage may be around three per day and up to 3 1/2 per day on three year olds, according to Barnes. A point in this ration is that it gives the animal high protein content at the time it needs it.

**Silage And Meal**  
Silage and meal are good feed within themselves. Tests, said Barnes, have shown that 300-350 pounds of meal and a ton of silage will produce 100 pounds gain of almost the quality of grain fed stuff.

Regarding stock that is placed on sudan, Barnes said that there was no value in feeding animals while on sudan, that it was more profitable to put them on feed after sudan has been exhausted and "harden" them with about 40-45 days of feeding. They do much better than calves given feed while on the sudan. Here Barnes advised that trench ensilage is a life saver, for if drought hits the sudan, the cattle can be shifted to silage and back to sudan when it rains without any harmful results.

It is also a good feed practice to graze stock on stalks and pick up this type of waste in putting on gain. Under this arrangement, calves can be started in gradually on the feeding ration so that they will be ready for regular finishing when the stalks are depleted.

Barnes advised against grinding bundles and milo together and said there was little point in grinding bundles except to reduce the amount of waste in feeding. He said it was all right to mix grain with ground bundles for large groups but for a small amount of feeding it was not best. He said that grinding heads fine was advisable to eliminate dust, impurities, etc.

One of the real values of silage is its vitamin A content, declared the specialist.

**Vitamin A**  
"You can lay your hands on a calf (on dry feed) and tell when he's not doing well," said Barnes.

## Allied Purchases From U.S. Have Not Yet Materialized

### Business Upturn In Industry Has Been In Expectation Of Orders

By HENRY PAYNTER

NEW YORK, Sept. 23 (AP)—The expected flood of allied purchasing orders has not yet materialized, leading financial sources said today.

A sizeable business upturn now under way was stimulated in great part, they said, by expectation of such orders.

England and France, however, have not yet placed orders in the United States for legally permissible essential war supplies on a scale indicating anticipation of a prolonged war, they said.

Although those countries have at hand billions of dollars of cash, convertible securities and legally permissible commercial credit, and can under present laws take out of the country practically unlimited supplies of such war essentials as foodstuffs, clothing, steel and so on, their purchases here have not materially increased since the outbreak of war, these sources said.

Some leading financiers pointed out there might be logical explanations for the phenomenon.

One was that England and France did not want to stir up isolationist opposition at a time when congress would be debating on the question of whether we should sell munitions of war.

Those who offered this explanation said the federal administration has not yet taken the broad steps toward mobilization of industry and manpower which presumably would follow a conviction that we were menaced by war, and that this delay might be due to an equal distaste for stirring up congressional hornets.

While England was last summer reported to have acquired large stores of essential commodities—enough for six months in some categories—it was generally assumed here that England and France would, if they expected a long war, as announced, add to these stores as quickly as possible.

The outbreak of war was indeed followed immediately by inquiries from England and France on a vast, wartime scale.

One steel company said the English inquiries constituted one of the largest single potential orders ever received.

**No Orders**  
However, the orders were not forthcoming. Many of the inquiries were at price levels prevailing in the "buyers' market" of early last summer, and there was no apparent disposition to move up to the

## German Ships Sail From S. America

### FERNAMBUCO, Brazil, Sept. 23 (AP)—Three German ships, including the fast Hamburg-South American liner Cap Norte, have sailed from Pernambuco, carrying large cargoes of foodstuffs and petroleum products.

Their destinations were not announced, but shipping circles understood they would try to reach Vladivostok, Soviet Russia's far eastern port. Such an attempt could be made either via the Panama canal or around Cape Horn.

Local companies declined to supply the ships with fine fuel oil, such as is used by submarines. However, the Cap Norte carried about 2,500 tons of crude oil.

The vessels carried only German seamen.

Besides the 13,615-ton Cap Norte, the vessels are the 5,918-ton Tijuca and the 4,969-ton Curityba.

**NEW COIFFURE IS A 'CORSET LACE'**  
CHICAGO, Sept. 23 (AP)—Now you lace up your hair as well as your corset.

The corset coiffure to match the revived black-lace corset mode was presented today as a new fall style by the Illinois Hairdressers association.

The front hair is dressed in a sleek pompadour and the side hair is waved in an upward sweep toward the back, ending in two vertical rows of eyelid curls. A narrow ribbon is pinned in place as though running through these curls—corset lace fashion.

Some sources close to the war council board pointed out that far from taking steps toward increasing the permissive size of the armed forces, neither the army or navy is being stepped up to its full authorized strength.

These things may have contributed to a growing feeling among Wall Street leaders that the United States can stay out of war.

## Rites Said For Mrs. Anderson

Final tribute was paid in funeral services Saturday afternoon to Mrs. John H. Anderson, resident of Howard county for more than 40 years. Mrs. Anderson, 73, succumbed at the family residence near Coahoma at 1:10 Friday afternoon following a long illness.

Burial was made in the Coahoma cemetery, following rites conducted at the Eberley chapel by Rev. E. O. Stewart of Shreveport, La. The Nance quartet was in charge of music. Mrs. Anderson, a native of Kentucky, was a member of the Church of God.

She is survived by her husband; three sons, Oscar W. Anderson, Hubert C. Anderson and Ollie J. Anderson; three daughters, Mrs. T. F. Hodnett, Mrs. H. G. Cockrell and Mrs. Margaret Anderson Orr; 11 grandchildren and four great-grandchildren. Other survivors are a brother, Jordan Perkins of Alton, Ill.; and four sisters, Mrs. Lou Lewis and Mrs. Ida Williams of Carrollton, Ill.; Mrs. Mattie Ford of East St. Louis, Ill.; and Mrs. Lizzie Jennings, Stamford, Conn.

Serving as active pallbearers were Merle Hodnett, Ewell Hodnett, Grady Linn Hodnett, Arthur Anderson, Claude Anderson and Robert Brown.

Honorary pallbearers included: John Merrick, N. G. Hoover, Roy Porch, Alva Porch, Lem Malone, Edgar Strongfellow, Marcus Davidson, Sam Casdell, Walter Robinson, Charley Robinson, J. W. Wilson, Ira McQuary, S. D. Buchanan, B. O. Jones, T. S. Currie, Pete Pohnaon, Albert Fisher, Jr., Lester Fisher, Dr. J. E. Hogan, Clarence Thompson and Gilbert Gibbs.

## PITTSBURGH SHOWS BUSINESS GAINS

PITTSBURGH, Sept. 23 (AP)—General business in this district reached a new two-year peak today as the trek back to work continued. The University of Pittsburgh reported the business level at 103.2, a gain of 75 per cent over May and the highest since October of 1937. The index stood at 97.1 a week ago.

## SHE LIKES HIM

TILLAMOOK, Ore., Sept. 23 (AP)—Mrs. Nell Chapin, first grade teacher, stumped a pupil by asking her father's name.

"Well, what does your mother call him?"

"Mamma doesn't call him anything—she likes him" was the proud reply.

Five District Chairmen Are Chosen

SAN ANGELO, Sept. 23 (Sp)—Five new district chairmen were named and Abilene was selected for the January board session when the board of managers for Sixth District, Texas Congress of Parents and Teachers met here Thursday.

"Education in Our Democracy" was selected as the topic for the spring convention, and leaders were urged to begin work on life memberships to be pledged at both the state and district conclaves.

All chairmen reported on their activities and listed suggestions for furthering the work. Reports were given from the county councils in Taylor, Howard, Coke and the Tri-County Council with city council reports being held from Abilene, Big Spring and Midland.

Units throughout the district are asked to sponsor parent-teacher groups among the negroes, and the newly-formed Dunbar P.T. A. for San Angelo's negro populace was described and their projects were reviewed.

