FIFTY-NINTH YEAR

10 CENTS

**PERSONAL**

By John

A big slice of political humor comes from the liberal left wing politicians and their supporters, usually union spokesmen, who spout about a "corporation" tax. Their cry is that we do not need to tax the people, but we must tax business and corporations. This is pure bunk. People always pay the taxes in the long run. But this subterfuge is a jim dandy to fool the people about the enormous waste that these selfsame politicians are responsible for.

Yes, if the cost of the XYZ Corporation's little gadget widget is raised 50 per cent by the addition of taxes, the pore ole sap on the end of the line thinks that the XYZ Corporation is charging outrageous prices for its gadget widget and cusses the corporation. Yet in reality, half of what sap citizen paid for the gadget widget went to pay for the wildly extravagant votegetting schemes of the politician currently representing selfsame sap citizen.

Make no mistake about it, the TOTAL cost of any item offered for sale reflects ALL the costs of its production, taxes included. Business is never a taxpayer, only an unwilling and unpaid tax collector. As bad as the income tax is at present, think what a roar of outrage would go up if there were not any taxes except an income tax. Unbeknownst to the average citizen, your friendly politician is extracting two or three times as much from your pocket as you think you are paying. This desperate attempt to cover up their almost unbelievable greed, and wastefulness is what causes politicians to yell "tax business."

Somewhere, somehow the rate of tax and spend must be slowed down or we will go into a moneyless socialist society. You will never get ANY politician to admit this--he will only say it is someone else's fault.

While we are in the mood to talk politics, we cannot help but think that a certain State Representative Delwin Jones of Lubbock, who is the Chairman of the Legislative Redistricting Committee, is giving the 18th Congressional District the gerry-mandering shaft. This is about as blatant a display of cheap party politics at the expense of the people that has come to light for some time. We realize that it is an affront to the Democratic Party of Texas to have a Republican congressman have such a good relationship with his district that he does not even generate an opponent, but it is also an affront to the democratic pro-

(Continued on Page 2)

LOOKING FOR THE BUS in the dark of the morning with her kerosene lantern is Tracy Williams, seven-year-old daughter of Mr. and Mrs. Bert Williams of Farwell. Tracy is one of many school children who will be boarding the school bus in the near-dark starting next week when that old bug-a-boo Daylight Savings Time is effective again. Folks are reminded to set their clocks forward this Sunday, April 25, at 2 a.m. (Of course, it's simpler to set the timepiece forward before retiring Saturday night). School children seem to bear the brunt of the change at this period of the year when they start off to school while it's still dark and are expected to go to bed while the sun is still high.

## At Farwell School Pre-Enrollment Set April 30

Farwell Elementary School will have its pre-enrollment for all children who will be in first grade for the 1971-72 school term on Friday, April 30, at 1:30 p.m. in the elementary school library. Parents who come to enroll their children should take their children to the home economics building, located directly across the street from the gymnasium. Girls in the home economics classes will care for the children while the parents are enrolling their students. Personnel at the elementary building ask that parents please not bring any children to the library during the enrollment period. Information which the parents should bring for the enrollment include all records of immunizations and a birth certificate or hospital certificate.

(Continued on Page 3)

## Texico Plans Kindergarten Next Year

The kindergarten program for children who will be entering school as first graders at the beginning of the 1971-72 school term was begun this week at Texico Elementary School. This program, which runs the final six weeks of the school term each year to acquaint children with school, if for all children who live in the Texico School District and who will be eligible to start to school next year; that is, they will be six years of age on or before January 1, 1972. Jim Rogers, elementary principal, says he hopes that the enrollment of the kindergarten students will be completed by the end of this week and urges anyone who knows of an eligible child to contact his office or inform the parents of the program.

## Little Dribblers Make National Tournament

Farwell's Little Dribbler All Stars qualified for the national tournament to be played next Thursday, Friday and Saturday in Levelland. Time and places of the games will be announced next week. In practice games for the national event, Farwell will host a double header at the school gym tonight (Thursday) beginning at 7 p.m. In the first game, Farwell will play Hereford and at 8:15 Friona will play Dimmitt. Admission of 75 cents for adults and 25 cents for students will be charged. A good crowd is urged to be on hand to see the teams from the two divisions play. Farwell earned the right to enter the national playoff at the district tournament in Friona

last weekend. In the first weekend, in the first game of that event, Farwell defeated Springlake 27-26 in an overtime. Russ Jones and Billy White lead Farwell scoring with 12 and 10 points respectively. In the second encounter, Friona beat the Blue and White 35-12. Jones had 10 points in this game.

In the third game, Farwell again defeated Springlake, this time 27-20. Jones scored 13 points. In the finals, Friona defeated Farwell 34-13. Jones had six points in this encounter. At the national tournament in the American (smaller school) division there will be

four teams from Texas and four from out of state competing. There will also be teams from the national (larger school) division in the meet. Dimmitt and Hereford, who are to play here Thursday night, are in the National division while Farwell and Friona are in the American division.

## Farwell Girls Team To Regional

Farwell girls track team placed fifth overall in district competition at the track meet at West Texas State in Canyon Tuesday of this week and several girls qualified for the regional event at Panhandle next Tuesday.

The mile relay team, composed of Barbara Goettsch, Sandra Ensor, Karen Foster and Jeniene Taylor, placed third with a time of 4:49:8. The race, probably the best of the day, according to Farwell Coach Gayle Nicholas, ended

with Farwell and Springlake in a tie for third, but Farwell won by virtue of a coin flip. Farwell was behind some four to five yards on the last lap, but Jeniene Taylor caught the

(Continued on Page 2)

