Next to the new tax cut money, the thing I am enjoying most in life these days is that newrailroad crossing.

Protestants have traditionally been a good ways behind their Roman brethren in keeping up with the ancient Christian calendar. For the Methodist - oriented Grahams, Holy Week with its special days raised some question marks.

FARWELL, TEXAS

We took part in the Maunday Thursday evening services, though, and joined in the communion. The older boys, who are beginning to wonder about such things, had some logical questions to ask.

Three-year-old Andy, however, takes things just as they come without much pause for thought.

His irreverent comment after the service; "Dat sure was good Kool-Aid."

These companies that send merchandise through the mails which is unrequested by the recipient pose a neat problem in law, ethics, and just good common sense.

Sometimes the stuff they send is trivial and you either pocket it or toss it at the wastebasket with not much after thought or tinge of the conscience.

But sometimes the items are pretty nifty and you wonder what the disposition of the problem ought to be. This week I got a dozen ball point pencils from a New York outfit.

if you didn't want the pencils, the manufacturer asked you to mail the others back.

New names on the ballot include five farmers and two businessmen. All reside in town other than one in Oklahoma Lane and one in West Camp community.

Donald Christian who farms in Oklahoma Lane is a graduate of the school and has a daughter in grade school and a child to enter first grade next year.

Bill Meeks, who also farms, has four children in school, both in grade and junior high.

W. A. (Alvin) Mace also farms and has a son who is a sophomore in high school.

Guy Austin farms in the West Camp community, has two chilschool.

George D. Magness who is a barber has a daughter and two sons in school, in grade and junior high.

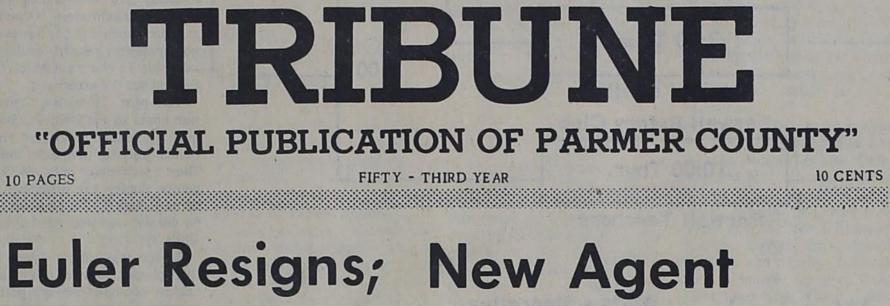

Milton Walling, a farmer, has a daughter in high school and a son in junior high. Also to be elected is a county trustee, with the name of Wendol Christian listed in that position.

Parmer County residents were standing in long lines at the courthouse on Monday and Tuesday as the deadline for obtaining car and other vehicle license plates drew near. The rush had subsided somewhat on Wednesday morning; however tax-assessor-collector Moseley reported that tags were still selling pretty good. Some 3400 car tags had been sold by noon Wednesday. No count on other vehicle license plates was available.

This muddy, silt-laden overflow is a waste of irreplacable natural resources, water and soil, and also of money. Parmer County farmer, with an abundance of the first two, sometimes farm like they have plenty of the third. Scenes such as this are commonplace in the area and demonstrate that although the county is technically in a "controlled" irrigation district, great waste is commonplace.

FOOTSAVING EDUCATION

Is foot trouble inherited?

Medical science is very definite about the fact that bunions, hammer toes, corns, and callouses are not hereditary. Some folks get awfully red in the face protesting that they inherited bunions because they have had them from birth and their parents had bunions.

I wasn't there, when they were born and I don't doubt that the parents had bunions. A generation ago you almost had to have bunions to qualify for citizenship.

The reason people cling to the idea that they inherited the malformations is simply they can't remember the tight shoes, sox or pajamas that caused them. There are still many parents who believe that it is alright to wear short shoes and sox on babies who are not yet walking. That is the age when the bones are not boney. They are cartilage as soft as the gristle of well -- cooked chicken.

I never get loud, but, I wish that I could about the fact that there should never be any doubt about babies' footwear. If there is even a remote possibility that shoes, sox, or pajama feet will bend the toes, the baby should be kept barefoot. Remember, short shoes are POISON applied externally.

School patrons and all other interested persons are invited to attend a band concert at the Texico high school auditorium Sunday afternoon, April 5, 3 p.m. (CST). "No admission will be charged, however donations to the band will be accepted" said Gary Stelting, band director.

Numbers include: "Air and March," "Deep Riv - Suite," "Little Baroquet Suit, ""To a Wild Rose," and a solu "Song for Trombone" featuring Joe Patterson.

Last half of the concert will include: "Romeo and Juliet," "Burnished Grass," and "Little Scotch Suite."

The band will be in Portales, April 11 to participate in the mer. Eastern New Mexico University contests, says Stelting.

Social Club Victor (Vic) Harrington, a freshman at McMurry College in Abilene and a 1963 graduate of Texico high school is a pledge of Kiva Socia' Club this semester. He is the son of Mr. and Mrs. Russell Harrington, Tex-

ico, Route 1. While at McMurry, Vic plans to follow a minor and major course of study in the liberal arts.

At Texico he was in the student council, serving as president of the student body, active in athletics and in church work. He worked for a short period at KZOL, radio station in Farwell, during the past sum-

The Tuesday game proved to to avenge the previous defeat. be an exciting one, going into extra innings when the Steers, who had been lagging behind scored two men during the seventh frame to tle the game. The Steer squad had three double plays during the afternoon.

Johnny Actkinson and Jerry Childs each had two hits for the day and Danny Huffaker crossed home for two of the team scores.

"Our weakness is in hitting and base running," said Coach Vernon Scott.

In the Plainview game Roy Donaldson had the lone Steer hit, a bunt single. As in the previous game weakness in hitting and base running contributed heavily to the loss. Boys out for the team include: Jerry Childs, Johnny Actkinson, Larry Gregory, Danny Huffaker, Joe White, Dale Gober, Bill Roberts, Hobbie Coffman, Charles Morton, Roy Donaldson, Mike Camp, Charles Dannheim, Gilbert Dale, Alan