Registered for the sessions were Mrs. Holt, Mrs. W. G. Cogdell, Abilene, corresponding secretary; Mrs. Clyde Daniel, Abilene, city council president; Mrs. Richard E. Gile, Midland, publications; Mrs. Dan R. Carter, Midland, vice-president, and Mrs. F. C. McGlasson, parliamentarian.

GIANT GORILLA WITH CIRCUS

Tough Guy! Gargantua the Great, 200 pound gorilla, and the largest ever brought before the eyes of living man is one of the super features of the restyled, air-conditioned Ringling Bros. and Barnum & Bailey Circus that will give an afternoon and night performance in Big Spring tomorrow.

Ringling-Barnum-Bailey Circus Plays Two Performances Monday

Tomorrow is circus day—Ringling Bros. and Barnum & Bailey circus day, and 24-hour men, three of them, who paradoxically travel 72 hours ahead of the show, are hard at work on the lot on West Third street, between Bell and Abrams streets, laying out the tent plot, arranging for the delivery of hay, straw, wood, meat, vegetables and commissary supplies with the local merchants, for Gargantua the Great, giant, sinister gorilla, now exhibited intimately in the menagerie; 1,600 horses; 50 elephants; 1,000 menagerie animals and hundreds of horses.

The 24-hour men are harder put to it this year in plotting the disposition of the 41 tents, including the world's largest big top, restyled and air conditioned, for it is wider than ever before. There is a horse fair tent adjoining the menagerie, in which 70 new Kentucky purebred and other high school and jumping horses are stabled in blue and red settings for the inspection of the crowds.

The restyled big top, with its ceiling of blue in three shades, its gold and silver poles, its drapes and hangings, its enlarged and beautified rings, its eight huge air conditioning units, is the symbol of the reborn big show, the streamlined, new circus.

In the largest center ring ever built, Terrell Jacobs, famous trainer, presents 50 lions and tigers, the largest group of performing jungle beasts ever seen on this continent. A lion's highlight in the performance, starting at 2:15 and 8:15 p. m., is Dorothy Herbert, equestrian madcap, back from triumph abroad.

In the fore of the increased number of outstanding European feature acts never before seen in America are the Cristiani-Zerbins, the Continent's greatest springboard somersaulting troupe; the Phlades, famed Italian leaping acrobats, who somersault over massed elephants, standing side by side; the Faludys, somersaulting springboard sensationalists; Hubert Castle, England's irrefutable comic of the tight wire; the Aicards, extraordinary novelty jugglers of flying torches; Albert Powell, contortionist wonder of the flying trapeze; the Ortans, somersaulting spring wizards to high perches; the Great Arturo, incredible comedian on the high wire; the Iwanowa, amazing gymnasts on the lofty parallel bars; Lulu, the greatest of Europe's woman clowns, and Albertino of England, Terrell Jacobs and other features of features.

Funeral services for Robert Edward Lloyd, 65, veteran T&P employe and resident of Big Spring for 27 years, will be held at 3 o'clock this afternoon at the Eberley chapel. Mr. Lloyd succumbed in a local hospital at 11:30 Friday morning, following an extended illness.

Rev. C. E. Lancaster, pastor of the First Baptist church, will conduct the rites, and the church choir, directed by Mrs. Bruce Frazier, will be in charge of the music. Burial will be in the new city cemetery.

Mr. Lloyd was a member of the Knights of Pythias, and of the Brotherhood of Locomotive Firemen and Engineers. Members of the B. of L. F. & E. will be among the honorary pallbearers.

Surviving are the widow, Mrs. Daisy Lloyd; one son, Larson Lloyd; one daughter, Mrs. Rex Wylie of Kansas City; one granddaughter, Patricia Lloyd of Big Spring; one sister, Mrs. Belle Palmer of Lampasas; and three brothers, H. W., E. S., and Thomas Lloyd, all of Lampasas.

Active pallbearers will be W. R. Marlin, E. L. Deason, D. C. Jones, S. M. Barbee, A. C. Hart and George W. Mims. Honorary pallbearers will include I. E. Wasson, Dr. J. E. Hogan, R. T. Piner, Ira Thurman, R. V. Middleton, H. H. Hurt, J. S. Bishop, M. E. Cooley, J. R. Manion, Roy Cornelison, Elmo Wasson, R. V. Jones, T. S. Currie and B. Reagan.

PHILADELPHIA, Sept. 23 (AP)—Development of a new vaccine that reduced the normal number of cases of childbirth fever 75 per cent in first tests was announced today by Jefferson Medical college physicians here.

This fever, medical scientists estimate, causes nearly half of the 6,000 maternal deaths in the United States each year. Among 228 expectant mothers inoculated with the new vaccine there was not a single death. The physicians—Dr. J. Bernard Bernstine, Dr. George W. Bland, and Dr. Ralph Edward Otten—said "It would be ridiculous at this time for any one to say that puerperal infections (childbirth fever) could be abolished entirely and forever, but on the other hand it is not impossible that such infections may be reduced to a minimum."

Betty Lou Lucas Given Party On 2nd Birthday

Mrs. A. F. Lucas entertained her daughter, Betty Lou, on her second birthday anniversary Friday with a party on the lawn of their home.

Balloons were given as favors and guests played on the swings. Mrs. Cal Watt directed the games. Green and pink were the colors chosen and decorated the birthday cake.

Attending were Patsy Tidwell, Jimmie McCrary, Mary Helen Fritchett, Ronald Sanders, Jimmie Parks, Billie Pat Everett, Kenneth Ballou, Jr., Joyce Ann Anderson, Gary Tidwell, Dean Porter, Charles Howie, Nancy Ellen Pittman, Marilyn Watt, Bobbie Jean Lucas, Mrs. Jim Fritchett, Mrs. Roy Tidwell, Mrs. Alvis McCrary and Mrs. Lee Porter.

J. E. Garrett and daughter, Leola, of Odessa were in town Saturday to shop and to attend the P. M. Music society at the First Christian church. They are former residents.

You Can't Feel "Dressed Up" ... Driving A SHABBY CAR

Trade for a BETTER CAR AT BIG SPRING MOTOR! There isn't much of a "kick" to driving around in a shabby, battered car. Lacking the improvements found in modern cars it may be more of a drudge than a pleasure to drive. So why not inspect our complete Used Car stock and trade for a better car? Liberal trade allowances plus terms to suit your pocket book make Big Spring Motor Company the ideal place—AND A SAFE PLACE—to trade!

'He Is An American'

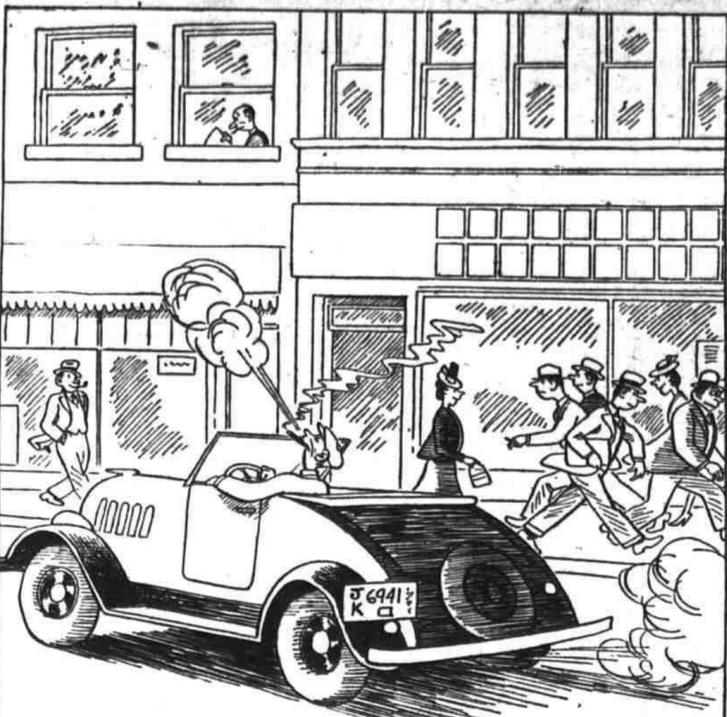

Worthy of anybody's reading time is the following editorial classic which appeared recently in the New York Sun, and which already is being widely reprinted. We commend to every American the piece titled "He Is An American": He is an American. He hears an airplane overhead, and if he looks up at all does so in curiosity, neither in fear nor in the hope of seeing a protector.