## Hail Damage Heavy --

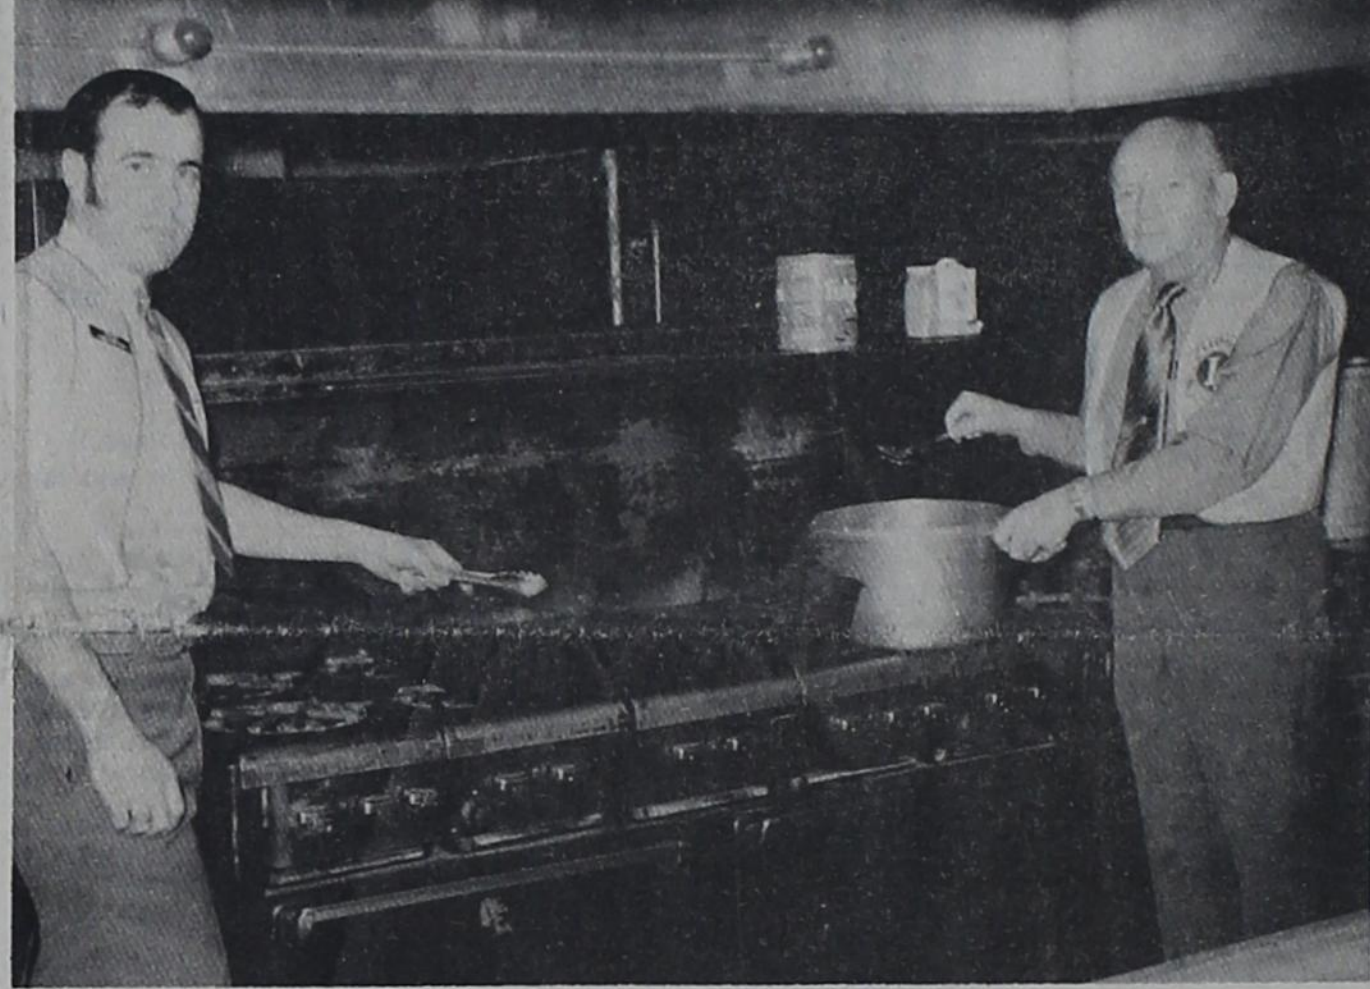

# Welcome Rain Falls; Tornadoes Roam Area

While welcome rain fell on thirsty crops in the area last Thursday, bringing smiles to the faces of farmers and businessmen alike, the season's first thunderstorms also brought damaging hail and menacing funnel clouds and twisters to the area. The Texico-Farwell vicinity received its damaging blows in Thursday's performance; however, widespread damage from five twisters was reported in the Muleshoe-Lazbuddie and Y-L areas in Sunday night's storm. The first measurable

amount of moisture for the year fell late Thursday afternoon generally all across the county with some isolated reports of as much as two inches of rain. However, the average amount recorded was a little over one inch. Except for a trace of moisture garnered from an earlier snowstorm, 1971 had been completely dry for this vicinity, and although this was certainly a life-saver for many crops in the area, it could not be considered a real drought breaker. Some reports of hail damage

to wheat crops has been reported, but none of it was considered severely hurt, the general consensus being that the benefit of the moisture received would outweigh what damage was accrued. The storm which unleashed the rain over Farwell caused damage to farm homes and buildings southwest of town. Some four and one-half miles southwest of Texico at the Charles Bradley home, a twister unroofed the southeast end of their home and scattered debris over a wide area. Bradley reported

that he and his family realized the pressure was dropping and headed for the outside basement, reaching the shelter before the twister hit, although he said they could see "lots of stuff" blowing around. At the T. J. Kittrell farm three and one-quarter miles southwest of Texico, the tornado or twister unroofed a hog shed, destroyed a tool shed and played havoc with cotton trailers, overturning some and sucking others into the air and setting them down facing opposite directions. Strange happenings are always noted when these storms occur, and at the Kittrell farm, a barn which sets between the unroofed hog shed and the destroyed tool shed was left untouched.

PANCAKES COMIN' UP -- Jim Walker, left, and Lenton Pool take a practice turn in the Farwell school cafeteria kitchen in preparation for the Texico-Farwell Lions pancake meals set for Saturday from 7 a.m. to 2 p.m., and on Sunday from 7 to 10 a.m. The meals will be served cafeteria style and will feature pancakes, sausage, bacon, eggs and coffee. Price of the plates are \$1 for adults and 75 cents for children under 12. Everyone is urged to eat with the Lions on these two days. A special invitation is extended those who are in town for the rodeo performances.

At the Clyde McDaniel place, several lengths of aluminum irrigation pipes which were arranged neatly in rows were twisted and turned and left as though a child had been playing "pick-up sticks" or "jackstraws." Farther south an irrigation sprinkler system in a field was twisted all out of shape, and north of these farms several miles, billboards along the Clovis highway were blown apart and a plate glass window was blown from the Stuckey's building. In the Twin Cities, a 12 to 15 minute deluge of hail, marble to golf ball size, pelted the town leaving the streets packed gutter to gutter with hailstones. Some of the hailstones measured some two inches in diameter.

## Barbecue Kicks Off Rodeo

Area residents are urged to make plans to attend the rodeo and barbecue at Farwell arena this Saturday and Sunday. Kicking off the two-day event sponsored by Texico Riding Club will be a barbecue supper beginning at 5 p.m. Saturday. The meal, featuring barbecue beef and all the trimmings will be \$1.25 for adults and 75 cents for children. It will be

day night and see the youngsters served at the arena prior to the Saturday evening performance of the New Mexico Junior Rodeo Association event. Riding Club members are also taking donations on a pair of cowboy boots to be given away Saturday night. Everyone is urged to come out and eat with the club Satur-

ters perform in the rodeo. Some 260 contestants are expected for the event.

## Farwell Golfers To Regional

Coach Vernon Scott and members of the A and B golf teams at Farwell High left Wednesday afternoon for Lubbock where the teams will compete in regional play Thursday and Friday. Farwell's teams won the top two spots in the district to qualify for the regional play which will be at the Pinehills Golf Course. On the first team are Kirk McFarland, Brett Hargrove, James Hobbs, Jack Kirkland and Gene Sheets. Second team members are Kevin Hargrove, Jim Franse, Mack McFarland, Eddie Meeks and Carl Kirkland.

## Band Banquet, Contests Set

The annual banquet to honor members of Farwell School Bands will be Saturday, May 15, according to Lynn Burton, band director at the school. More details on arrangements for the fete will be announced later. Final concert of the year is set for Monday, May 17, at the school auditorium. The junior high and high school bands will

perform in the evening while the fifth and sixth graders will present their concert at 3 p.m. The junior high band is busy rehearsing for the concert contest scheduled for Tuesday, April 27, in Lubbock, and on May 1 the fifth and sixth grade bands will participate in the University Interscholastic League contests at Wilson High School.

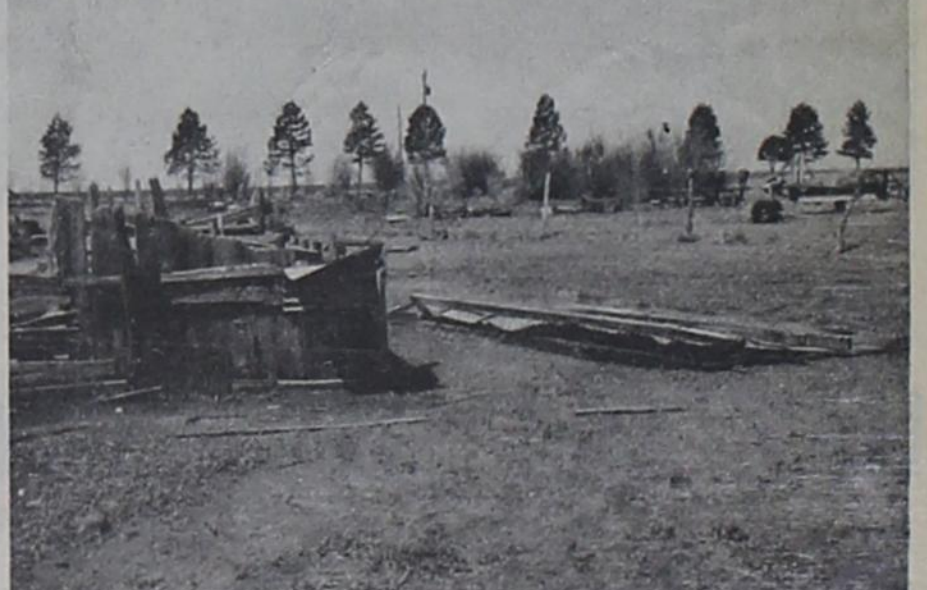

PICK-UP STICKS ANYONE? -- These lengths of aluminum pipe which were stacked neatly in rows at the Clyde McDaniel farm south of Texico were twisted and turned by Thursday's winds to resemble a pile of pick-up sticks. Other damage included uprooting of many trees in the area along with scattered debris.

STORM DAMAGED ROOF -- Workmen are busy repairing the roof of the Charles Bradley home southwest of Texico which was heavily damaged by an apparent tornado or twister last Thursday evening. The winds blew the roof from the southeast corner of the home and the rain caused the ceiling to collapse. No one was injured as Bradley was able to get his family to a basement before the storm hit. A fence at the home was also damaged and many trees were uprooted in the area.

