# Vandals, Yeggs Out In Force

## Hit Six Places During Past Week

Parmer and Curry county law enforcement officers have been busy this past week investigating a series of break-ins, all of which have resulted in stolen cash and merchandise, and property damage.

In Texico-Farwell and Parmer County, there have been six break-ins since last Friday, in addition to several in Clovis and Muleshoe.

The latest break-in occurred Wednesday night at Texico School when vandals entered the superintendent's office, the gymnasium, the lunchroom and several classrooms. About \$50 in cash was stolen, along with several miscellaneous items, including fountain pens and a stop watch.

Damage to the school buildings and school property ran into several hundred dollars. Entrance to each of the buildings was made by breaking a glass and opening the door.

In the school secretary's office, every drawer on a steel filing cabinet was pried open and it was ransacked. Roxie Crooks, secretary, estimates that insurance money and lunchroom collections in the cabinet totaled about \$50.

The Texico break-in, which was investigated by Curry County Sheriff Nelson Worley and Parmer County Sheriff Chas. Lovelace, was similar to one occurring at the Bovina School Friday night.

The burglars made off with only \$4.50 in cash at Bovina, but they did an estimated \$1,000 damage to a safe and the school building. Tools were taken from the vocational agriculture department and were used to break into the building and in an attempt to break open the safe.

Considerable damage was done to the safe, but the burglars were unsuccessful in reaching its contents, which included \$1,000 in cash and \$600 in checks. The safe had the receipts from Friday night's football game.

Various small windows in doors throughout the building were broken, and locked doors which weren't opened, showed signs of being jimmied,

according to Deputy Sheriff Henry Minter, who investigated the break-in with Sheriff Lovelace.

Also on Friday night, someone entered Watts No. 1 Service Station on Highway 60 in Farwell and made off with about \$140 in cash. Entrance was made through a back window. The yeggs took a key from the cash register and got into a cash box, according to Cecil Rundell, who has the station leased.

Three more break-ins occurred Monday night, the largest one being at Gladys' Ready-to-Wear, where an estimated \$300 in women's clothing was taken.

The thieves entered the store by prying open the back door. Underwear and outer wearing apparel were taken and the burglars were selective in the merchandise they took--taking mostly sizes 32 and 36. Also, costume jewelry was reported missing.

Two businesses in Bovina were broken into the same night and about \$50 in cash and cigarettes were stolen. At Hartwell Machinery, burglars took \$25 in cash, and at Three-Way Chemical they got about \$5 out of vending machines, along with some cigarettes.

HERE'S HOW BURGLARS GOT IN to Gladys' Ready-to-Wear, where they made off with about \$300 in women's clothing. Shown above is the back door which they tore the knob and latch out of. Surveying the damage to the door is Deputy Sheriff Tom Atkins.

FIFTIETH YEAR

SECTION 1

## County Agent Resigns Post

Joe W. Jones, Parmer County agricultural agent for the past 11 1/2 years, last week submitted his resignation to the Parmer County Commissioners Court.

His resignation will be effective Friday, September 15, at which time he will join the staff of Security State Bank in Farwell.

G. D. Anderson, president of the bank, says that Jones will learn the banking business and will be a special agricultural agent for the firm.

It is not known when a replacement for Jones will be named, but Loyde Brewer, county judge, says that "the district agricultural agent, W. W. Grisham of Amarillo, told the commissioners court that one would be named as soon as possible."

Grisham may have a replacement for Jones Monday, and if so, he will meet with the commissioners court at that time. Jones, who came to Parmer County in March of 1950, has assisted Parmer County farmers with technical advice and has been a leader in various programs, all of which have been designed to help the farmer in an intensified and scientific program.

He has worked with farm organizations in promoting such things as weed control, brucellosis inspection farm safety, soil tests, and various other programs. Also, under Jones' leadership, 4-H work has been expanded throughout the county. "Naturally, we hate to lose Joe Jones as county agent," says Judge Brewer, "but we are happy if he is entering a job which has better opportunities."

(Continued on page 8.)

## Jury Indicts 18

Eighteen indictments were returned Tuesday during the first fall session of the Parmer County grand jury.

The jury met at 10 a. m. and by 7:30 p. m. had investigated more than 20 cases.

District Judge E. A. Bills is scheduled to return to Parmer County sometime within the next two weeks to conduct a session of district court in which several of the persons indicted will be returned.

Persons indicted by the jury were: R. J. Sandlin and J. B. Ricketts, forgery and passing check; Harold Eugene Peters, burglary; John L. Kelley, fraudulent removal of mortgaged property from county; C. H. Webb, abandonment of wife and children; Ronnie Wines, burglary; Gary Buntin and J. D. Rash, felony thefts; Harvey C. Ripptor, William D. Clapper, Carl E. Copeland and Billy Wayne Machen, burglary; and Johnie Lewis, two counts for forgery and passing a check.

The names of four other persons indicted by the jury were withheld, pending arrest by the sheriff's department. All of the above-named persons are either in custody in Parmer County jail or have been released on bond.

JOE JONES

J. H. FORD

## Rites Held For J.H. Ford

Funeral services for J. H. Ford were conducted Wednesday at 3 p. m. in the Hamlin Memorial Methodist Church. Rev. Robert O. Tomlinson, pastor of the church officiated, assisted by Rev. Harry Webb, pastor of the Rosedale Baptist Church.

Burial was in the Texico Cemetery under the direction of Steed Funeral Home. Grandsons were pallbearers for the services.

Mr. Ford, who was 85, had lived in the area since 1907. He was born in Clay County Texas June 5, 1876, and was married to Miss Sallie Robinson at Southwest City, Missouri, on December 20, 1899. They lived in Missouri for 8 years before coming to this area.

They homesteaded 4 miles north and 1/2 mile west of Bellview and moved to Farwell in 1943.

Mr. Ford passed away Monday in a rest home at Anton where he had been for several months.

Survivors are two sons, Ray of Farwell and Roy of Bellview; one daughter, Mrs. Maud Leird, Clovis; nine grandchildren; 18 great-grandchildren; one sister, Mrs. General Mullins of Southwest City, Missouri; and two brothers, Gillie of Grove, Okla., and Lemual of Lefors.

## Season Ducats Now On Sale

W. M. Roberts, Farwell school superintendent, announced that season tickets are now on sale at his office for \$5. The ticket entitles the holder to attend all varsity, B team and junior high football games played at home.

Admission per game is \$1 for adults, 50¢ for students and 50¢ for parking a car inside the field. Gates will open at 6:30 for all games.

## Services Today For Mr. Stewart

Stanley (Heavy) Stewart, long time resident of this area passed away Wednesday morning at his home in Dumas following a heart attack.

Mr. Stewart who was 68 years old, lived in Texico for many years before moving to Dumas last year where he worked on the Sneed Ranch.

Services were conducted at 2:00 today in the Texico First Baptist Church.

Survivors include his wife, Dede; one son, Beale; and a daughter, LaDonna. Four brothers, Virgil, Norwalk, Calif.; Jim, Comanche; Gilliam, Big Spring; and Fisher, Las Vegas; and two sisters, Mrs. C. E. Hillis, Sidney; and Mrs. Bertha Selman, Clovis; also survive.

## Rotary To District Institute

Bob Tomlinson, president, and six other members of the Texico-Farwell Rotary Club attended a district institute in Roswell Saturday.

The District Governor from Pecos had charge of the general program, and Paul Welch from Los Angeles represented the President of Rotary International by leading a discussion on the functions of Rotary club officers.

Bob Tomlinson and Bob Crume appeared as members on two panel discussion groups.

Attending from the local club were Bob Tomlinson, Bob Crume, Joe Jones, Prentice Mills, Buck Doran, Bill Boling and Bud Peyton.

## Farwell FFA Boys Fete Parents

Parents of the Farwell FFA boys were feted Monday evening with an ice cream and cake social at the school agriculture building.

Dominoes and "42" were played after the approximately 110 persons attending had been served. School board members and school administrators were special guests.

## Steers Seek Second Win At 8 Tonight

Farwell's Steers, who have been showing improvement in workouts this week, will be going after the second win of the season when they clash with the Bovina Mustangs tonight at 8 o'clock in Bovina.

The Mustangs, who lost to Springlake 14-0 in the season opener last week, are expected to be a tougher foe than the Friona Chiefs, who the Steers beat last week, 20-0.

Always "up" for the game with their county seat rivals, the Mustangs are much improved over the team that last year battled the Steers on even terms for three quarters before bowing 44-12.

Even though Farwell will be an odds-on favorite to win their second game against a Parmer County foe, the Mustangs have served notice that they are out to break a six-year drought against the Steers. Not since 1954 has Bovina defeated Farwell in a football game.

Farwell coach Dempsey Alexander says that the Steers have been looking better in workouts this week and should be improved over the team that took the field against Friona. "In the Friona game, we looked pretty good at times and at other times we looked bad," the coach says, adding that "Our defense looked better than our offense."

He cited three players, Dickie Gerles, Max Field, and Bobby Actkinson for standout defensive performances, along with "the whole secondary." "I especially thought that our pass defense looked good," the coach adds.

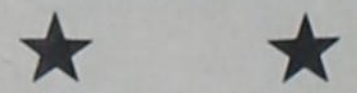

Offensively the Steers had three backs who compiled most of the yardage in the Friona game. They were Full Back Joe Reed, who picked up 123 yards in 12 carries; Danny Lindop, who got 74 yards in 6 carries; and second-string fullback Jerry Herrington, who rolled up 71 yards in 10 trips.

In the Bovina game, Jerry Lovelace will probably again witness most of it from the sidelines, the coach says. His broken hand is better, "but we don't want to chance getting it injured again," Alexander says.

The Steers' big fullback will however, again be available for kicking chores and limited duty if needed. Lovelace has had his hand out of the cast for about a week.

The starting line-up for the Steers will be the same as it was against Friona. The Steers will outweigh the Mustangs 13 pounds per man in the line and about four pounds in the backfield.