George Tucker

Man About Manhattan

NEW YORK I have never been in Hollywood, and so my information is purely second-hand. But during the first week of the war an author whose book is now being made into a picture spent five days there "for story consultation" and this is what he had to say of the experience: "I arrived in Hollywood the day Germany invaded Poland, thirsting for news. Although I spent five days there, not once did I hear a radio. I talked with friends who used to live in the east. I talked with producers, directors, hotel managers, restaurant proprietors, and bell boys. The only subject mentioned in all these conversations was pictures."

After A Man's Heart

by JEAN RANDALL

Chapter 17 ACCUSATION

Life moved along smoothly for Buff and the two young men throughout November and December. At Thanksgiving Mrs. Webb cooked a dinner which satisfied even her ideas of lavishness, and reduced the diners to a state of coma from which they did not recover for hours.

At the unthought hour of three in the afternoon, a fact sufficiently surprising in itself. He plunged into angry denunciation of her without any enlightening preliminary. "But - who else? The land's worth practically nothing. Unless someone's kidding himself that there's really silver there..."

He ran a worried hand through his hair. "Iris is definitely out, he said. 'She's the one person in the world who wouldn't buy what she's selling...'"

Washington Daybook

WASHINGTON—Anybody who has seen a working model of the fortifications on the western front in Europe can understand why the generals on both sides—and the soldiers in the line as well—aren't any too anxious to get down to blood and thunder.

The Germans are supposed to have lost 800,000 men trying to take Verdun in the World War. Consider the shock of anguish at home when the dead and wounded started pouring back. Some military psychologists have even surmised that those losses primarily broke the back of German resistance.

PSYCHOLOGICAL

As a matter of fact, military men who have seen one side or the other of the western front recently, speculate that the primary value of breaking through the wall on either side would be more psychological than real.

It would prove to the victorious army and the people back home—and to the vanquished too—that a Maginot or a Siegfried line is not impregnable. That should instill greater will to win.

But consider the assault that falls. Military men can conceive of no more tragic figure than the general who had lost 500,000 men—and failed to win his battle. The effect on the morale of the people on the home front would be almost disastrous.

TOUGH? LOOK

Why are these lines on the Franco-German frontier so formidable? Here are five good military reasons:

- 1. Both the Siegfried and Maginot lines vary in depth from five to 40 miles, depending on the type of terrain they are defending. In the mountains of the Black Forest and the Vosges range on either side of the Rhine, they are minimum in depth, for attacking forces must not only fight but also climb.

A LITTLE WAY BACK

4. Still further back, and carefully screened on convenient hillsides are the secondary heavy defenses, spaced well apart, less than one to every 20 miles or more, containing veritable arsenals and complete electric power plants. They are linked by tunnels and protected by anti-aircraft guns, anti-gas apparatus. Within are three to a dozen batteries (4 guns) of 10, 12, or 16-inch cannon. These modern-day guns have a range of 20 to 25 miles, and their accuracy up to 15 miles is uncanny.

Robbin Coons

Hollywood Sights And Sounds

HOLLYWOOD—Among miracles of longevity deserving of contemplation there's the seeming deathlessness of the family of movie detectives.

Year in and year out, these sleuthing gentry flourish on the screen, some of them surviving vehicles indifferent at best, and often a little less than mediocre.

The reason? It's in any lending library, where sure money-makers are the mystery and detective tales. It's in the earliest lure, and still the greatest, that motion pictures had to offer—the thrill of the chase. It's the same fatal fascination exercised by cowboy heroes larruping over the plains after the dirty foreman who copped the pap-ops and the gal. The detecting fellows do it in the drawing room, minus the horse, and generally they use their heads instead of a six-gun, but it's the same old chase.

Philo Vance, the hardy fellow, has just come back in the person of James Stephenson, this English actor's first starring role in Hollywood. Philo started on the screen looking like William Powell, later changed his disguise to resemble Warren William, Basil Rathbone or Edmund Lowe. Stephenson is being "different" in "Philo Vance Comes Back."

Powell and Myrna Loy are in the midst of "Another Thin Man," as Nick Charles and Wife. There has been no change to date in this "Thin Man" teaming, probably could be none without offending a large following. (Incidentally, Edward Ellis could have a chuckle about this "Thin Man" business. Ellis was the original "Thin Man," disposed of in the first picture of the series. The tag has stuck, however, to Powell, who is as puzzled about it as anybody.)

Sherlock Holmes, perennial off-and-on screen hero, is back and seemingly set for a series. (Rathbone and Nigel Bruce teamed in "The Hound of the Baskervilles" and now in "The Adventures of Sherlock Holmes.")

Charlie Chan's existence looked uncertain for a while when Warner Oland died, but Sidney Toler stepped successfully into the spot.

Melvyn Douglas last year popped up as a con-elder in movie sleuthing circles when he made, with Joan Blondell, "There's Always a Woman." His serio-comic sleuth Reardon followed that with "There's That Woman Again" and temporarily went into eclipse. Douglas is a detective again, however, in "The Incredible Mr. Williams"—again with Blondell.

That's the nice thing about movie crime-traiting. The detective, just as in the raw-meat thrillers on the news-stands, can be cooked on the head but he can't be killed. Not permanently.

BANDEEN ON STATEWIDE RATE COMMITTEE, BENTLEY WILL DIRECT FREF ACTIVITIES

ABILENE, Sept. 23—The Freight Rate Equality Federation will have a new secretary-manager to direct its widely watched campaign for equating the level of Texas freight rates with the level applying in Central Freight association states east and north.

To that post the federation's officers have named Max Bentley, activities manager of the West Texas chamber of commerce, to serve as the FREF during the time that his chief, D. A. Bandeen, is engaged in his duties as member and secretary of a statewide fact-finding committee appointed by Gerald C. Mann, attorney general of Texas, to assist him in investigating the structure of transportation charges affecting this state.

Bandeen was elected secretary-manager of the Freight Rate Equality Federation upon its organization last May. He is also general manager of the West Texas chamber of commerce, which created the FREF to make statewide the freight rate equality campaign. The West Texas chamber's officers, in turn, have named Max Bentley acting secretary of its traffic board of which B. Reagan of Big Spring is chairman.

Bandeen Given A Leave Action by both groups was taken on Bandeen's request for a leave of absence from his executive duties with the FREF for the duration of his engagement on General Mann's statewide committee. The committee has started its work.

J. M. Wilson of Floydada is president of the Freight Rate Equality Federation. He said: "General Mann's state committee is a research and fact-finding body that will be completely non-partisan. The Freight Rate Equality Federation is in every respect a partisan body organized on the premise that the Texas rate level is high to the point of discrimination and working to bring them down to the level of CFA territory. For that reason

# CINCINNATI REDS SLAM PITTSBURGH TWICE TO ADD TO LEAD

## The Sports Parade

By HANK HART

Clear the way for a new candidate for District 3-A's 1939 all-star grid eleven... Hal Battle, the mighty 165-pound guard, is turning in the best line job that has been seen in these parts in many a moon... Battle was injured in last week's drills but went 60 minutes against the Colorado City team here Friday evening... Named captain for that one game Battle may be given the honor permanently... Others who looked to advantage were Paul Kasch, who has developed into a whale of a center since last season, Bobby Savage, the wing, and Johnny Miller, cagey little quarterback, along, of course, with Lefty Harold Bethell, one of the greatest running backs to ever represent Big Spring high school... It is our opinion that Bethell will be the best broken field runner to play in District 3-A circles this year and that includes the redoubtable Jay Francis, Midland's wonder... The manner in which he scampered 55 yards for the touchdown against the Wolf pack was

HAL BATTLE

truly amazing since he was given no downfield blocking, simply picked his way into the clear...