TOPSY-TURVY TRAILERS -- Thursday night's storm played topsy-turvy with these cotton trailers at the T. J. Kittrell farm southwest of Texico. An apparent twister or tornado hit on the farm, destroying a tool shed and unroofing a hog shed. Two cotton trailers were overturned and the trailer which is upright in the background was standing end to end with the trailer in the right of the picture and was apparently sucked up and put down facing the opposite direction without ever being turned over.

TOPESS HOG SHED -- This hog shed on the T. J. Kittrell farm southwest of Texico had its roof lifted when an apparent twister hit the farm during last Thursday's storm. Other damage at the Kittrell place including the destroying of a tool shed and overturning of several cotton trailers. However, the fickle storm left untouched a barn standing between the two shed buildings.

**Purely Personal --**

(Continued from Page 1) cesses of representative government for thousands of Texas voters to be literally disenfranchised through political chicanery.

It is possible that Brother Jones, instead of being looked upon as a party savior might be the party Judas goat, if the plan backfires and Bob Price topples one of their sacred congressmen from his power of political patronage. Stranger things than this have come from the people when they finally have awakened to the sinister machinations of sordid party politics.

**District Awarded Contract For County Water Study**

A contract between the Texas Water Development Board and the High Plains Underground Water Conservation District No. 1 for a detailed groundwater study in Parmer County, has been approved by the Board of Directors of the two agencies. The contract began February 1, 1971 and will be terminated August 31, 1971. The Water Development Board has agreed to pay the District \$30,000 for the study.

In order for the area's civic leaders and other governmental and private entities concerned

with water supply, water importation, water planning and management to use the information gathered, the investigation will present in sufficient detail the determination of the current quality and quantity of the groundwater conditions of the Southern High Plains. The project description calls for, "The general scope of this investigation includes, insofar as practicable with available data, a complete evaluation of the groundwater resources of each of the aquifers in the area, a determina-

tion of the quantities of water which can be developed in each aquifer, the chemical quality of water, the areas where the chemical quality has been altered or subject to alteration, and the formation characteristics." Also included in the study will be determination of the extent of location of fresh, water-bearing units, quantities of groundwater being withdrawn and effects of withdrawals, and hydraulic characteristics of the important water bearing units. Geology, hydrology, and well development including construction and operating characteristics of existing wells will be discussed in the study. Area sources and estimates of recharge, the aquifer's direction and rate of groundwater movement, and effects on water levels of rainfalls, rainfall and pumpage will also be discussed. Recommendations for alleviation of any possible groundwater problems with regard to findings concerning quality of water will be made. Illustrations including maps, cross sections, charts, and graphs along with tabulations of basic information on wells from driller's logs will be prepared.

In order to prepare the groundwater study the District will need to locate, in the fields, all existing wells, compile certain wells for water levels and collect water samples from "equipped" current, water-level, observation wells. It is intended that the well data reports in the District's files will be codified and card punched in order for the data to be processed by computer. An inventory will be made of presents as well as past pumpage, and empirical methods will be developed to determine the hydraulic characteristics of the aquifers. Illustrations to be prepared will include geologic sections showing subsurface geology as it relates to groundwater, maps showing surface and subsurface geology with regard to groundwater supplies, well and spring location maps, and depths and thickness maps of the Ogallala and Santa Rosa Formations.

Maps showing the configuration of the aquifers will be prepared. (Continued on Page 8)

Her three children are William, who farms near Texico; Lynelle Brown of Portales; and Tim, a junior in high school. Both of her boys are volunteer firemen for Texico, and Mrs. Engram is justly proud of them. Tim was recently elected as secretary for the group, quite an honor for someone his age.

The light of Mrs. Engram's eyes are her four grandchildren. William has two sons and a daughter and Lynelle has a daughter.

Music is very important to Mrs. Engram who plays the piano and the guitar. At one time she played in a musical group composed of area people, but it broke up when one of the members passed away, Mrs. Engram says. She has hopes of another group being formed.

Cooking is a very pleasant chore to our homemaker, but gardening is actually her favorite hobby. Most spare moments in the summer can find her working in her rose garden or among her chrysanthemums.

Mrs. Engram has been an antique lover most of her life and has collected some very interesting pieces. She has a

**To Regional --**

(Continued from Page 1) Springlake runner to end the race in a tie.

In other events, Debra Foster placed first in the discus with a throw of 107 feet, eight inches, only a few inches off the district record which she set last year. She also placed first in the shot with a throw of 31 feet, eight inches.

LaShawn Sheets placed second in the 880 yard run with a time of 2:55 and Kristy Taylor placed third in the 220 yard dash.

These girls will all be in Panhandle next week for the regional meet.

**Portraying Area Homemakers**

The town of Texico boasts something most other towns around here do not, and that is a very pretty postmaster! Technically a postmistress, Mrs. Louise Engram has been serving in this capacity in Texico for nearly six years.

Born and reared in Alamosa, Colo., she did not come to this area until she married the late Wesley Engram in 1941. Before becoming postmaster, she worked as a mail clerk in the old post office building for ten years. Prior to that time she put in all her time being a housewife and mother to her three children, except for a short stint as a newspaper reporter in Alamosa.

Her three children are William, who farms near Texico; Lynelle Brown of Portales; and Tim, a junior in high school. Both of her boys are volunteer firemen for Texico, and Mrs. Engram is justly proud of them. Tim was recently elected as secretary for the group, quite an honor for someone his age.

The light of Mrs. Engram's eyes are her four grandchildren. William has two sons and a daughter and Lynelle has a daughter.

Music is very important to Mrs. Engram who plays the piano and the guitar. At one time she played in a musical group composed of area people, but it broke up when one of the members passed away, Mrs. Engram says. She has hopes of another group being formed.

Cooking is a very pleasant chore to our homemaker, but gardening is actually her favorite hobby. Most spare moments in the summer can find her working in her rose garden or among her chrysanthemums.

Mrs. Engram has been an antique lover most of her life and has collected some very interesting pieces. She has a

cream separator utilized as a flower arrangement plus an ancient buffet and many other antique items.

While in Colorado she started collecting rocks, and on each trip to other locales she adds to this collection. Most of these stones are small and some have very unusual shapes, colors, etc. One is clear and the inside is not unlike the shape and color of a cat's eye.

Working full time does not leave too much time for cooking, but Mrs. Engram has given us some of her favorite recipes.

Bake 10 to 12 minutes at 375 degrees.

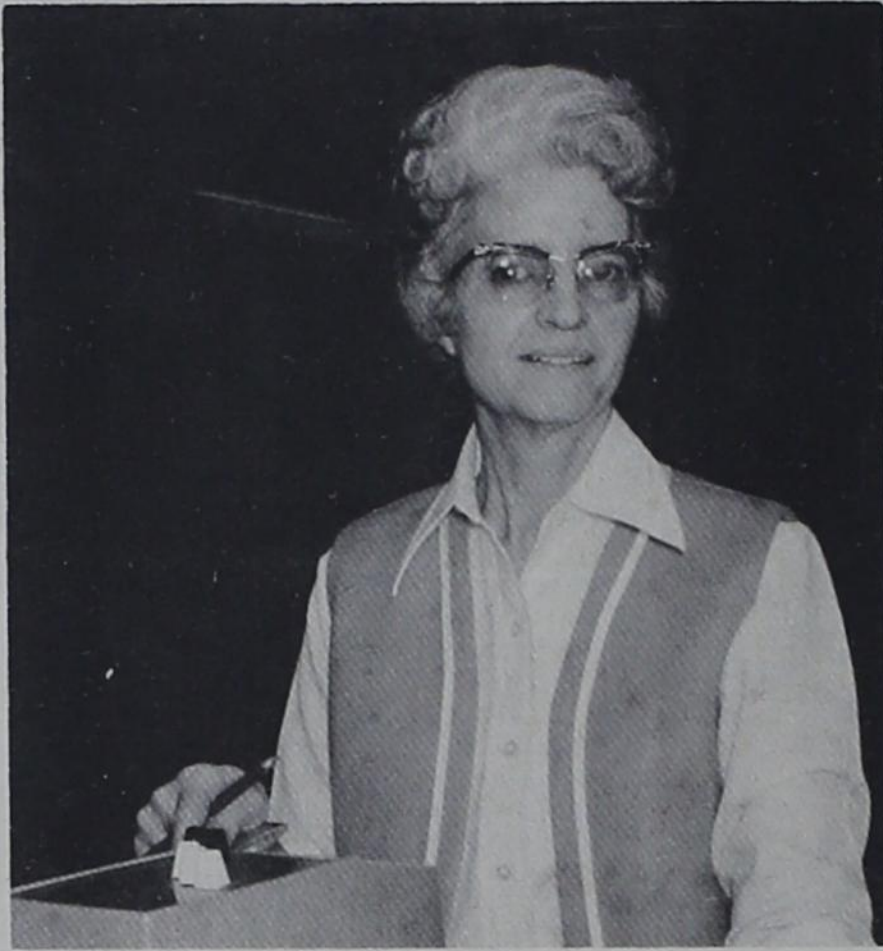

**APPLE DELICIOUS**  
1 No. 2 can applesauce  
2 tbs. sugar  
1/2 tsp. cinnamon  
dash salt

Mix above ingredients and spread 1 1/2" deep in baking dish. Cover with following mixture:

1/2 cup "quick" rolled oats  
1/2 cup brown sugar  
1/2 cup flour  
1/2 tsp. baking powder  
1/2 cup margarine

Mix above ingredients until crumbly in texture. Sprinkle evenly over apple mixture. Bake at 375 degrees for 20 to 25 minutes. Serve warm with whipped cream or ice cream if desired.

