Border Banter

By Mike Pomper

We must be aggressive

Where to start? I could write a novel about my feelings over the terrorist attack.

But let's start at the beginning seems to be a good place. And as you read this column, please remember that we are talking about a war -- not an exercise, not a play-around romp. But war. And war is not pleasant.

I liked what President Bush said early on, about defeating terrorism, not just a single group. He is dead on.

Frankly, I don't think, strong as we are, that the U.S. can ever defeat terrorism. But we can make a helluva dent in it, and keep it on the defensive. That should be the goal.

I base that conclusion on reviewing the other terrorist fights of recent years:

- The IRA taking on England in the 1980s.
- The Algerians taking on France in the 1960s,
- The Chechnians taking on Russia in the 1990s.

Now, the extreme Muslim groups are taking on the U.S.

I hope we batter the hell out of them.

Now that I got that out of my system, let's look at the problem logically.

No. 1. There will always be terrorists. Remember, the fight between Christians and Moslems isn't exactly new. It began in the 7th Century. And it goes on today, whether Christians want it or not. That's life.

Thus, a fight, with such a history behind it, is not about to end in a year or two. As Americans, we have to understand that there will always be terrorists.

But what we can do is put enough harm on them to keep them at bay. We can succeed at that.

Frankly, I don't expect this fight to end in my lifetime. So get ready...

The main thing is to show strength to these cowards. They are like any bullies; they will back down fast if you face up to them.

We don't have a great recent history of knocking down these bullies.

Sure, we bombed Ghaddafi's tents. But he is still there.

And we wiped out the Iraqi army in a day. But Saddam Hussein, a gangster like Al Capone, is still there.

What we have to do is remove the Saddam's and Ghaddafi's from this planet. We must be aggressive.

Remember, this is war. It's not a time for social niceties. We need to forcibly remove the folks who aid and abet the terrorists, with money and land. If you don't cut out the evil roots, the evil plants will continue to grow back.

Because if we don't, then these same thugs,

Texico Homecoming activities include dance, alumni visits

After Friday's Texico Homecoming football game, there is a treat for alumni and visitors.

After the game, a dance will be held outside, between the cafeteria and junior high school.

Alumni and guests are invited to go into the cafeteria, where tables and chairs will be set up for games and refreshments.

Videos will be shown of highlights of Homecoming Week and the football game.

Everyone is invited.

The Texico High School powder puff football game will be held on Sept. 20 at 7 p.m. mt

Tickets are \$1 and proceeds go to the junior class.

Donations collected for terrorist victims

by Teresa Mesman

First, an important message from the Farwell High School Senior Class:

"As a community, we have all been deeply affected by the events that have been occurring in our nation last week. We would like to help our nation in this time of need. We will be taking donations to send to the victims and their families in New York.

"If you would like to help, it would be greatly appreciated. There will be donation boxes at the Farwell elementary and high schools. We will take donations every week and send the money to the American Red Cross on Fridays. From there, your donations will be forwarded to New York.

"In this time of need, your donations will not only be greatly appreciated, but they will also be very helpful."

The tragedies in New York City and Washington D.C. last week hit very close to home for several area families.

Tiffany Boehning of Lazbuddie had a very anxious day of waiting to hear from her brother, Air Force Lt. Col. Curtis Reynolds, who works in the Pentagon.

Their mother, Pat Angeley, of Muleshoe, reported that Curtis' office with the Air Force was located in the part of the Pentagon that was hit. However, due to the recent remodeling at the Pentagon, all of the Lt. Colonels' offices and meetings had been moved to an air base located 20 miles south of the Pentagon.

The original 888 persons missing that was first reported represented the number of personnel that would have been in that particular part of the Pentagon under normal circumstances. The rosters for that section indicated the people to be in house, but the majority of the personnel had been temporarily relocated due to the remodeling.

"We are just extremely grateful that Curtis was not there," said Pat. "We truly understand what a close call it was for our family."

Pam and Jerry Monk of Farwell were anxious to hear from their daughter and son-in-law, Leslie and Todd Reves. The couple live in Fredricksburg, Va., about 60 miles south of Washington. Todd is an attorney at an independent Maritime Law firm in D.C.

Todd had just driven by the Pentagon about five minutes prior to the plane crash. The parking lot where he parks is at the Ronald Reagan building located next to the Pentagon.

"He normally takes the train into work, but had driven in Tuesday," said Pam. "He wasn't able to get home that night until very late, so he was in D.C. that whole day."

Todd was in the Army for three years and worked in the military Secret Service. According to Pam, he sees this situation from a very unique perspective and has been able to shed some light on this act of terrorism for their families.

Todd is also brother to Hayley Christian, of Oklahoma Lane, and Roxanne Holt, of Muleshoe.

Another close call was for a good friend of mine. Bill Winter, of Dallas, who works for a U.S. municipal bond brokerage firm that was headquartered in the World Trade Center on the 105th floor of the north tower. Bill had gotten to his Dallas office early Tuesday morning to hold a tele-conference with his boss in New York City and other offices around the nation.

They were all on the phone when the plane crashed into the building.

"I heard everything for about 3 minutes and then the line went dead," said Bill. "We still don't know who made it out, if any, from our company. I was supposed to be at that office on Friday for a big meeting, too. To say that I'm shaken up is putting it lightly. We are all just really worried about our co-workers up there...we're all a big family, even though we're all across the country from each other. I talked with those people every day on

Contest's 3rd week cancelled

Obviously, due to the tragedy that struck the United States last week, and the cancellation of weekend college and professional football games, the State Line Tribune cancelled the 3rd week of its football contest.