Farwell's defensive unit will be trying especially hard to keep its goal line uncrossed, having vowed after last week's game to go a long way without letting the opponent score. The Steers hope to surpass the record of the great 1956 Farwell team that went through five straight games without being scored upon.

## Steers Make Friona First Victim, 20-0

A scrappy band of Friona Chiefs turned out to be a tougher foe than had been anticipated, but it didn't stop the Farwell Steers from recording a victory in last Friday's football season opener, 20-0.

Prior to the game, it was thought that the small, inexperienced Chiefs would be no match for the powerful Steers. In fact, some observers felt that the two teams shouldn't be on the same field together.

The Chiefs quickly squelched all such pregame notions, however, by stopping the high-ranking Steers in their tracks on the first series of plays. The Steers took the opening kickoff, and after their first three plays from scrimmage, found themselves pushed back six yards rather than making any forward progress.

After that, the Steers' talented backfield did start moving against the Chiefs, but at no time did they run wild as had been expected. Farwell's three touchdowns, one coming in each of the first three periods, were

all hard-earned. The Chiefs were never able to muster a sustained offensive drive, but they did on numerous occasions penetrate the rugged Farwell line for some fine gains.

Everett Gee, wiry 145-pound fullback for the Chiefs, and Quarterback Floyd Reeve and Halfback Tommy Baxter, each were impressive at times, and went for sizable gains when the Friona line opened holes in the Farwell defensive wall.

However, when the chips were down, the Steers' line, which outweighed Friona's by 20 pounds per man, always seem to tighten up and halt the Chiefs before they could move very far into Farwell territory.

Farwell's first touchdown came the second time the Steers had the ball. They had taken over from the Chiefs, who had failed on a fourth and two situation, on the Friona 40.

From that point, Steer Halfback William

(Continued on page 8.)

## Change Planned At Red Cross Drug

A change is contemplated at one of Texico's oldest family owned businesses, according to Leroy Faville, who has operated Red Cross Drug. The business has been a family enterprise for over a half-century.

Plans now are to sell or close the business, says Faville. He does plan to continue his insurance business, however.

The store was originally operated by the late B. O. Faville, the father of the present owner, who took over operation 51 years ago. Leroy has been in the business for the past 36 years.

VICTORY, VICTORY is the cry Farwell's five perky cheerleaders who will be leading the high school rooting section at Bovina Friday night, and at football games throughout the season. The girls, are from left to right, Brenda Dale, Carolyn Lindop, Carolyn Routon, Bonnie Cochran, and Doris Donaldson, Farwell's first home game of the season will be next Friday against Lazbuddie.

# Senate Bill Seeks Control Of Equipment Buying

BY I. T. HARRELL

Purchase of Parmer County road building equipment may be placed under the jurisdiction of the State Board of Control at the next session of the Texas legislature.

Senator Andy Rogers, Parmer county's state senator, introduced into the legislature in July, 1961, a bill (Senate Bill No. 8) which would require counties to purchase their road building equipment, tires and tubes through the State Board of Control or forfeit their right to participate in the Lateral Road Program for two years.

Following receipt of the bill and a letter from Rogers defending the bill, the Parmer County Commissioner's Court adopted a resolution opposing the bill at the August 28 meeting.

Several proposals to cut off all Lateral Road Fund aid to counties except for actual retirement of old road bonds have been made to the legislature, and another fight is brewing Rogers wrote.

"The best way to meet their arguments is to show that we are using all of our county money, especially the lateral road money to the best possible advantage," Rogers wrote.

"That is the primary reason I introduced S. B. No. 8."

Under the Lateral Road Program, a county could vote bonds and build roads within the county. Then, if the road met the specifications of and was accepted by the state, the roads would be maintained by the state.

Lateral road fund allotments could then be used to retire the bonds.

Parmer county did not vote bonds to build roads and has been using the lateral road allotment to maintain unpaved county roads, Loyde Brewer, Parmer county judge, reported.

"During the past few years, this has amounted to \$27,000 per year," Brewer said. "This year, it will be \$33,000."

The lateral road fund is derived from the state gasoline tax.

Other points given in support of the bill by Rogers are briefly:

1) Nearly every brand of tire is already represented on the Board of Control's state contract. The only change would be in the price paid.

2) Used equipment could still be sold independently.

3) Quality and service would not be sacrificed for price.

4) Counties would have at their disposal, John Nations of the Texas Highway Dept. to help see that the very best equipment and machinery for whatever job arose was available at con-

siderable savings.

5) The bill would present the opportunity to save \$1.5 million to \$2 million per year of state-county tax money.

Reasons for opposing the bill as stated in the resolution adopted by the Parmer County Commissioner's Court are:

1) Adoption of this proposed

legislation would further Socialism in this country by taking a matter of local government away from local people.

2) Parmer County Commissioner's Court believes it has an obligation to purchase as many supplies as possible from local people and local taxpayers at competitive prices, thereby having some control over prices paid, quantities purchased and brands purchased.

3) County Commissioner's court has learned by experience that in many instances money can be saved by buying locally instead of through the State Board of Control.

4) The Court has observed the inefficient manner in which the State Board of Control operates in the disposal of property acquired through the operation of the fifty-fifty Right-of-Way program.

5) The adoption of this proposed legislation would mean financial ruin for Parmer County and other counties in the state by taking away their Lateral Road Funds if the counties do not comply with the proposed bill and would place an additional burden on local taxpayers.

Mrs. Joe Magness and Mrs. Ted Magness, Kim, Kristi and Kirk, left Farwell on August 24 for a visit at Medina Lake with the former's parents, the T. F. Worthans.

## Recent Bride Is Shower Honoree

Mrs. Larry McDorman, the former Carolyn Birchfield, was feted with a post-nuptial shower at the Farwell home economics building last Friday evening.

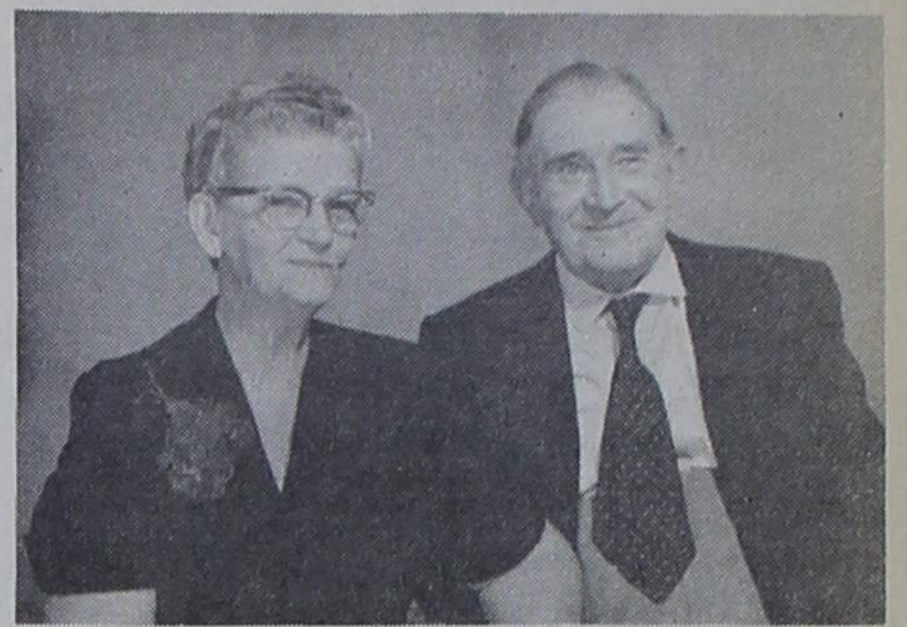

Pink and white were used in decorations for the affair, with a white organdy cloth over pink covering the serving table. A crystal punch bowl with pink punch was at one end of the table, with the silver coffee service at the other. Centering the table was a large wedding bell flanked on either side by white tapers in crystal holders.

Pink and white party cookies, nuts and mints were served with coffee and punch, and white napkins were used.

Mrs. Lexie Branscum registered guests at a lace over pink covered table which was centered with an arrangement of pink roses.

Hostesses for the affair were Mesdames Johnny St. Clair, Bunk Phillips, Lexie Branscum, Shorty Robertson, Ted Sheets, Oscar Hubbell, O. C. Harriman, Preston Martin, B. V. Hughes, Doris Ford and Phillips Crume.

The honoree, her mother, Mrs. Curtis Birchfield; and the bridegroom's mother, Mrs. James McDorman, were presented with corsages of kitchen utensils tied with white and silver bows.

MR. AND MRS. JERRY J. SPURLIN

## Spurlins Observe 50th Anniversary

Mr. and Mrs. Jerry J. Spurlin of Texico recently celebrated their Golden Wedding anniversary with a reception at their home.

Approximately 70 friends of the couple called in their home from two to five on Saturday, September 2.

Wedding cake and golden punch were served to guests from a linen and lace covered table. Cut flowers and potted plants were used throughout their home for the occasion.

The Spurlins have two daughters and one son, who were all home for the occasion. They are Mrs. Treva Chambless, and Mrs. Jeroldine Baumgart of Clovis and Rev. J. J. Spurlin of El Paso. All of their six grandchildren and five great-grandchildren were also at the celebration. They include Dwayne Chambless, Errol Baumgart and family, Mrs. Patricia Gafford and family all of Clovis and J. R., LaVerne and Jerry Spurlin of El Paso.

Margaret (Mattie) McLean and Jerry J. Spurlin were united in marriage at Canyon on September 2, 1911. Rev. C. L. Smith performed the ceremony. They made their home in Amarillo for two years before moving to New Mexico in 1914. They filed on farm land northwest of Clovis in the Ranchvale community where they farmed for many years. They have made their home in Texico since 1927.