**DEVILED GREEN BEANS**  
1 clove garlic-minced  
1 medium onion-minced  
1 small green pepper-chopped  
1-2 oz. can chopped pimentos  
1 tbs. margarine

MRS. LOUISE ENGRAM

2 tsp. prepared mustard  
1-8 oz. can tomato sauce  
1 cup shredded cheddar cheese  
1 No. 2 can green beans

Cook garlic, onion, green pepper and pimento in margarine until onions are limp. Stir in mustard, tomato sauce, and turn into greased casserole. Bake at 350 degrees for 25 minutes.

**ICE BOX DATE NUT PINWHEELS**

Filling:  
2 1/4 cups chopped dates  
1 cup sugar  
1 cup water

Mix and cook over low heat until thick. Remove from fire and add 1 cup chopped nuts, let cool.

Batter:  
2 cups brown sugar  
1 cup shortening  
3 eggs, beaten  
4 cups flour  
1/2 tsp. salt  
1/2 tsp. soda

Combine sugar, shortening and eggs. Add combined flour, salt and soda. Chill dough 30 minutes in refrigerator.

Divide dough in four parts. Roll each in rectangle and spread filling over top. Roll up and wrap each roll in waxed paper. Place in refrigerator overnight. Slice thinly and place on greased cookie sheet.

# Farwell Junior High Names Honor Students

Valedictorian and salutatorian for the 1971 graduating class of Farwell Junior High were named this week by James Craig, junior high principal. Valedictorian of the class with a 97 average is Karla Smart, daughter of Mr. and Mrs. Jim Bob Smart. Salutatorian is Tim Meeks who has an average of 92.266. He is the son of Mr. and Mrs. Leon Meeks.

Eighth grade graduation will be Thursday night, May 27, at 8 p.m.

Other honor students in the eighth grade are Becky Howard, Paula Martin, Joi Meeks, Sharon Booth, Dora Villarreal, Karen Herington, Berry Goldsmith, Pay Mayfield, Paul Brigham, Kent Gast, Karroll Rhodes, Mike Deel, Mike Woods and Pam Mayfield.

Seventh grade honor students who will serve as honor guards at the commencement are Jacquelyn Langford, Estelle Embury, Terri Boling and Bruce Kaltwasser. Honor students who will be ushers are Lee Ann Williams, Kim Magness, Mike McCully, Tammi Haseloff, Cheryl Gohlke and Wesley Hukill. Other seventh graders on the honor roll are Georgia Terry, Kathy White, Cindy Watts and Sheryl Woods.

Sixth graders making the honor roll for the year include Ron Hancock, Natalie Dollar, Leigh Ann Kirkland, Carol Vinton, David Hargrove, Kristi Magness, Stephen Meeks, Billy White, Stephen Klimek, Deanna Williams, Missy Taylor, Beth Black, Truitt Smith and Karen London.

## On The Farm In Parmar County

By R. MACK HEALD  
County Agent

The rains that crossed the county last week and the first of this week were certainly a welcome sight. This will be of great benefit, what with spring planting starting to get into full swing. I believe the wheat is finally coming out of it. Some fields look as if they may yield in the 70 bushel range if the hail storms leave them alone.

Most of the corn and sugarbeets are in the ground. The county will probably see less beets planted compared to a year ago. With the sugar content being low, and prices depending on it, most producers would rather see their water applied on milo or corn. More corn will probably be seen due to increased feedlot buying as well as contract corn being in good demand. Milo and cotton planting will be getting underway by May 1. Under the new farm program we may see a small increase in the cotton and milo acreage for 1971.

**BALLOTS ON WHEAT ELECTION AVAILABLE AT EXTENSION OFFICE**

Wheat producers in Parmar County who desire to vote absentee in the upcoming wheat referendum and producer board election will be able to do so at the County Extension Office beginning April 27.

Ballots will be available for any producers who want to vote absentee in the election between

April 27 and May 10. On May 11 the Texas Wheat Producers Association will hold an election over a 34-county area to determine whether or not to assess producers not more than five mills per bushel on all wheat produced for purposes of research and promotion. At the same time, producers will have an opportunity to elect a nine-man producers board to administer funds for such a research and promotion program.

Parmar County producers who do not vote absentee are encouraged to vote in the election on May 11.

NEW SAND TRAP equipment for the City of Farwell Waterworks was installed at the city's south well last week. City fathers are hopeful that the new trap will help alleviate the problems of sand in the water pipes in many homes in Farwell. Homeowners have recently been plagued with sand in the water causing such problems as stopped up filters on washing machines and dishwashers causing them to overflow, along with the nuisance of having "grit" in the drinking water.

Country's oldest oil company was founded in the Massachusetts in 1812. At first it sold whale oil which was widely used as a lighting fuel.

Chinese gold rush workers gathered jade at the diggings and shipped it to China, leaving the gold to the Americans.

APPRECIATION PLAQUE -- Mr. and Mrs. Delbert Garner accept a plaque of appreciation from the Farwell Arena Association for their work with the Association through the years. The presentation was made by Pike Jordan, right, president of the Association. The occasion was a hamburger feed held at the arena last Friday night which was attended by some 60 persons. A planned husband-wife ribbon roping event was cancelled due to the wet grounds. The Garners plan to leave Farwell in the near future to make their home in Colorado.

### Payments Set For Beet Growers

High Plains sugarbeet growers for Holly Sugar Corporation will receive an additional payment of about \$630,000 on

April 20 for their 1969-1970 crop, Bob Ginn, agricultural manager for Holly's Hereford factory district has announced.

This will bring the total returns to growers to about \$7,400,000 which includes Holly payments and the Sugar Act payment.

Ginn reported that the 1971 crop looks "real good" and that based on current sugar prices and recent market trends, "there is a good possibility that total cash returns to growers for the 1971 crop could exceed \$18.50 per ton of beets with improved sugar content."

Ginn said the current crop appears to be making excellent growth and if this growth continues, the beet contract agreed upon in December could mean the highest returns in history per ton of beets for Texas-New Mexico growers.

"With acreage restrictions lifted this year, High Plains growers are free to grow as many beets as the Hereford factory can handle," Ginn reported.

He said that the factory has the capacity to process 37,000 acres of beets and that additional acreage is needed this year.

### School Lunch Schedule AT TEXICO

MONDAY: hot dogs, chili, onions, pickles, Tater Tots, English peas, fruit cobbler, milk.

TUESDAY: enchiladas, buttered corn, shredded lettuce, loaf bread, fruit salad, milk.

THURSDAY: hamburgers, lettuce, tomatoes, pickles, onions, cheese slices, potato chips, baked beans, peach cobbler, milk.

FRIDAY: roast beef and gravy, cream potatoes, green beans, lettuce and tomato salad, pears, bread, milk.

## Electric Cooperative Sets Annual Meeting

Plans have been announced for the 33rd annual meeting of Deaf Smith County Electric Cooperative.

The cooperative will hold its annual meeting at the Bull Barn in Hereford, April 29, with registration beginning at 11 a.m. A barbecue luncheon will be served by the Hereford Rotary Club starting at 11:45 a.m. Entertainment will be furnished by the West Texas State University Stage Band during the luncheon. The business session will be called to order at 1 p.m. with a report to the membership and the election of two directors presented by nominating committee selection.

The men selected for Deaf Smith County for election or re-election for directors are Raymond Higginbotham and Edgar Lemmons; for Parmer County for election or re-election are

A. W. Anthony Jr., and A. W. Gober. Both Higginbotham and Anthony are seeking re-election to their directorship posts.

Movies will be provided for the small fry of the membership while the business meeting is in session. Drawings will be conducted throughout the meeting for over \$600 in prizes, and door prizes will be presented to everyone registering.