This year's contest will end at its normal time, the week before Thanksgiving. The cancelled week will not be made up because it would fall during the Thanksgiving holiday, when schools are closed and many folks are away.

The contest resumes with this week's issue.

The Farwell 8th grade Steers topped Texico, 14-0, on Sept. 13.

Steers Coach Brian Johnson reported:

The Steers got on the scoreboard early in the first quarter with Logan McFarland running up the middle for a 3-yard TD.

Matthew Edwards made the conversion good and it was 8-0 with 3 minutes left in the quarter.

Fabian Reyes caught a pass from McFarland in the 2nd quarter for the Steers second TD. The P.A.T. failed and it was 14-0.

In the 3rd quarter, Colby Norton intercepted

a pass at the 30 yard line.

Ty Gast caught a 20-yard pass from McFarland.

Justin Ware had 5 solo tackles and Jon Beaubien had 4 solo tackles, plus a QB sack.

Luis Olmos and Edwards made big plays on both sides of the ball.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS
Special Election
NOVEMBER 6, 2001

PROPOSITION 1 (HJR 52)

Proposition 1 would amend the constitution to relinquish the state's claim to certain disputed land in Bastrop County. The amendment would confirm legal title to that land, excluding any mineral interests, to the individuals who hold a disputed title to the land. The amendment would prevent a loss of title by people who bought and paid for property that was never transferred by the state because of faulty surveys.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the clearing of land titles by the release of a state claim of its interest to the owners of certain land in Bastrop County."

PROPOSITION 2 (SJR 37)

Proposition 2 would amend the constitution to establish the process for issuing up to \$175 million of state general obligation bonds and notes to provide aid to counties for access road projects to serve border colonias. Generally, a colonia is an economically distressed geographic area with inadequate public services (such as water supplies, sewer services, or paved roads) in a county without adequate resources to provide such services. These projects could include the construction of access roads, the acquisition of materials used in maintaining those roads, and projects related to the construction of those roads, such as road drainage. The Texas Transportation Commission, in consultation with the Governor, would be authorized to determine what constitutes a border colonia for purposes of selecting the counties and projects that would receive assistance.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of state general obligation bonds and notes to provide financial assistance to counties for roadway projects to serve border colonias."

PROPOSITION 3 (SJR 47)

Proposition 3 would amend the constitution to authorize the legislature to exempt green coffee and raw cocoa held in Harris County from property taxes in order to qualify Harris County as an exchange port for coffee by the New York Board of Trade. The authorization of exemption would not apply to any other county.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxation raw cocoa and green coffee that is held in Harris County."

PROPOSITION 4 (HJR 1)

Proposition 4 would amend the constitution by setting the term of the fire fighters' pension commissioner at four years. The constitution currently provides that the duration of all offices not otherwise fixed by the constitution may not exceed two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for a four-year term of office for the fire fighters' pension commissioner."

PROPOSITION 5 (SJR 32)

Proposition 5 would amend the constitution to allow a municipality to donate outdated or surplus equipment, supplies, or other materials used in fighting fires to an "underdeveloped" country. Current state law does not allow anything of value belonging to the state or its political subdivisions to be donated to another nation.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing municipalities to donate outdated or surplus firefighting equipment or supplies to underdeveloped countries."

PROPOSITION 6 (HJR 45)

Proposition 6 would amend the constitution to require the governor to call a special session of the legislature so that the legislature can appoint presidential electors when the governor determines that it is reasonably likely that the outcome of the election for a presidential candidate's electors will not be clearly determined in time for the appropriate electors to meet before the federal deadline to cast their votes. Under current law, when the people vote for a particular candidate for president, in reality they are voting for that candidate's electors who will meet to cast their votes for president. If the electors are not determined by the certification date, no electoral votes may be cast for the state. The proposed amendment ensures that the state's electoral votes will be cast.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring the governor to call a special session for the appointment of presidential electors under certain circumstances."

PROPOSITION 7 (HJR 82)

Proposition 7 would amend the constitution to authorize the Veterans' Land Board to issue and sell up to \$500 million of additional general obligation bonds to finance additional home mortgage loans to veterans. Additionally, the proposed amendment would authorize the Veterans' Land Board to use assets from the land and housing assistance funds to create, operate, and improve veterans' cemeteries.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the Veterans' Land Board to issue up to \$500 million in general obligation bonds payable from the general revenues of the state for veterans' housing assistance and to use assets in certain veterans' land and veterans' housing assistance funds to provide for veterans' cemeteries."

PROPOSITION 8 (HJR 97)

Proposition 8 would amend the constitution to allow the legislature to authorize the Texas Public Finance Authority to issue and sell up to \$850 million of general obligation bonds. The proceeds of the sale of the bonds would pay for construction and repair projects or for the purchase of needed equipment by the General Services Commission, the Texas Youth Commission, the Texas Department of Criminal Justice, the

Texas Department of Mental Health and Mental Retardation, the Parks and Wildlife Department, the adjutant general's department, the Texas School for the Deaf, the Department of Agriculture, the Department of Public Safety, the State Preservation Board, the Texas Department of Health, the Texas Historical Commission, or the Texas School for the Blind and Visually Impaired.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$850 million in bonds payable from the general revenues of the state for construction and repair projects and for the purchase of needed equipment."

PROPOSITION 9 (HJR 47)

Proposition 9 would amend the constitution to authorize the legislature to provide for filling vacancies in the legislature without an election if only one person is a qualified candidate in the election to fill the vacancy. Under current law, a special election must be held to fill a vacancy in the legislature even if there is only one qualified candidate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the filling of a vacancy in the legislature without an election if a candidate is running unopposed in an election to fill a vacancy."