Member Pat Murphy, who went to Sweetwater Saturday evening to help officiate the ACC-North Texas game, sees nothing but trouble up front with Lubbock and Austin High (El Paso) looming on the schedule before the Bovines get far into their conference tests... Lubbock, which comes to town Friday evening, looked quite tough in losing to Capitol Hill (Oklahoma City), 13-6, while Austin turned in an amazing 7-6 victory over highly rated Amarillo... One thing that he can be thankful for, however, is that the schedule is playing in the district... It was Brock who dumped Abilene, 25-6, giving the Eagles the worst losing in the history of the school... Other high ranking state teams to fall included Corpus Christi, Pampa and Lufkin...

H. C. Burrus and Woody Coats, while playing here... Sam Flowers, former Big Spring player, have made Frank Kimbrough's traveling squad on the Hardin-Simmons grid team... Over at McFurry, the Indians' regular center seems to be Dopey Anderson, 175-pound Big Spring boy... Dopey was a wing

It seems everyone wasn't pleased with the officiating in the Friday evening grid fracas here... Pup Thomas, who made a successful job of promoting the Max Baer-Babe Ritchie strap in Lubbock last week, is lining up a card for Oct. 2nd which will send Buddy Baer, the 255 pound brother of Livermore Maxie against either J. D. Turner or Sandy McDonald... Turner, impressive in his appearance, is one of the prems on the Baer-Ritchie card, which weighs 230 pounds at the present time... The strap is to be staged in the Hubber baseball park... Thomas is said to have taken a licking on the Sept. 18 grid financially... Maxie last week started a refereeing tour that will take him throughout the middle west... The ten grand he salted away in rocking Ritchie to sleep in the second heat was easy sugar...

Lubbock's Hubbers, not content with winning their second straight W-T-M baseball league championship, succeeded in taking the Oklahoma City Indians into camp in two of three games in a series of exhibitions played in Lubbock last week, winning, 4-0, and 6-2, after

dropping the first go, 7-6... The Indians, who finished in seventh place in Texas League standings, were not at full strength, however... Jerry Blanchard, former Hubber pitcher, worked in two of the games...

Plenty of work remains to be accomplished before Big Spring can be guaranteed a professional baseball team here in 1940... Tony Rego, the 33 skipper, who left for his home in Tulsa Friday, has assured local fans he will give them a contending ball team if provided with a park... The old plant at West Fifth and San Antonio is definitely fixed... Rego claims he can effect a working agreement that will give Big Spring a championship club, says the Yankees are certainly interested again.

**O'DONNELL TRIUMPHS OVER BIG SPRING SHORTHORNS**

O'DONNELL, Sept. 23—O'Donnell defeated the Shorthorns, Big Spring high school grid reserveyes, 7-0, here Friday night, chasing across their only score on a series of power plays after blocking a punt in the fourth quarter.

**Pearson Bids For Series For Series Hurling Role**

WASHINGTON, Sept. 23 (AP)—Monte Pearson made a bid for recognition as a world series starter today by holding the Senators to five hits as the world champion Yankees rapped out a 7 to 1 triumph, their fifth straight this week.

## Bethell Dashes 55 Yards For Only Score As Herd Wins, 7-0

By HANK HART  
A mad, 55-yard third quarter touchdown dash by Lefty Harold Bethell enabled the Big Spring Steers to defeat Jack Christian's Colorado City Wolves, 7-0, in a non-conference grid scrap here Friday evening before 1,800 fans. The victory was the first for a Bovine machine since the 1937 season.

HAROLD BETHELL

Bethell cut away from the left side of his wall, executing some novel steps in eluding the onrushing forwards, then whirled away down the sidelines to the Colorado City double stripes without benefit of blocking, scooting completely free after working himself clear of several suicide traps.

The Herd exhibited power to spare while in midfield, piling up a total of 13 first downs and 263 yards on running plays but the invaders rose to inspired heights when the Big Spring signals began to echo in the corners of the

discovering that they were coping with an impossible situation. The Steer forwards were simply well prepared for the occasion.

The Herd aerial game flailed completely. So for that matter did the Wolves' overhead game. A total of 18 passes were attempted, 10 of them by the locals, and none were completed. The Coloradans intercepted three of the Bovines' heaves while the alert Big Springers brought down as many enemy tosses.

Bethell was the big noise. He was dispatched into action only at intervals but he averaged 12 1-2 yards in his eight tries at the line and looked fairly well in booting the pig hide.

Other standouts were Hal Battle, acting captain, Paul Kasch, D. R. Gartmann and Bobby Savage.

Battle had his head in every play and directed the defense smartly. Kasch was a factor in crumpling the Colorado City defense, coming in repeatedly from his line backing post to stop the Wolf charges behind the line of scrimmage. Gartmann, also alert on defense, showed plenty of

## Walters Wins 27th Game In 6-5 Opener

Leaders Come From Behind; Grissom Takes Nightcap

CINCINNATI, Sept. 23 (AP)—The Cincinnati Reds battered the Pittsburgh Pirates today for their second straight double-victory with a show of championship caliber before 20,954 fans. The scores were 6-5 and 6-1.

The Reds thus stretched their lead to 3½ games over the second place St. Louis Cardinals, who won a single game from Chicago.

Bucky Walters, the National League's ace pitcher, who knows what bat is for, spotted the Pirates to a 5-2 lead in the first three innings of the opener and socked a whistling triple and later a double to help win his sixth straight game and his 27th of the year.

Then Lefty Lee Grissom of Texas threw some of the best ball of his career in the nightcap, holding the Pirates to one run and five hits while the Reds poured the plate six times. The tall Texan gave never a walk and had the Pirates in chains throughout, aided by flashy support.

## W'Tex. Bowling Tournery Begins Here Oct. 1

State's Finest Teams Slated To Compete

The first annual West Texas Bowling tournament, a meeting to be sanctioned by the American Bowling Congress, will be staged at the Casadena Alleys beginning Oct. 1.

The tournament will attract some of the strongest teams in Texas, according to Stanley Wheeler, one of the promoters. Among the aggregations expected include the Alamogordo and Phillips Drilling fives of San Antonio and representatives of Lubbock, Wichita Falls, San Angelo, Abilene, Lamesa, Midland and Amarillo.

The meeting will be conducted on weekends and will continue through Oct. 29.

More than 30 teams, including eight local contingents, are expected to enter.

## Cards Defeat Chicagoans, 7 To 3

ST. LOUIS, Sept. 23 (AP)—The St. Louis Cardinals crushed Chicago's Cubs 7 to 3 today for their twelfth victory in 14 games but lost a half game to Cincinnati in the hot National League race as the Reds took a double header from Pittsburgh. Chicago... 012 000 000—3 11 1

## CADETS ROUT OKLAHOMA A & M IN GRID OPENER

Derace Moser Runs 60 Yards For Score

OKLAHOMA CITY, Sept. 23 (AP)—Texas A. and M. college's towering Cadets tuned up for the title chase in the Southwest conference here today by taking the football forces of Oklahoma A. and M. college apart, 32 to 0, in the season's opener on the sun-baked turf of Tatt stadium.