In a discussion of this yearly event, Sloan Osborn, president of the board of directors, and James Hull, general manager of the multi-million dollar organization, indicated capital credit checks will be paid to the membership for the year 1959 in the amount of \$84,068.37. This figure represents 10 per cent of the money each member paid for his electrical requirements in that fiscal year.

Both Osborn and Hull were reminiscent of the strides made by the cooperative with the closing of the year 1970's business. They pointed out the year 1970 was a year that brought many changes for the cooperative. As the year began to unfold, it gave realization of an extremely tight money market that would affect member-owners and the cooperative for years to come. It also gave realization to the need and establishment of a new cooperatively owned bank for electric cooperatives. The bank will eventually loan all funds for electric plant expansion. The year 1970 saw a tightening of belts and a greater determination of the member-owners to operate with greater efficiency on tremendously reduced margins and higher capital cost outlays than ever before experienced. It also gave insight to the tremendous strides being made in new equipment, modes of generation and what our manner of living might be for the future as a result of ecology and environmental controls.

Both agreed, this year of 1971 shows promise of being an even more exciting and demanding year than ever before.

PRIZES DISPLAYED -- Mrs. Adeline Vance, work order clerk with 23 years service with Deaf Smith County Electric Cooperative, shows some of the many prizes which will be awarded at the 33rd annual meeting of the Cooperative on Thursday, April 29, at the Bull Barn in Hereford.

### Report From The Sheriff's Office

Parmer County Sheriff Charlie Lovelace reports that his office is still investigating the courthouse theft which occurred some time before 10 p.m. last Thursday. Sheriff Lovelace reports that cash, about \$400, is all that has been found to be missing from the offices which were broken into. Doors to all the offices on the ground floor of the courthouse were pried open, apparently with a crow bar or some such implement, and desks were pilfered and rummaged. Most of the money was taken from the tax-assessor's office. Entrance to the building was gained through a ground-level grill on an air intake leading to the boiler room. Tracks around the scene indicated the thieves were busy after Thursday's rain and hailstorm.

In other activities in the sheriff's department, Dudley Hughes of Bovina reported Tuesday morning that some \$400 worth of tools had been taken from his laundry at Bovina. The tools are stored behind the laundry equipment and would have had to be taken through the laundry since there is no outside entrance to the room where the equipment is stored. It was not known when the theft occurred.

### Fire Calls

Farwell Fire Department answered a call to a house near Bovina Feeders on Thursday night, and on Sunday the emergency van was called to the C. F. Bieler home in Farwell where Mrs. Bieler was treated with the resuscitator. She was not reported seriously ill and was not hospitalized.

Texico's Fire Department has not received a call during the past week.

Texas ranked 11th among the states in tornadoes per square mile during the period 1951-1967. It recorded 3.4 tornadoes yearly per 10,000 square miles.

### Hospital Notes

Mose Glasscock of Farwell, who suffered a paralytic stroke last Thursday evening, is reported to be improved this week. He is in Clovis Memorial Hospital where he is receiving medical and therapy treatment. Glasscock was stricken while he was driving the Farwell fire truck to a blaze near Bovina Feeders.

**SIZEABLE HAILSTONES** -- Some of the hail stones which fell during the storm Thursday evening about 5:30 were retrieved to be measured. Some of the stones, which ranged in size from marble to golf ball size, measured two inches in diameter. The deluge, which pelted the town for about 15 minutes, left much damage to homes and trees in the area, the major damage being to rooftops. Many homeowners say they have received estimates of 100 per cent damage to their roofs.

### NOTICE TO BIDDERS

The Farwell Independent School District will offer for sale one 1966 Chevrolet School Bus, with a 6-cylinder, 292 cubic inch motor, and a 54 passenger Superior body. The general condition of the bus is excellent. Tires, brakes, and transmission are good. The motor is in good condition. Some seats might need covering. This is not a remount. Both body and chassis are 1966 models.

Bids will be opened on May 10, 1971, at 8:00 P.M., at the regular meeting of the Farwell School Board. Bids should be sent to W.M. Roberts, Superintendent of Schools, Box F, Farwell, Texas, 79325. Bids must be in before 8:00 P.M. on May 10.

This bus will be continued in service until May 28, 1971. At this time it will be available for delivery to the purchaser.

This bus may be seen at the Farwell Public Schools by contacting W.M. Roberts, superintendent, or H.R. Crook, who is in charge of bus maintenance.

The Board reserves the right to reject any or all bids.

The successful bidder should present a certified check, money order, or cash upon taking delivery of the bus.

## Deborah Hubbell To Bride Of Mark Stephan Murray

Miss Deborah Ruth Hubbell and A/IC Mark Stephan Murray, both of Clovis, exchanged wedding vows in a double-ring ceremony at Hamlin Memorial United Methodist Church in Farwell on Friday evening, April 9, at 8 p.m.

The bride is the daughter of Mr. and Mrs. Oris Hubbell of Clovis, formerly of Farwell, and the bridegroom is the son of Mr. and Mrs. Wilson Murray of Bucyrus, Mo.

Rev. W. T. Perry, church pastor, lead the couple in their vows at the altar where a white satin kneeling bench was flanked on each side by 15-branch candelabra. Blue satin bows were featured on the kneeling bench in front of the chancel rail.

Mrs. Nelle Craig, organist, provided traditional wedding selections.

The bride, given in marriage by her father, wore a formal length gown of peau de sole over imported French lace. The fitted bodice and long sleeves were made of lace and were covered with muted sequins and seed pearls. Matching insets of lace were featured throughout the train. Her shoulder-length veil of silk illusion was attached to a tiara of seed pearls.

In carrying out bridal tradition, something old was a handkerchief belonging to her great-grandmother; something new was her wedding ensemble; something borrowed was a necklace which belonged to

Cheri Stewart who served as maid of honor; and something blue was her garter. Her bouquet consisted by five orchids surrounded by stephanotis.

Miss Stewart, maid of honor; bridesmaid Beatrice Murray, sister of the bridegroom; and junior bridesmaid Tammela Obenshain, niece of the bride, wore floor length dresses of deep blue satin designed similar to that of the bride, featuring high neckline and sleeves of matching lace.

Best man was Douglas Hammon of Clovis and groomsmen were Randy Gilbert and Robert Hubbell, nephew of the bride. Candlelighters were James and Paul Murray, brothers of the groom, and ushers were Dwayne Obenshain, nephew of the bride, and David Murray, brother of the bridegroom.

The mother of the bride wore a dress of blue jersey with pearls and bone colored accessories. The groom's mother wore a white ensemble with red and blue trim and white accessories. Both wore corsages of white carnations.

Mrs. Bob Nelson registered the wedding guests.

Hostesses at a reception in

the church parlor were Mesdames C. E. Foster Jr., Mrs. Edd Foster and Mrs. Harlin Obenshain. Registering guests was Mrs. Tommy Underwood.

The bride's table was covered with blue overlaid with a hand crocheted cloth which was made some 33 years ago by a great-aunt of the bride, Mrs. Maude Vorhees of Ringwood, Okla. The cloth has been used in some 22 wedding occasions, including all four of the Hubbell children's wedding receptions. Blue bows and streamers with wedding bells were featured on the corners and front of the table cloth.

A four-tiered wedding cake of white decorated with blue and a candelabrum with white tapers were featured on the table where Misses Martha Hubbell, Kaye Posey and Debbie Shultz presided.

For a wedding trip to Ruidoso, the bride wore a suit of blue linen topped with a linen lace coat. She wore an orchid corsage taken from her bridal bouquet.

The couple is at home at 817 1/2 Reid Street in Clovis where he is stationed with the Air Force and she is a senior at Clovis High.

MRS. MARK MURRAY

## Texico Woman's Club Names New Officers

Texico Woman's Club elected officers for the coming year when the club met in the home of Mrs. Lovetta Gurley Monday night. Co-hostess with

Mrs. Gurley for a salad supper was Mrs. Gail Hadley.

Elected to lead the group as president next year was Mrs. Norma Rogers. She will be assisted by first vice-president, Mrs. Lovetta Gurley; second vice-president, Mrs. Charlotte Pierce; secretary, Mrs. Marcia Leavell; and treasurer, Mrs. Louise Engram. They will be installed at a dinner meeting in Clovis on May 17.