PROPOSITION 10 (SJR 6)

Proposition 10 would amend the constitution to authorize the legislature to exempt certain items of personal property from property taxation by political subdivisions of the state if the property is warehoused temporarily in a location in Texas to be assembled, stored, manufactured, processed, fabricated, or repaired and then forwarded to another location inside or outside Texas. The proposed amendment would authorize a political subdivision that imposes ad valorem taxes, at its option, to tax this type of property after a local public hearing on the matter.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to promote equal tax treatment for products produced, acquired, and distributed in the State of Texas by authorizing the legislature to exempt from ad valorem taxation tangible personal property held at certain locations only temporarily for assembling, manufacturing, processing, or other commercial purposes."

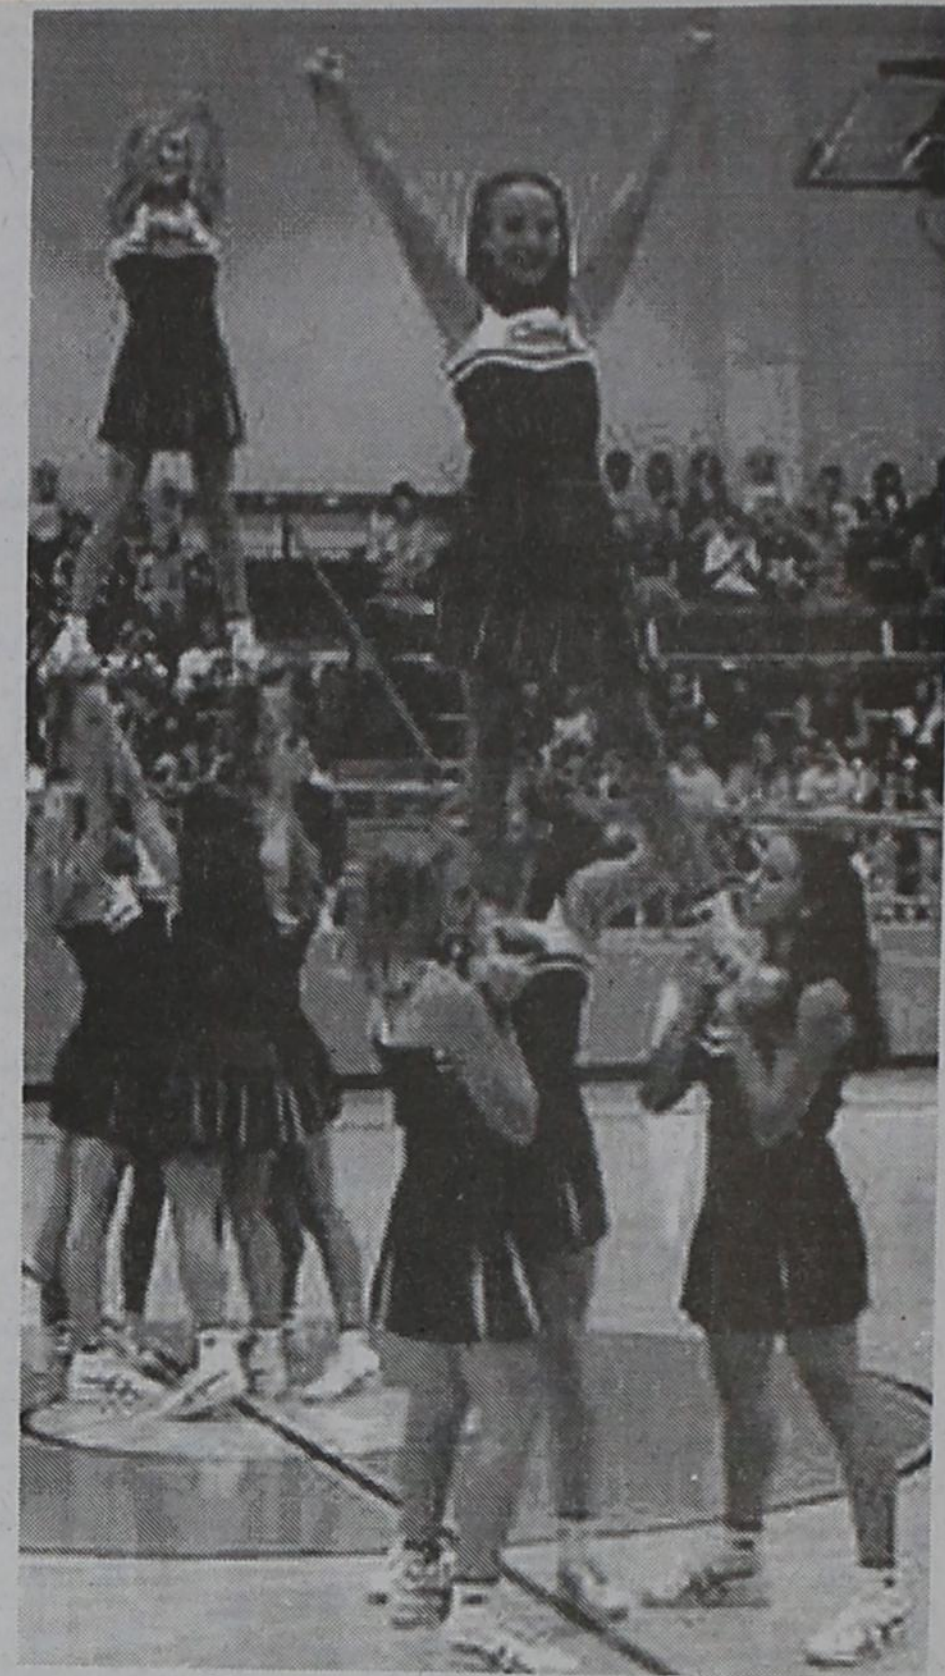

PROPOSITION 11 (HJR 85)

Proposition 11 would amend the constitution to allow a schoolteacher, a retired schoolteacher, or a retired school administrator who serves as a member of a governing body of a school district, city, town, or other local governmental district, including a water district, to receive compensation for serving on such a governing body. Currently, state employees or other individuals who are compensated directly or indirectly from state funds are barred from receiving a salary for such service.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow current and retired public school teachers and retired public school administrators to receive compensation for serving on the governing bodies of school districts, cities, towns, or other local governmental districts, including water districts."