## Fred Marberry To Open For Cats Today

By FELIX R. MCKNIGHT

FORT WORTH, Sept. 23 (AP)—Three old men, invincible when they feel up to it, tomorrow carry tired pitching arms into Fort Worth's ninth Dixie series in the past 19 years—seven of which they won.

The Texas League champions, who bounced from a final standing fourth place to sweep through the Shaughnessy playoff, play Nashville's Vol. of the Southern Association, third place team of their circuit.

Tomorrow, in the matinee opener, Fred (Firpo) Marberry, once the king of major league relief pitchers and still serving up slow balls that tantalize youthful sluggers, starts on the mound for Fort Worth. He shut out the Dallas Rebels, 3-0, in a playoff appearance, using maddening flutters that went just where he aimed.

## Hogs Take To Air To Lick Teachers

FAYETTEVILLE, Ark., Sept. 23 (AP)—The University of Arkansas Razorbacks opened the football season today with a 32-6 victory over Central Oklahoma State.

A 30-yard forward pass, quarterback Ray Eakin, to quarterback Walter Hamberg, scored a touchdown for the Razorbacks on the first play of the second quarter. End Howard Hickey place kicked the extra point.

Midway in the second, the Oklahomans threw a pass, resulting in a 55-yard scoring play, quarterback Dorman Lantrop, a substitute, to fullback J. A. Thompson. Thompson's place kick for point was wide.

Early in the third period, Hickey picked up a blocked punt by tackle Jan Carter and sprinted 33 yards over the Oklahoma goal. Guard Mill Simington's placekick for extra point was wide. Using the air route to reach the Central nine, Eakin tossed to Maurice Britt, a substitute, for the third seven-point touchdown, midway in the third. A few minutes later Eakin dropped a 25-yard toss into end Onell Adams' arm and the substitute sprinted 30 yards for a score. Quarterback Gloyd Lyon, a substitute, missed the place kick.

## Golfers Meet Here Today For Roundup

The annual Sand Belt Golf league roundup will be staged at the country club today. All four member clubs expected to be represented.

Scotch foursomes will form the recreation with a lunch at 7 p. m. climaxing the entertainment.

Colorado, Odessa and Stanton are expected to have representatives on hand here besides the local club.

Records reveal that E. C. Nix, Colorado City, won individual scoring honors in league play with 18 points. Nix was not beaten during the regular season.

The Big Springers romped away with the league title, scoring 152 points in six matches. In second place was Colorado City with 136 points in six duels. Odessa, last year's champion, tallied 98 points in five matches while Stanton was in the cellar with 52 points in five matches.

## NEWSOM TAMES INDIANS, 6-3

CLEVELAND, Sept. 23 (AP)—Betweeen Buck Newsom's seven-hit pitching and the crushing power of Rudy York and Charley Gehringer, the Detroit Tigers drubbed the Cleveland Indians today, 6 to 3, and avenged the Tribe's 5-4 triumph yesterday.

The Indians held onto third place but the Chicago White Sox crept up to only one game behind by taking two games from the St. Louis Browns.

Detroit... 000 000 000—6 10 8  
Cleveland... 001 000 000—3 7 1  
Newsom and Tebbitts; Allen, Dolson and Fylik.

## Sterling City Wins

STERLING CITY, Sept. 23—Sterling City's Eagles romped over Water Valley, 25-0, in a six-man grid game here Friday.

COAHOMA BULLDOGS LOSE TO FORSAN BUFFS, 26-8

Tommy McDonald Stars In 2nd Loop Victory

Forsan's Bison chucked up their second District 12 six-man football victory here Saturday evening by defeating the Coahoma Bulldogs, 26-8.

great counter attack on the part of the Bulldogs.

McDonald broke the ice for the Forsanites in the first period when he took a pass from Stewart and loped 60 yards to the end zone.

In vain Ballard grabbed a Coahoma punt and raced 65 yards for a third score before the first quarter ended but Tension allegedly clipped on the play and the score was nullified.

Faced by Baker the Coahomans began to get into the debate after the first quarter whistle. Tonn loped some 35 yards to the Forsan 12-yard stripe and after Johnson had added two yards Baker went over for a score.

Arthur's kick for the point was low. The Buffs received and the Coahomans directly took advantage of a bad pass from center to add two points to their total as McDonald raced back and covered the ball in his end zone.

In the third period the Buffs recovered a fumble on the Coahoma 30-yard stripe and Scuday galloped to the two from where McDonald carried it over for a score that ran the count to 18-8. Hughes' attempted drop kick was blocked.

Griffith intercepted a Coahoma pass and returned it to the Coahoma 22 from where McDonald took it over for the final touchdown. Hughes added the extra point on a drop kick.

The two teams fought evenly throughout the fourth period. The Coahomans made three first downs to two renewals for the Nixmen.

Starting lineups: Forsan—Stewart, lb; Thieme, c; Tension, re; Hughes, qb; Scuday, hb, and McDonald, fb.

Coahoma—Johnson, lb; Robinson, c; Arthur, re; Munroe, qb; Baker, hb, and Tonn, fb.

Substitutes: Forsan — Griffith, Ferguson, McAlphin, Craig, Gardner, Patterson and Yarbrow. Coahoma—Little, Grimm, Blalock and Graham.

Officials—George Neel, referee, and Howard Hart, umpire.

INDIVIDUAL YARDSTICK

Stear-Colorado City Game Yards rushing—Brummett (BS)—46 yards on 11 attempts, four yard average.

Ballard (CC)—38 yards in 15 attempts, 2 1/2 yard average.

Smith (CC)—33 yards in 15 attempts, two yard average.

Neal (CC)—No gain in one try. Glover (CC)—Two yards in five tries, one-half yard average.

Passing—Miller (BS)—passed six times, five incomplete, one intercepted.

Bethell (BS)—passed once, incomplete.

Martin (BS)—passed three times, one incomplete, two intercepted.

Ballard (CC)—passed five times, three incomplete, two intercepted.

Smith (CC)—passed twice, none completed.

Glover (CC)—passed once, incomplete.

Punts—Miller (BS)—punted three times for total of 68 yards, 23 yard average.

Bethell (BS)—punted five times for total of 170 yards, 34 yard average.

Wood (CC)—punted 13 times for total of 491 yards, 38 yard average.

Kickoffs—Savage (BS)—kicked off twice for total of 85 yards, 43 yard average.

Smith (CC)—kicked off once for 45 yards.

Punt returns—Miller (BS)—returned one for three yards.

Martin (BS)—returned two for 19 yards, 9 1/2 yard average.

Gartmann (BS)—returned two for 11 yards, 5 1/2 yard average, fumbled one.

**FAST FIRE-FIGHTER**—Runner Sydney Wooderson (right) and brother now belong to London's auxiliary fire service.

**GO EAST, YOUNG MAN**—Out of 700 girls in colleges east of the Mississippi, these were finalists in a N. Y. contest to find the "ideal college girl." Clockwise, starting with Catherine Bono (in striped dress) of Harvard, girls and colleges are: Selma Brach, Goucher; Blossom Rogers, Beaver; Mary Reisinger, Connecticut; Jean Miller, Brooklyn; Betty Hammond, Adelphi; Janet McCarthy, Manhattan (N. Y.) college of Sacred Heart; Helena McCann, Mount St. Vincent college, N. Y. C.; Mary Walker, Skidmore; Patricia Volls, St. Lawrence, the contest winner.

**NO WAR RATIONS FOR THESE**—Despite war fears, these London typists report as usual to the pious of St. Paul's during noon hour, to share their lunch. Note boxed gas masks.

**THINGS LOOK DUCKY**—It's a sure guess that Yale's football prospects for 1939-40 are the main concern of these two men at Gales Ferry, Conn. Left to right are Coach "Ducky" Fong and Capt. Bill Stack of the squad.