Mrs. Gail Engram and Mrs. Tommie Snodgrass read the original Litany for woman's clubs instead of the usual club collect, and a vote was taken on the scholarship recipient. Applicants for the \$100 scholarship were Ricky Pace, Maria Ortiz and Rayford Fitz. The recipient will be named at the high school awards assembly at Texico near the closing of the school term.

The club voted to revise the scholarship by-law to include the High Plains Technical and Vocational School.

Next Tuesday, April 27, a park clean-up day will begin at 3 p.m. to get the park in shape for springtime picnics and outings. Everyone is urged to join in this project.

Mrs. Tommie Snodgrass and Mrs. Aileen Pearce gave a report on the state convention which they attended in Hobbs last week. The Texico Club was one of the clubs in District 3 to host a luncheon at the state meeting.

The club discussed making a payment on the fence which was installed around the swimming pool and decided to ask for assistance from other civic groups in this financial endeavor.

Present for Monday night's meeting were Mesdames Gurley, Hadley, Vera Walters, Wanda Turnbough, Louise Engram, Norma Rogers, Marcia Leavell, Janie Day, Lois Hudson, Aileen Pearce, Gail Engram, Tommie Snodgrass, Margaret White, Evelyn Hadley and Audrey Kittrell.

**MAY 28 WEDDING PLANNED** -- Plans for the marriage of their daughter, Lanelle, to Gary Skaggs, Texico, N.M., are announced by Mr. and Mrs. J. D. Spurgeon, Muleshoe, Skaggs is the son of Mr. and Mrs. Paul Skaggs of Texico. Miss Spurgeon is presently teaching school at Lazbuddie and has also taught in the Texico school system. Skaggs is employed in Clovis. After a May 28 wedding in Muleshoe, the couple plans to live in Texico.

## Fun Night Draws Good Attendance

A good attendance was on hand for the fun and game night sponsored by members of Farwell Study Club at the school cafeteria Monday night.

Games of "42" were enjoyed and refreshments of pie and coffee were served. Members and husbands who were present included Mr. and Mrs. W. N. Foster, Mr. and Mrs. C. C. Christian, Mr. and Mrs. L. R. Vincent and Mesdames Hope Shuman, Cricket Taylor, Jewel Scott and Hattie Coffey.

Guests present were Messrs. and Mmes. Dewey Fogerson, W. T. Perry, C. W. Williams, Elvis Childs, Verney Towns, Clifford McGuire, Nelson Foster, W. E. Martin, Prentice Mills, Clyde Perkins and Guy Cox;

also Mesdames Retha Belle Grissom, Ethel Howard, and Virginia Sheets.

The club will meet on May 17 for its final meeting until the new club year which starts in September.

## Dale Family Enjoys Easter Get-Together

Relatives and friends of the Dale family met at the Oklahoma Lane community building on Easter Sunday for a dinner and Easter egg hunt. Games of "42" and volleyball were enjoyed by those attending.

Among those present were G. L. Dale, Mr. and Mrs. R. D. Dale, Mr. and Mrs. Oather Dale and Freddie, Mr. and Mrs. Gene H. Davis and Paul,

Mr. and Mrs. Jodie Barrett, Suzan and Robbie, Mr. and Mrs. D. A. Bass, Mr. and Mrs. Bill Martin, Yalonda and William, Mr. and Mrs. Cyrus Dale, Cindy and Rhonda, Mr. and Mrs. Donald Dale, Mr. and Mrs. Gilbert Dale and Guy, Mr. and Mrs. Johnnie Hindman and children, Mr. and Mrs. David Bostic and son, Mr. and Mrs. Dick Cheshire and daughters, Mr. and

Mrs. Rickie Barrett, Mike and Lettrece, Mr. and Mrs. Ronnie Barrett, Mr. and Mrs. Rudolph Moraw, and Mr. and Mrs. Wayne Bass and children.

## Parthood Group Set Film Friday

Parmer County Planned Parenthood Committee of Bovina Neighborhood Center met Monday morning at First State Bank in Bovina.

Betty Garza, director of the committee, reported that 85 persons are enrolled in the program; 33 from Bovina, 39 from Friona, eight from Farwell, one from Lazbuddie, one from Lariat, two from Hub, and one from Black.

The committee expressed appreciation to doctors, pharmacists and hospital personnel in Parmer County for their cooperation in the program.

Plans were made to show a film entitled, "The Engagement Ring," Friday at 8 p.m. in the Fellowship Hall of Bovina United Methodist Church. Mrs. Garza stated that baby sitters will be provided and everyone is welcome to attend the film.

Those present at the committee meeting were Mrs. Lee Stevenson, Rev. Charles Gates, Mrs. Virginia Rhodes, Mrs. Pearl Fleming and Mrs. Garza from Bovina, and Mrs.

Sarah Alexander, Johnnie Hood and Rev. I. S. Ainsley of Friona.

Committee meetings are held every other month on the third Monday at 10 a.m. All interested persons are invited to attend the sessions.

## Local Girl Scouts To Lubbock Event

Farwell's three Girl Scout Troops will be represented at a council-wide event for the Caprock Girl Scout Council in Lubbock's Municipal Coliseum Saturday, April 24.

"Something for the Girls" is the title of the event which is held every three years to bring before the public the activities of the more than 5,000 Girl Scouts in the Council.

The program, which is supposed to last an hour, begins at 7:30 p.m. and will feature a 90-voice Girl Scout chorus composed of Junior, Cadette and Senior Scouts as well as colorful costumed dances from a number of different countries which has the Girl Scout movement.

The local Junior Scouts will have 25 members attending and will participate in a Swedish dance. They performed the dance in their brightly colored costumes at the recent Girl Scout Banquet. The Cadettes will also be participating in the

event and some 14 Brownies also plan to attend.

And Estée Lauder brings back real makeup with her Soft-Cover Compact Makeup

ESTÉE LAUDER

No face can face the dash and drama, the sweep and scope of all the great looks now percolating through fashion with the same little mini-makeup it was wearing last year.

What this year's face-in-fashion calls for is a makeup that's outspoken, frankly alluring, adventurous, unfettered. Eyes smoulder, the mouth is vibrantly alive, cheeks are wine-tinged, hair flows freely, and skin is like porcelain.

Estée Lauder's SOFT COVER COMPACT MAKEUP puts real makeup back in the beauty picture. It opts for a porcelain skin—smooth, flawless, velvety. And Estée Lauder gives you a totally new way to have it. From a sleek little compact filled with rich pressed cream that slides over your skin with a quick slick of the finger, and leaves in its wake a breathlessly beautiful complexion. Its application is so effortless, so easily blendable. And its velvety finish is a gentle coverup for all the tiny imperfections you'd rather keep to yourself.

SOFT COVER COMPACT MAKEUP comes in six dazzling skin-tones:

FRESH CREAM	FRESH BEIGE
CLING PEACH	BEIGE BLUSH
TEA ROSE	COUNTRY TAN

# Land Bank Reduces Interest

Ernest Kerr, manager of the Federal Land Bank Association of Muleshoe, announced recently that the Federal Land Bank of Houston will reduce the interest billing rate on variable rate loans to 7 1/2 per cent. "This reduction will be effective on installments maturing on or after June 1, 1971, and affects more than \$110 million in variable rate loans to over 3200 Texas farmers and ranchers," Kerr stated.

The variable rate loan, which was introduced by the Houston Bank in July 1969, lets the interest rate "float" over the variations in the money market. This is the second time since January 1 that the billing rate has been reduced and the third such reduction in the past year. "This action is in line with the bank's policy in providing farmers and ranchers credit at the lowest possible cost consistent with sound business practices," Kerr said.

The Federal Land Bank of Houston makes long term real estate loans on farm and ranch lands throughout Texas. The bank has over \$540 million in volume of loans outstanding. The local association makes and services loans in Bailey & Parmer Counties. Members of the board of directors are Gordon Duncan, Morris Douglass, A. L. Hartzog, Jim Claunch and James Glaze.

## Legal Notices

THE STATE OF TEXAS

TO: Mrs. H. L. Meyer, Mrs. Sam Stovall, W. A. Dalton, Mrs. W. A. Dalton, William M. Dalton, Effie Dalton, Alfred Dalton, Sylvia Dalton, and John Dalton, and should any of said defendants be married, then their unknown wives or husbands, and should any of the said defendants be deceased, then their unknown heirs, devisees or legal representatives, and all of the unknown owners or claimants in or to the hereinafter described land, Defendants, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 7th day of June, A.D. 1971, at or before ten o'clock A.M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 19th day of April, A.D. 1971, in this cause, numbered 3216 on the docket of said court, and styled, GEORGE E. NANCE, Plaintiff, vs. MRS. H. L. MEYER, ET AL Defendants.