PROPOSITION 12 (HJR 75)

Proposition 12 would amend, repeal, or relocate several sections of the current

constitution to improve the clarity, organization, and consistency of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to eliminate obsolete, archaic, redundant, and unnecessary provisions and to clarify, update, and harmonize certain provisions of the Texas Constitution."

PROPOSITION 13 (SJR 2)

Proposition 13 would amend the constitution to allow the legislature to authorize a board of trustees of an independent school district to donate real property and improvements formerly used as a school campus in order to preserve that property. The board may make the donation if the board determines that the property has historical significance, that the donation will help to preserve the property, and that the school district no longer needs the property for educational purposes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to authorize the board of trustees of an independent school district to donate certain surplus district property of historical significance in order to preserve the property."

PROPOSITION 14 (HJR 44)

Proposition 14 would amend the constitution to allow the legislature to authorize a taxing unit, other than a school district, to exempt travel trailers from property taxation as long as the travel trailers are lawfully registered with the state and are not held or used for the production of income.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to authorize taxing units other than school districts to exempt from ad valorem taxation travel trailers that are not held or used for the production of income."

PROPOSITION 15 (SJR 16)

Proposition 15 would amend the constitution to create the Texas Mobility Fund, which would be administered by the Texas Transportation Commission. The Fund would finance the construction, acquisition, and expansion of state highways and would pay a portion of the costs of public toll roads and other public transportation projects. The legislature may reserve specific sources of state revenue for the Fund and may authorize the Commission to guarantee the payment of any obligations or credit agreements with the full faith and credit of the state. The attorney general shall determine the legality of any such obligations or credit agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment creating the Texas Mobility Fund and authorizing grants and loans of money and issuance of obligations for financing the construction, reconstruction, acquisition, operation, and expansion of state highways, turnpikes, toll roads, toll bridges, and other mobility projects."

PROPOSITION 16 (HJR 5)

Proposition 16 would amend the constitution to reduce the waiting period required for a valid home improvement lien on a homestead from 12 days to 5 days. Currently, a lien may not attach to a homestead for a home improvement loan if the homeowner executed a contract for the improvements less than 12 days after applying for the loan. In addition, the proposed amendment would

authorize the conversion and refinancing of a personal property lien secured by a manufactured home to a lien on a homestead.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment prescribing requirements for imposing a lien for work and material used in the construction, repair, or renovation of improvements on residential homestead property and including the conversion and refinancing of a personal property lien secured by a manufactured home to a lien on real property as a debt on homestead property protected from a forced sale."

PROPOSITION 17 (HJR 53)

Proposition 17 would amend the constitution to allow the state to relinquish claim to certain state land and to clear title defects for persons who claim title to those lands. The proposed amendment would apply to land whose owners have disputed title to the land, but for which no patent from the state, giving clear title to the land, was ever issued. Among other requirements, all of the taxes due on the land must have been paid. Under current law, there is no procedure allowing the state to settle title disputes without a constitutional amendment for each piece of land in dispute.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to settle land title disputes between the state and a private party."

PROPOSITION 18 (SJR 49)

Proposition 18 would amend the constitution to authorize the legislature to create a program to consolidate and standardize the collection, deposit, reporting, and payment of criminal and civil court fees. If the legislature creates such a program, any new fees imposed by the legislature may not take effect before January 1 of the following year, unless an earlier effective date is approved by a vote of two-thirds of the members of each house of the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to promote uniformity in the collection, deposit, reporting, and remitting of civil and criminal fees."

PROPOSITION 19 (HJR 81)

Proposition 19 would amend the constitution to allow the Texas Water Development Board to issue up to \$2 billion of additional general obligation bonds. The Board issues bonds to pay for water supply projects, water quality enhancement projects, flood control projects, state participation in water and wastewater facilities, and projects for economically distressed areas. Current law limits the amount of bonds that the Board can issue.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board in an amount not to exceed \$2 billion."

who rule their nations through fear, will find more men to train as terrorists each time we kill one (remember the Medusa analogy from last week's Tribune?).

Thus, we have to take a look at the faces of those who are supporting the terrorists: Iraq, Iran, Libya and Afghanistan.

I admit that if we take offensive actions against them, they are not gonna love us.

Who cares? They hate our guts already. Let's give them some more reasons for it.

We must attack, and kill, people like Ghaddafi and Saddam, and the Taliban leadership.

That may sound a bit harsh to you. Sorry. This is war. You don't win wars by being Mr. Nice Guy.

Early in World War II, we decoded a message that indicated where Japanese Gen. Yamamoto, the architect of the Pearl Harbor attack, would be flying.

So we sent airplanes to gun him down. And they did. We killed him.

That is how you run a war. And make no mistake, this is a war.

Once we start killing these thugs, the message will get across -- the U.S. will not brook terrorism. We must be aggressive.