Both of the Spurlins are pioneers of the southwest. Mr. Spurlin worked on the Diamond Trail ranch near Matador as a young man and Mrs. Spurlin grew up on the McLean ranch north of Texico. At the time of her marriage she was attending school in Amarillo. Attending the reception from out of town were Mr. and Mrs. John Spurlin, Reydon, Okla., Mr. and Mrs. Lynn Spurlin and Gary, Hereford; Mr. and Mrs. Shorty Matlock and Bernice, Forrest; Mr. and Mrs. Ray Edwards, Muleshoe; Mr. and Mrs. Earnest Houlette, Plainview; Mrs. George McLean, Friona; Mr. and Mrs. Claude Byers, Melrose; Mrs. Kate Queen, Bovina; Horace McLean and family, Bovina; and Mr. and Mrs. J. D. Norman, Los Lunas.

## Miss Hillock Weds Joe Wayne Harper

Miss Ruby Karyn Hillock, daughter of Mr. and Mrs. Myron Hillock of Farwell, became the bride of Joe Wayne Harper, son of Mr. and Mrs. Clayton Harper of Seagraves, in an impressive double-ring ceremony at the Oklahoma Lane Methodist Church, Sunday, September 3.

Focal point of the altar setting, before which Rev. Doyn Merriman read the vows, was a large cathedral window. A bouquet of white mums placed behind the window was flanked on either side by candelabra holding orange tapers. White roping caught at intervals on white wrought iron posts flanked the satin covered prayer bench. Potted palms were interspersed throughout the setting.

Given in marriage by her father, Miss Hillock wore a ballerina length gown of Chantilly lace over taffeta designed with a scoop neck, and long sleeves which tapered to petal points over her hands. The full skirt of the gown extended from the fitted bodice which came to a point in front. A crown of seed pearls held her shoulder length veil of silk illusion.

A white Bible given to the bride by Mrs. Lee Jones, formed the base for her bouquet of white orchids and roses. In keeping with tradition she wore her Great-Grandmother Rundell's wedding ring for something old and borrowed. Her wedding ensemble was new and she wore a blue garter which was given to her by a cousin, Sandra Rundell.

Attending Miss Hillock as maid of honor was Joan Hubbell of Farwell. She wore a

street length dress of burnt orange velveteen fashioned with a full skirt of soft pleats, round neckline and short sleeves. She carried an arrangement of long-stemmed bronze mums, ferns and yellow pom-poms. Bridesmaids, Cynthia Richardson, Childress; and Sibyl Williams, Petersburg, wore dresses designed along the same lines.

Lloyd Thompson, soloist, was accompanied by Bill Woods at the piano as he sang "Because", "With This Ring," and "The Wedding Prayer."

Best man was Stanley Reed of Slaton. Candlelighters were Gary Harper, brother of the groom, and Kim Rundell, cousin of the bride. Douglas Hillock, brother of the bride, and Troy Snodgrass were ushers and Gordon Hillock, cousin of the bride, from Clovis was ring bearer.

For her daughter's wedding Mrs. Hillock wore a magenta wool sheath dress designed with elbow length sleeves. The groom's mother attended the wedding in a magenta wool dress. Both women wore white carnation corsages.

Out of town guests at the wedding included Mr. and Mrs. Richard Harper and family, Hobbs; Mr. and Mrs. Buddy Harper and family, Artesia; Mrs. Leo Halbert, Crowell; Mrs. Cris Reed, Slaton; and Mrs. Richardson, Childress.

For a wedding trip to points in New Mexico Mrs. Harper wore a mint green wool box suit with brown accessories and the orchid from her wedding bouquet.

Mrs. Harper graduated from Farwell high school in 1960 and attended Draughon's Business School in Lubbock. She is now employed at SIC in Amarillo. Her husband graduated from Seagraves high school in 1959 and is a junior at West Texas State College in Canyon where he is majoring in music. He is a member of Kappa Kappa Psi.

The Harpers are making their home in Canyon at 408 22nd Street.

## Community Center Scene For Meeting

The Pleasant Hill Community Building was the scene for the first fall meeting of the extension club. The all-day meeting was held Thursday, with Mrs. Clarence Smith as hostess.

Following a covered-dish luncheon at noon, Mrs. Maurice Clark showed members a magazine rack which she had constructed during a county workshop.

Attending were Mesdames Frank Hemke, Byron Bufford, Tom Burnett, Maurice Clark, Juan Eskew, Elmer Langford, H. M. Hooper, Mason Neely, Lowry Winkles, Eric Pierce and Martha Heinz.

Next meeting will be on September 21 with Mrs. John Fange as hostess. Members will work making aluminum trays.

## Miss Hughes - Don Freiling United In Formal Ceremony

In a formal ceremony Sunday, August 20, in the Hillcrest Church of Christ in Abilene, Miss Jeanette Hughes, daughter of Mr. and Mrs. B. V. Hughes of Farwell became the bride of Don Russell Freiling, son of Mr. and Mrs. H. R. Freiling of San Antonio.

Appropriate music was provided by a double quartet of students from Abilene Christian College, Martha Burleson, Doris Newhouse, Mary Lois Newhouse, Mr. and Mrs. George Baker, David Hughes, Max Harper and Roger Helgison.

Preceding Miss Hughes to the candlelit altar were Linda McPhaul, Maid of Honor; and Charlotte Powell, bridesmaid.

They were dressed identically in yellow cotton satin gowns styled with roll collars, cap sleeves and bouffant skirts which were accented with bows at the waist. Wisps of illusion were held by miniature yellow crowns and they carried bouquets of Esthereed daisies and English ivy.

For her wedding the bride chose a formal gown of silk organza fashioned with a roll collar and bouffant three-quarter length sleeves. Rows of lace daisies enhanced the front bodice of the gown and extended from the waist to the hem of the floor length skirt. The bridal bouquet of white gardenias, carried atop a white Bible, had cascading stephanotis and satin streamers.

Her waist length veil was caught by a crown of seed pearls and orange blossoms which she borrowed from Mrs. Jimmie Roberts.

In completing tradition she carried a penny minted in the year of her birth for something old, new was her wedding dress and she wore a blue garter. A gift from the groom, a pearl necklace, completed her bridal ensemble.

Best man for his brother was Wayne Freiling from San Antonio, and groomsman was Johnny Veltman.

Candles were lighted by Gary Arnold, and Lyle Harris, cousins of the groom. Ushers were Joe Hughes, brother of the bride; Duane Purcell, Wally Adams and Bruce Davis.

Vows were exchanged before a lighted nine-branched candle tree which was flanked with

seven-branched candelabra and spiral candle trees. Baskets of greenery were interspersed throughout the altar setting.

Mrs. Freiling is a 1957 graduate of Farwell high school and graduated from Abilene Christian College in May where she was a member of Delta Theta Social Club, SEA and a cheerleader.

Her husband graduated from Edison high school in San Antonio in 1956 and graduated in January from Abilene Christian College where he was a member of Blue Key National Honor Fraternity, Phi Alpha Theta National Honor History Fraternity, Sub-T-16 Men's Social Club and a three-year football letterman.

Mr. and Mrs. Freiling are now employed in the Abilene Public School system.

Following the wedding, a reception was held in the parlor of Nelson Hall. Hostesses were Misses Lindy Merriott, and Becky Purcell and Mesdames Jaryl Young, Richard Freiling, John Arnold and Bill Mills. Guests were registered by Glenna Davis of Farwell.

## Gleaners Have September Meet

The Gleaners Sunday School Class of the Farwell First Baptist Church met in the home of Mrs. U. L. Lesly for their September meeting.

The devotional, "What We Do With Our Time," was given by Mrs. J. L. Bass who used Joshua 11:15 for the scripture reading.

Incoming officers were approved for the coming year with installation services set for the October meeting. Mrs. Clyde Magness will be installing officer.

Refreshments of coconut cake, coffee, tea and mints were served to Mesdames J. L. Bass, R. T. Langston, Bruce Blair, Otis Huggins, Mildred Erwin, Dora Johnson, Clyde Dial, Merrill Turner, Raymond Martin and U. L. Lesly.

## Homemaking Club Meetings Resume

Texico Modern Homemakers Club will resume meetings for the fall and winter months in the home of Mrs. Paul Skaggs Tuesday morning at 8:30 (mst).

Mrs. Elmer Langford from Pleasant Hill will present a demonstration on dried arrangements. Visitors and prospective members are welcome.

One good way to save face is to keep the lower half shut.

A LOCAL FISHERMAN, Bruce Blair, caught this 17" 2 1/2 pound Rainbo Trout while stream fishing at Red River recently. The Blair family returned last Sunday evening after spending several days at Red River with her brother and family, Master Sgt. and Mrs. Edward Banks and daughter from Denver, and her mother, Mrs. Lois Banks from Electra.

### Miss Reed Named Scholarship Girl

Miss Jean Reed, daughter of Mr. and Mrs. Joe Reed of Farwell, has been named Scholarship Girl by the Llanos Altos Association of the Baptist Church, according to word received by the WMS of the First Baptist Church in Farwell. Miss Reed was nominated for the honor by the local group, and will attend Wayland College, under sponsorship of the Association.

MISS JEAN REED  
THE STATE OF TEXAS

### Texico Softball Season Begins

Three Texico softball teams, the senior high boys and junior high boys and girls, began the season Friday at Portales with all three taking easy wins over Causey.

Skippy Tipton and Billy Campbell shared pitching duties for the high school team as they took a 14-3 win over the Tomcats. Lineup for the locals includes Freddie Taylor, short field; Dwight Turner, short stop; Jerry Thornton, third base; Vernon Thigpen, first base; Jerry Walker, center field; Hal Ed Helton, left field; Lynn Doshier, catcher; James Hudson, right field; and Weldon Walker, second base.

Also on the team are Vic Harrington, Wayne Hudnall, Dale Brown, Kit Doran and Don Reid.

Mike Spearman, Ronny Richardson, Gary Simms and Leland Autrey all experienced a perfect day at the plate Friday to help the junior high team take an easy 17-4 win.

Making up the junior high crew are David Barnett, third base; Leland Autrey, center field; Tom Ricksstrew, left field; Ronny Richardson, first base; Gary Simms, short stop; Mike Spearman, pitcher; Mickey Lofton, second base; Neil Lambert, short field; Lanny Doshier, right field; Emmett Autrey, right field; and Wesley Raulie, catcher.