**SHIPSHAPE**—Rear Admiral S. M. Robinson (above), new chief of the bureau of engineering for the navy, is slated to help coordinate ship-building. He's a former Texan.

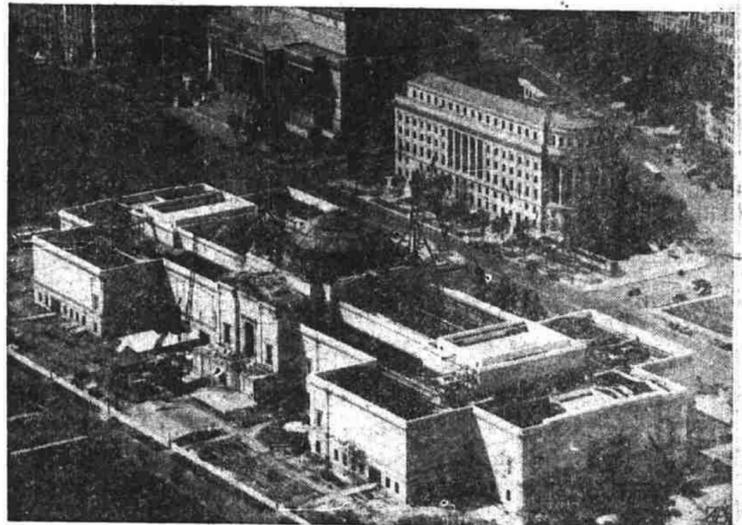

**SERVES, TOO**—Wearing the uniform of Britain's auxiliary territorial service, Elspeth Ironside awaits orders. Among other things, she "chauffeurs" the car of England's chief of the Imperial staff, Gen. Sir Edmund Ironside, her father.

**SPEED KING SPEEDS FOR KING**—Sir Malcolm Campbell (left), England's famed auto and speedboat racer, wheeled out this motorbike for war service in London, and here he is, arriving at the war office to inquire about military service. The headlamp is equipped with a mask to black-out light rays. Sir Malcolm recently broke water speed records with 141.74 m. p. h.

**A YOUNG 'OLD GLORY'**—When Fort McHenry, Md., recently observed the 125th anniversary of the writing of the "Star Spangled Banner" by Francis Scott Key, above 15-starred replica of the flag that inspired the national anthem flew over Fort McHenry. Key wrote song when, aboard a British vessel in Baltimore harbor, he watched the Britons bombard the fort.

**NATION'S NEW ART GALLERY**—Here's a view of progress on the national art gallery in Washington, D. C. In rear are the apex, or trades, building and the archives building (left).

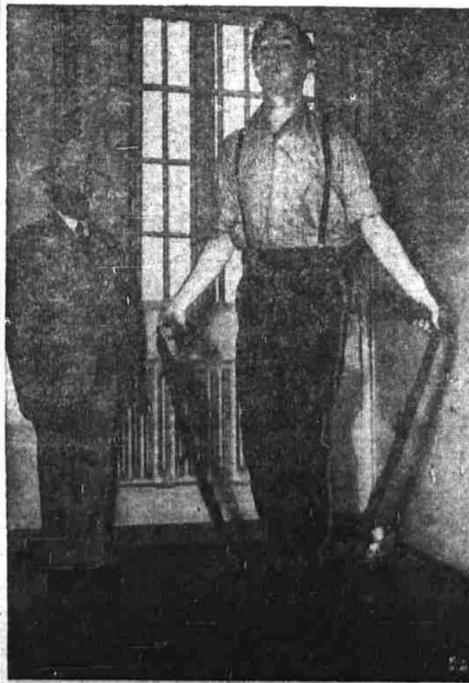

**EVEN WITH HIS EYES CLOSED**—That tongue of Johnny Farnock (right), Boston Red Sox catcher, took a lot of punishment when Johnny injured and Luke Appling of the Chicago White Sox in the fourth inning of Game No. 2 at Boston. And that he really liked Appling right off the ground. Appling had tried to come from third on McNair's hit to pitcher Joe Maving.

**STILL BURNING KEROSENE**—At the 85-year-old kerosene lamp of Point Conception light near Santa Barbara, Cal., one of the few remaining kerosene lamps still electrified, stands First Assistant Keeper Charles Hollweg. Point Conception sheds its faithful steam over those waters often called "graveyard of the Pacific" because here seven U. S. destroyers piled up in 1923 fog.

**GRAND OLD MAN**—Younger men than he might envy the energy of Ames Almon Stagg (above), football's "grand old man," who's entering his golden jubilee year as coach. He's at Stockton, Cal., at the College of the Siskiyous.

**WHAT'S THAT, AGAIN?**—Said Prisoner Stewart O. Jacobson to Jail Superintendent Matt Starwich (left) at Seattle: "Sure, I made it so I could jump rope for exercise." And he demonstrated, how, right on the spot. But Superintendent Starwich, however, doubted that the eight-foot rope found in Jacobson's cell had no innocent purpose. It was made of blanket strips.

**NEUTRAL NOTES**—Like many of his fellow-legislators, Sen. Elbert Thomas (above), Utah Democrat, goes through messages from constituents concerning the U. S. neutrality program, to be considered at a special session of congress.

## Pool Opener In Gaines Co. Completed

SAN ANGELO, Sept. 23—Highlights of West Texas oil developments this week were the completion of Standoff No. 1 J. B. Rayner in northeastern Gaines county, opener of the latest pool, for a 24-hour flow of 1,279 barrels of oil on air lift, and increasing of the production of Anderson-Prichard and Monte Warner's No. 1 M. I. Masterson, Pecos county's first Ordovician producer, from 183.7 to 408 barrels daily by acidizing. The latter was aimed, two locations to the northwest.

Location was staked for a Crockett county wildcat 2-1/4 miles northwest of the Crockett field on University of Texas land, and D. P. Dean and C. E. Hyde started a scheduled 5,100-foot wildcat in southeastern Cochran county.

These were the old wildcats among 50 operations listed in 14 counties, the remainder being for field tests. During the preceding week 40 field tests and one wildcat were staked in 14 counties. Completions dropped this week to 27 new producers, three wells recompleted after deepening and one failure in nine counties; from 53 new wells finished, seven wells recompleted and three dry holes abandoned in 17 counties the week before.

615-Quart Shot  
Standoff No. 1 J. B. Rayner, Gaines county, showed only one-half of one percent water on its official gauge at 4,770 feet, plugged back from 4,830. It had been shot with 615 quarts of nitroglycerin. Location is 660 feet out of the southeast corner of section 2-C30-pal, on the east edge of Cedar Lake. Osgood No. 1 Shell-Crain quarter mile northwest of a four-mile north extension to the original Seminole field, flowed 10 barrels of oil in seven hours on Yates gas lift following a 220-quart shot and was testing after treating with 2,000 gallons of acid, bottom at 5,320 feet. It is in the northwest quarter of section 216-G-WTRR.

Cellar and pits had been dug for Dean and Hyde No. 1 D. C. Reed, Cochran county wildcat 660 feet out of the southeast corner of section 21, Harrison & Brown survey, 6-1/2 miles southeast of the Dean pool. With combination rig the operators plan to drill 5,100 feet. They have a 4,000-acre block. Humble No. 1 J. Westheimer and others, northwestern Cochran county wildcat in labor 1, league 146, Stonewall county school land, had drilled to 5,711 feet in anhydrite, lime and streaks of shale, presumably still in the Yezo, basal lower but not basal Permian.

There was no announcement concerning the ships from Mexican official quarters.

**CARD OF THANKS**  
We sincerely thank every person and class and organization of every sort; church, school and community and friends for your words of sympathy, expressions of love and deeds, in cards, foods and service of hand and hearts on the part of all and each of you, in the recent illness and death of our loved one, Mrs. Loy C. Taylor.