That is my chief worry. I know how Washington works. I know how the State Department is always afraid to get any nations angry at us.

Tough toenails.

As I said, many of these nations hate us already. Let's just give them more reason for it. Wouldn't bother me at all.

I'm angry. I want to see justice for those innocent men, women and children killed in the name of "Allah."

But we have to remember that most Arabs and Moslems are good, decent folks just like you and I. It's the extremists, and the thug leaders; that have to be eliminated.

In the next year, I would hope to see Saddam, Ghaddafi and the Taliban leadership executed.

Iraq is a nation that seethes under Saddam. The Iraqis hate him except for his own tribe -- he has thrown money at them and given them the top leadership positions.

To kill Saddam would bring about a thankful Iraqi people.

The same goes for Libya. Ghaddafi rules through terror.

As for Afghanistan, I just wrote about them three weeks ago. How they are warring on women. Unbelievable. They are the extreme of the extremists.

I think there are only 3 nations in the world who have recognized the Taliban as legitimate rules of that poor nation.

I know the U.S. cannot do all this in a day, nor would I want them to. But I hope we establish our targets, then go after them, one by one. By this method, we can succeed.

And, hopefully, we can replace these thugs with, if not democrat governments, at least with folks who have common sense.

At least they will know that we are around...

I was thinking the other day of a scenario I would love to see.

The fight against terrorism, as I said, will last for many years to come, with ups and downs.

But it will definitely be in the forefront the next few years.

So what I would like to see is for President Bush to announce right now that he won't seek re-election.

Why? Because every time he sends the military into battle the next few years, his opponents will cry, "Aw, he's doing that just to get votes."

By announcing he won't seek re-election, he will be saying to us, "This fight is for the American people. I don't care whether it looks like it will help me in politics or not because I'm not seeking re-election. What I'm doing is leading the fight for our nation."

Yes, I know that won't happen. But watch... as time goes on and battles are pitched, there will be cynicism directed against

him, saying he's doing it because he wants votes.

That, unfortunately, is how our system works.

I'm writing this column last Friday, with the news media reporting that it appears that bin Ladun is the mastermind behind the attacks.

I can't wait until I hear that he is dead.

But as far as I'm concerned, Ghaddafi and Saddam are just as guilty. They use their nations as training bases for these terrorists. To me, that makes them just as guilty of these murders.

Iran, though, presents a dilemma for us. Yes, it's supported terrorists, too. But its leadership is now split, between extremists and moderates.

And the people are heavily supporting the moderates.

So it seems to me that we need to let "nature take its course" and, in a while, the moderates will gain the upper hand.

Iran is a delicate situation. If we were to attack there, it would strengthen the extremists, who are on their way out. This is where we need to support the moderates as much as possible and hasten the end to the extremists who still grasp some power.

But as for Libya, Iraq and Afghanistan, there should be no hesitation.

Next week, we should airlift 1 or 2 divisions into Libya's capital and execute Ghaddafi. That would be a good start for the war.

Sure, some nations wouldn't like it. My heart cries for them...sob...sob.

To reiterate, this is war. And I sure as hell don't want to see us on the losing end.

So, let's hope that our leaders will be aggressive; that they understand the enormity of the problem, that they dissect it correctly, and that they aim for the roots of the problems.

I'm cautiously optimistic they will. And I will continue to pray to our Lord that He give them the guidance they need to assure justice is done.

I have full confidence in our leadership, whether

it be Republican or Democrat, that justice will be served.

This is not about revenge. It's about justice.

Over the years here, I have found out a lot about the rivalries between all our small communities.

And I periodically get asked about where I stand.

Frankly, I'm not into local rivalries and look at all our area communities as equals.

But I always have finished saying that to folks, by adding, "The only place I really dislike is New York."

And that goes back to my days in the military service during the Vietnam War when I was assigned to an Army air defense command unit just north of New York City.

Without going into detail, I was treated very poorly by "Americans" there just because I was in the military.

That left a very bad taste in my mouth, and it has never left.

Until now.

This week, I will send a check to help New York folks, victims of the terrorists. And I sincerely hope you do, also.

What happened then was then. Now is now. And now is the time for all Americans to unite to defeat a common enemy -- the terrorists who seek to bring violence to our shores.

Lady Spikers win Cimarron Tournament

The Texico Lady Spikers won their pool (six games) at the Cimarron Tournament last weekend, outscoring their opponents 67-21.

In the first round, texico whipped Mosquero, 15-2, 15-4, 15-5. Stat leaders were: Elizabeth Richards, 10 kills, 3 aces; Michele Littlejohn, 8 kills, 4 aces, 13 service points; Jennifer Roberts, 30 assists, 2 aces; Ashlie Loven, 8 kills, 2 blocks; Dru Mayfield, 2 kills, 4 aces, 100% serving; Megan Brown, 4 aces, 9 service points; and Brittany Autrey, 5 kills, 3 blocks.

In the semi-finals, Texico smashed Tularosa, 15-7, 15-8, 15-4. Stat leaders were: Richards, 12 kills, 4 aces, 6 service points; Littlejohn, 4 kills, 3 aces, 7 service points; Roberts, 26 assists, 2 aces, 3 blocks; Loven, 8 kills, 22 service points, 9 aces; Mayfield, 7 kills, 2 aces, 100% serving; Brown, 100% serving, 3 digs; and Autrey, 4 kills and 8 blocks.

In the finals, Texico put away Des Moines -- one of the top 2 teams in Class A with 4 players 5'10 or taller, 15-6, 15-11, 15-10. Coach Michael Littlejohn said this was probably Texico's best match of the year so far, as the girls served aggressively, passed extremely well, and playing outstanding hustling defense.