The team will play Dorca at Portales on September 15.

Pauline Taylor pitched for the junior high girls in leading them to a 28-2 win. Others on the team are Joy McLeod, Jody Doshier, Pauline Taylor, Nancy Brantley, Andrea Boane, Vivian Duncan, Sandy Tipton, Marquetta Wall, Kathy White, Teresa Luce, Lynell Ingram, Carolyn Golden and Linda Hudson.

C. B. Stockton is coach for the junior high girls and Johnny Green coaches the junior high boys and senior high boys and girls.

Both high school teams are playing Logan at Logan today.

Barker were in Muleshoe Monday to attend a flower show. Mrs. Buck Taylor was in Muleshoe Sunday visiting in the home of Mr. and Mrs. Hubert Paugh.

TO: R. J. Cross, and should he have ever married, then his unknown wife or wives, J. D. Cross, and should he have ever married, then his unknown wife or wives, Ashel Cross, and should he have ever married, then his unknown wife or wives, John F. Cross, and should he have ever married, then his unknown wife or wives, Josiah Cross, and should he have ever married, then his unknown wife or wives, W. K. McDaniel, and should she have ever married, her unknown husband or husbands, and the unknown heirs, assigns, devisees and legal representatives of any of the above named parties, who are deceased, Defendants, GREETING:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 2nd day of October, 1961, at or before ten o'clock A. M. before the Honorable District Court of Parmer County, Texas, at the Court House of said County in Farwell, Texas.

Said Plaintiff's Petition was filed in said court, on the 16th day of August, A. D., 1961, in this cause, numbered 2225 on the docket of said Court, and styled, N. R. HARDING,

Plaintiff, vs. R. J. CROSS, ET AL, Defendant. The names of the parties to the cause are as follows: N. R. Harding is Plaintiff, and R. J. Cross, and should he have ever married, then his unknown wife or wives, J. D. Cross, and should he have ever married, then his unknown wife or wives, Ashel Cross, and should he have ever married, then his unknown wife or wives, John F. Cross, and should he have ever married, then his unknown wife or wives, Josiah Cross, and should he have ever married, then his unknown wife or wives, W. K. McDaniel, and should she have ever married, her unknown husband or husbands, and the unknown heirs, assigns, devisees and legal representatives of any of the above named parties, who are deceased, are Defendants.

simple, of Lots 23, 24 and 25, of Block 7, Original Town of Farwell, Parmer County, Texas, as fully shown by plat of said Town, of record in the Deed Records of Parmer County, Texas. That on or about the 1st day of August, A. D. 1961, Defendants entered unlawfully upon said land and ejected Plaintiff therefrom, and wrongfully withhold possession from said Plaintiff, as is more fully shown by Plaintiff's Petition on file in this suit. If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs. Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 16th day of August, A. D. 1961.

### Citizens Compete For World Series, Cotton Bowl Trips

Texico-Farwell will have representatives at two of the major sporting events in the country this year, thanks to Farwell businessmen who are sponsoring contests which will result in the winners receiving tickets to the World Series and the Cotton Bowl football game.

The World Series contest is being sponsored by Security State Bank, Holiday Store, Inc., Sherley-Anderson-Pitman, Inc. and Radio Station KZOL. Citizens are being asked to identify a Farwell mystery man, "Mr. X," and each day clues are posted at the Holiday Store and given over the local station.

Each contestant is allowed one vote a week until the contest ends Tuesday, September 26, at 6 p. m. If more than one person identified the mystery man, the winner will be selected by drawing a name out of a hat.

The winner will receive two tickets to two games of the World Series, transportation to and from one of the World Series cities, and lodging while there. If the winner doesn't want to go to the series he may take \$250 cash.

The other contest being sponsored locally is the one which has as its grand prize two tickets to the Cotton Bowl game

at Dallas on January 1. The contest started this week, and each week throughout the football season a list of games in which sports fans will attempt to name the winners will appear in an ad in the Tribune. Complete details can be found in an ad appearing in this week's Tribune.

Sponsors of this contest are AA Bowl, Clara's AA Bowl Cafe, Lone Star Elevator, Sherley - Anderson - Pitman, Helton Oil Company, Security State Bank, Oklahoma Lane Farm Supply, and Nickels Gin.

BY MRS. BUCK TAYLOR

Mrs. Alvis Clark was hostess for a party honoring her daughter, Bettie, on her twelfth birthday. After games had been played guests were served birthday cake and punch. Attending were Glennie Fahsholtz, Pat Fahsholtz, Carolyn Langford, Jackie Fahsholtz, Janine Clark and Terry Pierce. Mrs. Hope Fahsholtz was also present.

Mrs. Elmer Langford and her parents, Mr. and Mrs. Fred

## WHEELS OF PROGRESS

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Nehemiah	4	15-23
Monday	Psalms	128	1-6
Tuesday	Haggai	1	1-6
Wednesday	1 Corinthians	3	1-9
Thursday	1 Corinthians	3	10-17
Friday	Philippians	2	3-11
Saturday	1 Thessalonians	2	8-13

Mass production has taught us a new dimension in cooperation. Now three men operate the same machine around the clock. And as the whistle blows at the change of the shift one hand surrenders the lever to another—while the wheels spin endlessly.

The same ready cooperation is becoming characteristic of the work of our churches. A Church School teacher moves to another city. There is another earnest Christian to take over her class. The term of an officer expires. There are equally qualified men ready to serve if elected.

Make willingness one of your virtues as you go to Church each Sunday. Volunteer for one of the humble yet all-important tasks that keep the wheels of spiritual progress forever spinning.

ESA Meets Monday

Members of the Theta Rho Chapter of ESA are reminded of their first fall meeting to be held Monday evening September 11, at 8 p.m. in the home of Mrs. Pike Jordan in Farwell.

Prenuptial Shower Honors Miss Weese

Miss Kay Weese, bride-elect of Donnie Carpenter, was honored Friday evening, August 25, with a pre-nuptial shower in the Fellowship Hall of the Oklahoma Lane Baptist Church. Hostesses for the event were Mesdames Donald Watkins, Jack Roach, R. E. Blankenship, Lawrence Cooper, Leon Billingsley, Neil Stewart, Delbert Garner, James Roach, Vernon Symcox and Claude Watkins.

Pink and white, chosen colors of the bride-elect, were used throughout in decorations. Centering the serving table, which was draped with a white lace cloth over pastel pink, was a bouquet of pink dahlias arranged in a milk glass bowl.

Pink punch was served from a milk glass punch bowl which was surrounded at the base with pink cream puff. White wedding cake, mints and nuts were served by Mesdames Delbert Garner and Donald Watkins. Guests were registered by Mrs. Neil Stewart.

Miss Linda Nelson played piano selections throughout the evening and accompanied Misses Dorris and Zeldia Donaldson as they presented vocal selections.

Attending the affair were the bride-elect's mother, Mrs. Willard Weese; the bridegroom elect's mother, Mrs. Harold Carpenter; and Mesdames D.W. Carpenter, Walter Kaltwasser, Wayne Hardage, Glenn Watkins, Lora Brown, Dee Brown, W.E. Verner, Troy Christian, James Norton, Kenneth Johnson, Charlie Hromas, Dan Routon, Frank Edwards, Joe Mc-

Williams, Wendol Christian, L. L. Norton, Lee Mason, Dick Gerles, Vernon Jamison, L.M. Hardage, Jesse Terry, Ludene Williams, Herman Gerles, Clarence Johnson, Sterling Donaldson, Melvin Terry, D.L. White, John Aldridge, C. C. Christian, E. W. McGuire, and James Chesney.

Also attending and sending gifts were Mesdames Windbourn Hardage, Ann Smith, R.S. Smalts, Virgil Woodson, J.B. Sudderth, Virgil Schell, Asa Smith, John Porter, Dale McCuan, W. P. Shelley, Clyde Perkins, Robert Rundell, Claud Primrose, Conda Jones, Sam Billingsley, Arnold Freeman, Larry Cooper, Nelson Smith, Bernard Nelson, Bob Hammonds, Guy Cox, W. T. Meeks, Owen Patton, Oscar Hubbell, Thomas Young, Bert Williams, Gilbert Kaltwasser, Grady Herington, A. N. Walls and Levi Johnson.

Also Mesdames M. L. Foster, Powell Foster, R. R. Terry, Fred Kepley, Albert Smith, Jerry D. Owens, Billy Hughes, Gene Verner, Bill Hubbell, C. G. Davis, Melborn Jones, Lee Jones, LaVon Jones, Leon Grissom, Jack Williams, W. E. Martin, Claud Coffey, Louella White, Earl Routon, Lloyd Gopher, Mike McManigal, Jimmy McGuire, L. M. Grissom, V.C. Venable, Woodrow Lovelace, T. L. Kent, Fred O'Hair, Benny Darnell, Lenton Pool, Lee Meeks, Myron Hillock, Howard Garner, Hugh Tucker, J. C. Boone, C. M. Meeks, Henry Haseloff, Dudley Hughes, Cordie Dixon, Billy Johnson, Jimmy Don Moss, Monty Barrett, George Patton, and Jackie Brown.

Also Misses Linda Nelson, Judy Billingsley, Gwen Christian, Coretta Watkins, LaNelle Christian, Tammy Christian, LoyBeth Christian, Dorris and Zeldia Donaldson and Phyllis Christian.

JOTTIN'S By Jeanne

Mrs. Dora Johnson, my next-door neighbor, is still up in the air over the wonderful visit she had with her daughter and grandson from California. It had been six years since Mrs. Johnson and her daughter had been together. The same was true of Mrs. Irene Henson, a sister. They just didn't have enough hours to catch up on all the news.

Anyway, Mrs. Johnson and Irene say they hope it won't be six years before they will be together again.

I've had a wonderful vacation the past few months, ever since I retired again, last Christmas. I've just about forgotten about deadlines, misspelled words, news items and all the other phases of the work at the office.