The names of the parties to the cause are as follows:

George E. Nance is Plaintiff, and Mrs. H. L. Meyer, Mrs. Sam Stovall, W. A. Dalton, Mrs. W. A. Dalton, William M. Dalton, Effie Dalton, Alfred Dalton, Sylvia Dalton, and John Dalton, and should any of said defendants be married, then their unknown wives or husbands, and should any of said defendants be deceased, then their unknown heirs, devisees and legal representatives, and all of the unknown owners or claimants in or to the hereinafter described land are defendants.

A brief statement of the nature of this suit is as follows, to-wit:

This is a suit in trespass to try title, plaintiff alleging that on or about the 1st day of April, A.D. 1971, he was lawfully seized and possessed of:

All of Lots 13 and 14, Block 9, of the Original Town of Farwell, Parmer County, Texas

and that defendants and each of them, on or about said date, entered upon said premises and unlawfully ejected plaintiff therefrom and now wrongfully withhold possession from him, to his damages in the sum of \$1,000.00, and that the annual reasonable rental value of said property is \$1,000.00. Plaintiff further pleads and invokes the five-year and ten-year statutes of limitations as the same apply to land titles in the State of Texas, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this 19th day of April, A.D. 1971.

ATTEST:

Dorothy Quickel, Clerk, District Court, Parmer County, Texas

Published in The State Line Tribune April 23, 1971.

**TWO MINUTES WITH THE BIBLE**

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

**A FORGIVENESS THAT CAN NEVER BE RESCINDED**

Centuries before Christ, the Psalmist said: "If thou, Lord, shouldst mark iniquities... who shall stand? But there is forgiveness with Thee..." (Psa. 130: 3,4).

It is doubtful whether the Psalmist understood the basis upon which a just God, through the ages, has so graciously forgiven sins, but this has since been explained in the epistles of Paul.

There we read: "God for Christ's sake hath forgiven you" (Eph. 4:32). But this is only part of the truth, for God forgives sinners, not merely because Christ died for their sins and purchased their redemption. Thus Eph. 1:7 declares: "In [Christ] we have redemption through His blood, the forgiveness of sins, according to the riches of His grace."

And thus Paul could proclaim to his hearers in the synagogue at Pisidian Antioch:

"Be it known unto you, therefore, men and brethren, that through this Man is preached unto you the forgiveness of sins: Obviously such forgiveness can never be rescinded, for it is based upon the full and complete payment of our whole debt of sin by "the precious blood of Christ."

Sad to say, many people do not feel they need forgiveness, for they have not seen themselves as they truly are in the sight of a holy God, but those who are conscious of their sin and are willing to say with the prodigal son: "I have sinned," may experience the wonderful peace and joy of sins forgiven by faith in Christ who paid sin's penalty for us.

# Muleshoe Rites For Charlie E. Howard

Funeral services were conducted at the Church of Christ in Muleshoe Monday, April 12, for Charlie E. Howard, 80, who made his home with a son and family, Mr. and Mrs. Ernest Howard, in Farwell for the past eight months.

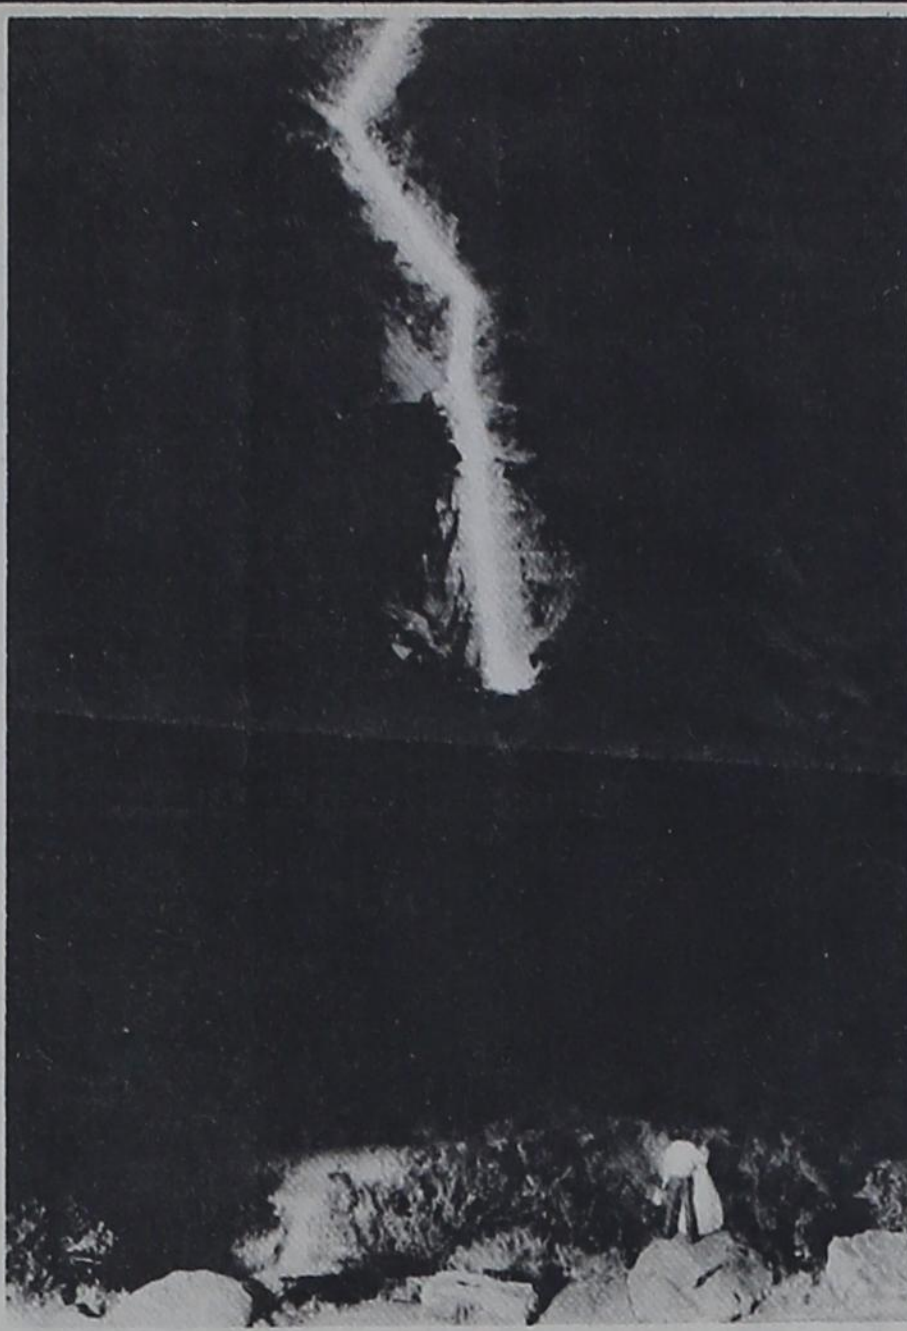

Mr. Howard died Friday, April 9, in a Muleshoe hospital after being confined there about a week. He was born in Jones County, Texas, and was a retired farmer and rancher.

County Memorial Cemetery with Singleton Funeral Home of Muleshoe in charge.

Survivors include six sons, Earnest of Farwell, Marion and Kaylon of Muleshoe, Clinton of Medical Lake, Wash., Joe of White Bird, Idaho, and Kenneth of Littlefield; one daughter, Retha Eason of Phoenix, Ariz.; one brother, B. O. Howard of Willcox, Ariz., 36 grandchildren and 12 great-grandchildren.

Paul and Buttons Howard of Farwell are grandsons of Mr. Howard.

Burial was in the Bailey

LIGHTNING STRIKES in each performance of "Texas," a musical drama of the pioneer days of the Texas Panhandle which plays summer evenings in the amphitheatre at Palo Duro Canyon near Canyon. First performance of this, the sixth, season will be June 24 and the production will play nightly except Sundays through August 28. A special performance has been scheduled for Sunday, July 4. Persons are urged to get tickets early, especially for weekend performances of the extravaganza.

# 'Texas' Opens Sixth Season On June 24

Lightning will strike 58 times this summer in the Palo Duro Canyon at 10:05 each evening - unless it rains. The first act of "Texas" - a musical romance of Panhandle history by Paul Green - climaxes in a great electrical storm, with thunder and wind and flashes of lightning ending in one great streak which goes to the top of the 600 foot bluff which the audience faces. This storm is one of many ways Green chose to make the viewers aware of the forces and struggles which the early pioneer faces. He also makes them aware of the gaiety and beauty of their lives here as well.