Stat leaders were: Richards, 12 kills, 4 service points; Littlejohn, 6 kills, 6 service points, 2 aces, 5 digs; Roberts, 5 kills, 12 service points, 30 assists, 5 aces, 5 blocks; Loven, 6 kills, 4 service points, 7 blocks, 3 aces; Mayfield, 5 kills, 16 service points, 8 blocks, 2 aces, 21 of 22 services; Brown, 2 aces, 4 digs, 3 service points; and Autrey, 4 kills and 6 blocks.

The Lady Spikers are now 8-1 on the season.

On Sept. 11, Texico cremated Floyd in a home game, 15-6, 15-5, 15-6.

"We didn't serve as well as we should byt Megan Brown was 10 of 11, Jennifer Roberts 9 of 11 and Elizabeth Richards was 7 for 7, which picked us up," said Coach Littlejohn. "Defensively, Brown had 4 or 5 great digs while Brittany Autrey had 3 good blocks."

Stat leaders were: Service points - Michele Littlejohn and Brown, 9 each; Loven, 10; kills -- Richards, 15; Loven, 6; Roberts, 5, and Autrey, 4; aces -- Loven, 5; and Brown and Littlejohn, 3 each; assists -- Roberts, 21, and Mayfield, 4; saves -- Roberts, 3.

Texico 7th defeats Farwell 7th

The Farwell 7th grade Steers lost to Texico on Sept. 13, 22-8.

Here is the report from Steers Coach Brian Johnson:

The Steers defense gave up 14 early points.

In the second quarter, the Steers offense got untracked. Derrick Chandler scored on a 10-yard run. He also made the 2-point

conversion on a run, so the score was 14-8 at the half.

The 3rd quarter was scoreless.

In the 4th quarter, Texico mounted a drive and scored with 3 minutes left.

Robert Williams ran the ball well for the Steers and had 4 solo tackles.

Cory Chadwick caught a 15-yard pass from Chandler, and also had three solo tackles.

Matt Barnes had two solo tackles.

Dan Patterson, Tyler Vandiver, Zach Bickel and Jaylon Ragland controlled the line of scrimmage and put pressure on Texico's quarterback.

Special prayer service held

A special service was held on Sept. 14, the National Day of Prayer and Remembrance, at the Parmer County Courthouse.

The District Courtroom was filled to overflowing as respect was paid to the tragedy suffered fellow Americans in the terrorist attack.

Rev. David Symm, of the St. John's Lutheran Church at Lariat, gave the opening prayer.

"God Bless America" was sung by Jana Barrett, Cindy Patterson, Lori Vandiver and Pam Norton, with the audience joining in.

The message was presented by Rev. Richard Laverty, of the First Baptist Church of Farwell.

The National Anthem was sung by Dan Patterson.

And the closing prayer was given by Rev. Kevin Phillips, of Hamlin Memorial United Methodist Church.

The service was organized by Parmer County Judge Bonnie Clayton.

Longhorns smash Jayton

The Lazbuddie Longhorns improved their record to 2-1 last Friday with a 52-6 whipping of Jayton at Homecoming.

The game ended in the 3rd quarter due to the 45-point rule for 6-man games.

The Longhorns play at Southland on Sept. 21 at 7:30 p.m.

Coach Mark Scisson noted that Jayton lost its starting QB early in the game due to a knee injury.

On the other hand, Lazbuddie QB Lucas

DeLeon reinjured his shoulder.

Jayton didn't have a passing game, going 0 for 5 with an interception (by Andrew Martinez, who just returned after being out due to an injury).

Scisson was happy with how Lazbuddie shut down Jayton's running game, just allowing 108 yards -- with 58 of those yards coming on the one TD play by Jayton.

"It's as good as we have every played," said Scisson.

Lazbuddie opened a 16-0 lead in the first quarter. DeLeon ran 52 yards for a TD, followed by a Jake Loudder kick.

Then Martinez scored on a 38-yard run, followed by a Loudder kick.

Martinez rushed three times in the game, gaining 106 yards and scoring a TD each time he touched the ball!

The Longhorns poured

it on in the 2nd quarter with 20 more points. Trevor Gartin ran over from the 2, Martinez ran one in from the 49 and Kolby Wilkerson had a 50-yard punt return. Loudder added one kick.

So Lazbuddie led 36-0 at the half.

In the 3rd quarter, the Jayton TD was sandwiched between a 20-yard TD run by Martinez and a

15 yard TD pass to Loudder from Sterling "Spud" Via. Loudder added 2 kicks for extra points.

Longhorn of the Week

Coach Scisson named Andrew Martinez as the Longhorn of the Week. He rushed 3 times for 106 yards and 3 touchdowns. On defense, he made an interception.

Steer of the Week

Coach Thompson named Taylor Nichols as the Steer of the Week for his performance against Portales. He rushed 18 times for 130 yards and one TD.

Portales nips Steers

The Farwell Steers were nipped last Friday, 14-12, by the New Mexico Class 3A Portales Rams.

The Steers had jumped off to a 12-0 lead before Portales was able to also score twice, with their kick conversions making the difference.

Farwell, 0-2, travels to Nazareth on Sept. 21 for a game at 7:30 p.m. against the Swifts.

Farwell started at its 37. Carlos Garcia gained 8 for a first down, then Taylor Nichols kept for 16. Thomas Ortiz had runs of 10 and 7 yards. But a 4th down pass at the Rams 16 failed.

On defense, Josh Curtis, Casey Meeks and Ortiz had good tackles and Portales punted.