But I've had renewed reminders of home life--with skinned knees; toy clutter; boys; diapers to wash, formula to mix, prayers to say; cookies to bake; milk to mop up; and so on.

Hal came bursting into the house, exclaiming that his friend had told him that his "epidermis was showing." Terribly embarrassed at such an oversight, he wanted me to do something about it--quick! I did! I explained the meaning of the word. He left the house chuckling, and in a short while, was pulling the joke on another unwary youngster.

Next, John, the 2-year-old burst onto the scene, telling me "Ma, your ep-dom-miss show" and he doubled up with laughter.

Oh well, tomorrow may be uneventful.

This is the time of year when it's a good idea to get out your date book and start marking down the coming activities, because with the opening of school, many activities are sure to follow. With clubs and meetings beginning, school functions on the calendar, and extra activities, the pace will be rapid.

Just to get you started, the Farwell Steers play at Bovina tonight, Farwell and Texico Women's Clubs begin their year the third Monday and ESA has a meeting the coming Monday. Texico P-TA met the past Monday and Farwell P-TA will also meet this month.

And another gem on the first grade level:

There were two sheep in a meadow.

"Baa-aa-aa" said the first sheep.

"Moooooo," said the second sheep.

Said the first sheep "How come Moooo?"

Said the second sheep, "I'm studying a foreign language."

Maybe I've been retired too long.

Mrs. Ethel Thomas left Farwell Monday to resume her duties at Lubbock Christian College where she is dorm supervisor and assistant dean of women. She spent the summer months at her home in Farwell.

Lutheran Church

Sermon theme for Sunday will be "Christ's Farewell Address to the Disciples."

The congregation of St. John's Lutheran Church held a skating party Sunday at Clovis, with a large number in attendance. A wiener roast which had been scheduled for the same evening was canceled due to cold weather, but a fellowship evening was held at the parish hall.

Sunday school teachers met Wednesday to make plans for the fall and winter months.

The LWML of the Church met Thursday afternoon with a film on the work of the Lutheran Church among the deaf at Mill-neck Manor, Long Island, New York being shown. The film was also shown to the Sunday school and adult Bible classes Sunday. A meeting of the Christian Growth Committee of the LWML was conducted before the Thursday meeting.

The Walther league will meet Sunday evening.

Terry: "Did you hear about the ship that was carrying soap that hit some rocks and sank?"

Jerry: "The crew probably washed ashore."

Autumn Colors Used At Gossett Bridal Shower

An Autumn color scheme was used when Mrs. David Gossett, the former Harla Jean Wall, was feted with a bridal shower in the Texico Baptist Church last Thursday.

An ecru lace cloth over yellow was used on the serving table which was centered with a bouquet of yellow dahlias. Brown and yellow tapers in three-tiered candelabra were on either side of the floral arrangement.

Turquoise punch was served from a crystal punch service by Miss Connie Tharp and Christy Bowers and Mrs. Nell Gossett served individual squares of yellow cake iced in brown and centered with a tiny yellow flower. Mints and nuts in crystal dishes were on the table. Brown napkins with the names "Harla and David" were used.

Mrs. Juanita Wall helped her daughter in opening gifts.

Hostesses, Mesdames Ben Akers, Please Owen, Helen Bowers, Mabel Tharp, Oneta Luce, Velma Kelley, Phyllis Wooten, Connie Gossett and Misses Connie Tharp and Christy Bowers, presented the honoree with an electric frypan.

Mrs. Phyllis Wooten registered the following guests: Mesdames Ruby McDaniel, Mary Powell, Ruby Adams, Anita Zachrel, Fern Tharp, Gladys Johnson, Avis Patterson, Martha Gooch, Lona Starkey, Patsy Widner, J. R. Owen, Wade Felt, Roxie Crooks, Ruby Doran, Lola Richardson, Janice Gossett, F. A. Gossett and Misses Valeria Meier, Peggie Teel, Alice Gooch and Pat Patterson.

MR. AND MRS. JOHNNY HAMMIT

Hammit's Home In Texico After Recent Marriage

Making their home in Texico after their recent marriage and a wedding trip to Ruidoso are Johnny Hammit and his bride, the former Miss Beatrice Ann Hale of Clovis.

Parents of the bride are Mr. and Mrs. Guy Ralston of Route 3, Clovis; and the bridegroom's parents are D. E. Hammit, Texico; and Ann Clark of Aroca, Texas.

Miss Hale and Hammit were married on August 25 in the home of Mr. and Mrs. Roy Hale in Clovis.

Vows were exchanged before a background of three-tiered candelabra which were tied at intervals with clusters of white bells of Ireland. A bouquet of blue mums and a basket of dahlias completed the setting. Rev. Orvel Brantley, pastor of the Texico First Baptist Church performed the ceremony.

Attending Miss Hale as maid of honor was Bertha Murphy of Farmington. She wore a blue taffeta street length dress designed with a fitted bodice, full gathered skirt, elbow length sleeves and a round neckline. White accessories and a white carnation bouquet completed her ensemble.

The bride, given in marriage by her step-father, wore a street length dress of white arnel jersey fashioned with a softly flared skirt and sabrina neckline. Short white lace gloves complemented the elbow length sleeves on her dress. Her shoulder length veil of silk illusion was caught by a tiara of seed pearls and flower petals.

The bridal bouquet, centered with a white rosebud corsage which was surrounded with white carnations and had cascading streamers of blue satin ribbon and carnations, was carried atop a white satin covered Bible.

In keeping with tradition she wore a pearl pin belonging to her mother as something old, her bridal ensemble was new, she borrowed a pearl necklace and earrings from Mrs. Joyce McDaniel and wore a blue garter. Coins minted in the year of her birth and the year of the bridegroom's birth were placed in her shoes for good luck.

Teddy Roth, a former classmate of the bridegroom, attended him as best man.

Mrs. Ralston chose a blue and white dress with white accessories for her daughter's wedding.

ding. Mrs. Clark wore a white suit. Both women had carnation corsages.

Following the ceremony a reception was held in the Roy Hale home. A white lace cloth over blue was used on the serving table which was centered with a bouquet of white roses.

Blue candles in crystal holders flanked the central arrangement. After the bride and groom had cut the first piece of the four-tiered wedding cake, Mrs. Roy Thornton served guests. Miss Martha Berry president at the punch bowl. An aunt of the bride, Mrs. Clay Foster registered guests.

Out of town guests at the wedding were Mr. and Mrs. Earl Cox, Belen; Mrs. Anne Clark, Aroca; Mrs. Harry Sheets and LaSharon, Farwell; and D. E. Hammit Sr. and D. E. Hammit Jr., Texico.

Landrum-Roberts Host Class Meeting

Mesdames Elbert Landrum and Willie Roberts were co-hostesses when members of the Rebecca Sunday School class of the Farwell First Baptist Church met in the Elbert Landrum home Monday evening.

Mrs. Elmer Scott opened the meeting with a prayer and Mrs. Sterlyn Billington presented the devotional, "Rest". She used Mark 6:31 as the scripture reading and pointed out that rest may be obtained by a brief pause for prayer.

Mrs. Ed Hardage, vice-president, presided at the business meeting. Members heard the treasurer's report and discussed a new project for the

coming year. Mrs. Hardage, who also served as chairman of the nominating committee, submitted names for officers for the new year. Mrs. Mabel Reynolds, class teacher; Dora Johnson, assistant teacher; Mrs. Ed Hardage, president; Mrs. Willie Roberts, vice-president; Mrs. Clay Henson, recording secretary and treasurer and Mrs. Harry Whitley, secretary were submitted by the committee.

Also included on the list were the names of group captains, Mrs. O. C. Petree, Mrs. John Boling and Miss Maude Hicks.

The meeting was closed with a prayer by Mrs. Claude Coffey before refreshments of sandwiches, fruit punch and mints were served.

Attending were Mesdames Asa Smith, Willie Hardage, Harry Whitley, Clay Henson, Claude Coffey, Ed Hardage, John Boling, O. C. Petree, Sterlyn Billington, E. G. Williams, Clyde Magness, Elmer Scott, Dora Johnson, Mabel Reynolds, and Miss Maude Hicks.

Eighth Grade Elects Officers

Officers for the Farwell eighth grade class were elected during a class meeting Wednesday.

President is Doyle Johnson, Larry Gregory is vice-president, Susan Blair, secretary; and Dianne Lovelace, treasurer. Reporter is Jeannie Blair. Sponsors for the group are Cecil Dykes and Bill Mayfield.

Secrets are things we give to others to keep for us. --Elbert Hubbard

## SCD Supervisors Meet In Friona

Soil Conservation District supervisors from Farmer and eight surrounding districts are scheduled to attend a leadership training meeting Sept. 12, at 10 a.m. in the community room of the Friona State Bank.

Ira Scott, Hereford, will begin the program with a discussion of fitting conservation into present farm practices following introductions by A. L. Black, master of ceremonies.

Gerald Thomas, dean of the School of Agriculture, Texas Tech, will address the group on the challenge of change following sessions by W. H. Graham, publisher, and Wade Mills, Dimmitt, chairman SCD 136.

Addresses by W. S. Gibbs, State Association of Soil Conservation Districts' president; A. C. Spencer, executive direc-

tor, State SCD Board; and Joe Jones, Farmer County Agent, will follow the noon recess.

Bruce Parr, Friona, will moderate a group discussion on "Why more farmers are not carrying out conservation work and what can we as supervisors do to help?" "This will round out the six hour program.

Parmer County, district 146, supervisors and their areas expected at the meeting are: A. L. Black, Friona; Robert Callaway, Farwell; T. O. Lesly, Lazbuddie; Dean McCallum, Bovina--Rhea; and Bruce Parr, Black.

Representatives from Castro, Deaf Smith, Bailey, Lamb, Carson, Oldham, Armstrong and Randall Counties will attend.

## Farmers Favor Wheat Quotas In Referendum

Texas wheat producers and those in the other 38 commercial wheat producing states voted on August 24 to continue marketing quotas on their 1962 wheat crops. In the nation, 79.4 percent of those voting favored

quotas and in Texas, 78.9 percent voted yes, says C. H. Bates, extension farm management specialist. A two-thirds majority was needed to keep marketing quotas in effect, and to make operative the new wheat stabilization program.