This includes doctors and nurses who were like us, so helpless, yet tried so much to help our loved one to suffer as little as was possible. The prayers of Christian friends everywhere surely gave us the greatest strength of all to carry on to the end.

Thank you and God bless all of you.  
Loy C. Taylor and children.  
Rev. and Mrs. E. E. Mason and children.  
Mr. and Mrs. R. P. Taylor and children.

## Program For Convention Completed

### Patriarch Militant And Auxiliary Unit Will Gather Here

Arrangements are being completed for the 86th annual session of the I. O. O. F. grand encampment of Texas and the 43rd annual session of the department council, Patriarch Militant of Texas here Oct. 8-10.

Program for the three day event, which may attract scores of canton and women's auxiliary members to Big Spring has been distributed over the state by L. A. Eubanks, in charge of this division of the planning.

N. Brenner, chief patriarch of the Big Spring encampment No. 151 I. O. O. F. is chairman of the local grand encampment committee. Assisting him are Jones C. Lamar and Eubanks.

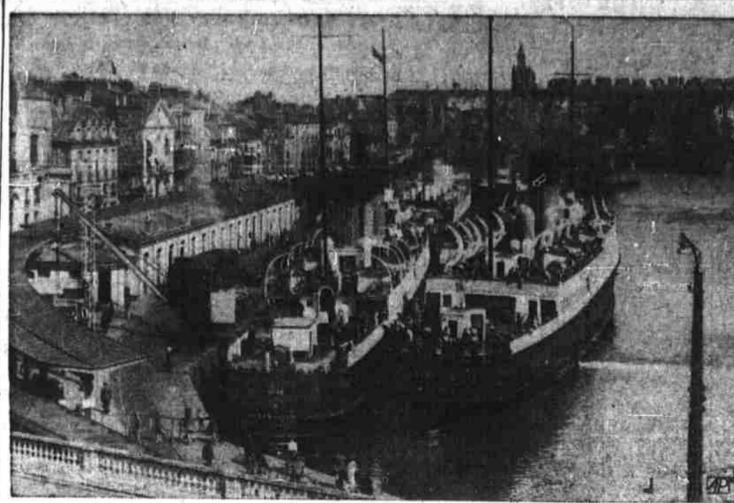

The state session for the association of Ladies Auxiliary Patriarch Militant will be held in connection with the encampment and department council meetings. Mrs. Nora Gulley, Big Spring, is president of the state association.

Registration Oct. 8 Registration will begin on Oct. 8 and the three day convalesce will get underway with an evening memorial service at the municipal auditorium when Rev. W. S. Gattner, Big Spring, will deliver the memorial address and E. Guy LeSturgeon, Fort Worth, past grand patriarch, will eulogize departed brothers.

The following morning the department council session for Patriarch Militant will be held at the Crawford hotel at 7:30 a. m., followed by a public ceremony at 9 a. m. at the city auditorium. Conde R. Hoskins, grand patriarch, E. Guy LeSturgeon and M. M. Madison, grand master, I. O. O. F., will speak.

Other activities for the day include conferring of the grand encampment degree, sessions by the auxiliaries, grand encampment and department council, a barbecue at the city park and a degree contest in the Golden Rule degree at the I. O. O. F. hall.

The final day will witness sessions by the grand encampment, and the department council, and a meeting of the Ladies Auxiliary Patriarch Militant and a dance as the concluding feature.

FERRY SERVICE FOR TOMMY ATKINS?—If England sends an expeditionary force to France for action against Germany, channel boats such as these may possibly transport the British soldiers. Two typical English channel steamers are shown at Dieppe, a French port. Three most popular channel crossing routes are: Dover to Calais; Folkestone to Boulogne; Newhaven to Dieppe.

(Continued from Page 1)

approval of title stands in the way of consummating the transaction.

It also was reported that Kimball looked with favor on the proposal to incorporate the Big Spring and Lamesa concerns as one enterprise, thus preventing the overlapping of purchasing territories and effect greater economies in operation. In that event, he likely would offer local stockholders an eighth interest in both plants in lieu of the quarter interests they hold in the local plants.

Terms of the contract were not immediately known. Local stockholders reportedly favored the move.

The deal virtually removes Smith Bros.—Vester Smith, Porter Smith, and T. J. Coffee of McLean—from the oil mill business. They had three mills, the one here, another at Lamesa and the third at Hamilton.

The Big Spring Cotton Oil company mill has a 60-ton daily capacity, is a four hydraulic press affair, turns out 43 per cent protein products including a daily, 600 sacks of cake and meal, 18-20 bales of lint, and 17 tons of hulls. The plant has four buildings and is located northwest of the city.

It was erected here last autumn, culminating a campaign of two decades for such an industrial institution in Big Spring. Smith Bros. moved the mill here from Central Texas when Big Spring and Howard county interests put up \$25,000 for stock.

In the first season, seed were purchased from a radius of 150 miles in this territory. Most of the feed products found a ready market in this section.

## HARDIN-SIMMONS GAINS DECISION OVER CENTENARY

SHREVEPORT, La., Sept. 23 (AP)—Hardin-Simmons' Cowboys, holding a one-point advantage gained by a successful conversion of an extra point after McKinnon returned a Centenary kickoff 95 yards for a touchdown in the first quarter, defeated the Gentlemen here tonight 7 to 6.

Practically the entire game was played in the Cowboy's territory. The Gentlemen scored first in the opening period when Lavelle Murphy, Gent end, blocked a Cowboy punt behind the goal line and recovered the ball. The try for extra point was no good.

On the next play Murphy kicked off to McKinnon on his own five-yard line and he raced through the entire Centenary team to score. Evans kicked the extra point.

During the final minutes of the game Centenary filled the air with passes but was unable to gain any ground. The defeat was the second in the row for the Gentlemen and for the Cowboys it avenged the loss the Gents handed them a year ago at Abilene. The game was marked by numerous substitutions with each team sending in complete new lines.

## YOUTH CONVICTED IN SLAYING OF SPUR MERCHANT

HOLBROOK, Ariz., Sept. 23 (AP)—Leland King, 22-year-old former soldier, was convicted of manslaughter today in connection with the slaying of Walter Dickson, 64, Spur, Tex., merchant.

The conviction carries a penalty of one to ten years imprisonment. Superior Judge John P. Clark will pronounce sentence Monday.

Tom Price of Post, Tex., a member of the defense council, who contended King fought with Dickson in self-defense, said "under the circumstances, we feel it was a very good verdict."

Dickson was found dying on the desert east of here July 17. After his arrest at Portales, N. M., King admitted fighting with the elder man, but contended he struck him only after the merchant drew a gun. The quarrel resulted from a dice game, King said.

## FORMER PRESIDENT OF MEXICO DIES

MEXICO CITY, Sept. 23 (AP)—Word was received here tonight of the death in Biarritz, France, of Francisco Leon De La Barra, who served as president of Mexico in 1911 after the overthrow of Porfirio Diaz.

De La Barra was an authority on international law and was a former president of the international court of arbitration.

Before leaving Mexico in 1914 he served as ambassador or minister to eight countries, including the United States.

## HEARINGS STARTED ON OIL ALLOWABLES

AUSTIN, Sept. 23 (AP)—The railroad commission today began a series of hearings on petitions for more allowable output from operators in scattered portions of the state.

Exports demands were a large factor in Crown Central Refining company's request for an added 32,000 barrels per month in the Eureka Heights field of Harris county.

Spokesmen said export markets in England, France and Sweden would be a factor in absorbing larger production. It was pointed out the main product from Eureka crude was heating oil rather than gasoline and the added demand for the former was a seasonal trend. Eureka crude yields a large percentage of heating oil.