Farwell moved the ball well against a state powerhouse. A Nichols pass to Cale Stevenson was good for 11. Garcia ran for 6, and Nichols for 18. Ortiz gained another 1st down. The drive ended with a minute left in the first quarter on a 12-yard TD run by Garcia. It was the Steers' first TD of the young season. The kick misfired and Farwell led 6-0.

On defense, Ben Oppliger had a strong tackle. Fidel Ruiz had a TD-saving tackle. Then Oppliger and Brice Hunt combined on a big QB sack, for a 12-yard loss. Another Hunt tackle, and the Rams had to punt.

Starting at their 16, Garcia ran up the middle for 21. Then Nichols took the same route, shedding tackler, raced for a 63-yard TD with 8 minutes left in the half and a 12-0 lead for Farwell.

Portales started near midfield. Oppliger had another big tackle. Then Hunt recovered a fumble. Farwell lost a fumble moments later, and Portales scored on a 34-yard run with 3:37 left. The kick closed the margin to 12-7.

Casey Meeks returned the kick to the Farwell 39. Neither team could mount a drive as the half ended.

In the 3rd quarter, Portales started at its 40. Gaby Garcia had a good tackle and the Rams punted. The teams traded possessions. Nichols scrambled for 7 but a cramp took him out of action for awhile. Lonnie McFarland went in at QB.

In the final period, helped by a penalty, Portales moved the ball downfield on the ground. The Rams scored at 9:13 with a 5-yard run, followed by the kick.

Casey Meeks returned the kick to the Steers 38. After Farwell lost a fumble, Casey Meeks and Hunt had strong tackles. Casey Meeks had a QB sack then not only stopped the Rams but pushed them out of field goal position. Randy Armstrong also had a good tackle.

With 6 minutes left, Farwell started at its 15. McFarland passed to Garcia for 7 yards. On 4th and 3, the Steers went for it and made it. Nichols ran for another 1st down, then passed to Garcia for 5 yards.

With 2 minutes left, and 4th and 4, Nichols ran for a 1st down at midfield. A pass to Garcia put the ball on the Portales 30. But on a 4th and 8 play, a pass failed.

Team stats were: 1st downs, Farwell 13, Portales 8; rushing yards, Farwell 41 for 219, Portales, 36 for 156; passing, Farwell 5 of 17 for 35, Portales 2 of 6 for 6; punting average, Farwell, 30.5, Portales 38.2; and penalties, Farwell 2 for 25 yards, Portales, 3 for 25 yards.

Individual stats: rushing -- Nichols, 130 yards; Garcia, 54; and Ortiz, 42. Garcia caught 3 passes for 23 yards.

Letter to the Editor

Dear Editor:

In light of the devastation of Tuesday's terrorist attacks on the United States, it is time that all citizens stop to reflect. Several students complacently said that there is nothing to worry about in this particular area. Well, they are wrong. There are military, nuclear and oil field sites within only a short distance of the Clovis, Portales, Farwell and Texico areas.

Now, to top off the disaster that has already occurred, there are bomb threats to businesses and on campuses in this area. In fact, one person has been injured by a small explosive device on one of our campuses. **WHAT IS WRONG WITH PEOPLE?**

In the aftermath of mass destruction -- which has claimed more lives than Pearl Harbor -- there is no room for foolishness. This is a time for all Americans, of every race, and of both sexes to stand tall, stand proud and stand together. We need to display a united front for the entire world to see. These petty acts of violence cannot be. Now is the time for all men and women to demonstrate their patriotic unity.

Take a good look at our flag. Do you know what that blue field of the canton stands for? What do the fifty stars represent? Why are there red and white stripes on the field of the flag? What do these symbols stand for? If you don't, then you should. The blue represents vigilance, purity and innocence (Courtesy of the World Book Encyclopedia).

Have not enough innocent lives been lost? Is this not a time for courage and hardiness? Should not every American be vigilant, persevere in the face of this tragedy, and seek justice? If you can say yes to any of these things, then you should unite with your fellow men and women through the dark and trying days and months ahead to do all that you can.

Examine our money. It says "In God We Trust" on every coin and bill. This is a nation founded on Christian principles. There is also the phrase: "e pluribus unum" on our coins and bills. This phrase means "One out of many." It means, one nation out of many peoples. Can we contemplate these things and not be proud?

Citizens of the Clovis and Portales area, all surrounding communities, I implore you to reflect on what has happened, and not create more havoc on a nation already wreaked with havoc. Unity, perseverance, and love for each other is what we need to display for all the world to see. Anything else diminishes the lives of the innocent people lost on Sept. 11, 2001.

Thank you one and all and may God bless each and every one of you.

Fire Calls

Farwell firemen were called to the Farwell Community Center on Sept. 17 where a transformer was on fire.

Farwell raises water charges

The Farwell City Council on Tuesday hiked the basic rate for water usage by customers from \$7.60 a month to \$20 a month, effective Oct. 1.

The big increase is needed to help pay for the land acquisition for new water well sites.

Attending the session were the engineer for the project and representatives of the Panhandle Regional Planning Commission.

With the help of the PRPC, Farwell has received a \$250,000 state grant.

Also, the city is planning to issue notes over a 5-year period worth \$375,000.

Those amounts are necessary to buy land east of the city and build wells there.

Mayor Jimmie Mace said the goal is to have four new wells pumping by April.

So the city is proceeding with the land purchase and wells' construction to ensure water for the city's future.

At the meeting, a progress report was made on the purchase, easements, legal descriptions, etc. The city is dealing with several property owners.

In other business, the council:

-- Heard that Duncan Disposal was raising the fee they charge the city for trash pickup a bit.