Wheat producers will have to cut their acreage allotments by at least 10 percent for 1962 and may, if they choose, take out another 30 percent of their allotment, Bates says. Those who comply with their acreage allotments and conservation requirements will be eligible for \$2.00 per bushel price support and for wheat payments.

For the 10 percent acreage cut, the producer will be paid at the local price support rate for 45 percent of his normal yield. If additional acreage is diverted, payment will be based on 60 percent of the adjusted yield per acre, Bates says.

Farmers can get up to half of their payments when they sign up for the wheat acreage diverted to conservation uses, according to Bates. The balance will be paid after the farm has been checked for compliance.

Bates says that growers who need detailed information on the program should contact the local Agricultural Stabilization

## Stockmen To Be On Alert For Pinkeye

Pinkeye has been reported from many areas of the state and Dr. C. M. Patterson, extension veterinarian, says stockmen should keep a careful watch for symptoms among their cattle.

Symptoms include watery eyes and swollen and reddened eyelids, Dr. Patterson said. Later the eyeball may become clouded, vision impaired and sick cattle will show discomfort in sunlight, he said. Pinkeye can cause damage ranging from simple irritation to permanent blindness, the veterinarian added.

Dr. Patterson said there are many causes for eye troubles which resemble pinkeye, including several infections, growths, vitamin A deficiency and windblow forage and chaff which irritate the eyes.

# Brucellosis Testing Starts Monday

The testing of cattle in Parmer County for brucellosis, better known as "Bangs" disease, is scheduled to get underway Monday.

At a county-wide meeting in Bovina Tuesday night, Dr. J. B. Henderson of the Texas Health Commission explained to about 100 cattlemen how the testing operation will be carried on, and voluntary committees were lined up for assisting state testing crews.

The county has been split up into six sections and testing will start simultaneously Monday morning in four of these sections.

The four sections in which testing will start Monday are: 1) Northwest part of the county, the boundaries being the Pleasant Hill road from Bovina west to the state line, and on the Farm-to-Market road running north from Bovina through Rhea and on to the Deaf Smith County Line.

2) North-central part of the county, the boundaries being the farm road running from Bovina north to the Deaf Smith line, the Dimmitt highway east of Bovina to Hub, and the state highway from Hub north through Friona to the Deaf Smith County Line.

3) Northeast part of the county, the boundaries being the state highway from Hub north to the Deaf Smith line, and the Dimmitt highway from Hub east to the Castro County line.

4) Southwest section of the county, the boundaries being the Pleasant Hill road from Bovina to the Curry County Line, and the road running from Bovina through Oklahoma Lane south to the Bailey County Line.

Testing in the other two sections will start as soon as crewmen finish operations in other sections. These two sections are:

5) South-central part of the county, the boundaries being the farm road running south from Bovina through Oklahoma Lane to the Bailey County Line, the Dimmitt highway, running east from Bovina to the Hub, and the Muleshoe Highway, running south from the Hub to the Bailey County Line.

6) Southeast part of the county, the boundaries being the Muleshoe highway, running south from the Hub to the Bailey County line, and the Dimmitt highway, running east from the Hub to the Castro County line.

Committeemen who will be lining up the cattle for each section are:

Section 1) Jack McCracken, chairman; Carl Schlenker, Durward Bell, and Bob Wilson.

Section 2) Jack Walton, chairman; Pete Buske, Bud Crump and R. T. Harbour.

Section 3) A. L. Black, chairman; Bruce Parr and N. E. Wood.

Section 4) John West, chairman; Leon Langford, and Gilbert Kaltwasser.

Section 5) Wes Long, chairman; J. W. Crim, Conrad Nelson and A. E. Redwine.

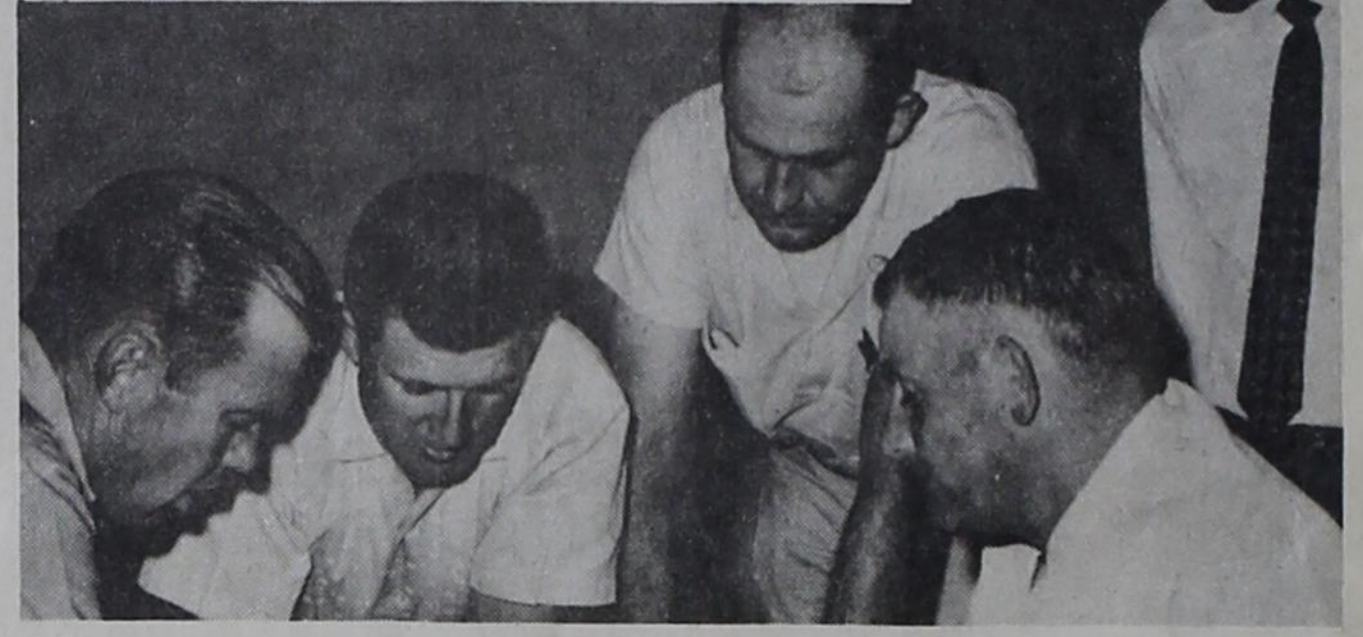

Section 6) Frank Hinkson, chairman; Shanks Ivy, Joe Jesko, and John Gammon.

Cattlemen who were not present at Tuesday's meeting and want the testing operation explained to them are asked to contact one of the committeemen in their section. The committeemen are charged with the responsibility of lining up the cattle and planning the work schedule for the state testing crews.

A portable laboratory is being set up in the Bovina area this week, and it is here that all of the blood samples of cattle in the county will be tested.

The testing crews will take

MAKING PLANS for the brucellosis tests, which are slated to begin in Parmer County Monday, is one of six line-up committees who volunteered Tuesday night to assist with the program. Here, three fellows from Section 3, the Northeast part of the county, are mapping out areas in which they will line up cattle for testing. Looking on are Dr. Wendell Tarver, state veterinarian, and Dr. J. B. Henderson, of the state health commission. From left to right are A. L. Black, Bruce Parr, Dr. Tarver, N. E. Wood, and Dr. J. B. Henderson.

the samples and will transport them to Bovina for the laboratory tests.

Cattle to be checked during the testing operation, which is expected to last for three weeks, are as follows:

1) All animals in purebred beef and dairy herds, with the exception of cattle under 8 months of age, and all steers and spayed heifers.

2) Commercial herds or grade beef herds. All cattle in herds of 50 or less will be tested. In herds between 50 and 250 in number, the minimum number to be tested will be 50. In herds over 250, 20 percent or more will be tested. Also in commercial herds, all cattle under 8 months of age, and all steers and spayed heifers will not be tested.

In conjunction with the testing program, the testing crews will also vaccinate cattle against the disease if the cattlemen request it. "Vaccinations are the best weapon for control of the disease," Dr. Henderson said. The vaccinations will not be mandatory, however, and they will not cast the cattlemen.

Dr. Henderson said that all cattlemen will be requested to have their cattle rounded up and in an area suitable for testing. This would be in a corral with chute facilities, or if a chute is not available, the cattlemen will be requested to build a temporary chute. Owners of small herds can use someone else's facilities.

The testing crews will have portable head gates which can be fastened on any chute, it was pointed out.

Also, each cattlemen will be requested to have a working crew of two or three people, or whatever number is sufficient to handle the cattle.

If a reactor is found in any one animal of a herd, all the remainder of the cattle in that herd will be tested. Also, owners of any cattle in which reactors are found will be required to dispose of the infected animal within 15 days.

After the first tests are completed in Parmer County, the crew will return between 60 and 120 days and retest herds in which reactors are found. During the period between the first test and second test, a herd in which a reactor is found will be placed in quarantine. A cattlemen will not be permitted to mix the herd with other herds.

The cattlemen will however, be permitted to sell any or all animals of the herd at an approved market, during that time.

If after the tests in the county are completed, and less than one percent of the cattle and 5 percent of the herds are found to have the disease, the county will then be declared a certified, brucellosis-free area.

## Barley Added To Feed Program

Though barley ranks well down on the list of feed grains produced in Texas, many growers will soon have to make a decision on whether or not to participate in the 1962 feed grain program. Winter barley has been added to the program and seeding time is not far off.

The feed grain program for 1962 is about the same as the 1961 plan, but with winter barley added. The purpose is to reduce the total barley acreage while protecting the farmer with price support and conservation payments, say economists for the Texas Agricultural Extension Service.