"Texas" will open for its sixth season on June 24, and will play nightly except Sundays through August 28. There will be a special performance on Sunday, July 4. The show opens with a vivid singing and dancing overture in which most of the cast members of 80 take part. This number is heralded by a horseman with a flag on top of the high cliff. He appears so small that the audience has to concentrate to find him as the bugle announces the opening. There are dramatic confrontations between characters, delightful warm scene of frontier life, interesting dances including a fire ballet - a prairie fire - done in dance and flame lights. The factors, bound with the thread of a beautiful musical score, make an evening's experience which has drawn over 340,000 to the theatre in the first five seasons.

It is important to make reservations in advance, especially for weekends. For tickets and information write to "Texas", Box 268, Canyon, Tex. 79015.

The theatre lies on the floor of the spectacular Palo Duro Canyon near Amarillo and Canyon, which appears suddenly in the midst of the flat plain. Plan to come early enough to explore this Canyon and have a western barbecue dinner at the theatre.

People are certainly peculiar. They want the front of the bus, the back of the church and the middle of the road.—Ray Savage, Thermopolis (Wyo.) Independent Record.

It has been said that worry is a circle of inefficient thoughts whirling around a pivot of fear.—Clarín D. Ashby, The Uintah Basin (Utah) Standard.

Superstitions are opinions of others—Roy J. DeLoy, Tuckerton (N. J.) Chronicle.

## It's PIONEER again this year.

### Here's why:

JODIE BARRETT, Muleshoe, produced 6500 pounds of grain sorghum per acre last year from 23 acres of Pioneer brand 846. The crop had very little rain during the growing season and had four waterings after planting. Mr. Barrett particularly liked the yield, fast growth, and the easy threshing of 846. He plans to plant 150 acres this spring. Naturally we're proud that good farmers like Jodie Barrett plant Pioneer hybrids year after year.

Pioneer is a brand name; numbers identify varieties. Reg. trademark of Pioneer Hi-Bred Corn Company, Des Moines, Iowa U.S.A.

# Local Youth On Tech Honor Roll

Several Farwell young persons who are attending Texas Tech University have been named to the Dean's List for the fall semester at the Lubbock school.

Greg S. Hargrove, son of Mr. and Mrs. Elmer Hargrove, was one of 120 students in the college of arts and sciences who received a grade point average of 4.0 to top the Dean's List. To qualify for the Dean's List, a student must have a grade point average of 3.0 or more and must be taking as many as 12 hours of work.

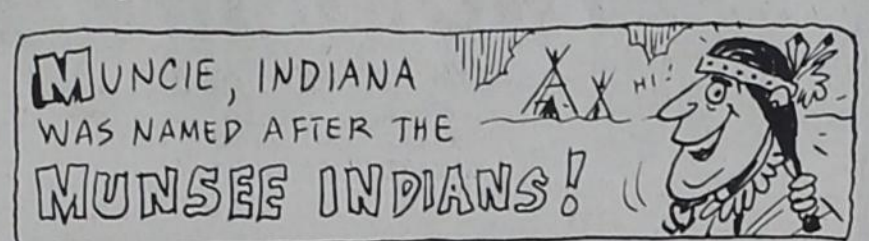

Other students from Farwell named to the Dean's List in the College of Arts and Sciences were Steven J. Blair, freshman, son of Mr. and Mrs. Joe Blair;

Susan L. Patrick, senior, daughter of Mr. and Mrs. James Patrick; and Donna K. Kirk, junior, daughter of Mr. and Mrs. A. D. Kirk.

Announcement of the 1650 honor students was made last week by Arts and Sciences Dean Lawrence L. Graves.

The College of Arts and Sciences is one of eight colleges and schools at Texas Tech. Others include colleges of Agricultural Sciences, Home Economics, Engineering, Education and Business Administration, and the Graduate School and School of Law.

Enrollment during the fall semester passed the 20,000 mark for the first time since Texas Tech was founded in the mid-twenties.

# Retirement Party Honors Nowlins

Dr. and Mrs. Earl Nowlin of Clovis were honored at a retirement party at a Clovis restaurant last Friday evening. Dr. Nowlin, who has been in the Methodist ministry for many years and was the District Superintendent of the Clovis district for several years, is retiring from the ministry.

Some 325 persons from the district were present for the banquet whose guest speaker was Bishop Alsie Carleton.

Rev. Farrell Odom and a student from the Wesley Foundation at Eastern New Mexico University presented a skit, "This Is Your Life."

Attending during the fall semester were Rev. and Mrs. W. T. Perry, Mr. and Mrs. Wilfred Quickel, Mr. and Mrs. Gil Patschke, Mr. and Mrs. M. A. Snider Jr., Mr. and Mrs. W. N. Foster and Mr. and Mrs. C. C. Christian.

MR. AND MRS. PERRY WINKLES of Texico accept two awards made posthumously to their son, Hospitalman Harvey P. Winkles III, who was killed in action in Vietnam on December 8, 1968. The presentation was made Monday in the Winkles home by Capt. John S. Kuhn, left, and Chief Petty Officer J. B. Brown, right, from the Naval and Marine Corps Reserve Training Center, Amarillo. The medals are the Vietnamese Military Merit Medal and the Gallantry Cross with Palm Leaf. The citation was signed by Lt. Gen. Nguyen Van Thieu of the Army of South Vietnam. Winkles, who would have been 23 years of age April 20, had previously been awarded the United States Navy Commendation Medal and two Purple Hearts for wounds received in action in 1968.

of Joann Getz

Eating Your Own Words: The latest tidings from the scientific world deal with a suggestion that old newspapers be fed to cattle. Dr. David Dinius, an animal scientist at the Agricultural Research Center at Beltsville, Maryland, claims the average cow can easily devour the equivalent of several 89-page journals a day, mixed with molasses, soybean meal, minerals and vitamins.

When combined with the added ingredients, says Dr. Dinius, the newspapers make "a tasty meal for cows and other animals." Now, Dr. Dinius may indeed be on the verge of a profoundly scientific breakthrough. Still, the whole thing is greatly worrisome. If cows can be kept con-

stantly eating present day news, more power to them. But what is disturbing is the reference to "other animals" in this proposal. Based on this, some mad genius in the huckstering trade may even come up with a gimmick whereby a potential customer, merely clipping around a dotted line of an advertisement in his morning newspaper, will be able to sample the sensational new taste treat at breakfast while reading the sports pages.

Now, supposing, when the eating of old newspapers has become an accepted feature of the family repast, someone decides to investigate once more the use of additives in our food? Who's to say whether such stud-

ies will or will not extend right into the actual ingredients of the newspaper itself, before it's tossed into the hopper?

We can imagine David Susskind sitting on his television show asking James Reston of the New York Times whether, in his opinion, the contents of the average American newspaper are indeed fit for human consumption. And we can hear Mr. Reston saying that, although there is probably nothing too harmful about the body of the news pages themselves, there are certain additives, in the form of editorials and columns, which might cause serious malnutrition and even occasional bouts of nausea, heartburn, dizziness and drowsiness, not to mention fits of deep melancholia.

Worst of all, of course, is the possibility that many of us writers for newspapers, after being threatened with it for years, may finally be forced to eat our own words, in more ways than one.

**Water Study --**  
(Continued from Page 2)

tion of the base of the Ogallala aquifer along with the maps showing the thickness of the important water bearing formations including the percentage of the sands and gravels that they contain will also be prepared. Depths to the water level, probable recoverable quantity of water and storage, rate of water level decline, chemical quality, areas most favorable for the development of large capacity wellfields, well yields, areas of major pumpage, climatological conditions, and areas of potential or actual pollution of the aquifers will be mapped and presented as part of the study.

While this contract calls for a study to be made of Farmer County only, a letter received from Jack Fickessen, then the Acting Executive Director of the Texas Water Development Board, stated, "It is our present intent that in the four subsequent years, after August 31, 1971, the Board and the District will make additional contracts and agreements for the District to complete the investigations, studies, and Reports on the remaining nine counties named in Appendix A of the contract . . ." The other nine counties are, Bailey, Castro, Cochran, Deaf Smith, Floyd, Hockley, Lamb, Lubbock, and Randall.

The details of this study will make the results satisfy all present and anticipated needs for appraisals of the ground-water situation in the area. This comprehensive report should be of inestimable value not only to the state but to individuals, county and city officials, industry and other types of organizations located in the Southern High Plains.

A temporary office for District personnel has been opened in Friona for the duration of this study.

**KEENEYE'S TIPS ON SHOOTING**

It is not safe or legal to shoot fish with firearms. Never shoot into water with a gun. Water will make the bullet ricochet.