The city charges customers a little more than Duncan charges it.

So it appears that the city will not raise its rates -- \$15.90 for residents, and \$17.90 for small businesses and non-residents.

Those amounts are still higher than what Duncan will charge the city, effective Oct. 1.

-- Discussed a problem with alcohol being served at functions at the Farwell Community Center. The city's rule is that alcohol cannot be served.

Also, a problem with trash thrown outside after some functions was cited.

No decisions were made. The question was: how do you enforce the alcohol and trash issues.

-- Adopted a tax rate of .4696 cents per \$100 assessed valuation, up 3 percent over this year.

-- Okayed revising the weeds and junk ordinance to include more items,

Farwell Schools upgrade their technology

Farwell High School has received a \$50,000 TIF (Telecommunications Infrastructure Fund) Board Grant, that was written and implemented by Susan Johnson, librarian; Jimmie Mace, technology director, and Dorris White, business information instructor.

It allows students to experience up-to-date technology. Classrooms, outfitted with wall-hung, 34-inch screen Internet-connected televisions (NET-TV) linked to new computers, offer students the capability to view on-line resources, to facilitate note taking, and to observe live and taped TV programming or video taped recordings during classroom instruction.

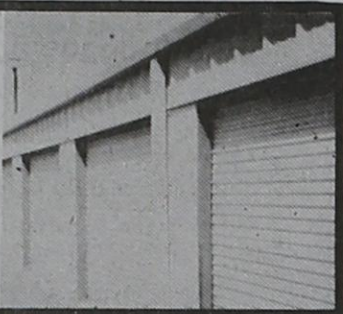

The NET-TV monitors display Internet screens in

subjects such as language arts, geography, social studies, business, history, science, Spanish and library research.

A recent example of instruction using the new technology involved students in Spanish III class reading current online news on CNN en Espanol. Then, the students responded to the current news while applying grammar and vocabulary directives from their teacher.

In addition to the classroom NET-TVs and attached computers, the high school library and computer labs received several computers and laser printers for online research and software application. Also, the communications department bought a digital movie camera.

the phone or by e-mail. I'm praying for just one person to call me," said Bill.

As we all watched, listened and read about the events of last Tuesday, many have had the desire to make a contribution to the efforts and to the families of the victims.

Many would also simply like to write a letter to the firefighters, the policemen and/or the people of New York City and Washington, D.C.

Here are a few of the addresses and telephone numbers for such efforts:

- New York Firefighter's Memorial Fund - 1-877-863-4783. This number may or may not be accessible from this area, if you can't reach this by phone, donations and letters may be sent to the following:

Every area resident who had to travel last weekend had stories to tell.

Ronald Byrd went to Reno, Nev., for the National Air Races, which definitely would be held, their officials said. But then flashed the message across the TV screen that the air races were cancelled.

Don Oppliger was in Nebraska tending to business. Due to the airline cancellations, he drove back on Friday so he could see his son, Ben, play in the Farwell Steers football game.

Charles and Margaret Aycock were in London, England, last week. They returned home over the weekend, but only after 5 1/2 hours of security clearances. Security personnel removed items like combs and safety pins from their belongings before allowing them to board the aircraft for the flight across the Atlantic Ocean.

The Latest

To reserve a booth for the annual Christmas bazaar in Friona on Nov. 16-17, contact the Parmer County Extension Service at 481-3300 for reservation forms.

Farwell Police Chief Robert Achterberg reported two vehicle accidents occurring in Farwell this week, without injuries.

That raises the total of car mishaps to four in the past two weeks.

such as rubbish, brush "and other objectionable, unsightly, or unsanitary matter."

Also, weeds will not be allowed higher than 12 inches.

-- Met with Paul Fulcher, of Farwell's EMS department. His wife, Aloha, is Farwell EMS director. He wanted to dispel several rumors:

1. He isn't moving to Friona. He plans to move to Farwell.

2. The response time of the Farwell EMS averages about six minutes. The state wants EMS units to respond within 20 minutes.

3. State funds set up the Internet service.

4. The EMS doesn't want the city to subsidize paying for calls. The EMS just wants the city to support it financially for training, continuing education, etc.

5. The EMS has not missed any calls. If Farwell has no one available, they immediately call another EMS.

Last spring, they got a call from the Farwell Convalescent Center and didn't have the two qualified EMTs needed, so they called Clovis EMS, which responded in less than 20 minutes.

-- Discussed the problem of folks moving houses into the city and not fixing them up although they had verbally agreed to.

In the future, a written contract may be used when folks want to move a structure into the city. This is due to a recent

court case the city was involved in, when the jury criticized the fact that the agreement was verbal, and not written.

Until a decision is made, the council may not allow any structures to be moved into Farwell. But no decisions were made.

-- Heard water Supt. Dee Hammit report that the city's No. 3 well was hit by lightning, and had to be replaced.

-- Heard Police Chief Robert Achterberg respond to complaints some citizens have made to the council about him:

1. He does not drive to Clovis in his police car except for official business.

2. He said issued over 60 letters of complaints this year on weed and grass problems, and junked vehicles. He said most folks comply.

3. He keeps his cell phone on him 24 hours a day, and it's always turned on.

4. He keeps a mileage log.

Achterberg also said he is working 30 or more hours of overtime each month and not being paid for it. Much of it is due to being at sports events.

He also said some property owners think it's the city responsibility to mow in the alleys, although city laws says the property owners must maintain the city-owned right-of-ways in back and front of their homes.

-- Approved a building permit for Jerry Ellison, 900 6th St., a 10' roof extension.