To participate in the barley program a farmer must divert

at least 20 percent of his 1959-60 barley base and at the same time not increase his corn or grain sorghum acreage. The diverted acres must be put to conservation uses, the economists say. Payment for the first 20 percent of diverted acreage will be figured on 50 percent of the normal barley yield on the farm. Additional acreage may also be taken out of production at a higher rate of payment.

If the producer chooses, he may plant all or a part of his diverted barley acreage to one or more of the following oilseed crops: castor beans, guar, safflower, sunflower or sesame by passing up conservation payments. He will, however, be eligible for barley support price.

The economists advise farmers who are eligible to participate in the winter barley phase of the 1962 feed grain program to check with their local county agent or Agricultural Stabilization and Conservation office for details on the program.

## Farm Facts

The production of U. S. hens exceeds 65 billion eggs a year. This is more than five times the output of their nearest rivals from the United Kingdom.

And production per hen continues to climb. The rate was 152 eggs per year in 1945. It was 206 per year in 1959. It's a good thing. Average civilian consumption in this country in 1960 was 334 eggs. Of the per person supply, about 29 eggs were broken commercially for use in manufactured products, including baked goods. Part of this "invisible" egg consumption is through dried egg solids bought by the Department of Agriculture for school lunch programs, etc.

More than 80% of our farms had chickens and produced eggs 15 or 20 years ago. But times have changed. The 1959 Census of Agriculture revealed only 2.2 million farms with chickens and only half of these as selling eggs.

The 11 million selling eggs produce the salable supply of about 4.5 billion dozens annually--basis for the commercial table egg supply, the raw material for commercial egg breaking, and hatching eggs. USDA's Economic Research Service notes that less than a million commercial specialized producers are responsible for the bulk of the egg output. Egg production is no longer a "pin-money" enterprise.

The woman tourist posed for a snapshot in front of the fallen pillars of an ancient temple in Greece. "Don't get the car in the picture," she warned, "or my husband will think I ran into the place."

## HD Agent's Notes

BY MISS ETTIE MUSIL

"Will my washing machine need replacing this year, and maybe the refrigerator, too?"

"How much longer can we expect the electric range to last?" Questions such as these are important to the family interested in planning a fairly long-term budget. One question we would like to ask you is "How long does a 'life time' guarantee suppose to last?" Most consumers think of "lifetime guarantee" as the lifetime of the consumer buying the product or appliance.

"Life time guarantee" usually refers to the life time of service of the equipment or product. Now how long is the "life expectancy" or length of service for different pieces of equipment? When will replacements be needed for the equipment? How will these unexpected costs fit into the family spending plan?

Our Extension Service home management specialists offer some estimates for "life expectancies" for a few furnishings and equipment. Electrical washing machines that are automatic and semi-automatic have a 11 year life time. Wringer and spin-dryer electric washing machines should last 10 years.

Electric refrigerators should last 15 years. Electric or gas ranges have a 15 year life. Upright vacuum cleaners should last 18 years, but tank type should last only 15 years.

What about wool living room rugs? These should last 14 years. However, many factors enter in the upkeep of the equipment and furnishings.

Now, we can say, "Hmm, my vacuum cleaner quit working within 10 years." Many times we do not follow the directions that come with the equipment in the operation or the care of the equipment. How often did you use the cleaner? How did you store it? How often did you empty the dust bag? How gently

did you handle it from room to room?

We could go on and on with questions to ask ourselves why an equipment did not last as long as it should have. Then we have homemakers that have electric or gas refrigerators that have "lived" 20 years or more. This would depend upon the care and operation, as well as the good working parts of the refrigerator.

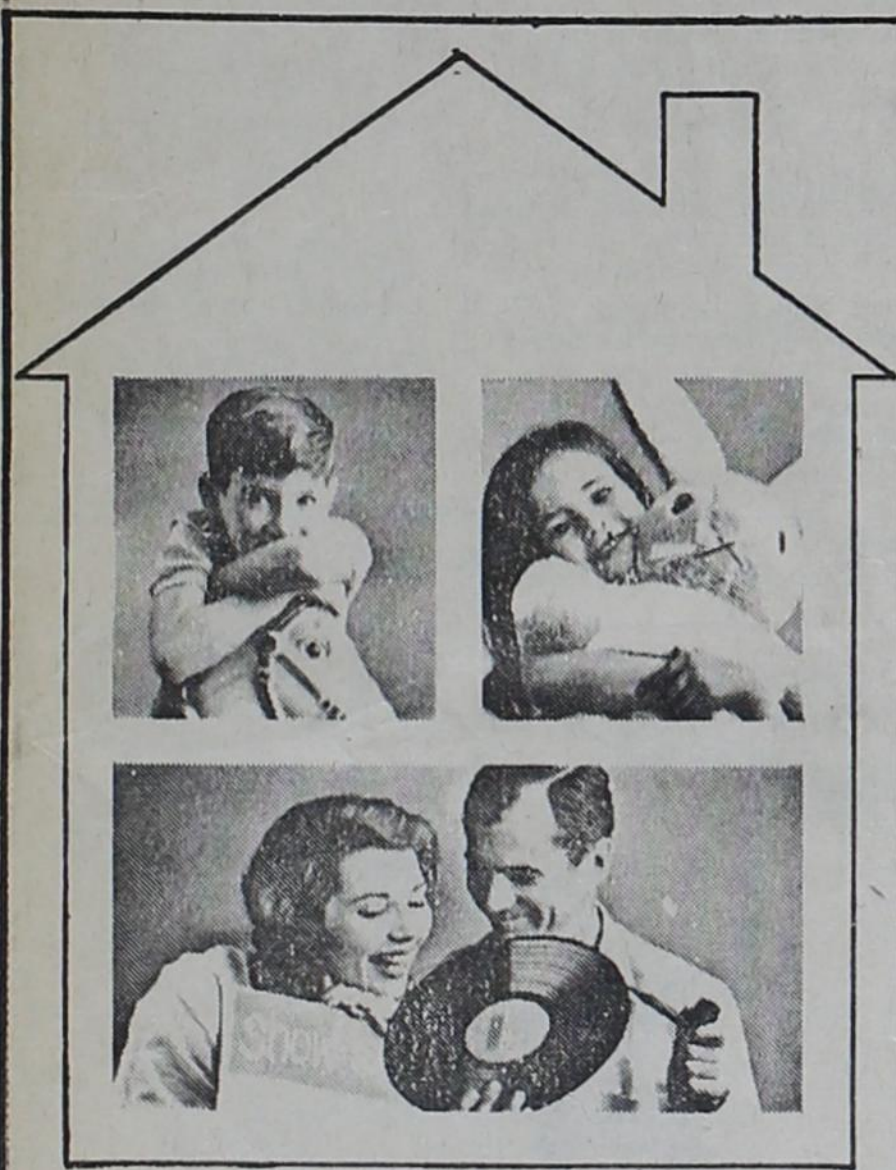

Speaking of equipment in the home, we received news that the newest of new on the appliance market is a top loading dryer. They are available in either gas or electric models. Capacity is 18 pounds of wet wash and the price range is from \$129.95 to \$199.95.

Remember, a few weeks ago we mentioned the greaseless fry pan that was available on the market. The non-sticking feature is the result of a fluorocarbon resin coating on the inside of the pan. The coating does not contaminate or change properties of foods. The pans do not become discolored (supposedly) and since food does not stick to the pans, they are easier to clean.

Now, the other side of the story. Several U. S. fry pan manufacturers tried the idea of coating fry pans several years ago and discarded it as impractical. This information is according to consumer help from the home management specialists.

Because of the interest shown in the pans on the market, most companies are coming out with non-stick coated pans. Manufacturers say there are many drawbacks to marketing the pans. All it takes to ruin the finish is to use a metal spatula or scour the pan with an abrasive.

Just from experience how many homemakers are ready to throw away their spatulas or quit scouring their pans? In some instances, when cooking temperatures exceeded 450 degrees F., pans became discolored. In other instances, the non-stick coating was damaged. Some manufacturers and homemakers have adopted a "wait and see" attitude.

Let us help put your family in a home of their own!

Picturing your family in a house is fun... but the real pleasure is having a home of your own. We can help you achieve this goal. If buying or building a home is close to your heart, why not act now?

SILAGE IS DUMPED HERE after the 25-mile haul from the Friona-Hub area. This silo is one-quarter mile in length, 36 feet across and 14 feet deep. In all, 12,000 tons of ensilage will be dumped in the huge underground storage area.

OPERATION SILAGE begins at fields such as this one on the Billy Baxter farm near Hub. There are four machines cutting 600 acres of the feed, and 24 trucks hauling it to the Farwell Feed Lots.

## WITH THE COUNTY AGENT

JOE JONES

Wheat land is being prepared and seeding will soon be in full swing. The feed grains diverted acreage program has given us a lot of good clean land on which to seed the 1962 wheat crop. Clean land that will keep our wheat free of foreign material is of utmost importance. I was reminded last week that far too much of our wheat contains a few grains of barley or other foreign material per bushel. We should all make an effort to keep foreign material to a minimum. When we select land for wheat we should plan to destroy all the volunteer plants other than wheat prior to seeding. The tolerance for foreign material such as barley is less than one-half one per cent. Wheat containing an excess of foreign material creates

marketing problems for the elevator man, and of course, the farmer eventually loses by such farming practices. Plan now to keep your wheat crop free of foreign material that makes it less desirable and creates market resistance.

Cotton over the county still looks good and no damaging numbers of insects have been found by me or reported to me since back in the early season. Every week we get just a little nearer the end of the season when we can stop worrying about these insects. About all we have left, to be much concerned with, is the cotton bollworm and the cotton leafworm. Let me suggest you continue to check for these two pests and take the necessary steps to control them should they occur in damaging numbers. Conditions to date would indicate we are unlikely to have any serious infestation of bollworms, but we should continue to check on this insect every week.

have a strengthening effect on agriculture, says the specialist.

The Act also authorizes the Secretary of Agriculture to consult with the formulation of legislative proposals.

Under the Act, Bates says consumers are assured of fair and stable prices and taxpayers will benefit from savings of as much as \$1 billion overall from reduced storage and support price activities. The increased farm income will be an aid to the nation's entire economy, Bates concludes.