## BULGARIA, RUSSIA TO SIGN TRADE PACT

SOFIA, Bulgaria, Sept. 23 (AP)—Bulgaria and Russia soon will conclude a trade treaty, it was announced tonight.

Nikola Vassileff, deputy in parliament and president of the Bulgarian-Soviet chamber, released an official report on successful progress of trade negotiations.

He said Russia could consume practically all of Bulgaria's exports—two-thirds of which have been going to Germany.

## HD Agents Aided In Planning Of Radio Programs

County and home demonstration agents in this section Saturday learned a thing or two about planning and staging radio programs.

John Baker, radio specialist from Washington, and Laura Lane, assistant editor of extension service publications, conducted a one-day radio school in the offices of County Home Demonstration Agent Lora Farnsworth.

The meeting was the last of a series of four conducted in extension service district No. 6. Others were held at San Angelo, El Paso and Midland.

After instructing agents in planning and organizing program material and details during the morning, Baker and Miss Lane required those representing each of six counties to present a program. For this purpose a "studio" was rigged in one room of the offices and the program carried over a speaker system to another room where agents, Baker and Miss Lane listened and then offered criticism.

Six county agents and four county home demonstration agents were here from Howard, Glasscock, Borden, Dawson, Mitchell, Nolan and Scurry counties.

## Propaganda

(Continued from Page 1)

and the building of a tremendous trade with the allies.

"Modern wars are as much economic as they are military. If we take part in the economic warfare, we can expect the nation we are fighting to take retaliatory steps against us.

"Immediately, this will result in damage to our prestige and eventually it will influence us to declare war on Germany."

Dr. Peterson predicted the war would be fought on its present lines for about a year. Then, he said, other nations will take rides and the economic propaganda of the allies will become increasingly effective.

"By the spring of 1941," he related, "we will have been convinced that our economic interests are in danger and will be ready to enter the war."

Nazi propaganda, he said, will be very effective in Germany but will have practically no effect in the United States.

"On both sides the attempt will be made to interpret this war as one between the forces of good and evil. In the United States, the allies will have a clear field.

"The Germans have no friends and their bad manners and politically stupid acts will provide splendid material for the British and French."

Propaganda of the allies, he forecast, will spread principally by sympathetic and emotional Americans—namely, politicians, professors and ministers.

"The primary objective of a propaganda campaign," he said, "is to establish an attitude of mind. When such a campaign is successful, the point of view it has created acts as a censor or interpreter of news and turns those propagandized into propagandists.

"This objective already has been reached by the allies. A tremendous majority of Americans is convinced that 'the scales of justice are weighted in the allies' favor."

## RAIDERS LOSE TO MUCKERS

EL PASO, Sept. 23 (AP)—Texas College of Mines opened its football campaign tonight with a spine-tingling 7-2 upset victory over the Red Raiders of Texas Tech.

A touchdown aerial from the hand of Sophomore Jim Wardy and a gallant, out-played line that held when the chips were down proved the difference.

In the second quarter Wardy set the stage for Mines touchdown by heaving a couple of passes from midfield to the Tech 20. Then he uncorked a 15-yard pass to the waiting arms of Jack Telford, who scrambled over for the touchdown.

## Congress

(Continued from Page 1)

will open the opposition's so-called "educational campaign" against the administration program. He and Jay C. Hornel, Minnesota packer, conferred today with Senators Nye (R-ND), Vandenberg (R-Mich) and Shipstead (FL-Minn) on plans for an independent, national committee to oppose repeal of the ban on shipment of arms and ammunition to belligerents.

The full foreign relations committee will consider the new neutrality legislation Monday, and Pittman said he was hopeful the bill would be sent to the senate floor by mid-week. Senator Schweikenbach (D-Wash) told reporters that at least 16 of the 23 committee members would vote to re-release the bill for senate consideration, although some of these might reserve the right to oppose it on the floor.

The new legislation is being drafted by Pittman and Senators Connally (D-Tex) and Thomas (D-Utah).

Connally told reporters "the only discretion that has been given the president is that which will operate to keep us out of war instead of putting us into war."

The drafting committee decided tentatively to limit credits to belligerents purchasing supplies in this country to 90 days.

One of the committee members said the legislation would make clear that there would be no interference with operation of the Johnson act, which prohibits loans to war debt defaulters.

"The primary objective of a propaganda campaign," he said, "is to establish an attitude of mind. When such a campaign is successful, the point of view it has created acts as a censor or interpreter of news and turns those propagandized into propagandists.

"This objective already has been reached by the allies. A tremendous majority of Americans is convinced that 'the scales of justice are weighted in the allies' favor."

## Warsaw

(Continued from Page 1)

machine had three holes in front and two in the rear. It was indicated that most of the bullets struck while the cars were in Warsaw.

The refugees revealed they had less than two hours to prepare for their exit from the city. Hence most of them brought but one suitcase; many women and children had insufficient clothing, but the German Red Cross furnished warm garments.

Refugees said Warsaw was filled with anti-aircraft guns and artillery, hence replies from German guns necessarily fell in the heart of the city.

The bombing of the building near the American embassy was one of the "last straws" for the faint nerves of the Americans. When Ambassador Anthony J. Drexel Biddle, Jr., and his staff left Warsaw on Sept. 5, the embassy staff moved in because the embassy's cellar was considered comparatively safe from bombs.

This proved a wise move, for the consulate building later was destroyed, refugees said.

## Russia

(Continued from Page 1)

to clear out small groups of Polish troops, the communique reported, adding that southeast of Kovel 5,000 Polish officers and men, several railway trains and sturdy military equipment.

A government order said that in view of the "special external situation" reservists who were called up by special order Sept. 7 in the Moscow, Kalinin, Leningrad, Kiev, Kharkov and Orel military areas would remain mobilized until further orders.

Seller's trip to Moscow was said to be ostensibly for completion of negotiations for a commercial treaty with Russia. Foreign circles, however, said they attached more significance to the visit because of the uncertain position of the Baltic states in light of the German-Russian invasion and partition of Poland.

Before the World war Estonia was part of Russia.

ACC LOSES, 9-0 SWEETWATER, Sept. 23 (AP)—The North Texas State Teachers' College Eagles from Denton passed their way to a 9-0 victory over the Abilene Christian College Wildcats here tonight.

Loren Warren, student in Hardin-Simmons university at Abilene, is spending the weekend with his parents, Mr. and Mrs. J. M. Warren.

## The Week

(Continued From Page 1)

Had a venereal clinic for a year would be money well spent.

Prosecutors are popularly regarded as a cold-blooded lot. Yet, last week after the district attorney had given a negro prisoner a strong talk on going straight under a suspended sentence, he pretended gruffness, handed over some change and said: "Here. Now get yourself something to eat." That probably did the negro more good than the lecture.

Several hundred should have heard George Barnes, extension service beef cattle specialist speak Friday. It would have been worth dollars to every farmer and rancher who heard. He bore out a conviction we have long maintained—that the trench silo is the keystone to salvation of

West Texas agriculture.

In this connection, it is noteworthy that three land use planning committees have all included a balanced livestock program in their plans. This will make the silo a necessity.

The \$20,547 WPA paving project announced Friday for Big Spring will enable the city to expand its paving programs to 46 blocks for the fiscal year without disrupting the budget. Entrance of WPA into the picture will leave the city free to spread its funds over a much larger area.

The county's order to offer discounts for early payment of taxes puts the premium where it more logically belongs—on payment instead of a penalty on non-payment.

Jess Collins, a freshman at Texas Tech in Lubbock, is visiting with his mother, Mrs. J. L. Collins, over the weekend.

Aaron Genaberg, Wickett, visited here Saturday.