Soybeans are in all stages from rather large beans down to only blooms. You should keep in mind good soil moisture is necessary for soybeans through September and early October. This will likely require one or more waterings in September and for some it may mean watering in early October.

# "Operation Silage" Is Big Undertaking

## 12,000 Tons Being Hauled From Friona To Farwell

"Operation Silage" is what one might well call the huge operation now being carried on by Farwell Feed Lots.

Charlie and Bill Baxter, owners of the feed lots, are out to make sure that they have enough roughage for their feeding operations this winter, and are transporting about 12,000 tons of ensilage from the Friona area to their feed pens five

miles south of Farwell. In what is probably the biggest operation of its type ever to be carried on in Farmer County, there are 24 big trucks on the road, and four ensilage cutters in several fields in the Friona-Hub area.

It is a family affair for the Baxters, with the silage being cut from 600 acres on the farms of Bill, J. W., and Billy Baxter, and Clarence and Larry Martin, all who farm at various locations around Friona.

The operation started last week, and when completed, probably by late this week or early next week, 12,000 tons of ensilage will have been stored in a mammoth silo, at the feed lots.

The silo is one-quarter of a mile in length, 36 feet wide, and 14 feet deep.

Each day, the 24 trucks haul from 110 to 120 tons of ensilage—the average load being 8 tons.

The ensilage being stored in the big silo will all be fed during the next year, Baxter says. "Last year we put up only 7,000 tons of silage and ran out early this year," he says.

At the present time there are 4,000 head of cattle in the feed lots and this number will be increased to 6,000 by October.

The 12,000 pounds of ensilage won't be too much for the number of cattle we plan to feed at their lots during the next year, Baxter says.

Baxter admits that hauling this ensilage 25 miles "isn't the best way," but that's where the family farm land is, and thus the reason for the big hauling operation.

## Ag Act Of 1961 Reviewed

The Agricultural Act of 1961 is now on the books and the rush in on to explain its provisions to farmers and others, reports C. H. Bates, extension farm management specialist.

One of its major provisions, reducing the wheat surplus, will be voted on August 24. Wheat producers will vote yes or no on marketing quotas for the 1962 crop. If they vote yes,

a new wheat stabilization program will become effective, including higher support price, a mandatory reduction of 10 percent in farm wheat allotments with acreage cuts up to 40 percent possible and a saving of

\$258 million for the nation's taxpayers.

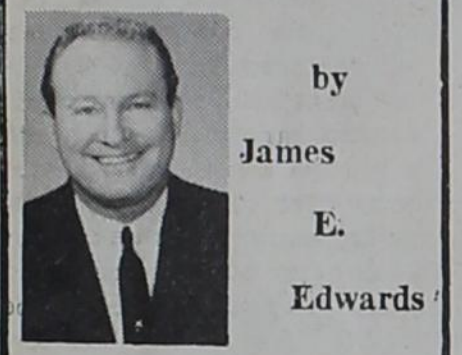

The legislation extends the feed grain program which is now in effect and for the first time includes barley along with corn and grain sorghums. Current estimates indicate that feed grain production will be about 15 percent less than last year, says Bates.

Marketing order programs—self-help in a true sense—are

authorized on more commodities.

The Agricultural Trade Development and Assistance Act (includes food for peace) has been extended and strengthened; expansion and improvement of supervised credit services for farmers who lack sufficient private credit and an extension of the Wool Act, the Great Plains Conservation Program and School Milk Program should

## FOOTSAVING EDUCATION

### Is Going Barefoot Healthful?

Yes, nature has a plan for strengthening young feet but the scheme won't work if the feet are always protected by shoes.

Nature provides a foot bottom which thickens readily under the heel, the outer border, and the ball of the foot while the area under the arch remains sensitive. The sensitivity is due to the many nerve endings which make the arch ticklish.

When the arch receives uncomfortable stimuli, the walking child quickly rotates his foot to the outer border. To do this he must use the muscles that hold up the arch and we know that using muscles is the only way to strengthen them.

## Ag Extension And Rural Areas Development Relations Explained

The Texas Agricultural Extension Service, along with other State Cooperative Extension services of the nation, has been assigned the responsibility for providing the educational and organizational leadership for carrying out the U. S. Department of Agriculture's Rural Areas Development Program.

This assignment, said Director John E. Hutchison, was spelled out in Secretary of Agriculture Orville L. Freeman's memorandum to all USDA agencies and in which he also emphasized that the effort would have priority over all other Department programs. Extension's responsibilities are specifically to provide organizational and educational leadership in organizing local leaders, private groups, state and local government and their instrumentalities in setting up active, broadly-representative state, area, and county rural areas development committees; and educational and technical assistance to local leaders and private groups concerning farm improvement and off-farm employment opportunities, and in cooperation with various state, area, county and community agencies.

Director Hutchison said the Texas Service would carry out the responsibilities by informing the people concerned of the provisions of the Federal laws involved; creating an awareness of problems and motivating people to analyze these problems and where the interests and desires of local leaders warrant, provide leadership in organizational and educational phases of rural area development.

Also guidance in inventorying area resources; assist in analyzing and explaining social and economic relationships and projecting area economic growth; assist local groups in planning and starting projects to reduce under and unemployment; provide educational and training assistance in leadership development; provide

counseling and assistance to get maximum benefits from other programs and help rural youth explore career and job opportunities both in and out of agriculture.

The director pointed out that the program is an expansion and re-organization of the earlier Rural Development effort which operated on a pilot basis. Experiences gained will be used to strengthen the program now getting underway.

The Rural Areas Development Program, he added, aims to reorganize, revitalize and even rebuild the community, county or area economy in order to achieve a balance between agriculture, business and industry. Therefore, the program is long range and the concern of both rural and urban residents, Hutchison said.

I wish to thank my friends and neighbors for all the prayers, visits, flowers, cards, and all the many more kind deeds shown me during my stay in the hospital and at home. May God bless each of you.

Sincerely,  
Mrs. Jewell Barry

Farwell coach Dempsey Alexander called on some of his vast reserve strength in the fourth quarter, and while the Steers did move inside the Chiefs' 20 on two occasions, they were unable to push across another score.

The Chiefs found the going rougher in the second half and never penetrated Farwell territory. They did, however, scrap to the finish and threw the Steers for a loss on the last play of the game.

For Farwell, it was a hard-earned, but decisive victory. While the Steers did show occasional signs of greatness, they also looked ragged at times, indicating that they have a long way to go before measuring up to the high pre-season ranking which was thrust upon them.

Leon Lovelace, playing his first game at quarterback, did a commendable job of guiding the Steers and showed promise of being a great passer. He completed only two of seven pass attempts, but several of them hit their mark, only to be dropped by Steer receivers.

For Friona, the fact that they held the mighty Steers to only 20 points, it was a moral victory and a sure sign that, despite having a thin, green squad, they may possibly make trouble for other foes on down the line.

## County Agent--

"He has been a very capable county agent, and much progress has been made under his leadership," the judge says. The judge pointed out that farming has undergone many changes in the past 10 years, and that Jones has played an important role in helping farmers put in practice better farming methods.

Prior to coming to Parmer County, Jones, a 1947 graduate of Texas A & M College, was assistant county agent in Lubbock and Martin counties. In all, Jones has spent about 13 years in extension service work.

## Acreage Survey Starting

Postmaster Albert Smith announced today that Rural Mail Carriers will begin distributing 1961 Acreage Survey Cards to patrons on their routes about September 14.

The Post Office and U. S. Agriculture Departments cooperatively make this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1961.

To be sure this community

is well represented in the survey, Postmaster Smith urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: J. E. Meeks, Route One Melvin Burns, Route Two

## Steers--

Dannheim lunged for three yards, and then Fullback Joe Reed, subbing for the injured Jerry Lovelace, broke loose for a 24-yard gallop to the Chiefs 13.

On the next play, Reed broke off left tackle and scored. Quarterback Leon Lovelace's kick for the extra point was wide.

Neither team was able to move the ball on the next two series of plays, but the Chiefs mustered their best drive of the game late in the quarter.

Taking over on their own 36, Friona kept the ball for 12 plays and moved to the Farwell 30 before the Steers' defense tightened and held. Even though the Chiefs didn't score, they did give the hometown fans something to cheer about.

During the drive, Baxter was the most impressive, making runs of 15, 8 and 3 yards, but Gee, Reeve and Wingback Ranza Boggess each picked up yardage for the Chiefs.

Midway through the second period, Farwell got its scoring machine in gear again when Mike Nelson, one of several top-flight

Steer backs, returned a Friona punt 30 yards to the Chief 42.

Bobby Actkinson, Steer tackle, threw the key block which aided Nelson's punt return. Reed, the Steers' powerman, went for 8 and 11 yards on the first two plays, before Dannheim got loose for 19 yards.

Dannheim then drove over for the TD drom a few feet out, and Leon Lovelace this time split the uprights for the extra point, making the score 13-0.

With only three minutes gone in the second half, Farwell put together its longest scoring drive of the evening. On the Steers' first play from scrimmage in the second half, Halfback Danny Lindip broke into the open and went 63 yards before being hauled down from behind by Ranza Boggess on the Friona 18.

Reed then drove for six yards, Dannheim carried for 10 yards on two plays, and Reed went over from the two for the touchdown. Lovelace booted his second extra point and ended the scoring for the evening.

## Alan Powers New Pastor At Calvary Missionary Baptist

Bro. Alan Powers will begin duties as pastor at the Calvary Missionary Baptist Church in Texico Sunday. Bro. Powers and his family arrived in Farwell this week and are making their home at 307 Second Street.

The couple have five children, Billy, 13; Barbara, 12; Sandra, 7; David, 5; and Janet Sue, 3. Bro. Powers was born in Alabama, and his wife is from Jonesboro, Arkansas. They have lived in Booneville, Miss., for the past three years where he was pastor at the Forked Oak Baptist Church.

He is a veteran of World War II, having served with the Marines.
